### CARDS OF THANKS

CARD OF THANKS—We wish to thank the friends for their kindness and sympathy after the death of our mother, also for the beautiful floral offerings.  
Miss Cora M. Laniz, Mr. and Mrs. Ralph Legas and family.

CARD OF THANKS—We desire to express our appreciation of the many deeds of kindness during our sad bereavement, and to those who made such beautiful floral tributes, and sent letters of sympathy.  
Margaret Oliver, Howard Oliver.

## Came Across Continent in Motor Boat

Completing all but the last lap of their trip from Los Angeles to New York—across the whole continent—in an eighteen foot long motor boat, two Americans, John Hoag and Frank S. Wilton, met to mention Spy-Wapato, their dog, arrived recently in Montreal and stayed for a day or two before proceeding to New York.  
The entire distance was covered by water with the exception of one portage of 400 miles from Cello Falls, Washington to Port Benton, Montana. Their boat, the "Transcontinental" is an 18-foot craft, 5 feet abeam, and powered with two four horse power Eclair outdoor motors. They left Astoria, Oregon, May 20, after having their boat shipped up the coast from Los Angeles. The route was via the Columbia River from its mouth to Celilo Falls where the boat was loaded into a box car and sent on 400 miles to Port Benton where the journey was resumed down the Missouri River for 2,280 miles into the Mississippi to St. Louis, then up the Mississippi to the Illinois River as far as Ottawa, Illinois; through the Illinois and Michigan Canal to Joliet, Illinois; and through the Chicago Drainage Canal into Lake Michigan. From here the voyage was plain sailing to Montreal, where they landed at the Canadian Pacific Pier No. 8, having moored their boat alongside the "Montcalm".  
Messrs. Hoag and Wilton followed in reverse direction the course of the early explorers, Columbus, Hendryk Hudson, Champlain, Cartier and La Salle. Their mishaps commenced early when, in the Columbia River they ran aground of a sunken log which tore the stern out of their boat. After this misadventure, which they finally weathered safely, they had comparatively no bad luck, except for the tornadoes, heavy storms and risky runs down little-known rapids, which might naturally be expected.  
Their adventure is unique, the only attempt previously made being about 18 years ago when a similar expedition ended at Bismarck, North Dakota, after traversing the same route. Then, however, the adventurers were so held up by adverse conditions that they were overtaken by winter and their boat was crushed in the ice.

### EAST TORBROOK

Mr. and Mrs. M. D. Cole welcomed a little daughter on Sept. 14th.  
Mrs. Frank Thompson and son, Maurice are spending sometime at the home of her parents, Mr. and Mrs. R. B. Banks of Torbrook Mines.  
Messrs. L. E. Uhlman and W. S. Marshall returned from a few days hunting at Looch Lake. They were not successful in securing a moose.  
Mrs. A. E. Richardson of Harmony has returned from a few days spending sometime at the home of Mr. M. C. Cole's.

### LAKE PLEASANT

Oct. 5—Mr. Mike Emco has moved to Stanburne.  
A number of men and boys left today for the Valley, where they will pick apples.  
Mr. and Mrs. Ernest Acker, Ralph Acker, Arthur Acker, Ansel Sproule and Victor Timmonds of Waterville spent Sunday, Sept. 27th here.  
Quite a number of moose hunters are in this vicinity. Several moose have been shot.  
Messrs. Harry Wile, Wilfred Acker, Ace Varner and Wilbert of the Hol-Higginbotham & Whitney Survey are at their homes.  
Mr. and Mrs. Eldon Acker and family of Nictaux were the guests of Mrs. Cornelius Acker on Sunday, Sept. 27. Mr. Gerald Woodworth of Nictaux spent Sunday, Sept. 27th at the home of Mr. Angus McGill.

### OBITUARY

Mrs. Sarah Oliver  
The death occurred at her home, Port George, on Saturday morning, October 3rd, of Sarah Oliver at the age of 75 years. She had been an invalid for a number of years, but her death came suddenly of pneumonia, after a few hours illness. Mrs. Oliver was the widow of Willett Oliver, who predeceased her about fifteen years ago. She was the youngest daughter and last surviving child of William Parks, whose family is one of the oldest in the life of that community.  
Born in Port George, she spent her whole life in the same village. Mrs. Oliver leaves a son, Stuart, in Lynn, Mass., and another son, Howard, and a daughter, Margaret, at home.  
The funeral services were held from the Methodist Church on Sunday and were conducted by Rev. A. E. Higgins, assisted by Rev. Dr. M. W. Brown. Interment in Port George Cemetery.  
The floral tributes were very beautiful, consisting of the following:  
Wreath: Mrs. E. S. Spurr.  
Cross: Mr. and Mrs. John McAndrews.  
Roses: Mrs. Mary Hayes.  
Cross: Carroll and Linda Anderson. Pillow: Mr. and Mrs. Lewis Merry. Cut Flowers: Mr. and Mrs. G. B. Reed; Elbert Craig; Mr. and Mrs. H. L. Elliott; Mr. and Mrs. George Foster; Mr. and Mrs. G. N. Beagan; Mrs. W. W. Banks; Pauline and Louise Foster; Mrs. A. B. Anderson; Mrs. Darius Best; Mrs. Joshua Hayes; Miss Eva Parks; Mr. and Mrs. Melbourne Donnelly; Mr. and Mrs. J. N. Hines.

### UNITED CHURCH YOUNG PEOPLE ORGANIZE

About 35 young people of the United Church met at the church last Friday evening in a social way, and had an enjoyable time. At the close of the program, a discussion of plans for the winter followed. It was decided instead of re-organizing the Tuxis and senior C. G. T. groups, to carry on the organization, including all the young people connected with the church.  
Officers were appointed as follows: President, Roy C. Elliott; Vice-President, Miss E. Andrews; Secretary, Miss Mireva Baker; Treasurer, Miss Vera Armstrong.  
Various phases of church work will be taken up at the meetings which are to be held weekly on Monday evenings.

### "Always-Ready" Battery Electrolyte Now Here

We are now prepared to give Battery Service with the wonderful solution that puts new life into the old battery. "Always-Ready" is a solution that contains less than one-half as much sulphuric acid as the old electrolyte, and is therefore one-half as harmful to the plates of the battery; will not eat off nor corrode the battery terminals; nor run the battery case. "Always-Ready" acts upon the plates of the battery, consumes the sulphation caused by the sulphuric acid in the old solution, and frees the plates from their choked-up condition.  
"Always-Ready" when used in a battery where the plates are still good will charge instantly, giving snappier starting, brighter lights, now and longer life.  
"Always-Ready" is an anti-freeze liquid, with the use of it your battery is always safe from the unexpected frosts of the early winter, or any from hereafter.  
With the use of "Always-Ready", Radio Battery will hold their charge a third longer and will always be in a healthy condition.  
If you wish your battery to be completely rejuvenated and given a new lease of life, bring it in to us at your earliest convenience and then MARVEL AT THE CHANGE.

Mr. and Mrs. Foster Bruce and their daughter Shirley of Brooklyn and Mrs. Eva Bruce of Middleton spent Sunday last with Mr. and Mrs. Sumner Brown. Rally Day Services were observed in the Baptist Church on Sunday evening last. The Passover given by the young girls was a very pleasing feature. A large number was present and a good collection realized.

Mr. Arthur Pearson arrived from Middleboro, Mass., on Friday last and visited his family at the home of his parents, Mr. and Mrs. J. E. Pearson. Mr. and Mrs. Andrew Clark and daughter, Edna, and Miss "Elysia Lodge", Bridgetown and Miss Ellen Marshall of Clarence spent Sunday, at the home of Mrs. Clarke's brother, Mr. Stanley Gates. The Misses Clark and Marshall are leaving next week for Boston, where they will enter a hospital, as student nurses.

Mr. Vernon Pearson, who is studying Law at Bridgetown, spent the week end with his parents, Mr. and Mrs. J. E. Pearson. Miss Edna Amburst, who has been spending a few weeks with her cousin Mrs. George Fowler, has returned to her home.

Messrs. L. L. Chute, Frank Goucher, W. C. Spurr and Wylie Goucher, have returned from a hunting trip spent in the South Woods. Mrs. Harold Mason and children, Marguerite and George, spent a few days with her parents, Mr. and Mrs. George Brown.

Miss Eva VanBuskirk was the guest of her sister, Mrs. H. Armstrong of North Kingston recently.

### SOUTH WILLIAMSTON

Mrs. B. M. Shankel spent a week in Liverpool recently. Our young people enjoyed a "Corn Ball" on Monday evening Sept. 21st. About 25 were present including a number from Nictaux. Music was furnished on the popular "Uke" by Miss Maxine Morse.

Miss Marion Shankel left on Thursday, Sept. 24th, for Wolfville where she will attend Acadia University. Mr. and Mrs. Fred Shafter Miss Margaret, Richmond and the Misses Maxine Morse and Vivian Porter spent Saturday, Sept. 26th, at the latter's home in Hamilton.

Quite a number of our young folk attended the "Pie Sale" at North Williamston last Wednesday evening. Miss Edith Shankel spent the week end in Wolfville, guest of her sister, Marion.

Miss Vivian Porter of South Williamston and Miss Marjorie DeWitt of North Williamston spent the week end at their homes in Bloomfield. Rally Day was observed Sunday evening by our Sunday School. The exercises were very much enjoyed especially the pageant. Much credit is due Miss Porter and Miss Ellen Shankel, who directed it.

Mrs. E. W. Crowell left on Monday for Saug Harbor, called there by the illness of her mother, Mrs. Nickerson.

### NORTH SPRINGFIELD

Moose hunting is the order of the day. Mrs. Louisa Mason has returned home after spending a few weeks at Wolfville.

Messrs. P. L. Sahan and E. M. Sahan of Arlington spent a few days last week at the home of A. B. Safford.

Mr. and Mrs. V. L. Hoop of Berwick have been visiting in this place. Mr. Hoop was one of a party of hunters who was successful in getting a moose. Dr. L. Morton and family of Yarmouth are guests of Mr. and Mrs. A. G. Morton.

Mr. M. Nelly of Torbrook is visiting at the home of J. Conrad. Mrs. J. E. Pearson of Berwick is visiting Mrs. Harry Grimman. Misses Beate Allen and Lenzie Hart visited friends in Falkland Ridge last week.

Mr. and Mrs. Arthur Dorey and family spent the 4th in East Dalhousie.

**IF ABUSED CREDIT IS HARMFUL**

All trades and professions are preyed upon by unscrupulous credit-mongers, who make an art of dodging bills. It is not that they cannot pay, but will not. The family which falls into misfortune and duns up a charge account with the intention of making an honorable settlement at the first opportunity, is not the greatest worry of the tradesman. He knows that he has a better chance of being paid eventually in such a case than in the case of the person who is able to pay but does not. It is hopeless to expect reform from the professional bill-dodger but there are others who may be amenable to persuasion. Getting in debt is, with many, a habit which like all habits, grows the more indulged in. It is being over indulged in on every side these days and it is time defaulters are called to account. Dealers are largely to blame for the condition, for it could be cured if less leniency were shown. The person who ignores his—or her—just debts, not out of necessity, but lack of principle, is an enemy of society. Credit is not necessarily an evil. By it homes have been beautified and the dignity and comfort of life enormously improved. Extended too far it does indeed become a "curse." What is needed is for the public to be educated to the right use of credit and for the scoundrels to be dealt with according to their deserts.

**Here and There**

According to the official records one hundred and thirty whales have been caught by the Victoria, B.C. whaling fleet so far this season. The sperm whale is the most plentiful this year.

It has been estimated that over one hundred and fifty thousand people attended the Calgary Stampede this year. A historical pageant more than five miles long was the opening feature of the jubilee.

With an estimated attendance of five thousand each, twenty conventions have been booked to take place in Montreal for August, September and October, according to figures from the Tourist and Convention Bureau of that city.

It is expected that when Hon. Honore Mercier, Minister of Lands and Forests, returns to Canada, a thorough organization of the aviation branch of the Quebec Lands and Forests Department will take place. It is reported that the Province is to purchase several more hydroplanes, to be used for forestry research work, as well as for combating forest fires and other work.

Church dignitaries, statesmen and thousands of laymen congregated in ancient Quebec to be present at the wonderfully impressive ceremonies attendant upon the burial of the late Cardinal Beign. The Basilica, which has only recently been reconstructed and opened to the public, presented a scene of colorful beauty and majestic dignity while the profoundly sorrowful services were being recited.

At this year's Cross-country Ride and Pow-wow of the Trail Riders of the Canadian Rockies it is expected that approximately one hundred riders will cover a new trail which extends from Marble Canyon on the Banff-Windermere Road over the Wolverine Plateau and past Lake O'Hara to Hector, while between 250 and 300 are expected at the Pow-wow near the Wapta Bangalow Camp. While out west Field Marshal Earl Haig signed on as a member of the Trail Riders.

On the occasion of the departure from England of a party of one hundred school-teachers on board the "Empress of Scotland" to visit Canada and study educational methods here, His Majesty the King sent the following message to the International Education League: "His Majesty congratulates the League upon the happy conception of the undertaking which will give opportunities to study the educational system in Canada and to gain an insight into her history, development and general resources.

**BE SURE ITS A MOOSE**

Put a word of warning to the scores of red blooded Nova Scotians who, until Nov. 15th, will rove our Province in search for the antlered monarch of the forests. Be sure it's a moose before YOU pull the trigger.  
Let the 1923 moose hunting season be one in which no fatal shot shall occur or injury be inflicted to a brother sportsman, to be accounted for when it is too late, by the old, old story, "I thought it was a moose."  
Remember! Every movement in the bushes must not necessarily be occasioned by the progress of a prospective trophy of the hunt. It is better to pause for a few seconds and be sure that what you think is a moose "is a moose," before shooting.  
A bullet, after it has left the gun, cannot be called back at will or turned from its deadly course by auto-suggestion.

It isn't only dead men who leave their wives these times.  
Many a young bride can make a pit but what can you do with it?

**ISN'T IT STRANGE THAT—**

The life of some insects is 24 hours only?  
Watercress is most valuable as a blood purifier?  
The color of red brick is due to iron in the clay?

Insects breathe through special pores in various parts of the body?  
Peach stones are used as fuel in the fruit-canning district of California?  
Paper can be made from practically any thing that can be pounded into pulp?

**Quality**  
The most urgent requirement in Canada's Agricultural Products

CANADA produces every year large quantities of wheat, oats, barley, butter, cheese, bacon, beef, eggs, apples, potatoes, grass seed and clover seed. Her natural outlet for these products is, of course, Great Britain—the one great consuming country of the world with an open market.

Unfortunately, nearly every other country with any surplus of food products seems to want to send its surplus to this same market. The keenness of the competition on this, our only market, and the energy and resourcefulness of our competitors began to impress themselves upon the Department of Agriculture some time ago, but it is only within very recent years that the real and only way to grapple with this problem has been discovered, or at least put into effect. This Department now believes, as do also most of the farmers of this country, that is "grading" of our agricultural products is the policy and practice that is seeing us through the struggle and will assure us of our rightful place on the British market.

"Grading" means the classifying of products, whether they be hogs, butter, cheese, eggs or anything else, into grades, to be called in a general way "BEST", "GOOD", "FAIR" and "POOR" classes.

These exact words are not used in describing the grades, but that is what is meant. The purpose served in grading is threefold: (1) Educational. When the producer sees the relative quality of his product he is spurred on to maintain that quality if it is the "best" or to improve the quality where necessary.

(2) Fair Play. When products are not graded the inferior article for various reasons often brings as much as the superior article, and the credit and advantage of putting the superior product on the market is lost to the one who really deserves it.

(3) Facilitating Trade. The dealer learns to have confidence in the article he is buying and buys more freely, because it is guaranteed by grading, and gradually everybody gets to know what the "best" article really looks like or tastes like. In short, grading brings about standardization and ensures to the producer the best price.

Canada now grades her cereals, grass seeds, hay, potatoes, apples, eggs, butter, cheese, wool and bacon hogs. The results have been in every case beneficial and in some cases quite markedly so, even though the grading system has been in effect in some cases for only two or three years, thus:—

**Cheese**—Grading began April 1st, 1922. Canadian cheese the year before had fallen into such disfavor on the British market that New Zealand cheese was quite commonly preferred. Today Canadian cheese commands a cent per pound higher than New Zealand.

**Butter**—Grading began same time as for cheese. The reputation of our butter was then indeed at low ebb. Canadian butter today, while not the best on the market, is rapidly improving in quality and gaining in reputation.

**Hogs**—Over two years ago the Department of Agriculture began to grade live hogs at the packing houses and stock yards. The 10% premium paid by the packers for "select" bacon hogs as against "thick smooth" has done wonders to improve the quality of our hogs and develop the bacon industry.

Best Canadian bacon, which ordinarily was quoted two years ago from 10 to 18 shillings a long hundredweight below Danish, has gradually grown in the estimation of the British wholesale buyer until it is now quoted at only from 1 or less to at most 5 or 6 shillings per long hundredweight below the best Danish.

This improvement in price is, of course, due to quality and has come about very gradually, the spread narrowing down by a shilling or two a month until now it is not at all a rare occurrence to see best Canadian selling on a par with the Danish article.

**Eggs**—Canada was the first country to grade and standardize eggs. These grades and standards apply not only to export, interprovincial and import shipments, but also to domestic trading. The basis is interior quality, cleanliness and weight.

Standardizing Canadian eggs has established confidence between producer and consumer and between exporter and British importer, and has resulted in a greatly-increased demand for the Canadian egg both at home and abroad. Other products might be mentioned where grading has worked to the great advantage of the producer and to the advancement of Canadian agriculture. Already Great Britain recognizes our store cattle, wheat, cheese, eggs, apples and oats as the best she can buy.

It is for us to so improve our other products, particularly our butter and bacon, as to bring them also into this list of "the best on the British market" and consequently the highest priced. Grading enabled us to do this for cheese, wheat, eggs and apples. Grading is helping us to do it for butter and bacon.

After all there's no Tea Like Morse's!

**Quality**  
The most urgent requirement in Canada's Agricultural Products

CANADA produces every year large quantities of wheat, oats, barley, butter, cheese, bacon, beef, eggs, apples, potatoes, grass seed and clover seed. Her natural outlet for these products is, of course, Great Britain—the one great consuming country of the world with an open market.

Unfortunately, nearly every other country with any surplus of food products seems to want to send its surplus to this same market. The keenness of the competition on this, our only market, and the energy and resourcefulness of our competitors began to impress themselves upon the Department of Agriculture some time ago, but it is only within very recent years that the real and only way to grapple with this problem has been discovered, or at least put into effect. This Department now believes, as do also most of the farmers of this country, that is "grading" of our agricultural products is the policy and practice that is seeing us through the struggle and will assure us of our rightful place on the British market.

"Grading" means the classifying of products, whether they be hogs, butter, cheese, eggs or anything else, into grades, to be called in a general way "BEST", "GOOD", "FAIR" and "POOR" classes.

These exact words are not used in describing the grades, but that is what is meant. The purpose served in grading is threefold: (1) Educational. When the producer sees the relative quality of his product he is spurred on to maintain that quality if it is the "best" or to improve the quality where necessary.

(2) Fair Play. When products are not graded the inferior article for various reasons often brings as much as the superior article, and the credit and advantage of putting the superior product on the market is lost to the one who really deserves it.

(3) Facilitating Trade. The dealer learns to have confidence in the article he is buying and buys more freely, because it is guaranteed by grading, and gradually everybody gets to know what the "best" article really looks like or tastes like. In short, grading brings about standardization and ensures to the producer the best price.

Canada now grades her cereals, grass seeds, hay, potatoes, apples, eggs, butter, cheese, wool and bacon hogs. The results have been in every case beneficial and in some cases quite markedly so, even though the grading system has been in effect in some cases for only two or three years, thus:—

**Cheese**—Grading began April 1st, 1922. Canadian cheese the year before had fallen into such disfavor on the British market that New Zealand cheese was quite commonly preferred. Today Canadian cheese commands a cent per pound higher than New Zealand.

Grading enabled us to do this for cheese, wheat, eggs and apples. Grading is helping us to do it for butter and bacon.

**Quality Counts**  
Quality is the first objective for the Canadian export trade, and, then, steady, regular supply. It is along these lines the Department of Agriculture is working by educational methods, and the result of this policy is seen in the growing volume of Canada's agricultural exports. Look at these figures:

"In the year 1900 I bought one of your Climax Furnaces, which I have used ever since with perfect satisfaction. It has never cost me a cent from the day I bought it till now and apparently is just as good as the day I installed it in my basement." John Miller, Bathurst, N. B.

A husky furnace, the Fawcett of 1900. But it can't be compared with the 1925 model, Pipe or Pipeless, which incorporates every strengthening element discovered in the last quarter of a century.

"The only repairs I have had on this furnace in twenty-four years was rivets on the radiator once two years ago. This radiator rivet was burned out through long and hard wear. I do not think that any one can ask a furnace to last any longer." S. R. Shirley, Bathurst.

We do, Mr. Shirley. For example, the feed neck section in all former furnaces came close to the radiator. In all the new Fawcetts it is so designed to allow free circulation of air thus lengthening the life of dome and radiator even above that of your fine old furnace.

Oct. 5—Those who took advantage of the open season for moose were Messrs Robie and Judson Armstrong; C. R. Banks; F. M. Bank; and son, Murray; W. V. Spurr; and W. H. Parker. The Banker company returned home on Friday with a fine moose. Congratulations. One of the company had left the camp about ten minutes, Thursday morning, when the moose arch of the forest walked out in front and met with a big surprise. Thanks for the nice piece of venison, we are enjoying.

Mrs. Colin Smith of Nictaux Falls spent several days of last week with her niece, Mrs. W. V. Spurr and family.

Messrs John Stevens and son, Walter and Thomas Conrad arrived home from the Harlot Excursion on Saturday.

We are glad to see Winnie Stevens able to get out again.

Miss Jessie Swallow has returned from several weeks visit with friends in the Gasperet Valley.

Mrs. Elmina Spinney and daughters, Agnes and Janina and Mrs. William Shaw were recent guests of Mrs. Adolph Pelton of Torbrook.

**PORT GEORGE**

Oct. 5—Rev. A. B. Higgins is having a string of special services during the week.

Miss Durling, teacher, spent the week end at her home in Moadowdale.

**WEDDING**

**SPINNEY-SARFIELD**

A quiet but pretty wedding took place on Thursday morning, Sept. 17 at 10:30 o'clock at the home of Mr. and Mrs. D. H. Sarfield, West Paradise, when their oldest daughter, Elizabeth M., was united in marriage to Alfred Elburn Spinney of Harmony, son of Mrs. Martha and the late Geo. E. Spinney of the same place.

The ceremony was performed by Rev. W. S. Smith of Paradise, in the presence of about twenty-five of the immediate relatives and friends of the bride and groom.

To the strains of the Mendelssohn wedding march, played by Mrs. Newman Daniels, the bride entered the parlor on the arm of her father, and took her place beside the groom, beneath an arch of evergreen and pink and white flowers, with which the parlor was tastefully decorated.

The bride was attended by Miss Hilda Shaw of Bridgewater, a maid of honor. The groom was supported by Harris Sarfield, brother of the bride.

The bride's gown was of white crepe-de-chine with pink rose bud trimming worn with tastefully arranged veil and orange blossoms and carried a shower bouquet of pink and white sweet peas. Her travelling costume was navy satin-de-chine with matching trimmings and navy coat with hat of corresponding color.

The maid of honor was gowned in navy satin and carried a bouquet of pink and white asters.

After the ceremony and congratulations a dainty wedding luncheon was served after which the happy couple motored to Bridgetown, where they took the train enroute for St. John and other points of interest.

The grooms gift to the bride was a lovely china chest in set; to the maid of honor, a vanity case; to the organist, a set of white gold pins; and to the best man, a gold watch chain.

Mr. and Mrs. Spinney were the recipient of many and useful gifts, including: cash, silver, china, cut glass and linen.

On their return from their honeymoon they will reside in West Paradise for a time.

**MOSHER'S CORNER**

Oct. 5—Mrs. Cunningham and daughter, Marjorie, who have been visiting their daughter and sister, Mrs. John Clark, have returned home. They were accompanied as far as New York by Mrs. Jane Bent who has been ill has greatly improved, at time of writing.

Mrs. Ed. Bent spent the week end at home.

"We have had one in our home for nearly thirty years and only three years ago that any replacements were required, excepting a grate being broken when shaking." — H. S. Hoyt, Weymouth, N. S.

Although there are more Fawcett Furnaces in use than any other Maritime Make, the Fawcett business wouldn't last a week if it had to depend on replacement orders. In future there are going to be fewer still, because Fawcett Furnaces of the improved type are made of sturdier material, with a greater factor of safety than ever before. Consider the new radiator: instead of being cast iron (strength, minus good radiation) or steel (radiation minus strength) its of Toncan Metal (strength, plus good radiation). We mean the progress of our industry not by the parts we replace but by the customers we please.

**This Prize**

A handsome Baby Grand steel nickel, and enamel range: a miniature but usable range, will be given for the best story, in not over 200 words, received not later than Oct. 31. It doesn't have to be about the Fawcett, though it won't be barred if it is. Tell what your furnace, your heater, your range, have meant to you: some interesting episode about them; their age; the part they have played in the Christmas banquet—anything in fact of human interest. The story is more than the style. So enter and win.

A Little Booklet Mothers Should Have

IT TELLS WHAT A MOTHER OUGHT TO KNOW FOR BABY'S SAKE.

Above all things every mother wishes that her child, or children, whatever their age, may be bright, healthy, good-natured, tidy boys and girls; clear-eyed, clear-skinned babies; good sleepers, bright wakers. Every mother's wish for her little folks is that they may be well.

It is natural for little folks to be well. No wise mother thinks that her child at any age is in a natural state unless it is well and happy. No mother can expect, though, that her child will escape all the ills to which childhood is subject, but she can do much to make baby's battles to health easily won.

A valuable little booklet entitled "Care of the Baby in Health and Sickness" has been prepared and as it is something every mother should have, a copy will be sent free to any mother on request who will mention this paper by The Dr. Williams' Medicine Co., Brockville, Ont.

DID YOU KNOW THAT—

WILMOT

Oct. 5—Miss Caroline Curry left on Tuesday to resume her duties in Butler Hospital, R.I., after spending her holidays at home here.

Much sympathy is expressed in our community for Mrs. H. R. Pierce, when it became known that her sister, Mrs. Hardy Ward passed away on Saturday.

Mrs. Treedy of Bridgewater is the guest of Mr. and Mrs. George Herx.

Mr. Fraser Morrison and his mother spent the week end with Mr. Dan Outhit. Mrs. Morrison returned to Hampton, N. B. on Monday, but Mr. Morrison will be in Wilmot some days longer, and will visit at Mr. and Mrs. Foss.

Mr. Lockwood, who has been visiting his son, has returned to Wilmot, where he makes his home with Mr. and Mrs. Chester Harris.

Mr. J. A. Botes, who was quite seriously injured last Monday, is slowly recovering.

Mr. Frank Parker of Cleveland, Ohio is visiting his brother, H. H. Phamney.

Mrs. C. C. Nichol and son, Raymond, of Weymouth, are spending a few days with her parents, Mr. and Mrs. E. J. Parker.

Mrs. Walter Whitehead of Truro is visiting her parents.

Mr. and Mrs. P. A. Baltzer were the guests of Mr. and Mrs. J. A. Dodge of Middleton on Sunday.

ANNAPOLIS COUNTY DISTRICT MEETING

One of the most helpful of District Meetings was held with the Church at Hampton on Sept. 21st. Rev. M. W. Brown, D. D., presided. Visiting members invited to seats were: Rev. W. B. Crowell and Rev. H. H. Phamney.

Rev. P. B. Hayden delivered a most instructive sermon on the words: "Deliver us from evil," Mt. 6:13. The reading of the prayer is an assurance of God's willingness to answer and to deliver us from every evil.

Rev. D. Brown gave a thought-provoking, expository address, from the text: "Knowing this first, that no prophecy of the Scripture is any private interpretation." 2Pt. 1:20. The following conclusions were drawn: 1. Scripture is not human in its ultimate origin; 2. It is divinely given inspiration of the things; 3. All Scriptures are divinely authoritative; 4. Christians are assured of the reality of Scripture; 5. It is revealed a truth of primary momentousness.

Rev. W. D. Wilson addressed a full house on the subject of Temperance. He pointed out that liquor profits of \$381,000 indicated conniving at violation of law. That "righteousness exalteth a nation" was the explanation of our attitude on the temperance question. He appealed to all to do their best for God, for home and native land. The address was informing and very much appreciated.

Routine business included appointment of denominational allotments to the churches; endorsing the license of Bro. Lindsay Gray of the Lawrencetown Church, and the appointment of I. J. Whitman, Esq. of Torbrook, to represent the County, in Halifax, at a meeting of the Amnity Committee.

Inspiring solos were sung by Mrs. Jones, Mrs. J. Marshall and sister, H.H. Phinney, while special music was rendered most acceptably by the choir.

A resolution was passed expressing appreciation of the labors and fellowship of Rev. M. B. Whitman, regret at his removal from our district and wishing him the blessing of God in his new field of labor. Another resolution voiced the gratitude of ministers and delegates to the pastor and people of Hampton for their kind and generous entertainment, and to the organist and choir for their assistance. Pastor D. W. Dixon briefly replied. This was brought to a close a most inspiring series of meetings, and the delegates separated to meet in special session with the Church at Victoria Beach on October 21—22.

Women's Handicaps

HEADACHES AND BACKACHES OFTEN MAKE LIFE MISERABLE.

A woman's health handicaps her almost always. She has pains and disabilities which do not afflict men. Nature does not give her a fair chance. Her blood is more often thin and poor than a man's, and she often neglects the first beginnings of ill health. Many women who seemed destined to a life of frequent suffering have been freed entirely from their suffering through the wonderful blood-making qualities of Dr. Williams' Pink Pills.

Many a woman toils all day with a pain in her back and side, a burning headache, and a sense of having no spine left.

What a pity women will not listen to their friends whom Dr. Williams' Pink Pills have saved from their misery. Whenever a woman suffers they will help her—in youth, middle-age and afterlife. Mrs. John Mitchell, of Middleville, Ont., gives her experience for the benefit of other women sufferers. She says:—"Some years ago I was so badly run down I could hardly walk around the house. I tried to do a few chores but was able to do very little. My boys and husband had to do the rest. If I started up stairs I had to go very slow or I would fall, and I was just played out when I got at the top of the stairs. My head ached terribly, and my heart would beat violently. In this deplorable condition I began taking Dr. Williams' Pink Pills. When I had finished six boxes I felt much better. Then I got a further supply, and by the time I had taken these I could walk anywhere without being exhausted. The headaches had disappeared and I am now perfectly well. Any woman who is run down should not hesitate to begin Dr. Williams' Pink Pills at once, as I am sure from my own experience they will build her up."

You can get these Pills from any medicine dealer or by mail at 50c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

OBITUARY

MRS. SUSAN E. LANTZ. The funeral of the late Susan E. Lantz who was so tragically killed at Kingston Station, Sept. 28th, took place from her late residence Thursday afternoon, Oct. 1st. Rev. A. A. McLeod, pastor of the United Baptist Church conducted the service. A large number of neighbors and friends gathered to pay their last respect to one who had lived a life of usefulness. The music was in charge of Mrs. Annie McEwen and was provided by a mixed quartet composed of Mrs. Morehouse, Mrs. Smith, Mr. Marshall and Mr. McKenna. Mrs. Morehouse

feelingly rendered the solo "Sleep in the Arms of Beloved Sleep."

Mrs. Lantz was the widow of the late Elias Lantz, who predeceased her eleven years. She was born in Paradise and moved to Middleton after her marriage. Twelve years ago she took up her residence at Kingston. She was baptized into the fellowship of the United Baptist Church of Paradise by Rev. Mr. Vidler, then but thirteen years old and remained faithful throughout her long life. She had attained the age of eighty years. She leaves to mourn their loss one son, Ralph, of Melvern Square and one daughter, Cora at home; also one brother, Joseph P. Longley of Paradise. The sympathy of the entire community goes out to the bereaved ones in their tragic loss.
