**PLANNED REORGANIZATION OF THE HOSPITAL STAFF**

Three Heads for Each of Medical and Surgical Wards Are Recommended.

The recommendation that there should be three heads in the medical and a like number in the surgical service of the Toronto General Hospital is made in a report by the reorganizing committee, considered at a meeting of a committee of the board of trustees yesterday.

The report advises that there should be one service in obstetrics (midwifery), one in gynaecology (women's diseases), one in ophthalmology (diseases of eyes), and one service in the three departments of otology (diseases of the ear), laryngology (throat diseases), and rhinology (nose diseases).

It is suggested that the heads of services be selected on the ground of scientific attainments and "capability to render aid to the sick"; also that such heads must confine themselves to the work of their own departments, a physician being restricted to medical and a surgeon to surgical work.

The head of the obstetric service must confine himself to obstetrics and pediatrics (diseases of children), in gynaecology the head of the service in the hospital must confine himself to gynaecology and outside to surgery.

The head of the ear, nose and throat service must confine himself in the hospital to ophthalmology, but outside he can treat cases of eye, ear and throat troubles.

Recommendation is made that the heads of surgical services retire at the age of 55 years, and those in charge of medical services at the age of 60 years, with a possible annual extension of five years.

J. W. Flavell, chairman of the board, said last night that there was no foundation for the published "selection" of prospective appointments.

and return for Provincial Winter Fair. Seven Grand Trunk trains leave Toronto daily, except Sunday: 7:00 a. m., 8:30 a. m., 1:00 p. m., 2:45 p. m., 4:15 p. m., 7:45 p. m. and 11:00 p. m. The 8:30 a. m. and 11:00 p. m. also run on Sunday. Equally good service returning. Tickets good going to-day and until Dec. 15, returning on or before Dec. 15, 1907. Secure tickets and make reservations at city office, northwest corner King and Yonge-streets.

**Gets \$5000 Back.**

Eugene Outbridge, of the New York, who invested \$5000 in a device for a carburettor with Wm. Oliphant, which it was later found could not be patented, is entitled to a return of the money. Chief Justice Falconbridge so decided yesterday.

**A Funny Auction Here.**

The stepphenser Spencer Reiff and the two-year-old Braggadocio arrived in this city yesterday from Washington, and will winter here in charge of Nat. Ray.

Since the closed vestibule rule has been installed, the motorman's stall is now sacred ground, and the police, like the public, must join the strap-bangers.

**CANADA SHOULD HAVE NAVY, SAYS HODGINS, K.C.**

Protection of Growing Trade, Silent Invitation of Great Britain and Pride Demands It.

HAMILTON, Dec. 6.—(Special.)—Speaking at the bi-weekly luncheon of the Canadian Club at the Hotel Royal this evening, Frank Hodgins, K.C., declared that Canada should have a navy. He gave the following three reasons why it should: Because the protection of a growing trade demanded it; the silent invitation given by the mother country to build one, and the national pride of the country, which should compel it.

**Temperance People Working.**

The temperance people are going to take a hand in the municipal campaign. They will have a slate of aldermanic candidates, pledged both to vote for a reduction of licenses and the submission of a local option bylaw next year. The homes are also getting out a slate. The North End Improvement Society will select candidates next Thursday evening.

John Nevill, the sixth ward man, arrested in connection with the recent theft of wire, was this morning committed for trial.

S. Midio, the Italian who was stabbed last Saturday night, has disappeared.

The Bank of Hamilton has raised its rate of interest on the City's account from 5 to 5 1/2 per cent.

G. R. sectionaries say that they were chased by a bear in the west end of the Stuart-street yards last night. It is supposed that the animal got out of the city.

Rad Stole a March.

The civic authorities are willing that the radial railway should get a Dominion charter for its trunk lines, but will strenuously oppose it getting a Dominion charter for its suburban lines. The company has stolen a march on the city by obtaining from Barton Township a perpetual franchise, which is really a street railway in the township, which will soon be taken into the city.

The residents of Waterdown will hold a meeting Saturday night, with the object of getting the Hamilton, Waterdown and Guelph Railway to divert its route so that it will run thru their village. John Patterson called upon the city engineer this morning and changed his amended plans for Harvey and Dundurn parks, so that they will conform with the McCallum route. The message that there will be a viaduct across the baseball diamond instead of an embankment, and the route thru Harvey Park is shown ten feet nearer the bay than on the amended plans recently filed.

J. M. Barker has elected to be tried by Judge Snider next week on the charge of assaulting Miss Coughlin.

**OBITUARY.**

**James R. Hay.**

James R. Hay, who occupied the position of assessor of the city for 13 years (1880-1893), died yesterday from pneumonia, at the age of 82 years. Mr. Hay for years conducted a photographic studio on King-street. He was interested in sports, especially with the Toronto Rowing Club. On his retirement, however, he resided with a married daughter in New York.

**William Borrowman.**

AMHERSTBURG, Dec. 6.—William Borrowman, one of the oldest and wealthiest citizens of Amherstburg, is dead.

**John Montgomery.**

John Montgomery, 5 Bank-street, died yesterday, aged 85. He was a native of Glasgow, he resided here from 1873 until 10 years ago, when he moved to Toronto. He enjoyed exceptionally good health, and retired at his usual hour Thursday night. He called his daughters about midnight and passed peacefully away in a few moments. He was a member of Bonar Presbyterian Church. Two years ago the Galt Old Boys made him an honorary member of their association. Interment will take place at that town. He leaves four sons and four daughters. Mrs. Montgomery predeceased her husband 21 years ago.

**ABOUT OUR ANCESTORS**

No matter how much one may know about one's ancestors a few additional facts are always welcome. Perhaps there may be brought to light some humorous incident in the life of one who knew the world as it was in the early days, or it may be that some sad event is uncovered from the folds of time, but whether bright or dark, gay or sorrowful, there is always a feeling of greeting extended to these echoes of years gone by.

People of the present, however, seldom realize what a change has occurred during the centuries that have passed, with special reference to the last two or three, and some believe the facilities of to-day still to be inadequate to their needs. Yet when one compares the achievements of the twentieth century to those of our ancestors in the older times, the magnitude of the great advance made becomes apparent. When there were no telephones or telegrams, no street cars or newspapers, and before Newton discovered the principle of steam by the bobbing of the lid of a kettle, or Edison, with his wireless aridity, gave to the world the electric ray, low tedious and slow life must have been! How aggravating and tiring it must have been to carry the water or the milk with the old-fashioned "yoke" and the two wooden pails that always broke at the wrong moment—or to wash in the old-time way.

Here, as well as in other things, has progress been made—great progress, for

**EDDY'S INDURATED FIREWARE**

had been made in these centuries gone by our ancestors would have never known pails to break, or tubs to fall apart. They would have had what you can have today, pails and tubs that cannot leak, water-soak or rust; that are impervious to liquids; that have no hoop or seams. They would have had what we to-day looked upon as CANADA'S BEST. Let us get you 25c EDDY'S.

### CITY PARK LONG SHOTS CARRY OFF THE HONORS

L. S. B. Wins With Opening Betting at 50 to 1—Jockey Badly Injured.

NEW ORLEANS, Dec. 6.—Long shots were conspicuous at the City Park race track to-day, where L. S. B. carried off first honors in the second race. The betting on L. S. B. opened at 50 to 1, but when the clamor to get money on this entry became general, the odds began to drop and when the horses went to the post it stood ten to one. Apache, a 12 to 1 shot, won the opening event. In the last race, Mazie O'Neill, a 80 to 1 shot took the honors at the start, but in a split which followed, her jockey was thrown and seriously injured. Weather clear, track fast.

Dawn at Shanty Bay

The Christmas season is with us once again—this when nearly every heart is overflowing with gladness, and is trying to share its load of sunshine with another.

These thoughts were brought clearly to our mind after carefully reading Robert E. Knowles' latest work, "Dawn at Shanty Bay."

The cover design and illustrations throughout the work of Grisdela Marshall McClure are most beautiful in accordance with the text.

DRESSED AS A MAN.

Mrs. John Ford's Masquerade Ends in Her Arrest.

Just as Jim McCaffery was closing his grill room at the Hay Tree Hotel, Adelaide and Bay-streets, shortly before 9 o'clock last night his attention was called by one of the waitresses who said: "There is a strange man going upstairs."

"Here, old man," called the boniface, "you can't go upstairs."

The short squat figure turned itself around. It was clad in a dark, gray, tweed suit. The trousers were long and the feet protruded a fit over a pair of stout garter boots. The head was topped by a mud splashed driving cap pulled well down over the ears and the peak shrouded a flat masculine German face. The hand upon the banister was short and square, but the voice that asked, "What's the matter?" was a woman's and when requested to leave, the visitor insisted that her husband was upstairs and she was to most him there.

On the street a policeman charged. At the station Inspector Davis was for some time puzzled as to the identity of the man.

The tales that she told at the police station were weird. Her first was that she had a Russian spy. Then she declared that her husband had gone off with all the money and another woman to the theatre, wherefore she had collared his clothes to follow. She is Mrs. John Ford and works in male attire as a common laborer at Butwell's brickyard, a quarter of a mile west of the Hubber. She and her husband recently moved to Ontario-street.

She is charged with being drunk.

A JAPANESE HONEYMOON.

The brilliant, artistic success of "A Japanese Honeymoon" at Massey Hall last Thursday evening, has created a demand for its repetition at popular prices, and the directors of the Broad-wing Boys' Institute have arranged for its second production to-night.

FOOD FAD CRAZE.

The latest article of diet to come under the ban of the abstemious is the silent but very carefully gone into by the United States agricultural department. The result was that the oyster was found to contain as much nutritive food as milk, and as safe an article of diet. Eat them long and often at "The St. Charles, of course"—the noted oyster house.

THE PANIC IN KANSAS.

Financial Situation Assumed Normal Conditions.

KANSAS CITY, Mo., Dec. 6.—With few withdrawals from any of the local banks, and increased deposits, the financial situation here to-day had apparently assumed normal conditions. Leading bankers this evening asserted that all cause for alarm arising from the failure yesterday of the National Bank of Commerce was over. A small bank of Argentine, Kansas, that closed yesterday, re-opened for business to-day, while two small banks, one in Kansas and one in Missouri, that had deposits with the Commerce, closed. These were the State Bank of Admire, Kansas, deposits \$125,000, and the Bank of Steuburg at Steuburg, Mo., a private concern with deposits under \$25,000.

Dr. W. S. Woods, president of the suspended National Bank of Commerce, said to-day that he could liquidate the bank in 20 days, if given an opportunity.

and throughout the town are pathetic and heartrending. Wives, mothers and sweethearts, together with children and members of the stronger sex move from place to place vainly seeking information and making no attempt to conceal their grief. But little news can be given them, and such as they do get is bad. None in the mine has survived the explosion and the suffocating gas that immediately after filled the mine. From time to time there comes word from the searchers in the mine that bodies have been found at one place or another, and in nearly every instance it also stated that the bodies are either terribly torn and mangled or burned and blackened.

SCIENCE STUDENTS BANQUET

Their "19th Annual" Proves to Be a Most Enjoyable Affair.

The students of the faculty of applied science of the university held their nineteenth annual dinner at the gymnasium last night. It is not considered "the thing" to call them "S.P.S." men any longer. President Falconer was there, and also a number of other distinguished guests. Thomas Hogg, president of the Engineering Society, was in the chair.

The toast to "Canada and the Empire" was proposed by Mr. Davis, secretary, and responded to by Prof. Alfred T. De Lury. "The Legislature" was proposed by Paul Brecken, and Dr. Gough responded. He stated that as Canada had about 3 per cent. of Canada's mineral resources had been developed, and that the country was crying for more engineering education. In Canada the universities are supported by the provinces only. The Dominion Government should do something.

The toast of "The Engineering Profession" was proposed by J. S. Styles, and responded to by Messrs. Gibson and Connor. "The University of Toronto" was responded to by the president; "The Faculty of Applied Science" by Dr. Galt; and "Canadian Industries" by R. W. K. McNaught; M.L.A.; "Sister Institutions" by Mr. Egan of McGill and Mr. Harding of Queen's.

RACED 85 MILES

FOR LIFE AND LOST

Homesteader Had Arm Pulled From Socket and Nearest Physician Was at Saskatoon.

SASKATOON, Dec. 6.—(Special).—Hector LaChapelle, a homesteader, living 85 miles from here, arrived in the city last night in charge of friends and expired a few minutes later in the city hospital. LaChapelle Thursday was working with a threshing machine and got his hand caught in the machinery. The arm was literally torn from the socket. The nearest physician was absent, and as every moment was vital to the homesteader, owing to his being alone, he hurriedly left for the long drive to Saskatoon. They arrived here last night, but LaChapelle expired a few minutes later. The body was taken back to Zealandra to-day, where he leaves a wife and two babies.

BEER STEADIES THE NERVES

GOOD beer, used as a beverage with age with meals, makes a steadier, stronger nerves because it helps the stomach do its work better.

Your own doctor will tell you that the right use of beer is good for almost every adult—women especially.

The little alcohol in beer (less than there is in cider) helps digest food. Get the right idea about beer, and be healthier for using it.

BEER is a term which covers lager, ale, porter, and stout, and in the practice of Ontario brewers, implies beverage made under most hygienic conditions from Ontario grain (the best in the world) malt, hops and pure water.

MAY-BE MAYORS

in which public ownership became advantageous to the community. Pure water at the lowest possible price afforded an example of what could be done. Next in order was a sewage and refuse-disposal system. They were agreed about these. Other necessities followed, like light and police protection. No one would suggest that the police should be operated by a private corporation with the object of dispensing dividends. Light was essential to a proper policing of any city. Why then would a necessary like light be placed in private hands?

Lack of proper transit facilities tended to pack the population of a community into the masses, as soon as suburban communication was established the community benefited. Should this be done by a private board of directors, over whom the people had no control, or by the people's own board, over whom they had absolute control, it was a question of principle. It was affected by public ownership advocated by the government. He thought the water supply might be the issue that should be supported by the people when engaged in such a cause.

THE ISSUE AT OTTAWA.

W. F. Maclean, M.P., who was very well received, thought that if public ownership was a great question in Toronto it was a greater one at Ottawa. There Sir Wilfrid Laurier had declared himself opposed to it, but Sir Wilfrid was an astute politician, and the speaker thought he would come out in favor of the principle before the next election. As a matter of fact, Sir Wilfrid did not say so, but the speaker thought he would come out in favor of the principle before the next election. As a matter of fact, Sir Wilfrid did not say so, but the speaker thought he would come out in favor of the principle before the next election.

Joseph Oliver, a majority candidate, desired especially that the citizens should carry the bylaw for public electric energy. Toronto did not lose its supremacy as a manufacturing city by not having as cheap power as was possible under the offer of the provincial government. They had now the cheapest water of any city in America. He believed pure water could be secured by the citizens' taking of the pipes and conduit in the bay.

If elected mayor, he would support the power bylaw and policy. J. H. Duthie related the refusal of the Electrical Development Company to answer the request of the Ontario Government for tenders for power. The Toronto News had criticized the Public Ownership League for being too hard on the waterworks. The league had replied, saying that the criticism was justified, but for the last time.

DR. NESBITT INTRODUCED.

Dr. Deatle Nesbitt was introduced and cheered. He thought it hardly necessary to state that he was in favor of public ownership. He had been so for years.

Mr. Beck's entire sympathy with Hon. Mr. Beck's power policy, declared the doctor. "We ask to-day what we would have if the government be at the switch and not the corporations."

There was one fundamental principle underlying the whole thing, if a plant cost \$5,000,000 the city would have to pay 3-1/2 or 4 per cent. for it. The corporation would pay 7 or 8 per cent. which was the beautiful arrangement the city had with the gas company.

"My view of the bylaw is this—that when it is passed, the mayor, controllers and aldermen will have a blackthorn. When an Irishman has a blackthorn he may not need to use it if he is a peaceable man like myself, but he hangs it up to dry, and when occasion comes he has a blackthorn" (Laughter).

There was only one actual concrete question up before the people of Toronto. It was dead easy to know by now. They had only to write to the heads of the Electric Light Company to know what they should do. They would be told not to pass the bylaw. Surely after that they would know what to do. (Laughter).

THE STRONGEST ARGUMENT.

There was no stronger argument to vote for the bylaw than the fact that the other fellows didn't want them to do so. What astounded him in this campaign more than anything else was the assurance with which the light company stood up and talked about breach of faith, after the company had broken their own solemn pledges and covenant with the city.

There was the underlying question of citizenship and brotherhood. Some were getting along better, some worse than others, but it was better that they should get together and help each other rather than the corporations.

It was the fact that they were together, 300,000 of them, that made these franchises valuable. They ought to have the benefit of these franchises, and by carrying the bylaw they would do much to get it.

SIMPSON FAVORS IT, TOO.

James Simpson, socialist candidate for mayor, addressed himself to the citizens and working men. It was hardly necessary to tell them that he was in favor of the power bylaw. When he said he was the candidate of the socialist party it followed that he would be in favor of any measure that benefited the working classes.

The street railway, was very optimistic that the power bylaw would be defeated. Since the campaign began the Electric Light Company wanted

in every house, as it ought to be in Toronto.

The Cost of Plant.

Who is going to pay for the power plant? was the next question. He went on to say that the Canadian Pacific Railway? It was the traffic, the passengers and the freight. It took care of itself. The cost of the power installation would not come home to the people. It would pay for itself and the consumers would bear all the charges.

Wherever public ownership had been adopted it had never been abandoned. In Europe and other parts of the world it was being extended and widened and no one would think of giving it up. Not one of the little towns in Ontario, like Guelph and Orillia and others, would give up their public ownership of light and power.

Mr. Lyon here enquired why the city did not appropriate the street railway. Amid some confusion it was made clear that Mr. Lyon was in favor of expropriation, but objected to Mr. Maclean's statement that the government had given the city permission to expropriate. The city bill for expropriation had been withdrawn owing to the opposition, but under the Hydro-Electric Power Act the city could go to the commission at any time and ask them to expropriate the railway.

"That's business," was the approving comment of Mr. Lyon.

"That's business, and I'm speaking business all the time," replied Mr. Maclean amid loud applause.

"I say it in the most solemn way that nearly all the corruption in this country has its origin in the private corporations going in and out in the lobbies of parliament trying to sew up the people," was Mr. Maclean's next point.

"I do not for a moment wish to appear as antagonizing capital. We need capital and must have it, but there are other channels for its activities. The people can supply the capital for public utilities, and conduct their own business."

**MRS. LESLIE CARTER.**  
 tion marked a new era—no superb was  
 one—and it is the best produc-  
 tion in which Mrs. Carter will be  
 seen in this city.  
 The play is in five acts and eight  
 scenes. The first act is located in a  
 milliner's shop in Paris, where Jean-  
 nette Vaubertier is a trimmer of hats.  
 The period is that of Louis XV., and  
 the place Paris. Cosse is her lover,  
 but a plot is hatched by Count Du  
 Barry to make her the mistress of  
 Louis XV. A month later we find  
 her (act two) in her apartments, ad-  
 joining the gambling rooms of the  
 Marquise Du Quersoy. In the next  
 act, year later, we find Jeanette  
 at Versailles, the mistress of the king,  
 but now known as Madam Du Barry.  
 She is now called "The Doll" of the  
 world. The first scene of act four  
 is laid in the royal gardens, and the  
 second scene within a tent. Act five  
 years elapse—the revolution is now  
 under way, and Du Barry is now ly-  
 ing in a retreat in the woods. The  
 next scene finds her in prison, and  
 the last she is discovered on the way  
 to the guillotine.  
 There has been no effort here to tell  
 the story in detail, but there are sev-  
 eral scenes, notably the fete in the  
 royal gardens, and the escape of  
 Cosse, the second scene in prison,  
 the hiding of Cosse in the bed, the read-  
 ing of the death warrant by Du Barry  
 and his final farewell to Du Barry  
 was on the way to block, which are  
 supremely fine.  
 Mrs. Carter will be supported by a  
 large, and very fine company.

England's most popular actress,  
 Mrs. Patrick Campbell, will begin a  
 limited engagement of three nights  
 and a Saturday matinee performance  
 at the Princess Theatre on next  
 Thursday night. Mrs. Campbell will  
 appear in four of her most prominent  
 roles in this city, notably "Paula  
 Tanqueray," on Thursday evening;  
 "Agnes Ebbemith," on Friday evening;  
 "Hedra Gable," on the play of the  
 name at the Saturday matinee, and  
 as "Magda" on Saturday evening.  
 Mrs. Campbell is a woman of force  
 and intellect, artistic instincts and  
 deep convictions. There is about her  
 that magnetic something, a fascinat-  
 ing personality, that catches the heart  
 in a dangerous grasp, and holds all  
 interest, all attention, completely en-  
 thrilled.

The Rice and Barton Big Gaiety Ex-  
 travaganza Co., which opens the new  
 Gaiety Theatre, Bay and Richmond  
 streets, Monday night, this season  
 holds a triple supremacy over all  
 other organizations of its kind. It is  
 undoubtedly first in farce comedy,  
 first in vaudeville features, and first  
 in light extravaganza. Broadway  
 stars "The Twelve" and "The Red Light  
 District" are glittering, brilliant sat-  
 irists, which serve to introduce the en-  
 tire big company at its best. The  
 funny comedians, headed by the best  
 of all of them—irresistible Charles  
 Barton—keep the audience in a roar  
 from curtain to curtain. The  
 chorus has beautiful ensembles, tuneful  
 music, magnificent costumes and  
 vivid dances. An extra feature, itself  
 a whole show, has been added to give  
 added lustre to the opening week in  
 the world's acrobatic marvels, the  
 Mazette Troupe. The Gaiety is quite  
 willing to stand or fall in the estima-  
 tion of the Toronto public on this show.

Next week's bill at Shea's Theatre  
 is to be headed by one of the biggest  
 favorites on the stage, Maggie Cline,  
 who has been singing her jolly songs  
 in her own inimitable way to more  
 than one generation of theatregoers.  
 She is to be heard in songs she has  
 made famous and in some new ones.  
 The special attraction will be Em-  
 met DeVoy and Company, presenting  
 "In Dreamland." The principal char-  
 acters of the playlet are a self-satis-  
 fied husband and Venus, the goddess  
 of beauty. It is a farcical fantasy,  
 the character of which is suggested  
 by its name. Fine scenic and electri-  
 cal effects surround the production.  
 "Little Hip" will delight the young-  
 sters next week. Hip is the smallest  
 elephant in the world, and the kiddies  
 of London and Paris have made the  
 same pet of him that the little Ameri-  
 can folks are now doing. He is friend-  
 ly and docile, and during the week  
 will distribute programs to the ladies  
 and children in the audience. He then  
 takes his place on the stage and does  
 all sorts of wonderful tricks.  
 The Holloways are among the  
 world's greatest variety artists, and their  
 act has been a sensation in Europe.  
 Elizabeth Murray tells Irish and neg-  
 ro stories as no one else can. She  
 has a number of new ones, as well  
 as some new songs.  
 Clifford and Burke, the comedians,  
 have merry chatter and songs all  
 new.  
 The Lavino-Cimaron Trio combine

partonime and acrobatics in an offer-  
 ing they call "Imagination."  
 The kinetograph closes the bill with  
 new and seasonable pictures.  
 Sousa's band has played thirty-one  
 semi-annual tours, nine transcontinental  
 tours, and four tours thru  
 Europe, with wonderful success. He  
 has played in the following foreign  
 countries: Canada, England, France,  
 Belgium, Bohemia, Denmark, Austria,  
 Germany, Holland, Ireland, Poland,  
 Russia, Scotland, Wales. The band  
 the highest class of men as well as  
 musicians; it is the most thoroly or-  
 ganized, permanent and practiced, and  
 is the highest salaried of all bands.  
 There are soloists in the band to-day  
 that were original members, when  
 Sousa organized his band in 1882, and  
 there are players from most of the  
 leading countries. The band will be  
 heard on Thursday, Dec. 12, afternoon  
 and evening, in Massey Hall.

In selecting the Pied Piper of Hamelin  
 by Sir Hubert Parry and the  
 Death of Minnehaha for its two prin-  
 cipal choral productions, the National  
 Chorus has made a most happy choice,  
 the one work being entirely new to  
 Toronto and the other having been  
 heard but once created so great an  
 impression as being one of the most  
 delightful and characteristic works  
 heard here. The Pied Piper is the  
 twentieth work with which Sir Hu-  
 bert Parry has stirred the English. It  
 is his first "humorous" cantata, and  
 has about it something of the sunny  
 cheerfulness and genial warmth of  
 Wagner's "Meistersingers" and like  
 that masterpiece it is not without  
 touches of pathos and deep serious-  
 ness. It is the most consistently  
 tuneful of all Sir Hubert Parry's  
 works. That it is not less masterly in  
 conception and workmanship because  
 it is only a humorous cantata goes  
 without saying in the case of a  
 musician to whom nature art is in-  
 debted for a unique sequence of  
 dignified and ennobling choral utter-  
 ances.

The National Chorus, under the lead-  
 ership of Dr. Albert Ham, will doubt-  
 less give a fine rendering of Brown-  
 ing's charming poem. In this work  
 the famous New York Symphony will  
 play the orchestral accompaniment.  
 The orchestral works selected for the  
 festival by Mr. Damrosch introduce  
 many numbers heard here for the first  
 time. The program for Monday even-  
 ing is:  
 Overture to The Flying Dutchman  
 Wagner  
 New York Symphony Orchestra.  
 Cantata—"The Death of Minnehaha."  
 (Coleridge Taylor).  
 For soprano and baritone solo, chorus  
 and orchestra. Soloists—Miss Helen  
 Davies and Mr. Francis Rogers.  
 (a) A Prize Song.  
 (b) Dance of The Apprentices.  
 (c) The Old Superb.  
 Part Songs—(Unaccompanied).  
 (a) "There is Music by the  
 River."  
 (b) "The Peppers."  
 (c) "The Peppers."  
 Lee Williams  
 Prelude and Fugal Chorus from  
 Act III, "Lohegrin."  
 Wagner  
 The New York Symphony Orchestra  
 and the National Chorus.  
 English Song.  
 (a) The Old Superb.  
 (b) Devon O. Devon.  
 Mr. Francis Rogers, Orchestra and  
 Male Chorus.  
 Tristan—Death and the finale from  
 "Tristan and Isolde."  
 Wagner  
 (Arranged for concert performance by  
 Walter Damrosch).  
 Chorus—Trumpet Blow from "The  
 Queen of Sheba."  
 Gounod  
 The New York Symphony Orchestra  
 and the National Chorus.  
 National Hymn—"Canada."  
 (God Save the King).  
 Solo by Mr. Francis Rogers.

General Custer's disastrous battle with  
 the Indians on the Little Big Horn has  
 been made the foundation of a stirring  
 melodrama by Hal Reid, and will be  
 seen next week at the Majestic Theatre.  
 It is called "Custer's Last Fight," and  
 true to history, has all the thrilling  
 accompaniments of those terrible days  
 in the early west, when our soldiers  
 were fighting for supremacy over the  
 red men. An excellent company of  
 forty people will interpret the characters

production of the last fight with the  
 Indians, when Custer and his entire  
 command were slain. One of the bits of  
 realism to be seen will be Buffalo Bill's  
 historical duel with the Cheyenne chief,  
 Yellow Hand.  
 "Wine, Woman and Song," the great  
 New York musical success, that ran for  
 over 200 performances at the Grand  
 Theatre last winter to great throngs of  
 theatre-goers will be the attraction at  
 the Grand next week. There is a fresh-  
 ness about the production that is as  
 novel as it is infectious. The immense  
 success which this company scored in  
 New York was rightly deserved, for the  
 charm of Bonita and the original fea-  
 tures with which the performances  
 were endowed to and have attracted

 of the piece. The leading one is that of  
 Euffel Bill. A feature of the play  
 will be a band of full-blooded Indians,  
 with their ponies and dogs. The battle  
 scene in the last act is a faithful re-  
 production of the actual battle.

**VALUABLE MIXTURE FOR COLDS**

Inexpensive, and can be mixed at home.  
 Now that the season is coming on  
 when people suffer most from trouble-  
 some coughs it is well to have a  
 remedy in the house. The following  
 simple mixture, known years ago as  
 the Tolene cure, can be made at  
 small expense:  
 Fluid extract Licorice..... 1/4 oz.  
 Fluid extract Cascara..... 1/4 oz.  
 Fluid extract Toluene..... 1/4 oz.  
 Best dry whiskey..... 6 oz.  
 Take a dessertspoonful every two  
 or three hours. Children in propor-  
 tion.  
 This mixture is said to break up  
 a cold and cure any cough that is  
 curable in a few hours. The ingre-  
 dients can be bought separately  
 and mixed at home.

of the very higher grade, and she leads her merry cohorts in "Going Into Vaudeville," in which all of the most-talked-of actors and actresses are satirized in a way that has been simply irresistible. The's Harmonists and Max Armstrong's American Pony Ballet, together with the handsome chorus, go far towards filling out a complete and well-nigh perfect entertainment.  
 "The Masqueraders," which will be presented at the Royal Alexandra Theatre next week, is one of the strongest dramas that Henry Arthur Jones has written.  
 Jones is always at his best when exposing the follies of society, and in this play he has kept up his reputation. The story deals with a young woman of good family, named Dulcie Larondie, who, on account of losing her fortune, becomes a barmaid. The social set among whom she moved bar her from their society. She is angry at this, and, in sheer desperation, mar-

ries a worthless young baronet, Sir Bruce Skene, who is a noted gambler, and backgammon as well. She has another admirer, in David Remon, a noted astronomer. Lord Skene abuses and ill-treats his wife, and stemon hears of it. He determines to take her away from her unpleasant surroundings, in order to accomplish

be found in the latest offering of "The Brigadiers," a two-act musical comedy entitled "Married by Telephone," which will be the attraction at the Star Theatre next week. Besides abounding with tuneful, catchy songs, novelty musical numbers, genuine fun, and witty repartee, pretty girls, beautiful costumes, magnificent scenic adornment and elaborate settings and effects, the comedy exploits three clever fun-makers—Tim Healey, Frank H. White and Lester Warren. The olio contains: Minnie Harrison, serio-comic; Lester and Maure, in "A Day at the Beach"; Tim Healey, Irish comic and dancer; Emma Krause and Lester Pike; Rogers and Warren, comedy sketch artists; and Maude Clifford, a clever little English girl, in character songs. Joe Gans, the world's champion lightweight, will appear at every performance, and box three rounds with his sparring partner.

It will be seen by a glance at the capital program provided by Frank S. Welsman, conductor of the Conservatory Symphony Orchestra, that he has managed to give a representative, yet light and pleasing, selection which cannot fail to please everybody. The tenor soloist, Ellison Van Hoose, will contribute the fine aria from Puccini's "Boheme," "Racconto," in which his virile style is peculiarly telling. The pianist is Miss Mary L. Caldwell of the Conservatory of Music, who will play Saint Saens, G minor, concerto, with the orchestra. In view of this excellent program, a large audience is doubtless already assured on Dec. 10 at Massey Hall. Box office plan now open at Massey Hall.

**MR. SHEPPARD A CANDIDATE.**  
 At the solicitation of many of the business men of the City of Toronto, the excellent Mr. B. Sheppard has decided to allow himself to be placed in nomination as a member of the board of control for 1908.  
 Mr. Sheppard has had a great many years' experience in the council, as member, as chairman of the various committees and as vice-chairman of the board of control. His experience has made him conversant with the various matters which will come before the board the ensuing year.

**PIMPLES**  
**ALTHOUGH, NOT A DANGEROUS DISEASE, ARE A VERY TROUBLESOME AND UNSIGHTLY AFFLICTION . . .**  
 They are caused by either poverty or impurity of the blood and require the prompt use of a good blood medicine such as Burdock Blood Bitters, for their eradication, which it speedily accomplishes, at the same time strengthening the entire system. Pimples also often arise from dyspepsia and constipation, and in these cases Burdock Blood Bitters has the double effect of removing the pimples together with their cause.  
 Mr. D. P. Sammon, Osceola, Ont., writes: "I was troubled with pimples all over my face and hands. I paid out money to doctors but they could do me no good. A friend convinced me to try Burdock Blood Bitters, and after using two bottles the pimples vanished, and I have not been troubled with them since."  
 Burdock Blood Bitters may be procured at all Druggists and Dealers.

and, knowing Skene to be a noted gambler, he suggests to him a game of cards, the stakes to be, on the one side, \$100,000, wagered by himself, and, on the other, Skene's wife and child. Remon wins the game on the turn of a card. He takes Lady Skene and her child to his observatory in the Alps, where he is followed by Helen Larondie, Lady Skene's sister, and Edward, his own brother. There he listens to their pleadings, and, in order to avoid scandal, he goes to war, after pledging undying and honorable love to her. In the end Lord Skene dies, and Remon marries the widow, and all ends happily.  
 Jones has dealt with the character of the rakish young lord with an unsparing hand. It was this fact, perhaps, which so stirred up the London audiences when the play was first produced there. Following "The Masqueraders," the most elaborate production of "Camille" ever seen in Toronto will be presented. Matinees will be given Tuesday, Thursday and Saturday. Seats are now on sale for both attractions.

**HUNDREDS OF SALOONS CLOSE**  
Local Option in Illinois—Two Hotelmen Sued.

CHICAGO, Dec. 6.—Hundreds of saloons were closed in Illinois to-day, the local option voted at the last election in 14 counties becoming effective at midnight. Eight counties are now totally "dry," while six allow saloons in only a few precincts.

In addition, a systematic campaign for the Sunday closing of saloons has been undertaken in Chicago and several scores of saloonkeepers of the city have been arrested on evidence gathered by agents of the Chicago Law and Order League.

Two Chicago saloonkeepers committed suicide under remarkable circumstances yesterday. The members of their families attribute the deaths solely to worry, the Sunday closing agitation of the Law and Order League ruin the saloon business here.

**IMMENSE NEW OIL FIELDS.**  
Discovered Near Baku—Secret of "Eternal Fire" in Temple.

BAGU, Dec. 6.—A new oil gusher has been opened at Surakhent, ten miles from this city. The new well gives 10,000 barrels a day.

It is located on the site of an ancient temple dedicated at one time to a cult of the worshippers, and it has now been learned that the "eternal flames" that burned at the altar of the temple were maintained by natural gas issuing from the ground.

According to geologists this discovery opens up a possibility of tapping an oil stratum in a region 40 times larger than the present one.

**BATTLESHIP ADRIFF.**  
St. George Runs Amuck in Harbor and is Badly Damaged.

PORTSMOUTH, Eng., Dec. 6.—There was an exciting scene in this harbor last night, when the battleship Prince George broke away from her moorings and went adrift.

The Prince George grazed a number of warships anchored in the harbor and then collided with such force with the new cruiser Shannon, which had just arrived in from her trials, that a big hole was pierced in the battleship's side. The Prince George took on water rapidly and by the time she had been secured by a tug and towed to dock she had a heavy list to starboard.

**THIRTY DROWN.**  
RIO JANEIRO, Dec. 6.—The Brazilian coasting steamer Guasca, Capt. Ramon, 850 tons, has a result of a collision with an unknown vessel. Thirty persons who were on board the Guasca were drowned.

**YOUR LUNGS**

**ARE THEY WEAK OR PAINFUL?**  
Do you spit yellow and black matter?  
Do you continually cough and hawk?  
Do you have night sweats?  
Do your lungs ever bleed?  
Do you have pains in chest and sides?  
Do you have pains under your shoulder blades?

**THESE ARE REGARDED SYMPTOMS OF LUNG TROUBLE AND CONSUMPTION**

You should take immediate steps to check the progress of these symptoms. The longer you allow them to advance and develop, the more deep seated and serious your condition becomes.

**Do Stand Ready To Prove To You**  
Lung-Germine has cured advanced Consumption, (Tuberculosis) Chronic Bronchitis, Catarrh of the Lungs, Catarrh of the Bronchial Tubes and other Lung Troubles.

Many sufferers who had lost all hope and who had been given up by physicians have been permanently cured by Lung-Germine.

It is not only a cure for Consumption but a preventive. If your lungs are merely weak and the disease as yet not manifested, you can prevent its development, you can build up your lungs and system, strengthen your capacity.

Lung-Germine has cured advanced Consumption, in many cases over four years ago, and the patients are strong and in splendid health today.

**There is Evidence From One Case**  
Under date of Nov. 1, 1907, William Schmidt, 106 Coleman St., St. Louis, Mo., writes: "It is now nearly four years since my case of advanced Consumption, (Tuberculosis) Chronic Bronchitis, and Catarrh of the Lungs, was cured by Lung-Germine, and I am as well and strong today as the day I was cured. I am healthy and in splendid health today."

We will gladly send you further proof of many other remarkable cures, also Lung-Germine, in the form of a booklet, together with our new book on the treatment of Consumption and Lung Trouble.

BELLEVILLE, Dec. 6.—(Special)—The new house of refuge of Hastings County, situated near this city, and costing about \$52,000, was formally opened this afternoon.

Many prominent people were in attendance at the ceremony, including Hon. Messrs. Hanna and Monteth of the Ontario Government, and Messrs. Morrison and Pearce, members of the legislature; also about 150 visitors, including ex-wardens of Hastings County, mayors of neighboring towns and villages and prominent citizens of Belleville.

The new home will, if necessary, accommodate 200 inmates, and there are 100 beds now ready for those who may occupy them.

**WHAT SHE GOT AND DIDN'T GET**

Miss Appleyard Continues Her Suit Against Ottawa Hotelman.

On motion by James Bicknell, counsel for Florence E. Appleyard against George E. Mulligan and David B. Mulligan, proprietors of the Russell House, Ottawa, to amend the statement of claim, is filed Mr. Bicknell's affidavit setting out for the first time since this action was begun, three years ago, just what property is involved in addition to the alleged breach of contract which is the basis of the action.

The plaintiff is suing on a breach of contract to let her a room in the defendant's hotel. She alleges that while she was in England her room was relet and her goods bundled into the hotel garret. Certain goods of no value, she says, were returned to her, while those worth while were retained by the defendants. The goods returned she says were: One cabin box, one small trunk, one leather hat box, one typewriter, one musical box, one common cardboard hatbox containing a hat, some common flower pots, a wooden packing case into which have been put some of the plaintiff's odds and ends and some hotel rubbish, two common deal over doors in pieces, and a common deal wooden sofa frame which were useless save for the purposes for which they were designed.

This information, the affidavit says, was furnished by Mitchell Templeton, who is acting as the plaintiff's agent, she being in ill-health.

Mr. Bicknell's affidavit declares he is told by Mr. Templeton that the defendant retained all the plaintiff's valuable property, new silks, laces, muslins, pictures, books, silver articles, dressing table, toilet articles, and other things of a like nature.

**A WONDERFUL DISCOVERY.**

This is the age of research and experiment, and all nature, so to speak, is ransacked by the scientists for the comfort and happiness of man. Science has indeed made giant strides during the past century, and among these, by no means least important, discoveries in medicine come first.

**THERAPION.**

This preparation is unquestionably one of the most genuine and reliable Patent Medicines ever introduced, and has, we understand, been used in the Continental Hospitals by Ricord, Koston, Jobert, Velpeau, Maisonneuve, the well-known Chassaignac, and indeed by all who are regarded as authorities in such matters, including the celebrated Lallemand and Roux, by whom it was some time since uniformly adopted, and that it is worthy the attention of those who require such a remedy. It is a powerful agent in the removal of the poisons of these diseases, and the famous philosopher's stone has been the object of search of some hopeful, generous minds; and far beyond the mere power of such a remedy so potent as Therapion, the following energies of the continued use in the one case, and in the other so effectively, speedily and safely to expel from the system without the aid, or even the knowledge, of a second party, the poisons of acquired or inherited disease in all their processes as to leave no taint or trace behind. which certainly rank with, if not take precedence of, any of the discoveries of our day, shows which no little ostentation and noise have been made, and the extensive and ever-increasing demand that has been created for this medicine wherever introduced appears to prove that the remedies that were formerly the sole reliance of medical men. Therapion may be obtained of the principal chemists and merchants throughout the world.—Diamond Field Advertiser, KENNESAW.

#### RUSSELL STILL ABSENT.

Case Against Frank Law May Resume on Monday.

"I will grant an adjournment until Monday and then I shall have something to say," said Magistrate Kingford to H. P. Lennox, counsel for Frank Law, when the Law conspiracy case came up in the afternoon police court.

Russell, Law's partner, did not turn up, but Mr. Lennox stated that he had conferred with the attorney-general, who had suggested that the trial might be adjourned from day to day until Mr. Russell arrived. The last message from Russell was from Paris and was in code. Mr. Lennox said that he had shown the cable to the attorney-general and that he expected by Saturday or Monday at the latest to be able to give more definite information about Russell.

#### HOPETO PROHIBIT EMIGRATION

Strong Movement Developed in High Circles to Stop Labor in Korea.

TOKIO, Dec. 6.—A strong movement has developed in an unexpected quarter looking to the prohibition of emigration of all laborers to America and Canada, and it is understood that a number of prominent persons, formerly of the cabinet, and others, intend to urge the adoption of such a measure.

They will require the government to undertake the development upon a large scale of Korea, and Manchuria, in order to give employment to Japanese.

### RICHNESS OF THE VEIN AT THE SILVER LEAF

is the Sensation of the Camp—Interest Also Centres in the Concentrators.

COBALT, Dec. 5.—(From the Man on the Spot).—Cobalt shipments are keeping up, but the LaRoses will hold back its ore for possibly a couple of weeks. Among its recent shipments have been some cars of high grade which have been sent to Denver and to Perth Amboy.

The McKinley-Darragh figures on sending five cars this week—two of high-grade and three of seconds. The ore from this mine is being sent to the Perth Amboy smelter. Comings will send three cars of high-grade to Coppercliff, where the Silver Leaf sent its car of rich ore on Tuesday. The Buffalo and LaRose are also shipping.

Sensation of Camp.  
The sensation in the camp proper is the continued richness of the Silver Leaf vein. The shaft is now down 30 feet, and at that depth the vein has improved in width and richness. Supt. Merrill has 35 men at work and is most energetic and thoro in his management.

If there were any activity in the stock market this would be one of the first to give evidence of it, as there has always been a lot of speculation in it. Now that it is arriving at the stage of a regular producing and shipping mine, its shareholders are justifying in looking for an advance in the price of the stock.

The Steindler-Jacobs properties (Kerr Lake and Nova Scotia) are being worked by large forces and under able management. The new plant at the Kerr Lake has been installed and in operation for some time. Mr. Heakes has 90 men at work at the Kerr Lake and 40 at the Nova Scotia. The long delayed completion of the Kerr Lake spur line of the T. N. O. Railway is a handicap to this part of the camp. When the new shippers below the Temiscaming have proved to be such, the spur will probably be ready. In the meantime Temiscaming, Jacobs, Silver Leaf, Foster, Cobalt Central, Dr. O., etc., etc., have to haul their ore to Cobalt.

At the Colonial Supt. Coombes has 30 men working and five drills are in operation. Three thousand feet of tunneling, drifting, cross-cutting, raising, etc., have been done and double shift will be made next winter.

Concentrators the Feature.  
The importance of the concentrators now being started in the camp has been frequently noted in this World. The concentrators attract more local attention than new discoveries.

There are two processes of concentration, viz. the wet and the dry. The dry process is that which will be practiced in the new concentrating plant. Mr. Creybold is now engaged in getting the carpenter work completed. The setting up of the machinery involves great labor and every part has to be absolutely perfect and in place. The engineer of the Cobalt concentrators, Lindsay Lane, will be in the camp next week to look after the installation of the plant.

The concentrator at the Cobalt Central is now in operation and is one of the largest in the entire camp. The process used here is the "wet" one. The machinery consists of one 10 x 20 rock crusher, three sets of rolls, four sligs, three Tromley tables, three screens, four 6 x 21 Frue vanners, eight James tables, 125 horsepower boiler and four Callow settlers.

The mill has a daily capacity of 100 tons and there is a large amount of concentrating low-grade ore on hand—all of diabase formation.

The "wet" process is also in use at the McKinley, Cobalt and Buffalo. The concentrates will be sent to the smelter. The saving in freight charges will be sufficient to pay a dividend on any capitalization in Cobalt.

A public sampling works is being erected at the Nipissing to be operated by the Cobalt Concentrators. This will meet the demands of the camp and probably render a government sampling works unnecessary. Frank Burr Moore.

Christmas Steamers for the Old Country Vessels for the Famous White Star Line.

The White Star Line S.S. "Celtic" (21,000 tons), sailing Dec. 12, and the "Oceanic" (23,000 tons), sailing Dec. 17, will afford passengers the best opportunity of reaching the old country in time for Christmas. The second and third-class accommodations on these steamers is unequalled, passengers being booked in two, three and four-berth rooms. The third-class passengers have a reading and recreation room with the luxury of a piano, which is greatly appreciated, especially by the women and children, and there is a spacious smoking room provided for the male passengers. A noteworthy feature of the "Oceanic" is her great reserve power, which enables her to cross the Atlantic with unusual regularity, so that passengers sailing on this steamer would arrive in England on the 24th, thus enabling them to spend Christmas at home.

There is still ample space in all classes on both these steamers, but on account of the low rates now prevailing they are sure to have full lists, and intending passengers should lose no time in having their reservations made. Full particulars on application to Mr. H. G. Thorley, passenger agent for Ontario, 41 East King-street, Toronto.

### John D. Roddick, Lyndhurst Tells His Experience.

After Two Years' Suffering With Lame Back and Weak Kidneys, Was Cured By Dr. Hamilton.

LYNDHURST, Ont. Dec. 6.—The following statement made by Mr. Roddick, lumber merchant, tells of the remarkable knowledge possessed by Dr. Hamilton:  
"Two years ago I had gripe which setled my back and kidneys. I was sickly and very miserable, suffered great pain and inconvenience. Different remedies were tried without benefit, and then I decided to try Dr. Hamilton's Mandrake and Butternut Pills. I derived immense good from their use in short time. When two boxes were used I was immeasurably better. To-day I am well, neighbors suffering from kidney and back trouble have also been cured by Dr. Hamilton's Pills, which I have pronounced is the best medicine for regulating and cleansing the system. They are very mild, but do the work just the same."  
"Nothing so certain in diseases of the stomach, liver, bowels and kidneys as Dr. Hamilton's Pills, 25 cents, at all dealers."

### THERE WAS JOY IN GUELPH WON GREAT BRONZE BULL

Blazing Torches and Lusty Cheers Greeted Victorious Stock Judging Team—City Delighted.

GUELPH, Dec. 6.—(Special).—The victorious stock judging team arrived from Chicago to-night, they were met at the station by their fellow students, about three hundred in number, all bearing torches. As soon as the young men stepped down from the coaches they were hoisted to the shoulders of their stalwart admirers and carried to a carriage that was in waiting.

Once in the carriage they were surrounded by the sea of burning torches and the cheering of the multitude, and collectively. The procession then made a short tour of the principal streets of the city and out to the college, where more elaborate celebrations were indulged in. A great many citizens fell in behind the students and took part in the procession. The city is delighted with the success of the judging team in winning the much-coveted trophy, the great bronze bull.

### DEPORT THE BULGARIANS.

Controllers So Decide—Some Refused a Job on Railway.

The problem of what the city is to do with the 800 needy Bulgarians has been solved. They will be sent back to their own shores. So decided the board of control yesterday on receiving a report that 60 of them had refused an offer of employment on the Temiscaming Railway at \$1.50 a day.

The city has power to take such measures as it deems proper under the Immigration Act, whereby immigrants who become a public charge are deported.

The board decided to vote \$1000 to be expended in providing work for unemployed men who have been in Toronto six months at least.

### BANDITS ATTACK MONASTERY

Six Men Killed and Three Wounded in Fray.

ST. PETERSBURG, Dec. 6.—Particulars have been received here of an attack by 20 Lettish-an bandits upon a monastery near Pskov. The fighting was fierce and determined. The bandits were finally driven off by the monks, who had six men killed and three wounded in the fray. The aggressors were then pursued by troops and gendarmes and practically exterminated.

### DISAPPOINTED THE LADIES.

Legislation Committee Fails of Quorum to Receive Suffragettes.

The civic legislation and reception committee failed of a quorum yesterday afternoon, when a deputation of ladies appeared to urge that all married women who own property should be given the right to vote.

The fair visitors included Dr. Augustus Stowe-Gullen, president of the Women Suffragists' Association, and Mrs. Flora McD. Denison, its first vice-president; Mrs. S. Vance, and Mrs. Ward of the W.C.T.U., and Dr. Margaret Gordon of the Women's Medical Association.

After a wait of half an hour without an appearance of the lagard aldermen, the ladies departed with the assurance that they, with a deputation of school teachers, would wait upon the city council on Monday.

The city engineer wrote the legislation committee advising that legislation be applied for to compel the various telegraph and electric companies who have poles and wires upon our streets, to place the wires underground within certain areas designated by the city council; also to regulate and supervise the poles and wires already erected.

Mr. Rust also favors the obtaining of legislation to order the removal of all overhead signs.

The board of control yesterday decided against having another test of arc lights for St. Lawrence Market. Controllers Hocken and Ward being, however, opposed.

### An Organ for \$10.00

There are one hundred organs stored in the warehouses of Heintzman & Co., Limited, 115-117 West King-street, Toronto, taken in exchange when selling their pianos. It is simply a case of "got to" so far as selling these organs concerned. They take up too much room and the firm are clearing them at prices starting at \$10.00, \$15.00, \$20.00, \$25.00 and up to \$50.00 each in payments of \$5 a week.

# GOUGH'S "WHERE THE GOOD CLOTHES COME FROM"

## 'The Big Store' Preferred by Men Who Buy Clothes on Their Merit

The man who has worn Gough Clothes need not be told we dress our customers as well as a merchant tailor, for half the money. He knows it—is sure of it. That's a brief explanation of why our clothing business is growing, has even outstripped the marvelous growth of the "Queen City" itself. Come to-day and take a look at our elegant display of Clothing, Shoes and Furnishings; compare the qualities and prices, and be convinced that the unmatched values make "looking around" a waste of precious time.

## Suits and Overcoats of Quality

**THE SUITS AT \$15.**—Just the way you would have them, broad shouldered, low-folding lapels. Trousers have either plain or quarter to half-inch welt seams. The fabrics are silk mixed worsteds, fancy chevrons, Scotch's and imported cashmeres. Coats have hand-felled collars, hand-padded shoulders, lined with best serge, French haircloth interlining.

**THE OVERCOATS AT \$15.**—Have all the wrinkles of fashion sticking out at every point. Have hug-tight collars, and fit all over the way they should. The smartest overcoatings known to the business have been employed in their creation, embodying the conservative weaves for the man of quiet taste, as well as the latest novelties to meet the whims of the fastidious dresser.

**THE OVERCOATS AT \$12.**—There's a betterness about these coats that appeals to the man who is posted on clothing details right away, they look well finished, as if the tailor had been careful about his work. After a man has tried one on, and felt the easy fit, noted the perfect set of the collar and shapely front, he begins to realize that there can be a big difference in \$12 overcoats.

**THE SUITS AT \$12.**—Hundreds of distinct weaves and colorings in a complete range of the season's approved styles and innovations are offered at this price. The size range assures a perfect fit whatever your figure. Every garment is strictly hand tailored, silk sewed, and of pure wool fabrics. You are sure of the best value you ever saw at \$12. Let us show the same to you Saturday in all its complete excellence.

**THE OVERCOATS AT \$10.**—The most complete and exhaustive assemblage of overcoats ever presented at this price awaits you here to-morrow. They contain all the latest style wrinkles, and are finished right up to the top notch of good tailoring. It is a collection of overcoats that the man who wants to invest \$10 to the best possible advantage cannot afford to ignore.

**THE SUITS AT \$10.**—Extremely big values, in all the correct shades of stocking beauty, made with all the style touches that distinguish good clothes, and all the excellencies of interior construction. We guarantee these to be equal, if not better, than most suits at \$12 or \$15, and we know they will fully satisfy the most fastidious critics.

### Burt and Packard Korrek Shape Shoes for Men at \$6 and \$7

It is human nature to follow the lines of least resistance. Perhaps you have had shoe troubles. Why invent your own? We can promise you absolute immunity if you will wear Burt & Packard Shoes. **PRICES ARE WAVERING WITH HOPE OF WEAKNESS**

Realizing Begins to Influence the New York Market—Toronto Stocks Irregular.

World Office, Friday Evening, Dec. 6. The Toronto Stock Exchange enjoyed another big swing to-day, Twin City and Mackay common being the chief features of the financial stage. Twin City, with a rush, sold up to 86 on what is supposed to be covering by a coterie of shorts who a week or two ago proclaimed from the housetops that the stock would sell at 86. During the afternoon session it opened at 86, but fell off to 83 in short order. It is remarkable to note that although Twin City gained 5 points there was not a single sale of the stock recorded on the New York exchange to-day. Mackay common opened at 54 1/2 and under circumstances similar to Twin City advanced to 57, reacting to 55 1/2 at the close of the afternoon session. Toronto Ralls, for 10 shares, brought 97; Nova Scotia steel 27 1/2 and Sao Paulo 110. The bank group, Imperial Bank stock was the strongest, selling up to 211 1/2 and 212. Dominion Bank 225, Standard 216, and Nova Scotia 275. While there was a wavering of sentiment at the close, it is predicted that higher prices are expected before the year ends.

**Wall Street Pointers.**  
 Good progress toward restoration of normal currency conditions reported from all points.

Lower prices for steel expected early next year. Expected steel earnings for December will be smaller than in any month since improvement started in 1904.

Better demand for stocks in loan crowd. Better tone in bond market.

Regular dividend on American Can preferred.

Nine roads for fourth week November show average gross increase 2.53 per cent.

**PITTSBURGH.** The Fort Pitt National Bank will not open its doors this morning. Capital, \$1,000,000; deposits, \$4,000,000.

A bigger demand is reported for currency this morning and rates are somewhat higher, being quoted 1 to 1 1/4.

The known movements of money for the week ended with the close of business on Thursday show a gain in cash of \$3,317,100. The banks lost to the interior from the direct express movement \$2,745,900, but gained from the sub-treasury \$3,284,000. This gain is supplemented by \$779,000 of U. S. gold coin imported from Europe.

The following came over Head & Co.'s wire yesterday: The American Bank & Foundry Company declared regular quarterly dividends of 1 3/4 per cent. on its preferred and 1 per cent. on the common stock payable on Jan. 1. Books close Dec. 11 and re-open Jan. 2. The company reports net earnings for three months ended Oct. 31st of \$2,750,000.

Joseph says: Much higher prices will be recorded in the year, we have had a moderate rally, but gilt-edged securities are still selling on a panic basis. Union Pacific reads 8 5/8 on the investment. St. Paul better than 6 5/8, and others proportionately. There must come further readjustment. Bonds are exceedingly cheap. Take on some Rock Island 4's and B.R.T. convertibles. Specialties: St. Paul will cross 120 this year. Better keep lots of some U.P.

**NEW YORK, Dec. 6.**—Bullish specialty work is likely to continue in the stock market, with specific recessions. The trend in Southern Pacific continues strongly up, with supporting orders toward the 71 level. Union Pacific also appears to lose no technical strength on the advance, possibly due to continued short selling. The tip of a drive at Pennsylvania shorts of yesterday morning was made good, and the stock appears to be in an upward move not yet ended. We would buy Reading only on recessions for turns. The Hill stocks should be bought on recessions for turns only at present.—Financial News.

**WASHINGTON, D.C., Dec. 6.**—Secretary of the Treasury Cortelyou has decided to reduce by one-half the issue of Panama Canal bonds, and allotments to the amount of only \$28,000,000 have been made. The lowest price at which offers will be accepted will be between 102 and 102 1/2, ranging up to over 106, the average being a figure slightly in excess of 103. The amount of certificates which will be allotted is between \$12,000,000 and \$15,000,000.

**I. N. Spiegelberg & Co.** bought Smelters to-day, and Wasser, Bros. and D. Bacon & Co. sold. There still seems to be a good deal of liquidation in the stock following the declaration of the regular dividend.

**Merchants' and Manufacturers' Stock Sheets**  
 In the event of your premises being burned, are the stock and balance sheet of your business, your title papers, mortgages, stock certificates and insurance policies secure from destruction by fire? In our fire and burglar-proof SAFE DEPOSIT VAULTS your papers would be absolutely safeguarded against loss.

stead of helping the stock, in the long run, we believe that the maintenance of the 8 per cent. rate was injudicious and will react on the market value. We are inclined to believe that the bullish manipulation in Smelters is about over and we advise its short sale on bulges from this level—Town Topics.

**On Wall Street.**  
 Charles Head & Co. to R. E. Bond.

The volume of dealings in the stock market to-day showed considerable shrinkage as compared with recent averages, and active manipulation was suspended in most of the leading issues. While the demand from the short interest was less urgent than has been the case during the past week, nevertheless there was sufficient buying power to absorb all the offerings wherever reactionary tendencies developed, and although the bear contingent made repeated attempts to cause a reaction they were unable to induce enough actual liquidation to make their efforts profitable. The Hill and Harriman stocks reached new high prices for the present movement, but the industrial list was relatively more active than the railroads. United States Steel was a feature, the attention attracted to the large borrowing demand for the stock having made many shorts nervous, and the result was considerable covering. There was an increased interest in the lower-priced industrial list, where Colorado Fuel, Hocking Coal, Car Foundry, U. S. Rubber and Ice securities were the principal features. Outside of a small bank failure in Pittsburg there was no news of importance and monetary conditions remained practically the same, although there was a further increase in the amount of time funds offering, without, however, any decline in the rates asked, which were 10 to 12 per cent. for 60 and 90 days. In the afternoon a stagnating tendency developed on realizing by traders, and the closing was dull and heavy.

Marshall, Spader & Co. to J. G. Beatty.

The price on Panama bonds awarded is said to be above 103. It is probable that Secretary Cortelyou will award only \$28,000,000 of bonds, regarding the stability of the market must be reserved for a time or until trading conditions are more fully understood. The absence of time and money quotations and the approach of end-year settlements are not favorable to the enlargement of stock market operations, which appear confined to the professional class on one side, with large short interest to furnish the buying power. As before stated in these advices, important as the advance has been during the last two weeks, the market conditions still further strength and still be in line with previous movements under analogous conditions. First National Bank says there will be no distribution in the Hill stocks.

Ennis & Stoppani wired to J. L. Mitchell.

The market to-day has been very much less active, following the volume of trading of yesterday, meeting profit-taking and bear sales which light London offerings, on the balance. The Bank of England received second amounts of gold from India and the continent, some \$200,000 being taken for New York account, with further withdrawals expected to-morrow.

Placing the amount at \$75,000,000. Considering all the circumstances this is a very good showing. Such a large sum means large purchases of materials and employment for labor, and the two sets of figures show that there is room for some large new capital demands by the corporations during 1908.

A. O. Brown & Co. to J. Lorne Campbell.

We do not look for enlarged activity at present, but feel that purchases for investment will make themselves felt upon reactions of moment.

**Money Markets.**  
 Bank of England discount rate, 7 per cent. Money, 4 to 4 1/2 per cent. Short bills, 5 1/2 to 6 per cent. Three months bills, 5 1/2 per cent. New York call money, highest to lowest, 5 1/2 to 6 per cent. Last loan 8 per cent. Call money at Toronto, 7 per cent.

**Price of Silver.**  
 Bar silver in London, 26 1/2-16 per oz. Bar silver in New York, 51 1/2 per oz. Mexican dollars, 45 1/2.

Sales Soaring

The much talked of stringency of the money market and hard times doesn't seem to us to be quite right. Our sales this year are soaring away above anything previous.

Perhaps it is that more of the public are coming to appreciate the real worth of Dineen's Furs. We're getting the bulk of the fur business, anyway, and that's the reason you should come and enquire the cause of it.

Special lines in Persian Lamb and Alaska Seal Jackets. New designs made from selected skins. Alaska Seal Jackets \$250 to \$350 Persian Lamb Jackets \$125 to \$200
