SEVENTH TRY  
IN CHANNEL  
ATTEMPTED

Sullivan 6 Miles From Goal  
at Seven O'clock This  
Morning

OUT ALL NIGHT  
American Woman Starts  
Today in Attempt to  
Make Crossing.

(By Canadian Press)  
Dover, Eng., Aug. 6.—Henry Sullivan, Lowell, Mass., for the seventh time, attempting to swim the English Channel, from the Shakespeare Cliffs to the French side, was reported six miles off the coast of France at seven o'clock this morning.  
When Sullivan began his swim late yesterday he was accompanied by a party of six men aboard a boat. Four of these men, members of the Dover Swimming Club, were to take turns swimming with Sullivan. The American is the first of the several athletes now in training for the swim to attempt the feat this season.  
The captain of the channel steamer Indict reported that he passed Sullivan six miles off Cape Gris Nez, France, at six o'clock this morning. The swimmer appeared to be doing well and conditions were fairly good, but a northwest wind was making broken water off the French shore.  
Woman Aims Today.  
Mrs. E. Carney, an American woman who is credited with swimming around Manhattan Island and from Albany to New York, started the channel swim at 9:25 this morning. She entered the water at the Shakespeare Cliffs, accompanied by two Dover motorboats and a pilot. Her husband, who once served in the U. S. navy, kept alongside the swimmer in a rowboat to give her food as she might require it.  
After a half hour in the water Mrs. Carney was making good progress with a double trudgeon stroke.

ONE KILLED FOR  
EVERY 18,000 TONS

This is Alberta's Mine Record  
For 1914—Comparison  
For 1922.

(Canadian Press)  
Ottawa, Aug. 6.—There was a mine killed in Alberta for every 18,000 tons of coal output, according to a report published by the Federal Department of Labour in British Columbia in the same year, there was a fatality for every 83,000 tons raised. The figures for Nova Scotia are not given. The report covers a period of ten years and the product per fatality varies. The lowest output per fatality in Alberta was 18,000 tons in 1914 and the highest 282,000 in 1921.  
In British Columbia the lowest output per fatality was 37,000 tons in 1915 and the highest 286,000 in 1921.  
In 1922 there were 31 fatal accidents in the coal mines of British Columbia. In the metalliferous mines of the province the number of fatal accidents was six, or a ratio of 284 per thousand tons. In Ontario the number was 20, a ratio of 272 in Quebec the number was 16, a ratio of 272. The Nova Scotia figures for 1922 are not given.  
In that province there was 29 fatal accidents, a ratio of 336 per thousand; in the Saskatchewan mines there was only one fatal accident in 1922. The ratios are not given for Manitoba and New Brunswick.

Lloyd George Plans  
Tour of Gt. Britain

London, Aug. 6.—Ever since David Lloyd George left No. 10 Downing street, he has been making plans for a tour of ten or more cities of England and Wales which have long been urging him to pay them a visit to receive the freedom of the respective municipalities. Some of these invitations were first extended during the war but Mr. Lloyd George has been so engrossed in his work that he has had to postpone his trips.  
He now plans, however, to spend the parliamentary vacation on such a tour. When he returns he will consider the question of visiting Canada and the U. S.

Traveler Drops Dead.  
Yorkton, Sask., Aug. 6.—A. S. Thomas, 35, of Victoria, B.C., a commercial traveler in the employ of a Toronto firm, dropped dead of a stroke here Saturday.

German Marks 53  
Cents a Million

New York, Aug. 6.—German marks depreciated forty per cent. over the week-end being quoted in the local market today at 53 cents a million, or 1,886.792 to the U. S. dollar, as compared with 89 cents a million Saturday.  
Cable reports that Germany was floating an international gold loan in bonds of small denominations, the disappearance of the paper mark and the substitution of the gold bonds as currency.

STEAMER ASHORE  
IN ST. LAWRENCE

Turret Cape, Coal Laden, Fast  
In Sand Bank Near  
Sorel.

Quebec, Aug. 6.—The S. S. Turret Cape, laden with a full cargo of coal and bound from Sydney, C. B., to Montreal, went ashore yesterday about 2 p. m., three miles above the signal station at Bellmouth.  
This point is situated about ten miles above Sorel, Que. The steamer is fast on a sand bank, but it is not thought that any serious damage will result from the mishap. Tugs have been sent to the steamer's assistance.

GERMANY REGRETS  
Sorry If Dusseldorf Bombing  
Was Act of Natives, Says  
Announcement.

Berlin, Aug. 6.—It is known whether there is justification for the French suspicion that the bombing at Dusseldorf last Saturday was the act of German, but should inquiry proceed by the German Government, says an announcement made in official quarters. The Government, it is added, can only emphatically repeat its recent communication to the papal nuncio that it condemns every form of violence and believes that such acts can fulfill no genuine purpose, merely serving to injure Germany's cause.  
While a detachment of French troops was marching through the streets of Dusseldorf on Saturday afternoon led by trumpeters a hand grenade was thrown into their midst. Two of the soldiers and a German woman and child were injured. The French troops broke ranks and chased a German named Pabst. He probably will be court-martialed with a possibility of shooting. The chief of police of Dusseldorf has been arrested as responsible for any disorder.

THREE DROWNED  
Philadelphia Women Die When  
Boat Goes Over Dam—  
Scouts Save Two.

Gratersford, Pa., Aug. 6.—Three Philadelphia women were drowned late last night when their rowboat was swept over the crest of a dam on the Perkiomen Creek, near here, and smashed on the rocks below. Two other women in the boat were saved by Boy Scouts and others camping along the banks.

Says Prince Works  
10 Hours a Day

London, Aug. 6.—"I believe the Prince of Wales is one of the most remarkable young men of our time," declared the Duke of Portland at the opening of the miners' welfare centre on his estate in Nottinghamshire. The Prince recently made a tour of that country.  
"I read, not long ago," continued the Duke, "a statement that the Prince was not a worker. Whoever made that statement could not have known anything about the matter. Ten hours work in a day is a common experience in the Prince's life. He never spares himself for sport and his spirits are in interest in the people near flag."

Ontario Comptroller  
To Get \$25,000 Salary

Toronto, Aug. 6.—A foremost reform which Premier Ferguson promised during his election campaign was the appointment of a Provincial comptroller of finance, and it is now understood that choice for the honor has settled on Finance Commissioner G. H. Ross, of the City of Toronto, his salary to be \$25,000 a year.

Most Likely Prospect  
for the Position.

(Canadian Press)  
London, Aug. 6.—Reginald McKenna, who was Chancellor of the Exchequer in the Asquith Government and was offered the same portfolio by Stanley Baldwin upon his accession to the Premiership, has decided not to take the position, according to the newspapers. No official announcement, however, has been made on the question. The papers say McKenna's decision will not cause much surprise in city financial circles.

CATCH LESS BUT  
VALUE GREATER

\$230,819 More For Fish Taken  
In June — Two Lives  
Lost.

(Canadian Press)  
Ottawa, Aug. 6.—The total quantity of sea fish landed on the Atlantic and Pacific coasts during June was 819,164 cwts., valued at \$3,818,096, according to a Department of Fisheries report.  
This catch is 131,937 cwts. less than in June, 1922, but the value is \$230,819 greater. The quantity of cod, haddock, hake and pollock landed was 388,611 cwts., compared with 336,106 cwts. The catch of cod decreased from 425,665 cwts. for 270,046 cwts. The catch of mackerel decreased from 182,822 cwts. to 157,928 cwts. since the opening of the season was 318,502 cwts. Of this catch 26,068 cwts. were shipped to the United States, remainder canned making 128,462 cwts. in the same period last year 908,387 cwts. were taken of which 66,478 cwts. were shipped in shells and 128,467 canned.  
The catch of sardines was 18,908 cwts. This is a decrease of 72,190 cwts. from June last year.  
On the Pacific coast the catch of halibut was about the same as in June, 1922, while the catch of salmon was slightly greater.  
Two fishermen lost their lives on the Atlantic coast during the month.

KILLED BY THUG  
Trio of Bandits Rob and Fatally  
Wound Buffalo Beer  
Vendor.

Buffalo, Aug. 6.—Shot through the chest by bandits who late last night raided his soft drink establishment, died the cash register and robbed the patrons of money and jewelry. Pronias Smech, 34, died this morning.  
The trio of masked men began shooting as soon as they entered the place, witnesses said. Smech was hit in the chest and fell. The foremost bandit dropped him as he reached it. After Smech went down, the others gathered the available money together, backed out the door and escaped in an automobile.

FOREST FIRE SITUATION.

Fredelton, Aug. 6.—Department of Lands and Mines reports no fires at present in forests, but the country is drying rapidly, increasing the fire risk. Further payment of \$45,000 in territorial receipts has been made since Sunday.

Wire Briefs

London, Aug. 6.—Today is a bank holiday, and all the London and Liverpool markets are closed.  
New York, Aug. 6.—Thoroughly alarmed over the prospects of a severe reduction in the Texas crop because of long continued dry, hot weather, cotton traders started a buying movement at the opening today.  
Croyden, Eng., Aug. 6.—L. Carter, piloting a Napier Lion, today won the aerial Derby around London over a course of two hundred miles. H. H. Perry, in a D. H. 9-A, was second, and G. R. King, in a Sopwith G. N. U., was third. Thirteen started.  
Windsor, Ont., Aug. 6.—Wm. B. Morton, arrested in Detroit and taken to Toronto as a suspect in the Toronto bank messenger robbery, will be able to prove an alibi, friends declare. The alibi will be, it is said, proof that Morton was in New York the day of the robbery.

Winnipeg Ex-Mayor  
Heads Liquor Board

Winnipeg, Aug. 6.—R. D. Waugh, former mayor of Winnipeg, and present mayor of the Sault Ste. Marie, established by the League of Nations, has been appointed chairman of the Manitoba Liquor Commission which is to administer the Moderate League Act for the Government of this province. It was announced last night by Hon. F. M. Black, Provincial Treasurer.

Cat Bears Four  
Siamese Kittens

North Adams, Aug. 6.—Three of the four Siamese kittens borne by a cat owned by Arthur Gagon died here following an operation which separated them from the fourth member of the newly arrived family.  
The four kittens were joined together by their stomachs. The sole survivor of the operation, which was performed by Philip Malloy, a barber is expected to live and inherit the 27 lives of its three dead brothers and sisters.

GRACEFUL TRIBUTE

Supreme Knight Flaherty  
Lays Wreath on Cross  
of Sacrifice.

Montreal, Aug. 6.—The formal opening of the forty-first international supreme conference of the Knights of Columbus will take place tomorrow morning. Already a vast concourse have reached Montreal, coming from every state of the Union, and it is expected that at least 15,000 members and their friends will have arrived in this city before the convalesce begins.  
Honored Dead Veterans.  
A graceful tribute was paid by the Knights yesterday when following the desire of the Supreme Knight, James Flaherty of Philadelphia, the delegates joined in the ceremony which took place in the Mount Royal cemetery, Protestant and Catholic, to honor the memory of Canadian sailors and soldiers buried there. Mr. Flaherty deposited a wreath on the Cross of Sacrifice which stands between the two sections while another wreath was placed there by American Consul Gen. Cochrane on behalf of the American Legion. The token was reciprocated by Dr. W. A. Johnston who laid an aureole of flowers on the graves of several American citizens who had served in the Canadian army during the war.  
Large Delegations.  
There are nearly 300 representatives from Chicago, while Boston sends a delegation of between 200 and 600. The last big party to arrive will be that from Philadelphia which is expected tomorrow. The train conveying this group left the Quaker City on Saturday and is proceeding by New York, Philadelphia and Ste. Anne de Beaupre to Montreal.

BAD STORM HITS  
PHILADELPHIA

Houses Damaged, and Cellars  
Flooded—Jersey Crops  
Washed Out By Rain.  
Philadelphia, Aug. 6.—Roofs of houses were ripped off, limbs of trees torn down and cellars flooded in West Philadelphia yesterday by an electrical storm accompanied by torrents of water which fell for several hours. Water was so deep in places that people were unable to wade through. Several houses were struck by lightning.  
Heavy damage was reported from South Jersey. Crops were washed out in many sections and scores of telegraph and telephone poles were blown down. Lightning damaged several transformers at the power house of the Public Service Corporation in Camden, and for a time last night many suburban trains were without electric light or power.  
Bristol, Va., Aug. 6.—Early this morning, flood waters from Beaver Creek, had covered half a dozen streets in the business section of Bristol and were still spreading. The flood was due to a cloudburst north of Bristol.

Farm Laborers Speed  
Towards Grain Fields

Winnipeg, Aug. 6.—Responding to the Dominion's call for harvesters, nearly 6,000 from Great Britain are expected to arrive within the next three weeks to help harvest the grain crops of the prairie provinces, according to Canadian National Railway officials here. The first quota of the Britons have reached Canada and are now speeding westward.  
The first harvest special from Eastern Canada will arrive either this morning or tonight. The first four trains are carrying between 6,000 and 6,500 from the Maritime Provinces and Eastern Quebec. It was announced yesterday by C. N. R. officials.

Will Be Ready to  
Handle Present Crop

Saskatoon, Sask., Aug. 6.—Premier Greenfield, of Alberta, arrived here last night. He admitted in an interview that it would be possible even at this late date to organize the wheat pool in western Canada in time to handle this year's crop. Mr. Greenfield has accompanied Aaron Sapiro, California co-operative marketing organizer through Alberta.

New President of United States

CALVIN COOLIDGE

Retired British Naval Officers  
Take Up Residence In France  
(Canadian Press.)  
Paris, Aug. 6.—Many naval officers, retired on reduced pay, because of the Washington naval armament treaties, are finding it advantageous to reside in France. Their diminished allowances are insufficient to enable them to live in England, as benefits their social rank and while awaiting an opportunity to increase their incomes they are making their pay go as far as possible by coming to France, the difference in exchange helps.  
Many of the officers have chosen the less expensive seaside resorts, where they remain until the busy season with its high prices arrives. Then they remove to places where prices are more moderate, returning to the seaside when the season has passed. Some of them have found employment in construction work in the devastated regions.

WANT REVISION OF  
NAVIGATION LAWS

Steamship Owners to Send  
Delegation to Washington  
Soon.  
New York, Aug. 6.—A. G. Smith, president of the American Steamship Owners' Association, announced yesterday that he had been authorized to name a committee of five to go to Washington and consult with U. S. Secretary of Commerce Hoover and the shipping board with a view to obtaining "a fair and thorough revision of the navigation laws of the U. S." "It is believed by ship owners," said the announcement, "that the time has come for a concerted movement of the Government, the private ship-owners and the operators of Government owned ships to modernize the whole system of navigation laws and rules of the U. S. in connection with a re-education of those rules now in progress."

Woman's Skirt Cause  
Of a Fatal Crash

Glens Falls, N. Y., Aug. 6.—When the skirt of a woman passenger in a sightseeing hydro aeroplane, operated on Lake George, caught on the controlling lever, yesterday, the plane went into a nose dive and struck the water on its side, killing instantly Sterling Wincapaw, 34, of White Plains, N. Y. Passengers in the plane were injured, one suffering a fractured leg.

Hold-Up Suspect  
Brought to Toronto

Toronto, Aug. 6.—Wm. S. Morton, arrested in Detroit Saturday night as a suspect in connection with the hold-up and robbery of Toronto bank messengers two weeks ago, was brought back to Toronto last night. He has not yet been confronted with any of the wounded bank messengers or identified as being one of the bandits who took part in the hold-up here. Inspector of Detectives Guthrie said that Morton was being held for investigation.

Wild Scenes in Dublin at  
the Trade Congress  
Meeting.

DELEGATES HELD  
BY BIG CROWDS

Release of Prisoners is Demanded by Angry Mob of Republicans

Dublin, Aug. 6.—Wild scenes occurred in Dublin today in connection with the Irish trade union congress. Delegates going to the Mansion House found the approach blocked by a crowd of demonstrators who tried to seize the building, shouting "release the prisoners," "Mr. Larkin" (the Irish Labour leader).  
The police were powerless to prevent the scenes.

WANTS SIMPLE  
FUNERAL SERVICE

Mrs. Harding's Request to  
Coolidge—Hon. Mr. Copp  
to Represent Canada.

On Board Harding Funeral Train,  
Aug. 5.—Mrs. Harding has sent a telegram to President Coolidge asking that, in the funeral ceremonies for her husband, to be held in the Capitol rotunda, the president in the case of President McKinley be followed and the same order of procedure be held for the ceremony at Marion, where burial will take place.  
Mrs. Harding expressed the desire to have the simplest kind of exercises and requested particularly that there be no participation by military organizations or fraternal societies. The widow made another request that a special train be formed the body back to Washington be kept intact and be used for the trip to Marion. She also asked that the entire party that set out from Washington on June 20, including the newspaper correspondents, make the journey to Marion for burial.

Decrees Day of Mourning.

Washington, Aug. 6.—The first official act of President Coolidge as the new executive of the nation was his signature yesterday of a proclamation announcing the death of President Harding and calling upon the country to observe next Friday, Aug. 10, as a day of mourning and prayer. On that day Mr. Harding's body is to be buried at Marion.

Train Almost Wrecked.

On Board of Harding Funeral Train at Chappell, Neb., Aug. 5.—The locomotive became so numerous about the train that President Harding slipped a tire on its center axle while passing slowly through the town. Another locomotive was ordered from North Platte, Neb., to Chappell and was expected to arrive within an hour.  
Canada to be Represented.  
Ottawa, Aug. 6.—(Canadian Press).—It was definitely announced last night that Hon. A. B. Copp, secretary of state, would represent the Canadian Government at the funeral ceremony of the late President Harding in Washington, Wednesday. One other member of the Government may also attend.  
Guard Marion Home.  
Marion, O., Aug. 6.—Soviet hunters became so numerous about the home of Dr. G. T. Harding, Sr., where the funeral of the late President will be held Friday the Harding homestead in Mount Vernon Ave., the famous "Front Porch" house, and even the Harding burial plot today that a company of state troops was ordered on duty to guard their places.  
Mr. Copp Going.  
Fredericton Church Notes.  
Fredericton, Aug. 6.—Rev. A. A. Rideout, of Dorchester, Mass., former pastor of Baptist churches in Marysville and Fredericton, preached to a large congregation at Marysville on Sunday, many old friends greeting him. At St. Dunstan's church on Sunday the pastor, Very Rev. Dean Carney announced that the acetylene plant used for 13 years to light the church was to be replaced with electricity.

DISCUSS IMPROVEMENT AT  
BUSY JUNCTION OF STREETS

Carmarthen and Union Mat-  
ter Subject of Con-  
ference.

At a meeting of the city commis-  
sioners today Commissioner Thornton  
asked if the Commissioner of Public  
Works had taken up the matter of  
more street room at the Union street  
and Carmarthen street, where it is  
proposed to erect a modern filling sta-  
tion, and was informed by Commis-  
sioner Frink that he had taken the  
matter up with Allan McAvity, who  
had suggested if the city wanted that  
land be given an opportunity to  
erect his station in the triangular space  
between the streets. It was decided to  
have the Commissioner of Public Works  
arrange for a conference.

Commissioner Frink presented a re-  
port prepared by the road engineer in  
September in connection with the Spar-  
row Road bridge, in which it was recom-  
mended that a concrete bridge be  
built there at an estimated cost of \$15,-  
000. This would be a permanent struc-  
ture.

Commissioner Bullock suggested that  
an estimate of the cost of a timber  
construction be secured and Commis-  
sioner Thornton suggested filling in  
the culvert as had been done at the  
Hilde Road. It was decided to defer  
action until Thursday.

The Mayor read an invitation to at-  
tend a session of the Public Owner-  
ship Conference in Toronto on Septem-  
ber 10-11 and 12 and he was elected a  
delegate from the city.

His Worship was given power to  
name the delegates to the annual con-  
vention of the Union of Canadian Muni-  
cipalities, to be held at Shawinigan  
Hall, August 20-31 and Set. 1, and the  
Union of New Brunswick Municipalities,  
to be held at Campbell ton on  
August 21-22-23.

Series of Delays.  
A communication from the chairman  
of the Board of Assessors giving as the  
reason for the late filing of the assess-  
ment this year, lateness of filing of  
statements and investigation of same,  
delay to the district commissioners by  
reason of the heavy storms of winter;  
delay due to revision of lists caused by  
exception of county residents and lack  
of room to work in was ordered filed.  
Commissioner Thornton suggested that  
three were all right but he would like  
further information about the last as  
he was under the impression that this  
had been overcome when they were  
given the engineer's office.

A despatch over the private wires  
of McLaughlin & Cowans says that  
Premier Poirer is leaving for Lon-  
don that he is waiting to con-  
clude friendly negotiations with the  
British Government on the subject of  
separations.

From the same source comes a report  
that the French have ordered prepara-  
tions made for seizure of Ruhr factories,  
mines and mines in the event of their fail-  
ure to resume work.

Seven Little McCullys  
Forget Horrors of War  
Romping At Summer Camp

LEFT TO RIGHT, FEODOR, G. NINITCHKA, S. NINA, 13,  
TONITCHKA, S. LUDMILLA AND ANASTASIA, 12, (TWINS)  
AND NIKOLAI, 14.

Washington, D. C., Aug. 6.—The  
young McCullys are growing up.  
The seven young wards of Admiral  
Newton A. McCully, whom he brought  
back with him three years ago from  
Russia, where he spent a year as a  
member of the Allied High Commis-  
sion, are developing into a household  
of husky young Americans.

The children were legally adopted  
by the admiral, who is a bachelor, with  
a view to making them his wards and  
heirs. While he is in the children  
have been under the care of his second  
cousin and nearest relative in Wash-  
ington, Mrs. Edward White.

With her as "foster mother," the  
children have been spending an out-  
door summer at Camp Fennimore,  
Osage Lake, where they recently ap-  
peared in a little Russian playlet.  
"The Peasant and the Prince," for  
the entertainment of their playmates.  
Left to right in the photograph are:  
Feodor, 6; Ninitchka, 5; Nina, 13;  
Tonitchka, 5; Ludmilla and Anastasia,  
12, (twins) and Nikolai, 14. All  
the children are without parents, hav-  
ing been made orphans by the war.

The admiral's original intention,  
after securing the admittance of his  
seven small charges, was to adopt three  
more. Friends now say that this was  
purely the optimism of one new to  
the care of fatherhood, and that the  
admiral has since reached the conclu-  
sion that seven growing children fill  
any house to capacity—and then some.

Tilden Has New  
Mate For Doubles  
Philadelphia, Aug. 6.—William T.  
Tilden, Jr., and Vincent Richards, U.  
S. national doubles tennis champions  
for the last two years, will not defend  
their title at the doubles championship  
this year, it became known today. In-  
stead, Tilden will pair with Alexander  
"Sandy" Wiener, his youthful protege,  
and has already sent their entry to the

End Ramblers also challenge the Y. M.  
C. I. Thistles for Friday evening at  
7 o'clock on the Long Wharf diamond,  
and ask that if this challenge is ac-  
cepted they answer through the Tele-  
graph-Journal.

75 TODAY, 80 WAS  
MARK ON SUNDAY

Hottest Days in Half Cen-  
tury in St. John  
Saw 88.9

The highest temperature registered  
by the St. John observatory instru-  
ments on Sunday was 80 degrees, and  
the lowest during the day 60 degrees.  
This was the highest record for Aug-  
ust since 1917, when 84 degrees was  
registered. Sunday's temperature was  
exceeded on two occasions in July this  
summer, when 84.4 was marked on the  
9th and 14.3 on the 21st. These were  
the highest July temperatures since  
1917, when the maximum thermometer  
reached 85.2 degrees on the 31st of that  
month. The highest temperature read-  
ings in the observatory records for any  
summer during the last half century  
was 88.9 degrees. This record was  
made in July 1881 and July 1887. To-  
day up to noon the highest mark  
registered was 75 degrees with clear sky  
and a gentle northerly breeze.

ONE OF THE OLD SCHOOL.  
(Ottawa Citizen.)  
Sir Charles Hawtry, the actor,  
whose passing is noted from London,  
was one of the old school which is  
rapidly giving place to the new. He  
acted in roles which called for a dis-  
tinguished bearing and what is called  
"authority." Suave, polished, educa-  
ed, he shone best in those parts which  
were cast in polite society surround-  
ings. But while high comedy was his  
forte, he brought distinction and re-  
nown to many characterization cast in  
a more serious vein.

CHIROPRACTIC is based  
on fundamental, natural laws.  
The organs of the body are the  
motors, the nerves are power  
lines which carry vital energy  
or life to all parts of the body.  
Impingement or pinching of the  
nerves interferes with their life-  
carrying power and disease is  
the result. The Chiropractor  
adjusts with his hands the mis-  
aligned vertebrae and the im-  
pinged nerves are freed. The  
flow of life enters the part dis-  
eased, normal functions are re-  
sumed and health restored. The  
Chiropractic way is Nature's way.

Purchase of  
Red Sox; More  
Than Million

(Boston Herald)  
Boston's Red Sox will play their  
first game under the new ownership  
this afternoon. President J. A. Robert  
Quinn announced last night that the  
club had been purchased from Harry  
H. Frase. The price is said to be in  
the neighborhood of \$1,000,000. The  
opinion is general that everything was  
settled a month ago but several peo-  
ple had to be satisfied and some minor  
details ironed out before the final pa-  
pers were passed, and this took place  
yesterday afternoon.

President Quinn's policy will be con-  
structive. Baseball is his business of  
life and once again the Red Sox have  
at the helm a man who will devote all  
his time and energy to placing a win-  
ning team at Fenway Park. While  
some changes are contemplated it is  
the intention of Quinn to have the pre-  
sent force remain in office through the  
season. Frank Chance will continue as  
manager and the administrative de-  
partment will be kept intact.

The Red Sox now is a Ban Johnson  
club and so are the Yankees under the  
ownership of Col. Jacob Ruppert. The  
only remaining insurgent against those  
who opposed the American League  
president is Charley Conzisky, owner  
of the White Sox.

Every effort will be made by the  
new effort to strengthen the Red Sox.  
Quinn is a baseball enthusiast and has  
a thorough knowledge of the game  
from every angle. His associates are  
men who love the game and its tradi-  
tions. Ed Schoenburn is a practical  
baseball man. He formerly was in-  
terested in the Columbus club and will  
be actively interested in his new ven-  
ture. Dr. Frank Drury, who was  
forced to return to Columbus to per-  
form two operations, and Palmer Win-  
slow, who is a glass manufacturer in  
Columbus, will be more or less in the  
background.

Mr. and Mrs. George W. Cummings  
left yesterday evening on the Governor  
Dingley for Boston. While away they  
will visit Mr. and Mrs. J. W. Neely at  
their home in Melrose, Mass.

Miss Bertha Logan, of Dishart street,  
left on the Governor Dingley on Satur-  
day for a three weeks' trip to Boston  
to visit her brother, Conductor G. W.  
Logan, of the Boston & Maine Rail-  
way.

Mr. and Mrs. M. G. Teed motored to  
the city yesterday from Dorchester  
where Mrs. Teed and family are spend-  
ing the summer.

Rev. E. C. Prime is the guest of his  
aunt, Mrs. R. C. Campbell, West St.  
John.

Mr. and Mrs. Anthony Knoke, who  
have been visiting Mr. and Mrs. Glen-  
ton H. Allan, Fairville, left on Satur-  
day for their home in Chicago.

Miss Bernice MacNaughton, of  
Moncton, is the guest of Mr. and Mrs.  
R. A. Christie of this city.

Mr. and Mrs. Harold W. Smith, of  
Arlington Heights, arrived in the city  
yesterday by automobile and are visit-  
ing Mrs. Smith's sister, Mrs. George  
Parker, Orange street.

Rev. Hon. Arthur McElghen, who has  
been the guest of Dr. Murray Mac-  
Laren, M.P., left on Saturday for Mon-  
cton. Later he will go to Prince Ed-  
ward Island.

Mrs. K. F. Tapley returned on the  
S. S. Governor Dingley on Saturday  
after a short visit to Boston. She was  
accompanied by her son-in-law Geo. A.  
Housen, will leave this evening to visit  
his son, Chas. R. Haley, of Montreal.

Miss Margaret Sheehan, R. N., is  
here from the U. S. spending a vaca-  
tion at Johnston's, Loch Lomond,  
where her sister, Mrs. Eugene Arnold,  
with her husband and young son, has  
been staying for some weeks.

Mr. and Mrs. Gerald O'Neill of  
New York and their young son, ar-  
rived in the city on Saturday on a  
visit to relatives.

Mr. and Mrs. M. D. Brown who  
have been visiting their daughter, Mrs.  
J. R. Duggan, Milford, Mass., returned  
to the city on Saturday. They spent  
some time visiting in other places in  
the state.

YOUNGEST SON WORKS CHARM THAT REUNITES HIS PARENTS

Couple Remarried and Happy After 25 Years' Separation.

Toronto, Aug. 6.—"The best laid plans 'o' mice an' men gang aft a-gley."

There is more truth than poetry in those two lines and such conclusive proof of this fact is very seldom seen as that which is found in the case of Mr. and Mrs. Robert McFarlane.

Picture a happy home—a home already radiating domestic bliss even before the arrival of four children strengthened the marital bonds and brightened the hearth over which the Lanes and the Penates benignly preside and the cricket was singing louder and louder with the passing years.

made enough money to be able to laugh at poverty. But now—enter Cupid on the scene once more and using as his medium the youngest son at once he sets to work to patch up this human partnership, the foundations of which he had seen crumble before his very eyes 25 years ago.

After their marriage in Detroit, the reunited couple will reside at Pickering, Ontario, where the happy groom of 27 summers is building a fine new mansion in which to receive his bride.

These three daughters of George Ferguson Jr. of Leesville, La., began life at the same time 11 years ago. They always have weighed within an ounce of each other and their educational development keeps pace.

At 7 p. m. on Saturday a quiet but pretty wedding was solemnized at the residence of the officiating clergyman, Rev. H. H. Titus, 61 Peters street, when Miss Margaret Elizabeth Campbell, of St. John, was united in marriage to James Gilbert Moore, also of this city.

RECENT WEDDINGS

Moore-Campbell. At 7 p. m. on Saturday a quiet but pretty wedding was solemnized at the residence of the officiating clergyman, Rev. H. H. Titus, 61 Peters street, when Miss Margaret Elizabeth Campbell, of St. John, was united in marriage to James Gilbert Moore, also of this city.

After a long illness the death of Gertrude Smith, wife of Thomas E. Smith, occurred at her home in Passaque, Kings county, on Saturday. She leaves to mourn her husband and three sons, Herbert L. of Goffstown, New Hampshire, Lorne S. of St. John, and Ernest E. of Passaque. The funeral will take place on Tuesday leaving the house at 2:30.

RECENT DEATHS

Malcolm A. Morris. Relatives in the city were shocked to receive word on Sunday of the sudden death at Three Rivers, Quebec, of Malcolm Andrew Morris, of 68 Dorechester street, in St. John, which took place yesterday. Mr. Morris sailed on the oil tanker Azov on her trip to Mexico and was chief engineer of the vessel. The news of his death came by telegram and no particulars were given beyond the fact that the body will be brought to St. John on the evening of the 10th and is expected to arrive today.

Mrs. Mary A. Steves. Many old friends in St. John and elsewhere will learn with regret of the death last Saturday evening at 81 Sewell street of Mrs. Mary A., widow of James T. Steves, M. D., who was for many years superintendent of the Provincial Hospital, Lancaster. Mrs. Steves, who was in her eighty-ninth year, was a daughter of the late Captain Lawrence and Mary McMann. Practically all of her life had been spent in St. John. She was a woman of estimable qualities, a devout Christian and a life-long member of the German street Baptist church. She is survived by a son, James T. Steves, Jr., of St. John.

J. Edwin Dean. J. Edwin Dean, a prominent Dalhousie merchant, died suddenly at his home on Saturday afternoon of heart trouble. He had been in poor health for the last year, but his death was unexpected and comes as a shock to his many friends. The late Mr. Dean was thirty-six years old. He was born in St. John and was a son of Mrs. Margaret and the late John Dean. He was educated in the St. John schools and at Acadia University. After going to the North Shore he was for a time manager of the Inch Arran hotel. Three years ago he bought the business formerly conducted by Hon. H. LaBelle in Dalhousie and since that time has carried on business there.

Gouraud's Oriental Cream. The decision of the court marks the end of a stubbornly fought legal controversy over the possession of the child that lasted for more than a year, and was punctuated by a kidnapping when the Lincoln's seized the little girl whom they had learned to love as their own.

GIANT SKELETONS 5,000,000 YEARS  
OLD LINK ASIA AND AMERICA

World's Greatest Fossil Fields Found by Andrews—  
Will Take 100 Years to Exhaust Them.

Washington, Aug. 6.—In a report just received from Peim, Roy Chapman Andrews, leader of the Third Asiatic expedition, declares that the existence of a land connection between Asia and North America has unquestionably been established and hundreds of years of work will be required to exhaust the huge deposits in "one of the world's greatest fossil fields." Andrews wrote from the expedition's camp in the Gobi Desert, Mongolia, and was on the eve of departure to the interior.

The expedition is divided into two parts. One is working in the dinosaur beds and the other exploring late geological strata. The second group, camped 24 miles south of the first, is working in a period of mammalian life. The strata is extraordinarily rich in fossil remains. We have discovered a skull of a giant rhinoceros, like the best known as the Titanotherium, which, although it has been buried for 5,000,000 years, is as fresh as the animal had died a week ago. The Titanotherium was previously known in America. Finding this particular stage in their development shows that they crossed from America by way of the former land bridge to Asia.

TRISTAN DA CUNHA  
BOATMEN ON VISIT  
TO LONELIER ISLE

Annual Trip to Inaccessible Island Requires Nerve and Skill.

London, July 11.—(By Mail.)—Writing from Tristan da Cunha, Rev. H. M. Rogers, resident missionary on that isolated island in the South Atlantic, gives in today's Times the following interesting details about Inaccessible Island, a still lonelier spot than Tristan da Cunha.

A voyage to Inaccessible Island, some thirty miles from here, is something of an adventure in an open boat made only of canvas and light wood, especially as the sea between is rough and full of cross currents. The Tristan boatmen make an annual visit, and after a stay of a few days returned safely.

CONVICTS AT COBOCONK FREE  
TO WANDER AT SWEET WILL

Coboconk, Ont., Aug. 6.—The wares of unassisted who swept over the peaceful little village of Coboconk, following the arrival of Ohio state Governor Victor A. Donahay with a camping party which included two "life termers" from the state penitentiary, has died down to little more than a ripple of idle curiosity.

Warden Thomas is a well known figure in Coboconk. He has been townsmanship, after explaining that the famous champion of the "honor system" had passed several vacation periods in the Italian Lake vicinity, "and if he says those men are all right you can depend on it they are."

Earl Jennings, the younger of the two is a sturdy built, straightforward looking chap of 27 years with a smile that is distinctly winning and a grip that encourages immediate confidence.

Constantino Zippiani is of Italian extraction, and has the typical of a sunny countenance and black curly hair of his race. He was more reticent than Jennings and seemed anxious to be made past retails in oblivion. It was a temper which also proved his undoing.

They are just two poor boys who went wrong through unfortunate circumstances, the warden had said with feeling. And this was the way of winning them back into the paths of honored citizenship.

many such men have risen from the depths."

Not many persons would deliberately choose a man convicted of murder for use as a private barber, but that is what Preston C. Thomas did when he was appointed warden of the Ohio State penitentiary ten years ago, and almost every morning since then the hand of the trusted "killer" has guided the keen razor edge over the warden's temptingly unprotected throat.

The warden went on to tell how that during his ten years at the prison he allowed more than 400 men to attend the sick-bed or funeral service of loved ones entirely unguarded. There had not been a single instance in which the prisoners so favored had failed to return.

They are just two poor boys who went wrong through unfortunate circumstances, the warden had said with feeling. And this was the way of winning them back into the paths of honored citizenship.

### Microscope Reveals Beauties of Diatoms

Botanist Tells How a High-Power Lens Shows Minute Plant Life of Rare Qualities.

At the new York Botanical Garden Dr. Marshall A. Howe, curator of the museum and herbarium, recently gave an illustrated talk on diatoms. Diatoms, explained Dr. Howe, are so small that a single one, if visible at all to the unaided eye, appears only as a minute speck. Yet they are so abundant in some places that they form a conspicuous mass. They are mostly aquatic or semi-aquatic, though some ascend to high altitudes in the air. They are distributed widely over the earth and are found as fossils in sedimentary rocks of various geological ages, especially from the Tertiary onward.

Diatoms form a particularly large group of microscopic organisms. As many as 20,000 different kinds have been described, but of these perhaps 5,000 or 6,000 would be considered good specimens by most experts. They are characterized by great beauty and symmetry. One of their peculiarities is the enclosing wall or membrane which is permeated with silica or other mineral matter. This is deposited in the form of a microscopic examination of these earths whether the deposit was laid down in salt, fresh or brackish water. There is a large deposit found in pure fresh water. And there is an especially well-known diatomaceous bed of the marine type, mostly from eight to twenty feet deep, lying near

F. M. ROSS BRINGS FROM ENGLAND NEWS OF DRY DOCK AMALGAMATION

Tentative Agreement With Great English Firm Made.

F. M. Ross, manager of the St. John Drydock and Shipbuilding Co., Ltd., and his wife of a few weeks, formerly Miss Gertrude Edith Tomaline, Niagara House, England, have arrived from England.

In an interview Mr. Ross said that he had purchased a new and powerful tug, at the instigation of some of the directors, while in England. She will be used for salvage purposes and will be operated out of Sydney and Halifax, as well as from this port.

While in England he had made a tentative agreement with one of the largest British shipbuilding firms, Swan, Hunter & Wigham Richardson Co., Ltd., to amalgamate with the St. John Dry Dock and Shipbuilding Co., Ltd., the basis of amalgamation to be approved by the directors of the local company.

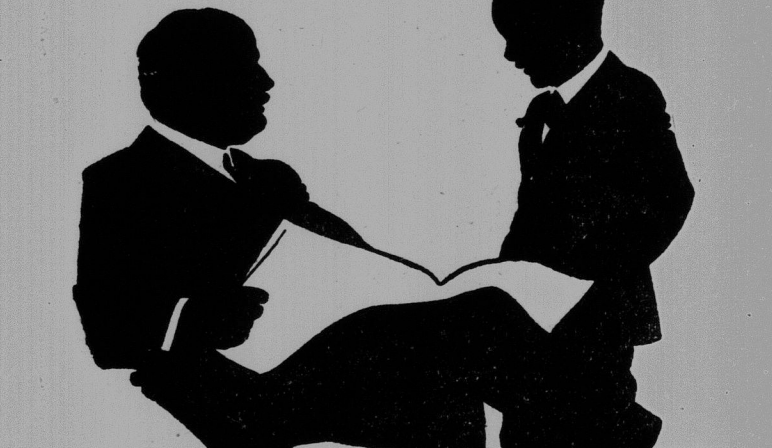

While in England he had made a tentative agreement with one of the largest British shipbuilding firms, Swan, Hunter & Wigham Richardson Co., Ltd., to amalgamate with the St. John Dry Dock and Shipbuilding Co., Ltd., the basis of amalgamation to be approved by the directors of the local company.

The reputation of Swan, Hunter & Wigham Richardson, Ltd., is known all over the world. Among their most noted accomplishments in the shipbuilding industry, is the construction of a subsidiary, Barclay, Curle & Co., Ltd., of the Mauretania, which holds the Atlantic speed record.

Asked if further construction work would be carried on this winter by the company at East St. John, Mr. Ross said that the caisson gate in connection with the dry dock had been built by the Dominion Bridge Company, but the local company, in order to keep their skilled men at work this winter, planned to build the other gate needed.

Mr. Ross, when asked how she liked Canada, said she was delighted with what she had seen of it. This is not her first visit as she was here in March of this year, stopping off for a time during a world tour which she was making.

BELYEA LOSES NATIONAL SINGLES TO MCGUIRE, BUFFALO POLICEMAN

Puts Up Good Fight, But is Beaten by Length and a Half.

Baltimore, Aug. 6.—Having led the field for over half the distance of a mile and a quarter, Hilton Belyea of St. John, came very near to a national rowing championship on Saturday, but was ousted by McGuire, who led the Canadian by a length and a half, in the fifty-first regatta of the National Association of Amateur Rowmen on the Patuxent River.

Edward McGuire, a Buffalo policeman, rowing for the Mutual Club, won the event, only a margin of a length and a half with Belyea, the veteran Canadian, placing second, and Costello, holder of the national title before the regatta, a poor third.

McGuire's time was 8 minutes, 48 seconds; Belyea's, 9 minutes, 31 seconds. The winner's time did not constitute a record, being one minute, 6 to 15 seconds slower than the mark set in the morning race. Belyea lay back more in his scull for several minutes after crossing the line.

There came the break. Not exactly a break but a repetition of the age old story that youth must be served. McGuire, challenged his older rival's lead bit by bit he crept closer. Belyea, aware of McGuire's every move, also spotted.

McGuire caught Belyea at the mill mark. Belyea held him even, now to bow, for a couple of strokes, but the younger man was not to be denied and his long, powerful strokes carried him to the fore.

PAMDENEK WINS IN TENNIS PLAY

Nine to Two in Saturday Match With Grand Bay Players.

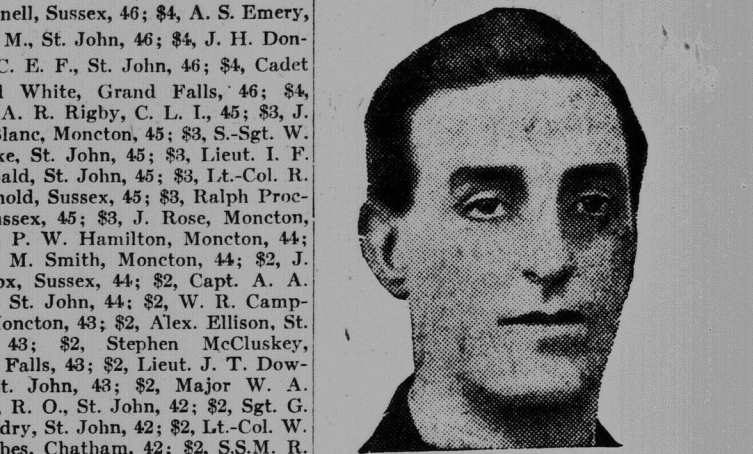

One of the best tennis matches seen for some time was played on Saturday at Pampdenec, when the Pampdenec tennis players handed a 9 to 2 triumph to the Grand Bay players. The match was played at the Pampdenec tennis club, and the Pampdenec players were victorious in all but one of the four games.

Supper was served by the Pampdenec ladies to the victors from Grand Bay who accepted their defeat very gracefully. The following are the results: Men's Singles. P. A. Clarke (P) won from E. Alwood (G. B.) 6-3, 6-3.

Ladies' Singles. Miss D. Hunt (P) won from Miss D. Simonds (G. B.) 6-3, 6-3. Miss D. Hunt (P) won from Miss D. Simonds (G. B.) 6-3, 6-3.

**GIVE BARRY WILSON CREDIT; SAY YATES HAS NOT DONE ALL EXPECTED**

**Suggest Second Contractor To Rush Distribution Work.**

That P. B. Yates of St. Catharines, Ontario, had not given the city value for the money it had paid him, and that most of the credit for what had been accomplished by the Civic Power Commission should be given to Barry Wilson, engineer to the Commission, was the opinion expressed by two members of the city council this morning during a discussion on a recommendation on the Commission for the purchase of poles and meters.

Mayor Fisher read the report of the Civic Commission, asking for authorization of expenditures of \$2,297 for 50 meters and \$3,175 for 500 western cedar poles.

Commissioner Thornton asked if the Civic Commission would be soon presenting a statement of expenditure to date.

Commissioner Bullock asked if this was all the poles that would be required and if the distribution system would be completed by December 1. R. A. Willes, said he thought it doubtful if the work would be completed by that date. He said that not a single post hole had yet been dug on the west side and wanted to know if another crew could not be put to work over there.

**Call for More Speed.**

Mayor Fisher said he was very glad the matter had been brought up, as it would help the Commission in its efforts to speed up the work on the distribution system. He had felt for some time there should be a second contractor on the work and an effort had been made to come to some arrangement with the contractors to this end, but without avail so far. The manager had advised very strongly on this point and declared himself of the opinion that progress by the present contractor was too slow.

Commissioner Thornton expressed surprise at the statement of the mayor that the council could help as they had been told to keep their hands off and not interfere with the Commission. He did not know who was meant by the manager, but if it was Mr. Yates then he did not think the gentleman had done very much to date.

The mayor said he had meant Mr. Yates who had come here as manager and was still on the job.

The Commissioner said he had watched the Civic Commission very carefully and he was of the opinion that Mr. Wilson had done the work and should receive the credit for it.

Commissioner Wigmore said it was the disposition of the council not to interfere with the commission but so far as the west side was concerned he felt a start should have been made on that work before this. In connection with Mr. Yates, he had been disappointed with him at first and was more so now. He thought the engineer should be given credit and also some of the salary which Mr. Yates was getting. He had understood Mr. Yates was to canvass for power and he would like to know what had been done along those lines.

Commissioner Bullock asked when the city would be billed by the commission for street lights, and was informed by Mr. Wilson that they were about ready to take over the ornamental lighting district.

A motion by Commissioner Bullock to grant the authority for the expenditures asked for carried.

The arbitration proceedings in the case of James Gregory vs. the Maritime Nail Company, were continued this morning in the Equity Court rooms, with M. G. Trevel, K.C., Dr. W. B. Wallace, K.C., and J. C. Allen, K.C., presiding.

**NO WORD OF RUNAWAYS.**  
The detective department advised this morning that as far as trace has been found of the two boys, Cunningham and Hayes, who escaped last week from the Boys' Industrial Home. Police in other places have been notified and a sharp lookout is being kept.

**BID IS \$600.**  
The one tender for the new roof on the city hall was opened at a meeting of the City Council this morning and referred to the Commissioner of Safety for a report. It was from J. E. Wilson, Ltd., and the price asked for the work was \$600.

**SCOUTS HIKE TO MASS.**  
The St. John and St. Stephen Catholic Boy Scouts, in camp at Torriburn, attended Mass in the Cathedral of the Immaculate Conception yesterday. The boys hiked from camp to Glen Falls where they took street cars to the city. They came in two groups, one for 9.15 o'clock service and the other the 10.20 o'clock mass.

**AN OLD PENNY**  
Reading a note, a lady living in City Road looked up one she had possessed since early childhood and brought it to this office. It is a perfectly clear cut Nova Scotia penny of 1824, or almost one hundred years old. On the margin of one side are the words "Province of Nova Scotia," surrounded by a wreath of maple leaves. On the King's head, and on the other, around a thistle, are engraved "One Penny Token, 1824."

**SUCCESSFUL IN EVENT AT GLEN FALLS SATURDAY**

A garden party under the auspices of Glen Falls Community Club, with St. Mary's Band in attendance, took place on Saturday afternoon and was both enjoyable and successful. The weather was favorable and the music of the band attracted a large number of people, who liberally patronized the various attractions. The ladies committee served supper to seventy people and deserve great praise for their untiring efforts.

In the evening a dance was held in the Community Club's new hall, and one of the members remarked it was one of the most joyous events of his life, to see a band of forty pieces on the stage, about thirty couples dancing, and a hundred folk looking on and seeing the young people enjoying themselves in their own building.

During an intermission Miss O'Hara announced the winners of the door prizes as follows:—1st, a load of coal, No. 1229, Miss Helen Knowles, 62 St. Patrick street; 2nd, a load of wood, No. 748, W. Donohoe, Market Square, West End; 3rd, an electric iron, No. 2711, M. T. Christopher, 109 Ludlow street, West End; 4th, a bread mixer, No. 477, N. Alahara, Norton; 5th, 98 pound bag of flour, No. 843, Mr. Lee, Westmorland Road; consolation prize, 24 pound bag of flour, No. 2092, G. R. Wright of Allan's Pharmacy.

The net proceeds of the afternoon and evening will be equally divided between the Glen Falls Community Club and St. Mary's Band.

The committee express their most sincere thanks to all who contributed financially or otherwise to the success of the event, which has tended to arouse deepest interest in the Community Club and its operations. Having its own home it has new incentive to enlarge its work.

**As Hiram Sees It**

"Hiram," said the Times' reporter, to Mr. Hiram Hornbeam, "I had occasion the other day to call on the gentlemen on the telephone to ask him when I could have a few minutes chat. It was a perfectly neutral subject I wished to discuss, and one concerning which there was no ground for controversy—or even for argument. Two men couldn't quarrel over it if they wanted to. In my eager enthusiasm I expected to get along famously. When I asked the question I was on the first floor. The first sentence I received in reply sent me to the ground floor, and a few seconds later I was in the basement—and still sinking rapidly. The blow was the more severe because I know the good brother who bumped me enjoys his friends not only to entertain, but practice all the Chinese virtues and owing courtesy included. Now, if a man asked me if he could have a few minutes to discuss the weather in Timbuctoo I would say right off—'Sure thing. I don't know anything about it—but come along.' What do you say?"

"Well," said Hiram, "the night 'ave been hit by a musketeer just then—or ferret to take his powder before breakfast—or you get me something like that. You got to make allowances. Hanner says I try to bite her head off sometimes when she speaks to me—then I hev to hunt up the liver pills.—By Hen!"

**CITY TO ASK FOR FORT HOWE DEED**

Thornton Suggests Possibilities of Suits for Damages.

A decision to take up with the Dominion Parks Association the matter of a transfer of Fort Howe from the Dominion Government to the city was made at this morning by the City Council.

Mayor Fisher said he had received a letter from Dr. Clarence Webster of Sheldale, who is a member of the parks sites commission, who wrote that he had taken up with J. B. Harkin of Ottawa, the commissioner, the matter of a park at Fort Howe and was assured by Mr. Harkin that the Dominion had no present intention of going ahead with the project, but they would be glad to enter into negotiations for the turning over of the area to the city, provided they would be willing to deep this area as a park.

Commissioner Frink said he thought the city should acquire the land, and moved that the Mayor enter into negotiations toward that end.

Commissioner Wigmore thought this a move in the right direction, as it would enable the city to widen out Elm street by removing the public works buildings there.

Commissioner Thornton thought the city would have several suits for damages on its hands, because of falling rocks, but was agreeable to the proposition to negotiate.

The motion carried unanimously.

**PLEA FOR LIGHTS FOR WATERLOO**

Delegates Present Case to City—Say 'Conditions Warrant Change.

The committee room at city hall was well filled this morning by a delegation from Waterloo street who came to ask ornamental lighting for that street, from Union to Golding streets. George Garvill acted as spokesman. He said that Waterloo St. was a competitor of Prince Edward St. and one should be developed at the expense of the other. The paving of the latter had taken business away from Waterloo street, but this was being remedied now and the property owners there were well pleased with the paving. He said more people traveled on this street than any other and it was one of the most poorly lighted. He named the public buildings in this street and asked the Commissioners to contract this with Prince Edward street, which had ornamental lighting. He felt they would see the claim of Waterloo street was justified. This street was also the most direct route from the court house to the Marsh Bridge. Today, on account of the lack of lighting, it was a rendezvous for "pickups."

The delegation were assured their request would be given every consideration by the council.

**HAMPTON GARDEN PARTY ENJOYED; VERY SUCCESSFUL**

A very successful garden party was held on the grounds of St. Alphonsus Church at Hampton, on Saturday afternoon. The grounds were gaily decorated and the nicely decorated booths added to the attractiveness of the scene. Happy crowds attended. A delicious supper was served on the grounds by the ladies of the congregation, under the general co-operation of Mrs. Charles Forestal.

Charles Nugent had charge of the sports. All the hotshots at times were well patronized. Quite a number of St. John people motored to Hampton in the afternoon, and spent the latter part of the day at the garden party. His Lordship Bishop LeBlanc was there and Rev. M. O'Brien of Norton also attended. Rev. Rymond McCarthy who is pastor of Hampton was in general charge. The City Cornet Band played a greatly enjoyed programme during the afternoon. The net proceeds, which will be in the vicinity of \$600, will be applied to the church fund.
