The Last Week of the ANNIVERSARY CELEBRATION

Reduces Prices on Everything

Clothes that are sure to win admiration and respect

Well tailored, sanely styled, they win the approval of men who know a good thing when they see it. They afford a range of choice, that the most particular man's preference may easily and promptly be satisfied

Suits that pay double the price

in odds of service and satisfaction, they come in pin checks, striped suitings, blue serges and fancy patterns.

Suits at \$10.95 are favorites

among men who wish to be well dressed, but who do not wish to spend too much money this time of the year. They are made in tweed mixtures in grey, and brown patterns, with serge lining, really these suits were made to sell at \$25.00 and only a streak of lucky purchase enabled us to sell them at our Anniversary Special \$10.95.

Straw Hats

Men have liked Farrah Straw Hats because they have given in generous measure all that a man could demand of a hat. The new sailor styles have good medium crown with deep band and narrow brim. Sailors in fine and coarse sennits from \$2.75 to \$6.00.

REGULAR MEETING TOWN COUNCIL

The regular monthly meeting of the Town Council was held on Thursday, July 21st at 8 o'clock p.m.

Present:—Mayor Fish, Aids. Atkinson, Dalton, Durick, Locke, Mackay, Ritchie, and Sergeant.

A notice of Convention of the Union of N. B. Municipalities was read and the Mayor and Town Clerk were appointed delegates and the fee was ordered paid.

A letter from A. E. Petrie, sanitary inspector, calling attention to the unsanitary condition of the outlet of Pleasant Street Sewer was submitted and the matter was referred to the Light and Water Committee.

A notice from H. D. Morris, Secretary of the Board of Health, requiring that the Dumping Ground be put in a sanitary condition was read and referred to the Public Works Committee.

On motion the Council resolved itself into a Committee of the Whole, to consider the purchase of a Motor-driven pump and also Water and Sewerage matters.

On the Council re-assembling the following report was presented.

"At a meeting of a Committee of the Whole Council the question of the purchase of an electric driven pump was considered. The Committee had before them, Mr. C. K. Moore representing the Canadian Allis-Chalmers Ltd who submitted proposals covering two different pumps and motors and explained the merits of each. After discussion it was moved, seconded and carried that the Light and Water Committee be authorized to close a contract with the Canadian Allis-Chalmers Ltd for pump and motor installed as quoted for \$5370.00.

The petition of residents of George Street for Water and Sewerage was considered, and it was decided to authorize the Light and Water Committee to lay Water Main and Sewer on George Street as far as the available money will permit.

The question of advertising the Town through pictures made by the Eastern Film Company was introduced by the Mayor, and was referred to the Publicity Committee for consideration.

Ald. Ritchie reported from the Housing Committee that they had been unable to secure any applicants desirous of adopting the housing scheme during this year and it was decided to defer the matter to some future date. The following accounts were passed and ordered paid:

Newsome & Gilbert Ltd	\$ 4.10
Miramichi Pub. Co. Ltd	33.10
Miramichi Manuf. Co. Ltd	17.09
E. E. Benson	90.75
Lounsbury Co. Ltd	6.15
T. McAvity & Sons Ltd.	16.59
Imperial Oil Ltd.	7.57
A. D. Farrah & Co.	48.00
Can. General Electric Co.	218.58
Beveridge Paper Co.	183.13
B. F. Somers	20.00
B. F. Maltby	73.57

On motion of Ald. Atkinson, seconded by Ald. Durick, Mr. A. A. Davidson, whose term of office expired on June 30th, was re-appointed a member of the Board of School Trustees and James F. Chaisson was appointed a Constable in addition to those already appointed.

The following notice was given by Ald. Ritchie: "I hereby give notice that at the next regular meeting of the Town Council, I will introduce an amendment to By-Law No. 3, to regulate and license Exhibitions, Shows etc.—Section 7—sub-sections—1 and 7, to increase the fees for licenses under above sub-sections. In connection with Water and Sewer Extension it was moved by Ald. Durick that the Light and Water Committee be authorized to have the work done by day's work. It was moved as an amendment, by Ald. Ritchie, that the matter be left in the hands of the Light, Water and Sewerage Committee. The amendment was carried.

Wm. E. McEvoy was heard before the Council regarding his claim for rebate of income tax for 1920 and on motion of Ald. Durick, seconded by Ald. Mackay, the Petition Committee was given an extension of time to report on the matter.

Council adjourned.

POWER TURNED ON THURSDAY FROM NEPISIGUIT

Power from the new hydro-electric plant of the Bathurst Company Limited at Nepisiguit Grand Falls was turned on for the first time Thursday afternoon.

For the past few days preparations had been made for this interesting event, as the installation of machinery parts, both for generating and receiving the power, had been practically completed for some little time.

One year and ten months ago this great scheme of development was undertaken. At the time of commencement it was predicted that the work would be finished in eighteen months, but untoward difficulties with the water created a delay. Incidentally the estimated cost of the plant proved excessively low, the original figure being a million dollars, and it is now asserted that the actual cost of the completed work will approximate a million and three quarters.

As it is today the new power plant represents one of the biggest development schemes undertaken in the Maritime Provinces, and Bathurst is to be congratulated upon being the inspiration of this gigantic undertaking. With the two generators in operation—and the plant is constructed for three—3000 horse power will represent the maximum capacity of the plant, and with the water at its present level it is stated that no difficulty will be experienced in producing up to that point.

However, as there is no immediate demand for that amount of power only one unit will be operated. It is stated by Mr. Angus McLean, general manager of the Bathurst Company Limited, and under whose inspiring influence the work was brought to fruition, that about 2,500 horse power will be utilized immediately by the various plants of the company. In addition to that arrangements have been made for the supplying of power and the Dominion Pulp Mill with power and he anticipates that that will absorb another 1,000 horse power, leaving a margin of 1,000 horse power to come and go upon.

The Hydro Electric Power Commission of New Brunswick was not slow in availing itself of the advantages of the new plant at Nepisiguit Falls, and in the meantime they are constructing a transmission line from the Falls to Newcastle with a view to supplying necessary power to the industries of that locality. A section of this transmission line has been taken under contract by the Bathurst Company Limited and is now in course of construction. It is stated authoritatively that the power from the plant at the Nepisiguit Falls will be in operation in Newcastle by the 1st of October.

With the advent of power from the Falls the early opening of the slashing mill is announced. This will serve to release the logs from the boom in the Nepisiguit river, and their distribution is expected to lead to the re-opening in about a week's time, of No. 1 saw mill which was closed down on account of the shortage of logs. The closing of the mill was anticipated, but its early resumption of operations is assured, the releasing of the logs being the only consideration.

Conspicuous in the work of constructing the new power plant were such men as Mr. William Kennedy, Jr., of Montreal engineer; Dr. L. A. Herdt of McGill University, electrical engineer, Mr. Ernest Loignon of Montreal, resident engineer in charge of construction, and still on the job; and Mr. C. B. Hills, electrical engineer in charge of the operation of the plant. The contract of the construction was handled by Messrs Morow and Beatty.

The entire power system of the company will be under the general supervision of Mr. Gordon Chalmers of Bathurst—Northern Light.

COUNTY COURT
County Court met today in session in the Court House, with Judge Mc-Latey presiding.

FIRE IN BUCKLEY'S LUMBER YARD

Fire broke out this morning at 1.30 o'clock in Buckley's Lumber yard, on the north side of the river one mile below Newcastle. The fire originated in the lumber, piled on the north side of the main highway which separates the mill property from the lumber yards. When first seen the fire was nearest the end of the Mill Cove Bridge and the lumber being dry the fire rapidly spread throughout the whole yard. Fortunately there was no wind blowing at the time. The Buckley Mill, like many of the other mills on the river is not in operation this year. At time of writing it is not known how the fire originated.

There was a large quantity of lumber piled in the yard and it is estimated that the loss is between five and six million feet. It is also reported that some of the lumber destroyed is the property of the British Government. A number of tug boats from Chatham rendered valuable assistance by pumping water and Newcastle sent a detachment of men with the Fire Steamer and Hose. The Newcastle contingent with apparatus were taken to the fire by means of a scow towed by a tug boat. On their arrival they did excellent work in extinguishing the fire and confining it to the lumber yard, thus preventing it from reaching the mill which was consequently saved.

An excellent view of the fire was obtained from the Public Wharf, Newcastle and a large number of citizens viewed the fire from this point.

O. B. LAWSON KILLED IN A TRAIN WRECK

Campbellton, N. B., July 23—At 1.50 o'clock this morning a rear-end collision took place near Glenelma, twenty-eight miles west of Campbellton, between the first and second sections of freight special No. 740, coming east.

Police Inspector, O. B. Lawson, of Campbellton, was killed. Police Inspector Floyd of Moncton, had a foot injured; Conductor Jos. Des Champs, of Mont Joli, was cut about the head, and Brakesman Isador Lebrun, of Mont Joli, had his arm broken and was badly cut up.

All the injured were brought to the Hotel Dieu Hospital, Campbellton. The collision took place in the Matapeedia Valley. The river valley was filled with fog and both trains were making fast time. The Maritime Express was following them. All the injured were riding in the van of the first section of 740.

The track was blocked for only a short time, the Maritime being little delayed. The van and four box cars were broken or damaged and the engine of No. 2,740, was damaged.

The auxiliary was rushed from Campbellton, with Dr. McPherson, Coroner Dr. DeWolfe, of Matapeedia, was notified and an inquest is now being held.

CROP REPORT

Showers since the fifteenth have freshened the pastures considerably. Milk production during the month has fallen off in quantity, and grass Clover has almost entirely disappeared from the pasture and hay cattle show shrinkage in flesh.

Hay making on upland is general; the crop is exceedingly thin and short. Many stockmen will be compelled through a shortage of winter fodder to sacrifice a part of the dairy herd.

Early sown grain is headed out and shows promise of a fair crop though straw is very short. Late oats in many cases will be pastured off.

The potato crop, particularly in the coastal counties, is below the average. A large percentage of misses in the hill occur, and numbers of the plants appear spindly and unthrifty. Potato beetles are doing much damage.

"RUSTLER" BURNED

The bulk of the old Str. "Rustler," was destroyed by fire early Monday morning. She has been lying on the shore below Ritchie's Mill for some years.

NEWCASTLE BOY'S TRAGIC DEATH IN MANITOBA

Mr. and Mrs. Thomas Cassidy returned last Tuesday afternoon from Altamont, Manitoba, with the remains of their son Robert, who was accidentally killed there on Saturday July 2nd. Mr. Cassidy received a wire on Saturday July 2nd advising him of the accidental death of his son Robert, and immediately wired back to have the remains sent home to Newcastle. He received a telegram, in reply, to the effect that the coroner refused to allow the remains to be shipped and in consequence interment had been made in Altamont. Mr. Cassidy accompanied by his wife journeyed to Winnipeg to ascertain the particulars of their son's death and on his return reported the following facts concerning the accident.

On Saturday July 2nd, Mr. Clayton King of Altamont, with whom deceased was employed, left his home to go into town, leaving instructions to Robert Cassidy to split wood during his absence. Previously they had been using stumping powder to clear some land, and Robert after splitting a quantity of wood had successfully blown several stumps. He then left the field to return to the house for dinner, bringing with him the explosive material in a pail, as was customary for him to do. Mr. King arrived home from town about 1.30 o'clock and was informed by his wife that Robert had not returned for dinner. Mr. King then went out to the field to look for him and found his body in the pasture about 250 yards from the house.

He found the body, badly mutilated near a spring of water, and close by, a large hole in the ground, which had been caused by the explosion.

Dr. Rocan, of Somerset, who is the municipal health officer and coroner was immediately called, and after examination of the body and scene of the explosion declared that it was an accidental death and an inquest would be unnecessary. Owing to the condition in which the body was in, it was decided to inter it immediately, and the funeral was held on Sunday, July 3rd.

The funeral service was held in the Village Hall, conducted by Rev. F. A. Turner and Rev. Thomas Smart. The hall was filled with people of the neighborhood and the casket was covered with flowers and wreaths. Deceased was well liked by all who knew him, and was at all times willing to perform the task assigned him. Both Mr. and Mrs. Cassidy speak highly of the people of Altamont and are in receipt of a number of letters of sympathy. Mr. Cassidy had the remains exhumed and brought to Newcastle, where interment was made in St. James' Cemetery on Wednesday afternoon, the Rev. L. H. MacLean conducting the services at the home and grave.

OBITUARY

MR. JAMES LEACH

The community of Sunny Corner was very much saddened on Tuesday night when Mr. James Leach passed away after an illness of two weeks.

Mr. Leach who was in his seventy-fifth year was a member of the Presbyterian church and was very much liked and respected by all who knew him.

Besides a wife, he leaves the following sons to mourn his loss, George, Alfred, Henry, Fred, Allan and Ernest all of Sunny Corner.

The funeral took place on Thursday at 10 a. m. interment in St. Stephen Cemetery, Redbank, N. B.

WAGE CUT FOR 40,000 RY. EMPLOYEES HAS BEEN SETTLED

Montreal, July 26—A tentative agreement as to a reduction in wages of maintenance of way employees and railway shop laborers was reached today as the result of negotiations which have been proceeding in a friendly way for the past ten days between officials of the leading railways and officials of the Unions concerned. It is understood that 40,000 employees on the Canadian Pacific Railway Grand Trunk Railway and Canadian National Railway, and smaller railroads, will be affected by this cut in wages which will run from 7 1/2 cents per hour for helpers to signal and interlocking maintainers, to 10 cents per hour for carpenters, painters, plumbers, masons and similar workers. The new scale will be effective as from July 15th.

This decision affecting one section of railway workers only is likely to be followed up by similar agreements in regard to other employees.

The agreement was signed today on behalf of the United Brotherhood of Maintenance of Way employees and railway shop laborers by its president, Wm. Lorey, and by Grant Hall, vice-president of the Canadian Pacific Railway, and chairman of the operating committee of the Railway Association of Canada.

FISHERY EXHIBIT AT FALL SHOW

A fisheries' exhibit, showing one of New Brunswick's pioneer and most important industries in the different stages of development, from the live product to the preserved article, will be the outstanding feature, on an unprecedented scale, at the big fall fair, scheduled to take place in St. John. Space has been applied for by D. F. Calder, Dominion Fisheries' Inspector for Southern New Brunswick, and Secretary H. A. Porter has made a reservation.

Mr. Calder, who was in the city this morning, stated that the fisheries exhibit, for which plans had been completed and all arrangements made would be shown on a comprehensive and elaborate scale. A small aquarium will be provided and therein will be exhibited live salmon, trout and other varieties of provincial fish.

A special feature of the fisheries' booth will be examples of specimens collected by the marine biological station, St. Andrews.

New Brunswick dealers and others will show fishing tackle, nets, gear, etc. and a splendid and varied line of cured and canned fish, clams, oysters, etc. will be presented.

Mr. Calder said that the fisheries exhibit will be most interesting and instructive. He also remarked that, only at the St. Stephen Fair, before the war, had there been anything like the show planned for the St. John Exhibition.

Asked about the sardine fishing situation, he replied that there had been improvement recently, especially since the announcement, on Saturday last, by the American Canning Co., who supply most of the cans used in the sardine industry that the company had cut the price of cans 20 per cent.

It is now expected that by August all the sardine factories along the coast will be in operation. He also stated that the Booth Fisheries, Ltd. would open their plant, West St. John on August 1. Schools of herring have been reported, he added.

BECAME SO THIN SHE WAS AFRAID

"FRUIT-A-TIVES" Made Her Well, Strong and Vigorous

MADAME ARTHUR BEAUCHER
805 Cartier St., Montreal.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

At last a friend advised me to take 'Fruit-a-tives'. I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

Madame ARTHUR BEAUCHER.
50c. a box, 6 for \$2.50, trial size 25c. At all dealers or from Fruit-a-tives Limited, Ottawa, Ont.

RACE SUICIDE IN AMERICAN FAMILIES

AMHERST, Mass., July 15—Speaking today before the M. A. C. Summer School, Dr. R. J. Sprague, of the Massachusetts Agricultural College, and for a year Dean of Rollins College, Florida, uttered a strong denunciation of our present tendencies toward race suicide and offered a practical programme for encouraging the family.

"The birth rate of the American stock," he said, "is far below the necessities of race survival. In 25 years the Anglo-Saxon stock in Massachusetts lost 250,000 by excess of deaths over births. During the same period the foreign stocks gained 600,000 by the excess of births over deaths."

Dr. Sprague assigns the following factors, as the cause for this decline in birth rate: Individualism and ambition among women which leads to individual careers; mild rector education which impresses the youth with a wrong sense of values; lack of vocational schools; too much shut-in life, which deduces the vitality of girls; worldliness and play instead of idealism and work; and the present cost of supporting families with elevated standards.

Dr. Sprague urged a very definite programme for the encouragement of the family—family tickets on railroads at reduced rates, especially for weekend trips; municipal control of gas, light and water rates to favor the home with children; free medical attendance at child birth and for the care of children; free old-age insurance for parents who rear and educate families.

JEMSEG CHICKEN HAS FOUR LEGS

Jemseg, N. B. July 19—Mr. J. A. Colwell, of Jemseg, N. B. has in his flock of chickens hatched out last May, one Plymouth Rock chicken which might be called a freak of nature. This chicken is of normal size but has four legs and a double back; the two legs which it walks on seem to be of ordinary size, although the two on its back are not quite up to size of standard, but are very little less. The two legs on its back seem to be connected with the double back, which is fastened on the back of the chick. The chick appears to be in first class health and condition and runs around at leisure, except when it gets tangled in shrubbery and heavy grass these extra feet get entangled and sometimes has to be helped out.

Mr. Colwell has been offered quite a substantial sum; in fact, has been offered a horse for this chick, but the curiosity, not only around Jemseg but from quite a distance, seem to warrant him to keep it just to have the neighbors and friends call on him and see this extraordinary domestic bird.

NO DEFINITE CENSUS FIGURES FOR A MONTH

Ottawa, July 19—While the great bulk of Canada's population census has now been taken, no definite figures may be published for another month, and it may be November ere the population for the Dominion is officially announced. The figures for the cities and larger towns will come first, followed by degrees by those covering entire provinces.

In the meantime much has to be done in the way of revision. The enumerator is paid 50 per cent of his remuneration when he makes his first complete return and the remainder goes to him when the census branch is satisfied that it is approximately correct. Each paper is scanned for any obvious discrepancies—as for instance, nationality given as Irish while the name appears to be Slavik. The census branch is receiving a large number of reports from individuals who are disgruntled at having been overlooked. Others with tender consciences or fears of \$25 fines, write to have incorrect details changed.

In many cases local commissioners hold their returns for purposes of correction, so that not more than 60 per cent of the papers are yet in Ottawa.

Preparing For The Next Lamb Crop

Successful sheep husbandry requires careful preparation for the next lamb crop. It matters little what time of the year it is, whether the ewes are just bred, the lambs just weaned or the lamb crop just due, preparation for the next crop should be kept in mind. No time is more important than during the previous lambing season. At that time notes and records should be kept of all important items regarding the behaviour of the ewes, the number of lambs each raises and whether they are good mothers or not, whether their udders are healthy and well balanced, or any other valuable notes of this kind. Any ewe that does not successfully raise her offspring should be culled rather than rebred.

Great care should be exercised in the selection of the ram to be used. He should be a typical, uniform, good-sized, pure-bred animal, full of vigour, active, and in good bloom. It is wonderful the influence a ram may have upon the offspring of a flock of ordinary ewes.

The selection of the ewes is also a very important feature in connection with the lamb crop. This selection may be done when the previous lambs are weaned and again at breeding time. The shepherd has in mind at this time uniformity in type. The more uniformity will be shown in the offspring and hence the better the prices to be obtained when marketing time arrives. Nothing attracts the buyers like uniformity not only in good condition, but in size, age, appearance and type. The ewes' teeth should be examined and if any defects are found the ewes should be culled. As a rule ewes are not profitable for breeding after they pass five years of age. Not only should severe culling be done to the mature ewes before the lamb crop, always being careful to retain those as near the ideal type as possible. Too much emphasis cannot be laid upon the culling process.

After the culling and selection work has been completed the ewes are prepared for breeding. They must be well fed and put in good condition but not overfat. As the breeding time approaches they should be bushed on some good, green, succulent pasture. As many as possible should be bred at the same time so that the lambs arrive in a group and the lambing period will not then be spread over a long period, which is objectionable.

As the lambing period draws near the shepherd appreciates the fact that his busy time is approaching. He looks to the increased crop. If the lambs are to be born in the barns the buildings are thorough-

ly cleaned and disinfected; hurdles, lamb-creeper, feeding racks, disinfectants, record books, docking and castrating tools are all put in readiness for the coming harvest, which will represent his profits on the business.

GERMANY PAYS MORE ON DEBT

Paris, July 19—The reparations commission today issued an official statement that the German Government has just paid to it 31,000,000 gold marks in European currency on account of the three months' notes given in the latter part of May in settlement of the one billion gold marks due before June 1. Including the remittance of 31,000,000 marks paid today Germany now has redeemed 114,949,000 marks making a total of 275,376,000 marks paid on account of the one billion marks. The German Government has informed the reparations commission that it is ready to remit immediately 41,000,000 marks more in European currency, which will bring the total paid in specie and currency to more than 310,000,000 marks.

WOMEN OF MIDDLE LIFE

A Dangerous Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter."—Mrs. A. KELLER, Afton, Tenn.

Mrs. Mary Lister of Adrian, Mich., attests her testimony to the value of Lydia E. Pinkham's Vegetable Compound to carry women safely through the Change of Life. She says:

"It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more and I am now doing my housework. Your medicine is certainly woman's friend and you may use this testimonial as you choose."—Mrs. MARY LISTER, 608 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms. Those smothering spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms. Women everywhere should remember that most of the common ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

F-R-E-E

1000 watches absolutely free. Owing to the enormous success of our previous puzzle advertisement, which gained for us hundreds of new clients, who, being so pleased with their free watches, that they now are our permanent customers, we have decided to further advertise and gain recognition in 1000 new homes, by giving away another 1000 valuable watches, to those who are clever enough to fill in the missing letters in the following phrase.

T-ES- W--CH-S A-E F-L-Y G--R-NT-ED

By correctly filling in the missing letters, you can obtain absolutely free a watch, that will equal for time any solid gold watch made, which is sufficiently proven by the large number of testimonials that we have received. Solve this puzzle correctly and comply with our simple condition of which we will write when we inform you if your reply is correct, write clearly, your name and complete address, so that we may without delay inform you of your success.

"More Bread and Better Bread"

A. D. Farrah & Company

"The Advance House of the North Shore"

28th ANNIVERSARY SALE THIS GREAT SALE SWINGS INTO ITS LAST WEEK

First of all, we would like to express our genuine appreciation for the fine response and enthusiasm that attended the first weeks of the sale.

After all there is no one more capable of passing on the merits of an event like this than the buying public who "shop around"—who make comparisons.

Our many wholesale connections and our buying power, are responsible for our ever reasonable prices.

Manufacturers eager to co-operate with us in this annual event have given us merchandise at goodwill prices. Brand new merchandise of high A. D. Farrah & Co., Quality.

Not a department in this great friendly store that has not been planning for something in order that this sale shall be a real money saving event to the people of this district.

And now for the last week we have regrouped our stocks and replenished our departments with new arrivals and in many cases where sizes are broken and quantities are little prices have been reduced.

And we sincerely advise our patrons to take advantage of the last week of this sale, as our prices at the termination of this anniversary shall return to normal on all unsold merchandise.

Blouses and Skirts

Offering many new and interesting variations in the costume for sports or the street.

Even the most expensive, the finest clothes would become dull and uninteresting if one had to appear in them too often. Being fashionable consists just as much of having interesting variations in the costume as of having modes that are becoming and correct.

Every woman will be able to enjoy the invigorating thrill of frequent changes if her wardrobe contains a plentiful supply of these blouses and skirts and this made more possible by our very low prices

A Women's Right To Good Health

Most Troubles Afflicting Women Are Due to Poor Blood

To every woman belongs the right to enjoy a healthy, active life; yet nine out of ten suffer from some form of bloodlessness. That is why one sees on every side pale, thin cheeks, dull eyes and drooping figure—sure signs of headaches, weak backs, aching limbs and uncertain health. All weak women should win the right to be well by refreshing their weary bodies with new, rich, red blood that promptly transforms them into healthy attractive women. This new red blood is supplied by Dr. Williams' Pink Pills, which reaches every organ and every nerve in the body. Through the use of these pills thousands of women have found benefit when suffering from anaemia, indigestion, general weakness and those ailments from which women alone suffer. Among the many women who tell of the good Dr. Williams' Pink Pills have done them is Mrs. L. Hicks Round Hill, N.S., who says: "I became very much run down in health; my blood seemed weak and watery, my strength failed, and I was so easily tired that my work was a burden. I had often read about Dr. Williams' Pink Pills and decided to try them, and I can truly say that after using three boxes I found myself gaining, and under a further use of the Pills all my old-time energy and vitality was restored. Out of my own experience I can strongly recommend this medicine."

These pills are sold by all dealers in medicine, or you can get them by mail at 50 cents a box or six boxes Medicine Co., Brockville, Ont.

OTTAWA READY FOR ELECTION IF ONE COMES

Ottawa, July 20—If the political powers should decide that a general election this year is desirable and proceed to throw their hats in the ring the electoral machinery will be found completely adjusted and in readiness.

Ordinarily, general elections are the signal for feverish activity in preparing papers, with the printing bureau working day and night. Now it is different. As soon as the Franchise Act was solidated last year, the chief electoral officer began the preparation and printing of election papers, and they are all ready.

Ready for Battle
The new act is a voluminous and rather abstruse affair, but it is made clear in the code of instructions and interpretations in the preparation of which organizers for all the political parties were consulted for suggestions of points to be elucidated. The demand for this publication is so heavy as to indicate a lot of preparation for the elections whether they are held this year or next.

Anxious for Meighen
The intimation that the Prime Minister's home-coming may be delayed is not wholly welcomed news to Ottawa, as so many matters are held up pending his arrival, but the necessity of his remaining in London, if a preliminary conference on the Pacific problem is held is fully recognized. It is known that Mr. Meighen is very anxious to get back and he will delay his departure only for urgent reasons.

REV. A.J. MacNEIL ACCEPTS CALL

Pro re nata meeting of the Presbytery of Miramichi was held in Newcastle on Thursday. The clerk reported having received a call from the Presbytery of Prince Edward Island extended by the congregation of Wood Islands there and addressed to Rev. A. J. MacNeill of Upper Miramichi in this Presbytery. The call was attested as being hearty and unanimous. By request of the Island Presbytery Rev. L. H. MacLean and G. A. Grant presented the claims of the congrega-

THROUGH RAIL SERVICE ATLANTIC TO PACIFIC

Canadian National Railways Furnish Direct Connections With Famous "Continental Limited" Out of Montreal.

The finest train service to the Pacific Coast is accorded by the Canadian National-Grand Trunk "Continental Limited" now leaving at 9.00 p. m. daily from Bonaventure Station, Montreal.

The route of this finely equipped all steel train to the coast is via Ottawa, North Bay, Cochrane and via the Transcontinental to Winnipeg and by Grand Trunk Pacific to Saskatoon and Edmonton and via Canadian National Railways to Vancouver, the finest of scenic routes through the Rockies and over the smoothest road-bed.

From Maritime Province points there is connection by Ocean Limited with the Continental Limited daily, and by the Maritime Express daily except Sunday. The Maritime arriving in Montreal at 7.40 affords the most direct connection, but passengers by the Ocean Limited will have the advantage of a day spent in Montreal. The Maritime arriving at Levis at 1.50 p. m. affords connection with train No. 11 leaving Quebec daily for Cochrane at 5.00 p. m. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

There is also the through service to the Pacific coast by train leaving Toronto daily at 10.30 p. m. via Sudbury, Port Arthur, Port William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal, and the Grand Trunk-International Limited to Toronto.

Particulars of these splendid rail services to the west will be explained by all C. N. R. ticket agents, and folders and illustrated matter maybe obtained by application to any of the City Ticket Offices or by writing the General Passenger Department, Montreal, N. B.

39-5

tion and Presbytery calling on Mr. MacNeill. Representation was made by the congregation of Upper Miramichi certifying the warm attachments between pastor and people, the faithful and fruitful service done by Mr. MacNeill during his five years' pastorate. Mr. MacNeill accepted the call and requested translation at the end of July. On motion the Presbytery acquiesced in his decision, and expressed sympathy with the congratulation of Upper Miramichi assuring them that all care would be taken to have a new settlement effected at the earliest possible date. Rev. W. Matthews was appointed Interim Moderator of Session.

The Moderatorship of Presbytery being thus rendered vacant by the removal of Mr. MacNeill, Rev. L. H. MacLean was elected to that office for the remainder of the term.

WEDDINGS PERSONALS. OBITUARY

HENDERSON—CURRIE
A very pretty wedding took place in St. John on Thursday evening, July 14th, when Miss Thersa Agnes Currie, only daughter of Mr. and Mrs. Frank Currie, of Newcastle was united in marriage to Mr. Walter Henderson, third son of Mr. and Mrs. Emery Henderson, of St. John. The ceremony was performed at the residence of the officiating clergyman, Rev. J. Charles B. Appel, after which a dainty luncheon was served at the home of the groom's parents to the relatives and intimate friends of the bride and groom. Mr. and Mrs. Henderson will reside in the North End.

Catarrahal Deafness Cannot be Cured
Catarrahal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy by local applications, as they cannot reach the diseased portion of the ear. Catarrahal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on thus reducing the inflammation and restoring normal conditions. Circulars free. All Druggists. F. J. Cheney & Co., Toledo, Ohio.

The Salvation Army MEETINGS SUNDAY NEXT
11.00 a. m. and 8 p. m.
Capt. and Mrs. J. A. Goodwin

LECTURE
By Capt. Goodwin, S. A.
IN
Lower Derby Baptist Church
ON
Wednesday July 27th
AT 8 P. M.
Mrs. Goodwin Will Sing

McCALLUM—SIMPSON
At Tabusintac, N. B. at the home of the bride's parents, Mr. and Mrs. James Simpson their daughter Ruby was united in marriage to James McCallum, the Rev. Mr. Firth of Douglstown performing the ceremony. Both young people are natives of Tabusintac, the groom, having purchased a farm there, where the happy couple will reside.

JOHN E. B. WILLISTON
Mr. John E. B. Williston, died in the Miramichi Hospital, Saturday morning, July 16th, after a long and painful illness of cancer of the stomach. He leaves to mourn his wife (nee Miss Jennie McMaster, nee Hardwick) and eight young children. One brother Ben, of Herby, and one sister, Miss Margaret, of Boston, Mass., also survive. The remains were conveyed to Bay du Vin on Sunday and interment took place the following day. Much sympathy is expressed for the widow and family.

WILLIAM G. THURBER
Mr. William Garrison Thurber died at his home in Millerton early Friday morning of heart disease. He had been laid up about three weeks but was up and about the day before he died. He has left a wife and grown-up family. He had been manager for years of the Miller Extract factory and was a general favorite with the whole community. The funeral was held Sunday morning at 11 o'clock, under the auspices of the Odd Fellows Lodge.

MICHAEL BANNON
Mr. Michael Bannon, a life long resident and much respected citizen of Newcastle, died on Monday morning at his home. The late Mr. Bannon was 67 years of age and is survived by his wife, who was formerly Miss Muzzeral, of St. Louis, Kent Co., one sister, Mrs. Mary McDonald, residing at San Barnadeno, Calif., and a brother, Mr. John Bannon, of New York. Mr. Michael Bannon was for many years proprietor of a general store on Castle street and was well and favourably known throughout the country. The funeral took place from his late residence on Wednesday morning, interment being in St. Mary's cemetery.

ECZEMA You are not the only one suffering from this itchy, burning, and irritating skin disease. Dr. Chase's Ointment for Eczema and Skin Irritations. Stiffness
It is astonishing how quickly Minard's Liniment relieves stiffness and lameness.
Gives Great Relief
Mrs. A. R. Cabot, 26 Park Ave., Goshen, Ont., writes: "My husband has used Minard's Liniment frequently, always with good results. Friends of mine use it for rheumatism and tell me that it gives great relief."
Mrs. Fred Johnson, Box 715, Thorold, Ont.—"I suffered very much with neuralgia in my face last winter, as related in my Minard's Liniment, and was relieved immediately after first application. I purchased in using it and it has entirely gone. This winter I can go out without tying up my face and give the credit to Minard's Liniment. Have told several people about Minard's, and others are using it."
MINARD'S

LINIMENT
Yarmouth, Nova Scotia

Miss Eliza Simpson, student-nurse of Yarmouth Hospital, Yarmouth, N. S. is spending her vacation at her home in Douglstown.

Mrs. W. F. Smallwood left on Tuesday's Limited for Halifax where she will be the guest of her son, Mr. J. H. Smallwood and Mrs. Smallwood.

Blair McLean, of the Head Office staff, Bank of Nova Scotia, Halifax is spending his vacation with his parents, Mr. and Mrs. Henry McLean.

Miss Helen Stables, accompanied by her sister Mrs. Thos. Belmore and young son George left last week for Youghall where they will spend a few weeks.

Rev. W. McN and Mrs Matthews and family motored to Miscou Harbor, Gloucester County, on Saturday where they will spend a month's vacation.

Miss Marian McKnight of Rhode Island who was spending her vacation with her parents Mr. and Mrs. J. McKnight Douglstown, has returned to her duties.

Mr. and Mrs. John Russell and Winston Russell who have been visiting friends on the Miramichi for the past month, returned to their home in Brewer, Maine, on Saturday.

Mrs. S. V. Sisson left Monday on a visit to her former home in Sussex. She was accompanied by her sister, Miss Hazel Leake, who was spending a few days in Newcastle.

Mrs. W. B. Williston, wife of Rev. W. B. Williston, returned Chinese Missionary delivered an eloquent and appealing address from St. James' Church pulpit last Sabbath evening.

Mrs. F. J. Desmond and two children are occupying their summer cottage at Burnt Church, Miss Nellie Gillespie of New York sister of Mrs. Desmond is a guest at the cottage.

Miss Flora Russell, daughter of Mr. and Mrs. J. A. Russell, of Vancouver, B. C., will commence her musical studies under the personal supervision of Dame Nellie Melba next April. Miss Russell who has been a student at Smith College, New York, made her social debut in Vancouver at a tea given by her mother last week. Dame Melba speaks with enthusiasm of Miss Russell's voice and predicts a brilliant career for her.

Miss Russell's father, Mr. J. A. Russell is a native of this town and a brother of Capt. John Russell.

M. B. EDWARDS AND W. B. SNOWBALL

FREDERICTON, July 26—W. B. Snowball, of Chatham, and Matthew B. Edwards, of St. John, have been named as members of the New Brunswick Fire Prevention Board by the provincial government under the provisions of the fire prevention act passed at the last session of the Legislature.

The board is to consist of five members and the board of fire underwriters, who on behalf of the fire insurance companies promoted the passage of the act, have named R. S. Ritchie and J. F. G. Knowlton, both of St. John, as their representatives on the board. The fifth member will be named by the Union of Municipalities at their convention next month in St. John.

The New Brunswick fire prevention act is similar to that which has been in force in Nova Scotia for several years. Active administration of the act will be in charge of the fire marshal and it is said there are a number of applicants for the position.

BYNG AND THE CANADIANS

The British Weekly, in an appreciation of Lord Byng, the newly appointed Governor General of Canada, in part, says: "General Sir Julian Byng gained the confidence of all ranks. He shared the honour of the splendid Canadian achievements at Courcellette and Thiepval, and in the storming of Vimy Ridge, on April 9, 1917. Succeeding Lord Allenby in command of the Third Army, he won yet higher distinction in the closing stages of the war. Sir A. Conan Doyle quotes his words on the gallant doings of the Third Division in the second battle of the Somme (March 25-30, 1918) 'By their conduct they have established a standard of endurance and determination that will be a model for all time.'"

In October, 1918, Byng's Army was moving rapidly towards victory. One of Sir A. Conan Doyle's most eloquent pages pictures the shade of the Duke of Wellington riding Copenhagen in the heart of that wonderful Army. The name of Byng emerged from the war in unsullied splendour. A year later he was raised to the peerage, receiving the thanks of Parliament and a grant of £30,000. Memoirs of the war record his unstinted praise of Canada's glorious troops. As was said of the great Cde, soldiers had a great general and a general had great soldiers.

FARMERS HAVE 38 SEATS IN ALBERTA

CALGARY, July 26—There is no change as yet in the standing of the parties as a result of further returns. Farmers have 36 seats, the government 15, the independents 4 and the labor party 4.

S. Tobin, the government member, is defeated in Leduc, and the only riding still in doubt is Stabert, which is reported to have turned to the U. F. A. which would give the farmers 39, taking one from the government ranks.

The Health Of Farm Animals

With the effort being made to induce Great Britain to remove the embargo on cattle, the report covering two years of the operations and activities of the Health of Animals Branch of the Dominion Department of Agriculture is of special interest. Compared with similar reports from other lands it shows Canadian livestock to be particularly healthy. In fact there is reason to believe that Canada comes near presenting a clean bill of health in this connection. The report furnishes full particulars of the thorough work done by an army of inspectors covering every part of the country. For the first of the two years dealt with, namely, that ending March 31, 1919, Dr. Torrance, the Veterinary Director General, is able to say "the health of Canada's live stock has been highly satisfactory," and for the second year, ending March 31, 1920, that the high standard has been maintained. The few outbreaks that have occurred, the complete statistics given show, have been efficiently dealt with and the diseases eradicated. A gratifying feature is exhibited in the increased number of animals inspected for export in the second year, 340,000 as compared with less than 100,000 in the previous year. Two statements of importance are made when it is said that Canada must produce more mutton before we can stop importing and that the decrease in hog production is serious and may adversely affect our good standing in the English market if not overcome; and this, despite the fact that the killings increased from 1,650,966 in 1912 to 2,332,387 in 1919. Both in Denmark and Ireland the killings greatly decreased. This statement carries its own lesson. Another suggestion that should be heeded by hog-breeders is that hog cholera is provoked by uncooked garbage. Cooking, the report says, is an effectual safeguard when properly done. The branch not only keeps a keen watch and supervision over live stock and live stock products, but also over every form of canned food, including fruits, vegetables, and condensed milk. Regarding this section the report suggests that if our manufacturers desire to retain the foreign markets that have been opened up they must pay more attention to the maintenance and promotion of quality.

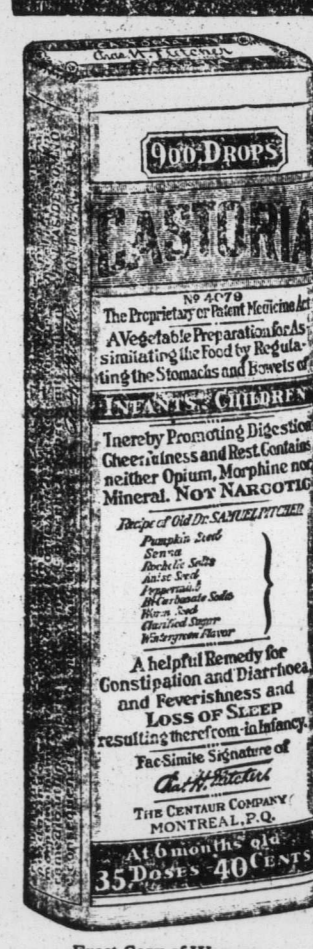

HARVEST LABOR IN PRAIRIE PROVINCES

WINNIPEG, July 26—With a view to minimizing to the lowest possible degree the importation of harvest labor to the prairie provinces, a survey is being conducted by the western department of the employment service of Canada, to ascertain the approximate number of men required during the rush period, it was said, last night, by R. A. Rigg, superintendent of the western offices of the department.

Mr. Rigg said the report had been circulated throughout the East that some 40,000 workers will be required to handle the crop this year, and he ventured to say that if this number seeks employment, thousands would be disappointed. He estimated that the number needed would not exceed 30,000.

Precautions Against Bovine Tuberculosis

A few years ago the United States breeders of pure-bred cattle, recognizing the necessity of more effective measures for the control of tuberculosis, arranged a conference with officials of the Bureau of Animal Industry at Washington, the result of which was the adoption of what is known as the Accredited Herd Plan, providing that the herd had been thoroughly tested and found entirely free from any symptoms of tuberculosis. The plan proved so successful, over a thousand herds being accepted in a brief period, that a decision was arrived at to adopt the system in Canada. Regulations were promulgated which came into force in September, 1919, and have proved gratifyingly successful, a number of herds having been accredited, while many others are under test. There is now an agreement between this country and the United States that cattle from accredited herds may enter either way, without detention or test. Under the Municipal Tuberculosis Order, passed at Ottawa some years ago, and the more recently adopted Accredited Herd Plan, compensation is paid for

Beneficial Effects Of School Fairs

School fairs are to the boys and girls of the land what the larger fairs are to adults. By this time they should be thoroughly organized; prize lists published and circulated and programmes of proceeding prepared, the two indeed given in one publication. These fairs increase in number every year and proving of inestimable value in the agricultural education of the young and even in beneficially influencing the more mature. Of course boys' and girls' clubs are the principal feeders of the fairs, but entries who are not members of any such are usually accepted from children organizations. Agricultural Representatives all testify to the splendid effect the fairs are having upon farm life and agricultural pursuits generally. One, for instance, writes "I do not know of any one thing which is a greater factor in improving the farm production and the farm industry of the country than the school fairs. In addition to bringing direct, practical results, school fairs have had a very effective influence in encouraging teachers to take up the teaching of agriculture in the public schools." Another says: "The importance of the school fair cannot be over emphasized. It teaches our future farmers how they can take the most out of the soil. It makes our rural people better and happier." In recognition of the truth of the old adage "All work and no play makes Jack a dull boy" a programme of sports is usually included in the days list of proceedings.

PROPHECY TO BE FULFILLED "And the crooked shall be made straight"—which means, perhaps, that under prohibition corkscrews will be turned into bradaws.

Exportation of Eggs

A valuable trade has sprung up in recent years in the exportation of eggs. In order to encourage and conserve this trade under the provisions of the Live Stock and Live Stock Products Act, the Dominion is divided in two sections, east and west, for the carrying on of a thoroughgoing inspection service. Ontario, east of Port Arthur, Quebec and the Maritime Provinces, constitute the eastern section and all west of the great lakes the western. For the eleven months of last year extending from January 1 to November 30, 334,111 cases of eggs were inspected, of which 148,668 cases were consigned to Great Britain. It has been found that inspection is often requested by shippers not only for the export but also for the domestic trade. Inspection is by approval, the shipper being required to candle and regrade the eggs according to the Canadian standards, marking the cases with the class and grade of the contents. Inspection is then made on requisition. If the shipment is found properly graded a certificate of approval is issued and the case officially marked. Inspectors at seaboard are advised of shipments going their way and they are required to report conditions on arrival, supervise methods of handling and stowing on shipboard and keep track of marketing conditions. Steps are also being taken for the better control of eggs imported into Canada.

animals officially slaughtered and owners are permitted under regulation to realize whatever they can from the sale of the carcass.

SUNNY CORNER

Sunny Corner, July 23—Mrs. E. Matchett is visiting relatives in S. B. B. B.

Mrs. Allen Tozer and Miss Hazel Tozer were in Chatham on the 16th. Mr. William McKenzie spent last

week at his home here, returning to Campbellton on Thursday.

Miss Lottie Stewart and Lottie Homes of Newcastle spent the week end at the Corner.

Misses B. Johnston, Annie Nolan and Leva Matchett were in Chatham last week trying the exams.

Mrs. Perley Mullin is the guest of her mother Mrs. E. Allison on Monday.

Sympathy is extended to Mrs. James Leach and family in the loss of a loving husband and father.

Has Thrown His Crutches Away

Halifax Man Was Unable To Work for Rheumatism When He Began Taking Tantalac.

"I had quit work, was unable to walk and thought the rheumatism had laid me out for good, but since taking Tantalac I have thrown my crutches away and simply feel like a new man entirely," said John Olsen, 44 Dresden Row, Halifax, N. S., who has been a seafaring man for the past forty years.

"For three years I was troubled with rheumatism. My legs ached from my knees to my feet and for weeks at a time I was unable to walk a step. My knees were swollen and stiff and at times my legs were as stiff as a board. My ankles and feet would swell up so bad I couldn't get my shoes on and the muscles in my legs felt like they were tied in knots. I had sharp, shooting pains all through my legs and a good night's rest was almost impossible. Whenever I was on the ship they had to lift me out of my bunk and carry me around like a child. Last September when we arrived in Sydney I had them carry me ashore and put on the train for Halifax, and when I reached there I couldn't walk a step.

"Well, while sitting around the house all the time I took to reading a good deal and each day I noticed the statements about Tantalac. So finally I decided to try it myself. The swelling and stiffness began to leave me and I was able to walk with the aid of crutches. I kept right on taking Tantalac until now I have thrown my crutches away, can walk as good as I ever could in my life and the pains and aches have all disappeared. My appetite has improved and I have picked up several pounds in weight, and am feeling better and stronger than I have in many years."

THE BUSINESS SITUATION

The severity of the business depression which is general throughout the world, is reflected in the marked increase in failures in Canada and the United States, as well as in Great Britain, which are about the only countries in which reliable records are made public. It is satisfactory to know, however, that the situation in Canada is better than in either the United States or Great Britain. The British failure record is not yet available, but that for the United States shows an increase in the number of failures in the six months from January to June inclusive, from 2927 last year to 9,010 this year and of liabilities from \$101,200,000 to \$378,145,000. The Canadian record for the same period shows an increase in the number of failures from 368 to 961 and liabilities from \$6,252,000 to \$21,734,000. By provinces Quebec makes considerably the worst showing for the Dominion, the number of failures being increased from 114 to 343 and liabilities from \$1,890,660 to \$9,734,050. Thus Quebec accounts for nearly one half the failure liabilities of the Dominion, due probably to the large manufacturing and other business interests in Montreal. Ontario failures increased in number, from 91 to 232, with liabilities increased from \$2,237,224 to \$4,991,599. New Brunswick makes a better showing than Nova Scotia, this province's failures increasing from 7 to 16 with liabilities increased from \$28,400 to \$192,828, while Nova Scotia failures increased from 19 to 52 and liabilities from \$86,380 to \$1,478,941. All the provinces show increased business mortality, little Prince Edward Island having five failures in the six months of this year, with liabilities of \$25,000, against no failures in the corresponding period of last year. British Columbia makes the best showing, failures increasing in number from 25 to 42 and liabilities from \$354,908 to \$824,685.

Bank clearings, while no doubt affected by smaller stock exchange transactions, also reflect business conditions. In Canada the decrease in bank clearings for the six months has been 11 per cent., while in the United States there has been a shrinkage of 22 per cent.

Relationship of the Press and Salvation Army

The power of the Press and of the printed message appealed to the lively and practical imaginations of The Army's Founder and Mother in the very earliest infancy of our great Movement. Catherine Booth's pamphlet, entitled "Female Ministry," which played so important a part in the emancipation of woman from the thralldom of religious superstition and error, was first published in 1839 sixty-two years ago. Before that date even the General had issued several leaflets for use both in attracting the careless crowds and in instructing his Converts as to their responsibilities towards God, their fellows, and themselves.

Of a somewhat more ambitious character, although but a passing chronicle, was "The East London Evangelist," the first number of which appeared in January, 1853, only two and a half years after the General had taken his solitary stand for God on Mile End Waste. This monthly magazine was the precursor, first of "The Christian Mission Magazine," and then of "The Salvationist," finally developing, in 1879, into "The War Cry."

The first print, worthy from point of size to be dignified a "book," was the General's "How to Reach the Masses." The earliest attempt at a volume of tunes, under the title, "Revival Music," was made five years later, by which time several editions of the Song-Book, including "Revival Hymns" and "The Christian Mission Hymn-Book," had been sold out. Mrs. Booth's classic, "Practical Christianity"—now translated, at any rate in part, into a score of languages—was given out in 1878.

The first edition of "Orders and Regulations"—a tiny brochure of sixteen pages, and the first serious attempt perhaps on paper to particularize the distinctions of our Soldierly from the members of the various churches around—was next to our change of name from The Christian Mission to The Salvation Army, the red-letter event of the year 1878, whilst the idea of concentrating upon the young by the printed word was made effective by the issue of "The Little Soldier" in 1881.

For many years the sight of a copy of "The War Cry" tended to provoke amusement if not contempt rather than interest and sympathy in the minds of those who watched us from without.

Today the once-despised Salvation Army news sheet "The War Cry" permeates all class of society in the majority of the countries in which the power of the printing press is appreciated. The Army now has more than eight separate papers—most of them weekly publications—issued in nearly thirty languages, with a combined regular circulation of one and a half million copies per issue.

Applied After Shaving

Keeps the Skin Soft and Smooth

MANY men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly.

By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and such ailments as Barber's Itch and Eczema are avoided.

60 cents a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

Dr. Chase's Ointment

WRIGLEYS

"AFTER EVERY MEAL"

Mint leaf, peppermint or luscious juicy fruit, either flavor is a treat for your sweet tooth.

And all are equally good for you. Teeth, appetite and digestion all benefit.

Your nerves will say "Thank you," your vim will respond.

WRIGLEY'S is liked for what it does as well as for its BIG value at the small cost of 5c.

MOON LIGHT EXCURSION
The first moonlight excursion of the season was held last Thursday evening on the Str. "Alexandra." A large number enjoyed the sale on the river.

FEAST L'ASSOMPTION
A large number of residents of the Miramichi went to Neguac on Sunday by the Str. "Alexandra" to celebrate the Feast L'Assomption. The Str. "Alexandra" left Newcastle at 6.30 a. m. returning at 9 p. m.

WILL ATTEND DIVINE SERVICE
Miramichi L. O. No. 79, Redbank N. B. will attend Divine Service at English Settlement, Trout Brook, on Sunday, July 31st, at 2 o'clock p. m. Rev. Mr. Scott of Millerton will conduct the service.
29-2 pd.

SUNDAY SCHOOL PICNIC
St. James' Presbyterian Church, Sunday School picnic will be held Wednesday afternoon at Wilson's Point. Automobiles will leave the Kirk Hall at 1 o'clock to convey the children to the Point, and en-route will also take the scholars and friends of the Baie Sunday School.

IMPROVED BUILDING
Mr. Charles Maroney's store on Caspelle Street is nearing completion and presents a much improved appearance. The building has been placed back off the street and repairs both inside and outside have been made. Last week the exterior was painted and in a very short time Mr. Maroney will have his store fully stocked with goods ready for business.

CONSCIENCE MONEY FROM TRACADIE, N. B.
Ottawa, July 21—The department of marine and fisheries recently received a check for \$20, conscience money. The writer, who signed himself "An Officer," says that he charged for more time than he actually put in. The envelope bears the postmark "Tracadie N. B., July 5."

CALL TO REV. A. J. MacNEIL
The congregation of Wood Islands (P. E. I.) has extended a call to Rev. A. J. MacNeil, of Doaktown, (N. B.). The call was sustained by the Presbytery of Prince Edward Island on Tuesday and forwarded to the presbytery of Miramichi. A preliminary meeting of Miramichi presbytery has been called to deal with the call at an early date.

P. E. I. ADOPTS THE BLUE BIRD
In a third Maritime Province the largest wholesale house has taken over the distribution for Blue Bird Tea.

The latest is Prince Edward Island where Messrs. De Bois Bros. after experiencing the swelling tide of demand for Blue Bird Tea placed an initial order for 5,000 pounds and put one man on the road, Col. Peake, especially to serve the trade with Blue Bird Tea.

ANNIVERSARY SALE
The Anniversary Sale, now being conducted by Messrs. A. D. Farrar & Co., is still in full swing, and will continue for the balance of this week only. The firm reports that business during the sale, has passed all expectations, and has in a large measure surpassed all previous sales put on by them. This week, being the last, unusual merchandise will be sold at unusual prices and it is expected that this week's business will be largely in excess of the preceding weeks.

HUSTLERS
Capt. and Mrs. Goodwin the New Officers of the Local Corps of the Salvation Army are certainly Hustlers. At least they are endeavoring to obey the Saviour's Command "Go ye into the Highways and Bye-ways etc." During the past week they have visited Tracadie and Tabusintac, the Captain returning to a large and appreciative congregation in the Presbyterian Church which was kindly loaned for the occasion.

The dwellers by the Wayside around Douglastown and Millerton bear the Army officer now and at Millerton on Wednesday evening next at 8 p. m. in the Lower Derby Baptist Church the Captain will lecture on "A Rolling Stone gathers Some Moss." An offering will be taken on behalf of the Local S. A. Work.

CASTORIA
For Infants and Children
In Use For Over 30 Years
Always bears the signature of *Dr. J. C. Williams*

PICNIC
An enjoyable picnic was held last Friday in Douglastown, a large attendance from Newcastle being present.

PARTRIDGE SEASON
In the open season for partridge, October 1 to 20, inclusive, a limit of six birds a day and twenty in the season is fixed.

BASE BALL GAME
The Newcastle Baseball Team went to Bathurst on Friday to play a return game of baseball with the Bathurst boys. The Bathurst team won by a score of 6-3.

TO BE RE-ORGANIZED
The standard was not published Saturday. The following statement was issued Friday evening to the Canadian Press and thus sent to all newspapers throughout Canada:
"Pending reorganization and the taking over of the business by new interests publication of the St. John Standard has been temporarily suspended. The expectation is that on re-issue which is anticipated almost immediately, the Standard will resume its original standing as a straight Conservative paper."

INCORPORATED
John Morrissy, Charles J. Morrissy, Eugene Connolly, William L. Durick, all of Newcastle, and George M. McDade of Chatham, as John Morrissy Furniture Company, Limited, with an authorized capital stock of \$75,000 and the head office at Newcastle. The objects of incorporation are to take over as a going concern the business now being carried on by the said John Morrissy at Newcastle, Caraquet and Dalhousie and to purchase all the real estate and personal property owned by said John Morrissy in connection with said business.

FORMER NEW BRUNSWICKER
Hon. Charles R. Mitchell, K. C., provincial treasurer, who was elected in Bow Valley, was born in Newcastle, N. B., in 1872 and was educated at Harkins' Academy, Newcastle, and the University of New Brunswick. He studied law in the office of the late Hon. Andrew G. Blair in St. John, and later received the degree of L. L. B. from King's College Law School there. Then he practiced law with Hon. Lemuel J. Tweedle of Chatham. In 1898 he went to Medicine Hat. From that time his rise was rapid in the political field.

APPOINTMENTS
In the County of Northumberland Clifford P. Hickey to be a member of Board of School Trustees for the Town of Chatham in place of Clifford P. Hickey whose term of office has expired. Term of office to expire June 30, 1925.
James R. Lawlor to be a member of Board of School Trustees for the Town of Newcastle in place of James R. Lawlor whose term of office has expired. Term of office to expire June 30, 1925.
James McMaster of Harwick to be an Auctioneer.
Melbourne Russel of Loggieville to be an Issuer of Marriage Licenses.
Phillip LeGallais and Marcel P. Richards of Rogersville to be Provincial Constables.

MANY AUTOS IN PROVINCE
Hon. P. J. Veniot, Minister of Public Works, announces that the development of motor traffic in the Province of New Brunswick continues steadily. The registration of motor vehicles in the Province which is made with the Department of Public Works shows that the number of motor vehicles owned by residents, is greater than ever.

The total number of vehicles now is about fifteen thousand but new registrations are being made all the time and before the fiscal year closes with October that number will be exceeded considerably. During the present year almost two thousand new motor cars have been registered and 196 new motor-trucks. A number of motor cycles also have been registered during the year.

To date the estimate of the total amount received in fees is \$250,000. This amount will be further increased making record receipts for the year.

The number of non-residents cars in the province this summer is in excess of any year previous. The majority are from the State of Maine but cars from much more distant parts of the United States and Canada are also here.

MILLERTON WOMEN'S INSTITUTE
On Thursday evening July 21st Millerton Women's Institute met at the home of the president, Mrs. H. Scott. Nine members and three visitors being present. The roll was responded to by "My Idea of an ideal vacation" and the subject of the meeting "Salads to tempt the summer appetite" was discussed, many appetizing recipes for salads being exchanged among the members.

Miss Lyon reported writing letter to trustees of school board presenting the well which was bored in the school under the auspices of the Institute, to the school district. Arrangements were also made for holding the annual picnic on August 2nd.

At the close of the meeting Miss B. Crocker and Miss M. Scott kindly favored the Institute with a piano duet.
The next meeting will be held at the home of Mrs. A. E. Fury, subject Canning and Preserving, roll call, quotations from Shakespeare.

RICHARDS' MILL AT CAMPBELLTON BURNED DOWN

Campbellton, July 19—The most serious fire that has occurred here for a long time today destroyed the lower lumber mill of the Richards Manufacturing Co. Ltd. The mill made a big blaze, but fortunately no lumber was destroyed.

This plant was built nine years ago and was generally in good condition. The financial loss is estimated at \$60,000 and it is understood there is partial insurance on the property. The loss of the mill is a severe one to the normal industrial life of the town. As the lumber trade is very dull at the present time. It was not known tonight whether the plant will be rebuilt this season.
\$100,000 FIRE LOSS

A despatch from Campbellton says that the loss of the Richards Mfg. Co.'s lumber mill, at Richardsville, will be over \$100,000, partly covered by insurance. Fortunately from a labor standpoint the company own another mill near the one destroyed. Orders have been given to put it in operation at once. This will employ all the men from the destroyed mill.

FOREST FIRES
The forest fires in Ontario, Quebec New Brunswick and Nova Scotia this year have been in the great majority of cases humanly set. Few were caused by malevolence, but the effect on the public purse is not made easier to bear because of that. Of the thousands of dollars of public money expended by these provinces for fire fighting, of the millions of dollars in timber and other property not to speak of the sacrifice of several the greater part would have been wholly unnecessary if fishermen, campers, and settlers chose to observe common sense precautions with fire in wooded districts.

The Canadian Forestry Association points out that of the series of huge conflagrations in the forests of Eastern Canada this year practically all commenced without legitimate excuse in direct defiance to the fire laws and the interests of the public. Lightning has caused a number of this year's forest fires but ninety per cent of the loss is attributable to such classes as settlers, fishermen and campers. The camp fire which the user fails to extinguish is a formidable enemy and the cigarette and match thrown down on the inflammable floor of the forest take an enormous annual toll.

Summer Heat Hard On Baby

No season of the year is so dangerous to the life of little ones as the summer. The excessive heat throws the little stomach out of order so quickly that unless prompt aid is at hand the baby may be beyond all human help before the mother realizes he is ill. Summer is the season when diarrhoea, cholera infantum dysentery and colic are most prevalent. Any one of these troubles may prove deadly if not properly treated. During the summer the mother's best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep baby healthy. The Tablets are sold by Medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
