TWENTY-THIRD YEAR

PREMIER ROSS BEHEFT WIFE'S SUDDEN DEATH

Passed Away Yesterday After a Few Hours' Illness—Feeling References in Legislature.

While the country at large was yet deploring the loss sustained in the death of two of her distinguished prelates, in this city, within the past week, there came another shock yesterday morning, when the death was announced of the wife of one of her foremost statesmen, in the person of Mrs. G. W. Ross. The sad event was unexpected up to a few hours of its happening. Mrs. Ross was seized with illness on Tuesday morning, and her condition grew gradually worse until 4.30 a.m. yesterday, when she peacefully passed away.

The suddenness of her demise is emphasized by the fact that Premier Ross was in his seat on Tuesday afternoon, and subsequently Dr. W. E. Caven and Dr. Burritt were called.

Mrs. Ross was the daughter of the late Mr. William Boston, ex-M.P., of Lobo Township, Middlesex, and a brother of Mr. Robert Boston, ex-M.P., of London. She was the mother of four children—Geo. W. Ross, Jr., Miss Kate, Miss Florence and Miss Mabel Ross.

The death of Mrs. Ross will be keenly felt, not only in her home, but also in her church (St. Andrew's) and in the legislative chamber and in a wide circle of friends in Toronto and other parts of the province. She was a devoted wife and mother, and to the Premier himself her death must prove an especially severe blow. For years past, during which the Prime Minister has been a semi-invalid, his wife has been his constant nurse and attendant. All his campaigns she shared with him, and in all of them she shielded his health and cared for his comfort. Had it not been for her tender and unswerving solicitude, Mr. Ross would hardly have been where he is to-day. In fact, it was only last summer, when the Premier returned from England that he referred to his loyal wife as "a strong tower of refuge" to him.

Mrs. Ross and her family will, therefore, have the sincere sympathy of the entire public in this bereavement.

At Old St. Andrew's, Mrs. Ross was, with her husband and children, a constant attendant, and her influence stood for good in the congregation. Mrs. Ross' fine personality, pleasing presence and kind heart endeared her alike to the political friends and foes of her husband, and soon regret at yesterday's sad event will be felt in many Ontario homes.

Funeral Friday Afternoon.
The funeral will take place from the family residence, 1 Elmley-place, to-morrow afternoon at 1 o'clock, at Calvert, the chief Liberal whip of the House of Commons.

Adjourning of Respect.
The legislature, instead of holding a morning session yesterday, adjourned until the afternoon, as a mark of respect and sympathy for the Premier, at the sudden death of Mrs. Ross. After prayers were over, the Attorney-General, Hon. J. M. Gibson, in a tremulous voice, that he could not control the emotion of the House, with a suddenness that was appalling, had been deprived of his long companionship—his wife. He did not think that the House, in view of this sad occurrence, would proceed with the ordinary business before the House, without marking in some way the public sympathy for the Premier and his family in this trying moment.

Beloved and Admired.
Mrs. Ross, the Attorney-General said, was known to the people as a woman of the highest degree of respect and admiration of every member of the House.

UNIFICATION OF OUR LAWS

Dr. Russell of Hants, N.S., Wants Advantage Taken of Section 94 of B.N.A. Act.

AN INTERESTING ACADEMIC DEBATE

Government Has Received No Word of the Alleged 3 Per Cent. Commission on Purchases.

Ottawa, March 12.—An academic discussion on the merits of federal and legislative union interested the House during the short sitting of to-day. The subject was introduced by Dr. Russell of Hants, N.S., who, in a polished address, advocated advantage being taken of section 94 of the B.N.A. Act, which provides for unification of the laws respecting property and civil rights in several of the provinces.

Mr. Demers (St. John and Berthelme) introduced a bill to amend the Supreme and Exchequer Court Act by providing that appeals shall be made to the Supreme Court only in case arising under federal law.

Information Vouchsafed.
Questions by Mr. Sproule and Col. Sam Hughes elicited from the Premier the reply that communication had been received by the government from the Colonial or War Office relative to an allowance of three per cent. commissions on all materials for the War Office purchased in Canada. No such commissions had been charged; the work, inspection, etc., having been performed by officers of the departments without commission.

Russell's Uniformity.
Dr. Russell moved a resolution to the effect that the time has come for carrying out the provisions of the British North America Act for securing the uniformity of civil law in Ontario, Nova Scotia and New Brunswick and such other provinces as have been brought within the scope of those provinces since confederation. Dr. Russell held that many of the leading minds at the Quebec conference, which led to confederation, among them John A. Macdonald, favored a legislative union of the provinces, but they recognized its impracticability, and so concluded upon a federal union; nor were the obstacles confined to the existing laws of Quebec, as was frequently supposed. There could be no uniformity of law in Ontario even had there been no Province of Quebec. Nevertheless, unification of certain laws relating to property and civil rights would be of great benefit. Among such were the laws relating to fraudulent conveyance, domestic relations and matters of general interest to the uniform adoption in the provinces of those portions of the British common laws which were held to be in force in Ontario. Among the advantages which he claimed would flow from the action called for in this motion were the saving of time and money, the removal of friction between the Dominion and the provinces.

Mr. Flint of Yarmouth supported the resolution.

History Recalled.
Mr. Haggart put forward by Dr. Russell for a unification of the laws relating to property and civil rights, and he said it should be easy enough to bring about this result in all the provinces except Quebec. But the first step should be the union of the three Maritime Provinces of Nova Scotia, New Brunswick and Prince Edward Island. How absurd, said Mr. Haggart, to have these three provinces with three distinct legislatures, which would give to these provinces an importance and influence that would be of advantage to the whole Dominion. These might cause a union between Ontario and Manitoba, and eventually a legislative union of the whole Dominion. That was what the chief framers of the British North America Act had in view, his hope being that by the decision of the Imperial Privy Council the provincial laws would be gradually linked into uniform shape, but unfortunately the Privy Council took the opposite course. Home rule cases in the Irish, every case of the extreme view was taken of provincial rights. However, while this legislative union was most desirable, there appeared to be no agitation for it at the present time.

London It is Feared That Methuen May Be Shot In Retaliation For the Killing of Burgher Scheepers

An Alleged Description of the Latter's End Published Which Has Caused the Boers to Long for Revenge—Captive British General's Sanity is Questioned—His Bravery Vouched For.

Berlin, March 12.—Gen. Methuen, who was British military attaché at Berlin from 1877 to 1881, made many friends while here. Among the stories related of him is that upon one occasion, when he was going to the palace to visit Emperor William, in 1881, he jumped into the street and saved the life of a drowning child. The time required to change his clothes made him late at his audience with the Emperor. For this he apologized, but did not give the reason for the delay. A few days later, at a reception in the palace, the Emperor drew the British attaché aside, and pinned the rescue medal on the lapel of his coat.

MAY BE SHOT.
Chicago, March 12.—The Record-Herald's London correspondent wires: A painful war situation and an exasperating censorship have set London on edge. Nothing has been heard from Lord Methuen, since his capture, regarding his condition, and little is known of the movement of troops that formed part of his command, but who took no part in last Friday's combat. The city is full of rumors, one of which is that Methuen's life is in danger. It is said that, as a measure of retaliation for the shooting and hanging of Boer prisoners, Dewet and Steyn may be tempted to do away with their distinguished prisoner.

PRO-BOER ATTACK IS FEARED.
Captain of a British Mule Transport at New Orleans Asks Protection.

DEPUTY SHERIFF DETAILED AS GUARD.
General Pearson and His Sympathizers Cause Alarm—Dynamite Hinted At.

New Orleans, La., March 12.—The officers of the British mule transports here are alarmed at the attitude of the Boer agents and sympathizers. The captain of the British transport Montreal, which is loading with mules at Chalmette, waited until Sheriff Nimmerdorn, who is in charge of the mule transport, had reason to believe that his vessel would be subject to an attack similar to that on the Mechanic, against which a dynamite torpedo was floated, and asked for protection. Deputy sheriffs were detailed to protect the Montreal against Boer attacks.

DROWNED AT PORT HOPE.
William Douglas Loses His Life Fixing a Dam.

Port Hope, March 12.—A very sad accident happened this afternoon, by which William Douglas, miller, at the Harold Barrett Company's mill, lost his life. Shortly before 5 o'clock, owing to the great quantity of water coming down the creek, it was found necessary to take up some of the logs at the dam, and while engaged in pulling up one of the logs, one end suddenly slipped out, causing the other end to swing round, striking Mr. Douglas on the legs, knocking him into the water. The current drew him toward the dam, and he was unable to get out. He was carried away by an instant seen before going under the bridge at Walton-street, and unless the body had stopped at Helm's Dam, he likely been carried out into the lake. The deceased had been an employee of the Barrett mills for 37 years, and was 64 years of age. He leaves a widow, two sons and two daughters.

CAT KILLS DRUNKEN MAN.
Campton, Ky., March 12.—James L. Wireman of High Falls, three miles from here, was killed, while drunk, by a house cat. Wireman today was sentenced to two months' imprisonment and the publisher of the paper was fined 500 marks for printing a false story. The cat was killed by the publisher of the paper.

DROWNED AT NEWMARKET.
Newmarket, Ont., March 12.—About 1 o'clock this afternoon the 7-year-old son of Mr. A. J. Crippen fell into the water, and was drowned. Parties immediately commenced dredging for the body, but up to a late hour it had not been found.

ON ADVICE OF CABINET.
London, March 12.—It was officially announced to-day that the proposed royal visit to Ireland this year has been cancelled upon the advice of the cabinet.

EDWARDS AND BART-SMITH CHARGED.
Accountants, Office Canadian Bank of Commerce Buildings, Toronto.

Uxbridge Old Boys at the Grand.
The Uxbridge Old Boys will attend the Grand to-night in a body, to hear William G. Richards, who is known professionally as Richard G. Williams, make a speech in support of the "Barbara Fritchie" play. Mr. Richards is an old Uxbridge boy, and attended school with many of the old boys now residing in Toronto. They are in the gallery.

PRESIDENT OF BRAZIL.
New York, March 12.—Senator A. Fontoura Xavier, Brazilian consul-general in this city, has received a private cable despatch from Rio Janeiro, announcing the election of Dr. Francisco de Paula Rodrigues Alves as President of Brazil.

Patents—Fetherstonhaugh & Co., Kingston, Ont., also Montreal, Ottawa and Washington.

TO-DAY IN TORONTO.

formed one of the hollow square, in which the Boers were shot at. "Commandant Scheepers was shot at 3 o'clock. They brought him from town in an ambulance with a band playing and the firing of 147 following him. When they got him to his grave he begged to be allowed to stand up and face death, but they would not let him. The volley almost blew one side of him away, and it was sickening sight to watch his death. A brave man, he did not flinch or turn pale. They buried him as he was and broke up the hall upon which he had sat, throwing the pieces on top of him."

When it is further added that the time played by the band that conveyed Scheepers to death was a folk-song, and that the victim at the time was suffering from severe wounds, the occurrence of the last few days, which was mistaken in his beliefs.

An incident at this particular time, that re-opens a distressing affair, adds greatly to the peril in which Methuen is placed. It is the publication of a private letter, purporting to give the details of the execution of Commandant Scheepers.

Denied a Soldier's Death.
Here is the story of a soldier who

disorders in the Arctic

Evils Perpetrated by the American Whale Fishers Among the Natives of the North.

COST THE LAST CONSIDERATION.
Says Mounted Police Commissioner Perry in His Report to Sir Wilfrid.

Ottawa, March 12.—For half a century American vessels have had a monopoly of the whole fishery of the Western Arctic Ocean. By wintering near the mouth of the Mackenzie River, they are enabled to make a large catch of walrus, seal, and other valuable animals, and to trade with the Indians, and as the chief article of barter is a cheap whiskey, a systematic moralization of the Indians is the result.

The attention of the Canadian government has frequently been called to the necessity for putting a stop to this illicit traffic and its baneful effects upon the natives, but nothing has been done in that direction. The subject is again brought forcibly to the notice of the government in the report of the Mounted Police, which Sir Wilfrid Laurier laid on the table of the House to-day.

The subject is again brought forcibly to the notice of the government in the report of the Mounted Police, which Sir Wilfrid Laurier laid on the table of the House to-day.

Supposed Thief Had to Be Clubbed Into Submission on Taking Refuge There.

HIS PAL RAN UP SIMCOE-STREET.
Bat Was Overaken and Locked up—Men Tried to Sell \$25 Capes.

Police-men Lillburn and Archibald had a hard and exciting chase last night after William McDonald and Percy Sheppard, two well-dressed young men, who had attempted to dispose of a valuable Persian lamb cape, trimmed with sable. Both men were captured, and will be held until the police make some enquiries about the ownership of the cape, which, it is believed, was stolen.

The policemen were on York-street about 11 o'clock, when they learned that McDonald and Sheppard had placed a bat of the second-hand stores and had been unsuccessful in their efforts to make a satisfactory sale of the cape. The men turned upon King-street, and the officers boarded a street car to head them off. The motor and waited at the corner for the prisoners. On seeing the policemen, McDonald and Sheppard fled. The former, who carried the cape, was followed by Constable Lillburn. McDonald, finding himself unable to escape, put up a fight, and in the encounter which developed, three patrons of the bar were injured. McDonald was taken to the Court-street station, and Sheppard was taken to the police station.

HUGHES TO CHAMBERLAIN.
Complaints of the Colonial Secretary's Ignorance of Canadian Climate.

Ottawa, March 12.—Lieut.-Col. Sam Hughes wants to put a flea in the ear of the Colonial Secretary for his misrepresentation of Canada's climate in the course of his interview with the committee which desired imperial aid towards removing the Welsh settlers from Patagonia. Col. Hughes will enquire in the House if the government has taken any action called for by Mr. Chamberlain's remarks upon the occasion, as thus reported in The London Times: "It struck me while you were speaking that the change of climate from a very hot country to the terrible rigors of the Canadian winter might be rather hard to face." Col. Hughes will suggest three methods of enlightening the Colonial Secretary. That he be sent a copy of Mr. Sifton's Atlas of Western Canada and his lady teachers going to South Africa stop off at London, and give him a little information on the delights of Canada's climate, or else Sir Wilfrid Laurier, when he goes to London, should give Mr. Chamberlain a few instructions upon the point.

FORMERLY OF ST. MICHAEL'S.
New York, March 12.—Rev. Father John T. Smith, chaplain of the Sisters of Mercy, at Eighty-first-street and Madison-avenue, has written an historical drama. He has been interested in the drama since he was a student at St. Michael's College, Toronto. In the drama the Mount Police at Dawson is given place.

HOW HE DIED.
London, March 12.—In a letter from South Africa Sergt.-Major Moore of the S.A.C. says that Major Ogilvy died just as he reached the hospital, after being shot in the stomach. The bullet passed through his horse's neck.

H. Skirving of London, formerly of the Mounted Police at Dawson, is now quartermaster-general.

CITY TREASURER IS APPOINTED
TREASURER OF THE PARKS BOARD

His Remuneration Will Be But \$150 a Year—Caledonia Village Bylaw Loaded Up With Forfeiture Clauses—Street Railway Affairs Remain Quiet.

TO-DAY IN HAMILTON.
Board of Education, 8 p.m.
Japanese Tombola, Y.M.C.A., 8 and 9 p.m.
Stationary Engineers' Association, 8 p.m.
Grand Opera House, Boston Lyric Company, in "Carman," 8:15 p.m.

Hamilton, March 12.—The Parks Board held a meeting this afternoon. A letter was received from Mr. Robinson, master of the 35th Band, regarding holding concerts during the summer at Dundas Park. The letter was referred to the City Council. It was decided to have electric lights placed in Woodland, Victoria and Wellington Parks. The City Treasurer was appointed treasurer of the board, his salary to be \$150 a year. A complaint was received about the condition of the pavilion at the Beach Park.

Bylaw Two Sign.
The solicitor of the Caledonia Village Council has sent a draft bylaw to J. G. Gaud, solicitor of the Caledonia Electric Railway Company, that will be given to the directors. It contains, they say, too many forfeiture clauses that are far beyond what should be expected in such a bylaw. One of the objectionable clauses concerns the removal of snow, which, if not done to the satisfaction of the Council, brings about the forfeiture of the franchise.

Mary Shea's Estate.
It is nearly six years since Mrs. Mary Shea died here, but the estate was only wound up last year. It was valued at about \$2700, half of which was to go to her only son, George, and the remainder to Roman Catholic charities. It was decreed in the will that the son must come back to

MAY MEET EASTER MONDAY

Call Will Be Sent Out for Prohibition Convention for Independent Action.

FEELING AMONG PROHIBITIONISTS

Organizer Nichols Finds Them Anxious to Punish Government for Perfidy.

The Ontario Prohibition Campaign Committee is inaugurating a movement for the organization of a Provincial Prohibition League, with a view to the approaching provincial elections. It is understood that a call is likely to be issued early next week for a provincial prohibition convention of temperance advocates favorable to independent political action. The convention is likely to be held in Toronto on Easter Monday. The reports received from those who are working in the line at different parts of the province indicate that a general movement along these lines will be manifested within the next few weeks.

The convention to nominate an independent candidate will be held by the prohibitionists of West Simcoe at Greencourt next Monday.

W. W. Buchanan left the city for Toronto yesterday at a car at 2:30 p.m. to consult with the officers of the Ontario Prohibition League. He will be in the city until next week.

The Dominion Council of Royal Simcoe, which will be held at Hamilton next Tuesday, this body will be in session for

about a week, and will formulate a Dominion policy for the order in view of the changed conditions caused by the decision of the Ontario Council.

The prohibition organization for Peel County has been elected by the voters of the county. The organization is headed by Mr. J. A. Nichols, who states that the prohibitionists are determined to bring about a general movement along these lines within the next few weeks.

REFERENDUM DATE FIXED

Continued From Page 1.

Consolidated Revenue Fund, for the construction of the portions of railways hereinafter mentioned, the sums following:

To the Lindsay, Bobcaygeon, Port Hope, and Lindsay Railway, from the village of Bobcaygeon to the town of Lindsay, a distance not exceeding 19 miles, a cash subsidy of \$3000 and \$37,000.

To the Bruce Mines and Algoma Railway, from a point at or near Bruce Mines to a point on the north shore of Lake Huron, a distance not exceeding four miles, a cash subsidy of \$3000 and \$12,000.

To the Nepean Railway Company, from a point at or near Nepean Station to a point at or near the head of Long Portage, a distance not exceeding fourteen miles, a cash subsidy of \$3000 and \$12,000.

To the Lake Superior, Long Lake and Albany Railway, from a point at or near Penzance, Ontario, northerly, a distance not exceeding ten miles, a cash subsidy of \$3000 and \$12,000.

The other railway resolutions which have been published are also passed.

Passed Committee Stage.

Respecting the Imperial Statute relating to the right of civil rights, incorporated into the Statute Law of Ontario—Mr. Gibson.

To amend the Municipal Franchise Registration Act.

In the last-mentioned bill, the clause to amend the Municipal Franchise Registration Act was strongly objected to by the opposition. They maintained that the oath should be administered to all who applied to have their names put on the list.

Mr. Marten's Amendments.

The Liquor bill came up in committee again, and Mr. Marten moved his amendments. Mr. Marten moved that the vote on the referendum be taken on the same day as the municipal elections.

The amendment, however, was lost by an overwhelming majority.

Mr. Foy observed that he was opposed to the vote being taken on any day, let alone at the time of the municipal elections, and he accordingly voted against the amendment.

A Second Effort.

Nothing daunted, Mr. Marten launched his second amendment, which, however, met with the same result as the first.

More Amendments.

A little while later, Mr. Marten, with the same result, moved several more amendments, which had for their object the changing of the basis of the vote on the referendum. They provided that a bare majority of 50 per cent should be enough to carry the referendum.

Left Large Estates.

The late John Frederick Wood left an estate valued at \$101,445. It includes debentures of the value of \$45,000 and is left chiefly to the deceased's son and daughter, with provision for the widow.

Will of the late George Mills, 589 East King Street, has been entered for probate. The estate is valued at \$10,000.

The funeral of John Aspley, who was killed at the Grand Trunk freight shed, took place yesterday at 10 a.m. at St. John's Church.

The annual sermon of I.P.B. Society will be preached next Sunday by Rev. Dr. Lytle.

There are again talk of giving a City Solicitor office in the City Hall, which was suggested by Mr. Nesbitt and Mr. Lytle.

Without Crutches.

The many friends of Vincent MacKay, son of James MacKay, local manager of the Canadian Transfer Co., will be glad to learn that he has been successfully operated on at a Toronto hospital and is now able to walk without the aid of crutches.

Mr. Nichols states that the prohibitionists are determined to bring about a general movement along these lines within the next few weeks.

The convention to nominate an independent candidate will be held by the prohibitionists of West Simcoe at Greencourt next Monday.

W. W. Buchanan left the city for Toronto yesterday at a car at 2:30 p.m. to consult with the officers of the Ontario Prohibition League. He will be in the city until next week.

ASSOCIATION OF OUR LAWS

Continued From Page 1.

sent, so that for the time being, we must wait along under our present constitution.

Come From the Provinces.

Mr. R. L. Borden took the ground that looking to the object of this resolution should come from the provinces themselves. If the provinces could get together and consider what laws relating to property and civil rights they would be willing to adopt in common, then parliament might act effectively, until that was done it would be idle for this parliament to take action, since under the clause of the British North America Act dealing with the subject, any legislation of the sort enacted by parliament would have to be sanctioned by the provinces interested. As to the Maritime union suggested by Mr. Haggart, it had been a question of intermediate legislation for 30 years. But at present there was no interest in the subject. Speaking of the codification suggested by Dr. Russell, Mr. Borden suggested a more careful preparation of the statutes and the passage of general laws such as a general law relative to railways, which would save a great deal of the time of the House.

Academic, Not Practical.

Mr. Fitzpatrick regarded the subject as rather of academic than of practical importance, because, as Mr. Borden had pointed out, Federal legislation would have to be endorsed by the Provincial legislatures. It would, therefore, be a question of intermediate legislation for 30 years. But at present there was no interest in the subject. Speaking of the codification suggested by Dr. Russell, Mr. Borden suggested a more careful preparation of the statutes and the passage of general laws such as a general law relative to railways, which would save a great deal of the time of the House.

How This Wonderful Medicine

health was improved and in four months was completely cured. I hardly dared believe that such good fortune was mine.

TEST YOUR URINE. Put some morning urine in a glass or bottle; let it stand for 24 hours; if there is reddish sediment in the bottom of the glass, or if the urine is cloudy or milky, or if you see particles or germs, you are suffering from gonorrhea.

diseased, and you should lose no time but get a bottle of Warner's Safe Cure, as it is dangerous to neglect

only positive cure for all forms of kidney, liver, bladder and blood diseases, uric acid poison, rheumatism, gout, diabetes, pain in the back, scaling and painful passage of urine, frequent desire to urinate, painful periods, bearing down and so-called female weakness.

direct, at \$1.00 A BOTTLE. LESS
THAN ONE CENT A DOSE.
WARNER'S SAFE CURE is pure

Refuse substitutes. There is no "just as good as" Warner's Safe Cure. It has cured all forms of kidney disease during the last thirty years. It is prescribed by all doctors and used in the leading hos-

forms of disease of the kidney, liver, bladder and blood, and so-called male weakness.

To convince every sufferer from diseases of the kidney, liver, bladder and blood that Warner's Safe Cure will cure them a trial bottle will be sent absolutely free to any one who will write Warner Safe Cure Co., Lombard Street, Toronto, and mention having seen this liberal offer in The World. The simplicity of the

lisher. Our doctor will send medicine booklet, containing symptoms and treatment of each disease and ma-

Cavanaugh Cuts the Pace.
Philadelphia, March 12.—Cavanaugh still cutting out the pace in the six-day-as-you-please race at Industrial Hall, leading Fahey by 13 miles. Glick, who has been second the first two days, was passed by Fahey to-day. Of the 70 men who started in the race shortly after midnight Sunday night, 46 have remained in the race.

were : Cavanaugh, 297.12; Fahey, 284.12; Gliek, 276.5; Tracy, 270.2; Day, 267.11.

with phosphorus, he has his hands and face badly injured by the chemical explosion. He was removed to the General Hospital where it was found that his left eye had probably been destroyed. His left hand was terribly lacerated.

LOCAL IMPROVEMENTS

SOCIAL AND MORAL REFORM.
Dr. Crafts Building Co-operation
W.C.T.U. in His Crusade.

Rev. Dr. Crafts gave an address yesterday before the W.C.T.U. on social and moral reform, with a view to inducing that body to co-operate with the Toronto branch of the Reform Bureau in the suppression of social and moral evils in this city. All moral reform, he asserted, must come out of Sabbath observance; this was a nation's sin, and the only way to touch the prohibition question, he said, was to first interest them in prohibiting the sale of liquor among the original tribes, just as the United States originated from prohibiting slavery in the newly-incorporated States. The speaker attributed the prevalence of gambling to the fact that there was no organized effort to suppress it, and the law concerning it was indefinite. The local detectives are well known, he said, and he brought from other cities, if a reform is to be effected. Dr. Crafts dealt at some length with the literature, obscene posters and the evil tendency of the average theatrical production. He had great faith in the curfew system as a preventive of juvenile crime. The system has been adopted in a great many large cities of the Western States, with wonderful results. Dr. Crafts will visit Kingston, Montreal and Ottawa, and at the latter city will inaugurate a new movement. General in regard to immoral literature passing through the mails.

Here Is the Proof!

tism.

Paine's Celery Compound
THE GREAT SPRING MEDICINE DOES
THE GOOD WORK.

To postpone at such a vital time as this the banishment of rheumatism, neuralgia, kidney disease, liver complaint, blood-poisoning and dyspepsia is a serious mistake. The sick and suffering cannot wait with safety until a day before taking advantage of the curing virtues of Paine's Celery Compound. Now is the best time to get with Paine's Celery Compound taken to drive a life-giving food for the starved nerves and tissues. It drives out acid and poisons from the system and clears out rheumatism and nerve pain so completely that they never return. Muscles and joints that have been stiffened and contracted by years become limber; ached chairs and crutches are put aside, and suffering is a thing of the past. Paine's Celery Compound is a relief for the benefit of all rheumatic sufferers. Having been largely benefited by the use of Paine's Celery Compound I gladly add my testimony to its value. During six months I was unable to get on my feet, and was almost completely crippled with rheumatism in my right leg, hip and shoulder. Getting up and down stairs was a very painful task, and for months I could do little better than drag my right leg. Paine's Celery Compound was recommended. I used six bottles and am clear of the pain. I firmly believe that the above medicine cured me of rheumatism.

"This gives life to thee."
VIN MARIANI
—Shakespeare.

His Constant Companion.
They are as good companions everywhere as the poles or in the tropics. Always the same, always satisfying, always delightful, the standard of all cigars. If you are going away, take a box of Grandias with you and if you stay at home, keep a box of you.

The Daughter of Ignorance

It's consumption. If you had only known how your cough was going to hang on, you would have done something promptly, wouldn't you?

But even now, when you have early consumption, the best medicine for controlling your cough and healing your lungs is Ayer's Cherry Pectoral. You had better talk with your doctor about this. If he knows of anything better, be sure and get it. The one great object is to be cured.

"My mother had consumption for many years. At last she was given up to die. A neighbor told her to try Ayer's Cherry Pectoral. She did so and was completely cured, and is today in the enjoyment of good health."—P. J. Jolly, Avoca, N. Y.

25c. 50c. \$1.00. J. C. AYER CO., Lowell, Mass.

SOLD UNDER THE HAMMER.

Nearly 400 Articles Left by Forgotten People in G.T.R. Cars.

The many articles which forgotten people left in the cars of the Grand Trunk Railway during the past year came under the hammer yesterday forenoon in Henderson's auction rooms, East King-street. In all 396 pieces were collected during the year, and these were put up for sale by Auctioneer Chas. Henderson. The crowd of purchasers was so large that the auction rooms could not accommodate them all, and many were compelled to wait outside. The goods were sold as low as 40c. Umbrellas, done up in dozens, were for 70c to \$1.50 per dozen, while other goods sold from 25c to \$1. The sale was most successful. A large contingent of expressmen were kept busy hauling away the articles to the purchasers' homes.

MUNICIPAL TELEPHONES.

Detroit, Mich., March 12.—The Common Council has granted the Corporation Telephone Company, recently organized here, in opposition to the Bell Company, a franchise to do business, establishing the maximum annual rate of \$24 for residence and \$30 for business phones. The ordinance contains a provision that the company must sell its plant to the city when the city obtains the right to operate a municipal telephone exchange. The Council also instructed the Mayor to appoint a commission to install a municipal gas plant.

A Marvelous Year's Work.

The Forester for March gives the figures with regard to the work of the Independent Order of Foresters during 1901, and we have pleasure in reproducing them as evidence of the growing importance of this great Canadian institution. The I.O.F. paid out to widows and orphans, and permanently disabled brethren of the order during the year 1901, \$1,700,000. This money was distributed to 1455 homes. As showing the wonderful growth of the institution, we notice that during the year it added 28,820 new members to its already enormous roll and its financial strength is indicated by the fact that during the same time it increased its accumulated funds by \$813,000; that is to say, it added to those funds, on an average, over \$10,000 per month. It will be noted that when the I.O.F. has now reached the stage when it is paying about \$200 per hour to widows and orphans, and that the reports go to indicate that the past year has been for the institution one of marvelous progress and extension. It has made the name of Canada well and favorably known on other continents of the world, and we congratulate sincerely Dr. Cronhyatt, the distinguished head of the institution, upon the wonderful prosperity and progress of the institution of which he has been the builder. The I.O.F. is a great Canadian institution, of whose valuable work for humanity Canadians ought to be proud.

AWAITED WITH INTEREST.

London, March 12.—Countess De La Warr has commenced suit against Earl De La Warr for a restitution of conjugal rights, and the outcome of the litigation is awaited by society with considerable interest. It is reported that Earl De La Warr left the Countess a couple of months ago on the ground of incompatibility of temper, in which the Earl figured among the titled divorcees.

FATAL ABERRATION.

Maxwell, March 12.—Mungo Dand, a farmer, living near here, died of mental aberration, committed suicide by shooting. He was about 55 years of age. He was a widower and leaves a family of eight children.

LOADED UP WITH IMPURITIES.

IN THE SPRING THE SYSTEM IS LOADED UP WITH IMPURITIES.

After the hard work of the winter, the eating of rich and heavy foods, the system becomes clogged up with waste and poisonous matter, and the blood becomes thick and sluggish.

This causes Loss of Appetite, Biliousness, Lack of Energy and that tired, weary, listless feeling so prevalent in the spring.

The cleansing, blood-purifying action of

BURDOCK BLOOD BITTERS.

eliminates all the pent-up poison from the system, starts the sluggish liver working, cleans the kidneys and bowels, and renders it, without exception,

The Best Spring Medicine.

CONTRACTS NOT AWARDED

Beard of Control Asks Legal Advice in Regard to Those Concrete Sidewalk Tenders.

ISLAND ESTIMATES OVER \$30,000

Mayor Refers to His Absence From Tuesday's Board Meeting—City Hall Notes.

Those cement-concrete sidewalk tenders are causing a lot of trouble around the City Hall. Although the Council has decided that in future the contracts must go to residents of the Dominion, the Board of Control is in a quandary as to the disposition of the present contracts, for which an American firm has put in the lowest tenders.

The Board of Control took up the matter again yesterday afternoon, and had a large audience of parties interested. The resolution of Council was construed to apply to the present contracts, and the Corporation Counsel was instructed to advise the Board what the legal position is.

Ald. McMurrich said the honest policy for the board to adopt was to give the contracts to the lowest bidder, as they had sent in the lowest tenders, when there had been no restrictions at the time the tenders were asked.

"There is only a difference of about \$150 between the Chicago firm and the lowest tender," said Ald. London, who maintained that when the sum was so small, the work should be kept with our own people, if it was at all possible.

The Council Monday night decided to impose a license fee on transient hawkers and peddlers, and to utilize the market for the retail sale of meat.

A committee of the Council will confer with the Council of Sarawak as to the feasibility of annexing the Village of Brooke to the town.

E. Murphy's loss by the burning of his mill at Murphy's Sliding, was \$2000, of which \$2000 was covered by insurance.

Rev. W. Joliffe of Bowmanville was here yesterday on a visit to his son, teacher in the Collegiate, and took the services at St. George's Methodist Church, morning and evening.

The contract for the spring painting of the C. P. R. boats will be given to local painters this season. Mr. Dean of Toronto, who has hitherto had this contract, is engaged for the work on the Huron and Collingwood.

Thomas Jones, who has been farming in South Dakota, is home on a visit.

E. R. Hight, formerly of the post-office building, has taken a position in Pembroke.

Miss Lavinsky of Toronto has been engaged by the Model Ladies' Aid for a concert on the 19th inst.

A petition for the reduction of the rate of the City of Toronto for the year 1902, five of which have been served, has been largely signed at the request of the Mayor.

A Lady Who Has Won Prizes for Her Work Writes About Diamond Dye Mat and Rug Patterns.

A lady residing in a progressive Ontario town, and who has been a user of Diamond Dyes, for over twenty years, says:

"I learned the art of making mats and rugs years ago. In many cases I was obliged to work up patterns that were but imperfectly traced by hand from the old-fashioned methods. Since you have given to the public your beautiful and valuable Diamond Dye Mat and Rug Patterns, I have no trouble in making up easy or complicated designs, as your patterns are so richly colored and give a harmonious combination that no other patterns can afford. I have made up several of your Diamond Dye Mat and Rug Patterns that have taken prizes at Fairs and Exhibitions. Every lady who can make a rug should see your patterns."

Complete range of designs sent free by mail to any lady who sends her address to The Wells & Richardson Co., 200 Mountain-street, Montreal, P.Q.

The Well Known Here.

The Montreal Gazette has the following concerning Mr. W. D. Gillean, who is well known in Toronto, for his services as the general manager of the Canada Paper Company: "Mr. W. D. Gillean, for over a quarter of a century prominently connected with the Canada Paper Company, and for the past twelve years assistant general manager, has been advised by the board in his resignation to the board and severed his connection with the company. Few gentlemen in the country have had the advantage of so long and intimate a knowledge of the trade as Mr. Gillean, and from all parts of the country will come, we are sure, an expression of regret and regard for Mr. Gillean personally, and the hope that he may in the near future find himself in a position that will insure a continuance of the pleasant relations established in his long connection with the newspaper trade."

Lots of Weather There.

The fall thick and loud in Great Britain, and the mists collected in a manner quite foreign to Canada. These rains and fogs, however, taught the English people to demand waterproof clothing, the perfecting of which is the business of Messrs. Scores & Son, the Canadian agents for the "Omne Tempus," the celebrated "Avondale" rain coats. This garment, what its name implies, unrivalled in durability. Made by a famous London tailor it is as solid as rock, and is serviceable. Scores' special spring price of \$20 for the "Avondale" makes it a matchless value, and these rain coats are selling very rapidly. Smart men who desire to secure one should call or "phone Scores" at once.

A Novel Scheme.

The James Bros., employed by Messrs. S. Davis & Sons of Montreal, Canada, as street advertisers, are in the city, and propose using up-to-date, three-dimensional, and weather-permitting, give grand exhibitions on the principal streets. They work one as a farmer, the other as a rooster. The rooster's dimensions are height 1-2 feet, length 8-12 feet, and weight 12-15 lbs. In the evenings they parade the streets, with electrical appliances, such as gas, short fuses, etc. It is not often the citizens of Toronto have an opportunity of seeing such a novel exhibition.

Toronto Man Appointed.

Ottawa, March 12.—J. J. Jardine, who acted as commissioner for Ontario at the Paris Exposition, has been appointed commercial agent for Canada in South Africa, with headquarters at Cape Town. Mr. Jardine was formerly of Toronto.

U.S. Consul at Dublin Dead.

New York, March 12.—Joshua Wilbur, United States consul at Dublin, Ireland, died at Rutherford, N.J., today.

"It's not the gay coat makes the gentleman."

Not merely what it seems!

Not what the shoe cost—nor what its former price was—but its value today, should be considered!

There are no bargain sales of "Slater Shoes" because the brand and price are taken off "degenerates" and "back numbers" before they are sold to "reduced price shoe dealers."

Value, up to the price stamped on the soles, by the Makers, \$3.50 and \$5.00 may be relied upon, in—

White Rock Lithia Water

is pronounced to be the most perfect table water of modern times.

1st.—It is the only water containing Oxygen Gas, which instantly relieves that feeling of distress caused by over indulgence of the appetite or by bad digestion.

2nd.—The Lithia contained in the White Rock creates a splendid effect on the kidneys.

3rd.—White Rock Lithia Water mixes with every liquor, from milk to champagne.

Can be procured at first-class clubs, restaurants and grocers, and also at Messrs.

R. K. BARKER,

27 1/2 Front St. East. Tel. M. 1880.
