THE ALDERMEN STAYED AWAY FROM MEETING

Council Members Who are Opposed to Committee Meetings in the Mornings or Afternoons Showed Their Displeasure By Their Absence This Morning

Certain members of the common council who are opposed to the idea of holding committee meetings in the mornings or afternoons decided to show their disapproval by staying away from the meetings even though their absence prevented the city's business from being transacted, through lack of a quorum.

A special meeting of the water and sewerage board was called for 11:30 o'clock this morning but although the chairman was on hand together with Ald. Hayes and Scully, the other members of the board did not put in an appearance.

These present at the meeting had an informal discussion on the claim made by P. A. Barbour, engineer, for his services in connection with the Loch Lomond water extension.

U. S. STEEL ON THE BOURSE

J. P. Morgan Trying Hard to Have American Stock Listed on the Paris Exchange

New York, June 25.—A Paris dispatch to the Times says that J. P. Morgan arrived in Paris on Tuesday and immediately took up personally the matter of listing United States steel on the Bourse.

It appears that he has induced M. Galland, minister of finance, to withhold announcement of his decision for the present and to listen to the views of M. Serret, under control of the currency, who believes in the bank's status of reaching the legal difficulties without direct action for new legislation.

DOG SAVES A CHILD

St. Louis, June 25.—Rags, a dog, was his tail proudly because he had paid his debt of gratitude to the children of Ed-wardsville.

After Rags was restored to liberty through the efforts of the children, he winter a home was given him by Misses Minnie Ridgeway, a five year old, and one of the little ones who put their pennies into a fund of \$1.25 to bring Rags' release from the dog pound where he had been caught by a dog catcher.

Rags rescued Minnie from a perilous situation in which her life was endangered.

After Rags was restored to liberty through the efforts of the children, he winter a home was given him by Misses Minnie Ridgeway, a five year old, and one of the little ones who put their pennies into a fund of \$1.25 to bring Rags' release from the dog pound where he had been caught by a dog catcher.

CONCILIATION BOARD HOLDS FIRST MEETING

Trouble in Springhill Mines Will Be Dealt With Next Week

Springhill Mines, N. S., June 24.—(Special)—The conciliation board to settle the trouble between the C. U. M. W. and the Cumberland Railway & Coal Co., met this morning and on the request of the men's counsel, C. R. Smith, the chairman, adjourned the sitting for a week.

PLATFORM FELL; MANY HURT

Ruston, La., June 24.—More than a score of persons were injured when a platform collapsed near the building of the summer normal school here this afternoon.

V. G. R. Vickers, general manager of the Dominion Express came in on today's Montreal train.

EMPRESS MADE A FASTER TRIP

Exciting Race Across the Ocean by White Star and C. P. R. Liners.

Quebec, June 24.—A great deal of interest attaches today to the prospective arrival tomorrow of the White Star steamer Megantic and the C. P. R. Empress of Ireland. The bulletin boards of the various newspaper offices displayed the progress of these vessels from point to point, as they made their way up the St. Lawrence, and when it became known that the Empress had overtaken and passed the Megantic enthusiasm was manifested in almost all directions.

HE WAS NOT KILLED

Oscar Lewison Who Was Reported to Have Been Killed in Europe is All Right

New York, June 25.—A cable message from Oscar Lewison, the husband of Edna May, reported last night to have been killed in an automobile accident on the European continent, was received by Martin Vogel, attorney for the Lewison family here. The cablegram read "Acot, Washland. No foundation in report, both well."

SWEEPED AWAY BY SWIFT CURRENT

Cobalt, Ont., June 25.—(Special) Drowning accidents up the river are coming fast, the latest being Joe Desnoyer, Frenchman, who was swept away by a swift current in the river with two others.

FREDERICTON NEWS

Horses Arrive for Next Week's Races

Fredericton, N. B., June 25.—(Special)—Eight horses belonging to Isaiah Morrell, of Brunswick, Maine, have arrived here for next week's races.

OBITUARY

Miss Mary Dunlop

The friends of Miss Mary Dunlop will regret to learn of her death, which occurred yesterday afternoon at 4 o'clock.

CRISIS NEAR IN GERMAN HOUSE

Berlin, June 25.—The ministerial crisis is receiving widespread attention. The members of the Reichstag gathered in crowds in the lobby this morning to discuss the situation.

MR. HAZEN'S BLUFF CALLED

The correspondence published today places responsibility for holding up the Valley Railway negotiations where it belongs. Mr. Hazen and his government have caused a delay of at least a year. The premier's statement that he had made a definite proposition to the federal government is shown by the letter of Hon. Dr. Pugsley to be incorrect. It was suggested to Mr. Hazen that he secure the necessary legislation to enable him to make a definite proposition to the federal government, but he neglected to do so. The truth is that Mr. Hazen was and is more anxious to divide the federal government than to have the Valley Railway constructed. He has, however, made a failure of the attempt to place himself in a position to negotiate the railway.

Hon. Dr. Pugsley, who desires to see the Valley Railway built, makes the suggestion that the provincial government do now make a definite proposition, engaging to obtain the necessary legislation to make it effective, and place upon the federal government the responsibility of accepting or rejecting it. This proposition must embody provisions as to the character of the road to be built, the grades, etc., and a clear statement of the terms that will be acceptable to the provincial government and legislature.

As the case stands today, Mr. Hazen is responsible for the delay. He was asked to give information as to the details of his general proposition, but did not comply with the request; nor did he seek the necessary legislation. Those who desire the early construction of the road will naturally resent the attitude of Mr. Hazen, and hold him to account for his conduct.

Hon. Dr. Pugsley has invited the provincial premier to take up the question in a business-like manner, and has showed him a way. Mr. Hazen cannot very well ignore the suggestion, now that the whole correspondence is made public. If the railway is built within a reasonable period it will be because the minister of public works has exposed the character of the provincial government and forced Mr. Hazen into a position where a continuation of his obstructive policy will bring upon him the heavy condemnation of the people whose interests he has sacrificed in the political game he is playing. Stripped of the garments of pretence, Mr. Hazen is not an imposing figure. He was a failure in the federal arena; he is a failure at premier of the province.

ONTARIO HOSPITALS

The following review from the Labor Gazette of the contents of the thirty-ninth annual report of the inspector of prisons and public charities upon the hospitals, charities, etc., of the province of Ontario, shows that the province has many of these institutions, and is liberal in its provision for their proper maintenance. The reviewer says:—

"The annual report on the public hospitals, refuges and orphanages of Ontario for 1908, states that there are in Ontario 89 hospitals, 34 refuges, 30 orphanages, 3 homes for incurables, 2 convalescent homes, 2 hospital asylums, and 28 county houses of refuge. There were 48,971 patients under treatment in the hospitals during the year. The expenditure on hospitals has greatly increased in recent years, a spirit of liberality having been manifested among the public in contributions towards their maintenance. In 1908 the total expenditure on hospitals was \$857,034, but in 1908 the expenditure was \$9,721,024.28. The treatment of consumptives is referred to at some length in the report. The system of small local sanatoriums is recommended as preferable to large institutions. The Ontario government makes a grant of \$4,000 to every municipality establishing a local sanatorium for consumptives, and pays \$3 per week, for all patients for whose maintenance \$4.90 per week or less is contributed. Educational work has been carried on with regard to consumption by demonstrating the modern methods of treatment by means of an exhibit, which was shown in many places in Ontario. The establishment of public dispensaries with visiting nurses attached is strongly urged."

The school book policy of the Hazen government has been further developed. Mr. A. D. Thomas has been made government vendor of school books. This and other supporters has been provided for, and a Federation of correspondents notes the fact that this is the fourth addition made to the staff in the departmental building since Mr. Hazen set out to pursue a career of administrative economy. Other faithful party men will be encouraged to think out jobs that would suit them, and to press for recognition of their claims. It is urged by the premier's organs that he could not be expected to produce great results in fifteen months or so, but an exception must be made in the matter of looking after his friends, and discovering offices for them to fill, at public expense.

The publishers of the Vancouver city directory claim that the city now has a population of not less than 100,000. It has been growing very rapidly during the last four or five years. The World, reviewing the facts set out in the new directory, says:—"The most notable feature of the story of Vancouver's growth is the enormous increase in the number of firms and companies doing business in the city. In the 1908 directory an increase of 113 new firms was shown over the previous year. For 1909 the increase is 635, a striking testimony to the general and steady increase in business in the city. There are now, according to the directory, 3170 firms and companies doing business in Vancouver."

The Liberal nominating convention will be held on Monday evening to nominate a candidate for the by-election in St. John county. Hon. C. W. Robinson, leader of the opposition, is expected to be present and to be one of the speakers. Liberals from the parishes who were in the city yesterday state that the party is ready to stand by its record and elect a Liberal to succeed Hon. Mr. McKeown. The electors have been impressed by the failure of the Hazen government to keep its pledges, and are not at all moved by the argument that they should support the government because it is in power. Whether the election is brought on at once, or later in the year, the Liberals will be ready for the fray.

Justice Ritchie's interpretation of the law relating to beer shops, and his decision to enforce it, will have a good effect. There is no disposition to discriminate. All must be treated alike, and no subterfuge permitted to interfere with the operation of the law. Everybody knows the intent of the law, and those who seek deliberately to evade it cannot expect the sympathy either of the public or the law-abiding dealers.

Germany is having trouble over the financial schemes of the government. A government bill to extend the inheritance tax to direct heirs, and thus increase the revenue from this source, has been rejected by the reichstag. There is some talk of a dissolution of the house, and rumors of the resignation of Chancellor Von Buelow. The German dreadnought programme complicates the financial situation.

Ten deaths and scores of prostrations caused by heat was the record of yesterday in New England, and in New York the conditions were as bad or worse. This should cause an increase in travel to the cool and delightful climate of the province.

If the nauseating odor at the fountain in King Square is due to infusoria, the board of health should come to grips with the water board.

LEFT PUBLIC BEQUESTS

Maine Town and Colleges Profit From the Generosity of the Late Dana Estes Boston, Mass., June 24.—Bates and Bowdoin Colleges, Hampton Institute, the Boston Art museum and public library and the town of Gorham, Me., are all benefited by the bequests left in the will filed today of the late Dana Estes, publisher, explorer and connoisseur.

Bates College receives a fund sufficient for the establishment of a permanent scholarship; \$2,000 is left to Hampton Institute for the same purpose; three rare terra cotta figures are left to Bowdoin and the town of Gorham, Me., is left \$2,500 to be invested and held with the accrued interest until the centennial of the settlement of the town when the amount may be spent in celebration or permanent improvements.

AN OLD VIOLIN

(Helen A. Saxton, in Appleton's Magazine.) In far Cremona centuries ago This little sighing, singing thing was born Of dreams 'tis fashioned and its tones are With sweetness only centuries bestow; But give an artist hand the richest bow, And hark the tumult of impassioned strings! The Heaven we mislead, the earth we vainly sought Within our shaken pulses ebb and flow. Innumerable voices through it rain The music of an unremembered past, Dim echoes of illusive "old" and "new" In requies sob or ringing trumpet-blast, Are merged to one sweet melody that holds the heart of every listener fast.

IN LIGHTER VEIN

Horatio (the good one)—"Pa says if I'm not good he'll take me to the circus. Thomas (the bad one)—"Aw, rats! Yer had't better say that, 'cos yer pleases. Yer do only 'excuse his got."

WON AND LOST.

Hyker—"There's an artist who made a fortune painting landscapes." "Yes, he lost his fortune later painting townscapes—red."

AS A LAST RESORT.

Uncle—"Johnny, wouldn't you like to be an actor?" "Not as long as there's a show for me to become a baseball pitcher or a circus clown."

HAD IT HIS OWN WAY.

Harry was sedly given to talking, and by way of reproof Peter families remarked one evening, "You boy, wish you had some sense that speech is silver and that silence is golden."

UNCHANGED.

So far as we are able to judge, the fishing trip was no better than it was last year, and the big ones are getting away just as often.

FATHER'S MISTAKE.

"That young man who has been calling on my daughter," remarked Papa Gotrok, "is a very nice fellow, but I don't like to see him marry my daughter."

UP THE LADDER.

Up the actor's life I'm drawn, Matly boozed, 'd like to climb to fame upon rounds of—Philadelphia Bulletin.

NIPPED IN THE BUD.

It took the youth a long time to write the so-called funny rhyme, but he best gift said "was 'de grand, and friends pralided to beat he had said they had seen worse in Black's Magazine, they said, would pay big money to see it. He was a big fellow, and came back wet with the editor's tears of vain regret."

PROVINCIAL NEWS

New Brunswick

A. Wheaton, who has a contract on the railway between the Drummond Iron Mines in Gloucester county and Manchester, says that upwards of two hundred men are now on the work and more will be put on and the work rushed along. There was a big row over and celebration at the St. Marys Indian reserve Wednesday night following the wedding of Denny Brooker a Nova Scotia brave, and Kathleen Atwin, one of the prettiest Indian maidens on the St. Marys reservation.

There was an unusual call on the Sussex fire department early Tuesday morning. A first class car on the midnight train from St. John caught fire from a leak in the gas tank and the department was called out. The leak was detected on the train's arrival and when the brakeman examined it with a lantern there was an explosion and a big blaze. The passengers hustled out of the car and prompt measures were taken to extinguish the flames. Considerable damage was done. There was a delay of forty minutes.

A very sweeping order has been issued by the Canadian and Dominion express companies notifying their agents in Kings county that no packages of liquor may be delivered in the said county, unless affidavit is made by the consignee that such liquor is for his own personal use. The ruling follows convictions recently secured. The legal advisers of the companies have furnished written opinions to the effect that agents are liable as common carriers as to personal use of liquor is secured from the consignee.

Horace L. Titus formerly of Sussex, but one of the staff of the Victoria Hotel, St. John, and bride, spent part of their honeymoon in Titusville, the guests of Mrs. George A. Titus.

Mr. and Mrs. James Manchester and Miss Sadler, St. John, spent the week-end with Mr. John Manchester at Sussex. Mr. Manchester, who is president of the Bank of New Brunswick, was a visitor at the local branch.

On Friday, June 18th, Mr. and Mrs. George McFarlane, Londonderry, celebrated their golden wedding. Both are hale and hearty and look good for many more years. Mr. McFarlane is 75 years of age, while his good wife is 72. They are both natives of the North of Ireland and came to this country some forty-eight years ago from Londonderry. Settling in Kings county they prospered and raised a large family. The children living are Robert and Alexander at home, John and George, Great Salmon River, and Joseph, proprietor of the Central Hotel, Sussex. Mrs. James Anderson, Walker Settlement and Miss Annie, at home. Later on it is the intention of the family to hold a reunion in honor of the family to hold a reunion in honor of Mr. and Mrs. McFarlane have been the recipients of many hearty congratulations.

The Woodstock Sentinel says: Joseph Oldham, of Woodstock, N. B., while insane attempted suicide Wednesday evening, June 16, at the home of his brother-in-law, A. J. Way, Lewiston, Me. Mr. Oldham was on a visit, has shown signs of insanity for several days, relatives say. They wished him taken to Augusta Tuesday, so Dr. W. H. Hawkins went with the man to the hospital. Mr. Oldham said he had received, as no hearing had been held in Lewiston, according to the law's requirement. Dr. Hawkins was obliged to take the man back to Lewiston. Mr. Oldham was removed to the Central Maine General Hospital where it is said he will recover.

NEW STEAMER ON BOSTON ROUTE

The latest addition to the Eastern Steamship Company's fleet running between Boston and St. John—the Ransom B. Fuller—arrived in port last evening a little after 7 o'clock with a good passenger list. The steamer is in command of Captain Mitchell, one of the most popular of the masters sailing under the Eastern line flag. After fifteen years he has been sailing out of this port on steamers of this line, being on the Bay State, Penobscot and latterly on the Calvin Austin, which he left on Sunday to assume his present command.

The Fuller is a natty craft seven years old. She is not so large as the Calvin Austin, though larger than the Governor Cobb. The steamer was built at Bath (Me.) in 1902, is 277 feet long 40 feet beam. She is 1,800 tons gross and 1,024 net. The Fuller is beautifully finished throughout and has 177 state rooms. She is a side-wheeler.

Captain Mitchell reports fine weather out of Boston but thick fog between Portland and here. Other officers on the Fuller are: First Pilot Newman, Second Pilot Ward, Purser H. Pike, Steward Thomas Hickey and Bugmaster Frank O'Leary. The Fuller will be in the costliest service.

DANGEROUS DAILY TIPTING.

Dr. Crofts said the daily tipping of the moderate drinker is more dangerous than when the state of drunkenness is not reached—than occasional hard drinking, because the body tissues become soaked with poison. He then told of experiments made on German school children where, with the consent of the parents, the principal gave the pupils a half wineglass of light wine, containing 8 per cent. of alcohol. They thereafter made from one to seven more errors in a dictation exercise related, showing the professor found that under the influence of liquor men memorized only sixty figures after sixty repetitions, while before taking liquor the same men had memorized one hundred figures with only forty repetitions.

Railroad engineers had been unable for three days after drinking a bottle of wine to see red danger signals or to hear bells as clearly as when they had abstained.

A DRUNKARD'S COUNTRY.

Sir Samuel Chisholm said the church had found nothing so hard to overcome as the drinking habit and the liquor traffic. "Scotland," said he, "has the reputation of being a drunkard's country. While I desire to hold up the character of my fellow countrymen, I will not deny the charge."

Describing the drinking characteristics of the nation, Sir Samuel said the Englishman drank his beer and became stout, stupid, muddled and dazed, but that England, Germany, France and America, with all their drinking of beer and wine, do not have the reputation of Scotland.

"The Scotchman," said he, "drinks whiskey, and the fiery liquid goes to his head, making him a spectacle for the gods and men, and the police, too. The price the drinker pays in Scotland each year is sixty thousand lives." He told of the legal remedy tried and being tried for the liquor traffic.

"It has been said in America that the Forbes-Mackenzie Sunday Closing law is a failure," he said. "I have also heard it said in America that we do not have to pay our police in Glasgow, their expenses being paid by the taxes from the tramway cars. The one statement is as absurd as the other. "The Sunday closing law is a success."

THE EVENING TIMES, ST. JOHN, N. B., FRIDAY, JUNE 25, 1909

HOW PREMIER HAZEN FAILED TO KEEP VALLEY ROAD PROPOSALS

Correspondence Plainly Shows That the Responsibility for Holding up the Project Rests Upon Premier Hazen and No One Else—Federal Authorities Willing to Assist But New Brunswick Premier Side Stepped the Proposal

The friends of Hon. Mr. Hazen in this city have made an effort to fix the responsibility for the delay in connection with the valley railway project on the dominion government. Within the last few days the following correspondence has taken place between the Valley Railway Company and Hon. Messrs. Hazen and Pugsley. The letters bring to light the exact position of the matter for the first time and make interesting reading. They are as follows:

St. John, N. B., June 9, 1909. C. Fred Chestnut, Esq., Mayor, etc., Fredericton, N. B.

Dear Mr. Chestnut—I understand that you are the chairman of the delegation that went to Ottawa to urge upon the dominion government the granting of aid to the St. John Valley Railway, and I understand from some of the delegates that you returned from Ottawa with the understanding that an answer would be given by Sir Wilfrid in a few days to the proposal which you made.

I now write to ask you if you have received any word from Sir Wilfrid Laurier or any member of the government in regard to the matter. I would like very much to know, as at an early date as possible, if the government of Canada is willing to accept the proposal made by me, as premier of the province, to the effect that we would guarantee the bonds of the road if the government of Canada would undertake, on its construction, to operate it as part of the government railway of Canada, and to pay to the province forty per cent of the gross earnings. As the government of New Brunswick is anxious to do what it can to facilitate the construction of the road and as other negotiations may depend upon the answer of the dominion government it is most desirable that a reply should be furnished at an early date.

The only information which I have received in regard to the matter was contained in a telegram from Mr. F. B. Carvell, M. P., to Mr. J. J. F. Winslow, on April 28, and which reads as follows: "Before the dominion government can give a positive answer they require information as to details of proposition. They suggest the local government make satisfactory agreement to operate."

It would appear from this telegram that a conference in regard to the details of the matter is desirable, and, believing this, the government at its meeting yesterday, appointed a committee consisting of the provincial secretary, the solicitor general and myself to take the matter up with a delegation from the St. John Valley Railway and the dominion government at such time as may be mutually convenient for the purpose. It is to be held in order to expedite matters and to save unnecessary delay.

I am writing you as chairman of the delegation and as one deeply interested in the project so that you will understand that this committee of the government will be willing to accept the proposal made by me, as premier of the province, or otherwise, in fact, some of the delegates stated that the premier suggests that they should wait until he should give them his answer.

If you have not received any reply up to the present time the dominion government possibly may be in a position to give you an answer without any conference or further deliberation, as some time has elapsed since you presented the case to them.

Yours very truly, (Sgd.) J. D. HAZEN, Fredericton, June 15, '09. Hon. J. D. Hazen, Premier, etc., St. John, N. B.

Dear Sir—In reply to yours of the 9th inst. I beg to say that same was laid before a meeting of the St. John Valley Railway Company, which was held this afternoon, with the result that a committee was appointed to immediately take the matter up with the federal government, with the idea of bringing about a conference, upon the lines suggested by you, at an early date.

You will be kept advised as to what progress is made in that direction. (Sgd.) C. FRED CHESTNUT, Fredericton, N. B., June 15, 1909. Honorable William Pugsley, Minister of Public Works, Ottawa.

Dear Dr. Pugsley—I herewith enclose a letter received by Mayor Chestnut from Premier Hazen.

At a meeting of the St. John Valley Railway Company held today I was instructed to write to you and if possible to find out if the government of Canada is willing to accept the proposal made by Mr. Hazen as premier of the province to the effect that the New Brunswick government would guarantee the bonds of the road if the government of Canada would undertake on its construction to operate it as part of the government railway of Canada and to pay to the province 40 per cent of the gross earnings. This proposition is the same as was laid before the committee of the dominion government at Ottawa by the New Brunswick delegation in April last.

The company think it would be advisable for the representatives of the local government, the representatives of the railway company and the representatives of the government to meet at some early date when all details could be gone into and the local government could by order-in-council enter into an agreement with your government as to the operation of the road and with the company as to the guarantee of the bonds.

We should like very much to have this meeting at an early date. (Sgd.) J. J. F. WINSLOW, Ottawa, June 19, 1909. Re St. John Valley Railway.

Dear Mr. Winslow—I am in receipt of your letter of the 15th inst. enclosing copy of letter from Mr. Hazen to the mayor of Fredericton, dated 9th inst. You ask if it is possible for me to inform you if the government of Canada is willing to accept the proposition made by Mr. Hazen, as premier of the province, to the effect that the New Brunswick government would guarantee the bonds of the road if the government of Canada would undertake on its construction to operate it as part of the government railway of Canada and to pay to the province 40 per cent of the gross earnings.

So far as I understand the matter, no definite proposition has yet been made by the provincial government, and I regret that the suggestion contained in the telegram of Mr. Carvell, M. P., quoted in Mr. Hazen's letter, was not acted upon. In that telegram Mr. Carvell stated that "before the dominion government can give a positive answer they require information as to details of proposition. They suggest the local government make satisfactory agreement to operate."

If the requisite legislation had been passed by the provincial government to operate the road, the dominion government would have been in a position to submit a definite proposition to the federal government.

ment, which, from the reception given to the delegates by the prime minister, would, I think you will readily believe, have received most sympathetic consideration if it were not to do this year's task has been lost.

However, that was not done, and the important question now to consider is how best to facilitate the early commencement of this most important undertaking. As to the holding of a conference with the dominion government at present, I would point out to you that the finance minister in England, and several of the other ministers are also absent, so that there will be no opportunity of having a full meeting of the government for some time. The suggestion contained in Mr. Carvell's telegram not having been acted upon, the matter has not been further considered by the federal cabinet.

Being sincerely desirous of assisting the construction of the railway by every means in my power, I would like to make a personal suggestion for the consideration of your company and that of the provincial government. It is this: That the government make a definite proposition engaging to obtain legislation authorizing the guaranteeing of bonds for the construction of the road, and to pay to the province 40 per cent of the gross earnings.

The proposition, of course, should contain a description of the character of the road to be built, for instance, as to the grade, which should not exceed four-tenths of one per cent; as to the bridges, which should be of steel; the culverts, of masonry; the least 50 pounds per yard, and generally, as to the road being up to the standard of a first class trunk line.

You will readily understand that the railway must be built to a high standard which the most favorable grades obtainable, so as to reduce the operating expenses as much as possible, in order to warrant the government making the proposal of parliament of the operation of the road for 40 per cent of the gross earnings. In view of the fact that it takes, on an average, one mile of road to cost \$100,000, it is imperative that the Intercolonial to pay the operating expenses.

Of course, if the operating lease were made, the Intercolonial would have to engage to keep the roadbed and rolling stock in proper repair and to make necessary repairs from time to time.

I think you will agree with me that the quickest and best way to arrive at a satisfactory solution of the question is for the provincial government to make a definite proposition along these lines. Then the responsibility will be thrown upon the federal government of either accepting or rejecting it, or, if it is not accepted, suggesting a modification of the proposal.

Again assuring you of my earnest desire to co-operate in every way possible to secure the construction of the road, I am, Sir, yours very truly, (Sgd.) WILLIAM PUGSLEY, J. J. F. Winslow, Fredericton, N. B., Fredericton, N. B., June 23, '09. Hon. J. D. Hazen, Premier, etc., St. John, N. B.

Dear Sir—I am enclosing herewith, for your consideration, a copy of a letter received from Mr. Hazen, as premier of the province, proposing to the dominion government to propose legislation in your favor of the 9th inst. re St. John Valley Railway proposition.

MISS HERSEY HAS CAPTURED THE TOWN

St. John Dramatic Club's Production Last Night Was a Complete Success—Will Be Repeated Tonight and Tomorrow.

Undoubtedly the premier production by local talent presented in St. John for a decade at least was last night's performance of "Miss Hersey from Jersey," a three-act comedy by the members of the St. John Dramatic Club, under the direction of Theodore H. Bird. The play was staged by an S. R. O. house at the Opera House.

Few touring organizations can equal the high standard of excellence maintained by the local company. Not a dull moment throughout was recorded and without one exception the performance was faultless from the rise of the curtain in the first act until it rang down at the climax of the third act. The specialties were all that could be desired and the stage setting was one of the best yet viewed at the theatre.

The plot centres around the endeavors of James Goodwin and Harry Davis, who, in the first act, are introduced as the sons of a wealthy merchant, who, in the second act, are revealed as the sons of a poor man. The plot is a masterpiece of comedy and the actors are all of high caliber.

The production was a complete success and will be repeated tonight and tomorrow.

Lost Energy Restored by Psychine.

Mr. Geo. Pratt, of Clarkson, Ont. says: "Four years ago my son Wilber was so run down, thin and emaciated, that we thought he was going into a decline and feared he would never pull through the severe cold of the winter months. The boy had no appetite and seemed to have lost all energy and interest in life. He was altogether in a terrible shape. His condition caused us the greatest anxiety."

"Fortunately I procured PSYCHINE for him and this soon gave him a new lease of life. It is really remarkable how rapidly this splendid medicine brought about a change. After taking one or two bottles he was hardly recognizable as the same youth. PSYCHINE effected a speedy cure and he was soon able to work about on the farm again. Today he is a robust young fellow, self-reliant, stronger than his teachers. Nothing in the way of hard work seems to make a man of him. He speaks so highly of PSYCHINE, it certainly cured our boy and made a man of him. It prevents the children taking cold, wards off that terrible malady La Grippe and completely fortifies them against disease. It should always be used for colds, a gripe, we-riness, loss of appetite, etc. Send to Dr. T. A. SLOCUM, Limited, Spadina Ave., Toronto. Sold by all druggists and dealers, 50c and \$1.00."

PSYCHINE THE GREATEST OF TONICS FOR HEALTH AND ENERGY

PROVINCIAL SANITARIUM

Medical Commission on Tuberculosis Campaign Holds Meeting Here.

The commissioners appointed by the provincial government to work in conjunction with the Provincial Association for the Prevention of Tuberculosis met last evening and completed organization. Dr. J. R. McIntosh was chosen chairman and Dr. Botford, of Moncton, secretary. The other commissioners are: Dr. P. R. Inches and Dr. A. F. McAvaney, of this city; Dr. J. H. Ross, of St. John; Dr. J. J. Bourque, M. P. E., of Richibucto.

There was considerable discussion on plans and also with reference to site for a sanatorium. Bids for the site at Wellsford offered by H. W. Woods, M. P. E., and that at Riverside offered by Dr. J. H. Ross, which have been more prominently mentioned, an offer was received from Kenwick. The impression seems to be, however, that the choice need not necessarily fall to a site because of its being offered free. The location must be considered suitable and it is necessary to purchase a site, which it was felt would not be expensive.

It was decided that further information be obtained and another meeting will be held early next month.

LA TOUR SECTION

At a largely attended meeting of La Tour Section, Temple of Honor, last evening, it was decided that the section would attend the funeral of John C. Thomas, a body this afternoon. The co-operation and attendance of sister temples and sections was requested.

The section also decided that it would unite with the other sections of the city and attend in one large body at the temperance meeting to be held under the auspices of the Every Day Club on the Victoria grounds on Sunday afternoon, July 4.

It was also decided that this section will be open all through the summer months so as to keep matters well advanced, and the installation of two officers, which will be held in August.

After the initiation of candidates and the installation of two officers, a banquet was delivered by S. E. Logan, Herbert Mayes, R. Hunter Parsons, and others.

On July 1, R. Hunter Parsons, Edgar Campbell, S. E. Logan and the grand worthy templar, Alderman William Lewis will pay an official visit to Tilley section, T. H. Gibson (N. B.).

The adjourned session of the grand temple will be held in the Alexandria Temple this evening, when the reports of the committees held over from the last meeting will be presented.

GLEAR THE FILTERS! Your Health Depends On It.

In its course around the body the blood is continually gathering up waste matter—worn out tissue and other impurities.

Then it flows through the kidneys, which should filter out all this poisonous material and empty it into the bladder. But sometimes the kidneys get sluggish and clogged up with waste matter, and fail to do their work properly. Then the trouble begins. Instead of leaving the kidneys pure and life-giving, the blood comes out still loaded with Uric Acid, which it carries to every part of the body. Settling in joints and tissues, this Uric Acid very soon causes Rheumatism, with its untold suffering.

The natural, sensible course then is to clear the filters—the kidneys—with "Father Morriessy's No. 1." One tablet three times a day, followed by a glass of cold water, will bring relief in a very short time. Joints will limber up, the blood will be purified, and the Rheumatism cured. See at your druggist's, or from Father Morriessy Medicine Co., Chatham, N. B.

Another Water Scare Last Night The City Was Without Water on the Lower Levels for a Little Time—Trouble at Marsh Bridge.

It looked for a time last night as if the city were to face with another water scare. For two hours water was obtainable only on the lower levels and many citizens were carrying the necessary fluid from wherever they could get a supply. It was not until 11 o'clock that the water supply was restored.

ANOTHER WATER SCARE LAST NIGHT

The City Was Without Water on the Lower Levels for a Little Time—Trouble at Marsh Bridge.

It looked for a time last night as if the city were to face with another water scare. For two hours water was obtainable only on the lower levels and many citizens were carrying the necessary fluid from wherever they could get a supply. It was not until 11 o'clock that the water supply was restored.

The trouble was at the Marsh Bridge at one of the two receiving chambers. The men have been working there for some time and an excavation of considerable extent has been made. A twenty-inch pipe, which had been fitted into the chamber and braced temporarily came out about 7:45 o'clock. The great volume of water rushing through the chamber had the immediate effect of lowering the pressure all over the city. The large excavation was soon half full of water which quickly made a way for itself under the street into the sluiceway.

Word of the leak was received in the water office soon after it started but it was nearly 9 o'clock before the water could be turned into the other chamber. The pressure at the water office for an hour between 8 and 9 o'clock stood at zero. At 9:30 the water began to come through the pipes and at 10 o'clock the pressure was again about normal. At midnight the gage showed 200 pounds pressure.

Men were working all night repairing the damage done by the rush of water and it is expected things will be all right again this morning.

PRIZES PRESENTED TO SCOTS COMPANY

The annual presentation of prizes to the members of St. Stephen's church Scots Company took place in the school room last night. A pleasant feature was the presentation of a substantial check to Major James Buchanan by Captain Heas on behalf of the company.

The prizes distributed to the boys were for general efficiency, shooting, attendance and good conduct and were donated by a number of citizens. There was a large gathering of the parents of the boys and the general public to witness the ceremony. Before the presentation of the prizes, the company under the command of Major Buchanan and Capt. Heas, gave an exhibition of drill, which was much appreciated. After this a gold medal, which had been donated by Rev. Gordon D'Kokke for general efficiency during the year, was presented to him.

The prizes were: No. 1 Co., shooting—1st prize, Parls silver cup; Corp. J. Frits; 2nd prize, fountain pen, donated by D. McArthur; Corp. Boyd; 3rd prize, Corp. J. Short; 4th prize, cuff links, donated by W. H. Irving, Pte. McArthur.

No. 2 Co., shooting—1st prize, silver cup; J. McKay; 2nd prize, Pte. H. Gibbs, and book prizes to Pte. C. Ross, Pte. E. Haslett, Pte. M. Brown and Pte. E. Ross. Twelve boys were then called to the front and received good conduct badges for attendance and general efficiency. Following the presentation by Capt. Heas to Major Buchanan the corps was dismissed.

Cough Caution

Never, positively never poison your lungs. If you cough—never from a simple cold—never always from a cold, and pass the irritated bronchitis, you are in danger of contracting a coughing habit. It is a dangerous habit, and one that is hard to break. It is a habit that is often the result of a cold that has been neglected. It is a habit that is often the result of a cold that has been neglected.

Dr. Shoop's Cough Cure is a safe and effective remedy for all coughs, whether they be the result of a cold, a bronchitis, or a pneumonia. It is a safe and effective remedy for all coughs, whether they be the result of a cold, a bronchitis, or a pneumonia.

INTERCOLONIAL RAILWAY

It does seem that women have more
than a fair share of the aches and pains
that afflict humanity; they must "keep
up" must attend to duties in the office or
at home, and must be able to stand up
dizzy spells, bearing down pains; they
must stoop over when to stoop means
constantly aching back, or headaches,
from kidney ills. Kidneys cause more suf-
fering than any other organ in the body.
Keep the kidneys well and health is eas-
ily maintained. Read of a remedy for
kidneys only that helps and endorses
itself and is endorsed by people you
know.

SCH. PHOENIX WRECKED

Machiasport, Me., June 24 - Libby Is-
land, and the graveyard of the eastern Maine
coast, probably became the last resting
place today of the three-masted British
schooner Phoenix, bound from Windsor
(N. S.) for New York with a cargo of
400,000 feet of lumber. The schooner went
ashore on the outside of the island in an
exposed position about noon. Captain
Bentley mistook the position of the Libby
Island while which he thought sounded
further away than it really was and was
among the breakers before he realized his
position.
Captain Bentley, his son and daughter
and the crew of four reached the island
safely in their boat and were given shel-
ter overnight. There was no means of
communication with the shore except by
boat, the island being ten miles out to
sea. A fisherman who brought the first
information tonight said the schooner
probably would be a total loss, but that
part of the cargo might be saved.
The Phoenix was built 26 years ago at
Parsons (N. S.)

GOOD PROSPECT FOR FRUIT

According to all reports there is the
prospect of a fine fruit season. Wholesale
dealers in every quarter of the city are
hopeful concerning not only the Canadian
strawberry crop, but also to raspberries
and peaches.
One dealer said that with the splendid
rains which have been experienced in the
fruit districts and the absence of frosts
there should be no reason why all preserv-
ing fruit should not be plentiful and
cheap.
A largely attended meeting of No Sur-
render Lodge, I. O. G. T., was held last
evening in their hall. Fairville. Chief
Templar Comman was in the chair. After
encouraging reports were received from
Marcello and Thorpe lodges, a short pro-
gramme was enjoyed. Among those tak-
ing part were Charles Hill, Mrs. Gregory,
Mr. Scott, C. T. Brown, Eldon Morris,
W. Myler, R. H. Kilpatrick and Earl
Stephens. Short addresses were also given
by R. H. Parsons, Chief Templar Comman
and C. H. Jackson of Moncton.

A. D. THOMAS GETS A NEW POSITION

He is Appointed Government
Handler of School Books at
\$400 per Year.

Fredericton, N. B., June 24 - After
years of faithful service in cause of Tory-
ism A. Duncan Thomas, keeper of Frede-
ricton Municipal House, has landed a
government job. He will have charge of
the distribution of school books and scribblers at a salary of \$700 per year and
will enter upon his duties on July 1.
Mr. Thomas has had his net out for a
government job ever since the local elec-
tion. He wanted to be high sheriff but
another with stronger claims won and it
was found necessary to create a position
for him. It is not expected that his du-
ties will be very exacting.

The appointment of the staff in the
departmental building here since the
"economical" Hazen government took of-
fice and a net increase of four.
Dr. L. W. Bailey is to leave on Satur-
day for Boston to attend a reunion of
his old classmates who graduated from
Harvard University in 1849. Out of a
class of eighty members only thirty are
now living.
W. B. Colthart, manager of the Royal
Bank here, fell from his bicycle on Car-
leton Street this evening and received a
severe shaking up.
The wedding of Miss Jennie Babbitt,
daughter of the late F. D. Babbitt, of
Gibson, and one of the over of Babbitt
mill at St. Mary's, and W. K. Parlee,
manager of the Herald Publishing Co.,
of the city, is announced for the 14th of
next month. The bride to be is a highly
accomplished young lady prominent in
social circles.
Rev. H. B. Sloat, formerly pastor of the
Olivet Baptist church at Marystown, ac-
companied by Mrs. Sloat, arrived today
on the Boston train. They will spend
some time at Mrs. Sloat's former home
at Marystown. Mr. Sloat was graduated on
19th inst. from Newton Theological Sem-
inary at Newton (Mass.), receiving both
his diploma and B. D. degree upon the
completion of his course. He was also
one of the six chosen to speak at the gra-
duation exercises. Mr. Sloat has now ac-
cepted a call to the First Baptist church
at New London (N. H.), one of the most
prominent Baptist pulpits in the granite
state.

COLLIER'S SHOWS

Collier & Co.'s shows will begin their
engagement at Victoria rink Monday eve-
ning, June 28. The performance is an-
nounced as being all it should be, moral
and refined throughout, while the pro-
gramme will compare favorably with any
other enterprise charging three times the
price. More than twenty numbers are
on the bill and great music of the popular
kind will be furnished by Prof. Star's
band.
The serial acts are said to be highly
sensational, the trained animal numbers
interesting, while many new acts in the
acrobatic and gymnastic line are presented
in the ring and on the elevated stage.

TRIPLE DROWNING AT FORT KENT, ME.

Ferryboat Capsized and Three
Young Girls Were Lost - Brave
Rescue.
Houlton, Me., June 24 - Word was re-
ceived here late today of a drowning ac-
cident in which three lives were lost at Fort
Kent last night. The victims were Celina
Gagnon, 15 years old; Clara Chorrette, 14,
and Isabelle Deprey, 12.
While about twenty young people were
attending the fair of St. Louis parish were
crossing the Fish River in a ferryboat, the
boat struck some submerged obstruction
and at once began to leak badly.
Within a few minutes the boat turned
over on one side and all the occupants
were thrown into the river. Their cries
were heard and a number of men rushed
under the boat a short time afterwards.
Rev. Arthur Dearcy, pastor of the
Catholic church at Fort Kent, was one of
the first to reach the scene and without
hesitation he jumped into the river. He
rescued one of the young women, Miss Epi-
phemia Cyr, who was struggling in a place
where the current was very swift, and
succeeded in getting her safely to shore
unhindered. Rene Cyr made a similar dif-
ficult rescue of another girl, Miss Edna
Daigle.

INTERCOLONIAL RAILWAY FOR DOMINION DAY

"NICKEL" - Capacity Business Continues

WITH TEDDY HUNTING BIG GAME IN AFRICA,
H. & B. TELEPHONE DUET from "The Merry-Go-Round" - H. & B.
FLIRTING DUET from "Miss Pocahontas"
"AN ORIENTAL MYSTIC"
"THE PULVERIZER"
JENNIE EVANS, Soprano
8-PIECE ORCHESTRA

GREAT BIG SATURDAY MATINEE

AFRICAN PICTURES AT THE NICKEL TODAY

Without fear of contradiction the pret-
tiest programme Holmes and Buchanan
have yet put on at the Nickel is their
couple of duets from the reigning musical
successes. The Merry-Go-Round and Miss
Pocahontas, which caught the large audi-
ences last evening with great applause
and demands for more. The stage was set
up a beer garden at one of the big parks.
Miss Jennie Evans appeared as the first-
class summer girl and the telephone
duet, I Won't Be Home to Dinner, proved a
charming novelty. Miss Holmes and Mr.
Buchanan sang it finely and their conver-
sation over the wires was certainly amus-
ing. The second number was Smile on
Me, from Miss Pocahontas, and it too,
was encored lustily. Miss Evans' song, A
Girl, a Night, a Moon, was very catchy
and the orchestra outdid itself.
Today the Nickel will present a sensa-
tional novelty picture in the Selig Co.'s
film, Hunting Big Game in Africa, a series
of startling photographs based on the
Roosevelt expedition. The panthers, lions,
elephants, quail and large in this pic-
ture are exciting to look at and the kill-
ing of a lion in the final scene is un-
usual. The other pictures are to be: The Pul-
verizer, a puzzling Pathe trick, and an
Oriental Mystic. On Saturday the Nickel
will have a bumper matinee, when Miss
Holmes and Mr. Buchanan will do some
very funny things for the kiddies.

BOSTON DENTAL PARLORS, 527 Main Street.

CIRCULATION

The following is the sworn average daily circulation of the Times for the last five months:—

January	6,712
February	6,979
March	7,167
April	7,194
May	7,007

The Times does not get its large circulation through news. It is delivered at the homes. That is the kind of circulation which is of value to the advertiser.

TO ADVERTISERS

We issue at 12 noon, Saturday, until further notice. Advertisers should have their copy at the Times office not LATER than five o'clock, Friday, p. m.

THIS EVENING

"Miss Hervey from Jersey" by the St. John Dramatic Club at the Opera House. Holmes and Buchanan, moving pictures and songs at the Nickel.

Moving pictures illustrating songs at the Star, north end.

Artillery Band will give a concert at Seaside Park.

Marathons and Clippers play on the Every Day Club grounds.

Rev. Dr. McDonald, of Orillia, Ont., will preach at preparatory service in St. Matthew's church at 8 o'clock.

LATE LOCALS

Artillery Band Concert at Seaside to-night.

Ora Leary, the man milliner of the Marr Millinery Co. is now in New York buying midsummer millinery novelties.

Yesterday afternoon, Edward Poole of Grand Bay fell from a load of furniture on Prince William street and injured his head.

Court Log Cabin will meet this evening in Foresters' Hall, Charlotte street. Election delegates to High Court are being nominated. A full attendance requested.

Leslie Dyer, of north end, was taken to the General Public Hospital this morning to have an operation performed in which he will probably have to have one of his ribs, which has become decayed, taken from his body.

Trinity church will hold its annual Sunday school picnic at Westfield Beach on Saturday. As on Saturday the Westfield Outing Association will open its new pavilion, and hold the first of a series of yacht races, this popular resort should be doubly attractive.

The tourist travel on the steamers from Boston has commenced and a large number of passengers for this time of year came in on the boats last night and this morning. The Calvin Austin, in command of Captain Pike, which came direct from Boston, landed 222 passengers this morning, which is the largest number so far this season. Quite a number of the visitors were about to slip today and many of them went east on the noon train.

The schooner Nava sailed from Boston for Bear River last Sunday.

The schooner Eddie Theobald, Captain Theobald, arrived at P. R. from Meteghan, cleared from Weymouth for Buenos Ayres Monday.

The Norwegian bark Aido, 950 tons, has been chartered to carry lumber from Cranston to Montevideo for orders at \$7.25 in July or August.

The schooner Albert D. Mills, 225 tons, has been chartered to carry lumber from Cranston to Montevideo for orders at \$7.25 in July or August.

The Norwegian bark Hebe, 679 tons, has been chartered to carry lumber from Cranston to Montevideo for orders at \$7.25 in July or August.

The Allan liner Corsican was 180 miles east of Cape Race, at 11 a. m. last Wednesday, the 18th, and is due at Quebec on Friday night, and Montreal on Saturday.

Captain Martin Welsh, of the schooner Laska which arrived in Boston on Friday, stated that he sighted the A. M. Nicholson, commanded by Captain John J. Jones, on his way to the north. The latter had been playing in hard luck lately. On his two different trips he sighted two large schools of mackerel, but each time the school was put into the water and brought to the surface by a net, allowing most of the fish to escape. Such as he had secured were being sold.

The Bertha Mills Co. will have delivered heretofore season about 10,000 cords of pulpwood to the mill, of which 10,000 cords are expected to arrive here tomorrow in the Northumberland. The cargo is being forwarded to its destination. The cargo is in four-foot lengths, while the wood which comes from Chatham and Portland, N. B., is sawed in two-foot lengths.—Portland Argus.

According to a message received by R. B. Cronan, owner of the Boston-bark Freeman, wrecked near Palardo, Porto Rico, the sails and some of the rigging have been saved from the craft. The bark had 1,000 barrels of molasses in her hold, but the government had the work of removing these stopped because the most of the lives were endangered. The bottom is out of the bark and she is a total wreck.

The crew of the vessel arrived in New York yesterday. The skipper, Captain John Van Name, will come home as soon as the material taken from the wrecked craft is stowed.

In the police court this morning William Andrews pleaded guilty to profanity on Britain street late last night and also to resistance. Patrolman Marshall stated that Andrews kicked him on the leg and struck him on the neck. He was advised that intoxication is no excuse for an offence and fined \$4, or ten days for profanity and \$16 or two months for resistance.

Matthew Kerr who was taken into custody between three and four o'clock this morning for intoxication on King street was remanded. George Suggen for intoxication on Sheffields street and William Carr for intoxication on Water street were fined respectively \$8 or thirty days and \$4 or ten days. Carr denied that he was intoxicated on St. John street, which Water street is termed by some, but acknowledged that he was under the influence of alcoholic beverages on Water street.

Mrs. Harry Foren has complained to the police clerk that he husband forced her out of their apartments at 222 Sydney St. with her child, without proper apparel and has refused to permit her to re-enter.

Mr. Murphy already has met friends of his St. John days and has been heartily welcomed.

SHE SAYS RAMSEY STRUCK HER WITH AXE

Mrs. Mary Beshara, a Syrian Woman, the Plaintiff in an Assault Case in the Police Court This Morning.

Given into custody last evening by Mrs. Mary Beshara, a Syrian woman, for assaulting her, James Ramsey, aged 48, confronted an accusation of attempt to kill in the police court this morning, and will be committed for trial next week to the county court sitting, which opens on August 24.

Mrs. Beshara testified that she resides near the railway tracks on Erin street. At half past five Ramsey, who is a tenant in a lower flat, was sitting on the stairs, leading to an upper flat, which she and her family occupy. She requested him to permit her to see Annie Anketelle, a tenant, who she stated had been refused and jostled her. He threatened to kill her, and hurrying into his apartment obtained an axe with which he pursued her to the yard, where he struck her, inflicting wounds on her right side. He uplifted the axe to repeat the blow when Lottie Harnet, a tenant, prevented his attempt, and took possession of the axe. Subsequently he swore that he would kill her. She added that the wounds were dressed by a physician, and she suffered agony last night. She was unable to sleep.

She stated that Ramsey beat his aged mother and brother frequently, and last Saturday morning he choked his mother, after which she departed and has not since returned.

Mrs. Beshara also alleged that Ramsey has been consuming in his mother's absence with Annie Anketelle in his quarters. He furnishes the liquor, which is imbibed from bottles openly on the front porch. It is not a rare occurrence she said for Ramsey to be the host of a dozen men in his premises.

Mrs. Beshara also alleged that Ramsey has been consuming in his mother's absence with Annie Anketelle in his quarters. He furnishes the liquor, which is imbibed from bottles openly on the front porch. It is not a rare occurrence she said for Ramsey to be the host of a dozen men in his premises.

Mrs. Beshara further denied that Ramsey secured the axe to protect himself from the onslaught of her husband with a stick, and Grey with a hammer.

Lottie Harnet, the next witness, stated that she was splitting wood in the yard adjoining the house. Ramsey threatened all in the house, and was indulging in abusive language. Eventually he entered the apartment and obtained an axe with which he struck Mrs. Beshara on the side. Harnet said she prevented Ramsey from striking again, and he declared that the Beshara woman conducted a respectable resort and he was in a position to substantiate his statements.

Ramsey subjected the woman to a stringent cross-examination. She stated that she resided with the Beshara family, and Edward Grey boarded with her. She said that she did not perceive Beshara threaten Ramsey or pursue him with a stick, nor did she see Ramsey "rekinning out of the yard with Grey and a hammer in hot pursuit. Her denials exasperated the accused, who resumed his denials that he was "believed" two fires as he was "forming" the house.

Lottie Shearn, a colored girl, was the third witness. She corroborated the testimony of the two women, and in reply to Ramsey said she also resided with Beshara. Boarding with her are her brother and a "Mistah" Jones from Union Alley. Ramsey pleaded not guilty, and asserted that both Grey and Beshara assaulted him in the yard. He added that the trio of women perjured themselves. He was remanded, as he is desirous of obtaining witnesses.

J. A. LIKELY BADLY HURT

He Was Struck By a Log in His Timber Pond This Morning and Sustains a Broken Hip.

Alderman Joseph A. Likely met with a serious accident shortly before noon today in the timber pond adjoining his mill on Main street. He walked down a raft of logs at 11.45, when a stick of timber became detached from a lumber pile on one side of the raft and fell upon him. Three men who were nearby hurried to his side and carried him into his office. Dr. Emery was summoned and after a brief examination ascertained that Mr. Likely had sustained a broken hip. The physician ordered his removal to the hospital, and he was conveyed to that institution in the ambulance. Alderman Likely suffered intensely from the painful injury.

HAD TO GO BACK TO OLD CONDITIONS

Air Brake on the Suburban Train Out of Commission This Morning and Hand Brakes Were Used

Suburban residents who patronize the early morning train scheduled to arrive in the city at 7.45 o'clock, were half an hour late this morning, owing to an accident which put the air brake on their train out of commission for a time. The trouble started at Pandene and the train had to run to Grand Bay under the hand brakes. A message was sent from the telegraph office Grand Bay, and orders were received to proceed to the city under the hand brakes. The progress from there in was rather slow, and at several stations the trainmen being unable to manipulate the brakes quickly enough the train ran past the stations and then was a case of "back up." Finally the Union Depot was reached at 8.25, and the passengers made a concerted rush for their places of business—half an hour late.

This morning's experience gave the patrons of the road a striking illustration of the improvement the air-brake is over the old system of hand-brakes.

BASEBALL TODAY

Two baseball games will be played on the Every Day Club grounds today. This afternoon the Quoddy Indians will meet the Marathons at 3 o'clock and in the evening the sixth game in the series between the Clippers and Marathons will be played. Both games should be fast and a large attendance is anticipated.
