ANOTHER NEW INDUSTRY SECURED BY BRANTFORD

Brantford has landed another new industry in the establishment here at an early date of the factory of the United Rubber Manufacturing and Reclaiming Company, a new Canadian concern. A site of 3 1/2 acres has been purchased on Curtis street near the Ham and Nott plant and having railway facilities. General Manager R. G. Wooten announced today that a building of concrete would be erected early in the spring. It will be 250 by 70 feet and 100 hands

UNIQUE TRICKS ARE PLAYED TO GET MEN TO ENLIST

"Men Only" Sign is Put Up in Mexico in Front of Moving Picture Shows, Then Federal Officers Take the Whole Crowd Into Service.

[Canadian Press Despatch] MEXICO CITY, Dec. 3.—As though in reply to the statement made in Paris by General Porfirio Diaz, there appeared in to-day's orders of the day issued by the War Department the announcement that General Porfirio Diaz had been transferred from the retired to the active list on Sept. 20. On account of the nature of the organization of the equipment of the long distances and of the broken topography of the country, the Federal government will find it difficult to handle its various military expeditions without trains now the railroads have been practically deprived of oil fuel by the oil-producing companies. On some of the divisions of the railroad system coal may be used and sufficient supplies of that fuel are in existence to operate the trains for some time, but at the best it is probable, unless unforeseen circumstances arise, that traffic other than military trains will shortly be suspended. Reliable news as to the military operations in various parts of the republic is very meagre in the Federal capital and what little there is does not favor the government. Telegraphic communication along the line of the national railroad has been established, but it is understood that rebels as they are known to dominate the line to the south of Saltillo and to within seventy-five miles of San Luis Potosi. A consular report received here

from Saltillo reveals the fact that the residents of that city are kept in ignorance of the military operations in progress in the surrounding country on account of the interrupted telegraphic communications. Extraordinary methods continue to be resorted to in order to secure recruits for the Federal army. The servant girls of the Federal capital displayed marked caution when they appear on the streets as they are aware that scores of their fellow servants have been drafted into the army as female soldiers. One trick utilized by the recruiting officer netted the Federal army 65 conscripts in a single batch. The bills posted outside a moving picture show announced that the exhibition was "for men only."

The little room was crowded some time before the performance began. A series of ordinary pictures were thrown on the screen, the first of them being one of "The Virgin of Guadalupe," the patron saint of Mexico. The crowd of men greeted this good naturedly, but when it was followed with a picture of "The Lord's Supper" and this was succeeded by "The Crucifixion," the men who had looked for a different kind of an entertainment started an uproar which resulted in the police taking 65 of the disturbers to the barracks who were then placed in the ranks of the army. Preparations for defence in case of local disturbances are being continued by the various foreign colonies in the Federal capital.

THEIR MARRIAGE A SHORT DREAM

Youthful Pair at Montreal Who Eloped to Prescott.

[Canadian Press Despatch] MONTREAL, Dec. 3.—Though carried in Ontario at Prescott because Edgar Gentry Thompson and Baker, minors, had not obtained the consent of the young man's parents, Joseph Henry and Mrs. Thompson, Montreal, according to Quebec law, Judge Brunneau has dissolved their marriage. The petition for the dissolution was Mr. and Mrs. Thompson and the defendant, Edmond Piche, tutor to Maud Gentry, who had submitted showed that the youthful pair, desiring to get married and knowing the stringent provisions of the law here, had carried out and they had no difficulty in securing a license to be married in Ontario. They quickly set up a minister, and were married by Rev. A. E. Rannels, a minister at Prescott. It would appear that both the youthful ones had represented to the minister that they were of age. The boy, it seems told the minister he was 22 years of age, whilst the girl did likewise. The happiness of the pair, however, appears to have been of short duration for after their return to Montreal they lived but a short time together. When the secret leaked out, the boy's parents became indignant and took immediate steps to have the marriage set aside.

PLAN STRIKE OF POSTAL EMPLOYEES OF BRITAIN AROUND CHRISTMAS

LONDON, Dec. 3.—The dissatisfaction among the staff of the British post office, nearly 100,000 of whom recently threatened to strike at Christmas for an increase of pay, is finding expression in acts of willful destruction of government property since the postmaster-general on November 19 rejected their demands. Telegraph instruments have been damaged in the central post offices, typewriting machines dropped down the air shaft and

WARRANTS ARE ISSUED FOR SEIZURE OF THE STREET RAILWAY ASSETS

Bailif Dyckman Has Documents in His Possession—City Proposes to Be Prepared Against Any Removal of Assets by Company—It Was Stated That an Attempt Was Made on Monday Again to Remove Generators From the City—Latest Developments of Case.

In the capacious pockets of John M. Dyckman, bailiff of the City of Brantford, repose 7 warrants. They are able to be tacked up any minute on seven different properties of the Street Railway Company. These were issued on a High Court order because the company had failed to pay its \$7,395 taxes due the city. While the city is not desirous of executing the warrants at the present time they were issued against such an eventuality as the company removing its assets beyond the jurisdiction of said Bailiff Dyckman. Mr. Dyckman is a reticent man and did not inform the Courier of the documents in his possession. They were issued by Tax Collector Benedict. The warrants cover both real estate, movable assets and rolling stock. If anything falls they empower a seizure at a minute's notice, just as long as it takes Mr. Dyckman to use tacks and hammer on a piece of paper with a soft wood background. In the meantime civic authorities are not worrying, but they regard the situation as one worth watching and being prepared for. During the absence of Acting Mayor Speer in Ottawa on Monday it is stated that another attempt was made to remove the generator from the Colborne street power

All Supplied With Firearms

[Canadian Press Despatch] NEW YORK, Dec. 3.—On the liner Laconia, which sailed yesterday for the Mediterranean, were 2100 stowage passengers, a search of whom as they went on board revealed a remarkable supply of dangerous weapons. By the time the last passenger had got on deck with his bundle, two barrels had been filled with revolvers and knives, taken from the intending voyagers. The names of their owners, to whom they will be restored when the liner arrives at Naples.

782 PATIENTS AT THE HOSPITAL IN YEAR

Dr. Bruce Smith Submits Report of His Recent Inspection.

He Comments on Growth of Hospital Work in Brantford.

The monthly meeting of the board of governors of the Brantford General Hospital was held yesterday afternoon. Present, Mr. C. H. Waterous in the chair, Dr. Bell, A. K. Bunnell, Geo. Watt, J. A. Sanderson, Warden Kendrick and T. H. Preston. The usual monthly accounts were passed. Miss Gladys Schultz, for the Junior W.H.A., wrote asking when the new maternity ward would be ready, as the members of the Junior auxiliary were ready to go on with the work of furnishing. The secretary was instructed to reply that it would be six months yet before the ward would be completed. Mr. Bunnell, representative of the W.H.A. on the board, stated that he had had a conference with members of the auxiliary who desired to have their duties in connection with the hospital and Nurses Home more clearly defined than they were at present. The draft of a resolution in this regard was prepared and will be submitted to the ladies for their consideration. The house committee was empowered to contract with the Hygienic Dairy Company for the milk supply for the hospital. The secretary reported a shortage of about \$2,500, and said that next year a larger grant from the city

BANDIT AND MURDERER HOLDS OUT AGAINST SULPHUR AND DEPUTIES

BINGHAM, Utah, Dec. 3.—That the work of Sheriff Andrew Smith and his two hundred deputies in the last three days has been for nought and that Ralph Lopez, the Mexican bandit and murderer, has not been in the Mantic Mine here since Sunday was the opinion generally expressed among the miners of this camp today. This however, is not in accordance with the belief of Sheriff Smith who said he probably would open the mine Thursday morning when he expected to find the body of Lopez. Some credence, however, is being given the theory advanced that Lopez had made his escape from the mine and detectives have been put to work in Bingham to trace down possible clues.

OVER TWENTY PEOPLE ARE BURNED TO DEATH IN BOSTON

Terrible Fire Fatality in Cheap Hotel Early This Morning—Caught Like Rats and All Escape Is Cut Off—Many Thrilling Scenes.

[Canadian Press Despatch] BOSTON, Dec. 3.—Twenty-five men were killed in a fire which swept through the upper floors of the Arcadia hotel, a cheap men's lodging house in the south end early today. Others are missing and scores were taken to hospitals suffering from burns and injuries received in jumping from windows. Nearly all the bodies were terribly burned and mutilated, making identification almost impossible. The victims were men in poor circumstances who had resorted to the place for a night's lodging. Many of them were negroes. Caught in the crowded bunks on the top floor of the five story brick building and in the small rooms on the floor, they were helpless when they were aroused the stairways were in flames and there was a mad rush for the fire escapes at the rear. Practically all the men were naked. Many were rescued by the firemen and police, others escaped by walking a plank stretched to an adjoining building or jumping across a five foot alley to neighboring roofs. The property loss is estimated at \$55,000. The hotel was located at the corner of Washington and Laconia streets. The lower floors were occupied by stores. The fire apparently started in a hallway close to a street floor. The flames swept up the wooden stairways and burned through the roof. According to William Walsh, the night clerk there were 108 lodgers in the building when the fire was discovered by a passing newsboy. After turning in an alarm he rushed into the building, awakening the men in one large room filled with cots and bunks. On the fourth floor, where the loss of life was heaviest, there were thirty tiny rooms, like cells, with two cots in each. A hallway ran through the centre. Nearly all those occupying rooms on the front of the building perished. The men in the rear rooms opening on the fire escapes had locked the doors when they went to bed and those in

Paris Trade Board Wants Live Council

Progressive Men for Town Council Are Sought—Interesting Meeting Was Held Last Evening.

PARIS, Ont., Dec. 3.—There was a meeting in the Board of Trade rooms last night to discuss municipal matters, and to a certain extent push the candidature of progressive members for the 1914 town council. Last year's council had been fairly successful, and had accomplished all they could with the limited amount of money they had at their command, but it was deemed advisable to have men at the head of affairs who would not be afraid to draw up their plans for any really needed improvement and go boldly to the ratepayers and say, "We need \$100,000" or whatever the amount may be, for good roads and sewers or any other necessary expenditure, and have a by-law submitted to the people. As Chairman Thomson said, "This is a progressive town, and never in its history has it turned down a proposition that had real worth behind it." Good roads discussion occupied the greater part of the time of the board. Ald. Torrance, chairman of the streets and sidewalks committee of the present council, was present. He put the blame of the present condition of the roads on automobiles, but was re-elected to the condition of Ayr road in town and the south end of Willow

HON. J. A. LOUGHEED SAYS WEST IS IN A FINE STATE—"EVERYTHING GOING NICE"

OTTAWA, Dec. 3.—Hon. J. A. Lougheed, Alberta's representative in the Government, arrived yesterday from Calgary, and will attend the sessions of the Cabinet. In an interview with regard to general conditions in the West Senator Lougheed remarked: "There is much misconception in the East as to the state of affairs in our part of the country. Everything is going along smoothly. Out there, as elsewhere, some financial stringency is being experienced, but the percentage of business failures is no greater now than a few years ago. This furnishes a good indication of commercial stability. "The operation of the new United States tariff furnishes impetus to the cattle trade, with high prices ruling. In due time matters will adjust themselves. There was never a time when the crops were better or quite so expeditiously handled. There is some slight criticism of prices, but these are fixed by world's markets. The real estate booms have died away and reckless speculation ceased, but our fundamental conditions are absolutely solid."

Kicked Out of Car, Is Now in Hospital

Sydney Bull, Employed by Railway Contractor, Got Into a Row at the T. H. & B. Station Yesterday.

As the result of a quarrel, Sydney Bull, a member of a party in charge of horses owned by Grant Campbell, Lake Erie & Northern contractor, being shipped on the T. H. & B., was kicked out of a car here yesterday afternoon, about 4 o'clock, with the result that his face and head were bruised and he became semi-conscious. The horses were being shipped

Blood Flowed But Wound Was Slight One

Fred Aston 172 Spring Street Had A Close Call From Death—Boy's Carelessness.

Bearing a slight wound upon his left temple from a gun shot, which might have ended his life, Fred Aston lives to tell the tale. He was standing in the garden behind his home at 172 Spring street, when he heard a report and he felt something whiz past his head. Putting his hand to his temple, he found blood flowing, and he realized how near he had been to death. He was dazed at the thought and shock at the moment destroyed his presence of mind. Another inch, a turn of his head at that precise moment would have meant eternity. Going to the low fence, he looked over, and saw a little boy about four or five years of age, toying with a gun of 22 calibre. The boy had touched the trigger of a loaded gun and nearly sent a man of 22 to his doom. Fred Aston, mortified with the child's parents on the negligence displayed, and gave the child a dose of corporal punishment. Despite all the warnings recently issued with regard to the danger of toying with guns supposedly unloaded, there is yet a great deal of unnecessary carelessness. The cage will possibly be fastened when the bird has flown.

Engineer Mountain Not Here—Worry is Caused

Chief Engineer George Mountain, of the Dominion Railway Board did not arrive in the city today to examine the fissures reported found in Jubilee Terrace. Acting Mayor Speer received a telegram last night from Mr. Mountain, stating that he had been unable to get in touch with Mr. Kellett, who is in Montreal. It is desired by Mr. Mountain that E. Kellett be on hand when an inspection is made of the dangerous situation, which Engineer Jones and other municipal authorities believe to have arisen. Not only in regard to the fissures, but in the contraction of the river channel considerable worry is felt. The only when the city has is to the Dominion Railway Board. As far as the work of raising Lorne Bridge is concerned, it was pointed out at a recent meeting of the City Council that the city holds the whiphand, and that the bridge or street cannot be interfered with by the railway without the city's permission. This permission will be withheld until after Christmas and until satisfactory plans are submitted of the work.

ILLUMINATE THE FALLS TO CELEBRATE PEACE

A Bill is Now Before New York State Legislature. NIAGARA FALLS, N.Y., Dec. 3.—The illumination of Niagara Falls will be one of the features of the peace celebration, if the bill which will be introduced by Assemblyman-elect J. W. Williams of the Second Niagara District in the next legislature is enacted. The bill will call for an appropriation of funds for the illumination of the falls as a part of the peace celebration. A mass meeting will be held here next month for perfecting the plans for the celebration and vice-President Marshall is expected to be the principal speaker of the evening.

**REVIVAL SERVICES**  
Another Large Congregation At Alexandra Church Last Night.

A large and enthusiastic congregation was present for the second of the evangelistic services which are being held at Alexandra church. The Rev. Mr. McGregor addressed those present on "The Stewardship of Life, and individual responsibility." God holds men responsible—every man shall give an account of himself to God. It is a great thing to have a friend at Court. "Christ is the Judge. The ownership of God in life. We are only trustees, only stewards, in life and God will come and reckon; faithfulness is the test time, our pleasure, our business to God. There is room for all these. Have we room for God. Are there mispent Sabbaths; playless mornings. We must make time some time. We will have to take time. When God calls.

The Rev. Mr. McClintock voiced the appreciation of the congregation, in having Mr. McGregor present for two evenings in connection with the services. The sermons of Mr. McGregor being an inspiration to all. Professor John D. Hamilton conducted the music, also sang a solo. "We are all workers in the Home." The Rev. R. B. Cochrane of Woodstock will assist the pastor this evening, also Thursday evening. It is expected the choir of the Park Baptist Church will assist in the Alexandra church on Thursday evening.

**Social and Personal**

The Courier is always pleased to use items of personal interest.

Mr. A. P. Fairchild left this morning for Bowmanville.

Mr. G. S. Walker, Dalhousie street, in Toronto for a couple of days.

Rev. R. D. Hamilton is confined to the parsonage owing to illness.

Mr. Alfred E. Noble, and Miss Olive Sawyer were united in marriage by Rev. C. W. Rose on Nov. 29.

Mrs. E. Tanton and Miss Tanton, Duke street, will leave for Buffalo tomorrow and will spend the winter there.

Mr. Cohen, of the firm of Wright, Hazard & Cohen, is in Montreal in connection with the Lake Erie and Northern contract.

The many friends of the Rev. Marshall, pastor of Oxford street Methodist church, will be sorry to learn that he is quite ill.

Mr. Robert Bennett and Miss Mary McEwen, of this city, were united in marriage last evening by Rev. M. Gordon, Mr. and Mrs. Bennett will reside in West Brantford.

**Lodge Notes**

**Wesley X.L. Class Elect Officers**

A meeting of the X. L. class of Wesley Methodist church was held at the home of Mr. Bert Chambers, Cayuga street last evening. The meeting was of a business nature. The election of officers resulted as follows: President, Harold Foulds; Secretary-Treasurer, Frank Liddy; convenor of social committee, Oscar Pennell; entertainment committee, Norman Martin; look-out committee, Mr. Chambers; aesthetic committee, Mr. Chambers.

**Young Peoples Societies Meet**

A meeting of the young peoples societies of the city in a large of Canada's winter pastime. After the business was transacted games and contests were taken part in by the members. Each one of them told one or more stories, one after a good many hearty laughs the young men left for their homes, after singing "Bless be the tie that binds."

**Debating Society Is Organized**

At an enthusiastic and largely attended meeting held last night in the parlors of the Colborne St. Methodist church the Colborne St. Church Debating Society was formed. A nominating committee was appointed, and a report will be brought in at the next meeting. Tuesday night and the officers elected. The society will meet in parliament hall. Meetings will be held each Tuesday evening at 7:30. A committee was appointed to arrange for a banquet to be held Christmas week. The subject for discussion at the next meeting will be "The Role of the Church in the World."

**St. John's A. Y. P. A.**

The regular weekly meeting of St. John's A. Y. P. A. took the form of a banquet given by the ladies and was a most pronounced success. Both numerically and from a social standpoint. The gentlemen rendered an excellent programme which was much enjoyed by all. The speaker, Mr. J. H. Wilkes, had taken in his organization and the members were not present in doing their part. Toasts were proposed and Mr. Todd (in the absence of the Rector) responded. The Church in an able manner, and emphasized the slight make the church should hold in our thoughts and lives. The speaker referred to one of the pleasing features of St. John's church, the welcome it extends to strangers. It is a noticeable fact. Many come a long way to participate in its services; and all are made welcome.

Mr. L. Y. P. A. President, responded to the A. Y. P. A., Mr. Clarkon, the ladies, and Mr. W. Richards, Our Country.

It was proposed by Mr. Todd and seconded by Miss Suddaby that St. John's A. Y. P. A. should give the first Tuesday evening of each month during the winter for the entertainment of the inmates of Brant Sanatorium. It was put to vote, and passed unanimously, subject to the pleasure of the Institution. After a vote of thanks to those who helped to make the evening such a great success, the meeting closed with the Benediction.

**What's Afoot?**

It is interesting to note that the City Council today, Mr. A. J. Wilkes possesses an arbitration for his property on Edwin street, which has been expropriated by the city. The city is in possession, a price having been given by Mr. P. J. Bullock, as valuation. Around the city hall another arbitration with Col. Wilkes was not favored as on the last occasion it was felt the city paid too much for land said to have been needed for the Holme-dale switch.

BAPTISTS MET
HERE YESTERDAY

Interesting Session of Minis-
ters of Brant and Oxford
Counties.

The Baptist ministers of Oxford
and Brant Counties held their regu-
lar session yesterday at the Park Baptist
church. There was a representa-
tive attendance of the men from the
different Baptist churches in the coun-
ties. The subject was modern preach-
ing, and was very enthusiastically
discussed. A great variety of
views were expressed as to the kind
of preaching needed to-day, and the
kind of a preacher the modern pul-
pits demand.

The two papers of the day were
presented by two brothers, Rev. Llewellyn
Brown of the First Baptist
church in this city, and Rev. Douglas
Brown of Springfield.
In the first paper on modern
preaching, Rev. Llewellyn Brown ad-
vanced the idea that the pulpit of to-
day demands a different type of
preaching than was demanded twenty-
five years ago. One of the first
conditions of success is that the
preacher should understand the times
in which he lives. This is pre-
cisely true of preaching. The world
inside of the church has not stood
still, and if the pulpit stands still it
will fail to minister to the needs of
the times. Such a church grows fail-
ure, and is sure to miss the divine
intention as to what a church ought
to be in the life of a modern com-
munity. Three notes that need to be
emphasized to-day in modern preach-
ing are the ethical, the doctrinal and
the passionate.

The second paper of the day was
presented by Rev. D. Brown of Springfield, and
dealt with the modern preacher.
There are marked differences between
the preacher of days gone by as to
his method of approach to
the people. The substance of
the sermons preached to-day dif-
fers widely, both as to their

TUESDAY COURT
A HEAVY ONE

There Are Eleven Civil and
Two Criminal Cases Be-
fore Judge Hardy.

Eleven civil cases and two criminal
cases comprise the list to date of cases to
be heard at the general sessions of the
peace, which open on Tuesday,
before His Honor, Judge Hardy.
Three civil cases have been filed
since yesterday.

Non-Jury.
J. Malcolm and Son vs. Hamilton
Dairy Co. Limited, N. A. Secord for
the plaintiff; James E. Slater for
the defendant. The plaintiffs carry on
business at St. George and the de-
fendants are engaged in a general
milk and ice cream business. The
plaintiffs set out that there was an
agreement by which the plaintiffs
were to supply to the defendants
cream and such cream as was to be
delivered in cans owned by the plain-
tiffs, which cans were to be returned.
The defence deny the existence of
the agreement and set out that the
defendants did not agree to be re-
sponsible for the return of the cans
shipped, but that all the empty cans
shipped to plaintiffs were at the
plaintiffs risk. The plaintiffs claim
that 247 cans were not returned and
ask for the payment of \$3.00 for
each of these cans, also costs of the
action.

Fred Corey vs. The Warren Bitu-
minous Paving Co. of Ontario, Ltd.,
W. A. Hollinrake for the plaintiff;
Robbinette, Godfrey and Pagan for
the defendant. The plaintiff is a
resident of this city and the de-
fendants have their head office in To-
ronto, but have carried on business
here. The plaintiff is suing for \$850
for the securing of signatures to peti-
tion for the construction of pave-
ment on Colborne St. between Alfred
St. and Park Avenue, on Colborne
St. between Park Avenue and Stan-
ley St., on Murray St. between the
capital and Chatham St. The plaintiff
asks for the costs of action. The
defendants claim that John Fallaher,
whom the plaintiff says engaged him
was not the agent of the firm and
further that John Fallaher did not
engage the plaintiff. The defendant
says that this action should be dis-
missed with costs.

R. H. Bygrave vs. the Township of
Brantford; E. R. Read for the plain-
tiff; A. E. Watts, K.C. for the cor-
poration. The plaintiff is a butcher,
carrying on business in the township
in premises situated at the corner of
Hallace and Brighton Place. He
sues for \$150 damages by reason of
his cellar becoming flooded. The
defendants deny liability for the
damage.

This action will not likely be heard
owing to evidence from the West,
taken by commission, not having ar-
rived.

The Criminal Cases
The two criminal cases are both
perjury. The first is the case of Rex
vs. O. M. Mackie, arising out of a
recent suit by the latter in the case
of Cummings vs. Mackie, in which
the latter swore that Cummings had
held him up with a gun and made
him sign documents because of the
threat Cummings made that he would
shoot Mackie down if he did not do
as Cummings told him.

The second is that of Rex vs. Er-
nest George Pike, reminiscent of a
recent police court case. The accused
swore when on trial that he secured
a revolver from one Z. Handley, a
second hand dealer in Kingston,
while in the company of Alexander
Silver, a guard at Kingston peniten-
tiary, and that he could not secure
the latter as a witness as he was at
Stoney Mountain Penitentiary, Man-
itoba. The crown has secured affi-
davit from Z. Handley, who has
not had or sold a revolver in two
years, and the other from Silver that
he never was in Handley's store in
his life, and that he never was in
with Pike, as the latter swore he
was. Further, Silver affirms that he
was not out of Kingston this year.

street, and was forced to admit that
teaming was the main cause.
Mr. J. P. Numan gave it as his opin-
ion that, roads from the junction
to the intersection of William and
Grand River, along William to Wil-
low and down Willow to the outskirts
of the town, again following Grand
River to Dundas street and down
Dundas to where the work would be
done on Willow, would cost the town
some \$15,000 for an all macadamized
road. His plan was considered the
best of any put forward.

It was also the opinion of those
present that the new council should
submit a by-law to compel teamsters
to use wider tires for heavy loads than
those now in use.

Among other things brought up,
Mayor Patterson said that the
Hydro Commission had notified the
local Hydro Board that power would
be furnished to Paris on the 27th of
this month. Reference to Hydro
power brought out the fact that the
Hydro engineer had estimated that
\$15,000 would be sufficient to cover
the expenses of the town inside the
town limits, but to make sure of hav-
ing enough, \$25,000 had been raised
by debentures and now they find
they will be some \$15,000 short on
the total expenditure.

All the present council with the
exception of Ald. Fasken, who has
been made ineligible by accepting
the position of bridge warden, will
re-elect. They together with
Chas. Walker, Jas. Sinclair and
Henry Stroud, if he will consent to
run, will be the choice of the Board
of Trade for the progressive council
of 1914.

The School Board held a short
and businesslike session last night
transacting all their business in thirty
minutes in order to allow the mem-
bers to attend other meetings in
town.

Those present were, Chairman Ink-
sater, Messrs. Duntun, Whitby, Hil-
born, Mann, O'Neal, Logie, Telfer
and Haire.

The report of the public school
principal showed a total of 519 pupils
on the roll, with an average daily at-
tendance of 473 or 91 per cent. Dur-
ing the month \$110.17 had been added
to the penny bank account, which
now totalled \$184.33.

The management committee re-
ported a state of congestion in many of
the lower grades, a large number of
parents having to look after from
70 to 80 pupils, and they recom-
mended that the vacant room in the new
Central school be furnished and an-
other teacher engaged.

On motion of Messrs. Duntun and
Harris the report was adopted. Some
40 or 50 seats will be placed in the
vacant room, together with table and
desk, and an end will be placed in it
for a teacher for the second
block at a salary of \$500 per year.

The Government grant for the
expanding classes in domestic science is
\$219. Two hundred towards the teach-
er's salary and \$19 for equipment. On
motion of Messrs. Hilborn and Mann
the \$200 will be returned to Mr. Pen-
man, who pays this salary.

According to an agreement with
Miss Mitchell, her salary was in-
creased from \$480 to \$450, commencing
Jan. 1st.

The board then adjourned, this be-
ing the final meeting of the present
board.

Gore Lodge Meets

Gore Lodge, I.O.O.F., had a lively
and enthusiastic meeting on Monday
evening, when a large number of
members and visitors were present.
After a great amount of business was
dealt with a number of candidates
were instructed into the mysteries of
the initiatory degree. The social com-
mittee reported everything in readi-
ness for a social evening next Mon-
day night. A good program is ar-
ranged for the evening, and a large turnout
expected. The Burford Lodge, which
numbers nearly 100 members, is
working hard to get a degree team
started there. They were invited to
visit Gore in the near future. Pros-
pects are bright for a successful sea-
son's work.

THE WARNING OF A LIBERAL PAPER

Signs are not lacking that there is quite a lot of dissension in the ranks of the Liberals in connection with the Home Rule Bill.

Winston Churchill has openly been making a bid on behalf of securing concessions for Ulster, and other prominent men on the Government side have been equally frank.

Now there comes along the Manchester Guardian with an editorial which is arousing general discussion in which it declared its disappointment that Asquith's speech had given no indications concerning the possible lines of settlement, and warned the Government of the danger of leaving its schemes for conciliation until too late.

The significance of the above becomes all the more marked when it is remembered that the Guardian occupies second place as a newspaper in the counsels of the Liberal party.

ANOTHER LAURIER BREAK

H. L. Drayton, chairman of the Railway Commission, who reported last week to the government on the question of ocean freight rates, found that the most serious obstacle in the way of securing co-operation with the British government in a thorough inquiry was the action of the old Liberal administration.

In February, 1910, the late Judge Mabee, then chairman of the board, drew the attention of the Laurier government to the necessity of an inquiry by the British and Canadian governments, through a joint commission, into the high ocean freight rates.

His request was forwarded to the British authorities, and the under-secretary for the colonies replied at once accepting the proposal. No reply was made by the Laurier government. Later a cable was sent by the British authorities asking what action was being taken by the Canadian government. This also was discourteously ignored and the idea allowed to drop.

Mr. Drayton's mission to England, despite the handicaps placed in his way by the old government, has been a success. He has secured a promise that the Dominion's Commission will meet in Canada next August and conduct an inquiry. It is also likely that the commission will hold earlier a special sitting in London to take evidence and will make an interim report.

It is noteworthy that not only did the Liberals while in power refuse to make any inquiries into freight rates on either land or water, but even tried to block all inquiry. For years Western Canada has been complaining of high freight rates. No attempt was ever made by the Liberals to remedy the grievance. When the Conservatives came into power the matter was at once referred to the Railway Commission with orders to make a thorough and searching inquiry as rapidly as possible.

Now it turns out that the Liberals blocked a splendid opportunity for a similar inquiry into the exorbitant ocean freight rates.

Sir Wilfrid Laurier was always a reactionary and this is only the latest evidence of it. He killed the movement to nationalize the telegraphs and telephones; he refused proposals to make the National Transcontinental Railway a real government road, and he blocked at every turn any

move looking towards an advance of the government policy and public ownership. He was only carrying out his traditional policy in burking attempts to secure lower land and ocean rates.

THE WINTER FAIR STILL GROWING

The phrase bigger and better than ever is chronic in the vocabulary of some people. It is the condition rather than the phrase which is chronic with the Ontario Provincial Winter Fair at Guelph. Twelve months ago when every department was filled to overflowing the fear was expressed that many exhibitors would be unwilling to come back another year, but not only have practically all the old exhibitors made entries again but there are hosts of new ones.

The seed entries exceed those of last year by about eighty. Horse entries are greater by about one hundred and two. There will be twenty-five or thirty more beef cattle than last year, and ten more cows in the dairy test. Swine will outnumber last year's contingent by one hundred and fifty. The poultry show will number over five thousand birds and will be the greatest poultry show in America.

The dairy test will commence on Friday evening, Dec. 5th at 9 p.m., and close on Monday evening, Dec. 8th, at 9 p.m.

Commencing Tuesday afternoon at 2.30 horses will be judged every morning, afternoon and evening, concluding early Friday afternoon. Beef cattle will be judged Tuesday, Wednesday and Thursday. The judging of sheep and swine will commence Tuesday at 9 a.m. and will continue every morning and afternoon until completed. Judging poultry will commence Tuesday morning at 8 p.m. and will be completed by Thursday afternoon.

The carcass competitions will begin

charge of Prof. W. R. Reek of the Ontario Agricultural College. After the bacon hogs have been judged on Tuesday morning they will be placed in separate pens and cards indicating the prizes awarded will be placed over each lot. After slaughter, the carcasses will be carded so that the visitors will be able to compare the judge's decisions before and after slaughter.

NOTES AND COMMENTS

Another industry for Brantford. Can't keep this place back.

Rowell might as well pack his grip now as to do so later on.

That Christmas shopping—go to it. Courier ads tell you where.

Some men robbed a policeman in Welland. Probably took his place for a jewelry store and were looking for bracelets.

There is nothing of the championship about Johnny Canuck when he starts gatering in the championships at the great Chicago live stock show.

Another French Ministry has been thrown overboard. The Premier in that country who can hold the job long enough to know that he has it, is a lucky individual.

A trolley conductor in Delaware found \$700, and when he returned it to the man who lost it he was given 25 cents. Where the con. made a mistake was in not asking his benefactor how much change he expected out of the quarter.

Windsor Record (Liberal):

"When the great Liberal party of Ontario allowed itself to be allied with the temperance party, it put its head in the noose as far as coming to party, too, is in the same position. One does not help the other. It has proven time and time again that the temperance Tory is 90 per cent. Tory and 10 per cent. Liberal."

were weak enough to join the temperance forces some time, that a like percentage of temperance Grits were Grits first."

The official majority of Mr. McFarlan, M.P.P. for East Middlesex, is given at 289. As it is admitted that he lost 200 votes in his section because of a school quarrel in which he was involved, it will be seen that he would otherwise have won by about 500. Not much sign of reaction about that.

The Grief Habit

Oh, neighbor sad-hearted, with dolorous tongue, you probably started complaining when young; you learned how to grumble at grandmother's knees, and not how to bumble and buzz like the bee! The habit grew stronger as years made their race, and longer and longer you pulled out your face; and louder and louder you voiced your soul pains, till people said: "Chowder the man has for brains." For grief is a habit like clucking with fowls, like fear to a rabbit, like hooting to owls. When once you have got it, there's nothing will please; your spirit, 'dod rot it, is never at ease; you roar when it's raining, when heavens are blue, complain, nag, complain, is all you can do. So, parents and grannies, keep tab on the kids, the Neds and the Nannies, the Susies and Sids, and when they're repining and fretful and cross, say: "There'll be no whining while I am the boss!" Just rise and command them to come from their perch, up end them and hand them ten cents' worth of birch.

LADIES

You certainly cannot afford to miss the many bargains which are being given in footwear at the Temple Shoe Store, Dalhousie street.

would be necessary. Brantford at present only pays about 25c. per head of population for hospital purposes, while in other cities from 50c to 60c per head, and even more, was paid.

The report of the superintendent showed that there were 67 patients admitted during the month, 69 discharged and four deaths. There are still in residence 40 patients.

It was decided to discontinue after this date, the \$50 bonus to nurses in training as being no longer necessary. It was stated that Mr. Hopkins, of the firm of Green & Wicks, architect, Buffalo, would be in the city on Friday to confer with the building committee relative to various matters requiring attention.

Dr. Bruce Smith's Report The report of Dr. Bruce Smith, inspector of hospitals and charities, of the Brantford hospital, was presented. It bears date Nov. 17, 1913.

The inspector points to some existing defects, but says these will all be remedied as soon as the new buildings are ready. The following comments of a general nature are made:

The number of patients admitted to this hospital during the last three years was 606, 722, and 782, which may be taken as an index of the growth of hospital work. The completion of the Nurses Home this year was an event in connection with this hospital for which the highest credit must be accorded the ladies of the auxiliary, who, in future will very kindly bear the same relation to the Nurses Home as the visiting governors do to the hospital itself.

"The additions now well under way will add greatly to the facilities for the care of the sick at this hospital. Four public wards, each accommodating 20 patients, will relieve conditions which have long been complained of. The work is apparently going forward in a satisfactory manner, and the additions will bring the hospital

up to a standard that will be creditable to the city of Brantford and the board of governors, under whose management such splendid improvements have been made. When the new buildings are completed the older portions of the hospital will require complete renovation, and if possible those parts now so partitioned off as to be deprived of sunlight should be reconstructed.

"The records of the hospital indicate prudent and careful management and the financial report for the past year is most satisfactory."

With the City Police

There is at the present moment an epidemic of vagrants and drunks in the city. Joe Slater, Sam Ryan, Robt. James and Jacob Ricketts were all charged with being under the influence and begging.

Chief Slemia made an appeal to the magistrate to deal with these men summarily. He said this class of men were just now flooding the town and turning down. This was becoming a nuisance, and the Chief wanted it stopped. The man, Slater, had been particularly offensive, and threatened to burn down a workman's home, said the Chief. Slater pleaded guilty, but said he was drunk. He was fined three dollars or given the option of thirty days. The others, although not so bad, were dealt with similarly.

No less a sum than \$17.14 will be required to indemnify L. B. Culver from commitment to jail for six months.

After an oft adjourned hearing the case was concluded this morning and ordered to refund \$81.20 to Mr. J. A. Spittal and pay \$15.70 costs, in default to go to prison for the term of six months on every separate charge, and the sentence to run concurrently.

CAPITATION RATES MAY BE INCREASED

President's Recommendation at Bricklayers' and Stone masons' Congress.

ST. CATHARINES, Dec. 3.—That the per capita tax should be increased from 7-12 to 12 cents for the purpose of prosecuting the organization of the bricklayers in New Ontario, and financing a better representation for Ontario at the International Union, was one of the chief recommendations of President John Sutherland of Toronto, in his annual address at the tenth annual congress of bricklayers and stonemasons for Ontario here yesterday afternoon.

The committee on officers' reports will consider the recommendation and report to the convention later. The question of providing an accident fund will also be taken up.

Addition to Membership. An increase of 500 members during the past year was reported, along with a substantial increase in wages from all sections of the province.

The money stringency has had no noticeable effect on the trade, according to the various delegates, who report no scarcity of employment in their line. On the contrary, they state that general conditions are the best since the inauguration of the association.

"Dear Sir,—I desire to express to you on behalf of our company our appreciation of the prompt manner in which your firemen and yourself

fought the very dangerous fire which occurred at our plant on October 18th last. As a slight token of our appreciation I am enclosing you our cheque for \$30, which will convey to you in some manner our thanks for your work.

"Yours truly,  
"THORNTON'S LIMITED,  
"P. Thornton, President."

The Chief wishes, on behalf of the department, to express appreciation for the company's thoughtfulness.

**LADIES**  
You certainly cannot afford to miss the many bargains which are being given in footwear at the Temple Shoe Store, Dalhousie street.

## Local News

### Will Elect Officers.

At the meeting this evening of Wolfe lodge, S.O.E., the officers for the ensuing year will be elected.

### Close Up Affairs.

Last evening the local conference committee met at the Y. M. C. A. to close up all affairs in reference to the boys work conference held last week.

### Money Prizes

Major G. J. Smith has received money prizes for Sgt. Geo. Wood, who won first prize, and Private Albert Sage, who won second prize, for being best shots in A Squadron at the Niagara camp last June. The prizes have been mailed to the winners.

### Passed Away

The death occurred in Mitchell of Mrs. Maria Whitty, sister of Mr. J. J. Hawkins, and Arthur Hawkins of this city. She leaves to mourn her loss three sons and one daughter. Her husband predeceased her only thirteen months ago. She was born and raised in Brantford.

### Eikes Stolen.

On Monday evening bicycles were stolen from in front of E. B. Crompton and Co's. store on Colborne St. and T. E. Ryerson and Co's store on Market street. They were ridden to a point along the banks of the river and abandoned, later to be found on the tracks by a sectionman. The police department took charge of them and they are now in possession of their owners.

### Library Board Meeting

The public library board met last night in the board room at the library for the last time this year. Accounts amounting to \$724.50 were passed. Steadman Bros. were awarded the contract for the supplying of newspapers and magazines. Those present were D. J. Waterous, chairman, Rev. D. Mackenzie, C. Howard and Messrs. T. Hendry, M. K. Halloran and E. J. Carlin.

### Want Guarantee.

By resolution of the Board of Trade, the City Council is being asked to guarantee the bonds of the Industrial Realty Company which is affiliated with the work of the Greater Brantford Board. The company proposes to buy industrial land, erect buildings for rental and otherwise encourage the establishment of new industries here. The Council will take the matter up at the next meeting.

### Trade is Good.

Despite the cry of hard times that has gone up, the local merchants state that they are doing quite a satisfactory year's business. While the volume in the majority of cases does not equal that done last year, there is this consolation, last year's business was exceptionally large. All along the trip travellers report a general decrease in the volume of business, but a good general trade is being done, however.

### A Bad Road

Recently the residents on the Hamilton Road near Mohawk Park complained to the township council that a crossing was needed just where the car lines enter Mohawk Park, as in muddy weather those living on the north side of the Hamilton road have to cross in the mud in order to get a street car. The council had a crossing made, but autolists say it is built high off the road. Last Sunday a local gentleman had the misfortune to have a spring of his car broken at the crossing.

### Rats Do Damage.

There might be war declared any day in this city, a war not with swords and cannon or even with assistance of aeroplanes, but with the deadliest form of rat poison procurable. Rats it is said, are playing particular havoc with the stock of the merchants in the central part of the city. It is not because the rats are hungry, but because they are prone to prowling around at night doing damage as rats do. A merchant said last night there was no use of a few merchants trying to kill them off, the task was enough for combined effort. The city hall is said to be infested with rodents.

### St. Basil's Court

There was a good attendance at the meeting of St. Basil's Court, 534 Catholic Order of Foresters, held last night in the lodge rooms, Dalhousie street. The following officers were elected for the ensuing year. Spiritual Director, Rev. Father Clohery; District Deputy Chief Ranger, J. C. Waller; Chief Ranger, W. J. Hampel; Vice Chief Ranger, F. Grimes; Past Chief Ranger, E. J. Slattery; treasurer, John Ryan; Financial Secretary, D. J. McKinnon; Recording Secretary, Frank Waller; trustees, J. McGraw, T. Cronk, P. Kelly; speaker, Thos. Cronk; court physician, Dr. S. B. Stinson. The court is in flourishing shape and prospects are most bright for future growth.

## Pleasing Event At Wellington

Sunday afternoon a pleasant event took place at Wellington street church when Mr. and Mrs. R. W. Anderson who were leaving the church after years of splendid service to become associated with the new Marlborough street Methodist church, were honored, Mr. Anderson being presented with a Bible, and Mrs. Anderson with a hymn book by the teachers and officers of the Sunday School. On the inside cover of both were these words: "Presented by Teachers and Officers of Wellington Street Sunday School, Nov. 30, 1913."

The presentation was made by the superintendent who in making the presentation spoke of the good work accomplished by Mr. and Mrs. Anderson and the loss of the church and the school sustained. The pastor, Rev. R. D. Hamilton in a few well chosen words spoke of the loss of the church generally was sustaining; Wellington St. was just losing the workers to Marlborough street. Workers were being sent out to build up the Kingdom as the mother church, Wellington St., had been doing for years.

Mr. T. W. Standing, assistant superintendent of the school commended the good work done by Mr. and Mrs. Anderson. Mr. Anderson gratefully acknowledged the gifts and spoke feelingly of his and Mrs. Anderson's association with the school and church.

Mr. Anderson has been associated with the church for 25 years, and for many years has been secretary of the

## Joy Riders In A Close Call

Four miles out, on the back street to Mount Pleasant, at the top of the big hill, two young Hamilton men were thrown fifty feet this morning when the axle on their McLaughlin automobile broke. Both escaped without injury, one wheel of the car going right over a four-foot fence. The young men were endeavoring to make Hamilton within an hour, and the wonder of it is that they did not make it in less time. They telephoned to the city for assistance, and secured a new axle on a radial car from Hamilton this afternoon.

## Men's League.

A very pleasant and profitable hour was spent on Sunday afternoon in Park Baptist church auditorium. Mr. Roberts rendered a solo, which was enjoyed and Mr. Cornelius presided in his able manner. Leader Mr. Rose gave a very helpful talk on the lesson of the day. There was a good turnout and the attendance is increasing. The Men's League stands for mutual helpfulness, social, temporal, spiritual. Men of the city and strangers are always made welcome and are invited to contribute by word or song or to serve on one of the five committees for helping men.

## STILL WILLING TO COMPROMISE

### Lord Haldane Speaks on the Big Question of Home Rule.

LONDON, Dec. 3.—Viscount Haldane, the Lord High Chancellor of England, in a speech at Birmingham yesterday, tried to remove the impression left by Premier Asquith's speech at Leeds on the Home Rule dispute, which angered the Unionists by its declaration of uncompromising hostility to the Ulsterite demand for separate treatment.

Viscount Haldane denied that Premier Asquith's attitude was unchangeable, and cited his Ladybank speech as indicating his real attitude toward Ulster. The Lord High Chancellor said the government wants everybody to treat the problem that mood in order to affect a settlement. It wants Bonar Law, the Unionist leader, to talk over the matter in the manner of his better self. It is useless, he said, to bandy words from platform to platform. The Government would gladly discuss the details within the principle of the bill if the responsible party leaders got together to talk dispassionately on the subject. He said they would find a great deal of common ground.

The Right Hon. Herbert I. Samuel, Postmaster-General; Sir John A. Siman, Attorney-General; and the Right Hon. J. A. Pease, President of the

## Laid at Rest

### Ralph Friend.

The funeral of the late Ralph Wells Friend, youngest son of Mr. and Mrs. William W. Friend took place yesterday afternoon from the residence of his parents, Burke Ave. to Greenwood cemetery. The Rev. Mr. Woodside conducted the services. Among the many floral tributes were Willow, "Our Darling," parents, wreath, "Baby," Grandma Smith, Aunt Minnie and Aunt Reta; cross, Chinese Bible Class of Zion Church Sunday School; sprays, Grandpa and Grandma; friend, Grandpa Smith, Mr. and Mrs. H. W. Friend (Hamilton), Aunt Emily, Mr. and Mrs. Geo. Wells, Mr. and Mrs. B. B. B. Bell, Mr. and Mrs. A. M. Cook, Mr. and Mrs. W. J. Spence, Mr. and Mrs. J. W. Pate, Mr. and Mrs. J. B. Okey, Mr. and Mrs. Wm. Stokes, Mr. and Mrs. W. E. Day, Mr. and Mrs. Hugh Thompson, Mr. and Mrs. Graydon and Miss Wells.

A large number of acquaintances sympathize with Mr and Mrs. Friend in their sad bereavement.

### No Stoppage

There is no stoppage of the work of building the remaining wall south of Lorne bridge for the Lake Erie & Northern Railway. Secord & Sons, the contractors, have concreting operations in progress.

The prize-winning steer has never tasted a grain of corn. Barley, oats and alfalfa composed his fare.

Employees who saw Nicola drown express their belief that he took a fit and tumbled over out of a scow in which he stood.

Officials of the Cement Company in the city state that Nicola's body may be in 30 feet of water or 60 feet, possibly more. The lake bottom is an uncertain one and the recovery of the body may prove a difficult task.

CHURCH UNION BADLY NEEDED

An Address of Interest Delivered to Ministerial Alliance.

The Brantford Ministerial Alliance held an important meeting on Monday afternoon, Rev. R. D. Hamilton, who was to have given the paper for the day, was unable to be present on account of serious illness.

Mr. Hargrave, a Baptist minister who is an enthusiast on church federation, and who is at present engaged in special research work in Cornell University along this line, was present and at the request of the president read a somewhat remarkable paper.

Church Federation. He took the ground that the churches must get together, particularly in the small villages and rural districts to prevent foolish overlapping and sinful waste of home mission funds.

HAMILTON POLICE WANT MORE MONEY

Petitions Asking for Business Men's Support Were in Circulation.

HAMILTON, Dec. 3.—Some time ago it was stated on good authority that the police were to get a raise in salary after the first of next year; in fact Magistrate Jells, one of the police commissioners, expressed himself as favorable to an advance.

The men realizing that they were the poorest paid of any of the larger cities of the Dominion, in an endeavor to make their case stronger, circulated petitions among the numerous business men for their endorsement.

These men gladly signed their names. For some unknown reason this petition was called off, and the men were at a loss to know how it happened.

The police commissioners claimed they had nothing to do with it.

Chief Smith says the petition was not handed in, and he does not want to see it.

The question arises, What happened to them? The men say that hard times make work more hard for them, as men will take more chances than they will when money is plentiful.

They also claim that they have no way of knowing their employers' pay, and that the sympathy of their brethren were extended to him.

Mr. Hargrave, a Baptist minister who is an enthusiast on church federation, and who is at present engaged in special research work in Cornell University along this line, was present and at the request of the president read a somewhat remarkable paper.
