ADDITION IS NECESSARY AT COLLEGIATE

Board Thinks People Must Soon Consider Scheme For Enlarging The School

MAINTENANCE AGAIN

It is evident that the hardship regarding the low rate which counties pay towards the maintenance of their pupils at collegiate institutes is being felt in other cities as well as Chatham. At the meeting of the C. C. I. Board yesterday afternoon, Chairman S. B. Arnold read a letter from the chairman of the Waterloo Collegiate Board, in which that gentleman stated that Waterloo was forced to put up with conditions much the same as here. The letter asked that Waterloo receive the co-operation of Chatham in having a strong resolution passed at the meeting of the Municipal Association. This resolution will be forwarded to the Government.

Col. Rankin moved, seconded by Mr. Liddy, that the letter be placed on file and referred to the new Board of Education. Carried. Chairman Arnold read the report of the Inspector of Collegiates, who was here a short time ago and made an inspection. The report appeared in a previous issue of The Planet, and our readers will therefore be familiar with its contents. Speaking relative to the matter, Mr. Arnold said that he had been in conversation with the inspector while the latter was in town, and his attention had been drawn to the present cramped state of the building. It was evident that something must be done to relieve this state of affairs.

Mr. Richards, reporting for the special committee on the matter, said that he and Col. Rankin had appeared before the City Council making representations relative to the present cramped state of the Collegiate building, and bringing to their attention the Board's recommendation regarding the erection of an addition. The matter had been referred to the Finance Committee by the Council, but nothing had since been done. Mr. Richards said that he had since interviewed the chairman of the Finance Committee, but the Council had not yet done anything, and the special committee from the Board had come away with the impression that the Council did not look on the proposition to erect an addition to the Collegiate with any too much favor.

Chairman Arnold said that the only feasible way of solving the difficulty would be to have a by-law submitted to the people at the next municipal elections, and find where they stood on the question.

The matter was left in the hands of the special committee to take what steps they deemed advisable. Col. Rankin referred to the matter of Miss Lafferty's absence from the Collegiate. Miss Lafferty had been given one month's leave of absence on account of the serious illness of her mother, and a substitute, Miss Dwyer, had been engaged to take her place. Her time would be up by the ninth of the present month, but the Board would be unable to get Miss Lafferty to pledge herself to continuous work, so he understood, as she might have to leave at times again. This would mean a serious inconvenience to the Board, so, in his estimation, it would be wise to engage the present substitute till Christmas, if Miss Lafferty were unable to give her continuous services till that time, and should she still be in the same predicament at Christmas, the Board would be forced to make a permanent appointment of someone to take Miss Lafferty's place.

It was moved by Mr. Richards, seconded by Col. Rankin, that the Board tender a vote of appreciation to Principal J. W. Twobey on the very complimentary report on his work presented by the Inspector. Both trustees paid high tribute to Mr. Twobey, and said that it was a matter of much satisfaction to the Board to receive such an excellent report on the manner in which he was conducting things at the Collegiate. The motion was carried unanimously.

It was moved by Mr. Richards, seconded by Col. Rankin, that the Principal be empowered to make a selection of new books for the Collegiate library, not to exceed \$30.—Carried. Those present at the meeting were, Mr. S. B. Arnold, chairman; Lieut. Col. Rankin and Messrs. Liddy, Richards, Mounteer, Robert and Principal Twobey.

MR AND MRS MARSHALL ARE CELEBRATING THEIR FIFTIETH ANNIVERSARY

An interesting event took place at the home of Mr. and Mrs. James Marshall, Queen street, to-day, when they and their relatives celebrated their golden wedding anniversary. Beautiful crisp autumn weather favored the occasion. This most respected Maple City couple, who have both attained a ripe old age over the allotted three score and ten, and who took part in the proceedings with as much zest as many of the younger people, were the recipients of many heart-felt congratulations. The occasion was marked with solemn high mass at St. Joseph's church at 9.30, at which Rev. Fr. James officiated, assisted by Rev. Frs. Herman and Scanlon. The couple approached the altar rail, where they received the blessing, while Miss Nellie Rhody played the wedding march. Mr. Reg. Pleasance sang in our true home beyond the grave, the most acceptable style "Ave Marie." The event was both solemn and inspiring.

Mr. and Mrs. Marshall who are celebrating their Wedding Anniversary

On their return to Mr. and Mrs. Marshall's residence on Queen street, the guests sat down to a tasty repast, at which toasts were made and responded to, and the celebrants congratulated. During the course of the festivities, they were made the recipients of a purse of gold and an address presented by Mr. Ed. Taylor. There were about 55 guests present, all of whom were relatives.

The wording of the address was as follows: "What shall I render to the Lord for all His gifts to me? This spoke the Psalmist, while his heart thrilled sweetest melody. And what shall we render to our Heavenly Father for all He has done for us? Let us, united in grateful thanksgiving to the Most High while the joy-bells of our hearts ring out a joyous peal. Yes, let our glad voices mingle in praise and in prayer and in loving reverential greetings to our cherished jubiliants. Dear parents, 'tis my proud and happy privilege to greet you in the name of all your loving children and grandchildren, and to tell you that

have something great to win. Ald. Austin said that he had written the secretary of the power commission and he expected some figures from him. It was a question of Continued on Page Eight.

NIAGARA POWER IN CHATHAM

The City Council Will Make A Strong Effort To Secure It—Meeting Of Power Users Will Be Called

A short time ago an article appeared in this Great Home Journal to the effect that the Windsor Council was after Niagara Power for Windsor, with excellent chances for success. It was found by the power commission that Niagara power can be transmitted to Windsor cheaper than it can be supplied in Fort William, where it is now used with excellent results. It was added that Chatham, being nearer Niagara than Windsor, should be a good market for this power, and its coming here would mean a great benefit to the industrial interests of the Maple City.

At last night's meeting of the City Council, the question came up, and Ald. Austin announced that he had been in communication with Hon. Adam Beck relative to the matter, and he was at present securing estimates of the probable cost of Niagara power delivered in Chatham. Ald. Austin has acted promptly in this matter, and is showing that he has an eye to the best interests of the city. Ald. Scullard suggests that a meeting of the power users of the city be held this week and receive an address from Hon. Mr. Beck. It is quite likely that this will be done. The matter was brought up by Ald. Scullard, who was in the chair. He said that in conversation with Ald. Austin he had learned of the negotiations at present going on between Ald. Austin and Mr. Beck. Mr. Beck thinks that power can be delivered here at very good terms. We have nothing to lose and we may

VACCINATION COMPULSORY IN EAST END

Board of Health Decides to Take No Chances on An Outbreak of any contagious Disease

A WISE PRECAUTION

The Health Board decided and passed a resolution at their meeting yesterday afternoon to the effect that all the residents of the East End must be vaccinated. This was done on the recommendation of the Medical Health Officer, who deemed vaccination advisable as a health measure. It is not that there is any great cause for alarm at the present time, but Dr. Hall in advocating that this work should be done, showed considerable foresight. It was found on recent investigation that it was from the East End that most of the cases of small-pox prevalent in the city originated. The Health Officer believes that an ounce of prevention is worth a pound of cure. He explained that it was during the winter months that small-pox was most prevalent, by reason of people being indoors so much, and he thinks that if the residents of the East End are thoroughly vaccinated, it will do much towards preventing another outbreak.

The other members of the Board were in accord with Dr. Hall's recommendation, and it was decided that Dr. Miller should be engaged to vaccinate the East End people. He will be paid a salary of \$4 a day, which is considered to be quite a low figure for the work. In the Township of Dover, where similar work was done, it is understood it cost the municipality \$15 a day. Drs. Hall and Charteris, who at a previous meeting were appointed as a committee to look into the matter of cutting ice in the local streams, brought in a report to the effect that no person be allowed to cut ice for domestic or other purposes without a permit any place west of the Seventh street sewer to the city limits, or within 150 feet east of the same sewer in the river; and that no person be allowed to cut ice for domestic or other purposes any place in McGregor Creek. It was moved by Messrs. Wanless and Baxter that the report of the committee be adopted by the Board.—Carried unanimously.

This report now becomes a health regulation, and if broken is punishable by law. Those present at yesterday afternoon's meeting were Dr. C. R. Charteris, chairman, Medical Health Officer Hall, Health Inspector Webber, and Messrs. Richards, Wanless, Baxter and Secretary McLeet.

NIAGARA POWER.

The action of the City Council in deciding to get after Niagara electric power, as was suggested by The Planet, is deserving of the highest commendation. Since the first article in this Great Home Journal, pointing out that the transmission of Niagara power to Windsor was considered feasible, and that Chatham being closer to Niagara, should be in a better position than Windsor as a market for this desirable product. Ald. Austin, chairman of the Industrial committee, has been in communication with Hon. Adam Beck, and he is now working on the estimates of the cost of transmitting power to Chatham. Ald. Austin deserves the thanks of the community for his promptness in this matter, and it is hoped that his present negotiations with the power commission will result in much good for Chatham.

Ald. Scullard's suggestion that a meeting of the power users of Chatham be held this week to meet Mr. Beck in reference to the matter is a good one and should be acted upon immediately. What is done will have to be done quickly. There is no time to lose. One thing is certain—Chatham wants Niagara power if it can be delivered here at a reasonable cost.

NO GREAT VICTORY.

The election of the Government candidate in North Bruce and of Mr. Fielding in Shelburne and Queens is claimed in some quarters here as a vindication of Mr. Hyman and his organization. It is pointed out that Mr. Aylesworth, who had charge of the campaign in North Bruce fiercely attacked the Conservatives for their conduct in prosecuting the London offenders. But after all the Government had no great victory in North Bruce. Mr. Tolmie, the Government candidate, was elected in 1903 in West Bruce by a majority of 634. The same constituency gave 692 majority for Sommerville, Liberal, in 1882, and 1085 for Mr. Blake in 1887, following that with 830 for Mr. Rowand in 1891. The greater part of the West Bruce majority was by the Act of 1903 thrown into North Bruce, and Mr. Tolmie is simply receiving his old vote with the majority reduced. By the gerrymander of 1903 North Bruce was intended to be a Liberal hive. If it did not work that way in 1904 it was because Mr. Tolmie was not the Liberal candidate, wherefore he and his friends caused a split in the party.

Of course everyone expected the re-election of Mr. Fielding though there is great admiration for the splendid fight which Dr. Weldon made against the sinister influences which have prevailed in Queens and Shelburne. It is a great thing for a man to go into a county where he is a stranger, refusing to use or allow to be used on his behalf any sort of influence that the statute law or moral law prohibits, and to obtain in a constituency where there is so much patronage and where so many public works have been provided or promised so large a vote as was polled for Dr. Weldon. This is believed to be the beginning of a campaign which must win in the end.

Precepts And Warnings For Those Who Would DYE WELL

Let thy faith be fixed in the wonderful transforming powers of DIAMOND DYES; the results they give will cheer thine heart.

Never allow any interested or wily dealer to recommend for thy use some inferior or imitation make of dye. If thou wilt harken to his words, he will rejoice at thy simplicity of character and will delight himself over thy wrath and bitter disappointment.

If thou wouldst avoid handling poisonous ingredients, use only the DIAMOND DYES for the home dyeing work; they are the only harmless and pure dyes.

When times are hard and money scarce, thine heart often craves for new and stylish colors and garments. By the use of the magic DIAMOND DYES thy wishes can be fully realized, because DIAMOND DYES recolor old dresses and make them to look like new.

If thou wouldst have a smiling face, a happy heart and an easy mind, do thy coloring at all seasons of the year with the DIAMOND DYES; they never cause worry or grief to those who make use of them.

THE PARLOVITZ CONCERT

One of the finest concerts ever given in Chatham was presented in the Brisco Opera House by the Edoard Parlovitz Concert Company. The affair was attended by a small audience, and it was a reflection upon the appreciation of music in Chatham that a larger number of people did not make an effort to hear this talented company. The program was a purely artistic one, and those who were present were more than delighted with the treat afforded them.

Edoard Parlovitz, pianist, is a performer of excellent ability. He played several times and received great applause on each appearance.

Miss Grace Merry, the entertainer, was a decided favorite. She is an able elocutionist, and exhibits special talent in her humorous selections. She was repeatedly applauded and encored. Upon her last appearance she was compelled to respond to several encores.

Miss Alys Bateman, soprano, sang three times and created a fine impression. She has a high soprano voice, and she was very fortunate in the selection of her songs. They were such that showed her ability in its very best light, and pleased to a remarkable extent. Her most popular number probably was "The Miller and the Maid," which she sang with excellent expression and sweetness.

This company may be assured of a full house should they decide to return to Chatham.

The piano used throughout the evening was a fine Mason & Risch, supplied by the local agents, George Stephens & Co. Mr. Parlovitz expressed himself thoroughly delighted with the instrument, and the audience were once more convinced of the excellent quality and tone of this popular instrument.

Arthur Gordon and Raymond Arnold have just returned from an extended trip to the West.

Mrs. D. O. Orange and two daughters, Linzelle and Jean, are the guests of Mrs. J. Merritt.

Mrs. Geo. Crowder, of Appleton, is visiting her parents here.

Another pretty wedding occurred in Louisville when Miss Myrtle Smith, daughter of Mr. David Smith, was married to Mr. Jacob Wise.

The wedding took place at the parsonage. The bride looked exceedingly well arrayed in a white organdy dress.

After the ceremony they drove to the bride's home, where a sumptuous dinner was served. They left on the 9:38 train for Detroit.

Mr. and Mrs. David Arnold returned Saturday from Detroit.

On Halloween the young men and boys of the village played havoc with the farmers' wagons and gates.

Early next morning it was amusing to see wagons upon top of barns and other farm implements strewn about the village.

MACAULAY CLUB

The Macaulay Club held a very interesting and profitable meeting in their rooms in the I. O. O. F. Block on Saturday evening. The subject under discussion was the layman from the preacher's standpoint. Rev. A. H. MacGillivray delivered the opening address, and he was followed by every member of the club, and the various opinions thus obtained were such that if they were lived up to would cause a universal revival. These meetings are proving very helpful and will no doubt result in much good.

The subject for the next meeting night will be why men do not go to church, and some open confessions are looked for. The meeting next Saturday will no doubt be one of the best attended of the year.

HOCKEY MEETING

It is likely that a meeting of those interested in hockey will be called shortly to consider the advisability of supporting a hockey team in this city during the coming cold months. Those who are endeavoring to work up interest in the game should get every encouragement. The probabilities are that the coming winter will be cold, and ice should be plentiful.

Chatham sports should at least hold a meeting and elect a representative to the W. O. H. A. meeting. A twenty year limit may be among the rules drawn up this year.

A new hockey association may be formed this year, as there was considerable dissatisfaction expressed among eastern leagues last season over the rulings of the W. O. H. A., who have been practically running things to suit themselves for the past number of years.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 4, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if you are troubled by this in your way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

We ought to pray as we love, by mingling prayer with all our thinking.

WHAT IS CATARRH?

Simple Way to Overcome the Dangers of This Disagreeable Disease.

Catarrh is an inflammation of the mucous membrane of the nose, throat and lungs, with many annoying symptoms. In this climate there are few who do not suffer from this disagreeable disease, often in a chronic and dangerous state.

Fortunately, within the last few years, a simple and reliable treatment for catarrhal troubles has been found—Hyomei, a combination of healing and germ-killing balsams, that, when breathed through the nasal pocket inhaler that comes with every outfit, reaches the tiniest cells in the respiratory organs, carrying its healing and health-giving properties to every part where the catarrhal poison is present.

Used in this way, Hyomei kills all catarrhal germs, drives the poison from the system and heals all irritation that may be present in the mucous membrane.

If you have the ordinary catarrhal symptoms, such as offensive breath, burning pains in the throat, cough, raising of mucous, difficulty in breathing, sneezing, huskiness, discharge from the nose, droppings in the throat, coughing spasms, etc., etc., begin the use of Hyomei at once.

The complete Hyomei outfit costs but \$1.00, extra bottles, if needed, 50 cents. We do not want anyone's money unless Hyomei gives relief and cure, and we absolutely agree that money will be refunded unless the remedy gives satisfaction.

All druggists should be able to supply you with Hyomei or we will send it by mail on receipt of price, and every package is sold with the distinct understanding that it costs nothing unless it cures. Write us to-day for a symptom blank, which we will send you free, together with our treatise on Catarrh and how to cure it. When you fill in and return to us the symptom blank, our consulting physician will give your case the best care and attention, and write you a letter of advice without charge. The R. T. APPLE PUDDING.

Take a number of tart apples, core, quarter and place in a large saucepan. Add just enough cold water to keep from burning, cover and stew slowly until soft enough to pass through a sieve. Add sugar to taste, measure and return to the fire. For each pint take two tablespoonfuls of cornstarch and a pinch of salt. Moisten with a little cold water, pour quickly into the boiling apple sauce, and stir until smoothly thickened, then cover and cook over hot water for half an hour. Add a pinch of cinnamon or any other spice desired and pour into wetted molds. Serve cold with cream and sugar.

SOUR CREAM GINGERBREAD.

One cupful of sour cream, one of molasses, one-half cupful brown sugar, one egg, one teaspoonful each of cinnamon and ginger, one scant half teaspoonful of cloves, one-half teaspoonful of salt, one-half teaspoonful of soda sifted and dissolved in the cream, one scant teaspoonful of baking powder, sifted with four cupfuls of flour. Bake in two shallow pans.

SOUR CREAM CRULERS.

Beat two eggs without separating, add one cupful of sugar, one teaspoonful of vanilla and one-quarter of a teaspoonful of nutmeg. Sift one-half of a teaspoonful of soda into one cupful of thick sour cream and stir until the cream feels light. Add this quickly to the other mixture, then sift in sufficient flour to make a very soft dough. Turn at once upon a floured board, roll out, cut in rings and fry quickly in deep, smoking hot fat.

LADY BALTIMORE CAKE.

One cupful of butter, two cupfuls of sugar, three and one-half cupfuls of flour, one cupful of sweet milk, whites of six eggs, two level teaspoonfuls of baking powder, one teaspoonful of rose water. Bake in three layers and use filling. Divide three cupfuls of granulated sugar in one cupful of boiling water. Cook until it threads, then pour gradually over the stiffly beaten whites of three eggs, stirring constantly. Add to this one cupful of chopped raisins, one cupful of chopped nut meats (pecans preferred) and five figs cut in very thin strips.

Ice and emboss the sides and top of the cake.

SAUCE PIQUANTE.

Melt two tablespoonfuls of butter in a saucepan. When it has cooked to a light brown color add one tablespoonful and a half of flour and stir until a good coffee color. Gradually add one cupful of beef stock, stirring until smoothly thickened. Add a half teaspoonful of salt and a dash of cayenne and draw back where it will simmer for ten minutes. Then add one heaping teaspoonful of finely chopped onion, one tablespoonful each of cucumber pickle and capers chopped together and one-half of a teaspoonful of sugar. Boil up sharply for three minutes longer and serve.

WALNUT AND ORANGE SALAD.

Peel three tart oranges, remove all the white pith, and divide them into small pieces. Break the nuts rather small, and mix with the oranges. Moisten with a French dressing and serve on lettuce leaves.

APPLE AND NUT SALAD.

Chop richly flavored apples rather small, add an equal quantity of walnut meats that have been simmered in a little savory stock for fifteen minutes, and moisten with mayonnaise dressing. Serve in rich-hued apple cups set on lettuce leaves. An equal amount of sliced celery is a pleasing addition.

TOMATO AND LOBSTER SALAD.

Use the tomatoes which are canned whole for this. Cut a slice off the top and scoop out the centres. Cut the meat from a can of lobster into dice and mix with two tablespoonfuls of pickled cucumbers cut in thin slices, and one small cupful of canned French peas; moisten the lobster mixture with mayonnaise, and fill it into the tomato cups. Garnish with a few of the peas and a little mayonnaise.

CELERY AND APPLE SALAD.

Select tart, rich-flavored apples, and cut them into thin, small slices; add an equal amount of crisp white celery cut in thin slices, and moisten with mayonnaise dressing. Serve in handsome red pepper cups on crisp blanched lettuce leaves.

TREATY SIGNED

Radio-Telegraph Conference At Berlin Brought to Successful Finish.

Berlin, Nov. 5.—The representatives of all the powers signed the document, but Great Britain, Italy, Japan, Mexico, Persia and Portugal did not join in the special article containing the United States' proposal that inter-communication be obligatory between ship and ship.

Great Britain, Italy, Japan, France, Spain, Denmark, Persia, Portugal and Turkey did not sign the renunciation provision, thus excepting from the provisions of the treaty such stations as these Governments might select. All the other powers agree to free ship to shore inter-communication with all stations open to the public, naval and military stations excepted.

The period for the ratification of the treaty ends July 1, 1908. The next conference will take place in 1911.

MAY REACH PRIVY COUNCIL.

Newfoundland Government Preparing For Big Legal Fight.

St. John's, Nfld., Nov. 5.—In order to avoid the possibility of any legal defeat or technicality vitiating the proposed test cases which the Newfoundland Government intends to bring against colonial fishermen employed on board of American herring vessels to determine whether the mode of vessel arrangement between the United States and Great Britain is valid or otherwise the Government will send competent legal counsel to the west coast to arrange for these prosecutions, to draft the necessary papers, and to oversee the enforcement of the bait act.

It is the purpose of the Government to carry these cases to the Privy Council if necessity arises.

Conference On Boundaries.

Toronto, Nov. 5.—Next Monday the conference is to assemble at Ottawa at which the provincial boundary questions are to be discussed. It will be remembered that this matter was left over from the recent conference of provincial Premiers to be taken up later by those directly interested. It is understood that Premier Whitney will be accompanied by Hons. Mr. Foy and Mr. Matheson. The point of interest to Ontario naturally is the partition of Kewarwin.

Million Dollar Contract.

Montreal, Nov. 5.—M. J. O'Brien and J. P. Muller have been awarded a contract for 48 miles of railway on the Quebec, Montreal and Southern, between Piorville, 18 miles from Sorel, and Ste. Philomene. There are several heavy bridges, and the contract price is said to be around \$1,000,000. This is the system being constructed between Montreal and Quebec by the Delaware and Hudson.

Swept Overboard At Sea.

Boston, Nov. 5.—The Plant Line steamer Halifax arrived here Saturday from Halifax, 20 hours late, after a dangerous experience in a storm, during which Ship Carpenter John McLean was swept overboard and lost. The steamer herself was considerably damaged by the gale and heavy sea.

To Scatter Rebel Bands.

Havana, Nov. 5.—For the purpose of ending the feeling of insecurity throughout the island, due to the existence of straggling bands of ex-insurgents, Gov. Magoon has ordered the employment of strong bodies of rural guards to pursue and scatter the bands and restore order.

Fall Championships.

Toronto, Nov. 5.—The City Amateur Boxing Tournament fall championships will be decided on Thursday, Friday and Saturday of this week in the Mutual street rink. Outside candidates are being admitted from Markham and New Liskeard.

Big Steamer Ashore.

Honolulu, Nov. 5.—The merchant steamer Chiusa, from Kobe with 550 immigrants for this place on board, is ashore off the harbor in the east channel. She is believed to be in no danger.

Falls Dead on Street.

Woodstock, Nov. 5.—While leading a cow along the street Saturday afternoon, William Price, aged 60, fell dead. One son, Rev. Frank Price, lives in Manitoba.

Railway Strike In Hamilton.

Hamilton, Nov. 5.—The Hamilton street railway employees went out on strike yesterday morning. The employees of the Hamilton and Dundas line, under Catharine Power Co., went out in sympathy, not a wheel turned on either the street railway or the Hamilton and Dundas lines. There are about 160 men involved. The trouble is caused by a dispute over hours and the alleged efforts of the company to break up the union.

Jews Expelled.

St. Petersburg, Nov. 5.—In spite of protests lodged by the students, the rector and the council of the University of St. Petersburg, the prefect of police has refused to allow Jews who do not belong to the university, to attend lectures and has ordered them to be expelled from the capital, on the ground that they have not the right of residence.

Bullets in New York Strike.

New York, Nov. 5.—Augustus Lamba, a strike-breaker, 31 years of age, was shot through the neck and critically wounded Saturday night, when the Eighth avenue street car, in which four strike-breakers and an equal number of private detectives, were riding, was mobbed.

Bishop March Consecrated.

St. John's, Nfld., Nov. 5.—Rev. John March, aged 42, rector of the Catholic Cathedral of Harbor Grace, was consecrated there yesterday. Bishop of Harbor Grace diocese, succeeding Bishop McDonald, recently resigned owing to ill-health, after 25 years in the episcopate.

A Word to Women

Every woman may not be handsome, but every woman should keep with care the good points which nature has endowed her with. Sallow skin, dull eyes, a blotchy complexion—these no woman need have who pays proper attention to her health. Where constipation, liver derangement, blood impurities, and other irregularities exist, good complexion, bright eyes, and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, labored heavy movements, a constant tired feeling—all these mean that the liver and digestive organs are needing help and correction. Bileans give this necessary help. They are purely vegetable and they work in Nature's own way. They do not merely flush the bowels and clear out the liver cells. They tone up liver and stomach to fulfill their proper functions. Not only so, but while more effective than the medicines hitherto obtainable, they are, at the same time, more mild in their operation, and are suitable for the most delicate constitution.

A WOMAN WHO WAS AS YELLOW AS A GUINEA.

Mrs. A. TRAVIS, of Gringley, says:—"I got completely 'run down' in health, my strength went. I was constipated, had frequent headaches, and my skin became as yellow as a guinea. Food gave me pain, and hours upon hours I laid awake at night quite unable to get any sleep, because of indigestion. I lost flesh and became quite wasted. Medicine did not seem to do me any good at all. One day bileans were recommended to me, and I decided to give them a trial. They did what other medicines had failed to do, and soon after I began to take them I felt an improvement. I persevered with them until they cured me, they cleared my skin, rid me of constipation, banished my headache, ended the indigestion, and made me well and hearty again."

BILEANS ARE A CURE FOR: headache, constipation, piles, liver trouble, indigestion, and all digestive disorders, female ailments, skin eruptions, biliousness, sick headache, bad taste in the mouth, foul breath, dizziness, wind pains, anemia, debility etc. Obtainable from all druggists at 50 cents per box, or from Bilean Co., Colborne St., Toronto, upon receipt of price. 6 boxes for \$2.50. To obtain a free sample box, cut out this coupon and mail it, with full name and address and one cent stamp (to pay return postage) to the Bilean Co., Colborne St., Toronto.

FOSTER BEST INTERESTS.

Hon. Dr. Pyne Talks of Effect of Christian Brothers Judgment.

Toronto, Nov. 5.—From an interview with Hon. Dr. Pyne it would appear that those Christian Brothers who choose will be accorded plenty of time in which to make the necessary review of the work necessary to obtain teachers' certificates.

The Minister of Education was not in a position to say what action the Government would take in the matter, but gave assurance that the best interests of the schools would be well considered.

"Everybody concerned may rely upon receiving fair treatment," he said. "Nothing will be done suddenly in the matter, and the process of eliminating the unqualified teachers will be gradual."

"The Government realize that this is a most serious question, and careful thought will be brought to bear upon it. I have no doubt whatever that this decision will be for the ultimate benefit of both teachers and pupils."

Free Trip to West Indies.

Halifax, N. S., Nov. 5.—Messrs. Pickford & Black have written the board of trade that their line will carry a Canadian trade delegation to the West Indies. They suggest that delegates go from Toronto, Montreal, St. John and the Halifax boards.

Canada's Postal Revenue.

Ottawa, Nov. 5.—Canada's postal revenue for the month of October amounts to \$660,798, a gain of \$150,441 and \$156,847, respectively, when compared with the same month in 1905 and 1906.

JUDGE MADORE DEAD.

Was M.P. For Hochelaga County, Quebec For Two Terms.

Montreal, Nov. 5.—Judge Madore of St. Hyacinthe died at the Glengarry Hospital early Saturday.

Judge Madore, who was 48 years of age, had been suffering from a chronic illness for a long time.

In 1891 Mr. Madore ran as Liberal candidate for federal honors in the County of Jacques Cartier, but was defeated by Mr. Girouard. However, in 1896 he was returned to the House of Commons for the constituency of Hochelaga, and was re-elected in 1900 by a majority of 800 over his opponent.

In 1903 Mr. Madore was elevated to the bench, and attached to the district of St. Hyacinthe. He was married in April last to Miss Beauchemin of that locality.

Pandora Range

It is comparatively easy to build a range that will make a lot of heat, but it requires the exact science of Pandora Range building to produce a range that will use all the heat in the coal without waste.

A common range may burn twice the coal that a Pandora will, and yet do only half the work.

If you use a Pandora Range you can be certain that your coal money is not wasted, but used.

KIDNEY DISEASE COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backache, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc. Do not neglect any of these symptoms, for if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

Doan's Kidney Pills

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Fetter, Mass., Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely work. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man. Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont."

CANADA'S BEST PIANO

THE NORDHEIMER

Supremacy in the art of piano making can only be obtained by a combination of age, experience, capital intelligently applied, ambition to produce something better than has been made, and that care of minute detail, guaranteeing permanent satisfaction to the performer. More than the allotted span of life has been devoted by The House of Nordheimer towards developing the Nordheimer Piano to its present high state of mechanical and artistic perfection.

Mr. R. Victor Carter, our travelling representative, will visit Chatham regularly in our interests and will be pleased to give intending piano purchasers the benefit of his musical knowledge by making personal selection of pianos for all who entrust their order to him. Correspondence addressed to Mr. Carter at the Garner House, will receive his best attention.

VERY FINE PIANO

Mr. Parlovitz Speaks In Glowing Terms of The Mason and Risch Instruments—An Artists Opinion

A feature of the concert given last night by the Eduard Parlovitz Concert Company was the fine quality of the piano used throughout the evening. Quite differently from so many pianos of great reputation, Mr. Parlovitz does not accept a gratuity from any piano manufacturer to advertise one make of piano by using one and exclusively in his tours. Mr. Parlovitz allows no advertisement on his concert platform.

When a reporter from The Planet was expressing to Mr. Parlovitz the pleasure his playing afforded the music loving people of Chatham, Mr. Parlovitz modestly ascribed his success as largely due to the magnificent instrument, the quality of which was the more appreciated by him as no arrangement was made in advance to prepare an instrument specially for his use.

Mr. Parlovitz said it was his invariable rule when in Canada to obtain, if possible, a Mason & Risch piano, whenever playing in a town where there was a Mason & Risch agency.

On arriving in town yesterday he called on Geo. Stephens & Co., agents for the Mason & Risch pianos, and pleased Mr. Huff of that firm greatly by the frank delight he showed over the quality and condition of the different pianos he tried. The tone was so pleasing, the touch so perfect, that Mr. Parlovitz was more than satisfied. He has had much experience with pianos in many lands, and it was very high praise for a Canadian instrument to have so eminent an authority say, "It could not be improved upon." It was a glorious instrument. This is a great tribute to the Mason & Risch instruments, particularly since the piano used was taken from the show room without previous preparation, and was only on a par with the rest of the instruments in stock. It speaks well for Geo. Stephens & Co. that they keep their pianos in such good condition that they satisfy the most exacting requirements at a moment's notice.

THEY CHAIRED HIM

The employees of the Machine Room of The Wm. Gray & Sons Co., presented one of their comrades, Mr. Herbert Spencer, with a Morris chair and the following address, on the event of his approaching marriage. The address was read by G. Prithard, and the presentation was made by A. Parnham and J. Dyer. Mr. Spencer, who was completely surprised, made a suitable reply. The address:

Herbert Spencer, Esq., Chatham, Ont.:

Dear Sir,—We, the employees in the Machine Department of The Wm. Gray & Sons Company, Limited, having learned of your approaching marriage, desire to congratulate you upon making this very important event in your life.

We trust that you will kindly accept this chair as a slight token of our esteem, with the assurance of our very best wishes that the future may be a very bright and happy one, both for you and for the young lady about to become your wife.

Yours very cordially,

Are Faultless, ready for Immediate wear Absolutely Stylish and save you from \$5 to \$8 per garment.

Just suppose for instance that a custom tailor made you a faultless suit of clothes or overcoat—faultless, mark you, without blemish or defect. He would be justified in exacting \$25 to \$30 for his work perhaps even more.

On The Other Hand—With an expenditure of \$10, \$15 or \$20 from one of our brand new models hand tailored and ready for immediate wear, you are not only assured by us of all the fine points of style, workmanship and fit, the best tailor product, but you have the additional satisfaction of immediate possession.

Our Clothes—Are ready to put on the minute you make your selection. Whether you choose a suit of fancy pattern, one of the new plaids, grays, blues or black, single or double breasted, or an overcoat of any swell new designs. You know you are getting a faultless style, faultless quality faultless craftsmanship and faultless fit.

We do not deny that the other merchants will give you these same fine points but not at prices the same as ours, for again we assure a saving of \$5 to \$8 per garment, quality for quality, fit for fit.

"STAND, OR I FIRE!"

Vicar Shoots Burglar in a Graveyard—A Midnight Sentinel—Wounded Man Escapes in a Motor Car.

The Rev. Forbes Phillips, vicar of Gorleston, England, author and dramatist, has further distinguished himself by shooting down a burglar who was endeavoring to enter his parish church.

Twice recently Gorleston Church has been broken into and the contents of the poor-box stolen. The thieves have not been discovered, but hearing that suspicious persons had been seen hanging about the churchyard, the vicar assumed the role of a sentry on midnight watch. "After the Sunday evening service," said Mr. Phillips to an interviewer, "I slipped a bulldog revolver into my pocket and went to the churchyard to watch. It was a fearful night of wind and rain. I had tried to induce the police to set a watch, but owing to an ancient legend that the ghost of an old abbot perambulates the churchyard, not a man would undertake the job. The standing splendid cover and high graves made splendid cover for any intruders, and I walked about several times, keeping careful watch.

Leaped into Churchyard. "About a quarter to one I saw two men rise above the wall from the lane and leap into the churchyard. One was tall, the other short. The tall one stopped by the wall while the other hurried across to the tower entrance. I heard a low whistle from the tall man just as I stepped from the priest's door. I walked toward the priest's door down towards the wall. A short man in a tall man warned me he had seen me. Simultaneously I cried to the short man ahead of me, 'Halt, stand, or I fire.'

"He paid no heed, but ran, I fired to warn him; then, as he reached the edge of the sunken pathway, I fired low at his legs. He leaped into the air, uttered a frightful shriek, turned around, and came down with a complete somersault, like a winged parasite, and came down prone on the gravel walk. He groaned and he writhed, clawing with both hands furiously at the gravel and earth.

Fired at Other Man. "I said to myself, 'You are accounted for, at any rate,' and, wheeling round, ran after the tall man. He dodged behind tombstones, until at last I caught sight of his face between two of the stones. I fired. I never saw him after that. I next ran to the sexton's house for assistance. He was asleep, and he took a lot of rousing. Then we lighted a lantern, and returned to the scene. My wounded man was gone, but in his agonies he had almost dug himself a grave with his hands in the gravelled walk. The rain was pouring in torrents, so that we could find no blood marks over on the other side of the lane. Outside the church grounds we found a piece of stiff card-board smeared with blood. The fellow had evidently either dragged himself over to a dust heap there, and lain on it for a while, or what is more probable, his accomplice had returned and borne him away. Not a trace of them has been found since."

Scritinized the Safe. "Last week," added Mr. Phillips, "the church was broken into twice, and similar crimes are reported from many places." One day, while he was in the vestry, a tall man and a short man entered, and were taken aback to find someone there. They scrutinized the safe, though they explained that they wanted to copy an ancient inscription above it. Mr. Phillips is convinced they are members of a gang with a motor car, which was seen near the church on Sunday. He suggests that the wounded man was a burglar, and that the two men were seen loitering at Lowestoft, and a boat at Yarmouth and rowed up the river one day last week. Mr. Phillips adds that burglars have an inducement to steal old church plate on account of the fact that the churchwardens, by printing up every country clergyman with such valuable property "to try the sun method."

The Rev. Forbes Phillips, the hero of this exploit, is well known as the author of "Church and Stage," which Mrs. Brown-Potter revived at the Savoy Theatre. "When it was Dark," also from his pen, is a dramatization of Mr. Guy Thorne's novel of that name, which the Oxford Union recently decided to burn. On previous occasions Mrs. Brown-Potter, at the invitation of Mr. Phillips, has given Sunday evening recitals in Gorleston Church.

Outing's Canadian Editor. Edwin William Sandys, editor and author, was born at Chatham, Ont., June 2, 1860. He is a son of Rev. Francis W. Sandys, D. D. He received a private education, and became editor of The Canadian Sportsman and Journalist to the Canadian Pacific Railway. Mr. Sandys removed to New York to become editor of Outing and a special writer for other publications. He is the author of "Upland Game Birds," "Trap-jim," "Sportsman Joe," and other sporting sketches and articles.

Welds Glass and Copper. Edward Egan of Lee county says that after experimenting for three years he has learned the secret not only of welding copper, but glass as well, lost for centuries. The invention of a successful welding process, by telegraph, electric light, and trolley companies to weld their copper wire instead of brazing it. Broken panes of plate glass can also be welded, saving heavy loss in that direction.

Six Miles of Anglers. Nearly 1,600 anglers of the Birmingham and District Fishing Association held their annual competition at Uundle. Three special trains conveyed the anglers from Birmingham. About six miles of water was pegged out, and the competition lasted three hours. Mr. Stevens, of Garrison lane, was the winner with a take of over ten pounds, consisting of three bream.

Many words of most august sound prove to be of quite commonplace ancestry when traced to their origins. "Finnance" is really only "settling up." Literally, it is just "ending," and was formerly used in that very simple sense in the English language. Then it came to signify settling up with a creditor and acquired the special sense of ransom.

It has a population of seven souls. It has no road or pathway or post. At the last census more than half the population of the island was absent, having gone to Guernsey market with the butter and cream from the Jethou cows. The weather being bad, the visitors had to stay at Guernsey during the census time.

IN FASHION'S TREND

HOW TO CHOOSE A SMART FALL WARDROBE.

Clothes That Make the Stout Woman Slim and the Slim Woman Lithe and Graceful—The Importance of a Happy Selection in Headgear.

No set rules can be given for choosing the fall wardrobe. Each person must study her own appearance and dress in accordance. What will suit a tall woman will look quite out of place on a woman of short dimensions, and a stout person cannot dress in the same style as a slim one without emphasizing her stoutness. And so each individual must find out for herself what will suit her best and study the minor details, so that her appearance helps to form a picturesque whole.

In choosing her dresses the tall woman should bear in mind that a short one detracts from the height, and in this matter fashion favors her, for the long trailing dresses for everyday wear are a thing of the past, and it is seldom a woman is seen in the streets with her skirts trailing along in the mud or dust or tucked away under her arm.

Some tall women in order to make themselves appear shorter make the

AN AUTUMN TOPICAL.

mistake of stooping, thinking that in so doing they will lessen their height, while, instead of making themselves appear shorter, they only succeed in looking awkward and ungainly. In a low, small chair the tall girl presents anything but an elegant appearance, with drooping shoulders and knees at an awkward angle. She gives the impression at once of being too big for the chair, whereas if she chooses an ordinary size seat she can sit as gracefully as any one.

The extra tall woman seems to have an advantage over the very short one in the fact that she can usually walk gracefully when once she has got out of the stooping habit; but with a very short person this is seldom the case, and her walk has a tendency to develop into a waddle. She can, however, add to her height more easily than a tall person can detract from hers. By wearing high heeled shoes quite an inch is added to the height. The broad waist belt gives length to the waist. Squatty hats should be avoided and very large ones overlooked by her.

The slender woman of ordinary height should find no difficulty in choosing her dress, as she is well cared for in the fashion books, and can usually manage to present a satisfactory appearance, but a stout woman has to be more careful and should remember when choosing her style of costume that the gown should be made for the person by whom it is meant to be worn and not because the style is smart and a little out of the ordinary.

The woman with a long neck should not expose too much of it to view, but should cover it up with a pretty fancy collar.

If you are possessed of a small flat nose, remember when buying your hats to avoid those that project very much in the front, as they will make the nose appear even more insignificant. A moderate size hat will modify the defect, if it can be so termed. Hats with sharp outlines or that are set back off the face should be avoided by the person with sharp and decidedly prominent features. The woman with a prominent nose has much to contend with, and her hats should not be severe in outline and should be set well forward.

Hands that are squeezed into gloves one or two sizes too small for them will only add to the size of the hand, and a tight shoe will not add grace to the walk, besides causing great pain to the feet.

What will suit one will not suit another, and it rests with each individual person to exercise her own good taste when choosing her costumes and hats.

To Clean Frames. —Don't attempt to clean picture frames covered with gold leaf, as the finest and most beautiful of all gold frames are. You can tell them by the way the gold, as you look at it closely, seems laid on, here and there curling ever so slightly away from the frame. Any sort of cleaning, except the most casual dusting, is bound to make the gold scale off in an unsightly fashion.

ISOLATION HOSPITAL BILL LAID OVER BY HEALTH BOARD

Contractor Carswell Will Have To Wait For Money Due Him For Plans For Proposed Addition

—Other Matters

The Board of Health were presented with an account from Contractor Carswell yesterday afternoon for the sum of \$15, which Mr. Carswell claims is due him for plans drawn up for the proposed new isolation hospital, the building of which was abandoned by the Board on account of the present state of the city finances.

At the time when the building was first contemplated, Mr. Carswell was asked to draw up plans for the work, the cost of which plans was not to exceed \$15, and it was stipulated that in case the work was proceeded with, he was not to be paid for the plans. If the Board decided not to go on with the work, he was to be paid.

The Board took no action with regard to the bill at yesterday's meeting. Dr. Charteris said that it was likely that the building would be proceeded with next year. The matter was left over to be dealt with at a later meeting.

A petition was received from residents on Elizabeth street, asking that a sewer be constructed on that street, from the northerly end of S. C. Walker's property to the north end of Elizabeth street.

Dr. Hall said that he was not ready to report on this sewer yet, and the Board took no action with regard to the petition.

A bill from the Bell Telephone Company showed that an extra

Saves her father from a drunkard's grave. Free sample of Samaria Tasterless Preservative checks his drinking and leads to a complete cure.

"It seemed hopeless to keep father from drinking, and we all felt the disgrace. When things were at their worst a friend advised me to try Samaria. I saw that you offered a free sample treatment and that the remedy was tasteless and could be given secretly. I determined to try it, and, have been glad every day since. The full treatment, which I gave him in his tea, wrote you and how happy we all are together. Father says that he could never have stopped drinking of his own accord."

Methodist Congregation in Thamesville Is Adding To Its Numbers—Breezy Personals

(From Our Own Correspondent.)

Thamesville, Nov. 5.—Sixty names were presented for admission into the Methodist Church by Rev. Mr. Irwin. Thirteen of these names were rejected by the officials. The remaining ones were received into membership yesterday, when Rev. Mr. Irwin gave a most impressive reception service.

Duncan McCulloch visited Miss Evelyn McCulloch yesterday. Rev. Mr. McInnis conducted services in the Presbyterian Church, at Dutton, on Sunday. Rev. Mr. Malcolm preaching anniversary services at Turin.

Rev. Mr. Orton gave a splendid discourse in the Baptist Church last night on "Model Prayer." This is the beginning of a series of sermons on the same subject.

NIAGARA POWER

Continued from Page 1.

whether the meeting should be called before these figures arrive, or after.

Ald. Scullard—Mr. Beck might have them when he arrives in Chatham.

Ald. Austin—When the engineer was here last year, he discouraged the idea of Chatham securing electric power, but I understand that since that time they have done more figuring, and the outlook for Chatham is better.

Ald. Potter favored taking the matter up at once. In doing so he referred to the recent deal in the natural gas business, and wanted to know where the city stood on the question now.

It was the general opinion that there was nothing to do and that the city had nothing to say. The most of the aldermen thought, from the press report last night, that the city would be at least in a better position as regards gas, and the arrangement might be the best one for the city.

Ald. Austin—The rate as given is lower than it is in any city in the province now. Ald. Edmondson thought there was no kick coming from the gas situation, but he strongly favored the proposition to get after Niagara power.

It is quite likely that a meeting of the power users of the city will be held at the latter end of this week to meet Mr. Beck.

The meeting was called for the purpose of passing two local improvement by-laws for sidewalks on both sides of Adelaide St., from King St. to McGeorge Creek. These were put through their various readings.

OUR CLOTHES

Are the best made clothes in Canada, not because we say so, but because we make them so.

They are the best made in point of style, and in point of service. Every garment is made in our sanitary factory, nothing sent out to sweat shops, that may or may not be cleanly. Our styles are designed by an expert, who in many instances has anticipated the high class custom tailor.

We would ask you to call and inspect the New Fall and Winter Models we are showing in Suits and Overcoats. Note the style marks; note the fabrics—**\$10.00 to \$20.00.**

FALL SUIT REMARKS!

The suits of the Season suggest stateliness rather than baggy fullness.

Take the coat for instance: Though the shoulders are broad, the lines concave towards the waist, then flare out into long skirts, forming what is called the French Back.

Some of these suits have center vents with creased side seams.

The new big lapels tend to give the impression of a broad chest.

A noticeable feature of this long coat is the fact that it lends itself equally well to Short or Tall Men. There's a long price range—\$7.50, \$8.00, \$10.00 up to \$12 or \$15.00

The exclusive tailor can charge you twice these prices, and he will if he has the opportunity, but you can rest assured that he never can give you better suits. See our show window
