## JAPAN IS STILL EXCITED OVER CALIFORNIA'S POLICY

Leading Paper Wants Less Talk and More Work to Remedy the Conditions—Japanese Representative Makes Light of the Troubles

TOKIO, June 6.—The Nichi Nichi, commenting on Japanese and American relations today, says: "The traditional friendship will not escape a rupture should incidents like those that have occurred in San Francisco be repeated. Whether the sufferers are school children or restaurant keepers, or the site of persecution be limited to California, it does not alter the fact that our compatriots are victims of anti-Japanese outrages. Japanese go there under treaty protection. President Roosevelt's enlightened message to the last congress was received here with eminent satisfaction, but actual developments since are a total failure. What we want are not so many expressions of civilized sentiments, but one set of efficient protection of the treaty rights of Japan. The master paper says there is no destination for a treaty between Japan and the United States. The general tone of the Japanese press is becoming outspoken and unless an assurance in some form is made to insure the safety of Japanese in San Francisco, it is feared that the friendly relations between both nations will be endangered. Count Okuma, leader of the Progressives, is outspoken as usual, but it should be remembered that, while denouncing the difficulty, his being out of office permits him a free-expression of his opinions. Count Okuma generally occupies the position of critic. While power his cabinet lived only a few months. TOKIO, June 6.—(Afternoon)—The leading Japanese newspapers are quoting, are absolutely silent on the question of proceeding to extremes in the settlement of the San Francisco affair. Common sense people only expect reparation in the form of damages for the losses suffered by Japanese residents there and the punishment of their assailants. It is believed that the Government of Japan is taking proper steps in the matter, and while the public is irritated at the tardiness displayed in effecting a solution of the difficulty, its opinion has not yet reached the stage of advocating an appeal to a hostile demonstration in any form. LONDON, June 6.—Baron Takekazu Okawa, vice-president of the Japanese Red Cross Society, who has arrived here from New York May 26, to attend the Red Cross conference which is to open here June 10, throws cold water on the sensational reports of the ill-treatment of Japanese in America, to which some of the most staid English papers are devoting much attention. In an interview today he said: "Naturally, as a member of the House of Peers and a politician I was anxious to see to what extent any anti-Japanese feeling existed in the United States. I may say that the San Francisco affair is a much more local affair than I thought it was when I was in Japan. The result of my investigations in the United States enables me to declare that the feelings of Americans towards my country are most cordial. Nowhere did I find the least sign of animosity, with the exception of San Francisco. We in Japan wish the situation between the two countries to be more and more harmonious, hence the desire that no such jar as occurred in San Francisco, although a purely local one, should be repeated."

NEW YORK, June 6.—Count Okuma, former leader of the Progressives, the opposition party in Japan, in response to a request by the New York World, called that paper the following regarding the incident in San Francisco, in which the Japanese were involved: "I deeply regret that anti-Japanese outrages are being repeated in San Francisco. We as a nation, are not satisfied with settlement of 'last school' which resulted in unjust discrimination against and the actual expulsion of Japanese emigrants. We patiently hoped that the principles laid out in the enlightened message of President Roosevelt last December would prevail and that every unjust discrimination against Japanese would be stopped. Repetition of injustice against the Japanese who mercifully hurt our warm feelings toward America, and our traditional friendship will be weakened thereby. Our and just treatment is essential to maintain friendship. Repeated outrageous acts, will not only damage American interests but also discredit American civilization. For the sake of justice and humanity we appeal to the American public to stop Booser-like outrages and unfair discrimination against Japanese, and pray that Washington's farewell address be not forgotten by American people." Count Okuma has been Minister of Finance, Foreign Affairs and Premier of Japan. He is now head of Waseda University, which he founded and endowed largely.

SUPREME COURT. FREDERICKTON, N. B., June 6.—Bourque vs. Record Foundry and Machine Co. is before the supreme court today and will likely occupy the entire day. J. D. Whitney is acting for the plaintiff and H. A. Powell appears for the defendant.

## CLOSING EXERCISES OF ST. DUNSTON'S COLLEGE

Conservative Leaders in P. E. Island Want to Establish a New Party Paper.

CHARLOTTETOWN, P. E. I., June 6.—The closing exercises of St. Dunstan's College, attended with Laval, were held yesterday. Thirteen students, including Raymond Gillis, the winner of the Rhodes' scholarship for Prince Edward Island for 1907, received the B. A. degree. The valedictorian, E. F. Macdonald, of St. Teresa, P. E. I., struck a patriotic note in his address on Canada, which needs, he said, all the best young men. Lieut-Governor McKinnon, who addressed the graduates also spoke in patriotic terms and he was supported along this line by other speakers. Addresses were also given by Rev. Dr. Curran, the rector; Rev. Dr. Dobson, Bishop McDonald, Mayor Paton, Justice Fitzgerald, Mr. Conroy and Dr. J. T. Molloy. The Conservative leaders are discussing the establishment of a new party paper on the re-organization of the Examiner, the present paper by the introduction of more capital, etc. Prominent members of the party held a meeting here this week.

## CONDEMNED TO DEATH FOR KILLING BARILLAS

MEXICO CITY, June 6.—Florence Morales, and Bernabé Mora, were found guilty last night of murdering General Manuel Barillas, former president of the Republic of Guatemala, in this city on the night of April 13, last. The jury, which returned the verdict, was out an hour and forty minutes. Upon the announcement of the verdict, the two defendants of the assassin asked for clemency, citing the provision for twenty years imprisonment. The court took the matter under advisement and in thirty minutes returned pronouncing the death sentence. The residents here had no emotion, their doom was pronounced. No date has been set for execution as yet.

## THINK IT AN ATTEMPT TO KILL EMPEROR'S BROTHER

ST. PETERSBURG, June 6.—There have been so many alleged attempts lately upon the lives of members of the Imperial House of Russia that scarcely a day passed without adding to the number. The latest, according to the Novoye Vremya was a deliberate design on the life of Grand Duke Michael Alexandrovitch, younger brother of Emperor Nicholas. In any event a serious accident was narrowly averted. The scene was the Gatchina Road, leading to Tsarskoye-Silo, and the time yesterday afternoon. Piles of stones completely blocking the highway, were discovered just before the passage of the automobile bearing Grand Duke. They were hurriedly cleared away and the emperor's brother passed in safety.

## MAYOR SCHMITZ ON TRIAL ON CHARGE OF BLACKMAIL

SAN FRANCISCO, June 6.—The opening address for the prosecution by Assistant District Attorney Henry, the partial examination of ex-Police Commissioner Thomas Regan, the introduction as evidence of much data from the minute books of the Police Commission for the years 1904 and 1905 and the questioning in relation thereto of the Secretary of the Commission, Officer Charles F. Skully, were the proceedings yesterday in the first day of the trial of Mayor Eugene E. Schmitz, for alleged extortion of money from keepers of French restaurants. Attorney Henry in his statement to the jury, charged the Mayor and Abraham Ruef jointly indicted with Schmitz on this charge, with plotting to "carry on a systematic scheme of blackmail" through the police commission.

## ST. JOHN MEN APPEAR IN OPERA AT MONTGTON

MONTGTON, N. B., June 6.—A. H. Lindsay, formerly of St. John, and John Kelly, the well known St. John tenor, had the leading roles in a very successful performance of the comic opera Mlado, given here last night. Mr. Lindsay had the role of Pook Bah, while Kelly took the part of Nanki Poo. Both gave very clever performances and were cheered in a number of solos. The performance was under the auspices of the Montgton fire department and was given to crowded houses.

## THE PRODUCTION OF IRON AND STEEL

Is Now the Greatest in the History of America

Uncertainty as to the Continuation of Last Season's Prosperity Caused Some Slight Depression.

PITTSBURGH, Pa., June 6.—Despite tumors in the iron and steel trade abroad as well as in this country, canvasses of the industry warrants the statement that the last half of 1907 and the first half of 1908 will witness the largest production capacity in the history of the United States and Canada. It is estimated that new furnace construction will add at least 2,000,000 tons to the prospective capacity of the country. Last year the local output of iron and steel was 23,970,000 tons. A corresponding stimulus, it is said, will be given the coke trade, inasmuch as it is estimated that the new pig iron furnace capacity will consume the product of between 6,000 and 7,000 ovens. It is stated that the information which is derived from official sources should have a reassuring effect upon business men who have had reasonable doubt as to the maintenance of the wonderful degree of prosperity which characterized the industry last year. The cause of the shutting down of the furnaces at a time of actual famine in pig iron, said an expert, "is a case of necessity superinduced by a little lack of confidence last year. There were comparatively few persons who had faith in the iron market. During the closing months of 1906 nearly everybody was willing to do business with a restriction in 1907. Producers of pig iron therefore booked orders for this year's delivery under the impression that the market would fall off and rushed production with the idea that there would be plenty of leisure this spring and summer for the delayed output. The fall in current demand did not occur and as a consequence of overworking furnaces all last year needed repairs are now imperative."

## HONEYMOON SPENT IN HOME OF WHEELS

ROYAL CAR IN WHICH SPACE IS UTILIZED FOR COMFORTS OF ORDINARY HOSE. LONDON, June 6.—In a builder's yard in Fulham stands the quaint little home in London, a clean, splendid with brass and mahogany fittings. During the winter months this snug little home has been occupied by a young married couple who toured the eastern countries in it during the summer. "We shall not tour again this summer," said V. Barron, the proud owner of this house on wheels, "because my wife thinks it is time to settle down, and for that reason I am thinking of selling it. But I shall be sorry to part with our little home, for in spite of its small dimensions we have been very happy in it." Mr. Barron believes that his caravan which is built on Pullman car lines, is the replica of one owned by Lord Dudley. He bought it from the first owner, who fitted it with mirrors in the walls and ceiling and many ingenious devices for saving space. Over all the car is 21 feet long and 8 feet wide, and has a front door and a side door, so that the owner can attach a portable kitchen or a tent to one end. The coal cellar is a large, deep drawer, which pulls out from underneath the range, and holds at least half a hundredweight. On one side of the chimney-piece, which is furnished with a miniature overmantel and china ornaments, is an atrium cupboard. Cupboards are indeed to be found in the most unexpected places. On one side of the end entrance door is a hanging closet for Mrs. Barron's dresses; on the other side the china closet, with a "wine cellar" underneath. The flap of the table folds upward instead of down, and becomes a chest of drawers. In the bedroom, which is about 8 1/2 feet, the bed occupies most of the space, but there is room for a washstand and dressing table as well.

## SOCIALISTS TRYING TO INFLUENCE SOLDIERS

LONDON, June 6.—"You are pariahs, heretofore of the rights of citizens," trial by court-martial is a mere farce and mockery," military law is rotten. These are among the phrases in a circular headed "An Appeal to Soldiers" which was distributed at Aldershot yesterday by the Social Democratic Federation. It urges the soldiers to be dissatisfied with their lot and demands the abolition, root and branch of the National Army as at present organized. He who seeks a brother without a fault will have to remain without a brother.—Talmud.

## HARRY ORCHARD CONTINUES HIS GRUESOME RECITAL

Yesterday's Evidence Regarding a Long Series of Murders Had Many Weak Points Which Will be Further Explained Today

LEFT BY CONTRACT  
New Trade Relieves the Society of Bore and Discharges Social Duty.

LONDON, June 5.—The rush of modern life is being felt to such an extent by even the world of fashion, that time cannot now be found for such little social amenities as the personal leaving of visiting cards at the houses of friends and acquaintances. Formerly the woman of fashion found that she could manage this task herself. Then the help of her own personal servants had to be called in. Now the stationer undertakes "the whole business of card-leaving at a merely nominal sum per 100, so that the cards need never be sent to their owner. A list is made out, and there the responsibility of the fashionable woman ends, so far as calling on her friends is concerned, the cards being left by a perfect stranger to both visitor and visited. Inquiries yesterday showed that the whole business of card-leaving has become thoroughly organized, and is now a well-organized occupation. The card-leaver is no ordinary person of the bill-distributing type. He is a man well dressed and thoroughly versed in the rules of etiquette. He must know the proper hours for calling. With his little parcel of cards, all in envelopes and addressed, but not sealed down, he "calls" and presents the card. This having been done, he returns the empty envelopes to the stationer, as an indication that the card has been left. If the person called on has not left or moved away, a note is made on the envelope, and the card returned in it. In defense of the system it is pointed out that it would be absolutely impossible for any woman of fashion to do her own card-leaving and attend to all the great social functions as well. The purely personal call, of course, still made, and is indicated in the usual manner by turning down one corner. Leaving cards so marked is never deputed.

## MOURNING COUPLE COMPACT TO DIE

DRINK POISON TOGETHER AND HOLD PERSON WHO STARTS FOR HELP TILL STRONG FALLS. JACKSON, Mich., June 6.—Despondent over the loss of one of their children, who died not long ago, and also from the great expense to which they had been put from illness in their family, Mr. and Mrs. John Sanders, residing near Springport, attempted suicide today by taking chloroform. It occurred at Bly's Lake. They went there with the determination of ending their lives, and after drinking the contents of a four ounce bottle of the poison, they called to Mrs. Charles Thuma, who was out on the lake fishing. When she arrived on shore they told her what they had done. She started at once to send for a doctor, but was held by them as long as they had strength enough to do so. As soon as she got away she ran to her husband and he gave the alarm. This was about noon, and at two o'clock Dr. Stewart, of Springport, arrived with Mr. McEwen, the marshal of the village, and every effort was made to revive them, but with little effect. It is believed both Sanders and his wife will die, although there is some hope of saving the woman. Sanders for some years has been a thrasher, and is said to have run deeply in debt. He is about forty-five years old, and Mrs. Sanders, thirty-five. There are three children, aged fourteen, eight and five years.

## AN ATTEMPT TO BURN THE TOWN OF ALLENTOWN

ALLENTOWN, Pa., June 6.—What was apparently an effort of incendiaries to destroy the City of Allentown occurred here early today when firemen were called almost simultaneously to fight three fires in the business section of the city. An effort was made to draw the firemen from the business section by turning in false alarms from residents of the city. Total loss was \$125,000.

## LAURIER AND BRODEUR RECEIVED BY THE POPE

ROME, June 6.—The Pope today received in private audience Sir Wilfrid Laurier, the Canadian premier and R. L. Brodeur, the Canadian minister of marine and fisheries, and their families. The pontiff informed his visitors that he followed with affectionate interest the progress made by the Dominion.

## VISITING CARDS ARE LEFT BY CONTRACT

## DR. PUGSLEY WILL GIVE A DINNER

FREDERICKTON, N. B., June 6.—Hon. Dr. Pugsley will entertain the members of the government and his supporters in the legislature and a number of friends at dinner at the Queen hotel this evening. The governor will also be present. Covers will be laid for fifty. Tomorrow the departmental employees will make a presentation to the ex-premier.

## ROTHESAY COLLEGE CLOSING.

Rothesay College for Boys will close a day earlier than the date announced and the exercises will take place on Tuesday, 11th, instead of Wednesday, 12th. This change has been found necessary, and quite possible as the examinations will end Saturday. The closing programme in full is as follows: Sunday, June 9th, 11 a. m. Confirmation service, 3 1/2 p. m. College Sunday service. Preacher: The Right Reverend J. A. Richardson, D. D. Coadjutor Bishop Services in St. Paul's Church, Rothesay, Rev. A. W. Daniel, Rector, Rev. H. R. Trampour, M. A., B. D., Assistant Minister. Offering devoted to the fund for education of children of the clergy. Monday, June 10th, 2 30 p. m. preliminary address. Tuesday, June 11th, 3 p. m. final address, 4 p. m. inspection of cadet corps by Lt. Col. G. Holt, Daniel, D. O. C. Presentation of prizes. There will be a band from the city in attendance on the afternoon of Tuesday and one fare excursion rate will be given from St. John with special arrangements for return tickets at one fare from other points on the Intercolonial upon the standard certificate plan.

**WOULD EMULATE CANADA'S LAWS**

Sunday Rest Association Impressed by Them.

Rev. J. G. Shearer and Rev. T. Albert Moore Return from Convention at Philadelphia.

(Mail and Empire)

Rev. J. G. Shearer and Rev. T. Albert Moore have returned from Philadelphia, where they attended the meeting of the International Federation of Sunday Rest Associations of America.

There were present delegates from New York City, New York State, the New England States, the State of New Jersey, Philadelphia, the State of Ohio, Cleveland, the State of Wisconsin, and Canada.

The meetings were characterized by perfect harmony and much enthusiasm. Among the resolutions adopted, in which Canada will be deeply interested are the following:

1. This federation congratulates the Parliament and people of Canada for the enactment of the Lord's Day Act, which is recognized as at once the most effective and the most reasonable Sunday law in the world, securing the liberty of the weekly rest day to the largest number possible of Canadian workmen; and the federation pledges itself to do all in its power to secure a similar blessing for the people of the other nations of the continent of America, and directs that a copy of this resolution be forwarded to the Right Honorable the Premier of Canada, Sir Wilfrid Laurier, and to the press.

The second resolution notes with gratitude the movement among "truggists" in the Parliament of Canada and in the direction of voluntarily refusing to sell on Sunday anything but medicines or sick-room appliances, and toward the shortening of hours of operation.

After noting the fact that in Belgium and in Switzerland, according to Government reports, there has been a reduction of more than 50 per cent in the number of hours of work of the employees since these countries stopped Sunday freight traffic, and the fact that the Parliament of Canada has recently largely restricted Sunday freight traffic on Canadian roads, therefore the federation respectfully and earnestly appeals to the United States Congress to enact a Sunday law similar to that of Canada, and thus liberate large numbers of American railway men from seven-day slavery, and secure the bonds of comity between the sister nations, as well as affording the railway men the opportunity of cultivating their families.

J. Eugene Smart of Ottawa, inspector of children sent out from homes in the old country, is in the city on his annual tour. Mr. Smart will leave for Halifax and return here the latter part of the week.

C. P. Clarke, St. John's oldest druggist, has retired from business, having sold his stock-in-trade and good will to Charles Watson, who will assume control about the first of July. Mr. Clarke has been in business continuously for forty-seven years.

The managing committee of the Home for Incurables met yesterday and transacted routine business. Among matters attended to was the admission to the female ward of three patients, three vacancies having recently been made by deaths of the inmates. One patient was also admitted to the male ward. There are still two vacancies in the male ward.

The reduction of the admission price at the Nickel Roller Rink has certainly taken with the public, for last night the attendance was very large and a score of new patrons were seen on the roller skating. Tonight the band will be in attendance, when they will play an entirely new programme of music.

A small quantity of Dr. Scott's White Liniment topped into a piece of lint or a cloth will draw the fire out of the worst burn more quickly than anything you can buy. It is a formula specially prepared to alleviate pain, to heal cuts, torn or broken flesh, to penetrate to rheumatic sore spots and to stop the onward march of sore throats. Only 25c. for a big bottle in any of the drug druggists.

Matthew G. Murphy, who has been chief clerk to W. E. Howard, the C. P. R. district passenger agent, has been promoted to the position of general travelling passenger agent of the company's western lines, and will report to C. E. E. Usher, the assistant passenger traffic manager of the western lines, who has his headquarters at Winnipeg. This is a very important position, and Mr. Murphy's many friends in St. John, who were present at the departure of Mr. Murphy, will congratulate him on his election. He will enter upon his new duties the first of July.

The local legal fraternity have made a grievance. Judge Ritchie has made the rule that to facilitate and make more convenient the methods of handling cases before his court, summonses are not to be issued on Tuesdays or Wednesdays. The result is that the total delay cases for about two weeks and have protested concerning the matter. It is understood that the committee of the government will be drawn to the new rule, and the lawyers declare that its making was beyond the magistrate's jurisdiction.

Thomas Baker, aged twenty, and J. Methan, aged twenty, two soldiers belonging to the regiment stationed at Fredericton, were arrested yesterday afternoon by Police Sgt. Kilpatrick and Sgt. Langille of Co. H. R. C. R. The men had joined the Hartwegues and were arrested for desertion from the army. They put up a fight when captured, but were soon overcome. Underneath their overalls and circus uniforms the men still wore their regimentals. They were taken back to Fredericton this morning.

## BOARD OF WORKS WANTS TO DISMISS DIRECTOR CUSHING

At yesterday's meeting of the Board of Works, Ald. Christie moved as a recommendation to Council that Director Cushing be retired from the city's service. This is the climax to the long struggle which has taken place between the director and the board in regard to the request of the director that if he was to be added with the duties of the city engineer he should also receive increased salary. The recommendation will probably be accepted by the council. This will leave the department in a somewhat chaotic condition, as the director has had the superintendence of the West End improvements, and only a few minutes before the board had accepted his plan for the new tracks and drive ways on Union street leading to the new South Rodney wharf.

The question of the sinking of Rodney wharf as a result of the dredging was also discussed. A number of smaller matters were also discussed. Aldermen McGoldrick and Hamm said that the city was away behind the times in not having proper street signs. Ald. Hamm paid his respects to the Champlain monument in vigorous style.

The following were present: Ald. McGoldrick, presiding; Aldermen Holder, Spragg, Christie, Baxter, Bullock, Baskin, Hamm and Sproule.

Ald. Baxter called attention to the fact that Manager Eadie, of the Street Railway has shown that the Rodney Wharf has slipped two or three inches from its original position. Ald. Baxter asked whether Director Cushing had notified the government engineer that the city did not wish dredging done at present any nearer to Union street than was absolutely necessary. Director Cushing said that he had done so, and the matter dropped.

Questioned as to the progress that contractor D. C. Clark is making, the director said that it would probably be the end of August before the work would be completed, but he thought that the work on the warehouse could be commenced before that time.

Director Cushing then submitted his estimates for the reconstruction of Union street and the laying of the tracks to the new South Rodney wharf at \$20,750. After the above works are done it would cost a further \$6,000 to restore Union street to its full east side line, exclusive of the planing of the Rodney tracks. Director Cushing did not recommend filling, but he thought it would tend to weaken the construction on account of the unstable bottom.

Ald. Bullock asked for the estimate of Engineer Peters which was found to be \$18,000.

Ald. Baxter said to fill in would cost an additional \$4,000 to \$6,000.

Ald. Baxter said that the proposed plan of reconstruction was simply

## ORCHARD TELLS REVOLTING STORY OF ORGANIZED PLOTS TO MURDER-- PRISONER SHOWS NO FEELING.

(Continued from Page One.)

BOISE, Idaho, June 5.—H. Orchard, the self-confessed murderer of former Governor Stenerson, went on the stand today to give testimony in the case against Wm. D. Haywood. He was brought into Boise last evening from the Idaho penitentiary. For some hours he was closeted with the attorneys for the prosecution. This is the first time that Orchard has been out of the penitentiary since he was brought from Cardwell immediately after the assassination of the former governor.

Orchard said Meyer informed him that Peabody had told him to blow up the Vindicator mine and kill McCormick and Beck.

Haywood told me the blowing up of the mine was fine piece of work and they were much pleased with it. I talked to Haywood, Meyer and Eastery about the matter. They said that there would be nothing for me but night work for a while. Haywood said he would have to clean those fellows up at Cripple Creek.

"Meyer gave me \$200, and Haywood, later, in Meyer's office, said me \$300 for blowing up the mine."

"I returned to Cripple Creek in 1903 and since then I have not done any more work. Haywood and Meyer both told me I could not go too far to suit—so go ahead and blow up anything I could think of—to get some of the soldiers, if possible."

"I made a couple of bombs with the powder and dynamite."

Some time in January or February, 1904, Orchard said, he went back to Denver as a delegate at a labor convention. Parker and Davis were still under arrest at this time charged with blowing up the Vindicator mine and an attempt at train wrecking.

Parker and Davis, Orchard said, told him they were going to wreck a Fire and Cripple Creek train, where it would plunge into a gulch below. Parker said something must be done to save the mine. Orchard said that if the train were wrecked he thought some money would be forthcoming from Denver.

Orchard resumed when court re-opened and pleaded up his narrative of the morning. In Denver, he said, he met Haywood and Pettibone at Federation headquarters.

"They wanted to know if I could not work some scheme to assassinate Governor Peabody of Colorado. They said they could not get justice in the courts and the only way to get our rights was to take the law into their own hands. They wanted me first to see if I could not get acquainted with Governor Peabody, his ways, etc., and see what chance there was to assassinate him. I proceeded to watch him for some time at the capital and at his home."

"I reported to Haywood and Pettibone that I had seen Peabody at his home from behind which he could be easily shot."

"Haywood said he thought Steve Adams was the best man to know of for the work. I went to Cripple Creek and saw Adams about it. He said he was ready for it—was ready for any old thing. I gave Adams some money and came away. Adams followed me down to the mine. I saw Adams in a room over Pettibone's store and at headquarters. I told him Haywood and Pettibone were coming. When Steve came they gave him some money and Pettibone bought him a new suit of

A PETTICOAT OF EXCELLENT SHAPE.

2411—The petticoat is an article of apparel which is quite as often made at home as purchased ready to wear and with the present mode for slender effects, every woman likes to have this garment fit perfectly so that her dresses will not show any bunchiness over the hips. Here is a pattern for a skirt which may be developed in alpaca, brilliantine, madras, saten, or silk and is in four gores and measures about 4 yards at the lower edge of the flounce in the medium size. The top fits perfectly over the hips, the back gore being gathered and sewed to a band or girth end up on a tape. There is no possible difficulty in its making so that the least experienced may undertake it. In the medium size 5 yards of 36-inch goods are needed.

2411—Size, 22 to 34 inches waist in measure.  
The price of this pattern is 10c.

CONFERENCE REPORT FAILS TO SHOW THAT ANY HARD FEELINGS EXISTED

Blue Book Containing Report of Imperial Conference is a Bulky Volume - Extracts from Speeches Made by Laurier and Bond - Lloyd George's Remarks - Reference to Nfld. Fisheries Case.

LONDON, June 5.-The Blue Book containing the report of the Imperial Conference is a bulky volume, 622 pages. It was issued late last night. It is noticeable that, according to the report, there was no ground for the sensational description of the scene in which Premier Bond, after making his speech on the Newfoundland fisheries question was reported to have declared that the treatment of Newfoundland had been a gross humiliation, and then left the conference in high dudgeon. Bond's speech was of a most temperate and logical character, ending thus: "It has been suggested that matters in the dispute might properly be subject to arbitration. I cannot see what there is to arbitrate in. If it is intended to submit the treaty to arbitration, then I contend that its terms are clear, that privileges granted to inhabitants of the United States thereunder are not set forth in language that is ambiguous. If, on the other hand, it is intended to submit the colonial statutes to arbitration, then I respectfully contend it would be derogatory to the crown and in direct contravention to the constitutional right of self governing colonies to submit their statutes to the arbitration of any foreign power or any person or any body of men." Occasionally one or other of the delegates made a neat home thrust at another. Thus, Laurier had been speaking eloquently against restrictions on the importation of Canadian cattle when Lloyd George remarked: "Fought it very hard when we were in opposition." Sir Wilfred retorted: "Fought it hard then, and now that you are in the government."

we were to enter into such an agreement with foreign nations we would debar the possibility of giving a preference to the mother country. Nothing of the kind. Our tariff is not so constructed and cannot be so held." On the twelfth day of the conference, Laurier remarked: "We have spent nearly a week over this subject, perhaps the time has now come when we may reach a conclusion upon it. I have listened with great interest and very great attention also to everything that has been said, and I see no reason to change the opinion which I formed at the opening of the debate."

In one portion of the debate Premier Deakin wished to submit the considerations which led the Australian attorney general to contend that Australia was not bound by certain treaties. Lloyd George said that it was a very serious proposition. Laurier remarked that it was difficult to establish, but at the same time there was no question that it was more important to hear that, than to hear conditions of a treaty. Lloyd George replied: "I do not think it interferes at all with Canada, but it does interfere with the Australian proposals very seriously." Laurier said: "But it is germane to the whole question and I do not know where such proposals would land us." With reference to the all-red route, Laurier spoke of the necessity of a liberal subsidy, adding: "I am prepared to say the government of Canada would have to contribute liberally, perhaps more liberally than others, to both the Atlantic and Pacific route."

ACTION DEFERRED UNTIL SEPTEMBER.

A committee of those interested in the establishment of an art gallery in St. John met yesterday afternoon in the office of Alexander Watson. The committee is composed of Alex. Watson, Rev. Father Gaynor, E. H. Flood, Judge Willich, Miss McDevlin and Mrs. W. P. Hatheway. The committee decided, after some discussion, that it was necessary to sound public opinion in order to find out what general support the proposed art gallery would receive. To this end a list of names was prepared and apportioned among the various members of the committee so that a canvass can be quickly and conveniently made. It is not probable that anything further in the matter will be done, however, until September, as many of the citizens are out of the city at present, and the school children, whom it is very desirable to interest in the matter, will soon be commencing their summer vacation.

CIRCUS HAS COME AND GONE AGAIN

Large Crowds at Both Performances Yesterday

Equestrienne Thrown From Her Horse and Shaken Up - Absence of Pickpockets and Fakirs.

Hargrave's great railroad circus has come, has been seen and has gone. Jumbo II, "earth's largest elephant," and Wallace, the man-eating lion, were both exhibited to admiring crowds and today will have to endure the wondering gaze of the Sussex crowds. Taken altogether the "great Hargrave's shows" are on a rather small scale compared with other circuses that have visited these parts, but still present many admirable features. At 2.30 in the afternoon the circus was in full swing. The usual barkers were seated before the door of the side show and vociferously called the attention of the crowd to the fact that admission to the tent was "only a dime," and that for so paltry an amount some of the most wonderful things in the world could be seen. A great many people were parted from ten cents and went inside to see "the man with the iron jaw" break spikes with his teeth, the said spikes being afterward offered as souvenirs for the modest sum of five cents. In another section of the side show the clairvoyant told such embarrassing things about people as whether or not their diamonds were genuine or window glass, as whether or not the watch worn had been paid for or not.

ST. JOHN CASE BEFORE SUPREME COURT.

Recorder Seeking New Trial in Chittick vs. City of St. John - N. S. Cricketers Coming.

FREDERICTON, June 5.-The supreme court was engaged all afternoon in hearing argument in the appeal case of Chittick v. the city of St. John. In the trial below the plaintiff was awarded a verdict for \$250. Recorder Skinner today on behalf of the city argued for a new trial. In the county court the case of Fairley and Allan v. Fickler occupied the attention of the court all day. The jury returned a verdict in favor of the plaintiff for the full amount claimed, \$2. H. F. McLeod for plaintiff, R. W. McLellan for defendant. The court adjourned until Friday next, when the case of the Singer Sewing Machine Co. against Sophia Edgecombe will be taken up. Owing to Judge Wilson being related to the defendant Judge Carleton will preside. Daniel McDonald, tailor, Moncton has assigned to Sheriff McQueen for the benefit of his creditors. Rev. John Squires, of Carleton county, has been registered to solemnize marriages. Tenders for fine Restigouche fishing leases will be received up to the 15th of June. The Fredericton Cricket Club has received a communication from Boston that an eleven, made up of Massachusetts and Rhode Island cricketers, intend visiting the Maritime Provinces during the latter part of July and August. The team is known as Mr. Thorp's team, and they intend leaving Boston on July 29th and hope to have games with Fredericton, St. John, Moncton and the Nova Scotia clubs.

NEW DREDGE WILL BE HERE INSIDE OF FIFTEEN DAYS

OTTAWA, June 5.-The new dredge, which is to do the extra work promised for St. John, will be at work within a short time. The department of public works has been promised by the Dominion Dredging Company that the dredge with crews and tenders ready for work will be at St. John in fifteen days. The plant was obtained at Boston and is said to be about six months old. It has been working since, and therefore has undergone the test of actual operations. It is said to be able to work in fifty-seven feet of water.

MISSING BOY WAS FOUND AT HAMPSTEAD

Harry Ogler, the fourteen year old son of Mr. and Mrs. Thomas Ogler of 49 Magazine street, whose absence from home since Monday caused his parents great anxiety, is home again, and his sick mother is overjoyed. The boy left home last Monday and went to Grand Bay, where he visited a chum named Brittain, who lived there. He then wandered off up the river, eventually being found at Hampstead yesterday by his brother and a boy named Roberts, who had been in search of him with a team for a couple of days. The boy had begged his lodging and food from people along the road, and was lazing about the post office when espied by his brother. He was weak and in a nervous condition, and had no particular explanation to offer as to why he went away. Accompanied by his brother he arrived home about half-past twelve last night.

Artillery band members are requested to attend at the room tonight.

The Lake Champlain arrived at Liverpool at 7 p. m. yesterday.

In Black's bowling alleys the monthly roll-off takes place tonight with twenty-six names on the list.

A carriage rug found on Main street last night awaits the owner at the North End police station.

The police found the doors of three prominent establishments open last night.

There was but one drunk before the police magistrates this morning and he went to jail for ten days in default of paying a fine of four dollars.

An alarm from box 134 was sounded about eight o'clock for a slight blaze on the roof of the Police B. Co. Station, Strait Shore, Very little damage was done.

The police extinguished two fires on Meadow street and Paradise row last evening. The fires were in celebration of weddings and while considered proper by the boys, are thought dangerous by the police. Many such fires are put out during the year and principally during the month of June.

A mail bag was picked up on Main street this morning and left at the North End station. The mail was en route for a suburban district and was sent to its destination later in the day. It had dropped from the rear of the mail wagon.

S. W. W. Pickens, M. P., of Grandville Ferry, T. N. Pickup and Miss Lena Pickup came across the Bay in the Prince Rupert yesterday. Miss E. Clark of Bear River was also a passenger. The young people are to join a party who are going to Europe under the guidance of Principal E. C. Borden of the Ladies' College, Mt. Allison.

A first-class entertainment will be given by the Empire Dramatic Club in the Every Day Club hall tomorrow evening. The club will produce two very fine plays and there will be several concert numbers. The entertainment will be for the benefit of the Every Day Club grounds fund. The stage in the club hall has been enlarged and special scenery will be used.

The death of Samuel Dixon took place at noon today at his home 17 Garden street. He was 84 years of age and leaves a wife. He was a successful rigger, but retired some years ago. The late Mr. Dixon was one of the oldest Free Masons in the city, and had a host of friends who will greatly miss him.

**HENRY DOHERTY IS DEAD AT CAPE TOWN**

The following message which conveyed news to the home of Pilot James Doherty was received by him this morning: "Doherty died today, funeral tomorrow." This brief but sad message told to the parents, brothers and sisters, and a host of friends and companions that Henry Doherty, the 21 year old son of the well known pilot had died this morning in the hospital at Cape Town. Only a few days ago Pilot Doherty received a letter from Cape Town saying that there was an improvement in his son's condition. This news followed a cable saying there was no hope of recovery. The sad intelligence received this morning was somewhat of a shock to the family. The young man had, at one time been employed in the St. John Iron Works and was injured while lifting a heavy piece of iron. In February last he left St. John as the fourth engineer on the steamer Canada Cape, bound with general cargo for African ports. On the voyage out he was taken ill and on arrival at Cape Town was sent to the hospital where he has been for the past two months. He was a big fellow for his age, and some years ago when the British troops were struggling with the British troops in South Africa, Henry Doherty with a few other youths from Lower Cape were anxious to reach South Africa. They successfully stowed away on the steamer Baroda, loaded with hay for Cape Town. At the Cape the chums separated. Some went away on a ship while Henry Doherty and another joined Marshall's horse and went to the front. Shortly after peace was declared young Doherty came home, but he had the desire to travel and accepted the position on the Canada Cape. He leaves a father, mother, a brother, Robert, who is now at sea, and two sisters, Alice and Mary, at home.

**BURGLARS TRIED TO ENTER DR. BISHOP'S RESIDENCE**

But He Shouted at Them and They Ran Away—Police Unable to Find Any Traces.

There was some excitement at the residence of Dr. Bishop, 173 Germain street, about two o'clock this morning, when a couple of burglars tried to make an entrance. The building was until recently occupied by Col. Markham, but Dr. Bishop is the present occupant. About two o'clock Dr. Bishop and others of the household happened to be awake, and a noise in the back yard attracted their attention. He discovered two men trying to force an entrance to the house through one of the cellar windows. He shouted at the men and they made their escape. The police were telephoned for immediately, and Sergeant Baxter and Police Constable Howell from King Square responded quickly. They searched the premises but could find no trace of the would-be house breakers. If Dr. Bishop had called the police without alarming the crooks they would have undoubtedly been caught. There is at present in the county jail a man named Bentley who is awaiting sentence for assaulting and attempting to rob Dr. Bishop on Carmarthen street.
