HOW THIS WOMAN FOUND HEALTH

Would not give Lydia E. Pinkham's Vegetable Compound for All Rest of Medicine in the World.

Utica, Ohio.—"I suffered everything from a female weakness after baby spells and was dizzy, had black spots before my eyes, my back ached and I was so weak I could hardly stand up. My face was yellow, even my fingernails were colorless and I had displacement. I took Lydia E. Pinkham's Vegetable Compound and now I am stout, well and healthy. I can do all my own work and can walk to town and back and not get tired. I would not give you any vegetable Compound for all the rest of the medicines in the world. I tried doctor's medicine and they did me no good."—Mrs. MARY EARLEWINE, R. F. D. No. 3, Utica, Ohio.

Another Case.

Nebo, Ill.—"I was bothered for ten years with female troubles and the doctors did not help me. I was so weak and nervous that I could not do my work and every month I had to spend a few days in bed. I read so many letters about Lydia E. Pinkham's Vegetable Compound curing female troubles that I got a bottle of it. It did me more good than anything else I ever took and now it has cured me. I feel better than I have for years and tell everybody what the Compound has done for me. I believe I would not be living to-day but for that."—Mrs. HETTIE GREENSTREET, Nebo, Illinois.

States will be nation-wide, and over the question whether there shall be a constitutional amendment to prohibit the manufacture and sale of all alcoholic liquors. It is pointed out that thirty-six states must unite to secure such an amendment, but that there are already nine prohibition states, and eighteen in which the majority of the people in each live under local option.

It is interesting to note that this writer, who says he "believes that prohibition is theoretically wrong," takes no stock in the argument against prohibition that it is not effective, or in other words that prohibition does not prohibit.

"This," he says, "is not basic or moral. The fact of failure to enforce is no argument against even the expediency, much less against the moral issue involved. Ultimately all questions must be settled by moral standards. Only in this way can mankind be saved from self-effacement. When the people decide that the liquor traffic must go it will be banished."

In seeking a reason for the position in which the liquor traffic finds itself, this writer in the National Liquor Dealers' Journal says that the business is itself to blame because "it has formed an alliance with the slums, deliberately aids the most corrupt political powers, and backs with all its resources the most unworthy men, the most corrupt and recreant officials; while it does not aid the purification of municipal, state or national administration, because it has to ask immunity for its own 'wretchedness.'"

Summing up the whole situation he says to those interested in the liquor traffic: "Prepare the defence, friends, make your case ready for court; the trial cannot be postponed."

This is certainly a remarkable article to be found in a journal of the trade, and it indicates how vigorously and with what success the friends of temperance in the United States have been pressing their campaign for some years past.

Travelers who come down the Intercolonial from the north and have to stay over at Moncton, while more fortunate passengers for Halifax are able to continue their journey, have a just cause for complaint. St. John should not be treated as if it were a small town on a branch line. Mr. Hazen should say so at Ottawa.

Mr. A. R. Gould says that the bridges across the St. John and Kennebec rivers, for the Valley Railway, will cost in the vicinity of \$2,000,000. He says also that the entire line will be ready for use in two years. If the bridges are to cost as much as Mr. Gould believes, some further financial provision must be made by the federal or provincial government or both of them, and if the work is to be completed in two years somebody must soon get busy.

Inspired by Helen Keller Stallard Edwards, a coal miner in Terra Haute, Ind., with a leg just amputated, was wishing he would die, when he was told the story of Helen Keller, who was then in the city. He said: "Well, if that deaf, dumb and blind girl can do so much for herself and others, you bet I'll find a way to get along."

Miss Keller, when told of the incident wrote on the typewriter: "To the man in the hospital, who must begin life over again heavily handicapped; Your friend Helen Keller." She inclosed a \$20 bill.

Some suitable employment is to be found for Edwards when he recovers.

Humphreys' Homeo. Medicine Co., 156 William Street, New York.—Advertisement.

The National Liquor Dealers' Journal of the United States recently had a remarkable article on the liquor traffic, in which it is practically declared that the traffic must soon go. Among other things it says:

"When the people decide that it (the traffic) must go, it will be banished. To us there is the hand writing on the wall, and its interpretation spells doom."

The writer goes on to say that henceforth the prohibition fight in the United

BIRTHDAYS OF NOTABILITIES

SATURDAY, JANUARY 3

The Right Rev. W. D. Reeve, assistant Bishop of Toronto, who observes his seventieth birthday today, was formerly Bishop of Mackenzie River, and as such was wont to call himself facetiously the Bishop of the North Pole. His northern diocese covered 600,000 square miles, and extended far into the Arctic regions. With headquarters at Fort Simpson, it required a journey of three months to reach Winnipeg. On one of his journeys into civilization he had the narrowest escape of his life. With an Indian guide he became stormbound at the head of some rapids and had to remain there nearly four days without food. The chances are he would have starved to death had it not been for the fortunate arrival of another party of travelers, who succeeded the pair.

SUNDAY, JANUARY 4

The Hon. Featherston Osler, ex-judge of the Court of Appeals of Ontario, who reaches his seventy-fifth birthday today, is the eldest son of one of the most remarkable families ever born in Canada. His father was a Church of England clergyman, a graduate of Cambridge University, who, in his youth, had served in the royal navy. He came out to Canada in 1837 and settled in a backwoods parish, where his four famous sons were born. Judge Osler being the eldest; the late B. B. Osler, the second; Sir Edmund Osler, the youngest. The judge is one of the most modest and retiring of men, but a jurist of wide repute and distinguished attainments.

VARIED PROGRAMME PLEASES GEM PATRONS.

Two Part Vitagraph Feature "The Lost Millionaire," a Comedy and Musical Numbers Are The Attractions.

A two part Vitagraph feature entitled "The Lost Millionaire" was given yesterday at the Gem Theatre and was well received by those who saw it. It was an interesting drama, strongly tinged with romance, being the story of a millionaire, pleading and attractive, seeking the love of a girl who did not want him for his money. The manner in which he found out that she loved him "for himself alone" was novel and the many scenes built about the theme were charming indeed. Several Vitagraph favorites were in the cast. This feature will be repeated this evening.

There was a very rollicking comedy entitled "Locked Out of Wedlock," which provoked roars of hearty laughter. Miss Edyth Wood sang a new vocal hit with her usual ease and grace, and the orchestra was heard in several delightful numbers under direction of H. W. Burnham. Altogether it was a nicely varied programme and the audience seemed greatly pleased.

LIGHTER VEIN Time to Quit "You are drinking too much at this ball."

"That is because my girl is flirting with other fellows. But I'll make her jealous. Did you see me talking to yonder tall dame?"

"I saw you talking to a piano lamp."

Habits of Girls When a girl is snuffed at a young man she sits on the piano stool where there isn't room enough for two.

Not Wasting Sentiment Uncle Harry — So you are going to school now, eh? And do you love your teacher?

Bobbie (aged seven) — Naw. She's too old for me.

A Sure Thing Willie — Paw, what is a sure thing? Paw — Anything that has already happened, my son.

Easy For Him She: "Mr. Sick always manages to say the right thing at the right time." He: "Yes, he is one of the most accomplished liars I know of."

An Endless Interest "Is the baseball season over?" "The baseball season is never over," replied the enthusiast. "The fact that they are not playing the game leaves more time for conversation about it."

1913 versus 1914 We increased our turnover by 80 per cent in 1913, naturally we desire to do as well in 1914.

We believe the rapid growth of our business is due to our careful selection of goods, close attention to our customers' needs and our genuine values.

We have been asked how we can do better than others in the same line. The answer is simple. WE DO NOT RENEW OUR PAPER AND DO TAKE OUR CASH DISCOUNT AND WE DO GIVE OUR CUSTOMERS THE BENEFIT OF THIS DISCOUNT.

MORNING NEWS OVER THE WIRE The World Assurance Company with head office at Vancouver is applying for Dominion incorporation. The water famine in Montreal which has lasted since Christmas was ended last night. Millions of gallons of water were again set in motion through the mains leading to the city district. The withdrawal of J. P. Morgan & Co from twenty-seven corporations is followed by the announcement of George F. Baker, another dominant financial factor, that his firm would soon do likewise. It is believed by bankers and others in the "street" that the retirement of the Morgan concern and Mr. Baker from these corporations is but the forerunner of others in recognition of the trend of public opinion. Dr. N. S. Ferry, of Detroit, at the meeting of the Society of American Bacteriologists in Montreal yesterday, gave details of his discovery of the scarlet fever germ.

**BROADWAY PLAYERS IMPERIAL MONDAY**

Great Play "Leah Kleschna" in Pictures Next Week—A Forward Step

Negotiations have been concluded with the Famous Players Feature Corporation of New York whereby the Imperial Theatre, this city, is entitled to show the great Broadway dramatic productions staged under the direction of the Frohman, Shubert and Kiew & Erlanger interests. These Famous Player features will bring before the eyes of people in smaller cities not served by the big companies the very best successes in the dramatic world and the promoters of these important plays have joined forces to perpetuate them in film. Therefore, on Monday, Tuesday and Wednesday of next week the Imperial will present its patrons with the four-reel re-enactment of the powerful play, Leah Kleschna, in which America's most beautiful actress, Carlotta Neilson, will assume the name-role. Leah Kleschna ascends far above the plans of the ordinary drama. It is a play with a message. Its directness, simplicity, and power are irresistible.

The situation is that of a woman burglar reformed by the kindness of the man whose house she attempts to rob. In a word, it proves that human nature is the same in every breast and if the right appeal is made to people who go astray there is always a chance to lead them back "into the light." Superbly enacted by a cast of Broadway players, staged and invested to the extent of many thousands of dollars and the story told fully in forty reels, Leah Kleschna will mark an epoch in the history of motion pictures in the city of St. John. The Keith interests are but fulfilling a promise made at the opening of their new house in providing this advanced form of entertainment. Theatre parties may reserve box chairs by communicating with the Imperial office.

**HAIR CAME OUT BY HANDFULS**

With Dandruff and Itching Scalp. Scalp Covered with Small Pimples. Used Cuticura Soap and Ointment. Now No Trouble At All.

553 Jane St., Toronto, Ont.—"I was first troubled with my hair getting brittle and later dandruff and itching scalp. I was afraid to comb my hair as it came out by handfuls and the itching was so severe. The trouble kept me from sleeping. My scalp was covered with small pimples which seemed to rug into one another and form a scab. The dandruff was so bad I was afraid to comb my hair as it made it show so plainly. It looked very badly. I was thinking of having my head shaved but I was not sure. For a long time I tried several other remedies but they did not cure it. After some months I picked up a paper with the Cuticura Soap and Ointment advertisement and sent right away for a sample of Cuticura Soap and Ointment. On using just the sample my trouble was better. I used six or eight boxes of the Cuticura Soap and Ointment. The itching stopped and my hair came in quite thick and now I have no trouble at all." (Signed) Mrs. H. Blager, May 27, 1913.

It costs nothing to learn how pure, sweet, effective and satisfying Cuticura Soap and Ointment are in the treatment of poor complexion, red, rough hands, itching scalp, dandruff, dry, thin and falling hair, because you need not buy them until you try them. Liberal sample of each mailed free, with 25-cent book. Send postcard to Foster Drug & Chem. Corp., Dept. D, Boston, U. S. A.

GLASS OF SALTS CLEANS KIDNEYS

If Your Back Hurts or Bladder Bothers You, Drink Lots of Water

When your kidneys and your back feel sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This harmless salt is made from the acids of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also, to neutralize the acids in urine, and no doubt you will wonder what became of your kidney trouble and backache.

POSITIVE HAIR GROWER FOUND AT LAST

Greatest discovery of the age SAGEINE—grows hair in thirty days. Costs nothing if it fails. Men and women whose hair is falling, who are growing bald and gray, whose heads are scaly and itchy from dandruff—even those who have been bald for years—have now the opportunity of having lots of hair. SAGEINE is Professor's LaFontaine's great discovery of how all can have glorious hair. Mr. H. H. Young, of 843 Bryant Street, Buffalo, writes that SAGEINE has grown a handsome head of hair for him after he had been bald three years. We have hundreds of letters with just such wonderful proof. If you are troubled with baldness or prematurely gray hair, or lifeless, stringy or matted hair without lustre; if you have dandruff or itchy scalp, try a bottle of SAGEINE at our risk. One bottle will convince. And it costs but 50c. for a large treatment in a fine shaker bottle so that it is easily applied. SAGEINE is as dainty as you like it. It makes handsome hair for men and women and brings out a natural rich wave. Chas. R. Wasson, sole agent. Other stores don't have SAGEINE.

MUSCULAR RHEUMATISM Muscular rheumatism exists in two forms: Acute and chronic. In acute muscular rheumatism there is first noticed a dull pain in the muscles which gradually increases. This pain often shifts from one muscle to another, and the working of these muscles makes the pain very severe. Muscular rheumatism is a blood disease and should not be neglected. A proper treatment should begin with the first symptoms. Rheumatism is recommended by the foremost people everywhere because it drives all uric acid poisons from the blood and enriches it so that the system becomes healthy and free from the tortures of rheumatism. Get a bottle of Rheumo today and rid yourself of rheumatism. Sold in St. John only at Chas. R. Wasson's.

DRUNKENNESS Is a curable disease, which requires treatment. The ORRINE treatment can be used with absolute confidence. It destroys all desire for whiskey, beer, or other intoxicants. Can be given in the home. No sanitarium expense. No loss of time from work. Can be given secretly. If after a trial you fail to get better, your money will be refunded.

ORRINE is prepared in two forms: No. 1, secret treatment, a powder; ORRINE No. 2, in pill form, for those who desire to take voluntary treatment. Costs only \$1.00 a box. Come in and talk over the matter with us. Ask for booklet. Wasson's Ltd., five Rexall Stores.

The bride was charmingly gowned in a traveling suit of two-tone velvet with black picture hat with white plumes, the latter being the gift of an uncle in the south. After the ceremony the company were served with a wedding lunch. PENSION YOUR WIFE!

You may leave your wife "well fixed" when you die. But her lack of business experience in administering your estate may cause it to dwindle away and in a few years leave her penniless. If, however, you invest in an Imperial Life policy, you can direct that the Company pay to her a regular yearly income as long as she lives. Under this provision the Company guarantees to pay not less than twenty yearly instalments. In this way you can relieve your widow of the anxiety, trouble and risk which the investment of the insurance money would involve if paid to her in a lump sum at your death. If you would like to know more about this and many other liberal features of Imperial policies write for particulars now. Your doing so will place you under no obligation. It may save you a lot of future anxiety.

PROPOSED PLANT FOR T. McAVITY & SONS LTD. ST. JOHN, N.B. Oct. 10<sup>th</sup> 1913.

The above sketch shows the proposed plant of T. McAvity & Sons, Ltd., to be erected on the site recently secured by this company, situated between the old Westmorland Road and the great Marsh road, extending from the Methodist cemetery to Russell street, comprising twenty-two acres. It is proposed to call for tenders early in the present year for the erection of a very large part of the entire plant.

The buildings first to be proceeded with will consist of the machine shop, moulding shop, power house, pattern shop and storage, core building, warehouse, administration building and garage and stable. These buildings are required in connection with the iron business conducted by this company, and are most urgently needed to take care of the ever increasing orders in this line. The product from this portion of the

plant will comprise cast iron water pipe 4" to 80" sizes, a complete line of water works supplies, such as hydrants, gate valves, etc., soil pipe and fittings, indicator posts and valves, flanged and screwed cast iron fittings, car heater fittings, railway stand pipe, ship's pumps, and a general line of iron works.

The remainder of the buildings are to be used in connection with the brass manufactures of the company which will be constructed at a later date. All the buildings to be erected are to be of steel and brick with concrete foundations absolutely fireproof and equipped throughout with the latest fire extinguisher apparatus. When the proposed plant as shown is all completed it will furnish employment for 1,800 to 2,000 people.

The architects and engineers who have been preparing the plans and specifications are one of the best known firms on the continent and have spent the past twelve months in visiting all the principal plants of the same kind in Canada and the United States. The result of their investigations will be to give the company the most up-to-date and modern equipped plant in Canada, embodying all the newest improvements in labor saving devices of every description.

It is also the intention of the company to put up malleable and steel foundries just as soon as the demand is sufficient to warrant the expenditure. These buildings will likely be placed on the property to the north of the great Marsh road bordering on the Marsh creek, comprising eight acres, which is also owned by Messrs. McAvity.

SASKATOON HAD A PROSPEROUS YEAR

Saskatoon, Jan. 2.—(Special)—For the year 1913 Saskatoon's building permits were \$4,458,846. Bank clearings, \$96,084,728. Postal stamp sales, \$129,940. Customs revenue, \$838,878.

TEARING UP THE RAILS

(Chatham World) Forty-five men with an engine and cars, are engaged in tearing up the rails

of the Chelmsford section of the Canada Eastern, and the work is so difficult at this season that less than a quarter of a mile a day is covered. The sleepers have to be left. It is costing more to tear up the rails than they are worth for scrap. The men have been expecting an attack from exasperated settlers along the road, and would get out and leave the rails alone if a few rifle balls should strike uncomfortably close to them. It would not be at all strange if the people though peaceable and long suffering should arm themselves and warn the crew of wreckers to get out. The Liberal organizer for New Brunswick is, we hear, having moving picture films of the tearing up process made for use all over the province in the next federal election.

SCHR. HELEN MONTAGUE DAMAGED IN COLLISION

Portland, Me., Jan. 2.—The three-masted Boston schooner Helen Montague, lumber laden, from Calais for New York, lost her mizzenmast and received other injuries in a collision at the entrance of the harbor today with the coal-laden six-master Edward B. Winslow. The Winslow suffered no damage and no one on either vessel was hurt.

HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist. As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is acid in the stomach, usually due to, or aggravated by, food fermentation. Acid irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent. of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, a teaspoonful of bisulphated magnesia, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisulphated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G.

PROSPEROUS BLACK'S HARBOR

(St. Andrews' Beacon.) If there are hard times in Canada, Black's Harbor hasn't found it out. The Connors Bros. fish factory is working night and day putting up sardines and other sea products. On Monday sixty hogheads of fish were worked up. The market price is now \$5 per hhd. The firm's saw mill is in operation, and Mr. W. D. Clark, of Flumes Ridge, is engaged in lumber cruising for them. The new company has been organized to take over one of the company's fox farms. In addition to all this industry, a moving picture house has been opened, Connors Bros. having bought the picture machine operated at Chatham by the Canadian Stores.

TWO STEAMERS BUILDING. The Miramichi Foundry and Machine Works has contracted to build two tow-

ing steamers for the Miramichi Lumber Co. The boats will be 67 ft. long and 6 ft. draft, and are intended for the

loading of logs and saws. The hulls and machinery will be built by the contractor.

DR. J. D. MAHER MAKES OFFER OF A GREAT TRIP TO COST NOT A CENT

Trip to Pacific Through Canada and Return by States With Stop Privileges Wherever Desired

It is seldom indeed that such a splendid and genuine offer is afforded the public as that which appears on page 3 of this evening's Times and bear in mind it costs you nothing. Just think of an opportunity to see this glorious country of ours from the Atlantic to the Pacific, going by way of the world-famed Rockies and returning home by way of the United States with an opportunity of attending the great Panama Exposition, traversed through California orange groves and snow-peaked mountains with freedom to stop-off and visit any city en route you may wish!

Yet this is the offer that Dr. J. D. Maher the North End dentist, is offering his patrons for this year, as will be seen by his advertisement today which is interesting and should be carefully read. He is making a similar offer to the people of Nova Scotia in connection with his office at Halifax, where he does a big business.

The condition on which this enviable trip may be obtained is very simple—if you prefer you may receive \$100 in gold—and no one questions but Doctor Maher will fulfil his promise.

If experience in handling thousands of patients and extracting hundreds of thousands of teeth is any criterion and if "practice makes perfect" then surely, he and his assistants are in a position to provide superior work in all lines of dentistry for his offices are always busy. The ideas he advocated and practiced some years ago in regard to the examination of children's teeth in the public schools are well remembered and are gradually being forced to the front and are today one of the most vital questions that occupy the attention of dental associations.

The time is near when both medical and dental school inspection will become an accomplished fact.

The drawing for the prizes will be carefully looked after by respectable citizens and some one is sure to get them.

The Boston Dental Parlors will likely be busier than ever during the present year. The result of the drawing for the contest that closed on Dec. 31, 1913 will be announced in the near future.

Spanish Railways Blocked By Snow. Seville, Spain, Jan. 2.—The coldest weather experienced here in twenty-eight years prevails today. The trains from Madrid are stalled in the snow thirty miles from Seville, the thermometer today recorded 5½ degrees below freezing.

**What Will 1914 Bring To You?**

Here's a New Year Resolution that put in effect NOW will insure your having a tidy surplus safely and profitably invested before the close of 1914:

**THE RESOLUTION**

**"I resolve to start a Partial Payment Plan investment with J. C. Mackintosh & Co."**

**T**O the man or woman, dependent on salary for a living, the necessity for such a New Year's resolution being made and kept should appeal with irresistible force.

The sense of security and financial independence given by a reserve fund, safely invested, is well worth all the economy and personal sacrifice that it ordinarily entails.

With the institution of our Partial Payment Plan last August, we enabled many men and women to make a start towards the accumulation of a reserve fund with whom such a course would otherwise have been impossible.

Since we have just cut the initial deposit in half, it is now twice as easy to make a start as before, and we anticipate recognition of the plan to widen correspondingly.

Here are the new terms of our Partial Payment Plan:—\$10 down and \$10 monthly buys any one bond or share of stock on our list; \$20 down and \$20 monthly buys two; \$30 down and \$30 monthly buys three; \$50 down and \$50 monthly buys five;—and so on, according to your circumstances.

Under the plan your account is credited with all bond interest and stock dividends, as declared. In most cases these credits will more than offset the carrying charges. In fact there are many good securities on our list, yielding 6 per cent. and upwards with safety, which would give you a net return during the period of payment of over 4 per cent.—or more than if you deposited the amounts month by month in the savings bank. And, of course, on completion of your payments you would receive the full income from your security.

As a preliminary to putting the New Year's resolution into effect, we suggest that you send for the explanatory booklet—with which we will send our January "Investment Offerings." Address our St. John office, please.

MR. GOULD'S RAILWAY PLANS

A. R. Gould, president of the St. John Valley Railway Company, in Montreal yesterday, said that the proposed line through Maine for which he had secured a charter recently, would make a short line through to Halifax, and although the C. P. R. had nothing to do with it, any railway will be able to use it from Andover to Quebec, a distance of 111 miles, it will be an electrical road. Operations are to begin early this year. As regards the southern section, Mr. Gould said it would cross the St. John river about thirty miles up from St. John. The Kennebecasis will also be crossed and a junction secured at Rothsay. In two years, he thought, the road would be in readiness for use.

PROVERB PICTURE No. 1

What well-known English proverb does this picture represent?

A Gila's a Gila, But Not a Monster

By "Bud" Fisher

MATTY'S BIG LEAGUE GOSSIP

BY CHRISTY MATHEWSON THE GIANTS' STAR PITCHER

(Copyright, 1914, by the Wheeler Syndicate, Inc.)

It was not so very long ago that a picture of "Connie" Mack in the newspapers was a rarity, but lately many fans are getting fairly well acquainted with the Athletics' leader by seeing photographs of him on the bench directing the Athletics during a game and holding the inevitable score card with which he is supposed to give his signs, although I doubt this very much. I believe the score card is mostly a stall. "Connie" has broken himself of photographer's shy-

ness such an extent now that he is no more timid in front of a camera than are the moving picture actors. I see running around the streets of Los Angeles going to "locations."

What is the explanation of this and of such talks as this by "Connie" long known as the sphinx of the game—"If Joe Tinker is worth \$250,000, I had I have covering second base for my club. Eddie Collins is surely worth just four times that amount, which is \$1,000,000," said "Connie" recently, according to interviews with him which I saw in the coast papers. "To prove that I am right just look at the two records of the players."

It takes only a little thing now to set Mack off interviewing, whereas, in past years you could not get an interview of an opinion out of him with a pair of dentist's forceps. He is ready and willing these days to give his views on matters pertaining to baseball. And the reason is that the Philadelphia owners believe that the club will draw better if the fans hear and see "Connie" more frequently, and he seems to be working along these lines. In other words, the development of baseball in the last few years has proved that the team with the most "color" is the best business proposition and that the fans like the intimate stuff.

They tell a story about "Connie" Mack after the world's series of 1910 when the tall Irishman won the world's championship for the first time by beating the Chicago Cubs. He was riding down town on the Philadelphia subway when two young men started discussing the team. They fell to talking about Mack, and he overheard the conversation.

"I don't think it is so much 'Connie' Mack as his players that win 'em," said one of the conversationalists. "How can he amount to much when nobody ever see him, and he just sits on the bench?"

"They say he frames up all the plays" declared the other.

"He may frame them up, but who puts them across?" asked the first. "Why, I have been watching the Athletics play for years, and I wouldn't know 'Connie' Mack if I saw him."

The tall Irishman, who was hanging to a strap, directly in front of where the two young fans were sitting, leaned down and said in his drawl way—"Get acquainted with me, I'm 'Connie' Mack, and I believe you are right when you say the boys should get the credit."

SPORT NEWS OF A DAY, HOME AND ABROAD

**THE TURF**  
A Unique Colt.  
The New Zealand broodmare, Lady Darling, has produced a five-legged colt foal to King's Guest. The youngster is doing well, despite his malformation. The extra leg, which is small and well defined, is attached to the knee of the off foreleg, and seems to cause the foal no inconvenience.

**CURLING**  
Coming East.  
D. M. Bradon and F. J. Rochon, of Winnipeg, left on Friday night with two strong rinks to take in the Lindsay, Ontario, bonspiel, and also play in other Ontario towns.

**BASEBALL**  
Knabe Denies the Report.  
Philadelphia, Pa., Jan. 3.—Otto Knabe, second baseman of the Phillies, denied that he has signed to manage the Baltimore team of the Federal League.

**Larry No White Hope.**  
Larry McLean, the Giants catcher, took part in a bout in a Harlem hotel on Saturday night with Cy Semour, a veteran ball player, and lost the decision. His hopes for mastery over Jack Johnson are shattered.

**With the Federals.**  
It is said in New York today that if New York is admitted into the Federal League, Toronto will be dropped, though that city is anxious to retain its franchise.

The Federals continue their raids on the major and minor leagues, and the names of six prominent players are announced who have decided to affiliate with the new league.

Jack Miller, recently traded to Pittsburgh to St. Louis, will manage the Toronto club, if that club is retained, or play for Pittsburgh. King Cole, a Yankee pitcher, is said to have jumped to Chicago, and Frank Smith, of Montreal, has signed with Pittsburgh. Harry Howell, formerly of the Browns, and a minor league umpire, will manage the Indianapolis team.

Fred Lichtlenic of Montreal puts little faith in the story that Frank Smith has signed a contract with the Pittsburgh team. "Smith is too sensible a ball player to do anything so crazy as that," he said today.

**Carlstrom Released to Royals.**  
Albin Carlstrom, first baseman of the Boston American team, has been released to the Montreal Royals, according to an announcement made by Secretary Reilly, of the Boston Americans. Six players were released to minor leagues, including the veteran pitcher, Chas. Hall. The Boston National management has signed for next season, Jack Martin, a former twirler of the New York Americans, who was later with the Rochester club in the International league.

**HOCKEY**  
Most Come East.  
Toronto, Jan. 3.—George McManara, of the Toronto professionals received a wire from John Murphy, manager of the Halifax Crescents, stating that Walker and Kyle, who have been out with Jack Marshall's Toronto professionals, must report to the Maritime League. These players both played with Montreal last season and the league has decreed that all players who belonged to the defunct Moncton aggregation shall become the property of the Sydney team.

**New Glasgow.**  
Montreal Stars—Ottawa has pronounced the New Glasgow hockey organization legally dead, and in order to avoid funeral expenses, it is removing to the capital members of the departed club. The club may be dead; the players who composed its team seem to be very much alive, and Ottawa is alive to their good qualities. But 't is right to call anybody, or anything dead, without giving the supposed dead one a chance to speak.

**Crescents Defeat Socials.**  
The Socials went down to defeat before the Crescents in Halifax last evening by a score of 7 to 5. This is the second time the Socials have lost to the Crescents in this season. The score was fast and clean, only three penalties being given.

The Middleweights

(FROM T. S. ANDREWS)

Milwaukee, Dec. 31.—If Tom McCarey, a Los Angeles promoter, has succeeded in matching Jimmy Clabby and Jack Dillon over the marathon route during January, he is to be congratulated. The match is one that should attract attention from one end-of-the country to the other, and if it is made at the legitimate middleweight limit of 158 pounds, or even 155 pounds, four hours before the contest, it should be recognized as a match for the American championship in the middleweight class, thus settling the question of a title against all legitimate middleweights.

There will no doubt be a protest from a few middleweights about the country, such as Frank Klaus, George Chip, Leo Houck and Eddie McGoorty (who is in Australia at present), but it will be the best way to get matters straightened out once more. The winner should be bound to meet the recognized aspirants and give each a chance at the title. The title has been in dispute ever

since Stanley Ketchel was killed, simply because Billy Papke, who succeeded him to the crown, outgrew the class, as did Johnny Thompson, who defeated Papke, thus leaving all in a muddle. However, if Clabby and Dillon can meet over the long distance route it will do away with some argument about the title. It will also be a fight worth going to see, for it will bring together one of the cleverest boxers in the country and one of the best fighters, which is usually a pretty good combination.

Bob Mola, considered one of the toughest fighters in the ring, either bumped into a tough nut at Brooklyn, N. Y., the other night, or Bob has gone back since he fought Jack Dillon. Bob met a young middleweight, named Johnny Howard (not Jimmy Howard of Memphis) and the young man put Robert down twice with well-delivered blows, but not for more than a count of one or two. It only goes to show that, no matter how tough he is or how much a man can stand, there will come a time when he cannot resist the punch that floors. A year ago Bob was considered a star middleweight, but he took on flesh and soon developed into a "commission weight." Now he says he is back around the 160 pound mark, but he will have to train more and show better form if he expects to class with the rest of the middleweight stars.

**NEGLECT THE CARE OF YOUR SCALP AND YOUR HAIR WILL BECOME A DISGRACE**  
HERPICIODE  
The hair is more exposed and hence more liable to accumulate dust and dirt than any other portion of the body. In spite of this the hair receives, as a rule, the least attention and no real effort is made to keep it healthy. If the dandruff germ is allowed to work unmolested and the scalp becomes crusted with dirt accumulations, one may expect the hair to die and fall out. There is no cause for surprise in this phenomenon; it is a natural and happens in every instance where the care of the hair and scalp is overlooked. The one sure remedy which prevents the loss of hair and permits a healthy luxuriant growth is found in Newbro's Herpicide.

The dandruff cannot remain on a head to which Herpicide is regularly applied. The hair ceases to fall. The terrible itching stops almost instantly. That is what Newbro's Herpicide does. Newbro's Herpicide is 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded. Send 10c in stamps for booklet and sample to The Herpicide Co., Dept. R., Detroit, Mich. Applications at the good barber shops. E. Clinton Brown, special agent.

### FORMER DRAWINGS!

IN JANUARY of last year our first drawing—for work done in connection with our St. John offices—was held at the office of the St. John Globe, on which occasion J. M. Robinson, Esq., Banker and Broker, and the present energetic president of the Board of Trade, Commissioner Agar and Ernest Smith, Esq., Manager of the Royal Bank officiated as scrutineers on behalf of the public interest.

The result of the drawing was that Mrs. Placide Bourque of Milford, N. B. was awarded a free trip through the West Indies, all expenses paid or the choice of one hundred dollars \$100 in gold—she decided to accept the \$100 in gold.

Miss Agnes Owens, 16 Gilbert's Lane, St. John, was awarded the trip to New York.

At the second drawing in July last, for work performed at the St. John offices—Mr. J. M. Robinson again acted as scrutineer together with Philip Grannan, Esq., M. P. P. and the result was that Mr. Matthew Briggs, Coburn, N. B. received forty dollars (\$40.00) in gold and Mrs. John Akerly, 8 Barker St., St. John, was awarded a trip to Boston.

At Halifax the first drawing in January 1913—for work performed at our Halifax offices only was held in Halifax board of Trade rooms, ex-Mayor J. A. Chisholm and Mr. Saunders the efficient and popular secretary of the Halifax Board of Trade acting as scrutineers.

On that occasion Mrs. Donald Cummings, 57 1-2 Louisburg St., Halifax won the trip through the West Indies on the Pickford and Black line, or the choice of one hundred dollars (100) in gold and decided to accept the \$100 in gold.

Mr. John Greenough, 59 Coburg Road was awarded the trip to New York.

At the second drawing for work done only at our Halifax offices the interests of those concerned were carefully looked after by J. M. Robinson, Esq., president of the St. John Board of Trade and Philip Grannan, Esq., M. P. P. for the city of St. John.

Capt. John Willetts, Payne St., Sydney, C. B. was awarded the forty dollars (40) in gold and Miss Siteman of Dartmouth received the trip to Boston.

So you see you have every assurance that your interests will be fully guarded at the drawing of the big California trip!

### THE ONLY CONDITION NECESSARY FOR THIS GREAT TRIP

A FREE TICKET carrying a chance for this Grand Free Outing will be given to each and every person who has but one dollar's worth (\$1.00) of any kind of dental work performed at our St. John offices any time between Jan. 1st, 1914, up to and including Dec. 31st, 1914. If you have \$10 worth of dental work done, such as teeth cleaned, filled, extracted, artificial teeth made, crown or bridge-work, you will receive ten free chances, and so on, but bear in mind it is not the number of dollars spent that wins the prize—the expenditure of but one dollar for the best dentistry obtainable may incidentally win you the prize!

The same conditions as published in the press at the time of our first big prize offering will prevail, and we assume no responsibility beyond what we made public at that time, likewise reserving the same rights as were fully explained.

Should the prizes not be claimed within what we consider a reasonable time after the result has been publicly announced in the press, we will award them to the next ones on the winning lists, as we do not wish to shirk our responsibility in the matter.

Every purchaser at our St. John offices of one dollar's worth (\$1.00) of our celebrated tooth paste or mouth wash at 25c. a tube or 25c. a bottle will be entitled to a chance for this big trip.

People throughout New Brunswick who cannot reach us for dental work will accordingly have an opportunity of participating in this drawing and at the same time obtain the best tooth paste on the market. No family can live properly without the aid of a tooth brush and our tooth paste is just the thing, whether it be for the care and cleanliness of your natural or artificial teeth.

### A CAMPAIGN OF EDUCATION!

Our object in offering these big prizes is to instil the public mind with the importance of looking after dental requirements which are daily becoming more and more pronounced. We wish to impress this fact most emphatically. EVERYBODY REQUIRES THE SERVICES OF A DENTIST. Incidentally—we are frank enough to admit—we are anxious to enlarge our own practice which has already grown to immense proportions and we accordingly solicit your patronage. If perchance you do not care to patronize us or are unable to conveniently reach us, our educative advertisements will, undoubtedly, be the means of inducing you to patronize some other dentists and there are some excellent ones in private practice in this city and other parts of the Province.

WE WERE THE PIONEERS OF PAINLESS DENTISTRY and our famous Hale method which is used exclusively at our offices is known all over Canada, as is also our superior workmanship both of which have brought us testimonials from Governors, Premiers, Judges of the Supreme Court, Clergymen, Physicians, Dentists and thousands of others.

We were the first to advocate the examination of school children's teeth which is gradually being forced to the front and which will soon receive attention in our public schools. We claim—and we defy contradiction that we have done more to bring the subject of Dentistry home to the people of the Maritime Provinces than any other institution here.

OURS IS THE ONLY RELIABLE ADVERTISING OFFICE IN CANADA.

SHOULD the winner not wish to accept this excursion ticket to California we will pay the winner \$100 in Gold, or if the winner should prefer we will hand over the money to any institution in New Brunswick he or she may name.

REMEMBER that in this drawing absolutely no charge is made for the trip, you not only receive more than an equivalent for your money in obtaining the best possible dentistry at the lowest possible fees, but you likewise get this opportunity gratis!

### A FREE TRIP TO BOSTON!

A FREE TICKET entitling you to a chance for the Boston trip will be given for every 25c. or multiples of 25c. spent at our St. John offices for work within the above period of time. Every 25c. purchase of our tooth paste or mouth wash at our offices will also entitle you to a free chance for the Boston trip. Hence, whilst it is rather improbable still it will be possible for a person spending one and a quarter (\$1.25) to win both prizes!

Four persons may club together and buy \$1.00 worth of our tooth paste, and in case of winning the big prize may arrange to divide it between themselves.

Special attention will be paid to mail orders.

JUST THINK what a start in life for a child with \$100 in the bank! JUST THINK how good you would feel if you heard to-night that you were the winner of such a trip! How lucky others would say you were, and yet this may be your's for nothing!

Don't Delay! Make good New Year's Resolutions and start at once. Call and see us. No charge for examination!

## TWO BREAKS BUT IS TWICE CAPTURED

### Beckett's Revolver Rings Out In The Pursuit of Hartley Kirk

The preliminary examination in the case of the King vs. Hartley Kirk charged with attempting to escape from lawful custody, was begun in the police court this morning. Kirk was arrested about a month ago and was sent to jail for begging in the streets and pretending to have only one arm, while the other was doubled underneath him. Yesterday Kirk with sixteen other members of the chain gang, was at work in Delhi street, and when the guard was not looking, he made a bold attempt to escape.

W. A. Beckett, one of the guards, pursued and captured him in a car on the I. C. R. track. He had hidden under a seat. As the guard was bringing him back, Kirk made another get-away. Beckett then fired several revolver shots into the air and, after chasing the prisoner, caught up to him and brought him to the police station.

The case was postponed until the first of the week.

## STILL REFUSES TO ANSWER; SPELLMAN TO JAIL AGAIN

### Youth Continues Obdurate When Asked To Give Evidence in Liquor Case

In the police court today, Thomas Spellman again refused to give evidence in the case against Cornelius McHugh, of Brussels street, charged with having sold liquor to Spellman, who is a minor. Police Sergeant Scott, today testified that when he notified McHugh to appear in court, McHugh told him that Spellman had bought liquor from him, but had told him that he was twenty-one years of age. The sale was made on October 1.

Spellman answered preliminary questions put to him by Police Clerk George A. Henderson, who is conducting the prosecution, but when he was asked on last Saturday if he had ever been in the defendant's bar-room, he replied that he had nothing to say. He was then asked several other questions, but refused to answer any that would testify against the defendant. Finally, when he told the court he refused to answer, he was again sent to jail until he should make up his mind to do so.

Bruce Addison, uncle of Spellman, said that the boy would be nineteen years old tomorrow, and that he had seen him under the influence of liquor twice within the last eight months.

The magistrate reminded Spellman that he had pleaded guilty to being drunk after he was arrested several days ago, and he is also charged with swearing and violently resisting the police, all of which makes his being fourteen months in jail, unless he will give evidence in this case.

The case will probably be resumed next Saturday.

## FINDS NEW ST. JOHN

### Captain Henshaw Here After Seventeen Years

### SEES MARKED GROWTH

Progress Substantial as Evidenced by Class of Buildings Being Erected—Now in Command of Fire Steamer

It seemed to be a new city that he was visiting when Captain H. A. Henshaw arrived here recently on his first visit in seventeen years. The great development of the harbor facilities, the new industries which have sprung up and the large increase in building operations made it hard for him to believe that such a change could have taken place. Not that he was really surprised that such progress should be made, for his long experience in the mercantile marine has enabled him to judge accurately of the possibilities of this port and its commerce and to predict for St. John a much greater future than even the present rate of development indicates.

Captain Henshaw sailed from St. John for many years as skipper of the schooner "Syanara," one of Joseph A. Likely's fleet. He left St. John seventeen years ago and is now commodore of the United Fruit Company's fleet of eight steamers, with headquarters in Boston. He arrived in St. John on Christmas eve to spend the holidays with his wife and two sons, who were the guests of Dr. and Mrs. J. W. Smith. Mrs. Henshaw left today for Wolfville, N. S., accompanying her sons who are resuming their studies at Acadia and Captain Henshaw has left for New York to rejoin his ship.

Speaking of his impressions of the present day St. John, Captain Henshaw said that he had noted many improvements. The West St. John harbor facilities have all been developed since he left the city, and he found there finely equipped railway and steamer terminals, with the new grain elevator and new government wharves indicating the scale on which still further developments are to be carried on. Courtenay Bay as a harbor for ocean steamers was new to him, but he was deeply impressed with the opportunity afforded there for a good harbor and said that when the plans for terminals are completed, St. John will be second to none on the Atlantic coast.

The construction of such buildings as the new armory, the sugar refinery, the Bank of British North America, the new post office and others, he said, showed that the progress which is marking the new era in the city's history will be of the most substantial character.

The congestion caused by the rapid increase of the population was noticed by the captain and he looked to the development of the suburban extensions of the street railway to relieve the pressure within the city limits. He believed that an electric railway from St. John to Hampton would prove a great advantage to the city.

The vessel which Captain Henshaw commands is the Pastore, a twin screw steamer 500 feet long, of 5,000 tons register, and steaming seventeen knots an hour. She carries a crew of 152 and accommodates 150 first class passengers, and is especially fitted for the fruit carrying trade. Her route is from New York to Kingston, Jamaica; Colon, Panama; Port Limon, Costa Rica; Havana, Cuba, and thence to New York.

The round trip being made in eighteen days.

## GOOD TEMPLARS HOLD FINE NEW YEAR'S DAY GATHERING

Thorne and Dominion Lodges, I. O. G. T., met with No Surrender Lodge in Fairville on Thursday evening and a very enjoyable time was spent. A large number were present from each of the lodges and all had the most encouraging reports to make and the forecast for the order in this community seemed to be of the brightest. During the evening a pleasant and lengthy programme was carried out, consisting of an address by E. N. Stockford, G. C. T.; reading, L. DeWolfe; song, Chas. McEachern; recitation, D. C. Fisher; speech, D. Burgess; solo, Miss B. Campbell; recitation, Fred Cunningham; duet, Charles and Henry McEachern; reading, William Wood; song, Wm. Stymest; speech, C. Corrigan; speech, Harvey Arbo; reading, Mrs. E. Kinspatrick; recitation, Miss Miller; speech, Robert McEachern, and choruses.
