MISCELLANEOUS RESOLUTIONS.

(Extracted from the Minutes of the Missionary Committee.)

TIME FOR THE BRANCH SOCIETIES' RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

**RESOLVED**—That the Treasurers' Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practical effort to have the Subscriptions on their respective Circuits collected, and paid to the Treasurers, at or before the Session of Conference."

REPORTS OF MISSIONS.

**RESOLVED**—That the Report of the Religious state of Mission be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the Revision of that Meeting."

RETURN FROM DISTRICT MEETINGS.

**RESOLVED**—That the Chairmen of Districts, in compliance with the Directions of Conference, forward to the Mission Rooms, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grants of Missionary money, the same to embrace the number of Members, Children on each Mission, and the probable amount of the current income."

NAMES TO APPEAR IN REPORT.

The following minute of the Sub-Committee of Consultation and Finance, was adopted by the General Committee, November 4th, 1868:—

**RESOLVED**—That it be recommended to the Missionary Committee to print in the Missionary Report, after the present year, only the names of subscribers who pay \$2.00 or upwards to the Missionary Fund, and that a notice to that effect be printed on the cover of the Missionary Report this year."

**NOTE.**—This regulation comes into operation for the year 1868-9. Superintendents should be particular in gathering up the Lists of Collectors on their Circuits and Missions, and send the names of all one dollar subscribers, in addition to those of higher amounts, at all their Missionary Meetings annually.

PROCEEDINGS

OF

THE ANNUAL MEETING OF THE SOCIETY,

HELD ON TUESDAY, NOV. 3, 1868,

IN THE WESLEYAN CHURCH, GUELPH,

JOHN MACDONALD, Esq.,

IN THE CHAIR.

The Meeting was opened with Singing, and Prayer by the REV. J. ELLIOTT, Chairman of the London District.

An Abstract of the Report of the Society's Operations having been read by the General Superintendent of Missions, and the Financial Statement made by the Secretary-Treasurer, the following Resolutions were unanimously adopted by the Meeting :

I. Moved by the REV. E. B. HARPER, M.A., of Ottawa, and seconded by W. H. GIBBS, Esq., of Oshawa ;

That the Report, an Abstract of which has been read, be adopted and published ; and that this Meeting expresses its gratitude to Almighty God, for the prosperity which marks the condition of the Society and its various Missions.

II. Moved by the REV. E. EVANS, D.D., of Hamilton, and seconded by A. W. LAUDER, M.P.P., of Toronto ;

That this Meeting expresses its undiminished confidence in the Provisions of a pure Gospel Salvation to remove the miseries of man, however ignorant or debased, and elevate him to dignity and happiness.

III. Moved by JUDGE DEACON, of Pembroke, and seconded by the REV. W. MORLEY PUNSHON, M.A., President of the Conference ;

That in gratefully acknowledging our obligations to the increasing friends of the Society, for their benevolent and zealous co-operation in augmenting its resources, this Meeting would ever bear in mind how indispensable are fervent prayer and spiritual influences, to the accomplishment of success in gathering souls into the fold of Christ.

Moved by the REV. A. GREEN, D.D., of Toronto, and seconded by JOHN TORRANCE, JUN., Esq., of Montreal ;

That the cordial and respectful thanks of this Meeting are due, and are hereby presented to JOHN MACDONALD, Esq., for his kindness in taking the chair on this occasion.

N.B.—It will be observed that there is an increase of 742 in the number of full and accredited Members in the Missions under the immediate direction of the Missionary Committee; and an apparent decrease in the other Missions. The decrease, however, is only apparent and not real; it is occasioned by the formation into regular Circuits of some of the Domestic Missions in Canada, occasioned by their advancing prosperity, and their ceasing to be counted among the Missions.

2. In consequence of the advance of civilization, and as the result of the influence of Missions, printing establishments are formed in almost every Colony, which have rendered it unnecessary for the Committee to multiply those under the care and direction of the Society.

# ANNUAL REPORT.

In both respects, spiritual and financial, this Forty-third Report of the Canada Auxiliary Wesleyan Missionary Society will be found to contain evidences of the divine favor, and tokens of a steadily growing attachment to the missionary enterprises of the Church, by an increase of voluntary and liberal offerings to maintain and extend the work of God in this and other lands. Its missions in the

## HUDSON'S BAY TERRITORY

have shared largely in the thoughtful attention of the Committee.

At the last meeting of the General Committee, held in Whitby, it was resolved, with much unanimity, to commence two new missions—one to the scattered population on Red River, and another to the Black Feet Indians, Elk River, near the Rocky Mountains. This warlike people had previously been visited by the Rev. G. McDougall, and notwithstanding their heathenism and degraded and savage nature, they earnestly importuned him to stay amongst them, as their teacher and religious guide. His duties at the new mission amongst the Crees at Victoria, Saskatchewan, prevented compliance with this request; but the promise he made them to lay their case before the Missionary Committee, and endeavour to secure a Missionary for their band he has faithfully fulfilled. The Committee anticipate beneficial results to the cause of humanity itself, independent of the transforming effects of the Gospel of Christ upon themselves, by the restraining influences upon their wild and murderous passions, and appetites for blood. Their antipathies to Americans are very strong: this has led to the wanton destruction of many valuable lives within the residence of Mr. McDougall on the Saskatchewan.

We hope ere long to hear of reconciliation and peace with all white men and half-breeds, and the establishment of universal brotherhood amongst every tribe of Indians roaming over these fertile plains. The western section of the missions, as now arranged, stands as follows :—

#### THE SASKATCHEWAN DISTRICT.

*Edmonton House and Woodville*,—Peter Campbell.

*Victoria*,—George McDougall. One wanted.

*White Fish Lake*,—Henry Steinhaur, Native Missionary.

*Elk River, Black Feet Indians*,—John McDougall.

GEORGE MCDUGALL, *Chairman*.

An appeal made last year from White Fish Lake for a school teacher has been granted. A suitable and well-qualified young man offered his services for this position, and accompanied the mission party who left Canada in May last. In this District there are 397 members, and 10 on trial.

The Committee gratefully acknowledge many generous responses to appeals made for assistance in the form of building material, agricultural implements, household furniture for the Churches and Mission Establishments in this District. Friends in Montreal, Picton, Trenton, &c., have greatly served the interests of the Society in the enlargement of its operations in the western part of this Territory.

#### THE RED RIVER DISTRICT.

*Red River*,—George Young.

*Norway House*,—Egerton Ryerson Young.

*Oxford House*,—John Sinclair, Native Missionary.

GEORGE YOUNG, *Chairman*.

A mission to Red River has been in contemplation for several years. Mr. Young has had committed to him this new engagement of the Society. He goes there to gather into the fold again

Mr. Stringfellow's report of

#### NORWAY HOUSE MISSION

is worthy of a careful perusal—

In no by-gone year have the people of God, in this place, had such trial and temptation as the past year. They have been assailed by temptation to and facilities for drunkenness, not previously seen by them. And it seems we are to have no alteration in the immediate future in this respect, for already fur traders from Red River are bringing stores for next winter. The most influential Indians have signed a memorial to be addressed to the parties who employ their men here requesting them not to bring spirits to the village. They have forbidden its being brought as strongly as they could word their memorial. I have little confidence in the result of this effort, because the gain is so excessive in connection with traffic in liquors that nothing but the strong hand of the law could put a permanent stop to it.

I have great faith in many of the Indians resisting temptation to indulgence in ardent spirits, for some have endured persecution and blows rather than drink and forget God. Some fight against the temptation and at length yield; while others are at all times an easy and willing prey to these seducers of souls, and friends of the devil.

I think a crisis has come, a turning point in the history of this Mission. Hitherto we have been isolated from the rest of the world, except those few Europeans residing at the Fort at Norway House. But, now, it is to be different, the flood-gates of iniquity are open and we have Roman Catholics coming among us, and men without any profession of religion; these are doing harm by precept and example, and are bringing from time to time large quantities of rum, &c., with which to carry out their unholy purposes. I have not much dread as to the ultimate results of these things. I think some will fall thereby, but that the many will steadfastly hold on their way and wax stronger and stronger in that which is good. If there was only a gracious work of conversion in the hearts of the young it would be a most hopeful thing. One thing against us and such a converting work is the laxity of the proper home influence and restraint.

Our school has been kept up well since last summer and by the same Master as formerly. The scholars, about 60, have made some

progress in reading, writing, and arithmetic. Our Sabbath School has been regularly conducted every Lord's Day during the year. About 80 in the largest attendance and 30 in the smallest.

The congregations through the year have not been less than in former years. At the Cree services there has been much to encourage us. It is indeed a pleasure to preach to some of the pious here, their earnest faces, and smiling countenances, and fixed eyes, are a blessing to the preacher. The leaders and exhorters are, I believe, faithful and are ready and willing to help the Missionary.

At the Fort we have had a much better preaching place than formerly. During the past year we have had the use of "Bachelor's Hall." Last night I had a very intelligent congregation in the "Dining Hall," the Governor and many other gentlemen were present. I spoke from Luke 16 ch., 25 v.

I find that three of our members have passed away into eternity during the past year, Andrew Sinclair, Thomas Beecham, and John Kaspas. I have no hesitation in affirming that the whole of these entered into Paradise; two of them I saw in the agonies of death, who assured me of their hope of heaven. John Kaspas died a month ago and said that he had no fear of death. I did not see Andrew, but I am told that he "rejoiced" while departing and bid all near him to be increasingly earnest in serving God.

I have married 13 couples this present year. I find that in five years of my residence at this place I have joined 50 couples. I need not point out that this proves that we are not likely to decrease in number.

I have not kept a regular register of burials, yet I cannot find that 10 have died during the year. I have, however, baptized 33 persons four of whom were adults and heathens. I have not included these in the number on trial for membership, but I might have done so.

I now return as at present having membership with us in one or other of our classes 183 full members and four on trial. There are 11 class leaders and two exhorters.

I earnestly pray that the interesting and important missions of this District may be made an increasing blessing to its various races and people. I thank God for the privilege of eleven years of almost uninterrupted labor in the land, and rejoice that it has not been labor spent in vain. Yet I would to God I had had greater success and greater devotion to this heavenly calling.

From a letter to the Mission Rooms, late in the year 1867, the Committee give the following cheering extract:—

On Sunday last we had our quarterly services, the Sacramental feast was largely attended. One or two more having joined the Society this week. Some gave a very clear account of their justified state at our love feast; over others we have to mourn.

One of our members, an aged Indian, has departed this life in the faith of Christ. He actually went singing home to heaven; his last breath was praise. I was much moved seeing him die. With his last breath he sang the translation of our 305th Hymn, "Eternal power whose high abode," &c. "Is not this a brand plucked from the burning?"

I had a large congregation last night at the Fort. All attend our services from the highest to the lowest. O for the soul converting power! All the rest is imperfect without the renewal of man's carnal nature.

The remote Mission of Oxford House presents no material change. When the Chairman gets thoroughly settled in his work, should a single man be appointed as his assistant, as he has already suggested, to give a better supply to Red River calls for the Wesleyan ministry, he will visit these older and successful Missions, hitherto solely dependent upon the agents of this Society for all their religious ordinances. Members in the District, 290.

### VICTORIA.

The history of the past year on this Mission is that of comparative progress amid much of anxiety and trial. The older members of our Church have gone from strength to strength, whilst many of those converted among us show evident proofs of growing in grace, and in the knowledge of our Lord Jesus Christ. Our congregations have been invariably good, and the Word preached often attended with the unction of the Holy One.

The Prayer meetings have been better attended than for years past, and both these and the Class meetings have been seasoned with grace. The Sabbath School in all its departments has maintained its interest, and \$100 have been raised for the augmentation of its Library.

The connectional funds are all in advance of last year, and should temporal prosperity again visit this Colony, Victoria will undoubtedly become a self-supporting Circuit. Thus "I will sing of mercy and judgment," the mercy will live when the "judgment," having fulfilled its sanctified mission, shall have gone with all earth's trials into the grave of centuries. Members, 48; on trial, 2.

### NANAIMO.

At no period since its foundation has this town passed through a severer ordeal than during the past year. Depression of trade and a temporary suspension of the coal mining contributed for some time to discourage and embarrass the inhabitants, and led to considerable reduction of the population by removals. Our Church, more than others, has been affected by this state of things. Some have left the

place who were among the most generous contributors to our funds, and whose religious influence has been painfully missed. Notwithstanding these occurrences, our congregation has kept up to about the number of last year, converting and reclaiming grace has led to the admission of a few into the church, leaving the number of members unreduced, and we look forward with hope and prayer for the progress of the work. The Salt Spring Island settlements have been regularly visited, and we trust that the cause established there will be permanent, and be the nucleus of future religious organizations as the country shall fill up.

There is a diminution in our circuit receipts as compared with last year; but the Parsonage has been newly roofed and otherwise improved, and the Church repainted, involving considerable outlay, which will no be again required for some years. The Sabbath Schools are conducted with undiminished zeal and success. Members, 32; on trial, 3.

#### NANAIMO INDIAN MISSION.

During the year regular Sabbath services have been held at the Indian Church, which have been frequently seasons of religious comfort and power. The Class and Prayer meetings have been well sustained. Some who have hitherto been fickle, have become more confirmed in their attachment and obedience to the truth; and there are six Indian men and women now on probation for admission to the Church. Mr. Crosby has been indefatigable in his duties as School Teacher and Local Preacher. His occasional visits to the outlying Indian villages have been productive of good. A spirit of inquiry has been awakened among the heathen, by his appeals to them in their own language, which we trust will result in the enlightenment and salvation of many who have been regarded as outcasts from hope. An important step has been taken in the path of civilization, and as bearing on the social condition of the Nanaimo tribe. Several of the younger class have been induced to build private dwellings for themselves and families, thus separating themselves from the corrupting associations and practices of their former mode of life in the large lodges where so many Pagan families are indiscriminately mixed. Our efforts are being applied to the introduction of agricultural labor upon the grounds occupied by these few isolated families. Whether regarded from a social or spiritual point of view, our work on this Mission presents more than ever an encouraging aspect. Members, 5; on trial 6.

EPHRAIM EVANS.

#### NEW WESTMINSTER.

After several years of decline, difficulty, and discouragement on this Mission, I am most happy in being able once more to report unity, progress, and hope. Notwithstanding the loss of our senior member

and leader, William Woodman, by death, and several others by removal, we have a small increase of members, the circuit income (\$3653) is in advance over one hundred dollars, and the proceeds of our Missionary meetings when complete will be quite double what they were last year. Our Sunday School, though not much changed in numbers, is greatly improved in every other respect, and a new school has been commenced at one of the country appointments. The social means as well as the preaching of the Word have been well attended, and greatly blessed, especially during the past quarter. I have visited Hope and Yale a few times during the year, but as the former place is nearly depopulated, and the latter has an energetic resident Missionary of the Church of England, I have felt it to be my duty to confine my labor, almost exclusively, to the City and District of New Westminster. Although not so large as some of the early circuits of Canada, it will not be regarded as very small, when I state that this District embraces the valley of the lower Fraser, which has an area of 1,200 square miles, being 60 miles long and 20 wide; besides Burrard Inlet and some other places. Its agricultural, fishing, and lumbering resources are great, and there have been considerable improvements in all these departments during the past year. The entire population is about 2,000, and is nearly equally divided between Whites and Indians. The latter are located in small tribes, in various parts of the District, and of the former a little more than half belong to the town, and the remainder are widely scattered in the farming settlements and lumbering camps. Among these pioneers there are six places where we have preached regularly or occasionally during the year, and have kept up preaching in town twice on Sabbath, and two Prayer meetings during the week. This could not have been done but for the valuable aid of a worthy Local Preacher, who resided here during part of the year, and occasional visits from Brother Crosby, of the Nanaimo Indian Mission. At present we have no Local Preacher, and with increased demands upon me in town, and a widening and brightening field in the country, it is not easy to see how the work on this mission can be efficiently sustained and pushed forward without an additional laborer. If a suitable young man could be afforded, the work might be greatly advanced and the local income increased, I should think, fully fifty per cent. But our prayer is to the Lord of the harvest, and if itinerant aid cannot be had, I feel confident that local assistance will be thrust out, and that the Master will sustain his own cause. ### NEW CREDIT.

This Mission is in a better state than at any former period of our acquaintance with it. In connection with the usual attachment of the Indians to Methodism, I think they possess more general intelligence, deeper piety, greater diligence in business, increased economy, and less disposed to vagrant habits. Indeed, with the exception of a few families of the lower grade, vagrancy is altogether given up. A large quantity of land has been enclosed and cultivated, and several families who had but scanty fare and domestic misery, now enjoy domestic happiness and plenty. Several inebriates have been reclaimed to manhood, regenerated, and are now worthy members of the Church. To

Divine grace we ascribe glory and praise. All the means of grace are well attended, and their appreciation and enjoyment of them are often expressed in the approving smile, the falling tear, and shouts of joy and praise. We had a good Missionary Meeting. Much Divine influence was felt, and financially it was a success. There is one particular regret which we have in connection with this Mission, that is our inability to induce them to contribute quarterly to the support of the missionary. We have not been remiss in reminding them of this duty. I am afraid that the time is not distant when your agent may safely rely upon them for his salary. At the Missionary Meeting, *Lozsevers*, the Chairman, who is an Indian, in an excellent speech, urged the Indians to increased liberality, and hoped the day was not distant when they would undertake to support their own Missionary. His contribution was consistent with the principles he advocated, for he subscribed ten dollars.

During our four years' residence among them, we have had many pleasing and profitable seasons; we have had also occasions for sorrow, and humiliation.

As we take our leave of the New Credit Indians, we sincerely desire their prosperity, and hope to meet them in *Tahpening*.

#### GRAND RIVER.

As another ecclesiastical year draws to a close, with gratitude to God we can report favourably of this old Mission. The year has been one of anxiety. Strong influences, none too friendly to Methodism, have been brought to bear upon, at least, some of our people; but, with an increase in numbers, finances, and, we hope, in grace, we have a sufficient guarantee that the cause is not declining.

Death has removed several of our old people, but their places have been filled. The Indians are assuming more industrial and sober habits. There has not been nearly so much consumption among them as there was last Spring. They do not make as rapid improvement as we could wish for, yet they are very much better than they were. Christianity has been to them a blessing of infinite value.

funds have been taken up. Our Missionary Meetings were very interesting, and the subscriptions were in advance of last year. A number of our members died happy during the year. We held a Camp Meeting last Fall, which proved a great blessing to the Indians. The Services continued all night on Monday and Tuesday nights. A number were reclaimed, and many professed to obtain religion. Special Services were held at Oneida during the Fall, which were successful; as the result, a new Class has been formed, and our congregation greatly increased. The Parsonage has been repaired, and the Mission Lot improved. We are about making an effort to build a new Church; if we succeed, it will prove a great blessing to the Indians. May showers of blessings come down on this important Mission. Members, 104; on trial, 30.

PETER GERMAN.

ONEIDA.

In presenting the report of this part of the Muncey Mission, we have to acknowledge the goodness of Almighty God to us as a people, and to adore Him for all the way He hath led us these twenty-eight years, since we left the United States and sought a home on Canadian soil.

Your Missionary Society has always exercised a benevolent regard for our temporal and spiritual welfare. We have a good and substantial Church on the banks of the Thames, where we assemble regularly on the Lord's day for religious worship.

The congregation during the past year has been large, and the services interesting. We have three Classes, and when the Indians are at home they are regular in their attendance upon this important means of grace. Our sacramental services during the year have been seasons of great spiritual refreshing. Our Missionary Meeting last winter was well attended, and a great interest manifested in the extension of the cause of God.

During the year we held a Camp Meeting, which resulted in the awakening and conversion of many. We received into the Church on this part of the Mission fifteen on trial.

Our day school has been kept up regularly with increasing interest and the opening of the Mount Elgin Institution during the past year, will, we have no doubt, give a fresh impetus to the educational interests of this and other sections of our Indian work; Members, 60.

ABRAHAM SICKLES.

SNAKE AND GEORGINA ISLANDS.

Many difficulties attend this part of our work, arising chiefly from the inconvenience experienced by your Missionaries in reaching the Islands at certain seasons, and the fact that many families are away

from their homes a considerable part of the year. Yet, amidst all discouragements, there are some things to cheer those who labor for the spiritual welfare of our Indian brethren. By many there is a pleasing manifestation of sincerity and zeal in the cause of God. They appear pleased to see their Ministers amongst them, and also to value highly the means of grace. We have seen many of them very happy in God; and quite a number of them joined the Church during the year. Members, 30.

#### RAMA.

Through Divine Providence we are brought to the close of another connexional year, which has been one of considerable toil and care, and with a great deal of sickness in the Missionary's family, but it has not been without the blessing of our Heavenly Father. Three of our old and devoted members have exchanged mortality for life, two of whom left glorious testimonies to the power of Divine grace; the other was a consistent member for many years, but, in consequence of the nature of his disease, he was deprived of the power of speech—but we all have hope in his death. Our means of grace have, throughout the year, been well attended, and have frequently proved times of refreshing, from the presence of God; and He has added to the Church such as we hope will be eternally saved. We had a Camp Meeting last Fall, which proved to be very successful in the salvation of souls. About 70 of the different bands who attended were savingly converted, and we have, over and above our losses from casualties, added 25 members to our Society.

When I arrived on this Mission I found a Society numbering 75; this year we report 108 Indians, besides filling up losses arising from deaths, removals, &c., no very great increase certainly, abstractly considered, but, for an Indian Mission, very encouraging, especially when it is considered that about 30 have died, about whose eternal safety we can entertain no doubt.

Owing to circumstances over which we had no control, our School has not been so well attended as we could wish, but we have re-organized it, and, under the teaching of Miss Jacobs, it is progressing satisfactorily.

We have now two white appointments in connection with this Mission, which are visited Sabbath afternoons, one of which has been recently taken up, and promises to be of some importance, as, the few times I have gone there, we have had large congregations. Upon the whole, therefore, we have every reason to thank God, and take courage, as his blessing has evidently rested upon our labours.

This Band of Indians is small, and, consequently, we have no very great success to report. Since last Conference a Church has been commenced; which we hope, will be finished this season. The attendance on Public Service has been very good; while the Class and Prayer Meetings conducted by Indians, have been very well sustained. A School has also been organized for the Indians during the year, which for attendance, as well as progress, will compare favorably with the generality of our white Schools—Members 14.

RICE LAKE—HIAWATHA.

In reporting upon this old and important field of sacred toil, your Missionary would gratefully acknowledge the goodness of God, as evidenced in the divine support and consolation afforded him under the severe and protracted illness through which he has passed, the kindness shewn him by the Chairman and other brethren of the district, and in the peace and prosperity of the mission under his charge, during this, the fifty-eighth year of his life and twenty-eighth of his ministry.

Although prevented by sickness from holding such special services, as he had designed, and unable the greater part of the year to attend to his ministerial and pastoral duties, yet, through the considerate kindness of brethren on adjoining circuits, and the aid of native local preachers on the mission, the ordinary services of the sanctuary have been well sustained, and in several instances marked with manifestations of divine power.

In the early part of autumn special efforts were made to improve the spiritual state of the mission, as the result of which, the work of grace was deepened in the hearts of believers, a few backsliders were reclaimed, and some fifteen of our young people led to repentance and added to the Church.

Death has been amongst us during the year, removing five from the Band and two from the Church. Among the deceased worthy of special notice is Mrs. Margaret Tonchey, wife of one of our local preachers, a woman of great stability and deep piety, and had been a member of the Church for more than 40 years. Her end was not only peaceful, but triumphant. While partaking of the sacred emblems of the Saviour's body and blood, a few days prior to her death, she seemed filled with unusual and divine delights, and shouted aloud praise to God for "redeeming grace and dying love." In this happy frame of

mind she continued until she exchanged the pains and sorrows of earth for the peace and pleasures of Paradise. We have never witnessed a happier death.

The second was a widow (Betsy Wapoose), who during the special services held in the church here last October, was early found among the penitents at the altar, earnestly pleading for mercy, and soon professed to find peace with God through faith in Christ. She held fast her profession of faith without wavering until the month of March, when she is said to have peacefully passed away from time to eternity.

The third is a lad about fifteen years of age, converted during the year, and of whom it may be truly said, he "died in the Lord." Having made his will, he said to weeping friends and relatives, "Now I'm going home," and with his latest breath urged them all to meet him in heaven.

Such triumphant death-bed scenes among the Indians afford us ample evidence that the Gospel has lost none of its divine and saving power, are a complete refutation of the charge that our Indian missions "are a failure," and can scarcely fail to stimulate every true friend of his species to earnest and unwearied efforts to perpetuate among them the ministry of the Gospel, the only efficient instrument of their deliverance from the thralldom and misery of sin.

After filling up the vacancies made in our ranks by deaths, removals, etc., we report a membership of fifty-five Indians and five Whites, a nett increase of fourteen for the year.

Our Sabbath and Day schools have both been kept open during the year, with the exception of a few weeks at the usual seasons of hunting and sugar-making, and are at present in a healthy state. Our sabbath congregations are good—the means of grace peculiar to us are by a majority of our people well attended—the aspect of the work in general is encouraging, and we are prayerful and hopefully looking for better things.

#### MUD LAKE.

While in temporal matters, little or no progress has been made upon this Mission, during the past year, there has been encouraging moral and religious advancement. At the Peterboro' Camp Meeting, held last September, twenty two Indians were converted, and joined the Church. Almost without exception, these continued to evince a desire to "flee from the wrath to come" by diligently using the means of grace, and endeavouring to do the will of God. The old Members, too, give evidence of increased spiritual knowledge and devotion to God.

The New England Company are building a house in the Indian Village, where the Rev. Mr. Roberts, Baptist Minister, their present agent,

But, as all the Indians who profess religion are Members of our Church, and strongly attached to our doctrines and usages, it seems a pity that the resident Missionary is not a Methodist. If our Mission authorities could make some arrangements with the Company to this effect, there would be much toil and money saved—the Indians would be better satisfied—and our work would be much more thoroughly done. Members, 43.

W. SHERIDAN.

ST. CLAIR.

As the Conference year draws near its close, it becomes the duty of the resident Missionary to take a review of the past year, and present a report to the Society of the state of the work on this old and important Indian Mission, where so many have toiled in years past, and where such a large amount of money has been expended for the benefit of this people—and what shall we say? We find ourselves at a loss, not for the want of matter to make out a report, but, where there are so many points of interest, to sufficiently condense our remarks so that they may find a place for whom they are intended, and be satisfactory to ourselves, as well as to the Mission Board, and give a true representation of the general character and state of this Mission. We would, first of all, say, that we are thankful to God for the mercies of the past year. It has been our desire to keep in mind that we are here to do this people good, temporally and spiritually. Circumstanced as this people are, it is no small thing to be able to say: at the end of another year, that, by God's help—we held not only our own—but have made some advancement. The year, as it has passed along, has brought its trials, &c., but we have had many happy meetings together, and we are sorry to leave them. During the year we have dropped two; one of our oldest members died happy in the Lord, and, we have no doubt, has gone home to *Ishpeming*; we have received three on trial; we return 193 members. The Sabbath School has been kept up during the year, excepting when the Indians were from home. Mrs. Hurlburt has had a very interesting class of girls in the Sabbath School, reading in the New Testament. We think that among the young people on this Mission, there is a strong desire for education. Many of them have gone to the School at Muncie, and many more of them wish to go. They think well of the School—and we are pleased to see them take such an interest in education. We think it is a good sign of better days coming. The appointment at Kettle Point has been faithfully attended. We have a good cause at this distant place. Our last quarterly meeting, at St. Clair Church, was a glorious meeting. The Church was filled with devout worshippers of the Great Spirit. Members 193.

## WALPOLE ISLAND.

This has been to us a year of peace, in which God has graciously favored us with a goodly degree of success. Many of the backsliders were reclaimed at our Indian Camp Meeting, held last October, and the members generally were revived; while some were brought from darkness to light. Although ten new members were received, owing to deaths and removals, we have to record a decrease of three.

We had a School opened last November, which has succeeded beyond our expectation. The Teacher, who also acts as Interpreter, has shown himself very much interested in his School, and has secured a very large attendance. Our Sabbath services are well attended, and an increasing interest is shown in religious matters. We have secured a sufficiency of funds to purchase material with which to seat our Church, and hope to get the work done before harvest. We have some very worthy and acceptable local preachers, who are trying to teach their tribes the way of life and godliness. May the Head of the Church abundantly pour out his spirit on our red brethren.

## SAUGEEN.

On this Mission tokens of good have been apparent during the year. God has been with us in his saving power. Our Missionary Meetings were well attended and very interesting. The deputation, Rev. T. Cleghorn, Chairman of the District, and Rev. J. Gold, did us good service. Subscriptions double the amount of last year. The state of the Mission Day School we have reported quarterly. It shows a good average attendance. There are two Sabbath Schools well attended, inspiring hope for the future moral and spiritual character of the Mission.

The Chiefs and other leading Indians of the Band lend their aid to a Temperance Organization, having weekly meetings. Sobriety and industry are on the increase.

With pleasure we report progress; thank God and take courage.

## CAPE CROCKER.

In taking a review of the past year, we are thankful to the Great Head of the Church for the many blessings, spiritual and temporal, which we have received from Him.

During the year the appointments have been regularly kept up, as a greater number of Indians than usual remained at home the last winter, owing to sickness in their families.

When the Indians are at home our Congregations are good and our Love Feasts and Class Meetings are seasons of refreshing. Their wandering habit is very disheartening to the Missionary, as well as very injurious to themselves, morally and spiritually. Not only do they neglect to cultivate their ground, by which they are in poverty, and many of them in distress; but in their wanderings they come in contact with the vices, but not the virtues of the whites.

A number of children and adults have died the past year, most of them (the adults) have died well. One poor woman, a Roman Catholic, when she came to die, found as she herself said, "that was not the religion to die with." While we were praying with her, and directing her to the Friend of sinners, she was enabled to lay hold of Him by faith, and rejoice in His pardoning love; and blessed be God, as soon as she had found the Saviour, she exhorted her mother and her friends not to go to man for the pardon of their sins, but to Christ, who would give them that religion which would enable them to die well.

Thank God, we have peace and unity. Our Congregations are often composed of Methodists—Church of England and Roman Catholics—unitedly worshipping God, and singing his praises.—Members, 63. On trial, 2.

#### CHRISTIAN ISLANDS.

My visit to Nashkodayong and French River last July, lasted twenty days, including the days we sailed. In each village we held divine service every day, morning and evening, and in the intermedium when the men were at home I visited them in their dwellings. Their attention to be present to hear the Scriptures, and to worship God in prayer and praise, cheered us very much. In these meetings, especially on the days we partook of the Lord's Supper, were times of strengthening to our souls. We met these people again in September, at the Parry Sound Camp Meeting, where they received religious instruction, but since they have had no preaching. However, it is hoped that they have their Class and Prayer Meetings as usual heretofore.

The 18 members at Beausoliel have been visited six times during the year; their religious state is encouraging.

At Christian Island we have had much sickness, yet the religious services were kept up and attended, but there have been no conversions. We feel sorry on account of the failings of a few, so that we have this year to report a small decrease in membership. Our new church, which has caused much anxiety to us, has been finished. In our last quarterly services it was well filled with worshippers, as part of the Beausoliel members joined us, having come twenty-five miles.

We report no deaths of members. Our school teacher, Miss E. Thompson, has been indefatigable in the discharge of her duties. The

day school was interrupted for a few weeks during the prevalence of the whooping cough, and also in sugar-making; yet the children appear to have made some progress in reading, spelling, and writing. In the Sabbath School the Scriptures and the Catechism are read and interpreted, also the first Catechism is taught in the Day school. Members, 133; on trial, 6.

#### MOUNT ELGIN INDUSTRIAL INSTITUTION, MUNCHEY TOWN.

This Institution was re-opened on the 15th July, 1867, with only four scholars, but in less than three months we had more than 40 in attendance; the school has continued to increase, so that during the past three quarters we have had an average of nearly 50 scholars. Our last report shows that we have only seven scholars who are now using the primer, 52 spelling, 50 reading, 34 writing, 29 studying arithmetic, 14 in English grammar, 20 in geography, and one studying book-keeping. At 9 o'clock on each Sabbath morning we have an interesting Sabbath School, in which 48 of the scholars have recited 1,162 Scripture verses during the year.

The progress of the scholars in the various branches of learning is about the same as will be found in the best conducted, and best taught Common schools in the country.

A Teacher is employed for the School, who assists us out of school hours, in maintaining good order, and also aids us as we desire, by taking charge of the boys at their manual labor on the farm. We have also a Matron, who takes the oversight of the girls at their work in the sewing room, where most of the clothing worn by the scholars is made.

Regulations: The bell rings at 5 o'clock in the morning, when all the scholars rise. Breakfast at 6 o'clock, after which all in the Institution meet in the large school room and unite in family worship. The boys then work on the farm, and the girls work in the house till nine o'clock, when the school commences. School hours, from 9 o'clock to 12; and from 1 o'clock to 4. From the close of the school till about 6 o'clock in the evening, all the scholars are engaged at work as in the morning. At 9 o'clock all assemble again in the school room for progress, after which the scholars immediately retire to rest.

We are thankful to be able to say, that the scholars who have been longest with us evince an increasing desire for education, are more contented, more trustful, and more industrious.

R. E. TUPPER.

These Missions continue to share largely in the Committee's sympathies; they have improved the social position of hundreds of converts who are members of the church: the great body of these walk consistently, whilst in no other branch of our extended operations have we more joyous and triumphant deaths.

### HAMILTON AND PARIS.

The Hamilton Mission has been enlarged by having the former Paris Mission added to it, thereby saving or dispensing with one Missionary, and, at the same time, by the assistance of exhorters, supplying the appointments with the usual number of services. It has had the effect of drawing out the lay ability, by supplying in the absence of their Missionary. Our aim has been holiness unto the Lord. The Holy Spirit did also bless our labor by moving the hearts of the people, convincing them of the necessity of being born again; and, during a special effort, eleven united with us. We cannot say that they all were converted, but all manifest their anxiety to flee from the wrath to come, by attending the public and private means of grace. May God increase their faith. With few exceptions, all the Germans about Paris are members of our Church.

In St. George we held no special Services, not seeing the way open. Financially, these two appointments raised \$126, besides defraying Church expenses. Paris, too, has a sum on hand, contemplating the erection of a Driving-Shed, and fencing their Church Lot. Princeton we dropped, after holding several appointments, finding it impracticable to attend without injury to the other appointments. In Hamilton, for various reasons, removals, &c., our membership has considerably decreased, causing, also, our finances to be less than the previous year.

Our watchnight was a gracious Feast of Love, which we endeavored to improve by holding a series of special services; but, of a number of seekers, two only united with us.

Our brethren in Paris and Hamilton manifest great devotion and self-sacrifice in conducting their several Sabbath Schools.

That God would more abundantly bless the German Mission, shall ever be by my prayer. Members, 41; on trial, 11.

## PRESTON.

Cæsar said, in the report of one of his most celebrated victories, three words, *vini, vidi, vici*, I came, I saw, I conquered. I have fought harder battles than ever Cæsar did, and I can also report my year's proceedings in a few words: trial, trust, triumph. Tried from the enemies of our Church. Trust in the promise of assistance from on high, and triumph in seeing souls reclaimed from the kingdom of Satan. Some of whom not only occupy useful and even prominent positions in society, but what is better, give promise of great usefulness in the Church. The work is still giving satisfactory evidence that it is of the Lord and in His name. I only wish to labor on, and offer all my works to Him.

Although the Minutes only assign me Preston as my sphere of labor, still I have not been confined to it. I have watched over the Mission of my son with a fatherly eye, and visited it several times, laboring at protracted and other Meetings, besides visiting our very promising Mission on the Ottawa. I opened out a new field in the same region which is now giving every encouragement.

I am also thankful to be able to report an increase in the Membership as well as in Dollarship, and that our German Sabbath School is in good health. May the God of Missions continue to smile upon the German work is the prayer of your Missionary.—Members, 42. On trial, 8.

## WATERLOO.

Each beginning is difficult, especially is it so to commence a work such as ours has been during the past year. This is a new field, with the exception of three appointments detached from the Preston Mission of last year. I would rather be silent than speak of our doings, and in this, my first report, it is not pleasant for me to mention the hard labours, hostility and great opposition we have had to encounter from all sides, and to speak about things in which I have myself taken so active a part; still, to the glory of God, we are enabled to testify that our labors have not been altogether in vain in the Lord.

The field is a large one. With the assistance of two colleagues we have visited and preached in about twenty different neighborhoods, extending over seven townships. At all these places we have not been able to establish an appointment, but we have promising congregations and societies in ten of them, notwithstanding violent opposition from the enemies of the truth in all quarters. Although we have no extraordinary movement to report among the people, still we have held several very interesting and successful protracted meetings, at some of which we have received much assistance from my honored father, the

Rev. Dr. Freshman. As to the result we are enabled to report a membership of 57. We have fitted up three places for the worship of God, towards the payment for which quite an amount has been contributed by the Mission. The remainder, owing to the liberality of our English friends in different parts of the Provinces of Ontario and Quebec. I have been enabled to collect, so that we can now report them almost free from debt. At the dedication of all these Churches, Dr. Freshman was present, preaching three times on the Sabbath, as well as assisting us on other occasions, and at different times, by his valuable counsel and advice.

These new appointments have this year contributed over \$100 towards the Missionary Fund, besides providing for the board and house-keep of my two colleagues without expense.

This is a promising Mission. Two or three Churches more could with advantage be erected immediately at our other appointments. There is plenty of room for additional laborers. The people are kind and liberal according to their ability; those whom we have reached hunger and thirst for the gospel. O, that the set time would come, when God shall make the people free! We are earnestly striving, praying, and working for that end. The past year has been one of unceasing labor, not merely physical labor, but the cares and anxiety connected with the sole responsibility of such a large field have been more than I thought would be able to be borne by one so young as I am, but "we can do all things through Him that strengthened us," and our Master has promised, "Lo, I am with you always, even unto the end." #### THORNE.

In reviewing the past year, your Missionaries feel they have abundant cause for thankfulness to God for His blessing upon themselves and their labor.

We have a good work on this Mission, and it is prospering in every way. Among those who were converted last year, not one has proved unfaithful, and their conduct clearly shows that the good seed sown in their hearts by the Holy Spirit, is bringing forth fruits unto holiness,

Our people are regular in their attendance upon the means of grace and your Missionaries are often cheered by their earnest prayers for entire sanctification.

Not only have believers been established during the past year, but many souls have been converted, and others are now seeking the Lord.

Our finances are far in advance of any previous year, notwithstanding that the people were so poor at some of our appointments that they

could pay nothing except their contributions to the Mission Fund, which they give with tears of joy, and accompanied with the prayer that God may enable them to give more in the future.

We have at present 11 appointments, of which some are so far apart that it is impossible for your Missionaries to give them the necessary attention ; but we hope that at the approaching Conference it will be possible to obtain another laborer for the most distant parts. Members, 80.

The first thing I should mention is the fact that the people here are very poor and ignorant. They have no schools and no churches. I have been here for some time and I have seen many things that I never saw before. The people are very kind and friendly, but they do not know much about the world. I have been to the school and I have seen the children. They are very happy and they love to learn. I have also been to the church and I have seen the people there. They are very good and they love to go to church. I have also seen many things that I never saw before. The people are very kind and friendly, but they do not know much about the world. The Lord has been with his people for good; the cheering influence of God's countenance has often comforted his people; refreshed and strengthened for the warfare of the Christian life. Our meetings are of the best kind; God being present to fulfil his promise. We have lost seven families by emigration; some have gone to Lake Huron and to Montreal, and to the States. Methodism has a salutary influence over the community, and few oppose it. A Missionary of another denomination came to our Prayer Meeting and acknowledged to some of our members, that Methodism was the thing which will do the work in Canada. With God's blessing I think that our people are willing to pay for the support of the gospel according to their means. The people who belong to us are not of the richest class of the French Canadians. I believe that if the French work is faithfully pursued, before many years it will be a self-sustaining Mission. The French Canadians being susceptible of receiving instruction as any other people, they will soon be able to appreciate the worth of an open Bible. The class has promised \$50 for my support, and I believe they will pay it, and they also subscribe liberally for an addition to our parsonage for the year coming. Members, 40.

Though our most sanguine hope and desire to see many of our countrymen taking a decided stand against Rome have not been realized, nevertheless the many friendly conversations we have had with them; their willingness to hear; their acknowledgment that Protestants are better than they are, and that the Bible is true, forbid our joining our voice with those who say give up the French Mission. No! The

great change which has taken place calls for greater efforts. We want schools to teach the young, and more men with Methodist heads and hearts to help the many who, spell bound, are lying in the shackles of Rome, having no strength to shake them off. Members, 13.

In the capacity in which I stand as your Missionary on this new field of labour, I am happy to report briefly at the close of this ecclesiastical year of our Church, some prospect of success; notwithstanding that this year has been one of difficulties and trials, my heart is very thankful to the Head of the Church, for his great condescension in owning and blessing my humble ministry among this people for good. I have availed myself under the guidance of the Holy Spirit, and with all my best abilities, of all the most expedient means to build up God's cause in this small section of his moral vineyard; so, I have given myself wholly to the preaching of the Word, to earnest Prayer Meetings and social meetings, which have been found efficacious to the edification of God's people.

I have two appointments on Sabbath; one in the morning at the south end of the Township of Stephen, for the accommodation of the people of Stéphen and Bosanquet, who are settled in the valley of the Sauble River; and the other in the evening at Lake View, north end of the Township of Hay; both places are very hopeful of a gracious ingathering. May it please the Lord of the harvest to give the increase.

I believe that if the French work intelligently and before many years it will be a well-organized Mission. The French Canadians being susceptible of receiving instruction in any other language they will soon be able to appreciate the work of an open Bible. ## DOMESTIC MISSIONS.

### TORONTO DISTRICT.

*Mono*.—David Hunt.

*Orangeville*.—Richard L. Tucker. One to be sent.

THE age and wealth of the circuits within the bounds of this Metropolitan District render it nearly independent of connexional aid. In relation to the Missionary Society, only two appropriations were made the past year, whilst the Circuits in the District furnished more than one-tenth of the income now reported. The Committee would carefully guard against any unduly long-continued appropriations, yet this branch of the work has well repaid the fostering care extended to some of the earliest scenes where the first laborers sowed "the seed of the word," when many parts of the country, now beautiful in scenery, fertile in productions, and rich in social and domestic happiness, were little more than unbroken forests. Farms, Villages and Towns, Churches and Schools are spread over the ground at one time traversed with difficulty, and suffering many hardships, by one or two Methodist Itinerants, now divided into seventeen Circuits, and supplied by twenty-five Ministers in the full and active work. Surely no stronger proof could be given of the wisdom and adaptation of our church polity; no warmer commendation of the past appropriation of the Society's funds; and no louder voice could be heard urging unceasing care of the distant new settlements by the formation of new Domestic Missions. The attention of the supporters of the Society is respectfully called to the following accounts of these Missions now sanctioned by the Conference:—

#### MONO.

We have been encouraged by some degree of prosperity, as we have gone forth sowing precious seed, as best we could; we have been cheered in meeting nearly a hundred souls anxiously inquiring the way to be saved, many of whom bid fair to make useful members of our

Church. We have lost quite a number by death, removals, and unfaithfulness, but after making up for these we are able to report a small increase in our membership.

A great deal is being done in the way of church building; three new churches have been contracted for, and are to be erected during the present summer. Preparations are being made for a new Parsonage in Rosemount, which is also likely to go up this summer.

Our finances never stood as well as they do now, all our funds are more or less in advance of any former year. Members, 364; on trial, 6.

#### ORANGEVILLE.

The appointment of an additional laborer to this field for the year just closing, has been the means of enlargement which it is hoped will be of permanent advantage. The preaching has been doubled at three of the appointments, and four new places, where your Missionaries tread on the heels of no other denomination, have been added to the Mission. The work is feeble in some parts as yet, and will require time for growth. But there has been a decided advancement during the year, as the following facts and figures will show: upwards of 50 have been received on trial for membership, supplying for the wear and tear of the year, and, giving us a nett increase of 20; the connectional collections and subscriptions are all considerably in advance of those of the former year, the Missionary contributions especially are 50 per cent. in advance. The same may be said of the Circuit receipts towards the support of the Ministers. Preparations are being made at Orangeville for the erection of a large Church, which will probably cost \$5,000 or \$6,000; and at a new appointment steps are being taken for building a much needed Church of moderate dimensions and cost. In the opinion of your Missionaries, and also of the Official Board, it is necessary to continue two ministers on this field of labor and to aid them for a while by a grant from the Mission Fund. of '64, on account of the increase of married ministers, found it necessary to send two to this Circuit, and gave a grant of \$200 from the Mission Fund to meet the increased expenditure. This has caused it to be marked as a Mission to the present. But as it has gradually grown in strength, the Missionary grant has decreased until this year it was but \$75, and now it is the voice of the Official Board to be again an independent Circuit. This last year has been one of considerable prosperity; many of the Classes have been quickened into higher life, and some have been added to the membership. After allowing for removals, deaths, &c., we return 450, an increase over last year of 34. The Connexional and Missionary funds have been fully sustained and increased. In two years the circulation of the *Christian Guardian* increased from 29 to 65 subscribers. A great advancement is being made in the way of Church building. A neat and commodious brick Church 38 x 58 is in course of erection at Jarvis, at a cost of \$2,100. The Walpole congregation are supplanting their old and dilapidated Church by a new brick one 32 x 50 at Cheapside, at a cost of \$1,200, and the small Society at Jennings, who have been worshipping in a very small and uncomfortable School house, are building a neat and substantial frame Church 26 x 36, at a cost of \$600.

In closing the labours of another Conference year, we are led to take a review of what has been done. And truly we may say, "The hand of the Lord has been upon us for good." Success has crowned our efforts and our prayers for Zion's welfare, and in all our borders we have peace and prosperity. At our last Quarterly Meeting it was said, "That spiritually and financially the Mission never stood better." My esteemed colleague, Bro. J. S. Fisher, having now spent the first two years of his ministry with me on this Mission, received a unanimous and hearty vote of thanks from the official board "for his uniform faithfulness and unceasing zeal in the discharge of his duties." An Act of Parliament has been obtained by which our Church property in the Shaver neighbourhood is now secured to the connexion, under the Model Deed. A new stone Church is nearly completed, and will be dedicated some time in July. The cost will be about \$3,000. At the Plank Road appointment, a brick Church is being erected at a cost of about \$1,400 to replace the old frame Church which has been recently torn down. Our prospects for the future are pleasing, hence we thank God and take courage.

Affictive visitations, of about two months duration, added many cares and wearisome toils to the regular labors of your Missionary, and so occupied his time before the season for holding missionary meetings, that there was space left only for one of the contemplated special services. This one was held, and was owned of God in the conversion of sinners and quickening believers, and proved more or less beneficial to the whole Mission. At all the other appointments the Word preached has been effectual; souls have been awakened, and one now and then turned to the Saviour. The members generally have been "edified," and built up in their "most holy faith," and "praying in the Holy Ghost," are endeavoring to keep themselves "in the love of God, looking for the mercy of our Lord Jesus Christ unto eternal life."

There is a general feeling of thankfulness to the Missionary Committee for the liberal aid which it has hitherto granted to the Mission, and there is undoubtedly the cherished hope, that the day is coming when the yet needed grant will not only not be needed, but be returned with interest. The success which has attended the labors of the past in every department of the work, especially in the Sabbath Schools, and the increasing prospects there are of yet greater success, seem to favor the idea that this Mission is destined, at some day not very distant, to be a good self-sustaining Circuit. ## POINT ABINO.

We are happy to report progress in this field of missionary toil. Our financial report is in advance of the past; connexional funds are better sustained, the remaining debt on the Parsonage property has been removed, and the Mission is now free from debt, and will no doubt soon undertake new improvements much needed for the effectual working of the Mission. Thirty-five members have been added to the return of last year. There is a marked improvement in the attendance at class, indications of an improved tone of piety are observable, evidently there are in connection with us those who are endeavoring to love God with all their hearts. We have taken up a new appointment at Fort Erie, a place which has been considered unfavorable to Methodist influence, but we are not without hope of seeing a class formed and good accomplished by our instrumentality. Point Abino, on the shores of Lake Erie, is becoming populated in consequence of an international Lime Company there, who are burning lime and exporting it in large quantities to Buffalo, and presents to the missionary a new field for usefulness. Ridgeway is rapidly gathering up inhabitants and has become a thriving business place, and we hope to obtain from it additional spoil for Methodism and for Christ. Members, 83; on trial, 2.

SHEM BLANCHARD.

## CAISTORVILLE.

Your Missionary, in presenting his report of this Mission for the past year, finds it a less pleasurable task than heretofore; being "cast down, but not forsaken—perplexed but not in despair."

On this field of labor there is one minister, eight fellow-laborers in a local capacity, eleven Class leaders, and one hundred and fifty members in church fellowship. Fifteen have been added.

The contributions of members for the support of the cause fall below the par of consistent dependent Circuits; and thus of necessity it must continue a Mission Station, or the Minister have a mulct of two-thirds of the small allowances here made.

In spiritual matters, altho' there is just cause for deep humiliation, on account of shortcomings, there is abundant reason for thanksgivings: several of the members are "walking in the light of God's countenance," and in His name rejoicing *all the day long*;—"the preached word has been made manifest to be "the power of God unto salvation." The special services in Caistorville, held at the termination of the last Grimsby camp meeting, were attended with saving power from on high to many precious souls; and your Missionary ventures but little when he says, that a multiplicity of these services,

(which he had purposed holding) would have but similar results, but the long continued affliction and ultimate death of his partner in life, ("a true yoke-fellow, who labored with him in the gospel,") superseded these plans. Members, 164; on trial, 1.

#### PORT DALHOUSIE.

Last Conference, the Centreville appointment was set off to this Mission, from St. Catharines, with a class of thirty-two, making in all forty-four members on the Mission. We found it a delightful task to form an efficient Quarter Board of men devoted to the cause of God, and ardent lovers of the church of their choice. Like men of God they have been unceasing in their labors and united in their efforts. May their love never decline or their zeal grow cold.

There have been some interesting cases of conversion at two special meetings which were held during the year. As the result of these meetings, and of others gathered in by the ordinary means, we report a membership of seventy. We have five appointments, one of which was taken up during the year at the Cotton mills, near Thorold, where we experienced much opposition at first, but now we have peace. Through the efforts of that ardent lover of Methodism, Brother R. Collier, of St. Catharines, we now have at this place a little Chapel; and partly as the result of a revival at Centreville, we have an interesting Class of sixteen meeting in the little Church. A Class of eight has been formed at the Gregory appointment, where we had no membership. We have a very flourishing Sabbath School at Centreville, for the benefit of which and the Church they have added, during the year, a Cabinet Organ worth \$80.

It required but little discernment to see that no great good could ever be accomplished at Port Dalhousie without a Church. Such an adjunct to the success of Methodism in this place we now have in a very neat and comfortable one, 24 x 48, with a 16½ ft. ceiling, at a cost of about \$900. This Church is not free from debt, but if the Missionary is returned another year, he expects, ere it close, to have it entirely free. There are about 576 on this mission, who listen to the Word of life from your Missionary. There is little doubt that here is the germ which at no distant day will grow into an interesting and self-sustaining Circuit. Members, 62; on trial, 8.

## WATERFORD.

In closing up our second year of labor among this people, we render hearty thanks to Almighty God for having crowned the year with His goodness.

In the year, about 30 removals have taken place from this Mission, and we received but few from other Circuits to occupy their places, but, after carefully sifting our returns, and filling up all vacancies resulting from removals, backsliding, &c., we report a net increase of 10 in the Membership.

During the year I have taken up a new appointment, and formed a small Class of twelve, and the Congregation there assembled from Sabbath to Sabbath is very encouraging. The only difficulty seems to be the want of a suitable place in which to worship, but we expect soon to have that difficulty removed, for already a subscription list has been circulated, and about \$500 subscribed. We have on this Mission at present two Churches, and the prospect good for two more to be erected, and a people generally willing to come up to the help of the Lord—to the help of the Lord against the mighty. We pray that the Lord may still cause His goodness to pass before them, and give them peace. Members, 83; on trial, 7.

## PORT ROWAN.

The prosperity of this field of labour, so far as the conversion of sinners is concerned, has been comparatively small during the past year; yet, we are not altogether discouraged, for some have been saved. The materials at our disposal are of a very peculiar kind, and not very easily placed in the Temple of Methodism. Our want of power to carry on a vigorous special effort is felt to be our greatest; but, in this respect, the people look for better things in the future, and earnestly wish the Conference to allow them the advantage of another year's trial in their present separate condition. Members, 25; on trial, 6.

## LYNEDOCH.

We have been very graciously favoured with the Divine presence and blessing in our ordinary and special Services during the year. At some of the appointments, especially at Lynedoch, the Lord has sent us showers of blessing.

After filling up vacancies occasioned by deaths, removals, those dropped, &c., we rejoice to be able to report an addition of fifteen to our Membership. Our Connexional Funds are in advance. There is, however, a considerable deficiency in our receipts for the support of the Minister. The scanty crops of the past season in this section of the country partly account for this deficiency.

Lumbering is extensively carried on here in the Winter, and exerts a very unfavourable influence upon the religious interests of the community by diminishing our Congregations, and rendering it extremely difficult to hold special Services during the season most favourable for them in all the rural sections of our country. There are other obstacles, also, in the way of prosperity, all of which might be gradually lessened, and finally overcome, by powerful and continuous effusions of the Spirit of Grace upon the people. May the Lord baptize us anew with the Holy Ghost. Members, 162; on trial, 3.

Though we have not enjoyed during the year that sensible evidence of success which has been so ardently desired, yet, we have had much which calls for thanksgiving and praise to the great Head of the Church. The people generally have manifested uniform kindness and respect, and our few members, considering their circumstances, have nobly sustained the financial interests of the Church. In the little Villages of Appin and Napier, our Congregations have improved considerably: and, in the latter place, the influence of vital religion seems to be extending.

A few have been added to the Church during the year, but, owing to deaths, removals, and the enforcing of discipline, we have to report a decrease of eight. Members, 72; on trial, 2.

JAMES LAIRD.

## MOORETOWN.

At the close of another Conference year of labor and anxiety, we are thankful to be able to report that there is no diminution in our Membership, or decrease of our hold on the population. The additions to the Church have about equalled the losses from removals, backslidings, and deaths.

On account of the loss of several of our most liberal supporters, conjoined with depression in business matters, and, perhaps, a lack of interest on the part of some, our finances are not as prosperous as last year. This we regret, but do not feel that we could have done more in this department.

On the whole, we see great cause for thankfulness on the one hand, and, likewise, much reason for searchings of heart and humiliation on the other. Members, 180.

## TO WALLACEBURG.

With thankfulness to God we report progress and prosperity. Since last Conference we established *three new* appointments. At one of them our people have erected a very neat frame Church, which is PAID FOR, as the Trustees assumed the responsibility of paying the last \$20 needed.

God blessed us very abundantly at our Camp Meeting in September, and at our Four Days' Meeting in February. Souls have been born to God in some of our week-night Prayer Meetings.

Our Sabbath Schools are doing well.

We wish to record our sincere thanks to Rev. Wm. Hicks for valuable assistance offered us during the year. Members, 135.

They were Meetings of special power in the sanctification of believers, and in preparing the Lord's people to labor for the conversion of souls. Special Meetings continued several weeks. The Congregations were large and attentive; the power of God came down delightfully upon the people, more than 30 came forward for the prayers of the Church, 20 of whom joined us in Christian fellowship. ## ERIN.

We have nothing special to report concerning the nature and results of our happy toil on this Mission during the year. In the midst of many discouraging circumstances we are frequently cheered by beholding the bow in the cloud. We are graciously enabled to endure the wasting labor of the extensive field we cultivate by "seeing Him who is invisible." The financial condition of our Churches is improving. One of them has recently been relieved of a debt; two others we hope soon to see in the same state by the liberality of our people, supplemented by a little connexional aid. Several members have been added to the Church, but scarcely enough to fill up the vacancy produced by removals and other causes. Some of our congregations have increased, and manifest much attention in hearing the message of reconciliation. We are sowing in hope. "The poor have the Gospel preached to them." Members, 142. ## LISTOWEL.

This new and promising Mission, formed last Conference, by the division of Wallace and Elma, has during the year enjoyed a degree of prosperity. Forty-eight persons have been admitted on trial for Church membership, which, after filling up for death, removals, and dropped, will show an increase of sixteen. Three additional Sabbath Schools have been established.

Provision has been made for the Listowel Church debt of \$550. One new Church erected at a cost of \$350, will be dedicated about the first of July. The erection of a Parsonage is under contemplation, and is much needed. Members, 200. On trial, 9.

W. W. SHEPHERD.

## TEVIOTDALE.

At the close of the first year of evangelical toil on this field as at present constituted, your Missionary is at once humbled and encouraged; humbled, because, success to the desired extent in winning souls to Christ has not been attained; encouraged, by the degree of material and scriptural prosperity vouchsafed.

After deducting sixteen dropped, seven removed, and one death, we report a net increase of four.

We stand in much need of Church accommodation, having but one Church on the entire Mission. Yet our Congregations are good at the respective appointments, and increasing in numbers and interest.

We have succeeded in securing three-fourths of an acre of land, eligibly situated at Teviotdale, and in erecting thereon a neat rough-cast Parsonage; the debt incurred in bringing it to its present state of completion being almost entirely provided for. We have also paid in part the heavy debt on the Ebenezer Church.

This is truly Missionary ground, and may require some years to bring it into a state of thorough Methodistic cultivation; however, the past assures us, "our labor is not in vain in the Lord." We praise him for the past, and take encouragement for the future.

#### ARTHUR.

The Mission embraces parts of Arthur, Luther, Garafraxa, and Peel. Here the comfort of a Buggy is laid by for the fatigue of the saddle. It is purely missionary ground. In this, as in other new settlements, we preach generally in school houses; a privilege we are often denied, which greatly hinders the progress of the work.

There is no Wesleyan Church on the line of road from Fergus to Mount Forest, a distance of 27 miles.

There is sufficient work for two Ministers on this Mission, several appointments are supplied during the week, but with very little success.

A new Class has been formed, and we have Sabbath Schools at all our Sabbath appointments.

Our last Quarterly Meeting was a service of more than ordinary interest. We intend by God's grace to abound in labor more and more, through our Lord Jesus Christ.

During the year we have witnessed on this Mission the revival of God's work, and rejoiced in the conversion of souls and their perseverance in well-doing, and also an evident improvement in the membership in their attendance on Class, and earnest efforts to spread scriptural holiness all around. Our net increase is 20, after a careful sifting of the Classes, and our people are relying on the presence and power of the Holy Ghost in connection with the means and agencies employed for continued prosperity.

We have financial prosperity also, to a limited extent, the funds showing an increase on the previous year, and also paying upwards of

PRESTON.

Some discouragement, some encouragement, some retrogression, some progression, is the conflicting report which must represent Preston for the present year.

We have encouraging evidences of progress at most of the appointments. In one the congregation has almost doubled, another has been promoted from a private residence to a School house, with a greatly increased congregation.

We have received eight new members, two have died, one has removed, fourteen have been dropped.

An ordained Minister on this field, other circumstances being equal, would be much more efficient than a probationer.

The people generally are very kind and liberal according to their means, but many of them still require a good deal of educating into Methodist usages.

We have wiped out a debt of \$65 of more than twenty years' standing. We have also secured a deed for one of our churches, and a grant of an acre of ground for a burying-ground. For all this we are indebted to the liberality of John Howitt, Esq., which we hereby acknowledge with thankfulness. Members, 49.

We have been cheered in witnessing the conversion of sinners, and many who had wandered from the fold of Christ have been reclaimed. After filling up for vacancies occasioned in the ordinary way, we report an increase of 18 members.

The Sabbath School in the Village is in a very flourishing condition, all the means of grace have been maintained, and to the number of our appointments we have added one, where a small Class has been formed. We have also a very excellent Parsonage in course of erection, which will be ready for occupancy by next winter. Our finances have come up well. May the great Head of the Church continue to smile upon us. Members, 95; on trial, 15.

### MITCHELL.

Large and increasingly serious congregations—some extension of Wesleyan Methodist influence—peace amongst the members—an energetic and honorable Quarterly Official Board—and above all the conversion of a few souls have encouraged us during the year.

With a little aid from the Contingent Fund for a year or two, we can assume the responsibilities of a Circuit.

We have received 44 into Church communion, marked 14 as removed, 1 died, 7 withdrawn, and 28 dropped, and thus report about the same as last year. Members, 242; on trial, 6.

**STRATFORD.**

We are enabled, after dropping nearly 40 for non-attendance upon class meeting, which seems to a most painful extent on this field of labor, hitherto, to have been strangely forgotten, with some who have removed, to report a small increase. There is a satisfactory addition to the funds. It is to be hoped by the blessing of the Lord, without which nothing is wise, or good, and strong, of a human character, that great will be the increase of His people in the future.

Should the contemplated change in the boundaries of this charge take place, then Stratford will cease to be a dependant on the Mission Fund, and by consistent liberality on the part of God's people, take its place among the self-sustaining Stations in our work.

WM. PRICE.

**BAYFIELD.**

During the year it has pleased God to give us peace, but we have not had that amount of prosperity which was so ardently desired. We held special services for several weeks during the fall and winter, at which a few professed to get good. The spiritual condition of this Mission is not in a very prosperous state.

In consequence of the Missionary appropriation being reduced 100 per cent., there is a very large deficiency. Some have contributed liberally towards the support of your Missionary and the Connexional Funds, but of others it cannot by any means be said, they have done what they could. After removals, withdrawals, &c., we return a membership about the same as last year. Members, 103.

GEORGE JACQUES.

**KINCARDINE.**

We consider the Mission to be in a state of spiritual prosperity. Our congregations have increased at every appointment, and such has been the increase in the town of Kincardine, that the trustees have found it necessary to take steps for the enlargement of the Church, which we trust will be accomplished this summer.

We have brought to a state of completion two new Churches, at a cost of \$1,500, and finished a third, with pulpit, altar, pews and stoves, at a cost of \$90, making in all for church purposes the sum of \$1,600, all of which has been raised and paid to the Contractors, with the exception of the small balance of \$250. We have also raised for Sabbath School and other Connexional purposes the sum of \$1,210, making a total for Church and Connexional purposes of \$2,710.

DYRE.

We have commenced the erection of a brick Parsonage, to be completed by the first of September, at a cost of \$900. Members, 246; on trial, 14.

L. O. RICE.

TEESWATER.

Although we cannot report a large increase in the membership of this Mission, yet we are thankful to say that our work here was never in a more prosperous and satisfactory state than at present. There have been an unusual number of removals; ten have been dropped, and six have withdrawn, and yet we have pleasure in recording a net increase of ten. For many reasons the establishment of Methodism in the Township of Culross, Kinloss, and Carrick, has been a work of difficulty. The character of the population, and the lack of suitable church accommodation have been serious impediments in our way. At the head of the Mission—"The village of Teeswater"—our membership has never at any time numbered more than eighteen, and more than once they have dwindled down to half that number. This spiritual stagnation has in a great measure arisen from the want of a suitable place in which to conduct Divine worship. This hindrance, we are thankful to say, is about to be removed. An eligible site has been secured for the erection of a Church, and a neat Gothic structure is now in the course of erection, which will be ready for dedication in the month of October. A lively interest and liberality has been manifested in this work, not only by the membership, but also by many who are without. In the Village of Belmore the Lord has answered prayer in the revival of his work, and in other parts of the Mission there have been a few added. Members, 110. On trial, 10.

AINLEYVILLE.

I feel thankful to Almighty God for the prosperity that has attended our labors. The increase of the membership is not as large as we could have desired; yet God has crowned those labors by the conversion of precious and immortal souls.

If the means of support could be obtained, there is plenty of work for two men. There are openings and prospects on this Mission such as never were presented before; and it is cause of regret not to be able to embrace them. Member, 126; on trial, 13.

## TROWBRIDGE.

This Mission is part of what was heretofore known as the Elma Mission. The division is, doubtless, on the whole, beneficial, at least to Listowel and those appointments set off with it.

We feel grateful to God for some marks of prosperity during the year. Our congregations are good, and there is a strong attachment to Methodism.

There are on the Mission two frame Churches and one log, and a good frame Parsonage. A debt of \$300, which has been hanging over the Parsonage for several years, has been most of it paid, and the remainder provided for. Members, 134; on trial, 2.

## HOWICK.

Our spiritual and financial success, mentioned in last year's report, thank God, continued. The Camp meeting of last summer benefited the whole Mission.

The beautiful Church in Lakelet has been built and dedicated to Almighty God, and during next year we expect to have other two ready for divine worship. We are especially thankful so few of the large increase of last year had to be dropped. Many have lately removed, and a few have died. For all we praise the Lord, and take courage, praying for the divine blessing on our future toil. Members, 378; on trial, 12.

## BLYTHE.

In reporting this Mission I am able to say that the good Lord has given us some tokens of prosperity in the past year. After deducting 26 for removals, dropped, &c., there is still an increase of nine. Our financial returns are far in advance of any former years. We have built a new church in the Village (or rising town) of Wingham, 35x45. Many of our people are becoming more spiritually minded, and therefore more active and useful as members of the Church. Members, 135.

THOMAS HANNA.

## LUCKNOW.

In reference to this Mission, I would simply say, that, through the blessing of Providence, we have had peace during the year. Our Connexional Funds are all in advance of any former year. I feel persuaded that we have suffered much loss from not having a Church

in Lucknow. One is now commenced, with a fair prospect of soon being ready for occupancy. The Church in Harris' neighbourhood has been greatly improved. Our membership is about the same as last year, with the exception of some few persons who withdrew in my predecessor's time.

Liberality on the part of the Missionary Committee towards this Mission is indispensable. Members, 69; on trial, 9.

### WALTER'S FALLS.

This Mission is, geographically, very irregular and difficult to work. It is about twenty-five miles long and five miles wide. This and the badness of the roads are sufficient to try the energy and perseverance of the most faithful Itinerant. But the blessings of a beneficent Providence will, in a few years, through the industry of man, make this a pleasant and wealthy Circuit.

Our church accommodations are annually increasing. We have four Churches, one log and three frame. They are all free from debt except one, and the debt on that is more than covered by the subscription. The subscription of \$395 that was raised during the last Conference year for a church at the Lake Shore appointment, has never been applied to that purpose, because two of the heaviest subscribers have refused to lend their influence and co-operation.

Our congregations have increased during the year. The indecorum which prevailed in some of the congregations has given way to good order and attention. The people are slowly improving both intellectually and morally.

The membership has not only increased in numbers, but in piety. Although candor compels us to state that worldly-mindedness and formality prevail in some places in lamentable degrees, yet we are happy to perceive a general desire to obtain more of that holy and

benevolent mind which was in Christ. The strict and judicious administration of discipline will, it is hoped, have a salutary influence on the minds of some erratic characters, and be productive of that unity which "is like the precious ointment upon the head," and which will secure the Divine blessing.

The Sabbath School institution, which, when properly conducted, contributes so much to the life and vigor of the Church of Christ, is becoming more highly appreciated on this field. We have two Union and four Wesleyan schools within the precincts of this Mission. They have already begun to yield their precious fruit, and they will, if judiciously and efficiently worked, yet produce an abundant harvest.

The Parsonage debt, which, at the beginning of the year, amounted to \$206, has been nearly all provided for. The Connexional Funds are all in advance of last year.

If we would retain the ground that we have taken up, and enlarge this Mission as we should, it will be necessary to continue two laborers, but it will be difficult to do this unless the Missionary Committee can grant us about \$100 more than they did last year. Members, 113; on trial, 10.

#### THORNBURY.

There are eight Sabbath and two week evening appointments on this Mission, too many to be properly supplied by one Minister. Nevertheless, we have endeavored to work the Mission to the best of our ability, and God has blessed us with a measure of spiritual and financial prosperity. Our finances are in advance of any previous year, and we report an increase of fourteen members.

We have made considerable progress in our Church building department. Thornbury Church has been improved, and is nearly free from debt. At Victoria appointment, a new frame Church is in course of erection, and will be ready for use in a few weeks. At Dawn's appointment, Mr. John Wright has given us a piece of land on which stood an old School house, which has been converted into a Church. It has been properly deeded to the Connexion.

This Mission is situated in one of the most beautiful sections of country in our New Dominion, and is destined to become, with the blessing of God, one of the best Circuits on the District. Members, 148; on trial, 11.

## DURHAM. (ONT.)

During the year God has converted some souls in our midst, and given others a desire to flee from the wrath to come, who have united with us.

Twelve have removed; one has died; one withdrawn; eight have been dropped; still we net three of an increase during the year. Our Sabbath School in Durham is working efficiently. We have two Union Sabbath Schools, and two Wesleyan. Financially we are slightly in advance in some funds, and behind last year in others.

Our doctrines live in the regards of the people; our congregations are good; and our hope is in God. May He lift upon us abundantly the light of his countenance. He will, and we shall yet praise Him who is the might of Zion. Members, 77; on trial, 7.

## PAISLEY.

In presenting this report, your Missionary gratefully acknowledges the measure of Divine support vouchsafed, by which he has been sustained during another year of trial.

The spiritual status of this Mission is manifestly improving. Notwithstanding two cases of moral defection—necessitating disciplinary action and expulsion—and the loss, by removals and death, of six others, we are enabled to return an increase in the membership of ten over that of last year.

The finances are, also, highly encouraging, being, in the aggregate, fifty per cent. in advance of the previous year. One Church has been built, at a cost of \$600, and efforts are making for the erection of another in the village of Paisley.

There are two Connexional Sabbath Schools, in tolerably good working order, with a combined average attendance of seventy Scholars.

On the whole, the future of this Mission is promising. Members, 85; on trial, 5.

## ARTEMESIA.

In connection with some of the appointments, the Spirit has been graciously poured out in quickening believers and converting sinners. After deducting for deaths, removals, expulsions, &c., we are able to report a net increase of 82.

We are sorry to say that at some of the appointments the cause of religion is in a low condition, but there are some faithful souls who are earnestly praying for the prosperity of Zion.

As regards the temporalities of the Church, considerable improvement has been made. We report an increase in the Missionary contributions of about eighty dollars.

The Mission has raised for all purposes nine hundred and fifty dollars.

We are very much in need of a Parsonage, and the people are making efforts to have one erected as soon as possible.

Your Missionaries are endeavouring in every possible way to promote the interests of the Redeemer's Kingdom, and we are happy to say there are many who are heartily co-operating with them for the accomplishment of this desirable object. Members, 246; on trial, 14.

CHATSWORTH.

I have nothing flattering to say of this Mission; yet I can write encouragingly. There are some who feel interested in the cause of God, and remember Zion in secret and public before the Lord; while, on the other hand, we have to lament the apparent deadness of others.

Our last Quarterly Meeting was considered to be the best of any held through the past three years. Unanimity and peace have prevailed in our counsels. In some places our Class-meetings are not regularly kept up owing to the want of suitable Leaders. We built one new Church, and the finances are as good as last year. On the whole we are encouraged to believe that the Lord of Hosts is with us—that the God of Jacob is our refuge. Members, 64.

KEPPEL.

Having passed through our first year's experience on this new and difficult field of labor, we are thankful to be able to report a degree of prosperity. Two new appointments have been taken up and Classes formed; while one has been discontinued, which was not really within our boundaries, and where we had no Class. At most of our appointments the congregations are steadily increasing. Though a number have been dropped from our membership yet we return a good increase. All the Connexional Funds are in advance of last year. A Sabbath school commenced during the year at Brooke is well attended, and with several more on the Mission, is in a prosperous state.

The mission being already large, and the roads bad, we cannot take up new ground as rapidly as we could wish, or give to all that attention they need; but trusting to the Divine blessing, we hope still to extend our labors. Members, 124; on trial, 11.

During the past year we have been favored by God with some degree of success, though we feel humbled because it has been no greater. Seventeen persons have joined the Church during the year, but on account of removals, withdrawals, and droppings, we can only return an increase of three. Our congregations generally have improved. At one appointment at which we had no society at the commencement of the year, we have now a class of 12, and a promising Sunday School. At another appointment we have acquired the site of a Church, which is in course of erection, and is expected to be opened in the month of July. Our Connexional Funds and Missionary money are largely in advance of last year. Members, 119; on trial, 8.

We rejoice in being able to report some progress on this Mission during the past year. Our Funds are all in advance of last year; notwithstanding the large contributions of many of our friends for the erection of a Carsonage, Sheds, &c. **ORILLIA.**

We have formed one new Class during the year, and taken in 26 on trial, yet, we cannot report a large increase, as we have had to drop a good number, had several removals, and two deaths. Most of our finances are in advance of last year. We have reduced our very heavy Parsonage debt a little, and, by the liberality of Messrs. S. S. Moffatt and S. Wainwright, have got our Church in Orillia free from debt—the former cancelling a debt of nearly \$200, and the latter a debt of about \$90.

Our Church accommodation in Orillia is unequal to our wants, and the friends are thinking seriously of building a new one. We expect, during the coming year, to build a Church at the Lake Shore appointment. Members, 133.

**CRAIGHURST.**

The ecclesiastical year now closing has been one of considerable prosperity to the Craighurst Mission, behind no former years in any department of our Work; we are thankful to be able to report an encouraging increase in the membership of the Mission, and some in Mission Funds. In the Village of Craighurst (in many respects the most important appointment on the Mission, and where some months ago we had not a single member) we have been favored with a gracious revival of religion, resulting in the acquisition of about thirty members, who are doing well, and working for God. There is yet need of much hard work, and a large measure of the influences of God's spirit, before all the appointments can be reported as being in an equally flourishing condition. Members, 57, On trial, 20.

**PENETANGUISHENE.**

The cause of Christ on this Mission is in some respects very encouraging. We have five appointments and a membership of about eighty. Though our people, generally speaking, are not rich, yet many of them seem to take pleasure in giving to the Lord. Considerable has been done this year by way of organizing Classes, Prayer Meetings, &c., &c. It has been the object of the Preacher in charge to be true to the Conference trust, and carry out the discipline as far as possible. Difficulties presented themselves, and were met in humble dependence upon God. The Lord has been with us in mercy, and a few souls have, during the year, been gathered into the fold.

[ The people at French's intend having a new Church ready for use by next October. We have three Sabbath Schools, and though new, they are doing well. There is reason to believe that this will become an interesting field of labor. May the Lord bless this people and make them a blessing to one another.

J. SCANLON.

#### COLLINGWOOD.

We are glad to be able to report some improvement in this difficult field of labor, both in attendance on public worship, numbers in church fellowship, and in better tone of religious feeling. Yet we have only 35 members in the Church, and these few people have to raise (in interest on church debt, rent and taxes on minister's house, insurance on church property, and current expenses of keeping the Church open for public worship) the annual sum of \$300. What can they do towards the support of the Minister's family!

Such a state of things so paralyzed our energies that we were certain to fail except we could by some means lighten the burden. We therefore determined to try to get the debt off the Church, which, June a year ago, was eleven hundred dollars, most of which was on interest at ten per cent. Towards the realization of this important object, we are raising in Collingwood, from Notes, five hundred and fifty dollars, from a Bazaar one hundred and seventy dollars, from Church Relief Fund one hundred and forty dollars, and from three Friends abroad sixty dollars; this leaves us yet two hundred to raise, which we hope to realise during the winter. We expect in our next report to be able to say that the debt on this noble edifice, which cost \$7,200, is extinguished.

The future will justify the past in relation to this Church, multitudes will worship the God of their fathers in it and be blessed. The prospect is bright for this town, and if so, for this Church. The north shore, rich in minerals, lumber, and agriculture, must be developed, the great north-east must be opened, reciprocity with the Americans will establish a large through trade with the great grain growing States of the American Union.

We are doing all we can to establish the cause of Jesus Christ in this young Town; praying that God may more and more bless all consecrated outlays for his glory and the good of souls. Members, 34.

## NOTTAWASAGA AND ANGUS.

With the assistance of an additional Preacher, we have extended our borders this year.

We have paid, on debt and interest on the Stayner property, over a hundred dollars; still, we owe over two hundred and fifty dollars, which will burden this little Society, and make them dependant on your aid for time years to come.

We have secured a Lot, and are erecting a Church thereon, in Sunnidale, the first of any denomination in the Township.

We have, also, secured a lot, and are building a Church, in the Village of Angus.

A goodly number have been received on trial through the year, as the result of twenty weeks special effort, and unceasing toil all the year. Many, however, have removed, others dropped, &c., so that our actual increase amounts only to twelve.

As the Mission is an inconvenient one to work, a resolution passed the May Quarterly Meeting, by a unanimous vote, asking a division of the field. Members, 129; on trial, 3.

S. TUCKER:

## OSPREY.

Osprey has during the last year suffered great loss through the prolonged illness of your Missionary, and after his restoration to health, to the unavoidable necessity of devoting his time to the preparation of some kind of house for his family during the winter, then near at hand; it being September before he was able to resume any work, arrested by sickness in the early part of July. Add to this the illness of his family, induced by insufficient shelter from the cold, the causes militating against the successful working of the mission will in part appear. Yet, through the goodness of God, although by death, removals, droppings, and withdrawals, we have lost thirty-four members during the year, we have to report but one of a deficiency, with an increase of our funds, the formation of a new class, including seventeen members, and the completion or nearly so, of a church, which for many years past, has been enclosed, but nothing more.

With gratitude to the Infinite for many mercies enjoyed, we have hope of a more prosperous future. Members, 114.

D. A. JOHNSTON.

## HORNING'S MILLS.

At the close of another year's missionary labor we desire to record our thankfulness to the Great Head of the Church for the degree of prosperity with which He has favored us. During the year, the Lord

added unto our membership about 17 souls; 13 of these were taken in at a new appointment we took up last September, on the confines of the Townships of Nottawasaga and Mulmur. These, with others, friends of the cause of Methodism, have raised, by subscriptions, over \$200 towards the erection of a church in that vicinity, which is to be 36 x 26, for which nearly all the material is purchased and paid for. Its supposed cost is between \$500 and \$600, and is to be commenced in a few months. We have also provided material for a church shed at Horning's Mills, which is to be 50 x 24.

Though we have a small membership with very limited means, and live in a section of country where the people are much divided in their religious predilections, yet we are second to none in enterprise and influence.

We enjoy peace and harmony throughout our borders, for which we praise God, and pray that He may send greater prosperity, and cause "the wilderness and the solitary place to be glad, and the desert to rejoice and blossom as the rose." Members, 65; on trial, 5.

WM. NORTON.

#### MUSKOKA.

After making several deductions in consequence of removals and other causes, we are able to report a small increase in the membership of the Church. The finances are considerably in advance of last year. Future prospects seem to be more encouraging than they have been in the past. The progress of the work having hitherto been very much retarded from want of suitable buildings in which to hold public worship; our friends are endeavoring to remove this difficulty to the utmost of their power, several Churches are in contemplation, one of which we expect to be completed during the coming summer, and towards the erection of which we have secured the handsome subscription of about four hundred dollars.

This mission, though new, is one of considerable importance. The country having by the Government been thrown open to actual settlers under the free grant system, quite an accession will soon be made to its population, and we pray that as its population increases there may be a corresponding increase of piety and spirituality. ## BEAVERTON.

We entered upon the duties in connection with this field of labor, under unfavorable circumstances, especially in the Village of Beaverton. Up to last Conference, service had been conducted in the school house, which we found closed against us. We were, therefore, under the necessity of renting the Orange Hall, at twenty dollars a year, for three services in the month. Such being the case, we resolved, in the name of the Lord, to make an effort to build a house of our own. A person, not a member of the Church, came forward kindly and offered us about the third of an acre—a beautiful site, adjoining the Presbyterian Church. A subscription list was at once circulated, and about \$500 have been obtained. We intend building as soon as possible. The congregation has gradually increased, sometimes numbering two hundred. We have, however, to mourn a want of converting power.

The Mara appointment continues about the same, with the exception of an increase in spirituality. Fenelon has been given over to the Bolsover Mission, where it can be better supplied than by us.

Last year Brother Rupert alluded to Fairvalley, which he had visited, and there had preached once, but had done nothing further. The first thing we attended to after settling was to visit the neighbourhood, and ascertain the true state of things. We found about 80 Protestants destitute of the means of grace, but exceedingly anxious to have preaching regularly conducted among them. One person offered the use of his house until some better place could be found. In this house we continue to preach every two weeks, but hope soon to leave it for a Church. One acre of ground has been given for Church purposes, and \$400 subscribed, so that we hope soon to worship in our own house. We believe there is a bright future for Fairvalley; truly, they are a people preferred of the Lord; and when we get a place where we can conduct special services, God will doubtless pour out His spirit and save the people.

Our people on this Mission are kind and liberal. We have never met with any who do more according to their circumstances. They have raised one-third more for the Minister's support than last year. All our Connexional Funds are in advance of last year, except the Missionary, and this is accounted for by Fenelon being discon-

### STOUFFVILLE.

We have seven Sabbath appointments on this Mission, which we attend to regularly: two we preach at once each in two weeks; three, once each in three weeks; one, once in four weeks; and we have preaching every Sabbath evening at Stouffville. Our people are anxious to have more preaching, but cannot, under existing circumstances. The number of conversions and additions to the Church are sufficient to enable us to report a small addition to our Membership. Our Connexional Funds are all in advance of last year. One Sunday School has been organized during the year, and suitable books purchased—among them our own excellent Catechism. We are thankful to the Great Head of the Church for peace in all our borders, and for that degree of prosperity vouchsafed. Members, 116.

### MANVERS.

Through the Divine blessing on our protracted services, we had the happiness of seeing a goodly number converted, and uniting with us in Church fellowship, so that, after deducting numerous removals and some deaths, we are able to report an increase of fourteen. Through the liberality of the Missionary Committee, the members received fresh courage to renewed exertion in paying their Pastor, and nobly succeeded. They humbly hope that the same liberal policy may be shown towards them by the Committee for a few years longer, when they expect, by the blessing of God, to be self-sustaining and add their quota to the Missionary Fund. We have succeeded in obtaining a site for a new Church, at an important appointment, where we are still worshipping in a School House. We expect it to be ready for opening by next Christmas. The past year on this Mission has not been characterised by any remarkable success, but by steady improvement in all departments of our work. Our membership and congregations have somewhat increased. Our financial interests have advanced; the contributions to all our Connexional Funds being in excess of last year.

HASTINGS.

In reporting the state of this Mission it gives me much pain in not being able to speak of general spiritual growth and progress. Having met two Classes almost every Sabbath during the year, I have had a good opportunity of learning the religious condition of most of the members. While numbers of them have a knowledge of God by the remission of their sins, and some of these, doubtless, are looking and believing for the enjoyment of perfect love; quite a number are in a state of Laodicean sleep, and there are others who do not press toward the mark of their high calling. Would that God would arouse them "by the thunder of his power."

In speaking of financial matters, they are exceedingly encouraging. The Church debt has been reduced amazingly. Less than three years ago the debt was more than \$1,400, now it is \$300. Two years ago the Missionary received from the people towards his support \$210, now over \$280. Two years ago about \$30 were raised in behalf of the Mission Fund, this year \$113. While your Missionary feels exceedingly grateful for temporal mercies during the year now closing, he regrets that he is unable to report much spiritual improvement, owing to circumstances over which he had no control. Although our ministrations of the Divine Word have not produced the amount of visible fruit desired, and under the work souls have not been awakened and converted; yet God has owned his work, and blessed it in comforting and quickening believers.

## BOBCAYGEON.

Another Conference year has rolled over our heads, and with it terminates our Ministerial relation to this Mission. During our three years' pastoral oversight of this charge, we have enjoyed more peace, both in the Church and outside of it, than we have had any equal number of years since we first came to Canada. Our congregations are vastly increased; our prayer meetings and class meetings better attended; and, financially, our subscriptions to the Missionary Fund have nearly trebled the amount of what they had been before we entered upon this field of labour. We have got one Church newly pewed, and have got funds for enlarging and otherwise improving our Parsonage.

We commenced the year with 100 members. Of these 3 died, 3 moved away, and 8 have been dropped; these being deducted from the original number (100) would leave only 86. But we now have 109 members, so that for the 14 which we have lost we got 23, which leaves a nett increase of 9. We thank God for the past, and trust in him as to the future. Soli Deo gloria!

Another year on this Mission has given evidence of progress both in a temporal and spiritual aspect. Gospel truths have been productive of religious awakening and earnest inquiry for the Saviour. The membership has advanced from fifty-eight persons, returned last conference, to eighty at present on the Mission register. All our connexional collections have increased, and an annual subscriber of four dollars has been secured to the "Superannuated Minister's Fund." Twenty dollars additional have been received for Missionary purposes. A new appointment has been taken up, and a good class organized where previously we had neither name nor place. Dangerous error threatened our prosperity and peace during the former part of the year, but by the blessing of the Almighty we suffered no harm. Peace is now in all our borders, and Methodism seems destined to occupy the place of prominence, and to be especially the herald of joy to those, who, amid some privations, seek homes on the banks of Minden lakes, and within the townships of the "Canadian Land and Emigration Company," at present constituting the Mission boundaries. ## FENELON MISSION.

In recalling the mercies of the past year, it is with devout recognition of God's Providential care, and the spiritual privileges bestowed by the great Head of the Church, and enjoyed by us as a Mission. There is an evident increase of zeal in the Master's cause, a deeper, richer tone of spiritual enjoyment, and a few are anxiously and prayerfully looking for a richer outpouring of the Holy Spirit's influence. During the year there has been one death—a young man—and who left a good testimony that he has gone to be with Christ.

Praiseworthy exertions have been made on the Mission in the erection of suitable Churches at each appointment. Four Churches are now drawing near to completion. Divine service is held in three, and the fourth will be shortly opened. Congregations are very good especially in the Village. The value to the connection will be about \$1,500. The connexional funds are a little in advance. Missionary contributions exceed by \$18. \$50 debt on the Parsonage has been paid. One-half acre of land has been promised in Cookman's neighborhood. means of grace, and ordinances of His house, as there has been an increase of members at all the Sabbath appointments except one. Three new week day appointments have been taken up, and at the one on the North Bay, a new Class of seven members has been formed, which gives an increase on the whole of seventeen members.

I am happy to say that our congregations are increasing; the people appreciate the gospel, and I consider that the Mission in general is in a growing and healthy state. Members, 55; on trial, 7.

#### HAVELOCK.

On coming to this field of labor nearly a year ago, we felt at once a deep interest in it, as there was a prospect of much increase of population because of the mining enterprises. Nothing of any consequence, however, has been accomplished except in mining for iron. At the iron mine, where the village of Blairton now stands, a little more than a year ago there was nothing excepting an uninhabited log house, now we have 9 miles of railroad, a station house, locomotive house, 50 residences for families, built by the mining Company; we have also six or seven boarding houses, as many stores, dwellings and other buildings erected by private individuals; houses for the accommodation of strangers, and nearly every thing necessary for the welfare of the people.

At the beginning of last year, many said: "The iron mine will be a very rough and wicked place." By God's blessing this is not the case. On application to the Company, two choice village lots were given for Church purposes, and \$100 towards the erection of the Church. By earnest efforts, overcoming many difficulties, and by help of friends, a Church was erected and dedicated before the beginning of this year. We have now, in two classes, between 30 and 40 members; a very successful and interesting Sabbath School of 100 children, and the attendance on public service nearly all that we could desire. Intoxicating drinks have been by law prohibited in the place; and in Sabbath observance, morality, intelligence and true piety of many of the people, Blairton affords the Missionary much satisfaction and encouragement.

At the other eight appointments of the Mission, God's presence has been experienced; souls have been converted, and God's people strengthened and encouraged. Our connexional funds have been well sustained, especially the Missionary fund, for which twice as much has been raised as on any previous year.

On this Mission there are seven Sabbath appointments embracing parts of *five* Townships, namely:—Eldon, Carden, Dalton, Laxton and Fenelon. After the toils of the year we rejoice to be able to report some progress. There is an increase of 16 in our Membership; and all the Connexional Funds are considerably in advance of last year.

We have organized two Sabbath Schools that are likely to do well.—

#### BURLEIGH ROAD.

The Lord has been pleased to bless the labors of his servants on this Mission during the past year. We have secured to the Connexion 3 lots of an acre each; on one of which a Church, erected last year, has been nearly completed; and on another, a Church 30 x 40, commenced last March, is rapidly approaching completion. Our Connexional Funds are largely in advance, especially the Missionary, which has risen from \$8 28 to \$101 26. We have been blessed with an outpouring of the Holy Spirit, resulting in the conversion of about 120 souls, nearly all of whom have been added to the Church, and their general faithfulness is a continual cause of thanksgiving.

The work on this Mission is increasing in importance, and will in the future give large returns for labor and means expended.

I have found the kindness of the people increasingly manifesting itself since I came to this field of labour. We have had some very happy devotional seasons, especially at our love feasts. I myself, at such times, have shed many tears of joy and gratitude. May the Lord pour out his Spirit abundantly upon us, and cause the seed of divine truth to take deep root and bring forth fruit, yea much fruit to the glory of God. Members, 83.

In almost all respects this Mission may be reported as still advancing.

The Congregations are large and attentive. In most of the Classes there is increased punctuality in the attendance and appearance of a growth in grace.

There have been a number of conversions, mostly in connection with the regular work. We have not been able to do much in the way of special efforts.

Financially there has been great improvement. Church property has been increased, and improvements made to the amount of several hundred dollars, and all the old debts of which there were several paid off.

The Circuit and Mission Funds have been greatly advanced. Members, 277; On trial, 6.

some degree of prosperity. We had to contend against removals. The land being poor and stony, the people leave the country as soon as an opportunity presents itself. This year we have lost by removals ten members, and one by death, yet we return a small increase.

Our Congregations are good, and listen attentively to the preaching of the Word of Life.

During the winter we preached frequently to the lumbering-men in their shanties. They heard the Word gladly. We trust the seed sown will be like bread cast upon the waters, that may be found after many days. Members, 50.

#### DENBIGH.

This Mission is large, extending into several townships, and requiring a considerable amount of laborious travelling through a very rough country; consequently your Missionary has had little time for special services. There are five Sabbath, and four week-day appointments, which we have, with God's blessing endeavoured regularly to attend; we have added to these one new appointment. When we arrived on the Mission, there was no Parsonage, but during the year one has been erected, with a stable, &c., and the lot well fenced. Although we have had to undergo some hardships, and frequently felt somewhat discouraged, nevertheless we have great cause for gratitude to the Giver of all good, that we are enabled to report some progress spiritually and temporally.

It is hoped, that if the Mission is well attended, it will ultimately become an important field of labor, and that the Divine Being in His infinite goodness and mercy may be pleased to bless this place and people still more abundantly. Members, 42.

#### MAYNOOTH

Is mostly surrounded by the primeval forest. Monotony is here excluded by the blending of springs, rivers, lakes, hills, vales, rocks and mountains, so as to form the grand and beautiful. Here the red deer depends for safety more on speed and caution; and the beaver is trapped in the pond his own industry helped to form.

The lumber merchant sends forth the brave and strong to select the verdant tall pine princes of the trees, worthy to represent our country in foreign lands, or to assist in adorning the abodes of royalty. These are rafted down the rivers, once famed in Indian song, and still bearing names that say, the red man's bark canoes glided on the bosom of

these foaming and romantic waters, whose voices have for ages blended with the chorus of nature, and often in subdued tones wept for sons forever gone without hearing the name by which we have salvation. The poor man feels life a stern reality as he toils for bread and a home for his children. Infirmary and age feel a strange contrast between present and past comforts. Those who were accustomed to worship in more favored localities, sigh, hoping to sing the songs of Zion, even here in consecrated walls, when the quiet shanty will not be a place for public worship, or for Sabbath School accommodation. The holy book saith, "the wilderness and the solitary places shall be glad for them, and the desert shall blossom as the rose."

There are ten appointments, two small Sabbath Schools, and quite a thirst for the life-giving Word.

There are many kind friends who delight in aiding to establish those institutions which elevate morally. Members, 24; on trial, 4.

#### PITTSBURGH.

When we arrived here, last June, we found the people much dissatisfied owing to an alteration in the boundary of the Mission. This dissatisfaction, we are glad to say, is, though not wholly, greatly removed. We have six regular Sabbath appointments, and after making up for those who have been dropped, and who have died and removed, report a Membership of one hundred and fifty six. Financially the people have done well. Though they have suffered greatly from the failure of the crops, some of the funds are largely in advance of the preceding year. Several debts have been removed from Church property, and others have been much reduced.

We report also some spiritual progress. Nineteen have been converted to God, and are walking in the fear of the Lord, happy in the Saviour's love. Among many of the Members there has been a manifest growth in grace, and some are living in the enjoyment of that "perfect love that casteth out fear." We have five Sabbath Schools doing well.

With an additional laborer this field might be enlarged and the cause greatly promoted. It is the desire of the Quarterly Board that a second man be appointed to this Mission and that a larger appropriation be made from the Missionary Fund. Members, 154; On trial, 2.

#### CENTREVILLE.

It has pleased the great Head of the Church to smile upon us, and to crown the labours of your Missionary with His blessing. But, in consequence of dropping an unusually large number, it is my painful duty to report a small decrease.

In connection with special services, upwards of 40 professed to have found peace with God. Yet these converts are not the measure of the good effected, as quite a number of the old members were greatly quickened. I have reorganized three classes; and, generally speaking, the tone of piety and the order of our movements have improved.

As to finances, the amounts contributed towards our connexional funds, with one exception, are in advance of last year. In this connection, I beg leave also to state that the remaining part of the lot on which the parsonage stands has been purchased, as a necessary addition to the parsonage property.

Sabbath Schools on the Mission are not in the most prosperous condition. Efforts in the right direction, however, are being made, and we hope, with the blessing of God, to be able ere long to meet the wants of the young under our care.

In looking over the Mission, as it now stands, I see marks of prosperity. God has given us peace in all our borders, and many can join with me in saying, "God, even our God, hath blessed us." But much yet remains to be done before the Mission shall have become, in every part, a fruitful field. Our trust is in God; and, "As the earth bringeth forth her bud, and as the garden causeth the things that are in it to spring forth," so we pray, "the Lord God to cause righteousness and praise to spring forth" in every part of the Mission. #### HARROWSMITH.

In presenting the Report of this Mission, we acknowledge the Divine mercy that has brought us through another year. We have not seen as many souls brought to Christ as we desired; yet a few have been brought into the fold of Jesus. The year, to your Missionary and family, has been one of great affliction; yet crowned with many blessings from the Divine hand. The want of an *assistant* has been felt very much. In order to keep up the work, it became necessary for us to hold a great many week-night appointments; which prevented our engaging in special services.

Our Local and Connexional funds are in advance of other years; and we hope that Harrowsmith will soon claim the *distinguished honor* of becoming a Circuit. Members, 152.

JOHN HOLMES.

#### TAMWORTH.

On our arrival at this Mission we were much disappointed in not finding a house ready for the preacher and his family, so that we were under the necessity of leaving our effects in the streets for some time.

But while we suffered this temporary inconvenience, we made use of it as an argument why they should at once secure a parsonage. Our friends, seeing our difficulty, were soon roused to action, and we are now happy to say we have secured a very commodious and comfortable house and outbuildings without a cent of debt remaining on them. We have also secured an eligible site for a burying ground. Spiritually we are also able to report some progress. Some of our revival services have been truly seasons of refreshing. After reporting four removals and deaths, we find a net increase of 15, and yet we feel the need of greater increase of spirituality. May it speedily come is the prayer of our people. Members, 105.

From the peculiarities of this Mission, it is very difficult for your Missionary to make a satisfactory report. There are many things which try the patience, wisdom, and physical ability of your laborer, notwithstanding your Missionary has been supported. There are but few Members, and these principally poor; yet determined to do their utmost to support the cause of God among them, which the financial report will show. Cannot report any increase, on account of some having withdrawn, others backslidden. Members, 26.

Our congregation on this Mission has somewhat improved during the year, and a few have been added to the Church. Notwithstanding I am obliged to return a diminished list of members, arising from the fact that I had to drop 20 persons at the end of the first quarter for non-attendance at Class. The prejudice against us, as a Church, is very strong in this place, but we can say that God is with us, both in our public and social means of grace. And although some may look upon us as intruders, and others regard us with feelings of contempt, yet we believe that Methodism is exerting a beneficial influence.

It is a standing protest against the sinful amusements which are countenanced, encouraged, and even defended in the name of religion.

It keeps distinctly before the people the great doctrinal verities of the Cross, gives no uncertain sound in regard to the absolute necessity of conversion as the groundwork of all obedience to God, and urges on its own members the duty of "going on to perfection." May the day yet come when Cornwall shall be a praise in our Zion. Members,

Now, by the blessing of the Great Head of the Church, we are able to report eighty-six Church members; Church property valued at about nineteen hundred dollars, including parsonage, furniture, and a good cow, and the Classes in a very good state.

During the year we have lost 17 members, some of them by removals, and others, we were obliged to exclude for non-attendance at Class, yet, we are happy to say, that 18 have been received into the Church, most of whom are heads of families, and persons who are likely to be influential and useful members.

We are thankful to be able to state that our new Church is nearly out of debt, which has been built during the year at a cost of about eight hundred and eighty dollars. Also, all our funds are in advance of last year. We have peace in all our borders and prosperity in every respect. To the Author of all good be all praise. Members, 86.

This Mission embraces parts of three townships, situated in the counties of Lanark and Frontenac. In Bathurst we have 3 appointments and 43 members, in Oso 4 appointments and 15 members, in South Sherbrooke one central appointment, where our large church and mission house are located, and 35 members. The Lord has been pleased to pour out his Spirit during the year, and 18 have united, yet we regret on account of removals and the instability of some of the people among these rugged rocks, as some have gone out from us who were not of us, that we have such a small increase. Three old Sabbath Schools have been reorganized and two new ones instituted. Our finances are in advance of any preceding year, local and connexional. ## PLAYFAIR.

This is a new name, given last year to the old Lanark and North Sherbrooke Mission united.

Only one preacher having been appointed this year where two formerly found enough to employ them fully, the work of the Mission has been but imperfectly done, and the result is a decrease of ten in the Membership and a falling off in the contributions to all the Funds, except the Mission Fund, which is a little in advance of last year.

It is not likely that this will ever be other than Mission ground for Methodism, as most of the people prefer the services of other Churches, with which they are now in some degree supplied at all important points save Playfairville. Members, 80.

## FITZROY HARBOR.

On arriving here last July, we found that by the blessing of God upon the faithful, persevering and praiseworthy labors of our predecessor, Bro. R. L. Gabie, a new Mission had been formed, Societies organized, and a good Church erected. We also found that the official members did not ask for a married man without anticipating his wants and making preparation for his reception. We met with a kind welcome, and were introduced to our rented house, which was soon fitted up for occupation.

At our first quarterly meeting it was resolved that if sufficient encouragement could be obtained by way of subscriptions that we would build a parsonage. The disciplinary amount was soon subscribed and the work commenced, and by the middle of November the house was far enough advanced to move into. Two village lots have been added to the property. A stable and other outbuildings are being completed. The whole property, including the Church, will be worth over two thousand dollars, and is deeded according to the discipline, and registered.

Our membership is small, numbering only thirty-six; they are not the most wealthy, but among the most liberal; for while large subscriptions have been paid towards the building fund, our own support has been well attended to, and the connectional funds well sustained.

The means of grace are well attended by a faithful and praying membership. There is also an increase in the number of regular hearers; and being blessed with some manifestations of the Divine favor, we hope for good things for this Mission in the future. Members, 36.

In the Village, a handsome Church has been erected during the year. It is neatly finished inside, and furnished with chandeliers, aisle matting, clock, &c.

Our own present status, and the now advancing growth of the Village, give us hope for a yet brighter future.

With gratitude to God, we desire to render Him the praise for all the good accomplished. Members, 62; on trial, 2.

## RENFREW.

From the extended nature of our work, which embraces the greater part of the field occupied by three agents two years ago, the past year has been one of unremitting toil, in order to satisfy the wants of those who would otherwise have been destitute of the means of grace.

In order to devote more time to what is more properly Renfrew Mission, we had concluded to drop these distant appointments of our work, but the entreaties and even the tears of those, who by this change would have been destitute of any spiritual means of grace, led us still to continue our visits to a people by whom they were so gratefully received.

Although we have had no numerical increase in our membership, we have had a few important accessions to our Church. Our congregations have increased at all our appointments, and our finances have advanced about one-third over that of any former year.

#### ON SLOW.

With regard to this Mission, we have a report to state of things nearly on a par with that of several years past. In every appointment Methodism retains its influence for good. That influence was never more needed than at present, not only to keep back the tide of sin, and counteract a cold formalism, but to subdue and convert the community to Christ. Our people generally walk worthy of their Christian profession. Our cause to-day possesses as much vitality as ever. According to our present arrangement there is preaching at Quio Village on three Sabbaths in four. In two other places, once in two weeks. In five others once a month only. This supply is very inadequate.

The Church at the Quio, begun more than two years ago, is still unfinished. Our conviction is that it will require help largely from other places to complete it. In its present state it stands in the way of further progress materially. There is a Parsonage much needed. Nothing but almost super-human effort can push forward work where friends, though faithful, are few, and means small. May God continue to bless those few, and add to his Church such as are saved. Members, 29. On trial, 4.

W. SHANNON.

#### THORNE.

Our Episcopal friends came here some time ago, (but are now gone), and caused contention among the people, some being for Paul, some for Apollos, and perhaps, a few for Christ. If no other good could be accomplished by the *Union of the Methodist Churches of our Dominion*, than the counteracting this direful curse, which, alas ! exists in too many parts of our country, it would be a great blessing.

The people are poor, finding it difficult to provide for their daily wants. But, notwithstanding these drawbacks, the Lord has blessed us with His presence during the past year. Scarcely ever have I proclaimed the word of life on the Mission, without seeing the tear of penitential sorrow, or grateful joy.

The result is, I am able to report an increase of twenty Members, old sores are healing, differences are being forgotten, and the hearts of the people are better prepared for the word of life. Members, 29 ; on trial, 4.

This Mission has one appointment in the Township of Templeton and two in Hull, embracing about fifty families, many of them holding to other Churches, but now generally attending our services, as they are not visited by their own Ministers. The attendance in Templeton has been good, but not regular at the other places, there being but few members. There is an advance in the finances. The surrounding settlements are occupied either by our own Missions or by those of other Churches; and the intersecting are Roman Catholic, so that we cannot extend the Mission. It is therefore one of those places which must receive much assistance from the Mission Fund for years to come. Members, 32; on trial, 3.

We have had indications of the divine presence and tokens of the divine approval. We have reason to "thank God and take courage." Our cause has a number of fast friends and liberal supporters, and Methodism is doing a good work and must continue to uphold and promulgate its doctrines amidst Calvinistic and sacerdotal teachings. The great want of the mission, at the present time, is a copious outpouring upon our membership and congregations of the Holy Spirit, in sanctifying and converting energy.

During the winter your Missionary followed some of his people up to their shanties on Lake Dighermas, preached to fifty men in one shanty, and distributed among them some New Testaments and religious tracts.

Through the liberality of A. Pritchard, Esq., and others, we have been enabled to purchase a commodious parsonage and some furniture for it. Members, 110.

## AYLWIN.

It is pleasing to report success, which has marked the history of the past year on this Mission. Two Churches are in course of erection, and a School Room has been built for public worship. Connexional Funds, with the exception of one, are in advance of former years. Attendance on the means of grace is becoming increasingly large. Class and Prayer Meetings are more and more interesting and beneficial. Our Membership has increased, notwithstanding removals and death. Pastoral visitation and oversight of the young has not been in vain. Some thirty copies of the *S. S. Advocate* are distributed fortnightly. Prejudice against Methodism, in a great measure, has given way, and, like the remnants of a winter's snow, fast disappearing. Thus, in this Alpine region, the wilderness is becoming glad, and the moral solitudes vocal with praise. Members, 41.

## LONG ISLAND LOCKS.

In reviewing the labors of another year, we feel grateful to God for the blessings with which he has crowned our efforts. During the year we have received 30 on trial; many old professors have been revived, and our congregations, compared with what they were two years ago, are good. Still there is room for much improvement.

After deducting from our membership those dropped, removed, &c., we have a net increase of 20. Our Connexional Funds are in advance of last year. And I am happy to state that, with the liberal appropriation from the Missionary Fund, all my claims have been fully met. Members, 97; on trial 1.

HUGH McLEAN.

## OSGOODE.

Your Missionary, after an absence of 12 years, from this field, on his return, finds a complication of perplexities inimical to piety, yet "truth prevails," general sterility yields here and there, offering a little encouragement, and though we have had 1 death, 8 removals, and 37 dropped, we have had nearly as many professed conversions; one new Church is rising to completion; all the Connexional funds on the increase; and one appointment has been resuscitated and the rest met regularly; the finances and membership more healthy, though apparently not so abundant. We are grateful "God is with us," take courage—labor on—and pray, that this old Mission's "ancient strength, the excellence divine," may speedily return. Members, 81; on trial, 3.

W. M. PATTISON.

## BEARBROOK.

One of our members, who was a young man of great promise, and had been a probationer for the Ministry, has died in great triumph. Another offers himself as a candidate for that sacred calling. We have had several revival meetings which, though they did not fully produce the results we desired, were means of refreshing to the Church. Our congregations, at least at two of the appointments, have been greatly increased, and we have received several persons into the Church. At the beginning of the year there was but one regularly sustained class meeting: we have met three others after preaching. We have also visited and preached at South Indian several times, and hope, during the ensuing year, to sustain a regular week-night appointment at that place. Members, 80; on trial, 4.

## GRENVILLE.

Grenville Mission is situated half way between Montreal and Ottawa, on the Ottawa River, and extends 45 miles back of Grenville, embracing four Townships, and has on it nine appointments, and was supplied by two preachers last year, and for four years before that, so that I have not been able to give them more than half the preaching that they have been accustomed to have in the past, and, in consequence, I have not succeeded as well as I could wish to have done. The attendance on public worship is good, and, on the whole, there is some little encouragement.

We are about building a Church in Grenville Village, where one is much needed, our old Church being at times crowded. Members, 79.

J. B. KROUGH.

## MARCH.

Your missionary feels grateful to the great Head of the Church for the many tokens of the Divine approval experienced in the discharge of his ministerial duties. During the past year some precious souls have been saved, and more have been restored to their first love, and in some instances a deeper baptism of the Spirit has been graciously given to the members. Our class meetings have been well sustained by our zealous leaders, and our prayer and fellowship meetings have been generally well attended. Two new appointments have been added, one of which had never before been visited by a Wesleyan Missionary. The people seem anxious to hear the word preached, and have shown their appreciation of it by voluntarily contributing of their means for our support. Members, 70.

## CHAMBLY.

There are on this Mission two appointments; one at the Savanne, about ten miles from the Village of Chambly; financially it is comparatively worthless; spiritually there is not much to encourage its continuance at present. They are, however, dependant upon the Missionary here for the Gospel.

In the Village of Chambly we have a comfortable frame Church. From three to four hundred persons meet for divine worship each Sabbath during the summer months. The remainder of the year the attendance, though not so large, is very encouraging for a small place. After deducting three removals, we return an increase of two.

Financially the members are liberal; spiritually we trust there has been improvement. The Sabbath School has been regularly attended during the year. There has been an accession to the library of between 60 and 70 volumes. Good seed has been sown in promising soil, which we hope will produce a compensating harvest.

The want of a parsonage we have very sensibly felt, being obliged to move three times during the year, which very much affected our domestic comfort. On the whole, while we mourn the want of that success which we hoped for, we are thankful for health; for refreshing seasons; kind friends, and a high hope of meeting them in a better world. Members, 23.

## ST. JOHNS.

During the past year we have experienced the blessing of God in the encouraging attendance of the young people on the means of grace. A seriousness in the Congregation and the conversion at least of two of

the military. We have a faithful, united liberal Membership, warmly attached to the Church, who generously contribute to all our Funds, and to their utmost ability sustain the cause of God in the maintenance of the ordinances of religion, and are specially attentive to the comfort of the Ministry. At present there is not much hope of aggressive movements, as the chief part of the population are French Roman Catholics, and inaccessible to religious and evangelical efforts by Protestants. But though our Members have not increased much, yet we are praying and hoping for better progress. Members, 50.

JOHN DOUSE.

#### LACHINE.

The Lachine Mission, established a year ago in the western suburbs of Montreal, finishes the first year of its history with encouraging evidences of the Divine favor. The membership of the Society has increased from twelve to forty-three, and our various connexional funds have been generously sustained. In the west-end appointment, Montreal, there is a flourishing Sabbath school. A Church is at present in progress of erection in the village of Lachine, and one is much needed in St. Joseph street, in the City, which it is hoped will soon be built by the liberality and enterprise of the people. That so much has been done we are grateful to God; that more has not been done we are humbled before Him, as we pray for increased prosperity in this most interesting and promising mission. Members, 30; on trial, 13.

WILLIAM SHAW.

#### MANNINGVILLE.

In closing this, the third, year of labor on this Mission, we are thankful to the Great Head of the Church that we are able to report more favorably than of the former years. We have had no declensions in spiritual life, nor so many removals as formerly. There has been quite a number of conversions, so that we report an increase in Membership.

The temporal interests of the Mission have also prospered. Your agents have been better supported, so that we report no deficiency. The Missionary Funds are largely in advance of last year, or of any former year, and the other Connexional Funds are also increased.

In view of the distance between the extremes of the Mission, and the want of a closer oversight than the Superintendent can possibly give to the Covey Hill part, the Quarterly Board have unanimously requested a division of the work, so as to give the east half to the care of one man. If their wish in this matter can be carried out, it will greatly promote the work of God. Members, 194; on trial, 7.

## ORMSTOWN.

We feel truly grateful to God that we can report peace and prosperity on the Ormstown Mission. During last winter we were blessed with a gracious revival, in which a number of souls were converted and joined the Church, but owing to deaths, removals, &c., we can only report a small increase of members. Our congregations are much larger than formerly, all the special means of grace are regularly attended, and the general tone of piety greatly improved. Our Sabbath School, under the efficient management of Bro. McEachern, is steadily increasing. Our own Catechism is now faithfully taught, and a few of the scholars are rejoicing in a scriptural evidence of pardoning love. Members, 47; on trial, 13.

J. V. WILSON.

## CAVIGNAL.

In presenting our Annual Report of this Mission, it is gratifying to state that during the past year the Lord has vouchsafed to us a large measure of spiritual prosperity. On receiving our appointment to this place last Conference, we found, notwithstanding the wretched consequences of my predecessor's sins, thirty persons in good standing with the Church. In the months of September and October we held two special revival meetings, which were attended with great success. Those converted were for the most part young people, all of whom, with few exceptions, are, thus far, "walking in the truth," and thereby happily indicating in themselves future and permanent Christian stability and usefulness. Our increase has been more than one-hundred per cent.

It may be necessary to add, that although this accession has been made to our numbers, yet it does not conduce as materially to the financial welfare of the Mission, as might, in consequence, be naturally expected. The reason of this is, that, in almost every instance, the conversions which have occurred are in connection with young people who stand identified with those heads of families that have long been members of our Church here, and who have uniformly in the past done all they could for the maintenance of their Ministers. Thus, whilst we at present possess a greater membership, we have no greater resources for support than formerly.

We have a Church 24x32 in course of erection, at Cote St. Henry, which was much needed, and which probably will be ready for opening during the course of the ensuing summer. This circumstance is owing to the revival of religion in that neighbourhood. We have also good reasons for hoping, that ere another Conference year closes, a parsonage will be built too.

For all these things, and much more, we most heartily "thank God and take courage." Members, 60.

EDWARD HARRIS.

## LACHUTE.

This Mission was divided at last Conference, when that part of it known as North Gore became a separate Mission. This part of the former field, still known as Lachute, embraces the following places, viz.: the Village of Lachute, which enjoys Sabbath service twice a day, once from the minister and once by a local preacher, East Settlement, St. Andrew's, Chatham (front), and Brownsburg, where preaching is given once in two weeks. There is also one week-day appointment, twice a month, in the neighbourhood of Mr. Gauley's in back Chatham, some fourteen miles from Lachute. The attendance at some of the appointments is necessarily small (by death and removals), still the few members that are left cling fondly to the institutions of our Church. The congregations of Lachute are generally large, and in importance and influence our Church can compare favorably with any in the Village. During the past year the members in and about Lachute have been exerting themselves to the utmost to render the Church attractive, by re-painting, &c., and the addition of a suitable clock in the front of the gallery. Some \$80 were expended, the greater part of which has been met. They have also removed during the past year, from the same Church, a debt of \$220, leaving only a debt of \$100 as ground rent, though that may shortly be removed. The Lachute friends have also assisted in liquidating a debt on the Brownsburg Church of \$50. As none of the other funds have suffered from the extra efforts in this direction, even without the proceeds of the Annual Tea Meeting, we feel encouraged to pray that that God, who has granted liberality, would also grant to the members of Lachute every other grace of the Spirit. The earnestness of expression at our last Love Feast led us to believe that there are fervent prayers offered up for a revival of the work of God. We have found the Lachute people exceedingly kind.

## NORTH GORE.

North Gore, with three adjacent appointments, was separated from La. Chute Mission last June. Our people throughout the Mission highly approve of this change, the necessity of which they saw and felt long before it took place; and, as soon as it became known, they resolved to do all in their power to assist the Missionary Committee in sustaining the Mission. In reviewing the labour of another year on this field, we have much cause to "thank God and take courage."

Religiously, the year has been prosperous. Our field meeting commenced on Sabbath, July 14th, and closed the following Tuesday evening. Brother Chalmers, of L'Original, and Brothel Kilgour,

kindly assisted us in these special labours, which were abundantly crowned with success. The political excitement which immediately followed these services greatly retarded the progress of Zion, and, owing to domestic and personal affliction, we were not able to spend much time in protracted meetings.

We have three Sabbath schools in successful operation: Members, 96. On trial, 20.

WILLIAM S. McCULLOUGH,

#### NEW GLASGOW.

In some respects the contemplation of the labours of the past year is highly satisfactory. The ordinary means of grace have been regularly sustained, and the special revival services owned of God not only with quickening of our members, but also in the conversion of some souls to Christ. Several of the members who had been meeting in class for some length of time, without enjoying the blessing of justification, sought the pardoning mercy of God, and obtained the witness of the Holy Spirit, and some others were enabled by faith to obtain the blessing of entire sanctification.

We have also an interesting Sabbath School in connection with our church in Mascouche; several of the children meet in class, and owing to the indefatigable labours of the superintendent of the school, this is in a prosperous condition.

During the year our church in New Glasgow has been repaired—bricked and painted—at a cost of \$220, which sum I am glad to report has been paid. In this matter, however, much thanks is due the kind friends in Montreal, who nobly assisted us by subscribing \$50 towards its liquidation. So that, with the exception of a small balance due on the parsonage, we are out of debt. Members, 84.

JOHN SCOTT.

#### SHAWBRIDGE.

While the Mission has not been free from discouragements, yet, to the glory of God, we can report our labor has not been in vain; sinners have been converted, backsliders reclaimed, and believers quickened. After deducting for excisions and removals, we can report an increase of five. Also the Mission has done better financially than it has for some years past. Membership, 89; On trial, 15.

#### RAWDON.

The year now drawing to a close has been one of trial to this Mission. Emigration has deprived us of some of our Members, and

KILGOUR.

a partial failure of the crops has pressed so heavily upon us, that, notwithstanding the praiseworthy efforts put forth, we are compelled to report a financial decrease. Death has carried off two of our Members, but the testimony they left assures us they left the Church militant to join the Church triumphant. During the first three months, personal and family affliction caused the regular ministrations to be partially interrupted, but, since that time, they have been regularly maintained. There is no perceptible change in the numbers attending our Services.

Our two Sabbath Schools are in operation, and, we trust, working hopefully. Much interest is manifested by the scholars in the Catechism Classes.

One Class is beginning the Third, after having carefully studied the First and Second Catechisms, and having passed satisfactory examinations upon them. We consider a thorough training in our Catechisms of great importance, as the hope of Wesleyan Methodism in this place is (owing to the limited Protestant population), emphatically in the youth.

We trust and pray that the seed sown has taken root and will bear fruit to God's glory. The Bible Class is well attended, though the distance at which the scholars live from the Church is a serious obstacle. We have added some interesting books to the Library during the year, which render this means of imparting religious truths more attractive. Members, 63; on trial, 1.

## POINT LEVI.

The Camp Services among the Military, at Point Levi, during the summer and fall months, were well attended; and many of them were seasons of spiritual power and profit. I preached in the open air at the Camp every Sabbath morning, at a quarter past eight o'clock. I visited the men in their tents on the week days, and distributed several thousands of tracts among them. These labours were followed by some fruit, although the men who were in the Camp last summer are all gone to other Stations. I visited the men of the Royal Artillery while at practice on the Island of Orleans, distributing tracts among them. I have visited all the Military Hospitals, both in the City and Camp, regularly every week. I am happy to state that the performance of my duty among the Military has been a source of much pleasure and profit. I have met with nothing but kindness and respect, and I think several have been converted to God, and brought into His Church by my instrumentality.

With respect to the Seamen, I have preached to them as regularly as I could at eleven o'clock on the Sabbath morning.

Our services in the Town of Point Levi on the Sabbath evenings, at half-past six o'clock, were well attended until we lost our preaching place in the month of March. I fear nothing will be accomplished until we can build the Church on the site already secured. A goodly number of the people desire it, and are willing to do what they can. A Church in Point Levi has become an absolute necessity this next year; unless we are prepared to throw away one hundred, or one hundred and fifty of our Military adherents; and send them to see and hear the mummery of a ritualistic service. The Chairman of the District preached alternately with myself at Point Levi, and is thoroughly acquainted with the circumstances and requirements of the place.

My services on the Sabbath, during the time the Military were in Camp, involved a walk varying from eight to twelve miles; and though often tired *with*, yet never tired *of* my work. I trust that the seed I have endeavoured to sow will spring up and bear fruit to the honour and praise of God, in some thirty, in some sixty, in some an hundred fold.

## MELBOURNE.

This Mission has for a series of years been contending with great difficulties, which, not being thoroughly understood by those not acquainted with the locality, have placed it in a disadvantageous posi-

tion. Melbourne is the rendezvous for all false teachers and false Christians. Here they seem to try to find a centre for their operations, and though they have not succeeded in accomplishing this object, they have succeeded in producing a covert kind of infidelity; the most disastrous in tendency, because of its silent influence on the character of the youth of the community, leaving them without any firm basis for faith or practice, and removing from them the only ground of hope. Of late years, the doctrine of the second coming of Christ has been strangely perverted by the teachers of a variety of the most absurd theories. Annihilationists have been busy endeavouring to instil the doctrine of no punishment after death, and no resurrection for the wicked. A strange conglomeration of teachings, utterly subversive of true religion, have been promulgated during the past year. The people have been taught the unscripturalness of the Christian Ministry; the absurdity of prayer for the spirit; that Infant Baptism is contrary to the Scripture; that man has nothing to do in relation to personal salvation, &c. Such teachings, so agreeable to depraved humanity, has met with some success. No souls appear to have been saved from sin; but a great many seem to have satisfied themselves they have nothing to do. These and many other circumstances render close, vigilant, continued, and cautious effort to neutralize such teachings. The members of our Church have not increased, and it may be judged, therefore, that our Society's operations have not been successful. But when we think of what the doctrines of Methodism have presented, as well as visibly accomplished, it will be seen that the money and labour bestowed by the agents of our Society, have not been in vain in the Lord. It is a remarkable fact that, none of the errors named have been able to establish a footing. Vice has been restrained. The moral standing of society is of a high order. The Sabbath is kept holy. The attendance on the various places of worship is respectable, and the various organization of the "Church General" are freely supported. Methodism has accomplished a work in this part of the Township no other body of the Church seemed to possess force enough in its economy to accomplish. It has been the barrier to many an advancing force of evil; and if the Missionary Society will only continue to sow the seed of the Gospel, a bountiful harvest will ere long be reaped. Our congregations are better than they have been for years. A kindlier feeling towards Methodism is being cherished. Especially upon the young people the Spirit of God appears to be working, and those who have been called from the connection with the Methodist Church militant to the Church triumphant, have all left a testimony bright and clear that they have gone to be with Jesus.

## SHERBROOKE.

Much disappointed at being colleague—less this year, your Missionary has nevertheless endeavored, single-handed, to labor on at God's command, and would now humbly offer all his work to Him. The seven appointments on the Mission have been attended to; some in a rather desultory manner. During seasons of special effort the "one wanted" was greatly needed, the Superintendent feeling painfully his inability to be in more than one place at one time. Where the Classes are regularly met the membership test rule has begun to be applied, thus lessening the roll. Those brought to God last year are doing well, and at Sherbrooke and Lennoxville the fruit of extra services this season is seen in those of whom the Pastor can joyfully say, "The seal of mine apostleship are ye in the Lord."

A hearty movement at Lennoxville has relieved the church in that Village from a debt that was venerable from its antiquity, dating back nearly a score of years. At Sherbrooke a shed has been built. To sum up what can be represented by figures, there is a nett increase of seventeen members, and a fair improvement in the connexional funds. The cry of the Mission is still, "Cannot the Missionary Committee send us a second man?" Members, 137; on trial, 24.

## EATON.

In making this third report of this field of labor, I am happy to be able to say that I am convinced that we are laying the foundation of a permanent and prosperous cause. Our work may not be so imposing as the work of those who labor when the building is further advanced, yet all will allow that the foundations are of first importance.

Our greatest ground of hope for this field arises from the kind and earnest manner in which our official brethren, and the membership generally, engage in the work of the Lord. With steady earnestness, as intelligent workers, of strong religious convictions, many of our people take hold of their work, such as the sustaining of the Missionaries, who labor with and for them; the Sunday School work; and the Missionary work. A few do not manifest that appreciation of the Class-meeting which they ought.

For the Sunday Schools we have purchased during the year two new Libraries, with maps, &c. Some of the Teachers have purchased Dr. Whedon's excellent Commentary. We find the Sunday School Harp a valuable Sunday School auxiliary.

During the year a new Church scheme has been set on foot. At Island Brook, Newport, Mr. Cyrus A. Bailey and son, have given

JEFFERY

about an acre and a half of land, and \$100, to the building; which is to be 32 x 45, and to cost \$900 or \$1000. The work, excepting the pews, pulpit, and painting, has been contracted for. A subscription for a Parsonage at Cookshire, where it is very much needed, is being circulated with very encouraging success.

A review of three years awakens emotions of gratitude to the Great Worker, "who only doeth wondrous things." In this time the membership has increased from 98 to 154. Two new Churches have been built, and dedicated, and almost out of debt, besides the Church now building. The debt on Cookshire Church has been assessed, and by the liberality of Brother Sawyer, the heavy load of debt has been removed from our Church property in Sawyerville.

One great reason why so few, comparatively, in this section of country, are professing Christians, or even Church-going people, is neglect of the children. During the three years several Sunday Schools have been established, and have been carried on in such a way as to excite our highest hopes for their future usefulness. Many of our people bring their children with them to class, and where there are evidences of desire after God, and a purpose to please Him, I have given the children "Catechumen's Tickets," thus showing that they have a right to the blessings of the Gospel, and a warm place in the heart of the Church of that Jesus, who said, "Suffer little children to come unto me."

By the aid of Brother E. S. Orr, we have sold a large number of our books, with encouraging results.

GEORGE WASHINGTON,

DUDSWELL.

When this Mission was divided last year, it left us with a membership of 25, but God has been pleased to pour out his Spirit upon us, and the revival spirit has been felt in every appointment, so that we report an increase of 25. We have had no deaths or losses by any means, for which we feel truly thankful. Our members nearly all meet in class, regularly. Our Quarterly Board works well, and a more liberal people I have never labored amongst. They have succeeded during the year in erecting a parsonage in the Village of Marbleton, upon which there is no debt, and also in wiping off a troublesome debt from the Church property. We have two Sabbath Schools in good working order, and intend to organize another immediately. The future for this Mission appears very encouraging, and we would ascribe all the praise and glory to our Divine Redeemer. Members, 40; on trial, 10.

 Mission presents many hindrances to the efforts of the Wesleyan  
 Missionary—want of Churches, Class Leaders, &c.  
 There has been above two hundred and forty seven dollars expended  
 on the frame of a new Church in the village of Robinson, but the con-  
 ditions in the deed were not fulfilled. A promise has been given when  
 we finish the outside to cancel the restriction in the deed.

It has been a year of great trial. But we are not without indica-  
 tions of a degree of success. There is better order, larger Congregations,  
 and more religious interest manifested at some of the appointments.  
 Two new Sunday Schools have been organized and another re-organized.  
 They have been kept up during the year except the one in V. H. was  
 closed for a few months during the winter, in consequence of the  
 delapidated state of the School House. There is need of an ordained  
 Minister on this Mission.

No work so noble as preaching the glorious gospel. May God give  
 us clearness and power to preach repentance, faith, and holiness,  
 "and let the whole earth be filled with His glory." Members, 27;

On trial, 11.

**DANVILLE**

The reproach of spiritual barrenness has been grievously removed  
 from the Church. A goodly number have been, we believe, truly  
 united to Christ; and some give evidence of high attainments in  
 holiness.

On coming to this Mission, we found the names of a hundred and  
 ten as Members of the Church. Of these, we lost as follows:—drop-  
 ped, seven; by giving up an appointment, three; removals, fourteen;  
 deaths in the Lord, four; total, twenty-eight,—thus reducing the  
 original Membership to eighty-two. But there has been added to the  
 Church fifty-one, enabling us to report a net increase of twenty-three.

Of the whole Members added to the Church, over forty have been  
 received during the year now closing. Among them are many families,  
 so that the sphere of Methodism in this section of the country is  
 greatly enlarged. Four new Classes have been organized under the  
 leadership of faithful men. We have, heretofore, feared that it would  
 be very difficult in these Townships to secure suitable men for the work-  
 ing of our system in its primitive simplicity. God has, however,  
 shown us in our limited sphere the groundlessness of such fears.  
 When it pleased Him to pour out His spirit upon us, not only were  
 souls converted, but men were raised up to take charge of them.  
 May they prove faithful! There are other indications of spiritual  
 growth which ought not to be overlooked; increased Congregations,  
 tearful attention, and in several instances anxious enquirers about the  
 way of life.

Our Circuit increase will be greatly in advance of last year. The people have evinced their affectionate regards in ways of which mention cannot here be made, and in breaking up a relationship so endearing, we would earnestly commend them to God and the word of His grace. Members, 103; On trial, 30.

ROBERT H. SMITH.

NEW IRELAND.

There are on this Mission seven appointments, one hundred members, and about four hundred hearers. The people are kind, though many of them are very poor. Four of our members have died during the year, and twenty have removed. The appointments have been regularly supplied during the year, and we have reason to believe, with some degree of success. Though there have been, and are still, some peculiar difficulties on this Mission, we are hoping and praying for better days. To God be all the glory. Members, 94; on trial, 7.

JOHN RUSSELL.

DURHAM, P. O.

At all our appointments there is a manifest spirit of hearing which, I trust, shall ere long result in a rich harvest of souls. If we said that we had no trials, then the orthodoxy of our faith, or the faithful-ness of our discipline would, probably, be questioned. We are of the number in whom our Master said, "In the world ye shall have tribulation."

Our membership is pretty closely represented by the figures of last year, but our finances, connexionally considered, are much in advance. The "home" which my predecessor provided for himself and his successors, we find to be very comfortable, and a little more has been done this year in improvements to the premises, and in providing furniture, &c., whilst a small debt yet remains. Members, 100; on trial, 1.

PORT NEUF.

We have much cause for thankfulness that our little Society in Burglouis is striving to walk in the fear of the Lord, and in the comfort of the Holy Ghost, and to labour and pray for the prosperity of Zion. During the year, one of the oldest of our number has gone; an aged father fell asleep in Jesus.

One Sabbath School has been recently organized, although I have not time to devote much attention to it.

This Mission is so large that your Missionary is not able to do more than one-half of the work. One part of the Mission (Valcartier), I

have had to neglect very much this year. On this part alone there are over nine hundred of a protestant population; and although we have no Society there, (for we have never been able to give them much labour), yet the people have nobly gone to work and have prepared timber for a Methodist Church, and are very desirous to have a Wesleyan Missionary labouring among them. Some among them are thirsting for the water of life. Their cry is "Come and help us." They love the form of Godliness in their midst; but they want a home where they can receive and enjoy the power.

I have succeeded in obtaining one hundred dollars in cash to help them with their Church. May the Great Head of the Church come with his servant that may be appointed to labour on this Mission for the next year.

WILLIAM ADAMS,

METIS.

The congregation of this isolated Protestant settlement manifests a growing interest in the sanctuary services, attention in hearing, reverence in worship, and general consistency, are marked and encouraging features. The inner circle, or membership, has increased from 15 to 23. Satisfaction has been frequently expressed by those who have united with us, at the benefits received in our peculiar services, and I think that it is acknowledged, generally, that the advent of Methodism has been salutary and vitalizing; by God's good hand on it, it is shewing itself to be, "The friend of all, the enemy of none."

The Sabbath School has been conducted with much self-sacrifice and vigor by the ladies of the family of the late Rev. W. Macalister, and is furnishing spiritual food for more than 70 children and young persons. Some dozens of the Gospels and Epistles have been distributed amongst our Canadian neighbors. These, generally, were well received, but I regret to have to add that some of them were burned by order of Spiritual instructors.

As a branch of the witnessing Church our duty is clear, to hold one and let our light shine. Members, 17; on trial, 6.

GASPE.

We feel thankful to be able to say that we have been enabled, uninterruptedly, to pursue our labours during another year. A kind and merciful Providence has granted us health and strength; and likewise very graciously preserved the lives and health of our members. We have lost but two by death during the year. One of these, however, was our Circuit Steward, which is a very great loss to our Mission.

But we have lost very largely by removals; no less than 16. Many of them have gone to the Province of Ontario to add to its numbers on Circuits and Missions there. We have commenced the work of Church building at Gaspé Basin during the year, the head quarters of the Mission. We had a heavy job grading the ground, which was a slope, but we finished it, and built a good stone foundation, on which we have raised our frame 30 x 50, and covered it with inch boards, tongued, and grooved, and we have the boards on the roof; but not the shingles. We have the shingles, however, on hand, and the windows made, and we are now engaged in fencing the ground with a good picket fence. Our membership is very small here, so our work progresses very slowly. We require a great deal of foreign help.

We have likewise finished the work of ceiling inside our Roseville Church.

Our finances are a little behind last year.

We are passing through a very severe financial crisis, on account, mainly, of failure in the fisheries, and the high price of provisions. There was likewise a great failure in the hay crop last year, in consequence of which nearly half the cattle along the coast were slaughtered.

But I trust, spiritually, we have not been retrograding. We have been steadily going on in the discharge of our Christian duties and work. I trust many of our people are laying up treasures in heaven, though they may not lay up much on earth. Members, 80.

This Mission, in consequence of the removal of our members, is weak, numerically and financially, yet, for various reasons, it is desirable to preserve it and make it vigorous; to this end it is recommended by the District Meeting to unite Cassville to Hatley, and

#### CASSVILLE.

The Cassville Mission has done well. The contributions to the connectional fund are very respectable, and in the new appointment visited by the Missionary there has been a gracious work, and considerable additions made to the membership.

Members, 50; on trial, 15.

#### COATICOOK AND BARNSTON.

On this Mission we have five regular appointments, and one where I preach occasionally. Last year fifty-nine members were reported. We lost three by death and three by removals; and in renewing the tickets I was obliged to drop ten for unfaithfulness, thus reducing our numbers to forty-three. But God was pleased to give us three members from other circuits, and twenty-one new converts from the world four of whom are on trial, an increase of eight. Three others were converted during the year, joined the Church, and were doing well, but before the close they removed to other circuits. Our finances and congregations have improved, and also our piety, hence we have good Class Meetings. Members, 63. On trial, 4.

J. E. RICHARDSON.

#### GEORGEVILLE.

During the past year the Lord has been with us, and some addition have been made to our Society. By the blessing of God we have been permitted to form a Class in Georgeville which bids fair to succeed. The debt on the Church is paid. After many struggles, the seed-time appears to be merging into the harvest. May the Lord speed it. Members, 35; on trial, 15.

M. M. JOHNSON.

#### EAST BOLTON.

It is a matter of thankfulness to Almighty God that your Missionaries are able to report an increase in all the financial returns of this Mission, a large accession to our membership, as well as a higher state of spirituality in the Church.

The term allowed for our continuance now expires, and it is with feelings of sorrow that we are compelled to leave a kind and affectionate people. Members, 127. On trial, 10.

EDMUND E. SWEET,  
RICHARD ROBINSON,  
FRELIGHSBURG.

Last January our Frelighsburg Church, — one of the most beautiful in this District, — was opened for divine service. It is erected in a conspicuous position, and is 35 x 48 in size. It is built of brick with belfry and spire, and cost \$3,500, of which \$2,700 is already paid. Provision has been recently made to pay the entire debt on our Parsonage by three payments of one hundred dollars each, which are due on the 1st of June of the years 1868, 1869 and 1870. On the Abbott's Corner Church, \$256 have been spent in repairs. Whilst not without evidence of spiritual improvement, we have not as yet received those copious showers of blessings for which we have labored and prayed. With regret we report a diminution of five in the Membership. By removals we have lost seven. Four have been dropped and one expelled. The partial failure of the Missionary's health has rendered it impossible for him to engage in many special services. Members, 72; On trial, 2.

JOHN DAVIE.

FARNHAM.

We have to report a small increase in membership, notwithstanding removals by death and otherwise. Four of our members have, we believe, passed away in the hope of a blissful immortality. On some parts of this field of labour, there are, we rejoice to know, signs of spiritual prosperity. Financially considered, the returns for the expenses of the Mission are greatly below the amount required, though the other funds as a whole, have been tolerably well sustained. Members, 73; On trial, 2.

THOMAS WOOLSEY.

SUTTON.

In giving a report of this Mission, we have but to say that our congregations are good and we have been able to meet them regularly. The divine spirit has been felt in a measure, and some have been converted to God. The spirit of Christian fellowship has been graciously felt, and joy has been ours while worshipping before the Lord. Members, 43.

## CONCLUSION.

In reviewing these records of a year's labor, the Committee acknowledge the goodness of God, who is the hearer of prayer, in the frequent instances of the out-pouring of the Holy Spirit in many places within the bounds of these Missions, resulting in the conversion of souls,—in the happiness of thousands under the care of the Missionaries of the Society—in the peaceful, and, often triumphant deaths of many whose time was run out, and whose work was completed—and in the extension of the Redeemer's kingdom.

The year has also been signalized by many successful efforts to remove and reduce debts upon Churches and Parsonages; it appears to be a settled design with our people to have none of these edifices encumbered with debt; they properly belong to the Lord and his services, and no other claimants should be in existence. In addition to these movements, the Committee rejoice in the greatly increasing number of Holy Sanctuaries, "Temples of Grace,—The bulwarks of our land"; more than one per week has been commenced for every week in the year, connected with the history of the Missionary work alone. Some of these are commodious, tasteful, and substantial buildings.

Increased attention to a regular observance of the Class Meeting, forms another cause of gladness; whilst the growing interest in Sabbath Schools, organized according to our own Conference system, has been one reason for so large a portion of the Society's Income coming from juvenile sources,—this amounting for the present year to \$8470 60. These gratifying tokens of the zeal and devotedness of the Society's agents lead the Committee to the expression of gratitude for the past, and confident hope of the future. "Blessed be the Lord, that hath given rest unto his people Israel, according to all that he hath promised."—"The Lord our God be with us, as he was with our fathers: let him not leave us, nor forsake us. That he may incline our hearts unto him, to walk in all his ways, and to keep his commandments, and his statutes, and his judgments, which he commanded our fathers." 1 Kings, viii. ch., 56, 57, 58. vs.

EXHIBIT FOR THE YEAR 1854

WESLEYAN-METHODIST MISSIONARY SOCIETY

**FORM OF A BEQUEST**

**TO THE WESLEYAN-METHODIST MISSIONARY SOCIETY.**

I give, devise, and bequeath, to the Treasurer or Treasurers, for the time being, of the Wesleyan-Methodist Missionary Society of Canada, the sum of

to be paid and expended by them under the direction of said Society in the aid and support of the Missionaries upon the different Mission Stations of said Society, and the receipt or receipts of such Treasurer or Treasurers, for the time being, shall be a sufficient discharge to my Executors. And the published minutes of the Conference of the Wesleyan-Methodist Church in Canada shall be a sufficient evidence of authority for the said Treasurer or Treasurers upon which to demand and receive payment of said bequest.

Benevolent Friends wishing to devise lands or the moneys realised from the sale of lands to the Missionary Society should devise such lands to Executors in Fee Simple, with power to sell and convey the same with directions to pay the proceeds arising from such sale or sales to the Treasurer or Treasurers in the manner above set forth.
