### THE TRUTH REQUIRED.

IT IS said by an English writer who has passed some time recently in Sweden that the idea is still strong there that Great Britain could have prevented the war, even if she did not actually cause it. The German press and the German Queen of Sweden have given a trong impulse to the local anti-British feeling. Britain is even denounced at times in the stereotyped German style as mercenary, cold and hypocritical.

After the war one thing of general advantage will be the appointment of an international commission to look into the causes of the war, the whole diplomatic literature which preceded it and make a report on the subject. To judge from Germany's unwillingness to have such questions as the Baralong on the one hand and submarine atrocities on the other submitted to arbitration, I may be difficult to get from Germany the papers, telegrams and letters which she has not yet allowed to be publish-But an international commission will have data from which to form an opinion that any intellect except a German will be able to accept.

Once a concise presentation of the facts from a non-partisan viewpoint much the worse for them. Certainly On her part Austria should restore en the truth of the matter, in order

As was announced in The Advertiser of Friday, Mooney Gibson, veteran catcher of the Fittsburg Pirates, who was released this week to the New York Giants, will not don a McGraw uniform. A dispatch to The Advertiser from Pittsburg today is direct confirmation of the previous statement that Gibson would never join the Giants because of the promise made to him last whiter that he could have his unconditional releases from the Pirates if it was decided by the weeks. They brought from See to Sec a bushel. Thimbleberries remained from the that city, and it is said that the Pittsburg fans are backing up the weeks. They brought from See to Sec a bushel. They were sent to Ellis Island to be held there until the imstorm might bring beneficial rains to Texas.

Storm warnings were up on the Texas coast. Heavy rains occurred at Victoria, Texas. The Government predicted rains or showers for Texas and unsettled conditions for Oklahoma. There was more or less selling by the south, Wall Street and local traders. Certainly there was quite a break from the top figures of the morning. Both Texas and Oklahoma need rain. The forecast too was for fair weather in the eastern belt, which is believed would be beneficial.

On the whole the weather in the eastern section of the belt was favorable. On the other hand, the report of the Giles bureau was the most buillish for this time of the season than it has ever showed. This was owing to shedding, grassy fields and boll weevil damage.

There was only an average-sized market this morning in spite of the fact that many of the products are more plentiful. This is accounted for by the fact that the farmers are busy with the crops and cannot spare the time to come into market.
