Serious Disorders Reported in Pittsburg District

QUIET AROUND CHICAGO

Both Sides Claim Advantage Situation—Managers Say They Are Better Prepared to Continue Operations—Men Assert Strike is Spreading

The second day of the great struggle between the labor unions and the United States Steel Corporation opened with the question as to the extent to which the industry has been affected by the strike still uncertain, confused as it is by the conflicting claims of the leaders on either side. That the industry has been grievously crippled in the great centres of Pittsburg, Chicago and Youngstown was certain and early reports today recorded several gains for the strikers.

In the Youngstown Valley district, of which Youngstown is the heart, all reports agreed that the strikers had achieved their most marked success. The strike leaders claimed that 55,000 men had quit work and their claims were supported by the fact that many large plants were closed, three in particular, which employments 16,000 men. Plants which were operating had admittedly greatly reduced forces.

The possibility of the spread of the strike to as yet unaffected plants was more threatening today. At the Bethlehem works of the Bethlehem Steel Corporation where 36,000 men are employed the union leaders announced that no reply had been received to their request for a conference with the company officials and that preparations were being completed for calling out the workers.

In the Pittsburg district, where the day of the steel strike in the Pittsburgh district was ushered in with both employers and union leaders claiming the advantage for their respective sides, representatives of the companies announced that they were in better shape today to continue the operation of their plants which did not close Monday, while the union leaders declare that the strike is spreading and will cripple additional mills before night.

The Carnegie Steel Company, largest subsidiary here of the United States Steel Corporation, has closed several of its plants in the district, according to an official of the concern, the situation as regards labor is improving, and the opinion was expressed that additional loyal workers, who failed to turn out Monday, will be on the job today.

Disorders, some of a serious nature, marked the first day of the strike in the Pittsburg district. Two men were killed at Farrell, one during a clash between state police and local officers and a crowd of about 1,000 persons near the American Steel & Wire Company's plant. The other victim was murdered by a fellow worker when he is said to have refused to go on strike. Two state troopers were shot during the Farrell outbreak, while seven persons were struck by bullets during a clash between mill guards and a crowd at New Castle, Pa. Other disorders occurred in the district and many persons were slightly wounded.

All Except Independents Closed. Chicago, Sept. 22.—The second day of the nation-wide strike in the steel industry found all plants in the Chicago district shut down, except independent mills at Hammond, Ind. Statements of industrial and labor heads were still at variance regarding the number of workmen who had answered the strike call. Labor leaders asserted today that more than 75 per cent of the workmen in the district have left their work, while company officials said the number who failed to report at the mills was not more than 30 per cent of the total of nearly 90,000 men employed in the district. It was believed that the second day's developments would be clearly the least of the phase of the situation, however.

In this district the strike has developed no violence. At Gary, Ind., guards escorted from a possible addition to the ranks of the steel mill workers who walked out. Engineers at Gary who left their work yesterday reiterated statements that they would remain out. On the other hand, Secretary Comerford of that union declared that "even if this union had a personal grievance it would not strike in the face of a request made by the president of the United States that no action be taken until after he had opportunity to confer with the various parties to the controversy on Oct. 6."

Austrian Privy Council Minutes of July 7, 1914, Published

SIGNED BY EMPEROR

Records Show Von Berchold Then Foreign Minister to Have Been Determined—"The Right Moment—Germany is Ready to Assist" He Said

Vienna, Saturday, Sept. 20.—(By the Associated Press)—There were made public today from the archives of the former Austro-Hungarian government minutes of the meeting of the privy council on July 7, 1914, at which it was virtually decided to begin war on Serbia.

According to this publication, the ministry of Austro-Hungary, especially Count Leopold von Berchold, foreign minister, was solely responsible for the outbreak of hostilities.

The minutes show the meeting to have been opened by Count von Berchold, who pleaded for an immediate resort to arms against Serbia, stating that Italy and Rumania "could be compensated afterwards" "not having been consulted before hand."

Count Stephen Tisza, then Hungarian premier, opposed war, demanding that diplomatic action be taken first and then that an ultimatum of an acceptable nature be sent. Only in case both failed would he have resorted to arms.

Count von Berchold thereupon said: "Now is the right moment, because Germany is ready to assist."

Reports From Fiume Are Very Conflicting

Announcement That Cordon Has Been Established About City Followed By Story That D'Annunzio Has Extended Zone of Occupation

London, Sept. 23.—Italy, which was given a free hand to handle the problem arising out of the seizure of Fiume by Captain D'Annunzio as a democratic affair, is said in reports current here to have made an appeal to the Allied powers to take the matter in their hands and send a force to Fiume to expel the insurgent troops from the city. It is claimed Italy has stipulated that if such a force is sent to the Adriatic city it must not include Italian units.

Reports from Fiume seem to be conflicting. One states that Gen. Badoglio, deputy chief of staff, who was sent from Rome to deal with the situation, has established a cordon about the city, while another states that the Italian forces have extended their zone of occupation, having advanced into Jugo-Slavia seven miles on Sunday. It appears, however, the reported "blockade" of the city is not particularly effective, it being reported that train load of supplies has reached Fiume.

Another dispatch says four more companies of Italian soldiers joined Captain D'Annunzio on Saturday and Sunday. Despatches from Trieste declare the commander of the French ships in the harbor has notified Captain D'Annunzio that if the stores forming the base of the Italian forces are not removed, he will order his ships to open fire on the city.

Rome, Sept. 23.—Tommaso Tittoni, Italian foreign minister, has resigned because of the Fiume incident, according to an announcement by the Giornale D'Italia.

Four companies of Italian infantry guarding the armistice line went over to Captain D'Annunzio's forces during the last twenty-four hours. The conservative figures place the number of troops in Fiume at 5,000, consisting of infantry, cavalry, artillery, aviation, marines and sailors. Two brigades can be formed from these forces.

Volunteers continue to struggle into Fiume from military posts on the Istrian peninsula, and some are marching over the mountains from points north of Trieste.

The minutes say the council then discussed the probability of a general European war and what course the Austrian government would take. This latter point and any decision that was reached relative to it are also omitted.

At far-reaching demands he made of Serbia that she could not fulfill them, and thus a way would be opened to a resort to arms.

Count Tisza demanded to see the ultimatum before it was sent to Serbia, saying: "I am willing to resign if it is contrary to my views."

On the afternoon of the same day another meeting was held at which mobilization of the army was discussed. The chief of staff was asked by the war minister if it was possible to effect a mobilization which would appear to be against Serbia only, but at the same time make it possible to meet Russia also if the troops could be spared, and to keep Rumania in fear of invasion. Plans which were made are not disclosed in the publication.

REVOLUTIONISTS ANNOUNCE PLANS FOR OVERTHROW OF THE GERMAN GOVT

General Strike, Dissolution of the Army, Establishment of Communist Regime Among Aims of Russian and German Party.

Geneva, Sept. 22.—A general strike in all industries in Germany, the dissolution of the German army and the overthrow of the democratic German government in favor of a communist regime during the coming winter has been decided upon at a conference held by Russian and German revolutionists, according to the Munich Neueste Nachrichten. The newspaper says that the headquarters of the movement are to be established at Leipzig and will be in close touch with Moscow.

BERLIN ANXIOUS ABOUT MEMEL

Paris, Sept. 22.—(Havas)—Hermann Mueller, the German minister of foreign affairs, has instructed Baron Kurt von Leisner, head of the German peace delegation at Versailles, to transmit to the peace conference a note concerning the Memel territory, pointing out how much the present situation is harmful and unbearable to the inhabitants of this territory, and requesting the Allied and associated powers to make a decision as soon as possible with regard to ascertaining the desires of the people of the territory.

Memel, a seaport in Prussia, is the most northern town in the former German empire. It is situated on the Baltic, seventy-two miles northeast of Königsberg. A dispatch from Berlin Sept. 8 said the German troops had completely evacuated the territory south of the Memel river.

Complies With Allies' Demands. Versailles, Sept. 22.—(Havas)—Baron Kurt von Leisner, head of the German mission, signed the protocol annulling Article 61 of the German constitution this afternoon. This article provided for Austrian representation in the German parliament.

NO DUTY ON MOTOR CARS

London, Sept. 23.—Sir Auckland Geddes, minister for national service and reconstruction, gave no hope that a tariff would be imposed upon American motor cars when questioned by a deputation of manufacturers who called at the board of trade yesterday. He declared that for some time the British "had little fear of American competition, as existing duties, the cost of private cars, freight, packing and insurance and the loss in international exchange gives ample protection."

Galicia's Future. Paris, Sept. 23.—The status of the former Austro-Hungarian crown land of Galicia was before the supreme council for discussion this morning. Premier Paderewski of Poland, was heard by the council in presenting the Polish view as to the disposition of the territory. The claims of the Poles and Ukrainians to Galicia are widely at variance.

PROMISES TO DEAL SEVERELY WITH ABSENTEES

Judge Chandler Gives Warning at Opening of September Circuit—Two Criminal and Six Civil Cases—True Bill Against Harin

That he would deal severely with all jurors who failed to put in an attendance was the statement made by His Honor Judge Chandler at the opening of the September circuit of the supreme court this morning. There was a large number of absent jurors and his honor said that the jurors should consider that they are called upon to perform a public duty and that it was not a matter of their own convenience or the convenience of the court whether or not they should attend. Under the new jury act the penalty for grand jurors is \$12, and for petit jurors \$10. His honor stated that he would see that the penalty was imposed upon the jurors who neglected to attend court this morning.

Two criminal cases were before the court—that of the King vs. Jack Hayes, charged with assaulting Sheriff Wilson, and that of the King vs. Stanley Hartin, charged with theft. Dr. W. B. Wallace, K. C., is appearing on behalf of the crown and in the case of the King vs. Hayes, Daniel Mullin, K. C., is appearing for the defendant. In the case of the King vs. Hartin, William M. Ryan is appearing for the defendant.

The following is the grand jury: N. Fred Dunham, Harry J. Armstrong, Charles H. Lawson, Frederick C. Keen, John A. Davidson (foreman), William N. Gale (absent), W. Herbert Downey, Horatio N. Benson, Leo A. Durick (absent), Warren B. Farly, Samuel J. Holder, E. E. Fraser (absent).

The following jury was summoned by Coroner Porter in the case of the King vs. John Hayes: Frederick W. Amland, J. Firth Bellman, John A. Bauer, John C. Berrie, Thomas L. Baxter, John L. Collins, William A. Coleman, Thomas H. Carter, Orlando W. Chesley, W. Edgar Campbell, Maurice D. Col, George E. Dowes, Arnold D. Fox, John S. Eagan, Charles H. Frisdel, Stanley E. Hoyt, William G. Gray, Edward J. Hilyard, J. A. S. Keirstead, Ernest J. Todd.

The following are the petit jurors: Walter A. Lordly (absent), John Jackson (absent), William J. Cunningham, Charles H. Ramsey (absent), C. W. Hope Grant, J. Willard Finn, Alfred W. Eby (absent), Edward P. Logan, William S. Charlton (absent), M. W. Galley (absent), James Craigie, Charles T. Green, Edson Byelan (absent), Robert M. Bartsch, John R. Leck (absent), Herman J. Non-Jury Docket. Burns vs. Maritime Nall Co.—J. Fred Taylor, K. C. Bank of Nova Scotia vs. Hatfield-Barnhill, Ewing & Sanford.

Jury Docket. Camp vs. Kennedy—J. F. Taylor, K. C. Bazer vs. Ozis—L. P. D. Tiley, K. C. Lupe vs. Hogan—D. Mullin, K. C. Speight vs. J. McAvity & Sons, Ltd.—K. A. Wilson.

The grand jury found a true bill in the case of the King vs. Hartin on a charge of theft.

MONCTON MEN STILL MISSING

Moncton, N. B., Sept. 23.—Up to 11.30 a.m. no word nor trace of the missing seven young men from Moncton has been heard or found. City Clerk Magee, on behalf of the city, telegraphed A. B. Copp, M.P., asking him to present the case before the department of marine and fisheries and urge the sending out of steamers, which he had done. Telegrams have been sent also to every conceivable point. This morning Hon. C. W. Robinson, M.P.P., who is at Chatham, N. B., with Premier Foster, was reached by telephone and arrangements were made by him to send out from Chatham the steamer Stern to search the waters from there out toward the northwestern portion of Prince Edward Island.

CAPTAIN R. A. MAJOR TO BE ADJUTANT OF 62ND

Local Officer, Recently in Charge of Dispersal Station, Won Distinguished Overseas Record

It was announced at local military headquarters this morning that Captain R. A. Major, M. C., who is well known in this city, has been appointed adjutant of the 62nd Regiment, St. John Fusiliers, his appointment taking effect September 16.

Captain Major has a most distinguished record overseas. He joined the 55th Battalion and went overseas with the rank of lieutenant. He was appointed adjutant of the New Brunswick Reserve Battalion in Seaford, which position he held until returning to France early in 1918. He was again wounded on May 16, 1918, at the village of Mercenay when the second division was assisting the third British army during the German drive. At this time Captain Major was adjutant of the 29th Battalion. On August 8, 1918, he was wounded at the great battle of Amiens, this time so severely that after a prolonged convalescence in England he was returned to Canada and December 1918.

Shortly after his arrival here his services were immediately sought, and he organized one of the most efficient dispersal stations in Canada, one that has established records in handling large bodies of men in the shortest space of time. It will be remembered how quickly by the 20th Battalion and the ammunition column were dispersed, as well as many other large bodies of men. Captain Major is a graduate of Dalhousie University at Halifax in engineering and before the war was employed with the Western Union Telegraph Company. He was awarded the military cross after the battle of Hill 70, while with the 20th Battalion, which was then temporarily commanded by Lieut. Col. W. R. Brown, during the illness of the late Lieut.-Col. A. E. G. McKenzie.

A host of friends in this province and elsewhere congratulate Captain Major on receiving his new appointment and are glad that it has been awarded to one so deserving of that position.

THE WAGE QUESTION. In anticipation of giving the matter brought before the regular meeting of the common council this afternoon, the mayor and commissioners held a private meeting in the mayor's office this morning and talked over the demand for increase in the wages of the city employees. The matter was gone into thoroughly and it was found that there was a great deal of difference between the conditions in the various departments. It is expected that substantial progress will be made in the question this afternoon.

OVER ONE HUNDRED RESOLUTIONS FOR LABOR CONGRESS

Interest Centres in Motion in Favor of Direct Action and Industrial Form of Organization

Hamilton, Ont., Sept. 22.—Discussion of resolutions is expected to occupy the attention of the delegates to the thirty-fifth annual session of the Dominion Trades and Labor Congress at the meeting to be held today. Over one hundred resolutions have been submitted and are now under consideration by the committee on resolutions. A great number of these deal with questions of organization and take immediate steps to form the same. The following motion will probably cause the greatest discussion:— "Whereas the present form of organization in this country is no longer adequate to protect our interests, be it resolved, that this congress place itself on record as in favor of direct action and the industrial form of organization and take immediate steps to form the same."

THE STEEL STRIKE

(Continued from page 1)

Riot at Buffalo
Buffalo, N. Y., Sept. 23.—Disturbances which began in the vicinity of the Lackawanna Steel Company's plant last night were continued this morning. A master mechanic was set upon by a crowd and severely beaten. A riot call brought out the police and two men were arrested charged with rioting. The Lackawanna Steel Company has virtually ceased operation, according to police reports from Lackawanna. It was definitely announced by the Donper Steel Company that its plant would be closed tomorrow, the men at work today being used to bank furnaces and make other preparations for a shut down. The two plants employed about 6,000 men. Switchmen on the South Buffalo Railway today quit work when ordered to move cars into the Lackawanna Steel Company's yards. Farrell, Pa., Sept. 23.—More rioting occurred here today. Many shots were fired in the new disturbance. The police say that at least eleven persons were struck by bullets. Lake Seaman in Sympathy
Chicago, Sept. 23.—Union seamen employed on the ore-carrying lake boats of the United Steel Corporation today completed their balloting and voted almost unanimously to strike in sympathy with the steel workers, according to a statement tonight by Patrick O'Brien, secretary of the Chicago local.

SEPTEMBER BRIDES

Worden-Welch
The wedding of Miss Rose M. Welch, daughter of Mr. and Mrs. John Welch of St. John, to Kenneth W. Worden of St. John, was solemnized this morning at 10 o'clock at the Mission Church of Saint John Baptist, Paradise row, by the Rev. J. V. Young, priest in charge, assisted by the Rev. H. E. Bennett. The bride was attired in white silk with georgette drapings and pearl trimmings, with hat to match and carried a bouquet of pink roses. The groom wore a blue suit with a white shirt and a blue tie. After the wedding a dainty breakfast was served at the home of the bride, after which the bride and groom left for a trip through New Brunswick, stopping at Belle Isle Creek, where a reception will be given by Mrs. R. D. P. Northrup, grandmother of the groom, and Mrs. E. D. Goggin, aunt of the groom. On their return Mr. and Mrs. Worden will leave for Montreal where the groom will reside. A pretty wedding was solemnized by Rev. G. A. Kuhring in St. John's (Stone) church, last evening at 8:30 o'clock when he united in marriage Miss Ethel Lindt Harrison and Charles Leslie Tait. The bride was given away by her brother, Mr. Charles Tait, and the groom was given away by his brother, Mr. Charles Tait. The bride wore a blue suit with a white shirt and a blue tie. The groom wore a blue suit with a white shirt and a blue tie. The ceremony was performed by the Rev. G. A. Kuhring, pastor of the Tabernacle Baptist church. They were unattended. Following the ceremony a wedding supper was served at the home of Mr. and Mrs. J. A. Harrison, 182 Adelaide street.

REUNION AND DANCE
The officers, N. C. O's and men of the 3rd "N. B." Regt. C. G. A., have decided to hold a reunion and dance in the Portland street Methodist church on Friday evening the 17th of October.
All who were members of the 3rd Regt. in 1914 or since or who were members of the batteries, ammunition column or drafts furnished to the C. E. F. by the 3rd Regt. are entitled to invitations and are requested to communicate with the Adjutant, Captain E. M. Sladewer, at the armories.
Invitation will be issued to officers, N. C. O's and men on application on special duty in connection with the reunion and dance. 17718-9-25.
WELL KNOWN OFFICERS RETURN HOME TODAY
Three well known local officers are included in the list of those who have returned to Canada after much service overseas—Capt. W. M. Marsh, Capt. Wm. C. Birrell and Capt. F. W. Fraser. The latter two reached the city this morning on the early train while Captain Marsh is expected tonight. Captain Birrell was home in May last, returning with the 26th Battalion with which he went to France as the original paymaster. He went back to England on special duty in connection with the paymaster's office, but received a warm welcome during his stay, which now will be repeated.
Leaving here with the 118th Battalion, Captain Fraser went overseas as paymaster. When the battalion was broken up he went to France with the 3rd Trenching Battalion and has since been serving with various units as paymaster, latterly with a forestry battalion. He was very popular with many friends here who will extend a hearty welcome. Captain Marsh has lately been adjutant of the 13th Reserve Battalion in England. He was a member of the original 26th Battalion but was wounded quite badly in the early stages of its stay in France. He won his commission on the field and made a most satisfactory record.

RACING AT COLUMBUS

Columbus, Ohio, Sept. 23.—Columbus Day will feature the grand circuit racing here today, providing the weather is favorable. Two rich stakes, that of the Chamber of Commerce for 2,000 trotters and the Board of Trade stake for 2,000 pacers, are the leading events scheduled. With fair weather promised the track should dry rapidly after the rains of the last few days. In the Board of Trade event for 2,000 pacers, the field is not large, but it will bring together Grace Direct and Canardo, for what should be another hot meeting.

Will School Work Strain the Eyes?

Frequently children are not able to do good work in school. This is due to the fact that the eyes are strained by the glare of the blackboard or the printed page. The child does not know that he can't see well and he is not aware of the fact that the trouble is physical, not mental. A pair of properly fitted glasses often makes the difference between a child who is bright and one who is dull. We are especially well equipped to take care of the eyes of children. We will be glad to have you consult us about your child's eyes.

IN WALL STREET.

New York, Sept. 23.—(Wall street)—United States Steel was among the few important issues to show an uncertain trend at the firm opening of today's stock market, reacting a large fraction. This was soon regained, however, on the strength shown by other favorites, especially equipments, oils, tobaccos and leathers. Before the end of the first half hour gains on Baldwin and American Locomotive, Mexican Petroleum and Texas Company, American Tobacco Central Leather and various specialties extended from one to seven points. Trading was more active and broader than yesterday's early period.

THE 13TH CHAIR IS MOST UNUSUAL

Mystifying Melodrama of Many Thrills Kept Imperial Theatre Audience Guessing Until The Climax

Since Bayard Veiller began writing for the stage he has overturned a number of traditions. It takes nerve to do that. Breaking precedent is a test of a man's independence, especially in matters of the theatre. "Don't fool the audience," seemed to be Rule No. 1 in the Playwright's Union, but Veiller smashed it when he wrote "The Thirteenth Chair," the melodrama that mystified New York audiences for over a year, and which has just been adapted to the screen and directed by Leonce Perret for Pathe as being shown at the Imperial Theatre this change of programme.

So completely has Mr. Veiller covered up his tracks in "The Thirteenth Chair" that many an usher has been approached by mystified spectators who wished to pay for advance information as to who killed Spencer Lee. In every case, however, the usher preferred to keep the spectator guessing.

In adapting "The Thirteenth Chair" to the films it was easy for Leonce Perret to follow the original and preserve the

secret up to the final moment, but it was not so easy to do this in shaping the prologue, which was found necessary for a screen performance and which met with the hearty approval of Mr. Veiller.

The Imperial was packed all day yesterday to see this striking original story and the rapt attention of every body proved the merit of the play as a thriller and interest-holder. The orchestra certainly added any thrills that the author may by inadvertence left out. In addition there were the usual first-of-the-week mixed subjects such as the British Weekly, Topics of the Day and Mutt and Jeff. On the whole the entertainment provided was especially fine.

UPWARD TREND OF MILK

The question of another jump of two cents per quart in the price of milk will be talked over by the farmers and retailers at a meeting to be held on Thursday. No raise was made during September when the green pastures could be used, but the producers say that milked feed having gone up to \$100 a ton, it will be impossible to produce milk at the present prices and the only alternative would be to stop selling the product on milk farms. The retailers generally are opposed to the raising of the price, but will be compelled to do so if they have to pay more to the farmers for it. The farmers say that if the board of commerce limits the price of milk, they should also limit the price on milked feed.

EXHIBITION REPAIRS

A joint committee of the common council and the St. John Exhibition Association yesterday made an inspection of the exhibition buildings and arrived at the conclusion that part of the main building will have to be repaired immediately. Captain Bennett's military headquarters, accompanied them. When the buildings were loaned to the military authorities it was with the agreement that they would be returned in good condition and that department, it is understood, has given the assurance that payment will be made for the necessary repairs. A quantity of material belonging to the militia department still is in the buildings, but this is being disposed of. Those who made the inspection yesterday included Commissioners Thomson, Jones, and Fisher, A. O. Skinner, H. A. Porter, W. F. Burditt and E. A. Schofield.

NOT LIKELY BIG CROP POTATOES THIS YEAR

Brookville, Sept. 23—Farmers who are beginning to dig their season's crops of potatoes in this section say that indications do not point to a bumper yield by any means. They find a large loss through rot, and as a rule the tubers are small. It is a trifle early yet to form conclusions as to the whole crop, and it may be that more extensive harvesting will show improved condition, but it is doubtful, growers say.

As James E. Bryant, secretary of the school trustees at Fairville is prevented by ill-health from performing his duties in collecting the school taxes, John H. Britney had been appointed to his duties temporarily.

It was decided yesterday to postpone the classes in cooking and dress-making that had been arranged by the Women's Institute and the classes will commence on October 1 instead of this week. The later date was chosen as being more convenient for those who wished to join.

Signaller S. A. Skidmore, son of S. Skidmore, 24 Summer street, who was seriously wounded while serving with the 28th at Amiens on August 8 of last year, has gone from Fredericton Military Hospital to Toronto for another operation, this being the fourth he has undergone.

Adjutant and Mrs. Bury, of the Salvation Army, arrived in the city on Saturday evening from overseas. They had served with the Army huts in France since January, 1917, and saw many of the most important battlefields. Last evening they gave a very thrilling and graphic account of their experiences at the Charlotte street quarters of the army before a large gathering.

In the police court yesterday the two men, Louis Hermann and Peter St. Cyr, charged with stealing \$242 from Arthur Thomas, a farmer from Bellisle Bay, by means of a gambling game, pleaded guilty and the money having been returned by them, they were allowed to go on suspended sentence. It was understood that it was the intention of those men to leave the city. B. L. Gerow represented the prisoners.

PRaises N. B. Roads

The following letter from H. A. Frank, managing director of the Nova Scotia Shipbuilding and Transportation Company, Limited, is of interest: To the Editor of The Telegraph: Sir,—As a resident of both provinces, Nova Scotia and New Brunswick and without any favors to ask, or any political axes to grind, I wish to commend to your attention my impression of the comparative conditions of the roads of the two provinces.

I have had both the opportunity and occasion of extensively using the highways of these provinces in the past two years, and two years ago it was the generally conceded opinion that Nova Scotia possessed the better roads of the two provinces. Since that time conditions have reversed themselves, for the roads of New Brunswick are way above the international line to maintain the Carriacou coast and from Fredericton to the international line to maintain the average speed of twenty-five miles an hour, and for great distances to do as well as thirty-five to forty-five miles an hour with comfort to the passengers and without injury to the car.

It is quite evident in passing over the roads that these conditions have been brought about by a great amount of work done recently, and in a sane and practical way, and it is only fair that the man responsible for the better roads of the province, Hon. Peter Veniot, should be credited with this work, and I should say that the people of the province of New Brunswick should get behind him with their support, so that the good work can be continued and the people can point with pride to their good roads which place the province of New Brunswick one step further in the progress of civilization's march.

Very truly yours, H. A. FRANK. Liverpool, N.S., Sept. 20, 1919.

STABBED WHILE TRYING TO STOP A FIGHT

Sydney, N. S., Sept. 22—Frank Pinkham, a Pole, was severely stabbed in a fracas near Dominion on Saturday night. He had been with several friends to the house of an Austrian named Worth. While there a quarrel broke out between two men and Pinkham tried to separate them. In the fight that followed he received stabs in the arm, legs and head and is now in St. Joseph's hospital in a serious condition. It is expected that he will recover. No arrests have been made.

THE CHARTERED ACCOUNTANTS

The annual convention of the Dominion Association of Chartered Accountants which takes place in Winnipeg during the three days commencing with Sept. 16 will witness the first peace convention since 1913. Many topics of national importance are to be discussed and much benefit not only to the accounting profession, but to the business community will ensue from this gathering made up of expert accountants from all parts of the dominion. The deliberations of this convention will be followed with intense interest by all men who desire to see Canadian business methods placed on a sound basis.

To Quickly Remove Ugly Hairs From Face

(Beauty Notes) Beauty-destroying hairs are soon bished from the skin with the aid of a delicate paste, made by mixing some water with a little plain powdered delatone. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.

How Old Are You By Your Hair?

You may be thirty in years, but if you are bald-headed, gray, or your hair is dry, brittle, scraggly and ugly-looking, people will surely take you to be many years older. When your hair becomes faded, dry, streaked and scraggly, when it falls out badly and new hair cannot grow, the roots should be immediately vitalized and properly nourished. To do this quickly, safely and at little expense, there is nothing so effective as Parisian sage (liquid form) which you can get at all good drug and toilet counters. It's guaranteed to abolish dandruff—stop scalp itch and falling hair and promote a new growth or money refunded. It's in great demand by discriminating women because it makes the hair so soft, lustrous, easy to arrange attractively and appear heavier than it really is. A massage with Parisian sage is a real delight—easy to use, not sticky or greasy, and delicately perfumed—an antiseptic liquid free from dangerous ingredients and guaranteed not to color the hair or scalp. If you want good looking hair and plenty of it by all means use Parisian sage—a little attention now insures beautiful hair for years to come.

OPPORTUNITY FOR SERVICE
The resolution which Mr. R. E. Armstrong submitted to the Rotary Club yesterday urges what this newspaper has long advocated—a development of the community spirit in St. John.

There are those who believe that the members of this Rotary Club pledge themselves to use their best endeavors to bring about an improved community spirit.

The University of New Brunswick has the largest class of new students ever registered at that institution. Mount Allison University has the largest attendance of students in its history.

ANOTHER CAUCUS
The political pot at Ottawa bubbles again. A caucus of the Unionist party is called for today, and the Standard's Ottawa correspondent says it may have "far-reaching consequences."

Sir Robert Borden is in poor health. He has been advised to take a complete rest. Doubtless he would gladly relinquish the cares of office if he could do so with a feeling that he had not made the road harder for his party.

With nine hundred delegates present, the Dominion Trades and Labor Congress meeting in Hamilton is a deliberate and important one.

LONG REACH
One needs to go beyond Westfield into Long Reach to know the full charm of the St. John river in summer.

Many of us can remember a time when St. John fought for its rights as a winter port even to the point where its representatives in parliament presented their resignation as the alternative if justice were not done.

When the Standard attempts to belittle the work done on New Brunswick roads in the last few years it loses the confidence and respect of every motorist who uses the roads.

Makers of motor cars in England are asking for a protective tariff. The reply of the government gives them no hope of success.

SHIP BLEW UP AT SEA.
Pensacola, Fla., Sept. 22—The City of Biloxi, an Italian barkentine, bound from Gulfport, Miss., to Genoa, blew up twenty-three miles off Mobile Bay yesterday, according to survivors who were brought here by the steamer Knights Island last night.

Four men who had been on shore leave and who were coming alongside the ship at the time of the explosion are missing and it is thought they were thrown into the water and drowned.

The captain, Angelo Francisco, and twenty men took to the ship's boats and were picked up. It was believed the explosion, which was in the engine room, was caused by a leaking gasoline pipe.

ALBERTA'S HEALTH POLICY
Hon. A. G. At the home of ex-Conductor Malcolm Cummings in Moncton last evening his daughter, Miss Margaret, was united in marriage to Norman Steves by Rev. J. A. Ramsay.

The wedding of Miss Minnie LeBlanc and Edward Leger of the C. N. R. offices, Moncton, took place at Fox Creek, N. B., yesterday. Rev. Father Robichaud officiated.

In St. Bernard's church, Moncton, yesterday, Rev. J. Savage united in marriage Miss Elizabeth Adair and Walter Scott, both of that place.

RECENT DEATHS

Mrs. Adjutant Wells.
Mrs. Adjutant Wells, of the Salvation Army, passed away at the General Public Hospital yesterday afternoon after a short and painful illness. Mrs. Wells was well known to those who knew her and was an untiring worker in the cause of the Army. She was born in Newfoundland and was formerly Miss Annie Hubley, and for fifteen years she has been a school teacher for the Army there. She leaves to mourn her loss besides her two and infant daughter, three sisters, Miss A. M. Hubley, of Sydney (N. S.), who is now in the city, and the Misses L. E. and I. M. Hubley, at Glace Bay (N. S.), and one brother, R. S. Hubley, of Montana. Sincere sympathy is extended her bereaved relatives.

The death of Richard W. McDonald of Upham, Kings county, occurred suddenly yesterday at the home of his son, Henry McDonald, Moncton.

The death of Lemuel Allen Wilnot occurred at his home, Boundary Creek, last Sunday. He died in the house where he was born seventy-three years ago.

Abraham Goss, an employee of the C. P. R. at St. George, died at his home last Thursday and was buried on Sunday. He was a well known and highly respected official.

WED 41 YEARS WOMAN, 69, JEALOUS OF AGED SPOUSE

London, Sept. 22—Mrs. John E. Pool had her husband summoned to the West Ham court for assaulting her. She said she had to complain of her husband "gadding about with other women, one of whom would even come to their house." She admitted to the clerk she was jealous. She said she had reason to be and produced a pack of letters and postcards addressed to her husband. An extract from one read: "Sorry I did not see you last night. Love, S. S." Another extract read: "Don't you think the baby is getting like you?" On a picture postcard of a baby was written: "Don't you remember when you and I were like this?" The clerk asked her why she did not get a divorce and she replied that she would not go in for a divorce after being married 41 years.

NEW WEDDING GIFT VOGUE NOW PREVAILS IN ENGLAND

London, Sept. 22—People are still giving wedding presents in England, but there is a very noticeable change in the nature of the gifts. Instead of the proverbial tea set, butter dishes of former days, the donors are giving cheques to the newlyweds.

Trinkets set with real stones also are taking the place of plate or silver.

"Probably the principal reason is the housing shortage," declares a well known expert. "So many brides have no houses of their own, and they do not want to be burdened with a lot of articles that would have to be kept in storage."

Another odd custom is that of parents giving a "mortgage" on historic family sets of furniture to the newlyweds, providing for the claiming of the sets when the couple have settled down in earnest in a house of their own.

LOVE FOR ACTRESS LANDED PORTLAND BOY IN JAIL

Portland, Sept. 22—Herbert C. Currier, aged 20, arraigned in the municipal court yesterday on the charge of securing \$1500 worth of wearing apparel from three stores here, was held in \$5000 bail.

It is said that he became infatuated with an actress who played at a local theatre, bought fur coats and other valuables for her, using the name of his parents, who had credit accounts, and followed her to Boston and stopped in the same hotel.

He was arrested there Thursday and brought back. The stolen articles were recovered.

POINTS ON CANNING.

In canned goods there are two kinds of spoilage. The first is called "flat sour" which includes all forms of bacterial growth that develop within the container. The second type of spoilage to guard against is mould, a plant growth that is distinctly different from the bacterial growth. Molded foods are seldom more than surface affected because air is necessary for its growth but the "flat sour" spoilage means that the entire can must be discarded. Bulletin No. 93 of the Dominion Experimental Farms, Department of Agriculture, Ottawa, gives full information on the various methods of canning, including old and valuable recipes as well as new ones which have been found valuable. Canning has become the most popular means of preserving large quantities of fruit and vegetables and since these are plentiful during the summer months and at other times difficult to obtain it is important to preserve quantities during the growing season for use in winter. Moreover, the use of an abundant supply of fruit and green vegetables is essential to health at all seasons of the year.

A Lamp For Every Room

If Grandfather's "tallow" holder could come back to life, it would indeed be a sorry resurrection. Electricity aided also by Interior Decoration has, in place of the candle which did duty in all rooms, given us a different style of Lamp for every room.

Our new Autumn consignments have arrived, including a very fine showing of Electric Table Lamps for Living Room, Dining Room and Den.

Particularly pleasing is a range in Art Brass with decorated shades; also in Bronze are many other handsome pieces. A new style is the Boudoir Lamp in fine silver plate, a specially decorative glass shade in floral and landscape designs.

The display is very representative and offers many Wedding Gift suggestions.

Franco-American Toilet Requisites

First Showing in St. John of These High-Class Toilet Requisites

"HOW TO LOOK YOUR BEST AT ALL TIMES"

You do not have to be beautiful to be attractive, but you do have to know your own skin and your own hair to know how to take care of them. In many cases the difference between a plain woman and an attractive woman is only the complexion. It is the duty of every woman to be attractive, and a clear, smooth, glowing skin is always attractive.

The Franco-American Booklet will tell you how. Ask for one in our new Toilet Requisite Department on First Floor.

"FREE TO ALL"

Every treatment we sell and recommend has been developed to the point of perfection; has been proved successful by actual test by thousands of appreciative women. With each preparation will be found simple, complete, understandable directions for its use.

Dermatint imparts a becoming and youthful tint that is most effective on an oily skin.

Sandalon Complexion Powder is perspiration-proof and oil-resisting. This beautifying powder comes in six different shades to suit every complexion.

Dearest Complexion Powder—Prepared expressly for the dry skin. It has a softening, refining effect, which is decidedly beautifying.

Cutigiene—A skin food that has been continually satisfactory for nearly thirty years.

Cucumbergiene protects the skin from sun and wind and is an excellent foundation for powder.

Elegiène—A perfect finish for the oily skin. It feeds and nourishes and takes away the tired, drawn look; also removes the fine wrinkles.

Beautigiene is a bleaching cream for all skins, and will remove freckles, tan, brown spots, and greatly improve a skin that has become coarse-grained from neglect.

Bathigiene softens the water and makes it soothing to the most sensitive skin and the cleansing is very effective.

Balmigiene—A greaseless, whitening lotion for the hands; prevents redness, roughness and chapping.

Depiligiene—A safe, certain and harmless, superfluous hair remover.

Agnaline—Most important requisite. A nail food, nail tin, nail paste and nail polish. It keeps the cuticle around the nails firm and smooth, and destroys and prevents hang-nails.

Franco-American Tooth Paste—A cleansing cream that perfectly cleans, whitens and brightens the teeth, giving them a high polish.

Hairigiene removes the oily dandruff, leaves the scalp free and clean from excess oil, makes the hair easier to dress and promotes hair health to dull and lifeless hair.

Shampoo With Scalpygiene—A green liquid shampoo, prepared expressly for oily hair, and it takes much longer for the hair to become oily again after a Scalpygiene Shampoo.

Shampoo—A scented, dry shampoo powder that does not become sticky or gummy. It is easily and quickly removed and leaves the hair and scalp clean and free from oil, and makes the hair easy to dress.

Franco Waving Fluid will keep the hair waved and curled, as desired, in all kinds of weather and give that fluffy appearance without making it stiff or harsh.

High-grade Perfumes and Toilet Waters—True flower extracts, delicate, refreshing and natural. In each bottle there is a spray of natural flowers perfectly preserved.

Better Perfume value for the money is not to be had. Odors: American Beauty Rose, Danzone, Dearest, Fascination, Frangipini, Inspirate, etc.

“IS WORTH WEIGHT
IN GOLD,” HE SAYS

Wells Couldn't Dress Him-
self Without Help Before
Taking Tanlac—Is Now a
Well Man.

“I suffered for ten long years and tried all sorts of medicine and treatment, but I never got any relief until I commenced taking Tanlac,” said David Wells, a well known employe of the Dominion Marine Government Docks, and who lives on Charlotte street extension, West St. John, St. John, N. B., the other day.

“Well, sir, when I commenced taking Tanlac,” continued Mr. Wells, “I was so bad off with rheumatism, and was so weak and run-down from stomach trouble I could hardly walk, but yesterday I had a day, I walked sixteen miles and sat down and ate a hearty supper and then carried my wife out to the park to see the fire works. Now I claim that a medicine that will do that much for a man after all other treatments and medicines fail to even give him temporary relief is worth its weight in gold. Why, my stomach was in such bad condition that I couldn't eat any substantial food at all, and even the things I did eat would upset my stomach so that I was hardly ever able to retain it. Sometimes my head would swim so bad I could hardly stand on my feet, and then again my head would ache like it was going to burst. Then rheumatism hit me, and the pain and suffering I underwent from that simply can't be told in words. I finally got to where I had to have help to get my clothes on and off. These pains kept me awake night after night, and I just kept on getting down hill and getting weaker all the time until I was about all in.”

PREMIER OPENS
CHATHAM FAIR

Chatham, Sept. 22—There was a very good attendance at the opening of the Chatham exhibition here tonight. Sharply at 8 o'clock George Watt, president of the Miramichi Agricultural Exhibition Association, addressed a few opening remarks and introduced the following speakers who addressed the large number assembled in the order named: His Worship Mayor Goymer, Hon. W. E. Foster, premier of the province; Hon. E. A. Smith, minister of public works; Hon. E. A. Smith, minister of lands and mines; Hon. C. W. Robinson and F. J. Sweeney, M.P.

The annual meeting of St. Monica's Guild of the Mission church was held yesterday with the president, Mrs. Rowland Frith in the chair. There were record attendances of members and the past year's work was reviewed with satisfaction. Arrangements were made for giving a banquet to the men's club and holding a rummage sale at the end of the month. Rev. J. V. Young addressed the guild on the Forward Movement of the church and the treasurer's report showed a good balance for the year. New members were added to the roll. The officers were re-elected as follows: president, Mrs. Rowland Frith; vice-presidents, Mrs. W. D. Forster and Mrs. J. V. Young; treasurer, Mrs. E. E. Blair; secretary, Miss Schofield.

Weak, Nervous Children
Quickly Gain Strength
Under Following Plan

Nervousness, just like weakness, is a family predisposition. We inherit tendencies to disease just as we inherit physical resemblances. The strain of study, social duties, work at home—these all tend to make nervous troubles among children. No wonder that St. Vitus Dance, Epilepsy, and constant headaches have become alarmingly common. Pale, nervous, listless young people are met everywhere.

It is nothing short of criminal for parents to neglect signs of weakness in their children. By ignoring the slightest symptom of nervousness or mental strain, you may condemn your child to life-long invalidism. If any member of your family complains of headaches, fear of going into dark places, give them that wonderful tonic, “Ferrozone.” Strength of body and mind, hardy nerves, ability to study with comfort, all the attributes of health quickly follow the use of Ferrozone. It establishes strength, color, endurance, vim—does this by filling the whole system with nourishment and tissue-forming materials.

It's because we know the enormous good that Ferrozone will do, because we are sure every child and even grown folks, will be permanently benefited, that we urge you to give it a trial. All dealers sell Ferrozone in 50c. boxes, six for \$2.50, or direct by mail from The Catarhazone Co., Kingston, Ont.

SIXTY-NINE NEW

Civil and Electrical Engineering
and Forestry Are Popular
Courses—Four New
Professors on Staff.

Fredericton, N. B., Sept. 22—Sixty-nine new students registered this morning at the University of New Brunswick, which began lectures this morning. Of that number eight are entered in the sophomore year. Of the sixty-one freshmen, five are women, four taking the arts course and one a special course. The sophomore registrants are classified as follows—Arts, 14; forestry, 14; civil engineering, 10; electrical engineering, 12; special, 13.

A large number of new students have served overseas. Many of those who registered today come from outside New Brunswick. The new class is the largest which has registered at the U. N. B. at any time. This is accounted for to a great extent by the fact that the war which prevented or interrupted many university courses, is over.

The new students are:

- Sophomore Year:
W. Otto Fritz, Providence (R. I.), Baptist, forestry.
John L. W. Harris, Moncton, Presbyterian, civil engineering.
Stanley S. Nason, Welsford, Baptist, forestry.

end pain, prevent festering and heal. This is why those who have once used Zam-Buk will never use any other ointment.

Ernest Simpson, Millerton, civil engineering.
J. T. Somers, Northumberland county, forestry.
Four new professors were taking this morning to greet the new students at the place of members of the faculty who had not returned. Dr. Spaulding, who arrived here Saturday night, takes the place of Professor E. Popplestone in the chair of French and German. Dr. Spaulding served overseas with the United States forces and has degrees of B. A., M. A. and Ph. D. from Harvard. Professor Harvey, who succeeds Dr. W. C. MacDonald in the chair of English, served with the Imperial forces and is a graduate of Oxford.

Professor Pulling succeeds Professor R. B. Miller in the chair of forestry and Professor Turner succeeds Professor J. A. Stiles in the chair of civil engineering.

CHARGE OF STEALING
DISMISSED BY COURT

The case against Gregory Machias and Alexander Nicholas, arrested on suspicion of stealing \$2,000 from J. O'Neill's building last Friday, was dismissed by Magistrate Ritchie in the police court yesterday afternoon, on the grounds that they could be sent for trial. The magistrate pointed out that there was no direct evidence and the only circumstance which might be used against the prisoners was the fact that O'Neill lost five ten-dollar bills and there were five similar bills in the pocket of one of the defendants when they were arrested. The money which was taken from the prisoners and put up as evidence, was returned to their appearance in court were refunded.

Teeth Do Not Stain
It is Film that Clouds Their Whiteness

Learn the Cause of Decay
Dental science has now traced most tooth troubles to a film. To that slimy film which you can feel.

That is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

The film is clinging. It enters crevices and stays. No ordinary tooth paste can dissolve it. A soapy tooth paste makes it more viscous.

So, despite your brushing, much film stays. Night and day it does its damage. It is the great tooth wrecker.

Science now has found a way to combat that film. The fact has been proved by many clinical tests. The method is now advocated by leading dentists everywhere.

For daily use it is embodied in a dentifrice called Pepsodent. And we are mailing 10-Day Tubes so that every home may try it.

Do This and See
We urge you for your own sake to write for this 10-Day Tube. See the results for yourself.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

LARGE HOME RULE
AND CLEMENCY FOR
THE DEFAULTERS

Hamilton, Ont., Sept. 22—Nine hundred delegates were on hand for the Trades and Labor Congress before the day was over.

The real business of the congress was commenced at the afternoon session when resolutions regarding the Irish question and the extending of dead weight defaulters under the Military Service Act were under discussion. The former was moved by Delegate John Thompson of Montreal, and advocated “A full measure of Home Rule for Ireland.” The committee's resolution substituted “That Ireland be granted as full a measure of self-government as that enjoyed by Canada and other overseas dominions.” Doubt was immediately expressed as to the advisability of the congress making a pro- nouncement on the question, while others had the opinion that the subject should not have been introduced at all.

The question of clemency for defaulters and deserters also resulted in a discussion which at times became bitter as delegates spoke of their personal sufferings through the loss of relatives at the front. Other delegates, however, maintained that labor was unalterably opposed to war and those who had conscientiously refused to fight had upheld the noblest of labor's strongest principles. The committee refused to concur in the resolution and its recommendation was finally upheld by a very small majority.

A storm of discussion resulted when the committee refused to concur in a resolution urging that the Prince of Wales be asked to use his influence by letter for royal clemency toward the defaulters and deserters under the M. S. A.

Among the non-concursive resolutions carried was one urging that legislation be passed prohibiting the use of the air or electric hammer in the fabrication of cut stone. Another requested the Dominion government to enact legislation “giving Canadian printers equal protection to that afforded United States printers and at the same time safeguarding the interests of Canadian authors and composers.” A motion calling for the abolition of property qualifications for members to municipal councils was also adopted.

West Side G. W. V. A.
Endorses Resolution
Before Rotary Club

The meeting of the West Side G. W. V. A. last night was a very busy one. Live matters were taken up and discussed thoroughly. The meeting was held in their hall, Market Place, with Walter Allingham, the president, in the chair. Much interest was expressed in the resolution of R. E. Armstrong before the Rotary Club and the resolution passed was heartily endorsed by the members. The West Side G. W. V. A. meeting was being anxious to cooperate with any organization for the creating of a greater interest in civic betterment.

Pepsin must be activated, and science has discovered a harmless activating method. The usual method is an acid, harmful to the teeth, so pepsin long seemed impossible. Now everyone may apply it, morning, noon and night. And the evidence is that this invention brings a new dental era.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

IS YOUR BLOOD STARVING
FOR WANT OF IRON?

Iron is Red Blood Food—It Helps
to Put Strength and Energy In
to the Veins of Men and Women
Into the Cheeks of Women. Why
Nuxated Iron so Quickly Builds
up Weak, Nervous, Run-down
People.

Thousands of men and women are impairing their constitutions, laying themselves open to illness and literally losing their grip on health, simply because their blood is thinning out and possibly starving through lack of iron. Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of the virile force, that stamina and strength of will which are no necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable.

Iron is absolutely essential to enable your blood to transform the food you eat into muscular tissue and brain. It is through iron in the red coloring matter of the blood, that life-sustaining oxygen enters the body. Without iron there is no strength, vitality and endurance to combat obstacles or withstand severe strains. Contrary to general opinion lack of iron in the blood does not necessarily mean you do not have enough blood, but it means you lack the iron of the right kind. To help make strong, keen, red-blooded people there is nothing better than organic iron—Nuxated Iron. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. No matter what other tonics or iron remedies you have used without success, if

you are not strong or well you owe it to yourself to make the following tests: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have increased their strength and endurance in two weeks' time while taking iron in the proper form. Nuxated Iron is now being used by over three million people annually, and the manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Ross Drug Company, S. McDiarmid, E. Clinton Brown, Wasson's Drug Store, and all good druggists.

Zoo Trade Booming
London, Sept. 23—For the first time since pre-war days the wild animal trade is booming in England. Chameas, baboons, vervet monkeys, crested porcupines, civets and hares, together with large consignments of wild birds, are bringing fancy prices.

Abbey's
SALT

For That Pain In The Back
Pain in the small of the back; or irritation in the bladder, is often caused by an excess of uric acid in the blood.

ABBEY'S SALT is a reliable old English Saline that neutralizes uric acid; and is frequently prescribed to relieve pain in the back and other troubles caused by uric acid irritation.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin must be activated, and science has discovered a harmless activating method. The usual method is an acid, harmful to the teeth, so pepsin long seemed impossible. Now everyone may apply it, morning, noon and night. And the evidence is that this invention brings a new dental era.

Learn the Cause of Decay
Dental science has now traced most tooth troubles to a film. To that slimy film which you can feel.

That is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

The film is clinging. It enters crevices and stays. No ordinary tooth paste can dissolve it. A soapy tooth paste makes it more viscous.

So, despite your brushing, much film stays. Night and day it does its damage. It is the great tooth wrecker.

Science now has found a way to combat that film. The fact has been proved by many clinical tests. The method is now advocated by leading dentists everywhere.

For daily use it is embodied in a dentifrice called Pepsodent. And we are mailing 10-Day Tubes so that every home may try it.

National League. At St. Louis—R. H. E. Chicago.....000111000—3 11 1 St. Louis.....040001000—5 12 2 Batteries—Bailey and O'Farrell; Dook and Clemons. Only one game scheduled in National today. No games scheduled today in American League.

Invitation to World's Series. Cincinnati, Sept. 22—Cal. McVey, now in San Leandro, Cal., the old right fielder of the 1890 Reds, of Cincinnati, has been invited, through a resolution of the Chamber of Commerce, to attend the world series here as the guest of the chamber and all expenses paid. The only other living member of the team of that year is George Wright, a wealthy Boston business man, who has accepted an invitation to attend the games here. The Reds of 1890 did not lose a game during the entire series.

Eddie Collins Going Strong. Speaking of possible heroes in the coming world's series, don't overlook Eddie Collins. That this great player is still a wonderful man on the ball field was in evidence last Wednesday at New York when Collins, in the second game of a doubleheader, pulled the following stunts: Made five clean hits in six trips to the plate. Twice he dropped buns in front of the plate and beat them to first by yards. Stole three bases, including third and home. Sneaked the home platter while the pitcher was winding up. Scored three runs and figured in double plays. Robbed Yankee batters of three hits by seemingly impossible stops around second base.

Evans Looking Over Champions. Johnny Evans, dapper and as full of ringer as ever, was in Boston last Saturday looking over the White Sox at short range. Johnny may be looking things over for his old friend, Pat Moran, or whom Johnny has such high regard will be recalled that in 1917 Evans went to Philadelphia from the Braves, and it was after that he joined the Red Sox on a spring trip and began a business deal with the Boston Americans which, up to the present time, has not been cleared up entirely to the veteran second baseman's fancy.

Will Cicotte Win Thirty? If Eddie Cicotte is to win thirty ball games this year, he will turn the trick either against the Tigers or the Browns. When the Sox return west they will entertain Jennings for three games and the Browns for two games so that if Eddie comes through with number thirty it will be with all the home folks looking on.

Cicotte has won eight games in a row since his last defeat on Aug. 14 by the

Red Sox in Chicago. The "knuckle boy" has pitched 3032-3 innings of ball this year and his opponents have registered 253 hits or only slightly more than seven for each nine innings Eddie has worked. Ed has issued only forty-nine passes this year, about one for every six innings he has pitched, and with 101 strikeouts to his credit, he has fanned two batters for every one he has passed. Cicotte stands as the king of the season's right-handers in either league, and with him it has been only a matter of holding on to the throne on which he was placed two years ago.

White May Meet Leonard. Charley White, the veteran lightweight of Chicago, may get his chance after all to meet Benny Leonard in a battle. The representative of Tom Andrews, the fight promoter of Milwaukee, in the absence of Andrews, who is on his way to Australia with many American fighters, has practically clinched the bout between the fighters to be fought in the big auditorium in that city the latter part of October or early in November.

Champion is Kept Busy. Billy Gibson has champion Benny Leonard matched up for four fights in the west. His first will be with Charlie Metrie, the Detroit lightweight, at Detroit on Oct. 1; his second with Cal Delaney, the Cleveland lightweight, at Cleveland, after the Metrie bout; his third with Harvey Thorpe at Kansas City, and his fourth with Johnny Griffith at Akron, O., at Denver, Col. The date for these bouts are also to be named in a few days. They will be for ten rounds.

For Lightweight Championship. New Haven, Conn., Sept. 22—Announcement was made here tonight by J. P. Mulvihill boxing promoter, that articles of agreement have been signed calling for a fifteen round no-decision bout between Benny Leonard, lightweight champion, and Lew Tendler of Philadelphia. Mulvihill said the bout would be held in this state on Thanksgiving Day.

Brousseau Knocks Out Kopin. Montreal, Sept. 22—Showering rights and lefts to Battling Kopin's head and body, Eugene Brousseau scored another easy victory at the Monument National last night by knocking the Pittsburgh fighter out in the second round of a scheduled ten round bout.

The semi-wind up of the opening programme of the Regal Athletic Club was a meeting between Langlers and Sudbury, the latter being a member of the Vickers Athletic Club. This bout came to an abrupt ending, Langlers knocking Sudbury out in the second round of six round bout.

Wins Roll-Off. Frank Smith won the roll-off on the Y. M. C. I. alleys last evening with a score of 119. The prize was a beautiful gold stick-pin. A large number of pin-fall artists competed.

Man's Clothing Wins. The men's clothing department of Scovil Brothers, Ltd. won from their brethren of the furnishings branch on the Victoria Alleys last evening taking three of the four points. The individual and total scores of the rolling were as follows:

UNEMPLOYED MEN "STRIKE." Copenhagen, Sept. 15—(Correspondence of Associated Press)—A novel strike of the unemployed in Bremen is reported by the Pulitken's correspondent in that city.

According to the account, the unemployed objected to the requirement of reporting to the city authorities twice a day, which was demanded of them as a condition of receiving the government allowance for unemployment.

"The strikers" held a mass meeting, called upon the labor unions to declare a sympathy-strike, and held a parade and demonstration in the streets. This brought them in conflict with the police, who dispersed them and evidently ended the strike.

Ellen Terry on Audiences. London, Sept. 23—Miss Ellen Terry wrote to the British Drama League conference that audiences have the kind of entertainment they ask for. "We hear too much about the reform of the theatre and too little about reform of the audience," she wrote.

ANOTHER TYPHOID CASE
One new case of typhoid was reported to the Board of Health today. This case is in a family in East St. John, where the disease had been before.

NOVELTY SHOWER.
Friends of Miss May Brickley gathered last evening at the home of Miss Bowes, Coburg street, and tendered her a novelty shower in honor of her wedding, which is to take place early in October.

THE PRIZE BABY.
The name of the infant which took first prize at the Frederick baby show was Audrey Elizabeth Young. The child is a daughter of Mr. and Mrs. E. J. Young of Silver Falls, St. John county.

PUBLIC WORKS.
The civic public works department has completed the erection of the wooden steps at the foot of St. James street, West St. John. The trenching for the retaining wall in Chesley street has been completed, and it is expected that the concrete work will be commenced tomorrow.

NOVELTY SHOWER.
Some thirty-five or forty friends of Miss Blanche Davis tendered her a novelty shower last evening at her home, 170 Queen street which proved quite an enjoyable event. She received many gifts which will be of use to her after an approaching event in which she will be a principal.

PROBATE COURT.
In the probate court today, before Judge H. G. MacInnes, letters testamentary were granted in the estate of Rebecca Ann Ruddick. Eben E. Fraser and Margaret Ruddick were sworn in as executors. J. MacMillan, Treisman was proctor.

In the estate of Henry J. O'Neil, letters of administration were granted to Arthur P. O'Neil and J. Francis O'Neil. W. J. Mahoney was proctor.

WHEN THE LEAVES FALL.
The members of the street department were kept busy until an early hour this morning preventing a number of small floods in the city streets. The falling leaves were caught by the heavy downpour of rain, washed into the gutters and whirled along until they reached the catch-basins, where they found an effective cover, causing the water to flood over the sidewalks and roadways. The men were out practically all night, and some of them did not get home until nearly daybreak.

LOOKING FOR JAIL BREAKER.
William G. Simons is reported to have broken jail in Fredericton this morning. He was sent to jail to await being conveyed to Dorchester penitentiary, where he was to spend a term of three years, it is said, for forgery. Chief of Police Finley of Fredericton advised Chief of Police Smith this morning that this man had escaped. He was described as being twenty-four years of age, five feet, eight inches tall with dark brown hair, wearing a brown suit and white cap, and has a disabled wrist. It is expected that he will be apprehended soon.

**C. P. R. TRAINS HELD UP
BY DERAILED ENGINE**

Both the incoming Montreal train, due here at noon today, and that which left St. John at 5:30 last evening were held up this morning by an accident near Haleb, Me., in which an engine became derailed. Advice received by the C. P. R. offices here were to the effect that the track would be cleared by noon which would allow the train to continue on its way here, running about twelve hours late. Owing to this train being so late there will be no dining car available for the outgoing Montreal this evening and passengers will be obliged to get their evening meal here before departure or wait until they reach McAdam.

A special steamship passenger train had been helped out of Haleb by an engine from there. There is quite a delay at this point. On its way back the engine became derailed and in such a position as to make the work of replacing it awkward. A crew of workmen rushed to the spot and every effort made to clear the rails as soon as possible. The engineer and fireman on the engine were reported unhurt. The accident happened at such a point as to hold up the Montreal train each way.

**TWELVE PER CENT. PAID
DOUBLE TAX BILLS**

Now that this year's tax bills have been disposed of, the next item which the ratepayers will look forward to is the filling out of the income statements which is to commence about the first of the year. During the present year there were 18,156 ratepayers in the city and the board of assessors distributed about 12,000 blank statement forms to be filled. Of these only about twelve per cent. were not returned, and as a result many tax bills made out for double the amount they should have had the law been carried out. Many of these double bills have been paid without question, but it is safe to say that the people who were caught will be more cautious next year.

**GIRL BABE IN BASKET
FOUND IN VESTIBULE**

A baby about six weeks old was found this morning at eight o'clock in a vestibule in 1 Carleton street. The infant was warmly clad, having been put in a grape basket which had been made comfortable. Those who found the child said that it was quiet and was not crying, but the reason for its quietness was said to have been caused by paragon, as the odor of that drug was discernable on the child. It was a handsome baby girl and is now at the Children's Aid Society, where it is being cared for. The matter was reported to the police, but as yet no trace of the missing parents has been found.

**BEFORE COURT
ON CHARGE OF
MANSLAUGHTER**

Preliminary Hearing in Case of Robert Hickey, Arising From Death of Little Marion Crawford, is Commenced—One Witness Heard

The preliminary examination in the case against Robert Hickey, aged eighteen years, son of Fred Hickey, who is charged with manslaughter, "in that he did, at the Parish of Simonds, in the City and County of Saint John, on August 24, unlawfully, negligently and carelessly operate a certain automobile and run into and strike a child named Marion Crawford, daughter of William Crawford, causing such injuries as resulted in her death on September 1 following, in such manner at the time and place last mentioned did kill and slay Marion Crawford," was commenced in the police court this morning.

James J. Power was put on the stand and told of standing in front of his residence in the Loch Lomond road on the day, August 24, about 4:30 o'clock in the afternoon, and seeing a Ford car come along the road towards the Ben Lomond house. Three children were walking on the left side of the road, one child near the centre, when the car struck one of the children in the back, throwing her to the ground on her face and running over her body. Alexander Crawford rushed out and took the child in his arms and laid her on the grass in front of the house. The witness said that he only saw the car about two seconds before it hit the child, and he did not know how fast it was going, but the moment it struck the child it swerved to the right and brought up in the ditch about thirty-five feet from the scene of the accident. The defendant and another occupant seemed very nervous, and when he jumped out said: "I did not see her." The witness said he advised the defendant to go immediately to the Ben Lomond House to summon a doctor, which he did, and in about half an hour came back with Dr. G. O. Baxter. In the meantime the child was laid on the grass. The neighbors arrived and did all they could for her. The road was straight for about seventy-five yards in the direction of the city, and according to the witness said, that a person with good eyesight could see the child that distance away. He said he did not hear any sound from the car.

On cross-examination by E. S. Ritchie, counsel for the defendant in place of Francis Kerr, who is ill, the witness said that in his opinion the affair was purely an accident and he did not think the defendant intended to slay and kill, according to the information and charge laid. He also said that he was not standing in front of the house for the purpose of seeing automobiles, and probably his attention may have been taken by the people on the veranda of his house. On re-examination by B. L. Gerow, who appeared on behalf of the crown, the witness said that according to the evidence at the coroner's inquest the child died as a result of the accident.

The case was postponed until next Tuesday, September 30, at eleven o'clock in the morning, when other witnesses will give evidence.

**SURPRISE PARTY AND
GIFTS AS THEY LEAVE
TO ENTER COLLEGE**

An invitation to have tea with the rector and his wife last evening was gladly accepted by Harry R. Coleman and Harold M. Alexander. These popular young men of St. Mary's church are leaving St. John on Wednesday evening to take up the study of art at the University of Toronto and theology at Wycliffe College, Toronto.

In order to say farewell a large number of young people descended upon St. Mary's rectory, taking it by storm. Soon after eight o'clock the guests of honor were ushered into the parlor on the pretext of having a little music. To be suddenly confronted by a crowd of young people was indeed a shock, which was only intensified by a hearty singing of "For they are jolly goodfellows."

However, the happy party soon made themselves at home in the home of their beloved rector and his wife, who proved to be ideal hosts, and several new games and contests were indulged in to the detriment of all.

Between times due opportunity was given to partake of the delightful refreshments amply provided by the ladies. More games were played, until the rector summoned Messrs. Coleman and Alexander to the front. Then, in the name of the Pathfinders Club, Rev. H. T. McKim presented to each of them a beautiful Bible, neatly engrossed, as a token of the high esteem in which they are held among their class mates and friends of St. Mary's. Mr. McKim urged them to make this Book their constant companion, as from it they would be guided through life and finally gain everlasting life by following its direction. He warned them of the mistake so often made by theological students, who so often read and study books written on and about the Bible, while neglecting to read the Bible itself. The young men recovered themselves in time to make suitable replies.

A very enjoyable and pleasant evening was brought to a happy close by all wishing the boys God speed and every success in their chosen life work all joining in singing "For Auld Lang Syne."

**You'll Burn Less Coal and
Have Better Bread
If You Use A GLENWOOD**

Over 4,500 GLENWOOD Ranges in use in St. John, because the GLENWOOD is a range women like.

GLENWOOD Ranges are great bakers and give out a great amount of heat. They are light on fuel, owing to their scientific flue construction.

It Will Pay You to See the GLENWOOD Before You Buy Your New Range

**A Chesterfield Set Makes The
Living Room A Livable Room!**

Remember the old-time parlor? Cold, stiff and uninviting—harking back to the Victorian era where pretense and pretentiousness ruled in decoration.

Parlors are now relegated to the past with a great many other things. We now have the living-room, and we thank the judicious use of the Chesterfield set with its deep, generous, springy cushions in making the living-room a livable room.

This store is noted for its comprehensive stock of rich Chesterfields, and we know it will pay you to look at our line before deciding elsewhere.

Variety of upholstery and wide price range.
