WAR NEWS PARAPHRASED.

Spanish reports say regarding Friday's bombardment of Santiago, that the attempt to land U. S. troops failed. Lieut. Hobson and his fellow heroes of the Merrimac are reported well and being well treated. The auxiliary cruiser St. Louis captured a Spanish merchant ship outside the harbor of Kingston, Jamaica, on Saturday. The London Times correspondent at Manila thinks peace has been brought nearer by recent events in the Philippines. The arsenal at Ferrol, Spain, is very active, and men in the dockyards are working day and night. Twenty thousand Spanish soldiers are in the town of Santiago, and a desperate resistance to the landing of American troops is expected. U. S. warships Vixen and Suwanee landed 300,000 rounds of ammunition, 300 rifles and 2000 machetes on the Cuban coast near Santiago. Philippine insurgents are reported to have attacked Manila on Saturday. Spanish generals say they can continue the war for two years. It is stated that no suggestions for peace have been received at Madrid. Admiral Cervera has been notified by the U. S. Navy Department that if he destroys his ships Spain will be made to pay an additional indemnity equal to their value. It is said that the delay in sending troops forward from Tampa is because peace negotiations are further advanced than the public is aware. General Merritt has now 16,000 troops in sight for the Philippines and wants 20,000. Word comes from Vienna, by way of London, that Spain earnestly desires peace. If something has not happened to prevent it, Gen. Shafter sailed from Key West last night with the U. S. army for Santiago to besiege and capture the town. Thirty transports, with about 16 convoying warships, comprise the expedition.

FIGHTING 13 HOURS.

Four Americans Were Killed and One Wounded at the Entrance to Guantanamo Harbor. On board the Associated Press dispatch boat Dauntless, off Guantanamo, Sunday, June 12, via Mole St. Nicholas, Hart, June 12—8 p.m.—Lieut. Col. R. W. Huntington's battalion of marines, landed from the transport Panther on Friday and encamped on the hill, guarding the abandoned cable station at the entrance to the outer harbor of Guantanamo, has been engaged in fighting of a bush attack by Spanish guerrillas and regulars since 3 o'clock Saturday afternoon. The fighting was almost continuous for 13 hours, until 6 o'clock this morning, when reinforcements were landed from the Merrimac.

Four Americans were killed and one was wounded. The advance pickets under Lieuts. Neville and Shaw are unaccounted for. Among the killed is Assistant Surgeon John Blair Gibbs, son of Major Gibbs of the regular army, who fell in the Custer massacre. His home was at Richmond, Va., but he has been practicing in New York and he entered the service since the war began. He was a very popular officer. The others killed are: Sergt. Charles H. Smith of Smallwood, Private William Dunphy of Gloucester, Mass., and Private James McColligan of Stoneham, Mass. Corporal Glass was accidentally wounded in the head. The Spanish loss is unknown, but it was probably considerable. The splashes of blood found at daylight at the positions the Spaniards occupied indicate fatalities, but their comrades carried off the killed and wounded. The engagement began with desultory firing at the pickets, a thousand yards inland from the camp. Capt. Spicer's company was doing guard duty and was driven in, finally retiring to the camp, and repulsing the enemy at 5 o'clock. The bodies of Privates McColligan and Dunphy were found, both shot in the head. The large cavities caused by the bullets, which, inside a range of 500 yards, have a rotary motion, indicate that the victims were killed at close range.

The Bodies Mutilated. The bodies were stripped of shoes, hats and cartridge belts and horribly mutilated with machetes. The sky was blanketed with clouds, and when the sun set a gale was blowing seaward. Night fell, thick and impenetrable. The Spanish squads, concealed in the chaparral cover, had the advantage, the Americans on the ridge furnishing fine targets against the sky and the white tents. The Spaniards fought from cover till midnight, discernible only by flashes, at which the marines fired volley.

The Merrimac launch, a Colt machine gun in her bow, pushed up the bay, enveloping the Spaniards, and it is thought that some were killed. The ships threw their searchlights ashore, the powerful electric eyes sweeping the deep tropic foliage and exposing occasionally skulking parties of Spaniards. Each discovery of the enemy was greeted by the crackle of carbine fire along the edge of the camp ridge or by the long roll of the launch's machine gun, searching the thickets with a leaden stream. The Main Attack. Shortly after midnight came the main attack. The Spaniards made a gallant charge up the southwest slope, but were met by repeated volleys from the main body and broke before they were a third of the way up the hill, but they came so close

PARLIAMENT WILL PROROGUE TO-DAY.

Mr. N. Clarke Wallace Got After Mr. Tarte Over the Crow's Nest Cruelty—The Minister Defended Himself.

Ottawa, June 11.—(Special.)—The Senate this morning, by a vote of 7 to 2, threw out the Government's bill to give \$300,000 from the capital of the Manitoba School trust funds to the Manitoba Government. It is now regarded as too late in the season for the Government to fight this question, and the Senate has won the last trick. It has been definitely decided that prorogation will take place Monday at 3 o'clock.

In the Commons. The morning session of the Commons was taken up by the legislation through the last stages. The compromise with the Senate respecting the franchise bill was accepted formally, the Solicitor-General declining to recognize the assumption of the Upper House to a right to interference in franchise matters. In supply, the only remaining item for transport and supplies for the Yukon contingent was scrutinized by the Opposition. Mr. Foster refusing to let it pass until Hon. Mr. Borden had brought down statements of the prices paid the favored firms contracting for supplies.

The afternoon Mr. Clarke asked with reference to rumors of impending changes in the Toronto Customs House. The Minister of Customs was at a loss to know how such rumors could originate. No change of any kind was contemplated excepting, perhaps, in the case of a number of officers who might be entitled to an advance in salary.

Enforcing the Estimates. The House then proceeded to finish up business in connection with the estimates. Shortly after 4 o'clock Mr. Wallace arose when the vote for the Crow's Nest commission was to be concurred in, and reminded Mr. Tarte of his statement in the House the other day. The Minister of the Public Works Department had had nothing to do with engaging men to work on the canal job. The member for West

FOUL MURDER IN MONTREAL.

Elzeur Marin Started to Kill His Wife and Shot Her Mother.

Not Deterred by His Own He Again Started After His Wife and With a Second Shot Wounded Her—His Rage Was the Outcome of Jealousy—Other News From the Metropolis.

Montreal, June 12.—(Special.)—A foul murder was committed a little before midnight in a house on Poplar-lane, off Ontario-street east. In a fit of jealous rage, Elzeur Marin, a dock laborer, 27 years of age, started with a drawn revolver to kill his wife, but her mother, in attempting to prevent the tragedy, received the ball in her head and rolled on the floor stone dead. Mrs. Desjardins, the name of the victim, seemed to stimulate the murderer's desire for more blood, and, making for his wife's apartments, he fired a second shot. The ball, however, entered the woman's thigh and, as the doctors have been able to extract it, the wound may not prove fatal. Marin gave himself up at once and tells a story that is not believed by a hard-bored, who say Mrs. Marin was a hard-working, respectable woman. The prisoner declares that he had reasons to doubt his wife's fidelity, and adds that he saw a man in her room some time before the tragedy was enacted. At the hospital Mrs. Marin said that her husband had been drinking and had fired at her because she had refused to drink with him. The prisoner denied that he was drinking and an hour after the murder he certainly did not look like a man who had been so recently under the influence of liquor. The policeman who made the arrest also denies that Marin was drunk. It is quite clear, from the evidence, that Mrs. Desjardins, the murdered woman, gave up her life to save that of her daughter.

Cupped a Statue of the Virgin. A laborer named Narcisse Altard created a sensation on St. Paul-street yesterday morning by standing opposite Bonsecours Church and addressing a statue of the Virgin, which occupies a prominent place on the front of the building. He made a speech to it which consisted of a torrent of abuse and a volley of oaths, accompanied by violent and threatening gesticulations. A large crowd assembled, and Constable Desaulniers finally put an end to the scandal by arresting the individual, who was drunk. As he was represented as a vagrant, who had no residence, and had been sheltered in the police stations during the whole of the past winter, the recorder condemned him to three months' imprisonment and \$10 fine or three months more.

Rev. R. J. Grant's Death Accidental. The verdict of the coroner's jury in the case of Rev. R. J. Grant, killed by a Notre Dame-street car on Friday evening, relieved the motorman of all blame, the proof indicating the affair was purely accidental. The funeral service will take place to-morrow in Knox Church, after which Rev. M. Gordon, a friend of the deceased, will accompany the remains to River John, N. S.

Hotel Hanlan, Toronto Island. Sir Adolphe Chapleau was extremely weak at a late hour to-night, although his medical attendants believe he will pass the night. He spoke a few words to his brothers, who were at the bedside early in the day, but this evening when the

nurse enquired if the dying man was suffering this he opened his eyes, and did not reply. The Government Jett sent an enquiring telegram this evening. Other Notes. The different church pulpits were filled to-day in great part by the Assembly delegates, while a special service was held in Knox Church at 4 o'clock this afternoon. Hon. A. G. Blair was in the city to-day. The Minister of Railways will leave the last of the week for England.

EASTON PRISONER ARRESTED. Easton Preston, son of Edmund Preston and nephew of Provincial Librarian W. T. R. Preston, has been arrested in Newberry, Mich., and will be brought to Toronto in connection with the alleged coal fraud cases preferred by E. A. Macdonald against Noel Marshall and Edmund Preston. Some books which have a most important bearing on the case have mysteriously disappeared, and there has been much trouble concerning their absence at the sessions of the preliminary investigation of the charges, which have been already held in Police Court. Some after the opening of the case young Preston went to Michigan. He was followed a few days ago by Detective Cuddy, and was taken into custody on Saturday, charged with stealing six missing books.

The New Straw Hat Fashions at Dineens'. The straw hats of past years, compared with the productions of the present day, illustrate how much less men cared for head comfort than they do now. The clumsy straw hats, set with gilt and studded with feathers, and heavily laden with ribbons, have been supplanted by the elegant, airy, light-weight fashions of this season shown in the summer hat display in Dineens' new store, 140 Yonge-street, corner Temperance. The nobilit shap, finished in the noblest styles, for young men; the dressiest and easiest setting styles for mature men, and handsome, noble fashions for elderly gentlemen, are shown at Dineens', with the greatest variety of new novelties in straw summer hats and umbrellas and children ever seen in Toronto.

A genuinely good thing excites imitators to make cheap copies. When you ask for Tutti Frutti Gum see that you get it. With the Majority. The MacVillie business on Yonge-street can hardly be said to have gone over to the majority, but the stock has gone over where the majority of the business south of Queen-street goes, viz., to the Robert Simpson Company, Limited. Nothing succeeds like success, and there is little doubt but Simpson's big store will get all the old customers and make many new ones.

HE WAS TIRED OF LIFE

H. B. Western of Hamilton Deliberately Shot to Kill Himself.

DISROBED AND STOOD BEFORE A MIRROR

Aimed at His Heart But Failed to Strike the Vital Organ—Lying in a Very Low Condition—Young Woman Fell Downstairs and Killed Herself—Five Cases of Death From Disease—General News From the Mountain City.

Hamilton, June 12.—(Special.)—H. B. Western, a bookkeeper in the Canada Life Insurance Company's head office, deliberately shot himself in an upstairs room in the company's building early this evening. He disrobed himself and stood before a mirror, then aimed at his heart. The report of the revolver was heard by the janitor, George Salmon, who rushed upstairs and found the man sitting on a chair and blood rushing from a wound in the breast. Salmon at once telephoned for Dr. McGillivray and the ambulance and the wounded man was conveyed to St. Joseph's Hospital. There the physicians discovered that the bullet penetrated his body about an inch below the heart and that the patient was bleeding badly internally. They at once stated that Western could not live long. Two letters, written by Western, were found in his office. One was to his wife and the other was addressed to "A Coroner." They were taken possession of by David Kidd, agent of the company, who would not divulge the contents. Western was sinking at 11.30 o'clock, and the doctors said he was very low.

Was Tired of Life. Western said that Dr. Cockburn remain by his side, but said he wanted to die; he was tired of life. He told P. C. Baldwin in the ambulance that he had decided to die, but that he would not until this evening did he summon sufficient courage to make an attempt. His wife ran from the family residence, 119 Hughson-street, in her bare head to the hospital as soon as she heard of her husband's rash act.

A Fatal Accident. A fatal accident happened about 11 o'clock last night at the residence of Mr. Andrew Wilson, just east of Sanford-avenue, on King-street, the victim being his daughter, Miss Janet Wilson. The young woman was descending a flight of stairs, carrying a lighted lamp in her hand, when she missed her footing and fell headlong to the bottom. Fortunately the lamp went out. Mrs. Wilson's neck was dislocated and she sustained severe wounds on the head and shoulders. Three physicians were called in, but could do little for her, and she died in less than three hours. Deceased was highly respected by a large circle of friends.

Other Deaths. Mrs. Hantoo, No. 611 Main-street east, died last evening, after a short illness. She expired just five minutes before her husband, J. S. Hantoo, a very wealthy rancher and mine owner in Montana, arrived home, after traveling over 2000 miles to see her before her spirit took flight. The train upon which he came was ten minutes late, or else he would have seen her alive. He was much affected. The body will be taken to Collingwood for interment on Tuesday. C. D. Blackford has charge of the funeral.

Death of Miss Findlay. Miss Findlay, daughter of Mr. W. F. Findlay, President of the Board of Trade, died this afternoon at Mr. Findlay's residence, Duke-street, from consumption. Miss Findlay was an excellent musician. Her death will be keenly felt by her many friends. The funeral will take place on Tuesday afternoon at 2.30.

Rough on the Committee. The County Roads Committee of the County Council received a cruel blow at yesterday's council meeting. The committee was appointed to consider the toll road problem and devise some scheme whereby the toll road Companies being exorbitant, and its members spent a good deal of time and worked hard to secure the best information. The unusual part of it all was that the committee worked without fees, a rarity in county council proceedings. The committee presented a report on these lines and asked permission to sit again. The council, in committee of the whole, approved of the report, but on a vote being taken in council, Councillors Cornell, Gage, Kenrick, Patterson and Marshall voted for the report, and Councillors Collins, Easterbrook, Henderson and Ironside against it. Warden Calder voted with the minority, causing a tie and defeating the carrying of the report. It is said that Ancaster and Berley Township Councils have determined to oppose any plan on the part of the County Council to make free roads.

Miss Libby Cameron, Hughson-street north, sister of Constable Cameron, died to-night of consumption. She contracted a cold a year ago while bicycling, and it resulted in her death. Is Mrs. Blake a Traveler? At yesterday's Police Court a somewhat unusual case was disposed of. Inspector Walter, acting on information given by Mrs. J. J. Blake of Vancouver, B.C., at present residing in Hamilton, charged Harry Macey, of Toronto, defendant, with refusing to supply Mrs. Blake with hotel accommodation. Mrs. Blake's story, briefly, was that on the evening of May 28, when she had been in the hotel a few days she saw, for defendant, and he returned a message that he wished her to leave the hotel, as her room was wanted for the following week when the racing men arrived. Defendant declined to order a carriage to drive her to another hotel and she walked, at 10.45, to the Dominion Hotel. Defendant's statement was that he had more orders for rooms than he could accommodate during the race week and he asked Mrs. Blake to vacate her room. His action was also influenced by what Mr. Neil McLean, proprietor of the St. Nicholas Hotel, told him, that Mrs. Blake had paid a large bill and was a very annoying woman. In cross-examination, Mrs. Blake said she left home last February and had been in Hamilton over four weeks and she expected to remain in the city for an indefinite period. She had accepted boarder's rates at the St. Nicholas Hotel, and she expected to remain there. Lawyer Haverson submitted that Mrs. Blake was not a traveler. Crown Attorney Orrer, for the prosecution, argued she was. Magistrate Jelfs held that Mrs. Blake was not a traveler, considering the time she had been in the city and the fact that she purposed staying perhaps several months, and he dismissed the case. Mrs. Blake said she would appeal. Her husband is a lawyer.

Police Briefs. The Police Commissioners met yesterday and appointed J. Reynolds a constable, to fill the vacancy caused by the dismissal of J. Liston. Reynolds is 4 feet 3 inches high. He played with the Hamilton football team two years ago and is a member of the 12th Battalion. Charlotte Westworth-street, is under arrest on charges of disorderly conduct and wilful damage, George H. Barber being the complainant. Minor Matters. Judge Snelter will open the June General Sessions next Tuesday afternoon. There are nine civil actions and no criminal cases. The Board of Works will place new electric lights at West-avenue, York-street, Park and Murray-streets and Steven and William-streets. Over 100 children received their first communion at St. Mary's Cathedral this morning.

The 15th Band will give only three more concerts in the Armories this season. On Tuesday evening Mrs. Palmer and Mr. George Allan will be the vocalists. To-day was flower Sunday at Centenary Church. Rev. Dr. Smith, the retiring pastor, preached at both services. The Court of Revision will meet on Tuesday afternoon at 2 o'clock to consider charity and other cases.

LORD WOLSELEY AND "BOBS." The Former's Retirement Said to Be Certain—The Letter Named to Succeed Him. New York, June 12.—The London correspondent of The Evening Post says: "Lord Wolseley's early retirement from the position of Commander-in-Chief of the British army is certain. The post demands a younger man. It is also a fact that Lord Wolseley's name is mooted in official quarters as acceptable to Canada as Governor-General. Whether Lord Wolseley would accept is another question. Lord Roberts will probably succeed. Lord Wolseley as commander-in-chief, and it is suggested that the Duke of Connaught may succeed Lord Roberts in command of the forces in Ireland, thus solving the question of the royal residence in Dublin."

Great International Cycling Gathering to be Held Here.

The Executive of the C.W.A. So Decided at a Meeting Held on Saturday—Montreal Fats Up a Strong Bid, But the Committee Favors This City—All the World's Champions Will Be on Hand.

Saturday afternoon the Executive Committee of the C.W.A. met in the Saturday Night Building with the president, Mr. J. H. Bennett, in the chair.

The president's report on his visit to Montreal was read and approved. He reported that he had had in having the assistance of as to all matters pending.

The meeting was attended by a large number of the officers of the association, and the selection of Toronto for the big event was unanimously decided.

Mr. H. B. Donnelly was appointed to represent the C.W.A. at the world's championship meet to be held in Vienna, Austria, in September of this year.

The meeting was presided over by Mr. J. H. Bennett, who presented his report on the results of his visit to Montreal.

Mr. J. H. Bennett was in the chair, and the following were present: A. E. Walton, J. H. Bennett, H. B. Donnelly, and others.

TORONTO IN SECOND PLACE.

The Sunday Loss in Syracuse Let the Barons Up on Top.

Providence Takes a Sudden Drop From First to Fourth Place—The Saturday Shut-out at the Island Was the Clamdiggers' First of the Season.

Providence only lost two games in Toronto because they only played two. The Islanders were in great form, but Saturday night's ride across the lake seems to have upset them entirely, and Syracuse won the Sunday game in a center.

The Clamdiggers made the Islanders attracted to the Island. The Islanders were in great form, but Saturday night's ride across the lake seems to have upset them entirely, and Syracuse won the Sunday game in a center.

OVER 400 BIRD CYCLES

have been continuously employed for the past four months building Brantford Red Bird Bicycles.

During that time the big factory has been running from 20 to 23 hours every working day of the week.

Hundreds of good orders have been lost through inability to turn out a sufficient number of wheels, but nevertheless thousands of wheels have been sent to delighted buyers in all parts of the country.

It is Red Bird excellence that creates the demand.

LOST THREE OPPORTUNITIES.

Sir Wilfrid Laurier has lost three great opportunities of advancing the interests of Canada. One he threw away when he rejected the arrangement made by the Conservatives for a fast Atlantic service, another when he told the English people that Canada wanted to return for the tariff preference and the third when he brought to a standstill the negotiations for a Pacific cable.

With improved cold storage facilities our exports of butter should be increased every year until they surpass the cheese exports. It would be well for the farmers of the Maritime Provinces to turn their attention especially to butter-making.

Domion Alliance Executive Issues a Strong Appeal—Call for Organization.

The Executive of the Dominion Alliance met in the office of Secretary Spence on Saturday afternoon, when there was a large attendance. It was decided to issue the following appeal to the public:

To all friends of temperance in Canada: The Plebiscite Bill has been passed by Parliament. The money for the expense of voting has been appropriated. It is now certain that early in the coming autumn the electors of Canada will be asked to vote "yes" or "no" on the question of the total prohibition of the liquor traffic.

This contest will be one of the fiercest in the history of our country. The liquor traffic will be the issue and will fight us never fought before. The very life of our country is at stake. We must be united, united and organized.

We cannot win without personal sacrifice. We must be ready to give money, time and energy to the fight. Organization must be perfected, literature must be circulated, meetings must be held. Every voter must be personally canvassed.

Men and women, we appeal to you to help in this work in this hour of need. Do it for the sake of the homes that will be desolated and the innocents and weaklings that are doomed to ruin and shame if this traffic goes on.

Loose no opportunity for work. Every available assistance will be needed. Wisely seek to promote the means for the work. Your church, your Sunday-school, your Young People's organization, your temperance society, your business, your social life. Enlist every one of these influences in support of this great reform. Every one of them is a force that may be utilized. Make special efforts to secure the aid of the press in your locality. In it you will often find a warm and potent friend. Help with facts, arguments and information that will nearly always be welcomed, appreciated and used.

If there is no plebiscite organization in your locality unite yourself with it. If not, take steps at once to have such a work begun. Lose no time. A great responsibility is given us. Do your utmost for God and your Country.

By order of the Dominion Alliance Executive. F. S. SPENCE, Secretary. J. J. MACLAREN, President.

WHAT STEAMER IS THIS?

Hails From St. John, N.B., and is a Wreck on the Newfoundland Coast.

St. John's N.F., June 11.—A steamer, whose name is not given, white hull, from St. John, N.B., for England with a general cargo and a deck load of seals, ran ashore during a dense fog at about 9:30 o'clock Friday morning at St. John's Cove, in the south coast of Newfoundland, 100 miles from here. The messenger of the vessel did not remember the name of the vessel, but saw several women aboard her. It is believed that the crew and passengers were saved, as the water was smooth when the steamer struck. The wreck has since become rougher, however, so it is probable the ship has been driven so heavily upon the rocks that there is no likelihood of getting her off.

IT WAS THE ARBELA

That Was Wrecked in St. Mary's Bay, Nfld.—From St. John for Liverpool.

St. John, Nfld., June 11.—The steamer wrecked in St. Mary's Bay yesterday proved to be the Arbelia (R.), Captain Smith, from St. John, N.B., for Liverpool. It is believed that the crew and passengers were saved, though there is no news of knowing positively that this is so. The wrecked tug, Ingram, which went for her, was unable to approach the wreck owing to the severe storm which was raging. The Ingram reports that the sea is making a great headway toward the Arbelia, and that her deck load of seals are scattered along the coast. Owing to the storm, no direct news can be obtained by telegraph. It is certain that the ship will prove a total loss.

FEAST OF CORPUS CHRISTI.

Catholic Order of Foresters Attend Service at St. Joseph's.

Last evening the members of the Catholic Order of Foresters, to the number of 130, attended service in St. Joseph's Church in celebration of the Feast of Corpus Christi. Rev. Dr. Teedy of St. Michael's College delivered an eloquent sermon, taking for his theme, "Faith, Hope and Charity," the motto of the society.

Rev. Father McEneaney, the pastor of the church, followed, thanking the members for their fine turnout and also St. Joseph's Choir, under whose auspices the service was held.

Musical vespers were rendered and the music was of a very high order. The soloists were Miss Alice McCarron, Miss Annie O'Connor, Miss Murphy, Mr. W. Armstrong, Mr. M. F. Morgan and Mr. C. J. Tomney. The feature of the service was the vocal duet by Miss Annie O'Connor and Mr. W. Armstrong.

In Memoriam William Grainger.

"Pro Rege et Patria." Over 50 years ago Mr. William Grainger, who departed this life on Saturday, six years after the allotted three score years and ten, was the gay young Sergeant-Major of the Yorkville Cavalry. Captain Grainger commanded, and was presented by the ladies of the village with a flag, on which was the above inscription and a sword, and carried himself away back in the rebellion days of one "For King and Country."

In his long career in Toronto he saw, in many changes in his adopted city, and stirring times in this country. Mr. Grainger came to Canada in 1832 and arrived in Montreal, where he remained two years, during the time of the great cholera scourge. He then came to this city, where he has been a respected resident for 51 years in the North End, and had, until a few years ago, been in the wholesale butchery business. Deceased had the honor of holding the first Dominion Day flag on Yorkville Town Hall, and although never taking an office, was always, and all his relatives, unwavering Liberal-Conservative in politics. He was one of the first members of St. George's Society and also of the York Pioneers. His wife predeceased him some three years ago. Three sons survive him—Christopher ("Kit"), well known in the Northwest, of which country he was one of the pioneers; William, corporal of the Q. O. R. Reserve, and of which regiment he was a former active member, and Charles, who is well known all over Canada as a his playing career, one of the star defense increase players of the country. The remains will be interred this afternoon, the funeral taking place from the family residence, on Cumberland-street.

The Railway's Side of the Case.

From The Railroad Gazette.

The latest report of the discovery of a man's nest comes from Canada. General Manager Hays of the Grand Trunk has notified the employees of the road that new code of train rules will be adopted on July 1, and some of the men have discovered that in this change there is great danger that the oldest Canadian railroad is to be unduly "Americanized." The danger is so alarming that it has been made the subject of parliamentary inquiry. Various members have declared about the rights of employees and the danger to life and limb that employees and passengers will be subjected to as soon as the ancient rules of the Grand Trunk are laid aside. So far as the most serious fault yet found is a rule requiring freight brakemen to be on the tops of the cars when trains are moving up grade! As Mr. Hays is, doubtless, simply adopting the improvements embodied in the standard code of the American Railway Association, which were put in use on his former road, the Wabash, with marked justification in counselling the Canadian legislators to calm themselves, and to show their sympathy with labor in some other way. The real trouble seems to be a fear on the part of some employees that the new rules can judge by the importation of men from the States" to do work now done by himself and his fellows, a fear which, we feel sure, is unwarranted and will prove entirely groundless.

Change of Time.

The Hamilton Steamboat Company have decided to run the steamer Macassa two round trips daily on and after Saturday, June 11, leaving Toronto 11 a.m., 8:15 p.m.; Toronto 7:30 a.m. and 2 p.m. Commencing Friday, June 11, the Modjeska will be on the route and, along with the Macassa, will give four round trips daily between Toronto and Hamilton. GROCERY and PROVISION DEALERS

Confederation Life Building

Yonge Street, Toronto.

WE ANNOUNCE this morning our retirement from the retail Grocery Business and the disposal of our stock and good-will to **The Robert Simpson Co., Limited.**

To the large number of customers who have continuously favored us with their orders we wish to explain why we closed with this cash offer for our business. We would gladly continue to serve our friends, and are retiring—not because of lack of business—we have had a good volume of trade—but the very close margin on which our goods have to be sold and the great cost of a delivery system—City and Suburban—together with other reasons, are making it impossible for us to continue profitably.

We gladly announce that customers will be served and our celebrated brands of provisions supported by a firm of such high standing as **The Robert Simpson Co., Limited.**

In connection with their great business they have a perfect delivery system. Handling enormous quantities of goods they can do it at the smallest cost. We believe they value their reputation too highly ever to sacrifice quality to cheapness. We have, therefore, the satisfaction of knowing that they will be able to serve our customers well and faithfully. We thank them one and all, And remain, faithfully,

NEW YORK AND OTTAWA R.R.

Proposal to Double the Capital Stock Being Considered at Albany.

Albany, N. Y., June 11.—The State Board of Railway Commissioners has been requested to grant authority to the New York and Ottawa Railway Company to increase its capital stock from \$1,450,000 to \$5,000,000, and a hearing will be given on the company's application at Syracuse on June 21. The railroad was formed last October by a merging of the Northern New York Railroad and the New York and Ottawa Railroad, and it extends from Tupper Lake through the Northern Adirondacks to the St. Lawrence River. The increase in its capital is desired in order to enable it to acquire the stock of the Ottawa and New York Railway Company of Canada and other corporations are absorbed. It will form a 57 miles than the present route from New York.

All the costly household furniture, valuable upright pianoforte, carpets, drawing room, reception, library and bedroom furnishings in application to 51 Hunting street, near Bloor-street, will be sold to-morrow morning at 11 o'clock. Mr. Chas. M. Henderson will conduct the sale.

ALLANDALE AND BARRIE.

Farmers Are Jubilant in the Neighborhood Over Good Crop Prospects.

Allandale, Simcoe County, June 11.—(Special)—It has fallen here and farmers are jubilant. They say that a few more wet days means hundreds of dollars in the fall. The crop prospects in Simcoe County are excellent. Business also is very brisk in town.

Alex Brown, a prominent merchant and pioneer settler here, said to The World correspondent: "Our trade is very brisk at present. Farmers have money and are willing to spend it, because they anticipate a splendid harvest. Barrie is on the verge of a boom. New stores and handsome residences are rapidly rising. Allandale is also a powerful rival, with its railroad shops and pushing citizens."

"How is the stock industry?"

"Well, farmers are going in for it more and more every year. Cows, sheep and pigs are proving a paying concern. J. A. Pease has a large dairy farm and his milk commands a good price at our new creamery. Shropshire sheep have lately been imported to the county and they already have paid their owners two or three times over."
