ST. JOHN'S GREATEST MERCANTILE EVENT

Oak Hall's 82nd Anniversary Sale Starts Tomorrow

Tomorrow marks the beginning of Oak Hall's 82nd Anniversary Sale, a merchandising event that through years of striving has finally won its place as St. John's Greatest Merchandise Event. And this year Oak Hall have laid bigger plans than ever before and optimistic predict that their 82nd Anniversary Sale will, when the final accounting takes place, be far in the lead over any of its thirty-one predecessors.

Oak Hall are emphatic on the point that this is not merely a profit-sacrificing sale to reduce stocks. Oak Hall anticipated present upset conditions many months ago and prepared accordingly so that today their stocks are down, not only to normal, but in many instances far below normal.

This is in reality a profit-earning proposition, where Oak Hall invite their friends and customers to celebrate with them their thirty second birthday and at this time Oak Hall offer far greater values for the money than can be obtained at any other time during the year.

This year Oak Hall are offering considerably greater reductions than they have ever before offered, and with stocks below normal have gone into the market and purchased much fresh merchandise at greatly lowered prices, which is offered at the very minimum of profit.

Oak Hall do not hesitate to state that many of their prices are substantially lower than will prevail for new spring merchandise as anybody at all familiar with conditions can readily see by making a careful study of Oak Hall's large advertisement on another page of this paper.

Bear in mind that this sale starts tomorrow morning, so be on hand early.

The finance committee of the board of school trustees met yesterday afternoon to consider estimates for the coming year to be submitted at the next regular meeting. The matter of the increase of salaries was discussed.

WOMAN ENDS LIFE IN WOODS

Body Found Under Palisades With Razor in Her Hand.

Englewood, N. J., Jan. 4.—The body of a well-dressed woman, with her throat slashed and a razor in her hand, was found in the woods under Palisades at Englewood Cliff. The body was lying in a reindeer-colored sport coat. It was found by Attilo Ormond.

The woman was apparently about 30 years old, wore false blonde hair, was 5 feet 6 inches tall, weighed 145 pounds, had a deep prominent mouth and teeth and a yellow complexion. She wore a green velvet suit, tan shoes with suede-uppers, and brown stockings. The initials "C. L. H." were on her pocket-book, which contained \$46.83.

County Physician W. E. Ogden said that the woman had been dead two or three days. The body was taken to Greenleaf's Morgue in Englewood.

The authorities believe the woman committed suicide.

BLIND MEN AS WALKERS

Raced Around Outer Circle of Regent's Park.

London, Jan. 4.—A novel and interesting walking competition took place in Regent's Park, where a number of blind ex-servicemen from St. Dunstan's raced round the outer circle of the park, a distance of nearly three miles. The men, a few of whom were attired as befitting a walking race, were each in the care of an orderly, who accompanied his charge right round the course.

The winner, H. Northgreaves, completed the circuit in twenty-nine minutes and ten seconds, being followed thirty-four seconds later by A. D. Kirstern.

MERGER OF MAINE POWER COMPANIES

Central Maine Takes Over Eight Other Concerns,

Augusta, Me., Jan. 4.—The Central Maine Power Company has been authorized by the Public Utilities Commission to take over eight electric light and power companies, having a combined capitalization of more than \$2,000,000. Authority also was given these concerns to dispose of their properties, franchises, etc., to the Central Maine Power Company.

The companies to be consolidated with the Central Maine Power Company are the Hartland Electric Light and Power Company, Newport Light and Power Company, Union Light and Power Company, Waldoboro Water Electric Light and Power Company, Wiscasset Electric Light and Power Company, Solon Electric Light Company, Brunswick and

THE WOMEN AND RE-CONSTRUCTION

(Toronto Telegram)

"Whereas it is within the power and it is also the duty of women to co-operate in the economic reconstruction of their respective countries, the International Council of Women recommends all affiliated National Councils to use their influence to bring about a return in the home as well as in society luxurious habits which lead to extravagance and display in dress and amusements, and which, in the opinion of the I. C. W., contribute largely to arouse class animosity and discontent which are amongst the worst evils of our day."

This was the resolution which came up for discussion at the monthly meeting of the Local Council of Women, in Sherbourne House Club, the president, Lady Falconer, in the chair.

"I have been reading lately," said Lady Falconer, in discussing the resolution, "an account of the findings of the recent financial conference in London, and the men there gathered from all over the world were unanimous in agreement with the tenor of the resolution just and they stressed the fact that unless we all live within our incomes and have something over to provide the country with capital, we shall come to grief. MAINE FARM FIGURES

(Bangor Commercial)

The Commercial on Monday published the statistics of the preliminary census report regarding Maine crops farms, and cattle. When the figures given are compared with those of 1909 there can be slight congratulation upon conditions. In one thing—the value of crops—there is a great increase from some \$3 million to 100 million, but this is due to the vastly increased prices rather than to an increase in production.

The acreage devoted to wheat has been materially increased but in most lines there has been a decrease as there has been in the number of farms and the number of acres under cultivation. The figures show a considerable improvement in orcharding methods for although the number of apple trees is less than a decade ago the yield per tree is largely advanced.

In livestock there has been an increase in cattle but a decrease in horses, sheep and poultry. We imagine that the high cost of feed in recent years is largely responsible for these decreases and that as stock feed reaches normal conditions an improvement will be speedily shown.

RECENT DEATHS

Mrs. Louisa J. Pugsley.
The death occurred very suddenly in St. John on Dec. 8, 1920, of Mrs. Louisa Pugsley, widow of William Pugsley, formerly of Central Cambridge (N. B.), aged seventy-two years. Heart disease was the cause. She was formerly Miss Titus and was twice married, her first husband, William H. Vradenburg, being killed by a falling tree. By this marriage there survive four children—Albert, of St. John; Frederick, of Vancouver; Mrs. Carey Keith, of Boston, and Mrs. William W. Pearson, Highfield. By her second marriage there survive three children—Mrs. Garfield McCrea, of St. John; Mrs. James Clark, of St. John, and Calvin Pugsley, of The Narrows. There are also twenty-one grandchildren and three great-grandchildren. She was a very highly respected for her sterling qualities and was greatly loved for her beautiful Christian character, and her loss will leave a vacancy hard to fill. The funeral services were held in St. John at the home of her brother, Charles Titus, and the body was taken to McDonald's Corner for interment, service

at the grave being conducted by Rev. Mr. Patterson.
The body of Capt. James Adams, late commander of the battleship Lord Kelvin, who was killed when the automobile in which he was driving with James Terrell, K. C., of Halifax, was struck by the incoming Maritime express at a level crossing near Bedford, a suburb, on Saturday, was forwarded yesterday to Hampton, where interment will be made. The funeral of the late James Adams will be held today in Halifax and Captain Adams' funeral will take place at Hampton on Saturday morning after the arrival of the 7.10 train from St. John.
Friends will regret to learn of the death of Henry Hayes, of Calgary, Alberta, on Dec. 21. Mr. Hayes was a son of the late George Hayes, of Millstream, Kings county (N. B.), at which place he carried on a blacksmith business. Going from there to Sussex he was engaged in the livery business until 1910, when he went west, where he has remained until his death. His wife was a daughter of the late Robert McPherson, of Millstream, and besides her he

leaves six sons and three daughters. The sons are: Chalmers, Robert, Gordon, James, Reginald and Rutford, all of Calgary. The daughters are: Mrs. Mathison, of Falkirk (Alta.); Misses Agnes and Leah at home. He also leaves four brothers—John, Benjamin and Earl, of Calgary; George T., of Chelsea (Mass.), and three sisters—Mrs. Fields, of Calgary; Mrs. W. S. Mason, of Millstream, and Mrs. Walter Hayes, on the old homestead at Millstream.
The many friends of Mrs. John Baxter and family will regret to learn of her sudden death, which occurred late yesterday afternoon at the home of her son Harry M. Baxter, 229 Waterloo street. Mrs. Baxter had been ill for about two weeks with heart trouble, but the end came unexpectedly. She was born in Westmorland county eighty years ago next February and was a member of the well known Blakney family. When seventeen years of age she was married to her late husband and moved to Loch Lomond, where she had resided until three months ago when she came to live for the winter months with her son, Harry. Mrs. Baxter is survived by four sons, a daughter and two brothers. The sons are G. R. Baxter, sergeant of the St. John police department; Edward, of Loch Lomond; Alfred J., of Providence (R. I.), and Harry M. Mrs. P. Riley, of Providence, is the daughter. Stephen and William Blakney, both of Pelitcodiac, are brothers. There are also numerous grandchildren.

PREPARE FOR 21ST ANNIVERSARY

The postponed monthly meeting of the municipal chapter of the I. O. O. E. was held yesterday afternoon in the government rooms with the secretary, Miss Laura Hazen, presiding. The various chapters represented signified their intention of continuing to pay their share of the salary of a Victorian Order nurse for child welfare work in this city. It was reported that in response to Dr. H. A. Farris' appeal, eight chapters had undertaken to pay \$5 per month towards the salary of a kindergarten teacher for children in the county hospital. Arrangements were made for the quarterly meeting of the provincial chapter to be held in St. John on the last day of the month. That meeting will be the twenty-first anniversary of the founding of the Order and the programme drawn up for its observance was one of special interest. St. John chapters, one and all, showed much enthusiasm in making preparations for the event.

The bride was prettily dressed in a dress of Alice blue satin with georgette and hat to match. The witnesses were Miss Florence Thorne of Ardrath, sister of the bride, and Mrs. A. Ward of Saskatoon.

HALF CENTURY IN THE BUSINESS LIFE OF ST. JOHN

Death of Charles Masters Will Be Regretted by Many.

For nearly fifty years Charles Masters, whose death occurred at his residence, 94 Mount Pleasant avenue, last night, had been associated with the business interests of St. John; and for a good deal of that time took an active part in the religious, fraternity and social life of the city.

Mr. Masters was born in England, and came to St. John in 1874 as manager for Clementson Bros., who conducted a large business in china, glass and crockery-ware in Dock street. He remained with them until after the great fire of 1877, and then took over the business, which he conducted until 1891. In that year he retired and went on the road as a traveler, and became well and most favorably known in the maritime provinces and Newfoundland. For the last ten years he carried on business in this city as a manufacturer's agent and commercial broker. He had been since last September, and the end came at a late hour last night.

Introducing Our Pre-Stock Taking Sale of Furniture!

Unnecessary to say that a sale at Everett's means much to those desiring to buy Furniture, and for two reasons:

First: is that Everett's prices in the ordinary way are much nearer original cost than might be generally the case—hence a discount from the first price is attractive.

Secondly: that Everett has refrained from a planned system of sale featuring—hence this event will be novel so far as it concerns Everett's customers.

Stock taking finds many odd pieces that are minus the remaining pieces of a set and it is these that are mainly affected by the sale.

Practically all departments are included—bedroom, kitchen, dining room, living room—etc.; so those who want to add an odd piece here and there are fortunate because of this sale; so also are those about to start a new home.

A trip through the store is advisable—and no obligation entailed in the trip.

SHOT BY BEST FRIEND AT NEW YEAR'S PARTY

Revolver in Hands of Army Chum Accidentally Discharges While Removing Holster.

(N. Y. Times)
Julian Dick, 34 years old, a member of the New York Cotton Exchange, who also is associated with his father, Frank M. Dick, partner in the stock brokerage firm of E. F. Hutton & Co., 61 Broadway, was accidentally shot and mortally wounded at 6 o'clock yesterday morning at the end of a New Year celebration in his studio apartment, 4 Sniffen Court, in East Thirty-sixth Street, between Lexington and Third Avenues, by George Bruce Brooks, son of the late Belvidere Brooks, Vice President and general manager of the Western Union Telegraph Company.
The younger Mr. Dick and Mr. Brooks were the closest of friends, their intimacy having begun more than ten years ago with their first meetings and ripened in subsequent years which found them fighting side by side in France, both as Captains of artillery in the American Expeditionary Force.
A number of guests, whose names were not disclosed, accepted invitations to the New Year party at the home of Mr. Dick. All of them had departed, save Mr. Brooks and George Ridgely of Boston, when the shooting occurred.
Mr. Brooks and Mr. Ridgely were about to go when Mr. Dick, glanced at the clock and said: "Why, it's 6 o'clock. The day is young, and we still have a good log fire. There's no need for you to hurry."
As he made this remark, Mr. Dick, his wife and Mr. Ridgely were standing with their faces toward the fire. Mr. Brooks saw an army revolver of .45 calibre lying on the table and, picking it up, remarked:
"Why, here is my old army revolver."
"Yes, that's yours," replied Mr. Dick. "You remember you left it here."
Mr. Brooks recalled that he had left the revolver at the apartment and started to draw the weapon from the holster, when it was discharged.
"I am shot," cried Mr. Dick.
Bullet Entered Back.
His wife and friends assisted him to a chair, and an examination showed that the bullet had entered his back just above the hip.
The young man's father was notified at the same time that Mr. Brooks called in Dr. Taylor of East Sixtieth Street and a neighboring physician. Upon his arrival Dr. Taylor ordered the wounded man removed immediately to a hospital where an operation was performed straightway in an effort to save his life. It was found that the bullet had penetrated to the intestinal region where the greatest injury was done.
Mr. Brooks accompanied the wounded man to the hospital, and remained there while the operation was performed. He stayed there last night awaiting the out-

VALUABLE DOG IN PARIS IS MISSING

Pekinese, Size of a Man's Hand, Worth More Than Weight in Gold.

Paris, Jan. 4.—Every policeman and dog fancier in Paris has been ordered to keep a lookout for a parti-colored Pekinese bitch, which yesterday escaped from her human attendant and is now either wandering about lost, or is much more probably in the safe possession of someone who had the wit to realize her value. In size this dog is just a little bigger than a man's fist, but her value is said to be much more than her weight in gold. She was brought to Paris by the wife of the colonial minister, M. Sarraut, former governor of French Indo-China, to whom she had been presented by a high native dignitary, and she belongs to one of the finest dog families in the world. Her ancestors lived in the imperial palace in Peking, and some of them were immortalized in porcelains of the Ming dynasty. It was death for any common person to possess a dog of such lineage, and it was only after the winter palace had been sacked in the middle of last century that one of the breed found its way to Europe, hidden in a British soldier's cap.
The lost treasure of Mme. Sarraut, is said to be one of the purest bred, smallest and most beautiful of all her aristocratic race, with her black and white markings exactly right and a perfect air of high-bred dignity.
When last seen she was wearing an elegant blue coat with red trimmings and red buttons, and it is feared that some covetous dog fancier has snatched her from her real owners with the intention of selling her abroad for such a fabulous sum as only Americans, in French opinion, can afford to pay.

OFFERS TO DR. GLOVER

Millionaire Would Buy His Cancer Prescription.
Toronto, Jan. 4.—Dr. Thos. J. Glover of this city, who has discovered a serum for the treatment of cancer which is being investigated by a special committee of the Toronto Academy of Medicine with a view to a public report thereon, is said to have received flattering offers to go to the United States to follow up his work in relieving cancer patients.
The Toronto Star Weekly states that a New York man has offered Dr. Glover \$1,000,000 in cash for his secret prescription and permission to put it on the commercial market. A Chicago multi-millionaire, according to the same paper, who has been afflicted with cancer and has obtained relief from Dr. Glover's treatment, has offered to equip and finance a cancer clinic in Chicago if Dr. Glover will go there to manage it.
It is stated that notwithstanding these and other offers, Dr. Glover intends to remain in Toronto and follow up his researches in cancer serums.

ELEVEN MILES OF DANCING IN FULL BALL PROGRAMME

London, Jan. 4.—A statistician who calculated the amount of ground covered by a person in going through dance movements figured out that in going through a complete ball programme a dancer would travel about eleven miles.

COURTESY EARNS HIM \$80,000

Joseph A. Boyle of St. Patrick's Cathedral Made Heir by Chance Visitor.

Joseph A. Boyle's son of St. Patrick's Cathedral, New York, arrived home from Ireland New Year's Eve and was back at his duties early yesterday after two weeks' absence. He was smiling and told friends that he was \$80,000 richer than when he left.
When interviewed Mr. Boyle said that the fortune had been bequeathed to him by the late Deamus Cassidy of Cork.
"Mr. Cassidy came to America some months ago and used to drop into the Cathedral," said Mr. Boyle. "I tried to be nice to the old gentleman as I do to everybody. Each time he dropped in here I answered all his questions and showed him what little attention I could. When he said goodbye, he remarked to me that he would 'remember me' in his will."
"I thought nothing more of him or of what he had said until a few weeks ago when I received a notification from Cork saying that he had made me an heir. He was 76 years old and unmarried. So far as I know he had no kin. I was dumbfounded by the news."
"I was requested to come over to Cork and claim my legacy. So I went. I was in Ireland just six days. I expect to have my money in hand now very soon."
"Yes, I am going to keep right on being nice to every one who comes in here."
Mr. Boyle said that he did not hear of DeValera while in Ireland. He left and returned by way of Canada. His home is at 668 Lexington Avenue.

COLONY NOT WANTED

U. S. Will Refuse Admission to Mennonites Collectively.
Washington, Jan. 4.—The colony of Mennonites from Canada, which proposes to migrate to the United States and settle in Mississippi, will be refused admission to the United States as such, it was said at the state department, but if the individual members present themselves at the border bearing proper passports it would be difficult for the immigration authorities to turn them back.
The Mississippi division of the American Legion has protested to the state department against admission of the colony. In a resolution recently adopted, the Mississippi division said the Mennonites were undesirable because they had remained at home while Canada was being "bled white" in the trenches in France.

SEES 197,000,000 IN U. S.

Boston, Mass., Jan. 4.—In 2100 the United States will have a population of 197,000,000 and will have reached the maximum which its continental territory can sustain, according to Prof. Raymond Pearl, of Johns Hopkins, in a lecture here. The professor, who has a soul for statistics, also estimates that it would require 200,000,000,000,000 calories of food to support such a population.

IMPORTANT MEDICAL DISCOVERIES MADE

Valuable Works Found in Central America—Archaeologist Says More Expected.

Baltimore, Md., Jan. 3.—Important medical and economical discoveries that will be of great value to the modern life of the peoples of the world are on the verge at the present time of being made in several districts of Central America, by American archaeologists. This prophecy was made last night by Prof. William Gates, president of the Maya Society, in an address delivered at Johns Hopkins University of the Archaeological Institute of America, the Philological Association, and the Maya Society.
Prof. Gates brought forth in his talk the fact that in Central America there has recently been discovered the evidences of an ancient race of people, as that of the ancient Egyptians. They were of a lofty mental attitude, the professor contended and of high metaphysical qualities.
The plans of an eminent group of American archaeologists for further exploration of the remains of this ancient race were dwelt on by the speaker. "These workers," he said, held forth the promise to the American people of a new religion, rich with archaeological material, the surface of which has as yet only been scratched.
Among the most important discoveries expected to be made there are the unearthing of further native medical works, some of which are already in the hands of the Maya Society, and the valuable specific pharmacopoeia and medical works, some of which are already in the country. The whole programme, if worked out according to the present plans of the Maya Society will be a great forward step for the medical world.

STICKY FLY-PAPER INVENTOR IS DEAD

Ferdinand Thum Passes Away Suddenly in California.
Los Angeles, Cal., Jan. 4.—Ferdinand Thum, who invented sticky flypaper and became a multi-millionaire, was found dead in his bed at his home at Pasadena recently.
Death was caused by heart failure.
Mr. Thum was many times a millionaire and gained his first fortune from his invention of flypaper which he perfected in Grand Rapids, Michigan.

FRENCH CITY TO HAVE HOME FOR MOTHERS

Bordeaux, Jan. 4.—An innovation is mooted in France. Most countries have homes for the aged, and the children, and some for the unmarried. A mother's home, where women may have the necessary care that they themselves could not afford, is, however, to be established by this city with funds given by Madame Deutch de la Muerthe. It will be open only to married women.
Buildings, a park of eighty-two acres, and 1,000,000 francs were given for the work by Mme. de la Muerthe.

24-OUNCE BABY

London, Jan. 4.—A Shrewsbury baby born three months ago weighed just one and a half pounds. At the end of the fourth week the baby weighed nearly three pounds. She now weighs five pounds and is well.

PARIS MIDINETTES ASK FOR FREE SEATS

Paris, Jan. 4.—Owing to the high cost of living the midinettes have asked the municipal council for permission to use the public chairs in the parks and gardens during their lunch hour without having to pay for them. The shop-girls asked that during luncheon time there are comparatively few persons looking for seats in the park, as the promenade as well as the children and their nursemaids have either gone home or elsewhere for luncheon. As the seats are largely idle during that time anyhow, the girls feel that they should have the use of them. It is probable that the council will grant the request.
Prizes for prompt and uncomplicated payment of taxes are offered by the Japanese government and range from 50 cents to \$25.

MAY SOON END CONTROL OF BUTTER IN ENGLAND

Montreal, Jan. 4.—At a meeting of the executive committee of the Produce Merchants Association yesterday, it was said that the long mooted question of de-control of butter in England would probably be effective after March 31 next.
Word to this effect has been received by the association from the deputy minister of agriculture, J. H. Drysdale.
WIFE 89, SHAVES HUSBAND, 93
Amityville, N. Y., Jan. 4.—John W. Willmarth, 89, injured his hip recently and now is unable to go to a barbershop. His 89-year-old wife shaves him with a safety razor. They have been married 68 years and are just as devoted now as when on their honeymoon. Willmarth was very active up to the time he injured his hip. His wife is still spry. They have one child.

NEW DEVICE TO SAVE AIRMEN IN FALLING

Paris, Jan. 4.—The future of aviation may be affected by an important invention of Engineer Dambance of a machine which he calls a helicopter.
The new invention, it is said, will enable a person to fall from a great height without danger of injury.
Dambance, who will give an exhibition test of his machine by jumping from the Eiffel Tower, says the machine creates a vacuum by descending, thus retarding the body in its fall.
EMPERESS GOWN FOR SALE
Paris, Jan. 4.—The beautiful gown worn by Empress Marie Louise, second wife of Napoleon, on the day of her coronation as Empress of the French, will be sold at auction. The dress is made of exquisite lace by French lace workers, to whom Napoleon himself sent the design.

Starting Tomorrow, Oak Hall's 32nd Anniversary Sale

St. John's Greatest Mercantile Event!

This is not a case of "sacrificing profits" to reduce stocks. We anticipated coming conditions and started in away back last May to reduce stocks. Our final great Mark-Down Sale in November and our stupendous Christmas trade finally brought our stocks down to even below a normal basis.

Since 1889 our January Sale has been an institution—it has never missed. It is one time in the year when we give greater values than at any other time. It is one time when everything in our store

is drastically reduced. And this year we are offering the greatest values we have ever offered during our thirty-two years in business.

Having reduced our stocks below normal, we have been able to go into the market and take advantage of many unusually low price offerings, thus offering you fresh, crisp merchandise at new low levels. Besides this our regular stocks have been marked down to lower prices than will prevail for many months to come, in many instances considerably below original costs.

You know the high standard of Oak Hall merchandise; you know that Oak Hall's prices are fair to start with; you realize then that now is the time to buy—while these fair prices carry the greatest reduction we have ever offered.

You'll find listed below only a few of the hundreds of fine offerings. Bear in mind that practically everything in our store is greatly lowered in price, so call at Oak Hall now for the unlisted opportunities.
