BATTLE ON EAST FRONT

Austrians Beaten Back in Their Attack Upon the Italians; French Withstand German Attacks

THOUSANDS OF GERMANS TAKEN

London, Oct. 4.—Thousands of prisoners have been taken by the British in the new drive against the Germans which was begun this morning east of Ypres, in Flanders. All the objectives of the British were won, including positions characterized by Field Marshal Haig's report from headquarters tonight as of "great importance."

The text of the report from British headquarters in France tonight reads: "Our attack this morning was launched on a front of over eight miles, from south of Tower Hamlets to the Ypres-Staden railway, north of Langemark, and has been completely successful. All our objectives have been gained; positions of great importance have been won, and over three thousand German prisoners already reached the clearing stations. "We are now in possession of the main ridge up to a point 1,000 yards north of Broodseinde."

The anticipated renewal of Field Marshal Haig's big offensive in Flanders has begun, and all the objectives of the first day have been won and held.

Like the preceding attacks, the latest one was timed to the minute. The British forces at the given signal at daylight swarmed from their trenches over ground that had been harrowed by myriads of shells from the great army of artillery, and all along the front of more than eight miles from south of Tower Hamlets to the north of Langemark, they made notable new gains of terrain, inflicted heavy casualties on the Germans, while they themselves suffered slightly and took many prisoners.

The attack was delivered with all the wonted dash of previous offensives, and swiftly and surely the British, notwithstanding heavy counter-attacks at various points, took positions that had been marked out for them, some of them to a depth of more than a mile. The main ridge of the heights running north and south to the east of Ypres, which affords a dominating point for the launching of future attacks, fell into the hands of the British and in 1914 was held by the Germans.

More than 3,000 German prisoners had been passed behind the lines when the latest official communication concerning the day's fighting was sent, and large numbers of others were being captured. Especially bitter fighting occurred to the east of Zonnebeke, the nearest point of approach to the desired railway line which connects Ostend, Zeebrugge and other northern points of supply with the German line to the south. The efforts of the Germans to stay the British here were fruitless, however, as likewise were their further efforts in the region of Poelcapelle, where the British gained ground to a depth of about two-thirds of a mile.

BATTLE WITH THE FRENCH

There has been no cessation in the extremely violent artillery duel between the French and the Germans on the west bank of the Meuse and in the Verdun sector. The Germans have made another infantry attack against the French north of Hill 304 in this region, but again were repelled with heavy casualties.

BIG BATTLE NEAR RIGA

Near Jacobstadt, which lies midway between Riga and Dvinsk, on the northern Russian front, a big battle recently is being prepared for. Here Petrograd reports an intense artillery duel in progress, which probably indicates that the Germans are seeking to pave the way for an attempt to cross the Dvina river.

To the south the Germans again are endeavoring to fraternize with the Russians, begging them to come out of their trenches. The Russians in the region of Poelcapelle, where the British gained ground to a depth of about two-thirds of a mile.

U.S. MINISTER ON TRIAL FOR TREASON

Charges Against Slackers and Seditious in Minneapolis

Minneapolis, Oct. 4.—The federal grand jury here today returned 26 indictments, 13 against alleged slackers and seditious. Among those indicted is Rev. C. L. Lehter, former pastor of the Central German Methodist church here, who is charged with treasonable utterances against the president. Mr. Lehter also has been indicted for violation of the postal laws. He will be arraigned on the latter charge on Monday.

SOME INVENTIONS OF GREAT VALUE IN THE CAMPAIGN

Italy Has New Type of Torpedo Resisting Armor Plate Which Has Been Tested

London, Oct. 4.—The Daily Chronicle's correspondent at Milan, reports that the technical commission of the tests, has approved the new type of torpedo-resisting armor plate against which it has been found, torpedoes discharged from underwater craft, spend themselves in a vain effort in perforating. After concussion, the torpedo sinks at once.

German Machine Gun

London, Oct. 4.—The Times' correspondent at British headquarters in France says he has in the last few days seen some specimens of a new type of German light machine gun. These are of the Vickers-Maxim type, water-cooled and weigh twenty-eight or thirty pounds. One man can carry one without inconvenience under his arm.

ITALIANS PREDICT NEW ADVANCE WHICH WILL BE DECISIVE

It Is Predicted That It Will Be Over By October 16, and Will Mean Much REPULSING ATTACKS

Italians Repulse All Efforts of Enemy Upon Monte San Gabriele

Washington, Oct. 4.—Premier Boszani at the convening of the Italian parliament, October 16, is expected to give notice of a new drive by General Cadorna's troops, even more important than the progress over the Bainsizza plateau, which is expected to have far-reaching results toward accentuating the Hungarian agitation for a separate peace.

Predict Violent Attacks

Rome, Oct. 4.—Further violent attacks by the Austrians against the positions held by the Italians on the slopes of Monte San Gabriele, in the Gorizia sector, have been repulsed, according to the Italian official communication issued today.

"From Tuesday evening to yesterday afternoon fighting continued on the western slopes of Monte San Gabriele. Repeated enemy attacks, delivered with the support of numerous assaulting parties, were broken up by our fire. In a raid we captured four officers and twenty-two soldiers, who were hiding in a cavern. In the Raccolano sector a successful raid gained us twenty-seven additional prisoners.

"On the remainder of the front there have been the usual artillery duels. "An enemy airplane, which was attacked by one of our airmen above Anzusa, was forced to land inside our lines. The crew were made prisoners."

Further Disclosures of Activities of Bolo in America Are Expected Soon

New York, Oct. 4.—The investigation of States Attorney-General Merton Lewis into the activities here of Bolo Pasha, arrested in France as spy and peace propagandist, disclosed that William Randolph Hearst, newspaper publisher, attended a dinner in this city given by Bolo, in March, 1916, according to an intermediary for the transfer of German funds into New York banks to be sent to Paris for peace propaganda among French newspapers. It was explained by the attorney-general that the Hearst relations with Bolo were purely social as far as he was aware.

The attorney-general was busy today examining further witnesses in the Bolo Pasha matter. Further disclosures are expected.

GERMAN RAIDERS IN SOUTHERN PACIFIC

Famous Raider Has Destroyed Three American Schooners

Washington, Oct. 4.—Operations of German raiders in the southern Pacific were revealed tonight in a dispatch to the Navy department from Tutuila, Samoan Island, telling of the arrival there in an open boat of the master of the mining American schooner, the C. BRITAIN IS BENT ON REPRISALS FOR GERMAN AIR RAIDS

There Is Method in Madness of Enemy; Reasons for the Attacks on English Cities

DEMAND REPRISALS

British Life and Industries Greatly Confused by the Frequent German Raids

London, Oct. 4.—The possibilities and importance of air operations have been brought home to the British military and civilians by the campaign of the past ten days, as only experience could bring them home. The result is that virtually the whole press and public opinion are now demanding that the policy of passive resistance, which has been the watchword "compromise," which the government heretofore has urged upon the people, be dropped and that a strong air offensive against Germany be waged immediately.

Even papers like the Manchester Guardian, which have taken the line that air raids accomplished little because they succeeded in killing only an infinitesimal small number, have changed their policy.

What the German air raids have accomplished in a purely military way is known to the whole world, and is better than the Germans. By the employment of some fifty machines and at the most two hundred men, including aviators and mechanics, the enemy has forced England to detach several hundred valuable machines and several thousand men, including skilled mechanics, for home defense, and also a large number of machines, searchlights with operating crews and other experts. The men and material devoted to this offensive is small compared with the men and material the largest capital in England to maintain for the defense.

But it is also the fact, which the London papers describe, that the normal life of the largest capital in the world and of important cities has been disturbed for ten days, and the industries and working class of London have been seriously handicapped.

What Londoners are asking is, why they should undergo this experience and the Germans be permitted to go free, and why it is that a few British bombers should be allowed to come and bomb the Germans to employ a large force for the protection of its cities, and why should the German population be threatened and harassed.

Hence the general demand for a counter-offensive of retaliation or reprisal in order to pay the German in his own coin. The voicing of the sentiment, of which the Archbishop of Canterbury has been one of the conspicuous spokesmen, that because the Germans kill British women and children it is reasonable why the British should kill German women and children, seems now to be little heeded and has already been stilled.

The English argue that they did not begin this form of warfare and that they did not wish to engage in it, but that they cannot be expected to submit to it without taking measures which will cripple the German air activity.

Premier Lloyd George's remark that the Germans would be paid with compound interest seems to have popular endorsement.

BRITISH CRUISER TORPEDOED OFF THE IRISH COAST

The Ship Reached Harbor, But Sank; Well Known in America

London, Oct. 4.—The British cruiser Drake has been torpedoed and sunk, according to an admiralty announcement tonight.

The Drake was a vessel of 14,100 tons. She was built at Pembroke in 1901, and had a speed of 28 knots. Her complement was 800 men. A sister ship of the Drake, the Good Hope, was sunk in the battle off Coronel, Chile, in 1914, with a loss of 887 men. The Drake was well known in eastern American waters, having several times visited the United States and Canadian ports. She was the flagship of the fifth cruise squadron which attended the Hudson-Fulton celebration in New York in 1909.

Head of Canadian Northern Very Enthusiastic Over Crops in Western Canada

Ottawa, Oct. 4.—Sir William Mackenzie, who arrived in the city from the west this morning, was in an optimistic mood. "Business conditions throughout the west, more particularly in British Columbia, are steadily improving," he said. Sir William added that the western crop was exceeding expectations and that an average of one million bushels of wheat per year was being delivered to the Canadian Northern railway alone.

Asked what the arbitrators would be named to fix the value of the six hundred thousand shares of Canadian Northern railway stock to be purchased by the government under the terms of the Canadian Northern railway legislation passed at the recent session of parliament, Sir William said that the matter of the appointment of the arbitrators to determine the value of the stock had not yet been taken up with the government. "I expect that something will be done in the course of a few days," Sir William added.

FOOD SHORTAGE IN MEXICO

Mexico City, Oct. 4.—A delegation from the national chamber of commerce called upon President Carranza last night to advise him that the shortage of cereals throughout the republic was growing very grave and to ask what remedial measures had been taken. The anticipated renewal of Field Marshal Haig's big offensive in Flanders has begun, and all the objectives of the first day have been won and held.

Like the preceding attacks, the latest one was timed to the minute. The British forces at the given signal at daylight swarmed from their trenches over ground that had been harrowed by myriads of shells from the great array of artillery, and all along the front of more than eight miles from south of Tower Hamlets to the north of Langemarck, they made notable new gains of terrain, inflicted heavy casualties on the Germans, while they themselves suffered slightly, and took many prisoners, large numbers of whom gladly surrendered in order to reach a haven of safety from the machine gun.

The attack was directed with all the wonted dash of previous offensives, and with the surety of the British, notwithstanding heavy counter-attacks at various points, took positions that had been marked out for them, some of them to a depth of more than a mile. The main ridge of the heights running north and south to the east of Ypres, which affords a dominating point for the launching of future attacks, is now in the hands of the British and all other points of the line are held by them.

Many prisoners taken during the day's fighting, and large numbers of others were being gathered in. Especially bitter fighting occurred to the east of Zonnebeke, the point of approach to the desired railway line which connects Ostend, Zeebrugge and other northern points of supply with the German line to the south. The efforts of the Germans to stay the British here were fruitless, however, as likewise were their efforts further north in the region of Poelcapelle, where the British gained ground to a depth of about two-thirds of a mile.

VIOLENT ARTILLERY ACTION
Paris, Oct. 4.—The statement issued by the war office tonight reads: "There were grenade engagements and artillery actions on the plateau south of Aillies. An enemy surprise attack was repulsed west of Pommelle. There was very violent artillery fighting all day on the right bank of the Meuse. We repulsed this morning an enemy attack against one of our trenches north of Hill 344. Our artillery caught under its fire enemy concentrations in this region."

GERMANS ADMIT DEFEAT
Berlin, Oct. 4.—The German version of the battle in Flanders as reported in the supplementary statement from German headquarters tonight, is as follows: "On the battlefield in Flanders, the British during today's great attack penetrated only about one kilometer deep into our defensive zone between Poelcapelle and Obervielzeke. Especially bitter fighting is still proceeding to the east of Zonnebeke and west of Beceleke."

MEN NOT CLAIMING EXEMPTION WILL RECEIVE EXPENSES

All Those Called to Colors Who Claim Exemption Will Do So at Their Own Expense

ONLY AS VOLUNTEERS
Government Will Continue to Accept Volunteer Recruits for the Next Four Weeks; Should Apply for History Sheets

As a result of the visit to Calgary of Major G. U. Stiff and Brig-General Gwynne, of the militia department staff, Provincial Military Registrar Carson made the following statement: "It has been decided to keep the recruiting offices open in the province for three or four weeks longer. In fact they will remain open until the expiration of the 25-day period following the issue of the proclamation. At the expiration of that period all volunteer recruiting will cease. All men subject to draft, even those examined and classified as A class may sign up under the volunteer system. It allows them a certain amount of choice in service."

Favored the Volunteer
It has been further decided to pay return railway fare and assistance to all registered men subject to draft, who report for service, and do not claim exemption. All those claiming exemption will appear before the tribunal at their own expense.

Medical History Sheets
The medical examining board will start today and issue a copy of the medical history sheet to every man examined. Those who have been examined and have not received their history sheets should apply at the medical department for them.

When the time comes for the recruit to report to a board or tribunal he will be instructed by the registrar at which time to appear. In this way, by even distribution of men for a hearing or examination, there will be no congestion at any one place.

BRITAIN IS BENT ON REPRISALS FOR GERMAN AIR RAIDS

There Is Method in Madness of Enemy; Reasons for the Attacks on English Cities

DEMAND REPRISALS

British Life and Industries Greatly Confused by the Frequent German Raids

Hence the general demand for a counter-offensive of retaliation or reprisal in order to pay the German in his own coin. The voicing of the sentiment of which the Archbishop of Canterbury has been one of the conspicuous spokesmen, that because the Germans and British women are killed is no reason why the British should kill German women and children, seems now to be little heeded and has almost been stilled.

The English argue that they did not begin this form of warfare and they did not wish to engage in it, but that they cannot be expected to submit to it without taking measures which will result in the death of thousands of British men and women.

Premier Lloyd George's remarks that the Germans would be paid with compound interest seems to have popular endorsement.

BRITISH CRUISER TORPEDOED OFF THE IRISH COAST

The Ship Reached Harbor, But Sank; Well Known in America

London, Oct. 4.—The British cruiser Drake has been torpedoed and sunk, according to an admiralty announcement tonight.

The Drake was torpedoed Tuesday morning off the north coast of Ireland. She reached a harbor but then sank in shallow water.

One officer and 18 men were killed by the explosion. The remainder of the ship's company were saved.

The Drake was a vessel of 14,100 tons. She was built at Pembroke, was sunk in the battle off Coronel, Chile, in 1914, with a loss of 887 men. The Drake was well known in eastern American waters, having several times visited the United States and Canadian ports. She was the flagship of the fifty-cruiser squadron which attended the Hudson-Fulton celebration in New York in 1909.

YOUNG REDMOND GETS D.S.O.

London, Oct. 4.—Capt. William Archer Redmond, son of John R. Redmond, the Irish leader, has been awarded the Distinguished Service Order for gallant conduct on the night of September 12-13.

HEAD OF CANADIAN NORTHERN CROPS IN WESTERN CANADA

Ottawa, Oct. 4.—Sir William Mackenzie, who arrived in the city from the west this morning, was in an optimistic mood. "Business conditions throughout the west, more particularly in British Columbia, are steadily improving," he said. Sir William added that the western crop was exceeding expectations and that an average of one million bushels of wheat per week was being delivered to the Canadian Northern railway alone.

Asked when the arbitrators would be named to settle the value of the six hundred thousand shares of Canadian Northern railway stock to be purchased by the government under the terms of the Canadian Northern railway legislation passed at the recent session of parliament, Sir William said that the matter of the appointment of the arbitrators to determine the value of the stock had not yet been taken up with the government. "I expect that something will be done in the course of a few days," Sir William added.

FOOD SHORTAGE IN MEXICO

Mexico City, Oct. 4.—A delegation from the national chamber of commerce called upon President Carranza last night to advise him that the shortage of cereals throughout the republic was growing very grave and to ask what remedial measures should be taken to obtain supplies of corn and other foodstuffs.

PROHIBITION IN CANADA

The city of Quebec carried prohibition by a large majority yesterday and now every large city in the Dominion of Canada, with the exception of Montreal, either is or soon will be under prohibition.

One very encouraging feature of the situation is the satisfaction that every province in the Dominion now under prohibition feels with the changed conditions.

Except for the city of Montreal, nearly the entire province of Quebec is now under prohibition. The province is working under the old Scott act, with the small areas. There is no definite move as yet for provincial prohibition, but there seems little doubt now that a province-wide act would be carried even with Montreal in opposition.

Every few minutes there is a different political situation in Canada. There is no real leader. Events are just crowding along.

It didn't take T. Roosevelt any time properly to brand the German representative who said that Roosevelt suggested that Germany should colonize Southern Brazil.

The Winnipeg Telegram saw the party hand in the action of the North Alberta branch of the patriotic fund, because to raise the fund out of taxation was precisely what was planned.

WHAT IT MEANS

The Calgary bank clearings for the week just ended were higher than in any preceding week. There was no big rush of clearings of an emergency nature which accounted for any part of the big increase.

There was a time when a record of this kind would have been a theme upon which all Calgarians would dilate extensively and enthusiastically. Though bank clearings are really a barometer of the business activity in any city, yet there is little boasting now about business activity.

The war has rather cured all that. It is satisfactory to know that Calgary has not failed to do its part in recruiting, and now its commercial activity is greater than ever.

With commercial activity of this kind, surely the city will have no difficulty in collecting a large portion of the taxes for the year as well as a large part of the taxes which were unpaid in years gone by.

Men who can pay their taxes and do not pay their taxes are not worthy citizens, whatever else they may be.

Winston Churchill's speech is distinctly Churchillian in its method and details. His statement about the failure of the German submarine policy is interesting enough.

Reprisals are the last thing that John Bull wants to make. But the method in this form of German madness is being discovered, and the best way of meeting it seems to be in doing likewise.

One cold storage company in Canada has made a net profit of more than \$1,200,000 for the year. A paper company cleared \$2,200,000 last year. A steel concern in the east made \$2,000,000 even after it had paid the war profits tax.

Despite the most serious troubles and difficulties Kerensky is holding down his important post in Russia. He has two main enemies and, fortunately for Kerensky, each enemy is even more viciously opposed to the other, and each prefers that Kerensky should remain than that the other should succeed.

Hence Kerensky, who has an enormous following of his own, is getting along very nicely.

HARD TO EXPLAIN

Sir Robert Borden has not strengthened his cabinet by adding Hugh Guthrie to it. He is not acceptable to Western Canada, because he belongs to the band of high tariff Liberals which has prevented Canada from improving tariff conditions.

In a national government or union government, one would expect that the premier would select men of outstanding ability, whose services would be of very great value to the country.

There is something mysterious about the manner in which the premier is reorganizing his cabinet. It is openly stated that the negotiations for union government will be resumed today, and it is more than probable that Sir Wilfrid Laurier will retire at an early date.

The allies are taking turns making the drives on the enemy. Today is Britain's turn. As Russia is resting, it will be Italy's turn next.

What has become of the German navy? Not a sign of it for many weeks, in fact not much sign of it since its remarkable "victory" at Skagerrack.

The United States embargo upon coal was rather unexpected. It is probable that the embargo is to be for a short time only. This is not a time when Canada and United States can afford to raise the bars any higher than they were or make food and fuel conditions more difficult than they are.

The Dominion premier could fare much worse than by selecting Premier Brewster of British Columbia for his cabinet. He is an able man, true as steel, a successful business man, direct and honest, devoid of most of the ways of the smooth politician.

Hindenburg has just celebrated his first year as head of the entire war affairs of Germany. He has not been a success. Except for the Rumanian success there has been no victory.

At the time of writing the details of the British victory are beginning to come in. They indicate that the British have gained one of the most decisive victories of the year.

The meager reports show that the British advance was sharp, short and conclusive. They started at dawn and had gained their objectives before the sun had hardly risen.

SPEED UP HUN LABOR

Leaders of Various Groups Meet
Hindenburg.

Copenhagen, Oct. 4.—Leaders of various groups of German labor were received at main army headquarters this week for the purpose of congratulating Field Marshal von Hindenburg on his birthday as first was intimated, but in an effort to have German workmen speed up the production of munitions.

We need not look with Dr. Matthews to a conference in heaven, held back in eternity, nor yet to the fate of the devil and Mrs. Eddy 1,000 years hence. Our business as Christians is here on earth and now.

This war has provided a glorious opportunity. The old doctrines of political economy have been blasted. The so-called "divine law" of supply and demand has utterly and obviously failed.

The essence of our commercialism is selfishness. Therefore not Rome, but selfish commercialism is anti-Christ. People are indignant at present with the profiteers, as if profiteers were something new, whereas it has been going on for over a century.

THOUSANDS OF MEN IN THE NAVY

Many Canadians Have Joined Various Naval Services Since War Began

Ottawa, Oct. 4.—Since war began, Canada's men of fighting age have paid considerable attention to the navy.

From the start of the war, 5,300 officers and men have joined the Canadian naval service, cruising in home waters.

Canadians are particularly well fitted for such duties, as those of the motor boat patrol service, owing to the abundance of waterways and the great vogue of water sports in summer throughout the country.

A GREAT ARTIST APPEARS TONIGHT At Al Azhar Temple

Attache H. Wiedenfeldt of the Swedish consulate general, Montreal, visited the city Wednesday and took in at the Palliser. During his stay here he was taken around the town by Mr. R. Verne, who introduced the attaché to a number of representative citizens. In the evening he attended the performance at Pantheon theater in company with Miss Gladys Mappon, Miss Kitty Richards and Mr. Verne, and afterwards had supper at the Palliser. Attache Wiedenfeldt came to Canada at the beginning of the year from Paris, where he was attached to the Swedish embassy. He left by the morning train for Vancouver on route to San Francisco, Los Angeles, New Orleans, New York and back to Montreal. The young attaché showed a keen interest in Canadian matters, which he seemed to have studied very thoroughly before going on his first reconnoitering tour, and he expressed his great appreciation of the up-to-date conditions that prevailed out here in the west.

MISS M. MacKINNON SCORES SUCCESS IN FIRST RECITAL
Young Calgary Musician Gives Enjoyable Program to Large Audience

A splendid audience last evening greeted Miss Mary MacKinnon upon the occasion of her pianoforte recital at Hotel Palliser. In fact, there was difficulty in finding room for all the music lovers who attended. The program commenced with Beethoven's Sonata Pathétique, which the pianist gave a fine reading, the introduction and first movement particularly impressive.

The young artist acquitted herself to admiration in the Rubinstein concerto in D, and was repeatedly recalled. This is a very fine work, which is a great test for a pianist, and Miss MacKinnon's playing was a credit to her. Her little band of clever students giving all the afternoon recital successfully. An effort of memory (though it seemed no effort), the solo part for pianoforte extended over a number of pages, no small feat in itself and Miss Mary MacKinnon was to be congratulated upon the brilliant way which she played the group of shorter pieces at the end.

Mrs. Arden Dier delighted everyone with her charming selection of songs and was warmly endorsed. The favorite, "Bavarian Song" and "Dawning," being two of the loveliest numbers older residents to the happy debutante.

Among the many there were the patrons and patronesses including Lady Loughie, Colonel and Mrs. George MacDonald, Mrs. J. S. Dennis (president of the Red Cross), Mrs. P. J. Nolan (Regent Macleod Chapter L.O.D.E.), Judge and Mrs. Stuart, Judge and Mrs. Whittier, Mrs. H. J. Jamieson, Mr. and Mrs. T. J. Lawson, Dr. and Mrs. A. O. MacRae, Dr. and Mrs. Brown, Mrs. Stewart, Mrs. MacWilliam (President Women's Canadian Club), Mrs. Shaughnessy (President Women's Musical Club), Mr. and Mrs. MacKinnon, Major Daniels, Captain Day, Mrs. MacPherson, Miss Connell, Miss Sutherland, Mrs. McKelvie, Miss Gladys McKelvie, Captain and Mrs. C. Thomson, Miss Dorothy Longhead, Mrs. H. S. McLeod, Miss Jessie McLeod, Mrs. Peeler, Mr. and Mrs. Gouhard, Mrs. Kathleen MacRae, Mrs. Marshall, Mr. and Mrs. Gladys Gordon Savage, Mr. McPhaden, Mr. Dier, Mr. Bull, Mr. and Mrs. Dudley Smith, Mr. and Mrs. Newcombe, Mrs. MacWilliam, Mrs. A. A. Moore, Mrs. James Hendry, Mrs. Helen Finlay, Mrs. Jamieson, Mrs. Wright, Mr. and Mrs. Munro, Mrs. Lane, Miss Lane, Mr. and Mrs. MacRae, Mrs. MacArthur, Mrs. Lawson, Mr. and Mrs. Miller, Mrs. Lewis, Mrs. MacRae, Mrs. Jamieson, Mr. Irwin, Mr. and Mrs. Harper, Miss Irwin, Miss Graham, Mr. and Mrs. Tremblay, Miss Connell, Miss Goldberg, Mr. and Mrs. Nelson and many others.

CECIL FANNING SINGS IN AL AZHAR TEMPLE TONIGHT

Greatest American Baritone Scores Distinct Success in Vancouver

The Calgary Musical Agency present the distinguished American baritone, Cecil Fanning, tonight in Al Azhar Temple, with his gifted accompanist, H. B. Turpin. This will open their series of ten concerts and will be one of the richest musical treats that our people have ever had the privilege of listening to. The program will commence promptly at 8:30, and the doors will be closed during numbers.

Cecil Fanning has made a steady rise in the world of baritone during the last ten years, until now, at the age of thirty-one, he stands near the top, as far as his voice is concerned, and perhaps overflows with talent, in point of artistry and interpretation.

Messrs. Fanning and Turpin gave a recital in Vancouver last Monday evening at the "Province," along with other papers spoke in superlative terms of their work. A few brief excerpts follow:

"A born artist," a singer of remarkable versatility, and a wonderful interpreter of songs were some of the phrases applied to Cecil Fanning after his concert in the city last Monday evening. Right from his first group of songs through his entire program of the last ten years, until now, at the age of thirty-one, he stands near the top, as far as his voice is concerned, and perhaps overflows with talent, in point of artistry and interpretation.

ALTA.'S VOCATIONAL TRAINING DECLARED THE BEST IN CANADA

American Expert Is Looking Over Methods of Training Returned Soldiers for Future Occupations

The Alberta government is not only abreast of the rest of Canada, but leads in some respects, in the work of re-educating and training the returned soldiers according to the findings of Douglas A. McIntyre, after a careful survey of this work throughout Canada. Mr. McIntyre, who is principal of the Institute for the Care of Cripples in New York City, has been selected by the United States government on account of his long experience in dealing with people who have been crippled in industrial life, to introduce a policy and plan for the training of partly disabled soldiers.

They evidently wish to start the movement at an early date in order to have their plans matured and adequate provision made to care for their wounded men whom they expect back in the United States during the coming spring and summer.

Mr. McIntyre came to study the system being instituted here, and conferred with the officials of the Military Hospitals Commission at Ottawa, Montreal, Toronto and other Ontario points, before coming to the western provinces.

The Vocational Branch He was very much interested indeed in all aspects of the service of the Military Hospitals Commission and the relationship of the commission to other departments of the federal government. His special interest was especially in the Vocational Branch.

In this respect Mr. McIntyre found special interest in studying this phase of the work in Manitoba and Alberta. It appears that in the two provinces this branch of the service has been developed to a greater extent than in any of the other provinces. Apart from the general development of the work in Alberta, two things appealed most especially to him. They were, first, the policy of the vocational branch to, as far as possible, fit the men into shape for an occupation where the risks of unemployment or the lack of permanency in the line of business were reduced to a minimum. Second, the careful steps that have been taken to ascertain, through the industrial and commercial survey made by the Institute of Technology and Art to ascertain the lines of work for which the men might safely be trained with an assurance of employment after they had finished their course.

Besides the information obtained, Mr. McIntyre asked to have special reports and a full outline of the system and procedure forwarded to him after his return to New York. Dr. Miller has the necessary information prepared and is forwarding it to New York.

CRESCENT HEIGHTS GIRLS ARE TO HAVE BEAN FEEDS AGAIN

Mrs. W. M. Davidson was elected president of the Mothers' club of Crescent Heights schools yesterday, when the meeting accepted the resignation of the first president, Mrs. A. J. Lebeau, on account of ill-health. Mrs. Lebeau was made honorary president by the club, and the office of first vice-president held by Mrs. Davidson left vacant for the present.

There was a splendid attendance of members and prospective members, and Mrs. Thompson, the secretary, reviewed the work done briefly, and outlined the work proposed for the coming season.

The meeting decided to continue the bean feeds for the girls at the schools, which were so successful a feature of the work last year. The price, however, will be increased from the former one of 10 cents to 15 cents to meet the increased cost of food. The club decided to send no representative to the Girls' Friendly society, on which, through some mistake, Mrs. Cassell's had been reported as its representative.

THE WEST IS AROUSED

Toronto, Oct. 4.—Under the auspices of the Political Educational League, Mrs. Ralph Smith, of Vancouver, widow of the late Hon. Ralph Smith, minister of finance for British Columbia, spoke on some of Canada's problems and war-time franchise.

Over the war-time franchise bill Mrs. Smith declared the west is very much stirred up. There is much indignation that women born under the Union Jack should be numbered with the aliens. A plea for the foreigners, to whom "One Day" is the opportunity to become citizens, and then when any great question arises deny them their privileges, etc., have been urged. "It is our duty to Canadianize them," she declared. A voice from the audience exclaimed, "I am a Canadian, I am a Canadian." Mrs. Smith stated that in the schools the foreign children left Canadian children behind because of their greater powers of concentration. Most strongly did the speaker advocate giving the foreign the vote.

SPECIAL APPEAL TO ATTEND LUNCHEON

Mrs. H. P. Plumtree, honorary secretary of the Canadian Red Cross, a Dominion wide known official of the society, will address a joint luncheon of the Men and Women's Canadian club, on Saturday next. Mrs. Plumtree is a speaker of great ability. The position which she has held in connection with all matters relating to the Red Cross since the outbreak of the present war, enables her to deal very fully with all matters relating to the Red Cross work, including the actual work carried on in our hospitals abroad, the distribution of supplies, the organization and equipment of transportation and ambulance service, of prisoners of war, etc.

The Canadian Red Cross is responsible for the care of all Canadian prisoners of war in Germany, also the information department and other branches of Red Cross service.

I.O.E. CHAPTER TO ENDOW BED IN A SCOTTISH HOSPITAL

At the regular monthly meeting of the Royal Scots chapter, I.O.E., the members voted the sum of \$50 to the British Red Cross society for the endowment of a bed in the Kathleen Burke hospital, one of the hospitals of the Scottish Women's Hospital, and sending to the front. It was also decided to adopt one prisoner-of-war, for which \$10 will be set aside monthly. The chapter will hold a bazaar early in December, the proceeds of which will be given to the Calgary Red Cross society. A number of new members were balloted on and elected at the meeting.

RESULTS OF THE HOME NURSING EXAMINATION

The following have successfully completed the course in home nursing under the St. John Ambulance association, and will receive certificates:

Miss Gertrude Shand, Miss Florence Parlow, Miss May Bell Chambers, Mrs. B. J. Stewart, Mrs. Lottie O'Hara, Miss Beatrice Taffler, Mrs. Hilda Bowman, Mrs. Minnie Irvine, Miss Louise Gamage, Miss Helen Geddes, Mrs. Victoria Stewart, Miss Mabel A. Kelso, Miss May Shute, Miss Ada Burwash, Miss Agnes Middleton, Miss Audrey Young, Mrs. Nora Marston, Miss Jessie McNair, Mrs. Ella Neilson, Miss Mabel Stewart, Mrs. Ada Horton, Mrs. Amy M. Faulder, Miss Willa Carrick, Mrs. Elizabeth Decker, Miss Gladys Woodhall, Mrs. Janet Beggs.

WEDDINGS

HAMILTON—WILLETT

Yesterday afternoon, at the home of Mr. and Mrs. Wm. Slingsby, 522 Ninth avenue east, Rev. J. Lee united in marriage, Addie May, daughter of Mr. and Mrs. O. H. Willett, Medicine Hat, and Thomas George Hamilton, of Calgary. The young couple were attended by Miss Hazel Willett and Mr. Arthur Burnap. After the ceremony a nice luncheon was served by Mr. and Mrs. Hamilton will reside in Calgary.

W.C.T.U. MUST NOT DROP ACTIVITIES IN ANY DEGREE

Rum Rations to Soldiers Are Still Deplored; Report of Alberta Union

Edmonton, Oct. 4.—These were great days in which to live, declared Mrs. L. C. McKinney, president of the Alberta W.C.T.U., in her annual address to the convention. She went on to say that every institution and organization must give an account of itself, whether it be a church or a society, and that it is measuring up to the test as to whether it is able to give at least an excuse for existing. She referred to the work of the W.C.T.U. and asked, "Is there need of continuing W.C.T.U. activities?" "Yes," she replied, and went on to prove that the liquor traffic in the world is not dead, and while perhaps not locally, yet there was an endless amount to do. She protested that while helping toward food conservation, foodstuffs were being used to manufacture poison. Six hundred distilleries had been recently closed in the States as a war measure, she continued, but the distillers believed them closed forever.

Mrs. McKinney waxed warm over the war rations in Britain and said that it was directly against the will of the Canadian people that such should exist, and that it had been promised that there should be no dry canteens for our boys. She deplored the fact that Arthur Mees' two books should be banned from Canada by the Canadian censor, and wanted to know by what right. She said that the W.C.T.U. was against the rum rations and that it was decidedly not alone in the matter; that Australia had protested, and the whole Presbyterian church in the U.S., A. and other bodies with strong temperance leanings protested against the British war office for giving the boys what is known to be wrong and the scientists have proved. In conclusion, Mrs. McKinney maintained that though women might do foolish things and that it would take time to adjust themselves to new conditions and surroundings, yet the women really wanted to do the right thing.

Union's Work Increasing.
The report of the corresponding secretary, Mrs. Williamson, was encouraging. She reported from some forty-five unions out of the total of sixty, with three disbanded, an increase in almost every department. Thirty-nine unions raised \$2,553.26. Thirty-nine unions raised more than \$5,000 this year, and there was an increase of 142 members. Mrs. Williamson went into detail as to the activities of each union. Mrs. Craig gave the report of monies in the treasury: Receipts, \$1,631.72; disbursement, \$741.21; with a balance, \$890.51. The W.C.T.U. is the largest women's organization in the world, has had a long life of usefulness and one of great achievement, beginning in a small way in the year 1873 in the middle west where Mother Thompson began her famous crusade of prayer against the organized liquor traffic.

At the election of officers, Mrs. Louise C. McKinney, M.L.A. of Claresholm, was unanimously re-elected president of the Alberta union. The executive of the provincial W.C.T.U. for 1917-18 is as follows:
Honorary president, Mrs. G. H. V. Bulvea, Edmonton.
President, Mrs. Louise C. McKinney, M.L.A., Claresholm.
Vice-president, Mrs. Chester D. Gaizer, B.A., Edmonton (re-elected).
Corresponding secretary, Mrs. W. Williamson, Medicine Hat (re-elected).
Treasurer, Mrs. C. G. Craik, Olds (re-elected).
L.L.L. secretary, Mrs. William Cassels, Calgary (re-elected).

RATEPAYERS MEET
The Glenberry and Killarney Ratepayers' association last night decided to recommend F. G. Bull to the Federal association as a candidate for alderman at the coming election. They also voted in favor of an extension of the school age from 14 to 16 years. A report was received from the secretary of the flower show that the show was a financial success, the total net profits being \$57. This sum has been deposited in the bank as a nest egg. A special meeting has been called, for Oct. 18 at 8 p.m. in the cottage school for the purpose of considering ways and means of securing a lot on which to build a ratepayers' hall.

Rheumatism

A Home Cure Given by One Who Had It

In the spring of 1906 I was attacked by rheumatism and inflammatory rheumatism, suffering as only those who have it know, for over three years. I tried every remedy, medical and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and every one of them has been cured, and it effected a cure in every case. I want every sufferer with rheumatism to try this marvelous healing power. Don't let a week pass without your name and address and I will send it free to try. It has been used for years and has proven itself to be that long-looked-for means of curing your rheumatism. I have used the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

CALGARY BOYS AND GIRLS TO BE TAUGHT TO SWIM AT ONCE

Seventeen Hundred Between Ages of 10 and 14 Who Cannot Swim

Seventeen hundred boys and girls in the public schools from grades 3, 4, 5, 6, 7, 8 and 9 are unable to swim. Grades 5 to 8 include boys and girls from about 10 years to 14.

A census has just been completed for the purpose of the plan arranged that every boy and girl of this age shall be taught to swim. It was ascertained that of the boys and girls who could not swim 400 were boys and 300 were girls. Arrangements have been completed by the School Board and the Y.M.C.A. for the boys and the school board and the Y.W.C.A. for the girls to teach every one of the 1,700 to swim. A final conference was held yesterday at which Dr. Scott, superintendent of schools; Miss Maresca, physical director of the Y.W.C.A., and Mr. Wallace, physical director of the Y.M.C.A., discussed the final arrangements were made. The first classes will be given some time during the coming week.

REFORMS ON THE ROCKS

Copenhagen, Oct. 4.—German newspapers report that the project for granting additional representation to overgrown reichstag districts and for introducing the principle of proportionate representation in the large cities is on the rocks. The government, while flatly rejecting all other proposals of the reichstag main committee for the reform of the imperial constitution has promised to introduce a bill embodying this minor reform, but several federal states now object so vigorously to the bill, which should have been introduced at this session of the reichstag that its fate is doubtful.

TO MEET LORD READING

Ottawa, Oct. 4.—Sir Thomas White, minister of finance, has invited the officers of the Canadian Bankers' association to lunch at the Rideau club tomorrow to meet Lord Reading. Sir Robert Borden and Sir George Foster will also be present.

THE NON-PARTISAN LEAGUE'S ACTIVITIES IN NEXT ELECTION

Matter Will Be Under Discussion at Meeting of League Executive

The Non-Partisan league, at an executive meeting to be held today, will decide upon the activities of the league during the next Dominion election. The league now is active in three federal ridings, Victoria, Bow Valley and Macleod. Whether or not other ridings will be entered, and in what manner, will be up for discussion. This is the first meeting held since the gathering in August. Since that time, it is reported, there has been a large increase in membership. Mr. Stanley Godwin, president of the Non-Partisan league in Saskatchewan, is in the city and will confer with the Alberta executive.

FRENCH SUBJECTS TO GIVE INFORMATION

Asked to Give List of Property Owned

Vancouver, Oct. 4.—The French government, according to word received here by E. H. Chevalier, acting French consular agent, desires information of all property owned by French subjects in belligerent countries or any territory occupied by the enemy in order that the future protection of the same may be safeguarded. French citizens living throughout Canada to whom this applies, the agent should communicate with the French consulate-general at Montreal where blanks will be furnished upon application.

REJECTS INVITATION

Germans Again Inviting Russians to Fraternize

Petrograd, Oct. 4.—The Germans on the southwestern front again are attempting to fraternize with the Russians by throwing boxes of tobacco and cigarettes into the Russian trenches and calling to the soldiers to "come out of the trenches." The Russian Volya says, in connection with the German attempt, that "our soldiers are answering them with gunfire."

RAIDING GERMAN TOWNS

Paris, Oct. 4.—Another aerial raid over Germany was made last night by French aviators. The cities of Frankfurt and Rastatt were bombed. The following announcement was given out: "In reprisal for the bombardment of Bar-le-Duc our aviators bombed Frankfurt and Rastatt."

PARLIAMENT AT END ON SATURDAY

Hugh Guthrie Joins Borden Government as Attorney-General

Ottawa, Oct. 4.—At 1 o'clock today a proclamation was issued dissolving parliament as from Saturday. An announcement of dissolution was made to a Canadian press representative by the prime minister. No date, the prime minister stated, has been fixed for the election. This will be decided later, although it is unlikely the election date will be before January. There was a further addition to the cabinet this morning in Hugh Guthrie, Liberal member for South Wellington. Mr. Guthrie takes the portfolio of solicitor-general held by Hon. Arthur Meighen up to the present time. Mr. Meighen retains his portfolio as secretary of state. Mr. Guthrie was sworn in shortly before 1 o'clock. Sir Robert Borden also stated that no further changes had so far been made in the cabinet. He indicated that there would be no national announcements just at present.

C. B. REILLY DOES NOT FAVOR REPEAL OF CONSCRIPTION ACT

Candidate for East Calgary Says Law Should Be Vigorously Enforced

C. B. Reilly, Liberal candidate for East Calgary, is not in favor of repealing the conscription act if the Liberals are returned to power at the coming election, he told The Albertian yesterday. "Both the Liberals and the Laborites recognize with regret that conscription is now a law of the land, and I believe they both take the position that the law should be enforced, and no attempt made to repeal it," said Mr. Reilly. He went on to say that he would be impossible to return to voluntary recruiting successfully now. When asked what were the developments in the East Calgary situation, and whether any steps were being taken to call together a non-partisan convention, Mr. Reilly replied that he had done his part in offering to stand his chance in such a convention and now it was up to the other parties to do their part. In fact, he said, "they were all marking time and watching developments at Ottawa."

MEN NOT CLAIMING EXEMPTION, WILL RECEIVE EXPENSES

(Continued from Page One)

During the conference held yesterday morning Major Stiff brought the following points to the attention of those present: Men reporting for service under the Military Service act as against those claiming exemption, will not be prejudiced in any way; on the contrary, they may naturally expect more consideration than men who, by filing claims for exemption, increase the labor of the working of the act. When the military authorities call for the first 25,000 men of Class I, sub-class A, who have reported for service or been denied exemption by the local tribunals, if there is a surplus of this class, selections will be made from a list, and as further requests are made by the military authorities further selections will be made. Methods of determining the selections have not been decided. It may be taken for granted, however, that the men who have reported for service will not be prejudiced, but will be benefited, by the desire to expedite the administration of the act and obey the law. It is probable that the military authorities will first call for 25,000 men of the class referred to, and then they probably will call for men at the rate of about 10,000 a month until 40,000 can take care of a greater number. These are the men who will become soldiers and be trained for reinforcements to the Canadian Expeditionary force. December 1 may reasonably be anticipated as the date when the selection of the first 25,000 will be made. Men who are drafted in the first 35,000 will report to the depot battalion of the military district in which they are resident, where they will be supplied with uniforms and given preliminary training. Men selected to answer the call of the military authorities will have the same opportunities for advancement in the service as volunteers. No distinction whatever will be made between draftees and men who entered the service in any other manner. Eventually, the drafted men will be drawn into different battalions under the present system of reinforcements, so that if any desire to differentiate did exist, they will be so quickly drafted into different units that it would be impossible to mark them as draftees.

REV. HARTLEY INDUCTED

The induction of Rev. F. J. Hartley as pastor of the Pleasant Heights and Vedon Presbyterian churches took place at the Pleasant Heights church. The sermon was preached by Rev. Alex. Fisher, the subject being "Prayer." Rev. R. M. Magowan, moderator, inducted the pastor into the charge, at which the Rev. A. Rennie gave the charge to the pastor and the Rev. J. Rex Brown gave the charge to the congregation.

INJURED IN AUTO ACCIDENT

F. W. McDougall, contractor, of 200 Grain Exchange, narrowly escaped being killed last night when his auto was struck by a Crescent Heights street car. Mr. McDougall was following a Crescent Heights car up the street on Fourth street, east when a south bound car struck the auto, throwing him out and badly cutting his face and head with broken glass.

NORTHCLIFFE AND READING AT OTTAWA

Conferences of Great Importance to Be Held Today

Ottawa, Oct. 4.—Lord Northcliffe, head of the British commission in the United States, arrived in Ottawa this morning. Lord and Lady Reading and members of the mission reached Ottawa by noon train from New York. Conferences will be held today concerning co-ordination of war effort between the United States, Great Britain and Canada are expected to open tomorrow. Matters which will be particularly under discussion are Canadian and the employment to the full of Canadian resources.

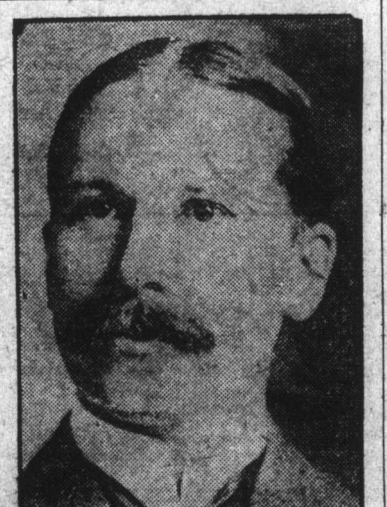

PERLEY TO BECOME HIGH COMMISSIONER

Sir James Lougheed to Be Acting Overseas Minister of Militia

Ottawa, Oct. 4.—The Evening Citizen says: "A permanent appointment to the position of high commissioner for Canada in England is expected in a few days. The report is that the position will go to Sir George Perley, who has been acting since Lord Strathcona's death. The entry to the cabinet of Hon. Mr. Ballantyne has readjusted the representation of the Protestant minority in Quebec, which Sir George Perley has heretofore held. This fact lends color to the belief that Sir George will stay in London. "Probably an acting overseas minister of militia will be appointed and with that position the name of Sir James Lougheed is associated."

FAREWELL TO MR. DAFEO

A farewell reception was tendered Rev. F. W. Dafeo, the retiring pastor of the English Baptist church, last night. A program of speeches, recitations and music was carried out. Mr. Geo. Jackson read the farewell address, and Mrs. Vesale presented the pastor with a wallet containing \$57 and Mrs. Dafeo with a bouquet of carnations. Mr. Dafeo made a suitable reply. The evening closed with refreshments. Mr. Dafeo will preach next Sunday, and expects to take up his new duties as general missionary evangelist next week.

WHICH?

"This bulk tea is the best I could buy at the price, Mrs. Brown, but I believe you will like Red Rose better."

"We use Red Rose at home and like the rich flavor. My wife says it goes further."

Hundreds of grocers are making statements somewhat like this.

They have sold Red Rose Tea for many years and have found the quality so good that they use it in their homes.

Most grocers naturally like to make an extra profit on their bulk tea, but they cannot help recommending Red Rose Tea because they know it's worth the price.

They know it goes further because it consists chiefly of the teas from Assam in Northern India, the strongest, richest teas grown anywhere in the world. Red Rose tastes better and goes further.

Grand BREAD PRICES AT VARIOUS POINTS IN THE DOMINION

Calgary Is One of the Lowest of Several Cities Quoted; W. F. Connor Making an Investigation

Ottawa, Oct. 4.—Mr. W. F. Connor, K.C., acting commissioner on the cost of living in Canada, has issued an interim report to the minister of labor giving some figures on the cost of production of bread in Canada. Mr. Connor has been conducting an investigation during the past six months into the milling industry in Canada on which he will make an exhaustive report to the minister of labor shortly. Mr. Connor's report to the minister is in part as follows: A report concerning the milling industry of Canada is approaching completion and expect to deliver it to you very shortly. In the meantime however, this investigation into bread costs and prices is sufficiently advanced to enable the delivery of the following interim report.

Many of the producers of bread throughout Canada have, in the course of the past six months, by means of an educational effort, on my part, been induced so to provide that they could not return to actual cost of production, with the result that I am now able to cite precise costs in the various zones within Canada where, if any variance in cost does exist, the basis of today's cost of one-half barrel of flour is based upon the immediate purposes I submit a table (No. 1) showing bread costs as of this day. In six Canadian cities extending from east to west this table is based upon the bread production of one barrel of flour at today's price of flour. The bakers usually mix first and second patents, so the table is prepared upon the basis of today's cost of one-half barrel of first patent and one-half barrel of second patent flour. I take into consideration the cost of flour for one pound of bread, the ordinary ingredients, the cost of baking, delivery, management and depreciation per pound. No other elements, so far as the reports of the bakers show, enter into the production and delivery of a pound of bread.

Composite Cost.—The figures shown are the composite cost as made up from all the reports received from the particular cities mentioned in the table. I am absolutely satisfied of the correctness of the returns made so far as they deal with materials and ingredients, and I have no reason to doubt, though I am not as well able to judge, as respects any other particulars thereof. The returns as to materials and ingredients have been compared with a formula of cost of material, which to my knowledge, is that used by the baking trade generally. The formula is based upon a yield of 300 pounds of bread per barrel of flour, and the yield which experience has shown is ordinarily to be anticipated as realizable from one barrel of flour. This formula when applied to the current price of flour at bakers in car lots or mixed car lots, namely \$11.40 a barrel for first patents and \$10.90 a barrel for second patents in Ontario and varied according to price of flour in different sections of Canada, and on the current wholesale prices of the various ingredients and the cost of the various materials, shows a proper cost as of today, per pound of bread, for flour and ingredients of 4.888 cents in Ontario, and approximately 4.88 cents in Montreal and Quebec, 4.8 cents in Fort William and the western provinces, and 4.84 cents in Vancouver.

For obvious reasons I do not include the formula within this report, but I retain it for the purpose of checking all future returns. I have worked out the results on a pound basis. In cities where the ordinary loaf is one and a half pounds or two pounds by reference to the table the proper cost of such a loaf in such cities can be easily ascertained. I do not undertake, in this interim report, to deal with selling prices. Here I furnish a statement of true cost per pound of bread, right up to the minute, it will be easy for any buyer anywhere situated to know about what bread is costing delivered at his door. The costs shown are fair examples of those which ought to prevail in the immediate locality of the cities mentioned in the table.

Statement of costs of material for one pound of bread in various cities of Canada: Montreal—Flour—1 bag of 98 pounds at \$11.60 per barrel—average \$11.25. 4.8300c
Ingredients 4.8100c
Baking 1.7840c
Delivery 1.2780c
Management .5410c
Depreciation .3900c
Total one pound of bread 7.8320c
Ottawa—Flour—1 bag of 98 pounds at \$11.40 per barrel; 1 bag of 98 pounds at \$10.90 per barrel—average \$11.15. 4.2900c
Ingredients .4970c
Baking .9610c
Delivery 1.2780c
Management .5410c
Depreciation .3900c
Total one pound of bread 6.4410c

LOST APPETITE, POOR BLOOD

C. E. Sapper says Dr. Cassell's Tablets Best for Nervous and Weakness

Sapper (Horn Hartley, Canadian Engineer) (London, Ont.), says: "I used Dr. Cassell's Tablets when I was in the South Africa war. I had taken them since whenever I felt run-down. In my opinion they are the best tonic anyone can take for loss of appetite, poorness of the blood, and general weakness of the system. I never felt so much better, and mean to have some with me always on active service."

GRAND
NOT WISELY, BUT TOO WELL
A beautiful couple who love not wisely, but too well, are the stars of "Her Unborn Child," a powerful drama dealing with the story of a woman who, in the attraction at the Grand for the remainder of the week.

LIBERTY
"His Father's Son," a Metro wonder play containing powerful dramatic action and the most delightful comedy elements, will be seen at the Liberty theater today and Saturday.
Lionel Barrymore and Irene Howley are co-stars in this five-part feature production, which was written by Channing Pollock and directed by George D. Baker.
Adam Barron, disgusted because his son J. Dabney Barron seems to be getting rich, discontinues his income and bets the young man \$4,000 that he cannot hold a job for 40 days.
The boy takes him up, and with his valet, start off in his racing automobile to look for work. He called the valet quarters in a cheap boarding house and begin to read the want ads. This is the delightful comedy element.

Albertan Automobile Contest Is Its Infancy

The big prize contest is only in its infancy is plainly shown by the small vote of even the leaders in the list. Yesterday's voting brought a number above the 100,000 mark, but a study of the schedule of votes will soon convince one that two or three yearly subscriptions, if new, will put a beginner right in the limelight.

Contest Benefits Carrier Boys
The carrier boys lose nothing through paying in advance to a candidate. One lady phoned the contest department thus: "One of your candidates just called for a subscription and I hesitated to make an advance payment for I have such a good carrier boy and do not want him to lose anything in wages." The boys get their regular proportion for the papers they deliver, whether they collect the money themselves or payment is made in advance to a candidate. They are gainers through the addition of new subscribers to their routes.

Second Payments
Subscriptions taken during the early part of the contest may be extended at any time during the contest period and votes will be given the same as if the payment had been made at one time. Be sure and mark these subscriptions "second payment." It is immaterial whether candidates make an addition to their own collection or to the collection made by another candidate. A subscription that is new early in the contest or any time always draws the "new" vote when increased.

Extra Votes for Week Ending Next Tuesday
For each even \$15 in subscriptions turned in for the week ending next Tuesday (October 9), candidates will receive 100,000 EXTRA VOTES (in addition to the regular schedule). Any surplus left over from last week's club offer will be included in the \$15 club this week.

\$50 Special Prize
\$50.00 IN CASH will be paid to the candidate in the Albertan automobile contest, who turns in the largest amount of money for subscriptions (both new and renewal) between the dates of Wednesday, October 3, and Tuesday, October 23—a period of three weeks.

ONE FOR EACH DISTRICT—\$1215 REGAL TOURING CAR Purchased from Diamond Motor Co. Ltd. On exhibition there.

SOME FISHING! 100,000 MACKEREL HOOKED IN ONE DAY AT REDONDO BEACH, CALIFORNIA. A few of the 10,000 anglers who, in one day hooked 100,000 mackerel at Redondo Beach, California. The day's fishing set a record for the Pacific coast. From dawn to dusk and until far into the night the three piers at the beach were packed with fisher-folk drawn from Los Angeles and its suburbs by the report of the record run of mackerel. Some of them to insure securing a place to fish from at the pier that came the night before with cot and sleeping bags and slept on the pier to make sure of a chance at the fish in the morning.

MANY OF FIRST CLASS HAVE BEEN EXAMINED; BOARDS SUCCESSFUL

Out of 12,658 Men Examined, 7,491 Have Been Placed in "A" Class, Fit for Overseas Service

Ottawa, Oct. 4.—Returns are to hand here which show the success attending the creation of medical boards prior to the formal calling up of the first class under the Military Service Act. Up to and including Saturday, September 29, there were 12,658 men who submitted themselves to voluntary medical examination. This includes all the military districts in the Dominion. Of the 12,658, no less than 7,491 were placed in medical category "A"—the category of men deemed to be fit for general service overseas.

During last week military district No. 2, with headquarters at Toronto, ranked first in the number of medical examinations. Military district No. 4, with headquarters at Montreal, came second, and military district No. 10, with headquarters at Winnipeg, came third.

LOSSES BY SUBMARINES
Rome, Oct. 4.—Italian shipping losses by mines or submarines for the week ending September 30, in all seas, were two sailing vessels of more than 100 tons, and three sailing vessels of less than 100 tons. One small auxiliary vessel escaped when attacked by a submarine.

CANADIANS' WORK ON MAP MAKING HELPED BRITISH

Have Brought the Science Almost to Perfection, Lord Northcliffe Tells Canadian Club

Toronto, Oct. 4.—Addressing the Canadian club at a luncheon here, Lord Northcliffe emphasized the seriousness of the submarine menace to the shipping of the entente allies, and stated that while nothing was lacking in the war preparations being made by the United States, he was not quite sure that they properly visualized the immense amount of tonnage necessary to transport their armies and supplies overseas. He declared that no specific invention had been discovered to combat the submarine and expressed the opinion that the real solution to the problem lay in the ability of the shipyards of the allied nations being able to replace sufficient of the lost tonnage to take care of the essential transatlantic shipping. The United States would make mistakes the same as Britain had, but one she would not make was to stick to the voluntary system for two years. That was as great a mistake as trying to smash German concrete defenses with sharp-shoot shells.

Lord Northcliffe declared that the destruction of shipping by submarines was "very serious." While it was true that the number of British ships sunk was smaller than in previous weeks, the French losses were the greatest. "I have been called an alarmist," he said, "but perhaps what I tell you sounds like the talk of an alarmist, but let me remind you that the Germans have long since pinned their hopes of winning the war on the submarine, and they have not altered the idea of winning the war by that means."

Work of Canadians
"There are one or two things I feel bound to say regarding the Canadian army overseas, particularly with regard to my visit to General Haig and General Currie. The Canadian soldiers brought map-making and surveying to perfection in the army in France. It is true that the Canadians have won a name for themselves for their skill in this regard. The accuracy of the flying topographers of the air in mapping out the German defenses in the air is a large measure for the success of the raids which the British troops are constantly making.

"Thousands of lives were lost early in the war because of ineffective work in the air. And, by the way, it is mostly the British who make the air raids. The Germans seldom do it. I am told it was the wonderful ability of the Canadians in map-making and aerial photography that has made the British advances so successful. The points have been mapped out one afternoon and raids made next morning. The result is that everyone knows where he is going.

PREPARING FOR NEXT YEAR'S CROP

Lots Should Be Cleaned Up Before Application for Ploughing Is Made

The Vacant Lots Garden club have begun plowing the vacant lots so that a good start may be made with the gardens next year. Many applications are coming in, but often it is not feasible to plow one lot when the next lot has not yet been cleaned up. It does not pay to have to jump around from place to place. In some cases where there are a large number of lots in one plot it will be possible to use a tractor for the plowing. But in order to do this with any degree of success, the whole plot should be ready at once. The officials of the club are asking that all potatoes not yet dug be cleared up next Monday so as to facilitate the work of plowing. The tops should also be gathered in heaps and burned.

PRISONERS OF WAR
Brandon, Man., Oct. 4.—Five of the seventeen Brandon men, members of Lieut.-Col. Boushler's Chums battalion, reported missing about Aug. 28, are now prisoners of war at Limburg prison camp in Germany. They are Private Townley, Bennett, Hayward, Howe and A. J. Gray.

REGISTRAR TELLS WHAT DRAFTED MEN MUST DO

All Must Apply to Postmaster for Forms, Agreeing to Serve or Claiming Exemption

Where do we report? Where are the examinations held? Am I exempt? are some of the many questions asked by Alberta men who believe they are liable to the first call under the military service act. J. M. Carson, the military registrar for Alberta, has received numerous inquiries and last night issued a statement outlining as far as possible the procedure under the act. Mr. Carson's statement follows:

"The proclamation calling out the first draft will be issued on Saturday, October 13. In this proclamation complete instructions will be given designating the men who have to report. Instructing them to apply to a postmaster and receive forms. One of the forms is for the man who does not claim exemption and the other for those who claim exemption. When the form is filled out it is filed with the postmaster, who issues a receipt. This receipt will be used by the registrar man in case he should be asked to produce a certificate as to his standing in regard to the act. In the meantime the postmaster will file all the signed applications he receives with the D.O.C. of this military district. The D.O.C. turns them over to the registrar who completes his list.

When the Kidneys Fail

Poisons Remain in the Blood, Which Cause Pains and Aches—Read Here of the Surest Way of Setting the Kidneys Right

Brockville, Ont., Oct. 4.—If you have headaches and rheumatic pains you have reason to suspect the kidneys. Pain is caused by poisons in the blood and poisons only remain in the blood when the kidneys are defective and fail to do their work. This Brockville lady has reported her case because she believes that a great many people are suffering as she did without knowing the cause or cure. Mrs. Frank Noyes, 9 Stuart street, Brockville, Ont., writes: "For years I was afflicted with kidney complaint. I became very nervous, was easily worried and had frequent headaches and neuralgic pains, especially through the back. I had indigestion, poor circulation of the blood and often was bothered with weak spells. I commenced using Dr. Chase's Kidney-Liver Pills, and had only taken two boxes when I felt greatly relieved. I continued the treatment, however, until I was completely cured. In all I took about ten boxes, and have not been troubled in this way since. I highly recommend Dr. Chase's Kidney-Liver Pills, and I think also that the Plasters and Ointment can be equalled."
