VOL. XXXII—No. 11,593

ODDFELLOWS GET INSPIRING SERMON

Three Thousand Members of Toronto, Hamilton and Brantford Cantons Marched to Massey Hall, Where Rev. H. A. Macpherson Preached on Faith, Love and Truth.

Ninety-three years ago, on April 25, 1819, a little group of men met together in Baltimore, Maryland, and organized themselves into a society which they decided to call "The Oddfellows."

Yesterday afternoon, the Independent Order of Oddfellows in Toronto, with visiting cantons from Hamilton and Brantford, celebrated the ninety-third anniversary of the founding of this great order, by a street parade and a service at Massey Hall. Never has there been such a gathering of Oddfellows in Toronto, at any anniversary service. There were upwards of 3000 members in the procession, and 4000 people attended the Massey Hall meeting.

At 2 p.m. the parade left the corner of College and Yonge-streets, headed by the marshal, Major A. I. Nielsen, and the I.O.O.F. band of the Hamilton cantons. Next in line were the uniformed Patriarchs Militant, including Toronto Cantons No. 7 and No. 19, and the Hamilton and Brantford cantons, altogether about 100 in number, their helmets adorned with large plumes of red and white and purple and white. Marching six abreast, they made a splendid show, the crowds along the route of march commenting on their soldierly bearing. The members of the cantons were followed by the Toronto Trumpet Band, which came the big procession of encampments and subordinate lodges.

Route of Parade.

The route of the parade was along Carlton to Jarvis, down Jarvis to Spitzer, and thence to Massey Hall. On arrival at the hall the procession halted for about 15 minutes before entering, while the bands played several selections. Then the service commenced.

Continued on Page 2, Column 2.

FELL ON FENCE AND MAY DIE

Beatrice Chapell of Swansea Was Cleaning Windows on Second Floor When She Slipped.

Beatrice Chapell, aged 18, of Windermer-savanne, Swansea, was very seriously injured Saturday afternoon, when she fell from the second storey of her home and was impaled on a picket fence.

The girl was cleaning an upstairs window overlooking an alleyway, and had stepped on to the narrow saff for the purpose of wiping the glass. In some manner the frame slipped from her grasp. She lost her balance and fell on the fence, 15 feet below. One board pierced her lung. Mr. J. Chapell heard his daughter's screams and rushed from the house to her aid.

Dr. Ricker of Mimico was summoned and reports that Miss Chapell's condition is very serious.

MAJOR PEUCHEN OFF TO ENGLAND

Will Tell Story of Titanic Disaster to Special British Court of Enquiry.

Major Arthur Peuchen of Toronto, it is understood, intends to go to England to appear before special court to tell his story of the Titanic disaster, which will be investigated by a court of enquiry.

Major Peuchen of Toronto, it is understood, intends to go to England to appear before special court to tell his story of the Titanic disaster, which will be investigated by a court of enquiry.

To Bring Americans Back From Mexico

WASHINGTON, April 28. (Special.)—The government has decided to despatch transports to the western coast of Mexico for the purpose of bringing back to the United States all American citizens in that part of the country who may desire to return. The greater number of these now in Mexico are returning by steamship lines from eastern ports, or by rail. This movement, which is being assisted by the war department, leads to the belief that the decks are being cleared for action by way of invasion in the near future. This belief is strengthened by the informal announcement that a number of steamship lines are under contract to furnish vessels for the transport of troops whenever notified.

TROUBLE AGAIN IN ONTARIO ALLIANCE

Executive Has Turned Down the Committee on Elections, and Refused to Appoint an Organizer, on the Ground That Control Would Have Gone to Conservatives.

Once more there is trouble in the Ontario Alliance. The executive has turned down the committee on elections with a bang. When the committee was appointed by the big convention at the Massey Hall it was stated that it was established to put teeth into the resolutions defining the principles of the temperance party.

After two meetings of the electoral action committee they reported to the general executive asking for the appointment of a provincial organizer. The adoption of this report would have put the control of the campaign machinery in the hands of Ald. Austin, a Conservative, who is chairman of the sub-committee in question.

As the general executive had 30 Liberals to four Conservatives the arguments of the other officials that they were doing and could do all the organizing that was necessary were effective.

Very Indignant.

T. M. Humble stated to The World that the Conservative temperance men in the west end are very indignant at the treatment accorded to Ald. Austin and his committee, and that the committee in view of its appointment by the provincial convention will take action along aggressive non-partisan lines to set the pace for the alliance machine. He pointed out that the policy now proposed by Mr. Rowell was voted down by the Grits in the legislature when moved by the late G. F. Martier.

Ald. Austin was asked by The World last night if the report was correct that the alliance had refused his committee's request for an organizer. He said such was the case, but his committee would meet again at an early date, and there was likely to be a sequel to the executive's refusal.

UNIVERSITY MEN FOR CENSORS

Rev. W. B. Caswell Says Police Do Not Possess Proper Qualifications to Deal With Theatres.

That the censorship of all plays should be placed in the hands of university men who possessed the culture and intelligence necessary to select shows for the public's amusement, was what Rev. W. B. Caswell of Parkdale Methodist Church advocated in his sermon last night on the bad influence the modern play had on humanity.

The police, said Mr. Caswell, did not possess the knowledge and acumen essential in the guarding of objectionable parts and it was absolutely necessary that properly qualified men should have this in charge.

MONEY KINGS ARE WITH TAFT SAYS ROOSEVELT

Colonel Stirred Huge Gathering at Boston to Enthusiasm by Contrasting His Backers With Those of Opponent—Candidly Admits G. W. Perkins is a Supporter.

BOSTON, April 27. (Can. Press.)—Boston gave Col. Roosevelt to-night the most demonstrative welcome which he has seen since beginning his campaign for the presidential nomination. Speaking in the arena before a tumultuous throng, the former president again criticized Mr. Taft. He, however, did not repeat the severe denunciation which he brought into his speech at Worcester last night.

"I do not wish this to be a campaign of personalities between Mr. Taft and myself," said Col. Roosevelt. "Last night I felt compelled to answer Mr. Taft at length. To-night I shall refer to him only as I feel that I must."

"I am more fortunate than Mr. Taft in my friends. When Mr. Taft came here Thursday he came here having lost Illinois. I came here having lost New Hampshire. In Illinois Mr. Taft's chief lieutenant had been Mr. Lorimer. In New Hampshire, my chief lieutenant was Gov. Boss. Mr. Taft came here to explain that he didn't like Mr. Lorimer, having kept his dislike private and confidential until after he lost Illinois. I come here and say that, win or lose, I am with Gov. Boss."

Too Stealthy for Effect.

"Mr. Taft originally was against Senator Lorimer. He asked me not to attack Mr. Lorimer lest it might help him. I kept silent until I became convinced that the attack was being conducted with such excessive secrecy that even Mr. Lorimer did not know about it. I then took up the cudgels against Mr. Lorimer, and I didn't attack him in Massachusetts after the primary. I did it in Illinois before the primary."

Holding up a sheet of paper, Col. Roosevelt said: "I've got two parallel columns here; in one are my chief supporters; in the other Mr. Taft's."

Among his own supporters the colonel mentioned western governors, who asked him to run, and Clifford Pinchot. "Where's Perkins?" someone in the audience shouted. "He's for me," the colonel called back, "you can't put a question to me that will embarrass me for a moment. You will search my record and you will find that I never have done as I never will do for Mr. Perkins or any other human being, and I won't tell you in detail."

Repeating With Taft.

As representing Mr. Taft's supporters, the colonel named amid hiser of the crowd, Senators Lorimer, Fenner, Guggenheim and Callinger. "You can judge for yourself on whose side the boss are," he went on. "Mr. Taft says I have accepted the support of bosses. So I have when they went my way, but they had to go my way, or we parted company."

"That's all I have to say of the personalities in this campaign. I will say I will support any man as long as he served the people of the U. S., and when he ceases to do so I will not support him."

Col. Roosevelt then turned to a defence of his position in regard to the courts, repeating the arguments which he has made through the campaign.

At the end of his speech Col. Roosevelt called out, "Now you have me. Am I preaching anarchy?"

"No," the crowd roared.

Mighty Wave of Enthusiasm.

Several hundred roared "shooters" from towns in northern parts of the state, engaged a special train to bring them to Boston to-night. They came to the arena in a body, only to find the crowd so dense that they could not get near the entrance. They tried in vain to force their way in and finally gave 'up."

The colonel then went to another hall, where he addressed an overflow meeting. He spoke for a quarter of an hour, repeating many of the arguments he had used at the arena, and got a most enthusiastic reception.

TO-NIGHT'S THE NIGHT.

The long-looked-for engagement of "Get Rich Quick Wallingford," George M. Cohan's famous comedy success, will begin at the Princess Theatre to-night, continuing for a week, with matinee Wednesdays and Saturdays. Yet, although it is nearly two years since its first production, the play has been seen in but few cities outside of New York, Chicago, Philadelphia and Boston, owing to its tremendously long runs in those cities. Everywhere the play has been hailed as the great American comedy.

HIS OLD MAN OF THE SEA

SINBAD BORDEN: Now, how am I going to get rid of him?

STATION PLANS ARE UP TO-DAY

Subway Under Tracks on Bloor Street Also to Be Considered by Railway Commission.

Plans for the new Union Station will be dealt with by the Dominion Railway Commission at their session in the city hall which opens to-day. Hitherto the railways have been unable to agree as to the specifications, but at the present session both the C. P. R. and the G. T. R. will submit plans. The location of the tracks, the height of the building and the position and space area of the different baggage rooms and offices are points of issue which the commission will decide.

The City of Toronto has filed an application asking permission to construct subways on West Bloor-street under the C. P. R. and G. T. R. tracks. This is a matter of vital importance to the city, and if the commission approve of the city's plans Bloor-street will as a result be made a great traffic artery.

The right-of-way for the C. N. R.'s Toronto to Hamilton line will also be up for consideration. The line has been approved of to about four miles west of Yonge-street, and the present application covers from that point westerly thru Etobicoke Township. The proposed crossings in the Don Valley of the C. N. R. will also be considered. The Canadian Northern are also seeking the approval of the commission for a number of amended locations on their Toronto to Hamilton right-of-way in the northwestern sections of the city.

NEW BUILDING CODE IS READY

New York Regulations May Be Obtained for Use in Framing Toronto's New Laws.

For several months past a strong committee has been at work in New York preparing a new building code, and word has been received by Mr. J. B. O'Brien of the Toronto Civic Guild from Robert D. Kohn, secretary of the committee, that the report will soon be ready. As it is one of the most important reports ever issued on the building question, several cities in the United States are waiting for it, and it has been suggested by the guild in but few cities outside of New York, Chicago, Philadelphia and Boston, owing to its tremendously long runs in those cities. Everywhere the play has been hailed as the great American comedy.

Insist on Inspecting Lifeboats

LIVERPOOL, April 27. (Can. Press.)—The Liverpool branch of the Seamen's and Firemen's Union adopted a resolution to-day that on and after April 29 the men will refuse to sail on any steamer unless representatives of the union are allowed to inspect the lifeboats.

The union also demands that the seamen's wages shall be increased to \$4 10s (approximately \$22), and the firemen's wages to \$2 per month.

TORNADO-SWEEPS THRU OKLAHOMA

Death and Disablement Follow in Train of Storm, Which Covers Nearly 100 Miles.

LAWTON, Okla., April 27.—Originating early this afternoon in the vicinity of Childress, Tex., and proceeding in a quarter circle covering nearly 100 miles, a tornado visited a great region of southwestern Oklahoma, killing scores and wounding many.

It passed near Altus, Okla., but did little damage there. Blair, on the Orient Railroad route, was the next town visited. Much hail and rain accompanied it at that point, but no casualties were reported.

Orient freight train No. 19, going north, was blown from the track a mile west of Lugert. The 15 cars were overturned and all of the train crew were injured. Fireman Murphy seriously. The engine was run back to Blair for physicians, who went to the scene.

At Lugert two were killed and several injured.

Passing on thru the country between Hobart and Lone Wolf it struck next at Hinton, where several were injured. In many localities telephone and telegraph wires are down and details are meagre.

Children May Be Lost.

Throughout the country near Hobart many children were away from home and have not yet returned and their parents feel much uneasiness.

As the tornado proceeded along its course, traveling from southwest to northeast, it lost none of its force. From many of the larger towns in the stricken district relief and doctors were hurried to the stricken towns.

IMMIGRANTS ARRIVE TO-DAY

Twelve Hundred Men and Women From Britain Will Reach Toronto This Morning.

About twelve hundred British immigrants who arrived on the steamship Empress of Britain, will reach Toronto by a C. P. R. special this morning. Several hundred of these will stay in Ontario, the remainder of the party being distributed through western Canada.

LETTER DROVE GIRL TO DEATH

Eighteen-Year-Old Lottie Gibson, Brantford, Drowned Herself—Young Man Denies Sending Note.

BRANTFORD, April 23. (Special.)—The body of Lottie Gibson, the 18-year-old daughter of Samuel Gibson, Lawrence-st., was recovered from eight feet of water in the mill race Saturday evening. All day long firemen and police had dragged the bed of the canal. The body was removed to the morgue and an inquest ordered by Coroner Ashton.

The girl left the mill where she was employed Friday at noon. Her mother had just visited her with a letter which had arrived at her home and which the mother opened. It was of a threatening nature and anonymous. As soon as the contents were revealed to the daughter, the latter was greatly disturbed. She was seen by several residents looking behind repeatedly, as tho to see if she were being watched.

Young Man Arrested.

Reginald Robbins, aged 26, who resides at Holmedale, appeared in the police court Saturday charged with sending threatening letters. He pleaded not guilty and was released on bail. This occurred prior to the finding of the body.

Miss Gibson, who is employed in the mill at Holmedale, left the house at noon on Friday to go back to work. She wore no hat, and she had a very little money with her. Half an hour or so later it appears that Mrs. Gibson, the girl's mother, discovered the letter alleged to have been sent by Robbins. She immediately started out for the mill to show her daughter the letter. It threatened to expose the girl, and the writer complained of her failure to keep an appointment with him.

Admitted Source of Letter.

After a short conversation, in which the girl admitted that the letter was from Robbins, Mrs. Gibson went home again, and a little later her daughter left her work and was seen going along the bank of the mill race. When she failed to arrive home Friday night her parents became alarmed, with the result that the search was instituted Saturday morning.

Miss Gibson, it is stated, was engaged to be married to a young man out west, and her parents say that Robbins was continually watching for her in the vicinity of their home.

Just what relations had existed between the couple is not determined. The Gibson family assert that Robbins was a rejected lover, while Robbins' story is the reverse.

The inquest will be held Thursday.

MACKENZIE MAY SELL WESTERN INTERESTS

Believed in Winnipeg That Decision Has Been Made to Sell Out Municipal Electric Lighting and Street Railway Services—Negotiations On to Sell Toronto Franchises.

WINNIPEG, April 27. (Special.)—It is believed here that Sir William Mackenzie has come to a decision to sell out all of his interests in the way of municipal electric lighting and municipal street railway service, not only in Winnipeg, but in Toronto, and that he has both these things now under negotiation with a very powerful syndicate of Americans who are willing to pay him his own price provided they can get the franchises good and firm as far as municipalities are concerned. It is believed that the deal for here is practically settled and that negotiations are now on for the purchase of the electric light franchises in Toronto and neighborhood, also the Toronto Railway and perhaps some of the radial lines connected with the City of Toronto as well.

One proposal here is that if the deal goes thru in connection with Winnipeg the right of expropriation be secured for the city to take over the franchises at a valuation, even if they do pass to an American syndicate. In fact, the agitation will be all the stronger if the interest is acquired by outsiders.

It is further said that Sir William Mackenzie desires to put all his energy, time and money into a great transcontinental system, and that he finds the smaller things call for too much on him personally.

BISLEY BOYS SAIL SATURDAY

Sir Edmund Osler Offers to Pay the Expenses of One Cadet From Toronto.

Thanks to the generous offer of Sir Edmund Osler, Principal Hecuyer of Harbord Collegiate has now sufficient money to pay for the trip of the two Toronto Cadets to Bisley. On Saturday a letter was received from Sir Edmund who is in Hot Springs, Virginia, stating that he would pay for the expenses of one cadet, and this, coupled with other contributions, provides enough money for the contingent.

Passage has been secured on the Dominion liner Canada, from Portland, and the boys will sail from there next Saturday. Col. Logie of Hamilton has informed Principal Hecuyer that Hamilton will send a cadet, and word has also been received from Brantford stating that that place will be represented.

DR. MACMURCHY DIED SATURDAY

Well-Known Educationist Passed Away From Injuries Sustained in Street Car Accident.

Dr. Archibald MacMurphy, aged 80 years, of 132 East Bloor-street, died in St. Michael's hospital at 10.15 Saturday night, from injuries received when he was struck by a Belt-Line street car Thursday evening on Bloor-street. Dr. MacMurphy did not regain consciousness, and his skull was severely fractured.

Crown Attorney Green ordered an inquest when notified of the death. Coroner Dr. W. A. Young and jury will view the remains at the late educationist's home on Bloor-street, at 11 o'clock this morning. Evidence will be taken on a later date at the morgue.

Dr. MacMurphy was born in Kintyre, Argyllshire, and came to Canada in 1840. He obtained his early education in Upper Canada College and graduated from Toronto University.

He is survived by two sons, Angus MacMurphy, C. P. E. collector, and J. Campbell MacMurphy, a local barrister, and three daughters, Dr. Helen MacMurphy, and Misses Marjorie and Bessie.

WEEKLY MEETINGS OF THE CITY COUNCIL

Time is Past When Toronto's Business Can Be Conducted in One Meeting Every Two Weeks—Midnight Session is Probable To-day, With Many Important Discussions.

City Engineer Rust's resignation, the proposed life-saving station for Toronto, the island water lots question, and the report of the committee on feeble-minded children are the chief matters before the city council at their meeting to-day.

Mr. Rust's resignation was accepted last week by the board of control, who, in their report to-day recommend that the engineer be granted a bonus of three months' salary.

The board of control recommend that the Dominion Government be approached with a view to securing a permanent life-saving station for Toronto, together with a thorough revision of the existing laws to secure additional life-saving stations.

When the harbor commission was formed the water lots on the north shore of the island were committed to that body, but the island committee claim that these should be under the jurisdiction of the city.

For feeble-minded, in their report the committee on feeble-minded children and mentally defective persons make a number of recommendations.

Weekly Meetings, The opinion has been expressed very often late that the council made a mistake in rejecting the motion to hold weekly meetings.

WELLAND LIQUOR LICENSES, WELLAND, April 27.—All holders of liquor licenses in Welland County for the past year applied for a renewal this year.

Ontario Diamond Co., 99 Yonge Street, Toronto. No connection with any other store.

METAL WORKERS MAY YET GO ON STRIKE

Proposed Agreement Between Men and Employers Does Not Meet With Unanimous Approval, and Unless Objectionable Points Are Eradicated Men Will Stop Work.

There appear to be some particularly rough places in the proposed agreement between the employers and the Sheet and Metal Workers' Union which are unsatisfactory to the men.

Several of the stipulations will not even be heard by most of the men, and unless the employers are willing to concede those objectionable points they are likely to finish themselves in the throes of a serious strike in a very short time.

ODDFELLOWS GET INSPIRING SERMON, Continued From Page 1, The ground floor was reserved entirely for the cantons, encampments and lodges.

Among those on the platform were ex-Mayor Joseph Oliver, past grand master of the Grand O.G.M., Joseph P. W. S. A. Popplestone, Blyth, G.M.; James Thomson, Windsor, grand p.m.; and others.

Must Have Faith, "If you want to be on the side of the best men in our land to-day, you must be on the side of those who believe in God."

Present Methods Best, "Fatal accidents are decreasing and statistics do not show that minor accidents are increasing."

Assessment Reform, The resolution approving of the proposed amendment to the Assessment Act of Ontario, to permit municipalities to assess at a lower rate than land values, is met with "An economic view is expressed."

Week-end Trips, When the week's work is over there is nothing more invigorating than a trip to the country.

HOLLANDERS' CELEBRATION, The entertainment on the occasion of the birthday of Princess Juliana of the Netherlands, will take place at the C.E.L. Church, 416 Spadina Avenue, on Saturday, May 4.

WILL FANOUX GRAND MASTER, At Broadway Hall, to-night, Toronto East District will tender a banquet to Grand Master S. A. Popplestone of Blyth.

FIRE IS NECESSARY IN ONTARIO

Canadian Manufacturers' Association Expects That the Government Will Create the Office by Introducing a Bill Next Session—Rigid Inspection and Record of Fires

E. F. Heaton, manager of the insurance department of the Canadian Manufacturers' Association, stated to The World yesterday that the association expects that the Ontario Government will establish a fire marshal system for the province.

"We have had several deputations before the government regarding the matter and have furnished them with the fullest information for the working out and benefits to be derived from it," said Mr. Heaton.

Rigid Inspection, The association urges that a fire marshal be appointed for Ontario, with his deputy, that inspect all buildings, and, if found by reason of care or dilapidated condition especially liable to fire, have authority to order such changes in them as to render them better able to withstand danger from fire.

Record of Fires, Under this system a record giving the cause and what measures might have prevented them would be kept of every fire occurring in the province, and an investigation held into them.

Large Swimming Pool, The swimming pool will be built above ground with wooden retaining walls and general plumbing apparatus taken from the gymnasium building.

CHATHAM, April 28.—(Special.)—There were no less than seven serious accidents in Chatham on Saturday.

GOLDFIELD LIMITED, Gratifying Results Produce Enthusiastic Meeting, A general meeting of the shareholders of Goldfield, Limited, was held in the Temple Building, Saturday afternoon.

WEEK-END TRIPS, When the week's work is over there is nothing more invigorating than a trip to the country.

DAY'S DOINGS IN YORK COUNTY COUNCIL HELD NORTH TORONTO LEGISLATORS DISCUSS PROPOSITION TO DOUBLE TRACK YONGE STREET

Matter Laid Over Till Monday, There was a lively session of the North Toronto Town Council on Saturday afternoon at a special meeting called to consider the double-tracking of Yonge-st.

Matters were running along smoothly in the consideration of other affairs when the reading of a letter by Mayor Brown from the board of control aroused the ire of the chief magistrate.

Knocks the City, Continuing, Mayor Brown said: "After going to work every day in good faith to arrange a deal with the railway company to improve our streets, we may be false to ourselves to now endorse and oppose what we are trying to get."

Says City Blocks Progress, Solicitor Gibson said: "I have been thinking on the joint agreement for the improvement of Yonge-st. and I am sure I may say that if the present draft agreement as it stands to-day is not accepted, it will be a great loss to the city."

CHATHAM, April 28.—(Special.)—There were no less than seven serious accidents in Chatham on Saturday.

GOLDFIELD LIMITED, Gratifying Results Produce Enthusiastic Meeting, A general meeting of the shareholders of Goldfield, Limited, was held in the Temple Building, Saturday afternoon.

Woman's Realm--the Household, Fashions and Society

SOCIETY

Their Royal Highnesses the Governor-General, the Duchess of Connaught and the Princess Patricia and their suite are expected at "Beverly" May 18.

His Honor the Lieutenant-Governor and Lady Gilson are giving a dinner at 7 30 this evening, and a dance at 9.30 for the friends and relations of former lieutenant-governors.

The marriage took place on Saturday afternoon in the vestry of Our Lady of Lourdes, Sherbourne-street, of Lillian Gladys (Tina), youngest daughter of Capt. and Mrs. Ticken, to Mr. Edward J. Swift of Birmingham, Alabama, son of Mr. and Mrs. Joseph Swift of Kingston, Ont.

At the marriage of Miss Flora Garrettt to Mr. Dunlevy of Ottawa, which takes place at Niagara in June, the bride will be attended by Miss Ethel Dickson, Miss Gladys Edwards and Miss Mary Bissell of Buffalo.

Miss Elva Krug, Berlin, with Miss Margaret Lang of Chicago, motored to Toronto from Berlin on Saturday, and are the guests of Miss Kathleen Cosgrave. They were accompanied by Mr. Leo McLaughlin, Miss Mary Lang and Mrs. Jerome Lang, who are visiting Mr. Ward, Rowanwood-ave.

Mr. T. H. Bull, K.C., and Mrs. Bull have returned from a two months' trip to Florida.

Mrs. L. E. Suckling and her two daughters have returned from Atlantic City.

Mr. and Mrs. A. Allard announce the engagement of their daughter, Mary Joseph, to Mr. David W. Allen, Wynburn Park, son of Mr. and Mrs. Allen, Moose Jaw, Sask.

Mr. and Mrs. Douglas Warren have taken a house in Oakville.

Mrs. and Miss Wallbridge of Madison-ave., returned on Saturday, after spending six months in Washington, and are at 194 West Bloor-st. for a few days.

Mrs. Frank Kennin of the Ainger, East Bloor-st., will not receive again this season.

Major Clyde Caldwell returned from Niagara-on-the-Lake on Saturday night.

Rev. Canon and Mrs. Septimus Jones will receive this afternoon and evening to celebrate their golden wedding. No invitations have been issued.

Mrs. W. W. Cory and Miss Cory, Ottawa, spent the week end in town.

Mrs. Sydney Small has gone to Washington to visit her people.

Mrs. George Almon gave a tea in Ottawa in honor of Mrs. Brathwaite, Montreal, and Mrs. J. S. Hendrie, Hamilton.

Miss Winnifred White, Ottawa, is expected in Toronto next week, when she will visit Miss Christie.

The monthly dance of the Beach Club will be held this evening.

Mr. and Mrs. F. R. Willinsky, 79 Homewood-avenue, announce the engagement of their daughter, Gertrude, to Mr. Samuel Kronick, Toronto.

Twelve Thousand Will es From Ceylon

yet every package of "SALADA" TEA sold in Canada has the flavor, strength, and fragrance of the tea as it leaves the plantation in Ceylon. This is because

"SALADA"

is sealed in lead packages--air-tight and moisture-proof--thus preserving its delectable deliciousness. BLACK, GREEN or MIXED.

The Nursery

From the beginning of the third year, the mother of the child that has been carefully fed during the first two years of his life can venture upon a more generous diet. Scraped beef or steak, broiled lamb chops, roast beef and roast lamb cooked rare, the white meat of well-cooked chicken may be given.

Meat is used only once a day, at the noon meal. Do not give too much. Some children will eat meat to the exclusion of all other food and this should never be permitted. Soft, boiled or poached eggs may be given every other day. It is not wise to give eggs too often, because you may create a dislike for them, and they are too valuable a form of food to leave out of the diet.

Well-cooked cereals may be used as the morning and evening meals. Serve them with cream, but as little sugar as possible.

Baked potatoes may be given with cream or gravy, but not with melted butter.

Spinach, stewed celery, string beans, asparagus tips, green peas, are among the best vegetables. They should all be cooked very soft and mashed or cut thru a sieve. One other vegetable with the baked potato should be given for dinner each day.

Stewed or baked apples or stewed prunes may be given for dessert. Fresh fruit juices, such as grape and raspberry are good in season, and orange juice should be given in winter.

Never give fruit juice at a meal where milk is served. Raw fruit should be avoided until the seventh year. Then apples, pears, peaches and so forth, when in perfect condition, may be eaten by children with whom they have been introduced.

Bananas are never advisable for children under six years of age. A small quantity of pure candy may sometimes take the place of dessert.

Sometimes twenty-four hours old or crackers accompany each meal, but unless a child is really hungry try not to form the irregular habit of eating between meals. Butter should be used moderately, cream is much more digestible and supplies all the fat necessary.

Milk continues to be the main item in the three-year-old's diet. A quart every day is not too much. It may be modified by adding one ounce of cream and three of water to six ounces of milk.

All food should be eaten slowly and well masticated. A cheerful atmosphere and agreeable conditions at meal times are valuable aids to digestion.

To-morrow I shall give a meal schedule for the three-year-old child, and let me warn you against some of the undesirable things that very often form a little child's diet. Pork in every form, veal, corned beef, salt fish, goose, duck, stews, puddings, pie, puddings, pastry, nuts, jellies, syrups, tea, coffee, pickles and condiments. It looks as if I had left you little to choose from, but really there is a wide choice of wholesome, palatable food and it will pay you well to consider it.

Opening of Navigation to Montreal. The steamer Belleville of the Richelieu and Ontario Navigation Co. will open the season of navigation between Hamilton, Toronto, Bay of Quinte, Montreal and intermediate ports, leaving Hamilton at 11 a.m. and Toronto 6 p.m., Tuesday, April 30. The Belleville is steam heated and electric lighted and has splendid passenger accommodations. Freight is now being received at R. and O. dock; phone Main 2553. Full information regarding tickets, etc. at ticket office, 48 Yonge-street.

Books on Gardening.

For the past three years the chief librarian has had an exhibition of books on gardening during the month of May for the benefit of those who are interested in the hobby of gardening. It is held in the room which was formerly occupied by the Toronto Public Library, and for those who wish to inquire in their hobby of gardening, during last year the library added an especially large number of books on this subject in all the nine libraries. These will be available for circulation as usual, but there will be a special exhibition of gardening books for consultation on special tables in the reference library on College-st.

University Sermon

Some people use riches as a wedge with which to enter the smart set. That said Bishop Courtney of New York, at Convocation Hall yesterday, was not the intended purpose. "Boson" was the text, Jer. ix, 23. It was the concluding college sermon of the year.

The university course afforded much equipment with which to begin a career. Knowledge should not be sought for personal glorification. Strength was sought for on the campus and in the gymnasium. It was shown on the football field and on the water. Physical prowess was not to be pursued for the purpose of muscular display. Its greatest glory was its use for the protection of the weak, and relief of the oppressed.

Riches were the legitimate right and blessing to the man who used them for the benefit of the needy, the cause of labor, to advance science, to advance civilization and to encourage.

CHINA A COUNTRY WITHOUT FORESTS.

Forestry is a subject in which the Chinese evince no interest, as there are no forests in that country. The Great Plain, on which Tientsin is located, never had forests, being entirely of delta formation, and the mountainous regions to the north and west were denuded of their forests centuries ago.

The surface soil of these mountains has been washed away, and to restore them would be a matter of great difficulty. F. B. Wade, of the Tientsin Nursery Gardens, is much interested in tree culture. He raises various shade and ornamental trees from seed, but the soil of the Great Plain is alkaline, and comparatively few varieties of trees will flourish in it.

He has had the most success with the acacia, which is also being raised by the Gorman in the Singsing district. A British corporation engaged in mining and shipping has a concession for coal mining in the Keping district, about eighty miles northwest of Tientsin. The surface of the region is broken by hills fifty to 200 feet high, which are covered by a growth of trees. The company has begun the work of afforestation. It already has 1,000,000 seedlings growing, chiefly acacia, and is preparing to establish a nursery for them on an extensive scale.

There are no government forestry officials in the Keping district, and subjects, or associations of foresters, nurseries, seedsmen, etc., in China.

GOOD LAWS FOR WOMEN IN NORWAY.

Great consideration is shown toward married women by the law in Norway. In every marriage, when not otherwise arranged by contract, all the property becomes the joint property of husband and wife, and is divided equally, should the marriage become dissolved.

When a married person dies, one-half of the property thus belongs to the surviving consort--man or wife. This is his or her part of the joint property. A person who leaves children cannot bequeath away from them more than one-fourth of his or her portion; the other three-fourths must go to the children, girls and boys alike. There is, however, explains a writer in the Nineteenth Century, this difference: A widow even when she has children, can use and manage the whole estate as she sees fit, and does not remain, as a widow must, divided with the children when any of them have reached the age of twenty-five years and demand such division.

While the marriage exists the husband is the manager of the joint property, but he cannot dispose of the property or sell without her explicit consent. All debts incurred by the wife for the household and requirements of the family are binding upon the joint property, and must be paid by the husband.

On the other hand, the wife has full right to the exclusive management and use of all she may earn by her personal work and industry.

MR. PRESTON BACKED BY TEN MILLION DOLLARS.

CALGARY, April 27.--W. T. R. Preston, former Canadian immigration agent in Great Britain, is coming west with a million dollars of British capital to invest.

DIED LIKE A MAN

The man who went to prison for his war on the white slave trade in London, involving the English aristocrat, the man who took the unpopular side in the Boer war; the man who wrote "If Christ Came to Chicago," and the man who openly espoused the belief in spirit communication after death--such a man would go down with the world to a watery grave, with calm, stolid, fortitude," said Rev. R. J. Hutchison at Jarvis-street Unitarian Church on Sunday morning. The preacher based his sermon on Stead's definition of the Christian church, "A union of all who love in the service of all who suffer."

WINDSOR TABLE SALT

How do I know that Windsor Table Salt is pure? I'll show you. It's clear and transparent and perfect the crystals are sparkling and truthful in its statements. The public are wise. Now taste them--notice that they dissolve instantly. It's the only salt we recommend for table use and for cooking.

There is, however, explains a writer in the Nineteenth Century, this difference: A widow even when she has children, can use and manage the whole estate as she sees fit, and does not remain, as a widow must, divided with the children when any of them have reached the age of twenty-five years and demand such division.

While the marriage exists the husband is the manager of the joint property, but he cannot dispose of the property or sell without her explicit consent. All debts incurred by the wife for the household and requirements of the family are binding upon the joint property, and must be paid by the husband.

MR. PRESTON BACKED BY TEN MILLION DOLLARS.

CALGARY, April 27.--W. T. R. Preston, former Canadian immigration agent in Great Britain, is coming west with a million dollars of British capital to invest.

CITY'S BUDGET

Condensed Statement of What City Will Receive in Revenues and Taxation, and How It Will Be Spent—City Treasurer's Review of How Toronto is Prospering.

Table with columns for REVENUES and EXPENDITURES. Includes items like Water rates, Licenses, Market and Weigh House fees, Police Court fines, etc.

City Treasurer Coady's annual statement of the finances and general conditions of the City of Toronto was made public Saturday afternoon.

Every class of revenue shows an increase. The amount that will be raised from taxation this year is \$6,252,222.

Mr. Coady's statement is a lengthy one, and he deals with nearly every phase of the money and municipal matters.

The council is to be congratulated on a rate of 18 mills on the dollar being submitted to it. A point of no small moment in this connection is that a uniformity of the rate from year to year is appreciated by manufacturers wishing to settle in the city from outside localities.

City Has Big Assets. "In considering the city debt, the value of the property and other assets possessed by the city should not be overlooked.

Outlook Bright. "In casting a glance over the city's progress during the past year, the increase of the population is strikingly noticeable.

Great Resources. "These facts, in brief, strike the keynote of a prosperous year. The growth of the city in size has brought with it an advance in the number of the business, together with the population and contentment to our fellow-citizens.

Business Expansion. "The fact that the city's expansion has been so rapid and so successful is a credit to the city's resources and its extensive activities well grounded in its business and necessary demands.

Business History. "It is gratifying to this day that in estimating municipal assets high personal character should not be lost sight of. It confers a valuable quality on the city's expansion, and produces a confidence which must underlie stable business conditions.

Table with columns for REVENUES and EXPENDITURES. Includes items like Charges on city debt, Charges on street railway, Late Town of East Toronto, etc.

Building Progress. "Industrial conditions in Toronto have been satisfactory during the year. Increased factory space and capacity for production have been found to be necessary in most of the large industries.

Support Hydro Power. "During the past year the Toronto hydro electric system has been put into full commercial operation. On the first of July the system was placed in charge of the Toronto electric commission.

Outlook Bright. "In casting a glance over the city's progress during the past year, the increase of the population is strikingly noticeable.

Business Expansion. "The fact that the city's expansion has been so rapid and so successful is a credit to the city's resources and its extensive activities well grounded in its business and necessary demands.

Business History. "It is gratifying to this day that in estimating municipal assets high personal character should not be lost sight of. It confers a valuable quality on the city's expansion, and produces a confidence which must underlie stable business conditions.

The Responsibility of a Piano Maker

Do you realize that something very essential is missing if there is no piano in your home? Do you realize what such a vacancy means to your family, to your friends, to yourself?

It is no exaggeration to say that a home is not fully rounded out until the piano arrives, because nothing takes the place of music, nothing ever can.

TASTES differ in music, as in all things, but indulgence in music in any form, whether the wondrous composition of a master or some light and rollicking jingle from the "latest success," introduces into the home an element of entertainment and interest for which there is no substitute.

BUT your Piano must be a worthy one. By reason of its pliant action and purity of tone it must supplement the efforts of those who play expertly, as well as those of less musical education and experience.

plement the efforts of those who play expertly, as well as those of less musical education and experience.

THE Gourlay Piano is not made to please for a day or a year. It is made and sold with the full knowledge of the responsibility which rests with us as piano makers, a responsibility which does not stop short of putting into the Gourlay the best efforts, choicest materials, and most skilful workmanship possible, whatever the cost.

WE want to demonstrate to you that the Gourlay is such a Piano, that it is the Piano you would like best to own, and a Piano that will contribute most to your continual satisfaction and pleasure.

YOU CAN'T CURE CATARRH BY SWALLOWING DRUGS

Cough Syrup, Tablets and Sprays Strike the Germ of Catarrh—Reach Their Failure to Help.

To cure an ailment in the throat or chest, to rout out Catarrh or Asthma, it is essential that the medicine be conveyed direct to the affected parts.

There is no other remedy which has achieved such world-wide success as Catarrhine, which alone can be breathed in one second to every air cell in the breathing organs.

Could't Breathe—"Catarrhine" "No one ever contracted a more obstinate attack of nasal catarrh than I suffered a month ago," writes Mr. G. H. Boyd, a well-known resident of Bridgeport, W. V.

There is no remedy so certain and so good as Catarrhine, and being a good remedy, it is not surprising that the substitute, Large Catarrhine, is a two-motiv price \$1.00, smaller sizes, 25c and 50c. All reliable dealers or the Catarrhine Co., Buffalo, N. Y., and Kingston, Canada.

Pastor Russell's Sermon

ATLANTA, Ga., April 28.—While we weep with the survivors of the Titanic disaster, let us thank God that a better understanding of the Bible enables us to sorrow not hopelessly.

Dark Ages, we would have asked, were would have concluded that all the remainder plunged down to a Catholic purgatory of terror, or worse, to a Protestant hell of eternal torture.

Even the tales of their great gallantry and heroism would not have altered the decision which would have hung on the question. Did they confess Jesus in word and deed? We would have asked. Were they church members? This is the same argument used respecting the 90,000 heathen who die every day in the year.

Now, how different? Now we see that a faithful, elect church is being selected during this age; that in the next age they, with Jesus may assist, bless, uplift, all the non-elect to an earthly salvation to human perfection, in the new paradise—earth—which Messiah's kingdom will usher in. Thus,

Hired Man in Kent Proud and Haughty

His Ultimatum to Farmers is \$35 to \$40 a Month, Board Included—Wheat Crop Failure.

CHATHAM, April 28.—(Special.)—Farm labor is scarce and hard to get at any price. Farm hands are asking as high as \$35 and \$40 a month and board and the farmers of Kent are fearing a late season with a dearth of help to aid them in getting their seed into the ground.

At the present time there is no legitimate excuse for any strong, healthy man being out of a job. Employers of labor are advertising broadcast for help and offering better wages than has ever been offered in this part of the province.

General reports from the County of Kent indicate that the wheat crop this year is almost an entire failure. Farmers are plowing up their wheat fields and putting in barley and other crops. Feed is still very scarce and is causing much alarm in the country districts.

PUTNAM'S CORN EXTRACTOR DOES EASE YOUR CORNS

Take the stings right out—cleans you right off without pain. Thousands say it's the surest thing to rid the feet of corns, blisters, bunions, etc. Don't suffer that foolish—buy a 25c bottle of Putnam's Painless Corn and Wart Extractor; it does the trick quickly and is invariably satisfactory.

NATURAL HISTORY SECTION. The Natural History Section will meet at the Canadian Institute, 195, College-street, this evening at 8 o'clock.

HIGHEST NOTE OF CHRISTIAN RELIGION

Rev. S. D. Chown Says That to Live According to Jesus Christ is Realizing One's Greatest Possibilities and Rendering the Greatest Service to Mankind.

"Self-observation," said Rev. S. D. Chown, D.D., in preaching the baccalaureate sermon to the graduating classes of Victoria University in Elm Street Methodist Church yesterday morning, "is not the highest note of the Christian religion, but self-devotion. Life is the power of self-realization. To live according to Jesus Christ is realizing one's greatest possibilities and rendering the greatest service to mankind."

One full-grown man in this sense, said Dr. Chown, was worth all the gold of Kishleke or all the silver of Gohalt. "It was the very essence of the ethical teaching of Christ."

Excitement Not Life.
Excitement was not life. Unless people were caught in the whirlwind machinery of commercialism they were moved to cry out "Where is life?" Philosophy and literature alike were now telling of the worth of conversation, the need of a reconstitution of life. Philosophy was fruitifying and giving fruit to evangelical truth. There was "daybreak everywhere."

The ghosts of which men should be afraid were not disembodied spirits, but those husks of men who stand behind bank counters, doing our banking business, some of them, and the other business of life, with no sense of mission.

National Paralysis.
To give first place to materialism, he said, was to invite national paralysis, but to be spiritually minded was life. The loudest call in Canada

to-day was for young men and women to be spiritual dynamos. The men who were amassing wealth without respect to the laws of the land, the laws of God and honesty, were the architects of the ruin of our country. They dried up the springs of life.

"No merchant," Dr. Chown added, "has the right to open the door of his store for the purpose of making money primarily. The ideal of service should be the test."

Seekers After Truth.
Chancellor Burwash briefly addressed the students. They should remain to the end of their lives, he said, seekers after truth. Only as they did this would they be able to accomplish the mission of service. They should try to have everybody and choose their work in life as would best enable them to do this. "Choose," he said, "for God, for light, for the life of service."

CHINA FAMINE RELIEF FUND.
The contributions to the Canadian National Fund, China famine relief, received by Mr. Joseph Henderson, treasurer of the fund, now total \$4253.08—\$3900 of which has been cabled to the central committee in Shanghai, China; \$136.08 has been forwarded by the American Red Cross Society. There is still the utmost need throughout the famine districts, as the new crops will not be ready until June, and the relief committee is making every effort to bridge

Death Follows The Surgeon's Knife

Surgery is the fad in medical treatment, and many doctors still recommend a surgical operation for piles. Too often the results are fatal to the patient, and even when the operation is a success there is not always a cure. There is a safer way to cure piles, a less risky and less expensive way. You are certain of obtaining relief by using Dr. Chase's Ointment, and if you persist in this treatment you can also be fully cured.

It is worth while to try Dr. Chase's Ointment, even if you have been told that an operation is necessary. Many have escaped the knife by using this ointment, others have been cured by its use after operations have failed.

Relief from the itching, stinging sensations which make the suffering from piles so hard to bear is obtained almost as soon as Dr. Chase's Ointment is applied.

over the next few weeks for the starving millions of men, women and children.

The following is a list of contributions received:

NEW C.N.R. LINE TO BE STARTED

Sir William Mackenzie Saw the Premier Regarding Extension Thru Clay Belt.

That the work of extending the Canadian Northern Railway from Sellwood Junction along the north shore of Lake Superior to Port Arthur and Fort William will shortly be commenced is apparent from an interview that Sir William Mackenzie had with Sir James Whitney yesterday afternoon.

"We just had a little talk about the proposed extension of the C. N. R. thru the clay belt," said the prime minister, after Sir William had left the building. "We also discussed the steps necessary to the location of a suitable route."

Sellwood Junction is about 32 miles from Sudbury and about 500 miles from Port Arthur. Surveys of the proposed line have been completed and some

THE VOLCANIC OIL AND GAS COMPANY, LIMITED

NOTICE OF BONDS TO BE REDEEMED

PURSUANT to the provisions of a certain Trust Deed dated July 28th, 1909, and made between The Volcanic Oil and Gas Company, Limited, of the One Part, and the Trustee of the Other Part, The Volcanic Oil and Gas Company, Limited, hereby gives notice that it will redeem the outstanding fifteen hundred (\$1500) bonds, being all of the outstanding bonds of the total series of two thousand (\$2000) bonds, secured by the said Trust Deed, on the 15th day of August, 1912, at the rate of one hundred and five dollars (\$105.00) and accrued interest to date of payment, for each one hundred dollar bond.

And further that notice that the holders of the said bonds are required to present the same for payment together with all unpaid coupons at the Imperial Bank of Canada, Toronto Branch, corner Wellington Street and Leader Lane, Toronto, Ontario, on the 15th day of August, 1912, and that the said bonds will cease bearing interest after the 15th day of August, 1912.

Any of the said bonds which are registered as principal in the bond register of the Company shall, on presentation for payment, be endorsed with a receipt, signed by the registered holders thereof in the following form:

"I acknowledge the receipt of full payment of the within bond and discharge The Volcanic Oil and Gas Company from all liability thereunder."

DATED (Name in full) (Address)
Dated at Niagara Falls, Ontario, this 5th day of April, 1912.
THE VOLCANIC OIL AND GAS COMPANY, LIMITED.
D. A. COSTE, Treasurer.

JAMES MASON, General Manager.

Toronto, April 17th, 1912.

SYNDICATE OF CANADIAN NORTH WEST LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 18 years old, who has resided in the Dominion of Canada for at least one year immediately preceding the date of application, and who is not a native-born subject of the Dominion, may apply for a grant of land in the Northwest Territories, under the provisions of the Act in that behalf.

Application for a grant of land may be made at any time, but must be made at least 30 days before the date of the opening of the land for sale.

The land to be granted shall be of the following classes:

(a) Homesteads.—Must reside upon the homestead or pre-emption six months in each of six years from the date of settlement (including the time required to earn homestead rights) and cultivate fifty acres and erect a house worth \$2000.

(b) Pre-emption.—Must reside upon and cultivate the land in each of three years. A homesteader may live within five miles of his homestead, or a grant of at least 30 acres solely owned and occupied by him or by his wife, mother, son, daughter, brother or sister of intending homesteader.

(c) Pastoral.—Must reside upon and cultivate the land in each of three years. A homesteader may pre-empt a quarter section alongside his homestead. Price \$100 per acre.

(d) Dues.—Must reside upon the homestead or pre-emption six months in each of six years from the date of settlement (including the time required to earn homestead rights) and cultivate fifty acres and erect a house worth \$2000.

Deputy of the Minister of the Interior, N.B.—Unauthorized publication of this advertisement will not be paid for.

DREDGING FOR BERTHS FOR ASHBIDGE'S BAY DOCKS

Sealed tenders, by registered post only, addressed to the undersigned, will be received up to Monday, May 6th, at 12 o'clock noon, for the dredging of the berths at the new Ashbridge's Bay docks. Plans of location, specifications and form of tender may be obtained at the office of the Toronto Harbour Commissioners, 78 Adelaide Street West.

The Toronto Harbour Commissioners,
W. S. SPENCE, Acting Chairman,
Toronto, April 25th, 1912.

VANCOUVER FAMINE FUND.
A relief fund amounting to several thousands of dollars has been raised by the Vancouver, B. C., Board of Trade, and called direct to the central committee in Shanghai.

Toronto Market Buoyant-Sao Paulo Makes New High Record

BANK MERGER ANNUAL MEETING

Traders Touched New Record, But Failed to Hold—Sao Paulo and Rio Score Advances.

A prominent feature of the Toronto Stock Market on Saturday was a flurry in Traders Bank stock, which moved up to a new record at 17 1/4, on the report that the merger was practically assured. The World as long ago as last Tuesday week took an executive story of the negotiations which were under way between the Royal and Traders Bank, and has commented on the matter at various occasions since that time. All that now remains to complete the amalgamation, or purchase, which it practically amounts to, is the ratification of two-thirds of the shareholders of the two banks, and the approval of the governor-general in council. As the merger will prove decidedly advantageous to the shareholders, the securing of the ratification would seem to be a purely nominal undertaking in this case. The approval of the governor-general in council is only a matter of time, also, as reported in the digest of banking law published in the Sunday World yesterday.

Traders stock sold up rapidly to 17 1/4 on Saturday, but the improvement failed to hold, and before the close the shares had worked back to 16 1/2 again. When considered in conjunction with the accepted figure of 15 1/2, recorded by the "street" as the valuation at which Traders stock will be taken over, this price seemed somewhat of an anomaly, but was explained by the uncertainty which still surrounds the amalgamation. No announcement by the bank concerned is expected until late next week. Meanwhile, a good many guesses will be made as to the basis on which the two institutions will be taken over. As mentioned above, there is a general belief that Traders will be bought in at \$150, despite the fact that, from a market standpoint, \$170 would seem more likely. Royal, as announced in its columns hereafter, will be included on a basis of \$200 share.

Rio and Sao Paulo.

Strength in the South American traction stocks, Sao Paulo and Rio, with the former issue particularly prominent, was the outstanding feature of the week-end session.

The announcement of the monthly earnings, following as it did almost on the heels of the distribution of the annual reports, gave the twinges of bullishness to the market. The Rio statement was particularly favorable, showing an increase in net for March of \$148,171, while Sao Paulo reported a gain of \$47,042. This remarkable showing induced a responsible buying movement, and the market advanced to a new high record. Rio sold up a fraction to 12 1/2, within a shade of the recent record established.

DULL TRADING ON WALL STREET

New York Market Barely Moved at Week-End— Undertone Showed Dis- position to Turn Weak

NEW YORK, April 27.—During the two hours of business on the stock exchange to-day the tone of the market was irregular, when it was not reactionary. Opening prices were generally lower than yesterday's close, but on the Canadian Pacific and Reading did the losses extend below a point. They were recovered within the first hour, with marked strength in the metal stocks. Trading diminished in the final hour, when prices again fell back, with some selling pressure directed at the market leaders. The closing was dull with a number of net losses, some of which ran to a full point.

In the opinion of impartial observers, the recent extraordinary movement in Reading was primarily responsible for today's tendency. There has been a great deal of criticism directed at this episode, and conservative members of the exchange appear to have taken cognizance of that fact. The financial district believes that anything so favorable of the speculation at a time when industrial and other conditions continue uncertain is ill advised.

Business Conditions Irregular.

Less encouragement was found in the weekly statement of the mercantile agencies, which told of irregularity in many lines of trade, but the trend as a whole was considered satisfactory. There were no known developments in the railroad situation, but the greater frequency of the meetings between the mediators and the disputants was regarded as a favorable augury.

The weekly statement of the clearing house banks was a negative document, changes being altogether unimportant. Actual gains increased by \$400,000, with a cash gain of about \$1,300,000, and a reserve decrease of \$42,000.

Clews Thinks Spring Move Is in Sight

All things considered, there is basis for taking a cheerful view of the situation in the long run. The market has had a very considerable rise, and increasing realizations are in order. The more rapid the advance, the more certainly market reactions be expected. A break of a few points is really desirable from the technical point of view, and it would give the market a needed rest, bringing in a new buying element and stimulating general activity. The possibility of political chills or unfavorable crop developments cannot be ignored. In the long run, however, the market promises to reach a still higher level, and in this will probably be assisted by anticipation of the usual spring advance which, according to tradition, starts "when the sap begins to rise."—Henry Clews.

U. S. RAILROAD EARNINGS DON'T RIVAL C. P. R.

Railroad gross earnings continue to make a more favorable exhibit than a year ago, the total of the United States roads reporting to Dun's Agency to date being \$1,475,715, an increase of \$2,987,000, or 2.04 per cent, over the corresponding period last year. In the following table States railroads reporting to date:

Year	1911	1912
April, 2 weeks	\$1,125,715	\$1,475,715
Feb. 2 weeks	\$1,400,541	\$1,475,715
March, 2 weeks	\$1,407,700	\$1,475,715

NET INCREASE PILES UP IN RIO AND SAO

The South American traction companies made an excellent showing in the month of March, the statements handed out on Saturday indicating a remarkable expansion, compared with the similar period of last year. Rio's net for the month increased \$148,171, which amount represents a full 67 per cent of the total net increase for the whole quarter. The statements follow:

Month	1911	1912
Gross for Mar.	\$1,196,519	\$1,475,715
Net for Mar.	\$68,750	\$148,171
Gross for Jan. 1	\$2,341,213	\$2,341,213
Net from Jan. 1	\$1,628,378	\$1,628,378

BANK FIGURES REFLECT SOME IMPROVEMENT

Bank exchanges continue to make a most satisfactory comparison with both preceding years, the total this week at 48,000,000, an increase of 11.2 per cent. over the same week last year, and of 4.0 per cent. over the corresponding week in 1911. Bank market operations were on a considerably reduced scale, but, nevertheless, New York City reports a gain over last year of 20.6 per cent. and over two years ago of 6.0 per cent., which undoubtedly indicates the business in ordinary commercial channels continues to make satisfactory progress. Average daily-bank exchange for the year to date are compared below for three years:

Year	1911	1912
April	\$17,300,000	\$48,000,000
Mar.	48,000,000	47,100,000
Feb.	49,500,000	45,110,000
Jan.	51,240,000	51,680,000

BANKERS: MOLSONS BANK, TORONTO

Proven Oil Lands,
Consisting of 240 Acres, King's County,
Coalinga, California, U.S.A.

The oil industry has made more wealth for investors than any other industry in America. Millionaires have been made overnight, by fortunate investments in oil. Thousands of conservative investors are deriving big incomes from their dividends from oil securities. Many have oil investments which are independent fortunes. There can be no more desirable investment than a good, clean, conservative oil security, possessing assets of unquestioned productive and prospective value. THE DOMINION OIL COMPANY, WITH ITS 240 ACRES, VALUED AT \$480,000.00, REPRESENTS THE IDEAL OIL INVESTMENT.

The following telegram, under date of April 27th, was received by the President, and reads as follows:

WILLIAM GRAY, ESQ., COALINGA, CAL., APRIL 27, 1912.

President Dominion Oil Company, Toronto:

Well 2640 feet. Going through hard shale. Heavy and increasing gas pressure, with more oil. May strike same big flow as Canadian any day now.

W. W. WARNER, Supt.

The Directors are all well-known, conservative, successful business men, and you can absolutely rely upon getting full value and returns on your investment. Buy as heavily as you can. Remember that in buying this stock you are buying TREASURY SHARES, the proceeds from the sale of which will be used by the Directors to further the interests of the Company and to bring it to a substantial profit-earning and dividend-paying basis at the earliest possible moment.

Do not delay. Send in your application now. The allotment is a small one, and is being rapidly absorbed. Remember, the price of the SHARES OF THE DOMINION OIL COMPANY IS 75c. We may strike a gusher any time, in which case the shares are sure to be selling at a very much higher figure. This is a rare opportunity to make an investment in an ABSOLUTELY HONEST OIL PROPOSITION. Write us at once for illustrated prospectus and full particulars concerning THE DOMINION OIL COMPANY, or, better still, call at our office, see the oil from the Company's well and let us tell you all about this splendid investment. Do not delay. Delays are dangerous. ACT AT ONCE.

The Bedroom Demands a Dainty Paper

We have devoted Tuesday to a display of our exquisite stock of bedroom papers. Among them are new English, French, and American papers, in linen stripes, corduroy stripe all over, and floral patterns for guest, mother's, misses', child's, or man's bedroom, each distinctive. New effects imported in greys, pinks, blues, white, creams, champagnes, greens, and their blends in plain or figured effect, 25c, 35c, 50c, and 65c per roll.
New cut outs and border trims, colors to match the papers. Per yard, 5c, 10c, 15c, and 25c.
