

WILL HAVE A FINE STREET CAR SERVICE.

Extensions Agreed Upon by Company.

City and Cataract Square Accounts.

Increase in Street Railway Earnings.

The extensions agreed to by the Street Railway Company and approved of by the conference sub-committee will, in the event of a settlement being effected, give a splendid service in every section of the city. Provision is made for relieving Barton street of the heavy traffic from the Harvester Works and east end industries during the rush hours and for the building of extensions which will serve districts that have long felt the need of street car accommodation. Following are the extensions agreed upon:

The Herkimer street line will be extended westerly to Locke street, and southerly to the Brantford & Hamilton tracks, making a stub end.

York street tracks will be extended to the cemetery gate and a new line built from the corner of York and Dundas streets, southerly on Dundas to Main street, making a stub end there for the present, although the company intends when the new Garth street bridge is built to extend this line to Herkimer and Garth streets, joining the new extension there.

The northeastern extension, for the present, provides for a line over Ferris street, from James to Wellington. The aldermen, however, say they will insist on this going as far as Emerald street.

M. & M. TROUBLE IN COURT AGAIN.

JUDGE MONCK FINDS HARRY JAMES WAS NOT DRUNK.

Barrister Lewis instructed to bring action against Richard Baird because of James' arrest.

Judge Monck presided at a session of the Ninth Division Court this morning. There were fourteen cases on the list, which included an appeal from a decision of the Police Magistrate in the case of Harry James, who was fined \$2 on a charge of drunkenness recently. Mr. A. M. Lewis appeared for the appellant, and Mr. F. E. Waddell represented the city.

Mr. Waddell raised a technical objection to the re-hearing of the case, and this was noted, and the evidence heard, subject to the appellant's solicitor citing law to disprove the City Solicitor's contention.

P. C. Reynolds testified that he was sent to the M. & M. Hotel to do special duty at the request of Richard Baird, who had bought James out. He was told that there was some trouble between the new proprietor and his predecessor. About 11:05 a stone crashed through the window of the hotel, and he ran out. He was told that a man had run up the yard of the fire hall. Witness ran up the lane to Hughson street, and James and a man named Sullivan were standing near the corner. Sullivan ran away, and he arrested James. He took James to the M. & M. and Mr. Baird said, "Lock him up." He swore that James was under the influence of liquor, but on cross-examination would not say he was staggering or noisy.

P. C. Hawkins, the desk man at No. 3, said James was much excited when brought in. He did not stagger, and he talked intelligently, but he had been drinking.

Rod McDonald, a bartender for Baird, testified that he saw James about the time he was arrested. "I concur with my learned friend, Officer Hawkins, he did not stagger, and he seemed excited. I could not say he was very drunk." To Mr. Lewis he said he had seen lots of men on the streets under the influence of liquor to a greater extent than James was, and who were not arrested.

His Honor said there was no need for the defendant testifying, as there was no evidence that James was drunk within the meaning of the statute. A man to be drunk must be incapable. Under the head of disorderliness a man might be fined for creating a racket while under the influence, but he must not be fined for drunkenness unless he was drunk. He said if the contention of the City Solicitor is met by Mr. Lewis he will quash the conviction. In the meantime judgment was reserved.

Mr. Lewis had a number of witnesses present to prove that James was perfectly sober at 11 o'clock on the night he was arrested, and that he could not have broken the window—his charge which was preferred against him by Baird when he was arrested, but which was withdrawn the following morning.

Hanged Twenty.

Kherson, Russia, May 22.—Twenty peasants, who took part in recent agrarian disorders in the Yekaterinoslav district, were hanged here this morning, after being condemned to death by a court martial. They belonged to a peasant association, the avowed object of which was to drive out landed proprietors by the burning of their estates.

BROKE RECORD.

Made the Fastest Trip of Any Steamer Across the Ocean.

Now Lost in the Mist Somewhere Near Sandy Hook.

New York, May 22.—Somewhere out near the Sandy Hook lightship, in the dense fog bank, which has been hanging over the ocean since yesterday, the big liner Lusitania is swinging at anchor today, probably once more the unrivaled queen of the seas. When the giant turbine shot past Fire Island at 1:04 a. m. today, at a speed of 30 miles an hour (more than 25 knots) and was lost in the mist, she was carrying a record of hours faster than ever made before by a ship on the long trans-Atlantic highway. Since that moment she has been as completely lost to view as if in mid ocean, but the wireless has told that she continued her flight over at least most of the 27 miles which separated her from her goal. Just where she was when the wireless was sent even those on board the steamer did not know, but on shore it is taken for granted that Captain Watts made certain that he had passed the record line off the lightship before letting down his anchors. Wherever she is, there she must remain until the fog lifts sufficiently to permit her to work her way cautiously up through the narrow channels to the harbor and her dock.

May Win Subsidy.

New York, May 22.—Atlantic records for average speed and for the shortest trip over the long course were broken by the Cunard liner Lusitania, which arrived here today. The big ship anchored off the Sandy Hook lightship in a heavy fog at 2:45 this morning, just four days, 20 hours and 22 minutes after she passed Daunt's Rock. This beats the best previous time for the long course made by her sister ship, the Mauretania, by three hours and 35 minutes, and is only one hour and 42 minutes longer than the Lusitania's record of 4 days, 18 hours and 40 minutes, over the short course.

The Lusitania's average speed for the voyage was 24.83 knots, and this time goes far toward securing for her owner, the British mail subsidy of \$750,000, promised when the Lusitania and Mauretania each shall have averaged 24.50 knots per hour or better for a round trip passage.

DID HIS DUTY.

Police Commissioners Sustained P. C. May.

At the meeting of the Police Commissioners at noon today there was nothing done about expropriating the lot in the west end which the police want for a new patrol station.

The old Timson matter came up again. Staunton, O'Heir & Morison asked the Board to reconsider the resolution to cut Timson off the Benefit Fund. The Board resolved to send the law firm a copy of their former resolution and let the matter rest at that.

Constable Tuck, at present doing plain clothes duty, asked for \$26 a day extra while he is out of uniform. This was granted, and P. C. Sayers and Rouson were also allowed \$26 a day extra for the time they were in plain clothes. Constable James Clark was granted a month's leave of absence from June 9. Good conduct badges withheld from Constable Fuller were asked for, but the Board declined to act.

Constable May was upon the carpet on a peculiar charge. A. B. Mackay and E. A. Fowler charged May with a breach of his duty in ejecting them from the Grand Opera House on May 6. Mr. Mackay said that on the night in question he and Mr. Fowler went to the Opera to see the "Red Mill." They had their tickets which were in the first row and the usher told them they could not get their seats till after the curtain was dropped. He and Mr. Fowler asked for Mr. Loudon and when he came he put them out into the lobby. He offered them their money back, but they refused. After hearing Mr. A. R. Loudon and others the magistrate remarked, "I think he did his duty and did it commendably. The others agreed and the charge was dismissed."

Mr. MacKay announced his intention of proceeding against the Opera House.

TRADERS BANK OF CANADA.

IS ARCHBISHOP M'EVAY NOW

The Bishop of Hamilton, as senior bishop of the ecclesiastical province of Toronto, has just received official information of the appointment of the Right Rev. Dr. McEvay, Bishop of London, to the position of Archbishop of Toronto. Archbishop-elect McEvay has not yet announced at what date he will take possession of the metropolitan see.

The new and distinguished honor which has come to Bishop McEvay will be a source of gratification to his many friends in Hamilton. Prior to his appointment as Bishop of London he was rector of St. Mary's Cathedral, having been appointed to that charge in 1889; and filling it with marked distinction until 1899.

Hamilton people, generally, hope the advancement of Bishop McEvay will mean that further honors will come to Hamilton clergy.

PROGRAMME FOR THE UNVEILING.

ALL ARRANGEMENTS FOR THE EVENT ARE COMPLETE.

Luncheon and Toast List at Commercial Club After the Ceremony at Gore Park.

Final arrangements were made today for the reception of the Governor-General and the ceremony in connection with the unveiling of the Queen Victoria Memorial Statue on the holiday. His Excellency, as he steps from the train at the T. H. & B. Station at 10:25 will be welcomed by Mayor Stewart and the reception committee. Automobiles will be in waiting and the party will take the following route through the city, reaching Gore Park at 11:30:

Down James to Main street, to West avenue, to Hunter street, to Victoria avenue, to Stinson street, to East avenue, to Main street, to Queen street, to King street, to Victoria Park, to Dundas Park. Return by same route to King and Locke, to Queen street, to Herkimer street, to James street, to Gore Park.

It is expected that the unveiling and speech-making will be over by 12:20, at the latest. The statue will be covered with a large Union Jack, and the unveiling will be done by means of an electric push button. Lowe & Farrell, electricians, are arranging this part of it.

The guard of honor from the infantry corps, 200 hundred strong, which will meet the Governor-General at the station, will be formed up outside the Gore during the unveiling. The school children's chorus, directed by Professor Johnson, will be within the fence, a large plume in front of the statue will accompany the guests. The programme in detail will be as follows:

Bands, God Save the King. Songs, school children, (a) O Canada. (b) May God Preserve Thee, Canada.

Address, Mrs. John S. Hendrie. Address and unveiling of statue, His Excellency Earl Grey, G. C. M. G., Governor-General of Canada.

Bands, Rule Britannia. Song, school children, The Maple Leaf. Presentation of statue to city, Mrs. John S. Hendrie.

Acceptance of statue on behalf of citizens, Mayor Stewart. Address, Adam Brown. School children and band, God Save the King.

Immediately after the ceremony His Excellency will be taken to the Commercial Club for luncheon. There will be a short toast list. The sculptor, Philip Hebert, will be asked to say a few words, and it is expected that the Governor-General will speak briefly. Mrs. John S. Hendrie will entertain the ladies of the party, and the Governor-General will leave for Toronto at 2 o'clock.

About seventy people, including the aldermen and the gentlemen on the committee in charge of the unveiling arrangements will attend the luncheon. A luncheon will also be provided in the Drill Hall for the two hundred soldiers who will form the guard of honor.

When the unveiling takes place the committee in charge of the ceremonies request that all the spectators join in singing "God Save the King" and in the chorus of "The Maple Leaf."

CIVIL ACTIONS.

Verdict Against Contractors on the B. & H.

The jury in the action of Dini vs. Nicholson, returned a verdict of \$500 in favor of the plaintiff, last evening, for damages for the death of Tony Panzani. Deceased was working for Nicholson & Riley, while the latter were doing the contracting work on the B. & H. Railway. A stick of dynamite was left in a hole, and Tony struck it with a pick, exploding it and blowing him to pieces. The father and mother of the deceased brought the action. George Lynch, Stoughton, K. C., for the plaintiff, and S. F. Washington, K. C., for the defendant.

The action of Spence vs. Gibb, for \$1,500 for the loss of a finger in the Gibb Paper Box Factory, was taken up. The plaintiff is an infant named Margaret Spence, and she was working on one of the machines when she claims it pulled her finger in the slot, and took off the top. The defence denied the allegations of the plaintiff, and disclaim negligence.

The action of Lish vs. G. T. R. was taken up before adjournment. George Lish was a laborer employed by the Company and while loading freight on a car he fell and injured himself. He alleged negligence on the part of the company, by reason of the fact that there was no running board, by which to transfer the freight from the shed to the car. He asks for \$1,000 damages. The defendants claim that if there was any negligence it was caused by a fellow employee, and the company cannot be held liable. John Farmer, for the plaintiff, and L. McCarthy, K. C., and W. E. Foster, for the defendants.

INTEREST IN M'KAY'S VISIT.

Bespeaks a Bumper House on Tuesday Next.

R. A. Thompson Meeting With Great Success.

Temperance People Submit Questions to Candidates.

From the number of enquiries being made and the great interest everywhere shown in the coming visit of the Liberal leader, Hon. A. G. MacKay, a bumper house is assured at the Grand next Tuesday evening. Requests have been received from surrounding places for seats on the platform and in the house. Hon. Mr. MacKay's splendid addresses throughout the country, and his pointed letters to the electors have created a wide interest and all classes want to hear him.

R. A. Thompson's campaign in North Wentworth is going along splendidly. Everywhere Mr. Thompson is making new friends and receiving the warmest encouragement. There was a splendid rally at the Liberal rooms in Dundas last night, the feature being the large attendance of enthusiastic young men.

Gordon Wilson, Mr. Thompson's machine Tory opponent continues on his one-plant platform, abuse of Charles Collins. He scornfully mentioned any other subject at the West-over meeting. What little else he did say was abuse of R. A. Thompson, the Liberal candidate.

Mr. Collins, the Independent-Conservative candidate is carrying on an exceptionally clean campaign. He discusses the affairs of the day and indulges in no personalities.

Mr. Thompson, of course, never indulges in anything of a personal nature, or says a word against either Mr. Wilson or Mr. Collins. Among East Flamboro Conservatives especially Collins' stock has gone up and Wilson's has gone down.

Hamilton Temperance Electoral Association had a representative meeting last night in the office of Mr. H. A. Martin at which the stand to be taken by the association was discussed. It was decided to draw up a series of questions to be submitted to the four candidates in Hamilton. These questions were at once formulated and copies were mailed to the candidates with the request that the answers be forwarded to the secretary, Mr. A. H. Lyle, not later than Saturday noon. The questions are as follows:

If elected will you use your influence to secure a stricter enforcement of the Liquor Law?

Are you in favor of a non-political board of License Commissioners?

Are you in favor of the removal of (Continued on page 12.)

THE MAN IN OVERALLS

Register to-night.

The street railway extensions can't come too soon.

The Hon. Cornelius Amory Pugsley is mentioned as a Vice-Presidential candidate. Any relation to our friend Pugsley at Ottawa?

That was a fine speech of Wardrop's, everybody was saying to-day.

Well, Senator Tom Platt was old enough to know better. Mae Wood, but he wouldn't.

The man who rocks the boat is about due to get his name in the papers.

This is what might be called postponed games weather.

Read the ads. in to-night's Times. There is something in them for most everybody.

Empire Day! Off hats to Mrs. Fessenden!

Why did Mr. Hendrie have Mr. New bounced from the License Commission?

But if Harry Thaw is sane now, how long will he stay that way?

The first man found passing money for votes goes to the cooler in double quick time. There will be no crookedness on this side, and if we know it there will be none on the other side. The jail yawns for the long green man.

I hope my North Wentworth friends are seeing that Mr. Thompson will poll the full Liberal vote, and a few Tory ones as well.

It looks to me as if London is to keep out of the Hydro-Electric Power scheme. It's too much like a come-on game.

You remember how Scott abused the church people. Nice man to represent Hamilton.

Are we going to have an epidemic of droppings? Be careful.

That Scott procession will be a sort of a kiltbannock affair. A steam callopie and a rub hand would add to the farce and amuse the small boys.

"Trust the people." That's just what Mr. Hendrie is afraid to do, and the people don't trust him.

The city dock is all right. I wish we had more of them.

Now Dr. Carr will be telling around that it was Mr. Scott that collected the money to build the Queen's statue.

Now, boys, see about your registration to-night.

Mr. Hossack has lost all confidence in Whitney. He has discovered in him the unjust steward.

That was a rattling good speech Mr. Wardrop made. Now, if Mr. Hendrie could talk like that.

The Scott procession is the latest freak, and he the most unpopular man in all Hamilton.

Talking about immigration, Whitney has agents in the old country enticing men to come to Ontario instead of to the Northwest.

There was no prison labor contract in the Central Prison when Ross quit the job. Whitney reintroduced the contract system when he came on deck.

Did you read McEldon's speech in last night's Times? It was good, wasn't it?

Have you seen that your name is down on the voters' list? Make sure.

If not, register to-night or to-morrow.

Don't forget MacKay on Tuesday.

Just a little sunshine.

The heavy rains we have been having lately are attributed by some to the strength of the local option sentiment in the Province and in favor of cold water.

DIED OF BURNS.

Montreal, May 22.—The death took place this morning under pathetic circumstances of Miss Nellie Wilson, daughter of the late Thomas Wilson, who in his life time was a well known member of the Montreal Stock Exchange. Last Sunday, while visiting Mrs. Benedouet, Baile street, Miss Wilson set fire to her clothes while extinguishing a lamp. Her injuries proved fatal to-day. Miss Wilson was engaged to be married and the ceremony was to have taken place in a short time.

Kilties on Deck Saturday For Turbina's Opening Day.

Another big attraction for Saturday's excursion on Turbina to Toronto will be the concert given by the 91st Kiltie orchestra, dressed in their latest uniform, leaving Hamilton 10 a. m. The return, good to return 26th. Come and enjoy yourself.

Closed Monday.

Monday being a public holiday, our store will be closed. Kindly favor us with your Saturday order. Extra help and extra wagons have been provided, thus assuring prompt delivery. An abundant supply of table delicacies, early vegetables, fruit, cooked meats, etc. Regular Beach deliveries.—Bain & Adams, 89, 91 King street east.

Bargains at Both Stores.

Gilbert, the shoe man, announces a 10 per cent. reduction on trunks, suit cases and valises for the holiday trade. His stock of shoes is large and varied. Gilbert is noted for values. See him to-morrow at 27 King street east, and 23 MacNab street north. Open evenings.

The marriage of Miss Elsie Creighton and Mr. Leggett, of this city, will take place in Brantford in three weeks.

GUILTY OF MURDER; THE VERDICT GIVEN.

Will Lynch Him.

New Orleans, La., May 22.—A Picasune special from Meridian, Miss., last night says that the negro, Lewis Watson, who killed Policeman White at Meridian early yesterday, has been surrounded in the Tombigbee swamp near Macon, Ala., and that he probably will be lynched. After killing the officer the negro fled and has been pursued all day by posse.

MAE WOOD IN CELL.

Still Persists That She Is the Wife of Senator Platt.

Will Keep Up the Fight—But Will be Prosecuted.

New York, May 22.—Mae C. Wood, who was sent to prison yesterday on a charge of perjury after her divorce suit against United States Senator Thomas C. Platt had been dismissed, was still in a cell to-day. Apparently no effort had been made to procure the \$5,000 bail, although Miss Wood had said immediately after her arrest yesterday that she was sure influential friends in Washington would come to her assistance. She has taken her imprisonment as philosophically as she did the damaging attacks upon her evidence during the trial itself.

It is likely that her case will be called to the attention of the grand jury to-day, and in the event of an indictment being found against her, the District Attorney has said that he will move with all possible speed in her prosecution.

"This case is one of a vicious type not uncommon in this city," said Mr. Jerome to-day. "It will be presented to the grand jury as speedily as possible, and if the woman is indicted she will be placed on trial in the hope that her conviction will furnish a warning that such offences cannot go unwhipped by justice."

Miss Wood seemed not at all disturbed by the prospect of a quick prosecution held out by District Attorney Jerome. "I suppose I shall have to swallow any medicine they prescribe for me, for the present," said she. "But you may say this for me, as long as I live and there is a Platt alive I shall fight, and fight hard, for my rights."

"Do you still claim you are Senator Platt's wife?" "I certainly do," she replied, "and I would have proved it if they had not robbed me of all my papers. I did not expect to win. I feared that the suit would be dismissed, and I had counted on being permitted to go my way—I would not have bothered old Platt after that. I did not expect this," she added, as she glanced around at the narrow cell.

ANOTHER BUMP FOR LONDONERS.

ADDITIONAL \$31,500 ANNUALLY FOR HYDRO POWER.

Mayor Stewart Defends His Course of Last Night by Saying Council Must Decide, Anyway.

Mayor Stewart this morning defended his stand on the power question last night by declaring that in any event the Council is the place where the matter will have to be finally dealt with, and that there is bound to be discussion there no matter what recommendation is made. While His Worship was offering to bet silk hats to-day that London would hitch up with the commission, because he could not comprehend how Mr. Beck's home town could turn him down, it looks very much as if that was just what is to happen. It is quite evident from the discussion that took place at the meeting of the power committee of London the other night that the aldermen are not satisfied with the contract, and another bomb was exploded yesterday when it was discovered that London will be held liable for another million dollars in addition to what it had already figured on. This is made up by an annual charge of \$31,500, and the proportionate cost of the line loss, cost of operation, maintenance, repairs, renewals and insurance. Even the City Solicitor of London thought that this charge was spread over thirty years, and it caused a mild sensation when Hon. Adam Beck frankly admitted that it was an annual charge. This is what he said when interviewed:

"I do not know what the exact amount is, as I have not the contract at hand. I am only familiar with the main contract. However, the insurance will have to be paid yearly, and the line must be renewed yearly, so I would say that it is an annual charge undoubtedly. It must be met every year. That will, of course, come out of the cost of power to the users of power."

SOMETHING GOOD.

A delightful four hours' sail on the fast steamer Turbina with an hour and a half to spend at Toronto and a floral souvenir for each lady is the feature of the initial trip of this popular steamer, leaving Hamilton at ten o'clock Saturday morning.

In addition to a first-class dining room a buffet service has been inaugurated, so get dinner or lunch on the boat and enjoy yourself. The return fare is only 50 cents and the boat is commodious enough to ensure a very comfortable outing. An orchestra has been engaged for the return trip from Toronto, which will be appreciated by every patron of this fast steamer.

FELL FROM CAR, LOST HIS LIFE.

FRED SUTTON LIVED ONLY A FEW HOURS.

Both Legs Cut Off by a Gravel Train on the B. & H.—Inquest Opened To-day.

To Fred Sutton, a young Burlington man, only 23 years of age, death came suddenly last night. Sutton was a section hand on the Brantford & Hamilton Railway, and last night about 10 o'clock the gang of which he was a member was shunting a car load of gravel ballast. He was sitting on the front end of the car, which was being pushed from behind by the electric engine, when a jar and a slip of gravel precipitated him to the track. His protrusion was not noticed at once, and the car had passed over his legs before it was stopped. He was picked up with both legs ground off and terribly mangled, and put on a car and brought to the city. The ambulance was in waiting at the Terminal Station, and took the injured man to the City Hospital. He was given medical attention, and the legs, which were only hanging by skin, were amputated and the wounds dressed. He had lost a great quantity of blood, however, and, despite all efforts on the part of the physicians, till 1:15, when he passed away quietly. The dead man's parents live in Burlington. He leaves a widow and three little children.

Dr. Anderson opened an inquest this morning, and after the jury had viewed the body an adjournment was made.

CAR BLOWN UP.

Dynamite Cars While Settlement of Strike Is Discussed.

Cleveland, May 22.—The near approach of peace in the local street car war did not prevent dynamites from following out their usual operations last night, not less than half a dozen cars being damaged, while several persons received injuries.

The most serious outrage was the blowing up of a car carrying ten passengers at the corner of Euclid avenue and East 116th street. The car was wrecked and two of the ten passengers were badly hurt. A section of the track a foot long was blown off for safe. Other cars were dynamited in various sections of the city during the night, but no one was seriously injured. Since daylight this morning no disorder of any kind has been reported.

The mediators who are trying to bring about a settlement of the strike again resumed their labors to-day. It is said they are deadlocked on the choice of a third arbitrator. Two arbitrators have already been named.

THE HAMILTON TIMES

FRIDAY, MAY 22, 1908.

MR. WARDROPE'S ADDRESS.

The Liberal party of this city is fortunate in having in this campaign two candidates who are men of ability, of education and moral worth—men who stand high in the estimation of the general public, and who are identified with everything that is best in public and private life.

HE APPROVED IT.

The Spectator is very indignant that some exchange should have said that Mr. Hendrie told the people of Hamilton that if they wanted a technical college they should send a man to the Legislature who was persona grata with Whitney.

WHAT DO YOU CALL THIS?

The Kingston Standard (Tory) protests that as an evidence of its independence it declared "that the bringing down of the Canadian Northern Guarantee in the closing hours of the session was an unfortunate mistake."

AH, TOO, TOO CRUEL!

Not even the Montreal Star can keep a straight face as it witnesses the obstruction of the Opposition in its effort to prevent the Manitoba voters' lists for Dominion purposes being taken out of the hands of Roblin's partisan agents, and left to the Judges.

DON'T BE STAMPEDED.

The aldermen of the special committee dealing with the Hydro-Electric power proposition were very wise indeed not to allow themselves to be stampeded by Mayor Stewart in sending the Hydro contract up to the council without knowing anything about the contents of the document which is to bind Hamilton to a giant monopoly for thirty years upon terms which are, at best, one-sided and vague.

EDITORIAL NOTES.

McClement has something to say to the electors, and he knows how to say it.

The MacKay meeting, on Tuesday evening next will be held in the Opera House, so as to provide for accommodating a larger crowd to hear MacKay.

London may safely be counted out of the Hydro-Electric power business. The discovery has been made that that city would be subject to an annual toll of \$31,578, its proportionate share of the line loss, cost of operation, maintenance, repairs, renewals and insurance.

There is a rumor that "Bob" Rogers wants to butt into Federal politics, and that Roblin is so anxious to get rid of him that the result of such an attempt on Bob's part could only be a case of agreeable, or more agreeable, to him, according as it might eventuate in success or political extinction.

The Mail and Empire is still redecorating old bogeys and manufacturing new ones to terrify the country about the Grand Trunk Pacific. Strange to say, however, nobody appears to be frightened, and the work of construction of the road is going on rapidly.

Yes, Mr. Spectator, your speakers at the Tory convention unblushingly urged that one who was persona grata with Whitney should be returned by Hamilton in order to secure the Technical College. Hendrie expressed no disapproval of the sentiment; the machine applauded. Not even the Spectator rebuked the sentiment. It was an open attempt to bribe.

The Opposition at Ottawa again resumed its obstructive tactics yesterday, and supply was not taken up. The re-

port that the Premier had come to an agreement with Mr. Roblin to withdraw clause No. 1 and make some other changes is not according to the facts. It is evident, however, that Mr. Foster and his following are not so bellicose as they were last week.

Now it is learned that in addition to giving the La Rose crowd \$130,000 of the Province's money, no payment has been insisted upon for the extensive mining that they did under the right of way. That still remains to be settled by a suit brought by the right of way lessees. Why should not the Government have protected the lessees and the Province?

The home for incurable consumptives will be built on the present site at the Hospital. The committee of the Council last night refused to interfere. The donor was inclined to withdraw his gift if there were any more trouble over it, and the Hospital staff testified that there was no danger of infection from the home to those living in the neighborhood. As a concession to the people living there, it is said, their assessment will be reduced.

It will be interesting to watch the aldermen and see what effect the command of the Tory machine bosses has upon them in this electric power matter. How many aldermen will, in the end, be found ready to sell Hamilton into a 30 years' monopoly, in which she will be compelled to pay at least 10 per cent, more than the price at which power is available, and assume a debt burden for thirty years? We are not yet ready to think that a majority of the city aldermen will be so untrue to their trust.

Senator Jaffray did the proper thing in accompanying his resignation as Niagara Falls Park Commissioner with a stinging rebuke of Premier Whitney for his insulting and ungentlemanly characterization of the gentlemen who give their services gratis on that, and the University Commission as "bicycle-

Inspect the Elevators. (Toronto News.) The occurrence of several minor elevator accidents in this city lately serves to direct attention to the need of the municipal inspection of all lifts.

Good Wages. (Montreal Herald.) Talking about one thing and another, Mr. Caruso's ability to warble \$8,000 out of the pockets of Montrealers in about one hour speaks well for Caruso, and also for Montreal.

Now Register. (Toronto Star.) And if you are not on the voters' list and should be don't forget to register in the proper riding. Tie a string around your finger and keep repeating these lines: Is my name written there. On that book bright and fair!

Whitney, the Deceiver. (Kingston Whig.) A Square Deal! The people of Hamilton have been robbed of a Normal College, and been deluded with the promise that they would get something better, in the way of a technical college. This something they have not even now the assurance of.

International Harvester. (Philadelphia Record.) Cyrus McCormick, head of the International Harvester Company, testified in a suit to oust his concern from Missouri that the property of the five corporations which constituted the trust was estimated at the time of formation to be worth \$76,000,000; but the capital is \$120,000,000. This is more than 50 per cent, above the value of the properties. Of the capital he said that J. P. Morgan & Co. contributed \$20,000,000 and the five manufacturing concerns contributed the rest, which probably means that \$20,000,000 of the capital was taken by the bankers who organized the Trust, to be disposed of to the public, and the five constituent companies got \$100,000,000 in capital for \$76,000,000 worth of property. He said that since 1902 \$10,000,000 had been expended in betterments, and if this be a legitimate capital investment and added to the value of the plants when the company was organized, the capitalization is still about \$130,000,000 (or one-third) greater than the investment. The combination would, of course, suppress most of the domestic competitors and make it possible to earn dividends on an inflated capitalization.

Prayer and Wage Reduction. (Christian Guardian.) The street car men of Pittsburgh, Pa., have had some slight differences with the Pittsburgh Railway Company over the question of wages. The company was anxious to reduce the men's wages by one cent an hour, and the men refused to accept the proposed reduction. Finally, both parties agreed to submit the matter to arbitration, and there it rests for the present. The peculiar feature in the whole situation, however, is this, that when the men held meetings to consider the matter, they opened these meetings with prayer, and the prayers were offered, not by ministers, but by the men themselves. The Chronicle-Telegraph refers to the matter in the following expressive paragraph: "Since the street railway employees have been holding meetings to discuss the wage scale, the meetings have been opened with prayer by one of the men. It was a striking scene at the early meeting last night when the 1,700 men present bowed their heads when one of their number opened the meeting with prayer. He prayed for peace, and that there would be no trouble in settling the present difficulty. The same thing took place at the later meeting when 800 men were present." When men face wage difficulties in this spirit the outcome ought to be a satisfactory one. If the railway authorities would face the question in the same spirit, they ought to need no arbitrators to settle the matter. Of course, prayer and other religious observances may be used to cloak sinister and selfish designs, but while this may happen occasionally, we do not believe that it is usually the case.

SOUTHAM HOME PRESENT SITE.

FINANCE COMMITTEE APPROVES OF EXISTING PLANS.

By-law to be introduced to prohibit Whistling of Locomotives Within the City Limits.

The long promised fight over the Southam Consumption Hospital came off last evening at the meeting of the Finance Committee, and after a long discussion between a number of residents and the aldermen it was decided to go on with the work. Several of the gentlemen expressed themselves indignantly over the building of the hospital, and declared that it was doing serious injury to their property, which adjoins the hospital grounds. Others raised the objection that there would be contagion, but Dr. Langrill said there was absolutely no danger. The building operations will be continued.

Mr. John Dodson, one of the residents, thought it was very generous of Mr. Southam to put up such a home for the city, but he thought it was a disgrace to the city to allow the building to be erected there. He claimed that the gentlemen who opposed the building had been misrepresented in the matter. The City Solicitor had told those who waited on the Board of Health that they had good grounds for legal action if the building was erected. The speaker said the principal objection was the fact that the germs would be spread through the vicinity. He did not think that any of the aldermen would let the building be erected if they would only take a walk down and look over the site.

Another gentleman said the reason that the people of that district had not taken a stand against the erection of the building was that there had been no permit published.

Ald. Anderson thought the City Council had acted with undue haste in the matter, and he personally would not vote for the city spending one dollar to vote for the erection of the hospital.

Mr. John Trueman said he had a good right to kick. The back door of his residence was 102 feet from the proposed hospital, and there was another gentleman whose front door was only 78 feet away. He did not think it would be conducive to the health of the residents. Another point was that the value of property had depreciated.

Dr. Langrill was asked for his opinion. He said that at present there are six advanced cases of consumption in the hospital in the public ward, and there have always been that number in the hospital since he could remember. The work ought to be carried on in a separate building. It was thought the present site would be an excellent site. So far as the health of the surrounding residents is concerned, there is no danger and no occasion for alarm. It was the intention to run the hospital in the most approved manner.

Mr. Southam was asked for an opinion in the matter. He said he had been in this work for the past two years, and had not observed a single case of infection. He thought, however, that there might be a depreciation in the value of property, and suggested a reduction of the assessment. Mr. Southam said he would withdraw his offer, however, if the building was taken elsewhere.

Ald. Dickson concurred with Mr. Southam in reference to the value of the property and the assessment. Mayor Stewart said the City Council had not given the proposition a snap verdict. He thought the hospital should be erected.

Ald. Nicholson then moved, seconded by Ald. Farrar, that the work on the building be proceeded with at once, and the motion was adopted.

Quite a discussion arose over the whistling of the locomotives of the T. H. & B. and G. T. R. within the city limits. Ald. Farrar said that the noises of the whistles in the east end of the city was something awful, and he suggested that the city write the railways a letter, asking them to modify the nuisance as much as possible.

Mr. E. D. Cahill, solicitor for the T. H. & B., said that the only way the whistling could be stopped would be to pass a by-law restricting the engines from using their whistles.

Ald. Dickson moved that the City Solicitor prepare a by-law, and submit it to the Council. The City Clerk stated that the smallpox hospital had been erected. Ald. Farrar, seconded by the Council, moved that the Council be asked to issue debentures amounting to nearly \$6,000 for the building. The amount of the tender is \$4,763.50, and grading, road building and sidewalks will amount to \$650.

It was decided to advertise for tenders for the sale of \$100,000 school debentures. It was decided to advertise for tenders for the sale of \$100,000 school debentures.

The request from T. W. Hand Fireworks Co. for fireworks display on Victoria Day was not acted upon.

The schedule for the band concerts to be given by the 12th and 91st Regiment Bands in the Dundurn Park has been arranged. The 13th will give a concert on Monday evening and throughout the summer the bands will alternate, the 13th playing on Wednesday of one week and the 91st on the Friday of the next week.

It was decided, on recommendation of Commissioner Macleod, that the city advertise in the London, England, Times once every two weeks, in its commercial columns.

The question of the enlargement of the fever ward at the hospital was left open until the City Solicitor ascertains whether the city can issue debentures without going to the people.

The communication from the Board of Trade respecting the accommodation given by the Grand Trunk over the Wellington, Grey & Bruce branch was laid over.

The cemetery by-law was laid over until next week.

AT AGE OF 93.

Death of Mother of Mrs. Vallancey Fuller.

Mrs. Mary Coxwell, widow of the late W. H. Coxwell, of Osgoode Hall, Toronto, and mother of Mrs. Vallancey E. Fuller, formerly of this city, died yesterday at Toronto.

Mrs. Coxwell was the only daughter of Captain John Powell, a naval officer who settled at Niagara, and became Sheriff of Welland and Lincoln and usher of the Black Rod in the Assembly of Upper Canada. Mrs. Coxwell was born at Niagara, the Newark, of those days, nearly 93 years ago. The deceased is survived by all her five children, two sons, Edward Powell and Charles Hyatt, and three daughters, Kate (Mrs. Walter Nurse), Nettie (Mrs. E. Palmer (Clarkson), all of Toronto, and Louise (Mrs. Vallancey Fuller), of New York.

'PHONES READY AROUND DUNDAS.

SUBURBAN SYSTEM WILL SOON BE READY TO OPEN.

Methodists of the Valley Town Held a Successful Concert—Personal News.

Dundas, May 22.—The very unfavorable weather conditions did not prevent a fair attendance at the annual concert of the Methodist Church choir given in the Sunday school building last evening. Miss Fraser, of Hamilton, the choir leader, was director of ceremonies and the manner in which she discharged her duties showed that if she was not a born director she has pretty thoroughly acquired the happy art. Mrs. George Pilgrim was the accompanist. The programme consisted of three choruses by the choir, three violin selections by Miss Howard, of Hamilton, three vocal solos by Miss Smith, of Hamilton, and ten solos by Arthur L. Garthwaite, of Hamilton. The Hamilton contributors to the programme met with very cordial receptions, each one being honored at each appearance. The concert all through was an excellent one and the proceeds, which go to the choir fund, were very satisfactory, many buyers of tickets being absent owing to the weather.

The villages and country west and north of Dundas will, a few days, have what has long been wished for, telephone communication with Dundas and the outer territory. The work of putting up poles and wires is nearing completion.

Arthur Frost, of Rochester, is home on a visit.

Mrs. Fox, of Detroit, is a visitor with Mrs. Pirie.

Miss Main, sister of Dr. Main, has been in Hamilton several days past.

Charles Lindsay and J. Parkinson, have left for the west.

Miss Minty is visiting in New York.

Mrs. Edward Nichol and family have moved back to Yarker, N.Y., where they will reside for the future.

Mrs. George Binkley, of the Hamilton Road, is recovering from her recent illness.

Dr. Harry Pirie, M. S. Wilson and J. J. Steel are away on a trout fishing excursion.

Tolver Gwyn has been transferred from the Southampton branch of the Bank of Commerce to the branch in Milton. He made a short visit to his home here during his transit.

MEDAL CONTEST.

Young Orators at Victoria Avenue Baptist Church.

There was a large attendance at the Oratorical contest held under the auspices of the Victoria Avenue Baptist Church Literary Society. Six young men of the Society competed. Miss Patterson, the vice-president, was in the chair. The first speaker of the evening was Mr. M. Edwards, who gave an address on "Municipal Ownership." The second speaker, Mr. L. Houlding, gave an excellent oration on "Wanted, a Man." A solo by Miss Bradt, Mr. C. Hoversoff, gave an educational address on "Travel." Mr. N. Jagger followed, speaking on "What We Owe to Great Britain." Then came a piano duet, by Misses Houlding and Diamond. The fifth speaker, Mr. F. A. Parlington, had as his subject "The Problem of the Unemployed." The last contestant, Mr. J. M. Peebles, gave a patriotic address on "Canada." A solo by Mr. Ayliff, concluded the programme. Rev. Mr. Quarrington, in giving his decision, complimented all the contestants. The contest was very even and it was difficult for him to decide. The first prize, a silver medal, was won by Mr. L. Houlding, the second, a bronze medal, by Mr. J. M. Peebles, third prize, "Kenneth," by Sir Walter Scott, by Mr. F. A. Parlington. Rev. C. P. Triggerson, after a few well chosen remarks, presented the prizes. A vote of thanks was tendered Rev. Mr. Quarrington.

NEIGHBORHOOD NEWS

Put in Interesting Form by Correspondents of the Times Hereabouts.

WATERDOWN

Knox Church Sunday schools is soon to undergo an extensive renovation. The fruit growers are hoping earnestly for fine, sunny days. This is the blossom season, and should it prove dark and wet it materially lessens the fruit crop.

The village crock is abroad once more. She hasn't changed her habits since last year. The language of citizens who use the sidewalks or who have unfenced lawns is much the same as it was in past seasons.

The local baseball team played Carlisle last Saturday. Had some of the Waterdown team played a little briskeer, and had others not made a few errors, and had Carlisle not been so good a team, Waterdown would have won.

Mr. J. R. Henry's family is suffering from the scarlatina. Lloyd and Rita Bell have suffered a serious relapse. The recent rains are delaying the sowing of the root crop. So far little grain has been drowned out by the rains.

The firecracker nuisance is in evidence once more. The denizens of the bell house, who make the laws, will keep on sleeping till a fire breaks out one of these days, or an accident occurs involving the village in a sang bill of costs.

Mr. P. B. Newton has engaged Mr. Jos. Menzie to build a new fence in front of his property. Jas. Hanks has erected a new stable and driving house on his property.

Quite a number from this vicinity attended Dr. Manes' auction sale on Friday. Mr. Malcolm McDonald purchased a fine three-year-old roadster gelding, sired by Dr. John.

Mr. Jno. Cairns and daughter, who have been living in Hamilton for the past few years have now taken up their residence with his son, Mr. Thos. Cairns. Mr. Jno. Cairns has been in poor health for over a year.

Rockton and Strabane football teams played a game here on Saturday evening. The score was 2-2.

WARNER

Elmore Merritt is sick with the mumps. Mr. and Mrs. George E. Lounsbury were visiting at Mr. Naergarth's, Windsor, on Sunday last.

Mr. and Mrs. Walmer Bartlett have returned from their honeymoon trip to California and report seeing a beautiful part of the country.

Miss Beamer is sewing at Martin Lymburner's. A large attendance at Sunday School at Merritts last Sunday morning. Earl Traver has been very sick the past week.

Mr. and Mrs. W. Rieker, of Canboro, were visiting at J. Killin's on Sunday. Mr. and Mrs. William Lymburner were visiting at Mr. Z. Silverthorn's on Sunday last.

Mrs. George Warner is again on "the sick list." Mr. and Mrs. Parmer Rodgers, from Dunville, have been visiting Mrs. Rodgers' parents here.

The annual family reunion which is held May 24th, will be held May 23rd, at the home of Mr. Parmer Merritt. There will be preaching at Merritt's next Sunday morning, commencing at 10 o'clock.

Mr. and Mrs. Nichol, of Grassie's, visited Mr. and Mrs. David Fleming on Sunday. A few of this neighborhood were at York, fishing, on Monday, and report a good catch of fish.

The funeral of Mr. William Watt, who was killed while working at Mr. Alex. Tweedie's barn on May 12th, was held on Friday last. A large number of friends and relatives was present, testifying to the esteem in which Mr. Watt was held.

Several from this neighborhood attended the funeral of Miss Nellie Peer at Fulton on Saturday. Miss Peer was hurt while getting on a trolley at the corner of Michigan and Ferry streets, in Buffalo, on Sunday night, May 10th, and died in the Emergency Hospital on the following Wednesday.

A CHIC STREET COSTUME.

Nos. 5888-5427.—There is a general air of smartness about the model here pictured that makes it a very desirable mode. The cut-a-way coat is of unusual good style and could be developed in broad-cloth or other materials as a separate coat as well as forming part of a costume. It is semi-fitting and of excellent shaping, the curved seams in front and back aiding in giving shape to the figure.

This illustration calls for two separate patterns, a coat and skirt, which will be mailed to any address on receipt of 10 cents for each in silver or stamps.

Address, "Pattern Department," Times Office, Hamilton.

It will take several days before you can get pattern.

AMONG THE JEWS

News Notes About Them From All Over the World.

The receipts for the Isaac M. Wise Memorial Fund to April 30, amount to \$351,216.58. Mr. Joseph Cowen, of London, England, a director of the Jewish Colonial Trust, and Governor of the Anglo-Palestine Company, and among the best-known workers of the Zionist movement in America on a mission of encouragement to American Zionists, and also to call their attention to the party fund.

The well-known Slutsker Rav, Rabbi Jacob David Ribaz, the commentator on Talmud Yerushalmi has been chosen as chief rabbi by the Jewish-Americans residing in Safed, and his appointment was confirmed by Kolel America. Rabbi Ribaz is the principal of the Yeshibah Torath Erez Yisra'el, recently organized in Safed by his son-in-law, Rabbi Joseph Komvitz.

The Hebrew Free School has been organized in Springfield, Mass. Dr. Paul Nathan has left for Berlin on another visit to Palestine in order personally to make the necessary arrangements for the establishment of more schools in that country by the Hilfsverein der Deutschen Juden.

Accepting the invitation of the pastor and people of Temple Baptist Church, of Los Angeles, Cal., Dr. Sigmond Hecht, rabbi of the Jewish congregation, B'nai B'rith, and his people, joined with the Baptists in a Passover service conducted by both ministers at Temple Church on a recent Sunday morning.

The report of the Ezra Emigration Company, of Antwerp, on the emigration movement in recent months has just been published, and contains much interesting material. In 1907 every revolt occurring in Russia or every "pogrom" was followed by a heavy current of emigration. Thousands and thousands of Russian emigrants, ruined and almost starved, went to the United States, seeking freedom and rest.

As an unexpected climax to the dedicatory services of the Miriam Wolf Infirmary and new west wing of the Jewish Foster Home and Orphan Asylum, at Philadelphia, the Alumni of the latter institution presented the sum of \$12,000 as the nucleus of a fund for the higher education of deserving male wards.

Mr. I. R. Michael, of Shanghai, has been decorated by the Emperor of Japan with the Fifth Class of the Sacred Treasures for eminent service rendered during the recent war.

A German exchange says that recently the congregation of Ellerstadt, in Rhenish Bavaria, was dissolved by order of the government, there being only three families left. The synagogue and the real estate belonging to the congregation were sold for forty dollars.

Two Jews, who were among the government candidates, have been elected members of the Town Council of Sarajevo (Bosnia).

The Emperor of Austria has conferred the Officer's Cross of the Francis Joseph Order on Theodor Ritter von Goldschmidt, a member of the City Council of Vienna.

Sir Felix Semon has received the German Order of the Crown, Second Class, and Sir Edgar Speyer the Third Class of the same order, in connection with the Kaiser's recent visit to England.

During the year shops were opened in Jaffa by rich Jews coming from Russia, who established themselves as jewelers, chemists, ladies' tailors, ironmongers, etc. The population in general, it is added, benefited in all respects. Of the 2,700 Jewish families which landed at Jaffa during 1907, 850 left the country again; of the others, half went to Jerusalem, where the population increases at the rate of 1,500 a year, and is now nearing ninety thousand.

Dr. Leo Graetz, son of the famous Jewish historian, and a distinguished physician, has been appointed to the position of ordinary professor at the Philosophy Faculty of the University of Munich. The rank and title of ordinary professor are now rarely accorded to professing Jews at German universities.

R. J. Gifford, who has an immense body of land in the Kanakasee marsh regions of Northern India, has sold eight hundred acres of his land to Russian Jews, a colony of whom he is forming in this section. They are being brought from the old country, and several families are now on their way to take their new homes. Gifford states that Jews make good farmers, and he is anxious to have them settle on his vast estate.

DR. A. W. CHASE'S 25c CATARRH CURE... 25c. It is sent direct to the diseased parts by the Improved Blower. Breaks up the mucus, cleans the air passages, stops droppings in the throat and immediately cures Catarrh and Hay Fever. Blower. All dealers, or Dr. A. W. Chase Medicine Co., Toronto and Buffalo.

The cure for the blues—Cascarets. A million boxes go out every month to carry a world of sunshine. Are you getting your share?

Cascarets act as a bowel tonic, not as an irritant. They are vegetable. Their action is natural. Their effect is the same as the effect of some foods. They are gentle; no griping. They are pleasant; no dreadding. They are convenient; no waiting.

One old way was castor oil. The effect was to grease the bowels, and for a single day. Oil never causes the bowel muscles to act. Other ways were pills, salts and cathartics. The effect was the same as pepper has in the nostrils. They flooded the bowels with fluid. Those fluids were digestive juices. And the waste today means a lack tomorrow.

We knew that the method was wrong. That the after-effects only weakened the bowels. But we had no gentle laxatives in the old days. So we waited as long as we could, then took a big dose of physic. The method today is to take one Cascaret at a time—just as soon as you need it. Then the bowels are always clean.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and 10c.

FRANCHISE FOR WOMEN. TREED BY WOLVES.

Will Not Be Opposed by British Government. London, May 20.—Mr. Asquith took a long step this afternoon in the direction of encouraging the claims of women for enfranchisement when he replied to an important delegation of Radical members of the House of Commons who were deputed to obtain his views on this matter. He declared that the Government intended before the close of the present Parliament to pass a comprehensive measure of electoral reform. He said he was not himself an advocate of woman suffrage, not having yet been convinced of its desirability, but he had an open mind, and if an amendment were introduced to the projected reform bill favoring woman suffrage on democratic lines the Government would not oppose it.

Suffragettes Disatisfied. The members of the House who are identified with the woman's suffrage movement are generally gratified. They regard Mr. Asquith's announcement as a great step forward, and as furnishing a real opportunity to achieve their aims. Not so the suffragettes themselves; they have no patience with Mr. Asquith's cold neutrality, and scout his stipulation. They declare that nothing short of a definite pledge to introduce a woman's suffrage measure will satisfy them. The leaders announce with uncompromising fierceness: "We shall now conduct a more vigorous campaign than ever. Our policy of opposing Government nominees in the by-elections will be vigorously pursued."

Western Man's Adventures Near Canora, Saskatchewan. Canora, Sask., May 20.—John Goodrich has returned from an exploring trip to his ranch some 75 miles north, during which he had an unusually trying experience. About a month ago Mr. Goodrich left here for his ranch with sixty head of cattle. During a snowstorm that intervened the cattle scattered around the country in bunches of from five to ten. To make things worse he lost his team while crossing a bog about fifty miles north, the animals suddenly dropping out of sight, and he was unable to rescue them. During the search for his stock he was one night attacked by a large pack of wolves and forced to spend the night in a tree. His clothing was wet and froze to his body, and he was in an exhausted condition by the time the wolves dispersed in the morning.

SLASHED THROAT WITH RAZOR. Malden Township Farmer Attempted Suicide in Barn.

Amherstburg, May 21.—In a fit of despondency, supposed to have been caused by poor health, Abraham Boyle, a farmer on the River road, in Malden Township, stepped into his barn and slashed his throat with a razor. A neighbor, John Gibb, who happened to be near, wrested the razor from his hand. It is thought that Boyle will recover.

Labor-Saving Device. "Yes, sree," said the freckled lad, proudly, "my dad's a genius. He is." "That so?" responded the weary coffee mill agent. "Wal, I should say so. Dad noticed that every time the old hound came around Sunday mornings he began tugging his stumpy tail." "Anything unusual in that, sonny?" "No, not for the hound, mister, but dad got up the idea of attaching a shoe brush and a whisk broom to Bowser's tail. Now when dad is ready to go to meetin' his shoes are shined and the legs of his trousers are dusted without his moving a finger. By Gosh! Dad's got as much brains as a furrin diplomat."—Chicago News.

Looked After He Leaped.

(Detroit News Tribune.) "Prof. Helbach, I presume?" said he. "Yes, sir." "Are you alone?" "Yes, sir." "May I lock the door?" And he did so; then, having satisfied himself that no one was in, he placed a large bundle done up in a yellow handkerchief on the table and opened it. "There, look at that." "Well," said the professor, "I see it." "What do you call that, professor?" "I call it iron pyrites." "What!" said the man; "isn't that gold?" "No," said the professor; "it's good for nothing—it's pyrites." And putting some in a shovel over the fire it soon evaporated up the chimney. "Well," said the visitor with a woebegone look, "there's a widow in our town has a whole bill full of that, and I've married her."

A BLACKMAILER AT WORK. Prominent People of the Capital His Victims.

Ottawa, May 21.—Notwithstanding the severe example made some months ago in the case of an anonymous letter writer. It appears as though some one is at the game again in Ottawa. From what can be ascertained in police circles, the same class of people as were made the recipients of the last penman's epistles are again being favored by the new writer. Naturally the people who receive the letters do not care to complain to the police, and while the latter are aware of the fact that fresh blackmailing schemes is under way, they have not been officially requested to take up the case.

The letters are, it is stated, couched in practically the same terms as characterized the old epistles and are addressed both to men and women of high social or political standing. In many cases the writer shows considerable knowledge of the private affairs of the person addressed, and the letters are evidently the work of somebody who has resided in the capital for some time.

VALENS. The box social on Friday evening at Valens was a decided success, a large crowd being present, although the weather looked very threatening. Mr. M. L. Taylor, who acted as auctioneer in the absence of Mr. Malcolm McPherson, who was called away, and filled his position

YANKEES ARE HERE TO-DAY.

Local Opening of the International B. B. League.

Bill Gleason Will Twirl For the Tigers This Afternoon—Yesterday's Game Won by the Falls' Team.

The International League season will open here this afternoon, at Britannia Park. The opposing teams will be the Hamiltons and the Niagara Falls, N. Y. The game will be called at 4 o'clock, and Mayor Stewart will make a speech and pitch the first ball. The rest of the game will be pitched by Billy Gleason. Do Remus will do the twirling for the Yankees. Prior to the game the visitors will be taken for a trip through the city in a trolley.

The same teams meet again to-morrow, when Long will be in the box. Another player will be let go to-night. It is likely that Fenske is the man who will draw out, the pay roll being too long now. Manager Paige was disap-

pointed at the showing made by Muir yesterday, but on account of the conditions he will likely get another chance to display his curves.

TIGERS WERE WHITEWASHED.

Niagara Falls, N. Y., May 22. By special correspondent.—The Yankees landed the tigers on the Hamilton Tigers yesterday afternoon, and immersed them in the whitewash tub. The Yankees were defeated by a score of 5 to 0. They were unable to do anything better than a single—McMillen—with the Yankees' twirl. Both teams fielded first-class majors.

The Yankees started scoring in the first inning. Joy was given free transportation, stole second and scored on Armstrong's three-sacker against left field fence. Tierno and Bates, who got first on a choice and base on balls, scored on Joy's two-sacker in the fourth. Do Remus, who was passing, and McGee, who got a life on Muir's error, talked in the fifth on Corcoran's hit.

The Tigers got no further than third, and then hit twice, when Brennan did in the fourth and McMillen in the seventh. Throughout the contest a dizzy rain fell, making base running a matter of mere luck. The Yankees proved to be mudders. The score:

WADDELL WITH THE OUTLAWS.

Philadelphia, May 22.—President Lawson of the Union League of Baseball Clubs, has made the announcement that Rubie Waddell, who refused to go to Boston Thursday with the St. Louis American League team, has signed a contract with the Philadelphia team of the Union League. It is stated that Waddell will pitch for the team in this city on Saturday.

LONDON WON YESTERDAY.

Guelph, May 22.—The second game of the series between the London Beavers and the Maple Leafs was won by the Beavers by the score of 5 to 2, the Beavers winning out by the wildness of Kehoe, the Toronto boy, who was tried out by Manager Murray. In the sixth the Beavers hammered in two runs and in the seventh three more, and Kehoe was given the hook, and Shea, the Palmerston boy, finished out the game, not allowing the Beavers a hit and striking out four men.

The score: A.B.R.H.O.A.E. McGuire, ss. 4 1 1 1 2 Allen, 2b. 3 1 1 3 5 Murray, cf. 4 0 2 1 0 Faatz, 1b. 4 0 0 1 2 Humberd, 3b. 4 0 2 1 0 Bennett, lf. 4 0 0 1 0 N. Murray, rf. 4 0 0 0 0 Moran, c. 3 0 1 9 4 Kehoe, p. 2 0 0 0 1 Shea, p. 1 0 0 0 0

AT LONDON TO-DAY.

This afternoon the official league opening day for London is on the card, and Wreath and his men arrive last night, accompanied by the Guelph squad, whom

PITCHER GLEASON, Who will be in the box against Niagara Falls nine this afternoon.

they defeated yesterday, breaking even on the series.

The ceremonies to-day promise to be memorable, for the preliminary celebrations will have Barnum & Bailey's world's greatest parade looking like a selling plate event in a bush cricket.

It is probable that to-day will see a new pitcher worked here by Wreath. This boy has been working out here for a couple of days now in company with Blind, and he looks so good that he will be given a thorough trial. His name is Austin Saunders, and although but a youngster as far as years are concerned, he is a 225 pounder, about six feet, and is hard as a board. He has smoke to burn, and almost everything that goes with it to make a successful pitcher. This summer already he has worked a few games semi-professionally around Detroit, without a defeat, and last year, which was practically his first year out, he was a sensation of the most lurid order.

MEETING TO-NIGHT.

There will be a meeting at 8 o'clock to-night of the Independent Baseball League at J. W. Nelson's to reconsider the schedule already drawn up. The league is a four team one, the following teams being in it: St. George's, Blue Labels, Northern Giants and Sherman Stars, and another team is trying to get in. Any outside teams that would like to join had better make final arrangements to-night, as the schedule will not be changed again.

Truths About Clothes Are Told in the Service

It's in that you learn the quality of fabric, and the quality of tailoring. It's there you learn whether the money has been well invested. It's there that Grafton's Clothing excels.

The intimate control we can, and, of course, do, have over our factories, guarantees the quality of the tailoring. The fact that we have two factories with a big output gives us a choice of fabrics and patterns and the exclusive control of many.

Then again we have our own designers producing exclusive models. You dress best as well as realize the best value for your money—when you wear Grafton's Clothing.

Many new effects are shown at \$10.00 to \$25.00 in the three and two piece models.

COMMENT AND GOSSIP

At Cincinnati—Cincinnati 5 8 0 Philadelphia 6 12 0 Batteries—Campbell, Spade, Weimer and Schiel; McMillan, Sparks, Moren and Dooin. At St. Louis—St. Louis 4 6 3 New York 8 11 2 Batteries—Fromme, Karger and Ludwig; Crandall, Taylor and Bresnahan. At Pittsburg—A heavy rainstorm resulted in the National League game being postponed in the third inning yesterday. The score stood 2 to 0 in Brooklyn's favor at the end of the second. AMERICAN LEAGUE SCORES. Washington 1, Detroit 0. Chicago 9, New York 2. Cleveland 0, Philadelphia 1. St. Louis at Boston, called in fourth on account of rain; score 1-0, in favor of Boston. MR. GRAHAM IN BASEBALL. Mr. P. D. Graham, formerly of this city, now of Copper Cliff, is a member of the executive committee of the baseball club of that place. The club is a member of the North Shore League, and has a strong team. Four clubs constitute the league. Copper Cliff, Massey, Sudbury and Webbwood. F. L. Shillington, Copper Cliff, is secretary. The league plays an 18-game schedule. When in the city, R. P. D. took a deep interest in the Eastern Football Club. At Toronto—Toronto 2, Newark 0, with the Leafs in second place and only three points behind the leaders, is the result of the second post-war between Kelley's Leafs and Stallings' Indians, and all this was due to a mighty wallop of Jake Gettman's in the eighth for a homer. One Southpaw Neuser, of the Stallings outfit, was a very striking flinger, only allowing two measly hits to be recorded, and they were registered in the opening and closing clash. Dickie Rudolph, the local spit-ball artist, was also considerably in the limelight, both in his juicy offerings and in the field, where he pulled off several sensational stunts. Score: R. H. E. Newark 0 4 2 Toronto 2 2 0 Batteries—Neuser and Stanage; Rudolph and Pierce. At Buffalo—Buffalo 4, 11, 3; Jersey City 3, 7, 2. At Montreal—Montreal 8, 7, 0; Baltimore 5, 11, 4. The Hamiltons are a good natured lot, they did not want to beat the Yankees twice in succession, on their old grounds. Wonder if Nelson Fitton will be at the game here to-day, with his cream horse? Perhaps the Niagara Falls water did not agree with the Tigers? The Tigers knew yesterday that the official scorer's eye was not on them, and they got careless. Toronto Telegram: "Bun" Clark is a slide trombone player in addition to being a lacrosse player, and half of Hamilton's grief is caused by the fact that he may not be able to play in the 18th Band. There is talk in New York of a special match race between Roseben and Jack Atkin, weight for age, six furlongs, ed off several sensational stunts. Score: At Buffalo—Buffalo 4, 11, 3; Jersey City 3, 7, 2. At Montreal—Montreal 8, 7, 0; Baltimore 5, 11, 4.

GREAT PLATE RACE. Seagram, Hendrie and Davies Is Way "Pop" Picks It.

Harry Good, the veteran turf writer, who is known as "Pop," writes as follows regarding the King Plate race, which takes place at the opening of the Woodbine track, at Toronto, to-morrow: "Despite Shimone's excellent performance, I am yet disposed to think that the laurels for the thirteenth time will fall to one of the Seagram representatives, and if not to any one of them there is yet Charlie Boyle's Waterloo-bred Supper Dance to be reckoned with. Anyway, it is apparent that the race is going to be far more closely contested than up to a week or ten days ago it was imagined would be the case. The people behind the Seagram stable, especially in the last quarter, then there is Mr. Davies' Capstan also, to be taken into account, but how good the four-year-old gelding may be the morning birds at the Woodbine have had no opportunity to judge. Still I believe the stable is pretty confident that he will not be far away from the first when the journey is completed. Good Likeness is a nice mare, and Sauce O'Gold has shown a turn of speed, but I do not anticipate that either of them, or any of the other Woodstock stable representatives, including that seemingly nice filly, Table Bay, will be in the first three. Albert it looks to me now as if he would not be first and the last. "Summing up my impressions of the probabilities of the race, I am disposed to place the best of Mr. Seagram's trio first, with Supper Dance second and Shimone or Capstan third. And am taking the last named entirely on private report." MCARTHY WITH DWYER. Herman R. Duryea has secured the services of a clever rider for the current season. He has purchased from Capt. W. H. Mosby first call on little McCarthy. The consideration was \$3,000. Capt. Mosby did not want to take McCarthy to Canada, although he disliked to part with the lad. He feels that McCarthy can do better for himself on the big circuit than he could in Canada. James Fitzsimmons will continue to make McCarthy's engagements and the lad will have good mounts this season. Mr. Duryea's stable is strong and John Huggins will give McCarthy every chance. The only fault to be found with McCarthy is that he is sluggish at the barrier. He was never conspicuously alert, but he seems to have lost the dash to which he owed his success at Benning in March and April. McCarthy has a pretty good notion of pace, and he has been too well trained by Capt. Mosby to use the whip without sufficient cause. If he will only quicken his movements at the barrier he will have few superiors in the parts. ADDED STARTER'S STAKE. New York, May 22.—Golden Pearl, an added starter and quoted at 6 to 5, second choice, won the Belmont Park yesterday, defeating the favorite, Robert Cooper. The race was remarkably slow. The distance was run in 1:52 3/5. Golden Pearl went to the front and opened up a gap of three lengths, but in the stretch Robert Cooper closed strong and was catching the leader all through the stretch. Golden Pearl, however, held on long enough to win under a drive by three-quarters of a length.

THE HAMILTON XI.

The Hamilton Cricket Club will play a match with Ridley College at the cricket grounds to-morrow afternoon at 2:30. The Hamilton team will line up as follows: D'Arcy Martin, Kirwan Martin, W. R. Marshall (captain), Gordon Southam, D. Motherwell, R. B. Ferris, L. E. Fevez, E. V. Wright, R. R. McDonald, M. Townsend, S. S. Mills, F. B. McEiverson.

Opinion of Civil Service Commissioner.

With the wheel I have revived the hardy days of the middle ages, when the apprentice journeyed through far lands. I have had large adventures among the town and country folk and made long tours through our glorious country. I feel that I know the world and men and affairs more widely and happily from these joyous journeys. Among the pleasures that linger longest in memory is the jolly good comradeship of the highway which the fellowship and sympathy of the bicycle made possible. The bicycle opens the heart and makes all men brothers, a welcome surcease from a too serious life. Hon. John T. Doyle, LL.M., M. Dip., Secretary U. S. Civil Service Commission, Washington, D. C.

THE LUSITANIA'S SPEED.

Average Rate of Over Twenty-five Knots on Westward Voyage. London, May 21.—The Cunard Company declare that up to noon of May 20 the liner Lusitania, which left Daunt's Rock last Sunday at 11:33 a. m. for New York, had covered 1,808 knots, at the average speed of 25.02 knots an hour. It is understood that the present trip is being run under the observation of the builders of the vessel with the view of conforming to the speed specifications of the Government.

A BASEBALL TEAM ADOPTS A BABY.

Galveston, Texas, May 21.—The adoption of a nineteen-months-old baby by the Houston Professional Baseball Club came out to-day. On a train on which were riding the members of the Houston team, of the Texas League, the players noticed a woman and a curly-haired child. The woman requested W. E. Hester, a pitcher, to hold the child for a few minutes, then stepped into another coach and left the train at the next station. A note found on the child gave its name as Edmund Winters, and the ball player decided to adopt the boy. Before the end of the journey every member of the club fell in love with the abandoned baby and entered into a compact to care for the little one, elect it the mascot of the club and provide a good home. At the games at Dallas and Fort Worth the mascot was exhibited in the grounds during the game and was showered with money from the audience, and at Houston collections were taken up, and the baby now has a fund of more than \$2,000 to its credit and still growing. Offers from some of the wealthiest families in the State to adopt the child have been refused, and the baby mascot will not be parted with by the club. The mother, who is less than 18 years of age, was found in Hillsboro and her tragic story unfolded. She had lived with a drunken father until 12 years of age, when she ran away from him. Before she was 16 years of age she was married, and after the birth of her child her husband deserted them and disappeared. The child-mother found employment in a packing house at Fort Worth, earning \$6 a week. Recently the packing house cut down the number of its employees, and the mother, determined that the baby should not starve, gave it to the ball player.

License Commissioners Like a Lot of Wooden Indians.

Methodist Church Statistics—Election of Officers.

(Special Despatch to the Times.) St. Catharines, Ont., May 22.—At the St. Catharines District meeting, held in the Methodist Church, Thorold, yesterday, an animated discussion was precipitated by a number of questions asked by Rev. Dr. Chown, General Secretary of Temperance and Moral Reform. Dr. Chown asked many things regarding the enforcement of the license laws in the district. During the discussion Rev. J. W. Cooley, of the local option village of Grimsby, said, "We never know whether there is an inspector in Lincoln or not. He may be alive, or he may be dead. He shows no concern in Grimsby. I think that the commissioners and inspector should reside outside of the district over which they have jurisdiction. It is too bad that so often the officials are no better than a lot of wooden Indians."

The reports for the various churches showed a total increase of membership during the year of 135, and in missionary aid \$150. The Sunday schools have now a membership of 3,122, an increase of 163 over last year.

A motion was passed to ask the Hamilton Conference to memorialize the mission board to revert to the old plan of publishing in the annual report the names of collectors and contributors. Improvements to church and parsonage property to the extent of \$7,225 were made during the year.

Rev. J. W. Magwood, of Niagara Falls, was elected to the Stationing Committee, and Rev. J. W. Cooley, of Grimsby, as alternate. Mr. Charles Lowry, of Queenston, was elected delegate to the Sunday school-room.

In the evening a Sunday school rally was held, when addresses were delivered by Rev. Dr. A. C. Crews, General Secretary of Epworth League and Sunday schools; Rev. Dr. W. J. Crothers, of St. Catharines.

The Public School Board has decided to purchase the Cook property on Geneva street, recently presented by Mr. E. McArthur to the hospital management for a school site in St. Patrick's Ward. The house on the property is a large one and in good condition, and at comparatively little expense can be fitted up as a school building.

The local lacrosse team, which will play against Hamilton in the city tomorrow are in good form. The players will be selected from the following: Dixon, Stevens, Harris, Richardson, Ed. Baker, Joe Baker, Parkes, O'Gorman, Tufford, Brown, Sullivan, Ripley, Kalls, Fitzgerald, Auburn.

3,000 POST CARDS.

Free Distribution of Victoria Monument Post Card.

Stanley Mills & Co. will distribute free to their customers to-morrow morning 3,000 souvenir post cards of the Queen Victoria monument. Be sure and call early at the King street store and get one. At 8.30 sharp this store will put on sale a splendid list of holiday requirements, at prices that will mean a grand saving to all who can do their shopping early. In all probability to-morrow will be one of the busiest days of the season, and shoppers generally will do well to get out bright and early. The Stanley Mills hardware store is making a wonderful exhibit of fireworks including all the very newest ideas in that line, as well as a full assortment of the old-time stand-bys. Secure your fireworks early.

FIFTEEN HURT.

Serious Collision of Trolley Cars Near Brooklyn Bridge.

New York, May 22.—Fifteen persons were injured, four probably fatally, today in a collision of trolley cars at the Manhattan end of the Brooklyn Bridge. Andrew Webb, Wm. F. Haggis, Geo. W. Guinness and Geo. Smith, all of Brooklyn, were taken to a hospital and may die. Three cars were wrecked, one being telescoped, through the breaking of a rod which controls the brakes of one of the cars. Because of the heavy rain all cars on the bridge were unusually crowded in the rush hours to-day.

ONE TICKET FOR WHOLE FAMILY.

A Carload of Doukhobors Held at North Bay.

North Bay, Ont., May 21.—A train load of Doukhobors arrived here to-night from Montreal. One family of seven could only produce one ticket when checked up and orders were given to detain them pending some arrangement. None of the Doukhobors could speak a word of English and an attempt to remove the family threatened to precipitate a riot. The situation was saved by sidetracking the car pending instructions from headquarters.

FATAL EXPLOSION.

Paris, May 22.—An explosion occurred today in the Say Sugar Refinery. Several persons are dead and 40 others wounded.

WELCOME FOR JACK TARS.

Australia to Give U. S. Sailors the Time of Their Lives.

Processions, Receptions, Trolley Rides, Etc., at Sydney.

Melbourne, May 22.—The official programme for the reception of the United States warships has not been completed. It is understood that on landing Sydney the Commonwealth authorities will receive Admiral Sperry and his chief officers. The party will then be received by the State authorities, and later by the civic authorities at the Town Hall.

An extensive procession has been arranged in which the visitors will be invited to take part and a circuitous route will be followed, in order to afford an opportunity to as many of the citizens as possible to welcome the Americans.

A reception will follow at Centennial Park. It is suggested that delegations from other States should visit Melbourne and Sydney, these to include military detachments, so that the military display will be an impressive one.

After the first day only one-third of the crews will be allowed ashore. A special feature of the programme will be an entertainment exclusively for the sailors.

Some difficulties have been encountered in arranging naval reviews, owing to the inadequacy of the harbors for manoeuvring purposes. The Tramway Company in this city will give free passes to all the American sailors throughout their stay. An extensive scheme is afoot for the illumination of Sydney harbor, the lighting of the headlands to be the chief feature.

STEVENSON HERE.

S. C. R. of the Foresters to Speak on Rates.

The appearance of Elliott G. Stevenson, Supreme Chief Ranger, of the Independent order of Foresters at Association Hall this evening, will undoubtedly draw a large audience, as the membership in Hamilton and vicinity, is very strong, none but members will be admitted. This is Mr. Stevenson's first official visit since his appointment. He comes to deliver an address on the proposed change in rates, which will be the principal business at the next Supreme Court meeting in June. This body meets every four years. The convention will be held in Toronto at the Temple building and representatives will be present from all parts of Canada and the United States and British Isles.

THE SANITARIUM.

Satisfactory Progress Made—Rain Keps Work Back.

Notwithstanding the rather depressing weather, satisfactory progress seems to be made by the patients, and if one were to judge from appearances alone, they are a pretty healthy lot. It is hard for some of our visitors to realize that one may look well and still be a victim of the most dreaded disease.

The work in connection with putting the grounds in better shape has been going on rather intermittently on account of the continued wet weather, one piece of work thus delayed being the extension of the sewer system. The fruit trees have been well pruned and the snow present a pleasing sight, when in blossom.

The Gun Club will hold a shoot on Monday the 25th, at which prizes donated by friends in the city will be competed for.

On Wednesday afternoon Rev. W. H. Sedgewick, of Central Presbyterian Church, conducted religious service; the officiating clergyman on the previous Wednesday was Rev. John Morton.

Donations—Mammoth Club, box of roses; A. J. Turnbull, books; J. G. Faulkner Smith, magazines; Foster Pottery Co., one dozen hanging flower pots. Visitors—Mrs. Alex. Zimmerman, Mrs. Southam, Dr. A. B. Schienbein, Dr. G. A. Bates, Dr. W. L. Sileo, John Forth, Mrs. P. D. Cramer, Dr. Estelle Stinson (Chicago), Rev. John Morton, Jas. P. Morton, Miss Lattimer, N. C. Seyer, Mrs. G. H. Mills, Rev. W. H. Sedgewick, Dr. Roberts, Rev. Dr. Moore (Ottawa), President of Canadian Society for Prevention of Tuberculosis.

REUF GOT OFF.

San Francisco, May 22.—After being out for nearly 44 hours, the jury in the trial of Abraham Reuf, central figure in the bribery graft prosecution, against whom many indictments were returned, failed to agree on a verdict, and was discharged last night by Judge Rollins. The specific charge against Reuf was the offer of a bribe of \$1,000 to former Supervisor Jennings Phillips to influence his vote favorably on the electric road franchise, applied for by the Parkside Realty Company.

GENERAL ASSEMBLY.

Kansas City, Mo., May 22.—With the presentation of the reports of the special committee, the 120th General Assembly of the Presbyterian Church in the United States to-day commenced the important business of its convention to-day.

During the next week of the Assembly reports will be made from various parts of the world on every conceivable phase of Christian work connected with the church. Denominational unity, marriage and divorce also are important subjects to be considered.

SUCCESSION TO TWO EUROPEAN THRONES IS DECIDED ON. During the last few days the succession to two thrones has been definitely settled, the reigning Prince of Wied having been finally designated heir to the throne of Holland, failing any direct heir, and the Grand Duchess Marie Adelaide of Luxembourg, having just been accorded the title of hereditary grand duchess by her father, the reigning grand duke, so disposing once and for all of the claim of the pretender Count Merenberg, the last living male descendant of William of Orange. The grand duke's father was the first Duke of Nassau, but lost his throne in 1836, when Prussia annexed the duchy. Thirty years afterward he succeeded to Luxembourg.

AGAINST FIRE.

Crown Point People Are Organizing For Protection.

A meeting of the citizens of Crown Point and vicinity, was held last evening at the residence of Mr. H. E. Jarvis, for the further consideration of fire protection. The committee appointed to await on Mr. J. Walter Gage, concerning his offer made some time ago, reported it to be still good. Mr. Gage has donated \$25 in cash and a lot upon which to build a fire hall. The report of the committee was received, and the committee discharged.

After a long discussion on the financial part of the question, the following donations were made: Messrs. E. T. Gartley and J. W. Poyton, \$5 each; Dr. Glendinning, \$3; Messrs. W. Porter, Mansfield, W. J. Henderson, J. W. Waterbury, G. Mathison, D. McCully, J. W. Wright, \$2 each; Mr. Turner, \$1; W. Springer, \$2.

The first motion was moved by Mr. Wright, seconded by Mr. Porter, that Mr. Jarvis put \$50 worth of lumber on the ground for the building. Mr. Jarvis to receive the \$25 donated by Mr. Gage, and the balance to be paid in two months. It is to be said, that the whole amount to be paid by July 21st. This was carried. It was then moved by Mr. Wright, seconded by Mr. Blaicher, that the list of subscribers, who have contributed toward fire protection, be posted up in the stores, and other public places, carried.

The retiring treasurer, Mr. John Jess, handed over a check for \$4.45, being the balance in the treasury, to the new treasurer, Dr. Glendinning.

The Secretary was notified to report on the plan and cost of the building at the next meeting. The meeting adjourned to meet on Thursday evening, May 28, at 8 p. m.

GIRL SAVING.

Pittsburg Women Chase Escorts From Roof to Roof.

Pittsburg, May 22.—Women crusaders of the W. C. T. U. under the protection of special police officers who have caused considerable excitement in prominent downtown cafes in the quest of stray girls, had a thrilling experience last night. The women and officers followed a young girl and Japanese escort from a cafe to a Fifth avenue office building gaining access to the office by the fire escape they arrested the girl, but the Japanese escaped to the roof. After a chase over the roof in the darkness from building to building the officers also captured the foreigner. In the meantime the theatre crowds in Fifth avenue witnessed the sensational chase and almost tied up traffic. A short time later the women entered another Fifth avenue building and using the fire escapes again caused the arrest of two couples in a third floor office.

A Thug's Sentence.

(Montreal Star.) A thug who struck a woman in the face and snatched her purse from her, has been sentenced by an Ontario judge to seven years in the penitentiary with thirty lashes. The prisoner had already served two five-year terms for similar offences; but they do not seem to have cured him. Robbery with personal violence is only one step removed from murder; and when an unspeakable coward will use this method of getting a woman's purse, it is a question whether, he ought not to be locked up indefinitely. A man may be jockeyed by hard circumstances into crime once or even twice; but they are not likely to be the same sort of crime where he is not at heart a criminal. But when a man commits a dangerous crime three times hand-running, in spite of having served two heavy sentences for the first two, it is only fair to assume for the sake of society that this

Classifying Him.

(Chicago Tribune.) The pimply faced youth had thrown a pop bottle at the umpire. A policeman grabbed him by the collar, jerked him to his feet and removed his hat. Then he took a tape line from his pocket and measured the fellow's head. "Size 6," he said. "That lets you off this time, young man. But don't do it again, or back you go to the 'syllim for the feeble minded.'" No more pop bottles were thrown from that particular section of the bleachers during that particular game. GOOD NEWS.

Parasites That Kill Bugs, Flies and Fruit Pests.

San Francisco, May 22.—After a remarkable quest in the far east for natural enemies of pests that infest American orchards, George Comper, entomologist, arrived here on the liner China last night successful. He left in western Australia a parasite that was reducing the ravages of the fruit fly to a noticeable degree. This parasite was discovered five years ago in India, but previous attempts to introduce it into Australia failed on account of the opposite seasons. By putting the bugs to sleep in India with ice, Comper got 100,000 of them to Australia alive. He woke them up in the Australian winter. The parasite apparently thinking they were still in India went to work with a will. Three generations of native born bugs saw the light before Comper left the Antipodes. He also took to Australia a parasite which swept away like fire the cabbage aphid. Mr. Comper has brought to California a parasite to destroy the mealy bug, a pest that causes great grief to the orange grower. It discovered this friendly bug in Japan.

WARDROPE SPOKE TO THE WEST WORKERS.

Fine Address In the Liberal Headquarters by the Popular Candidate.

Education For the Masses--Gross Injustices Done Hamilton Under Hendrie's Nose.

There was a very enthusiastic meeting of Liberal workers of Ward 5 last night. It was held in the Arcade Hall, as the ward headquarters were not considered large enough to accommodate all who wished to hear the Liberal candidate in the riding of West Hamilton, W. H. Wardrope, K. C. The seating capacity of the hall was taxed to the utmost, and those present heard a very inspiring address from the candidate. The popular chairman of the ward, Mr. McLaughlin, presided. He made a short, pointed address in introducing the candidate. He said Mr. Wardrope was a man who was greatly respected by all who knew him for his high ideals and sound principles. He is a man, he said, who will do his utmost to see that Hamilton gets a square deal, instead of a raw deal from the powers that be at Toronto. During the past three years, he said, the Whitney Government has handed Hamilton some pretty raw deals, and he referred briefly to the Normal College steal and to the technical school "job." He said that Hamilton plumbers had been invited to go to Toronto to figure on the new West Hamilton Government school, and when they arrived they were politely told that a Toronto plumber--a friend of the Government--had already got the job. He urged all voters to vote against the present Cabinet Minister who represents West Hamilton as a silent protest against such methods. He then introduced Mr. Wardrope.

In opening his address, Mr. Wardrope said he was present to ask the leaders of Ward 5--which was once the banner Liberal ward of Hamilton--to put forth their best endeavors to elect him as member for West Hamilton in the Ontario Legislature on June 8 next. He did not propose to ask them to elect him without giving good reasons for doing so. He was a believer in the system of government by party, just as Great Britain has been governed for many, many years--and the party he represented was the party that stood for the people. In this country, he said, the people are practically the kings, and the voters are the ones who will say who is to represent them in Parliament and Legislature. "Do not ask any man to blindly go to the polls to mark his ballot for Wardrope unless the man thinks I am the better one of the two candidates to represent West Hamilton. I do not ask you to vote for me as a compliment to myself. I request a great party and when you vote for me you vote for that party, in the belief that the Liberal party is better than the Conservative party."

"It is important that this country should have an educated people. The Liberal party in Ontario has ever remembered that the child of the poorest citizen should have the same opportunity for primary education as the richest could have. I don't believe that people can be too highly educated."

He referred to the workers of Scotland in the old days, who were the best read people of the masses. For a long period the honors in the professional eye were from the homes of the artisan. He did not agree with Premier Whitney's Public School policy, which does not provide the proper scope for the children of the poor.

"We are all learning from the time we are born until the time we are laid in the dust, whence we came, and no man is too old to acquire knowledge. As we get older we learn that filling our stomachs and putting on the finest raiment are not the whole of life. "We should teach our children to so conduct themselves so as to bring the greatest happiness in the home, and education is the chief means to this end. The Liberal party has always stood for the education of the children of the masses, and I promise you if I am sent to Toronto I will do all in my power to further the education of the common people. It has been claimed that the Whitney Government has spent more on education than its predecessors in office did--that it has given more than the Ross and Hardy Governments gave, but this is true only so far as higher education is concerned. Mr. Whitney has not increased the grants for primary education--the education the masses are interested in. Toronto University, it is true, has received more money, but I object to the way that the Whitney Government has helped this University. It has set aside a certain income to the credit of the governors of the institution, on the ground that it could not trust the people to contribute regularly the money that it should be given. As it is now the people who pay the money to the University have no say as to how it is to be expended, and even cannot demand a report as to the way it is spent."

"Since Mr. Whitney came into power the Government has not shown the consideration they should to the people of the country--certainly not the consideration as was shown by the late Sir Oliver Mowat. Mr. Whitney has claimed credit for the great increase in the income of the Province. But this great increase has been due largely to the royalties received from the mines in New Ontario, the development of which was commenced by the late Liberal Government. The Conservatives came into power just at the time that great wealth began to come out of Cobalt."

Speaking locally, he said that Colonel Hendrie was a fine man personally, but what has he done for Hamilton? He stood still and allowed his colleagues to steal our Normal College, which was a great wrong to the city and to many of the residents of East Hamilton. He should have made a public protest against the unjust proposal as soon as it was announced, and when the steal took place he should have resigned from the Government. That would have made his colleagues sit up and would have showed the people of Hamilton that he was looking after their interests. Another thing that Mr. Hendrie did was to stand by and see the people of Toronto get two seats each, while the people of Hamilton will have one only. Toronto's representation was doubled--it is now 8

and the manner of electing them was referred to at some length. "It is an act sent to the Legislature," said Mr. Wardrope, "I will go as a patriot first and as a party man second." In conclusion, he said that Mr. Whitney was not appealing to the "good men" and "Christian men" directly, as he did at the last campaign, when he said that Liberals helped him to office. How did he keep faith with the Liberals who desired a change of government? His first act was to dismiss the Liberal Justices of the Peace, men who held an honorary position, without pay. Then he fired the License Commissioners and then the License Inspectors, with two or three exceptions. Mr. Whitney, in giving a flowery description of the Conservative and Liberal parties, stated that the Tory party was marked for its virtuous principle, virtuous emotion and virtuous action. He probably had Mr. Foster in mind when he referred to virtuous principle. Mr. Gurney when he spoke of virtuous emotion and Mr. Fowler stood for virtuous action.

Mr. Wardrope spoke a few words on behalf of Mr. McClelland, the Liberal candidate in East Hamilton. "If we are elected," he said, and the Liberals are returned to power, we will leave no stone unturned to have the Normal College returned to Hamilton, and the wrong righted."

OPERATION PREVENTED.

Bad Case of Piles Cured by Zam-Buk. Sufferers from Piles will be interested in the following testimony of Mr. Garfield Logan, 140 Welland avenue, St. Catharines, Ont. He says: "For years I was a great sufferer from protruding bleeding piles. They got so bad that it was impossible for me to walk or sit down without a great deal of suffering. The pain I endured was dreadful. I tried everything and the doctors told me I would have to be operated upon before I could be cured. I do not think that there was one remedy that I did not try, but they failed. One day I received a sample of Zam-Buk and tried that. I got some relief and decided to give it a good trial. I bought three boxes, and before I had finished the third box I was completely cured. Zam-Buk has saved me hundreds of dollars, because I had decided to have the operation if Zam-Buk did not cure me. I have recommended Zam-Buk to a number of my friends, and am always praising Zam-Buk."

Spectator that King's Counsel Scott had his arms bared to the shoulder and was delving in technical schools in Europe to get information for the establishing of schools in Canada--that he left his practice and his brewing to do something for the people of Ontario. He did nothing of the kind. He is living in Paris, Cairo and other Eastern cities, having a good time.

Mr. Wardrope closed his address by calling for three cheers for the King. (Cheers for the candidate were given with great enthusiasm. Mr. Wardrope was heartily applauded at frequent intervals during his address.)

The 38th anniversary of the pastorate of Rev. Dr. Robert Stuart MacArthur as pastor of Calvary Church, New York, was observed last Sunday. Dr. MacArthur is a graduate of Woodstock College, when it was in Paris, Canada, and the Canadian Literary Institute, and is a Canadian by birth.

NEWS FROM THE OLD LAND Many Interesting Happenings Reported From Great Britain.

ROMANTIC ELOPEMENT.

(London Daily Mail.) The one topic of conversation in Leicester hunting circles is the romantic elopement of Mr. John Dearden, a wealthy landowner, with Miss Gertrude Ashby, the daughter of a village farm laborer. Mr. Dearden, who is married and has five children, belongs to one of the oldest landed families in the country. Until a few days ago he resided at Evington House, near Leicester, a mansion standing in forty acres of grounds. He has estates at Holmstead, near Crawley, Sussex, and at the Hollins, near Halifax. He is a first cousin of Lord Masham, his aunt having married the first baron. He is 47 years old. He was a well-known member of the Quorn and Mr. Farnie's Hunts, and was the vicar's warden at Evington. The laborer lived with his children in a cottage on the estate. Gertrude Ashby, who is about 27 years old, was employed at a factory in Leicester, as it was the nearest work to her every day. Sometimes Mr. Dearden took her in his dogcart and gave her a "lift," but no notice was taken of this, as it is not unusual in this country. The girl is pretty, and like many of the Leicester factory operatives she dressed her hair in the latest fashion.

She left home on April 15th, telling her sister she would return in the evening, and on the same day Mr. Dearden drove to the railway station at Leicester and took train to London. At first nothing was thought of the girl's disappearance until she failed to appear at work, when it was learned that she had not visited them her parents became anxious.

The mystery was solved by the receipt of the following letter from Mr. Dearden by the girl's father: Evington House, Leicester. Telegram--Thurnby. Mr. Ashby--I can only imagine what you think of me now. Whatever you do, please do not blame Gertrude; she has tried her utmost to prevent my carrying out my wishes. We have loved each other for ages, and I again ask you not to throw the blame upon Gertrude, as I am wholly responsible and to blame for what we have done.

Anyhow, in the event of anything happening to me, I have made full and ample provision for her, and I hope and pray that at some not very distant time you may see your way to granting her your full forgiveness. J. Dearden.

The letter was posted in London, and is the only communication that has been received from Mr. Dearden. It has been learned since their departure that Mr. Dearden and the girl met frequently in a plantation on his estate.

TO FIGHT SLEEPING SICKNESS.

The decision of the Government--announced in the House of Commons on Monday--to establish a national bureau for the study of sleeping sickness will be welcomed by all who have knowledge of that dread disease. The bureau, which will be managed by a strong and representative committee, will be supported by grants made by the British and other Governments. A convention also has been concluded between Germany and Great Britain for the prevention of the malarial in Uganda and German East Africa.

SIX-YEAR-OLD HERO.

Hartlepool has a six-year-old hero in Leonard Wolkenberg, the son of the Rev. R. Wolkenberg, curate of the parish of Holy Trinity, who distinguished himself by saving his baby sister Marjorie from being burned to death. Marjorie, aged seven months, had been put to bed in the afternoon. Mr. and Mrs. Wolkenberg were out, and Leonard and a servant were downstairs. Hearing the baby cry, Leonard ran upstairs, to find the baby's cot on fire and the bedroom full of smoke. She returned downstairs for cloths to put round her head before entering the room, but in the meantime Leonard ran to the bedroom, lifted his little sister from her cot, and carried her safely downstairs.

SHOUT OF 250,000 WOMEN.

The Women's Social and Political Union finds itself confronted with the problem of feeding a considerable number of the 250,000 suffragettes who, the union expects, will take part in the great demonstration in Hyde Park on Sunday, June 21. Many of the demonstrators will be Londoners, but at each of the railway termini, where special trains will bring contingents from the country, meals are to be provided. "There will be twenty platforms at the demonstration, and eighty speakers," said Mrs. Mabel Tuke, the secretary, yesterday. "At 5 o'clock, as the resolution is put from the twenty platforms, a united blast will be blown on twenty trumpets and the quarter of a million demonstrators will shout, 'Votes for women' in unison."

PEER TO WED IN 78TH YEAR.

It is announced that Viscount Portman, who is in his seventy-ninth year, will shortly be married to Mrs. Livingstone Learmonth, of Hanford House, Blandford, Dorsetshire. Viscount Portman was born on July 12, 1829, and is the second holder of the title. In 1855 he married a daughter of the late Viscount Milton, and she died in 1879, leaving him eight children--five sons and three daughters--of whom the eldest is the Hon. Edward William Portman, who was born in 1856. He is well known in the hunting field, having been master of the Portman

HUNT FOR FIFTY YEARS.

Recently he was presented by followers of the hunt with a testimonial in recognition of his public life in the field. Mrs. Livingstone Learmonth lives at Hanford House, which is not far from Viscount Portman's Dorsetshire seat. Hanford House is a fine mansion of stone in the Elizabethan style, and was erected in 1604. It is situated in grounds of about 200 acres.

NEW ATLANTIC "WIRELESS."

Work is to be commenced shortly on the new Poulsen wireless telegraph station in Nova Scotia, and if the plans of the company operating this system can be carried out, another Transatlantic service will be in working order before the end of the year. A complete station has been recently erected on this side, at Tralee Bay, in County Kerry. It is anticipated that it will be possible to send messages at the rate of 100 words a minute between the two. At each end the messages will be transmitted by the binary method. The Poulsen system is different from other wireless telegraph systems inasmuch as it depends on continuous and "undamped" electric waves, while the Marconi and others depend on intermittent and "damped."

EMPIRE DAY CELEBRATIONS.

Empire Day will be celebrated this month on a scale never before known in the United Kingdom. Falling on a Sunday this year, the celebrations will take place either on the Saturday previous, May 23, or the Monday following, May 25. Returns already received show more than 6,000,000 children in the United Kingdom and in the Empire overseas will participate in the celebrations this year. It is estimated that 15,000,000 British men in the Motherland and overseas will celebrate the day against 10,000,000 in 1907, and the first idea of the great strides the movement has made in the United Kingdom recently may be gathered from the following table giving approximate number of school children in the United Kingdom who will take part this year and the number who participated in the two previous years: 1906 (estimated) 1,000,000; 1907 1,750,000; 1908 (estimated) 2,250,000. The day will be generally observed this year by every school department under the London Education Committee, which means that more than 1,000,000 youthful Imperialists in London alone will participate.

"OUR NATURAL ENEMY."

General Baden-Powell, addressing the officers and non-commissioned officers of the Territorial Army at Newcastle recently, said that the country was in danger of invasion from Germany, which was now our natural enemy, as we stopped its colonial expansion. Germany was in the same position to us as Rome was to ancient Carthage. At Hamburg, which was only four hundred miles from Newcastle, there was enough shipping to embark 120,000 men in thirty hours. Even the fleet would not be enough to block the Straits of Dover. The Army could do nothing to meet this invasion unless it was met by a commanding officer could not adopt ordinary methods of strategy unless he knew what his men could do. The Boers were good marksmen, but something else was needed.

HISTORIC HOUSES IN LONDON.

The date when this historic building was erected is very undecided. There is little doubt, however, that it was a great feature of the city as far back as the twelfth century. Of the original house nothing now remains but the crypt and the outside walls. It was in 1411 that the rebuilding was taken in hand. The Mayor of London, the aldermen and a host of rich citizens all contributed towards the expense. Unlike most buildings in the city, the Guildhall escaped the great fire of 1666, but looking towards King Street was damaged at all, and that very slightly. In 1866 the building was thoroughly restored, an entirely new oak roof being erected, such as one sees to-day. The two giant figures of Gog and Magog were put up in 1708, and were the work of one Richard Saunders. The Guildhall has been the scene of many celebrated trials, that, for instance, of Lady Jane Grey and her husband in 1553, and Anne Askew in 1547, who was condemned and burned at Smithfield. Here also Charles I. came after his attainder to arrest the five members in the House, and demanded that the Mayor should hand them over to him, should they take refuge in the city. To-day Guildhall is given up to city courts and banquets, at which latter the old custom is still kept up of having the "baron of beef" and the loving cup.

VENICE IS NOT A CITY, BUT A SEDUCTION.

I had come over the Alps--out of gray storms--into Venice. I had not come to see this Venice, which is not a city, but a seduction. All that belongs to another mood. One should not see Venice as a butterfly in order to appreciate the charm of Venice--the grace of dead things and the living marvel of the sea. One should have no will of his own, drifting, he cares not whether, past houses of gold and onyx and Oriental alabaster, the lot of Damascus and Helio-polis--over the brown-barred, silver lagoons, seaward. I had come to see Giuseppe Penso, gondolier, number 283, a Castellano of the Traghetto of San Barnaba--to shake his hand and live for a few days his life and the life of the men of his craft, to find a game with them and play at bowls--to stand with them at the cradle and go with them across the Dead Lagoon, on the last silent journey. Other things I saw not at all. A cosmopolitan world thronged the piazzetta, started down on the bronze horses of Byzantium--American, promised with splendid hair, calf-like brides from Germany, Spanish girls, all eyes and ankles, barons blood or the Bourne, idlers from every corner of the earth; but I marked them not.

Good in All. I do not know, I cannot say, What life will hold for me to-day; But this I know, whatever befall, Some good lies wrapped therein at all. Though undiscerned by moral mind, This measure is for me to find; To rend the veil that clouds mine eyes, And view the blessing in disguise. For toilsome ways will lead to rest, And arduous tasks are often best; In struggle, power and will are born-- Who plucks a rose must grasp a thorn. The cross I lift in morning hours, At evening may be hid with flowers; The trial that before me lies May prove a gate to paradise. As oak grow sturdy in the blast, So courage, buffeted, holds fast; As blossoms, crushed, breathe perfume rare, Affliction drives the soul to prayer. All things shall work for highest good, To those who put their trust in God; All things in heaven and earth are mine If I but claim my right divine. And so, it is my happiness To know in all things dwell success; Its mystery is mine to prove, Its keys are hope, and faith, and love. --Emma Fisk Smith in Nauticus.

NOTICE

Take notice that the Municipal Council of the Corporation of the City of Hamilton intends to open up and grade King William street from its present terminus, east of Sanford avenue to Arthur avenue, and to assess fifty per cent. of the final costs thereof upon the real property to be immediately benefited thereby fronting or abutting upon King William street, between Sanford Ave. and Arthur Ave., including the lots abutting on that portion of King William street proposed to be opened, which statement showing the lands liable to and proposed to be specially assessed for the opening up of said portion of King William street, and the names of the owners thereof, as far as the same can be ascertained from the last assessed assessment roll and otherwise, is now filed in the office of the clerk of the municipality and is open for inspection during office hours. The estimated cost of the work is \$150,000, of which \$75,000 is to be provided out of the general funds of the municipality. The cost per foot on the frontage above described will be approximately equal to the amount payable annually for five years with interest. You are assessed as above described for the proposed opening up and grading of King William street mentioned in the foregoing notice. If you deem the same incorrect you must notify the undersigned on or before the 29th day of June, 1908, and your complaint will be tried by the Court of Revision. A Court of Revision will be held at the City Hall at 3 o'clock p. m. on Friday, the 2nd day of July, 1908, for the purpose of hearing complaints against the proposed assessment or the accuracy of frontage measurements or any other complaint, which the which is by law cognizable by the Court. Dated May 22nd, 1908. S. H. KENT, City Clerk.
