Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

- ☐ Coloured covers/
Couverture de couleur
- ☐ Covers damaged/
Couverture endommagée
- ☐ Covers restored and/or laminated/
Couverture restaurée et/ou pelliculée
- ☐ Cover title missing/
Le titre de couverture manque
- ☐ Coloured maps/
Cartes géographiques en couleur
- ☐ Coloured ink (i.e. other than blue or black)/
Encre de couleur (i.e. autre que bleue ou noire)
- ☐ Coloured plates and/or illustrations/
Planches et/ou illustrations en couleur
- ☐ Bound with other material/
Relié avec d'autres documents
- ☐ Tight binding may cause shadows or distortion
along interior margin/
La reliure serrée peut causer de l'ombre ou de la
distortion le long de la marge intérieure
- ☐ Blank leaves added during restoration may
appear within the text. Whenever possible, these
have been omitted from filming/
Il se peut que certaines pages blanches ajoutées
lors d'une restauration apparaissent dans le texte,
mais, lorsque cela était possible, ces pages n'ont
pas été filmées.
- ☐ Additional comments:/
Commentaires supplémentaires:

L'institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

- ☒ Coloured pages/
Pages de couleur
- ☐ Pages damaged/
Pages endommagées
- ☐ Pages restored and/or laminated/
Pages restaurées et/ou pelliculées
- ☒ Pages discoloured, stained or foxed/
Pages décolorées, tachetées ou piquées
- ☐ Pages detached/
Pages détachées
- ☒ Showthrough/
Transparence
- ☐ Quality of print varies/
Qualité inégale de l'impression
- ☐ Includes supplementary material/
Comprend du matériel supplémentaire
- ☐ Only edition available/
Seule édition disponible
- ☐ Pages wholly or partially obscured by errata
slips, tissues, etc., have been refilmed to
ensure the best possible image/
Les pages totalement ou partiellement
obscurcies par un feuillet d'errata, une pelure,
etc., ont été filmées à nouveau de façon à
obtenir la meilleure image possible.

This item is filmed at the reduction ratio checked below/
Ce document est filmé au taux de réduction indiqué ci-dessous.

						✓					

The copy filmed here has been reproduced thanks to the generosity of:

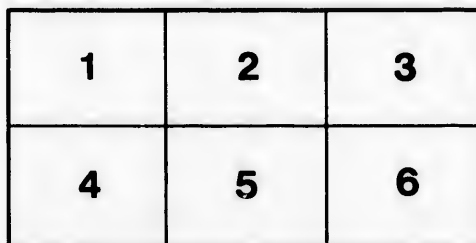

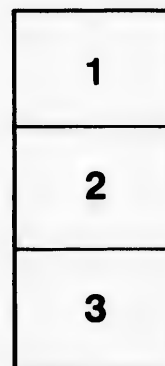

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

**BELCHER'S
FARMER'S
ALMANACK,
FOR THE YEAR OF OUR LORD
1854;**

Being the Second after Bissextile or Leap Year, and the latter part of the Seventeenth and the beginning of the Eighteenth Year of the Reign of Her Majesty.

QUEEN VICTORIA.

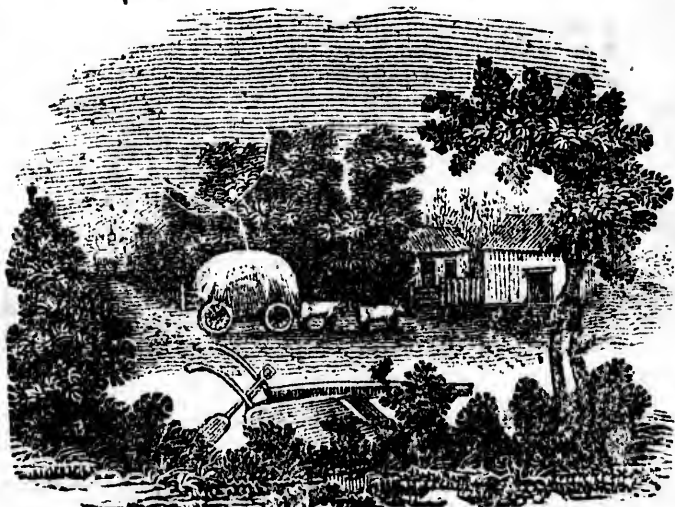

Fitted for HALIFAX, Lat. $44^{\circ} 39' 20''$ N. and Long. $63^{\circ} 36' 40''$ W. from Greenwich, but will answer for all parts of the Province, including the Island of Cape Breton.

Containing, besides the large number of Astronomical Calculations, and the Farmer's Calendar for every month in the year, a greater variety than any other Almanack, of

New, Useful, and Entertaining Matter.

[Established in 1824.]

BY C. H. BELCHER.

SOLD BY E. G. FULLER,

34, 35, 36, HOLLIS STREET.—HALIFAX, N. S.

And by the Booksellers and Traders throughout Nova Scotia and C. Breton.

Commencing at the Winter Solstice, 1853, and terminating at the Winter Solstice, 1854, the mean average length being 365 D, 5 H, 48 M, 19-20.

In answer to correspondents we may say that the circulation of Belcher's Farmer's Almanack is *Eight millions*. And the Salary of the Clerk of the weather is ten thousand a year. But these things are not done for money.

The bound and interleaved copies of Belcher's Almanack for 1854, will be embellished with a beautiful engraving of Cape Split.

ECLIPSES IN 1854.

There will be Four Eclipses this year—Two of the Sun, and Two of the Moon.

I. May 12, A partial Eclipse of the Moon, *invisible* in North and South America, but may be seen in the eastern part of Asia.

H. May 26, An Annular Eclipse of the Sun, *visible* in all parts of North America, and in the North Pacific Ocean.

	H	M	
Begins on the Earth generally at	2	10.A.	Mean time at Halifax.
Central Eclipse begins	2	40.A.	
Middle of the Eclipse	4	41.A.	
Central Eclipse ends	6	16.A.	
Ends on the Earth generally	7	15.A.	
Duration of the Eclipse	5	5	

—About 6 Digits of the Southern Limb of the Sun will be obscured.

III. Nov. 4, A partial Eclipse of the Moon, a part of which will be visible in the British Provinces:—

	H	M	
First contact with the Penumbra	2	30.A.	Mean time at Halifax.
First contact with the Shadow	4	31.A.	
Middle of the Eclipse	4	58.A.	
Last contact with the Shadow	5	25.A.	
Last contact with the Penumbra	7	17.A.	

—The Moon will rise Eclipsed at Halifax.

IV. Nov. 26, A total Eclipse of the Sun invisible in North America and Europe.

EXPLANATION OF THE CALENDAR PAGES.

Column.

LEFT HAND PAGE.

1 & 2—Contain the days of the month and of the week.

3 & 4—The rising and setting in *mean time* of the highest point, or of the *upper limb* of the Sun, corrected for refraction.

5—Days length in hours and minutes.

6—Equation of Time (or quantity by which the Sun is *slow* or *fast* of the clock at noon, apparent, not mean, time at Greenwich, or at a quarter before 8 o'clock in the morning at Halifax.

7—The Sun's declination for the same as the Equation, 6th col.

8—The rising or setting of the Moon—the setting being given from the New to the Full Moon, and the rising from Full to New Moon.

9—The place of the Moon in the Ecliptic.

10—The time of the Moon's southing or passing the meridian.

This column also gives the time of High Water at Parrsboro', Horton, Cornwallis, Windsor, Parrsboro', Newport, Truro, &c.

The top of the columns of each month gives the Moon's phases, or times of New and Full Moon, and of the first and last quarters, or two quadratures with the Sun.

THE FARMER'S CALENDAR is placed at the foot of the columns of each month.

RIGHT HAND PAGE.

1—Contains the days of the month.

2—Sundays, Weather Anniversaries, &c.

3—The time of High Water at Halifax, N. S.

4—..... at Pictou, N. S. and Cape Tormentine, N. B.

5—..... at Annapolis, N. S., St John, N. B., and Portland, Maine.

6—..... at St. Johns, Newfoundland.

of that tide which immediately precedes the southing of the Moon.—These four columns are computed on the supposition that the time of High Water on the days of New and Full Moon (*L'establissement du port*) is at Halifax, 7h 30m—at Annapolis, St John, N.B., and Portland, 11h 14m—at Pictou and Cape Tormentine, 10h—and St Johns, Newfoundland, 6h 30m.

All the calculations are made to *mean solar* time, which has superseded the old mode of reckoning by *apparent* time.

THE PLANETS—The hour of *meridian*, *passage*, *right ascension*, and *declination* of each of the principal planets, is given for the 1st and 15th of each month—to which is added the *mean time* transit ϕ , or the mean time of transit of the first point of a *Arietis*, being the meantime corresponding to 0h 0m 0s of *Sideral* time on each of those days. By the aid of this table the time of the meridian passage of any heavenly body may be readily found. From the right ascension of the body subtract the *retardation*, which is at the rate of 9 53s for each hour, or 0 16s for each minute of its *R. A.*; add the remainder to the meantime transit ϕ ; the sum, divide if necessary, by 24h. will be the meantime of the meridian passage of the body in question. For any other day than the 1st and 15th of the month, apply a correction at the rate of 3m 55.91s per day, reckoned from the nearest given day, to be added if for an earlier day, subtracted if for a later day.

1854.

JANUARY begins on SUNDAY.

D First Quarter, 5th d. 11h. 33m. afternoon, below the horizon.

O Full Moon, 14th d. 4h. 57m. morning, bearing West.

C Last Quarter, 21st d. 9h. 8m. afternoon, bearing South.

● New Moon, 28th d. 0h. 57m. afternoon, bearing South.

The column of the Moon's Southing gives the time of High Water at Parrsboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

Every farmer should take a good Agricultural Paper, read it, study it, and make himself not only familiar with its contents, but strive to understand the subjects which it treats through other sources. He will thus be kept acquainted with agricultural improvements, lead to the study of soils, and the nature of the plants which they produce; the adaptation of different manures to each, the means to be employed that the harvest may realize his anticipations, the qualities of the different kinds of stock, the usefulness of new agricultural machines, and a variety of other subjects which require his investigation. It will afford instruction in all the different departments of farming, and prove a valuable guide.

The column of the Moon's Southing gives the time of High water at Parrsboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

"February is a hard month for Stock." This has almost passed into an adage. It is usually the coldest month of the year, and as cattle are frequently fed in such a way that they grow poor from the time they come to the barn till they go out to grass again, their ability to stand the weather is less at this time than earlier in the season. No more Stock should be kept than can be kept well. If you have more than you can winter well, sell off until you are sure that you have no more than you can winter, so as to have them in good condition in the Spring. This will prove profitable to the farmer, and comfortable to his stock.

The column of the Moon's Southing gives the time of High Water at Paraisboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

Green wood will last longer than dry; and so will straw for cattle last longer than hay. But durability is one thing, and utility is another; and who has not learned the comparative value of green and dry wood? And yet how few lay up in store for an equinoctial rain, or a winter's snow! And how many, otherwise good providers, perhaps, have put off the building of a wood-house for 10, 20, or 30 years, and many who have one, continue to simmer away their two barrels of water from nearly every cord they burn. All will admit these things ought not to be so; but the most common objection to the timely preparation of wood, is the great amount of labour required at one time.

Liverpool. 81 passengers sailed for Boston &
New York. at 12.

9th Wind N.E. Sailed Express. for P. Rice
" " Sailed St-Osprey, for Bermuda

10th Wind East Snow & Rain! Chickens Run

11th Wind N.E. to E fine day Sailed at 7 A.M.

12th The Ship "Cumberland" for England
with Lady & Misses Seymour. at night & wind & frost
15th fine day wind N.W. at 2. 30 P.M. and St
Arabia. Red River 11 days from Liverpool 115 passengers

Sailed Violet for Jamaica

16th Wind South. with Fog & rain Thunder & lightning

17th Wind West. very fine day strong breeze

18th A.M. and P.M. St. Lydia's Moody 35 hours from
Boston 50 passengers - Sailed for England at 11. 30 A.M.
at night snow rain strong gale from East - - - - -

19th Wind S.W. with squalls of rain, heavy snow

20th Sailed Ann Ship "Savon" for Cuba

" " Barque George Hughes for Liverpool
Wind North rather light fine day - no sleighing

34 Wind East Snow

35 Wind S.W. good sleighing

" Arr. M. H. R. Brisk. 8 1/2 days from

" " St. Aspray 8 1/2 days from Boston

35 Arr. Am. Ship "Colchis" 9 days from
Boston bound to London Leaky &c &c

36 } Wind West to N.W.

37 } Sailer Schs Jenny Lind for Liverpool

29 Wind West fine weather but very cold

" 3.30 P.M. Arr. St. Canada Stone

" days from Liverpool 118 Pass &

St. Apres which sailed a week before for
New York has 17 days passage to that port

29 Arr. St. Merlin. 4 days from N. F. L.

30 2 P.M. Sailer M. de S. Foyate Brisk
for England

30 9.30 P.M. Arr. St. Aruba Indiana

31 hours from Boston, took off from St.

Canada, Capt. Mayher & Crew of Brig

Belle run down by that vessel

31 Wind S. S. E. Clear & cold

" Sailer. St. Merlin for Bermuda

The column of the Moon's Southing gives the time of High Water at Parramore, Windsor, Cornwallis, Horton, Newport, Truro, &c.

"Take time by the foretop." Old grand-father Time, so far as we have seen him pictured in all the editions of the New England Primer, is as bald as a Cobler's lapstone. The text, therefore, cannot be taken literally. To make it understood right, and it is full of wisdom, is our present purpose. Gentle reader, to "take time by the foretop," means nothing more nor less than to *do your business in season*. If you are a farmer, it is particularly necessary that you should "take time by the foretop." The whole of the profits of the farmer depend on his business being done in season. If a week gets the start of you in the spring, you may chase it all summer without overtaking it. "Good order is the foundation of all good things."

The column of the Moon's South-ing gives the time of High Water at Parraboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

In farming, neatness and thrift almost invariably go together. The same love of order which prompts the farmer to clear his yard of broken barrels, old hoops and boards, and sticks of wood, and whatever else defaces and defiles his premises,—also prompts him to have a place for everything and everything in its place, what is calculated to bear upon real and substantial profit. There are many other particulars where neatness may be attended to. Gate hinges and gate fastenings often need repair, that they may shut like clock work; boards become loose on old barns and board fences; tools become unfit for use, and need mending or renewing.

The column of the Moon's Southing gives the time of High water at Parrsboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

It is an old saying that "he that goes borrowing, goes sorrowing," and a still older one, "the borrower is servant to the lender." But so far as applies to farm tools, our ingenuity seems to have reversed these sayings, for one of the greatest annoyances of some neighbourhoods is the necessity of lending tools. "Won't you lend me your cart to-day?" "I want to borrow your crow-bar," &c. Every farmer should have a full set of implements and tools, and have a place for everything, and everything in its place. If he has not the means, let him sell off a corner of his farm to procure them.

The column of the Moon's Southing gives the time of High Water at Parrsboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

A prominent cause of small profits and poor success in many farmers, is the parsimonious application of capital, in manures, implements, physical force, and convenient buildings. In their eagerness to save at the tap, they waste freely at the bung. This is a subject for a large volume; and we have only space now to say, that if the farmer has not suitable buildings, the value of the grain and fodder wasted in consequence, would soon pay for them: and the food and flesh wasted by exposed and shivering animals would soon pay for them a second time.

The column of the Moon's South-ing gives the time of High Water at Parrsboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

The subject of shade trees for the road side, and the improvement of the appearance of farm houses and buildings, is of late years exciting more attention among farmers. Yet the desire for the decoration of their houses is nothing like as general as it should be. As to the kind of trees to be planted, more has been said than is necessary, considering that so few have been planted at all. The best trees for shade are the Sugar Maple, the Acacia, the Horse Chestnut and the Elm.

The column of the Moon's Southing gives the time of High Water at Painsboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

In the improvement of Sheep, as well as all other animals, the male is considered of more importance than the female, and more care is therefore necessary in selecting one; yet, for the production of perfect animals, it is absolutely essential that both male and female be well bred; and if not individually perfect in every point, the conformation of the two should be such as when combined would form a perfect creature. So that, in endeavouring to improve our common flocks of sheep, we should not only get good, first rate bucks, but should select out from the flock the ewes of the best age and make, to put with him. •

'The column of the Moon's Southing gives the time of High Water at Parishboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

The farmer who has an abundance of swamp muck at his command, who understands how to manage it, and is willing to get at it resolutely, may be sure of making his land productive. To manage muck to the best advantage, the arrangements for draining the swamp should be so complete, that men and cattle need not work up to their knees in mud and water. This being done, a quantity of muck may be got out into heaps on dry ground, to be used when wanted. It pays well to keep two years stock beforehand in these heaps.

The column of the Moon's Southing gives the time of High water at Parrsboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

Farmers should not be led away by a mere name in their selection of a hog. A hog may be called a Berkshire or a Suffolk, or any other breed most in estimation, and yet may in reality possess none of this valuable blood. The only sure mode by which the buyer will be able to avoid impositions is, to make a name always secondary to points. The true Berkshire—that possesses a dash of the Chinese and Neapolitan varieties—comes, perhaps, nearer to the desired standard than any other.—The chief points which characterize such a hog are the following: sufficient depth of carcass, and such an elongation of body as will insure a sufficient lateral expansion.

The column of the Moon's Southing gives the time of High water at Parrsboro', Windsor, Cornwallis, Horton, Newport, Truro, &c.

Essays have been written and published in regard to the best means for the preservation of the health of domestic animals, and of the various fruit trees and plants that the farmer cultivates, and great advantages have resulted therefrom; but articles in regard to the health of the farmer himself, and of his family, and those in his employ, seldom find a place in the columns of the agricultural periodicals.—In the matter of food, every intelligent farmer knows that on it the animal depends for all his vital powers, and is therefore careful to supply the horse or the ox that works, food suitable in quality and quantity to meet the demands of the system, but, in regard to himself and the "rest of mankind," he betrays a degree of thoughtlessness that is truly wonderful.

Decadence commenced
 up to the 15th not enough hours to cover the quantity of work

SABLE ISLAND.

Superintendent residing on the Island, Matt D McKeana, Esq. *Superintendents of the Humane Establishments on the Islands of St. Paul and Scattarie*, Messrs Jas R Dodd and Jno Campbell.

INDIAN AFFAIRS.

Commissioners—Cape Breton, Rev N Courtenay, H W Crawley, Esq., and Hon Jas McLeod. *Western Counties*, Wm Charnley, Esq.

Commissioners for issuing Province Notes—Law, Hartshorne, Hon W A Black and Chas Twining, Esqrs.

LIGHT HOUSES ON THE COAST OF NOVA SCOTIA,

AND ON THE COAST OF NEW BRUNSWICK IN THE BAY OF FUNDY.

Meagher's Beach—East side Halifax Harbour. A fixed light.

Sambro Island—Western entrance Halifax harbour. A fixed Light.

Devil's Island—An Octagonal Light Beacon on the S W point of Devil's Island, at the entrance of the Eastern passage to Halifax harbour, and exhibits a *red light* on the seaward sides to distinguish it from Sambro and Meagher's Beach Lights—stands 45 feet above high water. mark—rise and fall 6 feet. The Tower is painted dark brown, with a white belt between the Balcony and Lantern to distinguish it in day time.

Cross Island—Entrance to Lunenburg Harbour. Two lights—flash light above; fixed light below.

Liverpool—South end of Coffin's Island. A plain revolving light.

Port Medway—Beacon light on Admiralty Head, west side of the entrance to the Port. Building Square painted *white* with *black square* in the centre of the Seaward sides, *plain white light* 44 feet above sea level, and stands within 30 fathoms of the shore.

Shelburne—McNutt's Island. Two fixed lights one above the other.

Barrington—Baccaro Point, East side of the entrance to Barrington Bay. A flash light of 15 seconds.

Yarmouth—West side of the Harbour. A plain revolving light.

Cape Sable, Seal Island—The first light on approaching the Bay of Fundy is on the South Point of Seal Island. A plain white light, elevated about 80 feet above high-water mark, and may be seen on approaching the Island from any point of the compass. A very dangerous rock, under water, but upon which the sea always breaks, called *Blonde Rock*, lies $3\frac{1}{2}$ miles S by W by compass from the Light House. Between this rock and the Island there are some dangers; the ground is rocky throughout, and large vessels, therefore, ought not to attempt passing between them.

Brier Island—A plain White light, situate about half a mile N E from the N W point of the Island.

Westport—Peter's Island, at the South entrance, on the East side of the Bay of Fundy, *Two White Lights*, placed horizontally (to distinguish it from Brier Island Light,) at an elevation of 40 feet above high-water mark. This Beacon is intended to lead vessels into Westport, or through Grand Passage, and will be seen on the approach from Seaward and St. Mary's Bay, until shut in by S W point of Brier Island, bearing from it S 54 deg. W, and Dartmouth point, on Long Island side, S 25 deg. E, and on the North side, (coming out of the Bay,) between N $11\frac{1}{4}$ deg. E. When in the Passage, or fair-way through, the light will be seen all round, and can be passed on either side, but the Eastern passage is the deepest and widest, and is recommended to strangers. The best anchorage is on the Brier Island or Western side of the Harbour.

Digby Gut Light—Placed on the West side of Digby Gut, from Brier Island North-Eastward. The Coast is very bold and not indented; the Light is, therefore, chiefly intended as a guide into Digby Basin. A fixed White light.

Black Rock Light—On the South Shore of the Bay of Fundy. A fixed light.

Horton Bluff Light—In the Basin of Mines, 95 feet above sea level high water—rise and fall 40 to 45 feet. Building Square painted White; stands 60 feet from the Bluff, and shows a White Light, which may be seen in clear weather over the greatest part of the Basin of Mines, (after passing Cape Blowmedon,) and above the Five Islands and up Windsor River, until intercepted by the continuation of the Bluff to the Southward of it.

Apple River Light—North side of the entrance to Apple River, in Chignecto or Cumberland Bay. Two fixed Lights placed horizontally.

Partridge Island River—An Octagonal Light Beacon on the West side of the entrance to Partridge Island River, Parrsboro', on the North side of the Basin of Mines, and exhibits a *plain white light*, at an elevation of 30 feet above high-water—rise and fall about 45 feet—the Tower is *white*, and stands close to high-water mark on the beach. Vessels can enter the Harbour only at high water, and must lie aground on soft bottom when the tide is low.

Eastern Beaver, or Williams' Island—A Revolving Light.

Canseau, Cranberry Island—Two fixed Lights, one above the other. *West side of the Gut of Canseau*—A fixed Light.

Eddy or Sand Point Light—On Eddy or Sand Point on the West side of the South entrance to the Strait of Canseau, distinguished by two white lights placed horizontally, 25 feet above the sea level—Building Square painted *white* with a *black diamond* on the seaward side.

Guysborough Harbour Beacon—On the West side of the entrance to the Harbour, head of Chedabucto Bay. A fixed Light.

Pictou Light—On the South east side of the entrance to the harbour. A fixed Light.

Arichat Beacon—A Light on Point Marichi, on the East side of the Southern entrance to the harbour. Building Square painted *white*. A White Light 34 feet above the sea level.

Louisburg—On the East side of the entrance to the harbour. A fixed Light.

Low Point Light—East side of Sydney, Cape Breton, Harbour. A fixed Light.

Light Houses are intended to be built at *White Island, Pictou Island, Port Hood, and Ragged Islands*.

St. Paul's Island—A fixed Light on the North East end; and a Flash Light on the South West end.

Scatarie Island—A Revolving Light on the East end of the Island.

Gannet Rock Light—This Light is intended to warn vessels of their approach to a very dangerous range of shoals and ledges, which extend from the Old Proprietor to the Seal Islands off Machias, a distance of about 20 miles. A *white Flash Light*, 20 seconds dark and 40 seconds light in each minute. Building painted in stripes, vertical, black and white.

Between the Northernmost and Southernmost of the Murr Ledges there is a range of dangerous rocks and shoals, many of them always above water, and which extend westward from the Light House about

4 miles; from this range, further westerly, about 6 miles from the Gannet Light, lies a dangerous breaker, called the Bull. This may be avoided by keeping three remarkable headlands near the S W end of Grand Manan open. From Brier Island Light to the Old Proprietor, N and by W $\frac{1}{4}$ W 18 $\frac{1}{2}$ miles. The Blonde Rock from the Southernmost point of Cape Sable Seal Islands, S and by W $3\frac{1}{2}$ miles distant.

Machias Seal Island Lights—Two Fixed White Lights upon the Machias Seal Islands, 45 feet above high water, and bearing from each other E S E and W N W distant about 200 feet, by which circumstance of two Light Houses at the same Station, they will be immediately distinguished from all other lights upon the coast, British or American. Both Buildings painted *white*. Vessels standing to the Northward, between these Lights and the Gannet Rock, should tack or haul off the moment they bring these Lights into one, as they will be then not more than three-fourths of a mile from the Murr Ledges, if more than 5 miles to the E of these Lights.

Head Harbour Light—next in order after passing Grand Manan, and the plain White Light (American) on West Quoddy Point, is Head Harbour Light, placed on the N E extremity of Campo Bello, and is a guide to vessels entering the main channel to West Isles, Moose Island, and the Inner Bay of Passamaquoddy; it enables vessels also, at all times, to enter Head Harbour. A fixed white Light. Building painted *white*, with a *red* cross on it.

Point Le Preau Lights—Upon this projecting head land Two Lights are placed, one above the other in the same house, and distant 25 feet. Both lights can be seen from every point of the compass where they may be useful—both are Fixed and White. Building painted *red* and *white*, in stripes, 5 feet broad each, horizontally.

Partridge Island Light—At the entrance of the River and Harbour of St. John, N. B., having been established above 50 years requires no particular notice, further than that it is a fixed White light, the building painted *red* and *white* in vertical stripes.

Beacon Light—Within Partridge Island, and upon a spit or bar which extends about half a mile S S E off Sand Point, and which dries at two-thirds ebb, stands the Beacon Tower. Upon this tower is a light eminently useful to the coasting trade of St. John, and to all other vessels having pilots on board, as it enables them to enter the harbour at all hours of the night, a fixed white light. Building painted *white* and *red* in horizontal stripes.

Quaco Light—A Revolving White Light, placed on a small rock off Quaco Head, showing twice full and twice dark in a minute. The light can be seen from any quarter where a vessel can approach.—Building painted *white* and *red* in horizontal stripes.

Cape Enrage Light—On the Point of that name in Westmoreland, nearly opposite Apple River Harbour, N. S. Building painted *white*, about 120 feet above the tide. A plain white light.

BOARD OF REVENUE.

General Post Office, Halifax, N. S.

POSTMASTER GENERAL, ARTHUR WOODGATE, Esq.

First Clerk, C. H. Hamilton, Esq; *Clerk Account Branch*, F. M. Passow, Esq; *Junior Clerks*, Messrs Wm Small, Jno M. Inglis, Hugh Kerr and Henry Driscoll. *Messenger*, Mr Godfrey Schwartz.

Letter Carriers—Southern District of the City, Mr Wm Craig; Northern District, Mr. Alex Church. *Extra Carrier*, Mr W. Connell. Office open every day, (Sundays excepted) from 4½ a m, to 8 p m.

The Mails for the United Kingdom are made up at Halifax every alternate *Thursday Evening* at 9 o'clock. The Royal Mail Steamers leave Boston for Halifax and Liverpool, GB., every alternate *Wednesday*; arrive at Halifax on *Thursday evening* or very early the succeeding morning, leaving Halifax immediately after receiving the Mails.

Letters to or from England, 1s 3d, *pre-payment optional*; Newspapers free. Closed Mails for the United Kingdom via United States are made up at Halifax to meet the Steamers leaving New

York for Liverpool. Letters to be specially addressed "*via New York.*" Letters 1s 5d; Newspapers 1d each.

The Mails for the United States by Packet are made up immediately on the arrival of each Mail Steamer from Liverpool, GB. Letters 5d; if posted in the interior 3d additional, which must be pre-paid; Newspapers 2½d each—to be pre-paid.

A closed Mail for Canada is made up and forwarded at the same time in charge of the British Officer. Letters so forwarded must be specially addressed "*Closed Mail for Canada,*" postage 7½d.; viz: 5d Packet Rate, and 2½d Colonial Rate—*pre-payment optional.*

The Mails for Bermuda and the West Indies are made up at Halifax *once a month* during the months of Decr., Jany., Feby., and March; and *once a fortnight* during the months of April, May, June, July, August, Sept., Octr., and Nov.—closing on the arrival of the Mail Steamers from Liverpool. Letters 5d—when posted in the interior, 3d additional, this must be pre-paid.

Letters are forwarded *via* Bermuda for Chagres and the Pacific, Chili and Peru, Havanna, Honduras, Laguyra, Mexico, Venezuela, and the British and Foreign West India Islands.

Postage to Foreign West Indies, 1s 3d when posted at Halifax; 1s 6d when posted in the interior—*must be pre-paid.* Newspapers 2½d each *to be pre-paid also.*

The Mails for Newfoundland, (and Cape-Breton during the Summer months,) are made up at Halifax *once a month* during the months of Decr., Jany., Feby., and March; and *once a fortnight* during the months of April, May, June, July, August, Sept., Octr. and Novr., closing on the arrival of the Mail Steamer from Boston. Postage 5d when posted in the interior. 3d additional.

The Mails for St. Pierre and Miquelon, are forwarded to Sydney, C. B., from whence they are despatched by the French Packet during the Summer months, and from Halifax direct in the Winter months. Letters 5d. packet rate, and 3d inland, *pre-payment optional.*

When the English Mails arrive *before* 9 o'clock, P. M., they are delivered the same Evening—*after* that hour at 7 o'clock the next morning.

All other Mails arriving *before* 7 P. M., will be delivered the same evening—*after* that hour and *before* 8, at 6 o'clock—and if *after* 8, the following morning at 7 o'clock.

All letters are charged by weight, and a uniform rate of postage of 3d on a letter not exceeding half an ounce in weight has been established throughout British North America. To any part of the United States, 6d; to Oregon and California, 9d, *pre-payment optional.*

Newspapers *pass free* to any part of the Province, British North America and the United States, when sent by *land mail.* Pamphlets, Books, and Periodicals, 2d per oz. up to 6 oz's., and 3d for every additional oz. up to 16 oz's.—beyond that weight will not be received.

Books, Magazines, Reviews, and Pamphlets, whether British, Foreign or Colonial, can be sent from the United Kingdom to Nova Scotia, or *vice versa*, at the following rates—net exceeding ½ lb. 7½d over ½ lb.

Explanation of Signals.

Made on the Ship Staff at Citadel Hill, when vessels are seen from the Citadel, or reported from an Out Post.

One ball close up, 1 square rigged	A Pendant under a ball	6 do.
One ball half hoisted 2 do.	do. over a ball	7 do.
Two balls close 3 do.	do. under 2 balls close	8 do.
Two balls separated 4 do.	do. between 2 balls	9 do.
A Pendant of any colour. 5 do.	A flag of any colour, 10 or more do.	

The above Balls, &c., are hoisted at the east or west yard arm, according to the quarter the vessel first appears in.

When vessels are reported from an Out Post, the following signals are shewn under the Yard Arm as repeats.

For a square rigged vessel, two balls of a size, one at the outer, the other at the inner halyard, close up.

A Ship or Barque, a large ball at the end of the yard, with a small one at the inner halyard.

A Brig, a small ball at the end of the yard, and a large one at the inner halyard.

A Brigantine, a cross close up at the outer halyard.

Two or more do., a cross half hoisted.

A Schooner, a cross close up at the inner halyard.

An upper yard having been added to the Ship Staff, it will be used exclusively to designate Steam Vessels, thus :

THE NOVA SCOTIA PUBLIC.

INTRODUCTION

OF THE

Russia Salve

Vegetable Ointment.

THE great success that I have attended the **RUSSIA SALVE** in Boston, U. S., and throughout the New England States, has induced the proprietors to introduce it to the Nova Scotia public,—believing as they do, that it is an article infinitely superior to anything hitherto presented in and adapted to the wants of this country, for the cure of the various complaints for which it is designed. As a healing remedy, its virtues are almost miraculous; and the good effects that are sure immediately to follow its application, have rendered the **Russia Salve** a reliable and truly beneficial remedy. For Cuts and Flesh Wounds, its healing power is wonderful; and when used in case of a severe Scald or Burn, it allays the irritation and smart as if by magic.

No great is the estimation in which this Salve is held throughout the New England States, that there is scarcely a workshop or family that have not a box or two constantly on hand, in case of accident. It has one merit above all other preparations of the kind, and that is—it does not smell the least disagreeable, nor cause any one to suspect the presence of a sore of any kind. Besides, it is so clean in its application, that it will not soil the least thing.

The history of the introduction of the **Russia Salve** to the American public is not without its romance. It is a celebrated Russian preparation, and used principally in the army—and during the memorable campaigns of 1812, it was applied with wonderful success in thousands of cases—and particularly by an old soldier who had received a severe wound in action. Several years after, the old soldier emigrated to this country, and in gratitude for a deed of charity rendered him, he gave the secret of its preparation. It has been in use in the United States nearly thirty years, but confined exclusively to Massachusetts.

This Salve cures all kinds of Burns, Cancers, Felons, Ulcers, Salt Rheum, Ring Worm, Biles, Bruises, Fresh Wounds, Chilblains, Piles, Erysipelas, Shingles, Chapped Hands, Sore Eyes, Itch, Scald Head, Nettle Rash, Cuts, Corns, Scalds, Sores of all kinds, Flea Bites, Whitlows, Warts, Wens, Sore Nipples, Stys, Festers, Ring Worms, Scurvy, Bunions, Sore Lips, Frozen Limbs, Sore Ears, Ingrown Nails, Sprains, Fever Sores.

General Agent, Wholesale and Retail, for Nova Scotia, E. G. FULLER, Bookseller, 35, Hollis Street, Halifax. Sold also by D. E. Geldert, Windsor; J. A. Gibbon, Wilnot; S. B. Chipman, Lawrencetown; Dr. J. W. Marshall, Patamagouche; John Gauld, River John; H. L. Dickey, Cornwallis; Edward Smith, Liverpool; Levi Borden, Pugwash; John Ferguson, Sydney, C. B.; E. M. McDonald, Pictou; A. B. Piper, Bridgetown; R. B. Huestis, Wallace; Basil Bill, New Glasgow; Edward Bowes, Sackville, N. B.; J. P. Milward, Lunenburg. 25 CENTS PER BOX.

THE COLONIAL LIFE ASSURANCE COMPANY OF EDINBURGH.

Capital One Million Sterling.

NOVA SCOTIA BRANCH.

HEAD OFFICE—No. 24 Hollis Street, Halifax, N. S.

THE COLONIAL LIFE ASSURANCE COMPANY has been established for the purpose of extending to the Colonies of Great Britain, the full benefit of Life Assurance; and for the purpose of giving increased facilities to persons visiting or residing in Foreign countries. The company is registered and empowered under the Act of Parliament 7 and 8 Vict., cap. 110.

The General Regulations and Conditions have been formed upon principles of fairness and liberality, so as to encourage Assurance among all classes of the community. The Rates in Nova Scotia are the same as in Great Britain, and formed on the most correct observations which exist as to the value of life.

The Assured have permission to pass and repass from this Province to any European Port, at all seasons of the year, and within any part of North America to the Northward of 38 degrees of North latitude, but not to the Westward of the Mississippi River, and they may reside in any part within the above limits, without EXTRA CHARGE.

Persons accepting Life Assurance Policies as a security for money advanced generally run the risk of the party going beyond the limits of his Policy, and incurring a forfeiture. The COLONIAL COMPANY are ready to grant Policies covering the risk of a party proceeding to any part of the world at rates of Premium corresponding to the circumstances of each case.

No expense is incurred in effecting Assurances.

The Board in Halifax is invested with absolute powers in the disposal of business.

DIRECTORS—The Hon. M. B. A'mon, *Banker*; the Hon. Wm. A. Black, *Banker*; Lewis Blist, Esq., Charles Twining, Esq., *Barrister*; John Bayley Bland, Esq., the Hon. Alex. Keith, *Merchant*.

Agent, MATTHEW H. RICHEY

AGENCIES—*Amherst*, R. B. Dickey, Esq. *Annapolis*, James Gray, Esq. *Arichat*, C. F. Harrington, Esq. *Bridgetown*, T. Spurr, Esq. *Digby*, J. A. Dennison, Esq. *Lower Horton*, C. W. H. Harris, Esq. *Kentville*, ———, Esq. *Liverpool*, John S. Marshall, Esq. *Lunenburg*, H. S. Jost, Esq. *Pictou*, J. Crichton, Esq. *Pugwash*, A. B. Chandler, Esq. *Shelburne*, C. White, Esq. *Sydney*, C. E. Leonard, Esq. *Truro*, A. G. Archibald, Esq. *Windsor*, Jos. Allison, Esq. *Yarmouth*, H. A. Grantham, Esq.

Tables of Rates, Forms of Proposal, and every other information may be obtained at the Head Office, 24 Hollis Street, Halifax, or at any of the Agents Offices out of Halifax.

MATTHEW H. RICHEY, AGENT.

“Star Life Assurance Society”

O F L O N D O N .

[FOUNDED 1843.]

CAPITAL £100,000 STERLING.

NOTICE.

The privilege offered to Assurers in the STAR LIFE Office, are highly advantageous. *Ninety per cent*, or ninetyths of the profits (ascertained every fifth year) are allotted to the holders of Policies; which may be applied in the reduction of the future annual premium, or be added to the sum insured, as a Bonus.

Thirty days are allowed for the payment of the premium from the date of its becoming due.

All claims are paid within fifty days of their being allowed by the Board, and disputed claims referred to arbitration.

The dividend declared in 1843 was 62 per cent. on the premium paid, the largest Bonus ever given by any Company having agencies in this Country.

This Society is chiefly but not exclusively devoted to the Assurance of the lives of members of the Wesleyan Methodist Societies, and of the hearers and friends of that connexion. Assurances however, have been, and may be effected upon all assurable lives. Nothing need be said upon the propriety of persons assuring their lives for the benefit of their families or friends, when so many proofs are furnished by the experience of every day life. The advantages of a Respectable Company, with a large Capital and dividing handsome profits, are too obvious to need any comment.

All necessary Blanks and Pamphlets and every information furnished gratis, by the Society's Agent or Medical Examiner.

R. S. BLACK, M. D.

Important features of the Corporation.

Combining most valuable advantages for the Living, not to be found in any former existing Company.

1. Ten per cent. of the entire profits of the company is appropriated for the formation of a relief fund, for the benefit of parties assured for life, who have paid five years premiums, their widows and orphans, in the event of old age.

11. Ten per cent. for the relief of aged and distressed proprietors, assured or not, their widows and orphans.

111. In addition to the usual business of life assurance, assurances are granted against paralysis, blindness, accidents, insanity, and every other affliction, bodily and mental, at moderate rates.

Policies indisputable, and free of stamp duty.

No extra charge for going to, or residing in, Australasia, Bermuda, Madeira, Cape of Good Hope, Mauritius, and the British North American Colonies.

Medical men in all cases remunerated for their report.

A liberal commission allowed to agents.

Every description of life assurance business transacted.

Detailed prospectuses, containing the names and addresses of all the shareholders, rate of premium, an explanation of the system now originated; together with useful information and statistics respecting life assurance, may be had on application at the office of the Agent for Nova Scotia, or to any of the following Sub-agents—viz :

Pictou, G. A. MacKenzie, Esq.; Annapolis, E. C. Cowling, Esq.;
Shelburne, H. W. Smith, Esq.

Washing made Easy and Pleasant

THIS WASHING POWDER
IS WHAT DOES THE WORK!

OH SCAR! IT IS SUCH
HARD WORK TO WASH!

BY THE USE OF **BOSTON CHEMICAL WASHING POWDER!**

THIS Powder, prepared by a practical Chemist, is a superior article for Washing Clothes. The process of using is simple and easy, and cleanses without injury to the finest fabric. One package of this Powder will make two gallons of soft soap, superior in quality for all domestic uses.

Nothing exceeds this Powder, after having been made into soft soap for removing grease spots from woollen clothes and carpets.

Directions on each package of the Powder—which, if followed, give, after a fair trial, general satisfaction. Book & Co., Manufacturers, No. 127 Washington Street, Boston. Sold by D. Taylor, Jr., Boston, General Agent for the Provinces, to whom orders must be addressed. Sold in Halifax, wholesale and retail by John Lithgow, J. Benson & Co., W. M. Harrington, A. McLean, Grocers. Also, by John Naylor, Avery, Brown & Co., Morton & Co., Druggists, and by dealers generally.

PERRY'S HUNGARIAN BALM.

pure, scientifically and chemically combined, and is warranted to contain none of those deleterious ingredients which prove so injurious to the Hair. It acts directly upon the skin, cleansing and purifying it from all unhealthy secretions, thereby removing and preventing the accumulation of Scurf, Dandruff and other impurities, which so frequently cause premature decay, and loss of the hair.

The Hungarian Balm is especially adapted to ladies use: and those who have tried the various oleaginous mixtures, with no benefit, will at once discover the agreeable and beneficial effects produced by this pure and delicate preparation. Try it once, and you will be convinced of its superiority over all other compounds for the hair.

If you have lost your hair and wish to preserve it.—If you are troubled with Dandruff and wish to remove it.—If you have any humour of the Scalp and wish to cure it.—If you are troubled with Nervous Headache and wish to cure it.—If you have Hair Enters at the roots of the hair and wish to destroy them.—If you have Harsh, Dry and Wiry Hair, and wish it to become soft, pliable and beautiful as silk; and if you wish to preserve Rich, Graceful and Luxuriant Tresses to the latest period of life,

USE PERRY'S HUNGARIAN BALM!

Price 25 and 50 cents, in large bottles. Burr & Perry, Proprietors, No. 1 Cornhill, Boston, D. Taylor, Jr., Boston General Agent, for the provinces. Sold by all the principal druggists, and dealers, throughout Nova Scotia.

C. H. BELCHER.

Belcher's Farmer's Almanack,

FOR 1854.

Published by the Proprietor and sold by E. G. FULLER.

Hollis Street, Halifax.

 The above Almanack can also be had bound and interleaved, embellished with a beautiful engraved view of Cape Split in the Bay of Fundy.

OPINIONS OF THE PRESS OF THE ABOVE ALMANACK FOR 1853.

"Belcher's Farmer's Almanack has appeared, and sustains its usual high reputation.—The interleaved copies will be beautifully bound, and will contain a fine engraved (not lithographed) view of the 'General's Bridge,' Annapolis. It is a finely executed picture."—*British North American*.

"Belcher's Farmers Almanack—Since noticing this Almanack a few days ago, the interleaved edition has made its appearance, and reflects great credit on the publisher. The cover is superior to anything of the sort yet published in the Colonies—embossed with gilt letters. The interleaved Almanack is embellished with an engraved view of the 'General's Bridge,' Annapolis.—*B. N. A.* (Second notice.)

"Belcher's Farmer's Almanack is on our table; it contains the usual amount of information to be found in Annuals of a similar stamp—including full and copious County and City lists of officials, &c., for the accuracy of which the calendar under notice has almost passed into a proverb;—and, having carefully looked through its pages, we can with confidence recommend the production to the patronage of the public. The interleaved and bound copies are enriched with a very well executed engraved view of the 'General's Bridge,' near Annapolis."—*Morn. Chron.*

"Belcher's Farmer's Almanack.—We are indebted to the enterprising publisher for a copy of his Nova Scotia Almanack. As usual this work contains a vast deal of interesting information for the Farmer, and we would particularly direct the attention of our subscribers on the other side of the Bay to it."—*The St. John (New Brunswick) Morning News*.

"Belcher's Farmer's Almanack.—This favorite and long established periodical, for 1853, has just come from the press. As usual, it is neatly printed, and brimful of useful intelligence, systematically compiled. The contents of the new number evince all the care and tact of an experienced editor, and therefore it will doubtless be patronised even more extensively than any of its predecessors. An attractive engraving of the 'General's Bridge'—illustrating a beautiful scene in Annapolis—is attached to the bound and interleaved copies."—*Acadian Recorder*.

"Belcher's Farmer's Almanack for 1853, judging from the handsome specimen sent us, is a great improvement in the usual appearance of our Nova Scotia Annuals—it is very neatly bound, and interleaved with blanks, and contains everything necessary as a directory and book of reference. Its frontispiece, the view of the 'General's Bridge at Annapolis, is a pretty scene, and well executed; adding much to the appearance of the Almanack, which has long been a favourite with the public, and will no doubt continue to receive an extensive support."—*British Colonist*.

"Belcher's Farmer's Almanack for 1853 has just made its appearance. It has been got up with more than usual care, and contains all the useful information generally looked for in such a Manual.—The size is convenient and both as regards the quantity and quality of the matter selected it is fully equal if not superior to any former number issued. We cheerfully recommend it to the patronage of our readers and friends."—*Christian Mes.*

"Belcher's Farmer's Almanack for 1853, with a beautiful engraved view of 'The General's Bridge, Annapolis,' has been laid on our table by the publisher. From a hasty glance, we may say that this fully comes up to any of the former numbers, both for neatness of execution, and the accuracy of its contents."—*Presbyterian Witness*.

"Belcher's Farmer's Almanack for 1853, has this week been laid on our table. It keeps its place among this class of useful and necessary Serials, and contains the usual information sought for in Almanacks.—It may also be had bound, with a beautiful engraving of the 'General's Bridge near Annapolis.'—*The Wesleyan*.

"Belcher's Interleaved Almanack, bound, with an engraving of the 'General's Bridge,' near Annapolis, has been laid on our table. Externally, it is fit for the drawing room table; internally, it will be found worthy of the confidence of all who consult such Serials."—*The Wesleyan*. (Second notice.)

Belcher's Farmer's Almanack, Halifax, N. S.—Our thanks are due to the Publisher for two copies of this time-honored manual, one of them done up in the usual style—the other is bound up with blank leaves, (similar to the Boston Almanack,) and contains a fine engraving of the Bay of Annapolis, N. S. After 25 years experience, the Publisher knows just what is wanted in an Almanack, and the result of his labors is a comprehensive and reliable hand-book of reference.—*Boston International Journal*, January 1st, 1853.
