GRAFT INVESTIGATOR HIMSELF INVESTIGATED

Reeve Fleet of Ingersoll Charged With Handling Nearly \$10,000 of County's Money Without an Accounting—Crown Counsel Vindicates Himself Against Rumors That He Was "Called Off" in Buchanan Case.

JUDGE FINKLE ON THE GRILL TO-DAY

WOODSTOCK, Jan. 30.—(Special.)—Ye gods, but the Oxford County graft enquiry has given human interest a feast to-day.

Sam M. Fleet, reeve of Ingersoll, who was one of the foremost in the agitation for a government inspection into graft rumors that have been rife in the county, was himself dragged into the mire on a charge of having handled nearly \$10,000 of the county's money for which he gave no detailed accounting.

Judge Finkle will be put on the witness stand in the morning to clear his skirts of suspicions that he may have been amenable to "palm greasing," while an arbitrator on the sale of a toll road to the county. He was not well enough to go on the stand to-day.

E. F. E. Johnston, K.C., chief crown investigator, was also called upon to vindicate himself and the crown concerning common rumors around here that he had entered into a secret agreement to call his dogs off of M. J. Buchanan, "county boss" and ex-warden, who was accredited with several charges of taking graft.

Mr. Johnston was white with rage when the court opened this afternoon. "It is said in Woodstock, my lord," he announced, "that some agreement has been entered into between Mr. Buchanan and me. That is absolutely false, and I wish to investigate all matters that should be investigated, and if they are not investigated it will be the fault of the people of this county who brought me in, not coming forward with their information. Anything they think should be looked into will be investigated, as I have announced several times."

It is said that the government has interviewed me, and the insinuation is that some persons are to be protected. No member of the government, and no person representing the government, has approached me in any shape or form, and the government is to-day no more in my confidence than I am in the confidence of the government. The I have not been in sympathy with any political party, but I have performed my duty faithfully."

Called Reeve Fleet. Later on in the proceedings, Mr. Johnston started the crowded court room by calling upon Sam M. Fleet, reeve of Ingersoll, who was chairman of the committee which petitioned the government for an investigation and hired detectives to trace up cases and seek out facts for prosecution.

Judge Finkle announced that it was charged that Fleet had in the past three years spent upwards of \$10,000 on good roads in Ingersoll, for which no accounting was given.

Mr. Johnston gave evidence to explain how much of the county's money was entrusted to him during the years of 1908, 1909 and 1910.

Fleet furnished amongst some slips of paper, but could not make his estimates tally with the county cheque book, which accredited him with \$2022 in 1908, \$2356.18 in 1910, and \$3109 in 1910, a total of \$5487.18. Impudently crown counsel broke in on his fumbling:

Idle Talk-Bearing. "You have talked a good deal about this investigation. You have taken

CREMATED IN CABOOSE

C. P. R. Brakeman Caught in Debris and Burned to Death.

THAMESFORD, Jan. 30.—(Robt. Lane, a Canadian Pacific brakeman, was burned to death in his caboose which took fire this afternoon after being wrecked. The train on which Lane was running west stopped at the station here for orders, and while the conductor was inside, another train, also bound west, crashed into the rear end of Lane's train. The brakeman was caught in the debris and burned to death before the fire brigade of the village could rescue him. The car in front of the caboose was also burned. The station took fire twice and the brigade, which had only buckets to work with, had a hard time saving it. Lane leaves a widow in Stratford.

A. CECIL GIBSON INJURED

Well-Known Barrister in Serious Condition as Result of Fall From Car.

A. Cecil Gibson, barrister, 64 St. Albans-street, in his home in a serious condition as a result of a fall from a Yonge-street car at 3:10 last night. He is suffering from concussion of the brain, and it is feared that his skull may be fractured. Mr. Gibson alighted at Bloor and Yonge-streets when the car reached that point southbound. In some way he fell, striking upon his head. He was picked up unconscious and carried into Kamshan's drug store in the Trader's Bank building, where he was attended by Dr. Goodrich, who was summoned to the scene. He was removed to his home in the police ambulance, and was there attended by Dr. Adam Wright. Mr. Gibson is well known in the legal profession, and has many friends in social circles. His office is in the Canada Permanent Building, 18 Toronto-street.

S R JAMES AND THE POWER RATES

On Friday last The World gave currency to a report which has been heard in different parts of the country to the effect that there is a deal on to sell out the municipalities, and especially Toronto, to the electric corporation, by handing the control of the hydro-electric power rates over to the Ontario Railway and Municipal Board.

An ominous silence has attended the mention of this report. Sir James Whitney owes it to the public to set at rest the anxiety that such a suspicion arouses among his friends.

It is time that he should know if he is not already aware of it, that it is feared that he may be induced by the people who have tried, more than any others, to knife him when, as he declared, he had his back against the wall, to consent to some arrangement that will destroy all that has been accomplished to get cheap power for the people by the hydro policy.

It is said that Toronto may be compelled to charge such high rates under the control of a body like the railway board, in which, Sir James must know, the people of Ontario have not the same confidence as they have in his-ol leagues, Messrs. Beck and Hendrie, or as Toronto people have in Mr. McNaught, that the city may be compelled, against its will and interest, to buy the Electric Light Co. out, in order to secure cheap light.

If the friends and advisers of Sir Henry Pellatt believe that he has such influence over Sir James as that, it is time for Sir James to undeceive them. The people of Ontario cannot imagine that Sir James would sell them out.

HYDRO KNOCKER BUSY

Because of Interruption by Storm, Spreads Absurd Stories.

LONDON, Ont., Jan. 30.—London to-day is without electric power so far as the hydro-electric is concerned, and two of the biggest plants, McClary's and White's, have been obliged to partially close down. The street lighting system was out of commission most of the night. Engineers say the trouble is along the line. It is believed to be due to the towers being too far apart.

P. W. Sothman, chief engineer of the commission, was shown the above, and said characteristically that the last paragraph was sheer nonsense.

"In California and Colorado the towers are placed 1000 and even 800 feet apart, and I do not think any of them are less than 600 feet and most of them 650 feet. Our towers are only 500 feet apart, and are a little closer together than those of the Electrical Development Co. lines."

"There was a break at St. Mary's of two of the insulators of the lightning arrestors and one at Stratford in the storm last night. This was the cause of the break in the service."

"The insulators are part of the station equipment and we had already objected to them."

WELLESLEY MURDER CASE

Little Evidence of Importance—Inquest Again Adjourned.

BERLIN, Ont., Jan. 30.—The inquest into the murder of Franz Lebinski at his lonely shack near Wellesley Village, a couple of weeks ago, was resumed at Wellesley this afternoon.

Little evidence of importance was brought out and Captain Dr. Glazier decided that there was not sufficient warrant bringing in a verdict, and again adjourned the inquest until Feb. 15.

Philip and Martin Nowak, recalled, stated that they spent Wednesday night, Jan. 11, at the home of their brother-in-law, Mr. Sobich, a few miles north of Waterloo, where they played cards, retired at 1 o'clock, and did not visit near Lebinski for nearly nine weeks previous to the murder. Their story was corroborated by evidence given by their father and mother, sister and another brother.

THE FARMER AND THE TARIFF

Hon. Sydney Fisher Sees Great Trade in Butter Ahead of Quebec.

COWANSVILLE, Que., Jan. 30.—The reciprocity agreement with the United States came to the fore to-day at the opening session of the District of Bedford Dairyman's Association. Hon. S. A. Fisher said the free admission of butter and cheese, milk and cream, at one New York and Boston and the towns of the New England States, and the men who had been handling the goods for the English market might be tempted to make the same route, but he was of the opinion that the advantages of the new arrangement would be infinitely greater.

WASHINGTON, Jan. 30.—In the course of the debate on the tariff board, Champ Clark, Democratic leader, who will be Speaker after March 4, said the Democrats proposed to carry out their pledges to revise the tariff downward.

PRELATES IN CONFERENCE

Important Meeting of Roman Catholic Bishops Opens To-Day.

A conference of Roman Catholic archbishops and bishops will be held in Toronto to-day of a most representative character. In assembling at this time when questions of such interest as the bilingual school question are prominent issues the gathering cannot fall to be one of public importance.

REFORM, NOT ABOLITION.

He thought that a case had been made out, not for the abolition, but for the reform of the senate. If something was not done in the way of reform there would be a wider agitation for abolition, representing the interests of the farming interest, is not sufficiently represented in the senate."

FARMERS NOT REPRESENTED.

Mr. Maclean: I do not claim superior excellencies for the universities or that they should be represented over other portions of the community, but the working interests and the farming interests should be better represented in the senate. In the old days we heard a good deal more about representation of the farmers in the senate than we do to-day. The only men who seem to be considered as candidates for the senate are either those who have served in the House or those identified with the interests. The wholesale appointment of members of this house to the senate, as now carried on does not tend to promote the independence of this body from the enactment of the Canadian-American reciprocity agreement.

Montreal Cuts N.Y. Grain Trade

Interstate Commission Hears Complaints of American Shipping Companies as to Inroads of the Dominion.

NEW YORK, Jan. 30.—Many great ocean steamships leaving New York now go out ballasted with water where once they carried grain. So the interstate commerce commission heard here to-day when it resumed the adjourned hearing relative to the alleged discrimination of railway grain rates against New York and in favor of Montreal.

The witness who so testified was Jas. T. Parker of the firm of Parker & Graf, member of the New York Produce Exchange.

Mr. Parker contended that a continuation of the 5-12 per cent. per bushel rate would result in New York losing all of its export grain business. As a matter of fact, he asserted, it had already been lost and he maintained that a rate of four cents per bushel, in effect between May 15 and Nov. 15, is needed in order to encourage the movement by way of this port. C. A. Legg, representing the Chicago Board of Trade, said he would service notice on the railways requiring them to submit in evidence the minutes of the meeting at which the lake-rail rates were fixed.

Yale Knelsand, a member of the firm of Powers, Son & Co., grain exporters, testified to schedules compiled from actual shipments which were intended to show that the railroads would make more money to-day if the four-cent rate on grain between Buffalo and New York was in force.

A. C. Featherhoff, manager of the freight department of the International Mercantile Marine Co. grain steamers, testified of the decline in grain shipments from New York, and said that recently two steamers had been withdrawn from the New York service because of the decrease in shipments of both cattle and grain.

W. A. Wadhams of the New York Chamber of Commerce announced the chamber proposed to submit a new basis of rates which would not disturb the existing rates thru, but would put New York on an equal footing with Montreal.

THREE HUNDRED KILLED.

MANILA, Jan. 30.—Latest government reports confirm the previous report that 300 persons have been killed by the earthquakes and eruption of Mount Taal.

Five villages were obliterated and three partially destroyed by a 12-foot wave, which came soon after the four-foot wave that followed the earth shocks. Coincident with this a super-heated blast from the volcano practically cremated those who escaped drowning.

MACKENZIE KING'S MISSION.

OTTAWA, Jan. 30.—Hon. Mackenzie King will leave for New York in a day or two, to make an appeal to the Diamond Match Co. to relinquish their rights in Canada to the use of the sequi sulphide patent. The company has done so in the United States at the request of President Taft.

Buffalo Favors Pact.

BUFFALO, Jan. 30.—The board of aldermen to-day passed two resolutions approving the enactment of the Canadian-American reciprocity agreement.

ALL CITY'S FAULT-TAL ON TRADE SAYS MANAGER FLEMING

Company Can't Add Cars Without Causing Danger of Collisions, so Jury is Informed — Expenditure of \$2,000,000 on New Lines and Equipment Promised.

Those who were waiting for a pyrotechnical display of repartee when Robert J. Fleming, general manager of the Toronto Railway Co., came up for cross-examination by Corporation Counsel Drayton, in the criminal assizes in connection with the street railway case yesterday afternoon, suffered a keen disappointment.

The genial general manager, who was on the witness stand for something over an hour and a half, refused to be led into anything like an argument. Mr. Drayton's examination was at all times to the point. Mr. Fleming was the last witness but one in the trial of the railway company, for maintaining a nuisance, and his testimony went to show that the company is prepared at all times to carry out the city's wishes as regards regulating over-crowding if apprised of what the city's wishes in the matter really are.

The last witness was heard just previous to adjournment, and when court resumed at 11 o'clock this morning Mr. Justice Riddell will submit to the jury a number of questions he prepared last night, with the request that they bring in a special verdict. If they refuse to do this, he will submit the case for a general verdict. If the jury agree to bring in a verdict on the questions submitted the counsel will address them on those questions and while they are out arriving at a verdict, the counsel will argue the legal aspects of the case before the court.

Considerable time was lost at the morning session in waiting for Ralph Hamilton, a jurymen delayed by a late train. When the court got down to business David H. Bastedo, a fur dealer, on Roxborough-avenue, was called to testify on behalf of the railway company, and he ventured an opinion that the only way to lessen the overcrowding was to decrease the population. He declared that he had seen crowding in the London tram cars as well as in other large European centres.

One on Old London. Mr. Justice Riddell asked the witness if he had seen any uncomfortable overcrowding of London buses, and witness replied that he had never seen a London bus that was comfortable. This brought a laugh from the counsel and a rebuke from the judge. David Campbell, the point man at the intersection of College, Carlton and Yonge-streets, gave technical evidence.

TRAVERS NOT RESIGNED FROM KEELEY BOARD

He is Determined in Opposition to Selling Mine—Bank Cases Adjourned.

W. R. Travers is still a director of the Keeley Mines, Limited, and, as exclusively announced in The World, he has repeatedly refused to resign from the directorate. At the meeting of the directors, held in the city hall yesterday afternoon, he persisted in his refusal and despite the statement of those connected with the mine, who declare that he has turned over a written resignation, it has not yet been dealt with, and the reason of his refusal is that he wants to have it agreed that no more will be done to trade with the mine, which he believes will retrieve the losses if worked, without first consulting either himself or his counsel, H. H. Dewar, K.C.

Three of the Farmers' Bank cases were called in police court yesterday morning, but in none of them was evidence heard. The provisional directors charged with conspiring to obtain \$100,000 from the bank were given a holiday until Feb. 2. Col. Munro, president of the bank, charged with signing false returns, and who did not appear, but was represented by his counsel, H. H. Dewar, K.C., was remanded till Feb. 1, while the case against Frederick Crompton, president of the Crompton Corset Co., and brother-in-law of Dr. Beattie Nesbitt, will be heard on Feb. 4. All of these cases will be sent to the sessions should a prima facie case be established, as Magistrate Deane has declared that he will not try any of them.

Further charges are being considered, and it is understood that charges may be laid in relation arising out of the taking of stock subscriptions there. It is understood that important evidence has been disclosed in the minute book of the meetings of the provisional board of directors, which may also lead to the laying of further charges.

More of the "Brotherly Hand" Line of Talk; With an Open Reference to "Commercial Union"—Uncle Sam is Looking Out for Number One.

WASHINGTON, Jan. 30.—The last public utterances of President McKinley in favor of reciprocity, made the day before he was assassinated at Buffalo, were recalled to-night by President Taft in an address at the Ohio Society's anniversary banquet in commemoration of the McKinley birthday.

President Taft eulogized the character of the martyred president and paid a high tribute to his attitude on the commercial expansion of the country, with particular reference to the declarations in favor of reciprocity made by President McKinley at the Pan-American Exhibition at Buffalo.

"The broadening effect of the national responsibility McKinley had to carry," said President Taft, "shows itself in no respect more conspicuously than in this change of view on his part in respect of a policy of which he had always been the chief exponent. May we not hope that the change that he advocated may be found expression in our national policy towards our good neighbor on the north, who has come half way to meet us?"

More Kinship Talk. "The Canadian agreement, if confirmed by legislative action, will be a fitting close to a century's controversies, and permanently establish good feeling and commercial union between kindred peoples. We shall find a rapidly increasing market for our numerous products among the people of our neighbor. We shall deepen and widen the sources of our food supply in territory close at hand."

"Our kinship, our common sympathies, our similar moral and social ideas, furnish the strongest argument for supporting this agreement."

"Canada. We have not always acted toward her in a manner most conciliatory or with due regard to her sensitivities. It has become a great country—indeed a nation. She causes us to use no forts or battlements. She does not attack us and never will. She extends the brotherly hand of friendship and proposes close relations with mutual benefits. Ought we to decline? The last words of McKinley urge acceptance. I am proud as a son of Ohio to bring forward for approval and ratification a reciprocity carrying out the policy which he proclaimed and made his own at the acme of his great career."

U. S. Not to Be Hit. "He (McKinley) felt the expansion of this country into a great world power. He saw the future growth of his commerce with other nations. He came to know that a policy of protection was too provincial a view of it that it was time to moderate it. He continued to believe in protection enough to prevent our industries from being destroyed by competition under conditions abroad that were impossible here, but he proposed to mitigate the exclusiveness of a protective tariff by reciprocity treaties which should reduce the substantial injury to any class of our producers or manufacturers, and would secure more favorable markets for our own goods."

"I use his language, uttered on the day before he fell by the hand of the assassin: 'By sensible trade arrangements, which will not interrupt our home production, we shall extend the outlets for our increasing surplus. We should take from our customers such of their products as we can use without harm to our industries and labor. Reciprocity is our natural outgrowth of our wonderful industrial development under the domestic policy now firmly established."

A Market for American Goods. "What we produce beyond our domestic consumption must have a vent abroad. The excess must be relieved thru a foreign outlet and we should sell everywhere, and not buy nowhere. The buying will enlarge our sales and productions and thereby make a greater demand for home labor."

"A policy of good will and friendly trade relations will bring reprisals. Reciprocity treaties are in harmony with the spirit of the times; measures of retaliation are not. If perchance some of our tariffs are no longer needed for revenue or to encourage and protect our industries at home, why should they not be employed to extend and promote our markets abroad?"

A GOOD BEGINNING. LONDON, Jan. 30.—(C.A.P. Cable.)—The Graphic says regarding the speech of the Duke of Connaught at the Guildhall, that the patriotic spirit, lofty statesmanship and intelligent grasp of intricate social problems displayed in the speech constituted an auspicious prelude to his Canadian mission.

The Dominion, it says, is fortunate in a victory which is not merely a royal prize, but also a statement of sound imperial views.

PROVINCE'S ESTIMATES BEFORE HOUSE TO-DAY

Budget Speech Expected Thursday —Changes in Law to Benefit Deserted Wives.

Sir James Whitney moved in the legislature yesterday afternoon a resolution of thanks to the Imperial Government for copies of the records of the house of lords, house of commons, and other historical volumes. The resolution will be forwarded to the Imperial Government through the lieutenant-governor and the governor-general.

After La Grippe

"I had suffered several weeks with LaGrippe. Had pains in my head and eyes. It felt as though there was a heavy weight on the top of my head, until it seemed that my brain would burst. I was so nervous that I could not rest or sleep. When I dozed off I would awake with a sudden jerking of my whole body. Dr. Miles' Nerve, Heart Remedy and Nerve and Liver Pills cured me. A number of friends have since realized the same benefits."

MRS. ALVIN H. LOCKS, Seabrook, N. H.

The after effects of LaGrippe are often more serious than the disease, as it leaves the system in a weakened condition that invites more serious troubles, such as pneumonia, etc.

Dr. Miles' Restorative Nerve should be taken for some time to thoroughly restore nerve strength.

Hypocrisy.

(By J. Wilbur Chapman) "Ye hypocrites," Matt. xxv, 7. "What if there are hypocrites in the church? What has that to do with you? Are you one? The truth has always been counterfeited—the genuine always imitated. No one has ever yet attempted to counterfeit a roll of money if he knew what he was doing."

Jesus had a Judas among His followers, but He had eleven men true and faithful. To which company do you belong? Hypocrisy is always sure of detection. Men may think they are deceiving those about them, but they are sadly mistaken.

HON. J. J. FOY TO STAY

Sir James Whitney Attributes Unfounded Rumor to Party Animus.

Sir James Whitney yesterday afternoon personally issued an emphatic denial of the story published in a morning paper that Hon. J. J. Foy was about to retire from public life owing to ill-health, and that Hon. W. J. Hauga would succeed Mr. Foy as attorney-general.

Sir James said that he would leave the public to judge of the animus which would compel a man to publish a statement that a man was in poor health, who was in admirable health, all because he is a political opponent.

Those Germans Again. BERLIN, Jan. 30.—According to the Tagblatt movement is on foot among German capitalists to establish three German schools of engineering in China. It is proposed to raise about \$50,000, the large banks contributing liberally to the fund.

WILL RAISE STANDARD

Effort to Prevent Degradation of Public and Congestion of High Schools.

Strict instructions are being issued in pamphlet form by the Ontario department of education with reference to high school entrance examinations, to be held on June 26, 27 and 28, and the model school entrance examinations, to be held June 26, 27, 28, 29 and 30.

DYSPEPSIA Can Be Cured.

This disease is the all prevailing malady of civilized life, and one which oftentimes baffles all ordinary treatment. It gives rise to a great variety of distressing symptoms, such as distress after eating, rising and scouring of food, wind in the stomach, heartburn, etc.

Nearly everything that enters a weak dyspeptic stomach acts as an irritant; hence the great difficulty of effecting a cure.

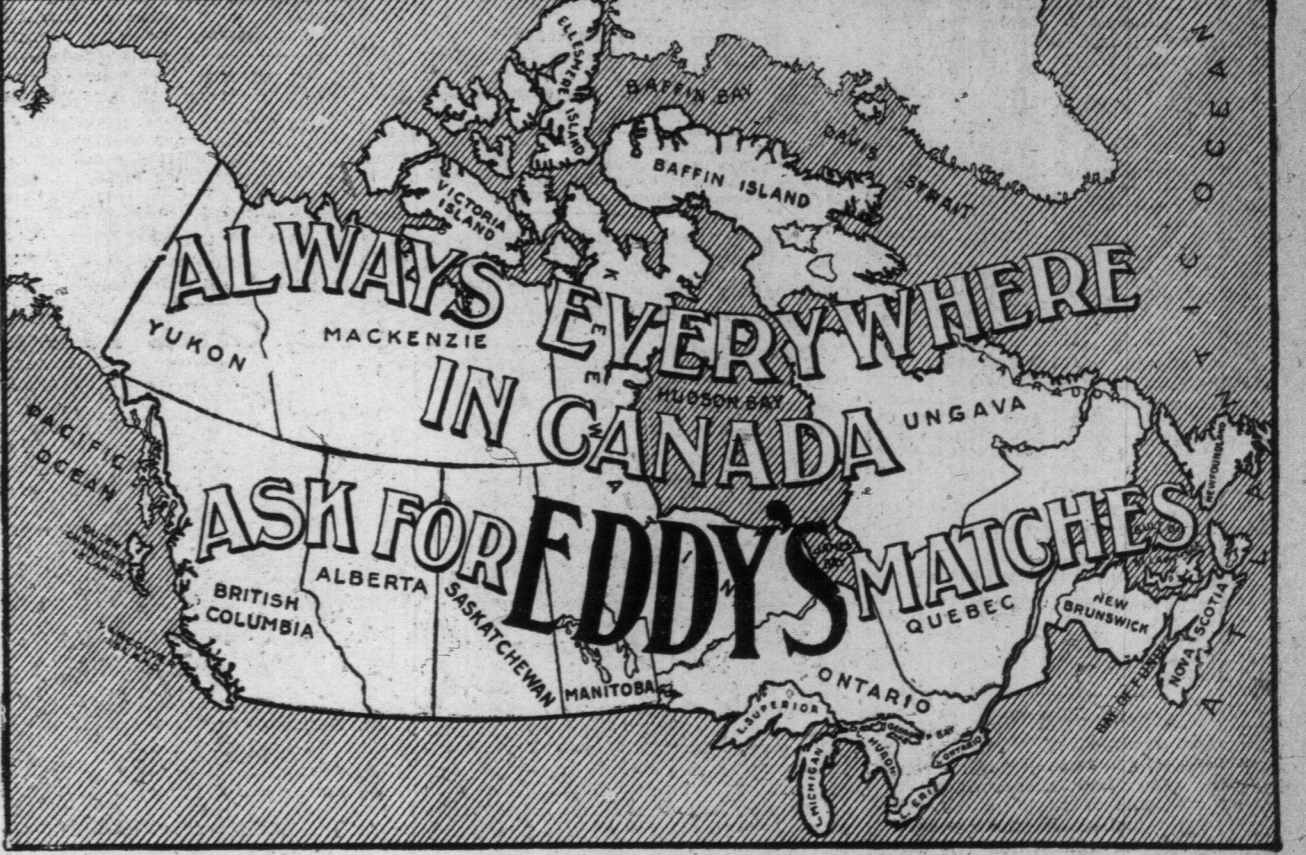

The long train of distressing symptoms, which render life a burden to the victim of dyspepsia, may be promptly cured by the use of Burdock Blood Bitters.

B.B.B. regulates the stomach, liver and bowels, stimulates secretion of the saliva and gastric juice to facilitate digestion, purifies the blood, and tones up the entire system.

Mrs. Herman Dickens, Benton, N.B., writes: "I have used Burdock Blood Bitters and find that few medicines can give such relief in dyspepsia and stomach troubles. I was troubled for a number of years with dyspepsia, and could get no relief until I tried Burdock Blood Bitters. I took three bottles and became cured, and I can now eat anything without it hurting me. I will highly recommend it to all who are troubled with stomach trouble."

FIRE IN ELIZABETH ST. SCHOOL

Drill System Worked Splendidly—Blaze Was in Chimney

That the public school system of fire drill works to good advantage was shown yesterday morning when the chimney of the Elizabeth-street school caught fire.

Chinaman Fined. John Jong, a Chinaman, smoked on a Bloor car Saturday. It was the Chinese New Year, and Jong refused either to put out or to let his cigar be put out. He paid \$1 and coets for refusing to bow down before Robert J. Fleming, the Ontario Railway Board, a conductor, a constable, et al.

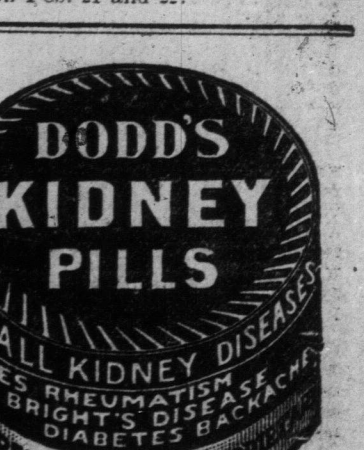

SYRUP FOR PRISONERS

Menu at Toronto Jail Improved—Inmates Number 320.

From the report presented to the civic property committee yesterday afternoon by John McMillan, steward of Toronto jail, it was shown that there are at present 320 prisoners in confinement. Of these 39 men and women came in Sunday and 22 men and 7 women went there from police court yesterday. As a consequence he desired an increased grant to procure food for his charges, and announced that they were going to give the prisoners syrup for the first time, which meant an additional charge of \$1000 per year against the institution.

The recommendations of the grand jury of the general sessions with reference to the improvements of the jail and other public buildings were referred to the property commissioner.

Curling Tankard Draw Hickey Stratford 4-3 Parkdale 3-0 Cricket Big Year and 1911

Note and Comment

Besides J. D. Flavell's Lindsay team, two Toronto rink leave for the Winnipeg district this week. The rink is combining from Queen City, Granite and Scarborough Leas, with Bert Nichols, and it looks a pretty strong combination. R. B. Rice of Queen City has a Prospect Park man for third. The rink for as follows: A. B. Nichols, A. E. Stovel, W. G. Rennie, W. J. Sykes, R. Rennie, R. B. Rice (skip).

The weather is propitious, and the Tankard draw is on. A scene of activity there is today at Victoria, Queen City, Granite and Prospect Park. The rink for as follows: A. B. Nichols, A. E. Stovel, W. G. Rennie, W. J. Sykes, R. Rennie, R. B. Rice (skip).

The vagaries of the draw place Granite and Queen City in the top eight, and they'll meet in the semi-final, to-morrow morning. That is, provided they win two games each today. In the lower eight we have Lindsay and Hamilton Thistles, and they will meet this morning. They will meet this afternoon.

Interesting spectators at the games to-day will be H. H. Chisholm and the members of his undefeated Lakeside rink. The winners of the Canada Life trophy.

WEATHER'S FEARS OVER Observatory Reports Serene Conditions After Mild March Antics.

"Calm after the storm" was the report and outlook as epitomized by the meteorological office at midnight. The reports for yesterday showed sales from Ontario to the Maritime Provinces, accompanied in Quebec by some snowfalls and in the Maritime Provinces by rain.

In the west the weather was fine and comparatively mild. The outlook for today was regarded as indicating fair weather, moderately cold at first, turning gradually milder. Yesterday morning's gale blew a 60-mile gale at the signal station at the eastern gap. An eight-foot Chapman-Alexander bill board on Broadview-avenue and a big poplar tree in Chapel-street were blown down.

Hadn't Drug License. Ignorance of the law didn't save James S. Montgomery from a fine of \$20 and costs for running a drug store on Parliament-st. without a qualifying license, although he saved his clerk, Herbert W. Roy, who was dismissed. Montgomery took the business over to save himself a loss of money, not knowing that the weather in Toronto was described as "moderately cold" with "quite cold" the description of the northern and eastern portions of the province.

Yesterday morning's gale blew a 60-mile gale at the signal station at the eastern gap. An eight-foot Chapman-Alexander bill board on Broadview-avenue and a big poplar tree in Chapel-street were blown down.

Bales of Hay Vanished. John R. Boyd, 23 McGee-street, was arrested yesterday by Policemen Innes charged with theft of three bales of hay from a cor on the Esplanade. It is alleged that while the car was being unloaded he drove up in his father's wagon and removed the hay.

Kaufman Wants Finish Fight. WILKES-BARRE, Pa., Jan. 30.—Al Kaufman, in a statement made today, said he would not engage in a six-round bout with Jack Johnson to a finish, and is willing to sign articles to that effect.

Driscoll Defeats Spike Robson. LONDON, Jan. 30.—Jem Driscoll, the featherweight champion of England, retained the championship in his fight to-night with Spike Robson, before the National Sporting Club. Driscoll won in the seventh round.

EATON A. A. GRANVILLE BRILLIANT IN COLOR

"Mutt and Jeff" Make-ups Were Conspicuous—Who Won Prizes.

"Oh, father, oh, father, what is that I see—a long man and a short man, that comes but to his knees?" So might the story of the Erl King have been told had he been at the Eaton Athletic Association carnival in Moss Park rink last night, and watched Mutt and Jeff of Daily World fame and the hundred other freaks of comic and character creation that sported there. They were all on the job, too, from the handsome young blade of the 17th century, to the up-to-date Uncle Sam, who hauled a poor little lady of the snows all over the rink, and even had the nerve to take "reciprocity" sign onto the two of them. And in between there was the tin woodman and the straw man, of "Wizard of Oz" fame, the poor old dago with a money key and an organ; the little kiddies posing as fairies—not much posing about it, and, last, but far from least, the E.A.A. girl, who absolutely defied adjectives and description.

Prizes Numerous. Prizes were given, 27 of them, but at that not half of the fine make-ups were rewarded. MUNICIPAL CONSOLIDATION.

Answering enquiries made by the Merchants' Association of San Francisco, the corresponding association of New York has supplied information to the effect that consolidation of contiguous municipalities with one borough system has proved of immense advantage to all sections of what is now officially known as Greater New York.

What happens with the system of consolidation where the municipalities concerned retain a measure of home rule is just as certain to follow from organic union. Annexation of contiguous suburbs in the case of an expanding cannot happen too soon in the general interest.

THE SUN LIFE'S REMARKABLE RECORD.

The advance figures for 1911, received by Mr. John A. Torr, Supervisor, Sun Life Assurance Company, for Western Ontario and Michigan, show the most remarkable gain ever made by a Canadian life insurance company.

The paid business for the year was \$23,512,377.51, an increase over the previous year of over \$2,000,000.

The gain in insurance in force was the greatest ever made by a Canadian company in one year, and the total insurance in force now stands at \$148,548,276, which is a much greater amount than that of any other Canadian company.

The total premium income from all sources was \$9,710,453, or an increase over the previous year of nearly \$2,000,000.

"The city council has nothing to do with regulating the cars," remarked Judge Riddell.

"If you were in my place, you would think they had everything to do with it," said Mr. Fleming.

Reverting to the service to the Woodbine races, witnesses said that the cars were slowly until they got to where they branched out.

"It is said that one of the defects of the system is the large number of cars crossing the bridge and Yonge-sts," said Judge Riddell.

Crowding at Intersections. "Not at all," replied Mr. Fleming.

"There are many other intersections that are bad, particularly College, Carlton and Bay-sts."

It was possible that this might be obviated to some extent, Mr. Fleming said, by changing the routes of the bridge cars down Front-st.

"You actually desired to do what your letters set forth?" queried the judge.

"Certainly," replied Mr. Fleming. "We were ready to spend \$1,000,000 on new tracks and cars."

Would Spend \$2,000,000. The company, witness went on to explain, was prepared to spend \$2,000,000 in track extension and the equipment of their cars.

Before court adjourned, Mr. Justice Riddell announced his intention to counsel, as previously stated, and instructed the jurors to be in attendance at 11 a.m. to-day.

DISTRIBUTED BANK STOCKS

Mrs. Adelaide Garrick Also Left Money to Foreign Missions.

An interesting study of generosity in bank stocks was displayed yesterday in the will of Mrs. Adelaide S. Garrick.

Rev. E. N. Baker of Toronto, Miss Emma S. Baker, Sackville, N.B., and Aggie C. Baker, Belleville, who were Baker of Gloucester, were distributed 47 shares of Standard Bank stock, while 10 more went to the latter to be held in trust for his children.

Baronet Cookwell of Markham left an estate of \$6070, principal in his wife, one son and daughter, divide the estate in equal shares.

James Melick, who died last September, left an estate of \$400, but no will, so Alexander Carlaw, father-in-law, has entered letters of administration. The money will go to the estate of his wife, Melick, who was the victim of a drowning accident last summer.

In the Golden Days.

"When I was with the city I was in sympathy with the city," said Mr. Fleming, when questioned by Mr. Drayton as to his attitude in 1896.

"You had to give up those ideas when you went with the company," suggested Mr. Drayton.

"No, I know more about the situation now than I did then," was the reply.

The company was prepared to carry out any resolution of the city council limiting the passengers, Mr. Fleming said, but he was under the impression that such a regulation would not meet with public approval.

The company had all the cars running now that it was safe to run. They were running all the cars they owned. Asked whether more cars could not be put on the line, he said that the order, as they had a rear-end collision every day as a result of the cars being run so close together. There were 103 cars in service at the present time.

Asked as to how it was that cars running to the Woodbine could be run with such frequency, Mr. Fleming explained that the weather conditions rendered it impossible to run the cars with such frequency in the winter time, or in autumn or early spring. The company was willing to do anything to get the cars running, but the council might suggest to better conditions. The council intimated that only 50 per cent. more than those for whom there was seating capacity should be carried, the company stood ready to enter.

Judge's Chambers. Before Sutherland, J.

Re International Electric Co.—F. Arnold, K.C., for Northern Crown Bank. J. R. Meredith for liquidator. Motion on behalf of Northern Crown Bank for an order setting aside and vacating an order made on Jan. 13, 1911. Judgment: The reliability or good faith of the Trust Co. was not called in question on the motion. The question of the appointment of permanent liquidator is referred to the usual officer of the court, the master at London, who is an experienced official. Under these circumstances I do not think I would be at all justified in making an order setting aside the winding up order in question. I do not think it expedient to direct the winding up proceedings to be continued.

London. I do not think a case has been made out for giving the conduct of the winding up proceedings to the Crown Bank or its collectors. I reserve judgment. Reserved.

Re Rogers v. National Drug Co.—M. L. Gordon for plaintiff. E. D. Armour, K.C., and W. Lees, K.C., for defendants. Motion by plaintiff for judgment for the plaintiff. Judgment: The plaintiff is entitled to recover \$921.88, balance alleged to be due plaintiff for work done for defendant. Judgment for the plaintiff for the contract for the logs and timber cut on Pennsylvania Island, as ascertained by the scalers of the crown lands department, less 20 pieces not delivered at defendant's mills, with interest and costs. If parties cannot agree reference to Barrie to ascertain amount. Appeal argued and judgment reserved.

Thompson v. Jeffrey—H. E. Rose, K.C., for defendant. A. G. Slaughter, for plaintiff. An appeal by defendant from the judgment of Riddell, J., of June 13, 1910. An action by plaintiff to recover one-half of all commissions and profits in cash and other valuable considerations received, or to be received, by the defendant from or arising out of the sale of the Silver Cliff mine, under an alleged agreement to divide such commission. At the trial judgment was given plaintiff as asked, entitling the defendant to the disposal of his stock in the mine and referring to the master in ordinary to take the accounts. White v. Thompson—S. H. Bradford, K.C., for defendant. C. A. Moss for plaintiff. An appeal by plaintiff from the judgment of Magee, J., of June 4, 1910. This action was brought by plaintiff for possession of certain lands and for damages for their detention by defendant, and at the trial judgment was given plaintiff for possession, for payment by defendant of moneys profits, with reference to the master at Cayuga to fix the amount, and costs. Judgment: Motion dismissed, with costs.

Sager v. Sheffer—J. M. Ferguson for plaintiff. L. F. Heyd, K.C., for defendant. An appeal by plaintiff from the judgment of the county court of York of June 14, 1910. This was an action by a real estate agent for a commission of \$50 for making sale of certain lands, claimed by plaintiff from the defendant. At the trial the action was dismissed with costs. Judgment: Judgment of the court below set aside and judgment entered for plaintiff for \$50, with costs of action and appeal. Sutherland, J., dissenting, and thinking that appeal should be dismissed with costs.

Cosby v. Dettlor—E. G. Porter, K.C., for plaintiff. W. N. Ponton, K.C., for defendant. An appeal by plaintiff from the judgment of the county court of Hastings of June 20, 1910. The action was for trespass, and for a declaration that the plaintiff is the owner of the lands in question and entitled to the use and enjoyment of same without any interference by or from the defendant, and for an injunction to restrain the defendant from further trespassing on the lands in question and for an order declaring plaintiff owner of the land, restraining further trespass by defendant, finding plaintiff in possession of the land, and ordering each party to bear their own costs. Judgment: It does not clearly appear in what manner the plaintiff received title from James Cosby, and therefore the judgment below should be varied, striking out that portion thereof which declares that the plaintiff is the owner of the land in question, and in lieu thereof the plaintiff is inserted a clause to the effect that the plaintiff is entitled to possession thereof as against the defendant. With reference to the plaintiff's appeal upon the question of costs, we do not think the judgment below should be varied, having regard to all the circumstances of this case. Both appeals being unsuccessful they should be dismissed without costs.

house, and it involves a wrong exercise of political patronage which has often been condemned by hon. members opposite.

"I have been reading an English paper which says that if the upper chamber is not representative, and is not of equal quality with the other, a gramophone would do for the other house, and that is what people will be saying, that a gramophone or a rubber stamp would do for a senate.

The prime minister had said in answer to arguments: "What would you do?" "My answer is, if the prime minister is not prepared to assume responsibility, let him make a pledge to those who are. He has given a pledge to this work for his party pledged themselves to reform the senate.

The senate was supposed to exist to correct bad laws passed by the commonsense and to protect minorities. He instanced the bill to protect minorities. He instanced the bill to protect minorities.

Mr. Lancaster then proceeded to argue that the senate falls in its duty to protect minorities. He instanced the bill to protect minorities.

GRAND JURY STAYS TILL RESTRICTIONS OFF

Sir Wilfrid Replies to Query Regarding Ambiguously Worded Pulp Regulation.

OTTAWA, Jan. 30.—(Special.)—W. F. Maclean (South York) in the house of commons to-day interpellated the government on an interpretation by the American Newspaper Publishers' Association that the reciprocity pact would mean free paper into the United States.

Mr. Fielding explained that the difference of time at which the arrangement could be made public at the two capitals was due to the difference in constitutional conditions.

"Shabby Treatment."

Mr. Rhodes (Cumberland, N.S.) called the attention of the government to what had been styled "shabby treatment" by the minister of finance on Thursday last, when the communication to the house the result of the conference at Washington.

Summary Might Have Been Prepared.

W. F. Maclean, while admitting that he was the proponent of a summary could not have been prepared and handed to the press when the minister began to speak.

R. L. Borden agreed with him and said that a summary might likewise have been given to the opposition.

The Quebec Bridge.

In reply to a question by R. L. Borden, regarding the completion of the Quebec bridge, Hon. George F. Gurnham replied that the various tenders named dates from June, 1914, to December, 1916, all contingent upon the masonry being completed by November, 1911.

On the whole question of public protection Mr. Maclean said that the protection of the public in the case of banks is by public inspection, and not the double liability. I do not like to see the government evading its responsibility and putting it upon the directors and shareholders.

Mr. Fielding replied: "The government did not receive in any form any information which afforded any ground for refusal of the certificate.

Health Officer Swears Coughing Is Dangerous

In His Sworn Testimony in Trial of Toronto Street Railway, Dr. Hastings States the Danger of Being Crowded in a Closed Car Next to or Near a Cougher.

Toronto's Medical Health Officer, Dr. C. O. Hastings, was then called by Mr. Drayton. Asked if, apart from coughing and sneezing, overcrowding was dangerous, he said that any straining or sneezing was dangerous, but exhalations from coughing and sneezing were the most dangerous.

"Is it not a fact that kissing is dangerous and liable to be infectious?" asked Mr. Dewart of the witness.

"If your opinion is so strong as to the damage from coughing, why is it that you have not brought the matter to the attention of the City Council and ordered the City Engineer to exercise his authority to limit the number of passengers that cars may carry?"

"I have already discussed the situation with Mr. Drayton, but it is quite impossible to dispose of all the problems connected with my office at once." (From newspaper report of trial.)

Many people regard a cough as a simple incident. It is much more. Dr. Hastings simply expressed in his evidence what the medical profession has for years in-

isted on—that a cough means a dangerous and almost invariably an infectious condition—dangerous not only to the cougher, but to those about.

Coughs neglected lead only one way. Don't allow your cough to carry you that way a moment longer. Cure it now with Dr. Chase's Syrup of Linseed and Turpentine.

As a means of building up the system to prevent disease, and as a convalescent food to restore strength to the body after such wasting diseases as pneumonia and la grippe, there is no treatment comparable to Dr. Chase's Nerve Food.

With Dr. Chase's Nerve Food to enrich the blood and increase the vitality of the system, and Dr. Chase's Syrup of Linseed and Turpentine to loosen the cough, allay the inflammation and heal and soothe the ulcerated linings of the throat and bronchial tubes, you have the strongest combined treatment known to the medical profession.

In the great majority of homes, Dr. Chase's Syrup of Linseed and Turpentine is kept constantly at hand as a cure for coughs and colds and preventive of such serious diseases as pneumonia and consumption.

SALARIES SOAR AGAIN SCHOOL BOARD LIBERAL

Teachers and Officials Share in Fresh Distribution of Plums.

School trustees may come and go, but apparently salary increases to teachers and officials are to continue indefinitely.

C. A. B. Brown's finance committee of the board of education last night made numerous salary recommendations in behalf of their 120 sister teachers of the fifth to ninth years to ask an increase of \$50 to place them in what they claim to be their proper proportion to those of the fourth year.

The medical inspection recommended was sent to the board as drafted. An increase of \$600 was granted Dr. Embree for additional services.

Assistant principals were recommended an increase of \$100 per year, minimum to be \$1000 and the maximum \$1500.

On account of doing commercial work, Misses Emily Eagh (Dufferin) and Josephine B. Griffin (Wellesley), and Bells A. Clarke (Grove) were recommended \$50 above their regular salaries.

Misses F. Simms and L. Carruthers were granted an increase of \$50 each for teaching special classes for defective pupils.

The manual training assistants were recommended an increase of \$100, and the maximum salary was placed at \$1500.

Kindergarten assistants were granted \$150 per day and domestic science assistants \$200.

An increase of 5 per cent. was recommended for the caretakers. Superintendent of Buildings Bishop recommended that his assistant, Mr. Waste, have his salary increased from \$2000 to \$2400, and other lesser increases for the office staff.

Five shop foremen are raised \$50 each. Mr. Kerr, the clerk of supplies, was granted an increase of \$200; Mr. Lennon, \$100, and all the office staff received a recognition of \$50 increase.

Inspectors Bruce and Elliot were both recommended \$200, and the inspector's maximum salary was placed at \$3000.

ASKS CITY TO PROTEST AGAINST TARIFF DEAL

Controller Church's Resolution Calls For Popular Vote on Reciprocity.

The reciprocity issue will come up before the board of control at this morning's session. It will be introduced by Controller Church with the following resolution:

"Whereas a bill is before the parliament of Canada, now in session to materially alter the fiscal system of Canada, and materially alter the tariff, by which we people of the Dominion of Canada have become a happy, prosperous and successful nation, enjoying, as we do, our own economic independence of the United States embracing, as it substantially does our own markets for our own products and our own work for our own workmen.

And whereas without reciprocity with the United States, our fiscal policy has become a success and Canada a nation by virtue of her own economic independence of the United States.

And whereas a reciprocity agreement without the consent of the people of Canada has been openly entered into to subvert, hinder and defeat the expressed intention and vote of the people of Canada regarding reciprocity and the present fiscal policy of the Dominion expressed at the polls from 1888 to date.

Resolution of Protest. "Be it resolved that the board of control recommend the city council as follows:

(a) To pass a petition protesting to the Dominion Government against the enacting of a reciprocity treaty agreement or connections as being subversive and inimical to the best interests of the people of Canada as a whole, and the Canadian people, and the enacting of a reciprocity treaty on the present success and prosperity of the country, the future success of federation and the British preference;

(b) That we respectfully request the representatives of the City of Toronto in the house of commons by every lawful means to hinder and prevent such an agreement passing the said house of commons without the consent or expressed will of the people of Canada;

Asks Referendum. ("c) That as it is further the opinion of this council that such an unjust and unwarranted agreement should not be signed, sealed and decreed without the authority, sanction, approval and consent of the people of Canada, so expressed at the polls that the parliament of Canada should follow the precedent established by many of the municipalities of England regarding the fiscal affairs of the United Kingdom and submit the said Fielding-Paterson agreement to a vote of the wisdom and judgment of the people of Canada, or that the said administration of the day should appeal to the country for its approval as a condition precedent thereto, inasmuch as the administration at present has no authority or mandate from the people of Canada, to enter into such a new and very reactionary agreement; so subsequent to the signing of such an agreement, the future of confederation, the British preference and the prosperity of the country, without first consulting the people of all the provinces at the polls;

(e) That his worship the mayor, if deemed necessary, be requested to convene a meeting of the citizens in Massey Hall to protest against such an agreement being entered into without the authority and consent of the people of Canada, and in opposition to the present and future best interests of the country.

Fishing Interests Protest. GLOUCESTER, Mass., Jan. 30.—A committee representing the fishery industry of this city left for Washington late to-day to appear as protesting at hearing to-morrow on the fresh fish clause of the proposed reciprocity agreement between Canada and the United States.

WANT BOUNTIES RENEWED.

OTTAWA, Jan. 30.—Representatives of the Dominion Steel Company who are in the city are urging the renewal of the steel bounties which expire in June. One argument is that it would offset, or tend to, the effect of the proposed reciprocity agreement upon this industry.

Endorse the McCall Bill. LONDON, Jan. 30.—The Canadian Associated Press learns that the preliminary steps are being taken by a committee of Canadians for a mass meeting here to protest against the reciprocity agreement with the States.

Think it Insufficient. OTTAWA, Jan. 30.—In an interview to-day, Mr. McFadden of Fortage in Prairie expressed dissatisfaction with the reduction of duty on agricultural implements as proposed in the reciprocity schedule. He thinks it insufficient and will reintroduce his resolution on the subject.

Oppose Reciprocity. COLUMBUS, Ohio, Jan. 30.—Representative Wilber to-day introduced in the house a resolution calling on congress not to ratify the proposed tariff agreement with Canada, on the ground that it would menace American agriculture.

BREAK EXPORTERS BUTCHER CATTLE STEADY

Expert Cattle 15c to 25c Lower—Lamb Higher—Hogs Lower at \$7.40.

Receipts of live stock at the Union Stock Yards were 55 car loads, consisting of 142 cattle, 19 hogs, 215 sheep and lambs, and 4 calves.

The quality of live cattle was as a rule better than last week ago. Early in the day, and up to the noon hour, trade was inactive for exporters and none of the 150 butchers' classes, but later on in the day a little more activity developed and everything cleared up.

The export trade was the worst thus far for 1911. Prices were from 15c to 25c per cwt. lower than on Monday last.

E. L. Woodward bought 300 cattle for Swift & Co. as follows: 115 steers for London, 124 lbs. average weight, at \$5.00 average price, or a range of \$5.20 to \$5.30; also 15 bulls, 1700 to 1900 lbs., at \$5.20 to \$5.50.

George B. Campbell bought for Morris & Co. 200 cattle for Manchester, as follows: 85 steers, 1100 lbs., at \$5.85; 5 bulls, 1500 lbs., at \$5.25.

Prime picked lots of butchers, and there were few of these, at \$7.50 to \$8.00; good, \$6.50 to \$7.00; medium, \$5.50 to \$6.00; common, \$4.50 to \$5.00.

W. J. Johnston reports prices as follows: Selects, fed and watered, \$7.40 and \$7.60 to \$7.10; drovers for hogs, f.o.b., cars at country points.

Corbett & Hall sold 11 car loads of cattle as follows: Exporters—250 lbs. to 250 lbs. steers and heifers, \$5.40 to \$5.60; butchers' steers and heifers, \$5.40 to \$5.60.

Butcher's Steers—20, 100 lbs., at \$5.50; 200 lbs., at \$5.50; 300 lbs., at \$5.50; 400 lbs., at \$5.50; 500 lbs., at \$5.50.

Butcher's Hogs—20, 100 lbs., at \$5.50; 200 lbs., at \$5.50; 300 lbs., at \$5.50; 400 lbs., at \$5.50; 500 lbs., at \$5.50.

New York Stocks Are Strong On Saturday's Bank Statement

Slow Upward Trend Still in Effect at New York—Toronto Market Steady With Fair Amount of Business.

World Office, Monday Evening, Jan. 30.

There was more than an average amount of trading at the Toronto stock market to-day, but prices, as in recent days, showed no material changes, although the tendency was towards improvement.

The strong issue to-day was Sao Paulo, which, after lagging considerably in the early dealings, sold up 1 1/2 points at the close. The buying of further stock was wanted within 1-3 of that figure.

Rio, while not exactly heavy, was in good supply throughout the day, the various purchases making no impression upon the quotations.

Investment buying was stated to be responsible for the improvement in the price of Dominion Steel preferred. This class of buying was also responsible for the higher prices of other undertakings to some of the listed bonds.

Speculative issues interlarded with New York made no response to the buoyancy on the American Exchange. Twin City, Mackay and C. P. R. selling on parity with the prices at the close of last week.

There was some demand here for Richelleu and Ontario Navigation shares, the prices of these being advanced to 100 1/2, with sellers wanting 1 1/2 points above that figure. The buying of these shares, however, was the result of orders received by Toronto brokers from Montreal. There was a responsible market for all the active issues at the close, but there was an entire absence of disposition to advance quotations. Opinion among financial men are still favorable to the market, but pure speculation is entering the exchange to only a very limited extent.

Wall Street Pointers.

Newspaper comment over end of week moderately bullish.

Kanels City Southern sells \$5,000,000 refunding and improvement gold 3 per cent. bonds.

Anthracite trade slow, unfavorably affected by mild weather.

Increase of \$45,000,000 in loans with still larger gain in deposits and heavy return of cash features of bank statement.

London—Copper close: Spot 54 1/2 advance 5/8; futures, 154 1/2 to 154 3/4 advance 7/8.

London—Bullion to the amount of \$100,000 was withdrawn from the Bank of England to-day for shipment to France.—News Bureau.

Ontario and Western has applied to the public service commission for authority to issue \$2,720,000 of its 4 per cent. general mortgage bonds. They will be used to reimburse the company for various expenditures and to pay for engines.

We would buy on any little receding. Bullish specialty operations afford entertainment and profit meantime. The market shows a slight tendency, not yet convincing, to go above the October high levels. Manipulation seems to us to have been virtually suspended Saturday.—Financial News.

Joseph says: The next few weeks will witness the successful hatching of important developments that are at present incubating. Better keep your eyes on New York Central. Trade leaders (Steel) are now certain that the future outlook is bright. U. S. Steel common is very cheap. Rumor from Paris says Reading will be "coupled" with the Erie and Pennsylvania. Pacific and St. Paul are commended.

The speculative situation shows decided improvement. While there are a few very brilliant elements in the situation, still all known drawbacks have been well discounted, and the general outlook is not without its encouraging features. In fact there is an undercurrent of confidence. Local bankers show a monthly glow. Local bankers show a decided change of front and are much more confident. It is quite within the power of present market leaders to force still higher prices, and towards the close this was evidently their intention.—Henry Clave.

The stock market has settled into a back and forth proposition, with prolonged movements either way held in check. The interest of the public is more in the bond market than in stocks. The outlook is becoming better, simply because time is passing, while curtailment in all directions is progressing. The patient is sure to recover and knows it, but the nurse are retained because nobody knows when real recovery is to begin and many people expect the usual February-March relapses.—J. S. Bache & Co.

On Wall Street.

Erickson Perkins & Co. say at the close: With a broadening market there was more public participation and of general interests, and it continues to grow. We may have a very bullish market for the next ten days. However, we caution our friends against betting on the bulge. Wait for the

ADVANCES ARE WELL HELD

World Office
Monday Evening, Jan. 30.

Without any further specific reasons for the rise being outlined, Toronto listed securities were more active to-day, and in some instances the previous rallies were improved upon. The declaration of another bonus on Rogers common strengthened these issues, and also the Burt shares. South American stocks were steady, but with a stronger undertone to Sao Paulo. Considerable investment enquiries were made for bond issues, and also for the bank and loan company shares, the result of which is thought, of the accumulation of unemployed funds. There is undoubtedly a good demand for many listed stocks, but no special attempt is being made to advance prices; the rallies, therefore, are slight, but of a healthy growing character.

Montreal Stocks

MONTREAL, Jan. 30.—Activity in Montreal Power and, Shawinigan was again the outstanding feature of the Montreal stock market to-day, there being heavy trading in both issues under which prices advanced sharply. Advances, however, were not maintained, they being recessions under profit-taking sales. Shawinigan, which was the most active issue, with transactions of 254 shares, opened at 112 and advanced sharply to 114 1/2, or 2 1/2 points above Saturday's close, reacting to 113 1/2, with the last sale at 113 1/2. The spot market, however, in which the transactions amounted to 347 shares, opened at 112 and advanced to 114 1/2, or 2 1/2 points above Saturday's close, but in the late trading lost all the gain, selling off to 114 1/2. Another active buying advance of 3 points to 171. The rest of the market showed a strong tone.

Erickson Perkins & Co. say at the close of the market to-day: Getting a close description of the market during the early session under the influence of disappointed cables and general expectations of a falling off in the spot demand, once January engagements were filled, but the decline was short-lived and the market presented a steadier appearance towards the close, with the near positions in good demand.

With March selling but 16 points under May, the situation is somewhat different from that in January, when the spot position was offered at a 23 point discount. The change is due to buying by spot interests in response to numerous inquiries as to the character of the local stock.

Underlying conditions show no change and it seems unlikely that prices will show material gains from this level.

QUICK WITH HIS GUN

PORT WILLIAM, Jan. 28.—Last night two Italians, giving the names of Alexander Amadi and Gualberto Donavonora, entered the home of Mrs. Lilly Ross, Northern-avenue, and at the point of a revolver demanded her money. She gave them \$17. Just at that moment a boarder, John Rowe, entered, he, too, looking into the muzzle of the 38-calibre weapon, and was forced to receive the report of the directors of the two covered. Amadi left with the money, remaining outside until his pal joined him.

Mrs. Ross telephoned police headquarters two blocks away. Getting a description, Donavonora was seen by the chief sergeant and one of the constables, who were driving. Sergt. Watkins, jumping from the rig, declared him arrested. The Italian apparently acquiesced, but suddenly drew his revolver. Watkins jumped for him and pinned his arms, but the Italian fired, the powder burning the officer's fingers and the bullet passing between the chief and the constable so close that the powder from the discharge scorched their eyes. Amadi was captured in the morning by Port Arthur Police Chief McLeish, at his boarding-house in Water-street. Amadi made a grab for his weapon on the dresser, but the chief was too quick, but had a desperate struggle with him.

Be Seated and Let's Talk About Furniture

Our February Sale starts to-morrow, and we would like to emphasize a few points about it that are worth thinking over:—

1. Our alliance with the best furniture manufacturers in the Dominion enables us to sell the best furniture below the prices you will find elsewhere.
2. Our clean, fresh, honest stock contains no furniture made to sell, all is made to use.
3. Our stock is complete and contains furniture for the cottage or the castle.
