Desperate Germans Counter Attack In Vain; Losses Heavy

Get Into One of New British Positions But Soon Completely Dislodged—French Report Also Favorable

London, Sept. 22.—Field Marshal Haig, in his report today to the war office announced: "Hostile counter-attacks continued last evening on the Ypres front. Considerable German forces were engaged without any result being gained except a heavy increase in the enemy's losses. "At dusk the enemy launched a powerful counter-attack in massed formation on a wide front east of St. Julien. At one point his troops succeeded in penetrating a short distance into our new positions but they were immediately and completely driven out by our local counter-attack. "At all other points West Lancashire and London troops repulsed the enemy's infantry with great loss. At the end of two hours of fighting our whole line was intact. The attack was delivered with great determination and the enemy's losses were exceedingly severe. "Early in the night, after a failure of his attack on the Tower Hamlets Ridge during the afternoon the enemy again attacked with strong forces on both sides of the Ypres-Menin road. Here also heavy fighting ended in the complete repulse of the enemy. During the evening a third hostile counter-attack east of Langemarck was crushed by our artillery."

FIGHTING HARD FOR TOWER HAMLET

British Headquarters in France and Belgium, Sept. 22.—(By the Associated Press)—Fighting still is raging today in the neighborhood of Tower Hamlet, which has been the scene of almost continuous strife since the offensive of the British to the east of Ypres on the Belgian front began. On the left the British line was repulsed but it was not as completely as had this morning.

French Report

Paris, Sept. 21.—The war office reports: "An enemy surprise attack against one of our small posts to the north of Joux ended in failure. The cannoneers were rather spirited on both banks of the Meuse. Calm prevailed everywhere else. "During Wednesday and Thursday two German machines were brought down in the daylight and two others, seriously damaged, were forced to land during the night. "Belgian communication: Yesterday our artillery shelled enemy communications, in retaliation for yesterday's bombardment in the direction of Ramscappelle, Lempense and Forthorn. Our guns also took to task the German batteries in the region of Wismes. "Army of the east: On Thursday increasing activity of the enemy artillery was reported on the whole of the British front. British aviators bombed enemy establishments to the north of Dolan."

APPEAL ALLOWED IN HURLEY WILL CASE

Judgment on Appeal Made by
Present Archbishop of Vancouver

Fredericton, N. B., Sept. 22.—The action of James McHugh, executor etc., vs. Ellen McGuire et al, dealt with in the supreme court of appeal yesterday, was commenced by the plaintiff to obtain a declaration as to the construction of the will of the late James T. Hurley who died in January, 1916. The executors were the plaintiff James H. McHugh and Michael Farrell. The latter renounced and the will was probated on January 15, 1916. Mr. Hurley left no children and his wife died before him. His next of kin are brother and sisters, nephews and nieces. By the will, John, a brother, and Ellen McGuire, a sister, were given \$1 each. The rest of the estate was bequeathed to the Right Reverend Timothy Casey, Roman Catholic Bishop of St. John. The will proceeds as follows: "And I desire that the said Right Rev. Timothy Casey shall exercise and carry out the requests and directions which I may give him respecting the same by a document under seal and seal." The action taken by the executor in the lower court resulted in Sir Esdaile McLeod, chief justice of New Brunswick, deciding that the words quoted showed that the testator intended to give certain directions with regard to the disposal of the property and intended that until those directions were given that the bishop should simply hold the property as a trustee; further that, as no directions ever were given, Bishop Casey would be trustee for the next of kin of the testator. From that decision Bishop Casey appealed and the appeal was argued at the June sitting of the appeal court. Hon. A. S. White and Hon. W. B. Chandler were the judges who gave judgment in this case yesterday. Both decided that the appeal of Bishop Casey, now Archbishop of British Columbia, should be allowed. Judge Chandler decided also that the words "I desire that" etc., indicated that the testator left it discretionary with the trustee to carry out or not any subsequent directions. Judge White disagreed on this point holding that the words were imperative. Costs of the executors are to be taxes as between solicitor and client and paid out of the fund and no costs to be allowed to any of the other parties.

ALLEGED DISLOYAL STATEMENTS BY SENATOR LAFOLLETTE

St. Paul, Minn., Sept. 22.—Governor Burquist announced last night that if an official investigation of alleged disloyal statements by Senator LaFollette at a non-partisan league high cost of living conference here revealed that his remarks were seditious, the Minnesota public safety committee will ask for the senator's arrest.

FIRST CALL WILL BE ONLY FOR THE MEN FITTED FOR WORK AT FRONT

Ottawa, Sept. 22.—Class 'A' men only will be called to the colors when the first proclamation is issued under the terms of the military service act. In this class are men fit for the medical point of view, for actual combatant service. The call for reinforcements from General Currie is for fighting men and the first draft is to meet a need. Men in the lower medical classification will not be required to go on active service, perhaps for some considerable time, even if at all. There is, of course, no guarantee that "B" and "C" men will never be called to the colors. Future developments will depend on the war situation and military requirements.

SPEAKER CUTS TY COBB'S LEAD

Only Fourteen Points Behind
Georgia Peach in Batting—Big
League Figures

Chicago, Sept. 22.—Tris Speaker is cutting down Ty Cobb's batting lead in the American League. Unofficial averages today show only fourteen points separating them as compared with 26 a week ago. Cobb is batting .373 and Speaker .350. Bush, the Detroit shortstop, continues to lead in scoring with 108 runs to his credit; Roth of Cleveland, stolen bases with 49; Chapman, Cleveland, in sacrifice hitting with 65; and Pipp of New York, in home run hitting with nine. Detroit remains in front in team batting with 246. Leading batters follow: Cobb, Detroit, .373; Speaker, Cleveland, .369; Slater, St. Louis, .347; Felsch, Chicago, .340; Veach, Detroit, .306; Cicotte, of Chicago, with 47 games—twenty-six won, twelve lost and 135 earned runs—leads the list of pitchers participating in 32 or more games. In the National League, Roush of Cincinnati, with an average of .342, has an eighteen point lead over Hornsby of St. Louis, who is second. Burns of New York, the leading scorer, brought his total to ninety-nine and Carr of Pittsburgh, increased his mark in base stealing to forty-five. The record of twelve home runs hung up by Cravath of Philadelphia, remains out of danger. Deal of Chicago continues to show the way to the sacrifice hitters with twenty-eight. Cincinnati, leading in team batting, has an average of .305. Leading batters include Roush, Cincinnati, .342; Hornsby, St. Louis, .324; Kauff, New York, .305; Grob, Cincinnati, .303; Burns, New York, .302. Anderson of New York heads the list of pitchers, rated according to earned runs, with thirty-four games—nine won and eight lost—and 137 average. Today's Games National League—Philadelphia at Chicago (two games), clear; Boston at St. Louis, clear; New York at Pittsburgh (two games), clear. American—Chicago at Boston, clear; Detroit at Washington, clear; Cleveland at Philadelphia (two games), clear; St. Louis at New York (two games), clear.

ITALY'S BREAD SHORTAGE

Milan, Italy, Sept. 22.—The truth of Italy's bread situation, says the Corriere della Sera, is that this year's harvest produced only 28,000,000 quintals, that 30,000,000 quintals are needed from abroad, and that it is impossible to secure more than 20,000,000 quintals. The Italian people, therefore, says the newspaper, must face the situation without rearmaments, and eat less bread. Prominent Frendman Dead Paris, Sept. 22.—Louis Leird, vice-rector of the University of Paris, died yesterday, aged 71 years.

AIRMEN GAVE GREAT AID IN THE ATTACK

Their Work Counted For Much and, Besides, They Put Sixteen German Machines Out of Commission

London, Sept. 22.—The following official statement dealing with the activity of the British aviation corps during the British offensive in Flanders was issued last night by the war office: "During the first two hours of our attack on Thursday low clouds and a drizzling rain made flying almost impossible. However, our airplanes flew out at low altitude and dropped bombs on a hostile airbase near Courtrai, besides firing at bodies of German infantry. So soon as the weather slightly improved, our aerial activity became great and contact was kept with our advancing troops, and both airplanes and balloons gave observation for our artillery fire. On several occasions the location of enemy troops preparing for a counter-attack, was reported to our artillery, who successfully dealt with the situation. "While the attack was in progress airplanes fired from their machine guns more than 28,000 rounds from heights ranging between 100 and 2,000 feet, at German infantry in their trenches and shell holes, at reinforcements coming up to the battle, at bodies of troops on roads and working behind the lines, and at hostile batteries, machine guns and transport. During the day sixty-eight bombs were dropped on the Ledeghem railway station, ninety-six on two air-dropping northeast of Lille, and 68 on billets and ammunition dumps in the battle area. At night, in spite of the most unfavorable weather, bombs were dropped on two towns and on the Ledeghem, Reuleux and Menin railway stations. "In the middle of the day the German aircraft were seen to be attempting to interfere with our artillery and low flying machines. In the evening, when the weather improved, they kept well to the east of the lines and were not inclined to fight. Ten host machines were destroyed and six were driven down out of control. Ten of our machines are missing."

INFANTILE PARALYSIS IN PROVINCE

Two Cases at Grand Falls and Quarantine Established—One Smallpox Case on North Shore

Fredericton, Sept. 22.—Infantile paralysis, a dread disease which has caused many deaths among children in the United States within the last few years, again has made its appearance in New Brunswick. Two well defined cases have occurred at Grand Falls. Dr. R. H. McGrath of this city, secretary of the provincial board of health, returned from Grand Falls on Thursday after placing quarantine restrictions on the two dwellings in which the cases were. This is the first occasion on which keeping close watch upon Grand Falls and vicinity in case there may be further developments. It is feared that there will be a spread of the disease in that section as children have been exposed to infection. Warm weather gives infantile paralysis its most favorable conditions and the fact that cool weather is now at hand gives great encouragement in the fight against the disease. The source of the infection is believed to have been the State of Maine. This is the first occasion on which infantile paralysis has been reported so far north in this province. Former cases were in Charlotte county, also originating in the United States. None were fatal. One case of smallpox at Nelson, Northumberland county, is the only one in the province. It is under quarantine and is developing satisfactorily. It is believed to have originated from blankets which were brought from infected sections of Maine. In the latter state the authorities say the disease now is stamped out.

CHEEK SPECULATION IN POTATOES; ACTION BY FOOD CONTROLLER ANNOUNCED

Ottawa, Sept. 22.—A check is to be put on the speculation in potatoes. The food controller announces steps to prevent inflation of prices. The controller considers that in Toronto, Ottawa, Montreal and other centres in Ontario and Quebec potatoes to the consumer should be about \$1.25 for a bag of 90 lbs. There appears to be an ample supply now assured to meet a largely increased consumption, which will doubtless follow a drop in prices.

THE LATEST SNARE

"Where is the British lion you went forth to slay three years ago, Wilhelm?" "Well, mother, he turned out to be stronger and bigger than I thought."

"Potstausend! I hear his roar! What are we to do?" "Take courage, mother, I hope this rabbit may satisfy his appetite."

Five British Steamers And Two Destroyers Are Reported U-Boat Prey

An Atlantic Port, Sept. 22.—The Associated Press today carries the following: "Passengers who landed from English naval works at Ostend with satisfactory results. Three German seaplanes were shot down by British airplanes. The text of an admiralty statement says: "Naval works at Ostend were this morning bombed by ships of our Belgian coast patrol with satisfactory results. "Three seaplanes attempting to assist the enemy by observation work were shot down by our air patrol."

British Bombard Enemy Naval Works at Ostend

London, Sept. 22.—British warships this morning bombarded the German naval works at Ostend with satisfactory results. Three German seaplanes were shot down by British airplanes. The text of an admiralty statement says: "Naval works at Ostend were this morning bombed by ships of our Belgian coast patrol with satisfactory results. "Three seaplanes attempting to assist the enemy by observation work were shot down by our air patrol."

HEAVY LOSS BY FIRE IN SWEDISH VESSELS CARGO

New York, Sept. 22.—The cargo of the Swedish steamer Magda, anchored in the Hudson river here, was badly damaged last night by fire said to have been caused by spontaneous combustion. The cargo consisted of cotton, oil, whiskey and general merchandise, and is said to have been insured for \$1,000,000.

BURIED TODAY

The funeral of Mrs. Robert Cooke took place this afternoon from her late residence, 88 Marsh street. Services were conducted by Rev. N. J. McLaughlin. Interment was made in Cedar Hill.

PHILIP AND PHERNAND

THE FUNERAL OF PHILIP AND PHERNAND took place this afternoon from the Church of the Good Shepherd, Fairville. Services were conducted by Rev. Walter F. Dunham. Interment was made in Cedar Hill.

WEATHER REPORT

Synopsis—Fine weather prevails over Canada with warm conditions in the west and comparatively cool elsewhere.

Forecasts
Ottawa and St. Lawrence Valleys, Gulf and North Shore—Moderate northerly winds, fine and cool today and on Sunday; light local frosts.
Fair; Comparatively Cool
Maritime—Moderate to fresh north-west to north-east winds, fair and comparatively cool today and on Sunday.
New England—Fair tonight and Sunday, little change in temperature, moderate north winds.

NEW BRUNSWICK'S EXPERIENCES IN AIR FIGHT WITH GERMAN

Fredericton, N. B., Sept. 22.—Relatives here recently received a letter from Lieutenant Darryl McGrath, of this city, relating his experience during one of his first flights in France after he became a qualified officer of the Royal Flying Corps. He sighted a Hun fier and attacked him. During a long chase he sent 100 shots into the German machine, but the latter finally got away and Lieutenant McGrath lost him in the clouds. The Canadian fier exhausted all his ammunition and was forced to discontinue his flight on that account. Lieutenant McGrath was an undergraduate at the U. N. B. some years ago. He is a son of H. J. McGrath, of this city. He enlisted in the west and after long service was commissioned in the R. F. C.

MAY START EVENING TYPEWRITING CLASSES

Fredericton, N. B., Sept. 22.—The Fredericton School Board has under consideration the establishment of evening classes in typewriting as part of the vocational courses. The subjects which will be taught this year are household science, woodworking, mechanical drawing and commercial instruction.

BORDEN AND RHODES

Hon. E. N. Rhodes is to accompany Premier Borden on his holiday trip, according to a despatch in the Halifax Herald. The Toronto News states that it will be a fishing trip up north, and not a visit to some holiday resort in the south.

SALE POSTPONED

The announcement that 100 shares of preferred and some common stock of Ready's, Ltd., would be offered for sale by auction at Chubb's office at noon today, brought no buyers, and F. I. Potts announced that the sale would be postponed.

A LITTLE COAL NOW ON WAY HERE FOR SALE TO PEOPLE; MORE TO COME

Agree To Send Chinese Troops To West Front

Peking, Monday, Sept. 17 (delayed).—The president and the cabinet have agreed to the plan of sending a trial division of 24,000 Chinese soldiers to France if money, equipment and shipping are available. The Entente Allies have approved and France is eager to receive the contingent. The premier is in favor of sending 300,000 men, and the provincial authorities are heavily in support of the plan if the Canton provincial government gives its approval of the war with Germany.

ST. JOHN IS TO BE TRAINING CENTRE FOR PROVINCE

That St. John is to be the training centre for the entire province and Moncton, Fredericton and Newcastle are to be mobilization centres, where medical boards will sit, was the information received at the office of the New Brunswick command this morning. St. John is to be the only centre in the province where there is to be a combatant staff. The order reads to the effect that when men are called up they will report to the nearest of the four centres, and after going before the medical board they will be returned to their homes to await orders to report at the training centres, which is to be in St. John. This news will come as a pleasant surprise to many as it was the general opinion that St. John was to be only a centre such as Moncton, Fredericton and Newcastle. This will mean the getting ready of the military buildings at once. If the militia department calls up only 25,000 men at a time it will mean the St. John will always have in the vicinity of about 750 men quartered here. This number is to be broken up in companies of 250 men. Each company will have a major, a captain and four lieutenants.

RUSH GASOLINE HERE FOR FISHING BOATS

Ottawa, Sept. 22.—A train of gasoline tank cars is speeding in the direction of the maritime provinces to prevent a tie-up of Nova Scotia and New Brunswick fishing boats owing to a gasoline shortage.

Food Controller Arranges Supply on Appeal to Prevent Tie-up

Ottawa, Sept. 22.—A train of gasoline tank cars is speeding in the direction of the maritime provinces to prevent a tie-up of Nova Scotia and New Brunswick fishing boats owing to a gasoline shortage. Appeal to the food controller was made by H. B. Shortt, of the Canadian Fisheries Association, at Digby. Enquiry was made of the oil companies of tanks of more than 150,000 gallons, which were en route from New Jersey, could be handed to the Grand Trunk Railway for movement over the Canadian Government Railway to Halifax and St. John. As a result of an appeal to L. Harold, superintendent of transportation for the Grand Trunk Railway, and C. A. Hayes, general manager Canadian Government Railways, seventeen tank cars received from the American railways, have been turned over by the Grand Trunk to the Canadian Government Railways.

OPERATORS AND LINEMEN OF C. N. W. TALK STRIKE

Company Has Rejected Majority Award of Board of Conciliation

Toronto, Sept. 22.—The Great North-western Telegraph Company yesterday rejected the majority award of the board of conciliation in the dispute with their operators and linemen, and last night C. E. Mellett of Winnipeg, general chairman, now in Toronto, sent out a call for the men to meet tomorrow afternoon to determine their attitude.

The result of the meetings, which will take place from Campbellton, N. B., to Calgary, will be received here not later than Sunday night, when the final step will be decided upon. E. J. Young, of the men's committee, went to Ottawa last night to see the minister of labor and request government action to avert the threatened strike.

Mr. Mellett said last night that 600 telegraphers are directly affected, and a lot more who are agents of the company at stations on the Grand Trunk and Canadian Northern railway lines are affected indirectly. Should a strike be declared, these men will be instructed not to handle G. N. W. business.

SWEDEN FEELS EFFECT OF LUXBURG INCIDENT

Copenhagen, Sept. 22.—The Shipping Gazette of Gothenburg, Sweden, is informed by the Swedish foreign office that foreign cipher telegrams no longer can be transmitted. The paper says that as a result of the Luxburg affair communication with important commercial houses abroad already is interrupted.

Other matters also affecting the cost of living came before the council; one was the statement of the Housewives' League that large quantities of butter are being hoarded in cold storage, and the other was the request of the food controller for the presence of a representative of the city at a conference to be held in Ottawa to discuss milk problems. The butter matter was referred to the mayor and the city solicitor and Commissioner Wigmore was appointed as delegate to the Ottawa conference. The council authorized the call for tenders for repairs to the railway trestle at No. 5 wharf, the cost estimated to cost \$8,500; the payment of E. O. Leahy's bill for \$8,079 for preliminary work on No. 5; the payment of \$1,700 for repairs to No. 1 and \$877 for timber supplied by J. A. Gregory. In connection with the collapse of No. 5 wharf, a mayor presented a notice from the Imperial Munitions Board that the city and the C. P. R. will be held liable for the loss of and damage to munitions at the time. The council met at eleven o'clock with Mayor Hayes presiding and Commissioners Wigmore, Fisher and Russell and the common clerk present. After the minutes of the last meeting were confirmed, the bill of E. O. Leahy, for removing the wreckage and examining the bottom at Nos. 5 wharf, for \$8,079.28 was ordered paid on motion of Commissioner Russell. The same commissioner moved that a bill for \$760 for replanking the floor of No. 1 warehouse be ordered paid. This question was raised regarding the appeal for the expenditure. Commissioner Russell explained that he had to get the work done and he would go ahead with more work if he could not get a full meeting of the council to give him authority. The bill was passed. A bill of J. A. Gregory's for \$577 for hard pine at \$85 per m. was also ordered paid. Commissioner Russell then presented his estimate of \$8,500 for repairs to the railway trestle at Nos. 5 wharf, apart from the section included in Kane & Ring's contract. A call for tenders for the work was authorized. New Warehouse Taking up the proposals for the erection of a warehouse at Reed's Point for the E. S. Co., Commissioner Russell said the agent had said they could not pay more than ten per cent. of the cost as an annual rental and that he would give the guarantee of the company, a bank or a trust company, that they would use it for at least ten years. He was willing to sign a lease for ten or twenty or thirty years. The commissioner's estimate of the cost was not more than \$20,000. The mayor said the city should not accept less than twelve per cent. It was agreed that the council would approve of a ten year lease on this basis. Commissioner Wigmore protested against statements that the council could not meet because he had been out of town. It was the first holiday he had had in six years and four members made a quorum. A report of the committee of the whole approving of the laying of an additional railway track in Water street, beside the city wharves, was adopted. Public Works Matters The commissioner of public works reported: That the water and sewerage department, in lieu of restoring the wood block and tar macadam pavements in Prince William street, where a new water main has been recently laid, has undertaken to maintain the street surfaces with gravel until the street is repaved, which is expected to be in 1918 or 1919. That the water and sewerage department has opened Germain, St. James, Sheffield and other streets this year for the laying of water mains and is responsible for surface conditions until restoration is completed in each case, or until arrangements are made for the public works department taking charge. That the numbering of residences and places of business has fallen into serious neglect, and the absence of numbers causes considerable inconvenience and confusion. Your commissioner recommends that the police be instructed to report, after November 1, all cases of neglect to comply with the law in this matter, so that proceedings may be taken for enforcement. (Continued on page 2, sixth column)

Good Things Coming to Theatres of St. John

BIG PICTURE CONTRACT

The Keith interests at their New York headquarters have signed a contract with Captain Baynes of the British War Office and his Canadian representatives the Independent Film and Supply Company of Montreal and St. John, to show the official government cinema of the Great Britain of Arras. This picture, which is in twelve reels, is a pictorial record of the first of the Kaiser's long backward strides under Commander Haig's relentless pressure. It is released for public view as a means of raising money for the British and Canadian patriotic funds. Sir Herbert Ames and Minister of Militia Kemp of our own country personally endorse the pictures as of great historic value. They will be shown at Imperial Theatre, this city, commencing Monday, October 1, in instalments of two reels every change of programme for a fortnight—mixed in with the usual regular productions. It is understood the contract for Keith's New York and New England houses alone amounts to more than \$800,000.

"THE NEGLECTED WIFE" OPENS AT STAR THEATRE MONDAY

Ruth Roland, one of the most popular stars on the motion picture screen, will appear for the first time in St. John, in her new serial, "The Neglected Wife," at the Star Theatre Monday and Tuesday. "The Neglected Wife" is a thrilling story dealing with the complex problems of married life and based on Mable Herie's famous novel, "The Journal of a Neglected Wife." The first episode is entitled "The Woman Alone," and it shows Ruth Roland in a deeply interesting and moving situation supported by Roland's own personality, a celebrated English actor. The serial was produced in the sunshine of California by Balboa, and is undoubtedly the greatest picture which Miss Roland has ever played. If the husband goes astray, who is to blame; the wife or the other woman? See "The Neglected Wife" on Monday at the Star.

THE NEW PROGRAMME AT THE OPERA HOUSE

The new vaudeville programme opening at the Opera House today includes the famous Schep's Pony, Dog and Monkey Circus, with four handsome Shetland ponies, twelve dogs and four monkeys; the O'Neill Twins, classy singers and dancers; Ferdinand in a whistling novelty; Russell and Evans, character singers and breezy chatterers; Dalmadge, comedy caddy; and Billie Burke in the seventeenth chapter of Gloria's Romance. Two shows this afternoon, at 2 and 8:30—tonight at 7:30 and 9. Same usual very little prices.

THE GEM HAS PRIME FAVORITE TONIGHT

George Welsh is the star in the Gem's picture feature tonight, Monday and Tuesday and gives an outstanding performance in a big five-reel photoplay, "High Finance," the new vaudeville in comedy, music and acrobatic features.

WALL STREET NOTES

(J. M. Robinson & Sons, private wire telegram.) New York, Sept. 22.—Argentine expected to declare war against Germany today, to be followed by dispatch of troops to Europe. President endeavoring to obtain price on steel along lines of voluntary agreement by board and copper interests. Bradstreet's says labor situation is disconcerting, strikes and numerous drafts make further increase in supply and wages still rising. Dun reports failures in United States this week at 244 against 286 last week, and 289 last year.

BIRTHS

MACAULAY—On Sept. 22 to Mr. and Mrs. H. D. Macaulay a daughter, DONNER—On the 20 of Sept. to Mr. and Mrs. George Donner, 21 Clifton street, west end, a daughter, Hortense Louise.

DEATHS

COLLINS—On Friday, September 21, after a lingering illness, Kathleen Loretta aged fourteen months, only child of Mr. and Mrs. James Collins. Funeral on Saturday at 2:30 p. m., from her father's residence, 28 Britain street.

FISHER—On September 21, at the home of her parents, 241 Duke street, West St. John, Effie Fisher, aged sixteen years, daughter of Mr. and Mrs. Peter Fisher, leaving her mother and father, a brother and sister to mourn. Funeral on Sunday at 2:30. Service begins at two o'clock.

MURPHY—At Hampton, on September 21, after a lingering illness, Mrs. Jeremiah Murphy, in the sixty-second year of her age, leaving, besides her husband, three sons and two daughters. Funeral from her late residence Sunday afternoon at 2:30 o'clock.

SMYTH—On Friday, September 21, after a lingering illness Catherine widow of Bernard Smyth. Funeral on Sunday at 2:30 p. m. from her late residence 46 Adelaide street. Friends and acquaintances respectfully invited to attend.

ROBSON—On the 20th inst., at his late residence, 245 St. John street, West St. John, William N. Robson, aged eighty-two years, leaving, besides his wife, two sons, five daughters, three brothers and two sisters to mourn. Funeral Sunday at 3:30 o'clock from his late residence.

IN MEMORIAM

LAWSON—In loving memory of Alice Maude, beloved wife of George P. Lawson, who died on Sept. 23, 1914.

ARTHURS—In loving memory of Sarah R. beloved wife of James E. Arthurs who fell asleep in Jesus Sept. 22, 1916. Sleep on dear mother and take thy rest. I lean thy head upon the Saviour's breast. We loved thee well but Jesus loved thee best. HUSBAND AND FAMILY.

PERMANENT DISARMAMENT

Enforced by General Boycott, Is Vatican View

WOULD LIMIT WARS

A Cable From Rome Says the Pope Aims at Permanent Disarmament of Germany—Further Matters Following Reply of Central Empires

Rome, Sept. 22.—Cardinal Gasparri, papal secretary of state, last night sent a cable to the Vatican regarding the views of the Vatican regarding a solution of the war by suppression of conscription and also a joint boycott of arms by any nation which refuses to disarm, the occasion being the publication, in the Italia, of an article on the peace plan of the Holy See. It is evident from the article that the Vatican aspires to suppress German militarism by securing a peace treaty requiring the permanent disarmament of that nation. The Italia declared that the Holy See in its call for peace, out of a feeling of delicacy toward the belligerent powers, would not indicate practical means with which to obtain a disarmament, leaving the nations to decide the means. But, Cardinal Gasparri says, the Holy See is convinced that among all the plans suggested so far, the only practical and possible one is the following: "By an accord among the civilized nations, including neutrals, to suppress obligatory military service, to institute an arbitration tribunal, and, as a guarantee to direct a general boycott against nations which attempt to introduce conscription, which refuses to submit international questions to arbitration or accept its decision, a guarantee which Lord Robert Cecil, the British parliamentary under-secretary for foreign affairs, has shown would have great benefits."

It was pointed out by the cardinal that the Holy See had always condemned the nefarious effects of conscription as a war breeder. Conscription, the papal secretary said, led to many wars, the governments always having ready at hand a fighting instrument. It was made evident in the Italia article that the Vatican did not hope for a period when there would be no more wars, but that it believed it would be possible to limit them.

Washington, Sept. 22.—Favorable replies from both Berlin and Vienna to Pope Benedict's peace proposals were not expected in the United States and the allied countries. Whether or not the action of the Pope was influenced by Austria, as has been frequently suggested, the acceptance of his peace plan by the Central Powers falls in line with the policies of those governments in making their people feel that they are waging a just war against a group of nations bent upon their destruction.

London, Sept. 22.—The statement that Great Britain has asked for further information from the Vatican with a view to replying to Pope Benedict's peace note is authoritatively denied.

Rome, Sept. 22. (Montreal Gazette cable)—Hope is expressed at the Vatican that the replies of the Central Powers to the Pope's proposals will oblige the Allies to differentiate their replies to a great extent from that of President Wilson.

From a reliable source it is learned that the Vatican tried to induce the Central Empires to make what the Holy See considered a master stroke—have their answer merely consist in accepting fully the papal proposals. Such a policy, the Vatican believed, would have placed on the Entente the onus of continuing the war.

Washington, Sept. 22.—The replies made by Germany and Austria to Pope Benedict's peace proposals contain nothing that will in any way alter the position of the United States, as outlined in President Wilson's reply to the Pope.

London, Sept. 22.—The incomplete parts of the reply of Germany and Austria to Pope Benedict's peace proposals arrived before press time are given prominence by the morning newspapers. Owing to the lateness of their receipt, however, only two or three papers commented on them. The tenor of the headlines, however, reflects the British attitude, the Vatican believed, would have placed on the Entente the onus of continuing the war.

Washington, Sept. 22.—The replies made by Germany and Austria to Pope Benedict's peace proposals contain nothing that will in any way alter the position of the United States, as outlined in President Wilson's reply to the Pope.

London, Sept. 22.—The incomplete parts of the reply of Germany and Austria to Pope Benedict's peace proposals arrived before press time are given prominence by the morning newspapers. Owing to the lateness of their receipt, however, only two or three papers commented on them. The tenor of the headlines, however, reflects the British attitude, the Vatican believed, would have placed on the Entente the onus of continuing the war.

RUSSIANS ARE DRIVEN BACK IN DVINA REGION

Alexieff Gives Way as Chief of Staff—New Man Means Using of Drastic Measures

Petrograd, Sept. 22.—Russian troops on the Riga front have retired to the right bank of the River Dvina in the region of Jacobstadt. This was announced officially today by the war office.

Petrograd, Sept. 22.—The resignation of General Alexieff as chief of the general staff has been followed by the appointment of M. Tcheretoff, whose predictions are highly democratic. This appointment is the signal for drastic reforms, but the immediate motive for a change at the post is not publicly known.

Petrograd, Sept. 22.—All the universities here, except the medical schools, have been closed for a year in pursuance of a plan to evacuate the unnecessary proportion of the population of Petrograd. The interior announced that the food supply question is in no way connected with the military shortage of soldiers.

Petrograd, Thursday.—Delayed.—The government authorities announce that the soldiers who murdered several of their officers at Viborg, Finland, now are under arrest and it is possible to begin an investigation. The wives of the murdered officers have begun suits for damages against the government.

Petrograd, Sept. 22.—On complaint of the Mohileff council of soldiers and workmen's delegates that General Korylov's guard was not strict and that it made no attempt to hide its sympathy for the general Premier Kerensky has ordered the Mohileff battalion to surrender the guard duties to the battalion of the Knights of St. George.

Petrograd, Sept. 22.—The government has authorized the State Bank to make a further issue of two billion roubles.

ALARMIST SPEECH BY KORNILOFF

Danger For Petrograd—General Seemas to Have Been Used as Tool by Lokomsky

Petrograd, Sept. 22.—Revelations made today regarding the Korniloff rebellion elucidate the fact that Korniloff was a tool in the hands of his chief of state, General Lokomsky, and they also show the extreme carelessness with which the charges against him of rebellion arose.

General Korniloff is said to have appeared before a congress of commissaries and, after expelling the delegates, delivered an alarmist speech, describing darkly conditions on the front and in the rear. He said, would soon be taken into custody and Petrograd would be open.

Petrograd, Sept. 22.—General Kaledine, hetman of the Don Cossacks, has repudiated his connection with General Korniloff, declaring that he had met the latter only three times. He said the charges against him of rebellion arose from the fact that he was at loggerheads with the council of soldiers and workmen's delegates, because of his firmness during the coal mine troubles.

Petrograd, Sept. 22.—The Red Cross patriotic socks for our wounded boys, at Imperial Theatre, will be sold here this afternoon. It is expected there will be a still greater quality. This being the case, the day of the week's campaign which is hoped for in the way of eleventh-hour contributions. When the day opens, two thousand pairs were needed to make up the 5,000 order required of the Local Branch of the Canadian Red Cross Society. The Imperial rooms will be kept open until 11 o'clock this evening to receive parcels and on Sunday the patriotic socks will be exhibited in the windows.

THE CITY AND THE STREET RAILWAY

Commissioner Fisher Makes Detailed Statement on Matter of Payments

In a statement which he presented to the common council this morning, Commissioner Fisher points out why he cannot undertake any more permanent paving work in streets through which the street cars run, until the New Brunswick Power Company agrees or is forced to agree to the payment of their share of the cost. His report and detailed statement, which were referred to the committee on the subject, are as follows: Your commissioner begs leave to submit some figures with respect to an obstacle which exists in the way of paving streets in the city in July, and being a lack of cooperation by the N. B. Power Company with regard to arranging to take care of interest and sinking fund payments falling due after August 1, 1922, on the company's portions of bonds issued for the cost of permanent paving laid previous to that date, the date of the expiration of the existing agreement for street maintenance and snow removal.

These figures appear to demonstrate the absolute necessity for an arrangement being made with the company for taking care of the payments referred to in the city applying to the legislature for authority to collect the amounts from the company.

The city solicitor advises that the city has a good case to go to the legislature in case an arrangement cannot be made with the company, and the company has so far declined to discuss the matter.

Your commissioner recommends that the company be again requested to assume the interest and sinking fund liability for track section paving referred to in this report and to thereupon make a plan to proceed with the laying of much needed permanent paving in Main, Union, Prince William, Brussels, City road and other streets.

The figures: Annual payments for interest and sinking funds on bond issues for permanent paving in track sections chargeable until April 1, 1922, to street railway agreement account.

Table with columns: Streets, Paid, When Bonds, An. Interest, Sunk. fund.

Main, from Adelaide to Central 1918-23 \$1,420.00

Union, Waterloo to Prince William 1918-23 474.00

Brussels, to Main 1919-24 9,380.00

City Road to Wall Street 1920-25 2,170.00

Market Square 1920-25 377.00

British street 1920-25 924.45

Douglas avenue 1921-26 5,700.00

Total 20,025.45

The amount received by the city annually from the New Brunswick Power Company until April 1, 1922, for street lighting, is \$14,000.

Setting aside for snow removal \$8,000, leaves only \$6,000 for street lighting, which is not sufficient to maintain the street lighting system.

Paris, Sept. 22.—The chamber of deputies last night passed a bill against drunkenness in public places. As had already been reported, the bill becomes a law. It provides that any one found intoxicated in the streets, in saloons or public places shall be fined from one to five francs for the first offence, and imprisonment for three days as the maximum penalty for the second offence.

London, Sept. 22.—(Montreal Gazette cable)—The Times' Amsterdam correspondent sends an account of the present conditions of Germany, especially in Alsace-Lorraine, as gathered from neutrals. He reports the extreme scarcity of material, says paper, mixed with rags, is being used for clothing, and women's hair used for belts for driving machinery.

At a meeting of the Presbyterian ministers' Association yesterday Rev. J. H. A. Anderson, who left today for New York to pursue a course of study, was made the recipient of a Collection of Canadian Verse, with an expression of sympathy for the children of the Presbyterian church, the preacher to be Rev. John S. Thompson, vice-president, Rev. W. M. Townsend, secretary, Rev. J. A. MacKigan, Rev. Mr. Fraser, the new pastor of Knox, arrived from British Columbia tomorrow.

PROVIDENCE WILL TAKE CARE OF MY FAMILY

Then quit working and saving. Eat, drink and be merry—Providence will take care of the morrow. Nonsense! Providence provides means to attain ends. Life assurance is one of these means.

Do you know anything more pitiful than a wage earning widow? Would you care to have your wife come to that—through your neglect? You can save her from such a fate by means of an Imperial Life Policy.

Let us send you our free booklet "That Home of Yours" which tells all about it. You'll find it of interest.

A LITTLE COAL NOW ON WAY HERE FOR SALE TO PEOPLE, MORE TO COME

That a matter referred to the commissioner of public safety at the last council meeting, viz: the placing of a pole at the north corner of Orange and Sydney street for the carrying of a telephone cable, has not received attention. It was pointed out that the council cannot interfere with the assessment of the work of the assessors, and the letter was referred to the city solicitor and the chairman of the board of assessors.

The first chapter of the serial is entitled "The Lady in Number 7," and starts off in a very sensational manner. The cry of "submarine" and the letting of a mine in the water, which ends in a terrific panic, resulting in the periscope of one of the dreaded monsters heeled for the steamer. This is probably the greatest mid-ocean scene ever filmed in pictures, and certainly gives this serial a great end-of-for its fifteen week run. Of course this is only one of the incidents contained in the first chapter, the other being of a more mystifying nature. Those who have seen the first chapter will surely want to see them all. The questions that confront the audience are—What is the Double Cross? Who is the Masked Stranger? Who is the Girl of the Double Cross?

Today AT TRADES AND LABOR CONGRESS

Ottawa, Sept. 22.—At this morning's session of the Labor Congress it was decided to have printed in English and French copies of the reports of the committee on pensions, which was adopted yesterday. These will be distributed among the soldiers of the dominion.

The congress voted down a motion of Delegate Naylor of Vancouver, in favor of an independent labor party.

Coal Coming

The mayor reported that J. S. McGivern had completed arrangements for 1,000 tons of the 2000 for which he had contracted with the city, at \$11.75 a ton, and that seven cars are on the way.

There was some discussion of the method in which this coal would be sold to the citizens, and it was decided that tenders be called for the handling and delivery of the coal.

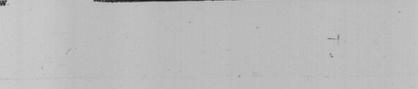

It was agreed that the coal should be sold at \$18 a ton, delivered on the sidewalk, the money to be paid in advance, with an extra deposit of \$1 a ton to cover possible over-weight, refunds to be made according to the exact weight delivered. Details were left to the mayor to arrange.

Bills for \$170, for extra services required to complete the revised list of voters within the legal time limit were ordered paid.

A telegram was received from the Dominion food controller asking the city to send a representative to Ottawa to attend a conference, on September 21, to discuss the supply of milk, prices, use for ice-cream, etc. Commissioner Wigmore was authorized to represent the city.

C. B. R. E. Officers

Montreal, Sept. 21.—At the eighth annual convention of the grand division Canadian Brotherhood of Railroad Employees, a notice of motion was placed on the order paper of next year's convention, changing the headquarters from Halifax to Ottawa. The next convention of the organization will be held at Port Arthur on the invitation of the mayor and board of trade of that city.

The following officers were elected: A. H. Mosher, grand president, and M. M. MacLean, grand secretary-treasurer, Halifax. Vice-presidents, M. MacLeod, Charlottetown; A. Scholey (Moncton) for Alberta; J. Howard (Prince Albert) for Saskatchewan; J. W. Watson (Winnipeg) for Manitoba; N. Dixon (Port Arthur) for Ontario; Geo. DesRoisiers (Charley) for Quebec; C. E. Cole (Moncton) for New Brunswick; C. B. Scott (Miramichi) for Nova Scotia; J. H. Monaghan (Charlottetown), for Prince Edward Island.

DEATH OF HEAD OF LAW FIRM IN WHICH W. G. PUGSLEY IS PARTNER

Montreal, Sept. 22.—R. C. Smith, K. C., one of the leaders of the Montreal bar, died early this morning, aged fifty-eight years. About a week ago he contracted a chill while playing golf, and pneumonia developed.

Mr. Smith was a prominent Liberal, and at one time unsuccessfully contested St. Antoine division against Sir Herbert Ames. He was head of the firm of Smith, Markey, Skinner and Pugsley.

Mr. Pugsley, here referred to as William G. Pugsley, son of Hon. William Pugsley, M. P.

Two Splendid Things

One is plenty of open-air exercise.

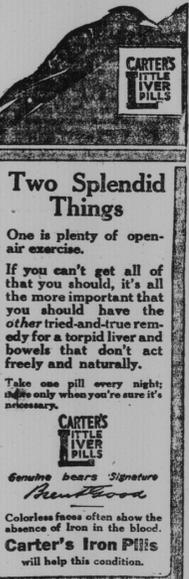

If you can't get all of that you should, it's all the more important that you should have the other tried-and-true remedy for a torpid liver and bowels that don't act freely and naturally.

Take one pill every night; this only when you're sure it's necessary.

Carter's Little Liver Pills

Genuine bears Signature

Colorless faces often show the absence of iron in the blood. Carter's Iron Pills will help this condition.

DOGS AND PEOPLE

To the Editor of The Times, Sir,—I find each year our city issues from 1,200 to 1,800 dog licenses, and if we add to this number 700 for those who forget to take out license we have 2,000 dogs in our city. Like every other animal they must be fed, and if we would place the cost of keep at fifty cents per week, and I think this a very conservative amount, we would have \$50,000 wasted each year, that might be put to better use. What a blessing it would be to the charitable organizations of our city had they this money to distribute among the poor and suffering. Many little children could be looked after and their paths made easier in years to come, yet many people would stop and look at you were they asked \$25 per year to help a poor orphaned family.

Where we are agitating reforms, is there not a large field of thought in this subject alone? If people must keep useless dogs, why not place the license fee at \$10 per year and hand this money over to charitable objects. St. John is the only city one may go to where dogs run at large to the annoyance of the citizens.

Yours, etc.,

LOCAL NEWS

Rev. J. H. A. Anderson left last night for New York to take post graduate courses at Union Theological Seminary and Columbia College.

Among the five candidates who will write the preliminary examinations for admission as students-at-law next month in Fredericton are Laurence Manning and E. P. O'Toole of St. John.

Five candidates were advanced to the rank of knighthood at a largely attended meeting of the Royal Scarlet Chapter of St. John county last evening. Several outside delegates were present. After addresses by leading members, refreshments were served.

At a meeting of the Trades and Labor council last evening a committee consisting of C. H. Stevens, Edward McKinnon, J. O'Brien, H. A. Henneberry and A. Keeble were selected to choose suitable men from whom a candidate might be selected for the federal elections.

Mitchell Bernstein was fined \$200 for having liquor in his possession by the police magistrate last evening.

A very reasonable prize in the shape of a load of coal was won by No. 2541 at the West Side soldier's Christmas stocking fair in the Carleton Rink last night. Fred Driscoll and Mrs. Morrison won the gentlemen's and ladies' six-gun prizes and Arthur Campbell and Miss Murphy the best board prizes. The Temple Band was in attendance.

CUTICURA HEALED VERY ITCHY SCALP

Burning Kept Her Awake Nights. Hard Lumps Came Then Turned to Scales.

"My scalp began by being very itchy and burning which would keep me awake nights it was so bothersome. First there would come little hard lumps and when I scratched them they would turn to flaky scales and dry.

No relief until I got Cuticura Soap and in a week I was completely healed." (Signed) Mrs. Alfred Benhelotte, Ed River Crossing, N. B., February 11, 1916.

Most skin troubles might be prevented by using Cuticura Soap and Ointment for every-day toilet purposes.

For Free Sample Each by Mail address post-card: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

Parrsboro Schooner Sold

The Parrsboro schooner Laura C. Hall, 100 tons, has been bought by the Anglo-Columbian Development Co., Ltd. Captain Dennis Morrisey of Parrsboro will have command and she will sail on the Pacific coast route.

BIG-E-NUFF

The young ladies of the Philathes class of German street Baptist church, entertained last evening about seventy members of No. 9 Siege Battery in their hall.

Gift of \$1,000

Laurence McLaren, brother of Colonel Murray McLaren, head of the lumber concern of Paraworth & Jardine, of Liverpool, England, has sent to General McLean a check for \$1,000 to purchase the 250th battalion, McLean Highlanders.

Brother Killed

Randolph E. Cox, 55 Pitt street, was advised yesterday afternoon that his brother, Staff Sergeant W. V. Cox, had been killed in action. He was a member of the Royal Garrison Artillery, an imperial unit. Sergeant Cox was a real-estate broker in England, and prior to joining the colors was employed in potteries in that city. Just recently he was awarded the Military Medal for bravery in the field.

Six Yesterday

Six recruits were secured in the city yesterday. They were: Walter Neering, New Waterford; J. Raymond Fraser, Queens County; Kenneth MacKenzie, Portland, Maine; No. 9 Siege Battery; Edmund J. Hartley, South Boston; No. 8 Field Ambulance; and one man who did not wish his name mentioned.

Robert Webb Killed in Action

Robert Webb, of Amiside, Queens county, has received word that his youngest son, Sergeant John Webb, was killed in action on Aug. 18. Had he lived till Aug. 20 he would have celebrated his twentieth birthday. He went overseas with the 140th Battalion. Much sympathy is felt by his parents, as their other son, Robert, has been overseas three years. Sergeant Webb is survived by his parents, one brother, Robert, somewhere in France, and six sisters.—Mrs. Arthur Fowler, West St. John; Katie, of Rothesay, and Ethel, Evelyn, Dorothy and Mildred, at home.

Rothesay Man Wounded

Mr. and Mrs. John Kirkpatrick received news on Thursday from overseas that their son, Edward Kirkpatrick (Teddie) had been wounded. No particulars were given. The young soldier was among the very first to go from Canada to France in 1914. For the family in their anxiety sincere sympathy is extended with the hope of good news in the near future.

Wins D. C. M.

Among the Canadians recently decorated by the Distinguished Service Medal is Sergeant Fred Kaine, of Campbellton (N. B.). Sergeant Kaine gets his medal for his part in the capture of the enemy and reorganized the platoon, led mopping up parties, captured many of the enemy and their consolidated positions and won and maintained it against many strong counter-attacks during the Battle of Vimy. He is especially noted for displaying the greatest coolness and good judgment.

The Evening Times and Star

ST. JOHN, N. B., SEPTEMBER 22, 1917

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Printing Co., Ltd., a company incorporated under the Joint Stock Companies Act, 1887.

THE WAR SITUATION

On the Belgian front the British have driven the Germans back for a mile or more on a front of eight miles. Over three thousand prisoners were taken, and the German losses in killed and wounded were quite large.

Canadians rejoice to learn that the Australians especially distinguished themselves in this fight. The story is told in one sentence: "They dogged a barrage fire so close that they were upon the Hun before the latter could spring from their crouching positions."

Austria has replied to the peace note of the Pope. Condensed into one sentence it is to the effect that Austria-Hungary will be delighted if the Pope can get for Austria-Hungary what she wants.

Just now, in the city of St. John as well as in the rest of Canada, the question of food conservation is receiving special attention. The people are asked to make such substitution of food products as will liberate more wheat, beef and bacon for export to Europe.

FOOD AND PRICE CONTROL. The Toronto Star Weekly makes some observations on the contrast between food control in Canada and in England that are calculated to make the Canadian housekeeper do some hard thinking.

Yet another week has gone by, and still people are asking what the food controller is doing in the way of reducing food prices to a more reasonable level, and still there is no satisfactory reply to their question.

bread, and we pay 7 1/2 cents—nearly 9 cents a lb. more. The British Food Controller has fixed maximum prices for meat. The effect of one of his orders is that the retail butcher must not sell meat over the counter at prices exceeding the price paid by him for such meat by more than 5 cents a pound or twenty per cent, whichever is the less.

Of course the explanation of the difference is that in England the food controller was not appointed by a government which cared more for the interests of the profiteers than for the people.

Of the Borden government's abuse of its powers in the matter of closure, the Halifax Recorder says: "When the Nationalist navy bill was introduced the Liberals fought it hard and asked that it at least be put before the people before adopted. It was then that closure was forced upon parliament in order to put the bill through the commons."

The Toronto Weekly Sun, which represents the farmers of Ontario, has this to say about the disfranchisement of naturalized aliens: "The disfranchisement of naturalized aliens is a breach of faith for which there is no justification."

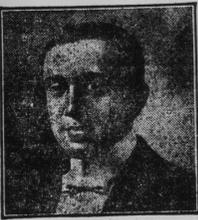

Toronto Globe: "Hundreds of thousands of women who have been engaged, at the sacrifice of time and money for the past three years, in rendering valuable service to the soldiers at the front feel deeply indignant at the slight put upon them and their work by the War-time Elections Act."

The food-controller's sole object thus far revealed is to get more food exports for Europe. It was expected he would also try to get lower prices for consumers in Canada, but there is nothing doing.

Alternative. Willis—What are you going to do in his war? Gillis—What do you mean? Willis—Go to the front and trench householder pays 4 1/2 cents a lb. for

NOTED MUSICIAN OF MONTREAL

Advices the Use of "FRUIT-A-TIVES," the Famous Fruit Medicine.

MR. ROSENBERG.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives'."

LIGHTER VEIN. Point of View. Rural Cop—Say, you're goin' too fast. Autoist (trying his new machine)—Not on your life! If I can't get more speed out of her than this, I'm stuck.

The Prime Requisite. Officer—What do the army regulations make the first requisite in order that a man be buried with military honors? Private Casey—He must be dead, sir.

Four a.m. to Eight p.m. "Did you have the eight-hour system on the farm where you worked?" "Yes; we worked eight hours in the forenoon and eight hours in the afternoon."

Considerate. "What makes you so jealous?" "Oh, it pleases my wife."

Your Home Needs Hot Water Heating

Old fashioned heating methods are expensive, unsanitary and unsatisfactory. Stoves and hot air furnaces are being abandoned. Real Estate men find it hard to sell houses that have not hot water heating, because people will no longer put up with the inconvenience and inefficiency of old methods. If your house does not have Hot Water Heating, it will pay you in Health, Comfort and in Money to take out the old and put in the newer and better kind.

ROYAL HOT WATER BOILERS
AND
IMPERIAL RADIATORS

The most improved ideas in generation and radiation of heat are combined in Royal Boilers and Imperial Radiators. If you are interested, let us send you our descriptive literature. We will be pleased to supply you with information as to size and cost, without obligation. Write us NOW.

The Kaiser's Reply To Peace Note of Pope

Hypocritical Assertion That He Always Wanted Peace

Very Glad To Have It Now

Agrees That "Material Power of Arms Must be Superseded by Moral Power of Right," and Future Differences Settled by Arbitration

Amsterdam, Sept. 22.—The German reply to Pope Benedict's peace proposal, in part, says:

"His Majesty has been following for a considerable time with high respect and gratitude His Holiness' efforts in the spirit of true impartiality to allay as far as possible the sufferings of the war and to hasten the end of hostilities. The Kaiser sees in the latest step of His Holiness fresh proof of his noble and humane feelings, and cherishes a lively desire that for the benefit of the entire world the papal appeal may meet with success.

"The effort of Pope Benedict is to pave the way to an understanding amongst all peoples and might more surely reckon on a sympathetic reception and the whole-hearted support from His Majesty, seeing that the Kaiser, since taking over the government has regarded it as his principal and most sacred task to preserve the blessings of peace for the German people and the world.

"In the crisis which led to the present world conflagration His Majesty's efforts were up to the last moment directed towards settling the conflict by peaceful means. After the war had broken out, against his wish and desire, the Kaiser, in conjunction with his allies, was the first solemnly to declare his readiness to enter into peace negotiations. The German people supported His Majesty in his keen desire for peace.

"Germany sought within her national frontier the free development of her spiritual and material possessions and outside the imperial territory unhindered competition with nations enjoying equal rights and equal esteem. The free play of forces in the world in peaceful wrestling with one another would lead to the highest perfecting of the noblest human possessions. Destructive concentration of events in the year 1914 absolutely broke off all hopes for development and transformed Europe into a bloody battle arena.

"Appreciating the importance of His Holiness' declaration, the imperial government has not failed to submit to suggestion contained therein to express and scrupulous examination.

"The imperial government greets with special sympathy the leading idea of the peace appeal wherein His Holiness clearly expresses the conviction that in the future the material power of arms must be superseded by the moral power of right. We are also convinced that the sick body of international law can only be healed by fortifying its moral strength of right.

"We share His Holiness' view that definite rules and a certain safeguard for a simultaneous and reciprocal limitation of armaments on land, on sea, and in the air, as well as for the free freedom of the community and high seas, are the things, in treating which the new spirit that in the future should prevail in international relations should find its most hopeful expression. The task would then of itself arise to decide international differences of opinion, not by the use of armed forces, but by peaceful methods, especially by arbitration, whose high peace-producing effect we, together with His Holiness, fully recognize.

"The imperial government will in this respect support every proposal compatible with the vital interest of the German empire and people.

"Germany, owing to her geographical situation and economic requirements has to rely on peaceful intercourse with her neighbors and with distant countries. No people therefore has more reason than the German people to wish that, instead of universal hatred and battle, a conciliatory fraternal spirit should prevail between nations.

"If the nations are guided by this spirit it will be recognized to their advantage that the important thing is to lay more stress upon what unites them in their relations. They will also succeed in settling individual points of conflict which are still undecided in such a way that conditions of existence will be created which will be satisfactory to every nation and thereby a repetition of this great world catastrophe would appear impossible.

"Only on this condition can a lasting peace be founded which would promote an intellectual rapprochement and a return to the economic prosperity of human society. This serious and sincere conviction encourages our confidence that our enemies also may see a suitable basis in the ideas submitted by His Holiness for approaching nearer to the preparation of future peace conditions corresponding to the spirit of reasonableness and to the situation in Europe."

Austria's Reply.

The reply of Emperor Charles of Austria is in part as follows:—
"With deep-rooted conviction we agree to the leading idea of your holiness that the future arrangement of the world must be based on the elimination of armed forces and on the moral force of right and on the rule of international justice and legality.

"Fully conscious of the importance of the promotion of peace on the method proposed by your holiness, namely to submit international disputes to compulsory arbitration, we are also prepared to enter into negotiations regarding this proposal."

Approve Gompers' Stand

Rochester, N.Y., Sept. 22.—By a vote that lacked one of being unanimous, the convention of the International Moulders Union of America yesterday voiced approval of the war policies of President Gompers of the American Federation of Labor.

Our Stores Open at 8.30; Close at 6; Saturdays at 10 p.m.

Fall Opening

TUESDAY, SEPTEMBER 25TH,

Of Beautiful New Models in
Costumes, Coats and Dresses

Presenting the most exclusive fashions in Ladies' Attire for immediate wear

Every Authentic Style of Worth Will be Found in This Opening Display, Demonstrating the Most Distinctive Tailoring Features and the Newest Trimming Methods.

Dresses!

Many of the new suits are cut in that straight line effect, adding sleekness to the figure. If the model is tailored it usually has a small collar somewhat like a man's coat.

VELVETS, fur trimmed, are exceptionally smart coats, somewhat longer. Many of them shaped at the waist with handsome braided trimming effects.

Other Styles in BROADCLOTHS AND GABARDINES. Most Skirts are made quite plain, and the wide belt is frequently featured. Buckles, Buttons, Braid and Embroidery are used for trimmings. Buckles are employed as novelty ornaments.

Visit To The States Is Not Possible Now

Was Suggested That Lloyd George, Earl of Derby or General Smuts Might Cross Ocean

London, Sept. 22.—The following statement has been made regarding the proposed visit of Premier Lloyd George, the Earl of Derby, minister of war, or General Smuts to the United States:

"A proposal for a visit at this time has been under consideration here for some time, but the difficulties which lie in the way of any of these statements

underlying the visit almost preclude it. The view held in ministerial circles here is that the anti-British propaganda in the United States is not so strong as persons of enemy sentiment pretend. Moreover, effective steps are being taken by the United States to counteract it.

"The United States needs no gingering up for the purpose of prosecuting the war. She is heart and soul with Great Britain in the determination to crush Prussian militarism and realizes the gigantic nature of the task she has set herself to accomplish.

"The great obstacle in the way of the premier, the war secretary or General Smuts visiting the United States is that none of them can be spared from his duties here for so long a period as the visit would necessitate. For any of them to be out of touch with events, even for a few days, at this juncture, might have far-reaching consequences."

End War This Year If Germany Gives Up Belgian Claim

So Says Maximilian Harden—At Any Rate Peace Very Much Desired in Germany

Amsterdam, Sept. 22.—Maximilian Harden, lecturing in Berlin yesterday, said that he was convinced that peace was attainable this year if Germany promised to waive the right to rule Belgium. This aroused a hostile demonstration and many persons quitted the hall. Herr Harden continued:

"We think too much of waging war and not enough of politics. Whoever brings us peace, whether Socialist or Pope, is welcome. The fate of Belgium must be brought to a speedy decision.

Either we must annex Belgium or state openly that we never had any such intention. In any case, the German people must decide for themselves their own lot."

CROWN BRAND CORN SYRUP

HOLD UP STEAMER BELIEVED TO HAVE BIG GERMAN CARGO

Santos, Brazil, Sept. 22—The Dutch steamer Zeeandria, from Buenos Aires to Amsterdam by way of New York, is being detained here by the Brazilian authorities at the request of the British legation at Rio Janeiro. It is charged that the steamer is loaded with a huge cargo of coffee, said to be destined for Germany.

Favored Father. Two Irish farmers who had not seen each other for a long time, met at a fair. They had a lot of things to tell each other.

"Shure, it's married O' am," said Murphy.

"You don't tell me so," said Moran.

"Fai' yes," said Murphy, "and O'Ve got a foine, healthy boy, which the neighbors say is the very pictur' of me."

Moran looked for a moment at Murphy who was not remarkable for his good looks, and then said—

"Ah, well, what's the harm as long as the child's healthy?"—Tit-Bits

AUCTIONS

PEACE TALK DEPRESSES

N. Y. STOCK MARKET

New York, Sept. 22—The stock market opened under pressure as a result of the renewed peace talk. The steels, coppers and Mexican Petroleum gave way one to two points. Canadian Pacific fell 1 1/2.

GERMAN INTRIGUE TO HAVE UNITED STATES AND JAPAN AT ODDS

Washington, Sept. 22—German intrigue and propaganda, cleverly applied in both countries, have presented a full understanding between the United States and Japan, said Viscount Ishii, head of the Japanese mission to the United States in an address here last night. The Zimmerman note to Mexico involving Japan gave a clue to the secret agencies at work to part the east and west, he said, but even the noise of this diplomatic "blunder" by Berlin gave a check only for a time.

TRIFLING COMMISSION (From the Christian Register)

"I done had to go out collectin' foh de missionary society," explained the old colored woman who was wanted for some housework, according to Harris Dickson.

"But I have work for you to do, and you need all the money you can get. What do you get paid for collectin'?" asked Mrs. Dickson.

"I don't get paid," said Mandy. "I only gets what I collect."

RECENT DEATHS

George Graham, of Mechanic Settlement, who fell off a load of hay last week and was seriously hurt, passed away on Sunday. He was fifty-four years of age.

The death of Daniel Calvin, of Hampton, occurred on Wednesday evening. He was seventy-seven years old.

Andrew McConaghy of Fredericton died yesterday morning. He was fifty-one years old.

Mrs. Thomas Holloran of Newcastle died very suddenly on Tuesday. She was seventy-nine years of age.

The death of Frank O'Toole of Nelson, N.B., occurred on Wednesday. He was seventy-two years of age.

The death of Mrs. Jeremiah Murphy occurred last evening after a lingering illness, at her home in Hampton. Mrs. Murphy, who was before her marriage Miss Mary Ann Dolan, was a native of Kings county and a life-long resident of Lower Norton district. She was highly respected by a wide circle of acquaintances and beloved by many friends. Besides her husband, she is survived by three sons, James, Patrick and John, all at home; two daughters, Mrs. A. F. Saunders of St. John and Miss Katherine, at home; two brothers, Patrick and Mitchell and one sister, Mrs. Ellen Doherty, all of Bloomfield. The funeral will be held on Sunday afternoon at 2:30 o'clock from her late residence.

Mrs. Catherine Smyth, widow of Bernard Smyth died at her home, 46 Adelaide street, yesterday after a lingering illness. She is survived by six daughters, Mrs. T. L. Baxter, Mrs. Lewis Bowes, Mrs. T. L. Kinella, and Misses Regina and Greta Smyth, of this city, and Vera, of Providence (R. I.). Mrs. Smyth was a daughter of the late John Monahan of Fairville. She leaves, besides her children, four brothers and one sister. The

LOCAL NEWS

MARRIAGES AND BIRTHS
Nine marriages and twenty-three births, fifteen boys and eight girls, were reported to the registrar during the week.

ACKNOWLEDGEMENT
The East St. John Soldiers' Comforts Circle gratefully acknowledge check for eighteen dollars from local option fund, North End, through W. J. Forbes, chairman, M. D. Austin, secretary, Herbert Roberts, treasurer.

BAPTISM AT BAY SHORE
There was a baptismal service yesterday afternoon on the Bay Shore. Two women and a man were immersed. The water, according to the few swimmers who still take a daily dip and are used to the cold water, was even more than ordinarily biting.

DOOR PRIZE CHANGED
At the Soldiers' Christmas Stocking Fair at West St. John tonight the door prize will be a handsome oil heater instead of an oil painting as previously announced. This change has been made with a view to warmth in the coming winter.

THE MAN IN THE STREET

Cooler today, and even an amateur weather prophet would predict that it will be still cooler before that 10,000 ton shipment of hard coal arrives.

A contemporary asks what has the fuel controller done that he should be subjected to criticism. Exactly; what has he done?

Von Bethmann-Hollweg accuses Ambassador Gerard of violating the ethics of diplomacy, or in other words of treating them like a scrap of paper.

Russian women soldiers, fresh from scenes of battle, seek diversion by indulging in a riot and beating a mere man to death. The sweet things, aren't they cute?

Mr. Root says..... Russia is sound in the end, but if they don't brace up, Russia will be like the small boy's apple of which he remarked: "There ain't going to be no core."

Housekeepers who have been trying to follow the food controller's menu will be relieved to find that they may use the remains of last Tuesday's and Wednesday's roasts on Sunday and Monday, the condition of the meat—and the Board of Health—permitting.

Premier Borden says there will be a union government after the elections, if not before. How does he know what the next premier will do?

Taking the pledge is to be popular once more, but it is mother instead of dear old dad who is asked to sign, nowadays.

First prohibition and now food pledge? Some one is always taking the joy out of life.

The labor congress would not go on record as being opposed to conscription; they merely record the fact that they were opposed to it the last time they met and that they have not changed their minds.

Voluntary enlistment having failed, it looks as if the government was going to try voluntary registration.

The announcement that Von Bernstorff wanted \$50,000 to swing the U. S. congress will be regarded as a dead end by some congressmen; it makes them like like-pikes. Only \$50,000! We have done better than that in New Brunswick.

The Dominion government still refuses to allow "The Pledgers" to be published or sold in Canada. Are they afraid to face the music?

Canadians are reported to be squeezing the Germans at Lens, a "squeeze" which can be distinguished quite easily from an affectionate embrace.

To Fill the Vacancy
They were having a violent controversy over the telephone between the office and the "living room" of a local wholesale establishment.

"Hog-wash" headlines have you up there? The dining clerk demanded.
"None come on up," was the cordial response.

In the Millionaire Class
"What has happened to Brown? He's as pleased as a cat with two tails this morning," a workman was overheard asking his mate.
"Got a two dollar raise from the boss and he's feeling pretty well satisfied with himself."
"Fah, that's nothing to get stuck up about; I had bacon for breakfast this morning and I'm not putting on any airs about it."

CHANGE IN STREET CAR SERVICE

Owing to repairs to track work at head of King street commencing Monday morning, the Haymarket square cars will only operate from Hawley's corner (Mill street and Paradise row) to head of King street.

Main line passengers will transfer at head of King street.

The regular service will probably be resumed Friday the 29th.

The Seaside Park service will be discontinued after September 30th.

Commencing October 1st the Glen Falls line will operate 17 1/2 minutes each way.

AMERICANS ENTHUSIASTIC

Duncan McKellar of the customs staff has returned after two weeks' vacation in the New England states. He was greatly impressed with the enthusiasm for the war that is everywhere manifest.

At Portsmouth, N. H., he saw 1,000 splendid young fellows enroute for New York to join warships, and at the Portsmouth navy yard there was tremendous activity, with work as high as ever available.

In Boston and Lynn, and wherever he went, the young men were rallying to the colors, and the people showing greater interest in the war and war work than is shown at the present moment on this side of the border.

SHELL WHICH WOUNDED JAMES MULHERON KILLED TWO COMRADES

James Mulheron, formerly of Fairville, who went overseas with the 140th battalion and who was transferred to another unit at the front, has been wounded in the right arm.

Writing to his sister, Miss Margaret Mulheron of this city, from a Manchester hospital, he says that two of his comrades were killed by the same shell which wounded him.

MORE THAN 100 OFFICERS AT SALVATION ARMY CONGRESS HERE

The Annual Congress of the Salvation Army is being held in St. John in the near future. More than 100 officers from all over the maritime provinces will be present. The congress will be conducted by Commissioner W. J. Richards, head of the army in this territory, who will be bringing a large staff with him from Toronto. The congress will last about a week, during which matters affecting the work of the army in the maritime provinces will be dealt with.

In connection with the congress there will be public services with two great mass meetings in the Imperial Theatre. At the principal public meeting, Commissioner Richards will lecture and His Honor Lieutenant-Governor Gosnell will preside.

FIVE DEATHS THIS WEEK WERE CAUSED BY CHOLERA INFANTUM

The Board of Health reports eighteen deaths in the city this week, five from cholera infantum, three from pulmonary disease, two from heart disease, and one due to each of the following: Inanition, enteritis, melana, meningitis, peritonitis, mastitis, heart failure and enterocolitis.

WHERE'S THE FOOD CONTROLLER?

A citizen asks whether the food controller would be interested to learn that potatoes are selling in a store in one part of St. John at forty cents a peck and in another at twenty-eight cents a peck. He figures it out to the cost of living would be reduced very considerably if a few maximum prices were fixed, with a reasonable profit to the seller instead of adding, for example, twelve cents to what one dealer regards as a fair price for a peck of potatoes.

or Two for 2.25

OAK HALL
SCOVIL BROS., LIMITED
ST. JOHN, N. B.

Dear Mary—
Isn't it funny that some men will give their wives all the pretty clothes they want, but when it comes to things to furnish the home they "tighten right up?"

No, it isn't strange either. Such men are vain, selfish and thoughtless. Why I've often seen a man spend as much on one theatre party—tickets, autos and supper—as it would cost to nicely furnish a whole room. And his wife needed the furniture too. Theatre parties are O. K. but I think furniture comes first.

As ever—HELEN
P. S. I hope men will become better and let their wives have all they need of the good Furniture they keep at
91 CHARLOTTE STREET

Give your wife some of our Good Furniture.

Catarrah Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrah Cure is taken internally and acts thru the blood and on the mucous surfaces of the system.

BILLY SUNDAY TO FIGHT TWO DEVILS, SATAN AND BILL

Thinking Seriously of Passing up Washington Engagement to go to The Trenches to Preach—Invited by Joffe's Mission

Washington, Sept. 21.—Billy Sunday is scheduled to fight the devil in Washington in January but he may carry his battle against the old boy to the French trenches instead.

After wearing himself out one day recently telling his own Hood River, Oregon, congregation what a "plastic, rat-hole, rum-soaked, deceitful, pusillanimous, cheap politician" Pontius Pilate was and how "rotten" he treated Christ, Billy turned to the question of going to France, and said—

"One of the hardest things I have to go up against is saying no to invitations from commanding officers of different cantonnments to address our soldiers."

BABY'S OWN TABLETS ALWAYS IN THE HOME

Mrs. Eugene Vaillancourt, St. Mathias, Que., writes: "My baby suffered greatly from constipation so I began using Baby's Own Tablets. I was surprised by the prompt relief they gave him and now I always keep them in the house."

SIR JOSEPH FLAVELLE AND THE WILLIAM DAVIES CO.

Sir Joseph Flavelle, president of the William Davies Company, holds 51 per cent. of the stock of the firm, according to the evidence presented at the hearing

of the commission investigating the profits of cold-storage companies in Canada.

The list of shareholders, with the number of shares which they own, as shown by a statement filed with the commission, dated May 12, 1917, is as follows:

Table listing shareholders and share counts: Edward Adie 500, John T. Agar 100, H. W. Benson 350, J. W. Cringar 80, Miss Mary E. Davies 221, R. H. Davies 920, Wm. Davies, Sr. 408, Estate of Wm. Davies, Jr. 431, Wm. H. Davies 147, J. E. Flavelle 100, J. W. Flavelle 10,067, J. W. Flavelle and E. Adie in trust 268, E. C. Fox 210, W. S. Fox 96, Mrs. E. CURING SKIN TROUBLES

So many people, both men and women, suffer from skin troubles, such as eczema, blotches, pimples and irritation that a word of advice is necessary. It is a great mistake for such sufferers and those with bad complexions to smear themselves with greasy ointments. Often they could not do anything worse, for the grease clogs the pores of the troubled skin and their condition actually becomes worse.

When there are pimples or eruptions, or an irritating or itching rash, a soothing boric acid solution may help to allay the irritation, but of course that does not cure the trouble. Skin complaints come from an impure condition of the blood and will persist until the blood is thoroughly purified. It is well known that Dr. Williams' Pink Pills have effected the best results in many forms of skin disorders and blemishes. This is due to the fact that these pills make new, rich blood, and that this new blood attacks the impurities that give rise to skin troubles and disperse them; so that Dr. Williams' Pink Pills cure skin disorders from within the system—the only sure way.

It should be added that Dr. Williams' Pink Pills have a beneficial effect upon the general health. They increase the appetite and energy and cure diseases that arise from impure blood. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

MAGIC BAKING POWDER

CONTAINS NO ALUM

Users of this well known article have the assurance that food is made more wholesome and nutritious by its use.

"Magic" is a pure phosphate baking powder, and it is a well known fact that phosphate is a necessary constituent in food, while alum is a dangerous mineral acid.

"Magic" Baking Powder contains no egg albumen or other added ingredient for the purpose of making unfair and deceptive tests which have no value as a constituent of baking powder.

For economy buy the full weight 1-lb. size.

E.W. GILLET COMPANY LIMITED
WINNIPEG TORONTO, ONT. MONTREAL

95% OF ILLNESS DUE TO ONE CAUSE

Physicians agree that 95 per cent. of all illness is possible only because of accumulated waste in the Colon (Lower Intestine).

In fact, the most eminent of the World's Specialists claim that if the Colon were always kept clean the average life of humanity would be doubled. There is now a new and simple method of cleaning the Colon of this poisonous waste, and keeping it clean, pure and healthy. Of curing Constipation and the depressing bilious attacks which make us dull, blue and inert—without any spirit of ambition.

That method is Internal Bathing with warm water, administered by the "J. B. L. Cascade," aptly termed "Nature's Cure."

Over 800,000 people are now enthusiastically using this modern warm water cure, and physicians are prescribing it everywhere. It is making sick folks well and well folks better, stronger, more ambitious, energetic and confident.

This letter from Mr. A. Maclean, of Conger Lumber Co., Parry Sound, Ont., a sufferer for 35 years from Constipation, is very valuable:

Parry Sound, Ont.
Dr. Chas. A. Tyrrell, Toronto:
Dear Doctor—I have used the J. B. L. Cascade since I received it 31 days ago with wonderful results. Before I started this treatment I could not pass one day without taking medicines; since have not taken one dose, and feel so much better in every way.

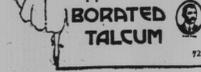

I have been troubled with Constipation for the past 35 or 40 years, and of course at my age cannot expect a speedy cure, as I am now in my 78th year, but the relief it has already given me is a promise of the good it will do for me.

I think a good many orders will come from Parry Sound as the treatment becomes known. I cannot speak too highly of the Cascade treatment, and will surely talk much about it.

Yours gratefully,
A. Maclean.

The "J. B. L. Cascade" is now being explained and shown at E. Clinton Brown, Druggist, Corner Union and Waterloo streets; also F. W. Munro, Dispensing Chemist, 307 Main street, St. John, and they will be glad to explain its action and use to you in detail.

If you cannot call, you should write today to Chas. A. Tyrrell, M.D., 168 College street, Toronto, for booklet, "Why Man of To-day is Only 50 Per Cent. Efficient."

DESTITUTION IN WEST ASIA

A two-day conference on Western Asia, called by the American Committee for Armenian and Syrian Relief, in New York city, September 11 and 12, attended by 189 persons, including American consuls and other American officials in Turkey, teachers from American colleges in Turkey, physicians and missionaries, practically all of whom have returned to America since the beginning of the war, many of them within the last few weeks, and of whom forty-four had spent 800 years in service in Western Asia, presents the following statement:

After close comparison of official cablegrams recently received by the committee and later information brought personally by American consuls, teachers and missionaries just arrived from Turkey and Syria, the committee considers the following a conservative estimate of the number of persons in Western Asia now actually destitute and in need of daily food:

Region	Total number of whom destitute	Orphaned
Asia Minor	500,000	200,000
Syria (including Palestine)	1,200,000	75,000
Caucasus	800,000	100,000
Persia	90,000	25,000
Totals	2,140,000	400,000

The above figures do not include refugees in Egypt and Southern Mesopotamia concerning whom details are not at hand.

The cost of sustaining life varies in different areas from \$3 to \$16 averaging throughout the entire field not less than \$5 per person per month. Many of these people are now living on the charity of their Moslem neighbors, whose scanty food supplies are nearly exhausted. The committee is convinced that to prevent widespread death by starvation during the coming six months of winter, at least \$80,000,000 is needed.

In addition to this for repatriation and rehabilitation, an additional \$15,000,000 should be planned for, of which \$8,500,000 are needed at once in the Caucasus and Persia.

The following is a memorandum of remittances to relief committees from Oct. 15, 1916, to Sept. 1, 1917:

Constantinople	\$1,722,222.91
Bagdad	30,000.00
Tahert	1,077,851.16
Beirut	707,110.00
Cairo, Egypt	642,762.38
Jerusalem	142,745.00
Teheran, Persia	5,000.00
Totals	\$4,255,480.60

FIRST CALL FOR VOTES TO CANADIAN FIGHTERS

Senator Cloran Sounds Clarion Call For Government's Deist

Senator Cloran, who has a son in the Princess Pats and a host of relatives in the army and navy, has been heard to say that he is probably the first election appeal made to the men at the front. It is addressed to "The Soldiers of Canada at the front and overseas," and proceeds:

"All hail, the defunct Conservative government of Canada calls upon the clearest of the Canadian army to cast their votes at the coming federal election."

"This measure is in direct violation of the king's rules and regulations governing discipline and order in the British army and navy, as also against discipline and order of the allied armies, with the exception of that of Russia, where soldiers are given votes, with the result that chaos reigns in the ranks of the army and in the country."

"The game of war is none too healthy without enticing the soldiers into the unhealthy game of party and political warfare."

"When you cast your ballots do not betray your fathers and brothers in Canada—who, in fields and forests, in mines and workshops are working to produce food and munitions for you to keep at the front, by voting for a government proved and found guilty of extravagance, unwise legislation and general maladministration so detrimental to the interests of the boys at the front, to their dependents and to the working classes at home, as to change is needed for a united Canada."

The No. 1000000 in China. The American housewife carries around a big bag of clothsops every Monday. The Chinese twists two clothsops together and thrusts the corners of the washing between the two strands, where they are held as firmly as clothsops ever held them. The introduction of clothsops will not help the Chinese, and even such revolutionizing products as the sewing machine, the electric light, and the phonograph, which give to Americans leisure, evenings of good reading, and grand opera at home, may mean longer hours of toil for the Chinese, or unwholesome pleasures, when the work is finished.—Christian Herald.

Eczema Cured Five Years Ago

A Treatment Which Has Proven a Wonderful Healer of the Skin—Certified Evidence of Lasting Cure

Jordan, Ont., Sept. 21.—The old notion that eczema is a disease of the blood is refuted time and time again by the cures that are daily being effected by Dr. Chase's Ointment.

It matters not what the cause may have been if you apply Dr. Chase's Ointment regularly you will obtain relief and cure of eczema. Here is the proof. Mrs. Stephen G. Thwaites, Box 205, Jordan, Ont., writes: "My brother had a bad case of eczema on his legs. He was troubled nearly all one fall and winter with it, and could not work for days at a time. He tried different salves and ointments, but none cured him. One day he tried Dr. Chase's Ointment, and it gave almost instant relief. He continued its use, but had not quite finished the second box when he was cured. It is now about five years since then, and it has never returned. We certainly can recommend Dr. Chase's Ointment, and are very grateful for my brother's cure."

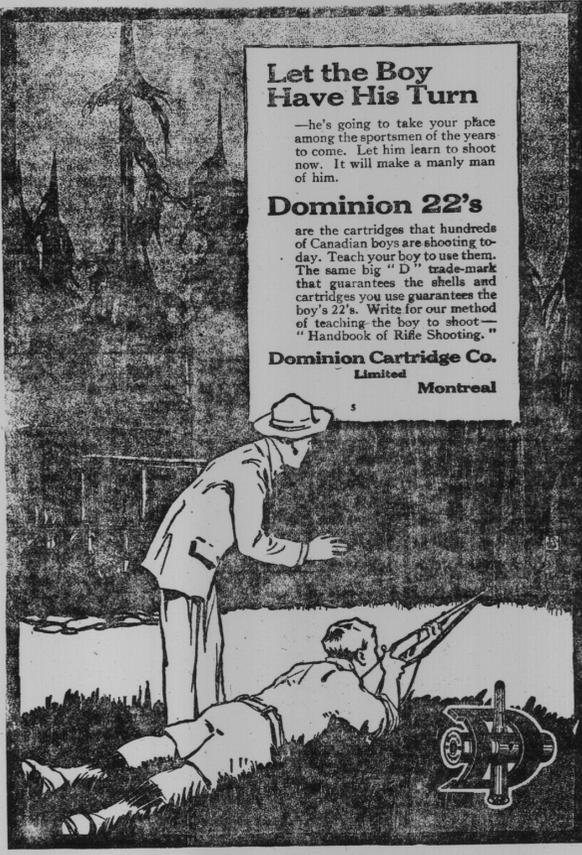

(Rev. S. F. Coffman, Vineland, Ont.), states: "This is to certify that I know Mrs. Thwaites and the party to whom the refers, and her statements are correct."

Mr. J. E. Jones, 228 University avenue, Kingston, Ont., writes: "I had eczema in my hand for about five years. I tried a great many remedies, but found that while some of them checked it, some cured it permanently. Finally I tried Dr. Chase's Ointment, and in six weeks my hand was completely better. I would not do without a box of Dr. Chase's Ointment in the house if it cost \$2 a box. I am giving my name to this firm so that it will get to those who suffer as I did."

Dr. Chase's Ointment, 60 cents a box, at all dealers or Edmondson, Bates & Co., Limited, Toronto. Substitutes will only disappoint you. Insist on getting what you ask for.

FAILED TO IDENTIFY MONETTE AS ASSAILANT

Montreal, Sept. 22.—Henri Monette, alias Girard, a handily leader now in custody will not have to answer a charge of criminally assaulting a young woman near L'Assomption. A young woman near L'Assomption came to the city yesterday to identify Monette but she failed in this and the charge will be dropped.

Vivid Contrast With First Army

Impressions of Ceremonial Parade Back of the Lines in Light of Earlier Experiences

London, Sept. 22.—Reuter's correspondent at British Army Headquarters in France telegraphs—

We have recently carried out sundry raids and minor attacks with satisfactory measure of success. It is worthy of note that the Germans have been fighting with more determination than usual on the occasion.

I was present yesterday afternoon at a ceremonial parade on a large scale, in a back area, when a distinguished French general bestowed sundry decorations on British officers and men, and I confess I was deeply impressed by the splendidly-inspiring bearing of our troops. Several battalions which had borne the full brunt of the recent battles in Flanders swung past the saluting base to their respective regimental marches, and there was an elation and consciousness of triumph in their whole demeanor which left one in no doubt as to how the British army feels about it.

Then followed a band competition, in which the drums and fife and pipers and the full bands of various divisions and regiments participated. It was a brave spectacle of proud strutting and twirling of tenor drum sticks, with the fanfare of silver toned bugles and the pulse-quickening skirl of tartan-wrapped pipes. The esprit of the khaki-clad figures, who clapped and cheered as one after another of the bands marched on to the parade grounds, was breathed in the stirring strains and borne in the defiant strides of the tiger-skinned drummers, and in the challenging precision of the files.

And all these while I watched and hearkened I found my fancy wandering back to those early dark days in this same part of the country, when our men trudged through mud and rain to hold their own against overwhelming odds, with no note of music to help them on their way save what their own unquenchable spirits chanted in tired cadences. The comparison was tonal, for it was symbolical of the difference between then and now.

MURDER CONSPIRACY IS CHARGED AGAINST PHILADELPHIA MAYOR

Philadelphia, Sept. 22.—A political battle between two factions of the Republican party in their contest for a seat in the common council and for ward leadership degenerated into bloody strife. The polling places, almost under the shadow of Independence Hall, had been open only three hours for the primary election when Special Policeman George A. Eppley lay dead at his home shot by an election thug; John H. Maurer, assistant district attorney, and mercantile appraiser James Carey, beaten by black-jacks, were in Jefferson Hospital, and voters were thrown into a state of helpless terror.

Two gunmen were arrested for the shooting, one of them, Jack Mascia, confessed to the murder, according to the police. Eppley was killed while attempting to shield Carey from attack. Witnesses say the shot that ended his life was intended for Carey. It was fired during the melee that ensued, when several gunmen attacked Carey and Maurer as they were walking past the corner at Sixth and Delancey streets.

Mascia, under heavy guard, was taken to the Pennsylvania Hospital, was identified by Eppley as the man who shot him, a few minutes before he died. "Mayor Smith will be served with a warrant on the charge of conspiring to commit murder," said Allen James, city solicitor, and former registration commissioner.

"The warrant will be sworn out just as soon as the evidence is collected—and we are getting that now. We are sure of our ground. The need for protection was felt to be so urgent that Mayor Smith was called up at his home at Atlantic City last night on the long distance telephone, and was told that gunmen were in the ward, but he ignored the appeal."

The office with which the mayor will be charged does not admit of bail, according to Mr. Morgan, at the eleventh division polling place.

GENERAL LECKIE TO CONFERENCE IN OTTAWA

Victoria, Sept. 22.—Major-General R. Edwards Leckie, D.C.O., left here yesterday en route to Ottawa to attend a conference of military authorities.

BLACK WHITE TAN 10¢

KEEP YOUR SHOES NEAT

F.F. DALLEY CO. OF CANADA LTD. HAMILTON, CAN.

WHICH?

"This bulk tea is the best I could buy at the price, Mrs. Brown, but I believe you will like Red Rose better."

"We use Red Rose at home and like the rich flavor. My wife says it goes further."

Hundreds of grocers are making statements somewhat like this.

They have sold Red Rose Tea for many years and have found the quality so good that they use it in their homes.

Most grocers naturally like to make an extra profit on their bulk tea, but they cannot help recommending Red Rose Tea because they know it's worth the price.

They know it goes further because it consists chiefly of the teas from Assam in Northern India, the strongest, richest teas grown anywhere in the world.

Red Rose tastes better and goes further.

Kept Good by the Sealed Package

Red Rose Coffee is as generously good as Red Rose Tea

called to select a candidate to support a National government, and, prior to the convention, I was assured both from friends at Ottawa and Toronto that Sir Robert Borden would be able to form a National government, and that he would be able to get a number of Liberals in his cabinet to represent the Liberal party.

"It seems to me now abundantly clear that such a programme is impossible. Press reports and private information agree that neither the Liberal party nor any influential section of it, will join in Sir Robert's plans, and, while Sir Robert may yet succeed in getting some Liberals to come into his cabinet, they will not be there as representatives of their party, but solely as nominees of Sir Robert Borden. While this may be an improvement upon the old order of things, it is not what I was nominated to support, and I can see that it is not such a move as can prevent a straight party fight, and I made it plain, I think, to the convention that I had no intention of entering, and would not enter upon a straight party fight.

"I have canvassed the situation carefully amongst my Liberal supporters and Conservative supporters as well. It is plain that the whole Liberal organization is behind Mr. McColg for a straight party fight, and no alternative is left to me, should I stay in the fight, than to make use, if I could, of the Conservative organization. That I never have and have not now any intention of it, as it must have then got down to a straight party fight, and I have never subscribed to nor accepted that programme.

"I therefore wish to notify you that I must withdraw my candidature, and leave it to you to call another convention or take such other steps as you see fit. I cannot possibly remain in the field under these circumstances. Will you please make this public at your earliest opportunity.

"Yours truly,
(Signed) **J. G. KERR**"

Liberals everywhere are nominating a splendid type of candidate to support Sir Wilfrid Laurier's new win-the-war government to be formed within three months or so.

In East Lambton, Ont., last week, the Liberals held an enthusiastic convention. Major C. O. Fairbank, just back from the front on leave, was unanimously tendered the nomination, but being still on active service was forced to decline. He strongly attacked the unscrupulous Tory party for insulting by terming himself and other Liberals as "disloyal." Ultimately Neil McDougall, school inspector, was nominated. The convention declared its faith in Sir Wilfrid Laurier, and on the question of conscription called upon all citizens to loyally obey the law of the land as urged by Sir Wilfrid Laurier. There were some other interesting features in the report of the nominating convention, as follows:

The next most important demand upon Canada to that of sending men to represent Canada at the front was food production. "What has the Borden government done to encourage food production?" asked Mr. Pettypiece, a conscriptionist Liberal editor. "It has taxed the farmers of Canada \$700,000 in duties during the last four fiscal years on plows coming into Canada, while a million and a half dollars in drawbacks have been given to the implement manufacturers on raw material imported."

"Our leader is in a very difficult position today," said Robert Strrett, of Petrolia, who also declined the nomination. "Crucified in Quebec as a supporter of the Conscription Act and crucified in Ontario as an opponent of it, Sir Wilfrid is misrepresented in both provinces."

Blake Miller of Aylmer said he came from East Elgin to tell the Liberals of East Lambton that in his constituency

Ontario Liberals Rally To Laurier

They Resent Charge of Disloyalty—J. G. Kerr's Striking Letter Explaining His Withdrawal in West Kent

(Moncton Transcript)

From information received and observations made, the Transcript is convinced that the political surprise of the general elections will be furnished by Ontario.

The situation in Ontario is disturbing to the Conservatives. They thought it was safe, but they find that is not so. The high cost of living overshadows the conscription issue—if it be an issue—in importance, and especially so with the women's vote. There is a peril there upon which the Tory politicians, not as a rule the purchasers for the dining or breakfast or supper table had overlooked by miscalculation.

The situation is so desperate that a win-the-war candidate, who was nominated a week or so ago, has resigned, admitting the outlook is hopeless.

Major J. G. Kerr, who was so nominated as a winner, against A. B. McColg in West Kent, backs out in the following letter to the chairman of the convention:

Chatham, Ont., Sept. 15, 1917.

"My Dear Mr. Austin:—In view of the development at Ottawa since my nomination, I have had to carefully reconsider my position as a candidate in the approaching election, and have come to the conclusion that it is an impossible one, and that I cannot maintain it any longer.

"I was nominated by the convention

Royal Victoria College

A RESIDENTIAL COLLEGE FOR WOMEN STUDENTS ATTENDING MCGILL UNIVERSITY

Courses leading to degrees in Arts, separate in the main from those for men, but under identical conditions; and to degrees in music.

For prospectus and information apply to the Warden.

Dr. J. H. Pickering, of Aylmer, also spoke in high terms of Sir Wilfrid.

"He is so high above those who are accusing Liberals of disloyalty that they cannot see him," he said.

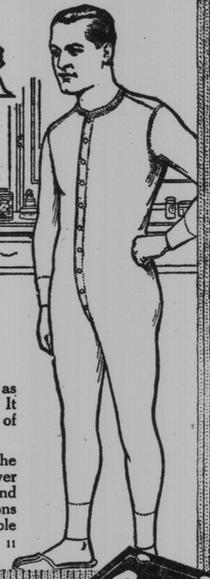

"All the hypocritical talk of Sir Joseph Flavelle and Sir Clifford Sifton and that bunch which is bleeding the country white will not make me yield my support for the grand old Liberal chief," declared Dr. Pickering. "The big interests," he said, "have even wound their tentacles around the press of the country until there is not a decent Liberal paper left."

Rev. Neil Campbell, of Inwood, said he was sure that Sir Wilfrid Laurier, if returned to power, would go back with a plan to fill the trenches with men.

STANFIELD'S

Unshrinkable UNDERWEAR

Made and Worn by Two Generations

Over a quarter of a century ago the late C. E. Stanfield, Pioneer underwear manufacturer of Truro, N.S., discovered a way to prevent woollen underwear from shrinking—by the radical but sensible plan of taking the shrink out of the wool before it went to the knitting machines.

His secret process at once overcame the one fault of woollen underwear, and started a keen and steadily growing demand for the Stanfield's product. On it, by steady development, his two sons, at the head of Stanfield's Limited, have built a thriving business, providing underwear for hundreds of thousands of Canadians.

From the very first, the sterling quality of Stanfield's Underwear, as proved by wear and washing, has been its most prominent feature. It actually DOES NOT SHRINK, "full up" nor mat—and on the basis of length of service it is the best value offered in underwear.

Not content with superior quality, Stanfield's give wearers all the little niceties that make undergarments luxurious. Among the newer improvements are the wonderfully handy Adjustable Combinations and Adjustable Sleepers for growing children. Simply moving the buttons on the waist allows for two to three year's growth, and the detachable lower part is a great convenience.

SOME STANFIELD'S FAVORITES

Stanfield's Original Pure Wool; honest as old-fashioned homespun. The best underwear made for men who work hard outdoors. Wonderfully warm and absorbent. Red, Blue and Black Labels—regular, medium and heavy weights.

No. 77—One of our old reliables—two-ply, medium weight, in natural color, for men and women. Very soft, warm and comfortable. No. 73 is the same weight, in white, for women. No. 88 is the same quality, in heavy weight, natural color, for men.

All made in Combinations and Two-piece Suits—in full length, knee and elbow length and shortens.

STANFIELD'S LIMITED. TRURO N. S.

Write for Free Sample Book showing over a dozen weights and textures, from the lightest Silko-wool to the heaviest ribbed goods for Out-door Men.

Krumbles is protected by Waxtite, the perfect seal, which keeps out dampness, and keeps in the fresh-from-the-oven flavor.

THEFT MYSTERY IS CLEARED UP

Bank President Took \$300,000 From Account of Miss Ellen Hunt—It is Said He Lost Most of it at Poker
Miss Ellen D. Hunt, of No. 42 East Fifth street, one of the wealthiest women in New York city, is the depositor of the Chemical National Bank who was robbed of \$300,000 by the late Joseph B. Martindale, president of the institution at the time of his death, July 7.
The refusal of the officials of the bank to disclose the identity of the depositor whose account furnished the medium for Martindale's speculations has aroused the curiosity of the public as to who the person might be. Speculation along this line has suggested many names, chief among them that of the late Hetty Green, known to have been one of the heaviest depositors in the stock-riddled Chemical National.
The mystery is now cleared up as a result of an investigation by The Evening World. The investigation also seems to have produced the answer to the other question asked by friends of the dead banker who thought they knew him intimately—
"What did Martindale do with the money?"
The great American game of poker got the bulk of the \$300,000 embezzled by Martindale. This is the explanation that comes from a source the authenticity of which cannot be questioned. The banker's incurable passion for poker and his seeming inability to hold a winning hand tells the story of what became of the money.
Martindale, one of the shrewdest men in the financial district, was little less than an "easy mark" when it came to gambling with cards, it is alleged. According to the best information obtainable, he knew practically nothing about the game, but despite this fact he went right along playing with a regularity equalled only by the consistency with which he lost. He thought nothing of betting thousands on a hand.
Men of his own exalted financial sphere were his companions in these games, most of which were staged in one of the big hotels not far from Fifth avenue and Forty-second street. Occasionally one of the big clubs to which the banker belonged was the scene of a card party.
They were "gentleman's games" in the highest sense of the word, all the players being as prominent as was Martindale. But even "gentlemen" are not averse to winning at poker. All these men quit winners at Martindale's expense.
It is the belief in certain quarters that Martindale's penchant for poker undoubtedly explains the character of his thefts. They covered a period of sixteen years, the amounts taken being frequently as small as \$2,000. Why a man with his ample salary should have found it necessary to take such comparatively small sums has been one of the mysteries of the case.
Miss Hunt, the depositor whose confidence was betrayed by Martindale, is a woman past the threescore mark, who, despite her wealth, lives in comparative retirement in this city. She is a niece of Wilson G. Hunt, a pioneer dry goods merchant of this city and one of the founders of the Chemical National Bank. He left a fortune of several million dollars at his death, twenty years ago.

CLEANSSES WHITENS PREVENTS DECAY

RUSH OF RECRUITS ALL DAY TUESDAY
At Toronto Mobilization Centre 560 Applicants Kept Augmented Staff Busy
(Toronto Globe, Tuesday)
Not since the first days of the war has Toronto seen such a rush to the recruiting depot as the one of yesterday. From nine o'clock in the morning until nine at night, when the armories were closed to the taking in of any more applicants, 560 men passed through the doctors' hands. Early in the morning, nearly an hour before the mobilization centre opened, twenty-five or thirty men were in line, and by the time the doors swung open at nine o'clock, more than seventy-five men were waiting admission to the medical men.
It was like an avalanche falling on the overworked officials of the mobilization centre. From the time the doors opened they knew no rest until nearly ten at night. The number of doctors was increased from ten to twenty in anticipation of the rush, and extra officers

were on hand to handle the clerical work with the greatest possible expedition. In spite of all efforts scarcely any of the men who came up were able to get through the mill under two or two and a half hours.
Handling the Crowd
So soon as the men received their application forms they were lined up at the east end of the armories. Even though it had been announced that men would be examined at the depot without putting themselves under any immediate obligation of joining, many of the men were amazingly canny. The sergeant at the door of the armories was answering all day the question: "If we go up for examination now do we have to join right away?" The reply, of course, was "No," but a great number evidently went on the motto of "safety first."

A. K. McLEAN, M. P., ON FRANCHISE BILL

Halifax Member Reveals the Iniquitous Nature of the Measure A Blot on Our National Career

In the House of Commons on the 10th inst., the junior member for Halifax, Hon. A. K. Maclean, spoke as follows on the franchise bill:

The bill before the house proposes to disfranchise, arbitrarily, a portion of the people of this country. It proposes to enfranchise another section of our population who are defined in the bill, and who are principally relatives of those who have enlisted for service overseas. I have no difficulty in reaching a conclusion as to what should be my duty in the premises. This legislation is objectionable in principle, and I deny that there is anything in the world to justify its introduction or its enactment. Public sentiment in this country is not behind this legislation. There is prac-

BOVRIL

The Great Body Builder

Really no sentiment in favor of it today, and there will be less as time proceeds.

I submit that reason and justice clearly point out the duty of members of parliament in connection with this bill. A proper regard for the future of this country and for our good name among the nations and peoples of the world compel one to oppose the measure. It is not founded upon any principle of substantial character, and I repeat what others have said that it violates without cause a contract made between the state and a number of our citizens. It does

ment of their farms, and the bringing about of increased agriculture and livestock production in Saskatchewan.

The Farm Loans Act came into operation a few months ago, but already applications for loans from farmers for productive purposes have reached a total of over \$2,500,000.

Five-year Saskatchewan Greater Production Loan bonds will be issued in denominations of \$20, \$100, \$500 and \$1,000, bearing interest at five per cent. per annum, payable half-yearly. A unique feature of these bonds is that they will be redeemable at par at any time upon the giving of three months' notice to the provincial treasurer.

This is the first loan of its kind ever floated in Canada.

CHICAGO SAYING GOOD-BYE TO DRINK AND OLD-STYLE SALOON

Whiskey and Beer Drinkers Will Have to Form New Habits—No More Free Lunches or Wide-Open Sundays

Only a few months ago free lunch was swept off the boards in the 7,000 and more saloons of Chicago. At once men began forming new habits of eating. Not so long before they said good-bye to free lunch there was a new decree of law enforcement and the 7,000 saloons of Chicago closed down tight on Sunday for the first time in a half century. At once men began forming new habits, new ways of getting beer on Sunday or getting along without beer on Sunday.

Now the day is in sight for saying good-bye to whiskey. And even before the whiskey now in stock is sold out there will be still another change, when the alcohol in beer is reduced to two per cent.—which is the closest Chicago has ever come to beerless beer. This means the whiskey and beer drinkers will have to form new habits, anyway till the war is over.

So far as Chicago is concerned the old-style saloon is a goner already. The old-style saloon kept a free lunch counter, ran with the doors open on Sunday, sold whiskey from midnight to midnight, and big stints of beer with a high per cent. of alcohol.

This style of saloon is disappearing and will soon be as scarce as the buffalo, the Indian, the coonskin cap and the prairie schooner.

Chicago is forming new habits. It is getting along now with a saloon as different from the old-time "tipping house" as the latest motor car is different from the old-fashioned buckboard and ponies.

The report of the aldermen of the City License Committee, returning from their tour of eastern cities, will have a special edge of interest in view of the rapid changes going on in the make-up of a saloon.

In vaudeville the jokers always get a laugh nowadays when they announce a new song entitled "Never Mind, Little Saloon, You'll Be a Drug Store By-and-Bye."—From Chicago Daily Paper.

In the finest households in the land where baking results alone are the thing that counts, and also in the poorest families where economy is an absolute necessity,

violates to principles and traditions long established and long cherished in all British countries. I believe it will be regarded as an act of injustice today, and that it will leave a legacy of distrust to a great number of people who will come into Canada in future years, which distrust will not easily be distinguishable. Further, I believe it will perpetuate in the after-war politics of this country political incidents which will not soon be forgotten. In our western country you will find one particular party, during political campaigns, appealing to the alien population for support upon the ground that one party during this war disfranchised aliens, and at the same time the other political party will be engaged in denying that allegation, which will be merely an encouragement to false testimony. Or if not doing that, they will be giving other reasons, and the result will be that many political incidents which occur during the war will be perpetuated and kept alive, although I believe, it is much better that they should end with the ending of the war. I maintain that history will judge the act contemplated by this bill as a blot upon our national career. And unfortunately, it comes at a time when we are writing glorious and imperishable pages of our history, which will be the future epics of this young nation. We have solicited to our shores the citizens whom we now attempt to deprive of one of the rights of citizenship. In their native countries, before their departure, and on their arrival here, we have heralded the glories of our institutions. Those immigrants have come here, and no one today is called upon to defend them against any acts of sedition or treason or infidelity to their vows of citizenship. In this western hemisphere, some day when the war is over, we will need more European settlers, as our economic future and salvation depend upon them. Many of the class whom we are now disfranchising by this bill will be coming to this country, not directly from Europe, but from the United States, and I doubt if we shall not welcome them. Now I ask you, Sir, will this proposed act fortify their faith in our political institutions? Is it worth while? Will it protect anything that is in danger today?

SASKATCHEWAN LOAN OFFERED TO PEOPLE

To Raise Money in Province to Provide Funds for Rural Credits Under Act

Regina, Sept. 21.—The Saskatchewan government announces the flotation of a loan to be offered to the people of Saskatchewan. It is known as the Saskatchewan Greater Production Loan. The object is to raise money within the province to provide the necessary funds for the carrying out of the scheme of rural credits under the Farm Loans Act, the purpose being to supply money at cost to farmers requiring it for the develop-

Fawcett

Ranges, Heaters and Hot-air Systems guarantee you this

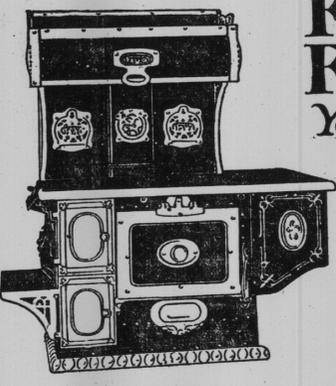

HOW? WHY?

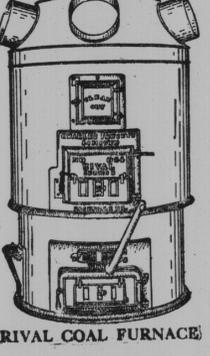

Fawcett Grates are all made to admit an immense amount of air from below the fire which forces the fuel to burn entirely to a white ash. Fuel burns longer and the gases and smoke are converted into fuel, because the fire boxes in Fawcett Ranges and Heaters are all built with hot-blast, smoke-consuming devices which burn the hot gases and smoke, thereby saving half the fuel.

These are only a few Fawcett features. Others can only imitate.

TALKS OF PLAGUE OF VOLUNTEERS

Washington, Sept. 21—Business men and technical experts who are now acting in an advisory capacity to the gov-

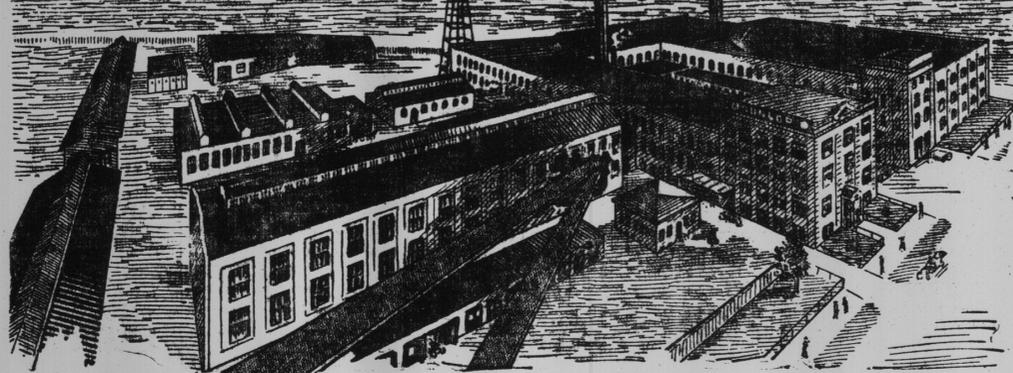

ernment were described as a "plague of volunteers" in the house by Representative Dupre, of Louisiana, who maintained that the government would do better to hire men at high salaries than accept the services of volunteers at a dollar a year. "Much of the trouble we are having in the conduct of the war," he said, "is due to the avalanche of patriots who have come here to tender their services to the government. These gentlemen are

working for a dollar a year and are apparently working about one-third of a day. You will find that on Thursday they must leave town for the week-end and return the subsequent Tuesday. In the intervening days, if you endeavor to get in touch with them, you will find they have gone to lunch. If the government had men who were paid a fixed salary, men who knew they would be subject to criticism for not attending to their work, we would get better re-

sults. But here we have this avalanche, this plague of volunteers, who are here 'doing their bit,' how little a bit I do not know." Representative Dupre also called attention to the great numbers of men who have worked their way into the quarters-master corps. "If the quartermaster corps could fight," he said, "there would be no trouble in whipping Germany by tomorrow night as far as numbers are concerned."

Representative Gillett, of Massachusetts, took issue with Representative Dupre. "I believe the volunteers are infinitely more valuable to the country than those of the paid and deserving Democrats," he said. "The deserving Democrats in office could not carry the country along without the aid of the volunteers. I don't doubt the gentleman from Louisiana would like everyone to be paid a large salary, so he could place his friends so they would receive proper remuneration."

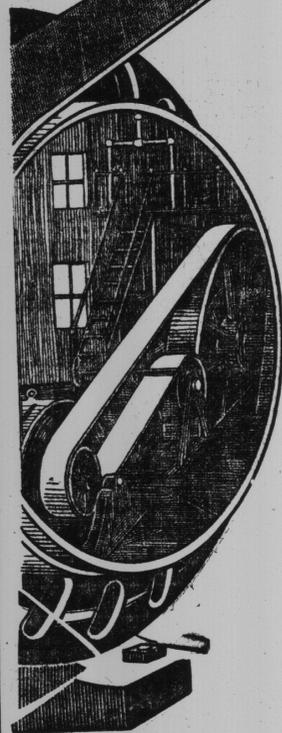

DUNLOP Mechanical Rubber Products

The Infallible Test of Time

Basic Facts About Belting

Dunlop "Gibraltar" RedSpecial Frictioned Surface Belting

- A Worthy Product**
Our Laboratory workers have produced in Dunlop Gibraltar RedSpecial Belting a product that is worthy of the Dunlop Factories, and the quarter-century record of success back of them.
- Universal Recognition of Gibraltar**
To cite the names of the users of this famous Red Frictioned Surface Belt would necessitate our buying many pages of this newspaper. We have on our files recommendations from every type of user of Gibraltar RedSpecial Belts, 1 1/2 inches to 48 inches. These recommendations are "at your service."
- That "Friction Pull"**
When you are informed that such-and-such a belt has a friction pull of "abnormal" poundage, do not imagine that you are getting a quality friction. What you have to secure in a belt is a friction full of elasticity. There has got to be between the plies of duck only a certain class of rubber to give uniform strength and pliability.
- Resilient Quality Must Not Be Sacrificed to Excess of Friction Strength**
To obtain high figures, such as referred to above, in belt frictions you have to take away from the elasticity of the friction; hence, there is a happy medium, and this medium we have obtained through our laboratory experts. It ensures for you a belt, the friction of which will hold the plies together and will be sufficiently elastic in its properties to allow for the give and take necessary in rounding the pulleys.
- Gibraltar Virtues are Real**
Gibraltar Belting owes its success, not to any illogical deductions or fantastic analyses, but to the simplest causes—causes so simple that they are now, always have been, and always will be, in our opinion, the bedrock of success in belt-making—Power, Speed, Service—in actual use as well as in the test-room.
- Permanent Elasticity Means Life**
Years of careful study of the high-power belt situation have enabled us to produce the Original Red Face Rubber Belt of Canada. In producing it, our object has been to have the friction coat of rubber between the plies such as will retain its life indefinitely, and to have a quality of rubber with long "fingers," and not a quality of rubber the elasticity of which has been sacrificed to obtain the so-called high-pulling test.
- Duck Finest Obtainable, Made to Highest Specifications**
Its widespread adoption by various industries is based on the use of the finest quality of selected duck, having the proper tensile strength in the right direction. This, in combination with a superior quality of rubber friction between the plies, insures absolute uniformity of service.

Fills the Bill

Gibraltar RedSpecial Belting is to be found in practically every plant in Canada; and if it is Power, Speed and Service that you want, then it is Gibraltar Red Frictioned Surface that you require for your work.

The Original "Red"

Gibraltar, as noted previously, is the Original Red Belt—and like most things that are original, its success is of the kind that endures.

All that can be found in any other belt will be found in Dunlop Gibraltar; that is, special quality of duck, special quality of friction, and, in Addition, "That Extra" Resilience of Friction Which in Most Belts is Sacrificed.
