DUTCH WILL SURRENDER EX-KAISER

W. Hohenzollern Will be Turned Over to the Allies According to a Dispatch From The Hague.

London, May 12.—The Dutch Government has decided to surrender the Kaiser-German emperor to the Allied and associated powers' according to a dispatch from The Hague to the National News.

The German delegates to the Peace Conference eventually are working hard to absorb in detail the demands embraced in the lengthy peace treaty. They seem, however, to be putting forth their objections to the document, article by article, when demands are encountered, against which they consider they have reason to demur.

In the meantime Marshal Foch is reported unofficially to have made preparations to return to the front on Monday.

Further notes have been forwarded to the French foreign office by the Germans, in addition to the representations made last week by Count von Brockdorff-Rantzau in seeking modifications of terms in the peace treaty that "no nation could endure."

These communications deal with the subjects of prisoners of war and labor legislation. The labor clauses are satisfactory to the Germans, who, however, declare they do not go far enough and suggest a labor convention at Versailles to discuss the points raised.

President Wilson is declared to have actively collaborated in the replies to the first communications of the Germans, in one of which it was set forth that the Allies could admit of no discussion of their right to insist upon the terms of the peace treaty.

The peace delegation has departed from Versailles for Berlin, undoubtedly for the purpose of discussing the peace situation with the German Government.

RADER RAPS PEACE PACT

Depl'es Omission of God's Name From Covenant of the League of Nations.

Toronto, May 12.—"If God's name has been left out of the Covenant of the League of Nations there will be nothing to it," Paul Rader's stern arraignment of the allied nations from the platform of Massey Hall last night was greeted with a volume of applause that fairly shook the building. "I am not here to knock," he said, "nor here to tear down anything, but if His name has been left out of the preamble, if they have not turned it over to God, I want to say it will not work."

THE FAILURE OF MAN. With the inspiration of the biggest gathering he has ever had in Toronto before him the Chicago evangelist seemed to put every ounce of energy and strength he had into his address. His text was along the line of man's failure to make anything else out of earth but a world upside down, and with sweat streaming from his face he rehearsed and expounded on man's failures. God's intention, he said, was that man should be the most independent thing on earth. Man wasn't going up, he had been up in the Garden of Eden and he had come down. And until he went before his Creator on his bent knees and admitted his failure the world would never be in any other state than that of turmoil.

"There is no doubt," he said, "that the world is upside down, and it seems to me that she will never get right side up until she acknowledges Jesus Christ as King and Ruler and Lord of all. Outside of Christ there is nothing but a sword for humanity. There is nothing ahead in the program of God but the awfullest tribulation this world has ever had, and let me tell you it is not very far ahead. We are entering into the awfullest terror and tribulation that we have ever known on earth."

HOW COMES THE HUN TO IMAGINE THIS

Paris, May 12.—An official note issued yesterday says that a German correspondent to The Neue Wiener Tageblatt sent a despatch that the hotel at Versailles where the German delegates are housed is full of spies acting as hotel attendants and that microphones have been installed in all the rooms.

CONFERENCE IS BEING HELD OVER WAGES

New Welland Ship Canal Employees Representatives and Contractors are in Session this Afternoon

A joint conference is taking place in the Carpenters Hall this afternoon between representatives of the Government, the Contractors and representative of the organized workers employed on the new Welland Ship Canal for the purpose of discussing the new wage schedule which has been submitted by the men.

The workers are represented at the meeting by R. Riley of Hamilton (for the machinists), J. Noble of Toronto (electricians), C. H. Newman, Niagara Falls (steamfitters), W. Rodgers, Kingston (boilermakers), J. Marsh and J. MacSwern, Niagara Falls (carpenters), F. H. Healey, Niagara Falls (dredgers), hoisting and portable engineers) and J. Hunter of Niagara Falls (painters).

Representatives are also present from the Dominion Dredging Company, who have a contract for number one, Baidry, Verberg and MacKinnon contractors for number two section, The Confederation Construction Company for number three and the Canadian Dredging Company who have the contract for number four section.

It is expected that Fair Wage Officer E. N. Compton of Toronto, will also attend.

The men's representatives expect to meet Sir Adam Beck some time this week for the purpose of going into the wages question.

The new tentative agreement which is addressed to the Hydro Electric Commission the Contractors and the Niagara District Trades Federation calls for the following:

The New Schedule. An eight hour day or a 44-hour week. A revised scale of wages to conform with the following schedule: Bridge and Structural Iron Workers.....85c per hour Blacksmiths.....80c per hour Carpenters.....70c per hour Electricians.....80c per hour Machinists.....80c per hour Painters.....70c per hour Steam Shovel and Dredging Section: Engineers.....\$212 per month Cranemen.....\$162 per month Firemen.....\$127 per month Watchmen.....\$5 per day Steam and Operating: Drag Lines and Cable Ways.....\$212 per month Locomotive Cranes (Orange Peels and Clam Shells).....\$7.50 per day Two Drum Hoists.....\$7.00 per day Steam and Electric Locomotives: Compressors, Pile Drivers, Rapid Unloaders, Speeders, Steam Rollers, etc.....\$6 per day Firemen, Watchmen and Pumpmen.....\$5 per day Plumbers and Steamfitters.....80c per hour Helpers.....65c per hour Double time is also asked for all over time, Sundays and holidays.

DEAL CLOSED

The members of the Public School Board met on Saturday night when negotiations were concluded with Dr. Merritt for the purchase of his property facing West St. Paul Street as a site for the new Western Hill School. The property has a frontage of 270 feet, and the price was fixed at \$1,500.

The Board also decided to have representative wait on the Chairman of the Finance Committee of the City Council to get his final answer as to the funds for the new schools.

"Only Way to Rescue Germany Is by Openness and Honesty"

Berlin (via London), May 12.—Maximilian Harden, Editor of The Berlin Die Zukunft, writing on the Peace Treaty, says: "The peace conditions are not harder than they were unpleasant to the greater part of the people. But could one really have expected them otherwise?"

"The Germans have not given very convincing mental guarantees during the six months since the revolution that they have changed their system; on the contrary, the present Government and the press have used the same methods of incitement, the same tricks of bluff as under the old rule of the petty nobility.

"The Government's proclamations and speeches are only bad copies of the Kaiser's time. The whole press resounds in protests and has started a campaign of incitement against the Allies, couched in violent language. It is agitating for refusal to sign the treaty, and to what use? All must know that the Allies, by keeping up the blockade and occupying the coal districts, can force Germany to sign whatever they want.

"The Allies have been threatened that Germany would join the Bolsheviki. But that would be suicidal. The only way to rescue the country is by openness and honesty. The revolution has been a great disappointment.

DIRIGIBLE TO TRY LONG FLIGHT TOO

British Machine of the New Type Will Attempt to Cross the Atlantic Within Three Weeks

Atlantic City, May 12.—Official word that the R-33, one of the new type British dirigibles is to make a transatlantic flight within the next three weeks was given here today at a luncheon in honor of Brig-Gen. D. Charlton, a British air attaché. He was the guest of the Pan-American Aeronautic Convention.

"It is intended to send a dirigible across to this coast this month, or if something unforeseen occurs, as early as possible next month," Gen. Charlton said. "As to the actual terminus I have strong hopes it will be Atlantic City."

STARVED TO DEATH

Whole Families Wiped Out for Want of Food With N.body Available to Summon Aid.

Port Arthur, May 12.—The inroads of influenza on the Indian population of the district are revealed in a statement by Indian Agent Brown, showing a recent decrease of 200 in a former total population of 1,600. While the epidemic was raging members of several families were all taken sick and starved to death, as nobody was available to summon aid.

Many of the women and children have lost their supporters, and every hand has a number of aged widows and cripples. These are so scattered and they are much in need.

The funeral of the late Frederick V. Stevens, who died at Kamsack, Sask., on April 30, was held from the residence of his mother, Mrs. E. L. Stevens, 65 Henry street, to Victoria Lawn Cemetery, Rev. C. H. Smith, rector of St. Mark's Church, Niagara, assisted by the Rev. Canon Broughall, conducted services at the house and graveside. Simcoe Walker, Charles Stevens, Charles Vanderlip, Fred Vanderlip, George Shaw, Lannon Coughlin, acted as bearers.

The music lovers of this city are looking forward to a rare treat on Wednesday night in the I. O. E. rooms, when the Mozart Club will put on one of their excellent recitals, assisted by Miss Doris Frampton soprano, of Beamsville, and Master Ted Bramah, violinist, of this city. The programme, which will commence at 8.30, will be of unusual interest.

The Canadian Trade Commission is informed that catalogues from English manufacturers sent to Spain before the war were frequently taken to the nearest German house. The German naturally said: "I can do much better for you," and go the order. Canadian exporters must see to correspondence in foreign languages.

Export trade is not a hidden art like witchcraft or fortune-telling. The Canadian Trade Commission believes dozens of firms in Canada could score in the foreign field if they formed "groups of industries."

Liberals of Algoma, Nipissing and Timiskaming districts will hold a convention at North Bay on the 4th of June to form a district association.

WAS A VISITOR HERE.

Grandma Beaver, hale and hearty celebrated her 143rd birthday at the Aged Women's Home Toronto, on Saturday. If the Journal is not mistaken she came to St. Catharines with a Salvation Army Silver Band a couple of years ago and was the object of much interest as she sat in Montebello Park during the sacred concert on a Sunday afternoon. She was remarkably active at that time.

G.T.R. TO FIGHT ASSESSMENT ON THE BRIDGE

Gives Notice of Appeal on Ground That Increase is Disproportionate.

Bridgeburg, May 12.—The International Bridge Company will fight the action of Assessor Oscar C. Teal in raising its assessment from \$300,000 to \$1,250,000, according to official notification received yesterday by Town Clerk R. A. Land from Tax and Land Commissioner E. Donald, of the Grand Trunk Railway, the leading holder of International Bridge stock.

The Grand Trunk will appeal the increased assessment on the ground that it is unequal for and altogether out of proportion. The first appeal will be made before the Bridgeburg Court of Revision, which is to meet shortly, but inasmuch as the Council composes its membership, it is probable that the appeal will be turned down. The Bridge Company, no doubt, will fight the case through a higher court in such event.

The Civic Improvement Club, through whose efforts the increased assessment was set, in its campaign for such action gathered data which showed that the Bridge Company's earnings on an average during the past five years were \$600,000, or \$200,000 more than its assessment previously reached. The new assessment of a million and a quarter, if it stands, will increase the Bridge Company's tax from \$7,500 to \$30,000, approximately.

MEN WITHOUT A COUNTRY.

Niagara Falls, Ont., May 12.—Undoubtedly there are quite a number of young Americans to-day who helped out Britain in the war, who, like Private Royal Carmichael, of the 15th Canadian Battalion, are men without a country, and will have to make application to the United States for reinstatement as citizens, unless Uncle Sam passes a law covering the situation.

Private Royal Carmichael in 1914 read of the war in his Kentucky home and hearing they wanted recruits in Canada, lost no time getting here. He reached Niagara Falls, and in this city was directed to Toronto, where he joined the 15th Highlanders.

MANY LEAVE FOR ENGLAND

Welland, May 12.—Large numbers of English, Irish and Scotch residents of this city and district are flocking back to the Old Country. Already this week a party of thirty left to sail for England, and yesterday another large group left.

SATURDAY FAVORED

The consensus of opinion around the City is that Victoria Day should be observed on Saturday May 24th and not on Monday, Ald. Westwood and other members of the City Council have interviewed the majority of the retail merchants who nearly all favor holding the holiday on Saturday.

During this week Messrs. McGill Patrick, Gilbert, MacGregor, McIntyre, Inkster and Shannon will visit the different Auxiliaries on the "Forward Movement."

Gunter Frank Greene, son of Chief of Police Greene arrived home from overseas last night and was given a warm welcome by his parents and a host of friends.

The Chief of Police of Port Dalhousie is complaining about the tardiness of dog owners in that village who have not yet taken out a 1919 license. The fees were due May 1.

MANY LOCAL PEOPLE WANT PASSPORTS

Large Numbers Leaving for England and the United States to Take up Their Homes There.

A local railway official stated on Saturday night that it was surprising the number of people from this district who are engaging passage to England at present. During the past three or four weeks there has been a steady demand for passport forms and tickets to the old land by people who are going over to make their homes in the British Isles.

A big percentage of those booking passage are returned Canadian soldiers who are more or less dissatisfied with conditions in Canada and are going back to England to take positions as they claim that the opportunity for employment in Canada has been sadly curtailed since the war began, and that there seems no possibility of any modification of some of the Orders-in-Council passed by the Union Government under the War Measures Act.

To the U. S. Too. And not only England and Scotland but the United States as well is getting a large number of Canadians who propose to make their homes in Uncle Sam's domain. Last week over seventy five skilled mechanics from this section crossed the border and made application to take out first citizenship papers in the United States and it is expected that many more will follow suite.

SOME DAMAGE AT SEAFORD CAMP

Minor Grievances Resulted in Wrecking N.C.U. Mess and Seizure of Beer.

London, May 12.—The reports of disturbances on Friday night last in the Canadian Camp at Seaford turn out to be not so serious as those at Kimmel Camp, and so far as is known no grave injury or loss of life has occurred, but there has been considerable damage.

The affair arose over minor camp grievances chiefly in connection with the prohibition of week-end travel by a rule enforced 18 months ago in response to the Government's urgent request to restrict railway traffic. There was apparently irritation also over other unimportant regulations, which culminated in regrettable disorder, the principal phase of which was an attack on the canteen and seizure of beer. The non-commissioned officers' mess was wrecked, but order was soon restored.

Headquarters officers are now visiting the camp and an enquiry is being held.

OFFER TO MANUFACTURERS

Metal Trades Federation Will Send Men to Table Own Schedule.

Brantford, May 12.—The newly chartered Metal Trade Federation of Brantford at a secret meeting Friday evening decided to end notice to the manufacturers of Brantford affected that three representatives of each of the trades in the Federation would be willing to meet with their representatives any time before May 15, in an endeavor to agree on the proposed schedule of hours, wages and conditions, and thereby avoid a strike on that date. The Executive of the Federation was authorized to appear before the Industrial Investigation Commission when that body reaches here on May 22, to present the views of the men in the Federation.

FOUGHT AGAINST BOLSHEVIES

Winnipeg, May 12.—Speaking of work done by the Canadians at Valdivotok, Capt. J. King, now on his way east, said there was practically nothing in the way of actual fighting, so far as the Canadian Force was concerned. There was trouble now and again in the interior, chiefly of activities of Bolsheviki, and Canadian detachments would be sent along with British, Japanese and other allied forces to restore order, which generally would be speedily done.

MUCH ADIEU ABOUT NOTHING

To convey the inference or suggestion to the public that because he did not want reporters present at the joint conference last week for the discussion of the school question and city finances, the Mayor was trying to hide something from the ratepayers which they should know, is taking undue advantage of a circumstance which scarcely needs to be enlarged.

There are times, as the Editor of the Standard knows, as a former Mayor, when it is best to discuss internal matter without too much publicity. There are times, also, when over-zealousness on the part of a newspaper to publish what it likes when it likes leads only to controversy of a protracted nature.

It never has been the policy of the present Mayor to withhold any information that ratepayers should have. Our newspaper instinct is strongly enough developed to lead toward publicity in every way on every public subject except where it is felt the best can be accomplished by keeping certain things from print.

Extremes meet in the types of samples of goods for the Rumanian Government sent for the Canadian Trade Commission's inspection. A few are perfect, many are slovenly and unattractive.

Until She Tried "Fruit-a-lives" - Made From Fruit Juices

112 Coburg St., St. John, N.B.
"I feel I must tell you of the great benefit I have received from your wonderful medicine, 'Fruit-a-lives'."
I have been a sufferer for many years from violent headaches, and could get no permanent relief.

WHAT EXCHANGES SAY CANADA TAKING A STEP UP.

Stratford Daily Beacon: There is a difference between having no "truck or trade with the Yankees" and having a permanent representative at Washington for this country, whose chief duties will be to promote trade with the United States, although there will be other duties to perform.

MR. LEMIEUX DIFFERENT.

Woodstock Sentinel-Review: If any man had a right to feel aggrieved by the action of the Liberal press it was Sir Wilfrid Laurier. But Sir Wilfrid did not find it necessary to impute improper motives. He regretted, no doubt, the falling away of old friends and supporters, but never a syllable escaped his lips suggesting that he questioned the honesty and sincerity of those who differed from him.

ONTARIO'S WATER POWERS.

Kingston Whig: The Ontario Government was the first to seriously take up this great question of public ownership by the development of the Hydro system, and it has met with unqualified success. The water powers of the Province are within the jurisdiction of the Province, and before the Dominion could in any way interfere with Provincial rights and Provincial administration it should show valid cause for such interference.

A meeting of the metal trades workers of this city has been called for to-night, when it is expected that several important questions will be discussed.

RADER RAPS PEACE PACT

(Continued from page 1) article criticizing the statement at the Peace Conference for leaving God's name out of the Covenant, and paused to express astonishment at the international contempt for a Supreme Being.

"I want to say, though," he declared, "that there is more respect for God shown in the Dominion of Canada than there is in my country... much as I regret to say it. Never have I seen so much reverence for the Almighty God as I have seen in the Dominion of Canada and I thank God for it."

RADER RAPS BOLSHEVISM.

Bolshevism, he declared to be the antithesis to Christianity. "Bolshevism is the broadest kind of rotten individualism," he exclaimed. "Its doctrine is responsibility to nobody and everybody goes out to get what he wants for himself. This old world no sooner gets its head on the head of the monster of militarism than another serpent, Bolshevism, even harder to fight, takes hold of the human family, crushes it down to one class, to the class that works with its hands, and leaves out the men who labor with their brains."

CONFERENCE IN SOUTH AFRICA NEXT YEAR OF RETURNED SOLDIERS.

Ottawa, May 12.—The Dominion command of the Great War Veterans Association Saturday received a cable message of greeting from the National Union of Mutilated and Returned Soldiers of France in reply to a letter from the Dominion Secretary, in which he outlined the work of the association throughout the Dominion.

HOW BRITISH POLICY HELPS CANADIAN TRADE.

Ottawa, May 12.—Further proof of the benefit to Canadian trade of the new British policy of preference to goods from within the Empire is supplied by a cablegram received by the Canadian Trade Commission from the Canadian Mission in London in reply to an inquiry concerning the pulp and paper trade position.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.
When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound."

BANDSMEN WELCOMED HOME

Brantford, May 12.—The bandmen of the "Little Black Devils" (90th Winnipeg Rifles) came home over the week-end. The band went overseas as the regimental band of the 125th Brants, but when the First Division was split up the band was detailed to the Winnipeggers and was with them through France, Belgium and Germany.

Mr. and Mrs. Charles Jerys have moved from 12 Haynes Avenue into the house at 14 recently made vacant by Mr. and Mrs. Walter Leeper, who have moved to Woodlawn Avenue.

**For Colds, Catarrh or Influenza**

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable, blood-maker and herbal tonic made from wild roots and herbs, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your cold, and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alterative and tonic is wild cherry bark with sillingia, which is so good for the lungs and for fevers; also Oregon grape root, blood root, stone root, Queen's root, all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making, and are best for scrofula. By improving the blood they aid in throwing off an attack of influenza.

Catarrh should be treated, first, as a blood disease, with this alterative. Then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy. Send 10c for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to L. Pierce, Invalids' Hotel, Buffalo, N. Y.

music by the choir under the leadership of William Suckling rendered some excellent music. Miss Lois Phelps taking the solo parts in the anthems in a very pleasing manner.

Starting today the Bank of Nova Scotia are on their new time, to a.m. to 3 p.m., with the exception of Saturday when they close at noon.

Mr. and Mrs. Fisher of Buffalo, N. Y., motored into town on Sunday and spent the day the guests of Mr. and Mrs. David Ramsay, Merritt Street.

The regular meeting of the Town Council will be held tonight.

Joseph Gibb and William Bushanan returned to their homes last night after being overseas for the past three years. Many of their friends were at the Grand Trunk Station to meet them.

Elmer Richardson, son of Mr. and Mrs. Charles Richardson, Elm Street, returned home after a considerable stay overseas. He is looking fine and receiving a warm welcome by a large number who called at the Richardson home on Sunday.

Mrs. R. Robertson, of St. Catharines spent Sunday the guest of Mrs. George S. Wilson, Merritt Street.

Mr. and Mrs. Thomas Wheeler, St. David's Street, were in Toronto over the week end. They returned home last night accompanied by their son, Charles Wheeler, who has been serving overseas for some time past.

Owing to the concert which is being held in the Methodist Church tonight the senior Epworth League meeting will be withdrawn. The Junior League will meet on Wednesday night.

Mr. Theodore Niles who has just returned from overseas has resumed his decorating business, and no doubt he will be kept very busy owing to so much decorating to be done this spring. The residents of Merrittton and

**FARM LOANS for SOLDIERS**

**How Returned Men Can Become Farmers**

**EVERY** returned man who wants to become a farmer and is qualified for that vocation can get real, practical help through the Soldier Settlement Board.

The Government's programme includes—

- (1) The securing of land,
- (2) The loaning of capital needed to purchase equipment and live stock, and erect buildings.
- (3) Agricultural training and farm supervision.

**The Loans Granted**

Loans may be approved by the Loan Advisory Committee, according to the needs of the settler, on the following basis:—

- (1) Up to \$4,500 on the purchase of land.
- (2) Up to \$2,000 on the purchase of live stock, implements and other equipment.
- (3) Up to \$1,000 on the erection of buildings and other permanent improvements.

The first and third are repayable in twenty-five equal annual instalments; the second in four equal annual instalments beginning the third year, no interest being charged for the first two years.

On all these loans the low interest rate of five per cent. will be charged. A cash payment of ten per cent. of the purchase price will be required on the land—but this may be waived by the Board in special cases.

Qualified settlers on Dominion lands may secure loans up to a maximum of \$3,000 on a plan similar to the above for farm equipment, live stock, and erection of buildings, provided security offered justifies the loan.

**To Whom Granted**

To be entitled to these privileges a man must have served with an honourable record in the Canadian, Imperial, or British Colonial forces in an actual theatre of war or outside of the country in which he enlisted (service in U.S. or Bermuda not included). Others eligible are:

- A British subject who lived in Canada before the War and who was on active service with the Allied Forces in an actual theatre of war.
- A member of the Canadian Expeditionary Force who served in Canada only, but is in receipt of a pension for disability occasioned by such service.

These benefits are also granted to widows of such men.

**A Broad Policy**

All soldiers whose best interests will be served by taking up farms will be assisted. Only suitable land will be approved. That is (a) land that is near to existing railways or organized communities; (b) land that will make money for the soldier; (c) land that will provide a first class home.

**Where to Apply**

Apply to the Soldier Settlement Board in the Province in which you live. The address is given below.

**SIBERIA OFFERS BIG MARKET FOR CANADA**

Present Currency Situation, However, Forbids Extensive Business

Toronto, May 12.—"There is no question as to the wealth or future of Siberia," claims Mr. D. Clawson Rea of the Royal Bank of Canada, who has just returned from Vladivostok, where he opened up a branch office of the bank. Mr. Rea, however, does not consider the present an opportune time to enter into an extensive business relationship with Siberia. He contends that under existing financial conditions it is unwise to do anything further than prepare to take action when the intrinsic value of roubles has been established or until a new currency has been set up under inter-allied control, which could be used for the purchasing of food-stuffs for the interior, where an acute shortage exists. An action along this line would enable Canada to also send manufactured goods into the country almost immediately. But under present circumstances there is a constant issuance of notes without sufficient security in reserve. Just now the financial status of the country is practically in a chaotic state.

"Until some improvement is made in this respect," Mr. Rea claims, "or until some stable Government currency is established, it is almost impossible to hope for trade in any considerable quantities with foreign countries. Were it not for the constant increase in the number of roubles in circulation the clearing up of the railway situation, which is probably under allied administration and which went into force recently, would result in an improvement in the currency situation, and it may have some effect in this direction but it is not expected that a very marked improvement will take place for some months."

**CURE FATIGUE! BUILD UP! GET FAT!**

**ONCE YOU START USING THE NEW BLOOD-FOOD REMEDY YOU'LL GET WELL QUICKLY**

You're nervous and uneasy. Appetite is poor. Sleep is hard to get. Still worse, you are thin and fagged out. Work must be done, but where is the strength to come from? Make your blood nutritious and you'll have lots of strength. You only hope is Ferrone, an instant blood-maker, blood-purifier, blood-enricher. It brings keen appetite, digests food and supplies nutrition for building up all the bodily tissues.

Ferrone makes muscle and nerve-fibre, increases your weight, instils a reserve of energy into the body that defies weariness or exhaustion from any cause.

For men who toil and labor, for the office man, the minister, the teacher to these will Ferrone bring a new life of spirit and robust health.

For growing girls, women of all ages—no tonic is more certain. Sold in 50c boxes by all dealers, or direct by mail from The Catarthzone Co., Kingston, Ont.

Ten "trade groups" to secure foreign orders have been formed through meetings at the offices of the Canadian Trade Commission in the last five weeks.

**GRAIN MIXTURE VALUES**

Oats 34 Lbs., Barley 48 Lbs. the Best Combination.

By Opening Surface to Rains, Many Dollars May Be Made by Increased Crops—Full Directions Given Regarding Starting Early Celery.

(Contributed by Ontario Department of Agriculture, Toronto.)

**A** LARGE amount of experimental work has been conducted at the Ontario Agricultural College in testing grains both singly and in combination for the production of grain. The results of the experiments indicate that there is practically no advantage in growing in combination two or more varieties of grain of the same class. Quite decided advantages, however, have been obtained from certain combinations of grain of different classes.

In an experiment which extended over a period of five years in which oats, barley, spring wheat and peas were grown separately and all the different combinations which could be obtained by having two, three and four grains in each mixture, it was found that in about ninety per cent. of the experiments the mixed grains gave a greater yield per acre than the same grains when grown separately. Of the different combinations, the oats and barley came at the head of the list, giving slightly over two hundred pounds of grain per acre more than when either one was grown alone.

It is important to use in combination varieties which will grow satisfactorily together and which will mature at the same time. Such varieties as the O.A.C. No. 21 barley and the Daubeney, Alaska or O.A.C. No. 3 oats give very good results.

Of twenty-five different mixtures with different proportions of oats and barley used for five years in experimental work it was found that the greatest returns were obtained by using one bushel by weight of each or a mixture of 84 pounds (34 pounds of oats and 48 pounds of barley).—Dr. C. A. Zavitz, O. A. College, Quelph.

**Open Your Surface Drains.**

Drainage—either surface or underground—is essential if farming is to be profitable. With the dearth of ditching machinery, the depleted labour market and the increased cost of underdraining, progress is retarded somewhat. Everything, however, has been done which protracting conditions permit. Yet forty per cent. (40%) of Ontario is in urgent need of drainage. The underdrainage of so much cannot be accomplished in a short period of time, hence that which renders timely service, even though only of temporary duration, must be taken advantage of.

Surface drainage must be resorted to. Several lines will be necessary. Indeed, if the majority of farmers would leave all "finishing" furrows open in the ploughed ground and connect them by opening up cross channels through the lower-lying parts of the field—cleaning out all the furrows thus traversed—a system would be formed whereby the water could be carried to outlets quickly, efficiently and satisfactorily in the early spring.

Not alone to level fields or farms does this apply. Large areas of Ontario are quite rolling, hence naturally drained. Yet, a small open ditch or deep furrow will pay for the trouble necessary to make a change by the greater ease with which water can escape, thus permitting quicker disposal of the same, hence hastening the drying of the land.

These surface drains should be opened at least once per year. The best time to do so is in the late autumn after the fall work is done. Labour can be obtained then with less difficulty and at less cost. The work may be done by hand or by the use of a team if water does not prevent.

Surface drainage, however, is not recommended to take the place of tiling.—Thos. Cooper, B.S.A., O. A. College, Quelph.

**Starting Early Celery.**

The starting of early celery should be done immediately as the seed is slow in germination; requiring about four weeks before ready for the first transplanting. The seed should be sown in flats in a soil very sandy in nature. This soil is pressed down about 3/4 inch in the box and then the celery is sown broadcast over it. The box is then watered through burlap and is left covered with burlap or brown paper until the seed germinates. When the plants are showing two or three leaves they are transplanted into flats, 2 inches each way in soil that is sandy in nature but well-filled with good manure and commercial fertilizer, such of a nitrogenous nature. Good fertilizer is necessary at this stage so that the plants will not receive any check. The plants should be thoroughly sprayed with Bordeaux Mixture when they first break into third or true leaf, so that they will be kept free from blight, and every week after being set in the field.

Another method in use among growers is that of sowing in hot beds. The seed is planted in rows about 4 inches apart; in making these rows they take a piece of wool about an inch wide and press it down on the soil making a furrow about 1/2 of an inch deep in which the seed is sown. It is then covered with burlap or paper as stated before.

Celery to germinate properly should be kept at a temperature of 70 degrees until the young plants are growing in good shape, when it is well to lower it to 55 or 60 degrees.—A. H. MacLennan, Ontario Vegetable Specialist.

Training for the higher branches of foreign trade will be discussed at the suggestion of the Canadian Trade Commission, at the Universities Conference in Ottawa this month.

**Let Us Help You To Save Gas**

Forecasts—Moderate winds clearing. Tuesday fair and a little warmer.

If you are using more natural gas than you think you should be, perhaps we can advise you how to cut down your bills without reducing efficiency.

There are many little ways of doing this. Our experience with thousands of users have shown us that gas may be wasted without the consumer realizing it. This may be true with your meter.

Let us help you correct this. Phone or write for our inspector to call.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT—THE SUPPLY IS NOT EVERLASTING.

**THE UNITED GAS COMPANIES, Limited.**

**ST. LOUIS MAN STIRS LARGE CONGREGATION**

Bishop Quayle Preached Eloquent Sermon at Welland Avenue Church Last Night Which was Much Enjoyed.

**ST. LOUIS**—A man of average height, fair-haired and blue-eyed, with a determined chin, softened by a frequently smiling mouth—that was the first impression a capacity congregation at Welland Avenue Methodist church gleaned of Bishop W. A. Quayle D.D. of St. Louis, Mo., when he addressed them last evening. But he proved a man of many changes. Reading out his text, "My Peace I have Given Thee," he spoke slowly, softly, and a smile of ineffable sweetness was not only on his lips, but in his eyes. He preached on with a rapid fire of sarcasm, epigrams, humor and pathos, which at first came as a shock to the people, then they rallied and even laughed audibly.

For over an hour he talked of the unrest that is sweeping the world and advised the congregation to be calm during this serious time of reconstruction. The War is over and it had taught him a lesson and from now on he does not want anything German.

To hold the interest of the congregation and to keep them keen to the last he adopted the little trick of dropping his voice to an almost whisper at the climax, depending on his lowest intonations to be the most emphatic.

It was one of the most eloquent sermons ever preached in this city and the large number who heard him vended their way homeward firmly convinced that there is only one Quayle.

**HAND GRIPPING THROTTLE**

Engineer Stuck to Post When Fast Train was Wrecked in Canada

Bridgeburg, Ont., May 12.—A preliminary investigation opened Saturday in the wreck of the fast Wabash passenger train No. 8 on Friday morning near Darling road crossing, brings to light that a broken brake beam may have caused the accident, instead of a spreading rail, as was first assumed.

When the cab of the engine, which with two of the coaches, was overturned, was lifted, the body of Engineer Fred Beachley, who was killed, was found with a hand still grasping the throttle, indicating that he stuck to his post right up to the last.

Fireman Emory Bellows, it is presumed, was scalded to death, for his body was found next to the engine boiler, badly scalded. It is thought that both trainmen died instantly.

The 40 or more passengers who were injured have practically recovered. Several are at the Welland county hospital at Welland, suffering from shock and bruises, but none has been hurt seriously. The inquest will be continued today.

HERE AND THERE IN SPORT

By J. C. L.

Although the Willard - Dempsey championship bout is still about seven weeks off arrangements are already being made by local fight fans to attend the battle at Toledo on July 4.

has attracted a fine list of entries. The announcement by Sir Thomas White that the ban on racing would be continued has shattered all hope of a revival of the sport this year so the Guinness race will be the only fixture run off in Ontario this summer.

PURDY TO WORK

Manager Carroll Selects his Battery for the Opening Game of the Standard-Journal Series To-morrow.

The stage is all set for the first game of the Standard-Journal Baseball series to decide the local newspaper championship and the honor of "going south" for the necessary funds to provide an old-time picnic, and weather permitting the teams will get together at the lacrosse grounds to-morrow afternoon at 4:30.

As predicted some days ago, the series will be opened in Major League style, with Ald. Wm. Hill pitching the first ball and His Worship Mayor Elson doing the receiving. Ex-Mayor W. B. Burgoyne will decide whether Ald. Hill's offering is a strike or not.

With the opening ceremony over the game will be got underway at once and from the latest despatches sent from the training camps, both teams are fit as the proverbial "fiddle" and a red-hot contest should be the result.

Reports from the Standard dug-out are to the effect that acting-captain Purdy will be chosen by Manager Carroll to do the slab-work in the first game, "Slim" MacClashen being held in reserve for the second game.

Both teams have selected their official scorers and it is stated on good authority that this job will be looked after by "Speed" Hartman and "Skipper" Canine, both having had plenty of experience at checkers.

The rival managers after a lot of coaxing succeeded in inducing Park Superintendent McClelland to have the seat in the Grand Stand dusted off for the fair sex of newspapermen who will be on hand to cheer for their respective teams, so they should have no fear of sibling even the daintiest of Paris creations.

A Fré Feast. The newspaper men are donating their services to a good cause and gratis at that so admission to the grounds will be through the gate and the fans will have a feast free of charge as their will be no second-storey man at the wicket and for once the citizens can witness good sport without even the cost of the usual war tax.

Several hours after the above was written the Standard management called Captain Booker up on the telephone and requested a postponement of the game owing to wet grounds. Captain Booker consented to honor the request but with great reluctance but insisted that if Old Saul made an appearance today or tomorrow the first game must be played on Wednesday afternoon.

FOOTBALL

Owing to the Windle football field being under water, St. Kitts were unable to fulfill their league game on Saturday. All players were on hand for the 2:30 car, and it caused quite a disappointment on learning that the game was postponed.

SIR BARTON IS DERBY WINNER

Beats Billy Kelly and Under Fire in Famous Kentucky Classic

Louisville, May 12.—Sir Barton, Commander J. K. L. Ross' Starshoot Lady Sterling colt, won the forty-fifth renewal of the Kentucky Derby over a muddy track at Churchill Downs in handy fashion Saturday and gained for his owner \$20,825. Sir Barton carried 110 pounds, twelve less than the top weight, and was ridden by Jockey J. Loftus, who handled his mount in excellent fashion.

Billy Kelly, from the same stable, with E. Sands up, was second by a length away P. Dume's imported colt, Under Fire, finished third. Vulcanite, six lengths to the rear, led the remainder of the field. The time, 2:09 4-5, for the mile and a quarter, was 6.2-5 seconds slower than the Derby record.

Eternal, J. W. McClelland's Sweep-Hazel Barke colt, looked upon as the likely winner, tired after going three-fourth of a mile and finished tenth. Vindex, the Harry Payne Whitney entry, upon which Eastern people placed much confidence, trailed the field after the first half-mile and finished last. More than 50,000 persons, the largest number in Kentucky Derby day history were present.

Sir Barton, at the rail, shot to the front when the barrier was sprung. As the twelve horses swept by the grandstand he was leading Eternal and Billy Kelly four lengths back. At the three-quarters of a mile his lead had been increased to two lengths; at the mile it was cut again to half a length, with Billy Kelly, Under Fire and Vulcanite close up, and at the finish he was going strong.

Sir Barton apparently was under restraint until the stretch was reached. In the last eight of a mile, Sande on Billy Kelly made his bid and his mount responded gamely, but was not quite good enough under urging. Under Fire gained steadily from a slow start.

MERRITTON 3; COLONIALS 3

At Victoria Park, Niagara Falls these teams played their first league game. Play was fast and furious during the entire game with Merritton showing exceptionally clever football.

The Colonial team was at full strength and each and everyone played as if the league itself depended on the result. Their particular stars were Holmes and Littlewood, the latter saving time and again when all seemed lost. For Merritton Shannon in goal was in good form and was very unlucky to lose the last two goals.

McBain again played good football and with Bobby Downes kept Howarth guessing many a time. Bobby scored a dandy goal. The Merritton team justified the confidence put in them by their officials and with the Colonials put up the finest soccer game played in this part for years. Geo. Crighton the referee, contributed to the general satisfaction of all by controlling a fast game in good style.

PEDRO DIAZ DEAD

Panama, May 10.—Pedro Diaz, minister of public works and a former vice-president of the republic, died Thursday night. Senor Diaz, in addition to being prominent in politics, was a successful business man.

LENOIR HAS APPEALED

Paris, May 10.—Pierre Lenoir, who yesterday was convicted by court-martial of having dealings with the enemy and was sentenced to death, today formally appealed from the decision of the court.

BAIL IS ALLOWED FOR CAPT MINARD He Faces to Furnish \$10,000 Required To-day and Get his Release

London, Ont., May 12.—County Judge Talbot MacBeth yesterday heard the application of Capt. Ass R. Minard for bail pending trial on three charges of forgery. Crown Attorney J. B. McKillop agreed that \$10,000 would suffice, \$5,000 to be furnished by the prisoner and two outside sureties to provide \$2,500 each. Minard was unable to produce the recognizances yesterday, but it is reported that he hopes to secure his release to-morrow. When before Judge MacBeth he repeated his Police Court plea of not guilty, and elected to be tried by a jury at the County Court sessions in June.

SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS

Man feels bad all over--feels weak--feels nervous, irritable, gloomy--gets angry at little things that ordinarily would not be noticed. You feel tired mornings. Your sleep does not rest you. You feel nervous. You dream at night. Your memory is poor. You can't concentrate your mind. No appetite. You lose flesh--all run down. You can't understand why.

GENERAL RECRUITING DEPOT, TORONTO WANTED--RECRUITS FOR THE PERMANENT FORCE ENLISTMENT

Applicants for Enlistment must be bona fide British subjects of good character, unmarried and without dependants for whom they intend to claim Government Allowance. Between the ages of 18 and 46. In good health. Not less than 5 ft. 4 in. in height, and 34 inches around chest.

They will be enlisted for a period of two years, and pass a medical examination before attestation.

Corps.—The Royal Canadian Dragoons, Lord Strathcona Horse (Royal Canadians), Royal Canadian Horse Artillery, Royal Canadian Garrison Artillery, Royal Canadian Engineers, Infantry—The Royal Canadian Regiment, Princess Patricia's Canadian Light Infantry, Canadian Permanent Army Service Corps, Canadian Permanent Army Medical Corps, Canadian Permanent Army Veterinary Corps, Canadian Permanent Ordnance Corps, Canadian Permanent Army Pay Corps, Corps of Military Staff Clerks.

Table with columns: Rank, Pay, Field allowance, Total, p. annum, 365 days. Rows include Warrant Officer, Regimental Sergeant Major, Quartermaster-Sergeant, Squadron Battery or Company, Sgt.-Major or 1st Sgt., Squadron Battery or Company, Quartermaster Sergeant, Orderly Room Sergeant, Sergeants, Lance-Sergeants, Corporals, Lance-Corporals, Bomb. or 2nd. Corporals, Privates.

Free Rations, Barrack Accommodation and Medical Attendance or Subsistence at 80c per diem when Rations and Barrack Accommodation not available.

Married Establishment.—When a vacancy exists in the married establishment and this is filled by proper authority, Dependant's Allowance of \$30 per month will be paid to the Dependants of those ranks below Warrant Officer, and to the Dependants of Warrant Officers at \$35 per month. No married or single man with Dependents for whom he may claim Government allowance, is to be enlisted without reference to Militia Headquarters, and only then when there is a vacancy on the married establishment.

Clothing and Regimental Necessaries.—A complete kit of clothing and necessaries will be issued on joining, and periodical issues thereafter during the period of service.

Actual and necessary cost of transportation to the point of enlistment not exceeding \$10 in any case, will be refunded to the man on enlistment, upon satisfactory proof of such expenditure having been incurred.

The Following Trades will be required—Royal Canadian Engineers: Carpenters, Masons, Electricians, Stationary Engineers, Plumbers, Steam Fitters and Helpers, Brick Layers, Telegraphists, Locksmiths, Painters, Paper Hangers, Glaziers Joiners, Cabinet Makers, Plasterers, Machinists, Canadian Permanent Army Service Corps: Automobile Mechanics, Chauffeurs, Clerks, Bakers, Housemen. Canadian Ordnance Corps: Carpenters, Smiths, Tailors, Tent mender, Saddler and Harness Maker, Tinsmith, Fitter.

Special Rates of Pay.—Special rates of pay are provided for Surveyors Draftsmen and various skilled mechanics and tradesmen, and selected clerks filling positions on Subordinate Staffs.

Pensions.—Pensions are paid after twenty years service upwards, according to rank and length of service. Soldiers who have completed not less than fifteen years service, and are incapacitated through infirmity of mind or body, shall be entitled to retire, and receive a pension for life.

Apply to the Officer Commanding Troops, Exhibition Camp, Toronto, for information, or see Recruiting Posters in Post Office at Toronto, Hamilton, Brantford and St. Catharines. Department of Militia and Defence, Ottawa, April 16, 1919.

PREPARING FOR TRANS-ATLANTIC FLYING

(1) Lieut. Harris (on right) explaining Crown kite to St John officers. (2) Starting large Crown kite—box kite resting on the left.

In future days when one takes a casual flight across the Atlantic, in a Detroit flying-flivver, the success of the trip can be credited to the British Air Ministry in general, the meteorological in particular and Lieut. Guy Harris, R.F.M.S., R.A.F., specifically. Lieut. Harris arrived in St. John recently, the only passenger on board the Canadian Pacific Steamship Montclair. He is the commander of the Atlantic upper air investigation expedition which under the control of the Royal Air Ministry will chart every air current and make the air route across the Atlantic as sure and safe as the water pathway. Weather news bureaus will also be inaugurated to furnish up-to-the-second information regarding all aerial conditions.

A representative of the press visited the vessel and examined the special apparatus with which she was fitted for the experiments. At first sight it seems to be simple enough for it consists only of winches, wire box kites, and a motorograph, but the motorograph is itself a complicated and intricate instrument, and kites flying for scientific purposes it not quite the schoolboy fun that many people imagine it to be. The kites used are of three types, and the largest of these, which measures roughly 8 ft. by 6 ft., exerts a pull in a cross wind sufficient to strain the holding power of four men. Besides the box kite there is a crown kite, 16 feet long and 12 feet high, with a main plane and two leeches; the keel kite is smaller and is used mostly as a pilot kite to assist the others up.

There are two winches, one placed on the deck for use when the wind is at, and the other for use when the wind is ahead or abeam. Its use is to pull the kite up to the stern of the ship. By these means the mooring cables which are of fine steel wire very similar to marine sounding cable will be kept clear of rigging and derricks whatever may be the angle from the ship at which the kite is flying. When the soundings are taken two kites are attached to the cable and a pair of light kites are 400 feet behind it one of the larger box kites carrying motorograph. The air cur-

rents and varieties of atmospheric pressure vary in layers upward, and soundings can be taken up to a height of four or five miles. The meteorograph, a comparatively small instrument combining three devices in one, records at the same time, by pen points marking a chart on a revolving drum, the humidity of the air, atmospheric pressure, and the speed of the wind, all factors of the utmost importance in the consideration of flight. If the soundings made from the Montclair are successful a number of ships will be fitted forth with similar gear to that which she is to carry. Soundings in great numbers will be taken, and the information obtained will be distributed by wireless from ship to ship, and to stations in London, Lisbon, the Azores, and Newfoundland. There is also to be an immediate station on a battleship cruising on a definite area between Newfoundland and the Azores. These are the points at which it has already been decided by the Air Ministry to establish ports of call for cross Atlantic air traffic. At each there will be repair shops, spare parts, stores, and petrol for refueling the aeroplanes. The type of machine to be used will be a "flying boat" and thus when the proposed method of gathering news about weather conditions is in full working order, and when in a month's time official cross Atlantic flight by aeroplane begins, as it is hoped it will, pilots will be able to have their machines overhauled to "refill" as it were, the latest tidings of weather ahead at five hours on the journey. Thus the Air Ministry is reducing the risks of flight to a minimum. It was at first proposed that these atmospheric readings should be made by balloons of the type employed by the Meteorological Office in carrying out their latest readings over land, but there are many objections to flying balloons from ships. The kite which is made of fine linen stretched between bamboo is strong and serviceable, and can be folded away for storage in a very small place. It is also cheap to make and quickly turned out. It may be remarked that the officer stationed at Lisbon is to be allowed full use of the observatory there for gathering weather news. The official view is

AFTER SUFFERING A WHOLE YEAR

Mrs. King Was Made Well by Lydia E. Finkham's Vegetable Compound.

Iola, Kansas.—"I was a constant sufferer from female trouble for about a year. I had pains in back and stomach, in fact all over me, and was all run down. A friend of mine was cured of the same trouble by Lydia E. Finkham's Vegetable Compound. I took it and it gave me health and strength and made a new woman of me. I cannot praise your Vegetable Compound too highly, and you may publish my testimonial as it may be the means of helping some other suffering woman."—Mrs. Irene King, 106 West Campbell Street, Iola, Kansas.

The great number of unsolicited testimonials on file at the Finkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Finkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Finkham Medicine Co. (Consultants), Lynn, Mass., for special advice. It is free, ready to bring you health and may save your life.

LONDON PAPER KICKS

Makes Strong Objection to Criticism in Canada of the Officers Overseas. London, May 12.—The Globe, speaking of certain newspaper criticism in Canada of Generals Turner and Currie in the selection of staff officers, says: "We are pleased to be able to give from our own knowledge a flat denial to these suggestions. It is easy for critics sitting in Canada to work up uncalled-for complaints against Canadians who have been doing such splendid service in France, but complaints, to cut any ice at all here, should at least be like stories that are founded on facts."

LONDON'S CAMPAIGN HAS FALLEN SHORT

Red Triangle Objective \$20,000 but Canvas Will be Continued. London, Ont., May 12.—London failed to furnish the \$20,000 asked for by the Y.M.C.A. Red Triangle fund here, the campaign, which had been extended two days, being wound up Saturday night. The results of Saturday's returns were not announced but it is stated that a canvass of a number of individuals will be continued for a time. Officers of the campaign organization and of the Y.M.C.A. spoke appreciatively of the generosity of those who showed willingness to carry on the important functions of the military work of the Y.

TO WITHDRAW PART OF FOREST RESERVES

Intention to Allot About 200,000 Acres Suitable for Soldier Settlers. Ottawa, May 12.—Hon. Mr. Meinhart has an amendment to the Forestry Act which proposes to withdraw certain portions of the Porcupine forest reserves in Saskatchewan, which are suitable for soldier settlement. It is estimated that the portions which may be withdrawn this year will aggregate about 200,000 acres. The greater part of this will be desirable for agricultural production, and about fifty per cent. will be opened for soldier settlement after the Act passes. The allotments will be by soldier grant only, under the Soldier Settlement Act, amounting in each case to 160 acres, with an adjoining 80 acres reserved for disposition at a future time. The 80 acres will be available to the settler for pasturage or otherwise, making his total allotment 240 acres. Decision of the policy of disposition of the additional 80 acres will be made later. Further investigation of these reserves will be needed this season. It is thought there is still considerable acreage in the Porcupine reserve suitable for soldier settlement. It is not the intention to withdraw from the reserve land that which ought to remain and be used for forestry purposes, but it is intended to make available at that is specially suited to crop production. A portion of these lands will be opened to settlers who have already returned, but the greater part will be reserved until Canadian demobilization is completed. Desborough, who was Mr. W. H. Greenfell when a young man, is perhaps the most accomplished all-round sportsman in the world. His performances of the first class range from winning the European championship at a swordman to swimming the Niagara River below the rapids.

LIQUOR DISPENSARIES AS JOBS FOR VETERANS

Brantford G.W.V.A. Ask That Pool Room Licenses be Refused to Aliens.

Brantford, May 12.—At the annual meeting of the Brantford Great War Veterans' Association here Saturday night a resolution was passed urging that all positions in the Government liquor dispensaries of the Province be filled with returned soldiers only. It was also urged that pool-room licenses be refused applicants of foreign extraction.

Rev. C. E. Jenkins was again elected President, and it is stated that his name will be put forward by Ontario delegates for the Dominion Presidency at the Vancouver convention in June. The officers chosen were: President, Capt. C. E. Jenkins; Vice-Presidents, James Shut and A. Boddy; Treasurer, W. Oliver; Executive—H. Smith, H. Walsh, J. A. D. Slemp; C. C. Fiesette, E. Sweet, H. Carcy; Secretary, J. Hutecheon, President Jenkins and Secretary Hutecheon were elected delegates to the Vancouver convention in June.

LAKE OF BAYS IS LOVELY REGION

The Lake of Bays is one of the jewels of a beautiful chain of lakes. It is reached through Huntsville, in the famous "Highlands of Ontario." The name Lake of Bays was well chosen, the innumerable bays affording a constant delight and surprise to the visitor. Against the steep woodland nestle pretty cottages, hotels and summer villas, all these charming summer homes harmonizing with their surroundings of wistful waters and brooding woods. The Lake of Bays being situated at an altitude of more than 1,000 feet above sea level, the air is found to be most invigorating and pure. All the delights of a lake holiday are available with excellent hotels, boarding-houses and farm houses to accommodate the visitor. Three golf courses overlooking the lake. For descriptive folder and full information apply to Grand Trunk Agent or C. E. Horning, D.P.A. Toronto, Ont. m12

HUNDRED SOLDIERS WELCOME

Men of Siberian Force Are Quickly Discharged. London, Ont., May 12.—A hearty welcome was given a party of one hundred officers and men of the Siberian Expeditionary Force who arrived in London this evening. The troops were escorted to Teumseh Barracks where arrangements were made for their immediate release in order to enable them to proceed without delay to their homes.

The Salada Tea Company, TORONTO

Permit me to express my appreciation of your product. Since beginning my Canadian tour in "TEA FOR THREE" I have discovered that after a fatiguing day, a cup of tea refreshes and stimulates me delightfully. But until I tried SALADA, I feel I never really knew tea. Its fragrance is delicious and its effect most beneficial.

Cordially, Elsa Ryan

The foregoing letter is only another illustration of public appreciation of the exquisite quality of "SALADA TEA". Miss Ryan not only prefers SALADA in private life but has chosen it for exclusive use at every performance of "Tea for Three".

Glen Ridge The Ideal Residence Area of St. Catharines

Glen Ridge is by far the most desirable residential subsection in St. Catharines now on the market, and possesses the following enormous advantages:

- 1. It is close to the heart of the city, all lots being within one mile radius of the Post Office and City Buildings.
2. There are building restrictions ensuring the erection of only the most desirable dwellings.
3. Beautiful surroundings and park areas.
4. Prices moderate and reasonable terms.

We expect a big movement in this property in the next two months. So act quickly and own a home in the most beautiful sub-division in the Niagara Peninsula.

### THE WEATHER

Toronto, Ont., May 12.—The disturbance which was in Virginia on Saturday has moved very slowly to the New England coast. Rain fell 1.6th Saturday and Sunday in the Peninsula of Ontario and the Ottawa Valley and is now falling in the western part of the Maritime Provinces. The weather is fairly warm in the western provinces.

Versailles, May 12.—Additional communications from the German peace mission were submitted yesterday in sealed envelopes to the French Foreign Office. The Foreign Office alone is cognizant of the nature of the documents.

## MUSIC AND DRAMA

### THE BETTER 'OLE

Clever Comedy Pleased Large Audiences at the Grand on Saturday.

Billed as a fragment from France in two explosions, seven splinters and a short gas attack, "The Better 'Ole" which was produced at the Grand Opera House on Saturday afternoon and evening, proved to be all of that and then some, for two big audiences were delighted with the piece, which was brim full of humor and catchy songs, and gave the members of the company ample opportunity to display their art.

The story, which was founded on the war-time cartoons of Capt. Bruce Bairnsfather, was written by him and Captain Arthur Elliot, while the musical score was composed, selected and arranged by those well-known English musicians, Herman Darewski and Percival Knight.

The action of the piece centered around the doings of the "Three Musketeers," Bert, Alf and Old Bill, who kept the audience in laughter from start to finish. Leon Fordon, as Bert, made a decided hit with the audience, his many love affairs being very amusing.

Percy Jennings, as Alf, made an admirable "Tommy," and his keen wit and ready smile was a feature of the evening.

Edmund Garney, as "Old Bill," was the recipient of well merited applause for his splendid portrayal of the role of the old Walrus, as Pte. Bill Busby was known to his pals, and his droll speech and big hearted manner was all that could be desired.

The company, which is a big one, is evenly balanced and reflects credit on Mr. and Mrs. Coburn, who brought the company to Canada.

The scenery was very pretty and the khaki-clad figures of the three pals and the other "Tomnies," to say nothing of the sprightly "Waacs," caused many a sigh of regret among the audience, as the humor of trench life brought back memories of friends of a day who may never meet again.

Russell Avenue—Six rooms, three-piece bath room, hot air furnace, Georgia pine trimmed, good cellar, pebble dash. Price \$2,600; terms.

Russell Avenue—Two frame cottages, four rooms. Price \$1,500 each.

### AT THE GRAND

Direct from a week at the Royal Alexandra, Toronto, Miss Elsa Ryan comes to the Grand Opera House to-night in "Tea for Three," the play which has made such a sensational success in New York, now in its 12th month at the Maxine Elliott Theatre there. In her new comedy, written by Roi Cooper Meigs, Miss Ryan has a role eminently suited to her versatile talents. Very different from that of Peg in "Peg O' My Heart," or the little cockney girl in "Out There," it is a role which brings out gallantly Miss Ryan's gifts as a comedienne. As the wife who, though sincerely in love with her somewhat stodgy husband, turns elsewhere for the attention she feels necessary to her happiness, Miss Ryan's performance is admirable in conception and satisfying in every detail. Norman Hackett, popular locally through several appearances, lends his polished stage presence and splendid diction to the role of the bachelor friend who helps bring about the happy solution of the triangular problem. Hayden Stevenson and other players render capable assistance. The play is in three acts and is handsomely staged by Selwyn and company. Miss Ryan's costumes are dreams of loveliness and smartness.

The announcement that Henry B. Walthall, one of America's most famous screen stars, is to appear at the head of a splendid cast in a film version of Louis Joseph Vance's serial from the Saturday Evening Post, "The False Faces," is worthy of particular note. It is a Paramount-Arctcraft special feature produced by Thomas H. Ince and directed by Irvin V. Willat. Mary Anderson is leading woman and the leading heavy role is enacted by Lon Chaney.

Who that has read Vance's first story of the fascinating French crook, "The Lone Wolf," would wish to miss the second tale dealing with his exploits? Yes, he is no longer a crook, but an intelligence officer in the Allied service. He is pursuing a Hun spy who has wrecked his home, from motives of revenge as well as of loyalty. And in the end, after a series of wild adventures, he "gets" him. These adventures entail an attack by a U-boat on a liner, the falling of the hero upon the deck of the submarine, his escape and exposure of the secret base on Martha's Vineyard, and other equally thrilling experiences.

Mr. Walthall's work is said to be as good or better than anything he has ever done. The film has been carefully supervised by Mr. Ince and costs one of the most entertaining war-time pictures, it is said that has been released since America entered the great conflict. It will be presented for the first time here at the Griffin Theatre today.

WEEK OF MOURNING STARTS THROUGHOUT ALL GERMANY

Berlin, May 12.—A "week of mourning" has been decreed by the Government to express "sorrow and depression" over announcement of the peace terms. The week began yesterday. The decree provides that public frivolity must be stopped for eight days. Its provisions affect theaters and cabarets, dancing, horse racing and gambling will be suppressed, the occasion probably being used to end the gambling frenzy in Berlin.

**DO YOUR EARS RING? HAVE YOU CATARRH?**

A buzzing noise in the head is the beginning of chronic Catarrh. If not checked the result is deafness. A simple remedy that many physicians advise is to slowly inhale Catarrh-one a few times each day. The coughing vapor of Catarrh-one cures the Catarrhal condition, and hearing improves at once. Head noises, buzzing ears are cured. For Catarrhal deafness, throat, nose and lung Catarrh, there is probably no remedy so efficient. The large one dollar outlasts two months and is guaranteed; small size 50c; trial size 25c. Sold everywhere by dealers, or The Catarrh-one Co., Kingston, Ont.

**FOR SALE**

\$2900.00—On Vine St. two storey frame dwelling with every convenience and outside kitchen, all in first class condition. Small cash payment required, balance arranged.

\$2700.00—On Lake St. Two storey frame dwelling in fair repair with eleven rooms. Owner anxious to sell as he does not live in the city. See us about terms.

\$3000.00—On Louise St. Two storey frame dwelling with six rooms, three piece bath, large lot and every convenience. Small cash payment required, balance arranged.

\$3300.00—On York St. Two storey frame dwelling with seven rooms and every convenience, house all decorated, lot 80x123. Small cash payment required, balance arranged.

\$3500.00—On Pleasant Ave. Two storey pebble dash dwelling with four bedrooms, hardwood floors, all in first class repair. Extra value as owner is leaving the city. See us for terms.

## USING MILKING DEVICES

When It is Adv.able to Invest in Milking Machines.

The Cause and Cure of Diarrhoea in Calves—Simple and Common-sense Methods of Treatment May Save Valuable Young Animals.

It is clear that dairying is to develop as it ought to do in the Province of Ontario, more labor is needed on dairy farms. As the supply of labor is limited, cow-farmers are turning their attention to the mechanical milker as an aid in the biggest job on a farm where milk-cows are kept, namely, that of milking.

Past the Experimental Stage. While it is true that mechanical milkers are not yet perfected, and possibly will never be absolutely "fool-proof," they have reached a stage of perfection where they can be recommended to the man who is in need of help at milking-time.

There are several machines now on the market which have proven to be more or less successful in tests made at Experimental Stations, but what is even more important, have stood the test of actual farm conditions. The advertising columns of the agricultural press contain the names of the leading makes of machines which can now be purchased by milk-producers.

In answer to the question, will it pay to buy a milking machine? we would answer yes, under the following conditions:

1. Where a herd of twenty or more milking cows are kept, though we were in a stable recently where a man was using a machine to milk eight cows, and he considered that it paid him.

2. Where hand-milkers are not to be had, and where it means selling all, or part of the herd, because of the difficulty in getting the cows milked.

3. Where a man desires to increase his herd but cannot do so, because hand milking is impossible.

4. Where a man has some mechanical genius and is willing to give the machine the necessary attention in order to make it a success. Not every man can get good results with a milking machine. The cows must be stripped after the machine, to insure "milking out clean."

5. Where a man or woman will give the necessary attention in order to keep the machine clean, it must be thoroughly washed and the milking parts kept in a solution of chloride of lime—one pound, dissolved in ten gallons of water. This must be changed about every two weeks, or as often as necessary to prevent contamination.

6. Where a man has the necessary capital (about \$500) to invest in a machine and does not have to borrow the money at the present high rate of interest.—Prof. H. H. Dean, Ontario Agricultural College, Guelph.

### Infectious Diarrhoea in Calves.

A form of diarrhoea in calves, known as "Infectious Diarrhoea," is not uncommon in calves, and the owners are often at a loss to account for it.

It is caused by a specific germ that gains entrance to the circulation, generally by the nasal opening. It generally occurs as an epidemic in certain stables or certain localities, and as it is often fatal, causes great loss to the breeder.

The cause and results strongly resemble those of joint ill or navel ill in foals. The virus which causes the trouble exists in the stable or in the soil.

Symptoms.—At a variable time after the calf has been a few hours and in others a few days, the young animal suffers from an attack of acute diarrhoea, the symptoms of which do not differ markedly from ordinary diarrhoea, except from the fact that they seldom yield readily to treatment. The patient refuses to nurse or partake of nourishment, persists and death soon results.

Treatment.—Preventive treatment consists in preventing the calf from coming in contact with the virus. When we know that the entrance to the circulation of a germ causes the trouble, its entrance must be prevented in order that we may be successful. The building in which the calf is expected to bring forth young, and especially the stall, should be thoroughly disinfected. This may be done by sweeping and dusting thoroughly, and following by a thorough washing or scrubbing with a hot one per cent. solution of carbolic acid or one of the coal tar antiseptics, or a thorough coat of hot lime wash with five per cent. crude carbolic acid. The stall should be cleaned out daily and a little slacked lime spread upon the floor each time before supplying fresh bedding. The attendant should have a quantity of a good strong disinfectant on hand, as one of the solutions above mentioned or a solution of corrosive sublimate, 30 grams to a pint of water. The writer prefers the latter. The udder of the calf should be freely dressed with this as soon as possible after birth, and several times daily afterwards until thoroughly healed.

Curative treatment is often ineffective. The following has probably given better results than any other, viz.: Mix part formalin with 15 parts new milk and mix a teaspoonful of this with each part of milk consumed by the calf. When the calf is nursing its dam the mixture can be mixed with a small quantity of the dam's milk and given as a drench, the attendant estimating about how much it should get. When the calf is not nursing the dam it is well to wash udder and teats with the solution before the calf nurses and once or twice daily for a week or so afterwards. When this is done the parts should be allowed to dry, and then be well rubbed with a dry cloth before the calf is allowed to nurse.—J. H. B., Ontario Agricultural College, Guelph.

Four large manufacturing firms have taken the Canadian Trade Commissioner's folder "The 'Wh' in Trade Balance" to distribute among their employees.
