THE BRIDGETOWN SCHOOLS

Prizes Awarded the Successful Pupils Friday Afternoon

A pleasant event took place in Bridgetown's High School Room last Friday afternoon, when five prizes were awarded to four of the girls in attendance.

Dr. M. E. Armstrong, chairman of the School Board, presided and asked Rev. Dr. Jost, one of the members of the Board, to make the presentations, which was done in his usual manner, giving good advice to the winners and to all the scholars who were present. The prizes were in gold, consisting of \$5.00 each, and were awarded as follows:

Grade VIII, given by Miss Annie Jackson, a former teacher, won by Dorothy Abbott.

Grade D, given by the School Board, won by Sophie Anderson.

C Class, given by Hon. O. T. Daniels, won by Sadie Hicks.

B Class, given by Hon. O. T. Daniels, won by Mary Walker.

Highest Aggregate, given by Mr. A. D. Brown, won by Sadie Hicks.

After the presentations the chairman called on the following, all of whom responded with appropriate remarks: Mr. A. D. Brown, Inspector M. C. Foster, Rev. E. Underwood, O. S. Dunham, Rev. M. S. Richardson and Rev. W. J. W. Swetnam.

Principal J. T. Archibald was then asked to say something about the prizes for the present term. He informed those present that Lieut. Col. Dr. John Pringle, of Sydney, C. B., had sent him a beautifully bound standard set of encyclopaedia to be awarded to the pupil making the highest marks in English.

He also said that \$5.00 in gold would be given to the best in each of the High School grades, and the same amount to the best in mathematics in the High School grades and \$5.00 for the highest in English in the High School grades.

Rev. E. Underwood stated that if it were a boy who made the highest aggregate he would give \$5.00, or its equivalent, in addition to any prizes the boy may receive.

We trust that the pupils' parents or guardians will give the principal and teachers every support possible during the present term, and that many of our citizens will contribute prizes for other classes or grades besides those above mentioned.

BEAR RIVER SCHOOL EXHIBITION

A Important Event Which May Become An Annual One

Friday, Sept 19th, was a history making day in the town of Bear River, when the pupils and teachers of Oakdene School, held a School Exhibition—the first to be held in Bear River. The day was all that could be desired, and a number of outside schools, Clementsvale, Deep Brook, Bear River East, and Cross Roads, visited the exhibition and took part in the activities. The exhibition was opened to the public at 2 p. m.; and at 3 p. m. the various departments of Oakdene, together with representatives of Clementsvale and Deep Brook schools, paraded on the school grounds. Each group was in costume, and halting before the judge's stand, sang a chorus. The costumes were particularly lovely, as was the singing, and some of the schools showed especially good training in their marching. The prize for best appearance and singing was awarded to the young ladies from Deep Brook, who presented a charming appearance in their white middie suits and black ribbons, decorated from head to foot with brilliant autumn leaves, their rendering of "The Maple Leaf" was pleasing. After the awarding of the prize by Professor DeWolfe, Director of Rural Science, the entire parade marched through town creating much interest. Many comments were heard on the exceptional quality of the exhibits the clay modelling and cloth weaving by the Primary grades causing much favorable comment. The exhibits of vegetables, flowers, woodwork, canning, cooking, sewing and fancy work, as well as the exhibits of school work, writing, drawing, etc. showed the results of careful preparation. Much credit is due the teaching staff for their efforts.

Ice cream was sold during the afternoon, and tea was served by Mrs.

Lovett, Mrs. B. C. Clarke, Mrs. A. Marshall, and Mrs. Harry Anthony.

In the evening an entertainment was held, consisting of speeches by Professor DeWolfe, Dr. J. B. Hall of Lawrencetown, and a number of prominent Bear River men; and some musical features which were received. Two solos by Miss McCrae, of the Oakdene staff, and Miss Lillis Adams, of Digby, received much applause. The Camp Fire Girls gave a number of their songs, with a pleasing tableau and a school chorus under the direction of Miss Lent and Miss McCrae, was a pleasing feature.

It is felt that this exhibition, though small has been a good attempt in the right direction, and all concerned are anxious to make it an annual affair. Plans are already being made for a bigger and better exhibition next year.

Teachers' Institute

(Digby Courier)

Inspector M. C. Foster held a teachers' Institute in the Academy on Friday last at which the teachers from the town and surrounding district were in attendance. The purpose of the institute was more especially to give assistance to those teachers with limited experience. Mr. Foster, in dealing with the various subjects of the curriculum, dwelt on the essentials, English and arithmetic, as the two most important subjects, received special attention. All of the discussions were of a very practical nature and the teachers present were greatly benefited by this session of the institute.

Wednesday's Base Ball Match

The funniest and perhaps most interesting baseball game of the season took place on the Athletic Grounds last Wednesday afternoon when the men, dressed in skirts, defeated the girls, dressed in bloomers, the score being 9-7.

ANNUAL HARVEST THANKSGIVING

Service in St. Mary's Church Belleisle Last Sunday

St. Mary's Church, Belleisle, was very tastefully and appropriately decorated for the annual service on Sunday last. Though not as large as in former years the congregation was a good one which entered heartily into the service. Being the eve of the festival of St. Michael and All Angels the Rector combined the thought of the two events preaching from the words "The harvest is the end of the world, and the reapers are the Angels".

Sovereign Grand Lodge I. O. O. F.

Sovereign Grand Lodge, Independent Order of Oddfellows and affiliated bodies, the Patriarches Militant and associated Rebekah assemblies finished their annual convention at Baltimore last Friday and adjourned to meet in Boston next year. The Sovereign Grand Lodge passed a resolution requiring compliance with its war time order for the absolute prohibition of any language except English in lodge meetings and in the ritual.

Are They Beating the British?

Reports from Germany and the returns of births during July record the case of a woman, who gave birth to her twenty first child, which is living. Another gave birth to her sixteenth, while two women each had their fourteenth child and seventeen women gave birth to twins.

Some Apples

We were shown on Monday a nine inch branch from an apple tree on which were ten No. 1 apples. It was removed from a tree in Mr. R. L. Dodge's orchard at Belleisle and had formed a part of the harvest decorations in St. Mary's church at Belleisle on Sunday.

FATAL SHOOTING ACCIDENT

Wade Dodge, of Aylesford, was Found Dead in Auburn

A gloom was cast over Aylesford and the surrounding villages last Saturday afternoon when it was learned that Wade Dodge had been found dead on his father's farm just north of Auburn, where he had been shooting squirrels and in some way accidentally shot himself. His lifeless body was discovered by an employee about noon.

Wade Dodge, who was 30 years of age, was one of the best known and most highly respected men in his native village and had a host of friends wherever he was known. He is survived by his parents, Mr. and Mrs. James L. Dodge, proprietors of the Aylesford Hotel; two brothers, Reginald, who resides on the farm where the fatal accident occurred, and Ruggles, who holds a responsible position in Hamilton, Ont., and one sister, Lou, who resides at home.

The funeral, which took place Sunday afternoon, was the largest seen in Aylesford for many years. The services were conducted by Rev. A. R. Yeoman, of Auburn, rector of the Church of England Parish of Aylesford. The floral tributes were beautiful.

Death of Mrs. William Taylor

The death occurred Sunday, after a lengthy illness, of Mrs. Harriett Taylor, aged 89 years, widow of the late William Taylor, of Halifax, and mother of ex-Controller George A. Taylor and Major J. F. Taylor, 89½ Larch street, at whose residence she passed away. Her husband, who predeceased her many years, was one of the best known business men of Halifax in his day, having established the well known boot and shoe firm of William Taylor & Co., Granville St. He was also prominent in city affairs, was a member and chairman of the Halifax School Board. Mrs. Taylor was highly esteemed by all who knew her, and had many friends in this town, having frequently visited her daughter, Mrs. Harry Ruggles, at Lawnsdale.

NOT EVEN A SCAR

is left where my little son cut his forehead so badly by running against a cross-cut saw," writes Mrs. T. G. Miller of Winona, Ont.
 "I had never used Zam-Buk, but had heard how good it is for injuries, so I got some, and applied a dressing at once. It was quite wonderful the way it soothed the pain. I renewed the dressing twice a day for three days, by which time the cut was so much better the child was able to go without the bandage. From then I healed up very quickly, and not even a scar is left. Needless to say, I shall never be without Zam-Buk again."
 Mothers should always keep Zam-Buk in the house, as nothing can take its place for cuts, scratches, bruises, burns and scalds. For rashes, eczema and all sores, blood-poisoning, ulcers, abscesses, boils, pimples, scalp sores, salt rheum and piles Zam-Buk is equally good. All dealers 50c. box.

 Secretary Armstrong High School Baseball Team.

COMPULSORY ATTENDANCE ACT

At a special meeting of the rate payers called by the secretary to trustees the citizens of Bear River voted for the adoption of the "Compulsory Attendance Act" the intention of which is to see that all children between the ages of 6 and 16 yrs of age attend school.
 The substance of the "Act" is as follows—The parent of any child who is absent four days, not necessarily consecutive, may be summoned to appear in court and be required to pay a fine.
 The maximum fine is twenty dollars and may be repeated as many times as the absence occurs.
 The only exemptions are sickness, extreme cases of necessity, absence from the community and inclement weather.
 One great lesson that the great war has taught us is the need of educating our boys and girls, and the citizens of Bear River are assuming their responsibilities in this respect.
 Some people do not care whether their children get any education or not, others withdraw their children from school because they get punished at some imaginary fault of the teacher.
 The "Compulsory Attendance Act" will particularly apply to such cases.

Annapolis Royal

(The Spectator)

It is rumored that Mr. and Mrs. L. D. Shaflin may go to Florida for the winter.
 Mrs. D. W. Corning, of Beaver River, arrived Tuesday to visit her sister, Mrs. B. B. Hardwick.
 Rev. Mr. Lockward, of Halifax, formerly of Clementsport, was here last Friday and Saturday.
 Town Clerk Harris made a trip to Halifax last week to attend the Dalhousie University centenary celebration.
 Dr. H. and Miss Sue Atlee attended the Dalhousie Centenary in Halifax last week and were greeted by many old class mates.
 Mr. and Mrs. J. A. Hart, now of Kentville, motored here in their own car last evening, on a vacation trip to the States via Digby.

Miss Kathleen Mellor went to Windsor yesterday to attend Edgemoor Hill School for the winter. Rev. Mr. Mellor accompanied her for the trip.
 Miss Flora Spurr, the popular Western Union operator here and Miss Annie Goldsmith, the genial clerk in Atlee's drug store, left on Monday for a trip to Winnipeg.
 Miss Uriel Riley left on Monday for California accompanied by her two sisters, Mrs. McLeod and Mrs. Saunders and Miss Evelyn Huddleston, Mrs. McLeod however, only going to Ottawa.
 Word has been received of the safe arrival in San Francisco of Rev. L. L. Looftbourc, wife and children. Mrs. Looftbourc, was formerly Miss Hart, daughter of Mrs. James R. Hart, of Granville Ferry.

The new store of R. Leslie Hardwicke which is now being finished and equipped will give him the whole of the ground floor of the Clifton house building and make one of the finest and lightest business establishments in town.

GENUINE ASPIRIN

HAS "BAYER CROSS"

Tablets without "Bayer Cross" are not Aspirin at all

Get genuine "Bayer Tablets of Aspirin" in a "Bayer" package, plainly marked with the safety "Bayer Cross."

Genuine "Bayer Tablets of Aspirin" are now made in Canada by a Canadian Company. No Germany interest whatever, all rights being purchased from the United States Government.

During the war, acid imitations were sold as Aspirin in pill boxes and various other containers. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark (registered in Canada.) of Bayer Manufacture of Monoaceticacidester of Salicylic acid.

Death of Mr. Albert Whitman

The death occurred of Mr. Albert Whitman, Paradise, on Sept 6th. He was stricken about three years ago with paralysis and has been in failing health ever since. He was 76 years of age and leaves a widow and nine children to mourn their loss. Mr. Whitman was one of our oldest and most respected residents.
 The funeral took place on Sunday afternoon with burial at Lawrence-town conducted by Rev. I. A. Corbett.

Middleton Outlook: Editor Dunham, of the Bridgetown "MONITOR" is to be congratulated upon his enterprise in making another enlargement of his already newsy paper.

BEAR RIVER

Mrs. Wesley Milbury has sold her farm property to Edward McCormick.
 Mrs. V. T. Hardwick and daughter, Mrs. Harold Lovett are guests at the Grand Central.
 The real estate market is still on the boom and several transfers are anticipated.
 Both Mr. and Mrs. Mac Intyre are now visiting in New York. Mr. H. Clifford Rice is enjoying a vacation in the same city.
 Mr. A. G. MacIntyre has purchased the property of the late Capt C. H. Parker and will occupy as soon as some extended improvements are effected.

The corn supper held by the ladies of the Baptist Church the 11th, inst, was a great success showing how popular is this way of raising money for a worthy object.

Mr. and Mrs. A. B. Marshall are making an extended trip to the sporting grounds south of Bear River where lake and stream combine to make for the beautiful.

The steamer Bear River is now in dry dock for her annual overhauling and painting. Her being thus temporarily off the route shows how necessary such a boat is to the business life of the town and surrounding country.

Work on the new pulp mill at the mouth of Bear River is progressing quite rapidly. The forms for the concrete foundation are in position and a quantity of brick for the structure are on the spot. The bed for the steam mill is nearing completion and as the mill is on the ground the buzz of the saws will soon be heard.

This community was saddened by the sudden death of Mrs. W. D. Ryerson, who passed away at her home here. She had been enjoying her usual good health and her death was a sudden shock to her husband and neighbors. She leaves to mourn their loss a husband and only son, Harry C. Ryerson, of Boston. The sympathy of the community is extended to the bereaved ones.

Bear River has had more than its usual quota of summer visitors, while many have returned to their homes, a number remain to enjoy what is ordinarily the best month in the year. The weather man has not been as kind this year as usual out there is now a change for the better and the hope is expressed that these days of sunshine may continue so that the harvesters may be able to gather in the abundant grain crop which has been granted us this year.

The recent appointment of M. B. Alexander as post master to fill the position made vacant by the death of the late V. T. Hardwick should prove an acceptable one. Mr. Alexander, who is a native of New Brunswick, has made his home here since his marriage to one of Bear River's popular daughters some six years ago. He served overseas as an officer in the Pioneers for four years and brings to the office an experience that will no doubt enable him to readily adapt himself to the new work.

Men who work in Steel Mills

and similar plants coming from an overheated shop out into the chilly night air require extra good underwear protection.
 During their strenuous work, perspiration opens the pores and grippe frequently results unless the body is protected with heavy, honest wool underwear. Atlantic Underwear affords the best protection for such workers. It absorbs the perspiration and protects against dangerous chills resulting from extremes of heat and cold.

Sold in five different weights and qualities. Our lower-priced lines are not equal to the more expensive ones, but each is guaranteed to be the best value of its class. Compare them with others of like price and see for yourself.

QUEEN'S UNIVERSITY, KINGSTON

Ontario Hall Containing the Physical Laboratories.

Scene in Industrial Chemical Laboratory. Prof. G. F. Goodwin.

The installation of a new Chancellor and a new Principal on the same date will bring a great many distinguished Canadians and Americans to Queen's University, Kingston, on October Sixteenth. For although a comparatively small University, Queen's has sent so many distinguished graduates into the world and has gained such a character for sound learning and enterprise in research and education, that it stands high among the institutions of its kind on this Continent.

Queen's came to the front under Principal Grant, who was a born leader of men and gathered round him a brilliant staff of lecturers and professors. Under Principal Gordon, who succeeded Grant, the University continued to prosper and the number of students doubled while the number of buildings was trebled. The new Principal, Dr. Bruce Taylor, has already shown his mettle by raising the half million dollars required to fulfil the terms of an endowment of a further half million dollars promised by the late Dr. Douglas. With a young and active new Chancellor such as Mr. E. W. Beatty, President of the Canadian Pacific Railway, to lend his support, Queen's has every reason to expect to continue to go ahead.

Recognizing the importance of Industry to Canadian development, Queen's has carried on important industrial research work, and Mr. G. Y. Chown, the popular Registrar, has contributed \$50,000 to the endowment of a Research Chair.

Professor Clark, who holds the Chair of Physics, has established a laboratory for the investigation of substances under extremely low temperatures, with the use of liquid air and liquid hydrogen, the only laboratory of its kind in North America. Dr. Reid has been investigating the causes and suggested cures for influenza, and has made valuable discoveries tending to combat the recurrence of future epidemics. Professor MacClement is an expert on the noxious fungi which would destroy our great Canadian forests if left to themselves. Dr. Lathrop has been carrying on valuable research work on trench fever, with the object of discovering the true nature of this curious disease of the European battlefields.

The Arts Faculty of the Queen's is conducted by Professors, who in their own fields of work, are just as enterprising and the man or woman with a Queen's degree has an excellent chance of succeeding in whatever learned profession he or she may adopt. During the year 1918-19 there were 861 students registered in the Arts Faculty. Special efforts were made by all faculties to meet the requirements of returned soldiers whose scholastic career had been interrupted by the war. A summer School in Engineering restricted to men who had been overseas, saved an academic year to a large number of such returned men, and was conducted without Government assistance at the expense of the University itself.

For the last three years the new Arts building and the Grant Hall have been used as a hospital by the military authorities, and there has been abundant testimony to the satisfaction that the patients have felt in being housed so well amid such beautiful surroundings. The soldier patients are now transferred elsewhere, releasing the class room space for the growing requirements of the University.

ASBESTONE
40 Year Roofing

No Rags or Tar in this roofing. Pure Asbestos and Asphalt, cannot rot or dry out. Costs but little more than the ordinary kind.

It is far more durable, as well as fire resisting, and just as easy to put on. Any other roofing would be totally destroyed by fire. Not so with Asbestone. It is not what is on a roofing but what is in it that counts.

REMEMBER

Remember that you have no right to pass judgment on your friends. Remember that there is a great universal law of cause and effect which will bring every one his just deserts.

Remember that you should spend your energies in so improving your own life that no penalty will fall to you.

Remember that often the very thing which we criticize in others needs correction in ourselves. We should therefore, search ourselves when we see evil in others.

Remember that it is just as necessary for us to do good to those who ill treat us as it is for us to do good to those who are kind to us.

Remember that evil brings its own reward and that evil methods do not destroy evil. Evil must be overcome with good.

Remember that "where there is a will there is a way," and where there is a Divine Will there is a glorious way.

Deep Brook's Successful Pupils

The twelve young girls, namely Misses Vera Dittmars, Ethel and Pauline Spurr, Frances and Margaret McClelland, Bertha Lent, Hilda Adams, Thelma Berry, Stella Henshaw, Alice Harris, Caroline Curtis and Blanche Berry, accompanied by their teachers, Misses Edna Wade and Gady's Dukeshire, who attended the Bear River School Exhibition which was held on Friday, Sept. 19th, did credit to themselves and the town which they represented.

The prize for the best appearance and singing was awarded these young girls who presented a striking picture, in their white middie suits with black ties and hair bows.

Their suits being decorated with autumn leaves, "The Maple Leaf Forever" was rendered in a pleasing manner. They also carried off the honors in penmanship Stella Henshaw 1st prize in writing, grade X, Vera Dittmars 2nd prize in writing, grade X, Margaret McClelland 1st prize in grade X, Hilda Adams 1st prize in grade IX.

Several prizes for speaking and fancy work were awarded them. Bruce McClelland and Hugh Berry took several 1st and 2nd prizes on vegetables. Altogether the day was a happy one for all.

Heavy Apple Shipment (Kentville Advertiser)

The apple movement over the Dominion Atlantic Railway is very heavy at present. Solid train loads of fruit can be seen moving out to Halifax and Truro, at all hours, day and night.

The business is being handled with expediency, thus enabling the shippers to reach their destination in good time. The apple crop this year is large and of good quality. Plums are not so plentiful as they are very abundant.

We wish to remind our patrons that all single copies of the MONITOR are held at Mrs. Brocks' book and stationery store, Bridgetown, and that they are not for sale at the MONITOR office. We are always ready, however, to receive at our office orders for yearly subscriptions.

Local Happenings

The Yarmouth Exhibition opens in Yarmouth to day and will be operated on old time.

The next meeting of the Women's Institute will take place Thursday afternoon Oct. 9th.

We wish to call special attention to Mr. A. C. Hicks' auction yard, which appears in today's MONITOR.

Monday, October 13, has been fixed by the Government as Thanksgiving Day for the Dominion.

Mr. Joseph Todd had his finger injured with a saw at Beeler & Peters' mill at Dalhousie last week.

The Women's Missionary Aid Society will meet at the home of Mrs. E. C. Hall at 7.30 p. m. Oct. 7th, 1919.

Readers of the MONITOR get the news of Annapolis and Digby counties in one paper and can save \$1.50 per year.

This is Farmers' Day in Bridgetown. Sports will be held on the Athletic grounds beginning at 2 o'clock this afternoon.

Monday night's express did not reach Bridgetown until midnight being detained by an engine off the track near Horton Landing.

The regular session of the Supreme Court opens in Annapolis Royal next Tuesday, Oct. 7th. It is said that the docket is a short one.

A survey made in Massachusetts shows that only eight persons out of every thousand know the Lord's Prayer or the Ten Commandments.

If discovered, the person or persons who have been despoiling property at the Athletic grounds will be punished to the full extent of the law.

Mr. Herbert F. Williams, Bridgetown's well known cattle dealer, shipped a car load of cattle from North Range to Halifax via Monday's regular D. A. R. freight.

Commencing next Sunday and continuing until further notice, the evening service in all the churches will begin at 7 o'clock and week day evening services will begin at 7.30, commencing this Wednesday.

Owing to the continual increase of printers' supplies, labor, etc., the price of the MONITOR has been increased from 3 to 5 cts per single copy.

Our subscription rates for the present will remain at \$1.50 per year and we would advise all our subscribers, in order to take advantage of the \$1.50 rate, to remit as soon as possible.

Next Friday evening the annual meeting of the St. James Church adult "Organized" Bible class will be held in the schoolroom.

The business of this meeting (which will commence at 7.30) will be the election of officers and committees and the making of plans generally for the ensuing season. Whilst the class is held under the auspices of St. James Church it is open to any person interested in Bible study and a cordial invitation is given to all such to attend.

Fiftieth Wedding Anniversary

On Saturday evening, Sept. 20th, about 50 guests gathered at the home of Mr. and Mrs. A. B. Clark the occasion being the fiftieth anniversary of their marriage.

After many good wishes and hearty congratulations a pleasant evening was spent.

A number of useful gifts were received. Dainty refreshments were served.

Clementsport Red Cross

The last of the work from the Clementsport Red Cross was sent to Halifax in August. This consisted of 12 pairs of socks and the sum of \$65.50. A letter received by the secretary states that this money was used to purchase a set of books for the soldiers' library.

These books are known as a gift from Clementsport Red Cross Society.

September Weddings

GATES—BENT

An interesting event took place on Wednesday evening, September 24th, at the home of Mr. and Mrs. William A. Bent, North Williamston, the occasion being the marriage of their daughter Gladys A. Bent to Mr. William H. Gates, of Beech Meadows, Queens Co. Rev. F. H. Beals, of Lawrencetown, performed the ceremony, the wedding march being read by Mrs. R. L. Moore. The parlour was tastefully decorated with white trimmings cut flowers and potted plants.

The ceremony took place under a beautiful white arch trimmed with maiden hair fern and pink and white Asters. The bride, who was unattended entered the room leaning on the arm of her father, charmingly attired in white silk and pearl trimmings, with bridal veil and carried a large bouquet of white Asters and sweet peas.

After the ceremony Mr. and Mrs. Gates received the congratulations of their friends, after which a dainty luncheon was served to about 80 guests. Among the invited guests were friends from Mill Village, Granville Ferry, Bridgetown and Paradise. The best wishes of many friends follow the happy couple in their new life.

The wedding gifts were numerous and costly consisting of silverware, china, glass, linen a sum of money, etc.

Mr. and Mrs. Gates will reside in Beech Meadows, Queens Co.

PARKER—RETTIE

The Amherst Daily News says: A pretty wedding of interest to Amherstonians was solemnized at Salt Springs, Pictou County, on Tuesday, when Annie J. Rettie, daughter of the late Captain and Mrs. Rettie was united in marriage to Mr. Eugene T. Parker of the firm of Hanway & Parker, Amherst. Mr. Parker is a son of Mr. and Mrs. I. J. Parker, Belleisle, Annapolis County. The home was prettily decorated for the occasion with flowers and plants. The ceremony was performed by the Rev. Mr. McDonald, of Salt Springs, in the presence of only the relatives and intimate friends of the young couple.

The bride who was given away by her brother, Mr. Samuel Rettie, looked most charming in white beaded chiffon over silk, wearing the conventional veil and orange blossoms. She carried a beautiful bouquet of cream roses and sweet peas. Both bride and groom were unattended. The bride's travelling costume was of navy, blue with black hat and furs. Mr. and Mrs. Parker motored to Truro and left on the Maritime for a honeymoon trip through the Upper Provinces of Canada, accompanied by the best wishes of all friends.

The many local friends of Mr. and Mrs. Parker will join with the others in the heartiest of congratulations.

A MOTHER'S TRIALS

Care of Home and Children often Causes a Breakdown

The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls while hurried meals broken rest and much indoor living tend to weaken her constitution. No wonder that the woman at home is often indisposed through weakness, headaches, backaches and nervousness. Too many women have grown to accept these visitations as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple and the cure at hand. When well, it is the woman's good blood that keeps her well; when ill she must make her blood rich to renew her health. The nursing mother more than any other woman in the world needs rich blood and plenty of it. There is one always unfailing way to get this good blood so necessary to perfect health and that is through the use of Dr. Williams' Pink Pills. These pills make new blood abundant and through their use thousands of weak, ailing wives and mothers have been made bright, cheerful and strong. If you are ailing, easily tired, or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. What this medicine has done for others it will surely do for you.

CORRESPONDENCE

To the Editor of the MONITOR Dear Sir:—Through the columns of your valuable paper, I wish to thank the person who so kindly sent the "good advice" to me a few days ago. As the writer forgot to sign his or her name, I am unable to thank them personally. The writer, being unknown I do not know in what way I am supposed to take the missive, but I have decided to take it all as good advice with the exception of the note on "safety of children." This note gives me an idea of the writer and I wish to state here that if the remark concerning children is again uttered legal proceedings will be immediately taken up in the matter. Thanking you for the valuable space in your interesting paper. I Remain Yours, etc. H. C. Bridgetown Post Office

Marine News

We understand that operations have started on a new vessel in the Bigelow shipyards at Carling.

The new schooner A. W. Longmire, Capt Longmire, sailed from Digby on Tuesday for the grounds. She baited at Grand Manan.

The yacht Alton, Capt Danforth, which spent the summer at Digby, has gone to Argyle preparatory to going into winter quarters.

Among the fish arrivals at Gloucester on Friday was the schr Swan, from Digby, with 165,000 lbs., salt fish 15 bbls. cod oil and some hilling.

The schooner Cora Gertie arrived at Digby Thursday from Freeport. She had 70,000 pounds of salt pollock for the Maritime Fish Corporation.

The arrivals at Miramichi to the end of last week, were 33 steamships and two barquentines—two of them with coal and the others for lumber.

Shelburne Gazette: Roseway fishermen report good catches of pollock. Mackerel have struck in to the eastward and are now being anxiously looked for this way.

The Lunenburg schr H. H. McIntosh, Capt Spindler, arrived at Sydney from the Banks on Tuesday with deck swept and two men with broken legs, during a gale of wind.

Two tern schooners, the Emily F. Northern and the William H. Draper, arrived at St. John Saturday from Yarmouth where they will load deals for the United Kingdom.

The new tern schooner Jean F. Anderson is loading at Digby for Barbados. Capt. James E. Crosby, of Yarmouth, arrived there on Tuesday to take charge of the vessel.

Customs official, William McMahon, who was assisting in Yarmouth during the summer months, has returned to his home in Weymouth. Mr. McMahon will probably go to Pugwash in relief work.

The schooner Dorothy M. Smart, which has just completed an extensive overhauling at Digby sailed for the grounds on Friday, in charge of Capt Ansel Snow. She went to Liverpool for bait.

Albert Melanson, of Grosse Coques, Digby county, was before marine examiner, Capt J. E. Murphy at Yarmouth on Wednesday and Thursday and successfully passed as mate in the coastwise trade.

Mr. William Moore, of Westport, was before Marine Examiner, Capt John E. Murphy, at Yarmouth, on Friday, and successfully passed examinations and was granted a certificate as first officer for steam and sailing vessels in the coastwise trade.

Henry A. Amiro's schr, Eddie James Capt. William Snow, arrived at Yarmouth Tuesday with a fare of 6,000 lbs. of fresh halibut and 55,000 of shuck. Capt. Snow also reports an unfavorable trip and much difficulty was encountered and time lost in getting a supply of both ice and bait.

The government steamer Lansdowne has been turned over to the junkman at Halifax, and will be broken up. Built in 1884 at MacLean for the Marine and Fisheries department, she has been engaged in buoy and lighthouse work, and was probably the oldest vessel in the government service.

A Portland despatch says: Papers for the incorporation of the East Coast Fisheries Products Company, a \$20,000,000 industry, were filed today at the registry of deeds. This corporation, is the outgrowth of the purchase of several fishing and canning companies on the Maine coast. Frank L. Gowan is president and Helen W. Baston treasurer.

Richmond Record: The Comeau fish plant at Petite de Grat including wharf and buildings, has changed hands and been transferred to Fred G. Gagnon, bookkeeper, a most competent young man and very popular with the fishermen. A. L. Comeau, has been managing the business ever since his brother, the popular E. L., who is now engaged in shipbuilding in Digby county, turned it over to him.

The Richmond Record is in receipt of an interesting letter from an Arichat citizen, Capt Alfred Gagnon. He had just arrived in Swansea, Wales.

in the schooner Marine, of Weymouth, loaded with deals from Parrsboro. His vessel is loading at Swansea with coal for a port in France, and from there will lead with pit wood for the Bristol Channel, thence to the West Indies. He expects to be back in Canada in the spring of 1920.

Mr. T. D. Crowell, of Clark's Harbor, has purchased the 22 ton schr Fred & Norman from Capt Cheney, of Grand Manan, and will place her in the coasting trade. The schooner will be commanded by Mr. Crowell's son, Capt. Murray Crowell, and she is now at Little River, Digby Co. Mr. Crowell already has plenty of work in view for the craft and her first trip under his management will be to the north shore of New Brunswick for lobster bait.

Port of Annapolis Royal: Schr. Jam's L. Maloy arrived Sept 15 from Perth Amboy, N. J., with 272 tons hard coal for R. S. McKay, Middleton, which is being forwarded by rail from here. Schr. Emerald arrived from St. John Sept 12 with general cargo and cleared same day to return. Schr. Claude L. which had been here from Apple River cleared Sept 12 for St. John. Gasoline freighter Freda & Blanche arrived here Sept 13 from Tiverton and cleared same day to return with freight that had come here by rail.

Shelburne Gazette: Richard Young of Shelburne, is a member of the crew of the Bucksport schooner T. M. Nicholson, which was in port last week. While in a dory alone recently he was attacked by a shark. The 25th caught the bow of the boat and raised it out of the water fully four feet, tearing a strip several inches long out of the bottom of the craft. John Buchanan happened to be near in another dory and rowed to Young's assistance and hit the shark with the oar when it made off. Young was taken aboard Buchanan's dory. The one attacked by the shark was towed to the vessel.

St. Mary's Bay was the scene of another pretty launching on Monday afternoon at three o'clock, when the Acadia Shipbuilding company, of Saultierville, put afloat the handsome 1200-ton masted schooner just completed in their yard. As she started down the ways Miss Laura d'Entremont, daughter of D. D. d'Entremont, one of the owners broke the bottle of champagne and christened her the Nettie C. The vessel is one of the best that can be produced and is classed for twelve years in the French Veritas. The Nettie C. is 150 feet overall, 33.4 wide 12.1 deep, and is 512.13 tons gross and 450.50 register.

A SUCCESSFUL MASTER MARINER

Capt. H. A. Henshaw is Now in Command of the S. S. William Green

Capt. H. A. Henshaw, one of Nova Scotia's best known and most successful master mariners, is now in charge of the Pan American Petroleum and Transport Co's S. S. William Green, a steamer two years old 447 ft long, 55 ft wide, 36 feet deep with a tonnage

CAPT. H. A. HENSHAW

of 6,875 tons carrying a cargo of 70,500 bbls. Mrs. Henshaw and two sons, who have been on the boat since July 7th, sailing from one southern port to another, have returned to their home in Wolfville, N. S., in order that the boys be present at the opening of Acadia University.

The engagement is announced of Miss Ethel J. Moody, of Toronto, daughter of Mrs. Moody, and the late Dr. J. C. Moody, of Windsor, N. S., to Lieut James Boyd, of Clinton, B. C. The marriage will take place from the home of F. W. Moody, at Pictou, Ont., early in October.

ATTENTION! Sick Women

To do your duty during these trying times your health should be your first consideration. These two women tell how they found health.

Hellam, Pa.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles and a displacement. I felt all run down and was very weak. I had been treated by a physician without results, so I decided to give Lydia E. Pinkham's Vegetable Compound a trial, and felt better right away. I am keeping house since last April and doing all my housework, where before I was unable to do any work. Lydia E. Pinkham's Vegetable Compound is certainly the best medicine a woman can take when in this condition. I give you permission to publish this letter."—Mrs. E. R. CRAWLING, R. No. 1, Hellam, Pa.

Lowell, Mich.—"I suffered from cramps and dragging down pains, was irregular and had female weakness and displacement. I began to take Lydia E. Pinkham's Vegetable Compound which gave me relief at once and restored my health. I should like to recommend Lydia E. Pinkham's remedies to all suffering women who are troubled in a similar way."—Mrs. ERNE HEMM, R. No. 6, Box 63, Lowell, Mich.

OUR SISTER TOWN

We Are Pleased to Hear of Future Prosperity

This is what the Annapolis Spectator says about the future Annapolis Royal: Anyone who has observed the trend of events in Annapolis Royal of late must have become aware of evidence that the old town is about to take a new lease of life and prosperity. With the completion next year of the bridge to Granville, the introduction of electric lighting from the town supply to that side will at once solve to some extent the constant demand for more house accommodation for Academy students and for other transient or permanent residents. The uniting of the two communities, moreover, will bring a population within a five-mile radius of 600 in Granville, 1200 in town, 300 in Lequille, 250 in Moschelle, and 1000 in the district of Clements making a total of 3,500 accessible to this town as a centre within fifteen minutes by motor car, to say nothing of the but slightly more remote suburbs of Round Hill, Tapperville and Milford. A nucleus of say 3,500 population for a town, in a prosperous agricultural section, is not a bad basis for development. It is a great deal more than Digby, Bridgetown or even Middleton can boast and at once establishes this as the principal centre of life and business between Halifax and Yarmouth. The superior seaport advantages we enjoy must inevitably also attract commerce. The new water power for electric light will give a system of which any town might well be proud. The establishment just now of a new fruit evaporator here on what looks like a permanent basis shows that capital in at least one line has been voluntarily persuaded of this being the right centre. The maintenance of the late and early expense, giving two trains a day to and from Halifax creates this point of increased desirability. Many rumors are afloat as to things to be started and the next few years may show a wonderful development.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic.

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

THE LABRADOR ENTERPRISE

(Annapolis Spectator)

Capt. Dan Owen left last Saturday for Boston where he will make his future headquarters as president of at least two multimillionaire corporations to exploit the Labrador pulpwood areas recently discovered and mapped by him with aeroplane surveys. These however are but part of the properties controlled by these companies and the business of which will keep him very active for years to come. It is stated that a steamer will be employed in the work of transporting men and supplies to and products from Labrador next year and the Granville will also be taken there for river and local service. Dr. M. Graham will become purchasing agent for the new concern. The Granville will be laid up here until further developments.

The Fredericton Exhibition

(From the Fredericton Gleaner)

Fredericton Fair was one of the best ever held here with exhibitors from all over the Dominion. We note only one exhibitor from Nova Scotia, Mr. Allan Bezonson, from the Annapolis Valley. His exhibits are agricultural produce, the finest ever shown here taking the three special prizes. 1st garden vegetables; 1st in best collection field roots and 1st in the special prize offered by Burpees for the best collection of garden vegetables grown from his seeds also Diploma together with lots of other prizes and this is a potato country. Mr. Bezonson, out of sixty entries of Early Rose potato, won first money. Also first special prize \$5.00 on Irish Cobblers potatoes there were over 70 entries.

A Typographical Error

"Miss Myrtle" returned on Monday from Portland, where she has spent several days as the guest of her uncle and aunt. —Maine newspaper

On behalf of the newspapers generally, and the above newspaper in particular, we hasten to state that in the rush and bustle of going to press, little typographical errors are likely to creep in. Mistakes are liable to happen in the best regulated newspaper office, and the above is no exception to the rule. It might seem to the casual reader that this item reflects on Myrtle's aunt, but no such reflection is intended. Doubtless, Myrtle's aunt, like all aunts, is just as fussy and particular about her personal appearance as can be; and if the reader will take the trouble to separate the word "uncleand" and imagine a space between "uncle" and "and," the above item will lock much better in print.

A Great Magnet

A young man from the country called on a certain manufacturer in his workshop, and the man of metals and machinery picked up a powerful magnet and said:

"That magnet will draw three pounds of iron from a distance of two feet."

"That's not much," said the young countryman thoughtfully. "I know something wrapped in muslin and frills that draws me every Sunday over three miles of ploughed field."

The Bear River Bridge

At a meeting of the engineering Institute of New Brunswick held at St. John last week the construction of the Bear River bridge was discussed by A. T. MacDonald, who gave a technical description of the construction of the bridge which he said was 1,640 feet long and had been built by the Foundation Company of New York, and the Power and Brewer Company of St. John.

A Gentle Reminder

Our office is open up to 12 o'clock noon on Mondays to receive copy for change of ads. Copy left under the door after that hour will be inserted in our columns the following week if found, by our office help, in some cases cut on the side walk. Will the change of time put some of our merchants (those who are always behind) an hour ahead?

Another "Dry" Vote

"A burnt child dreads the fire," announced the teacher during the lesson in proverbs. "Now, give me a sentence different in wording, but meaning the same thing."

"A grimy hand shot up from the back of the class.

"Please, teacher," came a small voice. "A washed child dreads the water."

A Good Potato Crop

Potatoes seem to show a more than average crop so far as sampled hereabouts. It is reported that New Brunswick will average 160 bushels per acre and Maine about the same, which is twenty per cent better than last year, but the New York State crop is said to be poor which may increase the demand and the price.

Major and Mrs. Knowlton motored from Hampton to Plympton and returned last week stopping on both occasions with Rev. H. Wainwright, Annapolis.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. "THE HOME OF GOOD SHOES"

IS NOW ABLE TO GO DOWN TOWN

Mrs. Hoffman Makes the Trip First Time This Year

"I had to live on milk for five months before I found Tanlac and now I can eat meat, potatoes or anything else I want and am building up every day," said Mrs. Mary Hoffman who resides at 736 Clough Avenue, Superior, Wis.

"Nearly a year ago I began to have trouble with my stomach," she continued. "After every meal, gas would form and start terrible pains in my stomach. I just suffered agonies and would bite my lips to keep from crying out with pain at times. I just couldn't digest anything but milk and a little beef tea once in a while. Then my nerves began to give way and even the rustle of a paper on the floor would make me tremble like a leaf. I couldn't do any of my housework and at night I was so nervous and in such pains that I couldn't sleep and finally got so weak and run down that I could hardly walk. Then I read about Tanlac and persuaded my husband to get it for me.

"I honestly believe that if I hadn't taken Tanlac when I did, I wouldn't have been here now to tell the story. I began to build up right away after I had taken one bottle. My stomach was relieved, the gas stopped forming and I began to eat and enjoy it. Now I can eat three good meals every day and never have a bit of trouble. I came up town the other day for the first time this year and enjoyed the walk. I can get around and do all my housework, am getting stronger every day and think it is just wonderful that I found a medicine that would do all this for me. Everybody ought to know about Tanlac and what it will do for a person who suffers like I did, and I am glad to tell how it helped me."

Tanlac is sold in Bridgetown by S. N. Ware, in Middleton by Clifford A. Mumford and in Bear River by L. V. Harris.

Was He Wrong

The teacher's last question was meant to be a real poser.

"What is it that pervades all space?" she said. "Which no wall or door or other substance can shut out?"

Little Willie had an answer ready. His hand shot out.

"The smell of onions, miss," he said, promptly.

The Why? of Another Victory Loan

WHEN, on the morning of November 11th, 1918, the guns were hushed and glad tidings flashed across the world, there followed with the Nation's Prayer of Thanksgiving, one yearning query, which found echo in the faster beating hearts of wives, mothers, fathers, brothers, sisters and sweethearts.

CANADA caught the spirit of these longings, and at once resolved to satisfy them. It was an appalling task. Shipping was tragically scarce. The composition of the Army of Occupation had not then been settled.

THE problem was this. The half-million men that Canada had overseas had taken more than four years to transport to the field of battle. To bring them home in a few months was a gigantic undertaking—one to tax all Canada's ingenuity and resources.

THEN, too, besides the sentimental aspect of the necessity for bringing the men home quickly the economic side could not be overlooked. That was, to transform efficiently and speedily the nation's army of fighters into a national army of workers.

Need Divides Itself in Two Parts
(a) To finish paying the expenses of demobilization, and the obligations we still owe to our soldiers.

Obligations to Soldiers
That already incurred cost of bringing home troops from overseas. The payment of all soldiers still undemobilized. This includes more than 20,000 sick and wounded who are still in hospital, and who of course remain on the Army payroll till discharged.

Gratuities
There is also the gratuity which has been authorized, and has been and is being paid to assist soldiers to tide over the period between discharge and their re-adjustment to civil life.

Land Settlement
Act, be loaned money by Canada with which to purchase land, stock and implements. The money so advanced will be paid back; meantime each loan is secured by a first mortgage.

Vocational Training
For this work which, with the Vocational Training and Soldiers' Service Departments, embraces the major activities of the Department of Soldiers' Civil Re-establishment, an appropriation of \$7,000,000 is necessary.

National Working Capital
These national expenditures are war expenses. They will be accepted readily by every citizen who gives thought to the task which Canada faced following the Armistice, and to the success with which she has met it.

The "Why" of Credit Loans
Farmers and manufacturers (and that includes the workers on these orders) must be paid cash for their products. Therefore, Canada must borrow money from her citizens to give credit, temporarily, to Great Britain and our Allies.

For Transportation
Money must also be available to carry on the nation's shipbuilding programme, and other transportation development work.

These, then, are some of the things for which Canada needs national working capital. She is in the position of a great trading company, and her citizens who buy Victory Bonds are the shareholders.

Those who give thought to our outstanding obligations to soldiers, and to our need for national working capital, cannot fail to be impressed with the absolute necessity for the Victory Loan 1919
