MISSION ANNUAL DIARY

INTRODUCTION

COMPOSITION

1. The Mission Annual Diary comprises this Introduction, the Alphabetical List of Reports, and the Desk Calendar.

GENERAL POLICY

2. The Desk Calendar covers the period from September 1 of the current year to August 31 of the following year and will be re-issued annually. It shows the various reports that missions are required to submit to headquarters during the year. These reports are entered on the calendar on the dates they are to be despatched from the mission. These dates were selected by allowing an average transit time of 10 days from missions to Ottawa, based on estimates calculated for all missions. Also taken into consideration was the principle that no despatch of reports is to be made on traditional Canadian holidays.

3. It is emphasized that the dates, provided for guidance only, are the average dates of despatch and not the dates on which preparation of reports should begin. Where the transit time from a mission is longer than the average, the mission is to make the necessary adjustments so the reports will reach Ottawa by the due date given in the Alphabetical List.

4. Space is provided on the Desk Calendar for noting appointments, local holidays, memos, and for personal use.

5 The Alphabetical List of Reports includes all reports shown on the Desk Calendar, "ad hoc" reports, and reports to be retained at the mission for audit purposes. With respect to any possible omission from this document, nothing in this

directive is to be construed as relieving missions and authorities from rendering all reports due. Rather, it is hoped that this list will be amended and kept up to date to provide a comprehensive ready reference of pertinent and relevant material to assist personnel in compiling reports.

6. The Alphabetical List of Reports is designed as an aid to compiling reports. Information on format, references, and remarks has been included and should serve to standardize reports and eliminate searching through the manuals to discover the requirement. The absence of any required or relevant information should draw management's attention to the gaps and spur the rectification of the fault. Users noting any such omission are requested to bring it to the attention of MIRA.

7. In most instances only one action addressee has been listed for each report. When other headquarters addressees are to receive copies of a particular report, missions need only indicate the departmental symbols for those recipients in the distribution column of the covering letter or telex with the notation "By Ottawa", and distribution will be made at headquarters.

8. Information provided in the "References" column is not limited to the manuals within the Departmental Manuals System. Although this column should ultimately include all references useful in the compilation of the report, duplication has been avoided, and where an extensive or complex report is listed, only the primary reference is indicated.

9. To assist users and to preserve alphabetical integrity, some reports are listed twice in the Alphabetical List of Reports. The duplicates, however, do not contain additional information; they simply list identical information or make reference to the item listed elsewhere.

10. Missions are requested to bring to the attention of the Department (MIRA) suggestions for reports which should be included in the Desk Calendar and suggestions for improving the reporting mechanism. Suggestions for other amendments are to be governed by the principles of the amendment procedure outlined below.

AMENDMENT PROCEDURE

11. The Mission Annual Diary is part of the Departmental Manuals System and as such is issued as a Supplement to the Summary Manual (EAIT 1) which will be published at a later date. The Amendment procedure for all manuals in the Departmental Manuals System is to be outlined in the EAIT 1. As this manual is not yet published, the following are some of the basic principles:

- (a) The bottom centre of each page of every manual indicates the organization responsible for the content and amendment of material on that page. In the case of the Alphabetical List of Reports, however, it should be noted that, for each report, the agency listed in Column 6 is the agency responsible for all information promulgated regarding that report.
- (b) The agency responsible for subject matter is also responsible for:
 - (i) content;
 - (ii) obtaining any approval required;
 - (iii) amendment of any other manuals affected by the change (if applicable);
 - (iv) arranging for translation; and
 - (v) forwarding the material to MIRA.
- (c) MIRA is responsible for:
 - (i) co-ordinating the annual review;
 - (ii) editing and formatting all submissions from divisions;
 - (iii) printing production; and
 - (iv) distribution of the Diary and any necessary amendments between editions.

1992-1993

MIRA

Page Intro-3

12. In summary, authorities proposing amendments to the Alphabetical List of Reports should submit their proposals to the agency listed in column 6, whereas any amendment to the Desk Calendar itself should be forwarded to MIRA.

REFERENCE NUMBERING SYSTEM

13. When a reference is made in column 7 of the Alphabetical List of Reports to existing manuals, the numbering system is ordered as follows:

- (a) Manual Designator;
- (b) Chapter and/or Section; and
- (c) Annex (if applicable).
- 14. The manual designators used are:
 - CI Consular Instruction;
 - CC Correspondence and Communications;
 - FINEX FINEX Manual;
 - FM Financial Management;
 - FSD Foreign Service Directives;
 - HR Human Resources;
 - LES Locally Engaged Staff;
