

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL. No. 23.

WOLFVILLE, NOVA SCOTIA, FRIDAY, MARCH 25, 1921.

\$2.00, payable in advance

Tuxis Boys

Give Fine Entertainment.

The first demonstration and entertainment to be given by the Wolfville Tuxis Boys, which took place at the Opera House on Monday evening, proved an unqualified success and testified to the splendid work that has been accomplished during the past year. There was a fine attendance, practically every seat in the house being occupied, and that the audience enjoyed the program was evident by the generous applause which followed the rendition of every number. To Mr. E. Percy Brown, the devoted leader of work among boys in this county, and to Mrs. Brown, who has assisted in the preparation of the entertainment credit must be given for providing a very pleasant and profitable evening's entertainment.

The program opened with an overture exceedingly well rendered by the College band which also gave other selections and added much to the attractiveness of the entertainment.

This was followed by a most interesting address on "The Tuxis Program", given by Rev. L. A. Buckley, Maritime Secretary of Boys' Work. The speaker explained the origin and operation of the movement and gave much interesting information regarding the program and the results accomplished.

An interesting feature was a series of short addresses on "The Fourfold Standard". Allan Smith spoke on the intellectual, William Taylor on the physical, Valentine Rand on the Educational and Wallace Barteaux on the Social. All the addresses were well given.

A number of lantern slides were shown giving some sample charts of Wolfville boys, after which Rev. Mr. Buckley demonstrated the method of charting the boys along the different lines of the four-fold development.

A quartette composed of Leander Thurber, Bert Schurman, Waldo Davidson and Arthur Brown, rendered a very amusing vocal selection entitled "Mother Winslow's Soothing Syrup", which was declared to be a "sure cure for freshmen", and the "Quahbettes" under the direction of Mr. Paul Tingley performed a very clever stunt of Pyramid Building. Another amusing feature was a musical stunt entitled, "Diggy daggy hear him weep".

The cup given by Wolfville Division last year for the best all-round development was presented by Mr. B. O. Davidson on behalf of the Division to Wallace Barteaux, the winner for this year.

The presentation of a "Swastica Badge" the highest Scout decoration, to Mr. Paul Tingley was made by Patrol Leader Gerald DeWolf on behalf of the Scouts and was applauded by the audience.

The program ended with an exceedingly well given burlesque grand opera entitled "Uproar Grand". The cast included "Trilliando"—Miss Evelyn Duncanson, "Bombastini"—Mr. Waldo Davidson, and "Hiceni"—Mr. Leander Thurber. The music was good and well rendered and the acting very cleverly done. This number was an especially good number of an attractive program which closed with the National Anthem.

THE TOWN MEETING

The meeting of citizens which is to be held in Temperance Hall next Tuesday evening will be a most important gathering and should have a large attendance. The matters which are to come up for settlement should receive most careful consideration and every citizen should go to the meeting fully prepared to intelligently discuss the proposals of the Council.

These proposals are outlined in the public announcement which appears in our adv. columns. They include the voting of money for different services of the town such as schools, streets, sewers, water-works, etc. No one can afford to be absent at this meeting and no other engagement should be allowed to interfere. This is a citizens meeting and every citizen will have an opportunity of expressing an opinion.

SCHOOL BOARD

An informal meeting of the School Board was held on Monday evening when it was decided to recommend to the Council the purchase of a lot of land lying between the present school property and Prospect street from Dr. Oakes at \$1,000; also a lot from Dr. Cohoon adjoining for \$500 for forty feet or \$250 for twenty-three feet for the proposed new school building. It was also decided to ask Architect Johnson to submit plans for the building.

At another meeting on Wednesday evening Mr. Johnson was present and presented for inspection the desired plans. These, we presume, will be laid before the public meeting on Tuesday evening.

The return of cold weather made good skating at the rink and on Friday evening the juniors and seniors of the College had a private skating party, with Dr. and Mrs. Coit, as chaperones. After the skate all went to "The Palms" for "eats".

Acadia University

Versus
Wolfville

Manual Training

The Governors of the University are providing the Town of Wolfville with a well equipped Manual Training Department, paying the salary of the Teacher, and paying for supplies used and for the heating and care of the room.

Domestic Science

They are also providing a well equipped Domestic Science Department, paying the salary of the Teacher, and paying for supplies used, and for the heating and care of the room.

The number of pupils from the Town Schools receiving instruction in the Manual Training Department this year is forty-two. Those who complete the course, if taking the Engineer Course in the College, will have the credit for this work, and will be saved the time and expense incident to doing it as a part of their College Course.

The number of pupils from the Town Schools receiving instruction in the Domestic Science Department is sixty. In both cases, the time is 2 1/2 hours per week.

The Town of Wolfville received for last year, from the Nova Scotia Government \$264.99, for Manual Training, \$136.20 and for Domestic Science \$128.79. This \$264.99 was passed over to the University. Nothing whatever was paid from the Town's Treasury.

As to whether the University is conferring any benefit on the Town of Wolfville in thus supplying instruction in Manual Training and Domestic Science, a statement of what it costs the Town of Kentville to provide instruction in these subjects may help to decide.

In the first place at least two rooms had to be provided and fitted up with the necessary apparatus. What expenditure this called for we do not know.

The running expenses of last year were as follows:

Salary of Manual Training Teacher	\$480.00
Salary of Domestic Science Teacher	360.00
Trav. Expenses Domestic Science	25.00
Supplies Manual Training Department	323.60
Supplies Domestic Science Department	50.00
Heat and Janitor Service, est.	60.00
	\$1288.60

They received \$600.00 from the Government of Nova Scotia, leaving \$688.60 to be paid from the Town's Treasury.

Summary

1. The University provides:
 - (1) Nearly one eighth of the Town's income for water.
 - (2) More than one fourth of the income for Electric Current.
 - (3) Instruction in Manual Training and Domestic Science, without expenses to the Town.
2. It paid to the residents of the Town for Supplies, Labor, etc. in 1920, more than \$184,000, and for Salaries, at least \$80,000.00 additional, considerable of which was spent in the Town.
3. The attendance at the Several Schools from outside the Town, is about five hundred. Estimating the average expenditure of these students in the Town at \$20.00 per student, we have \$10,000.00. Probably it is much more.

Other things might be mentioned, but we think enough has been written to show that the University is not a serious injury to the Town.

A. COHDON

March 23, 1921.

The City Council of Peoria, Ill., has adopted a new wheel tax ordinance. Even bicycles and tricycles ridden by children must pay a tax of \$2 a year. Here is a pointer for our provincial legislature.

NEW AMBASSADOR TO GREAT BRITAIN

Col. George Harvey has been selected by President Harding to act as United States Ambassador to London.

WOLFVILLE ATHLETIC ASSOCIATION

It is difficult to realize that only barely a year has elapsed since the establishment of the Wolfville Amateur Athletic Association was first mooted by a small group of G.W.V.A. "live-wires"! But so well did the idea "catch-on", that during the twelve months ending next week, the organization has piled up to its credit a record of achievements of which it will be proud. Starting without even the proverbial sixpence, excepting only the two dollars per member "pocket money" it received, and the proceeds of the home engagements in the Baseball league, it succeeded in paying its pay.

But of even more value than its prowess in games is the fact that the movement won the confidence of the whole community, as proved by the good will and co-operation of everybody. Town, College, Daughters of Empire, Wolfville Tennis Club, Boy Scouts Associations, Merchants without exception and all the Churches vied with one another to ensure the success of the first venture which made JULY SEVENTH last verily a "Wolfville's Big Day". Conscious, however, of many mistakes and short comings, it determined to do a better thing the second year and thanks to the magnificent record of the Hockey Team, Captained by Paul Tingley (Oh Paul, we shall miss you!) managed by Herman Baird and every man in it played the game—there is a nice little nest-egg laid as a legacy to enter upon the next venture.

The Executive met on Tuesday afternoon, President Dr. Avery DeWitt in the chair, there being a full attendance. Arrangements were made for the Annual meeting next Wednesday night, when the hour of 8.30 was fixed to avoid clashing with any prayer meeting that may be held that evening. Among the many important decisions arrived at was the appointment of Dr. Coit to represent the Association on the Board of Governors of the Maritime Provinces Branch of the Athletic Union of Canada and also at the big meeting of all the leading Amateur Clubs to be held in Truro on April 5th next. Plans were also discussed for the perpetrating and cementing of the good will now existing between the Association and kindred organizations in the Town and the Associations, indebtedness to Acadia University was referred to in appreciative terms.—Contributed.

William St. Pierre, of Edmunston, N. B., who was charged with murdering Miss Stevens, a telegraph operator from Middleton, has been found not guilty by a jury.

Saturday afternoon was the last "open rink" with the band in attendance. A large crowd took advantage of the excellent ice.

Civic Government

Hold Special Meeting and Pass Estimates

A special meeting of the Council was held at the Council Chamber on Friday evening, at which the Mayor and all the Councillors were present except Mrs. L. C. Moore, who was prevented by illness.

The statement of the Town Clerk proclaiming the election of Mt. A. M. Wheaton at the by-election on March 21st was read and Mr. Wheaton being sworn in by the Mayor took his seat at the Council Board.

It was decided that the Assessment Roll as finally passed by the Appeal Court and Town Council be passed.

Coun. Shaw, the chairman of the Finance Committee, presented the budget for the year which was adopted and the rate of taxation was fixed at 4% divided as follows:

Schools	\$1.35
Highway Tax	10
General and Sewer	2.55

The following provision was made for the different departments of the town: Streets, \$4000; Schools, 10500; Fire and Water, 1500; Street Lighting, 1500; Sewers, 500; Poor and Insane, 1000; Contingent, 1000.

The resignation of Mr. H. Y. Bishop, Town Clerk, which was laid on the table at the last meeting was taken up and it was decided to accept the resignation and ask Mr. Bishop to continue his services until his successor is appointed.

Applications for the vacant office were received from Messrs. D. G. Whidden, J. H. Barrs and W. E. Stackhouse. On motion these were placed on file for future action.

It was decided to ask Mr. Chisholm to have the wiring at the Fire Station so arranged as to allow of the light being switched off during the day.

Some discussion took place regarding the by-laws passed a year ago regarding building operations; and it was decided that a hundred copies of these be printed for the use of citizens. The whole Council was appointed a committee to handle building permits.

The Mayor and Couns. Nowlan, Cox, and Moore were appointed a committee to revise the town by-laws.

Arrangements were made for a meeting of the citizens on Tuesday evening next, particulars of which will be found in adv. columns.

A. A. A. Banquet

To Football and Hockey Players

The annual banquet given to the football and hockey men by the Acadia Amateur Athletic Association took place Monday evening at the Acadia Villa Hotel, when a most excellent repast was served. Other guests were Rev. L. A. Buckley, of Amherst, Dr. H. T. DeWolfe, Dr. Avery deWitt, Prof. Ross, Physical Director Russell and T. S. Stackhouse.

The toast to the King was proposed by A. B. Corey. C. B. Lumsden proposed a toast to Acadia, to which Dr. DeWolfe responded. A toast to the football team, proposed by P. Bentley, was responded to by Captain Harry Atkinson. A toast to the hockey team was proposed by J. Macdonald, and as Captain Beardsley was unable to be present, the response was made by Karl Masan.

A number of short addresses followed. Prof. Ross spoke on athletics at Acadia, Mr. Buckley on inter-collegiate sports and Dr. deWitt on reminiscences of athletics at Acadia. Mr. Russell discussed the future of basketball at Acadia. Special mention was made of Paul Tingley's work with the football team which passed through the season unbeaten, tying with Dalhousie in a 50-minute overtime game for the championship of the Maritime Provinces.

The apparatus for the boring of the artesian well at the reservoir has arrived and been put in position and the actual work of sinking the well will soon be in progress. The results will be awaited with much interest by citizens.

"Bringing up Father"

Can you imagine anything funnier in pictures. Well see the comedy "Jiggs in Society" next Friday and Saturday, April 1st and 2nd.

Co-ed Basketball

Dalhousie Girls Defeat Acadia Girls

An interesting game of basketball was played in the Acadia gymnasium on Monday afternoon between the Acadia and Dalhousie girls, which resulted in a win for Dalhousie by the score of 18 to 8. The teams were evenly matched and the game rather exciting at times. Dalhousie opened the scoring but the Acadia girls settled down to work and soon the score was 6 to 2 in their favor. The visiting girls soon evened the score and the period ended with the score 8 to 6 in favor of Dalhousie. The second period was not as one-sided as the score would indicate. The Acadia girls seemed to lack their usual "pep" and only found the basket once. Miss Armitage played the star game for the visitors scoring the majority of their points. She is a marvellous shot and very seldom failed to reach the basket. Mr. A. B. Dawson, Physical Director at the Halifax Y.M.C.A., refereed the game in an excellent manner. The teams lined up as follows:

Dalhousie	Acadia
Forwards	Marjorie Wickwire
Daisie Armitage	Isabel Murray
Madeline Mader	Centres
Connie Wilson	Jean Foote
Marion Clarke	George Spicer
	Guards
Roberta Bond	Marion Brown
Eva Mader	Margaret McCurdy
	Substitutes
Lillian Rundle	Isabel McPhail
	Ruth Hennigar

Last Friday the Acadia girls stopped at Truro on their way home from Sackville and played a game with the Truro girls. The game was played according to Truro rules and resulted in a win for the home team by the score of 24 to 23. If the game had been played according to Spalding rules the result would probably have been different. Nuf sed.

The Acadia boys went to Sackville this week and Wednesday evening played a game of basketball with the Mt. Allison boys. The result was a win for Acadia, the score being 27 to 18.

'TENTION

PLEASE TAKE NOTICE that the ANNUAL MEETING of the above Association will be held in the Anglican new PARISH HALL, Main street, on WEDNESDAY EVENING, MARCH 30th at 8.30 o'clock, to receive the Presidents' Review—both retrospective and prospective—the Treasurer's and various Reports, elect officers, plan for Baseball and Cricket Leagues, Tennis and the next Annual Wolfville Big Day, also hear Mr. GORDON G. THOMPSON, of Halifax, and other guests of honor from neighboring kindred Associations. All Members and Citizens interested in the promotion of really "CLEAN SPORT" are earnestly requested to be present.

By order,
MORGAN J. TAMPLIN
Hon. Sec.

CANADA'S MAPLE PRODUCTS

The manufacture of sugar and syrup from the sap of the sugar maple is an important farm industry in the Eastern Provinces of Canada, and particularly in Quebec. Long before the white man settled the country, maplesyrup was known to the aborigines and apart from the wild honey was the only intensely sweet product at their command. The methods of procuring it were naturally of a very crude description. Modern methods have greatly improved the product and have led to an ever increasing demand. Quebec Province is the centre of the industry. Of the 20,000,000 pounds, or thereabouts, produced annually in Canada, more than two-thirds have to be credited to Quebec. Ontario is officially reported to be responsible for five million pounds, and the Maritime Provinces for half a million pounds only. The other provinces of Canada do not figure in the calculations. These facts are gathered from a timely pamphlet just issued by the Department of Agriculture at Ottawa, of which J. B. Spencer, Director of Publicity, is the author. From this well illustrated and technically detailed publication it is also learned that the production of maple sugar, and its equivalent in syrups, of late years has shown a tendency to decrease. From 1851 to 1861 we are told the average yearly production was about 13,500,000 pounds, from 1861 to 1871 about 17,500,000 pounds, from 1871 to 1881, 19,000,000 pounds and from 1881 to 1891, 22,500,000 pounds. The latter was the pinnacle of annual production, for in the next decade the average per year was 21,200,000 pounds, and in later years the average has been little less than 20,000,000 pounds. It is thought that perhaps with the increase in price that has taken place recently, greater production may be looked for. It is estimated that the value of the yearly manufacture of sugar and syrup is \$2,000,000, and that 50,000 people are employed in the industry at the height of the season, which is of very short duration, extending over only five or six weeks at the most. Stringent laws against the adulteration of the product have been passed, especially in Quebec, where schools of instruction have been established and the Pure Maple Sugar and Syrup Co-operative Agricultural Association has been organized.

BIRDS' TONGUES

A naturalist has gathered some curious data with reference to the tongues of birds. As he points out, many persons suppose that woodpeckers use their sharp-pointed tongues as darts with which to transfix their prey. It is true that the woodpecker, like the hummingbird, can dart out its tongue with extraordinary rapidity and that its mouth is furnished with an elaborate mechanism for this purpose, yet investigation shows that the object of their swift motion is only to catch their prey, not to pierce it. For the purpose of holding the captured victim the woodpecker's tongue is furnished with a sticky secretion. Inasmuch as it possesses the power of imitating speech, it is not surprising to learn that the parrot's tongue resembles that of man more closely than any other bird's tongue does. It is not because the parrot is more intelligent than many other birds, but because its tongue is better suited for articulation than theirs, that it is able to amuse us with its mimicry. In some respects the hummingbird's tongue is the most remarkable of all. It is double nearly from end to end, so that the little creature is able to grasp its insect prey very much as its mouth were furnished with a pair of fingers.

One ton of wheat straw will produce the equivalent of forty gallons of gasoline, according to the United States Department of Agriculture.

Glad He Tried The Tonic Treatment

Through Its Use Strength and Vigor Was Restored

To be tired after exertion is natural. Rest and food restore the body to normal after such fatigue. But to be tired all the time is a symptom of an anemic condition that will not be corrected until the blood is built up.

Such an anemic condition is so gradual in its approach and generally so lacking in acute pains that it is often difficult to persuade the sufferer to do anything for it. But it is not a condition that corrects itself. If the blood is not enriched the trouble will increase. The nerves will be undernourished and neuralgic pains will follow. Digestive disturbances often result from thin blood, sleep is disturbed and a general breakdown may occur.

Mr. Wilson Johnson, Nineveh, N. S., says: "A few years ago my system was in a badly run down condition. My nerves seemed always on edge, and I found myself so weak that I could hardly do any work. I suffered from headache and from pains in the back and under the shoulders, and was often so sleepless at night that when morning came I felt as tired as when I went to bed. I was taking medicine all the time, but it was doing me no good. Then I read the testimonial of a man whose condition had been similar to mine, and who strongly recommended Dr. Williams' Pink Pills. I decided to give this medicine a fair trial, and when I had taken six boxes I felt much better. I continued taking the pills until I had taken six more boxes, and I can only say I am glad I did so, as I am now enjoying the best of health, and I advise all men who feel run down to give these pills a good trial."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

COULDN'T BE BAD

(From the New York Tribune) A meek looking dorky was brought into a suburban police station just outside Philadelphia and a petty charge was put upon the blotter. He pleaded innocence.

"Well," asked the examining officer, "is there anyone here who can vouch for your respectability?"

Whereupon the dorky singled out the head of the small police force.

"He can," said the colored man, pointing to the officer.

"I can?" gasped the policeman. "Why, I don't know you!"

"That's it exactly," said the dorky. "I've lived in this place for five years and de police force don't even know me. So, yo' see, gents, I can't be such a hard lot."

PUBLIC NEGLECT OF THE BIBLE

(From the Seattle Post-Intelligencer.) If we could contrive to have the Bible restored to home use and regular family reading it would accomplish as much in the pacification of the world and the much desired "return to normalcy" as all other projected remedies together. Bible influence is good influence. Men and women do not read the book and go out and commit crime, nor do they morally collapse under the influence of its teachings. And within its pages are the wholesome teachings of the Golden Rule, the Ten Commandments, and all the lessons of the kindness and charity and humility of the Christ, infallible guides that puzzled and blundering humanity is too much disposed to ignore or forget. Indeed, the danger to the various churches is not so much that members leave one church and join another, or that converts flock to one sectarian standard to the neglect of others, as it is that they elect to have nothing to do with any of the churches. Public neglect of the Bible is but an indication of public indifference to religion in general.

Mr. Stuart-Whyte begs to introduce "The Girl from Nowhere", his latest Musical Revue Comedy. This is probably his prettiest production, as it is certainly the funniest. He has an unusually strong cast, of Comedians headed by Billy Oswald, funniest of all Scotch funmakers. Then there's J. V. Barrett-Lennard who has made a host of friends, and a bunch of other clever artists who aid and abet in laugh making.

Beautiful Zara Clinton is the bright particular star and has a splendid chance to display her wonderfully versatile ability.

The Chorus is of the youthful easy-to-look-at kind, one has been taught to expect in Stuart-Whyte shows, and is superbly gowned. There are dresses galore, from evening gowns to futuristic bathing suits, each one a creation especially evolved to charm the feminine eye. The book is bright and snappy, and there's a novel ending. "The Girl from Nowhere" will be at the Opera House, Saturday, March 26th, 1921.

Abraham's wells, at Beersheba, Palestine are now equipped with modern pumping machinery and are now supplying water to the town.

WHO AND WHY?

Who reads advertisements? More than you ever imagined. Gladstone was quoted as saying he found more interest in the advertisements in American periodicals than in the reading matter. Of what benefit has advertising been to the consumer? This question is convincingly answered by the following quotation from a book on advertising written by the advertising staff of the Curtis publications:

"Advertising has taught us how to cook without fire, to sweep without brooms to make music with a disc, to add figures by machinery. It has fitted us to ready-made clothing. It has revolutionized our breakfast table. It has trained a nation to new labor-saving, time-saving and money-saving habits and desires. It has raised merchandising standards to a high degree of honesty and"—note particularly the closing sentence—"it has taught the consumer to look for quality and how to know quality."

Father—I never smoked when I was your age. Will you be able to tell that to your son when you grow up?

Willie—Not with such a straight face as you do father. You beat me there.

Halifax, N. S.

Minard's Liniment Co., Ltd. Gentlemen—I have used Minard's Liniment and have found it a good remedy. After the explosion I was pretty well shaken up having quite a number of bruises and cuts, but thanks to Minard's Liniment I am my old self again. It healed the sores and bruises and gave me much relief. It is true to its name as the King of Pain, for it stopped the pain almost at once. I first noticed the ad in the Montreal Standard and decided to invest in a bottle, for which I am not sorry, but can say with truth that I am thankful for it having done all it claimed to do, and in my case much more, and a satisfied customer is the bestad, one can possibly find. That is my view of it and I think you will agree with me too.

Yours very truly, (Signed) ALFRED BLAIN, 184 Agricola St., Halifax, N. S.

KEEP KEEN WATCH ON DISTRIBUTOR

Remember Self-Starters is Not Supposed to Crank Engine Indefinitely

Keep careful watch on your distributor. In case of a leak in the high-tension wires, a spark will jump and you can see it. But the spark may be jumping inside and you not know anything about it. So remove the cover occasionally and wipe out the dust. By this means trouble is avoided long before it can occur.

Starting and electric lighting systems require efficient batteries. For this reason the battery should receive careful attention. It should be inspected frequently and the plates of the cells kept covered with electrolyte. A little distilled water added at frequent intervals may obviate the necessity of a new battery.

If your car is equipped with the battery ignition system, always remember that the distributor points need cleaning frequently. Carefully follow the maker's instructions and you will enjoy a smooth-running engine.

Most self-starting systems have a fuse-box installed at an accessible point. The purchaser of a new car should acquaint himself with this as quickly as possible. Very often considerable trouble can be eliminated by the installation of a new fuse. This is a simple matter, but if not known may cause a lot of trouble and unnecessary expense.

When the self-starting device fails to start the engine after reasonable trial, the trouble should be located without delay. One cannot expect too much from a small battery. The self-starter is not supposed to crank the engine indefinitely. Bear this in mind and you will prolong the life of your battery.

THE PATCHES

One reason, perhaps, why a great many roadside and amateur tire patches do not hold when the tube is assembled into the shoe is that rubber cement is used which is not up to the mark. Usually the cement has been reposing in the car's tire repair kit for quite a time, and it is therefore not so fresh and active as it once was. Be sure to get the best materials you can in the first place, and, further, before going on a long trip examine the tire repair kit to make sure everything in it is in good condition.

Spring Weather Hard On Baby

The Canadian spring weather—one day mild and bright; the next raw and blustery is extremely hard on the baby. Conditions are such that the mother cannot take the little one out for the fresh air so much to be desired. He is confined to the house which is so often over-heated and badly ventilated. He catches cold; his stomach and bowels become disordered and the mother soon has a sick baby to look after. To prevent this an occasional dose of Baby's Own Tablets should be given. They regulate the stomach and bowels, thus preventing or banishing colds, simple fevers, colic or any other of the many minor ailments of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville Ont.

THE PSALM OF THE STORAGE BATTERY

I have strength and power at your disposal; your obedient servant; I am your light; I lead the way in the darkness; your friend in need, but you are my enemy; I give you your start, but you forget me; I am strong for my size and you need me, use me, abuse me and kill me.

You overload me with work and don't feed me; you overfeed me and let me remain idle; you raise my temperature from your ill-treatment until I die.

The opposite side of my constitution rebels; my positive sides ache until they break; you cause me to conflict with my negative side and ruin me; you let me go weeks without water until I die of thirst; you borrow and you do not pay back; you charge me and do not let me balance the account.

With you as my master, my days are numbered. I cannot and will not stand it; I will die first.

Yet there is lots of good in me, if you will try and understand me. Study my requirements or pay for your ignorance. When I am full, I refuse to take more. My life circuit is complete, yet you spoil its contact; you let me get dirty and dusty, even my face cracks from your mistreatment.

I AM YOUR STORAGE BATTERY.

DON'T

Don't drive away from the curb or roadside without holding out your signal arm.

Don't depend upon "the other fellow" to stop and give you right of way. He may look at it in the same way.

Don't get sarcastic with the traffic officer, even if you are in the right.

Don't let your motor run when standing idle. It isn't for that purpose.

Don't speed through the small towns. Have respect for the children, dogs and chickens.

Don't open your cutout or blow your horn just to attract attention. The impression you give other people is usually different from what you think.

Don't drive fast on a wet road or street. A sudden use of the brake on a slippery surface is only a skidding device.

Don't fall, before starting on a drive, to see if you have enough gasoline, oil, grease, water and air.

Don't get the impression that "my car" is the best made. If we all thought the same way, there would only be one kind manufactured. Then remember that "pride goes before a fall".

ACTION OF FLOAT INDICATES 'GAS' LEVEL

The simplest form of gauge for indicating the level of fluids in a tank consists of a cork float to which is attached a brass strip slotted for the guides and also for the twisted propeller strip. The whole is secured to the filler of the tank. The action is: when the tank is empty the float is at the bottom of the guides. The indicating pointer is at the empty position on the outside of the cap, and as the float rises the propeller strip is rotated, causing the pointer to move around to the full position. The friction should be reduced to a minimum and a glass bead is fitted as a bottom bearing to assist in overcoming this.

Minard's Liniment for sale everywhere

RADIATOR REQUIRES CAREFUL CLEANSING

Household washing soda, commonly known as sal soda, is the best thing to use to clean the radiator and other components of the cooling system of a motor car.

Dissolve the soda in clean water which is reasonably free from minerals; one teacup of soda to each two gallons of water.

Fill the radiator with this solution, then start the engine and run it 15 to 20 minutes with the spark retarded so the solution becomes hot as it circulates through the cooling system. Then drain off the solution and flush the system thoroughly with clean water. It is perhaps best to use a hose for this.

Remember this: Don't leave the soda solution in the radiator longer than an hour. Also, be very careful not to spill any of the solution on a painted or varnished surface.

Here are some pointers on radiator care:

Drain and refill the radiator at least every two or three weeks. And get into the habit of regularly inspecting the hose connections to see that they neither leak nor impede the free circulation of the water. When filling the radiators see that the screen is in place, and that the water used is clean.

If your radiator springs a leak it is perhaps wisest and cheapest in the end to have a competent person repair it. The use of meal, bran and such to stop leaks is not recommended. Permanent repairs should be made as soon as possible after the leak is noticed.

Car owners should remember that a new radiator should always be flushed out before it is put into service.

HELP IN CHANGING TIRES

A light coating of graphite and shellac rubbed over the rim every time a tire is changed will make the process of changing much easier. If time allows, remove all rust patches with a file or sandpaper, but in any case do not neglect the graphite. You will be well repaid.

At the present time when there seems to be so many things to make one glum, it's a treat to get away from one's worries and laugh. Laugh long and loud and without restraint. It's a wonderful tonic too, and tends to make our little troubles disappear and our bigger ones diminish.

Mr. Stuart-Whyte has found a sure cure for the blues in "The Girl from Nowhere", a real Musical Comedy, chock-full of laugh-making material. The show is replete with humorous situations and the comedy is in the capable hands of Billy Oswald ("Is that a fact?") and J. V. Borrett-Lennard ("Shush") aided by a bunch of clever comedians. Miss Zara Clinton in the title-role is the personification of charm and cleverness, and has a number of her own particular style of songs. The singing is far above the average with Miss Beatrice Carman and I. Warren Lawler.

In the book, there's a bit of mystery, a bit of pathos, and the rest is pure unadulterated fun. Laughter makes the world better and brighter, so let us laugh together. "The Girl from Nowhere" will be at the Opera House, Saturday, March 26th.

There's only one individual who can slap his fellowmen in the face and get away with it, and that's the barber.

THE ACADIAN

(Established 1883)

Published at Wolfville, N. S., every Friday by DAVIDSON BROS., Printers and Publishers

Members of the Canadian Weekly Newspaper Association. Subscription Rates—In British Empire, in advance, \$2.00 per week. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial Notes

WOLFVILLE AND ACADIA

We notice that a good many of the provincial newspapers are using THE ACADIAN'S editorial notes these days without giving any credit to this journal. It is gratifying to us that these "brainstorms" of ours are considered good enough reading matter to find a place in the editorial columns of our contemporaries—

Has the project of a Municipally owned and conducted hospital in Wolfville as a tribute to the splendid work done by our boys in the Great War been abandoned? The need of such an institution is steadily increasing. While Wolfville has been waiting the people of the Western part of the county have already been active and as a result have already a large amount subscribed towards a hospital, which will fill a real need. Wolfville ought not to be left in the rear in a matter of this kind.

The rate of taxation for the current year has been placed at 4 per cent., which is considerably greater than has ever before been found necessary. This increased rate is due to the increased cost of everything and the abnormal conditions which prevail, and will be accepted by citizens as a necessary evil. In some towns, we note that the budget has been made the subject of a public meeting held for the purpose of discussing town affairs. The idea is a good one and might very profitably have been adopted in Wolfville. THE ACADIAN is of the opinion that the greater freedom should be given in the discussion of town matters and that as citizens must pay the bills their opinion might very reasonably be considered on all matters of civic interest.

CRICKET IN WINDSOR

The Windsor Cricketers are to hold a meeting on April 7th to organize for the coming season. They will probably have the use of the Kings College School grounds. In announcing this meeting the Hants Journal says:

Bridgetown, Wolfville, Kentville and Windsor will organize early in May and if Annapolis and Digby or Weymouth could be induced to enter the Valley League, the schedule could then be drawn up in two sections.

The West Indians, Halifax Wanderers and Stellarton will make a strong bid for the 1921 Provincial Title.

To the Editor of THE ACADIAN. Dear Sir:—I have read with a great deal of interest the letters that have appeared during the past few weeks in your valuable paper from the pen of Dr. Cohoon. No one values the opinion of our worthy townsman more than myself. He is always an authority on financial matters especially, and as you intimated in a recent issue it is a pity that a foolish law, or a foolish interpretation of a wise law, prevents the town from profiting by his presence at the council board.

Dr. Cohoon's letter of last week contains much food for thought and is most timely. May I be permitted, however, to regret the unfortunate choice of a heading by the learned writer. I do not for a moment consider that the University is versus the Town and it is a pity to have it so stated. Certainly the Town is not against the University. Our interests are so closely allied that we cannot afford to be on anything but the best of terms. As Dr. Cohoon points out, the University is our best customer for the use of electric current and water and the town is indeed fortunate in this regard. The University is also fortunate in that the town is able and willing to provide these two important and expensive commodities and supply them at the present moderate rate.

There is no conflict between the University and the town and there ought to be none. True, some of our more timid souls view with alarm the decreasing of our assessable real estate as it passes from the hands of the citizens to the Board of Governors. The unfortunate remark made by a representative of the University at a recent meeting of the Council that if the assessment of the skating rink was not reduced it might be taken over from the Athletic Association by the University and thus escape taxation altogether tends to accentuate their fears.

So far as the town generally is concerned it may safely be said that the University will receive the most generous treatment as regards legitimate exemption. Anything required strictly for educational purposes will not be taxed, but when the University authorities enter upon any commercial activity in opposition to citizens' enterprises, it is felt, and rightly that they should stand upon the same footing so far as taxation is concerned.

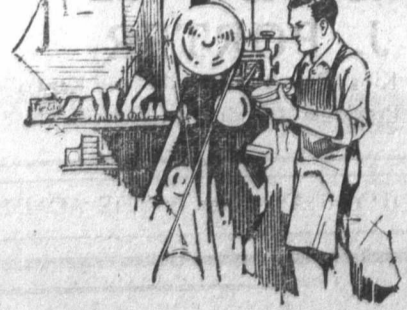

In this, I feel sure, Dr. Cohoon and the University people will be willing to concur. FAIR PLAY.

Items of Local Interest

Mr. and Mrs. Rockingham desire to thank all those who sympathized with them in their recent bereavement.

Dr. J. H. MacDonald and Dr. Rhodenz were two of the judges at the inter-collegiate debate between Dalhousie and Mt. Allison which was held at Sackville on Tuesday evening.

Mr. John Miner, who recently purchased the property on Gaspereau avenue formerly owned by J. J. Ellis, has the material on the ground for the erection of a dwelling, and work will be begun in the near future.

The Dominion Atlantic Railway's 6th Annual Easter Dance on Tuesday, March 29th, in the old Nicklet Hall.

Dr. W. A. Eager, of Halifax, who recently purchased the T. A. G. Currie place in the West end of the town, is having the cellar excavated preparatory to the erection of a fine residence for himself during the coming summer.

Isn't it about time that something was done in the line of a banquet or some similar function in honor of the Wolfville Hockey Team? The boys have done splendid work during the winter and brought great credit upon the home town which should in some appropriate manner indicate its appreciation.

The "Crusaders" of the St. John's Sunday School gave a very pleasant social recently at the new Parish Hall, to which the girls of the school were invited.

The first arrival from sea at this port for the season was the four-masted schooner "Augusta W. Snow" which was towed in on Wednesday morning.

The service of praise at the Presbyterian church last Sunday morning was much enjoyed by a large congregation.

The Regan property on the South side of Main street with two buildings, one recently occupied as a harness store and the other occupied by Mr. Arthur Regan, was purchased this week by Mr. H. W. Phinney, the price paid being \$7000.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

Mrs. Eugene Eaton will receive at her home on Earncliffe avenue, on Friday, April 1st, from 4 to 6 p.m.

The Ladies of the Presbyterian church will hold a Rummage Sale in the near future. All friends are requested to donate and either send donations to Mrs. Anderson, Westwood Avenue or phone for such donations to be collected.

The annual meeting of the Cricket Club will be held on Tuesday evening, the 29th, instead of Monday as announced, on account of the social to be held that evening by the Men's League of the Baptist church.

BISHOP COMPANY

Wolfville in 1865

Nearly sixty years ago, before the Windsor and Annapolis Railway was in operation, Wolfville was a busy center of trade and through its institutions of learning was well known. Few of the men who were alive at that time are with us. None of the business places, except Rand's Drug store, are associated with the activities of the year 1865.

A brief statement of the residents of Wolfville at that time may be of interest to readers of THE ACADIAN.

Beginning at the Tannery Brook on the North side the first place was occupied by the late Enoch Neary. This place was afterwards owned by the late James Elderkin, and is now occupied by Harry G. Parker.

The next place was that now occupied by Mr. R. A. Jodrey. The old dwelling which stood on that site was then occupied by the late James Elder. It was afterwards owned by Mr. A. C. Johnson who built the new house afterwards remodelled by the late W. M. Black after he became the owner of the property.

The late J. W. Bigelow occupied the next place, now the home of Mr. and Mrs. D. G. Whidden. This was formerly the home of Mr. James Johnson. Mr. Johnson received such injuries from a vicious bull as to cause his death. Mr. Bigelow was interested in big shipping enterprises and after coming to Wolfville was an enthusiastic orchardist. He was one of the first Mayors after Wolfville became incorporated, and was also for some years president of the N. S. Fruit Growers Association.

The double house now occupied by Mr. A. C. Cox and Mrs. A. N. Johnson was the next place in those days as it is at present. It was then the home of Capt. George Johnson on the west side and Mr. Andrew H. Johnson on the east side. Both were progressive and worthy citizens.

Dr. J. R. Hea then resided in what is now known as Kent Lodge. Formerly this property was owned by the late Judge DeWolfe. It was afterwards for many years the home of the late W. H. Haliburton, father of Mrs. L. H. Moore.

Next was the home of the late Dr. J. M. Cramp, the first president of Acadia College. This place is now occupied by Capt. John Pratt. The building has since Dr. Cramp's day been much changed and improved. The late C. R. Bill resided here when he first came to Wolfville.

At the time to which we refer the house now the home of Mayor Fitch was occupied by a Miss Best, who at one time conducted a private school for girls where Mrs. Stackhouse now resides. This place was for a long time the home of the late Rev. T. A. Higgins, D. D., formerly the pastor of the Baptist church.

Mr. William Fitch, the grandfather of the present Mr. William Fitch and Mayor Fitch, then occupied a dwelling which stood near the site of the fine residence erected by the late George Thompson. This, we are informed, was the old Cleve-

land homestead. It was removed when Mr. Thompson built his house. The latter was for years an honored resident of Wolfville and gave splendid service as Mayor for a number of years.

The old Baptist parsonage was the next residence and stood on the site of Mr. H. Stairs' residence. It was at that time occupied by the late Rev. Stephen W. DeBlois, who for more than a quarter of a century was the beloved pastor of the Wolfville Baptist church. When the new parsonage (Mr. Stairs' home) was erected the old building was moved back and is now occupied by Mr. Russell, Physical Director at Acadia. This place was occupied for some time by Mr. Simon Vaughan who went to British Columbia many years ago and died there.

Next was the David Thomas place now occupied by Capt. Beardsley. Mr. Thomas was a native of Canada and erected the house where he resided for a number of years. It was afterwards owned by the late Augustus A. Pineo and later by the late J. B. Tingley.

The late W. J. Johnson was the next resident. He lived on the property now owned by his son, Mr. E. C. Johnson, and died many years ago. He was a well known and esteemed citizen.

The house near the campus now occupied by Dr. Coit was the next residence. It was built by a Mr. Harris who lived where Mr. Johnson H. Bishop now resides. At the time of our story, Mr. Harris who lived in the old building had erected the new house, which was occupied by the late Henry B. Witter and family. Mr. Witter conducted a business in a building which stood opposite and afterwards in the store now occupied by Mr. C. H. Porter.

The late J. L. Brown, who was one of the foremost business men at that time, lived in the house recently vacated by Dr. G. E. DeWitt. This house was erected by his brother, the late William Brown, and was then, as it still continues to be one of the finest residences in town. Mr. Brown had a large family which occupied a large place in the social life of the community in the old days.

The Village House (for many years the Central House) was a popular hostelry under the management of Mrs. Arthur Murphy, still remembered by some of the older residents. It was well conducted and a favorite stopping place.

The small building next was then occupied as an office by the Minas Marine Insurance Co.

East of the old burying-ground was the home of the late Edward Chase with the store alongside. This was the home of his father, the late Rev. John Chase, who conducted the store. The latter had several tenants, our townsman Mr. G. H. Wallace carrying on a successful grocery here for years. Mr. Chase was the local expressman and a general favorite with tourists.

The next building was the Acadia Hotel, which stood where is now the Royal. This building was erected by Rev. John Chase

and was used at first as a ladies' school under the name of Grand Pre Seminary. At the time of this sketch it was occupied by a Mr. Ellis. Other landlords were Mr. Marshall, E. D. Bishop, John Jenkins, and J. W. Beckwith. The building was burned and replaced by Mr. Beckwith with the present structure.

The late James S. Morse occupied the store on the corner where is now Young's Bakery as a flour store. His residence was alongside, the building which was moved on Eln avenue and is now occupied by Mr. T. E. Hutchinson. Mr. Morse owned the land on the east of his dwelling now converted into stores and his garden, of which he was justly proud, was one of Wolfville's beauty spots. He was a prominent citizen. Mrs. F. H. Doull, who is a frequent visitor to Wolfville, is a daughter.

Joseph Weston lived in what is now the Delaney building and also carried on the business of Merchant Tailor. Mr. Weston was an Englishman and he was also an ardent gardener.

What is now the Town Hall was in those days the "Union House". It was owned by the late Grandison Eagles and conducted as a boarding house by a Mr. Clarke. This building was erected about 1865 by Mr. Eagles, who later resided here for years. There was a small building occupied as a tenement where Westcott's store now stands.

(Continued next week.)

"My friend," sternly began the horse-faced gent, "life is uncertain. If you were struck by a bolt of lightning tonight would you be prepared?" "What difference would it make," returned J. Fuller Gloom. "Lightning never stops to investigate."

There are just as many witches now as there were in the old days and just as many men fall under their spell, but we lead them to the altar instead of to the stake.

GRAY-DORT

Watchful Eyes Guard Its Quality

THERE is much more than mere routine to the elaborate system of inspection which guards the supreme quality of the Gray-Dort car.

Built into every car is the pride of an organization over sixty years experienced in the production of satisfactory transportation.

—each skilled craftsman looks upon the Gray-Dort as his personal product, by which he will be judged in the eyes of the world.

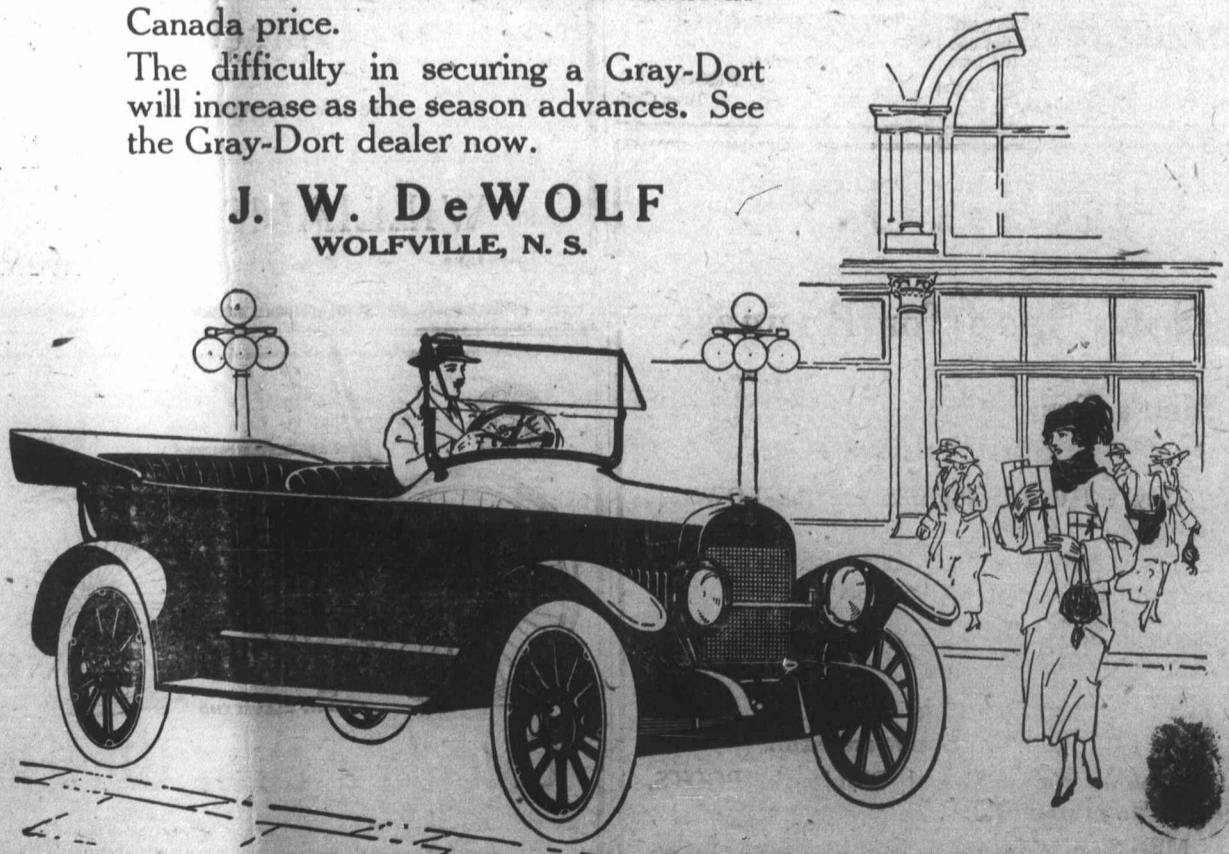

The result is a carefulness—a precision—of construction which is matched only by the fineness of the materials with which our men work.

The final result is freedom from ordinary motor car troubles and the long life which comes only with perfect harmony in every working part.

Compared with other cars, the Gray-Dort is worth much more than its fair made-in-Canada price.

The difficulty in securing a Gray-Dort will increase as the season advances. See the Gray-Dort dealer now.

WILL LIVE IN HISTORY

(From the Brockville Recorder)
He wrecked all precedent by leaving the United States and going to Europe to force war conditions first hand, and as head of the great Republic to discuss the world wide problem of peace-making face to face with the guiding minds of the other great nations by the side of whom his country fought. After studying the situation at close range he came home with a definite programme for his country, that of heartily joining with the Allies in forming an organization having for its object the perpetuation of peace. That, largely for political reasons, his people refused to uphold him in the wide view of responsibility he held was no fault of President Wilson. In small things he undoubtedly made mistakes, but in the broad world wide affairs he was strong, resourceful and high-minded. Broken in health, he has stepped down from the White House, leaving behind a record that will shine brightly on the pages of history.

CANNY FINANCE

(From an Exchange.)
A man from the north of Scotland was on holiday in Glasgow. On Sunday evening he was walking along Argyle Street when he came upon a contingent of the Salvation Army, and a collection bag was thrust in front of his nose. He dropped a penny into it.
Turning up Queen Street, he found another contingent of the Salvation Army, and again a smiling "lass" held a collection bag in front of him.
"Na, na!" he said. "I gied a penny tae a quad o' your folk roon' the corner just the noo."
"Really?" said the lass. "That was very good of you. But then you can't do a good thing too often. And besides, you know, the Lord will repay you a hundred fold."
"Aweel," said the cautious Scot "jist wait till the next transactions' feenished before we start the second."
"He's one of our best after-dinner speakers."
"That so?"
"Yes. Never has much to say and always know when he's said it."

A Clergyman's Wife Wants Women to Know Advantages of Internal Bathing

If women could only see the thousands of letters Dr. Tyrrell has received from grateful women in all parts of the world thanking him for his wonderful invention for Internal Bathing they would soon discard the medicine bottle and look to the real cause of the trouble. 95 per cent. of all human ills are due to accumulated waste in the Colon, or large lower intestine. Warm water, properly used with the J. B. L. Cascade, will relieve the cause of your troubles, and perfect health will follow.
A Winnipeg clergyman writes: "My wife is naturally sensitive having her name appear in public print, yet is anxious that others should know what the J. B. L. Cascade has done for her. It has really given her a new lease of life. For years she had been doctoring for Constipation, which became worse each year. Since using the J. B. L. Cascade, first about four years ago, she has not been sick a day, and has become robust and strong again. Should any person wish this letter confirmed, you are at liberty to give my name in private."
The J. B. L. Cascade is shown and explained at A. V. Rand, Druggist, Wolfville. The J. B. L. Cascade is an invention perfected by Dr. Chas. A. Tyrrell of New York and has done more during the past few years to restore health and lessen disease than all other means combined. Ask for booklet explaining all about Internal Bathing and what it has done for others. It is free, or write to Tyrrell's Hygienic Institute, 163 College Street, Toronto.

DIDN'T MEAN TO BE FUNNY

The teacher was engaged in inculcating moral maxims into his class, and had written on the blackboard: "Do not play with matches: remember the Fire of London." Then he invited any boy to come forward and write a similar warning in regard to some other bad or dangerous habit. For a while no one stirred. Then a small lad stepped up to the blackboard, took hold of the chalk, and wrote as follows:—"Do not spit: remember the Flood."

HEY, DOC!

An Irish soldier coming out of ether in the hospital ward after an operation, exclaimed audibly:
"Thank God! That is over!"
"Don't be so sure," said the man in the next cot, "they left a sponge in me and had to cut me open again." And the patient on the other side said: "Why, they had to open me too, to find one of their instruments."
Just then the surgeon who had operated on the Irishman stuck his head in the door and yelled: "Has anybody seen my hat?"

For the first time Mr. Stuart-Whyte brings his talented Company to Wolfville in a Revue Musical Comedy entitled "The Girl from Nowhere". The Company is headed by Miss Zara Clinton and she has an especially well-fitted part in the present production and is scoring a tremendous success. Another big favorite is with the show in the person of Billy Oswald, the really-funny Scotch Comedian. You'll probably remember "Is that a fact". J. V. Barrett-Lennard plays the English "Johnnie", and his inanities are humorous in the extreme. Richard Barrett-Lennard is the clever good looking juvenile, and the remainder of the cast is quite the strongest Mr. Stuart-Whyte has had for a long time. The Chorus is of the usual Stuart-Whyte kind, and he has gowned them superbly. The scenery is all new and is "different". Altogether a Company, Chorus, and production away from the ordinary. "The Girl from Nowhere" will be at the Opera House, Saturday, March 26th.

Rural Canada says:—"Price advertising by merchants in local papers is the "hook" that lands the customers and moves the goods off-the shelves."

Minard's Liniment Relieves Neuralgia.

EDUCATION TWO CENTURIES AGO

Early student dwellers in Massachusetts Hall, Harvard University, said to be the oldest college building in America, were subject to fines for various college offenses. One scale of such fines reads, according to the New York Times, as follows:
Absence from prayers, 2 pennies.
Absence from public worship, 9 pennies.
Neglect to repeat sermon, 9 pennies.
Frequenting taverns, 1 shilling 6 pence.
Profane cursing, 2 shillings 6 pennies.
Lying, 1 shilling 6 pennies.
Going up on top of the college, 1 shilling 6 pennies.
Tumultuous noise, 1 shilling 6 pennies.
Rudeness at meals, 1 shilling.
Keeping guns or going skating, 1 shilling 6 pennies.
Fighting or hurting persons, 1 shilling 6 pennies.
Playing cards, 5 shillings.

POETRY IN SCHOOLS

(From the Hamilton Herald)
Bliss Carman is right. There should be more reading of good poetry aloud in the schools. That would produce better results than the analytical study of poetry at least in the lower grade classes.

"feeling fine!"
—A few days ago though, I felt pretty miserable—kind-o' tired and drowsy. I must have been very much run down, until someone recommended—
Dr. Wilson's HERBINE BITTERS
An old fashioned, natural preparation made from Dandelion, Mandrake, Burdock, and other purifying herbs, which tend to relieve Dyspepsia, Jaundice, Liver Complaints and Constipation. It purifies, enriches the Blood and builds up the whole system. Try a bottle and get back that peppy feeling you used to have.

Cause of Early Old Age
The celebrated Dr. Michenhoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound.

Personal Paragraphs

Mr. and Mrs. Gerald S. Bauld went to Halifax on Wednesday morning.

Mrs. Julia Ruffee left Saturday for Halifax on a visit to her daughter, Mrs. J. W. McMahon.

Mr. and Mrs. Herbert D. Johnson were in Windsor last week, guests of Dr. and Mrs. Owen B. Keddy.

Mrs. O. P. Goucher and Mrs. L. H. Moore, of Middleton, were in town last week, the former visiting Mrs. A. J. Banks and the latter the guest of Mrs. Hugh Fowler.

Mrs. J. Willis Margeson, of Ottawa, was a visitor in Wolfville over night on Tuesday. Mrs. Margeson was formerly a highly esteemed member of the teaching staff of the Wolfville public school.

Mrs. A. J. Barnes, of Halifax, was a visitor in town for two weeks at the home of her sister, Mrs. G. S. Bauld. Mr. Barnes and little daughter were here for over Sunday returning with Mrs. Barnes on Monday.

Mrs. Eugene Eaton, who has been away for the last two months visiting her brothers, Dr. James F. Brady, of Boston, and Dr. Cecil M. Brady, of West Newton, Mass., returned to her home in Wolfville on Tuesday.

Mr. J. W. Smith returned home Wednesday after a very pleasant trip to western Canada. He was as far West as Calgary and Edmonton and returned by way of Minneapolis, covering six thousand miles in all.

Miss S. M. Borden, of Boston, who is making a brief business visit to Wolfville and vicinity, is a guest at the home of Mr. C. M. Vaughn. Miss Borden is a sister of Mrs. Vaughn and also of Rev. Dr. Borden, of Town Plot, and is one of the most successful business women of Boston.

THE ACADIAN had a visit this week from Miss Hayden, the county nurse, who informed us that some very successful work was being accomplished at the weekly clinic at Kentville. It is expected that the formal opening of the clinic will be held on Friday, April 1st, and that Dr. Hattie will be present. The work of the clinic will be devoted mainly to tuberculosis and child welfare.

You will be sorry if you fail to attend the Opera House next Wed. and Thurs. "In old Kentucky", the American Classic and the serial are the features. **SOME SHOW!**

PORT WILLIAMS NOTES

Mr. Silas L. Gates and Mr. C. A. Campbell, left on Thursday of last week for a trip to Bermuda.

The "Lily of the Valley" Division of Port Williams was entertained by the Gaspereau Division on Friday of last week. A good program was well rendered from both Divisions, and after the entertainment a hot supper was served which all enjoyed very much.

On Tuesday evening, March 22nd, one of the Port Williams Sunday School classes, viz "The King's Daughters", gave a bean supper in "Temperance Hall". They also exhibited, and sold, a large table full of fancy work, and a candy table. The affair was well patronized, and the sum of \$100.00 was realized.

Mrs. Paul Mosher (nee Miss Jean Chase, of North Sydney, is visiting her parents, Mr. and Mrs. Bedford Chase.

Mr. and Mrs. Lou Thompson, of Geo. Chase & Co., spent the week end in Windsor, guests of Mr. Thompson's parents.

Miss Calder, of Falmouth, is taking treatment of the Chiropractor, Dr. Randall, Port Williams, and is boarding with Mrs. Alvira Fullerton.

The concert which was so successfully given in Temperance Hall, Port Williams, ("The Making of Canada's Flag"), is to be repeated in the hall at Gaspereau on Friday evening, April 1st. Doors open at 7.30 p.m., admission 25 cents.

Miss A. M. Cogswell who has been in Wolfville for the past two weeks, returned home on Saturday evening, March 19th.

Several of the Boy Scouts of this place expect to attend the Scout Convention which is to be held in Halifax during Easter Holidays.

GASPERAEU NOTES

The "Lily of the Valley", Sons of Temperance visited the Gaspereau Sons of Temperance on Friday evening of last week. A very pleasant evening was spent. Both Divisions had a very interesting programme. A few speeches were made after which refreshments were served.

We are very sorry to hear the Mr. Carleton Kenne is on the sick list.

A "Roll Call" was held in the Baptist church on Tuesday evening, March 22nd. A goodly number was present and responded to their names. An address was given by Mr. Camp of Acadia College. A paper was passed around and the sum of \$300 was made up to help Mr. MacIntosh pay for the church he has started.

Dr. H. T. DeWolfe was in Halifax on Sunday and occupied the pulpit of the West End Baptist Church.

"OWL TRAIN" WITHDRAWN

In spite of the protests and vigorous efforts put forth by the Boards of Trade and citizens general in the towns of Berwick, Middleton, Bridgetown and Annapolis, against the proposed discontinuance of the so called "Owl" train service between Annapolis and Kentville to Halifax, the Railway Commission has announced its decision justifying the action of the D. A. R. in its policy of retrenchment, with the result that this train was withdrawn from the Annapolis-Kentville division on Tuesday.

Monday was the first day of Spring and it proved to be a real spring day. The temperature registered 71.1 degrees, the warmest March day on record in this locality. The previous record was 64 degrees.

AUCTION SALE

The entire stock and farm implements owned by

B. C. BORDEN, Avonport, N. S. will be offered for sale at Auction Public on

EASTER SPECIALS

Georgettes

For the Easter Balls we are showing a large range of colors including French Blue, Silver, Green, Sand, Electric Blue, Black, White, etc.

SPECIAL: 20 yards of Purple and Wine at \$1.75 per yard.

NINON in colors Rose, White and Lavender to clear at 95 cents per yd.

Voiles and Gingham

Have you seen our New Spring Voiles and Gingham? Hardly know which will delight you most the patterns or the price—both so attractive.

25 yards Black Chiffon at 70 cents per yard.

A wide open policy that says "Money back if you can do better" means that prices must be right.

They are, prices on our entire Spring stock are based on current replacement costs unless the goods cost us less than today's quotation, in which case prices are based on just what we paid. In short our friends in buying their spring outfits today get the benefit of all the reduction the wholesale market affords.

Kindly give us the opportunity of quoting you on

Building Material

including Laths, Shingles, Lime, Cement, Selenite, Beaver Board, Raw Linseed Oil and BB White Lead.

We have cars of everything now rolling

MILL FEEDS

Easter Specials even in Feeds, Best Yellow Corn Meal at \$2.60 per bag.

Car of Flake Bran to arrive at \$2.45.

PROGRESS BRAND CLOTHES

A fortune awaits the inventor of the non-knee-bagging trousers. So far there is just one known way to prevent trousers from bagging and that is to stand still while wearing them.

Our perennial suggestion is an extra pair of trousers with every suit. Worn on alternate days both pairs will remain shapely and the suit gives better service, for a well made coat usually wears equal to two pairs of trousers.

We are always able to supply extra trousers to match suits from our large selections of "Made to order" materials.

RAINCOATS

All kinds of Raincoats for all members of the Family. What's more certain than the certainty of uncertain weather? Lets underwrite your rain risk with one of our Rainproof Rubber or Tweed Coats.

Boots and Shoes, Prices Revised

\$7.50 now buys the same boot for which you recently paid \$10.00.

GEORGE A. CHASE, - PORT WILLIAMS
