MONTREY STRANDED.

C.P.R. STEAMER ASHORE ON MIQUELON ISLAND.

May Become a Total Wreck—No Lives Lost—A Valuable Cargo, Including Over 1,000 Cattle.

Miquelon, St. Pierre-Miquelon, July 16.—The British steamer Monterey (Captain Williams), which sailed from Montreal July 10 for Bristol is ashore west of Point Plate. She will probably become a wreck. Speedy assistance may save a portion of the cargo.

The cargo consisted of cattle. The passengers were put ashore this morning in a dense fog. Wrecking steamers are being sent from St. John's in the hope of unloading the ship and saving the cargo.

Montreal, July 16.—So far, the C. P. R. has received but meagre information regarding the stranding of the steamer Monterey. It appears, however, that she went ashore on Tuesday night, not far from the lighthouse at Point Plate. The last message said that hold No. 1 had eight feet of water, and that most of the tanks were leaking. There was no water in the other holds. The position was reported to be exposed and very dangerous, especially in the event of rough weather. The telegrams asked for immediate assistance. The lack of further particulars is supposed to be due to the isolated situation of the vessel.

Among the Toronto men on board are two sons of D. A. Atkinson, 279 College street, James and Norman, who were going over with an uncle, D. H. Atkinson, of 123 Tyndall avenue.

Wm. Leveck has 64 cattle, John Elliott 108 cattle, F. Hunslett 100 cattle, and several other Toronto exporters have cattle on board the Monterey. There are also some Toronto men on board.

Among the consignments were Geo. Matthews & Co., Toronto, 104 boxes bacon; Wm. Davies Co., Toronto, 42 boxes bacon; Fowler, Canadian Co., Toronto, 25 cases ham; G. R. Brill, Guelph, 315 boxes butter.

Most of the through cargo was for points from the United States. The cargo was very valuable, the cattle alone being valued at \$97,240.

PAST THE CRISIS.

But the Pope Lacks the Physical Energy for Recovery.

Rome, July 16.—Dr. Mazzoni, in reply to the question "Can the Pope recover?" gave the Associated Press correspondent the following statement: "At the present moment the disease of his Holiness has lost the character of absolute gravity which it had at its acute period. It might be considered to have entered the period of possible recovery. This might occur in a man of strong fibre and young, but it is impossible to entertain such a hope in a man in his 94th year, when the physical energy absolutely indispensable for recovery is lacking."

Pope Leo's organism is perfect, and as such maintains itself after 93 years of never-interrupted work, but his motor force is no longer sufficient for the complex functions essential to life. In other words, the 93 years of Pope Leo XIII. bring him into that category of extraordinary longevity when life is destined to flicker out independent of the action of any pathological complication. The only service that science and affection can render is that of struggling to have this precious existence preserved to us as long as possible.

During the day the Pope took a slight amount of nourishment. Throughout the morning he was quite restless, shifting uneasily on his bed, and complaining of being unable to secure an easy position. Later he became drowsy, and during the afternoon had some sleep. The assembling of the doctors at half-past five, two hours before the usual time, was not due to any alarming turn in the Pope's condition, but through the wish to thoroughly go over every detail of the situation. The moderate tone of the bulletin which followed the visit gave an assurance that the patient's condition was practically unchanged.

This evening his Holiness complained of a slight uneasiness at the chest, but that he has not yet given up hope was indicated by his remark that he expected the oppression to pass off in a few days.

MASONRY IS GROWING.

Ontario Grand Lodge in 48th Communication.

Toronto, July 16.—Over 800 representatives of Free Masonry throughout Ontario assembled in Massey Hall yesterday morning at the 48th annual meeting of the Grand Lodge. Interest in the business of the day centred about the proposed creation of three new districts, rendered necessary by the growth of the order, and final action was deferred till today. Reports showed the order to be in a satisfactory state. Judge Harding of Lindsay, who, as Grand Master, presided, proposed, as a means of celebrating the bi-centenary of the organization of the Grand Lodge two years

B. T. MALONE, K.C., Candidate for the Grand Treasurership.

hence, that in the meantime a fund of \$100,000 be raised, the proceeds of which would be used for the relief of distressed Masons.

Among the grand officers present were:—Grand Senior Warden, Samuel Buchanan, G.S.W.; Grand Junior Warden, Dr. A. F. Webster, Toronto; Grand Master, Dr. O. Ellwood, Grand Chaplain, Rev. W. L. Armitage, Peterboro'; Grand Treasurer, Hon. Wm. Gibson, Beamsville; Grand Registrar, E. C. Davies, Toronto; Grand Secretary, Hugh Murray, Hamilton. The appointed officers were:—E. W. Harding, St. Mary's, Grand Senior Deacon; J. W. Watson, Minden, Grand Junior Deacon; John B. Hay, Toronto, Grand Chaplain; Rev. W. L. Armitage, Peterboro', Grand Treasurer; Hon. Wm. Gibson, Beamsville, Grand Registrar; E. C. Davies, Toronto; Grand Secretary, Hugh Murray, Hamilton. The appointed officers were:—E. W. Harding, St. Mary's, Grand Senior Deacon; J. W. Watson, Minden, Grand Junior Deacon; John B. Hay, Toronto, Grand Chaplain; Rev. W. L. Armitage, Peterboro', Grand Treasurer; Hon. Wm. Gibson, Beamsville, Grand Registrar; E. C. Davies, Toronto; Grand Secretary, Hugh Murray, Hamilton.

The election of officers resulted as follows: Grand Chancellor E. A. Horton, No. 12, St. Thomas; Grand Vice-Chancellor, Dr. E. F. Bowie, No. 20, Toronto; Grand Prelate, G. A. Burdick, No. 10, London; Grand Keeper of Records and Seals, A. Coulter, No. 30, Toronto; Grand Master of Exchequer, J. Burns, No. 3, Hamilton; Grand Master-at-Arms, C. V. Campbell, No. 11, Sault Ste. Marie; Grand Inner Guard, M. Linn, No. 16, Windsor; Grand Outer Guard, A. Ramsperger, No. 31, Hamilton; Supreme Representative, four years, D. J. Pearce, Hamilton.

KNIGHTS OF PYTHIAS.

The Grand Lodge Elects its Officers.

Toronto, July 16.—The Grand Lodge, Knights of Pythias, concluded their business yesterday in the morning, when the lodge met the Committee on State of the Order gave their report. It was recommended that a Grand Lecturer be appointed; also that the present system of appointing Deputy Grand Chancellors, by the recommendation of the Past Chancellors, be followed in future as in the past.

The election of officers resulted as follows: Grand Chancellor E. A. Horton, No. 12, St. Thomas; Grand Vice-Chancellor, Dr. E. F. Bowie, No. 20, Toronto; Grand Prelate, G. A. Burdick, No. 10, London; Grand Keeper of Records and Seals, A. Coulter, No. 30, Toronto; Grand Master of Exchequer, J. Burns, No. 3, Hamilton; Grand Master-at-Arms, C. V. Campbell, No. 11, Sault Ste. Marie; Grand Inner Guard, M. Linn, No. 16, Windsor; Grand Outer Guard, A. Ramsperger, No. 31, Hamilton; Supreme Representative, four years, D. J. Pearce, Hamilton.

TELEGRAPHIC BREVITIES.

Fire did \$15,000 damage at the Wallaceburg glass factory.

An Atlanta Judge orders policemen to gag profane prisoners.

Russian officials scoff at the idea of backing out of Manchuria.

The Car has abolished some of the harshest forms of barbaric punishments.

Michael Carroll was drowned at Dundas. While crossing on the dam he slipped and fell.

Four wealthy Chinese capitalists have been kidnapped in Canton, and are held for \$20,000 ransom.

Wm. Wilson, a C. P. R. yardman at Toronto Junction, was run over by an engine, and died of the injuries.

The Turkish troops cruelly treated killed 24 persons while trying to extort money in the village of Yenidze.

She laughs best who laughs least.

CANADIANS AT BISLEY.

THE GREAT RECORD OF A TORONTO MAN.

Col. Sherwood Saving His Men For the McKinnon Match—Canadians Will Hold a Reception.

(Toronto News Cable.)

Bisley Camp, July 16.—The weather was sunny, with a very stiff gale blowing, which will prevent large scoring. No important matches are carded. In the Steward Challenge Cup match Staff-Sergt. Bayles of the Royal Grenadiers, Toronto, scored nineteen bulls, which is nearly a record. Wallingford, the champion shot of the army, scored fourteen bulls. Mr. J. H. Steward, optician to the National Rifle Association and donor of the cup, personally complimented Bayles.

Colonel Sherwood is saving for tomorrow his men entered in the McKinnon match, which is slated for Thursday. It is open to teams of twelve from the volunteers of England, Scotland, Ireland, Wales, Canada, Australia or of any other colony and India. The prize is a challenge cup donated by the late Colonel McKinnon. Colonel Sherwood expects a fight to a finish in this match.

The Canadian team have issued five hundred invitations for a reception on the 22nd inst. Princess Louise and Lord and Lady Aberdeen have promised to attend.

The American team occupy tents to the front of the Canadian bungalow, and are entertaining lavishly. One of the officers said to-day that they expected to defeat all comers at the Palma Trophy match at the St. Louis Exhibition next year.

Bisley Camp, 6 p.m.—The shooting is very poor on account of the weather conditions. Lady Aberdeen lunches with the Canadian team to-day.

Epworth Leaguers at Detroit.

Detroit, Mich., July 16.—The three sections of the special train carrying the Canadian delegates and their friends to the International Convention of the Epworth League arrived in this city over the Canadian Pacific Railway shortly before 7 o'clock last night. A Reception and Banquet Committee from Detroit met the train at the station, and by the time Detroit was reached every body had been assigned to comfortable quarters in various parts of the city. Rev. A. C. Grew, Rev. A. C. Gorman, D.D., of Toronto, Mr. N. W. Rowell, K.C., of Toronto, Rev. Wm. Sparling, B.A., B.D., of Toronto, Rev. M. J. Taylor, of Montreal, and Rev. J. G. Bishop of London were assigned to the Cadillac Hotel and the Russell House.

At 10 o'clock last evening a special train, having on board the eastern Canadian delegates, was met at the Grand Trunk, making the total arrivals for the day some six hundred and twenty-five.

Mrs. J. G. Blaine Dead.

Augusta, Me., July 15.—Mrs. James G. Blaine died at the Blaine homestead here to-day, aged 76, of general debility. Mrs. Blaine was a native of Augusta, her maiden name being Harriet Stanwood. She leaves one son, James G. Blaine, two daughters, Mrs. Harriet Beale and Mrs. Walter Damrosch of New York, who were at her bedside during her last sickness.

ELECTRIC CAR HELD UP.

Forty Passengers Robbed by Seven Highwaymen—One Person Shot.

Portland, Ore., July 16.—An electric car was held up by seven highwaymen who shot one man, and robbed forty passengers of their valuables. Immediately on boarding the car the robbers shot and dangerously wounded Frederick Day, a passenger, after he had complied with their demand of "hands up," and then rifled his pockets. They secured about \$300 and some jewellery.

CANADA SOUTHERN LEASE.

Renewed to Michigan Central For Long Term.

Detroit, Mich., July 16.—The action of the Michigan Central directors in renewing the lease of the Canada Southern for a period of 999 years and the proposition to refund \$3,000,000 of bonds of the Lake Erie & Detroit River Railroad, controlled by the Pere Marquette, thus securing a low rate of interest, were ratified at a formal stockholders' meeting here.

A POLICEMAN'S MISTAKE.

Arrests a Sick Man as a Drunk—Death in the Cells.

Cornwall, July 16.—Donald Peter McIntosh, a well-known and respectable farmer from the vicinity of St. Andrew's, north of here, came to town Thursday afternoon, and while making some purchases at Mr. Brown's drug store fell off a chair and became unconscious. Mr. Brown, thinking the man was under the influence of liquor, called a policeman and Mr. McIntosh was removed to the police station and locked up. About 2 o'clock yesterday morning Chief Smith, who was on duty, heard a groan in his cell and upon investigation found McIntosh was dead. It appears he had been subject to weak spells and that this was the trouble instead of liquor, and an inquest is being held by Coroner Hamilton.

EIGHT WERE KILLED.

By an English Train Jumping the Track.

(Associated Press Despatch.)
Liverpool, July 16.—The Southport express train, crowded with passengers, jumped the track at Waterloo, five miles from Liverpool. Eight persons were killed and 15 injured, according to late reports.

HERMAN WATERMAN'S DEATH.

Former Resident of London Drops Dead at Buffalo.

(Associated Press Despatch.)
Buffalo, N. Y., July 16.—Herman Waterman, a well-known resident of this city, dropped dead yesterday, in the Lehigh Valley Railroad station, to which place he had gone to take a train to visit a sick brother in London, Ont. Mr. Waterman was 69 years old. Medical Examiner Danzey investigated and reported that death was due to apoplexy.

Treaty With Persia.

London, July 16.—The treaty between Great Britain and Persia, which was hinted at by the Marquis of Lansdowne in his speech in the House of Lords on May 7, when he proclaimed the "British Monroe doctrine" in the Persian Gulf, is made the subject of a blue book just issued. The treaty was concluded at Teheran on February 9, and was ratified May 27. It grants reciprocally the most favored nation treatment to each country, abolishes the Persian 5 per cent. export duty upon all except a few articles, and abolishes the system of farming out the customs duty, replacing this system by Government customs offices and warehouses. It undertakes to allow British merchandise any reduction conceded to merchandise imported from Russia.

New General Manager.

Detroit, Mich., July 15.—A promotion of importance to trunk line railroad was the advancement yesterday of General Superintendent Richard H. L'Hommedieu of the Michigan Central Railroad to be General Manager of the road, assuming the secondary title of President Henry B. Ledyard. Mr. L'Hommedieu will be succeeded in the position of General Superintendent by F. B. Hutchinson, now Assistant General Superintendent. Mr. Hutchinson came to the Michigan Central less than a year ago from the Baltimore & Ohio.

There is about 25 lbs. of babbit metal at the police station, for which the authorities are looking for an owner.

20 Per Cent. DISCOUNT

If you contemplate travelling and need a good serviceable trunk. Take advantage of our 20 per cent. discount sale.

All trunks now in stock are offered at a big cut price to clear them out as we do not intend to handle any more after those we have are sold.

S. STEPHENSON - Proprietor.

THURSDAY, JULY 16.

POLICE PROTECTION

The supplying of the Queen St. residents and merchants with adequate police protection must be considered by the Commissioners. The project has passed the stage of advisability—it is an immediate necessity.

Just at the present time a vigorous and business-like session of the Police Commissioners would be particularly satisfactory to the public and beneficial to the best interests of the community. There are several matters to which the gentlemen of the Commission might devote energetic attention with profit to the people and credit to themselves.

The claims of the residents and businessmen in the out-lying districts of our city to a better system of police protection—particularly at night—must be recognized. The continued repetition of petty burglaries and other depredations, more or less serious, should ere this have opened the eyes of the authorities to the necessity for some action. Loafers create annoyance and oftentimes breed criminality—and loafing is habitually practiced and unmolested in the outlying portions of Chatham. Add to this condition of affairs the disgrace and offensiveness connected with the existence and operation of what are presumably houses of ill-repute at many of these points, and surely the absolute necessity for some definite course of action becomes apparent.

Again, The Planet has referred more than once recently to the frequent outbursts of profane and obscene language which pedestrians on our streets are frequently forced to overhear. We trust something may be done in this serious matter to strengthen the hands of the police.

In Mr. M. Houston, chairman, the police magistrate; Mr. Arch. Bell, the county judge, and Mr. Wm. E. McKeough, mayor of the city, Chatham should have a splendid board of vigorous and energetic police commissioners. They are gentlemen in whom The Planet has much confidence and it is not for this journal to dictate to them their course. We desire, however, to bring these important matters before their notice and call their attention to the necessity for immediate consideration and effectual methods in reference thereto.

HARBINGER OF PEACE

The significance of the visit of President Loubet of France to England, and the warm welcome extended to him, cannot be over-estimated, pertinently comments the St. Thomas Times. It is a harbinger of peace and good will between the two powerful and enlightened nations and will exercise a beneficent influence on all the civilized world. A few years ago Britain and France were at sword's points over their respective interests in Africa. The warlike tension over the "Fashoda incident" has not been forgotten, and one cannot help wondering that the two powerful and Christian nations should have been so near breaking into war over a strip of African territory. Millions of pounds would have been expended over a piece of land worth comparatively nothing, all because of the unreasoning attitude of the French firebrand, Major Marchand.

Happily the statesmen of these two countries have decided that the welfare of the nations will be promoted, not by bloodshed, but by an amicable discussion and settlement of all their outstanding differences. This is the significance of the recent exchange of visits between King Edward and President Loubet. The French President, speaking at Dover, said, "Great Britain and France have both founded their prosperity on liberal institutions and they have dedicated a like attachment to the maintenance of peace. Their accord, useful and profitable to themselves, cannot be less so to the progress of civilization and the welfare of humanity."

Such sentiments will apply not only to the two nations immediately interested, but to the whole civilized world. There are people who advocate war because it "makes business lively," adds to a nation's prestige and brings out the nobler qualities in man. While war brings out heroic qualities in some men, it makes demons of many others. While it may bring prosperity to some it oppresses many others, and causes destruction to the happiness of thousands of families. The business prosperity is only temporary, and a reaction invariably follows. Whatever makes for the peace of the world is for the good of humanity, and it is fitting that the two great nations mentioned should lead the world in a method of settling disputes amicably and reasonably. Let us hope that all differences between France and

The satisfaction of having the washing done early in the day, and well done, belongs to every user of Sunlight Soap.

Great Britain will be settled without war, and that among them the French Shore question of Newfoundland, in which Canada is vitally interested, will be included.

WHEN THE KAISER GOT THE CALL

Germany is beginning to show the white feather, and would like to make a commercial bargain with Canada. The sultan did not take long to bring Emperor Billy to time.

MR. DRYDEN VINDICATED.

We confess in all honesty that we do not believe one word of the insinuation in the Reformer that Dryden appointed John Tamblin to the post-office. Dryden has lived among us all his life; he is known to all the grown people and even the children of this riding. His record has been before us for a generation as a public man, and to accuse him of appointing Tamblin is to insult our intelligence. In all these years when fat appointments, and lean appointments as well, were filling the air, did anyone ever know of Dryden appointing anyone but a blood relation? It would be contrary to the drift of his whole life to stoop to such an act; it would be a flagrant and unpardonable inconsistency, so absurd that we refuse to believe one word the Reformer has stated.

GRAND CENTRAL

On Thursday last Theodore Bourassa took possession of the Grand Central Hotel, which was owned up till that time by John Pleasence. The price paid was \$13,100, and Mr. Bourassa will spend another couple of thousand in new interior fixtures, repainting and repapering.

Mr. Bourassa a few years ago kept the Montana House here, but sold out and went to Wallaceburg where, as proprietor of the Tecumseh House, he had the reputation of keeping the best hotel in that town. The new proprietor of the Grand Central will endeavor to keep up his excellent Wallaceburg reputation here.

WON HONORS

The Toronto College of Music results came out yesterday. Quite a number of Chatham and Blenheim pupils pass examinations and secure honors.

Miss Erie Stripp secured second class honors in the second piano examination, Miss Jean Ripley passed her second examination, Miss Minnie Cummings secured second class honors in her first examination, as did also Miss Mabel Brown and Miss Anna Chinnick. Miss Lottie Stover passed her first examination, also Miss Myrtle Kennedy.

Miss Mabel Brown took first class honors in senior rudiments, and Miss Anna Chinnick passed in senior rudiments.

From Blenheim, Miss Birdie Kindred passed her third examination, Miss Freda Speckman secured first class honors in her second examination, Miss Flora Sinclair secured second class honors in her first examination and Miss Effie McCollum secured first class honors in senior rudiments.

JUST LIKE BUYING RHEUMATISM.

We put the bills in your pocket and take away the malady. Isn't that just like buying it?

There's the bunch of money you'll pay out to get rid of the rheumatism if you buy prescriptions with it. It's a cure you want, not prescriptions.

SOUTH AMERICAN RHEUMATIC CURE pull the rheumatism out by the roots. No more doctoring, no more medicine, money saved; health saved, life saved.

CURES IN 1 TO 3 DAYS.

Mrs. E. EISNER, a trained nurse, of Halifax, living at 92 Cornwallis St., writes: "I have been a sufferer for six years from rheumatism. Many doctors treated me, but relief was only temporary. I tried South American Rheumatic Cure, and after four days' use of the remedy, was entirely free from the disease."

SOUTH AMERICAN KIDNEY CURE rich in healing powers, relieves bladder and kidney troubles in six hours, and in the worst cases will speedily restore perfect health.

Sold by Messrs. Gunn and McLaren, Druggists, Chatham.

NEW PARK

"North Chatham will have a park yet," remarked grandfather Thomas Martin this morning. "There is a street in the borough over the river called Joseph street, and on that street J. R. Walker owns a lot which, being interpreted, means a plot of real earth. On this plot there is no building, but there is a good crop of burdocks. Thomas French and myself are considering purchasing this lot, which lies between Dan Clement's and Charles Morrell's residences. We will allow the city to use the place as a park until we can form a joint stock company. Then we will use the lot ourselves and go into the manufacture of Burdock Blood Bitters. Meanwhile the burdocks grow."

HOME FROM THE WEST

James Rankin, a former resident of this city and brother-in-law of Douglas Martin, arrived in the city Tuesday evening from Amnoda, Mont. Mr. Rankin has been working for the Amalgamated Copper Company, but their works have been closed to enable the workmen to complete the erection of the largest smoke stack in the world. The stack is 300 feet high and the flues leading to it are over 3,000 feet long. During the month of May the mill turned out fourteen million pounds of copper. This may give some idea of the amount of copper mined at Amnoda. The mill turns out about 4,500 tons in 24 hours.

MANUAL TRAINING

The meeting of the manual training committee, composed of representatives from the city School Boards, which was announced to meet at eight o'clock at the Central school Tuesday evening, did not materialize. The secretary of the committee, S. B. Arnold, and James A. Gordon, of the Separate School Board, were the only two members of the committee who attended. A citizen hints that it is a matter of regret that this very important part of the school work should be neglected, and it is time for the ratepayers to think about sending men to these public positions who will take interest enough in public matters to turn out to meetings.

S. B. Arnold had a vast amount of correspondence from different places throughout England and America where such schools are established, all being unanimous in considering that the faculties of the boys are brought out more by manual training than by any other means, and that it is a great help in every way.

FINE TRIP

Dr. and Mrs. J. P. Rutherford have returned from a pleasure trip to Duluth, Fort William and Port Arthur. They left eight days ago and took the steamer "Monarch" of the Beattie Line, from Sarnia. They enjoyed the trip very much. In speaking to The Planet this morning the doctor said—

"We had very pleasant weather and enjoyed a most delightful trip. It was rather cold on Lake Superior; Fort William and Port Arthur have a great future before them. They are the shipping points for the whole of the Northwest, and they will soon be to the Canadians what Duluth is to the Americans. They are at present growing very rapidly."

"Land is very high in those cities but it bids fair to be more valuable, although it is claimed that more is worth at the present time. I met Fred. Morris in Port William. He was once a law student in Matthew Wilson's office and is now city solicitor at Fort William. It is said that there is more tonnage shipped out of Duluth than from any other city in the world."

Curse DRINK

CURED BY

COLONIAL REMEDY

No taste. No odor. Can be given in glass of water, tea or coffee without patient's knowledge. Colonial Remedy will cure or destroy the disease appetite for alcoholic stimulants, whether the patient is a confirmed inebriate, "tippler," social drinker or drunkard. Impossible for anyone to have an appetite for alcoholic liquors after using Colonial Remedy.

Indorsed by Members of W. C. T. U.
Mrs. Moore, Superintendent of the Woman's Christian Temperance Union, Ventura, Cal., writes:—"I have tested Colonial Remedy on very obstinate drunkards, and the cures have been many. In many cases the remedy was given secretly. I cheerfully recommend and endorse Colonial Remedy. Members of our Union are delighted to find a practical and economical treatment to aid us in our temperance work."

Price 5c. Trial package free by writing or calling on Mrs. M. A. Cowan (for years member of the Woman's Christian Temperance Union) 226, St. Catherine St., Montreal. Sold at

Was Unable to do any Work for Four or Five Months.

Was Weak and Miserable.

Thought She Would Die.

Doctor Could Do No Good.

Milburn's Heart and Nerve Pills

Effect of a Complete Cure in the Case of MRS. CAROLINE HUTT, Morrisburg, Ont.

She says: "It affords me great pleasure to speak about what your Heart and Nerve Pills have done for me. About a year ago I was taken ill with heart trouble and got so bad that I was unable to do any work for four or five months. I got so weak and miserable that my friends thought I was going to die. The doctor attended me for some time but I continued to grow worse. At last I decided to try Milburn's Heart and Nerve Pills, and after taking two boxes they made me well and strong again. I cannot praise them too highly to those suffering from nervous weakness and heart troubles."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 for \$1.25 at all dealers.

THE T. MILBURN CO., Limited, TORONTO, ONT.

Cook's Cotton Root Compound.

TELEPHONE 20.

CENSUS REVEALINGS

HUSBANDS IN ENGLAND AND WALES AT EARLY AGE OF 15.

Women Have Asserted Their Rights to Enter Some Very Masculine Callings—The Tables Concerning the "Afflicted"—Children of Tender Years Engaged in Very Arduous Work—Some Tiny Pawnbrokers.

A book of summary tables relating to the 1901 census of England and Wales has just been published. It is full, from the first page to the last, of interesting and curious information.

Who, for instance, imagined that there were more than 100 centenarians in England and Wales? There are 140. Or, rather, as centenarians are perishable beings, it would be more correct to say that there were 146 in April, 1901—93 being women.

Again, who would think that the centenarians thrived best in a big city? Apparently he does, for of the total number 102 lived in towns and 44 in the country.

Husbands at Fifteen.

Two boys were husbands at the age of 15, and two girls were widows at 16. A boy of 20 had a wife of 65; a girl of 15 had a husband of 60. There were 5,611,381 husbands, 5,717,537 wives, 550,330 widowers, and 1,246,407 widows. The explanation of the disparity between the number of husbands and wives is, of course, the fact that there are wives in England whose husbands are abroad, and husbands whose wives are also absent. There were 91 widows under the age of 20, and 25,112 over the age of 80; and 3,625 very old maids had passed the age of 85.

One of the most curious tables is that which records the callings of women.

They have asserted their rights in some very masculine fields, as the following abstract shows:—

Women.—Doctors, 212; dentists, 140; veterinary surgeons, 3; law clerks, 367; authors and journalists, 1,249; actresses, 6,443; school teachers, 171,670; artists, 3,789; blacksmiths' strikers, 316; brassfounders, 440; shepherds, 12; slaughtermen, 3; knackers, 136; crossing sweepers, 110; barmaids, 27,707; cellar women, 1,316; anchorers, 86; sword-makers, 6; bill discounters, 56; boiler-makers, 4; bricklayers, 4; clerks, 35,784; carters and wagoners, 680; commercial travellers, 382; gardeners, 36; paviors, 1; level crossing keepers, 265; omnibus conductors, 8; chimney sweeps, 54; slaters, 3; undertakers, 279.

Judging from the above the only occupations still confined to men are those of the soldier, groom, cabman, coal heaver, engine driver, navy policeman, motor car driver, and Roman Catholic priest.

The Afflicted. The table of the afflicted in England and Wales is as follows:—Blind, 25,317; deaf and dumb, 15,245; deaf, 18,507; lunatics, 88,772; imbeciles, 43,852.

In another afflicted class—those whose language is Gael—are thirty-five "barristers and solicitors," sixteen doctors, and twenty authors, editors, journalists, reporters and shorthand writers. Of the two million people in Wales, 280,905 speak Welsh only.

During the century the population multiplied four fold—from 6,260,852 to 32,527,843. On the night of the census 1,645 persons were found sleeping in barns or sheds, 12,574 in caravans, tents, or the open air. In the latter category Hampshire topped the list with 895.

Of the 4,538,541 persons enumerated in London, 3,016,580 were London-born. Other persons, born in London and enumerated in other places numbered 1,115,178. On the balance, therefore, as between people born in the metropolis who left it, and people born elsewhere who came to it, London gained about 400,000 souls.

Children in Business. But perhaps one of the most remarkable features of the tables is the early age at which our children set out on the battle of life.

Between the ages of ten and fourteen there are in England and Wales 2,673,987 children the sexes being pretty evenly divided—1,334,688 boys and 1,339,279 girls. Of these children 138,130 boys and 70,262 girls are all at work—not at their lessons, but at every conceivable industry or occupation dealt with in the return.

As a rule, the girls seem to take more seriously to the business of life than the boys. There are, for instance, 142 ten-year-old "charwomen," 605 employed in laundries, 681 engaged in the tobacco trade, 450 in the jewellery and watchmaking industry, 674 in the earthenware trades, and 30,367 in various textile occupations.

The weather never interfered with the raising of a crop of doubts.

In shadowing another the detective need not stand in his own light.

The much abused but very potential factor in human events—public taste—seldom wanders far afield. At its foundation lies the good common sense of the people.

The fact that

Malta-Lita

has an ever increasing sale among all classes of people is ample evidence of the solid and growing demand for more rational living in the way of Perfect Food—the whole wheat ready cooked, partly digested, flaked and toasted ready to eat, is what the people like, and raw meal foods have had their day.

HOPELESS CASES.

When the doctor leaves and says the case is hopeless, what remains to be done? Nothing, if the doctor's word is final. Much, if you will listen to the statements of men and women who were once "hopeless cases" given up by doctors, and who were perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery.

Nothing is more sure than that thousands of men and women with diseased lungs, obstinate coughs, hemorrhage, emaciation and high, fevered sweats, have been restored to perfect health by the use of the "Discovery." Will it cure you?

It has cured in ninety-eight cases out of every hundred where it was given a fair and faithful trial. By that record you have only two chances in a hundred of failure and ninety-eight chances of being restored to perfect health. It is worth trying.

Abram Freer, Esq., of Rockbridge, Greene Co., Ill., writes: "My wife had a severe attack of pleurisy and lung trouble; the doctors gave her up to die. She commenced taking Dr. Pierce's Golden Medical Discovery and she began to improve from the first dose. By the time she had taken eight or ten bottles she was cured, and it was the cause of a large amount being sold here. I think the 'Golden Medical Discovery' is the best medicine in the world for lung trouble."

FREE. Dr. Pierce's Common Sense Medical Adviser containing over a thousand large pages is sent free on receipt of stamps to pay expense of customs and mailing only. Send 31 one-cent stamps for the book in paper covers, or 50 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

There is one girl insurance clerk at this tender age, as well as one railway clerk and one "engaged in fishing." There are three girl "bar-maidens" of ten years, seven "warehousemen," four gunsmiths, seven brassfounders and two ironfounders—though a girl ironfounder of ten years is a thing "the imagination boggles at."

Then there are twenty-four of these tiny women returned as pawnbrokers, forty as coalminers, fifty-two as cycle and motor makers, and over a hundred screw-makers and steel pen makers.

One girl of ten figures under the classification "missionary, scripture reader and itinerant preacher," and one under that of "painter, engraver or sculptor." There are twenty-two girl messengers in the Civil Service, nineteen photographers, and 102 actresses, all ten or eleven years old.

The boys of this elementary age are more ambitious. Five ten-year-olds are returned as "engaged in scientific pursuits," four are "authors, editors, journalists, reporters, or shorthand writers," and four others are described with tantalizing vagueness as "connected with literature."

In addition, there are thirty-four actors, and 233 invidiously described as "performers." Finally, these tables reveal the fact that while England and Wales contain six and a quarter million inhabited houses, there are close on half the houses altogether uninhabited, while at the same time, the houses building are increasing at the rate of near 15 per cent. per annum, while the population is only increasing at a little over 12 per cent.

A Man of Strong Convictions. Captain Wheeler of the British Army relates a story of that class of soldier commonly called the "company lawyer," the man who is never quite sure whether he is being punished according to regulations. One of these men, he says, went into musketry camp and on Saturday evening informed the color-sergeant that he could not be made to attend the church service—which in musketry camp is conducted by the senior officer present—because he was a Wesleyan. He fully counted on spending the morning in slumber, but he had met his match in the captain. The camp was about thirteen miles from cantonments, so the "company lawyer" was marched in under a stalwart corporal to the Wesleyan place of worship and marched out again the same evening, the rest of the company receiving him with ironical cheers. The next Sunday he wanted to attend church service. "Oh, no," said the captain, "your convictions were so strong last week that they must be respected." And again the "company lawyer" had to trudge to and from the chapel.

The weather never interfered with the raising of a crop of doubts.

In shadowing another the detective need not stand in his own light.

HOUSEHOLD HINTS.

Nothing is so nice for polishing mirrors, windows, furniture and cut glass as cheese-cloth, which is even better after being washed.

Japanese waste paper baskets are exceedingly pretty. They are fashioned from Japanese veneer, bound with leather and tied with bows of ribbon.

Two yards and a half is the best width for a tablecloth for general use, as it covers well a table four feet wide, and three yards is a convenient length for the ordinary table.

Varnished or oiled woodwork in pantries or back halls may be kept clean by wiping with a flannel cloth wrung out of hot water and then rubbed smooth with a dry cloth.

A most useful thing is the little brush that comes for the purpose of brushing out the fringed edges of towels and napkins, which is said to beat the coarse comb in doing business.

Window wedges are worth much and cost little. No bedroom window should be without its wedge, for by means of it rattling may be prevented on stormy nights, and the occupant of the room may sleep undisturbed.

The Anthony Sisters.

The two sisters, Susan B. Anthony and Mary S., have lived for almost forty years in Rochester, N. Y., in a home hallowed by the death of many members of the family, and among its sacred associations they expect to spend their remaining days. Good natured, sarcastic friends often urge them to hang out a sign, the Wayside Inn, for it is indeed a hostelry in the number of its guests. There is always an extra plate on the table, and a friend in the house at mealtime always is pressed to stay. It is no uncommon thing for three or four guests to arrive a few minutes before supper in response to a pressing invitation from Miss Anthony which she forgot to mention at home, and the latter always has to be kept in a state of preparation for these "surprise parties."

The three "spare beds" often prove none too many for those who stay from one night to seven or more. Rochester is on a highway between the east and the west, and it is a veritable Mecca for women who look upon it as the event of a lifetime to visit at its shrine and arrange their journeys, often at great inconvenience, to spend a night under the roof of Susan B. Anthony.

Croup and Kerosene.

"I have saved my eldest boy twice by the use of kerosene," says a mother. "The first time it was out on a ranch in Kansas. He had a fearful attack of membranous croup. His father was racing over the prairie for a doctor, who could not be got in time. I watched for the boy's death at every convulsive struggle for breath, when into my mind rushed a saying of my old nurse, 'We always kill the croup with kerosene.' I had a horror of her advice in my childhood, but then I blessed her as I seized my lamp, blew out the flame and succeeded in forcing some of the oil into my child's mouth. In ten minutes the hardness of the phlegm was gone and the child was saved."

"Once again I used it and with none but good effect, and, while in all cases where I could have medical aid I should prefer to rely upon my doctor, still I feel that armed with kerosene I am equipped to fight croup and win."

Laundering.

No matter how accomplished a house-keeper you are, dear woman, you can never get done learning something about laundering. It is a subject as inexhaustible as the mooted question of Hamlet's madness. And there is no branch of household work where conveniences for doing it are so much needed. No matter if you have stationary tubs, have also a washing machine, a steam one preferred. Have if possible two wringers, one for sheets and spreads and one for smaller articles. It is cheaper in the end and saves much time in adjustment. On the laundry shelf let there be a wide mouth jar of borax, good both for clothes and hands; a jar of chloride of lime for desperate stains and disinfecting, a jar of rock salt to set the color in new prints, a bag of wheat bran for washing delicate lawns and some hay chopped coarsely to be used for restoring brown linen.

Renovating Velvet.

Any one who possesses a flatiron and a piece of clean muslin or long cloth has only to beat the flatiron fairly hot, moisten the cloth and spread it over the iron, laying on its side on the table, to have a capital little apparatus for renovating velvet. Before beginning the work brush the velvet thoroughly to raise the nap as much as possible, using a soft hairbrush and not an ordinary whisk, which is too sharp and harsh. Remove all spots with gasoline. When the velvet is dry and as clean as it can be got hold it over the steam rising from the iron until the creases have disappeared. As the cloth dries dip it freshly in water. An obstinate crease will often come out if it is passed back and forth over the sharp edge of the iron. The wrong side of the velvet should be held toward the steam.

The Toothbrush.

If a new toothbrush is soaked for ten minutes or more in cold water and then thoroughly dried before using the bristles are much less likely to come out. All brushes which are wet daily should be dried as far as possible in the air and sun. The toothbrush should be frequently renewed. It is not possible to keep one long and have it fit for the month. The very conditions of its use make it wise to change it often. Therefore let the rule be cheap toothbrushes and many of them in a year.

DEED.

MOUNT—On July 15th, 1903, John Mount.

Funeral will take place Saturday morning to St. Joseph's church at ten o'clock. No flowers.

PROBABILITIES.

Special-per G. N. W.

Toronto, July 16.—10 a. m.—To-day and on Friday, light to moderate winds, becoming variable; fine and warmer.

The following figures were registered to-day at seven a. m. at Turner's weather bureau:

Thermometer 53.

Highest yesterday 73.

Lowest yesterday 49.

Direction of wind, southwest.

THE LOCAL BUDGET

Mrs. James Beckett, of Brantford, is the guest of Mrs. Turnbull, Baxter street.

Dr. J. P. Rutherford was called to Mull this afternoon on professional business.

C. H. Merriam, of Cherokee, Kan., is visiting his daughter, Mrs. Milton Bogart, Raleigh street.

A. H. Gillespie, of Orangeville, will referee the Chatham-Wallaceburg lacrosse game here to-morrow afternoon.

Gilbert Primeau, Jr., Gray street, was taken to St. Joseph's Hospital this morning, where he underwent an operation on his elbow. He is now doing nicely.

The masquerade lacrosse game, which was to have been played on Tecumseh Park to-morrow afternoon before the championship game, has been postponed.

The union excursion of the B. M. E., A. M. E. and Baptist Sunday schools to Fort Stanley this morning was a decided success. The train was crowded.

The Peninsular Band accompanied the picnicers and will no doubt add very much to the enjoyment of the excursion. The band played several pieces before leaving, both at the C. P. R. station and in front of their rooms in the Old Town Hall. On every public appearance the band shows improvement and is fast rounding into a first class musical organization. It might have been noticed this morning that the trap drummer was a trifle nervous.

A colored woman from Detroit called on Judge Houston this morning. She said that about two years ago she had handed over her infant child to Mrs. Turner, Woods' Survey. Bishop Wilmore had made out the papers. The woman now wanted to get back the child from Mrs. Turner. The woman stated that she had never been married, but she could soon get married if she could get possession of her daughter. Under these circumstances she got little encouragement at the Police Court.

FOR SALE.

House and lot in excellent location, street now being paved with brick. Eight rooms and large lot. Price \$1600.

Two story brick house and one acre of land. Price \$1600.

House and lot on Delaware Ave., eleven rooms. Price \$800.

DUNN & MERRITT,

Fire Insurance Agents. Special facilities for placing large lines of insurance.

NARROW ESCAPE

A very serious runaway accident occurred last evening about half past six o'clock, as a result of which Miss Alice and Miss Fanny Massey, Park avenue, are confined to their homes to-day.

The young ladies were driving home, and when they had got opposite Gilbert's coal and wood office on Queen street, their horse took fright, and becoming unmanageable, bolted down the street. Both ladies were thrown from the rig and, although neither of them was seriously injured, both were badly bruised and shaken up. Miss Alice was stunned by the fall and remained unconscious for some time.

Dr. J. P. Rutherford was immediately called, and he found upon arrival at their home, that no alarming results were incurred. Both of the young ladies are much better to-day.

MORNING WEDDING

A very happy event took place this morning at seven o'clock, when Miss Mary Weldon, better known as Miss Dainty Weldon, was united in marriage to Thomas O'Rourke, a rising young Maple City business man.

The wedding ceremony was held in St. Joseph's church and was witnessed by a large number of the friends and relatives of the bride and groom.

The bride, who is a very popular and comely young lady, was given away by her uncle, James Taft. She is the youngest daughter of Mrs. Weldon, Wellington street. Miss Lily Weldon, sister of the bride, made a charming bridesmaid, while James Taft, brother of the groom, ably filled the position of best man.

The presents were very costly and numerous, showing the popularity of the young couple.

After the wedding a reception was held at the bride's home, and the newly married couple then left on a honeymoon trip to New York. Returning, they will make their home in the Maple City and will reside on Patterson avenue. Many are the well wishes for the future happiness and prosperity of Mr. and Mrs. O'Rourke.

UNIQUE CASE

A case unique in the annals of the courts was tried in Division Court at Tilbury yesterday. Albert Marchand claimed that the chickens and hogs of Ezra Cook ruined his meadow.

It was shown that the hogs had not been in long enough to do much damage so all the destruction done had to be credited to 15 or 20 chickens.

Two witnesses that at least one acre, or one-fifth of the field of alfalfa, was ruined, as the heads had all been eaten off. The defendant proved that the line fence was no good and conceded that he was not liable. A witness for the defense swore that the alfalfa next to the barn where his chickens were was his best. Judgment in the case was reserved.

JOHN MOUNT DEAD

A sad but not altogether unexpected death occurred yesterday, when John Mount, a well known Chatham citizen, passed away to the Great Beyond.

Mr. Mount has for some time not been expected to live, but his death, while not a surprise, has come as a sudden shock to his friends and relatives. He was a man of about 55 years of age, and has been ill for over a year. He has been a resident of Chatham for about 20 years and was, prior to that, a prosperous Kent farmer.

He leaves a widow and a family of three daughters and one son to mourn his loss. He has two brothers and three sisters living. They are—Charles, of this city; James, of Raleigh; Mrs. D. M. Martin, city; Mrs. Emery, city, and Mrs. Lamb, of Raleigh.

The funeral will take place Saturday morning at 10 o'clock to St. Joseph's Church. Interment will be made in St. Anthony's Cemetery.

MR. SHIELD'S REPORT.

UNPROFITABLE BRANCHES TO BE LOPPED OFF.

A Good Deal of Money Wasted in the Various Enterprises of the Consolidated Lake Superior Company.

Philadelphia, July 16.—In an extended review of the properties and prospects of the Consolidated Lake Superior Company issued last night, President Cornelius Shields endeavors to show what has become of the millions that have been invested by the stockholders. The summary made after a careful review of the physical condition of the plant, and apparently nothing is concealed.

While the report does not openly criticize the former management, it makes clear that there have been glaring extravagances and that some of the subsidiary properties have been run at a dead loss. President Shields makes no secret of the fact that there have been putting down all along the line, and that more economies are to come. The whole situation is thus summarized:—

Estimated Earnings.

Helen iron ore mine	\$105,000
Steel mill	40,000
Sawmill	75,000
Vener mill	40,000
Polk	10,000
Algonia Central steamship line	50,000
Algonia Central & Hudson Bay Railway	175,000
Manitowish & North Shore Ry.	25,000
Street railway and ferry	50,000
Michigan Lake Superior Power Co.	110,000
Lake Superior Power Co.	20,000
Tagona Water & Light Co.	50,000
Car share	15,000
Grace gold mine	15,000
Total	\$1,170,000

Fixed Charges.

Michigan Lake Superior Power Co.	\$175,000
Street railway and ferry	50,000
Tagona Water & Light Co.	50,000
Town debentures	15,000
Total	\$390,000

Estimated net earnings for 1902-1904.

1902	\$82,000
1903	82,000
1904	82,000
Total	\$246,000

Concerning the ore properties he says: "The Helen mine on the Michipicoten range is the only iron ore property in the world which we can safely figure at the present time. Complete details of the workings seem to indicate that the Helen mine is a substantial property, and one in which the quality of the ore is increasing as the workings go farther down." He estimates that the mine should yield a net profit of not less than \$100,000 during the year. The other mines are admitted to be only prospects, and are left out of the summary of earnings.

"Upon the completion of the Bessemerizing plant we shall be able to produce a market for the product, but that market must be found before we can figure on the value of the property. It is not my purpose, however, to believe in the value of the property, to continue any operations that will not show a profit, or, at least, a return on the investment with reasonable certainty of profitable returns in the near future. Every undertaking we have must show a profit or should be shut out without further loss. It does not seem necessary, therefore, to allow anything to cover losses of the kind of the report."

A PRETTY BAD LOT.

Mr. Ritchie's Attack on the Municipality.

Ottawa, July 16.—On the opening of the Railway Committee yesterday on the bill to incorporate the Canadian Telephone Company, Mr. Hyman, Chairman, read the resolution of the City Council of Toronto, confirming Mr. Fullerton's statement that the service of the Bell telephone in that city is inefficient.

Mr. Ritchie, solicitor for the company, obtained permission of the committee to reply to this resolution, and made a remarkable attack on the municipality. He asked if the position of Toronto was logical or illogical. The company came to Parliament and asked to be allowed to increase its capital in order to renew its plant in Toronto and elsewhere, but Toronto, and Toronto practically solely, opposed that natural request, and opposed it to such an extent that the company in 1901 was unable to get that increase. At that time the company had acquired property worth \$300,000, where they were going to put in a new exchange, and generally increase the efficiency of their apparatus and plant in Toronto.

We know, I imagine, Mr. Ritchie continued, from what occurred last session, who are the leaders of the agitation against the Bell Telephone Company, and you can judge whether the motive they have is simply to get the best service they can in the public interest, or whether there is some other motive which moves them in this respect. They are the municipalities, and in dealing with the municipalities I do not see why I should be quite so tender. We know the motives of the municipalities. They come here and urge their grievances against the Bell Company before you, and to listen to the municipalities one would think a municipality consisted of a Mayor and Corporation, surrounded by streets. But a municipality is much more than that; it is the body of people who have been formed into a community to carry on their own affairs. These come here, the Mayor and Corporation, and what do they wish to do? They wish to bleed the companies using their streets, such as the Bell Telephone Company; they wish to bleed them for their own benefit, and certainly for the benefit of the community at large. They wish to bleed them as much as they can, so that when they come to the elections they can say: "See what money we have got from these people." It is a question whether this is a benefit or not. If it is a benefit to any community to have these companies doing business in their streets, the companies should be allowed to do so without paying through their noses for it. It is not the community at large which makes the complaints, but it is interested individuals who have some object in getting something out of this company that will be of advantage to themselves personally, apart from the general community at large. Now, I say the Bell Telephone Company gives a thoroughly efficient service wherever it has had an opportunity of making improvements.

The bill was still under consideration when the committee adjourned.

DIVISION COURT

Division Court at Tilbury yesterday offered several interesting cases.

George Crow bought not less than 600 bushels of corn from Walter and Edward Bartlett for 70 cents a bushel. They delivered 140 bushels and then sold the balance to Capt. Stevens for 75 cents a bushel.

Grow sued to recover damages and was non-suited on the ground that Walter Bartlett, who did the business, was not of age. Judge Houston appeared for plaintiff, and J. B. Rankin contra.

John Rollett sued to recover wages from Frank Goulet. Rollett was hired to work for the late Frank Goulet in 1898. The claim was for wages in 1900. Mr. Rollett put in an account for wages to the Goulet estate. He now sued Frank Goulet for the same account. At least, the accounts were supposed to be the same, but they did not agree. Mr. Goulet produced his books showing that Rollett had been paid and the case was dismissed. Judge Houston appeared for Goulet and F. E. Nelles contra.

The most lovely things flourish in the most unlovely places.
God does not measure our sanctity by our sighs.

AIR Filled With OZONE

In Colorado all the conditions of health are met. There is sufficient altitude to cause lung and chest development; there is the exhilarating mountain air, with an almost absence of malaria; there is the tonic effect of a bracing climate without its rigors; an atmosphere filled with ozone; cool nights in summer; a bright, sunny day almost every day in the year, conducive of cheerfulness and pleasure.

LAUNDRY.

A GOLDEN JUBILEE.

FIRST PASSENGER TRAIN IN ONTARIO
RAN FIFTY YEARS AGO.

John Harvie Was the First Conductor and the Train Ran From Toronto to Aurora—The Only Survivor—Early Equipment—First Bridal Couple to Take the Train Still Living in Newmarket.

Saturday, May 16, was the golden jubilee of railroading in Ontario. Just fifty years ago, May 16, 1853, the first passenger train was run on the first railway in the Province, from Toronto to Aurora. It was known as the Ontario, Simcoe & Huron Railway and shortly after was extended to Barrie, and then to Collingwood. The significance of that 50 years of railroading is not easily grasped, but a brief description of the first passenger train that left Toronto will aid and if after perusing it one could stand at an upper window of the present Union Station and see the thousands of freight cars, passenger cars and engines that crowd the Esplanade as far as the eye can reach in both directions, the conception of the growth of railway traffic in fifty years would be much more vivid.

Information about this first railroad, the germ of what is now known as the Grand Trunk System, has been gathered mostly from Mr. John Harvie, who was the conductor of that first train. The ticket office, to say nothing of a station, was not yet completed, and Mr. Harvie sold tickets on the platform and on the train. The ticket office, which was under construction, was a mere shed, situated on the south side of Front Street, opposite the Queen's Hotel, then called the Sword Hotel. The train consisted of an engine, the "Toronto," and two cars, a passenger car and a combination passenger and baggage car.

There were about thirty passengers, including a number of directors and officials and the promoter, Mr. T. C. Capreol. Among the directors were Judge J. C. Morrison, Hon. John Beverley Robinson, afterwards Lieutenant-Governor; Hugh Scobie, then business manager of The Globe, and Duncan Macdonald, a wholesale merchant. Among the officials were the superintendent, Alfred Brunel; the treasurer of the company, Wm. Sladden; and the master mechanic, Wm. Hackett. The engine was a Carlos McCall and the fireman John Lopez. The curious thing about the crew was that there were four brakemen, one to control the brake at either end of each car.

The entire equipment of the railway at that time consisted of two box cars, one passenger car, one combination passenger and baggage car, two engines, the "Lady Elgin," built at Portland, Maine, and the "Toronto," built by James Good, Toronto. The line was opened without any formalities and the first train left Toronto at 8 a.m. and arrived in Aurora at 10 a.m., and returning, left Aurora at 2 p.m., and arrived in Toronto at 4 p.m. The line was opened to Bradford in June, and to Barrie in November the same year, and on January 1, 1855, to Collingwood.

Mr. Harvie states that for weeks after the line was opened crowds of people assembled all the way from the Queen's Hotel to the Queen's Wharf to see the train leave and arrive, and all along the line the country people assembled, farmers bringing their families considerable distances to see the train, and not a few horses ran away in consequence. At that time the fuel used in the engine was wood, and persons whose memories will carry back 25 or 30 years will remember the engine, with the smokestack that widened out from the base to the top. Mr. Harvie stated that it kept the crew busy loading wood on the engine's tender. The passenger cars of those days were shaped like a box car, with flat roof, and were as far removed from the magnificent fitted and luxurious sleeping, parlor and dining cars that make up the International Limited of to-day as were the old wood-burning engines from the modern Goliath of the rails, drawing a train half a mile long. The advances in equipment to the very height of luxury and speed in travel is on a par with the growth of the Grand Trunk mileage itself, from 24 miles in 1853 to 2,650 miles in Ontario in 1903.

Mr. John Harvie is the only survivor of the company who traveled on the May morning half a century ago. He was then a young man just past twenty, and became successively agent at Collingwood and Superintendent of the road. As Traffic Superintendent he did the work of dispatcher, and directed the movements of nineteen trains moving at the same time on his division. During his 28 years' connection with the road they never lost the life of a single passenger, and Mr. Harvie tells that fact with pardonable pride. In 1860 he had the Prince of Wales, now King Edward, and his party in charge. Upon retiring from the road the company presented him with a life pass. Mr. Harvie is now Secretary of the Upper Canada Bible Society.

DETROIT, MICH.

city, and though 71 does not look his age by fifteen years.

The first bride and groom to travel by rail in Ontario were Mr. and Mrs. Alex. McCracken of Newmarket. They still reside there, and will celebrate their golden jubilee on July 4th. In view of the fact that they were the first bride party, Mr. Harvie would not let them pay, but carried them free.

Mr. C. M. Hays, General Manager of the Grand Trunk, traveled over this portion of the system on the jubilee day.

HANDLING ANIMALS.

Done Properly, Hardly the Most Violent Will Result It.

"There is hardly a living creature," said a naturalist, "that will not permit a human being to touch it if it is done in the right way. It is necessary to be gentle and patient and at the same time without fear. I have seen natives scratch the heads of tigers and lions within a few days after they were trapped. Hunters of wild elephants often crawl among a herd and rub their legs. The great brutes, although they are on the alert, will permit the caress and stand still until the plucky hunter is able to slip a rope around the leg of the animal he wishes to capture."

"In our own country I have seen many men who can creep to a trout stream and gently place their hands under a trout. Very softly they rub its belly, and the trout will lie quiet still until with a sudden jerk it is landed on the bank."

"I have also seen professional rat catchers put their hands, palm upward, before a rat hole when the ferrets were driving them. As a rat ran out it would sit still on the rat catcher's hand. Then with his other hand he would stroke it delicately, and in three times out of four he would manage to lift the rat without alarming it and drop it into his bag."

"I have even known a man who could handle the salt-water blue crab, the most belligerent and vindictive creature in the sea."

Gretna Green in London.

There is one "chapel royal" which is really not a royal chapel at all, says the London Tatler. This is the one known as Savoy chapel, which pertains not to the crown, but to the duchy of Lancaster. Properly speaking, it is the chapel of the Hospital of St. John the Baptist, if it is historically correct. A couple of centuries ago it was a kind of ecclesiastical Gretna Green in London, with "five private ways to it by land and two by water," as the touting advertisement put it, and runaway lovers were clandestinely united there "with the utmost privacy, decency and regularity" at the nominal expense of one guinea inclusive. The old ways have been reformed by act of parliament, but the famous chapel is still a favorite with those who fancy a quiet wedding. You can drop in casually and unostentatiously and after the ceremony adjourn to a neighboring restaurant, in accordance with the latest custom of the best society.

It's cowardly to fall in love and then try to crawl out of it.

FIFTY AGAINST TWO.

It is not reasonable to expect two weeks of outing to overcome the effects of fifty weeks of confinement. Take a bottle of Hood's Sarsaparilla along with you. Three doses, daily, of this great tonic will do more than anything else to refresh your blood, overcome your tired feeling, improve your appetite, and make your sleep easy and restful.

It does not always pay to profit by the experience of others.
—Sall Rheum sometimes lingers for years, but Weaver's Cerate makes short work of it. Apply the Cerate at once. Weaver's Cerate to insure permanent cure.

A divorce is often a joyful parting on the part of both parties.

DISTRICT DOINGS.

BLENHEIM

July 16.—Miss Julia and Esther Blenheim, of Detroit, are visiting their cousin, Miss Nellie Shillingford.

Three members of the Blenheim Shooting Club went to Chatham on Tuesday last to take part in the tournament. Each were fortunate in securing prizes. Several of the local bowlers intend going to the London tournament next week.

J. C. Mackie, of Sarnia, was in town on business yesterday.

The Misses Stett and Carrie Rowe are spending their vacation at their father's home on Base Line.

The results are out for the entrance classes for Kent County and we see that the Blenheim Public School ranks among the best.

The results are also out in the Toronto papers of the Krause Conservatory of Music, of Chatham. We are pleased to see among a number of the Misses Hilman music class the names of Miss Genevieve Shillingford and Miss May VonGuten, who both secured second class honors. The Planet extends congratulations.

Mr. Bert Lind, representing Messrs. John Marshall & Co., London, is in town to-day.

WALLAC EBURG

July 16.—Lyle Johnson, of Cleveland, Ohio, is visiting at his home.

C. W. Harvard, of Hagersville, will take charge of F. W. Jeff's drug store in the absence of Mr. Jeff, who will visit Toronto and other places east for a few days.

Miss Emma Taylor and Miss Jennie have returned from a visit in Blenheim.

Miss Mildred Turner, of Chatham, is visiting friends here.

Mr. and Mrs. W. Colwell have re-

TORONTO, ONT.

turned from spending a few days at Chatham and Detroit.

Miss M. McKelvy entertained a number of friends yesterday to a yachting party to Walpole Island.

The Presbyterian Sunday school are holding their annual excursion to Pt. Huron to-day.

Mrs. A. Ayres and Miss Olla returned to their home at Loraine, after a visit with friends here.

Lost!—Between Chatham and Charing Cross, a lady's black silk Monte Carlo Coat, on Saturday afternoon, July 11. Will finder kindly leave at this office and claim reward. 6d1w

DRESDEN

July 16.—Miss Estelle Morrish, of Toronto, is the guest of -Dresden friends.

Peter McEwen, of Petrolia, was in town on Tuesday.

The funeral of the late Mrs. Richard McConnell took place from her residence, North Dresden, this morning and was largely attended by her many friends.

Will Coupland, of Chatham, is in town.

Thos. Weston, M. D., Muir, Mich. is visiting his parents here.

Will Francis, of Detroit, visited his mother and brother here this week.

E. B. Smith, Stanley Ave., is adding a verandah and making other extensive improvements to his residence.

Cleveland's BAKING POWDER

The most economical of all leavening agents, and makes the finest food.

WORLD OF SPORT

LACROSSE

BOWLING.

A FINE TOURNEY.

The first annual singles and doubles tournament of the Chatham Bowling Club was started on Tuesday last and will be continued during the evenings of this week and the first part of next to play off the consolation. There are seven consolation games to be played in the singles and one in the doubles. The tournament has been a most successful one and well contested. The competitors have been pretty well matched and all gave good games. This season gives the club the greatest success in the annals of lawn bowling in Chatham, the interest being taken in the sport is keen and the players many. There are a great many new players this year.

The prizes put up for competition in this tournament are the liberal donations of the local merchants and the members of the tournament committee wish to thank all who helped in any way to make the tourney a success. The lucky ones:

SINGLES.
Prize 1—W. H. Robinson, suit case.
Prize 2—A. E. Jewett, collar and cuff case.
Prize 3—W. Taylor, ebony military brushes.
Prize 4—H. M. Winter, Blenheim, half dozen photos.
Prize 5—J. Mulholland, Blenheim, Lord Lake cigars.
Prize 6—Dr. R. V. Bray, smoker's set.
Prize 7—Dr. J. L. Bray, vest pattern.
Prize 8—L. E. Tillson, berry spoon.
Prize 9—J. Gosnell, Japanese cup and saucer.
Prize 10—G. J. Pence, Five years in the life of Capt. Drayton.
Prize 11—E. Collins, 25 bread tickets.
Prize 12—W. Turnbull, box Irving cigars.
Prize 13—R. G. Fleming, gent's belt.

CONSOLATION SINGLES.

Prize 1—J. S. Black, a rug.
Prize 2—D. A. Hutchison, box Irving cigars.

DOUBLES.

Prize 1—Capt. Swain, skip and H. M. Winter, pair of pictures.
Prize 2—L. E. Tillson, skip and W. E. Gundy, two pair canvas shoes.
Prize 3—W. Taylor, skip and A. H. VonGuten, two five-pound packages of tea.
Prize 4—J. Mulholland, skip and G. Taylor, Blenheim, two fancy shirts.

ECHOES

—FROM— ERIEAU

Master James Boyd has been appointed as agent of The Planet at Erieau. Subscribers of this paper who fail to receive it regularly at their cottages will please report the matter to him and he will receive and forward any orders from those who desire The Planet sent to their cottages. Special summer rates to the cottagers.

Mrs. Moore, Erieau grocery, is a Chatham visitor to-day.

Mrs. Allister McKay, of Chatham, is the guest of Mrs. W. R. Phillimore. Mrs. W. D. Samson, Blenheim, and Mrs. Jean Blewett, Toronto, were in the city to-day.

Miss Mildred McLean, of Detroit, is spending a few days with her aunt, Mrs. Fritz Falls.

Miss Sara Robertson and Duncan Robertson, of Toronto, are spending the day in Chatham.

Mrs. Geo. B. Merritt, Mrs. A. C. Blackburn and Mrs. Stanley Horning are spending the day in Blenheim. Miss Minnie Samson, of Chatham, arrived at Drumtochty yesterday, where she will spend the summer vacation.

Henry Dagneau began his holiday at Erieau last night by going for a fish. When he returned he did not have "a whole boat load of fish."

Miss Bessie McKeough, of Clearview, went in on the morning train to bid good-bye to her father, Dr. Geo. McKeough, who leaves to-day on a trip abroad.

Norman Harper had the Banishes out last night but returned to moorings on account of light wind. You should have been out during the daytime, Capt. Harper.

An excursion train of seven coaches, en route for Port Stanley, passed the Eau train at Blenheim junction this morning. It was a colorful train of friends on their yearly outing.

The cottagers are now beginning to talk of yacht racing and a regatta. The various white-winged flyers are now in commission and there are said to be some keen rivalries.

Judge Houston's swimming class of young ladies are reported to be making fine progress and the genial Police Magistrate is being deluged with new applications. The clothesline method has already been abandoned for nearly all the girls.

According to A. F. Falls, Rev. Mr. Tolmie is the most expert angler at the Eau. "Whenever we have been out together," declares Fritz, "he has always landed six bass to my one." And that should prove the accountant's contention, he thinks.

The visitors at Glendale were treated yesterday morning to a delightful impromptu concert by the choir of the Eau. The choir, composed of Misses Marion and Beatrice Larkin, of Seaforth. The concert opened with a duet by the two girls, followed by stories and recitations. An especially pleasing number was the story of Silverlocks by Miss Beatrice.

A great number of the cottagers have frequently expressed a desire for divine worship on Sunday at Erieau. Last night a committee, composed of Mrs. S. H. Larkin, of Seaforth, and Mrs. S. H. Larkin, of Chatham, was appointed to interview Rev. J. C. Tolmie and make whatever arrangements are necessary. Subject and further particulars will be announced in to-morrow's Planet.

Rev. J. C. Tolmie and Fritz Falls, of Centreville, were seen on the Eau last night making strenuous efforts to row ashore. The two gentlemen were nearly exhausted. They had been fishing all evening and the result was "a whole boat load of fish." The bait of pulling in the fish and then conveying the fish home was such a tax on the strength of the two gentlemen that restoratives had to be administered. "A whole boat load of fish!" Surely our fishy-friends, Goudreau and Heyward, will have to return to the "tall timbers."

Miss Alice Samson, of Blenheim, and Miss Minnie Samson, of Chatham, were hostesses last night at a delightful taffy pull at Drumtochty Lodge. Miss Sara Robertson and Miss Minnie Samson were responsible for the excellent taffy provided for the guests. After the taffy had been disposed of a pleasing program of popular songs was given by Duncan Robertson, of Toronto, Miss Kate Garrett and Miss Rose Morrison, of Chatham. Among the guests were noticed Miss C. P. Parnham, Misses Morgan, Misses Robertson, Misses Morrison, Miss Longwell, Misses Abbott, Miss Garrett, Miss Anderson, Miss Young of Portage La Prairie, Messrs D. Robertson, W. Robertson.

The strong north wind yesterday did not prevent a large party of picnickers from enjoying a brisk sail to Government Park. The boats, Outlaw and Erieau, started shortly after eleven and made the Park in about an hour. The return trip broke that record, however, being accomplished in less than the hour. These in the Outlaw were Capt. "Doc" Arnold, Mr. and Mrs. G. B. Merritt, Misses Cora and Grace Merritt, Mrs. J. O'Brien, Miss Garrett and Miss Green of Chatham; Mr. and Mrs. A. C. Blackburn, Miss Anna Blackburn and Master Graham Blackburn, of Madison, Wis.; Mrs. George Merritt and daughter Gladys, Mr. and Mrs. Bert Merritt, Misses Clara and Pearl Morgan, of Blenheim. Among those in charge of Capt. Bounsell in the Erie B. were

STRAW HATS.

With three stores in three cities we have a tremendous output for straw hats. That's why we are able to go straight up to the maker to buy—and buying from the maker means better value for you. Come in and prove it.

GRAY'S BAZAAR AND CHINA HALL.

Gray Hair Ayer's Hair Vigor does not suddenly turn your gray hair black; but gradually the old color comes back,—all the rich, dark color it used to have. The hair stops falling, too. Better try it. J. C. Ayer Co., Lowell, Mass.

Be Comfortable

Let us send you a screen door and some adjustable window screens to keep the flies and mosquitoes out.

To be cool and healthy, you need a water filter and a refrigerator.

Rest yourself in one of our hammocks.

Don't over heat yourself. An oil stove and a Vollmar washer makes summer work easy.

A big line of preserving kettles cheap.

Geo. Stephens & Co.

Mr. and Mrs. Bounsell, Mr. and Mrs. Jack Sheldon, of Blenheim; Mr. and Mrs. Barnett, of Cleveland; Misses Turner and Arnold, of Toronto.

Rev. J. C. Tolmie and Samuel Glenn left this morning for Erie Beach, where they will be the guests of ex-Ald. Fred Stone for a couple of days.

Miss Nellie Young, of Rat Portage, Man., who is the guest of her namesake and cousin, Miss Nellie Young, at Sandy Knoves, left this morning on a short visit to friends in the Maple City.

Following a magnificent sunset last evening a delightful calm fell upon the Eau and its waters were soon dotted with the tiny craft of canoeists and scullers. One exciting rowing race between two young ladies was pulled off by starlight and is said to have been most exciting.
