ANNUAL MEETING HIGHLAND SOCIETY

The annual meeting of Highland Society of N. B. at Miramichi was held at the Canada House, Chatham, on Tuesday, January 13th, at 11 a. m., with Charles Robinson, of St. John, the president, in the chair. The treasurer's report showed a balance of cash on hand of \$526.69 and 23 shares of Bank of Nova Scotia stock worth \$6106.50.

The Society voted \$200, the annual grant to the Miramichi Hospital; \$100, Miramichi Hospital Nurses Home Building Fund; \$50 to the Charitable Fund; \$100 for Entertainment during 1925 and \$100 for charitable purposes.

Reports were received from the Scholarship Committee, the Representative on the Miramichi Hospital Board and the Curling Cup Match in 1924.

The annual meeting date was changed to the first Thursday in November at 2 o'clock in the afternoon.

During the past year 68 new members joined the Society. Dr. Robert Nicholson was appointed to the Scholarship Committee, to take the place of the late W. A. Park. A Committee of Five was appointed to arrange an entertainment for Saint Andrew's Night.

The following officers were elected for 1925:

President—Charles Robinson. Vice-Presidents—James Stables, David Ritchie, Alex. Dickson. Chaplain—Rev. J. H. A. Anderson. Treasurer—D. P. MacLachlan. Secretary—Allan J. Ferguson. Pipers—Howard Irving, John Elder.

Representative on Miramichi Hospital Board of Trustees—Allan A. Davidson.

Charitable Committee—Rev. L. H. MacLean, George Stables, R. Corry Clark, Rev. J. H. A. Anderson, Wm. Wilson, Jas. D. Johnston.

Scholarship Committee—D. P. MacLachlan, Dr. Robt. Nicholson.

Directors—Dr. J. E. MacKenzie, George Stables, Wm. Corbett, Jr., James Nichol, Robt. Murray, Dr. J. D. MacMillan, Robt. Galloway, David Sadler, Allan MacTavish, Francis P. Loggie, R. G. Fillmore, A. T. Ross, R. A. Loggie, W. J. C. Scott, A. Milton Galloway, Harold H. Ritchie, Wm. Ameron, Dr. J. A. M. Bell, Claude Brown, R. A. Snowball, Benson Robinson, Willis Nicholson, H. M. Ferguson, John Robinson, Jr.

The President, Charles Robinson, (re-elected) entertained the members to luncheon at the Touraine Hotel after the meeting adjourned.

The President, Charles Robinson, (re-elected) entertained the members to luncheon at the Touraine Hotel after the meeting adjourned.

Ever since Xmas the temperatures recorded at different points through the Matapedia Valley during the nights have never been above 10 below zero and 25 to 35 degrees below has been common for the best part of this time.

At a dinner tendered the members of St. Paul's church Corporation at St. Mary's rectory Thursday evening of last week, by Ven. Archdeacon Forsyth speeches were made by F. E. Neale, G. Percy Burchill and others.

Mr Neale stated that of the Corporation as it existed 30 years ago when he was first elected he was the only living member. He congratulated the Archdeacon on his continued activity through the latter was approaching his 80th year.

Mr. Burchill in his remarks noted that this year 1925, marked the 100th anniversary of the opening of St. Paul's parish church at Chatham Head and he felt that this golden Jubilee should be duly observed.

Ven. Archdeacon Forsyth was particularly happy in his reply to the speeches and the felicitations extended to him and gave some very interesting reminiscences connected with local church history

LOCAL HIGH SCHOOL DEFEAT BATHURST

On Wednesday night the Bathurst High School Hockey Stars went down to defeat before the Harkins Academy Sextette of Newcastle by a score of 6-2. The game for junior hockey was fast and players showed great promise. The first period was pretty much in favor of Newcastle. In this frame they scored 3 goals against the goose egg of Bathurst.

Period number two was a neutral time. No goals were scored but there was nothing to complain about as to the speed of the game. The young puck chasers put about everything they had into their work and made the time exciting for the spectators.

The third period was a time of goal getting. At 1-2 min. Bathurst scored followed by Newcastle at 5 and 9 minutes. Bathurst again hit the Bulls-eye at 18 mins. and Newcastle closed the shooting at 19 minutes. Charlie Brown refereed.

The game was not very well patronized due perhaps to the severity of the weather. There were six hands after the game.

CITY FATHERS DEFEAT PICKED TEAM 16-3

Last Thursday evening the City Father's Curling Rink defeated a picked team from the members of the Curling Club by the score of 16 to 3. After the Town Council meeting the match was arranged with the following players:

CITY FATHERS
Ald. John Russell—skip
Ald. K. W. Crocker—Mate
Major D. S. Creaghan—2nd.
Ald. A. H. MacKay—1st
Ald. C. M. Dickson—Sub.

PICKED RINK
Wm. Gifford—Skip
John Sargeant—Mate
Jas. Stewart—2nd
Chief Hopkins—1st

The players decided that the losing team was to purchase four brooms for the club and the City Fathers are now ready and waiting for any other team, that wishes to challenge them on the same terms, feeling that this is a very good method to procure brooms for the club at no expense.

FRASER PULP MILL RESUMES OPERATIONS

The Fraser Pulp Mill, which has been idle for several weeks, while repairs are being made, started operations again yesterday. It is expected the mill will be ready to make shipments of manufactured product by Wednesday. It is said that the stock on hand, previous to shutting down has been shipped and that the new output will go abroad immediately.

Northern Inter-scholastic Hockey League Formed

A northern interscholastic league has been formed comprising Bathurst High, Campbellton High and St. Thomas College high school. Each team plays home and home games and it is possible that the winner may play off with the leaders of other sections.

The first game will be played tonight at Chatham when St. Thomas High and Campbellton High clash sticks. It should be interesting hockey as both teams are reported to be fast and aggressive.

St. John Man Captures Prize

The results of the Canadian Artillery Association competitions, held throughout Canada during 1924 have been announced. In the observation of fire competitions for the field; heavy and siege artillery, prizes were won by: Captain G. C. Shaffner, of Halifax; Lieut. E. D. Walsh of Saint John and Captain G. J. Houghton, of Halifax.

A. E. Hanson Sues W. J. Parks For \$75

Fredericton, Jan 16—Hearing of the case suit of A. E. Hanson vs. W. J. Parks has commenced this morning before Judge Slipp in the York County Court. It is a suit for professional services amounting to \$75 for the survey of properties in Northumberland County. C. R. Hawkins is appearing for the plaintiff and Robert Murray, of Chatham and J. J. Wipalow K.C. are appearing for the defendant. The defendant claims that the contract was not completed and that the plaintiff is not entitled to recover.

Attend Stables' Grocery Annual January Sale from now until end of January.

Coldest Wave in More Than 25 Years Swept This Section of the Province Sunday Night

Newcastle has no official record of colder weather than the frigid wave which swept over this town and the whole northeastern section of the province last Sunday. The blast came as a climax to a series of cold waves that have been experienced in New Brunswick, in common with other parts of Canada during the present winter.

Saturday was somewhat wintry, but during the night the thermometer began to drop until the lowest marking 12 below, was recorded.

During Sunday the temperature never got higher than 4 below. Towards evening the mercury began to drop rapidly and at 10:30 it was 28 below. At 12:30 the glass showed 31 below. This is the coldest ever recorded since February 5th 1904, when the official temperature was 43 below; this latter being the coldest ever recorded since 1897, the year in which the temperature began to be taken officially.

At the C. N. E. Depot however at four o'clock in the morning the thermometer showed 44 below and 50 below at 6 o'clock. While Newcastle and other sections shivered in a temperature ranging all the way from 28 to 45 below, it remained for Matapedia to head the list with the record-breaking mark of 51 below.

Thermometer readings reported from various places were as follows: Matapedia 53; Causapscal 45; Springhill 40; Sunny Brae 34; Campbellton 42; Napadogon 44; Truro 30; Shediac 48; Newcastle 48. The eastbound Ocean Limited which was delayed all the way along by the extreme cold weather, reached Moncton about 9:15 o'clock Sunday evening, being four hours behind time. She proceeded on her way and reached as far as Sackville, where the train was completely

ly frozen up and did not get away from there until three o'clock in the morning.

Freight trains, however were all reported to be moving throughout the region.

Railway Telegraph and Telephone lines east of here are also affected by the severe weather.

No lines are reported out of order by the N. B. Telephone Co.

Ever since Xmas the temperatures recorded at different points through the Matapedia Valley during the nights have never been above 10 below zero and 25 to 35 degrees below has been common for the best part of this time.

St. Paul's Church Is 100 Years old

At a dinner tendered the members of St. Paul's church Corporation at St. Mary's rectory Thursday evening of last week, by Ven. Archdeacon Forsyth speeches were made by F. E. Neale, G. Percy Burchill and others.

Mr Neale stated that of the Corporation as it existed 30 years ago when he was first elected he was the only living member. He congratulated the Archdeacon on his continued activity through the latter was approaching his 80th year.

Mr. Burchill in his remarks noted that this year 1925, marked the 100th anniversary of the opening of St. Paul's parish church at Chatham Head and he felt that this golden Jubilee should be duly observed.

Ven. Archdeacon Forsyth was particularly happy in his reply to the speeches and the felicitations extended to him and gave some very interesting reminiscences connected with local church history

ST. JAMES' CHURCH ELECT OFFICERS

The general annual Congregational Meeting of St. James' Church was held last evening within the church and reports for the past year were presented. Mr. Jas. M. Troy was Chairman of the meeting and Mr. James Stables acted as Secretary. The following Board of Trustees was elected for the ensuing year:—Messrs J. M. Troy, G. G. Stothart; A. A. McTavish, James Stables; W. F. Copp, H. B. Cassidy, J. R. Gordon Brander; C. P. Stothart, John Russell; Dr. J. D. McMillan; Joseph Jardine and David Mutch. Messrs. C. E. Fish and George M. Lake were appointed auditors.

Cables from Cunards

Whenever a Cunard liner comes to Halifax somebody on board is certain to send a cable via Lonsburg asking that a supply of Moirs Chocolates be placed on board, to be eaten in New York or London.

To get square with cabarets

which have no amusement tax to pay a London Theatre has "abolished" admission fees. Instead it sells boxes of chocolates. The size of the box you buy determines the position of your seat—from the stalls to the galleries.

If Moirs Chocolates are sold it's a safe bet the audience will consider the show a success.

Local and General News

COUNTY COUNCIL
The annual meeting of the Northumberland County Council takes place at the Court House here on Tuesday, January 20th.

A NEW SERIAL
Beginning next Saturday, a new serial entitled "Ruth of the Range" will be commenced at the Newcastle Opera House. This is one of the finest serials ever put on the screen and patrons should be sure to see the opening episode.

ACCEPTS CALL IN NORTHUMBERLAND
Rev. Arthur Westrup, who with Mrs. Westrup came from England early in the winter, has accepted the call to the United pastorate of Whitneyville and Littleton.

CHANCERY COURT
In George A. Betts et al vs Frank W. Betts, J. B. McNair for the plaintiff moved that a lease of lands in the Parish of Blissfield, Northumberland County, given by the plaintiff to the defendant, Sept. 1924, be set aside. Motion was granted.

WONDER WHY?
A householder remarked: "I wonder why some of the people who are out of work, don't go round after a snowstorm and offer to do some shovelling. They would be welcomed by many residents and could easily earn many a quarter, 50 cents or even more, according to the amount of shovelling done."

NORTH SHORE BONSPIEL
The annual North Shore Bonspiel will be held this year at Campbellton on Thursday and Friday, Jan. 29 and 30th. This is the big event in curling circles on the North Shore and members of all clubs are anxiously awaiting for the play to begin. Four rinks from five clubs participate in the match for the handsome trophy.

BENEFIT NIGHT
Next Wednesday and Thursday the Opera House management is holding a Benefit Night for Mr. F.W. Harris, who so unfortunately lost his house by fire on New Years night. The picture to be shown is entitled "Women Who Give" based on the famous story "Cape Cod Folks." The picture is a good one and the purpose for which it is being shown is a philanthropic one and the citizens of Newcastle will no doubt fill the Opera House to overflowing on these two nights.

MONEY ORDER CHANGES
Acting Postmaster Alex. Thompson of St. John announced last week some changes in money order rates taking effect on January 1, 1925. The change is in the section dealing with \$5 up to \$10 and with \$10 up to \$30. In the first case the previous charge was 7 cents, but commencing New Year's Day, the charge will be 9 cents. In the latter instance, the new fee will be 14 cents where formerly it was 12 cents.

Treat Colds Externally
For sore throat, bronchitis or deep chest colds, rub Vicks VapoRub briskly over throat and chest and cover with warm flannel.
Vicks acts in two ways—both direct: it loosens the mucus, and inhaled as a vapor, it acts as a stimulant for the cold glands of all the family.

SOCIAL DANCE
The Rainbow Five Orchestra of Moncton held another of their weekly dances in the Town Hall last Thursday evening, which was thoroughly enjoyed by those present.

HYDRANTS MARKED
The Fire Committee of the Town Council have had the hydrants marked by bushes. In case of fire this method will facilitate in locating the nearest hydrant.

Mammoth Carnival at Newcastle Rink on Friday, Jan. 16th. Special prizes and Special music. Admission - Gents. 35 cts; Ladies and Children 25cts 2-0

BUSINESS
Business, which showed a slight revival during the holiday season has again gone back to continue its long winter nap. Most of the merchants are now busily engaged in stock taking and other routine duties.

MINISTER ACCEPTS
Rev. George M. Young, now at Milltown has accepted the invitation of St. Luke's Church, Chatham to become their pastor at the close of Mr. Littlejohns term, which expires in June next. Mr. Young was minister at St. Luke's some twenty years ago.

COMMERCIAL MEN
The commercial men, the majority of whom were called in by their houses, for the holiday season, are beginning to drift back into town again. The "knights of the grip" puts cheer into the hearts of the local hotel men, as they are about the only dependable guests at this time of the year.

On Thursday Creaghan's will give an exhibit of New Spring Models in Suits, Coats and Dresses. This showing is the largest ever attempted in Newcastle. A special New York Model will be here to display the garments on. The chance of a lifetime to get some new Spring togs.

CARNIVAL POSTPONED
The Carnival, which was to have been held in the rink on Monday, January 12th has been postponed until Friday, Jan. 16th. Don't forget this big night. Excellent ice, good music and worth while prizes. The regular band nights at the rink will be Monday and Friday. 2-0

CARD OF THANKS
The Newcastle Fire Department wishes to thank Messrs. O'Brien Ltd Nelson; for their kind contribution towards the Firemen's Fund, in recognition for their prompt assistance and willingness of service in the recent fire, which destroyed Rev. Father Wallace's Manse. The Firemen's Fund is used for the purchase of firefighting equipment and not for the personal benefit of the members of the department, hence all monies received are judiciously expended for the welfare of the town and nearby communities.

HOCKEY MATCH ENDS IN TIE
The hockey season in Newcastle was opened in the rink last Wednesday evening, before a large audience of fans, when the local Intermediate crossed sticks for the first time with the Chatham Y.M.C.C. team. Both aggregations were in fine fettle and very evenly matched, making the game a most interesting one for both players and enthusiastic lookers-on. The hard fought battle resulted in a tie score, 5-5; each of the three periods ending in a deadlock. After the game eight bands for skating were enjoyed by skaters.

THE COLDEST YET
Thermometers registered 28 and 30 degrees below zero yesterday morning in Newcastle. This is the coldest weather experienced here this winter.

WEEK OF PRAYER CLOSED
The week of prayer observed by the Baptist, Methodist and Presbyterian churches closed last Friday evening. The meetings were well attended.

WHAT'S THE CAUSE?
Is it the strength of union that makes such a vigorous noise and kick? Union churches, union governments, union stations and labor unions raise an awful ruction.

N. B. CHURCH UNION VOTE
Under the Church Union bill passed at the last session of the New Brunswick Legislature voting by the Presbyterian churches of the Province will not begin until June 10th. next. Voting is now proceeding in nearly all the other provinces.

OF INTEREST TO LADIES
Of interest to ladies the special display of Coats, Suits and Afternoon, Street and Evening dresses at Creaghan's. On Thurs. Special New York Model to try on and display garments.

HIGHLAND SOCIETY MEETING
The general annual meeting of the Highland Society of New Brunswick at Miramichi is being held today in the Canada House, Chatham N B. One of the matters to be taken up at the meeting is the change of date of the Annual meeting from January to the first Thursday in November.

THANKS
On behalf of the Newcastle Intermediate Hockey team I wish through the columns of the Union Advocate to thank the Newcastle Band for playing a benefit night for the hockey team last Wednesday night.

W. A. RUSSELL, Mgr. Intermediate Hockey Team

DIOCESAN MISSION BOARD SESSION

In order to assist the Diocesan Board of Missions in the matter of Grants and Appointments, a meeting of representatives of some of the North Shore parishes was held last Wednesday in Newcastle. Those present were:—Rev. A. B. Humphrey and Mr. A. F. Bisson, of Campbellton; Ven. Archdeacon Forsythe and Mr. Percy Burchill of Chatham; Rev. W. J. Bate and Mr. H. H. Ritchie of Newcastle; Rev. P. J. E. Haslam and Mr. Wathen Williston of Bay du Vin; Rev. A. R. Yeoman of Derby and Rev Canon A. W. Smithers representing the Board of Missions. The visiting delegates, during their stay in Newcastle, were the guests of Rev. W. J. and Mrs. Bate.

ANNUAL MEETING HIGHLAND SOCIETY

The annual meeting of Highland Society of N. B. at Miramichi was held at the Canada House, Chatham, on Tuesday, January 13th, at 11 a. m., with Charles Robinson, of St. John, the president, in the chair.

The treasurer's report showed a balance of cash on hand of \$526.69 and 23 shares of Bank of Nova Scotia stock worth \$6106.50.

The Society voted \$200, the annual grant to the Miramichi Hospital; \$100, Miramichi Hospital Nurses Home Building Fund; \$50 to the Charitable Fund; \$100 for Entertainment during 1925 and \$100 for charitable purposes.

Reports were received from the Scholarship Committee, the Representative on the Miramichi Hospital Board and the Curling Cup Match in 1924.

The annual meeting date was changed to the first Thursday - in November at 2 o'clock in the afternoon.

During the past year 68 new members joined the Society. Dr. Robert Nicholson was appointed to the Scholarship Committee, to take the place of the late W. A. Park. A Committee of Five was appointed to arrange an entertainment for Saint Andrew's Night.

The following officers were elected for 1925:

President—Charles Robinson.
Vice-Presidents—James Stables, David Ritchie, Alex. Dickson.
Chaplain—Rev. J. H. A. Anderson.
Treasurer—D. P. MacLachlan.
Secretary—Allan J. Ferguson.
Pipers—Howard Irving, John Elder.

Representative on Miramichi Hospital Board of Trustees—Allan A. Davidson.

Charitable Committee—Rev. L. H. MacLean, George Stables, R. Corry Clark, Rev. J. H. A. Anderson, Wm. Wilson, Jas. D. Johnston.

Scholarship Committee—D. P. MacLachlan, Dr. Robt. Nicholson.

Directors—Dr. J. B. MacKenzie, George Stables, Wm. Corbett, Jr., James Nichol, Robt. Murray, Dr. J. D. MacMillan, Robt. Galloway, David Sadler, Allan MacTavish, Francis P. Loggie, R. G. Fillmore, A. T. Ross, R. A. Loggie, W. J. C. Scott, A. Milton Galloway, Harold H. Ritchie, Wm. Anderson, Dr. J. A. M. Bell, Claude Brown, R. A. Snowball, Benson Robinson, Willis Nicholson, H. M. Ferguson, John Robinson, Jr.

The President, Charles Robinson, (re-elected) entertained the members to luncheon at the Touraine Hotel after the meeting adjourned.

ST. JAMES' CHURCH ELECT OFFICERS

The general annual Congregational Meeting of St. James' Church was held last evening within the church and reports for the past year were presented. Mr. Jas. M. Troy was Chairman of the meeting and Mr. James Stables acted as Secretary.

The following Board of Trustees was elected for the ensuing year:—Messrs J. M. Troy, G. G. Stothart; A. A. McTavish, James Stables; W. F. Copp, H. B. Cassidy, J. R. Gordon Brander; C. P. Ald. Russell read a letter from the Secretary of the Fire Company suggesting that the Company be covered by Accident Insurance and on motion of Ald. Crocker, seconded by Ald. Russell the matter was referred to the Park & Fire Committee for consideration and report at next meeting. On motion the Council adjourned.

On Wednesday night the Bathurst High School Hockey Stars went down to defeat before the Harkins Academy Sextette of Newcastle by a score of 6-2. The game for junior hockey was fast and players showed great promise. The first period was pretty much in favor of Newcastle. In this frame they scored 3 goals against the goose egg of Bathurst.

Period number two was a neutral time. No goals were scored but there was nothing to complain about as to the speed of the game. The young puck chasers put about everything they had into their work and made the time exciting for the spectators.

The third period was a time of goal getting. At 1-2 min. Bathurst scored followed by Newcastle at 5 and 9 minutes. Bathurst again hit the Bulls-eye at 18 mins. and Newcastle closed the shooting at 19 minutes. Charlie Brown refereed.

The game was not very well patrolled due perhaps to the severity of the weather. There were six hands after the game. :

No Meeting Of Subinspectors Was Called

J. B. Hawthorne, Chief Inspector under the Intoxicating Liquor Act stated positively that no meeting of liquor inspectors had been called by him for the purpose of issuing instructions in regard to strict enforcement of the Act. He stated that instructions had been issued by him previously and without any meeting.

A rumor was current about the province that the Chief Inspector had called a meeting of sub-inspectors. The story took its rise in the time that notice was given to vendors a few days ago that strict observance of the regulations relating to the vending of liquor would be insisted upon.

Campaign in Gloucester

The Liberals of Bathurst held a meeting Friday evening and made plans for the organization of the parish in preparation for the coming by-election. The meeting was private and the Press was barred. The Liberal convention to name a candidate for the by election will be held in Caraquet on Wednesday

LOCAL HIGH SCHOOL DEFEAT BATHURST

On Wednesday night the Bathurst High School Hockey Stars went down to defeat before the Harkins Academy Sextette of Newcastle by a score of 6-2. The game for junior hockey was fast and players showed great promise. The first period was pretty much in favor of Newcastle. In this frame they scored 3 goals against the goose egg of Bathurst.

Period number two was a neutral time. No goals were scored but there was nothing to complain about as to the speed of the game. The young puck chasers put about everything they had into their work and made the time exciting for the spectators.

CITY FATHERS DEFEAT PICKED TEAM 16-3

Last Thursday evening the City Father's Curling Rink defeated a picked team from the members of the Curling Club by the score of 16 to 3. After the Town Council meeting the match was arranged with the following players:

CITY FATHERS
Ald. John Russell—Skip
Ald. F. W. Crocker—Mate
Major D. S. Creaghan—2nd.
Ald. A. H. MacKay—1st
Ald. C. M. Dickson—Sub.

PICKED RINK
Wm. Gifford—Skip
John Sargeant—Mate
Jas. Stewart—2nd
Chief Hopkins—Sub.

The players decided that the losing team was to purchase four brooms for the club and the City Fathers are now ready and waiting for any other team, that wishes to challenge them on the same terms, feeling that this is a very good method to procure brooms for the club at no expense.

FRASER PULP MILL RESUMES OPERATIONS

The Fraser Pulp Mill, which has been idle for several weeks, while repairs are being made, started operations again yesterday. It is expected the mill will be ready to make shipments of manufactured product by Wednesday. It is said that the stock on hand, previous to shutting down has been shipped and that the new output will go abroad immediately.

Northern Inter-scholastic Hockey League Formed

A northern interscholastic league has been formed comprising Bathurst High, Campbellton High and St. Thomas College high school. Each team plays home and home games and it is possible that the winner may play off with the leaders of other sections.

The first game will be played tonight at Chatham when St. Thomas High and Campbellton High clash sticks. It should be interesting hockey as both teams are reported to be fast and aggressive.

St. John Man Captures Prize

The results of the Canadian Artillery Association competitions, held throughout Canada during 1924 have been announced. In the observation of fire competitions for the field; heavy and siege artillery, prizes were won by: Captain G. C. Shaffner, of Halifax; Lieut. E. D. Walsh of Saint John and Captain G. J. Houghton, of Halifax.

A. E. Hanson Sues W. J. Parks For \$75

Fredericton, Jan 16—Hearing on the case suit of A. E. Hanson vs. W. J. Parks has commenced this morning before Judge Slipp in the York County Court. It is a suit for professional services amounting to \$75 for the survey of properties in Northumberland County. C. R. Hawkins is appearing for the plaintiff and Robert Murray, of Chatham and J. J. Winslow, K. C. are appearing for the defendant. The defendant claims that the contract was not completed and that the plaintiff is not entitled to recover.

Attend Stables' Grocery Annual January Sale from now until end of January.

Coldest Wave in More Than 25 Years Swept This Section of the Province Sunday Night

Newcastle has no official record of colder weather than the frigid wave which swept over this town and the whole northeastern section of the province last Sunday. The blast came as a climax to a series of cold waves that have been experienced in New Brunswick, in common with other parts of Canada during the present winter.

Saturday was somewhat wintry, but during the night the thermometer began to drop until the lowest marking 12 below, was recorded.

During Sunday the temperature never got higher than 4 below. Towards evening the mercury began to drop rapidly and at 10:30 it was 28 below. At 12:30 the glass showed 31 below. This is the coldest recorded since February 5th 1904, when the official temperature was 43 below; this latter being the coldest ever recorded since 1897, the year in which the temperature began to be taken officially.

At the C. N. E. Depot however at four o'clock in the morning the thermometer showed 44 below and 50 below at 6 o'clock.

While Newcastle and other sections shivered in a temperature ranging all the way from 28 to 45 below, it remained for Matapedia to head the list with the record-breaking mark of 51 below.

Thermometer readings reported from various places were as follows: Matapedia 53; Causapscal 45; Springhill 40; Sunny Brae 34; Campbellton 42; Napsadogon 44; Truro 36; Shodiac 48; Newcastle 48. The eastbound Ocean Limited which was delayed all the way along by the extreme cold weather, reached Moncton about 9:15 o'clock Sunday evening, being four hours behind time. She proceeded on her way and reached as far as Sackville, where the train was completely frozen up and did not get away from there until three o'clock in the morning.

Freight trains, however were all reported to be moving throughout the region.

Railway Telegraph and Telephone lines east of here are also affected by the severe weather.

No lines are reported out of order by the N. B. Telephone Co.

Ever since Xmas the temperatures recorded at different points through the Matapedia Valley during the nights have never been above 10 below zero and 25 to 35 degrees below has been common for the best part of this time.

St. Paul's Church Is 100 Years old

At a dinner tendered the members of St. Paul's church Corporation at St. Mary's rectory Thursday evening of last week, by Ven. Archdeacon Forsyth speeches were made by F. E. Neale, G. Percy Burchill and others.

Mr. Neale stated that of the Corporation as it existed 30 years ago when he was first elected he was the only living member. He congratulated the Archdeacon on his continued activity though the latter was approaching his 80th year.

Mr. Burchill in his remarks noted that this year 1925, marked the 100th anniversary of the opening of St. Paul's parish church at Chatham Head and he felt that this golden Jubilee should be fitly observed.

Ven. Archdeacon Forsyth was particularly happy in his reply to the speeches and the felicitations extended to him and gave some very interesting reminiscences connected with local church history

Cables from Cunards

Whenever a Cunard liner comes to Halifax somebody on board is certain to send a cable via Louisburg asking that a supply of Moirs Chocolates be placed on board, to be eaten in New York or London.

which have no amusement tax to pay a London Theatre has "abolished" admission fees. Instead it sells boxes of chocolates. The size of the box you buy determines the position of your seat—from the stalls to the galleries.

If Moirs Chocolates are sold it's a safe bet the audience will consider the show a success.

FRASER PULP MILL RESUMES OPERATIONS

The Fraser Pulp Mill, which has been idle for several weeks, while repairs are being made, started operations again yesterday. It is expected the mill will be ready to make shipments of manufactured product by Wednesday. It is said that the stock on hand, previous to shutting down has been shipped and that the new output will go abroad immediately.

Junior Red Cross Has 131 Branches

The New Letter of the New Brunswick Junior Red Cross has just come from the printers and will go forward at once to the 131 branches throughout the province. Of these 131 branches 10 were reorganized since the last Bulletin was issued, and 48 of them are new branches formed this year. The ten reorganized branches are: Miramichi Happy Helpers, Boom Road, Northumberland county; Sackville Bluebirds Westmorland county; Smiling Workers, Centre Village, West. Co.; Faithful Workers, East Florenceville, Carleton Co.; Sunbeams, Napoagan, York Co.; Ambitious Health Helpers, Bath, Carleton Co.; Busy Health Workers, Gilks School Northumberland Co.; The Helping Hands, Scott Mills, York Co.; Sackville name not given, Westmorland Co.; County Hospital Branch, East St. John.

A Dangerous Season For The Little Ones

Winter—with its extreme changes of temperature—one day warm and bright, the next cold and stormy is decidedly dangerous to the health of little ones. The mother is afraid to take the children out for the fresh air and exercise they need so much. The children are cooped up in over-heated, badly ventilated rooms and in consequence many of them are seized with colds or gripe. What is needed to keep the little ones well is Baby's Own Tablets. They are a sure regulator of the stomach and bowels and in this way drive out constipation and indigestion and break up colds or gripe. By their use baby will be aided in getting over the winter season with perfect safety.

The tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

James R. Douglas Of Amherst New Lt. Gov. Of N. S.

James Robson Douglas of Amherst, N.S., appointed Lieut-Governor of Nova Scotia in succession to His Honor MacCallum Grant who resigned. The appointment of Mr. Douglas dates from 21st of this month.

James Robson Douglas was born at Amherst N.S. March 27, 1876, son of the late J. Robson Lamy. He attended public schools at Amherst, the Horton Collegiate School and St. Joseph's College, Memramcook.

Death Rate In Canada Is Reduced

According to statistical reports which involve a million and a half of the industrial population received for the month of November last the health situation in Canada is very satisfactory the death rate being 7.6 per thousand, which is a remarkably low rate for that period of the year. The considerable decline since October is due largely to lower mortality from intestinal diseases, tuberculosis, chronic nephritis, cerebral hemorrhage and cancer. The combined mortality from influenza, pneumonia and other respiratory diseases is about the same as in the preceding month.

During the last five months only four cases of suicide and an equal number of homicides have been reported in Canada. These records contrast remarkably with the notoriously high rates that prevail in the United States.

Will Make Electricity From The Wind

Berlin—A new invention for generating electricity by wind power with an aero-dynamo is to be sent to England at the expense of the British Ministry of Agriculture.

The inventor, Major Blou a former German artillery officer gave a demonstration of the apparatus at Witteman, near Berlin and generated sufficient electricity to feed a battery supplying 320 volts from a low wind over. The aero-dynamo which is portable has the appearance of an ordinary windmill mounted on a steel concrete mast 30 feet high with propellers instead of sails. It is designed to provide power for lighting, water supply, for use in the kitchen and for numerous agricultural and industrial machines such as ploughs, dressing machines, saws and pumps.

WILL MAKE TESTS
The Ministry of Agriculture is taking the invention to England at its own expense and will set it up at Oxford where tests will be made.

The apparatus can be mounted or dismounted in six hours. The price of the smallest that could be constructed is about \$3500. The cost per watt of the electrical power generated is one quarter of that charged by the ordinary power houses. It is intended especially for farms and small workshops in isolated districts where no central power house is available.

Chicago Liquor Kills 390 Men In 11 Months

Chicago, Jan 11—Moonshine took a toll of 390 deaths in Chicago in the first eleven months of 1924, Health Commissioner Herman N. Ruzdzen says in a brochure issued tonight entitled "Moonshine" the Light that Blights." It reads in part "Hootch is sending more than one a day to a slab in the morgue. Of the victims 239 died from moonshine poisoning and nothing else in 1924. But the coroner's records show that in 11 months 151 other deaths were due to accidents induced by alcoholism and murders and suicides directly due to alcohol. Total 390 with December and its Yuletide crop still to be added."

Moonshine poisoning is more prevalent than alcoholism was in pre-prohibition days, the Commissioner goes on and he exhibits figures to show it is rapidly increasing. More alcoholics are in Cook County Hospital than ever in its past history. In nine years up to 1923 there were 1503 deaths in Chicago directly chargeable to liquor. Of this nine years' death toll one-fourth is chalked up to the year alone.

The Commissioner says the city is swamped with bootleg hootch and he links it up with crime.

"Since moonshine causes mental unbalance" he concludes "one can readily see how it leads to crimes of the most atrocious variety. The suppression of the moonshine evil will also reduce crime."

FRUIT TREES

Just as the orchardist is able through nourishment to increase the vitality and resistance of his apple-tree to winter's cold, so is the body fortified with

Scott's Emulsion

Thousands now take it as regularly as they take food, to build healthy resistance and to protect them when winter's cold arrives.

Take a lesson from Nature—keep your body strong to resist weakness—take Scott's Emulsion!

Scott & Bowne, Toronto, Ont.

A tea your grocer recommends is usually good tea

RED ROSE TEA "is good tea"

And most grocers recommend it.

C. N. R. Radio Bridges The Continent

Radio Station, CNRA has crossed the Atlantic several occasions and has now bridged the continent as well. Up to a few days ago Saskatchewan appeared to be the farthest point west recorded, but today's mail brought a letter from Alberta, Canada and another from Hydesville, California. The Alberta letter was from H.A. Develer, Dock Mountain House. Mr. Develer who is a former New Brunswicker, reports having heard clearly the concert of Jan. 2nd. The California letter was written by Harold Hale of Hydesville who reports hearing the broadcast of Jan 6th and mentions several of the orchestral selections heard.

The Farmer Is Interested In The Forest

Probably few are closer to the actual forest than the farmer, says the Natural Resources Intelligence Service of the Department of the Interior. As the pioneer he is opening up the country to settlement and living on the very edge of the primeval forest. As such, no one is so liable to suffer from forest fires. He usually has his all-family and possessions—beneath the roof of his first homestead. Clearing of course, must be done, and clearing fires are necessary but care must be exercised in the settling of clearing fires. Settlers should get in touch with their nearest forest ranger who is well acquainted with the danger of uncontrolled fires. He will advise when it is safe for clearing fires to be set and if conditions are favorable will issue a burning permit.

In another form also the forest appeals to the farmer. It is largely in the forest and wooded areas that he obtains his sport. Hunting

and shooting is usually the favorite recreation of the farmer and his family. Without the forest, or with nothing within his reach except a partially burned over area in his immediate neighborhood he would greatly miss this pleasure.

The latest figures available give the amount of firewood cut in Canada annually as nearly 9,000,000 cords. The larger centres of population use coal chiefly for heating purposes. It is the rural districts therefore, that are more intensely interested in firewood, not only because it means comfort in winter but it also provides a great deal of employment to those who require to help out the farm income. In many portions of Canada large quantities of railway ties, telephone poles, pulpwood etc. are taken out every year and sold by the settlers who, with a burned forest would be without this welcome help.

Then again, from the larger standpoint, the farmer is interested in the protection of the forest because it means so much in the wealth of Canada—and Canada to him means home. After agricul-

ture the forest and forest products are the largest class of our exports and go a long way to pay for those things which we find necessary but which we are unable to produce or have an insufficient quantity.

There is constant danger of forest fires, and the farmers of Canada can do a great deal, personally and by continuance of the forests with all they mean as recreational regions, fuel supplies and, where necessary, employment.

Crossword Puzzle Craze Extends To Royalty

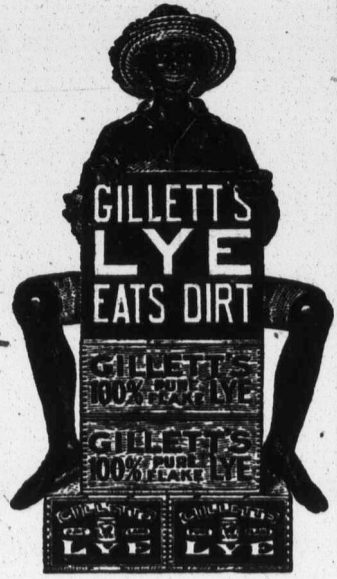

The prevailing cross word puzzle craze has extended to Sandringham where it is stated that Queen Mary has taken up the pastime of solving the problem published by the newspapers. The lesser members of the Royal Family have also become addicted to the word hunting game. Word Problems are not new to Queen Mary. In her younger days she spent much time in solving acrostics and composing others for her attendants.

The cross-word popularity has grown to such an extent in England that the dailies are increasing their prizes for solutions. One paper is offering a total of 5000 pounds sterling in a competition which is in the nature of an eliminating contest to discover the first cross-word champion of Great Britain.

TEACHERS FEDERATION VISITS WINDERMERE BUNGALOW CAMP

Here are seen a group of Ontario teachers members of the Canadian Teachers Federation, who, with colleagues from every other province in the Dominion attended the annual convention of the Federation at Victoria, B.C. The Canadian Pacific provided special trains for their accommodation in both directions. Many of them returned via the Kettle Valley and the British Columbia Lake district, but this party preferred to pass through the Rockies again. They are seen at Windermere Bungalow Camp to which they made excursion. At Banff and Lake Louise they were entertained and local teachers organizations and Boards of Trade at many points along their west and east-bound routes turned out to greet the "Teachers Special" and to afford the delegates to the convention whatever entertainment time allowed. The next annual meeting of the Canadian Teachers Federation will be held in Toronto.

To Save Dome Of St. Paul's Cathedral

The keen discussion in the news papers as to the measures to save St. Paul's Cathedral as well as to the subscription of more than £33,000 in three days including sums from the King and Queen and the Prince of Wales, to the London Times restoration fund, proves how deep an interest is being taken in Christopher Wren's masterpiece.

Every newspaper has published arguments as to the practicability of repairing the piers without removing the dome and as to the construction which prevailed at the suggestion that it might be necessary to close the cathedral for many years. Dean Inge, however, assured your correspondent this evening that he did not believe that any thing so drastic would be necessary.

"We are in the hands of experts" he said "and we believe that they have discovered a satisfactory method of repairing St Paul's. It will cost, we estimate, about £140,000 and it will take some years to complete, but meanwhile the Cathedral is not in a dangerous condition."

"If the experts' plan should work out and we should try the other methods proposed, it would mean pulling the cathedral down and rebuilding it at a cost of £1,000,000. The problem before the experts is simply stated. The dome, weighing from 40,000 to 60,000 tons, rests upon eight piers. These seem to be of massive masonry. Actually they are of rubble and are merely faced with stone. The immense weight of the dome has been too much for the piers, every one of which has shifted slightly and cracked.

Fourteen years ago alarm began to be felt about St. Paul's and for the past five years the restoration work has been in progress. A committee of some of the most capable experts in the land was formed with Sir Aston Webb, till recently president of the Royal Academy, as chairman and they have been

NOW GOVERNOR OF WASHINGTON

Another son of New Brunswick who has attained to distinction in the land of his adoption is Roland H. Hartley formerly of Shogomoc York County, who is now being installed Governor of the State of Washington following success in the recent United States elections. Governor Hartley, now about fifty nine years of age, was born at Shogomoc, the son of the late Rev. Edward W. Hartley, a Baptist clergyman, where he resided for the first fourteen years of his life before removing to the United States. In the State of Minnesota he obtained employment and an education, passing through the course offered by a Minneapolis business college. Later he entered the employment of Clough Brothers at Minneapolis who conducted lumbering operations along the Mississippi River.

Governor Hartley is a cousin of J.C. Hartley, K.C. of Woodstock, ex Warden Gordon C. Grant of Shogomoc, Nelson W. Brown, Recorder of Deeds for York County, Mrs. W.L. Turner of Meductic, as well as Mrs. Wesley Smith of Woodstock. He also has a number of other relatives throughout the province.

ABLE TO DO HOUSEWORK NOW

Sick a Year. Got Great Benefit from Lydia E. Pinkham's Vegetable Compound

Bloomington, N. S.—"I took Lydia E. Pinkham's Vegetable Compound for pains and backache, also for nervousness, sick headaches and sleeplessness. I was troubled in this way for over a year, and a friend told me about the Vegetable Compound and induced me to take it. I must say I have received great benefit from it and am able to do my housework now. I recommend the Vegetable Compound myself and am willing for you to use this letter as a testimonial."

Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes." This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial.

Mrs. Morse is simply another case of a woman receiving great benefit. Women suffering from the troubles so common to their sex should listen to what other women say who have experienced the same sufferings and found relief. Give this dependable medicine a chance—and at once. It is sold at all drug stores.

consultation with the Dean and the Chapter. The expert committee had to deal with a problem unprecedented in magnitude. No one had ever tackled such a job as strengthening piers supporting such an enormous weight and it took them considerable time to decide how to go about it.

VOTED AGAINST CHURCH UNION

Below is a list of some of the Nova Scotia Presbyterian churches which have voted against union.

| Against | For |
|----------------------------------|---------|
| Merigonish | 111 52 |
| East River (St Mary's) .. | 68 30 |
| Glencig | 58 55 |
| United Church, New Glasgow | 336 73 |
| St Andrews, New Glasgow | 287 163 |
| St Pauls Glace Bay | 248 22 |
| Sydney Mines | 265 59 |
| Nine Mile River | 16 15 |
| French River | 45 7 |
| Elmsdale | 48 12 |
| Salts Spring | 87 64 |
| Scotsburn | 117 103 |

It is expected that the anti-unionists will sweep Pictou County

League of Nation's Birthday

The League of Nations celebrated its fifth birthday on Saturday. Born in 1920 in a small, dingy room in the French Foreign Office, the League now occupies a magnificent palace with adjacent grounds and buildings under construction, worth \$5,000,000. Like the United States the League started with thirteen members. Now it has fifty five. Although repeatedly written down as a failure after incidents such as the Corfu affair, the League of Nations is thriving—this despite the non-membership of the United States, Russia and Germany. The League's fifth birthday party was encouraged by the presence of U.S. Congressman Porter and Surgeon General Blue of the Opium Conference and by the fact that Consul Tuck asked for complete plans of the League's proposed Arms Traffic Conference to be forwarded to the State Department at Washington.

NEW LAMP BURNS 94% AIR Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light even better than gas or electricity, has been tested by the U.S. Government and 25 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month \$50-12

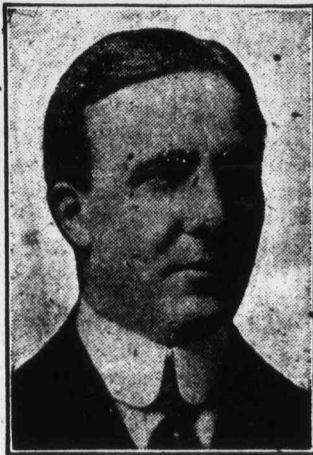

MONEY TALKS

Steps are being taken among New York Theatre managements to prevent radio broadcasting music. The means likely to be taken is that no contracts will be made with composers in future unless they retain control of the copy-right rights, so that radio companies could be prohibited from putting them on the air. Contracts in future with players will contain a clause prohibiting them from broadcasting without permission.

The attempt may be made by Theatre Managers to kill radio broadcasting, but the star performers will please themselves.

The American almighty dollar will be the last word which has the most influence. If Frances Alda, prima donna, and Miguel Fleta, tenor of the Metropolitan Opera Company, can get a bigger price for radio wave lengths than the bill boards and the foot lights can command, probably they will sing for the broadcasting station. McCormick and Luceresco, will sing for the Victor Company, to be broadcasted on the evening, of Jan. 15th, next.

Passenger Man Appointed to Railway Executive

W. B. HOWARD

W. B. Howard, whose appointment as General Executive Assistant has been announced by E. W. Beatty, Chairman and President of the Canadian Pacific Railway. Mr. Howard, who has been Assistant General Passenger Agent, succeeds F. L. Wanklyn, whose retirement was announced at the end of the year.

Mr. Howard is one of the younger of the Company's officials although he entered its service twenty-five years ago. Born in Chatham, N.B., he joined the Canadian Pacific forces as junior clerk at St. John, N.B., in 1897, and two years later was promoted to the position of travelling passenger agent. Since that time his promotion has been rapid and he is well known throughout the east as a very competent officer. On two occasions Mr. Howard has been in charge of the train placed at the service of the Prince of Wales by the Canadian Pacific.

Borrowed Cash Goes To Refit The Embassy

Paris, Jan. 10 Nearly \$500,000 of the money Poland is arranging to borrow in the United States will go to pay for and refit its new embassy in Paris, it is asserted in Polish circles here. The Polish government has bought the mansion on the Quai de Billy which was occupied by the late Robert S. McCormick, of Illinois, when he was United States ambassador to France. The purchase price was the equivalent of \$250,000 and it will require \$200,000 more to put the house into suitable shape for an embassy.

The Polish Embassy is less advantageously situated than the new American Embassy, and the property itself is inferior in value. Myron T. Merrick, the American Ambassador paid \$198,000 for the Grevy mansion and will have to spend much less than \$200,000 in refitting the building thus making a total outlay of about \$306,000.

EMBARGO UPON CANADIAN SPUDS

An ominous note was struck in potato circles when Judson Corey, London representative of three big firms which are working as a unit in shipping immense quantities of Maritime Province potatoes to England cabled his employers that there was a concerted movement on foot in Britain to place an embargo on Canadian potatoes because of the presence of the potato bug.

Accept No Substitute

for the distinctive quality of

"SALADA" TEA

No other brand is quite so pure, fresh or delicious. Try it.

For Colds

ASPIRIN

Proved safe by millions and prescribed by physicians for

- Colds
- Headache
- Pain

"Worth \$100 to Me Relieved Eczema and Piles"

Mrs. Peter A. Palmer, Saltburn, Sask., writes: "Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me,—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

Dr. Chase's Ointment 60 cts. a box, all Dealers or Edmondson, Bates & Co., Ltd., Toronto

Chatham District
Held Meeting

The Chatham district met in the Methodist Church, Chatham under the chairmanship of Rev. H. Rice, on Jan. 9th morning and afternoon. The District was favored with the presence of Rev. W. R. Milson; London; Ont. one of the field secretaries of the department of Evangelism and Social Service. A very interesting account of the voting of the Ontario Temperance Act was delivered. Mr. Milson also gave a rousing address on Evangelism and its relation to the church or circuit official board. Revs. E.M. Brodie, W.S. Godfrey F. H. Littlejohns opened up discussion on themes assigned to them. In the evening in connection with the United Services for the Week of Prayer, Rev. W.R. Milson gave a heart-searching address to a very large congregation in the Methodist Church.

On Sunday, Jan 11th the Men's Association of the Newcastle Methodist Church had a special day of service when the Rev Dr. Wigle of Mt. Allison University, served them as preacher. A large male voice choir filled the choir gallery and lead heartily and enthusiastically in the service of praise. Dr. Wigle was at his best.

This was his first preaching visit to Newcastle but he fed minds and touched hearts in such a manner that Newcastle will want him often. Large congregations listened attentively to him and were inspired. On Monday evening, Jan 12th he gave his interesting and popular lecture on "The Romance of the Mind." It was thoroughly enjoyed by a very good attendance.

Lives Imperilled
In Moncton Fire

Several lives were endangered in a fire that broke out Wednesday afternoon about 2:30 o'clock in the Rex rooming house, Moncton a large three-story wooden building at the corner of Luts and Main streets. Louis Savage was rescued from a third storey window by Roy Spence, and three small children were taken out of the building by Sam Fong prior to the firemen's arrival.

The fire is believed to have started from an overheated stove at the head of the stairs on the second storey. The flames spread with great rapidity and when the firemen arrived had broken through the walls.

The upper storey of the building was conducted as a rooming house by Sam Fong while the downstairs was occupied by Edward McParlane barber, and E.H. Prince, jeweler. The rear part of the building was used as a cafe.

INFORMATION AND
WARNING ISSUED

In October, 1924, there was organized the New Brunswick Amateur Skating Association. So far as the province of New Brunswick goes, this organization supersedes the former Maritime Amateur Skating Association. The N. B. A. S. A. exists for the purpose of developing amateur skaters as well as all other worthy amateur ice sports. This includes supervision of all meets held, to insure their fair and proper conduct, the providing of suitable prizes for contestants and their delivery to winners of events. It is of itself a member of and has direct representation in the International Skating Union. From this parent body, in control skating on the American continent, the N. B. A. S. A. has jurisdiction and authority over and control of all amateur skating events in the Province of New Brunswick.

At the time of organization an effort was made to have all amateur clubs and organization in New Brunswick; affiliated with this Association in order that they might be in a position, if so desiring to hold amateur skating races under their auspices. The response from such organizations was not at all satisfactory and now that the winter season is on managements are desirous of carrying on skating meets.

The following is for the purpose of information and warning to all concerned:

No skating meet or contest between amateur skaters can be held in the province of New Brunswick without sanction from the N.B. A.S.A.

No matched races are under any circumstances permitted.

Any club, association or rink management holding under their auspices a skating meet, a matched race or any speed contest amongst skaters without sanction from this Association will be permanently forbidden affiliation with this association and consequently refusal of further sanction for any contest whatever.

All persons participating in any skating contest, not sanctioned by this Association, will be suspended and forbidden participation in any further events at the will of this body.

Affiliation with the N.B.A.S.A. can be had by any amateur athletic body upon receipt of application for same to the secretary accompanied by a fee of \$5.00

The scale of fees for sanction on race meets is as follows:
City Championship\$5.00
Provincial Championship10.00
Maritime Championship10.00
Special Meets2.00

Application for the last named must be supported by specific and satisfactory reasons for holding such meet, sufficient to justify the board of control issuing such sanction.

Entire decision in granting of affiliation rests with the Association as now constituted and with regard to the issuing of sanctions is now vested in the present board of control.

Clubs affiliated with this Association are entitled to a representative on the board of control.
All participants in skating races must be registered with this Association. Cards of registration may be obtained from the treasurer, for boys of fourteen and under without charge and all persons over fourteen by payment of 25 cents.
The officers of the N.B.A.S.A. are; Frank White, President; E.S. Sims, Vice President; H. Stubbs, Secretary; Elmer Ingraham, Treasurer.

Signed: N.P. MacLeod,
Chairman Board of Control,
N. B. A. S. A.

WOMAN'S HEALTH
WHEN FORTY-FIVE

A Critical Period When Dr. Williams' Pink Pills Are a Real Blessing

At special periods a woman needs a medicine to regulate her blood supply or her life will be a round of pain and suffering. It is as such times that Dr. Williams' Pink Pills are worth their weight in gold for they make the new rich blood that banishes the symptoms of distress that only women know. The better blood that comes with the use of these pills strengthens every vital organ and brings womanly health and happiness. This is fully proved by the case of Mrs. G. Witthuhn, Arcola, Sask., who says:—"I am one of the many for whom Dr. Williams' Pink Pills have done wonders. About 3 years ago I was so weak that I could not do my housework, or even go about without feeling utterly worn out. The doctor suggested that an operation was the only thing that would help me, but this I refused to undergo, and I returned home almost in despair. My trouble was all due to the lingering change of life. At this stage I read an advertisement of Dr. Williams' Pink Pills and decided to try them. By the time I had used six boxes there was no doubt they were just what I needed, and under their continued use for some time my health was fully restored and since that time I have been in the best of health. I am writing this letter in the hope that it may induce some other suffering woman to use Dr. Williams' Pink Pills and regain her health.

These pills are sold by medicine dealers or will be sent by mail at 50c a box by writing the Dr. Williams' Medicine Co., Brockville, Ont.

DAIRYMEN AND
FARMERS AT SUSSEX

Reception Tendered by the Citizens of Sussex

A reception was tendered the delegates to the Farmers' and Dairymen's Association convention by the citizens of Sussex in the auditorium of the High School Wednesday evening. Addresses were given by J.D. McKenna, M.P.P.; W. Mills; Hon James A. Murray; Hon. D.W. Merseseau and Hon W.M. Lea. A musical program and refreshments rounded out the gathering.

During a drive in the afternoon a number of delegates called at the McIntyre Bros. farm and inspected the famous herd of Holsteins. H.W. Atkinson, president spoke on "The Marketing Problem of N.B. Farmers. There was one way to bridge the gap he said. If all the money spent by the three Provincial Governments on exhibitions was placed in a sinking fund to guarantee the bonds of a packing house the thing would be accomplished.

EMBARGO UPON
CANADIAN SPUDS

An ominous note was struck in potato circles when Judson Corey, London representative of three big firms which are working as a unit in shipping immense quantities of Maritime Province potatoes to England cabled his employers that there was a concerted movement on foot in Britain to place an embargo on Canadian potatoes because of the presence of the potato bug.

INSULIN MAY YET PROVE SOVEREIGN CURE FOR DIABETEE
Among physicians particularly interested in diabetes, as well as among the scientifically curious public," says Dr. Frederick Hopwell, associate physician in charge of the diabetic clinic of the Western Hospital, and Dr. Jos. A. Gilchrist, physician in charge of diabetes at the Christie Street, Military Hospital, in a joint paper, "there has developed a wish to learn whether insulin is to be regarded as a remedy only during the period of its administration or whether it can be considered an agent capable of accomplishing a cure."
While any answer to this question, they point out, must of necessity be guarded and subject to later revision they are able, through the kindness of Dr. Banting, to discuss the question in the light of the results on a number of patients who first received this pancreatic extract. Three cases now under treatment for two years particularly illustrate the apparent fact that there is a regeneration of the insulin production function.
The first case, that of a young, highly-strung professional man, illustrated a point of great interest namely, "a severe diabetic may be enabled gradually to reduce the dosage of insulin without sacrifice of working ability or reduction of diet." In January, 1923, when insulin was standardized into units, he was taking 55 units daily. In January, 1924 the dosage was reduced to 35 units a day. The next month a further reduction to 30 took place. In another month he was down to 20 in a single dose. And even this dose showed signs of having to be reduced.
"The second case, that of a young girl of fifteen, besides showing a reduction in dosage, adds another fact of considerable psychological significance. "Insulin, when given to a patient in the growing years with suitable diet, makes possible normal bodily growth. This young lady was so emaciated that she weighed only 45 pounds. On the tenth day her weight had increased to 52 pounds. Insulin permitted her to assimilate more food, until three months after commencing treatment she had reached 70 pounds in a reduced dosage of the extract. She now weighs 103 pounds.
Finally, a woman, fifty years of age, had shown the symptoms of the disease for a period of eight years. Six weeks previous to admission gangrene commenced in her left great toe. Despite dietetic and surgical treatment the condition became progressively worse. Her general condition was not considered satisfactory for a major operation. She was given insulin for a period of four days. At the end of that time she was sugar free. The treatment was continued and the amputation wound healed perfectly. Four months after the amputation it was found that she was able to manage a reasonably full diet without insulin.
Radio Station, CNRA has crossed the Atlantic several occasions and has now bridged the continent as well. Up to a few days ago Saskatchewan appeared to be the farthest point west recorded; but today's mail brought a letter from Alberta, Canada and another from Hydesville, California. The Alberta letter was from H.A. Deyeler, Dock Mountain House. Mr. Deyeler who is a former New Brunswicker, reports having heard clearly the concert of Jan. 2nd. The California letter was written by Harold Hale of Hydesville who reports hearing the broadcast of Jan 6th and mentions several of the orchestral selections heard.

Doctors Offer To Catch Smallpox

Dover, N.J. Jan 10—The controversy between Assistant Surgeon General B.J. Lloyd of the United States Public Health Service and anti-vaccinationists in this part of New Jersey came to a climax today when it was announced that Dr. Edward W. Collins, a chiropractor and Dr. Anton Kopecke of Lake Hopatcong, a neuropractor, had accepted the challenge of Dr. Lloyd to be two of nine men who would submit themselves to contagion without first being vaccinated.

Dr. Lloyd made his challenge at a meeting of the New Jersey Sanitary Association at Atlantic City about a month ago. He said he would be willing to live nine days in a pest house after being vaccinated provided nine anti-vaccinationists would submit themselves to the same test. Drs. Collins and Kopecke are both members of the Anti-Compulsory Vaccination Association. They have agreed it was said to live nine days in a pest house and to occupy for three nights a bed that has been occupied by a smallpox patient. The Anti-Vaccination Association of New York will be said supply the other seven men for the test.

Where the test will be conducted and when is uncertain. There have

Donkhorobors May Be Called Back

The new chief of the Donkhorobor population in Canada, Peter Veregin who is still in Russia may decide to call his followers, numbering thousands, from Canada back to the Old Country, according to Michael Veregin, cousin of Peter a merchant of Buchanan, Sask. who is in Toronto on business.

Peter Veregin has not been in communication with the Donkhorobors since the death of his father, Peter Veregin, former leader in British Columbia, several weeks ago and Michael Veregin doubts that the son is as yet aware of his father's death. He explains that when Peter Veregin Jr. returned to Russia in 1919 he assumed the leadership there of 15,000 Donkhorobors. If Peter comes to Canada and decides to make his home here the great majority of the 15,000 co-religionists of Russia would also move to Canada in a body, Michael declared.

On the other hand if he decides to withdraw the settlement on Canada about 8,000 Donkhorobors will undoubtedly pull stakes and return to the Russian settlement.

PERSONALS

Rev. H.C. Rice of Bathurst was in town last week.

F.W. Trueman of St. John was a visitor to town last week.

Mr M. Schaffer of Blackville was a visitor to town on Friday.

Frank McNeill of Moncton was a recent visitor to town.

Mrs. A.H. Cole spent the week end with relatives in Chatham.

Clarence Wright of Moncton spent the week end with his family here.

Mrs. Thos. Jeffrey is visiting her daughter, Mrs. Cecil Locke of Moncton.

Leonard Copp of Seville left recently for Boston where he will spend several months.

Miss Mary Hall of Fredericton is the guest of her parents, Mr. and Mrs. Michael Hall.

Miss Edna Menzies R.N. left yesterday for Lawrence, Mass. to resume her duties in nursing.

James Bernard Jr. had the misfortune to give his knee a very bad cut recently, while attending his work.

Mr. Campbell Clark left on Sunday's Ocean Limited for Halifax, N.S. from which port he will sail for England.

Misses Sadie Cook and Sadie Holt of Quarryville spent the week end in town the guests of Mrs. B.F. Maltby.

Mr. James Donavan left on Sunday for Montreal where he will enter the Royal Victoria Hospital for eye treatment.

Rev. F.E. Bishop was in Moncton last week attending the regular quarterly meeting of the Baptist Home Missions' Board.

Mr. Chas. D. Dickson Jr., and Miss Helen Dickson returned on Sunday from Montreal where they spent the past three weeks.

Miss Helma Harris left yesterday for Lawrence, Mass. where she will enter the Lawrence General Hospital as nurse-in training.

Messrs. D.P. Doyle and H. Wiliston returned Thursday from Sussex where they were in attendance at the Dairymen's and Farmers Convention.

Miss Annie Bell entertained the Bridge Club last Tuesday evening. This evening the Club will meet at the home of the Misses Jennie and Hazel McMaster.

OBITUARY

CHAS. F. UNDERHILL

The death of Charles F. Underhill occurred Thursday morning at Blackville. He was a provincial constable and was 58 years of age.

MRS. ALEX. DUPLACEY

The death of Mrs. Alex. Duplacey occurred at the Hotel Dieu Hospital Thursday morning after a week's illness following an operation for appendicitis. She was formerly Miss Janie Grant, daughter of Geo. Grant and Elizabeth Hachey. She is survived by her husband and one son, Roy, at present in Boston. There also survive one brother, George, of Chatham, and one sister Mrs. Harry Melanson, of St. John. The funeral was held on Sunday afternoon at St. Michael's Cathedral and interment was in St. Michael's cemetery.

DONALD R. MACDONALD

Word was received Thursday of the death of Donald K. MacDonald. He was a former resident of Chatham, leaving here several years ago to reside in Boston. He is survived by his wife and two daughters, H. B. MacDonald, of Chatham is a nephew. Several nephews and nieces reside at Ferryville. Mr. MacDonald with his family visited Chatham during the summer, receiving a warm welcome from their many friends. His widow and family have much sympathy in their great loss.

BATHURST CAME FROM BEHIND AND BEAT CHATHAM

Coming from behind in the third period of Thursday night's game Bathurst defeated the Chatham team by a score of 7 to 5. In a stubbornly fought hockey duel the visitors went into the final session one goal behind and after the locals had pushed another pair past Finnegan the fans were jubilant, thinking that the visitors were defeated for the first time this year. These two goals, however seemed to put them on their mettle and Ken Carroll formerly of Moncton, came to the front and started the fireworks by scoring goal number three for Bathurst. R. Cripps, a former Chatham boy then added another and Tommy Lawlor another local product evened the count. Ken Carroll who played a remarkable game for the visitors then won the old hockey game when he scored twice in as many minutes with only three minutes left in the period.

Taken from gong to gong it was a grand hockey game and the fast visiting outfit won on their merits their combination work being superior to the locals and their stay-long qualities won the game.

The line-up was:

| | | |
|---|---------|----------------------|
| Bathurst | Goal | Finnegan |
| Carvell | Defence | R. Cripps |
| Flelgher | Defence | Crosby |
| Duncan | Centre | Carroll |

Discovery of an Ontario Doctor

Brockville, Ont Jan 12—Conclusions of possibly far-reaching significance to the world of medicine, which have been arrived at by Dr. Beaumont S. Cornell, a young physician of this town as a sequel to prolonged research both in Brockville and in Toronto into the cause of pernicious anaemia may have a profound bearing upon the future scientific investigations of the same type and may lead to the cause of this wasting, incurable disease being definitely established.

Dr. Cornell's researches have resulted in peculiarly suggestive information being gained in this connection and support the contention that the disease is caused by a germ known as bacillus welchii. By means of this germ he has been able to produce chronic infection in rabbits with the accompanying symptoms—anaemia, wasting, diarrhoea and convulsions—and, moreover, anaemia so produced is of a type bearing several resemblances to that seen in the pernicious variety.

The results of his investigations are being made known in the forth coming issue of the Canadian Medical Association Journal and in later issues of the Journal of Infectious Diseases.

Dr. Cornell emphasized the fact that his researches are merely preliminary. "I am not even certain that this germ is the cause of pernicious anaemia" he said "but there is a great deal of evidence to indicate that it is an entirely different matter, upon which I have not been working. My own impression is that even if those prove to be the correct cause, it will be a long time before a definite cure can be discovered."

EUROPE TO TACKLE INTER-ALLIED DEBTS TO NEXT PROBLEM

France has begun sounding Allied opinion in preparation for an inter-Allied debt conference this spring. Winston Churchill, Chancellor of the Exchequer, returned to London from the Allied Finance Minister's Conference in Paris. He expressed himself as extremely gratified at the agreements reached.

With the distribution of the Dawes plan proceeds accomplished, Europe is turning towards war debts as the greatest obstacle to the restoration of Europe.

In his closing speech as President of Paris Conference, Etienne Clementel, French Minister of Finance, usually mentioned debts, a subject which had been taboo. Clementel merely said that inter-Allied debts were one of the greatest problems in Europe's path and he favored settlement in a "friendly, fraternal spirit."

It is said in a well informed British quarter that the French have suggested that they continue payments to England when the Dawes reparation payments end, whether or not England obtained enough from Germany and the Allies to cover her debt to America.

It is also said that France proposed to pay less than 1 per cent interest on her debt to Great Britain. Though the Cabinet decision can not be predicted absolutely, there is a general belief that both these French proposals will be considered unsatisfactory.

Eleven powers participated in the Paris conference of Allied Finance Ministers and signed the protocol for distribution of the Dawes plan annuities at the final plenary session.

It was the first conference of 23 held since the armistice to come to and end before the date scheduled, and the only one in which every delegate returned home apparently satisfied.

The most notable achievements of the conference were: First—the determining of the distribution of the Dawes annuities between the Allies and their associates. Second—the obtaining of the United States as a partner with the Allies in the collection of payments from Germany under the Dawes scheme. Third—the liquidating of the Ruhr occupational account.

Discovery of an Ontario Doctor

Brockville, Ont Jan 12—Conclusions of possibly far-reaching significance to the world of medicine, which have been arrived at by Dr. Beaumont S. Cornell, a young physician of this town as a sequel to prolonged research both in Brockville and in Toronto into the cause of pernicious anaemia may have a profound bearing upon the future scientific investigations of the same type and may lead to the cause of this wasting, incurable disease being definitely established.

Dr. Cornell's researches have resulted in peculiarly suggestive information being gained in this connection and support the contention that the disease is caused by a germ known as bacillus welchii. By means of this germ he has been able to produce chronic infection in rabbits with the accompanying symptoms—anaemia, wasting, diarrhoea and convulsions—and, moreover, anaemia so produced is of a type bearing several resemblances to that seen in the pernicious variety.

The results of his investigations are being made known in the forth coming issue of the Canadian Medical Association Journal and in later issues of the Journal of Infectious Diseases.

Dr. Cornell emphasized the fact that his researches are merely preliminary. "I am not even certain that this germ is the cause of pernicious anaemia" he said "but there is a great deal of evidence to indicate that it is an entirely different matter, upon which I have not been working. My own impression is that even if those prove to be the correct cause, it will be a long time before a definite cure can be discovered."

Gives Advice To Prohibitionists

"Be more careful in the future than you were in the past to stand by those who have stood by you" was the advice given to prohibitionists by the K. Hon. Sir George Foster who last Sunday night in the Metropolitan Methodist church addressed the evening session of the National Convention of the W.C.T.U. of Canada. "I want that to sink into your minds" he said "it is not only bad manners and bad companionship but bad policy for you lose by it every time."

Sir George further advised his hearers not to relax their efforts because they had apparently obtained their objective but to realize that it was more important now than ever before for them to "carry on." Because a law was on the statutes it did not follow that it would be observed and no where was this more the case at the present time than in the United States and Canada.

Shorty Veno In Poor Condition

The Boston Globe says: "Shorty Veno, formerly of Chatham, N.B. did not make much of a showing with the Maples of Boston. The paper says:—

"Shorty Veno made his first appearance for the Maples but as yet is not in the best physical condition. Because of the speed and danger of the Millers' attack, Manager Sheldon had Roberts, spare goal, guard for B.A.A. Cox has quit the team and McCluskey who played Saturday night, was not thought of sufficient experience."

British Pound Sterling Back

Washington, Jan 13—The British pound sterling will be back at par in the postal service for the first time since the war, on January 22, when in accordance with the order of Postmaster General New, the rate of conversion of postal money orders payable in Great Britain shall be one pound sterling for \$1.87. The order also applies to Free State, the Commonwealth of Australia, New Zealand and the Union of South Africa.

Minerals Worth \$205,462,000 Dug In 1924

Canada's mines made 1924 a bountiful year. The primary metals produced in the Dominion in the 12 months just ended amounted to \$96,000,000 an increase of about \$12,000,000 over the previous year while the total estimated value of the mineral production in Canada in 1924 was \$205,462,000.

Gold production touched a new level of 1,530,000 fine ounces valued at \$31,522,000 of which 1,236,000 fine ounces were produced in Ontario. Production of silver bullion amounted to 20,363,500 ounces valued at \$136,44,000 about 1/2 of which was from Ontario mines and most of the remainder from British Columbia ores.

Nickel production totalled 69,250,000 pounds and copper production was 161,565,000 pounds which was 17% ahead of 1923. Lead production set up a new record at 168,130,500 pounds.

Total production of zinc realised a new high figure at 90,000,000 pounds valued at \$5,670,000 as besides the 54,000,000 pounds of refined zinc mentioned in the departmental report \$36,000,000 pounds was recoverable from ores exported during the year. This brings the total mining production of 1924 to \$205,462,000.

Assuring Your Business

A policy of advertising is a policy of life assurance, and the protection thus secured is well worth its annual cost.

Old customers die or move away—they must be replaced.

Old customers are subject to the influence of temptation—they may be induced to divide their custom—to do some of their shopping at a competitor's.

New comers to this community will shop with you—become regular customers—if they are invited to do so.

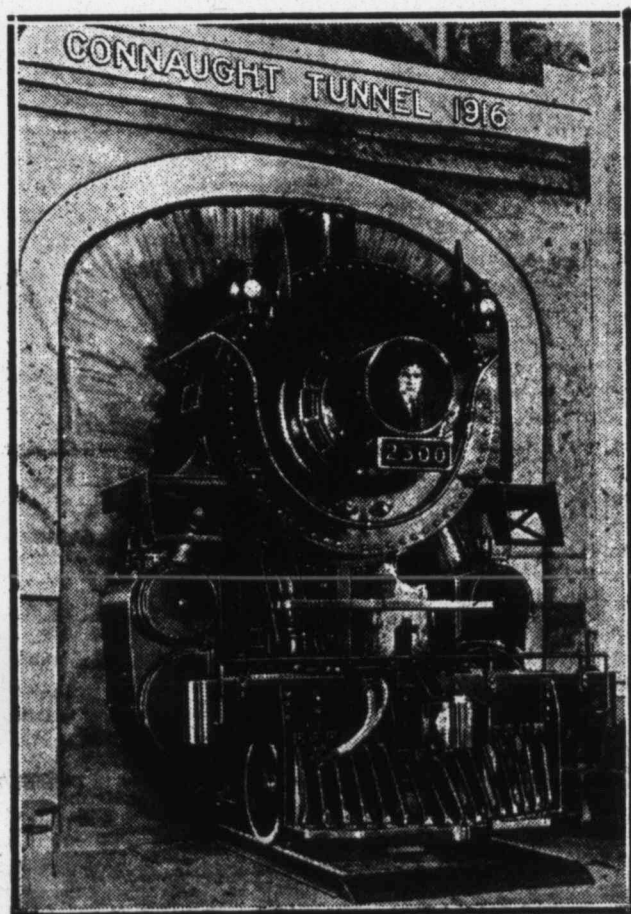

Your competitor's advertising is an influence which must be offset if you are to maintain your trace.

Not to advertise regularly to the readers of the UNION ADVOCATE is to leave your business unprotected.

A WORD TO THE PUBLIC

It is no sign of weakness to follow the lead of advertising. You owe it to yourself to get the most for your money, the best goods and the best service. And if you find that your inclination is to shop where you are invited to shop rather than to continue to be a customer of the shop which never solicits your good-will you need have no compunctions of conscience.

Shop Where You are invited to Shop

Smokeless Locomotive

Built of wood at the Angus Shops, this full sized model of one of the latest type locomotives was designed originally as a feature of the dinner decorations at the Chateau Frontenac on the occasion of the Quebec conference of the Canadian Pacific Railway officers. Equipped with bell, whistle and electric lights, not a bolt or bar is lacking to mar the illusion which is that of a perfect engine coming through the wall against which it is placed. The headlight holds a portrait of E. W. Beatty, president of the Canadian Pacific. At the Toronto Exhibition, August 23rd to September 5th, the model will be given a prominent position in the Company's exhibit.

2 FREIGHTS CRASH HEAD-ON AS SNOW OBSCURES VISION

Joseph McDermott, locomotive engineer, was killed and his fireman, Stanley Murphy, had a leg badly injured as the result of a head-on collision between two freight trains on the C. N. R. at Belledune station about 40 miles south of Campbellton, about 2 o'clock Tuesday afternoon.

The third section of freight No. 82, in charge of Conductor J. C. Cormier and Engineer Joseph McDermott, south-bound, was to meet the extra freight train, in charge of Conductor Walter McGinn and Engineer Edward Legere at Belledune.

The northbound freight had arrived at Belledune and was standing on the main line when the southbound freight crashed into her. A snow storm was in progress at the time and may possibly account for the enginemen in the southbound train not seeing the train on the main line in time to stop.

Driver McDermott and Fireman Murphy seeing a collision inevitable, jumped as the crash came.

Seven cars were derailed and wrecked and Driver McDermott was crushed to death under a carload. His body has been recovered. Fireman Murphy, in jumping, suffered a badly injured leg which it was feared was broken.

In addition to the engines being badly smashed up, some seven cars were derailed and more or less broken up. The car containing the horses turned completely over and 14 were killed.

The wreck is one of the worst that has occurred on the northern division of the Atlantic region in some years.

Both engines remained on the rails, which leaves the impression that had the enginemen remained in the cab they might have escaped with slight injury.

McDermott was a native of Kent county, but had been running out of Moncton for some years. He was about 40 years of age and unmarried.

Can Gain Little By Speeding

A series of tests made at Los Angeles by the Automobile Club of Southern California has demonstrated that the two old proverbs, "More haste, less speed," and "Haste Makes waste," might well be given serious consideration by the modern motorist.

In making the tests scouting cars were operated on three different routes in the city of Los Angeles. Each route was first traversed at the highest speed possible and yet escape arrest, and advantage was taken of every opportunity to make time. The same driver went over the same route a second time, observing all traffic laws and conforming to the rules of

safe driving.

A summary of these trips shows that the driver who hurried saved only a total of ten minutes out of two hours driving, or five minutes to the hour. The total distance of the three routes across the city was 31.5 miles or an average of 10.5 miles to the trip. One trip showed a saving of five minutes, another three minutes and another two minutes. Club officials point out that in driving to save a possible five minutes over a ten mile trip, the small amount of time saved will not compensate the average driver for the extra gasoline used, the increased wear on brake linings, the risk of arrest with fine or jail sentence and the increased liability of collision.

Must Co-operate For World Peace

Britain and the United States must work together for the peace of the world, Viscount Cecil of Chelwood, winner of the \$25,000 peace award of the Woodrow Wilson Foundation, told the Pilgrims of the United States at a dinner at the Plaza Hotel, New York, this week.

An Anglo-American alliance to impose peace upon the rest of the world, however, "might be dangerous and dubious," Viscount Cecil warned, because "the rest of the world might not understand the altruism of our motives." He urged a common-peace policy with the free exercise of the joint influence of both nations.

In his last public appearance in the United States before he sailed for England, Viscount Cecil said that President Coolidge, with whom he conferred in Washington, had expressed gratitude at the friendly relations existing between the two countries. This meant a great deal he said "because in England we trust President Coolidge implicitly."

Asserting that Britons and Americans understand each better than ever before, Viscount Cecil attributed their ability to arrive at harmonious agreements to identity and sameness of point of view.

First Eclipse
Recorded In England

While an army of astronomers
are cleaning and adjusting their
long-named instruments in pre-
parations for taking observations of
the solar eclipse later this month,
it is interesting to note that the
same lively interest in such
astronomical phenomena has been
displayed by the human race in all
ages and in all lands.

Before the dawn of astronomical
science eclipses of the sun and
moon aroused superstitious alarm
and inspired all the primal races
with awe. Among the ignorant an
eclipse excited the same appre-
hension and dread experienced on
the occasion of an earthquake, a
volcanic eruption or a thunderstorm
or a cyclone.

In the infancy of the human race
the earth was supposed to be at the
centre of the universe and that sun,
moon and stars revolved around
our globe at a certain fixed dis-
tance. Not even the seers and phi-
losophers of ancient times under-
stood the mechanism of the celestial
world.

The early races of men wor-
shipped the sun and regarded his
extinction by an eclipse as the work
of a demon or the wrath of an un-
known and superior god, or of a
gigantic monster. Sun worship was
prevalent among the ancient Egypt-
ians, Phoenicians, Persians; Assy-
rians and Hittites. All of these na-
tions used the winged disk as their
emblem of the sun god. The Egypt-
ians worshipped animals for the
most part but the Semitic religions
were based upon reverence for as-
tronomical objects. Superstition and
ignorance went hand in hand on
the occasion of an eclipse and so
created the most appalling appre-
hensions.

In India the dragons Bahu and
Ketu were held responsible for the
suffering endured by the sun and
moon at the time of an eclipse. An

English missionary in India tells the
following interesting story by which
the Hindu masses today explain an
eclipse:

"Vishnu, the Preserver command-
ed that the ocean be churned to
get the ambrosia required by the
gods to overcome the demons. The
churning stick was a mountain,
and the churning rope was a ser-
pent. From the sea of milk which
resulted from the churning came
but-r, but there also came a blue
poison. Shiva, the god of Destruction,
swallowed the poison and held it in
his throat. The physician of the
gods brought a golden cup
brimming with ambrosia some of
which Rahu, a famous demon, man-
aged to get; but before it got past
his throat, Vishnu threw his discus
and cut off Rahu's huge head. The
ambrosia drunk, had however, made
his head immortal, so it soared to
the sky. Since then it has followed
the sun and the moon with open
mouth, and when it swallows
either, there is an eclipse.

The most notable eclipse record-
ed in history and the one most
frequently mentioned in literature
and among scholars was that of the
sun at the time of the battle of
the Medes and the Lydians, May
28, B.C. 585. The battle was
suspended and peace was made
through the good offices of Thales.

The most important eclipse, how-
ever, in the history of mankind oc-
curred in A.D. 840 and which caus-
ed the death of Emperor Louis. The
three sons promptly engaged in a
war among themselves which tore
the country to pieces. The war
lasted three years and ended in the
treaty of Verdun, whereby France,
Italy and Germany were carved out
of Charlemagne's vast empire. This
was the beginning of the three
countries named.

The first eclipse observed in Eng-
land occurred February 15, A.D.
538 and is mentioned in "The Sax-
on Chronicle." Columbus made
good use of his knowledge of ec-
lipse among the savages.

BROKE ALL
RECORDS FOR DEEP
SEA SALVAGE

Captain Benjamin Leavitt, Philadel-
phia, has broken all records for deep sea
salvage in recovering a \$300,000 cargo of
copper that had lain since 1800 with the
wreck of the British frigate Cape Horn off
the coast of Chile, said messages received
by the Westinghouse Lamp Company
from the salvage ship Blakely.

Capt. Leavitt and his corps of divers
were reported to have worked "as though
in daylight, at a depth of 318 feet, using
high pressure diving suits of the Captains
invention and pressure resisting deep sea
lights.

"It is Captain Leavitt's ambition next
to salvage the \$1,000,000 to \$6,000,000 of
treasure that lies in the sunken hull of the
Lusitania," the company said.

The Blakely was purchased from the
United States Shipping Board and out-
fitted with the Lusitania job in view, but
was decided to give the diving apparatus
and lights a preliminary test on the Cape
Horn wreckage.

WOMEN'S INSTITUTE
AT MILLERTON

The Millerton Women's Institute met
at the home of Mrs. Greg. Henderson on
Jan. 8th. The meeting opened with the
singing of "O Canada." The president
was in the chair. Roll call was answered
with New Year's resolution; many good
ones were given. The Institute thought it
best not to accept the Rockefeller offer
owing to the great length and width of
country to cover, bad roads and poor
train services for them. The subject of the
meeting was held for housekeepers. It was
well discussed, and useful and helping
things were given. The quilt that the
Institute was going to make will be start-
ed on Monday at the home of Mrs. M.
Monahan, Kirkwood.

GIVEN FIVE YEARS

Chief of Police Coughlan of Chat-
ham took Frank Ryan to St. John
on Friday for admittance to the
Boys' Industrial Home to which
institution he was sentenced for five
years by Police Magistrate Gaynor.
The youthful criminal had been
implicated in several thefts.

Apply Minard's at once. It
halts the pain and stops inflam-
mation. Removes all poison
from cuts and sores.

Keep a bottle on the shelf.
MINARD'S
"KING OF PAIN"
LINIMENT

Here and There

It is anticipated that English or-
ders for Canadian wool will exceed
1,000,000 pounds this year, which
will be a considerable increase over
the business of 1923, amounting to
700,000 pounds.

Definite advice has been received
at Victoria, B.C., that the Japanese
training squadron, consisting of
the "Kishima," "Asma" and
"Asuma" will visit Victoria during
the winter. The squadron will
leave Japan early in December, fol-
lowing the annual fall manoeuvres.

Approximately 60 per cent, or
1,252,004 of the population of
Western Canada live on occupied
farms. Of the balance, 474,516 live
in its 20 cities and towns of over
2,500 and 228,962 in 3,309 small
towns and villages of 2,500 or
under.

The work of re-ballasting the
main line of the Canadian Pacific
between Montreal and Toronto (the
Lake Ontario shore line) has just
been completed. Nearly 2,000,000
tons of crushed rock, or about 35,-
000 carloads, were used in this op-
eration. Officials state that the road-
bed is now as excellent as it can be
made and second to none in the
world.

Successful strawberry culture 300
miles north of the international
boundary has been proven possible
by R. A. Gordon, of Edmonton,
Alta. One hundred plants brought
from Ontario wintered well, bloss-
omed heavily and produced a pro-
lific crop of well-formed, fine-fla-
vored fruit with rich color and fla-
vor. Mr. Gordon has likewise had
much success with cherries, wild
plums and crab apples.

Steady progress has been made
by the macaroni industry in Can-
ada during the past decade. The
Bureau of Statistics reports that,
whereas the Dominion imported
nearly 7,000,000 pounds in pre-war
days, it imported only 1,096,000
pounds and exported 2,229,000
pounds in 1923. Nine factories,
with a capitalization of \$873,000,
now operate in Canada, with an
aggregate output approximating
11,500,000 pounds.

Whaling operations off the coast
of British Columbia this season
have been very successful. Four
stations and six or seven whalers
are working. Some of the vessels
have secured 30 head so far this
year. Whale oil is selling well in
England, while whale meat, canned,
is an established commodity in West
Africa, the entire British Columbia
whale meat pack of last year hav-
ing been sold there.

Arrangements for the re-building
of the old wing of the Chateau Lake
Louise, the Canadian Pacific's
charming hotel in the heart of the
Canadian Rockies, are already un-
der way. The contract has been
awarded to Carter-Halls Aldinger,
of Winnipeg, and Barrot and Black-
ader are the architects. The build-
ing will have a greater number of
guest and public rooms than existed
in the one which preceded it, as the
hotel is now too small for the
crowds which visit it. The work is
to be completed in time for next
season. It will be recalled that the
old wing of the Chateau was de-
stroyed by fire some months ago.

Where They Play Golf All the Year Round

In the Empress Hotel Gardens. At the top, inset, a view of the Malahat drive. Below, one of the many Public Golf courses for which Victoria is famous and at the right a photograph taken from the verandah of the Empress Hotel with a glimpse of the Parliament Buildings through the columns.

Famed for a mild, equable climate, a scenic setting equalled to the
choicest English beauty spots, a resemblance which has led to the
appellation of "A Little Bit of Old England," and the up-to-dateness of a
modern western city has combined to make Victoria, the Evergreen City,
one of the principal tourist cities of the North Pacific coast throughout
the entire year.

Victoria, which with its suburbs has a population of 60,000, is also
the capital of British Columbia, the legislative buildings forming an
attractive picture for the new arrival disembarking in the inner harbor.
The city, located on the southeast extremity of Vancouver Island, is
practically in the same latitude as Montreal, Toronto, Winnipeg and other
eastern cities, yet because of the warm Japan current that fringes British
Columbia's coast, Victoria enjoys the year round a climate unsurpassed
in the Dominion. The mean temperature in winter is 42 degrees and in
summer 61. Coupled with this is an average yearly rainfall of only
27.45 inches, less than half the average precipitation on the adjacent
mainland.

With this salubrious climate outdoor sports are possible the entire
year, five or six golf courses being available in and around the city.
For the motorist, not only Victoria but the entire Vancouver Island
provides drives of varying lengths into a territory that has been named
a "Thousand Miles of Wonderland." Greatest of all these is the famous
Malahat Mountain drive running north from Victoria and rising to more
than 1,250 feet above the sea level, affording a view of sea and mountain
unexcelled.

In and around Victoria are sufficient tourist attractions to keep the
newcomer busy for many days. These include the Butchart sunken gar-
dens, transformed within the last decade into a veritable fairyland of
flowers, shrubs, lawns, roses, waterfalls and lake; the astrophysical
observatory with the second largest telescope in the world, and 1,400

acres of beautiful parks featuring Beacon Hill Park virtually in the heart
of the city.

In the summer more than a hundred shady beaches and romantic
little bays dotted along seventy miles of water frontage lure the holiday-
maker. Some face the Straits of Juan de Fuca and open to the sweep
of the Pacific Ocean tides, while others are almost landlocked, with clear,
unruffled waters.

Traveling to Victoria from the mainland is one of the joys of a
holiday spent in the capital city. An 82-mile trip through landlocked,
sheltered waters past evergreen islands, brings the traveller from Van-
couver. Frequent service on palatial steamers of the Canadian Pacific
Railway is afforded to Victoria from Vancouver and Seattle direct, while
a further steamer to Nanaimo affords an optional route. Rail connection
is made between Nanaimo and Victoria.

As a further development of Victoria as a winter resort, The Crystal
Garden, an elaborate amusement center, is being erected near the
Empress Hotel. It will be opened for Victoria Day Celebration next May,
a steel and concrete structure with 36,000 square feet of glazed roof
surface. The central feature of the Crystal Garden will be a huge salt
water swimming pool, the largest on the Pacific Coast.

Nearby the Empress Hotel, overlooks the inner harbour. Located in
spacious grounds, beautiful alike in winter and summer with roses, holly
trees and other shrubs and flowers. This deservedly popular hothouse
has been the temporary home for thousands of visitors.

To the tourist from the inland cities especially, Victoria affords a
splendid opportunity to view the ever-interesting scenes of an ocean port.
Practically all in-bound and out-bound Pacific liners make Victoria a port
of call on their way to Vancouver and Seattle. In this way, the Victoria
visitor is brought closely in touch with the movements of shipping to and
from Australia and the Orient.

Local and General News.

COUNTY COUNCIL

The Northumberland County Council convenes in annual session at the Court House today.

Read Stables' Grocery Annual January Sale Advt. in this issue. It offers many opportunities for real savings.

CAN'T BE DONE

It is just as well to make up our minds right at the start that we can't get through 1925 on the momentum we gathered in 1924.

ASSISTED AT INSTALLATION

On Friday evening, W. James Carter, Mr. Alward Crocker, W.J. McKay and the Rev. Robt M. Brody of Millerton paid a visit to Douglastown I.O.O.F. Lodge where they assisted Deputy Grand Master D. Anderson in installing the officers for the next six months.

BY-ELECTION FEB. 5TH

The writ for the by-election in Gloucester County to fill the vacancy in the Provincial Legislature caused by the elevation of Hon. J. P. Byrne to the Supreme Court Bench was issued last Thursday. Polling will take place Feb. 5th and nominations one week earlier, Jan. 25th.

ENCAENIA MAY 21ST

The encaenia of the University of New Brunswick has been set for May 21st, one week in advance in order to permit of the alumni reunion of 1915 being under better weather conditions. The Associated Alumni made the request at their semi-annual meeting in St. John. The university athletic association will hold the university track meet during the reunion and the dramatic association will repeat the college play at the same time.

GLOUCESTER BY-ELECTION

Commenting editorially upon the forthcoming by-election in Gloucester county, the Gloucester Northern Light, Bathurst, says that the Hon. I.C. Rand will no doubt be chosen as the Government Party candidate. However, it is not likely that he will be elected by acclamation as the Opposition are said to be looking for a prominent and popular man to place in the field and the contest may be a close and exciting one under the circumstances.

BOOK SHOWER

The C.W.L. held a successful Book Shower in the assembly hall of St. Mary's Academy on Wednesday evening. About 125 books were received besides a few dollars in cash. The books are for the Children's Library of St. Mary's Academy and Miss Molly Hennessey presented the Library with a very nice sectional book-case. An enjoyable evening was spent in cards, refreshments being served at the close of play. The prize winners were:

Auction Bridge—Mrs J.A. Legere and Mr. J. Legere
Auction Forty Fives—Miss Bessie Young and Mr. T.H. Whalen

BABY'S COLDS

Children's delicate digestions are easily disturbed by too much "dosage." Still, the little ones' cold troubles cannot be neglected. At the very first sign of croup, sore throat, or any other cold trouble, apply Vicks VapoRub over the throat and chest. There is nothing to swallow—you just rub it on. Colds go over night—croup is usually relieved in 15 minutes.

CAN SOLEMNIZE MARRIAGE

Rev. J. S. McKay, Millerton has been registered to solemnize marriages.

MIRAMICHI HOSPITAL

The Secretary acknowledges with thanks contributions from the Highland Society

Annual Grant \$250.00
Donation to Nurses' Home 100.00

39TH ANNIVERSARY

On Monday, January 5th a number of the friends of Mr and Mrs. Fred Esson of Millerton called at their home and tendered them a surprise party it being the thirtieth anniversary of their wedding. A number of useful and expensive presents were received.

The evening was spent in game and social intercourse and all enjoyed themselves thoroughly. Delicious refreshments were served during the evening.

UNIQUE CALENDAR

The Miramichi Safety League which is a branch of the Canadian National Safety League is distributing a unique calendar. Each month is illustrated by a scene calculated to drive home the principles of the League.

For instance, January is adorned with a group of workers and underneath is the following: "To work safely is of the utmost importance to us all. Let us co-operate to make 1925 free from lost time accidents."

That for March: "Carelessness often means the hospital or the cemetery."

CURLING NOTES

Play between Newcastle and Chatham for the Jardine Cup, at present held by the Newcastle Club will be held this week. The local skips elected to play are: J.H. Sargeant, Wm. Gifford, A.S. Demers and P.N. Brown.

The local skips elected to play at Campbellton in this year's annual North Shore Bonspiel on Thursday and Friday Jan. 29th and 30th are: John Russell, Allan Ritchie, K.W. Crocker and D.S. Craighan.

A rink composed of R.C. Clark, Thos. Clarke, G.P. Burchill and Allan Ritchie will participate in a friendly game in Halifax to which city one rink from each Curling Club in the province has been invited.

THE COUNTY COUNCIL

In years gone by the Municipal Council was considered to be the governing body of greatest importance to the ordinary citizen of the County. In its hands were placed the purely domestic and intimate details of government in which every citizen was interested, and as a result the position of representative to the Council from a parish was sometimes keenly contested, particularly when it was believed that taxation of an unnecessary nature was being placed upon the ratepayers. The time has now come, however when the Municipal Council has about as much control of taxation as a lone horse in Newcastle has on the price of hay. The Provincial Legislature has pre-empted almost every taxable liberty of the Municipal Council by the simple but effective method of permitting it to vote amounts for such services as Provincial Hospital, Central Hospital; Board of Health, Roads and almost every purpose and when they refuse or amend an assessment having the power to compel it. Unless this paralyzing power of the Provincial body is some day curtailed the county council as a governing unit will soon be a mere shadow.

The Greatest Event of the season — Stables' Grocery Annual January Sale. — Now on.

CALENDAR RECEIVED

We acknowledge with thanks, a beautiful 1925 calendar from The Lounsbury Co. Ltd.

LEACOCK IN MONCTON.

Prof. Stephen Leacock of Montreal addressed a large audience in City Hall Saturday evening his subject being "Frenzied Fiction."

REMOVED FROM OFFICE

Last week's Royal Gazette announced that Joseph P. Manderson, Newcastle had been removed from the office of Sub-Inspector under the Intoxicating Liquor Act, for cause.

RAIN MUCH NEEDED

People in this vicinity as well as the outlying districts have been hoping that the weather man would furnish a January thaw. Last Tuesday a slight rain fell but only enough to make a hard crust. The wells have been very low in water for some time and in many cases are dry. A good heavy rain would be of great benefit to those who depend on the wells.

DERBY NO. 112 LODGE I. O. O. F. INSTALLS OFFICERS

On Wednesday evening Deputy Grand Master D. Anderson installed the following officers for Derby No. 112 Lodge I.O.O.F.:

- N.G.—James Carter.
- V.G.—Alward Crocker.
- R.S.—E. Bryenton
- F.S.—J. McKay
- Chaplin—Rev Robt. M. Brodie
- Treas.—C.C. Crocker
- W.—Perley Bryenton.
- C.—E. Bell
- O.G.—W. Parks
- J.G.—D. Delano
- R.S.N.G.—J. Betts
- R.S.N.G.—R. Vanderbeck
- R.S.V.G.—E. Allison
- Y.S.V.G.—G. Delano
- R.S.S.—M. Esson
- Y.S.S.—R. Vanderbeck

At the conclusion of the installation of the officers a well served supper was given by the Secret Rebekah Lodge, for which they deserve great credit.

New Brunswick Woman Dead in West

Victoria, B.C. Jan 16—Mrs Mary Carter wife of William D. Carter Attorney General died Wednesday night, aged 51. She was born in Richibucto, Kent Co. and has been a resident here six years. She is survived by her husband, also by one daughter, Wilma and one brother J.D. Stevenson of Calgary.

Agents Wanted

\$75 A WEEK, MAN OR WOMAN WANTED with ambition and industry, to distribute Rawleigh's Household Products to steady users. Several fine openings in nearby cities and towns. We train and help you so you can make up to \$100 a week or more. No experience necessary. Pleasant, profitable, dignified work. Write today. W. T. Rawleigh Co. Ltd., Montreal P. O. Dept. 9452

LAKE'S
(THE STORE FOR MEN)

FARMERS ATTENTION

McCready & Sons, Ltd.; the only manufacturer of pickles and vinegars in Saint John, are unable to get sufficient cauliflowers and cucumbers in New Brunswick to supply their plant, according to a statement made by W. W. Chase of that company. More vegetables would be bought in this province if the vegetables could be secured. McCready & Sons Ltd, supply some farmers with seeds and buy the crop from them, but have also to import. This firm was established 40 years

ago by the father of the present head of the concern, and 25 people are regularly employed. Mr. Chase urges that the buy at home movement be applied to his plant.

YOUR KIND ATTENTION

Have you paid your subscription to "The Union Advocate?" If not please do it today, while you have it in mind; or you may forget about it again. It is so easy to forget about the little things

Radio fans will be able to hook up with a Ray to Kay report from the ringside when Corona and Lunar face each other January 24. Details of the total eclipse which promises to be the show of the century despite the fact that Tex Rickard is not on the committee of arrangements, will be broadcast from an airplane "parked" some two and a half miles in the air. Major William D. Henaley, Jr. will give out the radio report which will be picked up by W.J.Z. and re-broadcasted.
