

## THE POLITICAL SITUATION IN UNCERTAINTY

Gov't Amazingly Successful in Concealing Any Idea it May Have of Its Future.

### NEW LEADERS ARE FAILURES

Mackenzie King and Mr. Crerar Have Proven Most Successful in Game of "Pussyfooting."

Special to The Standard.

Ottawa, June 28.—The session is coming to a close with the political situation in a state of uncertainty and muddle. If the government has any definite ideas about its future it is amazingly successful in concealing them. The prime minister, so far as is known, has reached no decision as to his course of action in regard to the leadership; his colleagues and followers, left completely in the dark, and pursuing a policy that is little short of negation and drift; while, as for the Unionist rank and file, the only question to which it appears to have given much attention recently was the matter of getting an increased indemnity. During the past few days members have acted as a lot of captious men who realize that such chaos as now prevails is both bad and dangerous, but they are in a sad minority. The overwhelming bulk of all parties, seemingly oblivious to the storm that is gathering in the country, are poking their indemnities and rushing vital legislation through at a rate that prohibits consideration.

In the dying days of the session more legislation has been brought in to the house than was considered in the first three months of the session. Supplementary estimates to the enormous amount of \$62,000,000 were tabled in a half-awake house at three o'clock in the morning, but although the cry is for retrenchment and economy, and although this will bring expenditure up to \$600,000,000 for the year (more than \$200,000,000 more than last year's revenue) hardly a voice is raised against a tinkering brought in to bonus shipbuilding to the extent of tens of millions. But Mr. Mackenzie King, professed antagonist of such things, does not even rise from his place to speak upon it, and so right through a process of the most vital legislation. The only question that the opposition thought worth while discussing today was one for which the public, outside of a few politicians, does not care a tinker's curse, and until five o'clock the night the house remained listening to a series of dull and seemingly interminable speeches, and voting upon a half score of trifling amendments. It was only after the house was wearied by its own foolishness, and when the atmosphere and temper of the chamber was such as to make judicial or clear consideration of a major question well impossible, that the leading issue of the day, namely, the report of Mr. James Murdoch, came in for some attention. Looking down upon the spectacle one wondered what an already restless public would say were it possible to assemble it all in the galleries of the house to watch how its representatives played the part of trustee of its interests.

#### Parliament Tired

The truth is that this Parliament is tired and out of touch with public thought. Its action in digging down into the public treasury for a half a million of dollars was not, as many believe, a matter of cynicism; it was simply one of many outward manifestations of ignorance of what the public is saying and thinking. This House of Commons does not know what it is being said about it in the factories and on the farms of this country. It does not know that the country does not care in the slightest for its children bickering over a Franco-British Act, but does care very greatly, about social, financial and political problems of which members seem to have but dim and incoherent ideas. As for the Opposition, it is not too much to say that it has all but abdicated its functions. Mr. King, in truth, is not the Captain of his own soul, he is not leader of his party. This was as much as demonstrated in one illuminating incident the other night when Mr. Jacques Bureau, a power with the Quebec vote, practically assumed the leadership of the Opposition on the Shipping Bill, and when Mr. King, who had a duty to perform for the country, kept his seat, apparently afraid to commit himself either one way or the other.

#### Mr. Crerar a Failure

Nor can a great deal more be said for Mr. Crerar. Boomed as one who would build a new Jerusalem upon the ruins of the old politics, Mr. Crerar is making a surprising progress in the old game of "pussyfooting" and evading disagreeable or hazardous facts. Thus this great leader of the vanguard of a new army apparently lacked the courage to stand up in the House against the indemnity grab; this because his own followers were just as anxious as the old-line politicians to participate in its benefits.

What is to emerge from all this chaos and indifference and incapacity no one can tell. The best minds in the House are already secretly admitting that Fall election would, perhaps, be the best way out. They admit that it might bring in a Parliament that would be crude and inexperienced, but as against this, it would be more in touch with public sentiment, would

## RIOTERS CAUSE MUCH DAMAGE

Fermoy, County Cork, June 28.—Damage amounting to hundreds of pounds was caused by rioters and window smashers here last night. The inhabitants attribute the demonstration to soldiers who left their barracks on hearing of the kidnapping of Brigadier-General Lucas on Saturday night. Attempts to burn houses were frustrated.

## INCREASES ITS COAL PROFITS 500 PER CENT.

Charges of Profiteering and Monopolistic Control in Anthracite Coal Made by Economist.

Syracuse, Pa., June 28.—Charges of profiteering and monopolistic control in the anthracite coal industry were made before the Anthracite Coal Commission, today, by W. Jett Lauck, former Secretary of the United States War Labor Board, and now consulting economist of the United Mine Workers of America.

Mr. Lauck appeared in hearings of the demands of the anthracite workers for wage increases that will bring their earnings to a level with those of the bituminous workers, with a minimum wage of six dollars a day. "A survey of the anthracite industry," said Mr. Lauck, "shows an increase in net profits of the principal operators for the period 1916-1918 over 1912-1914 of nearly 90 per cent, as compared with an increase in production during this period of less than 12 per cent. The net income earned by these companies on their capital stock outstanding during the period 1916-1918 ranged from 20.4 per cent. to 26.6 per cent., as compared with a net income in 1912-1914 ranging from 14.2 per cent. to 18.9 per cent.

"The actual increase in profits during the war years of the coal companies which market their own product is indicated by the income account of the Philadelphia and Reading Company. This company, which had no selling device for concealing its profits, increased its production only 11 per cent. during the war years, but increased its profits nearly 500 per cent. and its profits per ton of output 435 per cent."

## OPPOSITION ENDEAVORS TO FORCE GOV'T'S HAND

Would Have Great Britain Reveal Its Complete Financial Proposals for Ireland.

London, June 28.—With a view to forcing the government to disclose its complete financial proposals for Ireland, the opposition leaders in the House of Commons today moved amendments seeking postponement of the clause in the Home Rule Bill repealing the 1914 Act. The amendments, however, were rejected. Premier Lloyd George, taking part in the debate, was again conciliatory toward Ireland, but insisted that no body now would be satisfied with the 1914 Act, and that it was impossible to grant the demands of the Irish extremists. He was convinced that things would improve in Ireland when the genius and common sense of her people realized that the British people would never consent to the extreme demands of the Sinn Feiners and that the United States would not support the demand for an independent Ireland.

## HEAVILY FINED FOR EVADING INCOME TAX

Hamilton, Ont., June 28.—For attempting to evade the federal income tax Coroner W. B. Hodgkins, well known Hamilton physician, was heavily punished today. The department doubted the doctor's returns and put an inspector on the books. The evidence showed a return in 1917 of \$1,500, while receipts were \$8,905; \$4,000 in 1918, with actual receipts of \$13,600, and \$3,000 last year with receipts of \$12,000. It was estimated that nearly \$10,000 of last year's profits came from liquor prescriptions. The magistrate delayed for a time about sending the physician down for six months, but finally imposed a fine of \$3,000.

## PRAIRIES WANT 50,000 HELPERS

Winnipeg, June 28.—Fifty thousand farm laborers will be required to harvest the 1920 crop of the Prairie Provinces, it was estimated today by J. A. Bowman, provincial commissioner of colonization.

Bumper crops in all three provinces warrant the increases, which is one third greater than the number of men engaged in farm work last year. Mr. Bowman said.

carry greater moral authority, and would bring more vitality and realism to bar upon public affairs. The decision, however, rests with the Prime Minister. Until he lifts the curtains, the present uncertainty will prevail.

## STUDENTS IN GERMANY ARE STARVING

Conditions Are Just as Bad in Austria According to Report of Commissioner of Friends.

### RELIEF WORK BEING RUSHED

Noted Professors Are Destitute and Salaried Class is Showing Every Sign of Hunger.

(Copyright, 1920, by Public Ledger Company.)

London, June 28.—Hundreds of German and Austrian students are starving to death in their desperate struggle for education, according to Dr. Jesse Holmes of Swarthmore College, who was in London for a short stay recently after touring the continent in the interests of the Friends' war-victim relief work of which he is American commissioner.

The condition of the university students in these countries, said Doctor Holmes, is as critical as that of the most wretched poor families. Few of the students have one good meal a day. Books are out of the question and most of the men wear their old uniforms buttoned up to the neck to conceal the absence of a shirt. Men students have gone to bed exhausted from hunger and have been found dead days later. Both men and women are forced to work to support themselves even in this wretched manner, the men sawing wood or doing other forms of manual labor and the women doing domestic or office work.

#### University Professors Given Food.

Professors at Vienna University, many of whom had a world-wide reputation before the war, are living on the aid provided them by English and American. An aged professor, world famous lived for three months on tea and soup.

Twenty thousand men and 1800 women, said Doctor Holmes, are enrolled in the universities of Vienna. An even larger number is attending the schools in Germany.

Germany's condition is critical, according to the Friends' commissioner. People are dying quietly in their homes of hunger. Nobody has enough food but the people who became rich through the war and the people show a despair and apathy that makes them unfit to cope with conditions.

The food problem was declared to be one of the problems in Vienna. Food peddlers, among them thousands of discharged soldiers, go out in the country and buy up the food and then bring it into the city to be sold at an exorbitant price.

"Professors and people show the signs of starvation in Vienna," said Dr. Holmes. "Working people do not look so bad, but teachers and professors, educated employes, show every sign of wretchedness and hunger. Union workers are comparatively well paid; wages have increased 600 to 1000 per cent. while salaries have been only doubled."

In Poland and Serbia, which were also visited, the problem was stated to be chiefly that of disease and undernourished children. Typhus is raging in Poland, while in Serbia, though food is more plentiful, the number of the bereaved children constitutes a grave problem.

#### Friends Feed School Children.

At present 200 men and women are working under the Friends' relief commission abroad. In Vienna food depots are maintained and 110,000 school children are fed by the American, while the English look after the younger children. Hotels have been opened both in Vienna and Berlin to provide the university students with a warm breakfast.

An American unit of twenty is at work in Serbia doing farm work, helping build houses and giving medical aid. American Friends have also taken charge of the food distribution in Germany under the direction of Mr. Hoover. Only a few Americans are at work in Poland, the majority of the unit of seventy being English Friends. The work in France, where 550 Friends, chiefly Americans, were employed, has been ended.

Fifteen thousands tons of milk, fat, drugs and clothing have been sent to Russia, and three English school children, Arthur Watts, Gregory Welsh and Hinman Baker, have been permitted by their government to undertake relief work in Russia. During the recent visit of Krassin, the Bolshevik trade envoy to London, members of the Friends' foreign relief committee conferred with him concerning conditions in the country.

#### CHICAGO RECEIVES SUGAR FROM CANADA

Chicago, June 28.—Four million pounds of sugar arrived here from Canada this month, customs reports show. It was purchased in Cuba by English merchants, sold to Canadian consignees and re-sold in this country.

## NEW MOVE PLANNED BY SINN FEINERS

Preparing for Possible Stoppage of All Railway Traffic and to Commandeer Motor Cars.

Dublin, June 28.—The Sinn Feiners are preparing for a possible stoppage of all railway traffic and arranging to commandeer motor cars and organize food transport systems. Up to the present the trains are running regularly, except when police, soldiers or munitions are known to be aboard. At a meeting of the Corporation of Dublin, today, the Labor members, who had the general approval of the other members, declared that the railwaymen would remain steadfast in refusing to operate trains carrying munitions or soldiers.

## RIORDON CO. ISSUE OVERSUBSCRIBED

Pleasing Feature of the Issue is That \$8,000,000 Were Taken up by Canadians.

Special to The Standard

Montreal, June 28.—Subscription lists for the \$8,000,000 issue of Riordon Company limited 3 per cent cumulative preferred shares, public offering of which was made on June 18th last by Royal Securities Corporation, were closed yesterday. It is understood that subscriptions for the issue total well over \$9,800,000, more than \$8,000,000 having been taken up by Canadian investors. A feature of the issues is the fact that there were more than 2,000 individual subscribers to the offering, a distribution that should tend to establish a strong market for the new securities. It is believed that the Riordon issue is the largest single industrial issue yet made in Canada, and the successful flotation of so large a volume of securities in the face of what are generally accepted as restricted money conditions, may well be regarded as something of an achievement. It would seem to indicate a strong underlying investment interest in Canada, and a representative of the Canadian pulp and paper industries.

## PROVINCIAL GOV'TS TO SETTLE QUESTION

Pertaining to Main International Labor Convention to Which Dom. Gov't Assented.

Ottawa, Ont., June 28.—The main International Labor Conventions, to which Dominion Government representatives assented at Washington, November last, are to be referred for action to nine Provincial Governments. Decision to follow this course has been reached following a ruling by the Department of Justice. Principal among conventions to be referred are: The eight-hour day; the children charter (limiting the age of employment of children in industrial establishments to 14 years); prohibition on the employment of young persons under 18 years, and of women in industrial establishments during the night.

Assent to the international conventions has aroused constitutional problems and it is held that the Dominion Parliament does not have the necessary jurisdiction, and the conventions are, therefore, being referred to the Provincial Governments for such assent as they may deem proper. There has been a suggestion of an inter-provincial Conference for discussion of the situation, but such a course is not now considered necessary.

## SEVEN DEATHS IN RELIEF ASSN.

Moncton, N. B. June 28.—Only seven deaths are reported in the C. G. R. Employees Relief and Insurance Association during the month ended June 25. This is an unusually small number. Three of the deaths were retired employees. Those who died during the month were Ex-Con. John A. McLaren, Engineer, Moncton; James R. Hayward, retired, Moncton; George McKay, brakeman, New Glasgow; Bliss Smith Ward, Chief Train Despatcher, Moncton; Jos. P. A. Bonchard, brakeman, River Du Loup; Ex-Con. James W. Henderson, retired, Moncton.

## QUIET RESTORED IN CENTER ANCONA

Rome, June 28.—Quiet was restored, today, in the centre of Ancona, according to despatches from that city, the anarchists, who have been creating serious disturbances there, retiring to the suburbs. The central part of the city was cleared when a detachment of carabinieri, protected by artillery, marched through the quarter where the anarchist forces had been in possession.

## SPEEDING UP BUSINESS IN PARLIAMENT

Business of the House Being Rushed Through in Hope of Ending Work by Thursday.

### WHEAT BOARD BEFORE HOUSE

Several Amendments Introduced by Opposition Members Were Lost When Put to Vote.

Ottawa, June 28.—(Canadian Press)—Speedy progress was made with the business of the House of Commons today. Shortly after the opening, Sir Robert Borden introduced his resolution which vests the Board of Railway Commissioners with powers to handle the fuel situation in Canada. With comparatively little discussion this resolution carried and the bill based on it was pushed through all three readings. Next the House took up the measure providing for increases in the salaries of judges, which met with considerable opposition, but finally received final reading.

#### Wheat Board

Sir George Foster's resolution providing for the extension of the time of the Canadian Wheat Board, if the Government considers that it is necessary to the marketing of this year's crop, caused some discussion. The Minister of Trade and Commerce outlined to the committee the work accomplished in the past by the Wheat Board, claiming that it had earned the approval of the Canadian people. Finally a bill, based on the resolution, was introduced and given third reading.

#### Franchise Bill

When the Franchise Bill made its appearance what is expected to be its last in the House, Hon. W. S. Fielding introduced an amendment which provides that by-elections be held on the same day. He pointed out that vacancies occurred in East Elgin and St. James, Montreal Divisions, about the same time. The amendment was lost by 19, the vote standing 48 to 77.

Hon. W. L. Mackenzie King immediately introduced another amendment which would do away with the employment of enumerators in rural constituencies. The leader of the Opposition claimed that the system of employing enumerators would cost the country a million dollars. This amendment was also lost on division by 63, the vote standing, for 48, against, 101. Twelve Progressives voted with the Government.

## SERIOUS CHARGES AGAINST LIQUOR INSPECTOR

Commissioner Appointed to Investigate Complaints Laid Against Officer of Law.

Special to The Standard.

Arroostook, June 28.—The community is most interested in the report that a commission has been issued to William Ryan, of St. John, authorizing him to investigate charges, R. W. Demmings, of this place, a liquor inspector.

The charges are laid by Dr. Sprague of Woodstock, one of the most reputable and highly esteemed of medical practitioners, and whose word bears weight throughout Victoria and Carleton counties. In his charge Dr. Sprague alleges the giving of liquor to various persons, receiving money from persons engaged in the sale of liquor. He further alleges the inspector carried out his duties in a partial irregular and illegal manner.

## MONCTON READY TO PLAY PART OF HOST

Annual Convention of Chief Constables of Canada Convening in Railroad City Today.

Moncton, N. B., June 28.—The stage is all set for the opening of the sixteenth annual convention of the Chief Constables of Canada in this city tomorrow morning at ten o'clock in the City Hall. About thirty of the chief constables from western points, including the president, Chief Burton of Regina, arrived in the city today. A meeting of the executive was held this afternoon. After the opening of the convention tomorrow and an address of welcome by the mayor and some routine business, the visitors will be taken by automobile to the Maritime Penitentiary at Dorchester, where a banquet to be presided over by General W. S. Hughes, superintendent of prisons, will be held. On the return to Moncton the visitors will be taken to Point Du Chene for a clam bake, and at six o'clock they will be the guests of the provincial government at a banquet.

## DUBLIN NEARING STATE OF SIEGE

Dublin, June 28.—The Corporation of Dublin, today, passed a resolution creating committees in certain areas to meet the famine threatened by the stoppage of the railways. Alderman Macdonagh said Dublin was rapidly approaching a state of siege and that machinery must be created to meet the crisis.

## FUEL OIL FAMINE IS NOW FEARED

Should it Come the Paper Making Industry in British Columbia Will Be Hard Hit

Vancouver, B. C., June 28.—(Canadian Press.)—A famine in fuel oil faces the Paper making industry in British Columbia, and if the famine comes there may be no newspapers in Vancouver and Victoria, Seattle and Tacoma and other Pacific Coast cities as far South as San Francisco and San Diego.

Calgary and Edmonton, Alberta, are affected. For the most part all newspapers on the Pacific Coast are dependent on the great manufacturing plants at Powell River and Ocean Falls, B. C., for their great supplies of newsprint. These mills, are run by steam, generated by boilers heated with California fuel oil.

The Standard Oil Company in California, it would appear, has made up its mind that it can provide no more oil for export owing, it is said, to the great demand for oil arising from the coming of many new steamers to the Pacific Coast.

## POPULATION OF FRANCE DROPS

Invaded Parts of Country Show a Loss Triple That of Prussia.

(Special Correspondence, Copyright, 1919, by Public Ledger Co.) Paris, June 28.—The comparative decrease in civil populations of France and Prussia has just been indicated in an official tabulation given to the press. From July 1, 1914, to June 30, 1918, the population of the uninvaded part of France (33,909,000 inhabitants) diminished by 993,440 and that of Prussia (42,900,000) diminished by 3,128,271.

Hence with a population 3,900,000 less than that of Prussia, France suffered a decrease three times as great. Considering the invaded departments, where the birth rate was almost zero and the death rate very high, the decrease of French population appears even much greater.

## CHATHAM TO HAVE BIG CELEBRATION

Labor Demonstration on Dominion Day With Parades, Band Concerts, Etc. to be Attraction.

Special to The Standard.

Chatham, June 28.—Preparations are almost completed for the big labor demonstration Dominion Day. The monster parade in which 2,500 men are expected to take part, will be held in the morning. Numerous splendid trade and other floats are being put in readiness for this main feature. In the afternoon an attractive programme of sports will be run off and a ball game will be played between Moncton and Chatham's best. Band concerts and a grand dance in the exhibition building will be the main attractions for the evening. Three outdoor organizations, including Perry's Peerless Band of thirty pieces Moncton, have been engaged for the big celebration.

## ENGINEER KILLED AT EDMUNDSTON

Bert Gardiner of Woodstock Fell from Car, the Wheels of His Engine Cutting Him in Two.

Special to The Standard.

Woodstock, June 28.—The remains of the late Bert Gardiner, who was killed this afternoon at Edmundston are expected here tomorrow morning. Mr. Gardiner, who was 39 years of age, entered the employ of the C. P. R. when a young man and was rapidly advanced to an engineer. He was standing on a flat car, assisting some of the brakemen, when the engine bumped into the car and he was thrown between the tender and the car, the latter running over him and the wheels cutting him in two. He is survived by the widow and four young children.

## BRITISH SCHOONER STRIKES SHOALS

Chatham, Mass., June 28.—The British three masted schooner C.

## QUAKERS ACT AS MEDIARIES IN IRISH TROUBLE

Attached to Neither Protestant or Irish Church They Retain Goodwill of All.

### "FRIENDS" FRIENDLY TO BOTH FACTIONS

W. C. Allen of Quaker Town Urges London "Friends" to Draw British and American Nations Together.

Copyright, 1920, by Public Ledger Co.

London, June 28.—Two thousand Quakers stand as the only tolerated mediary between the antagonistic elements in Ireland. To the Irishman the Quaker is neither fish nor fowl of the matter of religion. Consequently the members of the Friends' Church have been able to hold the good will of both parties. The Irish Protestants do not consider the Quaker Church as a definite Protestant institution; but as it is not allied to the Catholic Church and as most Quakers in Ireland are of English or Scotch descent, the Ulstermen are on good terms with the Irish Quakers and have confidence in them. On the other hand, the Irish Catholics are friendly with the Quakers themselves as victims of persecution were at one time in a condition in which the Irish Nationalist compares to his own.

In Dublin a young Friend, who is at the same time an open pacifist and a supporter of the Nationalist cause, holds "open house" for Sinn Fein leaders where they may confer with each other and meet Englishmen and foreigners trying to get at the bottom of the Irish trouble. Although he is not a Sinn Feiner and is opposed to violent methods, he holds a position of influence with the national party and its chiefs. Down in the south of Ireland, a mild, kindly old Quaker is sought out by Ulstermen and Sinn Fein Catholic priests and Church of England vicars. All parties show respect for his counsel and his views are honored. Throughout the island members of the Friends' Church are urging peace and are heard quietly because their attitude is recognized to be impartial.

Recently the Quakers in Ireland issued a message to their countrymen protesting the violence on one side and injustice on the other.

English Quakers generally support the nationalistic claims of Ireland and condemn the militaristic measures used against the Sinn Fein by the government. They are strongly opposed, however, to the Sinn Fein "reign of terror."

"We've talked of self-determination for Ireland for years," said a prominent English Quaker. "It's just a question of keep your promise."

Danger to the friendly relations between America and England was emphasized at the London yearly meeting recently held by William C. Allen, of Philadelphia, who was urged to do all in their power to counteract unfavorable influence and to draw the two nations closed together. The speaker said he had met much American propaganda in the British colonies.

## UNLIMITED POWER GIVEN BY COMMISSION

In Dealing With Real or Apprehended Scarcity of Coal or Fuel Supplies in Canada

Ottawa, Ont., June 28.—The House this afternoon went into committee on a resolution which provides for amendments to the Railway Act granting the Railway Commission power to take any action it sees fit to deal with a real or apprehended scarcity of coal or other fuel supplies in Canada. In moving the resolution, the Prime Minister stated that Hon. J. D. Reid, Minister of Railways and Hon. Gideon Robertson, Minister of Labor, had been looking into the coal situation which had become serious, especially during the past few days. These two Ministers had made a report which showed that, since the month of April, receipts of coal in Canada had been becoming very irregular. The provinces of Ontario and Quebec were practically dependent on outside sources for their supplies of coal, which were short by over a hundred cars every day.

The shortage and irregular delivery of coal, said the report, was due to a number of causes, one of which was the inadequate car supply, and another, the serious strike of railway employees in the United States. Industries in the United States were closing down owing to the coal shortage, and the control and direction of fuel supplies had been placed in the hands of the Inter-State Commerce Commission. This commission has placed an embargo on shipment of coal from Atlantic ports outside of the United States.

Maudie Gaskill, struck on the West side of Handerchief Shoal early today. The sea was smooth and the vessel was in no immediate danger, but an increasing South West wind and the change of tide threatened to make her position uncomfortable later. She is from New York, bound East with coal.

### DEMOCRATIC CONVENTION IN FULL SWING

Opening, Besides Keynote Speech, Was Given Over to Demonstration for Pres. Wilson.

### CONVENTION FACES FIGHT

Over Prohibition, League of Nations and Irish Question—Warm Time Expected.

San Francisco, Cal., June 28.—During its one brief session today the Democratic National Convention heard the keynote speech, delivered by National Chairman Homer S. Cummings, and delivered several pronounced demonstrations for President Wilson. When adjournment was taken until tomorrow, after a three hour session, the real work of the convention began among the committee delegates to write the platform, decided appeals of delegations and elect a set of permanent convention officers.

As it has come time to combine in statutes with other causes, since I have not had an opportunity for an intimate talk with our teachers, I shall take this occasion to refer to some of the things accomplished during the last few years, touching upon a few of them as they permit, and directing your attention to a few of the things that deserve attention in the future.

"I think it is well to take stock occasionally in order to report progress or not failure. I do not propose to dilate upon the late war. We were unprepared for it, as we are unprepared for some of the effects caused by the war. We insisted in the earlier stages upon 'business as usual,' but we find that no business is done as usual, and instead of a return to normal conditions, everything is abnormal. I hope we shall profit by the experience of the past, but we are prone to be forgetful.

In a contest in which all excellences are connected with the action, and colleges have every reason to be proud of their record. If any arguments are needed for a liberal education, the response of teachers and students to the cause of duty is convincing one. Many of our plans for education have been dislocated. In the most critical period of the struggle, Mr. Fisher, Minister of Education for England, said he wanted several million pounds for education, and obtained them. The country which strikes its educational institutions at present will fare badly in the future.

He referred to some of the things accomplished in the last ten years affecting education in the province. This evening's session was under the auspices of the New Brunswick Teachers' Association, and the principal feature was an address by Charles B. Stillman, President of the Teachers' Federation of America, who urged that the Association unite with that organization, which is affiliated with the American Federation of Labor. Mr. Stillman is Chairman of the Education Committee of the latter body, and stressed the non-partisan policy of the American Federation of Teachers.

Just before adjournment the convention on motion of Governor Gardner, Missouri, sent President Wilson a message praising the President's achievements of the war, rejoicing in the recovery of Mrs. Wilson's health, and deeply resenting the "malignant onsets" of the President's partisan foes.

### WORKMAN ARRIVES AT MONTREAL

Has But Little to Say Regarding Happenings in the Steel World.

Montreal, June 28.—Mark Workman, former president of the Dominion Steel Corporation, arrived here today on the Minnedosa from London. Mr. Workman said he had little knowledge of developments in connection with the British Empire Steel merger, having been unable to get much news owing to the strike of wireless operators during his voyage over. Before giving any expression of opinion on the action of the directors at the recent general meeting of the Dominion Steel Corporation, and the changes in the directorate which ensued at the meeting, Mr. Workman stated that he would require more information than he had at present.

### SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Grey hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhance its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyntha's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

### N. B. EDUCATORS AT FREDERICTON

Three Hundred Teachers Present at Opening of Institute Yesterday.

Special to The Standard. Fredericton, June 28.—At this afternoon's session of the New Brunswick Educational Institute between 300 and 400 teachers were in attendance. The principal work of the afternoon was the appointment of a Nominating Committee, a Resolution Committee, and an address by Dr. W. S. Carter, the Chief Superintendent of Education.

The membership fee for the coming year was fixed at \$1 per member, and following this the annual general business was held, Dr. George Inch being elected secretary, and Miss I. Peabody assistant secretary. The report of the Executive Committee, which was presented by Dr. Inch, showed that the Association had a balance on hand of about \$800.

The nominating committee was appointed as follows: A. S. MacIntyre, Fredericton; C. T. Wetmore, Rothesay Superior School; Wesley Myles, St. John; Miss Louise Short, Fredericton Junction School; George G. Oulton, Fredericton; D. W. Wallace, Woodstock, and G. H. Harrison, Chatham.

The Resolution Committee is Dr. S. Bridge, of St. John; Miss Fraser, of Grand Falls, and H. B. Hagerman, of this city.

Dr. W. S. Carter, Chief Superintendent of Education, in his address to the institute, said:

"As it has come time to combine in statutes with other causes, since I have not had an opportunity for an intimate talk with our teachers, I shall take this occasion to refer to some of the things accomplished during the last few years, touching upon a few of them as they permit, and directing your attention to a few of the things that deserve attention in the future.

"I think it is well to take stock occasionally in order to report progress or not failure. I do not propose to dilate upon the late war. We were unprepared for it, as we are unprepared for some of the effects caused by the war. We insisted in the earlier stages upon 'business as usual,' but we find that no business is done as usual, and instead of a return to normal conditions, everything is abnormal. I hope we shall profit by the experience of the past, but we are prone to be forgetful.

In a contest in which all excellences are connected with the action, and colleges have every reason to be proud of their record. If any arguments are needed for a liberal education, the response of teachers and students to the cause of duty is convincing one. Many of our plans for education have been dislocated. In the most critical period of the struggle, Mr. Fisher, Minister of Education for England, said he wanted several million pounds for education, and obtained them. The country which strikes its educational institutions at present will fare badly in the future.

He referred to some of the things accomplished in the last ten years affecting education in the province. This evening's session was under the auspices of the New Brunswick Teachers' Association, and the principal feature was an address by Charles B. Stillman, President of the Teachers' Federation of America, who urged that the Association unite with that organization, which is affiliated with the American Federation of Labor. Mr. Stillman is Chairman of the Education Committee of the latter body, and stressed the non-partisan policy of the American Federation of Teachers.

Just before adjournment the convention on motion of Governor Gardner, Missouri, sent President Wilson a message praising the President's achievements of the war, rejoicing in the recovery of Mrs. Wilson's health, and deeply resenting the "malignant onsets" of the President's partisan foes.

### McADOO REMAINS NON-COMMITTAL

New York, June 28.—William McAdoo would neither affirm nor deny today that he would accept the presidential nomination if tendered him by the Democratic convention. Early in the day it was said at his office that he might comment on the statement by Thomas B. Lovett, National Committeeman from Texas, that Mr. McAdoo would not refuse the nomination. He left his office for the day, however, without having made any statement.

### SALMON RECIPES.

Salmon Souffle. Separate a large cupful of salmon into small flakes and add two teaspoonsful of lemon juice, half a teaspoonful of salt and an eighth of a teaspoonful of paprika. Cook half a cupful of grated bread crumbs in half a cupful of milk for five minutes, add the salmon, the yolks of three eggs beaten until lemon colored, a teaspoonful of chopped parsley and fold in the stiffly whipped egg whites. Turn into buttered scuffe dishes and bake in a moderate oven until well risen and firm in the centre.

Put one cupful of tarragon vinegar into a saucepan and add a teaspoonful of whole cloves, half a teaspoonful of allspice berries, eight peppercorns, a bay leaf, one-quarter of a teaspoonful of salt and a teaspoonful of celery seeds. Bring slowly to the boiling point, simmer for three minutes and pour over cooked salmon. Cover the fish closely and let stand for six or eight hours before serving. This makes a most delectable sandwich filling, using grained bread, by Salmon Mayonnaise.

Press some flaked salmon in a mould spread thickly with one cupful of thick mayonnaise dressing, to which has been added half a teaspoonful of granulated gelatine dissolved in one teaspoonful of hot water. Chill on the ice and press into the dressing bits of pickled beet, strips of hard boiled eggs and a few capers. Serve on lettuce leaves.

Salmon and Potato Salad. Flake the salmon into small pieces and mix lightly with one cupful of cooked potato cubes, one cupful of shredded lettuce, two chopped hard-boiled eggs, two finely chopped pickles, half a cupful of drained canned peas and a tablespoonful of chopped celery tops. Moisten with a boiled or mayonnaise dressing and heap in a mould on a salad platter. Surround with a border of crisp lettuce leaves.

### Women Artists In Evidence at Academy

London Critic Says Their Painting Lacks Original Vision—No Women Are Members Although Number Are of High Artistic Achievement.

By MARK ZANGWILL. (Copyright, 1920, by Cross-Atlantic Newspaper.) London, June 25.—The women artists of England are an increasingly numerous band, and largely in evidence at all exhibitions. They are always in great force at the annual exhibitions of the Royal Academy, though since the days of Angelica Kauffman and Mary Moser, no woman has been elected Academician or even Associate. The election of these ladies was synchronous with the foundation of the Royal Academy in 1768, both being foundation members.

Angelica Kauffman died in 1807 and Mary Moser in 1819. Thus for a century that august and autocratic body has fought shy of feminine art in its composition and decorative qualities by an up-to-date "entente cordiale."

Mary Moser is entirely forgotten, and Angelica Kauffman, who started her career as an infant prodigy, is little remembered today for her romantic elements in her life; her productions were insipid, feeble and affected. Neither of these artists is on the same plane as Madame de La Bruin, for instance.

Mrs. Swynerton's Art Distinguished. Today there are several women painters of high artistic achievements, and tonight I desire to mention a few of them. The most outstanding personality is Mrs. Swynerton, whose art is always distinguished. She is the most versatile of women painters, and her work is replete with all the higher qualities; fine in design and color and of vital significance.

Laura Knight is another extremely clever artist, possessed of a tremendous faculty, though at times lacking in the higher elements of design and color.

Others are Lucy Kemp-Welch, the modern Rosa Bonheur; Anna Alry, the powerful painter of figures and animals; and also of delicate vision, of Lord Reading, Horace and Alice Farnham, a vigorous landscape painter. One of the most accomplished, too, is Esther Suro, the wife of Alfred Suro, the playwright.

Neither the painter, the veterinarian, and Clara Montalba, the painter of Venice and Lady Butler of "The Roll Call" fame be forgotten.

Gauguin's Dictum. On the whole feminine painting, while it attains a certain degree of excellence, and is often accomplished and dexterous in technique, yet lacks original vision. "In Art," said Gauguin, "there are two revolutionaries or plagiarists." Well, there are a good many revolutionaries among women artists today, such as Sylvia Gosse and the painter, but they are only imitators and followers of the male revolutionary. There is no woman artist who has started a new movement or established a school of her own. The main debt she prefers the established track and is not tempted beyond these limitations.

### CANCER FALLS BEFORE SCIENCE

Discovery of Dr. Glover of Toronto Giving Delicious Relief to Cancer Sufferers.

Toronto, June 28.—Remarkable improvement is shown in the condition of cancer patients from advanced cases of cancer who have been treated with the serum discovered by Dr. T. J. Glover of this city. No hope was held out for the recovery of any of the patients when Dr. Glover first administered his serum, but this morning it was stated they were all free from the dreadful agony they have been undergoing for many weeks.

Since the first announcement of Dr. Glover's discovery the outdoor department of St. Michael's Hospital has been besieged with persons suffering from the disease. No cases are treated unless reputable physicians first testify that patients are suffering from cancer.

### OBITUARY.

Special to The Standard. Mrs. James F. Connors. Chatham, N. B., June 28.—Many friends throughout the province will regret to hear of the sudden death of Mrs. James F. Connors on Saturday morning. Some time ago the deceased had been quite ill but had seemingly fully recovered. She had been out visiting on Friday evening and was apparently then in good health. She was suddenly taken ill Saturday morning and died about an hour afterwards.

The late Mrs. Connors was Miss Puffy before her marriage and was a native of Fredericton. She had been a teacher by profession. She is survived by her husband, Police Magistrate James F. Connors. There are no children. Mrs. Connors was an active worker in many religious and fraternal societies, a member of the Board of School Trustees and had always taken a prominent part in the community life. Her death is a great loss to the community at large as well as to her bereaved husband. The funeral took place this morning to St. Michael's Cathedral, where requiem Mass was celebrated.

### Keeps Baby's Skin Healthy

If every mother could only realize the danger which lurks in the neglect of chafing and skin irritations she would not take chances on being without Dr. Chase's Ointment to apply after baby's bath.

It arrests the development of eczema and makes the skin soft, smooth and velvety.

60 cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

### Figures in the Movies

Sometimes he is a cowboy, sometimes a newspaperman and sometimes he is just a plain, common, old-fashioned man being with the jumps. He springs into the first foot of film with a bound and bounds out of the last foot with a spring. Otherwise he is a good boy, as far as his mother is concerned, and does his best to make life miserable for any one who happens to be his boss for the time being.

The camera man at the studio must lose sleep figuring up methods of keeping the agile figure framed within the rather restricted area of the lens field.

He is the hero par excellence of the anemic female who delights in primitive male—man and sometimes she is just a plain, common, old-fashioned man being with the jumps. He springs into the first foot of film with a bound and bounds out of the last foot with a spring. Otherwise he is a good boy, as far as his mother is concerned, and does his best to make life miserable for any one who happens to be his boss for the time being.

He never enters any house, office building or castle by the tradesman's entrance. He doesn't use the regular everyday door or established way to see him. That would be too simple. He always uses a high window or a skylight. That is what he is paid for doing and that is the only way to see him.

Besides being a climber—socially and practically—he smiles all the time. Any time he is not smiling he is shooting somebody. He does not do a great deal of shooting except to shoot the catch off, the tenth-story window so that he can gain entrance once he has climbed to that point.

And the adventures he manages to shoot the catch off, the tenth-story window so that he can gain entrance once he has climbed to that point.

### Jos Beckett May Come To Front

English Fighter, Due in America Soon, Will Meet Tommy Burns in Ring.

Joe Beckett, the English heavy-weight, is to visit the United States soon, and the American sports are much interested in his trip. Beckett is said to have the makings of a good fighter in him, in spite of his quick defeat at the hands of George Carpentier. If put in the hands of some good trainer he might develop into a high-class performer with the gloves on. He is said to be a popular fellow, and has many friends on the other side of the water who would like to see him come to the front. He is a rugged fighter, and carries a heavy wallop, but is said to know little of the finer points of the fight game.

Report from the other side is that Beckett and Tommy Burns, former holder of the heavy-weight championship, are to fight next month in England. Beckett will have a good chance in this battle to show his prowess. Burns is a veteran ringster and has not fought in several years. Tommy was rated as a good man in his day, but never considered a high-class champion. Burns grabbed up the championship title when there were few good heavies in sight. He lost it to John Arthur Johnson in far-off Australia 12 years ago, after

Pursuant to the disqualification of the horse which performed at Connaught Park, Ottawa, recently, under the name of Little Boy, the following ruling was given out by the stewards: "For misrepresentation and deception in connection with the ownership of the horse, Little Boy, in the fourth race on June 21st, E. S. Moore, Frank Farrington and G. E. Richards are denied the privilege of the Connaught Park course including admission to the grounds. Trainer Stafford Doyle and the mare Celia are suspended and recommendation is made to the Canadian Racing Association that the license of Stafford Doyle be revoked."

It has been determined that the horse which ran in the name of Little Boy is a ringer, but his identity has not been established by his professed owners, and is held by the Connaught Park Jockey Club. The ringer was entered as owned by E. S. Moore and as being trained by Stafford Doyle. Mr. Moore claims that the horse really is owned by Mr. Farringer, a contractor of Detroit. Richards' connection with the affair is alleged to be that of color changer, and it is alleged that the animal is fading to a chestnut, whereas he ran as a dark bay. Richings is said to have been ruled off the trotting turf for similar practices.

Investigation has developed that the horse in question was run as a ringer in Kentucky in the race wherein he finished fifth to Opportunity.

"I didn't like the big league none too much," said Pitcher Hawkwind. "Unless a guy can throw a ball through a knothole he ain't got no business in the majors. Here in the minor I can win a game now and then without control, and I get nearly as much dough here as I didn't earn in the big league."

Investigation has developed that the horse in question was run as a ringer in Kentucky in the race wherein he finished fifth to Opportunity.

### Commercial Club Meeting Held

Hon. R. J. Ritchie Addressed Meeting. Reported Successful Pro Held—Hotel Plans for Club Required to Raise \$375,000 Other Matters of Interest.

Hon. R. J. Ritchie addressed the members of the Commercial Club last evening in an interesting address on "Making St. John a better place to live in." His Honor stated that if St. John was to be a better place to live in and a thriving bustling town, due regard must be paid to several things. He suggested the introduction of new industries and the revival of old ones fallen into decay. Such action would afford a means of livelihood for the young men and women of the city and insure the prosperity of the city itself. The elements necessary for such action were, he thought, the effort of the individual and following that the community effort.

The meeting was the regular monthly one and was held in the G. W. V. A. hall with the vice-president, C. J. Peters, in the chair. The minutes of the last meeting were read and adopted.

The reports of the Athletic, Hotel and Transportation Committees were read and presented to the club for consideration.

The Athletic Committee recommended that three four-swimmer boat races be held during the Summer and that cups be donated by the club. The motion was carried.

F. W. Coombs reported that he had interviewed the Road Engineer and had been assured that the running track on the Allison Play Grounds would be ready by next Labor Day. The club would, therefore, be in a position to advance a claim for the holding of the Provincial Champion Track and Field events here next Labor Day.

The committee urged that the members of the club take a greater interest in athletics in the city. Frank White was appointed chairman of a committee to arrange the coming races to be held under the club's auspices.

A communication was read from J. W. McNally of the Y. M. C. A. asking the club to send four swimmers to Montreal to compete in the Canadian Olympic Swimming trials. The club were not of the opinion that they should provide funds for other organizations.

It was stated that Messrs. Dudley and O'Neill of the United Hotel Co. had visited the city during the month as the guests of Mr. Hayes, general manager, on a tour of inspection of the different possible hotel sites and expressed themselves much impressed with conditions here which they found most favorable. They were comparing definite plans for the club's consideration. S. E. Elkin, C. H. Peters and F. W. Thomson were appointed an inner committee to have charge of the hotel proposition until ready to be presented to the club for final settlement.

The club expressed its approval of the Athletic Committee's affiliation with the A. A. U. C.

The club approved of the Transportation Committee sending a letter of approval to C. E. Hayes, general manager of the C. N. R. in appreciation of consideration shown the club's requests.

The secretary of the club, H. R. McLellan, submitted for the club's approval the establishing of a citizen police force to be engaged in assisting the police in the proper enforcing of traffic laws. Such a force, he stated, had been established in other cities where the number of autos was large and the police force small. The suggestion was to consist of a captain, sergeant and from 75 to 100 members.

The force would not be allowed to carry arms but otherwise would be with the police and privileges of the regular force. Each member would be furnished with a badge and a copy of the rules and regulations governing the force, of which he would be required to have a thorough knowledge. In minor violations drivers would be warned, the second case would be referred to the chief of the traffic laws, which would be taken to court, and if necessary, steps would be taken to see that the offenders' license was revoked for a stated period.

Advocating the citizen police force he was sure that it would insure safer driving on the part of careless delivery drivers and reckless motorists. An educational campaign through the citizens police force would insure a greater knowledge of the traffic law.

C. H. Peters, in submitting the report of the Hotel Committee, stated that the preliminary details had been attended to by the committee and if the club and the city still desired the hotel they would have to raise a portion of the funds. A check of the bonds and one half the preferred stock had already been taken up by outside interests and citizens would be required to raise some \$375,000.

Messrs. Dudley and O'Neill had made a careful investigation of

Harper at their home on Monroe street.

The Tennis Club held its formal opening on Wednesday evening of last week, playing their game on the courts at Mrs. Cliff Vanstone's on Porter street. At the close of the game Mrs. Vanstone served delicious refreshments, after which the whole party attended the dance at Gaiety Hall. Those present were Misses Florence and Dorothy Heustis, Phyllis Vanstone, Phyllis Cockburn, Alice Gregory, Helena Nesbitt, Rita Nicholson, Bertina Hanson, Dorothy Blackall and Messrs. Blair Carson, Harry Gay, Hamilton and Arnold Clarke, Alan McLean, Glen Nicholson, Stuart Henderson, Gordon Lawson, Donald Hawthorne, Fred Waterston, Edgar Leubman, Millidge Dyer, Allan McLain, Fred Waterston, Gordon Lawson, Donald Hawthorne, Harry Gay, Stuart Henderson, Arnold and Hamilton Clarke and Dr. Kenneth Williamson.

Mr. Mason of Orangeburg, New Jersey, is the guest of Mr. and Mrs. Harry McPhail.

Mr. Henry Scovill returned on Friday last from a visit with friends in St. John.

Miss Martha Harris gave a very delightful house party at her cottage at Weichopol, Campbell. This week her guests were Mrs. George Cutran, Mrs. Fowler Mrs. Mattie Pike, Miss Julia McGlinchey, Mrs. Charles McAllister, Milltown, Mrs. Lizzie Haycock, Frank Laby, Moore's Mills, Mrs. George Murchie, Mrs. Sarah Tarr and Mrs. Annie Lee.

Mr. and Mrs. Samuel Harper, Mr. and Mrs. W. J. Harper and Miss Hannah and Miss Lorraine Bailey motored to Chamcook on Sunday, where they were guests of Miss Sue Rankin.

Millidge Dyer has returned from a three week's vacation at his home at Dyer's Station.

Mrs. George Smith, Miss Phyllis Cockburn, Miss Helena Nesbitt and Judge N. N. Cockburn were among the St. Stephen people who spent Sunday at St. Andrews.

Allan McLean has returned from a trip to St. John, where he was the guest of his brother, Neal McLean.

Miss Anna McElibbin, graduate nurse, is spending her vacation with her parents, Mr. and Mrs. John McGibbon at their home on Union street.

Many St. Stephen friends are interested in hearing that Dale M. Farnham led his class at the N. S. Technical School at Halifax and his brother, Murray Farnham led his class at Mount Allison. They are sons of Mr. and Mrs. W. F. Farnham, who formerly lived at St. Stephen, but are now residing at Bridgewater, N. S.

Jack McLeod, the popular young son of Mr. and Mrs. John McLeod, is a patient at the Chipman Memorial Hospital, having undergone an operation for appendicitis.

Miss A. L. Hibbard of St. George, was registered at the Queen during the week.

Miss Eileen Farnham of Bridge water, N. S., is visiting her sister, Mrs. Wilnot Christy at her home on Queen street.

The members of the Tennis Club enjoyed a very delightful picnic at the Heustis Cottage at the ledge on Tuesday evening of this week. Miss Alice Ryder acted as chaperone. Those present were Misses Alice Ryder, Dorothy and Florence Heustis, Phyllis Vanstone, Frances Waterston, Louisa Webster, Alice Gregory, Rita Nicholson, Dorothy Blackall, Helena Nesbitt, Bertina Hanson, Phyllis Cockburn, and Messrs. Blair Carson, Jerome Bates, Henry Scovill, Edgar Leubman, Millidge Dyer, Allan McLain, Fred Waterston, Gordon Lawson, Donald Hawthorne, Harry Gay, Stuart Henderson, Arnold and Hamilton Clarke and Dr. Kenneth Williamson.

## Milltown

Milltown, June 24.—Rev. M. A. Gordon was the guest of friends in Lincolnton last week.

M. E. Matthews of Sackville, has succeeded V. Poole as acting manager of the local branch of the Royal Bank of Canada. Mr. Poole has resigned to enter commercial life.

Mr. Robert Smith rendered a solo very enjoyably in the Methodist Church, Milltown, Me., on Sunday morning last.

Mr. and Mrs. Edward Brooks are visiting H. E. Brooks in Milltown, Me.

Sandy Baxter succeeds the late Henry Sullivan as Customs Officer at the Union.

Mrs. George McArthur, who has been confined to her home for several months through illness, was able to visit friends in Milltown, Me., on Saturday last. She was accompanied by her daughters Misses Drucilla and Viola McArthur.

Fred Butler was a recent guest of his parents, Mr. and Mrs. T. W. Butler at their home in town.

Mr. and Mrs. Herman Morrison of Hartland were recent guests of Mr. and Mrs. O. D. Morrison.

Miss Frances Coughlin has returned from visiting some of the larger Canadian cities and has resumed her duties as organist in the Catholic Church.

Mrs. Sarah Eagan was a recent guest of her daughter in Woodland, Me.

Miss Mary Enright a Normal School graduate has returned to her home in town for the vacation season.

The ground is being broken for the foundations of the new school building, which is to be erected in the cotton mill field. A modern and well equipped school building is to be built at an estimated cost of \$100,000.

C. Frank Murchie has returned from a trip to St. John and other cities.

Art in the Machine Age.  
(Lan Gordon in The New Age, London.)  
It is a terrible truth that during the last two hundred years the people have been slowly deprived of their appreciation of art, as they have been robbed of their love of poetry. Today in some simple countries where the handicrafts persist, where books are few, newspapers scarce, and where the folk-song and the harp's boom still have a popular appeal, the level of natural artistic taste is high.

## Hillsboro

Hillsboro, N. B., June 24.—Mrs. Hicks of Pettodias, is a guest of Miss Melissa Woodworth.

Mrs. F. C. Silcox and little son of Lowell, Mass., are guests at the home of her parents, Mr. and Mrs. J. T. Lewis.

Miss Kathryn Thompson has returned from Charlottetown, P.E.I. Mr. and Mrs. Abinette of Sydney, N. S., are guests of Mr. and Mrs. G. P. Steeves.

Miss Andrews has returned to St. John after a few days visit with Miss Florence Steeves.

Gordon T. Steeves of Moncton, spent Sunday here.

The Canadian girls in training of the First Baptist Church enjoyed an outing on Tuesday afternoon.

Grade VIII pupils of the different schools of the parish are writing the High School entrance examinations this week at Hillsboro.

Miss Pauline Steeves has returned from Moncton.

Mrs. Bliss Duffy spent the week end at Newell Cape, the guest of her parents, Mr. and Mrs. D. B. Lockhart.

Mr. and Mrs. Cecil Lockhart and Mr. and Mrs. Stewart motored from Amherst here on Sunday.

On Sunday evening at the First Baptist Church, Mrs. Havelock Coy, gave an address on Missions.

Miss Martha Blake returned to Moncton on Wednesday to resume her position with the Canadian National Railway.

Mr. and Mrs. Josh Warl were at Point de Chene on Sunday.

Ambrose and James O'Connor of Newcastle, are guests this week of their parents, Mr. and Mrs. A. B. O'Connor.

Mr. and Mrs. Irving O'Connor and family of Riverside, spent Sunday with relatives here.

Mr. Fred Ridley of Bangor, Me., was in the village a few days of last week.

Rev. G. W. Tilley has returned from Sackville, where he attended the N. B. and P. E. I. Methodist Conference. Mr. Tilley who has been pastor of the Hillsboro circuit for the past three years, has accepted an invitation to remain another year.

Dr. W. P. King, who is at St. John this week attending the Medical Board of Examiners.

The pupils of the Hillsboro High School are preparing for their closing exercises to be held on the evening of June 29th in the Town Hall.

On Tuesday afternoon last the Ladies' Aid of the Methodist Church entertained at a "farewell tea" in honor of Mrs. (Dr.) W. P. Kirby, who is leaving Hillsboro in a few weeks. At the close of the tea hour Mrs. Kirby was presented with a gift of linen, from the aid. The presentation was made by the president, Mrs. W. H. King, who on behalf of the members, briefly expressed deep regret that Mrs. Kirby was so soon to be severed from them. Mrs. Kirby made a fitting reply to the kindness shown her by the aid.

The annual business district meeting of the Albert County Baptist Churches was held at Hopewell Cape on June 18-19-20. The meetings opened on Friday afternoon, and continued until Sunday evening with good attendance and much interest.

On Friday evening Grand Ligne Missions and Home Missions were spoken to respectively by Rev. B. H. Thomas and Rev. N. A. McNeill of Salisbury.

Rev. Dr. Spidle represented Acadia University and gave an address on the institutions at Wolfville.

On Saturday morning the business of the quarter was transacted. In the afternoon an interesting meeting of the W.M.A.S. was held, address by Mrs. Havelock Coy of Fredericton. A special feature of the meeting was a solo by Mrs. C. A. Peck, Hillsboro, and a selection from the female quartette from the First Hillsboro Baptist Choir. The speaker on Saturday evening was Rev. A. J. Archibald of New Glasgow, N. S., who is engaged in denominational survey work.

The annual sermon was preached by Rev. F. B. Seelye of Prosser Brook, Albert Co., on Sunday morning and in the afternoon a meeting of the Sunday School, when music was rendered by a choir of Sunday School girls led by Mrs. Hamilton. Two addresses were given, Rev. W. C. Machum, Superintendent of Sunday School work for the Maritime Baptist convention gave a splendid address, which was supplemented by Rev. A. J. Archibald.

In conclusion an evangelistic meeting was conducted by Rev. S. J. Perry of Andover, Albert Co.

Defined.  
A teacher was reading to her class, when she came across the word "unaware." She asked if any one knew the meaning.  
One little girl timidly raised her hand and gave the following definition:  
"Unaware is what you put on first and take off last."

**TOBACCO HABIT DANGEROUS**  
says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and let the germs which quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcements by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

## MONTH OLD BABY HADSKIN TROUBLE

On Face and Hands. Itched and Burned. Cuticura Heals.

"My baby was only a month old when her face and hands started to get red and scaly. The sores started in the form of water blisters and itched and burned. She was so cross and fretful she could not sleep.  
"This lasted nine months when I tried Cuticura Soap and Ointment, and I used three cakes of Soap with two boxes of Ointment when she was healed." (Signed) Mrs. Oscar Pilon, Amherburg, Ontario, May 7, 1918.  
Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Rubs with Soap, soaks with Ointment, dust with Talcum.

**MARRIED IN ENGLAND.**  
Among recent English marriages with Canadian connections was that of Major William Herbert Mackenzie, A. F. C., Royal Air Force, son of Mr. and Mrs. George Mackenzie of Victoria, formerly of Prince Edward Island, and Christabel, widow of Lehigh Kent and only daughter of the late Leonard Kelly of Walton, Ontario, Essex, and great-granddaughter of Sir John Henry Pelly, some time Governor of the Hudson's Bay Company. —Winnipeg Telegram.

## SOUGHT REFUGEE IN ST. JOHN

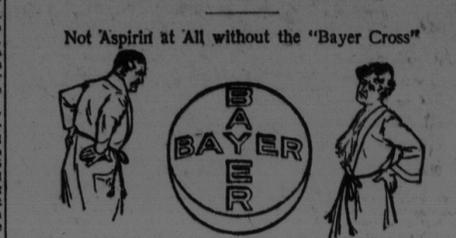

### Halifax Officials Anxious to Locate One Victor Herbert Howe.

(Canadian Press)  
Halifax, N. S., June 23.—The Police are searching for Victor Herbert Howe, an alleged Australian, who sailed from Digby, for St. John, N. B., on last Thursday, leaving behind him debts amounting to \$500 and many debtors, one of whom is B. Phillips of Halifax, chauffeur in the employ of the Halifax Taxi Company, from whom he borrowed \$114 on a check. The Halifax Taxi Company is reported to be out some \$300 here for a car in which Howe is said to have gone from Halifax to Digby. Howe, it is said, set out for Digby two weeks ago in a seven passenger car belonging to the Halifax Taxi Company, with Phillips, promising to pay for the car and the chauffeur \$26 a day. A letter to the Halifax Taxi Company from Phillips, explaining the bargain miscarried, and it was at first thought that Phillips had stolen the car. Arriving at Digby, says the report, Howe went to Mrs. Winchester's boarding house. It is added that he left there on last Thursday without paying his bill of \$38, then spent some days in Digby borrowing money on the strength of a check for \$4,500, which he had in his possession, taking female acquaintances for automobile rides and generally enjoying himself. On last Thursday, it is said, he disappeared and it was later discovered that he had taken the boat to St. John, N. B., whither a tarry telegram was forwarded appraising the police

of his arrival there. A telegram was also sent to Yarmouth. Phillips paid Howe's board bill at Mrs. Winchester's and returned to Halifax.  
He (tenderly)—It's a mistake for a man to go through life alone. She—Why don't you get your mother to chaperone you?

**Comfort Baby's Skin With Cuticura Soap And Fragrant Talcum**

### ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Lumbago, Stiffness, Rheumatism, Sciatica, Neuritis, and for Headache, Neuralgia, Toothache, Earache, take Aspirin marked with the same "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nine-tenths of the world's population. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists sell Aspirin in an unbroken "Bayer" package. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Mono-aceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacturers, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

**FREE THIS WEEK ONLY**  
At the Store Named Below  
A 10-Day Tube of Pepsodent

## They Don't Clean Teeth In Your Way Now—Not the Men Who Know

All Statements Approved by High Dental Authorities

**They Now Combat the Film**  
Dental science has found a new way to clean teeth—a way that combats the film.  
Able authorities have proved it for years in clinical and laboratory tests. The facts are beyond any question. Leading dentists all over America now urge people to adopt it, and a million or more have done so.

**Now Millions of Teeth Are Kept Whiter**  
Pepsodent is now applied to millions of teeth every day. The result is seen everywhere in gleaming teeth. Some of your friends can show them.  
These teeth gleam because they are clean. The film is kept removed. Now we ask you to see how your own teeth look after a ten-day use.

**Based on Pepsin**  
Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.  
Pepsin long seemed forbidden. It must be activated, and the usual method is an acid harmful to the teeth. What science has now found is a harmless activating method. Now pepsin can be applied twice daily—can be left between the teeth. And five years have proved that this discovery opens a new dental era.

**Look at Your Teeth in Ten Days**  
The results are easily shown and we urge you to see them. Read how they come about. Then decide for yourself what is best for your teeth and for your children's teeth.  
Present the coupon for a 10-Day Tube. Use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.  
Compare the results with your present method. Remember that those whiter teeth mean cleaner teeth—teeth kept freer from film. Then decide for yourself about going back to former cleaning methods.  
Make the test this week, while the 10-Day Tube is free. The result will be of lifetime importance to you. Cut out the coupon so you won't forget.

**You Must End It**  
Millions of people find that brushed teeth discolor and decay. Tartar forms and pyorrhea starts. Statistics show that, despite the tooth brush, tooth troubles have been constantly increasing.  
The reason lies in that film. To prevent the troubles you must end the film. Let this ten-day test show you the way to do it.

They Keep Teeth White by keeping them free from film. The old ways failed to do that.

They Teach Children how to really clean teeth, and how to combat the film which is the source of most tooth troubles.

### Dominion Day At Crystal Beach

List of Entries for Races Given by Power Boat Club—Great Interest Taken—All Events Filled—Club Going in Strong for Rowing.

Everything is set for the Dominion Day celebration and aquatic sports to be held at Crystal Beach by the St. John Power Boat Club. There will be an up-to-date pipe, an additional dancing pavilion has been erected, an orchestra will be present, the steamer will land at the wharf, and as Commodore Chesley said to The Standard last night, "We will be able to look after every person in St. John."

Keen interest is being taken in the racing events, and each is well filled with entries.

The events and entries follow:

**Four-Oared Race.**  
Belyea crew, Renforth crew, Blackhouse crew. Distance, one mile and a half.

**Single Sculls.**  
Hilton Belyea, Harry Silliphant, Robert Belyea, Charles Campbell. Distance, one mile and a half.

**Junior Skiff.**  
Anthony Belyea, Rydard Brayley, Grenville McCavour. Distance, one mile.

**Speed Boat Race.**  
Scud, Harry Baker; Red Boat, Walter Brown; Pretoria, Robert McAllister; East St. John, Fred Hayter; Anzac, Harry Brown. Distance, 9 miles.

**Semi-Speed Boats.**  
Dixie, John Frodsham; Dash, Arthur Henderson; Vamp, James Hoyt; Dart, Geo. Laker; Olive and Jean, Walter Jones; Greyhound, Ollis Mullin; Konkak, Warren King; Silver Spray, R. K. McKinney.

**Cabin Cruisers.**  
Freddie K., Arch King; Venus, Edward Brown; Tolly P. Chesley; Ouda, Fred Roberts; Yvonna, Malcolm Jones.

**Dinghy Race.**  
T. T. Lantaulm, Howard Holder, E. N. Harrington, Harry Heans, Harry Brown, Frank Webster, Beverley Heans.

All the dinghy boats are built of the same model, and wind and seamanship will determine the winner.

Hilton Belyea, Baker, through the Falls last evening and delivered a fine single shell to the Boat Club. The club is at present two singles and intends to go in for rowing as well as motor boats, and are making arrangements for two four-oared and two six-oared shells. It is felt that there is good sport among the club members, and it is another great step towards reviving the rowing races.

**Scored Knockout at Jersey City**  
Tuney, Light Heavyweight of A. E. F. Put Ole Anderson to Sleep in Third and of Twelve Round Last Night.

Jersey City, June 23.—Gene Tuney, light heavyweight boxing champion of the American Expeditionary Force, scored a knockout over Ole Anderson, Tacoma, Wash., in the third round of a 12-round match here tonight, when the referee stopped the bout, Anderson who had received considerable punishment, was hanging on the ropes at the time. Tuney weighed 175 pounds seven lighter than his opponent.

The light saved the Westerner in the second round when he was knocked down three times for counts of eight and seven. Early in the third round he went down again and was unable to defend himself after he arose.

Angie Ratner, New York, outboxed Marty Cross, New York, in a 12-round bout. Ratner weighed 154 pounds and Cross 147.

**Umpire and Pitcher Were Both Fined**  
As Result of Altercation Last Saturday Umpire Klem and Pitcher Luque Are Fined \$100 Each, and Catcher Wingo is Suspended.

New York, June 28.—John A. Hoydler, president of the National League, announced today that he had fined Umpire Wm. Klem and Pitcher Luque of the Cincinnati Club \$100 each, and suspended indefinitely Catcher Wingo for an altercation which arose during the game with St. Louis at Cincinnati last Saturday.

Hoydler stated that he had not waited for charges to be preferred against Klem as the latter admitted that he had used offensive language in speaking to Luque. The pitcher's offense was striking Klem, while Wingo was involved in the same controversy.

**POWER BOAT CLUB SPORTS**  
A splendid collection of cups for competition at the Aquatic Sports which are to be held at Crystal Beach on Dominion Day under the auspices of the St. John Power Boat Club are now on exhibition in one of the display windows of the London House on Charlotte street. There is a large number of entries for the different events, and the races promise to be the best ever conducted by the club.

# THE STANDARD'S SPORTING SECTION

## Dominion Day At Crystal Beach

List of Entries for Races Given by Power Boat Club—Great Interest Taken—All Events Filled—Club Going in Strong for Rowing.

Everything is set for the Dominion Day celebration and aquatic sports to be held at Crystal Beach by the St. John Power Boat Club. There will be an up-to-date pike, an additional dancing pavilion has been erected, an orchestra will be present, the steamer will land at the wharf, and, as Commodore Chesley said to the Standard last night, "We will be able to look after every person in St. John."

Keen interest is being taken in the racing events, and each is well filled with entries.

The events and entries follow:

**Four-Oared Race.**  
Belyea crew, Rowford crew, Stackhouse crew. Distance, one mile and a half.

**Single Sculls.**  
Hilton Belyea, Harry Silliphant, Robert Belyea, Charles Campbell. Distance, one mile and a half.

**Junior Shell.**  
Anthony Belyea, Rudyard Brayley, Grenville McCavour. Distance, one mile.

**Speed Boat Race.**  
Scud, Harry Baker; Red Boat, Walter Brown; Pretoria, Robert McAllister; East St. John, Fred Hayter; Anzac, Harry Brown. Distance, 9 miles.

**Semi-Speed Boats.**  
Dixie, John Frodsham; Daab, Arthur Henderson; Vamp, James Hoyt; Dart, Geo. Lake; Olive and Jean, Walter Jones; Greyhound, Otis Mullin; Konick, Warren King; Silver Spray, R. K. McKinley.

**Cabin Cruisers.**  
Freddie K, Arch King; Venus, Edward Brown; Ary, P. Chesley; Ouida, Fred Roberts; Yronna, Malcolm Jones.

**Dinghy Races.**  
T. T. Lantulum, Howard Holder, E. N. Harrington, Harry Heans, Harry Dunn, Frank Webster, Bevalry Heans.

All the dinghy boats are built of the same wood and wind and seamanship will determine the winner.

Hilton Belyea rowed through the Falls last evening and delivered a fine single shell to the Boat Club. The club is at present two singles and intending to go in for rowing as well as motor boats, and are making arrangements for two four-oared and two more.

It is felt that there is more life among the club members, and it is another great step towards reviving the rowing races.

## Scored Knockout At Jersey City

Toney, Light Heavyweight of A. E. F. Put Ole Anderson to Sleep in Third and of Twelve Round Last Night.

Jersey City, June 28—Gene Toney, light heavyweight boxing champion of the American Expeditionary Force, scored a knockout over Ole Anderson, Tacoma, Wash., in the third round of a 12-round match here tonight, when the referee stopped the bout. Anderson who had received considerable punishment, was hanging on the ropes at the time. Toney weighed 170 pounds seven lighter than his opponent.

The bell saved the Westerner in the second round when he was knocked down twice for counts of eight and seven. Early in the third round he went down again and was unable to defend himself after he arose.

Angie Rattner, New York, outboxed Mackey Cross, New York, in a 12-round bout. Rattner weighed 154 pounds and Cross 147.

## Umpire and Pitcher Were Both Fined

As Result of Altercation Last Saturday Umpire Klem and Pitcher Luque Are Fined \$100 Each, and Catcher Wingo is Suspended.

New York, June 28—John A. Heydler, president of the National League, announced today that he had fined Umpire Wm. Klem and Pitcher Luque of the Cincinnati Club \$100 each, and suspended indefinitely Catcher Wingo for an altercation which arose during the game with St. Louis at Cincinnati last Saturday.

Heydler stated that he had not waited for charges to be preferred against Klem as the latter admitted that he had used offensive language in speaking to Luque. The pitcher's offense was striking Klem, while Wingo was involved in the same controversy.

**POWER BOAT CLUB SPORTS.**  
A splendid collection of cups for competition at the Aquatic Sports which are to be held at Crystal Beach on Dominion Day under the auspices of the St. John Power Boat Club are now on exhibition in one of the display windows of the London House on Charlotte street. There is a large number of entries for the different events, and the races promise to be the best ever conducted by the club.

## Alerts Won From The Veterans' Team

Interesting Game Played Last Evening—Went Six Innings and the Score Was 4 to 3.

In the City League game last evening the Alerts defeated the G. W. V. A. in a hard fought game of six innings by a score of 4 to 3. The Alerts four runs were made in the first inning. The Vets scored two in the second inning and one in the third. It was interesting ball, but was not without a certain number of "boots." The official score and summary follow:

G. W. V. A.	A B R H P O A E
McGowan, ss.	3 0 0 0 1 0
Pendrich, 3b.	3 0 0 0 0 0
Gorman, 1st b.	3 1 7 0 0

Kirkpatrick, 2b.	3 0 0 2 0 0
Marshall, 2nd b.	3 1 2 3 0
Case, l. f.	3 0 0 0 0
Howard, r. f.	2 1 2 0 0
Killen, c.	2 0 2 4 0
<b>Total</b>	<b>25 8 7 18 6 2</b>

A B R H P O A E	
Costello, 1st b.	4 1 1 5 0 1
Brown, 2nd b.	4 1 1 4 3
Sterling, ss.	3 0 1 1 0
Brittain, c.	2 1 0 5 2
Breen, if and c.	3 0 1 2 2
Knodell, 3rd b.	3 1 1 0 0
Arnsenau, c.f. and l. f.	3 0 2 0 0
Lawlor, p.	3 0 2 0 0
Talt, r. f.	3 0 1 0 0
<b>Total</b>	<b>28 4 10 17 10 6</b>

**Score by Innings:**  
G. W. V. A. 0 2 1 0 0 0—4  
Alerts 4 0 0 0 0 0—4

**Summary—Two base hits, Knodell, Arnsenau, Howard, Lawlor; stolen bases, Costello, Gorman, (2) Breen; bases on balls, Kirkpatrick 1; Lawlor, 0; struck out by Kirkpatrick 8; by Lawlor 3; Killen out for not touching 2nd base. Umpires Howard, Downing, Scorer, Carney.**

## Wm. Burke Hurt And Wife Killed

Well Known Golf Club Manufacturer and His Wife Victims of an Automobile Accident.

Newark, Ohio, June 28—William Burke, golf club manufacturer of New York, and widely known throughout Canada among golfers, was badly hurt and Mrs. Burke, his wife, was killed in an automobile accident near here last night. Mr. Burke's condition is very serious. He was managing Hay and Vardon, British golfers now in this country.

## MISS TORONTO II. WAS LAUNCHED

Toronto's hope for this year's motor boat races, "Miss Toronto II," took to the water last Thursday with a mishap. She was christened in front of the Harbor Commissioners' Building by Mrs. F. G. Erickson, wife of the builder, in the presence of a large crowd, amongst whom were many well-known sportsmen. After a short try-out along the water front, Mr. Erickson expressed himself as well satisfied with the result of his efforts.

Most of the day was devoted to putting "Miss Toronto II" through her trials, after which she was taken out of the water and shipped to Burlington, Iowa, for the Mississippi Valley races.

"Miss Toronto II" is a single step hydroplane, built by the Erickson plant at Leaside; she is 22 feet long with a beam of 6 ft. 6 inches, and has a hull 9-16 inch thick. She is fitted with 60 h. p. 12-cylinder Grant motor, which is being taken to England to compete for the Harmsworth international trophy.

## TO DO COME-BACK IN MEETS IN SCOTLAND

After the Olympic games are over, Walter Knox, coach of the Canadian team, will go to Scotland where he will compete at the Aboyne and Braemar meets, so he said while in Montreal. He plans to commence training in the near future and will try his fortunes again in the pole vault, shot put and hurdles. If successful, he will enter the Powderhall handball cup. The famous Canadian athlete is no stranger to Scotland, having competed there before the war. As an athlete he stands alone the greatest in this country ever produced and, for this matter, the records in no other land show his superior as an all round performer ever contemplated on the track and field. He is well past the age when athletes show at their best, but is as young as his looks and promises to spring a few surprises in Scotland.

## QUIMET AND GUILFORD PLAY YARDON AND RAY. WAS A MISTAKE.

Francis Outmet, former national amateur and open gold champion, has chosen Jesse Guilford, former State open champion, as his partner in the match to be played with Harry Yardon and Edward Ray, the British professionals, on Friday, July 30. The match will be a 36-hole affair at the Belmont Spring Country Club.

## FRANCIS NELSON UPHOLDS SENDING OF OLYMPIC TEAM TO ANTWERP

Declares Appropriation by Government Inadequate to Send Athletes to Belgium—Replies to Criticism Against Canadian Representation.

Indignation has been expressed by Mr. Francis Nelson, the dean of athletic authorities in Canada, over the publication in an Ottawa newspaper of an editorial criticizing the participation of a representative team of Canadian athletes in the Olympic games at Antwerp, Belgium. Mr. Nelson, who is chairman of the registration committee of the Amateur Athletic Union of Canada, spent the past week in Ottawa as representative of the Canadian Racing Association for the meeting at Connaught Park Jockey Club. Further, Mr. Nelson was the sporting editor of the Globe, Toronto, for many years, and holds an intimate view of all sport developments.

Mr. Nelson pointed out that the sending of a hockey team to Antwerp has nothing whatever to do with the federal grant of \$15,000 for Olympic team expenses, or with any other public subscriptions for the purpose, for the simple reason that the expenses of the Winnipeg Falcons—who eventually won the Olympic hockey title, were paid out of the receipts for Allen Cup games. In other words, the hockey fans of the Dominion paid to send Canada's best amateur team to the Olympic tournament out of their own pockets, and that team did its part by winning the championship of the world. Mr. Nelson further pointed out that the Ontario Hockey Association voted \$15,000 for the expenses of Mr. W. A. Hewitt and his wife, so that the team would be under proper management.

## GREAT STRIFE FOR THE PENNANT

Pennant Struggle in the American League Should Grow More and More Interesting as the Season Advances—Cleveland and New York Have Been Showing Great Form of Late and the Rivalry Between the Two is Keen

As the season progresses it becomes more and more apparent that the American League pennant fight will be a sizzler down to the finish line. Cleveland and New York are now at the head of the bunch and that they will make a determined effort to keep in front is apparent. Both of these teams are playing the fastest kind of ball and each is filled with the idea that it will win out in the struggle for the flag. While they have a good lead over Chicago, Boston and Saint Louis these three clubs cannot be counted out by any means. A slump in the part of the leaders will bring the others up toward the top and there is sure to be added interest in the battle for first honors as the baseball year grows on apace.

Manager Ed Barrow of the Red Sox has all the confidence in the world that his team will be hunting for the flag. He is not discouraged because the men are now occupying a high position in the race, but has hopes for a better showing later on, says Barrow.

"Good pitching in the end will decide the pennant, in all probability. A team of great regularity without good pitching is like a team of good spring proves this beyond argument. Griffith's team has been slaughtering the ball and yet it has been losing steadily. It is the harmony between steady pitching and timely batting that makes for victories. Our pitchers are in fine trim for the summer's battle."

"Babe Ruth sure was going good against us in Boston," said Barrow, speaking of his former star. "I don't think it ever looked so good when with my club. The way he punned the ball was a shame. His hits to left field were terrific. He seemed to get almost as much power into them as into those going to right field. He probably didn't, but it looked that way."

"Going as he is this year, he should make a home-run record that will be the wonder of the baseball world. He is playing so many games at the Polo Grounds he will have, of course, but he'll make his home runs on any field. He can make about as many homers on a long field as a short one. He proved that with us last season. He got loose on every park in the circuit, not simply New York."

"The lively ball and the restrictions on freak deliveries by the pitchers is undoubtedly helping the Babe. He says all he has into his swing and when he connects with this lively ball delivered by a pitcher prevented from doctoring it he meets it squarely. Fifty homers is not beyond Ruth's ability this season, judging from the way he has started."

Ruth is surely the sensation of the day in baseball circles. It is probable that no player in the game's history has attracted the attention that Babe has this year. And his wonderful batting has acted as a tonic on the other hitters and the pitchers are the sufferers as a result. Those who look to see plenty of stick work are having their fill of it this year.

## Industrial League Game Last Evening

Nashwaak Indians Broke Tie for First Place by Defeating McAvity's on Barrack Green by Score of 17 to 10.

The Nashwaak Indians broke the tie for first place in the Industrial League last evening when they defeated McAvity's team on Barrack Green by the score of 17 to 10. The Indians hit Devine at will and scored in every inning. The features of the game were home runs by Gillis and Doherty of the Indians. Hays made an unassisted double play. The Indians have won all three of their games.

## HORSE RACES JULY 1.

There will be races on Moospath July 1. Three classes including Free-All, Class B Mixed and a colt race. All mile heats. Races start at 2:30 p.m.

## Ruth Great Player Or Freak Hitter

New York, June 24—The question is frequently asked: "Is Babe Ruth a great ball player or merely a hitting freak?" A well known expert answers this question as follows:

Baseball has known no greater player than Babe Ruth. For versatility and efficiency at any task to which he has been assigned Ruth probably takes the prize hands down. Cobb has risen to lofty heights at bat and on the bases, but the Georgia nectarine never pulled the populace in such fashion as Ruth undoubtedly is the greatest drawing card in the history of the sport.

Ruth is probably the best left-handed pitcher in the American league and his superiority to other stars becomes apparent. If he divided his play between the pitcher's box and the outfield there isn't the slightest doubt he would rank around the crest among the writers. George Sieler, first baseman of the St. Louis Browns, is another player of marked versatility, but Ruth overshadows him completely. Sieler is an exceptional batsman, a great first baseman, a fine pitcher, when pursuing that line of work, and over all, one player in a hundred. But good as he is you'd hardly mention him in the same breath with Ruth today.

## Shamrock IV. With Full Crew Aboard

Sandy Hook, June 28—The Shamrock IV, which will meet the Resolute for the America's Cup off Sandy Hook next month, was given a short spin today with her full crew of 40 aboard. It was decided not to launch her against the 23-meter Shamrock but to take some of the crew from the trial bark and place them aboard the challenger, in order to determine how the great, green sloop would handle with her full complement. A rain, however, which set in soon after the craft began her workout, brought the trip to an abrupt end.

Yaching experts who watched Sir Thomas Lipton's sloop today announced that her sails were setting better. They declared, however, that they were not yet entirely satisfied with them.

It was made known tonight that both challenger and defender would be sent to South Brooklyn shipyards July 3 for measurement. After that time they will be under direct supervision of the race committee.

## Yesterday's Results In the Big Leagues

NATIONAL LEAGUE. Boston 3; Brooklyn 2.

At Brooklyn—061100004—2 6 3  
Boston 10000002—3 9 1  
Batteries—Mamaux and Miller; McQuillan and Gowdy; O'Neill.

New York 18; Philadelphia 3  
At Philadelphia—00000000—18 20 1  
New York 10000000—3 9 1  
Philadelphia 00000002—3 9 1  
Batteries—Neft and F. Smith; Snyder; Meadows, Weibert, Betts and Truesler.

Cincinnati 7; St. Louis 3.  
At Cincinnati—010100003—5 13 1  
Cincinnati 03004000—7 10 1  
Batteries—Goodwin, Sherdel, North and Clemons; Sallee and Allen.

Chicago 5; Pittsburgh 2.  
At Pittsburgh—00000010—2 8 0  
Chicago 10020002—5 6 0  
Adams, Watson and Haefner; Tyler and O'Farrell.

Second game:  
Pittsburgh 00120010—4 11 2  
Chicago 000001004—5 6 2  
Hamilton, Ponder and Haefner; Carter and Daly.

AMERICAN LEAGUE.  
Philadelphia 6; Washington, 2.  
At Washington—20010003—6 9 0  
Washington 20000000—2 5 4  
Batteries—Coville and Schalk; Myatt; Erickson, Snyder and Pihlich.

Cleveland 7; St. Louis, 4.  
At St. Louis—10212010—7 13 1  
Cleveland 00200002—4 9 3  
Covelskie and O'Neill; Sotheron, Burwell and Billings.

INTERNATIONAL LEAGUE.  
Jersey City 4; Akron 3.

Batteries—Bismiller and Freitag; Lambeth and Smith.

Reading 4; Toronto 3.  
At Reading—10001001—3 9 1  
Reading 10003009—4 10 2  
Batteries—Peterson, Shea and Sandberg; Brown and Konick.

Other games today:  
If a guy can't shine in the big league his place is back here with the good second raters, said Catcher Clinglitter. "I had a few days up there with the fast boys, and never again for me!" They want a fellow to think all the time up there, which makes it pretty tough when he ain't got nothing up there to think with.

## A BEAUTIFUL CUP

The cup presented by the Commercial Club for the championship of the City Amateur Senior Baseball League is now on exhibition in the window of the club's office, Prince William St. The trophy is a handsome one, a veritable work of art, and is causing much favorable comment. It should serve to stimulate interest in amateur baseball in the city and it is further evidence of the active interest that the Commercial Club is taking in athletics.

Later it rained and visibility became bad. In the evening it cleared again, fortunately for the dozen or so players on the long list who were compelled to finish their second eighteen holes by twilight.

It may naturally be supposed that he does so in order to read the news.

And every man is interested in some particular kind of news. Perhaps one fellow likes the cable matter which tells what is doing in other parts of the world. This man will find more foreign news in The Standard than in any other newspaper ever published in this province.

Another chap may like Canadian news, the talk from Ottawa, Upper Canada and the West. And this man can find in The Standard more Canadian news than was ever published in any other newspaper in this province.

Some folks follow the doings in the financial world. And there never was a page, or two pages, in the Maritime Provinces to compare in news value with those appearing in The Standard today.

A good many like to read about sport. Well, when it comes to sport just take a look at The Standard any day in the week and compare it with other newspapers in this territory.

As a matter of actual fact The Standard is carrying today more real live news than has previously appeared in any Maritime Province newspaper.

ST. JOHN, N. B., TUESDAY, JUNE 29, 1920.

#### WHEN THE PUNISHMENT DOES NOT FIT THE CRIME

From the earliest dawn of civilization there has been amongst all communities a recognized conformation to a mutually agreed upon set of rules and regulations for the preservation of order and government to which every member of the community tacitly submits himself for the good of the whole; and for the non-observance or deliberate violation of these rules and regulations certain pains and penalties have been provided, the infliction of which when such become necessary have had the support and approval of public opinion in the community. The object of inflicting punishment in this form is twofold. First, in order that it may act as a deterrent to the contemplated commission of offences; and secondly, when the offence has been committed, it is the will of the people, expressed by what is commonly known as the law, that this should be so, and officials are appointed to see to it that the wishes of the people, as laid down in the law, are carried out.

The law is supposed to be carried out without fear or favor; high and low, rich and poor, alike, are amenable to its dictates. There is no distinction provided for any man as against his neighbor, be he whomsoever he will. That at least is what is supposed to be the case, and it is so in the great majority of instances. There are, however, sometimes instances in which some outside influence can be brought to bear to have some individual more leniently dealt with than would otherwise be the case, and the course of justice is thereby perverted to the advantage of the wrongdoer, who is thus enabled to escape suffering the consequences of his offence. We hear of prosecutions being withdrawn because the parties concerned have, through the medium of a monetary payment, agreed upon a settlement, and they wait the matter hushed up. That such things should happen and be allowed to pass is not only a blot upon the administration of justice, but it is also an insult to the community in which it takes place. What must be the opinion of law-abiding citizens of these settlements, officials who have sworn to administer justice without distinction between offenders? Can such incidents do other than bring the administration of justice into disrepute, and reflect upon the integrity of those concerned? What authority is there that permits a person arrested upon a warrant for a serious offence to be discharged not only before his innocence is proved, but when it is generally known that he is guilty, because some private arrangement has been come to that no further steps shall be taken? Yet such things are done, and no one seems to be ashamed. The fundamental principles upon which the community is founded are thus violated, and punishments lose their effect. The scales of justice are supposed to balance; whether they do or not would seem to depend upon who is holding them.

#### THE COST OF GROWING WHEAT.

Last year Western Canada had a light crop, not averaging more than eleven bushels of wheat to the acre. The drought reduced the yield by an average of at least eight bushels. The cost of seeding the area, of caring for it during the growing season, and the "overhead" charges of the farm are as large in a half-acre as in a whole acre. The cost of harvesting may be somewhat less. Westerners frequently claim that for several years the farmers have not been producing wheat at a profit. This statement is hardly true, in many individual cases, but as a general rule, one really good crop in three or four is sufficient to "make" the Western farmer. Last year, on the light crop, the producer got approximately \$2.15 for wheat, plus perhaps 60 cents coming from the Wheat Board participation certificate. What was his cost? Some light may be thrown on this by the United States Department of Agriculture estimates, formed after a wide survey. These show an average cost of \$2.15 per bushel for wheat. At this price half of the farmers would have lost money. On some farms costs were as high as \$3 a bushel, and a price of \$2.60 a bushel would be necessary to allow a profit of 50 per cent of the whole output. Last year was a big wheat year in the United States. If the costs of a 300,000,000-bushel crop in Western Canada have to be put on a yield of 175,000,000 bushels, naturally the cost per unit is high. Canadian farmers do not pay enough attention to the cost accounting part of their business.

#### WHAT WAS THE REASON?

Both Canadian and American newspapers seem to be at a loss to understand just why the young English girl who started across the Atlantic to become the bride of a Nova Scotia ex-army officer, but who changed her mind on the journey and decided to marry a fellow passenger, was not allowed to land in either country. The Canadian officials demanded as a condition of her being allowed to land that she carry out her promise to marry her original fiance, who, however, refused to hold her to it. She then proceeded to New York with the new fiance, only to be told that because she had been refused permission to land in Canada, she could not be allowed to land in the United States, either, although her new fiance was willing to marry her at once. That the authorities in both countries should have disregarded woman's ancient right to change her mind is not surprising, for official boards are mostly deficient in humor. What is amazing, though, is that officials should run counter to public policy in a case like this. The only evil in the whole affair is the apparent pressure brought to make the woman marry a man she has ceased to love. As every one who wears a hat larger than size 6 ought to know, it's a good deal better for a woman to change her mind and her heart before marriage than afterward, if she must change them at all.

The question involved in this case is one of principle, and ought to be more clearly defined. The fact that the bride-elect is not entitled to much sympathy, in the circumstances, is no reason why she should not obtain full justice at the hands of the law. If she felt a sudden regard for the new suitor, she did the right thing in breaking off with the old, because marriage ought not to be based on regard that can be so fickle. Therefore, why did these immigration officials exclude her?

#### FOOD OR LUXURIES, WHICH?

The Wall Street Journal says the people must shortly choose between food and luxuries. If it be true, as is claimed, that only one-third of the people of the United States are engaged in the production of essentials of life, the Journal is correct in its deduction that perhaps sooner than we generally expect the scarcity of actual food supplies will be so great that we shall be forced to hasten back to the land. The luxuries against which the Journal declaims are, it admits, well enough in ordinary times.

That these are not ordinary times; neither are those articles properly used when carried to such an extent as to endanger the production of food. They do endanger it now, and a choice must be made between the two. Shall it be luxuries or shall it be bread and meat?

The appalling fact is stated by Secretary Houston, of the United States Government, that the American people last year spent over \$22,000,000,000 on non-essentials and articles of luxury. These billions represent productive energy directed into channels that not only do not provide the essentials, but actually make their production more difficult, as, for instance, the high wages paid by automobile manufacturers is beyond the power of the farmer to cope with, and farm production is hindered accordingly.

As The Journal says, it is not a cheerful thought, but nothing is to be gained by refusing to look the matter squarely in the face. Better far that this should be done before actual want comes than after we have had to face privation. If we neglect our opportunity to save ourselves we deserve to suffer. The war brought starvation to millions, but not to us. Yet here we are, with the war won, with nothing left for us to do but to save ourselves, and we continue along paths that we have ample warning will before long, if persisted in, lead to destruction. Existing high prices of food are due only in a slight measure to profiteering. They would be utterly impossible were food abundant.

#### CUTTING THE HEART OUT OF THE COVENANT.

Mr. Hoover has called, says the New York Sun, for the elimination of Article X from the Treaty of Versailles. This is the article by which the members of the League of Nations "undertake to respect and preserve as against external aggression the territorial integrity and existing political independence of all members of the League," and President Wilson calls it the "heart of the covenant."

To cut the heart out of a living organism would be a delicate operation, which might be successful, but from the unavoidable consequences of which the patient would undoubtedly die.

To cut the heart out of a cadaver, such as the covenant of the League is in this country, is a post-mortem exploit of no particular significance.

However, the suggestion made by Mr. Hoover serves one interesting purpose. It directs attention to Mr. Wilson's bad luck with two hearts—that of the world, which does not break despite his gloomy forebodings, and that of the covenant, which has not a friend left in America except himself.

#### WORSER THAN ST. JOHN.

The first beefsteak to reach the Klondike sold for \$48 a pound.

#### WHAT OTHERS SAY

##### By Democratic Control of Credit.

What democracy has effected in politics, that and much more would be effected by democracy in economics.—A. R. Orange.

##### Mr. Speaker's Fallibility.

(Manchester Guardian.) Perhaps Mr. Speaker hardly bit off his situation with his usual felicity when he declared himself "infallible, like the pope," for there is a very marked difference in their respective positions. The speaker, in the old phrase, is "in the power of the senate," and his rulings are infallible only while they have the support of the house as a whole. Mr. Lowther himself on one occasion made a very handsome apology to Mr. Bonar Law, and admitted without qualification, that he had made a mistake in a ruling. Also the pope, in theory at least, makes his own precedents, whereas the speaker is largely guided, as are the judges of the high court, by a mass of precedents and rulings given by his predecessors. In old times the house made its difficulties about "putting down" Mr. Speaker if it were considered that he was exceeding his powers, and his authority of today is the growth of time. "His powers," in the spirit of the law, are the greatest debates have never been looked upon as entitling him to express or enforce any completely new or purely personal opinion as to what is in principle allowable in debate or otherwise. No pope would accept that limitation.

##### Loyalty.

(From article by F. H. Du Verne, Archbishop of Caledonia, Prince Rupert, B. C.)

Looking round for some practical rule of conduct to guide people in every sphere of life it would be hard to find two words into which more ethical principle is compressed than these: "Be loyal." The spirit of loyalty is the greatest thing in the world, for it is the unifying force back of all organizations of human beings, from the smallest to the greatest, and leads right up to the throne of God.

It implies that the individual has a freedom of his own, he is no slave driven by the taskmaster's whip, and yet voluntarily and completely he devotes himself to a cause higher than himself, though it may include himself. As an individual he finds himself a member of a family. Let him be loyal to the highest welfare of his family, himself included. Let there be no ignoring of the feelings, or belittling of the value of any of those with whom he is bound in the bundle of family life. Here is the best place for him to learn the principle of democracy. Each for all and all for each. What domestic conflicts would be avoided, what heart-rending tragedies would be saved if this trumpet note would only ring clear and strong in every home. Be loyal.

##### A BIT OF VERSE

JUNE.

I knew that you were coming, June; I knew that you were coming, June; Among the alders by the stream, I heard a partridge drumming; I heard a partridge drumming, June, a welcome with his wings, And felt a softness in the air half summer's and half spring's.

##### THE LAUGH LINE

He'd Seen the Effects. Among the little group of lunchers at a London west end club recently was a well-known judge. Presently as they chatted, one of the other men turned to him and remarked: "I see you're drinking coffee, isn't that rather a heating drink for such a close day? In weather like this you should choose something sharper and more cooling." "Yes," agreed another man. "Such as gin and gingerale. Have you ever tried it?" he asked, turning to the judge.

##### Safety First.

Mrs. Figgers (with newspaper)—"Do you know, Henry, that every time you draw your breath some one dies?" Mr. Figgers—"Well, I'm sorry; but I can't help it. If I quit drawing my breath I'd die too."

Where Cleverness Was Required. Mrs. De Bohm—"I think Professor Braynoy is perfectly charming! He knows so much, and yet in conversation he doesn't make one feel like a fool." Miss Snippet—"Yes, isn't he clever?"

##### WILL HOLD COURT.

An item of Court news from London states that the King and Queen will hold a court at Holyrood on July 6th, when they visit Scotland early next month, and a garden party in July 7th.

##### DON'T THROW AWAY

good upper leather. It will surprise you how we can fix up your old shoes almost good as new.

The O. K. Repair Shop D. MONAHAN 20 Market St.

## Benny's Note Book

BY LEE PAPER

Yesterday afternoon I was sitting in the barber chair getting my hair cut and trying not to squirm around so much on account of the barber telling me not to and all of a sudden I saw the fellows run past out in the street yelling. Fire, fire, fire.

Gosh, G, holey smokes, there's going to be a fire, G wizz, jimminty Krismas, I want to see it, aint my hair done yet? I sed.

Not half, sed the barber, and I sed, O well, thats oniff, you dont haff to cut any more off, do you?

There's no law to compel me to, sed the barber. Meaning he didnt, and I sed, All right, heers the money, I dont want to miss any of the fire. And the barber took the thing from around my neck, saying, Next time you can jest pay me when you come in, so I wont haff to bother about cutting any off at all.

Being soousam, and I quick ran out jest in time to see the last end of the fire, being between Puds Simkins and Leroy Shooter and both claiming they won it, and wen I got home supper was half throo already, and I sat down, and pop sed, Well for the love of Peet and all the little Peets, yee gods, wat happened to your hair?

Sir! I sed, and ma sed, Benny Potts, I never saw such a ste in all my life, was it a cyclone or wat?

Mam! I sed, and my sister Gladdis sed, Well I never would of thwat a brother of mine could look like that, good nite.

Wy, wats, wats the matter, I sed, and pop sed, Go and look in the mirror, but hold on tite. Wich I got up and looked in the sideboard mirror and heer my hair was all cut on one side and not at all on the other side, looking like a freak in a side show, and I had to go to the barbers agen before skool this morning and he charged me all over agen as if I was jest coming in for the first time and I haff to pay for it myself out of my recess money for the next 2 weeks, the fire not being worth it.

#### THE MORE MARRIAGES

#### THE MORE TREES.

In Switzerland is an old law which compels every married couple to plant six trees immediately after the wedding ceremony and two on the birth of every child. They are planted on commons and near the roads and, being mostly fruit trees, are both useful and ornamental.

**LIFT OFF CORNS!**  
 Doesn't hurt a bit and costs only  
 a few cents

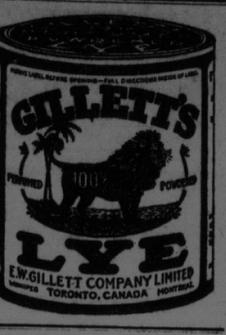

Magie! Just drop a little Freesone  
 on that touchy corn, instantly it stops  
 aching, then you lift the corn off with  
 the fingers. Truly! No humbug!  
 Try Freesone! Your druggist sells a  
 tiny bottle for a few cents, sufficient to  
 rid your feet of every hard corn, soft  
 corn, or corn between the toes, and  
 calluses, without one particle of pain,  
 soreness or irritation. Freesone is the  
 discovery of a noted Cincinnati genius.

Mr. and Mrs. W. Frederick Harvey  
 have returned from a trip through  
 Nova Scotia and will spend the sum-  
 mer at Renforth.

**Public Works Dept.  
 Financially Ailing**

Commissioner Frink Informs  
 Conference an Overdraft of  
 \$35,000 Will be Necessary  
 to Carry on.

That the Public Works department  
 of the city is in financial difficulties  
 and that an overdraft is necessary to  
 continue operations was said by Com-  
 missioner Frink at a committee meet-  
 ing of the common council yesterday  
 morning. He said the appropriation for  
 the year was \$123,832 and that fixed  
 charges for bond issue, and overdrafts  
 in 1919 cut this down by more than  
 \$37,000. He said that they had not  
 hand 400 tons of asphalt which had not  
 been paid for and this would make an  
 additional cut of about \$15,000. At  
 the present time he said he had \$25,  
 853 to carry on with until next Janu-  
 ary. He said that the asphalt was to  
 have been taken care of through  
 bond issue in connection with Prince  
 William street pavement, but as com-  
 ment was not available the work had  
 not been proceeded with. He said he  
 proposed to have the plans changed  
 so that a solid bituminous foundation  
 be laid with concrete between the car-  
 rails in Prince William street as he  
 hoped to be able to secure sufficient  
 cement for that work.  
 He emphatically said that if the de-  
 partment was to operate there would

**GILLETT'S  
 LYE**  
 THE GILLETT COMPANY LIMITED  
 TORONTO, CANADA

have to be additional money procured.  
 He told about work being undertaken  
 at present by the department for road  
 work and sidewalk repairs, but said  
 that it would have to terminate unless  
 assistance was granted. He expressed  
 the hope that next year enough money  
 would be available to mop up the "fi-  
 nancial debt" which was placing the de-  
 partment in these straits. If the  
 citizens wanted sidewalks and good  
 streets, he said money would have to  
 be forthcoming. "They curse you if  
 you don't repair the streets," he said,  
 "and they curse you when the tax bill  
 comes to hand." He moved that he  
 be authorized to make an overdraft of  
 \$35,000 when necessary.  
 After some discussion the motion  
 was put and unanimously carried.

**"CAMP GALAHAD"  
 AGAIN A FEATURE**

Tents Are Pitched on Hold-  
 er's Point and Boys of St.  
 David's Are Out for a Real  
 Enjoyable Time.

"Camp Galahad" is again a feature  
 of life on the river, having pitched its  
 tents on Holder's Point and about 36  
 boys of St. David's are in attendance.  
 The advance party went up on Satur-  
 day being joined by the others yester-  
 day. They are under the leadership  
 of A. E. Crookshank, Rev. J. A. Mac-  
 Kelgan, Robert Redd and F. J. Dunter  
 and will spend two weeks in the many  
 activities of camp life. The old boys  
 are expected up over the weekend and  
 Monday will be the visiting day for  
 parents and friends. Each day will be  
 crowded with work and study and  
 play, ending with a big camp fire. On  
 the beautiful beach and with the com-  
 plete equipment of tents and boats a  
 good and profitable time will be spent.

**POLICE COURT  
 CASES YESTERDAY**

In the Police Court yesterday morn-  
 ing a case was heard arising from a  
 collision on Sunday morning of auto-  
 mobiles driven by Andrew Jack and  
 Samuel Smith, of Smith Brothers  
 which came together on Sydney street.  
 The matter was reported by the po-  
 lice and after some evidence had been  
 heard the case was adjourned until

Friday afternoon at two o'clock.  
 William Lean was charged with  
 speeding twice in Mill street. He  
 pleaded guilty and was fined \$10 for  
 each charge, but one was allowed to  
 stand.  
 James McCann, on suspicion of  
 breaking and entering and stealing  
 from the summer cottages of F. E.  
 Williams, Fred deForest and S. Rob-  
 ertson, at Loch Monod, pleaded guilty  
 and the magistrate remanded him but  
 said he would impose a term in the  
 penitentiary.  
 Two men charged with drunkenness  
 pleaded guilty and were remanded.

**THE MILK SUPPLY  
 COMES THIS MORNING**

Sussex Train Arrives on At-  
 lantic Standard Today—  
 The Supply Will be Normal  
 Again.

With the Sussex train running on  
 Atlantic time the milk supply arriving  
 this morning should be normal, how-  
 ever, it is expected that it will be to-  
 morrow before everything is working  
 along as it was previous to the stop-  
 ping of the supply by the Kings Coun-  
 ty Producers. The supply yesterday  
 amounted to 251 cans of milk as well  
 as 72 cans of cream.

**IS RESTING COMFORTABLY.**  
 Joseph Thompson, of Grand Bay,  
 who was injured on Douglas avenue,  
 Sunday morning, is reported from the  
 hospital as resting quite comfortably.

## CONGO. MEETINGS CLOSED SUNDAY

Interesting and Inspiring Addresses Delivered on Closing Day.

Hamilton, N. S., June 26—Rev. E. J. Thompson conducted the opening exercises in the evening after which the address of the chairman, Rev. F. G. Purcell, was given, his subject being "The Significance of the Mount in Biblical History." The speaker said the geography of the Bible was a key to the events recorded, Palestine, with its unique combination of hills and valleys, rivers and lakes, occupied an important place in the world's history.

Rev. Dr. J. J. Day of Toronto, director of the Forward Movement, addressed the meeting, speaking of "The Next Steps in the Forward Movement." Our Canadian churches had been asked to raise \$100,000 for this object, and had contributed amounts far exceeding the goal set. \$152,000 was raised directly for this fund and additional amounts for special objects brought the total to \$222,000. Of this amount the Maritime churches had contributed \$41,100. The aim of the movement is more than to raise money. The speaker emphasized the need of more prayer, together with more close and real fellowship.

On Friday, the members of the Union spoke the day in committee when matters connected with the various churches were discussed. The Union met again on Saturday morning, when devotional exercises were conducted by Rev. C. Tavenor. Resolutions of commendation were passed in several churches who had lost members by death during the year. In order that the Maritime churches in these provinces should have more supervision, it was decided to appoint a general superintendent who will visit the various needs during the year. Rev. E. J. Thompson, of Keswick Ridge, N. B., was appointed to this position.

The services held today were well attended, the afternoon session attracting many more people than the church would accommodate. Rev. C. Tavenor of Lower Selmah, preached in the morning, his subject being "Lessons in the Trial and Failure of Saul." King Saul stood in the way of God's plan for Israel and was put aside. We today can occupy a place in God's plan if we will. The nation or individual value rules out God is important. His orders must be followed. The difficulties which confront us today can be overcome if we follow God's orders.

At the young people's rally in the afternoon a stirring address was given.

by Mr. L. J. Lazenby of Kingston, whose subject was "Victory." His remarks based on the recent war, in which he served as a lieutenant, was full of helpful suggestions for the young people present.

Rev. Jas. E. Lloyd also addressed the gathering along the lines of foreign mission work. Rev. E. J. Thompson was the preacher at the closing service of the Union, held on Sunday evening, taking as his text Acts 17: 11. "They searched the Scriptures." A male quartette from the ministers of the Union assisted at this service, which was brought to a close by singing "Blest be the TR That Binds."

A hearty vote of thanks was extended to the friends of Hampton for the unbounded hospitality and hearty cooperation in making the gathering one of the most successful in the history of the Union.

The large delegation present from the churches returned to their homes greatly appreciative of the kindness shown them by the Hampton people and their pastor, Rev. G. W. Hall.

## DELEGATE LEFT LAST EVENING

Mrs. Woodhall of Calgary, Who Has Been Attending National Council Convention, Left for Her Home After Pleasant Visit to St. John.

Mrs. Woodhall, of Calgary, who has been the guest during the National Council of Women sessions of Mrs. W. Edmund Raymond, Gormain street, left last evening for her home in Calgary. Mrs. Cole, of Port Arthur, another delegate, also left by last evening train for her home. Mrs. L. A. Hamilton, of Toronto, left last evening for Bedford, N. S., where she will spend a month. Mrs. Hamilton has been the guest of Mrs. W. Frank Hatheway during the National Council meetings and spent the week-end with Mrs. Hatheway at their summer home, Gondoia Point.

## MUNICIPAL CHAPTER I. O. D. E. MEETING

Interesting Account of Annual Session at Calgary Was Given Yesterday by Mrs. A. W. Adams — Mrs. Vroom Also Spoke.

At the regular monthly meeting of the Municipal Chapter I. O. D. E., an interesting account of the annual meeting of the I. O. D. E. held at Calgary was given by Mrs. A. W. Adams. The members also listened with pleasure to Mrs. Heber Vroom, who gave a complete account of the great work ever undertaken by the Order. The I. O. D. E. Educational War Memorial, which is to provide scholarships for the children of disabled or deceased soldiers, sailors or airmen. Already \$20,000 has been paid into the fund and the objective \$50,000 will be reached next year.

The primary chapters reported on the prizes given to the pupils of local schools. This is considered an important work and one well worth the attention of all members.

Yesterday's meeting which was well attended, was presided over by the Regent, Mrs. A. W. Adams. No meetings will be held during the summer months.

## DRAMATIC CLUB OF ASSUMPTION CHURCH

"The House Next Door" Was Presented Last Evening in St. Patrick's Hall, West St. John, and Pleasured Large Audience.

The Dramatic Club of the Church of the Assumption, West St. John, presented the comedy drama, "The House Next Door" last evening in St. Patrick's Hall, West St. John. The presentation was under the direction of Steve Harley and Joe Burkhart, who also took leading parts in the play. A large audience was in attendance and thoroughly enjoyed the performance. There were musical specialties between the acts. The drama will be repeated this evening, and the proceeds are for church purposes.

Being merciful to animals is no mere faddish sentiment. It pays to be decent to the humbler inhabitants of the earth.—Boston Post.

## "DOUG" AND MARY TALKED ABOUT

The Minister Who Married Them Got in Bad Graces of Baptist Convention.

Buffalo, N. Y., June 28—When balloting for officers for the opening year was started by the Northern Baptist Convention here this afternoon the recent marriage of Mary Pickford and Douglas Fairbanks cropped up and nearly caused a hitch in the proceedings. The report of the nominating committee was opposed by a move from the floor to substitute the name of the Rev. James A. Francis of Los Angeles for that of the Rev. J. W. Brougher, also a Californian.

Mr. Brougher performed the marriage ceremony for Douglas and Mary and since coming here as a delegate to the convention has made a public address in which he emphasized his belief that it was not contrary to church law to marry divorced persons.

The convention adopted resolutions urging President Wilson and the Senate to ratify the Treaty of Versailles "with suitable reservations" at the earliest possible moment and pledging the Baptists to support strict enforcement of Federal prohibition laws.

## NEW STYLES.

It is hinted that the hour glass figure is returning. The newest silhouette in Paris is known as beetle. Bath decorations for negligee is growing in favor. Velour is one of the best materials for the one-piece suit. A novelty is the lace petticoat made in one with the pajamas. Millinery flowers and fancies are used in draped effects on overblouses. Knitted wool robes belong in the trunk being packed for a house party.

As Mr. Hyde he visits the poorest quarters in London and his friends become perplexed when he makes a will leaving all his wealth to Mr. Hyde. He frequently visits the music hall and, after winning Therese, he drags her down until she becomes haggard, when he casts her off. During the same period he visits Millcent appearing as Dr. Jekyll.

Millcent tells her father of the doctor's love for her, and Sir George calls on him to discuss the forthcoming marriage. During their conversation Dr. Jekyll transforms himself into

## Imperial Theatre Has Dr. Jekyll & Mr. Hyde

Steven's Great Story Now in Wonderful Movies With John Barrymore in Stellar Role.

Robert Louis Stevenson's classic English story Dr. Jekyll and Mr. Hyde, received its premiere at the Imperial yesterday to immense summer business and proved a wonderful picture. The story is familiar to readers and players.

Dr. Henry Jekyll, a philanthropic physician, is often referred to as the St. Anthony of London. He is tall and handsome and presents a very striking picture. One evening, after his work, he takes dinner with Sir George Carew, who has a daughter, Millcent, a pretty girl, who loves the doctor. During a conversation with Carew, Dr. Jekyll asserts that it is his belief that every man has two selves, and that he is tempted to yield to it. Friends of Carew take him to a low grade music hall, where he is attracted by a dancer named Therese.

Dr. Jekyll is successful in producing a mixture that will separate the good and evil in men and provide two separate bodies which are independent of each other. He proceeds to drink the fluid and becomes Mr. Hyde, a hideous looking creature, by drinking an additional dose he changes to Dr. Jekyll, handsome and good.

As Mr. Hyde he visits the poorest quarters in London and his friends become perplexed when he makes a will leaving all his wealth to Mr. Hyde. He frequently visits the music hall and, after winning Therese, he drags her down until she becomes haggard, when he casts her off. During the same period he visits Millcent appearing as Dr. Jekyll.

Millcent tells her father of the doctor's love for her, and Sir George calls on him to discuss the forthcoming marriage. During their conversation Dr. Jekyll transforms himself into

## AMUSEMENTS

Mr. Hyde and murders the man. His rash act preys upon his mind and he finally shuts himself up in his laboratory at the mercy of Mr. Hyde. Millcent, in company with friends, visits the place and asks to be admitted. When the doctor finds that she will not leave he swallows poison which he carries in a ring and then opens the door. He strikes and attempts to kill her, but before he is able to carry out his purpose Hyde dies. It is then that the secret of the dual personality is disclosed, because after death the onlookers witness the change from Hyde to Jekyll and the mystery is thereby cleared up.

In playing "Dr. Jekyll and Mr. Hyde" John Barrymore is competing with one who many think was the world's greatest actor—Richard Mansfield, and Lloyd Osbourne, stepson of Stevenson, says: "Barrymore is greater than Mansfield in 'Dr. Jekyll and Mr. Hyde.' It is doubtful if there will be such acting again in this generation or the next. Mansfield's characters were puppets. Barrymore shows real human beings."

The great picture will be shown again today. While it is gruesome and intensely dramatic in the main, it nevertheless is a masterly production, just what critical people like to see.

## CONCERNING THE VEIL.

Veils are important this season. They are worn very generally and in many ways. With a toque they may flow, long or short, turned right back from the brow or falling just over the eyes. The effect of the veil is graceful, but it risks being a little too picturesque to look really well. French women observe restraint in the use of veils and know just when her veil should be long or short so as to be in accord with her costume. To wear a long flowing lace veil with a stiff tailor made is scarcely correct, but a short draped veil in lace the same color as the toque looks well. With a taffeta or foulard dress the long flowing veil is not out of place.

Capery, by no means lost its popularity, but they have decided to be plaited and to have huge puffy coils of taffeta.

Vincent McCabe, general manager for the Fox Film Corporation, was in St. John on Friday and Saturday leaving Saturday evening for Montreal.

From there he will go to New York on matters in connection with the fall policy of the corporation.

# LOCAL WHOLESALE FIRMS FINED

Were Charged Yesterday Afternoon with Selling Liquor for Sale, to Found Guilty and Each Fined—Evidence Heard—Other

Judgment was delivered by Magistrate Ritchie in the police court yesterday afternoon against eight of the leading wholesale grocery firms of the city, charged with keeping intoxicating liquor for sale to wit lemon extract, in their places of business, contrary to the Provincial Prohibition Act.

The magistrate adjudged the firms charged, G. S. DeForest and Sons, G. H. Barbour, Ltd., Puddington, Wetmore and Morrison, Northrup and Co. Van Wart Bros., H. W. Cole Ltd., Jones and Schofield and Baird and Peters, guilty of the charge preferred, and fined them each \$200 or in default of payment six months in jail.

On motion of K. A. Wilson, counsel for the Wilson Chemical Co. in the case against that firm was allowed to stand until Saturday. A charge similar to that previously preferred against the other wholesale firms was brought against Hall and Fairweather. As the extract sold had not been analyzed, the case was adjourned to Monday, July 6th. W. G. Cross, who represented the firm charged, not guilty to the charge.

H. W. Cole, Ltd., who were charged in the same line, pleaded guilty and were fined \$200 or six months.

The Brayley Drug Co. had no representative in court at the time sentence was passed on the other firms, although G. C. McIntyre had been present at the time the case was set for two o'clock. The magistrate ordered that papers be issued to secure the appearance of the firm on Saturday when the Wilson Chemical Co. case will also be heard.

Although the case against the different firms had been set for two o'clock the majority of the grocers did not put in an appearance until three. K. A. Wilson stated that he was appearing for the Wilson Chemical Co. in that the firm was in view of the fact that the price of the company, H. W. Wilson, was about \$100,000. The case he set over until his return. The magistrate refused the motion. The first case to be taken up was that against Puddington, Wetmore and Morrison. Allan H. Wetmore asked that the case be postponed, but this was called by the prosecuting attorney, W. M. Ryan.

The witness stated that he was an inspector under the Intoxicating Liquor Act, that he visited the premises occupied by the defendant as a place of business on the North Wharf on or about the 15th of June and seized two bottles of extract. The extract was turned over to M. V. Padlock, Provincial Analyst whose certificate of analysis was submitted in evidence. It showed the lemon extract seized to contain 47 per cent absolute alcohol by weight, the vanilla, 15 per cent.

Witness stated that from his experience as a liquor inspector he knew lemon extract similar to that seized to be used as a beverage. This closed the case for the prosecution.

Mr. Wetmore said he was not ready to proceed with the case, and asked that it be postponed until the 13th or 19th of July. The Dominion Act being said stated that the oils of lemon could not be dissolved in less than 50 per cent alcohol. He had no evidence to offer but wished to have the Act investigated.

The Magistrate: "It'll be the investigation." He further stated that he could no more grant a postponement to a wholesaler than a postmaster. The law was the same for all. Mr. Wetmore said he understood the case in that regard would be reasonably postponed and for that reason had come without counsel.

The Magistrate: "Telephone for counsel, the town is full of them." As for the defence had no evidence to offer the case was closed.

The charges against the other firms were taken up in turn. Inspector McIntyre was the only witness called by the prosecution, and his evidence was similar to that offered in the first case. He submitted certificates of analysis of all the extracts he had seized. The percentage of alcohol in each case was as follows:

Jones and Schofield, lemon extract, 40 per cent; vanilla, 21 per cent. Northrup and Co, lemon 48 per cent; vanilla, 30 per cent.

Mr. Northrup stated that his firm did not sell lemon extract as a beverage. The firm sold the product in small bottles, and in limited quantities, and were very particular as to what firm they sold it to.

George S. DeForest, lemon 39 per cent; vanilla, 67 per cent. Baird and Peters, lemon 49 per cent; vanilla 15 per cent. A. P. Paterson who represented the

## SIR THOMAS MASCOY

Sir Thomas Lipton, who declares that he will surely lift the cup this time with his Shamrock IV, has as his mascot, the wooden eagle, with coat-of-arms of the United States, and once graced the salon of the yacht America, winner of the America cup in 1851. In Sir Thomas' recollection the eagle has never before been photographed until recently, it will be aboard the Shamrock IV, in the coming races and the British yachtsman expresses the firm belief that it will be a lucky talisman for him.

## PRICE IS KEY TO FUTURE CONDITIONS

Far-Seeing Western Men, With Broad Outlook, Have Views in Striking Contrast to Pessimists.

Evans' Chicago Letter.

Copyright, 1920, by Public Ledger Co., Chicago, June 28.—The view of the market here is broad and optimistic in striking contrast with the gloom that pervades the minds of speculators, or even brokers, and the interpretation placed on present conditions by the holders of large affairs is quite worth placing along to one's neighbors. Largely the forecast of what is to happen to us in the next few months is based on the question of prices. It is based on the question of the subject of labor. It is declared that the attitude of wage-earners has changed materially in the last few weeks. Artisans who would talk of nothing but more pay a short time ago are now willing to negotiate, and labor leaders are beginning to commit themselves to promises of what their followers will do.

As to commodities, note is made of many declines. Especially wool and silk are mentioned. The former being declared unsalable and the latter much lower than heretofore. One merchant in this city recently ordered 1,000 dozen of a certain class of garments and the price was \$6 per garment, as against \$14 not long ago. Leather is another example. Recent increase in the cost of certain building materials is attributed to bad transportation and the immediate needs of builders for certain specialties of which the supply is extremely small.

The restricted movement of freight on the railroads is still the conspicuous cause of high prices. We have heard much in the West of the fact that when they arrive it is found that most of them are in bad condition. And we have come on presently farm yields much greater than were expected a short time ago. Marvin Huggitt, of the Chicago and Northwestern Railroad, declares that the lines to points 300 miles west of Chicago are completely jammed because of the strike of dock workers at the seaboard.

## TORONTO GRAIN QUOTATIONS

Toronto, June 28.—Manitoba oats, No. 2, c. w., \$1.31 1/2; No. 3, c. w., \$1.31 1/2; No. 1 feed, \$1.31 1/2; No. 2 feed, \$1.30; extra No. 1 feed, \$1.31 1/2; Port William, in store.

Straw, car lots, \$15 to \$16.

## EARNINGS OF SO. CANADA POWER CO.

Montreal, June 28.—Earnings of the Southern Canada Power Co., Ltd., and its subsidiaries for the month of May show an increase in net of \$4,320, as compared with May, 1919, while for the eight months period net earnings are up \$40,732. Total net earnings in the eight months were \$223,286.98 against \$182,504.38.

## TRADE SLUMPS ON MONTREAL

National Breweries the Only Stock to Reach 1,000 Shares—Favorable Developments in Breweries Rumored.

(F. B. McCURDY & CO.)

Montreal, June 28.—This morning's market was among the dullest of the month so far. Transactions amounted to 4,315, being probably the smallest of any forenoon in June, with the exception of Saturday.

In the trading the only stock to reach as much as 1,000 shares was National Breweries. Only two transactions took place in this stock, each consisting of a block of 500 shares at 53 1/2. There are rumors of some favorable developments in Breweries, but the nature of these has not yet been announced. In some quarters it is said the Company may expand its producing capacity.

## MORE ENCOURAGING CROP REPORTS

Not Much Expected from the Market This Week on Account of Politics.

New York, June 18.—The Bank statements show a weakening from the previous week, and a decline particularly in the New York Federal Reserve Bank reserve position. This seems to have been due, however, to an abnormal improvement of the week before because of retirement of a treasury certificate of \$100 million.

## STOCK TRADE GOES TO SMASH

(F. B. McCURDY & CO.)

New York, June 28.—Some idea of how dull the market was may be drawn from the fact that there were no sales of Pan-American, Mex. Petroleum or Industrial Alcohol up to 10 45 a. m. In connection with strength in Haakel and Barker there are traders who are buying stock on belief dividend will be increased very soon. Traders responding incomes of either President Wilson or McAdoo will be a bull argument. "Wilson," declared one banker, "would be liked on a League of Nations' platform, and people have not forgotten references to McAdoo as Crown Prince."

## NEW PAPER CO. ALL CANADIAN

Montreal, June 28.—From good quarters the Financial News Bureau hears that the newly incorporated Belgo Paper Company, Limited, represents the re-organization of the Belgo Canadian Pulp and Paper Co., which, for some years past has been one of the best known pulp and paper concerns of the province. The Belgo Paper Company, Ltd., is given capital of \$20,000,000 and headquarters in the City of Montreal, and is a Canadian corporation.

## MARKET FOLLOWS APATHETIC COURSE

New Record for Dullness Set at the End of N. Y. Session Yesterday.

New York, June 28.—The same factors and considerations which have governed the apathetic course of the market throughout the month were present again today in more acute form. A new record for dullness was set at the end of the session, dealings dwindling to the insignificant total of 20,000 shares. Events over the week-end were mostly of a character to chill bullish sentiment, even if the technical position of the market had warranted conservative efforts.

Reports from the Middle West showed a gain in volume of business during the month now expiring, but this increase evidently results in large measure from lower commodity prices. New England advised that a probable advance in the usual summer shut-down in the woolen trade, with concurrent curtailment of cotton production. Stocks, equipments, oils, and chemicals today's irregular reaction, motors, metals, tobaccos and shippings being less severely affected. Intermitting selling of rails added to the general reversal, only a few miscellaneous specialties holding their ground.

## MARKET SUMMARY

(F. B. McCURDY & CO.)

New York, June 28.—Federal Reserve Board's weekly statement shows banks reserve ratio declined from 44.5 to 43.6 per cent.

Federal Reserve Bank of New York reserve ratio declined from 42.5 to 39.2 per cent.

American Steel and Wire Co. summary of crop outlook says owing to more favorable climatic conditions great improvement evident in corn, cotton and wheat.

Great Northern Railroad earned \$8.87 a share on stock in 1919 against \$8.94 in 1918.

## NISSIPING DIVI.

Toronto, June 28.—With the payment of a dividend of 3 per cent, on Nipissing Mining Company on July 20th, the total amount distributed by this company so far this year in dividends will have been \$1,200,000, making an aggregate of \$2,540,000 paid since the company began to pay dividends in 1906.

## LACK OF INTEREST IN STOCK MARKET

Steels Showed Some Little Strength, Ontario Making a New High at 77.

Montreal, June 28.—Dullness and lack of interest characterized today's dealing on the local stock exchange with one of the smallest day's turnovers of the year. Only one stock ran into four figures, National Breweries, which was also strong up 1 1/4 points net to 53. Stronger issues took in Atlantic Sugar stocks both of which made substantial gains, the common moving up 1 1/2 points to 127 1/2, and the preferred making a new high at 148 3/4, a net gain of 3 3/4 points. Howard Smith preferred gained two points at 102; Montreal Power 1 1/2 points at 84; Tooke's preferred, three and a half points at 97 for the preferred.

The Steels, outside Iron, which sold unchanged, showed some strength. Ontario making a new high at 77 and Steel of Canada gaining a point at 76 for the common and 1 1/2 points at 97 for the preferred.

Spanish River dipped to 99 1/2 for the common and Montreal Cottons sold down three points at 101. Riorion and Brompton lost 1 1/2 and 1 point respectively.

Quebec Railway was not active.

Total trading: Listed, 7,318; bonds, \$65,100; vouchers, 25.

## The Strength of a Bank

ESTABLISHED in 1817 with modest capital, the Bank of Montreal for over a hundred years has followed a conservative, aggressive policy, until today it has assets in excess of FIVE HUNDRED MILLION DOLLARS.

LIKE Canada herself, Bank of Montreal has grown stronger with the service it has rendered and the obstacles it has overcome.

TODAY the Bank is stronger than ever, prepared to render ever-increasing service to the people and the business concerns of the Dominion.

With Branches in every important centre of every Province and with direct banking connections throughout the world, we are fit for the task of helping Canadian business to grow to full stature.

A steadily increasing number of business men, enterprises, workers and householders, ambitious young people—thrifty Canadians of every sort, everywhere—are getting the benefit of the strength and intimate service of this financial institution.

Our nearest Branch Manager is the best point of contact with our organization.

## Mill Pond Again Under Discussion

### City Fathers Talk of Improvements Needed—To Go Fully Into Matter of Sewerage System.

At a meeting of the common council this morning Commissioner Jones brought up the matter of sewerage conditions in the mill pond, West St. John. He said the engineer estimated that it would cost \$50,000 to put in a proper system.

Commissioner Bullock said the mill pond was not much better than a cesspool and it was getting worse every year. He felt that something should be done and suggested that a trunk sewer be extended into tidal waters and subsequently the filled in area could be properly developed.

Commissioner Prink said that the city was obliged to carry sewers to the low water mark and told about similar conditions formerly existing in the old Laloby pool.

After further discussion Commissioner Jones was asked to go fully into the matter and report back. He said he would report back to the common council for the harbor department for the report of Messrs. Burrows, etc., were opened. J. A. Gregory offered \$150,000 feet of three inch deals at \$42 a thousand and 600 pieces of 2 by 4 at \$55 a thousand. The Purvis Ice Cream Company offered a quantity of lumber for \$47 a thousand. J. Roderick & Sons tendered for \$45 and \$75 a thousand. The Eastern Mercantile Company offered eighty pieces of large timber for \$1,823 and 600 pieces of smaller size for \$2,940. Thomas Bell's tender was for \$68.30. On motion of Commissioner Bullock the tenders were referred to him to report back.

On motion of Commissioner Bullock George W. Belyea was granted a re-lease of property in Charlotte street, West St. John, at \$20 a year. The appointment of Edwin Jones as a city constable was approved. Commissioner Jones read a communication from the city solicitor regarding a claim sent in by J. G. Burrows, Douglas arena, for damage resulting from collapse of a water boiler in his home when the water was shut off without notice. The solicitor recommended that the claim be not paid.

Commissioner Thornton said it did not look fair that some people were notified and others were not. Commissioner Jones moved that Mr. Burke be advised of the decision of the solicitor.

A letter was read from the solicitor regarding a claim of W. E. Lane, of Wright street, who contended that his property had been damaged by overflow from city catch basins. The letter said that the city was not liable as the property referred to was much lower than the street. Commissioner Prink said he had promised Mr. Lane to look over the ground and had to do so because he had to do so. He asked that the matter be held up pending his visit to the scene.

## OBITUARY

Sarah Hazel Holmes.

Gagetown, June 27.—On Friday afternoon the community was shocked to learn that the death had come suddenly to the third wife of Mr. Hazel, who in the past month, and that Hazel, youngest daughter of Mr. and Mrs. Wm. W. Holmes, had passed away after being ill since only the previous evening. Her death was due to acute tuberculosis, and every remedy proved unavailing, although she was conscious to the last, with a word of remembrance for each of her family circle.

Hazel was a bright, lively girl in her seventeenth year, and had been supplying in the N. B. Telephone Office here, for her sister, who is on her vacation. The utmost sympathy is felt for her family, so suddenly bereaved of a beloved member. She is survived by her parents, and three sisters, Mrs. Thomas J. Gourley of Gagetown; Miss Hazel Holmes of the N. B. and a wholesale office, St. John; and Miss Nellie Holmes of the N. B. Telephone office here.

The funeral which took place on Sunday afternoon was conducted by Rev. H. T. Buckland, rector of the parish, assisted by Mr. W. A. Rogers, lay reader of St. John and was a very touching one. The rector's address on the subject, "Hope," was very appropriate to the case and he was in confidence with which the little girl faced her approaching death. The choir sang "Days and Moments Quickly Flying," "Safe in the Arms of Jesus" and "The Resting Moment Has Passed Away." Following the white casket were six school girl friends dressed in white, and carrying flowers. Ethel Reid, Geraldine Corey, Elsie Bridges, Valerie Gannon, Laura Moore and Muriel Mayer. As the last words of the burial service were said, the girls circled the grave, scattering flowers into it. The pall bearers were Ernest G. R. Clayton, St. John; Thomas Plater; Thomas Boyd and William Johnson.

John Tait

The death of John Tait occurred at his home Simonds street on Saturday, June 26, in his eightieth year. Mr. Tait was twice married. He leaves his second wife, five children of his first marriage—Edward of this city, George of Boston, Chesley, Alonzo, Orono, and Nova Scotia, and Mrs. S. Ward of Salisbury; and six children of his second marriage, Fred of Athol, Gordon of Boston, Chesley, Alonzo, Orono, and Mrs. F. W. Little of this city, and two sisters, Mrs. Park of Salisbury and Mrs. Kinnear of East Boston. Two of his sons, William and Gordon, of Boston, are coming to the city to attend the funeral.

John H. Sullivan

The death of John H. Sullivan occurred Sunday at his late residence, 143 Union street. Mr. Sullivan was a well known sign painter and decorator. He is survived by his wife, one sister, Margaret, five sons and one daughter to mourn their sad loss.

Nellie McLaughlin.

Regin, June 28.—The death of

### Mill Pond Again Under Discussion

#### City Fathers Talk of Improvements Needed—To Go Fully Into Matter of Sewerage System.

At a meeting of the common council this morning Commissioner Jones brought up the matter of sewerage conditions in the mill pond, West St. John. He said the engineer estimated that it would cost \$50,000 to put a proper system.

Commissioner Bullock said the mill pond was not much better than a cesspool and it was getting worse every year. He felt that something should be done and suggested that a trunk sewer be extended into the mill pond and subsequently the filled in area could be properly developed.

Commissioner Frink said that the city was obliged to carry sewers to the low water mark and told about similar conditions formerly existing in the old Likely pond.

After further discussion Commissioner Jones was asked to go fully into the matter and report back.

Tenders for lumber for the harbor department for the repair of wharves, etc., were opened. J. A. Gregory offered 150,000 feet of three inch deals at \$42 a thousand and 600 pieces of spruce at \$35 a thousand. The Purdy Ice Cream Company offered a quantity of lumber for \$47 a thousand. J. Roderick & Sons tendered for \$65 and \$75 a thousand. The Eastern Mercantile Company offered eighty pieces of large timber for \$1,822 and 600 pieces of smaller size for \$2,940. Thomas Bell's tender was for \$83.50. On motion of Commissioner Bullock the tenders were referred to him to report back.

On motion of Commissioner Bullock George W. Belyea was granted a renewal lease of property in Charlotte street, West St. John, at \$20 a year.

The appointment of Edwin John Commissioner Frink as a commissioner from the city solicitor was approved.

A letter was read from the solicitor regarding a claim of W. E. Lane, of Wrentham, who contended that his property had been damaged by overflow from city catch basins. The letter said that the city was not liable as the property referred to was much lower than the street.

Commissioner Frink said he had promised Mr. Lane to look over the ground and had to date been unable to do so. He asked that the matter be held up pending his visit to the scene.

#### OBITUARY.

Sarah Hazel Holmes.

Gagetown, June 27.—On Friday afternoon the community was shocked to learn that death had come suddenly to the third home in the village within the past month, and that Hazel, youngest daughter of Mr. and Mrs. Wm. W. Holmes, had passed away after being ill since only the previous evening. Her death was due to acute tuberculosis, and every remedy proved unavailing, although she was conscientious to the last, with a word of remembrance for each of her family circle.

Hazel was a bright, lovable girl in her seventeenth year, and had been supplying in the N. B. Telephone Office here, for her sister, who was on her vacation. The utmost sympathy is felt for her family, so suddenly bereaved of a beloved member. She is survived by her parents, and three sisters, Mrs. Thomas J. Goggin of Gagetown, Miss Mabel Holmes of the M. R. and A. Wholesale office, St. John, and Miss Nellie Holmes of the N. B. Telephone office here.

The funeral which took place on Friday afternoon, was conducted by Rev. H. T. Buckland, pastor of the parish, assisted by Mr. W. A. Rogers, lay reader of St. John and was a very touching one. The casket was placed on the subject of "Hope," was very appropriate to the calm and beautiful confidence with which the little girl faced her approaching death. The choir sang "Days and Moments Quickly Flying," "Safe in the Arms of Jesus" and "The Radiant Morn Has Passed Away." Following the white casket were six school girl friends dressed in white, and carrying flowers, Ethel Reid, Geraldine Corey, Edred Bridges, Valerie Gauce, Laura Moore and Muriel Mayes. As the last words of the burial service were said, the girls circled the grave, scattering flowers into it. The pall bearers were Ernest G. R. Clayton, St. John; Thomas Plater; Thomas Boyd and William Johnson.

John Tait

The death of John Tait occurred at his home, Simonds street, on Saturday. He was in his eightieth year. Mr. Tait was twice married. He leaves his second wife, five children of his first marriage—Edward of this city, George and William of Boston, Walter in Nova Scotia, and Mrs. S. Ward of Salisbury; and six children of his second marriage, Fred of Athol, Gordon of Boston, Chesley, Alonzo, Charles and Mrs. F. W. Little of this city, and two sisters, Mrs. Parvise of Salisbury and Mrs. Kinnear of East Boston. Two of his sons, William and Gordon, of Boston, are coming to the city to attend the funeral.

John H. Sullivan

The death of John H. Sullivan occurred Sunday at his late residence, 143 Union street. Mr. Sullivan was a well known sign painter and decorator. He is survived by his wife, one sister, Margaret, five sons, and one daughter to mourn their sad loss.

Nellie McLaughlin.

Reston, June 28.—The death occurred at his home in Pine Ridge, Kent county, on Thursday, June 22, of Matthew Sullivan, a highly respected farmer after two days' illness. Mr. Sullivan, who was in his eightieth year, is survived by his widow, two sons and three daughters, one of whom, Mrs. Joseph McEachran, resides in Pine Ridge. The funeral, which was largely attended, took place on Thursday afternoon from his late residence to the Methodist cemetery at West Branch, where interment was made. Rev. George S. Gardner, of Reston, officiated at the house and grave. The pall bearers were Joseph Morton, Joseph McEachran, William Girvan, Alexander Morton, George Gale and Beverly Morton. David Sullivan and his sister, Mrs. George Thompson, of Maine, came home and attended their father's funeral.

Alma Cochran.

Reston, June 28.—The death occurred at South Branch on Monday, June 21st, of Miss Alma Cochran, daughter of Mrs. William Cochran, aged twenty-nine years. Miss Cochran had been in poor health for more than a year and is survived by her mother, one brother and several sisters. The funeral took place from her late home to the Presbyterian cemetery at West Branch and was largely attended. Rev. Alexander Craze, of Bass River, officiated at the house and grave.

### IMPROVED SERVICE ON VALLEY RAILWAY

#### Passenger Trains to Run Daily Except Sunday After June 27th on Present Schedule.

Travellers and suburbanites along the Valley Railway will be glad to hear that with the Canadian National time changes effective June 27th the Passenger Trains No. 47 and 48 on the Valley Railway will run daily (except Sunday) between St. John and Centreville. There will also be a mixed train service tri-weekly between St. John and Fredericton, and between Fredericton and Centreville.

No. 47 Passenger Train will leave at 12:55 noon (Eastern time) and arrive at Fredericton at 4:30 p. m., leaving the capital at 5:00 p. m. and reaching Centreville at 9:00 p. m.

No. 48 will leave Centreville at 6:30 a. m. (except Sunday), arrive at Fredericton at 10:00 a. m., leave for St. John at 10:30, arriving here at 2:05 p. m.

No. 241, mixed train, will leave at 6:35 a. m. on Tuesday, Thursday and Saturday, arriving at Fredericton at 12:45 noon.

No. 242, mixed, will leave Fredericton at 7:00 a. m. and arrive in St. John at 12:55 noon on Monday, Wednesday and Friday.

The passenger trains running every week day will be a great accommodation to people living along the St. John River and to the public generally. The inauguration of the daily service shows the desire of the Canadian National Railways to give adequate service and meet the wishes of the people.

The through sleeping car service to Quebec will also be daily (except Sunday). The Buffet Sleeper will be attached to No. 47 train, and will carry passengers for Quebec, via McGINVY Junction and the Transcontinental Line. Returning, sleeper will leave Quebec on No. 502 Transcontinental train (except on Saturdays) and will go via McGINVY and Fredericton to St. John.

This through sleeping car service between St. John and Quebec is a comfortable and delightful medium of travel during the summer months.

As usual under such conditions the opening of the San Francisco convention crowded out other news for the public attention. Sales 261,000.

New York, June 25.—(By Canadian Press)—Miss A. Butler, the English typist who crossed the Atlantic to meet Captain R. Kitchen, Sydney, C. I. fell in love with Captain Paul Mellor enroute, was transferred from Ellis Island this afternoon to the steamship Caronia which sails tomorrow. She and Captain Mellor—unless she changes her mind again—will be married in Manchester, England.

THE WEATHER.

Toronto, June 28.—Pressure is relatively high over the Gulf and South Atlantic States and generally below the normal over the northern portion of the continent. A few scattered thunder showers have occurred from the western Provinces to Quebec, but the weather in Canada on the whole has been fine and quite warm.

The Prohibition Supporters Met

Largely Attended Meeting in Y. M. C. A. Last Evening—Individuals and Societies Lining up for the Fight.

Sport Coats of Silk ALL NEWLY PRICED and the prices are convincing after you've seen the coats. PULLOVERS. New Price \$15.00 instead of \$22.50. Half Price \$13.00 instead of 19.50.

AROUND THE CITY

MAY GO TO SUSSEX. A letter received at military headquarters from Ottawa, states that there will probably be a Cadet Corps Camp held at Sussex this summer; yet no dates have been set.

CLOSING THE BRANCH. The information and service branch of the D. S. C. R. here will be closed this month end, and Harry Heans who has been in charge, will go to Fredericton to carry on an industrial survey there for the government.

EXPRESSES REGRET. A letter received by A. S. Bowman from Mr. Hayes of the C. N. R., expresses regret that the Valley Railway suburban service out of St. John is at present impracticable, but that the matter will be borne in mind by the railway authorities.

SCHOOL CLOSING. The closing of the Glen Falls school took place yesterday afternoon in the presence of about seventy-five visitors. The programme was very interesting and particularly so to the children.

ENTERED A PROTEST. John Armour called again upon the mayor yesterday morning and presented a petition signed by residents of Lansdowne and Dufferin avenues protesting against the city granting a license to a circus to pitch their tent in that vicinity.

FAVORED APPLICATION. The members of the Common Council yesterday favorably considered an application of the C. N. R. for permission to put additional tracks on Water street along the McLeod and Pettinelli wharves.

A LOST CHILD. A little tot who had been out walking with her elder sister yesterday afternoon, in some manner became separated from her. She was wandering aimlessly around the head of King street when the traffic policeman took her under his wing.

THE VOTERS' LIST. The voters' list registration for the following plebiscite resulted in requests for the addition of 894 names to the list. A few are young men recently come of age.

To the Liquor Men Who Tried to Enlist Their Professional Services—These Great Men Must Have a Reason. The recent refusal of Charles E. Hughes and William H. Taft to champion the liquor cause contesting constitutional prohibition is significant.

WEDDINGS. JOHNSON-MORGAN. Moncton, June 28.—The marriage of Mrs. Laurie P. M. Morgan of Halifax, widow of the late Rev. A. R. Morgan of Newfoundland, and only daughter of the late Mr. and Mrs. William S. Dickie of Parraboro, N. S., and John S. Johnson, the well-known new agent of Newcastle, N. B., was solemnized this afternoon at the home of the bride's mother, Mrs. H. H. Storer, Sunny Brae, Rev. H. Stanley Young being the officiating clergyman.

Brakeman In A Critical Condition

Frederick McCain, Who Was Injured Thursday, Had Left Leg Amputated Yesterday—His Condition Reported Quite Critical Last Night.

Frederick McCain, the C.N.R. brakeman, who was injured last Thursday at the Union Depot, having been jammed while riding on the footboard of a locomotive, was operated on at the General Public Hospital at noon yesterday and had the left leg amputated.

ENOYABLE OUTING HELD AT TORRYBURN. Boys' and Girls' Choir Along With Sanctuary Boys of Cathedral Enjoyed Themselves on Bishop's Grounds Yesterday.

PLANNING A TOUR. Mrs. G. A. Akorley, M. W., Grand Mistress Ladies' Orange Benevolent Association, is planning a tour of Nova Scotia, where she will organize several lodges.

NOTICE OF MEETING. A meeting to organize ward workers for all those in favor of the sale of beer and light wines is called for this Tuesday evening at 8 o'clock at the Trades and Labor Hall, Oldfield's building, Union street.

LOYAL ORANGE ASSOCIATION. Rev. H. A. Fish, P. G. C. of B. A. will address members of the L. O. A. on the following evenings: Monday, the 18th instant, in the Orange Hall, Gormain street, and Tuesday, the 29th instant, in the Orange Hall, Simons street.

Just Who Are The Teetotallers

Prof. Stephen Leacock Writes That He Hasn't Found Them Among Men Whose Brain-Power Has Won For Them Positions of Prominence.

Prof. Stephen Leacock, of McGill, the well-known student and author, has some very trenchant things to say of the prohibition movement. He wrote not long ago: "The university where I have worked for nearly twenty years contains in its faculties a great number of scholarly, industrious men whose life work cannot be derided or despised even by the alarmed agitator of a prohibitionist society."

ROYAL ORANGE ASSOCIATION. Rev. H. A. Fish, P. G. C. of B. A. will address members of the L. O. A. on the following evenings: Monday, the 18th instant, in the Orange Hall, Gormain street, and Tuesday, the 29th instant, in the Orange Hall, Simons street.

ROYAL ORANGE ASSOCIATION. Rev. H. A. Fish, P. G. C. of B. A. will address members of the L. O. A. on the following evenings: Monday, the 18th instant, in the Orange Hall, Gormain street, and Tuesday, the 29th instant, in the Orange Hall, Simons street.

### DEMOCRATS IN TROUBLE OVER IRISH PLANK

Its Discussion Before Resolution Committee Stirred up Bitter Feeling Among "Pros and Cons."

### IRISH REPUBLIC HAS MANY SYMPATHIZERS

Cooler Heads Picture the Affront to England by Recognition of Republic—Women Make Trouble.

San Francisco, June 29.—Open warfare over prohibition, the Irish question and other controversial issues of the Democratic Platform began today in a stormy committee hearing...

#### Irish Issue

The Irish issue was argued in such militant fashion that the crowded committee room was kept in almost constant uproar. Opponents of the proposal for recognition of the Irish Republic were kept under a hail of heckling from Irish sympathizers...

The debate was marked by a thrust and parry course between Bryan and Theodore A. Bell, California, in the course of which Bryan declared he was not receiving any money from the anti-Saloon League for presenting their case.

#### Labour's Case

Labour's case was presented to the committee by Samuel Gompers, who declared that the Republican Party had written reaction on its banners and that the labour vote must find some avenue for expression...

The plank of the Irish sympathizers proposing recognition of the Republic of Ireland, was presented by Frank P. Walsh, Kansas City. He said that 20,000,000 liberty-loving citizens favored the plank which was proposed in behalf of the American Commission of "Irish Freedom."

Mr. Walsh said that recognition of Ireland would not disturb British relations. He added: "That its adoption would be a cause of war with Britain has no basis in American tradition of international law."

Opposing a platform declaration for Irish recognition, Representative Leland, Texas, said that such action "could only be considered by Great Britain as an affront to her dignity and a challenge to her authority with her dominions."

There was another angry outbreak when Adolphe W. Smith, Vice President of the Loyal Coalition, said that \$10,000,000 had been collected from Irish "servant girls" and others by Irish sympathizers for propaganda in America.

A woman started down the aisle shouting: "Take that back, I'll not stand for that." When a sergeant-at-arms failed to stop the woman, three policemen led her to her seat.

Several epithets were shouted at Mr. Smith and Chairman Glass finally warned the crowd that spectators were present only by courtesy of the committee. Mr. Smith emphasized the argument that friendly relations with Britain were involved.

### DECLARATION OF DIVIDENDS

Montreal, June 29.—Dividend declarations: Maple Leaf Milling Co., Ltd., 1 1/2 per cent on preferred and 3 per cent on common, both payable July 19 to record of July 3.

### QUEBEC FARMERS FORM INDEPENDENT PARTY

Their Intention to Nominate and Support Agrarian Members in the Federal House.

Montreal, June 29.—The formation of a Farmers' Independent Political party in this province, along similar lines to the United Farmers of Ontario, is the principal object of the recently formed United Farmers' Association of the Province of Quebec...

The stand of the Quebec Association against the tariff is clearly and emphatically taken. The memorial which will be sent to every farmer in the province, states that, for want of competition, manufacturers of agricultural implements are making 50 per cent to 200 per cent profit at the expense of the farmers.

The Association further affirms that representatives, independent of political parties, must be elected to the Federal House if success is to be attained.

### BOUND TO GET OUT ALL THE VOTERS

Germans Providing Free Transportation and meals to All Entitled to Vote in Prussian Plebiscite.

By S. B. CONGER.

Berlin, June 29.—The migration of Germans entitled to vote in the plebiscite areas of East and West Prussia on July 11 has already begun on a grand scale, which shows how insistent the government and the people are upon saving from Poland...

Mr. Lanctot, seconded by Mr. Proulx, then moved that a clause be inserted in the bill to provide that the increase should only go into effect after the next general election.

Mr. Lanctot, seconded by Mr. Proulx, then moved that a clause be inserted in the bill to provide that the increase should only go into effect after the next general election.

The voters will travel at public expense, being fed enroute at stations established by the Germans at the frontiers and entertained during their stay at their old homes by German residents.

Several of the injured said an explosion preceded the collapse of the building, but the fire chief who was on the ground floor, said he heard none and the firemen found nothing to indicate that an explosion had occurred.

### ONTARIO PROBATE OF SIR WILFRID'S ESTATE

Ottawa, June 29.—Application has been made for an Ontario probate of the will of the late Sir Wilfrid Laurier. The Superior Courts of Quebec have already granted the necessary probate there, but, on account of a small estate in this province, a second probate is necessary.

The will of the late statesman is characteristic. It contains only three or four paragraphs of a few lines each. The document is a simple affair and gives no indication of the high rank held by the writer.

Mr. Smith and Chairman Glass finally warned the crowd that spectators were present only by courtesy of the committee. Mr. Smith emphasized the argument that friendly relations with Britain were involved.

Montreal, June 29.—Dividend declarations: Maple Leaf Milling Co., Ltd., 1 1/2 per cent on preferred and 3 per cent on common, both payable July 19 to record of July 3.

### THE INDEMNITY INCREASE GETS THIRD READING

There Were Many Speeches in Opposition to Bill, But All Were Unavailing.

### MAY REDUCE NUMBER OF PORTFOLIOS

An Effort to Have the Bill Go Into Effect After the Next General Election Failed.

Ottawa, June 29.—(By Canadian Press)—Opposition to increasing the members' indemnities from \$2,500 to \$4,000 was unavailing when the bill providing these increases came before the House tonight.

Mr. Lanctot entirely opposed the increase saying he had been able to save money on \$2,500. H. A. Mackie (Renforth) said if an increase was justified it should only go to the members from the West and Maritime Provinces.

Mr. Sinclair said that while the Government had taken the responsibility for the introduction of this bill, every member was in duty bound to declare his attitude to the increased indemnities.

Mr. Mackenzie King declared that there would have been no second session last year had there been a \$4,000 indemnity. Sir Robert Borden also defended the bill.

Mr. Lanctot, seconded by Mr. Proulx, then moved that a clause be inserted in the bill to provide that the increase should only go into effect after the next general election.

Mr. Lanctot, seconded by Mr. Proulx, then moved that a clause be inserted in the bill to provide that the increase should only go into effect after the next general election.

### FOUR KILLED AND SEVERAL INJURED

When Walls of a Hotel at Buffalo Collapsed Yesterday.

Buffalo, N. Y., June 29.—Four persons were killed and an undetermined number injured today by the collapse of the walls of the Sutherland Hotel, a lower Main street lodging house.

Several of the injured said an explosion preceded the collapse of the building, but the fire chief who was on the ground floor, said he heard none and the firemen found nothing to indicate that an explosion had occurred.

### FLOUR CONTINUES TO DECLINE

Twenty to Forty-Five Cents Lower Than Last Week's Quotation.

Minneapolis, Minn., June 29.—The Northwestern Miller's Weekly review of the flour trade says flour prices have continued to decline, following the weakness of wheat, and patents are now twenty to forty-five cents per barrel lower than a week ago.

Mr. Smith and Chairman Glass finally warned the crowd that spectators were present only by courtesy of the committee. Mr. Smith emphasized the argument that friendly relations with Britain were involved.

Montreal, June 29.—Dividend declarations: Maple Leaf Milling Co., Ltd., 1 1/2 per cent on preferred and 3 per cent on common, both payable July 19 to record of July 3.

### POLITICAL HISTORY MAY BE MADE TOMORROW

Winnipeg's Venture in the Proportional Representation Shows All Four Parties With Winners.

### CONTEST THREE CORNERED AFFAIR

Agreement Among Various Minority Groups to Upset Gov't Not Among Probabilities.

Winnipeg, June 29.—The Norris group will be the largest group in the next legislature of Manitoba, and the Government probably will be a Norris government with independent support...

Mr. Lanctot entirely opposed the increase saying he had been able to save money on \$2,500. H. A. Mackie (Renforth) said if an increase was justified it should only go to the members from the West and Maritime Provinces.

Mr. Lanctot, seconded by Mr. Proulx, then moved that a clause be inserted in the bill to provide that the increase should only go into effect after the next general election.

### NO FLIES ON THE RUSSIAN SOVIETS

Communists Put One Over on English Labor Delegation—Only Saw the Organized Demonstration.

London, June 29.—(A. P.)—An attempt to make Moscow look a busy city during the visit of the English Labor delegates is told by the Latvian Information Bureau, whose Press Bureau at Riga has a special correspondent attached to the peace delegation in Moscow.

Several of the injured said an explosion preceded the collapse of the building, but the fire chief who was on the ground floor, said he heard none and the firemen found nothing to indicate that an explosion had occurred.

### FIRST CLASH OVER PROHIBITION ISSUE

"Wets" and "Drys" Jockeyed for Position at Democratic Convention—"Drys" Lose.

San Francisco, Cal., June 29.—On the first division in the platform committee on an angle of the prohibition fight today, the Bryan dry forces were forced, over their protest by a vote of 27 to 25 to present their case first in the committee hearings.

Mr. Smith and Chairman Glass finally warned the crowd that spectators were present only by courtesy of the committee. Mr. Smith emphasized the argument that friendly relations with Britain were involved.

Montreal, June 29.—Dividend declarations: Maple Leaf Milling Co., Ltd., 1 1/2 per cent on preferred and 3 per cent on common, both payable July 19 to record of July 3.

### NORRIS GROUP HAS THE LEAD IN MAN. RETURNS

Winnipeg's Venture in the Proportional Representation Shows All Four Parties With Winners.

### CONTEST THREE CORNERED AFFAIR

Agreement Among Various Minority Groups to Upset Gov't Not Among Probabilities.

Winnipeg, June 29.—The Norris group will be the largest group in the next legislature of Manitoba, and the Government probably will be a Norris government with independent support...

### TO REVIVE FAMOUS "QUARTZ ARTS" BALL

Latin Quarter in Paris Will Hold First Celebration Since 1914—Early Egyptian Costumes to be Worn.

Paris, June 29.—The population was uproariously informed last night that the rumor concerning the revival of the "Quartz Arts" ball was based on fact. There is to be a ball this season, and unless the Latin Quarter is wrecked by an earthquake before next week, the art students plan to hold their revel as that revel was never held before.

Several of the injured said an explosion preceded the collapse of the building, but the fire chief who was on the ground floor, said he heard none and the firemen found nothing to indicate that an explosion had occurred.

### SCOTIA STEEL BENEFITS FROM CONFERENCE

Many Concessions of Material Independence Secured Through Elimination of Smaller Companies.

Montreal, June 29.—(Canadian Press)—President D. H. McDougall of the Nova Scotia Steel and Coal Company, announced this afternoon that as a result of negotiations between himself, President J. W. Norris of Canada Steamship Lines, Limited, and Roy M. Wolvin, President of the Dominion Steel Corporation, the chief executives of the Canadian enterprises, had succeeded in securing a concession of material independence for their shareholders through the elimination of several of the smaller companies originally included in the consolidation programme of the British Empire Steel Corporation, Limited.

### JAILER KNOCKED OUT, PRISONERS ESCAPE

Moncton, June 29.—William Vanbuskirk, Alonzo Pirier and two other prisoners, whose names are unknown, made a sensational break from the county jail at Dorchester last night when they knocked out Jailer Sweeney with a club, Vanbuskirk and Pirier were serving a sentence for stealing an automobile from a resident of this county last autumn and had made previous attempts to escape from jail.

Montreal, June 29.—Dividend declarations: Maple Leaf Milling Co., Ltd., 1 1/2 per cent on preferred and 3 per cent on common, both payable July 19 to record of July 3.

### CHIEF CONSTABLES HAD VERY BUSY DAY

Feted and Dined by City of Moncton and Provincial Gov't Yesterday.

Moncton, June 29.—With between fifty and sixty members in attendance the convention of the Chief Constables Association of Canada opened in this city, this morning, with the President, Chief Martin Bruton, of Regina, presiding. The convention opened with prayer by Rev. Dr. Breyer Green, Baptist, and Father Hector Bellevue, curate L'Assomption church.

Mr. Lanctot entirely opposed the increase saying he had been able to save money on \$2,500. H. A. Mackie (Renforth) said if an increase was justified it should only go to the members from the West and Maritime Provinces.

### WILDEST SCENES OF ENTHUSIASM AT CONVENTION

Democrats Loudly Approve Chairman's Speech as He Pounded Republicans and Platform.

### PREXIE WILSON THEIR GREAT HERO

Claim He Won the War, Made the Peace Treaty and No One Else Had a Look in.

San Francisco, Cal., June 29.—The Democratic National Convention wound up its preliminaries today and prepared to get down to business tomorrow. With the administration forces continuing in apparently complete control it perfected its organization, accepting Senator Jos. T. Robinson, Arkansas, as its permanent chairman, permitted States to upset the unit rule provided for taking women on the Democratic National Committee and prepared for the business of having candidates nominated by adopting an order of business which will permit the delivery of nomination speeches before the platform is brought in. Balloting for a nominee, however, will not be permitted before the platform has been adopted by the convention.

Mr. Lanctot entirely opposed the increase saying he had been able to save money on \$2,500. H. A. Mackie (Renforth) said if an increase was justified it should only go to the members from the West and Maritime Provinces.

VOCATIONAL TRAINING

DISCUSSED BY L. W. STIMMS

At Meeting of N. B. Teachers' Institute - Clear, Logical Argument for Vocational Work.

Special to The Standard. Fredericton, N. B., June 30.—L. W. Stimms, of St. John, this afternoon addressed the Educational Institute on the relations of the school to our common and high schools.

Mr. Stimms stated that attempts had been made in the schools to take on in special manual training and call it vocational training. Things were not taken as good simply because of long standing or custom, but were being given a careful try out. The time was when directors thought that the main object was dollars and cents, but the training to read the situation rightly and appreciate the vast importance of tangible things was the true perspective.

Industry was the laboratory in which the product of the teacher was tested out. In many cases inadequate equipment counted heavily, and the high calling of the teacher was often pulled down to a commercial appearance. Joy in work was unattainable with the outside world of industry. The average graduate of the high school has not, in many cases, equipped himself with any special work and thus upon leaving school, he wanders about seeking jobs. Schools were asked that students be trained in vocational pursuits to familiarize them with the outside world of industry. Five new employes were often employed to get one worth while.

The speaker stated that allowances must be made for the peculiar state of society at the present time. The turnover of labor was an immense loss, not only to the school but to the community, and the speaker stated that all pupils should be given a definite instruction as to some special work. There was reason in industry's request that every boy or girl be fitted for a future work.

Class consciousness was one of the greatest threats against industry. He thought vocational work would soon be universal making the world of industry safe for democracy and vice versa. Three classes of pupils were among those to be considered: 1—those well supplied with knowledge 2—Pupils who have good memories and, 3—Those who were bright in one special subject.

In professional life it has been considered that any who passed through the pioneer stages were safely launched into a professional life. Very few people had sense well trained in drawing conclusions. The time to train them was in the youth of the child when all senses could be gotten to work together. The practical question of equipping the children for successful battle against life should take up the important place in the parent's mind.

For each interested in his profession it was not a work but a pleasure, a reaction and satisfaction. Real beauty had a psychological and moral nature setting all the senses about in work brought pleasure and the foundation of beauty was the work of a splendid craftsman. Just as in art the most and best in education is the best results of the craftsman, the teacher.

People dared not stand still when the question of training their children cropped up. They must move and influence the youthful minds in vocational work. Every boy and girl, man and woman should be given a special training, whether or not he needed it, in order that he could return to society what it had done for him. Enemies of peace, health, social order, progress, self reliance and self respect were requisited at the end of the present war. Education must prepare for a campaign against divorce, trade hates, etc., and be one of the chief instruments in training for true citizenship. The teacher must be a genuine fact in uplifting of the world and bring industry and education into closer harmony.

Mr. Peacock

Fletcher Peacock expressed his appreciation of Mr. Stimms' splendid address. He stated it would be a long time before the ideal day outlined by Mr. Stimms would be here, though.

Local leadership was a great difficulty encountered in starting the classes of the vocational courses because of unpopularity. This was being gotten around by a Summer School at Woodstock for vocational instruction. Dr. G. A. Oulton stated he would like to know where the vocational work came in touch with and influenced the public schools. Inspector Brooks of Kings County stated that he failed to see the need for vocational education in the Province. The young men were to be encouraged to stay at home and he thought if there was a necessity, courses suitable to the back country districts should be applied there. He had been over seas four years and probably did not understand conditions as he should.

In answer to Mr. Brooks, Mr. Peacock stated that if Kings County were an agricultural county it was also a centre of home-making. To Dr. Oulton he said it was for him to open his eyes and look around him. When vocational education had been properly introduced the country would be transformed. The connection between vocational schools and the public schools was a good one. The money of the department was limited, the county was now to it and a machine should not be built supplying men and women which could not be used.

What proportion of engineering graduates were assimilated in the Province of New Brunswick today, in St. John city the vocational courses should be based upon its needs and similarly throughout the province. Every boy and girl should be given some thing of value out of the experience. Vocational schools were needed in all counties, and would be supplied if the leaders would go ahead in the matter. Vocational or Trade Schools should be adopted in the cities where the population warranted such. Dr. Carter said the trouble in all vocations was that there were too many cooks, and these spoiled the soup.

Dr. H. S. Bridges of St. John, then read Mrs. R. A. Jamieson's paper on the Proper Relation Between School

Another Royal Suggestion COOKIES and SMALL CAKES

From the NEW ROYAL COOK BOOK

WHEN the children romp in hungry as young bears, here are some wholesome, economical delights that will not only be received with glee, but will satisfy the most ravenous appetite in a most wholesome manner.

Cookies: 1/2 cup shortening, 1/2 cup sugar, 1/4 cup milk, 2 eggs, 1/2 teaspoon grated nutmeg, 1 teaspoon vanilla extract or grated rind of 1 lemon, 4 cups flour, 2 teaspoons Royal Baking Powder. Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough more flour to make stiff dough. Roll out very thin on floured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

Cocoa Drop Cakes: 4 tablespoons shortening, 1/2 cup sugar, 1/4 cup milk, 2 eggs, 1/2 cups flour, 1/2 teaspoon Royal Baking Powder, 1/4 cup cocoa, 1/2 teaspoon salt, 1/2 teaspoon vanilla extract.

ROYAL BAKING POWDER

Absolutely Pure

MADE IN CANADA

"Bake with Royal and be Sure"

Cream shortening; add sugar and well-beaten egg; beat well and add milk slowly; sift flour, baking powder, salt and cocoa into mixture; mix until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 30 minutes. Cover with soft icing.

Orange Cakes: 4 tablespoons shortening, 1/2 cup sugar, 1/4 cup milk, 2 eggs, 1/2 cups flour, 2 teaspoons Royal Baking Powder, 1/4 cup orange juice, 1/2 teaspoon orange extract, 1/2 teaspoon grated rind of 3 oranges.

Cream shortening; add sugar slowly, heating well; add milk a little at a time; then add well-beaten egg; sift flour, baking powder and salt together and add to mixture; add flavoring and grated orange rind; mix well. Bake in greased shallow tin or individual cake tins, in hot oven 15 to 20 minutes. Wipe cool cover with orange icing.

COOK BOOK FREE: Just off the press and finer than ever before. This new Royal Baking Powder is a real treat for you. Free if you will send your name and address to: ROYAL BAKING POWDER CO., 120 Queen St. W., Montreal.

and the Home, from the Parents' Point of View.

The subject, he stated, was a very important one as the school, the home and the church were the three most important places on the earth. The home was a place of security and the determined factor of the growth of the boy into the man. The relationship of the school and the home were, therefore, very influential.

Builders must work together in harmony. Obedience to recognized authority was the first lesson the child should be taught. If parents failed that lesson first, many obstacles in the teachers' path would be removed. Some houses were devoid of ideals. When parental authority was absent a child should be taught by the teacher, or to honor his parents. Nothing should tempt teachers to make criticisms against parents before children as the practice destroyed respect and discipline.

Indulgent methods of procedure adopted by some parents were relics of the dark ages as to development of the children's personalities should be free and untrammelled. Many mothers bring their pupils up by love alone and love makes a haze of it. A liberal corporal punishment administered, not in anger

but as a nauseous medicine, was a good thing.

The care of a child was a duty which taxed the mind of a Solomon because of its difficulties. Let a child learn that retribution followed swift upon his trail and he would benefit by experience. The speaker emphasized the habit of intelligent observation, self reliance and self control as well as a sympathetic understanding concerning the work of the mother and the pupil.

Couldn't Afford It Now.

"What did Columbus prove by standing an egg on end?" "That eggs in his day were cheap enough to be handled carelessly."—Stray Stories.

WORLD MUST APPROVE OF INDEMNITY. Unless Financiers of All Nations Are Convinced Germany Can Pay They Will Not Discount Her Notes. BRUSSELS AND SPA CONFERENCES AWAITED. Expected a Workable Basis for Amount and Method of Payment Will be Reached.

Children Cry for CASTOR. Fletcher's Castoria is strictly a remedy. Food is specially prepared for babies. It is even more essential for Baby. For grown-ups are not interchangeable a remedy for the common ailments that brought Castoria before the public and no claim has been made for 15 years has not proven.

### WORLD MUST APPROVE OF INDEMNITY

Unless Financiers of All Nations are Convinced Germany Can Pay They Will Not Discount Her Notes.

### BRUSSELS AND SPA CONFERENCES AWAITED

Expected a Workable Basis for Amount and Method of Payment Will be Reached.

BY SIR GEORGE PAISH  
Copyright, 1920, by Public Ledger Co. London, June 29.—Matters in Europe are at the moment very much in suspense. At Boulogne statesmen have decided upon the division of the reparation payments of the Central Powers, but apparently have not decided the amount of reparation. They seem, however, to have discussed every possible means of applying pressure to Germany in the event of the latter refusing to put forward any reparation proposal which they can regard as acceptable. Apparently they have discussed even the question of occupying German customs houses in order to collect dues and make them available for reparation. It is, however, necessary to await the actual results of the conferences before coming to conclusions respecting the amount Germany will have to pay, or the amount the Entente nations will be prepared to accept, or as to the steps that might be taken to enforce payment.

Must Receive World Approval.  
In England they are convinced that whatever sum is demanded from Germany, it must receive approval of peoples of almost the entire world if it is to be collected. Clearly Germany cannot pay any appreciable sum for reparation unless she is able to pay for food needed to keep her people from starvation and raw material to keep them employed. In regard to the amount of food and raw material which Germany urgently needs, as well as the difficulty she will experience in paying for them, by reason of smallness of exports, loss of markets and destruction of distributing agencies throughout the world, some time must elapse before the regular payments will become feasible, but the needs of France, Italy and Belgium are urgent, and they will desire to discount in advance any promises to pay which the German people may make in order to buy abroad food and material they need to restore their own productive power.

Therefore, the question how much the Central Powers will be required to pay in large measures depends on public opinion everywhere, and on willingness of investors to make advances in anticipation of payments Germany may promise to make.

If Germany consents to pay all the Entente demands, it will still be impossible to induce investors and bankers of the world to discount securities unless the amount agreed upon corresponds to the amount which those that can supply credit consider reasonable. Indeed, it may be acceptable as axiomatic that the smaller the amount and the greater the conviction of investing public of the world that this amount can and will be paid, the greater will be the sum the Entente nations will be able to borrow in anticipation of its receipt.

There is a great body of opinion in England that the only way to collect a reasonable sum of reparation from Germany is, make provision of credit essential to the restoration of German producing conditions on the payment of a sum which the German people will be able to pay, and which the peoples of the impartial nations will regard as so fair that they will be willing to lend large sums to the Entente nations in anticipation of its receipt.

### The Luxury Tax

as applied to Custom Tailored Clothes has been amended and is now 15 per cent. on the excess over \$60 for a suit or overcoat.

This is a decided improvement, as the previous limit practically penalized the man who bought good clothing.

Buying good clothing is true economy and real thrift, because a good suit or overcoat will outwear several poor ones and cost less in the long run, besides having a better appearance all the time.

In this connection we desire to advise our customers, and others whom we'd like to be our customers, that we have recently opened many new suitings and light weight overcoats. For size and variety of patterns our stock will compare well with any in the province. It has been well bought and is priced much below present market value.

This is an advantageous time to buy. Cloths and trimmings are advancing steadily. Fall prices are much higher; 1921 prices higher still. This is an absolute fact in spite of any assertions that may be made to the contrary.

Our cutter and tailors are prepared to execute all orders carefully and skilfully, producing stylish, high class garments. To show this truly excellent selection of fine cloths would afford us pleasure; to take your order would afford us more.

### OBITUARY.

Olive Carson.  
The relatives and friends of Olive, daughter of Thomas B. Carson, M. L. A., were much shocked to hear of her death on Wednesday evening, June 23. Although in poor health for some time, death came suddenly. The deceased was thirty-two years of age, and leaves a father, mother, three sisters and one brother to mourn. Death was due to heart trouble. The funeral services were conducted at her home by Mr. Geo. Murray, (Pres.). Interment in the family burying ground at West Quaco.

### MOTHER!

"California Syrup of Figs"  
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

## Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

### ST. JOHN SCOUTS AND WOLF CUBS

Will Commence Today on Long Heralded Two Night Camp—Leave at Noon for Fair Vale and Will Soon be Under Canvas.

At 12.30, today, St. John Scouts and Wolf Cubs commence the long heralded two-night camp. For nearly all this will be the first experience under canvas and will be an excellent test of efficiency and ability to adapt themselves to surroundings. Full advantage of the opportunity for real scouting that summer offers has not been fully appreciated and every scout and Cub will welcome this chance to show their woodcraft. They must be at the station at 12.00, daylight time, so that the tickets may be secured. On arrival at Fair Vale all luggage will be carried to Gondola Point, and the boys will hike. Tools will be on the grounds, and instruction in the proper method of erecting them will form a part of the day's activities. Thursday will be occupied with games and contests. Boys from Rothesay, Clifton, Gondola Point and other places will be in attendance, and are confident of carrying off a majority of the prizes. Parents and friends will be welcome visitors to the camp and will have an opportunity of seeing Scouts really scouting.

ARRIVED FROM CHATHAM  
Mr. and Mrs. Noonan Maher, Miss Jeanie Holt and Earl Hildebrand arrived by motor from Chatham yesterday and are registered at the Dufferin. They are in the city to attend the wedding of Mr. Maher's brother, Arthur, and Miss Costley of the West Side, which takes place this morning.

### THE CIRCUIT COURT

The case of Bishop vs. Sayre and Holly Lumber Co. a claim for \$20,000 in compensation for the loss of an arm, was heard in the circuit court yesterday.

The arm was lost by Harry Bishop, aged 13 years while an employee in the company's mill at Chipman, N. B. He gave evidence yesterday that in last October he was at work upon a part of the mill machinery and that while engaged in directing the course of some boards along a run his arm was caught in one of the cogs and an amputation was necessary. The boy said he was being paid \$1.50 a day for the work he was doing.

Corroborative evidence was given by the boy's father, Archibald Bishop, and Dr. Davis of Chipman told of having attended the lad. It is understood that the father claimed in behalf of the boy under the Workmen's Compensation Act but finding that the most recompense he could receive was about \$500, decided not to accept this amount and accordingly brought suit for the figure mentioned. Dr. J. B. M. Baxter, K. C., and F. R. Taylor, K. C., appeared for the company and Dr. W. B. Wallace, K. C., and W. R. Scott for the plaintiff.

### FIVE YEARS NEEDED TO DEVELOP THE WELLS

Bucharest, June 29.—Despite the heavy speculation in oil land and oil property now going on in Rumania, expert oil men say that it will take at least five years for this country to properly develop such prospects. The speculators are merely selling prospects to each other rather than developing the property.

The oil production in 1919 was 197,990 tons which was less than fifty per cent. of the pre-war production of the oil fields. The amount of oil shipped out of Rumania in March, 1920, for example was 5,278 tons, which indicates the difficulty of getting the oil transported.

There is one small pipe line which runs from the oil fields to Constanta. There are about 2,000 tanks cars which might be operated. It takes two years to drill a well, it costs ten times as much now as before the war, the oil transportation is bad, and the government puts many restrictions on the export of oil.

Miscou. Standing committees for the ensuing year were appointed, the following being the conveners: Foreign Missions—Rev. L. J. King; Home Missions and Social Service—Rev. J. F. McCurdy; Systematic Giving—Rev. J. H. McLean; S. S. and Y. P. S.—Rev. J. H. A. Anderson; Session Records—Rev. L. H. McLean.

To Strike Standing Committees—Rev. A. J. McNeill.

Steps were taken to establish a Memorial Bursary in Halifax College in memory of Stephen Dick, of Black River, student for the ministry, who gave his life in the Great War.

Revs. B. C. Salter, T. Harrison and W. M. Matthews were appointed a committee in charge of the project.

On motion of Rev. L. H. McLean, seconded by Rev. G. P. Tatler, the following resolution was unanimously adopted:

"That the Presbytery of Miramichi knowing the evil of the open bar, and recognizing the amount of good done by the enactment of a war time provincial prohibitory act, even in spite of obvious limitations, would call upon all our people interested in the welfare to vote and work for the retention of the said act and against the sale of beer and light wines under government control, believing that such form of sale would be practically the re-introduction of the open bar in the province."

**BIG DEVELOPMENT IS PLANNED IN ROMANIA**

Bucharest Likely to Become Huge Communication Centre for South Europe—French and British Firms Interested.

Bucharest, June 29.—(A. P.)—This city will become a huge communication centre for south Europe, both for wireless and aviation. If present French plans are carried out, the Marconi Company has offered to build a huge wireless station in Rumania, which would handle business from the East as well as local business to the West, but it appears likely that the Rumanians will either continue their own wireless service in connection with the Eiffel Tower and other stations in France, or else permit the French to establish such a station.

Both British and French firms, backed up by their governments, are attempting to arrange a complete air-line service. The French propose to connect Paris, Vienna, Budapest, Bucharest, and Constantinople, in a general way, with branch services including Serbia, Bulgaria and Greece. It is hoped later to extend this service into Russia.

French army aviators began last summer to establish a tentative post service between Constantinople and Bucharest, connecting with the express train to Paris. This service is being now developed, but owing to its great cost it is felt necessary to have each of the governments over whose territory the air-line service will be conducted, to contribute a pro-rata share to maintain the service.

It is estimated that the cost averages \$100 for each hour the machine is kept in the air.

In view of the poor conditions of the railway systems in South Europe, business men have generally given their support to these plans.

Due to the mountains of Central and Southern Europe and waters of the Black Sea, the Adriatic and the Mediterranean, practical aviation is constantly severely tested.

Flying into Russia does not present the same difficulties. Since the armistice huge German machines carrying passengers and contraband moneys and other articles of a speculative nature, have made frequent trips between Moscow and Berlin. Now and then, these machines come down, but it is generally because of motor trouble. During the Bolshevik regime in Hungary, frequent trips were made to Moscow, though the aviators had to cross the Carpathian mountains from Budapest.

From a passenger's point of view, such trips do not present any difficulty, once the passenger has over-

come the preliminary apprehension of danger. This apprehension is much diminished by the new limousine type of machine, where the passenger suffers neither from cold nor wind nor motor noise.

The establishment of these wireless and airplane communications are a continuation of the French policy of keeping Eastern and Western Europe connected. It is due to the French that since armistice express trains have been run between Paris and Warsaw, passing the intervening cities of Prague and Vienna, and also between Paris and Bucharest, and finally between Paris and Constantinople. These three which are known as the Warsaw, Simplon and Orient express, were first under French army control and are now under commercial control of the International Sleeping Car Company.

**She Overlooked That**

"Gracious! Forty cents a box for those strawberries? Why, they're such miserable little, half-price things they'd be sure to give one colic."

"But look at the size of 'de boxes, lady," returned the huckster. "Youse don't get enough of 'em to do youse any harm."

**Right Word.**

"What do you think of my daughter's execution on the piano?"

"Good name for it, that; she certainly does murder the time."

**FROM A CHILD**  
**WAS CONSTIPATED**

According to the best medical authorities, fully three-fourths of the people of the civilized world suffer in some form from costiveness or irregular action of the bowels. There is no doubt that many distressing diseases are caused by constipation. It gives rise to sick and bilious headaches, jaundice, heartburn, floating specks before the eyes, catarrh of the stomach, biliousness and the painful, troublesome piles. Therefore, it is of supreme importance to health that the bowels be kept regular. Simple food, fruit, etc., should be used, and rich food and stimulants of all kinds avoided.

This with Milburn's Laxa-Liver Pills to regulate and establish healthy action of the bowels cannot fail to give permanent relief in the most obstinate cases.

Mrs. Letitia Wainman, Orillia, Ont., writes "From a child I was always very badly constipated, and I can well remember, when quite young, my mother giving me senna tea nearly every morning, and I got to dread it. After taking Milburn's Laxa-Liver Pills for a while I am not troubled with constipation any more."

Milburn's Laxa-Liver Pills are 36c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

**CANADIAN DOG BARRIED U. S. LA**

Innocently Cheated United States Dollars of Duty—Neglected Canada of New Law Work

The experience of M. S. Kilby, former president of the Montreal Kennel Association should be a warning to exhibitors of dogs and horses which they desire to show in the United States.

When Mr. Kilby's dogs were refused at the Niagara border, great excitement and indignation was caused without reason for a law empowering the customs officials of the United States to refuse to allow these animals to enter the United States in bond, except for racing and agricultural show purposes was passed by Congress in 1912. This means that owing to the unfamiliarity of certain United States customs officials with their laws Canadian exhibitors "have got away" with the bonding privileges for seven years when they shouldn't and have innocently cheated the United States out of thousands of dollars of duty. So there can be very little cause for complaint. That United States customs officials were not properly informed about this law was shown when a very thorough enquiry among United States customs and express officials of this city was made some days ago, as to the regulations governing the exportation of Canadian owned dogs and race horses to the United States for exhibition or competition purposes. Mr. Willard of the United States customs stated that he did not know of any regulation barring Canadian dogs from United States. It was pointed out to him that some Canadian owned dogs had been turned back at the border and he supplied the following regulations covering the point at issue:

"Article 380—Animals for Breeding, Exhibition, Competition: "It must be shown to the satisfaction of the collector of the port of importation that the animals are imported for the purpose mentioned in the statute. If imported for exhibition or competition the association must be open to the general public."

Failing to find anything in this clause which would bar Canadian dogs or horses it was pointed out that dogs were not mentioned specifically but in that article a similar interpretation was given with the exception that a limitation was set on "agricul-

**Shamrock And Trial Yacht Race**

Shamrock IV. Defeated 23-Metre Yacht by Over Three Minutes Yesterday in Heavy Weather—Odds Are on Resolute.

Sandy Hook, N. J., June 29.—Shamrock IV, which will meet Resolute for the America's Cup off Sandy Hook next month today defeated her rival horse, the 23-metre Shamrock, by three minutes and seven seconds in a fifteen-mile race.

The yachts raced from the Ambrose Channel lightship to a point off Shrewsbury, N. J., and back.

From the steam yacht Victoria, Sir Thomas Lipton watched his two green sloops. He had aboard a big party of guests, including fishermen who saved the Shamrock IV, from destruction last fall when a blaze broke out at the City Island yard, where she was stored.

Yachtmen who watched the race in the stiff breeze she has yet enjoyed, decided that the challenger for the America's Cup is better as a light weather than as a heavy weather boat.

It was planned to have them go over the course twice, a distance of 31.1 miles, but a wind which freshened from 16 to 20 knots caused the trial to be ended after the second leg.

Carrying only mainsail, staysail and jib, the Shamrock IV, crossed the line at 12:35:40, 16 seconds after the meter boat. On the beat to Shrewsbury Hook, she made an actual gain of two minutes and 27 seconds. The turning time was 1:29:58, and that of the trial horse 1:33:09.

On the run back, however, with spinaker broken out, she was able to gain only 40 seconds more, bringing her across the line at 1:51:15, or two minutes and 51 seconds ahead of the meter boat. Her latest set of 16 seconds, however, brought her actual gain to three minutes and seven seconds.

Wall Street is displaying great interest in the forthcoming yacht races. The Resolute is the favorite, odds of two to one in favor of its winning being offered. One big shipping man in the financial district is offering \$1,000 against \$1,200 that the Shamrock will win one race.

**The South End League Game**

Last evening's game in the South End League went to the Athletics who defeated the Rushers by a score of 2 to 0 in five innings of fast play. The game was most interesting from an spectator's stand point, the brand of ball put up by the South End players comparing favorably with that of the other sub-leagues in the city. The batteries for the winners were: Driscoll and McCrossin; for the losers, Doherty, Leithan, Martin and Hachey. A good game, promised this evening between the Panthers and the All Stars, two keen rivals.

**PILES**

Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required.

Dr. Chase's Ointment will relieve you at once and afford lasting benefit. See a box at dealers, or Edinboro, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 10c. stamp to pay postage.

## CANADIAN DOG BREEDERS EVADED U. S. LAWS SEVEN YEARS

### Innocently Cheated United States Out of Thousands of Dollars of Duty—Neglect to Notify U. S. Officials in Canada of New Law Was the Cause.

The experience of M. S. Kilby, former president of the Montreal Kennel Association should be a warning to exhibitors of dogs and horses which they desire to show in the United States.

When Mr. Kilby's dogs were refused at the Niagara border, great excitement and indignation was caused without reason for a law empowering the customs officials of the United States to refuse to allow these animals to enter the United States in bond, except for racing and agricultural show purposes was passed by Congress in 1913.

"This means that owing to the unfamiliarity of certain United States customs officials with their laws Canadian exhibitors 'have got away' with the bonding privileges for seven years when they shouldn't and have innocently cheated the United States out of thousands of dollars of duty. So there can be very little cause for complaint. That United States customs officials were not properly informed about this law was shown when a very thorough enquiry among United States customs and express officials of this city was made some days ago, as to the regulations governing the exportation of Canadian owned dogs and race horses to the United States for exhibition or competition purposes. Mr. Willard of the United States customs stated that he did not know of any regulation barring Canadian dogs from United States. It was pointed out to him that some Canadian owned dogs had been turned back at the border and he supplied the following regulations covering the point at issue:

"Article 380—Animals for Breeding, Exhibition, Competition: 'It must be shown to the satisfaction of the collector of the port of importation that the animals are imported for the purpose mentioned in the statute. ## French Player A Wonder At Tennis

### Andre Gobert Will be a Stumbling Block to Americans in Davis Cup Games.

American lawn tennis players will find a tough antagonist in Andre Gobert, who will be a big obstacle in their path in the Davis cup games. Gobert is acknowledged to be the best player in all Europe. American members of the expeditionary forces who saw him in action agree in saying that he is a wonder on the courts. He is a giant physically and his skill with the racket is unsurpassed.

European critics are fairly agreed that Gobert may check the Americans in the first matches to decide the challengers for the world famous trophy when the French and Americans clash on July 8. They figure that if Gobert gets the luck of the breaks in the contests he can win both of his singles and they do not believe that the best pair that this nation can put in the field can lower the colors of Gobert and W. H. Laurentz in the doubles.

"That argument spells defeat for the Americans—if it works out that way. On the other hand, Samuel Hardy, captain of the American team, said before sailing that there was no denying Gobert's strength. He was a very terror to opponents on the tennis courts. Hardy expected either Billy Johnston or Bill Tilden to beat him, despite the wonderful Frenchman being rated as the third greatest player in the world.

One of the most dependable of the British experts, Crawley, recently analyzed the powers of the Frenchman in part as follows:

"Andre Gobert is one of those big men—they are rare—who can use their side. This capacity accounts for some 50 per cent of his genius. The other half consists of perfect footwork and the intelligence to exploit it tactically.

"There has been discussion in the past of the question of the relative values of height and shortness of stature. Applying the common sense of the matter to M. Gobert's play, one notes as obvious that he covers the court in fewer strides than does a shorter man, that his reach of arm is greater, and that his dimention of space conditions he perfects at a corresponding saving of time, which, after all, is a dimension of space.

"In the three space dimensions of height, his length and breadth and height, he has the advantage of his own dimensions. On the average line his volley practically covers both side lines. On the base line his stroke reduces automatically the angle of the irregular cross-court length ball. High volleys he makes at the height of eight feet. The net result is that Gobert plays on a smaller court and with more time saving than a smaller man.

"Speed is characteristic of all his methods. Perfect is his footwork and also his tactical use of that of his opponent. He is an adept at getting his man on the wrong foot; he has a speed of stroke and of observation.

"The great Frenchman is reported to stand at about six feet two inches in height. His weight is in the neighborhood of 200 pounds, and according to observers he knows how to put every ounce of it behind his racket as he strikes the ball.

"Cornell was always supposed to be the last word in the rowing line, but there are evidently a few things about the water game that the Ithaca oarsmen do not know. The Syracuse University crew demonstrated this to them when they beat out the Cornell bunch in the intercollegiate regatta.

staged, he conceived the idea of holding 15 and 20-round bouts between professionals. Once when Mayor Hooper refused him a permit, Herford went out to Baltimore county and at his famous club on the Old Shell road held many memorable conflicts. It was here that Jake Ward learned to observe. He fought 20 gruelling sessions in what was afterward termed one of the greatest fights ever held between little fellows in this country.

Summary—Two-base hits, Hansen, Lehman, McGovern, Gibbons. Three-base hit, Marshall. Stolen bases, Mooney, Gibbons, Dever. Bases on balls, off Hansen, 3; off Beatty, 2. Struck out, by Hansen, 5; by Beatty, 5. Umpires, Howard and Downing. Scorer, Carney.

## Canadian Amateur Golf Championship

### Remarkable Golf Marked Struggles in First and Second Rounds at Beaconsfield, Que., Yesterday—Sixty-Two Year Old Veteran a Feature.

Beaconsfield, Que., June 29.—(Canadian Press)—Sterling and at times remarkable golf marked the struggles in the first and second rounds of the Canadian Amateur championship which were played this morning and afternoon. The outstanding features were the performance of George S. Lyon, the sixty-two year old Lambton veteran. Next in order of merit came the making of a record score for the course by Marcus Greer, of Grande Mere.

During the day all the American contestants were eliminated. A deluge of rain, portions of the putting greens being under water, while the brooks that intersect the course were regular torrents. At the finish this afternoon representatives from the West, Ontario and Quebec were left in for the third round.

Mr. Lyon met the redoubtable D. G. Cookman, of Baltimore in the morning game and defeated him after an extra hole had been played.

In the afternoon Mr. Lyon defeated last year's champion, Wm. McLachie, of Kanawak, Montreal. He was two up at the sixth and was never in danger after that.

Mr. Lyon meets a stripling of eighteen in the third round, J. H. McCulloch, of Beaconsfield.

Mr. Greer played his record game in the rain. He turned a card of 68, the best that has ever been done on the Beaconsfield course against a par of 72. His card follows:  
Out, 43; 35, 34, 33.  
In, 43, 52, 44, 35—total 68.

Those who survived the first and second rounds and qualified for the third round to be played tomorrow and the draw are as follows:  
F. G. Holtzcler, Carnia; T. Gillespie, Calgary; Seymour Lyon, Lambton; J. Hadden, Toronto; A. A. Adams, Hamilton; Fritz Martin, Hamilton; George S. Lyon, Lambton; J. H. McCulloch, Beaconsfield; J. T. Cuthbert, Wianamit; C. B. Greer, Royal, Montreal; W. S. Greening, Lambton; Frank Thompson, Mississauga; G. H. Turpin, Royal, Montreal; W. J. Thompson, Mississauga; Marcus Greer, Grand Mere; C. W. Hague, Calgary.

There will be races on Moosepath July 1. Three classes including Free-for-All, Class B Mixed, and a colt race. All mile heats. Races start at 2.30 p.m.

## Lawn Tennis Over In England

### Tilden of Philadelphia and Shimidzu of Japan Will be Competitors in the Finals of the Singles Championship

Wimbledon, England, June 29.—Wm. T. Tilden, of Philadelphia, and Zensho Shimidzu, of Japan, will be the competitors in the finals of the British lawn tennis singles championship. Tilden won his place today as a finalist by defeating his fellow American, Charles S. Garland, of Pittsburgh, in the semi-finals, 6-4, 8-6, 6-2. Shimidzu earned the right to oppose the Philadelphia by beating Theodore Mavrogortio, of the English Davis Cup team, 3-6, 6-4, 6-0, 6-2.

The winner of the finals must meet Gerald L. Patterson, of Australia, in the challenge round for the championship.

The United States doubles pair, Wm. M. Johnston and Wm. T. Tilden, won their match in the fourth round, defeating the British pair, Stanley Doust and Albert Prebble, 6-2, 7-5, 6-4.

## Mike O'Dowd Wants A Return Match

There is one great ambition in the life of Mike O'Dowd. That is to get Johnny Wilson in the ring once more and show him in emphatic manner that he is a better fighter than the New Yorker. Wilson jumped into pugilistic fame not long ago when he had the better of Mike in a battle. Mike was evidently caught napping and the result was that he lost his championship title and Wilson got a whole lot of advertising of which he has been taking advantage ever since. Wilson has been in no hurry to take on O'Dowd in a return battle, although Mike has been raising a large-sized yell ever since he was defeated for another chance at his conqueror. Mike has offered Wilson \$1,000 if he will meet him in another fight, when the St. Paul battler believes he will be able to convince Wilson that his victory was a fluke. Wilson is in no hurry to meet Sir Michael, however. He intends to get a little money out of the big advertising he has got since he upset the middle-weight title holder.

"Hand me a good job in a minor league and you can have the big noise," declared First Baseman Glue. "I always liked small towns better than cities anyway. Nobody looks twice at you in cities except the cops. Here I've got my friends, and a fellow needs friends when he ain't hitting any better than I've been lately."

## Shamrock And Revives Memories Of Fighting Gans

### Trial Yacht Race Defeated 23-Metre Yacht by Over Three Minutes Yesterday in Heavy Weather—Odds Are on Resolute.

Sandy Hook, N. J., June 29.—Shamrock IV, which will meet Resolute for the America's Cup off Sandy Hook next month today defeated her trial horse, the 23-metre Shamrock, by three minutes and seven seconds in a fifteen-mile race.

The yachts raced from the Ambrose Channel lightship to a point off Shrewsbury, N. J., and back. From the steam yacht Victoria, Sir Thomas Lipton watched his two green sloops. He had aboard a big party of guests, including fishermen who saved the Shamrock IV from destruction last fall when a blaze broke out at the City Island yards, where she was stored.

Yachtsmen who watched the race in the stiff breeze say she yet enjoyed, decided the challenger for the America's Cup is better as a light weather than as a heavy weather boat. It was planned to have them go over the course twice, a distance of 31.1 miles, but a wind which freshened from 16 to 20 knots caused the trial to be ended after the second leg.

Carrying only mainsail, stay and jib, the Shamrock IV, crossed the line at 12.35.40, 15 seconds after the meter boat. On the heat to Shrewsbury Rocks, she made an actual gain of two minutes and 27 seconds. The turning time was 1.29.53, and that of the trial horse 1.33.10.

On the run back, however, with spinnaker broken out, she was able to gain only 40 seconds more, bringing her across the line at 1.59.15, or two minutes and 51 seconds ahead of the meter boat. Her latest actual gain to three minutes and seven seconds.

Wall Street is displaying great interest in the forthcoming yacht races. The Resolute is the favorite, odds of two to one in favor of its winning being offered. One big shipping man in the financial district is offering \$1,000 against \$1,200 that the Shamrock will win one race.

## Herford, Manager of Noted Negro Boxer, Back in the Fight Game.

Al Herford, a few years ago one of the best known men connected with the fighting game in the States, is returning to his old love. After an absence of several years, Herford is making plans to revive the old Eureka Club in Baltimore, the scene of many noted ring battles in the past. It was in this club that one of the greatest fighters who ever drew on a glove made his bow to the sporting world. Al Herford went out into the fish markets of Baltimore and dug up Joe Gans and made him a world's champion. This feat alone entitled Herford to everlasting fame in the annals of the ring.

There have been light-weights and light-weights, but Joe Gans was the greatest of them all. This negro fighter was usually shipped to Herford, made big money out of it during the days when Joe reigned as king of the light-weight division. Joe was a superb combination of fighter and boxer. He had the skill of a Corbett and a punch like Joe Walcott. His defense was perfection itself and as a ring general he stood in a class of his own. When Joe Gans died some years ago Herford was heart-broken and cut little figure in ring doings after that. Joe was a victim of consumption, which it said to have been brought on by his trying to keep within the light-weight limit.

Appointment by Gov. Albert C. Ritchie, of the Athletic Commission, which followed enactment by the Maryland Legislature of regulatory laws, has caused Herford to return to his old love after being away from it several years. Herford has been and is now a prosperous business man and it is largely because of his fascination for the sport that he has reached the decision to conduct shows here.

The Eureka Athletic Club, of which Herford is to act as president and matchmaker, was incorporated over 25 years ago and some of its stockholders are well known in Baltimore's business life.

Herford has for 30 or more years been known all over the country as one of the shrewdest managers and promoters of boxing and has always been a man whose word was his bond. Oldtime fans will rejoice at his return to the game. They can recall with great pleasure the days when Herford, then operating under the club membership rule, would stroll out to the center of the stage on fight nights in picturesque fashion and, beginning with "Brother members," read off in amusing fashion the minutes of the last meeting. Many were his witty sayings and there was always something about his show other than the fight nights themselves.

Al was the first man to ever conduct professional boxing shows in Baltimore. Twenty-five years ago, when three-round amateur tests were being

## Canadian Record

### Captain Williams Put up New Mark in Ottawa Race.

Ottawa, June 26.—One of the finest performances ever accomplished by any runner at Lansdowne Park resulted in a win for Capt. Williams, when he ran two miles from scratch in a handicap race in 10 min. and 14 seconds. On the way he broke the Canadian record for the one and a half miles, doing that distance in 7 minutes and 36 seconds, which is over 20 seconds under the A. A. U. record for that distance.

## Sporting Notes

Now that Jack Dempsey is ready to fight once more we expect there will be a great rush of candidates for the honor of meeting him in the ring. They all want a crack at the Champ—that is they'll say they will anyway.

Philadelphia has a two-fold distinction, both of the team's ball clubs grace the bottom in the big leagues. It is not every town that can boast such a record.

Tommy Burns is to fight once more. It is such a long time since the fans heard anything of Tommy that they thought he was buried in his pugilistic grave for good. Must be somebody made a noise like money and woke up Tommy.

The pitchers are having their troubles in the big leagues. The way the batsmen have been treating them is a shame. And Babe Ruth is responsible for it all. He started off the fire.

## The South End League Game

Last evening's game in the South End League went to the Athletics who defeated the Fishers by a score of 2 to 0 in five innings of fast play. The game was most interesting from a spectator's stand point, the brand of ball put up by the South End players comparing favorably with that of the other sub-leagues in the city. The batteries for the winners were: Driscoll and McCrossin; for the losers, Doherty, Leulhan, Martin and Hachey.

A good game is promised this evening between the Franklins and the All Stars, two keen rivals.

**NEW PERFECTION Oil Cook Stoves**

**Your Kitchen**

YOUR kitchen is one of the tidiest and most pleasant rooms in the home if you have a New Perfection Oil Cook Stove, with Warming Cabinet and Oven, and a New Perfection Water Heater. All are fitted with the same type of Long Blue Chimney burners.

The high white-tipped flame of the Long Blue Chimney Perfection burner is the speediest flame known. No fire to build, no slow generating flame to wait for. It burns coal-oil and turns all of the fuel into useful heat. High, low or medium—the flame burns clean, no smoke, no disagreeable odors.

The New Perfection Oil Cook Stove is helping thousands of housewives to greater kitchen-comfort and more cooking satisfaction. The long Blue Chimney burner is endorsed by a big majority of the women who use oil cook stoves.

During the hot weeks, you will appreciate Perfection equipment fully. It will give you a cool, convenient kitchen in Summer, and thorough satisfaction, with economy, every season of the year.

There is no high exchange rate figured in the price of New Perfection Oil Cook Stoves. They are made in Canada. Four sizes—one, two, three and four burners. Your dealer can supply the size you need.

Ask for demonstration of the Long Blue Chimney burner, or write for New Perfection booklet.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent, or nearly one-quarter, die before they reach one year; thirty-seven per cent, or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. To avoid any possibility of giving your child opiates, or narcotics of any kind, keep Fletcher's Castoria in the house, and Save the Babies.

Children Cry For Fletcher's CASTORIA

Let's Think It Over.

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will soon try a "substitute" or a "just-as-good".

Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late?

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

THE CENTAUR COMPANY, NEW YORK CITY.

Regular W. C. T. U. Meeting Held

An interesting letter was read from the Provincial President, Mrs. Elizabeth Perry, of Summerside, P. E. I., at the regular meeting of the W. C. T. U. yesterday afternoon held in Orange Hall. Mrs. Hanspacker read this communication which stated that Miss Agnes Slack, who will attend the International Temperance convention at Washington, D. C., at the end of September will be free from September 14 to September 25. It was suggested that Miss Slack be asked to address meetings in New Brunswick between these dates. This matter was left until the next meeting.

to be decided, as was also the appointment of a delegate to attend the convention to be held at Windsor, N. S. in the same month. A letter was received from Harry Herford, general superintendent of the Department of Labor at Ottawa, thanking the W. C. T. U. for a service they had rendered his department. Heiniger reported that a teacher in one of the schools is going to join the W. C. T. U. and has been wearing the white ribbon. She has replied to many questions from her scholars as to the meaning of the emblem. Mrs. James I. Davis gave a satisfactory report of her hospital work. Members who were able to attend the meetings spoke in praise of the help received from the National Council of Women. Regret was expressed that the council did not think it was

within their province to endorse the resolution for world wide Prohibition asked for by Lady Carlisle through Miss Blanche Reed Johnston, the honorary secretary at the World's W. C. T. U. convention at London, England. The convention endorsed Prohibition for New Brunswick and urged all women to vote in its favor. Greetings are to be sent to the meeting of the Grand Division to be held in Moncton shortly. Mrs. Heiniger will attend and will convey these greetings. Mrs. Hipwell, who presided yesterday, gave two short talks, one on the twentieth Psalm, dwelling especially on the word "Trust," and later in the meeting speaking helpfully on women's work and influence. In the devotional exercises which opened the meeting Mrs. George Colwell led in prayer, and a collection was taken for flowers.

FOR THE PICNIC

take along a bottle of

MONTSERRAT Lime Fruit Juice

Cold drinks for everybody—satisfying and healthful—that's what a bottle of MONTSERRAT Lime Fruit Juice means on the picnic.

Don't bother with lemons. Most people prefer limeade, and it's so easy to make. Sugar, cold water and "MONTSERRAT", and you have a drink that everyone enjoys. Best possible beverage for children, because it is pure and wholesome.

"MONTSERRAT" is the snappy, fragrant juice of choice West Indian limes—the ideal thirst quencher for hot days.

Keeps the liver active—the stomach sweet and the whole system right.

Keep a bottle always handy during the summer—take along a bottle on your automobile trips as well as on the holiday picnics.

Sold Everywhere.

Police Court Cases Yesterday

Laurent Del'Elise, Charged With Unlawfully Having in His Possession Morphine and Cocaine for Other Than Scientific Purposes—Other Cases Dealt With.

The case of the crown versus Laurent De L'Elise, charged with unlawfully having in his possession morphine and cocaine for other than scientific purposes, was resumed in the police court yesterday afternoon. The department of justice was represented by F. R. Taylor, D. C. L. K. C. and the defendant by J. A. Barry. William Hazlam, customs officer, first witness called by the prosecution, stated that he saw the accused last December in shed No. 2 of the West Side docks. The accused was a passenger on the Empress of France and the witness examined a portion of his baggage. The defendant asked that he be sent in bond to Montreal. In examining a small grip witness found a package of small white crystals which defendant told him were crystals of morphine, and produced an invoice for them. Witness was called to attend to other matters and the examination was completed by Officer Corbett. On seeing the defendant later, witness accused him of having removed the package from the grip. He admitted doing so and returned it to the grip.

J. H. Hamilton, customs appraiser, the next witness, said he had been called to examine goods of the accused in St. John last December. He examined all packages but one. The three packages examined amounted to \$800. When asked if he had reported all his goods the accused answered in the affirmative. Later another package was found.

At an examination conducted before witness in the Customs House, at which the defendant was represented by his counsel D. Mullin, K. C. and his broker, Olive, four packages were examined. In a fifth package goods were found which had not previously been declared.

Defendant was then informed that the case would have to stand, and the goods remain in the possession of the customs until word as to their disposal was received from the department in Ottawa. Acting on instructions the goods were later sent in bond to Montreal.

Cross examined by Mr. Barry, witness admitted that in allowing the goods to be shipped in bond to Montreal, he had done what had been originally asked by the defendant. Case adjourned to this morning at 10.30. Mr. Barry renewed his application that bail be granted the defendant.

Mr. Taylor opposed the motion, he stated that he had received special instructions from Ottawa to prosecute the accused to the full extent of the law as he was believed to be the King of the illicit drug trade in Canada.

Mr. Barry said the defendant received a wire from a minister of the Crown at Ottawa, who had interviewed the minister of justice in regard to the matter and had been informed that the department had issued no instructions regarding bail for his client. The magistrate refused to grant bail.

Three drunks were before the court in the morning after pleading guilty they were remanded to jail. Haley Bros. and Co., were before the court to answer a charge of allowing hot water to run across Broad street on June 26. It was explained that it is the custom of the firm to blow off the boilers twice a year and this was one of the occasions. A little girl, Audrey Power, fell in the water and was scalded and taken to the General Public Hospital. Detective Biddess struck the report. The case was adjourned until next Tuesday.

William Johnson was charged with leaving his horse unattended without a footstrap. A fine was struck and allowed to stand.

Alexander Day, who was reported some time ago for allowing a wagon to stand in Adelaide street and did not appear in court, was summoned and appeared. Rev. J. H. B. A. charge of washing windows at prohibited hours was also read to him, to which he pleaded guilty, but to the first charge he pleaded not guilty. On the first charge he was fined \$4.50 and on the latter \$4.

A PROHIBITION MEETING HELD

A prohibition organization meeting of North End ward workers was held last evening in the Man street Baptist church. Rev. J. H. B. A. presided. Representatives from the various churches, Dominion Lodge, O. G. T., Alexandra Temple and L. O. B. A. No. 36, were present. The following committees were appointed for the different wards:

Lorne ward—H. D. Roberts, chairman; W. H. Macdonald, vice-chairman; and A. H. Case, secretary. Lansdowne ward—E. R. Wilson, chairman; P. M. MacMaclean, vice-chairman; Mrs. H. C. Deamer, secretary. Dufferin ward—J. H. Thorne, chairman; Chas. McConnell, vice-chairman; and T. A. Armour, secretary. It is intended to hold two mass meetings next Sunday evening after church and they will probably be open air meetings.

Common Council Meeting Yesterday

The weekly meeting of the city council was held yesterday morning owing to the desire of Commissioner Thornton to attend the meeting of the Police Chiefs in Moncton.

The report of the committee of the whole as already published, was adopted. A communication from J. B. Dever that he had been instructed by the department of justice to present a claim for damages done one of the military commissaries on the ferry, was read and referred to the city solicitor, and Commissioner of Harbors.

A communication from Major A. J. Dawson, asking the city to submit a claim for damages in regard to the little Range was referred to Commissioner Frink.

Commissioner Frink was granted the sum of \$1,000 for band concerts and authorized to arrange for concerts. The matter of bubble fountains on King Square and at the head of Rodney wharf was referred to Commissioners Jones and Frink.

Mayor Schofield reported that \$10,000 was the lowest price for which the Armstrong and Bruce property could be bought. It was decided to defer action until the next council meeting.

Commissioner Jones presented a report on the Spruce Lake extension, which was laid over for further consideration, as follows: "In the report recently made by me on the West Side water system, it was clearly pointed out that while there was an ample supply of water available from Spruce Lake for all purposes the supply lines were inadequate for the maximum consumption demands, and as a consequence many of the citizens on the West Side of the harbor, especially on the highest levels, have been at times wholly deprived of water."

The remedy, as well as the cost of installing the necessary facilities to improve the conditions, were fully set out in the report. It was suggested that the contents of the report be condensed so that each member of the council would be enabled more readily to grasp the essential features of it, and thereby determine for himself, whether or not the conclusions reached by me were correctly stated and in the main justified. In doing as I have been requested, I think it would not be unimportant for me to say that in the year 1917, in accordance with the expressed wish of the citizens, this council employed F. A. McInnis, the chief engineer of the Water Supply Department of Boston, to make a report on the West Side system. He strongly advised the construction of a 36-inch reinforced concrete pipe from Manchester's Corner to Spruce Lake, and this view was also taken by Mr. Goldsmith, the consulting engineer for the Board of Fire Underwriters who asked for this extension more particularly for fire protection purposes.

The city engineer's estimate for this extension is \$375,400 and the extra charges for interest, sinking fund and maintenance is estimated at about \$34,000. Added to the present charge, the total annual charge would be \$2,000. Our present revenue from the western side of the harbor is \$50,000. The additional revenue is estimated at \$4,000 from the Pulp Mill and \$2,000 from other sources during the year following the completion of the extension being a surplus of receipts of about \$4,000. It is also estimated that in ten years the receipts would amount to about \$70,000. A statement concerning receipts and expenditures is submitted.

## RED CROSS STILL SUPPLIES COMFORTS TO SOLDIER PATIENTS

Meeting of N. B. Division of the Society Held Yesterday Afternoon in Red Cross Depot — Fredericton Represented—Excellent Reports Given by Conveners of Committees—Work of Various Provinces Described.

At an interesting meeting of the N. B. Division of the Canadian Red Cross Society a number of reports were given which showed continued activities of the organization.

Secretary's Report. The past two months have shown a large amount of activity among the branches and the various committees formed to carry out our Peace Policy.

St. Stephen has shown much activity in sending gifts to the County Hospital, St. Dunstan's Home for the Blind, Serbian Orphan fund, and assisting one of their own town girls to procure much needed clothing.

St. George's too, is manifestly carrying on and has voted money to the care of the soldiers in the hospitals and is also preparing to make supplies for our Cottage Hospitals, and knitting socks for the sailors who come to our shores.

Barnesville is contributing to the pleasure of the tubercular soldiers in East St. John.

Munton is assisting in the extension of their hospital beside the many other activities they have on hand, and Fredericton in addition to their other work, sent relief to St. Quentin.

Parcels of socks and clothing have been received from East Florenceville, Upper Gagetown, River Carlo, East St. John and St. John the Baptist circles.

Newcastle has sent \$100 towards their Miramichi and Middle Sackville is still at work.

Two reports of our Peace Work and the continuation of our Soldier work have been requested from lead office. One from Dr. Fitzgerald, the general secretary for the Advisory Board, and one from Mrs. Plumpton.

Parcels of socks and clothing have been received from East Florenceville, Upper Gagetown, River Carlo, East St. John and St. John the Baptist circles.

Newcastle has sent \$100 towards their Miramichi and Middle Sackville is still at work.

Two reports of our Peace Work and the continuation of our Soldier work have been requested from lead office.

## SCORES CRIPPLING SHOES FOR WOMEN

Renfrew W. C. T. U. Says Modern Women a Slave to Silly Customs.

The following resolution was among those passed recently at the annual convention of the Renfrew Ont. W. C. T. U. says the Ottawa Morning Journal.

Resolved that the modern woman is a slave to the silly customs which preclude comfort and utility in dress.

Resolved, that we set our faces against the transparent gown and crippling shoes of the prevailing fashions, and while approving of grace and adornment we yet eschew the immodest suggestive methods of modern dress.

The daisy's bloom on the meadow's breast The wandering bee And his ceaseless quest Of the tempting sweets in the clover's crest, Are the joys of a summer's morning.

## Rich Fruit Desserts For a Trifle

A package of fifty-jell serves six people in mold form, or twelve if you whip the jelly. It is a real-fruit dainty. Each package contains a wealth of fruit-essence, condensed and sealed in glass.

No artificial flavor is used in fifty-jell. No saccharine is used. For this is the only quick gelatine dessert which has those bottled fruit flavors. Your choice of ten flavors—try it.

In fifty-jell you get the delicious fruit flavor and goodness of the fruit itself.

## STATUTES TO WOMEN.

The unveiling of the statue to Nurse Cavell reminds us, says the London Morning Post, of the comparatively small number of women thus honored in the Metropolis.

There is one of Queen Elizabeth at St. Dunstan's Fleet Street; and one, not far away, of Mary Stuart. It was to a nurse that the first statue of a woman commoner was erected in this country—that at Walsall to the memory of the devoted Sister Dora, who fought the scourge of smallpox which devastated the Black Country in 1867.

## THE NEW BANKRUPT

COME INTO FORCE The Following is a Summary of the New Law, Which Will Give Man a Fair Idea of Its Scope

(Reprinted, except as amended, from the Journal of Commerce.) The following resume of the Bankruptcy Act has been prepared by N. G. Martin, chartered accountant, 73 King Street, Toronto, and secretary of the Canadian Paper Trade Association. It is an excellent summary of the salient features of the Act and will be read with interest by the business man who is too busy to wade through the Act in its entirety.

The new bankruptcy Act passed by the Dominion Parliament is to come into effect on the July 1 next. The Act applies to all corporations, with the exception of banks, railways, trust and insurance companies and to all persons except farmers and wage-earners earning less than fifteen hundred dollars per year.

It provides that an insolvent debtor may make to an "authorized trustee" an assignment of all his property for the general benefit of his creditors.

It provides that a creditor, or several creditors together, having a claim of five hundred dollars or more, and knowing a debtor to be insolvent and unable to collect his account, may apply to the court to have the debtor adjudged a bankrupt. The circumstances of the case will be passed upon by the court. The court may dismiss the petition of the creditor, may stay the proceedings, or may grant an order, as the circumstances warrant.

It provides that a debtor who has made an assignment shall be known as "an assignor"; a debtor who has been forced into bankruptcy by his creditors shall be known as a "bankrupt".

It provides for the discharge of an honest debtor who has turned over his assets for the benefit of his creditors.

The Act is designed to provide a uniform law throughout the Dominion, to make proceedings quick and cheap, to abolish preferential creditor attachments, and provide for the discharge of the honest debtor.

Trustees. Trustees shall be known as "authorized trustees" and shall be appointed by the Governor-in-Council. All authorized trustees must furnish general bond before acting as such, and provide special bonds in each estate, unless relieved by vote of the creditors. The creditors pass from trustee to trustee, and shall vest in another.

On a receiving order being made against a debtor, the property of the debtor shall forthwith pass to, and vest in, the trustee named therein, and in case of change of trustee, shall pass from trustee to trustee, and shall vest in the trustee for the time being during his continuance in office without any conveyance, assignment or transfer of whatever. Receiving orders shall take precedence of attachments, executions, etc., with certain exceptions in the case of New Brunswick.

A trustee may carry on the business of a debtor so far as may be necessary for the beneficial winding up of the estate, and may incur obligations and make contracts for such purposes. No trustee shall deposit any sum of money received by him as trustee into his private banking account.

Trustees may retain the lease or may disclaim same, and may assign the lease or sublet the premises for the unexpired term.

Rent is preferred in an amount not exceeding the value of the distrainable assets, and not exceeding three months accrued due prior to the assignment, plus the cost of distress, of any.

Accelerated rent under leases shall rank upon the estate as an ordinary creditor, but not more than for three months.

Trustees shall have power to sell patented articles without being bound by any restrictions, such as may apply to ordinary traders.

Trustees may pay dividends promptly, not later than six months after the date of the assignment, or earlier, if required by the inspectors, and thereafter when sufficient money is on hand to pay 10 per cent.

Unclaimed dividends shall be deposited with the Minister of Finance. The remuneration of trustees is limited to 5 per cent. of the cash receipts. Inspectors are to be paid according to a scale, with their out-of-pocket expenses.

Any person who is not a trustee, and who represents himself to be such, or being authorized trustee, either before providing the bond required, or after providing the same, but at any time, while the same bond is in force, shall be deemed to be acting as a trustee, and shall be liable to the provisions of the Act, or fails duly to do, observe or perform any act or duty which he may be ordered to do, observe or perform by the court, pursuant to any of the provisions of the Act, shall be guilty of an indictable offence, and liable to a fine not exceeding one thousand dollars, or to a term not exceeding two years' imprisonment, or to both such fine and such imprisonment.

Creditors. A creditor who maliciously endeavours to force a debtor into bankruptcy shall be liable to a fine of one thousand dollars or two years' imprisonment, or both.

Secured creditors, in cases where the trustee elects to take over the security at the valuation placed upon it by the creditors, shall not be entitled as herebefore, to an extra 10 per cent. A provision for ratifying compositions and compelling minority creditors to accept the will of the majority, providing the same is approved by the court.

Claims by husband or wife for wages, money or other property lent to the debtor shall not be entitled to claim upon the estate until all the creditors have been paid in full. Claims for wages, exceeding three months, by father, son, daughter, mother, brother, sister, uncle or aunt shall not be allowed until all other claims have been paid. No officer, director or shareholder of an insolvent corporation shall be entitled to claim wages exceeding

### THE NEW BANKRUPTCY ACT WILL COME INTO FORCE TOMORROW

The Following is a Summary of the Leading Features of the New Law, Which Will Give the Ordinary Business Man a Fair Idea of Its Scope and Effect.

(Reprinted, except as amended, from the Journal of Commerce.)

The following resume of the Bankruptcy Act has been prepared by Mr. L. Martin, chartered accountant, 73 King Street, Toronto, and secretary of the Canadian Paper Trade Association. It is an excellent summary of the salient features of the Act and will be read with interest by the business man who is too busy to wade through the Act in its entirety.

The new Bankruptcy Act passed by the Dominion Parliament is to come into effect on the July 1 next. The Act applies to all corporations, with the exception of banks, railways, trust and insurance companies and to all persons except farmers and wage-earners earning less than fifteen hundred dollars per year.

It provides that an insolvent debtor may make to an "authorized trustee" an assignment of all his property for the general benefit of his creditors. It provides that a creditor, or several creditors together, having a claim of five hundred dollars or more, and knowing a debtor to be insolvent and unable to collect his account, may apply to the court to have the debtor adjudged a bankrupt. The circumstances of the case will be passed upon by the court. The court may dismiss the petition of the creditor, may stay proceedings, or may grant an order, as the circumstances warrant.

It provides that a debtor who has made an assignment shall be known as "an assignor"; a debtor who has been forced into bankruptcy by his creditors shall be known as a "bankrupt."

It provides for the discharge of an honest debtor who has turned over his assets for the benefit of his creditors. The Act is designed to provide a uniform law throughout the Dominion, to make proceedings quick and cheap, to abolish preferential creditor abuses, and provide for the discharge of the honest debtor.

#### Trustees.

Trustees shall be known as "authorized trustees" and shall be appointed by the Governor-in-Council. All authorized trustees must furnish general bond before acting as such, and provide special bonds in each estate, unless relieved by vote of the creditors. The creditors pass the trustee to trustee, and shall vest in another.

On a receiving order being made against a debtor, the property of the debtor shall forthwith pass to, and vest in, the trustee named therein, and in case of change of trustee, shall pass from trustee to trustee, and shall vest in the trustee for the time being during his continuance in office without any conveyance, assignment or transfer whatever. Receiving orders shall take precedence of attachments, executions, etc., with certain exceptions in the case of New Brunswick.

A trustee may carry on the business of a debtor so far as may be necessary for the beneficial winding up of the estate, and may incur obligations and make advances for such purposes. No trustee shall deposit any sum of money received by him as trustee into his private banking account. Trustees may retain the lease or may disclaim same, and may assign the lease or sublet the premises for the unexpired term.

Rent is preferred in an amount not exceeding the value of the distrainable assets, and not exceeding three months accrued due prior to the assignment, plus the cost of distress, of any accelerated rent under leases shall rank upon the estate as an ordinary creditor, but not more than for three months.

Trustees shall have power to sell patented articles without being bound by any restrictions, such as may apply to ordinary traders. Trustees may pay dividends promptly, not later than six months, and earlier, if required by the inspectors, and thereafter when sufficient money is on hand to pay 10 per cent. Unclaimed dividends shall be deposited with the Minister of Finance. The remuneration of trustees is limited to 5 per cent. of the cash receipts. Inspectors are to be paid according to a scale, with their out-of-pocket expenses.

Any person who not being a trustee, advertises or represents himself to be such, or being an authorized trustee, either before providing the bond required, or after providing the same, but at any time, while the said bond is not in force, acts as or exercises any of the powers of an authorized trustee, or having been appointed an authorized trustee, fails to observe or to perform any of the provisions of the Act, or fails duly to do, observe or perform any act or duty which he may be ordered to do, observe or perform by the court, pursuant to any of the provisions of the Act, shall be guilty of an indictable offence, and liable to a fine not exceeding one thousand dollars, or to a term not exceeding two years imprisonment, or to both such fine and such imprisonment.

#### Creditors.

A creditor who maliciously endeavors to force a debtor into bankruptcy shall be liable to a fine of one thousand dollars or two years imprisonment, or both.

Secured creditors, in cases where the trustee elects to take over the security at the valuation placed upon by the creditors, shall not be entitled as heretofore, to an extra 10 per cent. A provision for ratifying compositions and compelling minority creditors to accept the will of the majority, providing the same is approved by the court.

Claims by husband or wife for wages, money or other property lent by the debtor shall not be entitled to rank upon the estate until all of the creditors have been paid in full. Claims for wages, exceeding three months, by father, son, daughter, mother, brother, sister, uncle or aunt shall not be allowed until all other claims have been paid.

No officer, director or shareholder of an insolvent corporation shall be entitled to claim wages exceeding

three months until all other claims have been paid.

#### Debtors.

A debtor who has made an assignment shall be known as "an assignor," a debtor who has been forced into bankruptcy by his creditors shall be known as a "bankrupt." The debtor must attend the first meeting of his creditors for the purposes of examination and giving information.

The debtor must give an inventory of his property, a list of his creditors and his debtors, and do everything to assist the trustee in winding up the estate. If the debtor fails to perform the duties thus imposed upon him he shall be guilty of contempt of court and may be punished. Fraudulent preferences given within three months preceding an assignment may be set aside.

Assignment of book debts, unless made in accordance with provincial statute, shall be void as against trustee.

All settlements made by debtors within one year previous to an assignment, except in good faith and for valuable consideration, shall be void as against the trustee, and shall be void within five years previous to such assignment, unless it can be shown that the debtor was able to pay his debts in full without aid of the property assigned.

All marriage contracts for the future payment of money to the wife, or husband, or children of the debtor, or where the debtor had not at the date of the marriage any estate or interest in the property assigned, shall be postponed until all claims of other creditors have been satisfied, unless the contract has been executed or executed, shall be void if the payment or transfer were made within six months of the assignment.

#### Other Provisions.

Banks must notify the trustee of the existence of any balances standing to the credit of the debtor.

Unliquidated damages arising otherwise than by reason of a contract, promise or breach of trust shall not be provable.

An undischarged bankrupt may not obtain credit to the extent of five hundred dollars or upwards from any person without informing that person that he is an undischarged bankrupt under the penalty of a fine not exceeding five hundred dollars or one year's imprisonment, or both, or if he enters into any business under a name other than that of which he was adjudicated a bankrupt without making such disclosure.

If a person having been adjudged a bankrupt and re-entering business fails to keep proper books of account he shall be liable to a fine of one thousand dollars and to one year's imprisonment. Proper books of account are defined as such books as are necessary to exhibit or explain the transactions and financial position of a trade or business, including a book containing entries from day to day in sufficient detail of all cash received and paid, as well as an account of all goods sold and purchased and statements of annual and other stocktaking.

Certain amendments to this Act have been passed by Parliament at this present session, but these amendments only affect minor details. This Act, applying as it does, to all Canada, will supersede the present Dominion Winding Up Act and all provincial legislation with regard to bankruptcy, for all Canada.

#### The Answer.

(Hamilton Herald) Quebec Members of Parliament are demanding that the Ontario Hydro Commission be compelled to pay the excess profits tax. They point out that the private electric companies in Quebec are taxed heavily on their excess profits; why, then, should the Ontario Hydro escape? To which there are two replies—that private electric companies in Ontario are also taxed; and that the Hydro has no excess profits, because it supplies power at cost.

## ONLY FORMALITIES NOW REMAINING

### Before the Great Steel Merger Becomes a Reality—Colonel Morden Leaves for England.

Montreal, June 29.—Prior to his departure tonight for New York, from which port he sails Thursday for England, Colonel Grant Morden, who has played the principal part in the negotiations relative to the new British Empire Steel Corporation, expressed himself as satisfied with the progress of the consolidation, stating that he would return to Canada later in the summer to participate in the final winding up of the big merger.

"For the present at least," said Morden, "my work is finished. All that remains now are the formalities essential to the definite consummation of our plans and while this is being effected shall spend my time in England in consultation with my associates there."

"I have agreed with the boards of the Dominion Steel Corporation and the Nova Scotia and Coal Company to earmark approximately \$20,000,000 of the \$25,000,000 I have arranged to secure for the development and improvement of the undertakings of the companies. The greater part of the \$25,000,000 referred to will come from Great Britain."

## CENTAUR CO. WINS INJUNCTION

### Restraining American Druggists from Using Name "Castoria."

Special to The Standard.—Montreal, June 29.—Mr. Justice Duchesne, of the Superior Court, issued an interlocutory injunction today against the American Druggists' Syndicate, Limited, restraining them from the use of the word "Castoria" in connection with the manufacture or sale of any preparation they recently placed upon the Canadian market. The action against these defendants was instituted by the Centaur Company, who for more than thirty years have made Fletcher's Castor Castoria, and the court held that the complainant company have a valid trade mark in the word "Castoria" in Canada, and that no other than the Fletcher Company can make and offer for sale in Canada a similar laxative under the name of "Castoria." The court also held that the manufacture or sale of such a preparation for several months and was fully and exhaustively argued by able counsel for both sides.

## MONTREAL SHOWS STRONGER TONE

Montreal, June 29.—The day's dealings were confined principally to three or four issues, with a net advance of five and a half points in Atlantic Sugar common. The Pfd was also strong, making a new high of 152. There was no reason to account for this sharp up-turn, apart from the rumor that it was a drive against the shorts. Breweries had a large turn-over, showing a gain at one time of two and three quarters point, half of which, however, was lost during the late trading. Spanish River common and pfd were the features of the Paper group, showing advances of 2 1/2 and 2 3/4 points respectively.

The whole market showed a better tone at the close and it looks as though more activity may be in order after the turn of the month.

## TORONTO GRAIN QUOTATIONS

Toronto, June 29.—Manitoba oats.

--

ARTHUR LeBEAU, of Wincooski, Vermont, who declares he is now in the 'pink of condition' and enjoying life for the first time in many years as the result of taking Tanlac.

...to Tanlac I am now enjoying life for the first time in years, recently declared Arthur LeBeau, foreman of the Porter Screen Co., Wincooski, Vermont. "For five years I was a sick man. My principal trouble was indigestion. I had no appetite and generally went off to work without breakfast because I knew if I ate anything it would only upset me. My condition was so bad in fact, I could neither sleep, eat nor work any satisfaction and was so nervous that the least thing would upset me. I would have severe cramps in my stomach and at times I would palpitate badly. I also had shortness of breath, and that little exertion would make me pant like a horse. I had lost my appetite and I could not eat. I had lost my weight and I felt I could stand it no longer. One night as I sat reading a paper I saw a statement about Tanlac which led me to get the medicine. It helped me from the very first dose and at the time I had five or six bottles, I hardly knew I ever have the slightest symptoms of indigestion now and I feel like a new man in every way. My nerves are splendid, my nerves are strong and I sleep soundly at night. I used to stand up and seem to me and I am now in the very best of condition. Of course, I am glad to recommend this medicine. It is sold in St. John by Ross and P. W. Munro under the direction of a special Tanlac representative.—Advt.

...And Came to Stay. "I believe," said the cheery philosopher, "that for every single thing a way two come back to you." "It is my experience," agreed the other, "that for every single thing a way two come back to you." "Last March I gave away my lighter and she and her husband came back in May."

June Brides

Campbell-McGaw.

Many friends in St. John will be interested in a wedding which took place yesterday afternoon, when Reuben Edgar Campbell, of Bonaventure, Quebec, was united in marriage to Miss Louise Hilda McGaw, daughter of J. Alexander McGaw, of St. John. The ceremony was performed by the Rev. J. C. B. Appel at the home of the bride, 189 Victoria street.

The bride wore a handsome costume of navy blue silk and carried a beautiful shower bouquet of Ophelia roses. She was attended by her niece, Miss Sarah McGaw as flower girl.

Many beautiful presents were received by Mr. and Mrs. Campbell. The groom's gift to the flower girl was a ruby ring. The house was decorated with a profusion of white peonies and roses.

Mr. and Mrs. Campbell left on the Montreal train for a short trip through the province, after which they will reside in St. John.

Cronk-Ferris.

Last evening at 8 o'clock a quiet wedding took place at the Main Street Baptist Church, when Charles Walter Cronk was united in marriage to Miss Nellie Elizabeth Ferris. The young couple were unattended. The officiating clergyman was Rev. Dr. David Hutchison. Mr. and Mrs. Cronk left for Point du Chene for a short honeymoon trip, after which they will return to St. John and will reside on Meadow street.

Stewart-Barber.

At the home of Mr. and Mrs. Keith A. Barber, Torryburn, at 1 o'clock yesterday, their youngest daughter, Gladys Berryman, was united in marriage to Robert Clark Stewart, West St. John, by Rev. J. B. Gough, in the presence of relatives and friends. The happy couple left on the Canadian National Railway on a honeymoon to Quebec and Montreal. On their return they will reside in the North End. Many beautiful and costly presents marked the good will in which both bride and groom are held by their numerous friends.

Winter-Lloyd.

In the Anglican Church at Hampton Village, at 6:30 o'clock on Monday evening, Miss Rhona, daughter of Prof. and Mrs. Lloyd, was married to Lieut. Wm. Vivian Ross Winter, by Rev. C. G. Lawrence. Miss Margaret Plewelling was bridesmaid. The bride wore white silk with veil, and carried a bouquet of white roses. The young couple left by the 8:30 train for Moncton and other points on their honeymoon.

Donald-McCutcheon.

A very pretty wedding took place yesterday afternoon at the home of the bride's father, at Olinville, Queen Co.

when Miss Sadie Agnes McCutcheon, daughter of Mr. and Mrs. Fred McCutcheon, was united in marriage to William Edson Donald, son of Mr. and Mrs. John Donald, of Olinville. The ceremony was performed by the Rev. Arthur Whiteside, of New Jerusalem. The bride, who was unattended, looked charming in a handsome costume of white satin and georgette. She wore a pearl necklace and carried a bouquet of roses and carnations. Her travelling suit was navy blue with hat to match.

Mr. and Mrs. Donald motored to Welsford, when they took the train for Boston. After visiting other American cities, they will return to reside in Olinville.

The home of the bride's parents was beautifully decorated with flowers. A bountiful supper was served to the guests, many of whom attended from St. John.

Among the gifts received by Mr. and Mrs. Donald were many of silver and cut glass, a purse of \$600 from the groom's parents, and a substantial cheque from the bride's father.

Newman-Kane.

At the Church of the Assumption, Carleton, at 5 o'clock, yesterday morning, Miss Beatrice, daughter of John J. Kane, Dorchester, Westmorland County, became the bride of John Francis Newman, of the West Side.

The bride was given away by her father. She was attended by her sister, Miss Irene. Cornelius Newman, brother of the groom, acted as groomsmen.

Following the ceremony a wedding breakfast was served at the home of the bride's grandmother, Mrs. Mary Kane, 82 Sea street. The happy couple left yesterday morning by steamer on a tour of the Annapolis Valley. On their return they will reside on Queen street, West Side.

MAIL CONTRACT

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon on Friday, the 16th July 1920 for the conveyance of His Majesty's Mails, on a proposed contract for four years, 6 lines per week on the Welsford Rural Route No. 1, commencing at the pleasure of the Postmaster General.

THE WEATHER.

Toronto, June 29.—Pressure is lower in the St. Lawrence Valley and generally below the normal over the greater portion of the continent. Showers and thunderstorms have been general in Quebec and local in Ontario and New Brunswick. Otherwise the weather throughout the Dominion has been fine and for the most part decidedly warm.

Forecast.  
Maritime—Fresh Southerly to westerly winds, partly fair with showers and local thunderstorms.  
Northern New England—Showers Wednesday, then fair fresh southwest winds.

AROUND THE CITY

Tomorrow being a public holiday there will be no issue of The Standard.

ON EDUCATIONAL WORK.  
The Misses Mildred Stone, Virginia Sharp and Mary Kelley, Boston, arrived in the city yesterday, by Boston boat. The young ladies are to spend the summer here in educational work.

GUNS ARRIVED.  
The four German guns which have been allotted to St. John arrived in the city yesterday afternoon. They will be sent to the exhibition building until after the big show this fall and then distributed to various points in the city.

POLICE ARRESTS.  
Three prisoners were lodged in the Central Police Station last evening. Hugh McDonald and Martin Elke were given in charge by Captain Albert Musgrave of the S. S. Manchester Merchant for being stowaways on his boat which departed here last evening. One drunk completed the trio.

ON INSPECTION TRIP.  
Fred Moore, locomotive inspector; T. W. McNeil, assistant master mechanic and Mr. Kennedy, locomotive boiler inspector of the Canadian National Railways, Moncton, were in the city on an inspection trip yesterday. They returned to Moncton on the express last evening.

HELD FOR FISH.  
No. 13 C. N. R. Express from Halifax, due here at 6.20 (daylight time), was about fifty minutes late in reaching the city last evening. It was held over at Moncton for the Express from P. E. I. which had on board a heavy shipment of fish for Boston, and on account of this perishable material connections had to be made.

BOY SCOUTS BUSY.  
Evidently the Boy Scouts of St. John are out to win all the proficiency badges that can be obtained. Yesterday one of them called on Mayor Schofield and asked for some community work to do as he wished to obtain his community badge. He was unable to comply with the request at the moment but promised to see that the boy attained the desired haven.

BITTEN BY A DOG.  
Little Margaret Hutchison of King Street East was bitten by a dog last evening, the property of J. E. Fitzgerald. On learning of the occurrence Mr. Fitzgerald consented to its destruction and the animal was forthwith despatched by Detective Saunders to the satisfaction of all parties concerned. The dog was a well bred collie, but 15 months old and of a fine type. Unfortunately it developed a nasty disposition.

BISHOP LeBLANC OFFICIATED.  
His Lordship Bishop LeBlanc officiated yesterday morning at the ordination of Rev. Harry Graham Ramago, son of the late George Ramago and Mrs. Ellen A. Leitch, of this city. The ceremony took place at the 3 o'clock Mass, which was attended by a great many friends of the newly ordained priest.

LITTLE GIRL BADLY BURNED.  
A report from the General Public Hospital early this morning states that Audrey Power, the little girl who was badly burned on Broad Street a few days ago, was resting as comfortably as possible, and while her condition was severe, it was believed that she would recover.

SUSSEX TRAIN.  
Effective Tuesday, June 29, Train No. 23 will leave Sussex 6.50 a. m., Atlantic, arriving St. John 8.55 a. m., Atlantic. Train No. 24 will continue to leave St. John as at present, 4.15 a. m., Atlantic.

Harry Vail Is Welcome Visitor

Rowing Coach of Wisconsin State University, Accompanied by Mrs. Vail, Arrived in the City Yesterday—Harry Never Looked Better

One of the most welcome visitors to the city yesterday was none other than Harry Vail the veteran oarsman, the winner of many a hard fought sculling race and a general favorite with all who ever had the pleasure of his acquaintance. Accompanied by Mrs. Vail, he reached the city yesterday afternoon on the eastern line steamer Governor Dingley, having travelled from Madison, Wisconsin.

It has been three years since Harry has been east and after spending a few days with Mrs. Vail's sister, Mrs. George Browning, Portland Street, the well-known coach and his wife will go to their old home in Gagetown, where they will enjoy some weeks before returning to Madison.

Harry looks in the pink of condition and appears as if he could row a race faster than ever in his life time.

For the past nine years he has been coach for the Wisconsin State University at Madison and having a large class of oarsmen under his care he is kept constantly at work and this is an answer for his being in such excellent condition.

Speaking of the great state university, Harry says that it is without a doubt one of the largest in the United States, having no less than seven thousand enrolled in the different branches last year.

The college oarsmen under the teaching of Coach Vail every year are very numerous and the results are good, as the different crews and those in singles, doubles, fours and eights, showing plenty of speed and endurance.

It is most probable that Coach Vail will be on hand at the boat races to be held tomorrow at Crystal Beach by the St. John Power Boat Club, and Commodore Chesley was trying to get in touch with the famous coach last night to induce him to act as referee for the events.

HEAVY TRAFFIC.  
Heavy traffic on the Maine Central caused the Boston train to be over an hour and thirty minutes late last night. As there were a large number of passengers for points in Nova Scotia the Halifax Express was held over to make connections.

SLIGHTLY IMPROVED.  
A report from the Hospital this morning said that the condition of Frederick McNeil, whose left leg was amputated on Monday, was slightly improved and that he had spent a very comfortable night.

SALVATION ARMY NOTES.  
Mrs. Brigadier Moore, of the Salvation Army, returned yesterday from Summerside, P. E. I., and Amherst, N. S. Mrs. Moore had been addressing meetings in both places, speaking before large gatherings in Summerside on Sunday evening and at Amherst on Tuesday.

Miss Hazel Luella Moore, of Toronto, is on a visit to her parents. Miss Moore is stationed at Salvation Army Headquarters as a singer.

Adjutant Best, who was in Fredericton on Sunday addressing meetings, returned to St. John yesterday.

Light Wines And Beer Meeting Held

Session Held in Trades and Labor Rooms Last Evening—Speakers Condemned Present Prohibition Law, Saying it is Keeping Laboring Man from a Luxury.

An organization meeting of those in favor of light wines and beer was held in the Trades and Labor rooms, Odd-fellows building last evening. Charles Stevens explained the purpose of the meeting which was to inaugurate a campaign for light wines and beer. He condemned the present prohibition law, saying it was a rich man's law and said it was keeping the laboring man from a luxury which at present only rich can enjoy.

Prominent merchants have been before the court recently for selling lemon extract. The rumination that such extracts are working in well known, and it is the work of the present law. In his opinion the present law was only taking liquor from certain people and putting it in the hands of others, who were making 500 per cent profit. People don't want to hear the truth about liquor, though, they hate the truth, he said, and to uphold his argument he cited the reception the Saviour received when He preached the truth.

The election of a chairman then took place, resulting in Charles Stevens being appointed. The following executive committee was also appointed—Thomas Boyce, M. A. Harrington, Major Oland, Gus Longbein, Jos. O'Brien, Charles Stevens and Hugh Beck.

In response to the chairman expressions of opinion were given by various members present. F. A. Campbell said that he had at all times striven to exercise his franchise as his conscience dictated. He was not in a position to say at present what way he would vote. He had recently attended a meeting of prohibition workers and heard the arguments propounded, and he was at the meeting tonight to hear the other side. He believed in liberty for all and the right of every man to cast his ballot as his conscience dictated.

He felt that the present form of handling liquor was not right, and he also considered that disobedience of the law under license by license holders was the reason for prohibition. He hoped that some conclusion would be arrived at that would benefit all.

Charles Stevens said that the A. P. of L. and the Dominion Trades Congress has gone on record as being in favor of light wines and beer. He felt that the present ballot was arranged in such a way to keep the working man away from his beer. He ridiculed the prohibition advertisement in which Taft and Hughes were held up as models of virtue. The former was a lawyer for the big interests while Hughes had been the candidate of the big interests of Wall Street. Both of them lost their conscience years ago.

Gus Longbein said that he was in favor of beer and light wines, and that his organization, the longshoremen had endorsed them also. The executive committee will meet on Saturday evening and on next Tuesday evening when another open meeting will be held.

The Reformed Baptist Alliance convenes on Wednesday, 30th, at 10.30 a. m. The annual camp meeting begins July 2, at 2.30 p. m.

Premier Pledges "Way of Sanity"

Ontario Paper's Suggestion for Sensible Temperate Policy Seems to be Met by Hon. Mr. Foster's Forecast.

The Simcoe Reformer, published by H. B. Donly, former president of the Canadian Press Association and one of the brightest minds in Canada, had some striking comment on the effort to put "Bone-Dry" legislation through Parliament which is of interest to New Brunswick voters at the present time. This paper said editorially:

"It is not high time that the moderate wets and the moderate dries got together, took the campaign out of the hands of the extremists of both sides and give the country a sensible, temperate policy for the distribution of liquor? No part of Canada is today ready for bone-dry prohibition. Any one but a blind fanatic can see that plainly. The enormous buying of last spring, the wholesale convictions under the O. T. A. speak for themselves. Nothing but a widespread and all but unanimously favorable public sentiment can make prohibition a success. Without it, the bootlegger and the blind pig, the bootlegger are bound to flourish. On the other hand, it is doubtful if anything like twenty per cent of the electorate could be dragged to the polls to vote back the bar. Of course men exist who would like to see a recrudescence of it. But the Reformer has yet to talk to one who will openly confess being of that opinion, save as the last alternative to a complete submergence of the country under a deluge of blue laws. Surely between the extremes lies the way of sanity. The same way, of course, will not satisfy the fanatics. But why try? For a generation all liquor legislation has been enacted with one end in view—the reformation of wastrels and degenerates—by no means so numerous as a portion of the community as the pseudo-statisticians of the prohibitionists would have us believe. All the proper regulation of the liquor trade for the law-abiding, decent citizen who has never abused his privilege to drink a glass of wine at his dinner. Let us have a little law making now on behalf of this decent citizen."

It looks very much as if the alternative plan pledged by Premier Foster in event of the defeat of Prohibition, was "The way of Sanity." In his official announcement of the taking of the plebiscite, Premier Foster said:

"Should the first question be answered in the negative and a vote recorded for the repeal of the act, it will devolve upon the Government to substitute some system to give expression to the will of the people in this regard, by making all necessary and proper regulations for the sale through Government agencies of liquors of all kinds for consumption in the homes of the people who desire its use in this way."

"From the statements I have made, and from the wording of the second question, which refers to the selling of light wines and beers, you will see that the Government have adopted the policy that whatever may be the result with respect to either of the questions submitted, there shall be no return to the old system of the open bar. In the adoption of this policy without placing it upon the referendum ballot, I believe we can safely speak for the vast majority of the people, who do not wish to see the open bar again restored."—Advt.

DRASTIC REDUCTIONS ON WOMEN'S SUITS.  
The utmost possible value for money is represented in this timely sale of Navy Blue Suits, featured at F. A. Dykeman's. Not because they are old style; not because they are odd hips in small sizes, but because they have too many suits in stock at the present time, is the reason given for these great reductions. Superbly tailored and beautifully finished to the very last detail these suits reflect the very latest ideas of fashion as witness the following:

A Navy Suit of excellent quality Serge in size 40, has Shawl Collar and pretty ruffled Skirt, nicely trimmed with Military Braid and rows of Buttons, lined throughout with Navy Satin. Regular \$76.00, reduced to \$60.00.

Here's a stunning Suit of Navy Gardine, showing the new Russian Blouse effect, has deeply pointed collar, with silk stitched panels both back and front, lined with Pussy Willow Satin, size 18. Regular \$77.50, on sale at \$60.00.

Another Suit is of Serge with long waisted effect, fancy belt and buttons, and continues the condition which makes the man who attempts it a breaker of the law and an outcast! Remember that to get prohibition you must also vote against light wines and beers.—Advt.

Emerson & Fisher St.

Warm Days Bring Forth New Summer Frocks of Foulard and Printed Georgette. Delightful in Fabric and Color. To have one of these simple yet elegant frocks is to rest assured that one is never in the state of having "nothing to wear" for they fit in surprisingly well with one's Summer needs. The values are really exceptional. Some of these smart frocks are as follows: A Brown and White Foulard Frock with its long waisted, loose hanging lines is very charming. The round neck and loose sleeves are filled in with soft cream frilled net, trimmed with bands of silk. A jaunty shoe string belt with tiny metal buckles adds a distinctive touch. Black and White Printed Georgette is used in another very smart creation. The neck, sleeves and long overskirt are all edged with a double ruffled frill of black taffeta. Sash has a pretty up and down bow at back. Still another fascinating Frock is of Dark and Light Blue Printed Georgette, over Navy Taffeta. The pattern is prettily outlined around bottom of overskirt with crystal beads. The belt is fashioned of navy and rose folded silk, and the square neck is finished with lace edged Organdy collar. (Costume Section, Second Floor). Manchester Robertson Allison Co. KING STREET GERMAIN STREET MARKET SQUARE

WHAT LIGHT WINES AND BEERS WILL DO

Continue to Make Havoc of Families and Force Little Children Into Public Institutions—Mothers, Fathers Think Not Only of Your Children But Those of Others July 10th.

The intelligent voter in the coming election will not be in mind the dope fiend, the lemon extract idiot, the confirmed drunkard or the social whirl, but instead the innocent little children such as represented by the accompanying picture, the originals of which had to be placed under institutional care by the local courts, although but for a drunken father, whose habits were confirmed under the old license law, they also would have been bright and happy inmates of a good home instead of public charities. If the sale of light wines and beers is legalized July 10th, the
