### Tim of Clovervale.

He Has Lost Faith in the News Boy.

DEAR 'TISER:—Praps you spose as I aint wrote none lately that I've give up my literary persuit which aint so. I've been studying Gramer and Classic English. I've alus held the Newsboy in the Press office up to ma as my ideal of a journalist but judjin from the article he wrote for the Press November 28th ultimo. he has lost the sight of one eye, or is gettin, or hopes to get, some 9 \$ job from the Tory crowd when they get the reigns of government again. Mayhap he got enough when they was in power to keep him runnin, for the 17,000 \$ he says Mr. Blair distributed among the N. B. Liberal papers, aint nothin to what the Torys used to pay to their organs. I would like to leave it to the unprejudiced elector to say if the Tories are not to blame for raising the price of printing. Mr. Blair no doubt finds it hard to economise along these lines, for if the Newsboy's appetite aint very ravenous I think if he looks into what his contemporary newspapers used to get by way of boodle. I can understand how he simpathizes with Mr. Pacaud for they say the Press never did get its share of the Tory plunder until the present company got hold of it. Just here I want to say hurrah for Mr. Blair and our winter port. I like a man that can do something for N. B. I just wish to say that Mr. Blair has done more for St. John and N. B. in two years than Mr. Foster ever did in five years and I got the proof of it if he wants it. TIM.

### LIGHT THE STREETS.

The electric light system talked of some time ago has not, and probably will not materialize for sometime to come. In the meantime why not use a few kerosene lamps to illuminate the streets? The ADVERTISER has enquired into the matter and has found that a lamp at the foot of Maple St., one at Taylor's Corner, another at the next street below, and one near the churches would light the streets in fine style. The lamps can be purchased for about \$4 each and the kerosene and caring for them would be an expense easily overcome. Who will take the matter in hand and see what can be done next week?

Since the stores close at 8 o'clock the need of lighted streets is more especially felt.

### Don't Send Stamps.

It has long been the law that no parties could sell postage stamps without a vendor's license, and the authorities are now enforcing the same. It has become habitual to remit stamps as change, and this comes under the penalty of the law. The enforcement is occasioned by the fact that the government has provided the new postal notes, which should be used instead of postage stamps. We would urge our readers to make a note of this.

### That Glassville Meeting.

The ADVERTISER's Glassville correspondent gives a different report from that of the Press' informant. He says: "The meeting at Glassville was held in McIntosh's Hall in the afternoon, and while not largely attended was a satisfactory business meeting. It had been understood that it was a meeting for Liberals only, and as a result only staunch party men were present. The committee and officers chosen at the meeting were: P. B. Millie, chairman; James Miller, secretary. Committee: E. D. Snider, Jos. A. Nixon, Jas G. Lyon, Jas. Ryan and John P. McElvaney. The plan of organization was explained fully to those present and all were agreed to do all in their power to carry it into practical effect. It was stated that the meeting was larger than that held by the Conservatives sometime previous, although Glassville is admittedly a Conservative stronghold. M. Welsh and T. Lynch were unable to be present.

### Peel S. S. Convention.

Peel Parish Sunday School Convention met at Lansdowne on Tuesday afternoon and evening. There was a fair attendance. Miss Maud Jones presided at the organ and there was plenty of good singing in which the alto had a prominent place.

Reports were heard from Peel, Riverbank, Lansdowne, Coldstream, Gordonsville, and East Florenceville Baptist and Union schools. There was much in the reports encouraging to the work. Strong influence existed to get schools to keep open during the Winter months, also to get home departments established in Lower Peel, Riverbank, Lansdowne and East Coldstream. There was much life in Peel school. In Gordonsville the attendance had increased during the season.

Lessons were taught in the afternoon to a large number of children.

Tomorrow's lesson was taught by J. K. Fleming, in the evening.

### The R. & W.

Murdoch Matheson arrived home from Campbellton last Saturday. He has been employed on the Restigouche & Western R. R. He says they have 10 miles of the road all completed and it is expected 40 more will be constructed next season. The Western terminus has not yet been decided upon, but probably it will be Grand Falls. The company looks for a bonus from that town.

Mr. Matheson says Campbelltown is a booming town, the population about equal to Woodstock. Seventy-five new buildings have gone up this year and they have a new school house that cost \$30,000.

WANTED—SEVERAL TRUSTWORTHY persons in this state to manage our business in their own and near by counties. It is mainly office work conducted at home. Salary straight \$300 a year and expenses—definite, bonafide, no more, no less salary. Monthly \$75. References Enclose self-addressed stamped envelope. Herbert E. Hess, Pres., Dent. M. Chicago.

**Hartland and the Sentinel.**

A Hartland correspondent writes as follows to our veteran contemporary;

The Sentinel's editorial "About Hartland" was timely and certainly in a right spirit. A wholesome rivalry between neighboring towns produces a healthy growth, but when that rivalry partakes of the saloon and slum spirit, and consists in club and mud throwing, the time so spent is no credit to either. Hartland seems confident that its future will be one of prosperity and developments but in our growth, we certainly do not wish to see Woodstock go back, and if one half of the things told of by a correspondent in the last issue of the ADVERTISER be true, and we hope they are, then your progressive town must certainly "boom" in the next twelve months.

A word now to my fellow citizens of this pushing, hustling village. Gentlemen, you have made a good start but it is only a start, there should be an united effort of all our people to bring industries here; unless we can bring labor and give employment to the masses, then there is little prospect for future development; unless you can get factories and industries to employ the bone and sinew of the country our village will soon be at a standstill. I would respectfully ask what has become of our board of trade? It came to life with great promises of future service, but for months we have heard nothing from it. Where are you, Board of Trade? Industries are being established all around us and why are you not making an effort to bring some of them here? Wist ye not that you should be about your business. What has become of the corporation scheme, is it dead? We sincerely hope not; an incorporated town is then in position to do business and to look after its interests as it cannot possibly do otherwise.

**Cows Are Scarce.**

J. Frank Tilley, Dairy Superintendent tells the Dispatch that it is only within the last few months that he ever heard a farmer say that dairy cows were scarce in this County. There are more dairy cows here this winter than last. Last winter you could buy one for from \$15 to \$18 while this winter \$25 is a low figure and no one wants to sell at that. The low price of hay and oats and the increasing interest in dairying is no doubt the cause of this change. Mr. Tilley says he wrote to Prof. H. H. Dean of the Agricultural College, Guelph, Ont. and asked him how much a farmer was getting for his oats by feeding them to his cows and making butter that he sold for 17 cts per lb. Prof. Dean answered that oats fed with other grain gave a return of about 38c. with butter at 17c. besides leaving on the soil a more valuable fertilizer.—Dispatch.

**ACTIVE SOLICITORS WANTED EVERYWHERE** for "The Story of the Philippines," by Murat Halstead, commissioned by the Government as Official Historian to the War Department. The book was written in army camps at San Francisco, on the Pacific with General Merritt, in the Hospitals at Honolulu, in Hong Kong, in the American trenches at Manila, in the insurgent camps with Aguinaldo, on the deck of the Olympia with Dewey, and in the roar of battle at the fall of Manila. Bonanza for agents. Brimful of original pictures taken by Government photographers on the spot. Large book. Low prices. Big profits. Freight paid. Credit given. Drop all trashy unofficial war books, Outfit free. Address—F. T. Barber, Secretary, Star Insurance Bldg., Chicago.

**Another Special Offer.**

Almost as Remarkable as the First.

This is the offer: the ADVERTISER will be sent, to NEW SUBSCRIBERS ONLY until the end of next April for only 25 cents.

Don't make any mistakes this time—the longer you defer remitting the less time you will receive the paper for your 25 cents. The earliest birds catch the fattest worms.

Send stamps, coin or script. Address, ADVERTISER Office, Hartland, N. B.

**Who Is To Blame?**

That is the question the FAMILY HERALD and WEEKLY STAR, of Montreal, always asks subscribers who become indignant if they miss a few copies of that wonderful paper, owing to their own neglect in not renewing in good time, and it is a fair question. The publishers long ago warned their subscribers not to wait until January to renew, as they could not guarantee regular delivery if the names were once taken off. Thousands of new subscribers are clamouring to get on their lists and clerks are working day and night to meet the demand, but the publishers certainly cannot be blamed if old subscribers neglect to renew in good time, and consequently miss a few numbers. Many subscribers consider every number to be worth the year's subscription (one dollar), to say nothing of the beautiful premium picture, "THE THIN RED LINE" which is given free to all yearly subscribers.

**Paper Clothing**

'The ever inventive Japanese,' says the Washington Sentinel, 'are now making underclothing of their finely crimped or grained paper. It is very tough, and at the same time very flexible. The paper is not sized, and is not impermeable, and when it has been wetted it is difficult to tear.

One might imagine a paper shirt would feel somewhat stiff and uncomfortable, but it seems that this is not so, and that after it has been worn an hour or two it no more interferes with the transpiration of the body than would one of cotton or linen.'

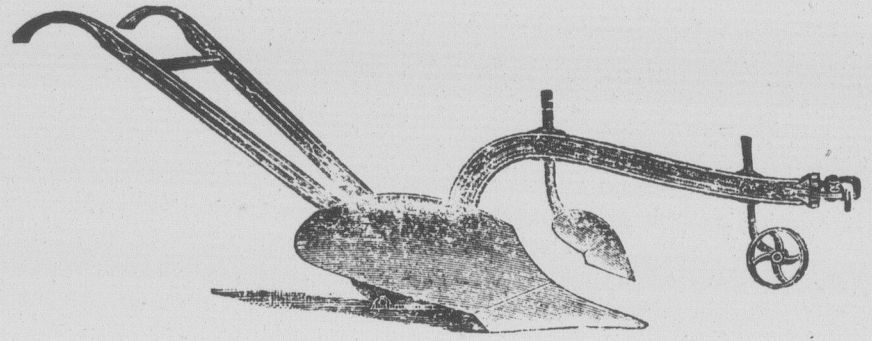

**A Talking Crow.**

The latest curiosity in Bethel, Me., is a talking crow which entertains the boys and girls. The bird was found in the woods over a year ago, when young, having fallen from its nest and broken a wing. It was taken home and cared for, but showed no inclination to talk until a few months ago. It talks as well as parrots, but favors words containing "o," and "Hello, hello, Moses, Ora! Whoa there!" cause the passerby to turn quickly at times.

**Baby Eczema and Scald Head.**

Infants and young children are peculiarly subject to this terrible disorder, and if not properly arrested it will eventually become chronic. Dr. Chase made a special study of Eczema and disease of the skin, and we can confidently recommend Dr. Chase's Ointment to cure all forms of Eczema. The first application soothes the irritation and puts the little sufferer to rest.

Mr. Bliffers—Last year he proposed to a very beautiful girl, and—

Mrs. Bliffers—And she refused him?

Mr. Bliffers—No. She married him.

**Chicken Chatter.**

Sunflower seed is splendid for fowls during molt. It adds luster to the plumage.

Do not crowd the fowls in their winter quarters. It is better to give too much rather than too little room.

Pallets are commencing to lay. Good, comfortable houses and substantial feeding will keep them at it all through the winter.

Use board floors in all your houses. Dirt floors are dangerous and cause many complaints that could be easily avoided.

The litter on the floors of the house and scratching shed should be knee deep, and all grain should be scattered in it. Don't be afraid of the grain being wasted. The fowls will find each tiny kernel.

Fresh green bone is considered by many a perfect food for hens. Some farmers buy fresh meat all through the summer and have more or less fresh bone that could be profitably ground for the poultry if they had a mill. The butcher who drives his wagon to your door will also supply you plenty of bones at small cost.

If the fook is kept confined, the food must include meat or scraps. Wheat and barley are good grain, but a variety should be given, and a good way to do this is to mix several kinds and let them pick out what they want. Hens are early risers and want to be fed as soon as they come down from the roost. See that they are well supplied with clean water and a box of ashes or dry earth to dust themselves in. To keep off lice soak the roosts with kerosene, and with a garden syringe throw hot lime wash all over the inside of the building.—Feather.

**The Present Month of the Closing Year. Must End the Lives of Many if they Fail to Banish Disease**

**Paine's Celery Compound, Earth's Great Medical Prescription, "Makes Sick People Well."**

Another short month and the year 1898 will come to a close. As the year ends many loved and dear ones will pass away, severing ties and associations that will bring untold sorrow, agony and mourning. The victims will come from all classes and conditions of our population.

While it is true we must all leave this transitory life, it ought to be well understood that our years on earth should be threescore and ten or fourscore years.

When young and middle aged men and women fail to reach a good old age, the fault is theirs in ninety cases out of every hundred. It is safe to assert they have violated the laws of nature and have allowed disease to enchain them.

Years ago the attention of that celebrated medical expert, Dr. Phelps, was specially directed to the class referred to who die in middle age. He realized the fact that something far beyond the ordinary remedies and prescriptions of the day was required to meet the varied conditions of suffering humanity. His wonderful life giving prescription, Paine's Celery Compound, was the boon bestowed on the hosts who suffer from the common diseases—penalties of nature for transgressions of its wise laws.

Dr. Phelps found that nervous diseases, blood troubles, liver and kidney complaints, rheumatism, neuralgia and dyspepsia were dragging thousands to the grave every year, notwithstanding all the well directed effort, of conscientious medical men.

This marvellous prescription of Dr. Phelps was a revelation to the world, in that it cured desperate and long standing cases of disease that had baffled the best medical skill.

Since its advent, Paine's Celery Compound has saved thousands, and is still conquering disease every day. No other medicine known to man has ever received such flattering notices and testimonials from prominent men and women and from the entire press of the land. It is the one and only life saver in every case of disease and suffering; it defeats death when the physician is unable to save.

It is to this marvellous banisher of disease—Paine's Celery Compound—that we would direct the attention of all who are run down, tired, sleepless, nervous, debilitated and weak—symptoms of the diseases we have referred to above. It will quickly give to every ailing man and woman that vigor, strength and perfect health that insure and guarantee a happy old age.

FRED H. STEVENS, - Editor & Publisher.

HARTLAND, N. B., DECEMBER 10, 1898.

On Sunday last, lovers of nature were favored with a treat, although the sky was overcast with heavy clouds and the sun did not shine all day. The trees presented a vision rare and beautiful in the extreme. During the very early morning a dense fog arose from the open river and upon everything it touched froze in crystalline beauty. One would imagine the scene to be such as would be expected in the polar regions, or of a morning in Klondoke. A master could scarcely paint a word-picture fairly equivalent to the true picture of Nature in her frosty Sunday garb. Did any of those who gazed upon that magnificent display possess a latent poetic genius they would certainly have been inspired to sing on the occasion. The dark day, and the solemn dead calm made the world a vision of grandeur, rare and sublime.

This was overheard in a Woodstock hotel: Two wellknown Tories were discussing the political situation, and seemed to entertain slight hope of their party's accession to power. Says one "If the Liberals succeed in bettering trade relations with the States in this 'ere Conference, they're in power for twenty years, and we won't be able to help ourselves." This gentleman evidently has greater faith in the strength, popularity, and staying qualities of the present Government than he has confidence in the Conservative party.

The Gleaner in a very silly editorial ridicules the idea of Imperial penny postage and says, further, that the scheme is such a mirth provoking one that "Mr. Mulock is a humorist and doesn't know it." Readers of the Gleaner's pithless comment are minded to apply to Mr. James H. Crockett the adage "a fool and doesn't know it."

Spain took so little interest in her West and East Indian colonial possessions, that she does not know how many islands are to be ceded to the United States. She was never interested enough to count them.—Ex.

If it's Hay Fever that is the bug-bear of your life, you don't know the pleasure of freedom from it till you've tried Dr. Chase's Catarrh Cure.

**Dangerous Coasting.**

There has been fine coasting on the hills during the past week, and the boys and girls have had a fine frolic. On Wednesday evening a party was coasting down Keswick's hill on a "double-runner" when they collided with a horse and sled. The children went beneath the horses feet and some were trampled on but none severely injured. Miss Ethel Boyer was not so lucky for the horse kicked her, rendering her unable to get to her home without aid. The team that was a party in the collision, had no bells, so that the young folk did not hear it coming.

Who would ever dream that in this country of less than six million souls a Canadian newspaper could have a larger circulation than any of the big American weeklies with their seventy-two millions of people? Nevertheless it is a fact. THE FAMILY HERALD and WEEKLY STAR, of Montreal, is the paper that has the proud distinction, and has brought such credit upon Canada. This is the Family Herald's Jubilee year and subscriptions are pouring in simply in thousands. The Family Herald and Weekly Star is being appreciated more than ever, and is the biggest value in the newspaper world today.

**Breach of Promise Case in Aroostock Co.**  
(Correspondence of St. John Globe)

Houlton, Me., Dec.—Aroostock County has its first breach of promise case in a suit for \$10,000 damages for fracture to the heart strings of Miss Julie Violette, a pretty young woman of Van Buren, whose parents are the most prominent people of that busy little town. The young man who is charged with toying with the affections of the young lady, leading her on to the happy thoughts of their coming marriage and then casting her aside and marrying another, is David Martin, also of Van Buren, a well-to-do young man whose parents are also among the well-to-do people of Van Buren.

Peter C. Keegan, of Van Buren, is the attorney who will represent Miss Julie Violette at the trial, and Attorney Thibadeau and Powers & Powers will defend Mr. Martin.

In the writ served upon the defendant is recited the story of the wounded heart and the climax is reached when the declaration is made that David Martin, the defendant, so forgot his vows made with the plaintiff as to marry one Martha Hammond on Jan. 10, 1898.

The case was entered in the April term of court and was continued till the December term, when it will surely be tried unless a compromise is effected before next week. Lawyers on both sides are preparing their sides of the case and a spicy trial may be anticipated. There will be an array of witnesses on both sides and gossips are awaiting the trial with eagerness, as it is seldom, if ever, that an affair of the heart is aired in the courts of this northern clime.

The writ in the usual cold verbiage of the law recites several whereas's and heretofore, all alleging that the plaintiff had relied upon the promise of marriage made by the defendant, much to her injury in securing another offer of marriage, etc. It unfolds the tale that "on May 1, 1896, both plaintiff and defendant being then sole and unmarried, at the special instance and request of the defendant, the plaintiff agreed and promised the said David Martin that she would marry and take to husband said David Martin when thereunto requested and although said plaintiff confiding in the aforesaid promise hath always hitherto refused to contract marriage with any other man and still remains sole and single and was always ready to marry him."

It appears also that they were to have been joined in marriage upon the birthday of truthful George Washington, February 22nd, 1897, at Van Buren, but, alas for the perfidy of man, the marriage bells did not ring out.

It is further alleged that David so far forgot his vows as to make love to another young woman, whom he led to the altar on the 10th of January, this year. Therefore the \$10,000 suit for breach of promise.

**Bristol.**

Rev. D. E. Brooks has been for some weeks confined to his house with a severe attack of rheumatic fever, but we are pleased to state that he is now sufficiently recovering to be out again.

Last Thursday Guy Tupper, and Miss Augusta Sprague daughter of Rev. S. E. Sprague of Beechwood, were married by Rev. D. E. Brooks at his residence, Bristol.

G. S. Wiggins made a visit to Bristol on Monday.

Victoria L. O. L. held its annual meeting on Monday evening and elected the officers for the next year. They are— F. A. Phillips, W. M.; G. H. Boyer, D. M.; W. B. Tompkins, Chap.; John Farley, R. S.; Dr. Wilkinson, F. S.; Walter Tompkins, Treas.; R. W. Bridges, D. C.; A. A. Campbell, S. C.

Mr John Orser and Daniel Brooks Hartland were in the village on Monday.

Robert Dyer and Percy Bell were brought in from the woods yesterday seriously ill with measles.

Prof. Fox and his singing class are practicing for a Concert to be given in the Hall about Christmas.

Mr Issachor Boyer received a despatch yesterday from New Hampshire announcing the death of his daughter Miss Bessie Boyer. She had been in poor health for some time, and about two months ago she went to New Hampshire where she has sisters hoping that the change would benefit her health. The body will be brought home for burial.

Dr Welch of Glassville was in Bristol on Monday.

**Bath News.**

Rev Joseph Parkins preaches in the Methodist church every second Sunday, and on the alternate Sundays, Rev. S. J. Perry preaches in the Free Baptist church. On Sunday evening last Rev. Joseph Noble supplied for Mr. Perry and a large congregation was present to hear the aged man's discourse. Bath has a flourishing Union, Sabbath School. Mrs. Stephen Barker is superintendent.

Mr. Smith of Canterbury, has opened up a shop here for doing watch, clock and jewelry repairing.

The A. O. H. of this place will give a grand ball at New Year's.

R. x Cormier of Centreville, teaches the Bath school, and is engaged for the next term. He is a very popular young man, highly esteemed by all.

Produce comes in to market rather slowly. The oat crop was poor—averaging about 30 to 32 pounds to the bushel. Trade in the stores is good as far as selling goes but the merchants experience difficulty in collecting.

**West Side Notes.**

Readers of the "TISER," after a short respite from literary duties, Nicodemus again makes a bow to the public and offers a few reasonable Notes from the West Side.

The farmers of West Side are casting envious glances across the River to Hartland, with its Cash Produce Market. Bravo! Hartland! Smedley, Jack Frost, or some other power, will give us a bridge and then will the West Side Farmers show their appreciation of Messrs. Butt and Nixon's enterprise.

West Side has lost one of its old time residents in the removal of Chas. Birmingham and family to the land of the Stars and Stripes.

Rev L. A. Fenwick has been conducting meetings in the F. B. Church during the past week. Rev. C. T. Phillips has been assisting him in the work and preached to a large audience Tuesday night, from the words "Prepare to meet thy God, oh Israel."

The Victoria School is making preparations for an Xmas concert and as the Victoria kids excel in this line we look for something grand.

The Misses Ada and Annie Palmer were Victoria visitors Saturday and Sunday last.

Our genial blacksmith, S. T. Sipprell, is seen about his work these days with a seven ly nine smile between his ears and a box of "Canada's Best Fives" under his arm. Cause—the arrival of a little girl on the 4th.

F. C. Baker was in Victoria Tuesday on business connected with his Boot & Shoe trade. He appears to feel satisfied with the outlook and we sincerely hope that his undertaking will prove a howling success.

The St. John Globe says that in 72 years the river has been open in December but 11 years. In 1866 it closed on Dec. 12. The Globe is doubtless speaking for the lower part of the river, for in 1887 the river did not close until near Dec. 10th; and in 1895 the ice ran from the Falls on Dec. 29, and there was ferrying here in January of '96.

The stormy weather on Monday was mild here in comparison with that at Knowlesville and other back districts. The roads were rendered almost utterly impassible, drifts piling up as high as eight or ten feet in some places. On the whole the weather this season is shaping in a peculiar manner, and there have been but a few years that the river has remained open as late as this. There has been no severely cold weather and but few can recall more severe storms so early in the season.

**A Steamboat Service.**

**A Scheme to Run a Boat to the Falls**

Fredericton people are bewailing the fact that there is such a miserable apology for a steamboat service north of that city. A movement is on foot to organize a stock company to place a steamer on the river that can run all the season. This scheme should have the hearty co-operation of all the towns and villages up-country.

The Gleaner says: What is needed is a new steamer that can make good time and run from the opening until the close of navigation between this city and Woodstock, and even further up the river. Can such a steamer be had, is the important question naturally suggesting itself at this juncture. A leading merchant who has given the matter much thought and attention stated that there is a standing offer from an English shipbuilding concern to build a steel steamer capable of carrying 100 tons of freight that would draw less than 20 inches of water, that could go from here to Grand Falls in a day, and to land such a steamer in Fredericton for the sum of \$10 000.

The next move advocated by the gentleman talked with was for Fredericton men to organize a company, buy or build such a steamer as that indicated above, and to put her on the route.

**Christmas Holiday Excursion.**

Christmas holiday excursions have been arranged for as follows: at one way first class fare for round trip: To Pupils and Teachers in Schools and Colleges, between points in Canada East of Port Arthur, Ont. on presentation of Certificate from Principal, from December 10th to 31st, good for return until January 31th; To Commercial Travellers in territory as above, on presentation of their Certificate, from December 16th to 26th, good for return until January 7th. And to the Public between all points on the line of C. P. R. East of Port Arthur, Ont. from December 21st to January 2nd, all good for return until January 7th, 1899.

Dr. Welsh of Glassville, Rev. E. B. Gray of Royaltou, W. H. Staten of Foreston, and J. W. Burns of Andover were in Hartland on Thursday.

**BROWNIES AT BATH.**

**They Serve Calvin Hatheway a Good Turn**

There is a peculiar state of affairs upriver, and the story of it as told the ADVERTISER is interesting.

For some years there has been a ferry a mile above Bath run by Calvin Hatheway. Mr. Hatheway rented a farm from W. L. Drier, and paid him, besides the rent, the sum of \$4 per year for the privilege of using part of the ground for the foundation of the derrick that supported the wire of his ferry. Since Mr. Drier died the ownership of the land fell to Councillor LeBaron Mooers of Connell, who has not proved so lenient a landlord as his predecessor. Mr. Mooers drove up to Bath one day to collect the rent for the derrick-ground, and demanded \$8, which Hatheway refused to pay, as he had made arrangements with Drier to keep the ground for \$4 a year. Mooers went away and a short time after came back with his son-in-law and cut the wire. This was a most daring piece of business and the end is not yet, though this ends chapter I of the story.

Mr. Hatheway built the house on the rented farm two years ago. As the rent was long since due Mooers ordered his tenant off. Of course to move out meant the loss of his house, and he grieved and grieved. The last night he expected to spend on his farm he took a last glance about the familiar place, smoked his evening pipe, and sighed, and went to bed, and fell into a heavy slumber. When the morning dawned Hatheway awoke to a changed state of things, and joy came with the awakening. Some unseen power had moved the house and its sleeping occupants across into the next lot, the proprietorship of which was in the hands of a friend Hatheway doesn't know how the strange condition was wrought, but the Brownies are really responsible; and it was a Brownie that told the ADVERTISER the story.

**Last Night's Concert.**

Madame Harrison's concert in Woodstock last night was highly appreciated by a crowded house. The prima donna's most taking pieces were "The Fairies" and a patriotic song, both of which were given as encores, but the real display of her talent was in the foreign songs. Her voice is truly wonderful. All the numbers on the programme were well received. Hartland assisted in the concert—Miss Hay and Miss Kelly giving readings, and Mr. Tracey taking part in the male quartette. A dozen or so of Hartland people drove down to attend the concert and all say they were well paid for their trip.

**Parcel Post Packages.**

The attention of Postmasters is further called to the fact that no parcel can be sent from Canada to any other country by Parcel Post unless it bear a Customs Declaration setting forth the nature of its contents and its value. As the acceptance by a Postmaster of a parcel addressed to any other country, and not provided with a Customs Declaration, will result in its being sent to the Dead Letter Office, Postmasters are specially directed not to accept such parcels without the Customs Declaration.—From the Departmental notice.

**Post Office Matters.**

Miss Clara Johnson is now employed as assistant in the Post Office, which we are informed, will be open continuously from 8 a. m. to 8 p. m.

The postmaster wishes us however to say that mail will not be delivered nor will Money Order or Savings Bank business be transacted during the opening or closing of any of the mails. He also wishes us to say that it not infrequently happens that the making out of the post office accounts and transaction of other routine business detains him in the office later than 8 p. m. but that mail will not be delivered nor other post office business be transacted with the public at such times.

The Public are also reminded that mails for Coldstream, Windsor, Knowlesville, etc. are forwarded on Monday, Wednesday and Friday to Coldstream, and that matter for any of those back offices should be deposited in the office not later than 11.30 local time, on the days named.

Registered matter to be forwarded by train must be mailed at least 30 minutes before time at which the train is due by which it is to be forwarded.

The new Imperial 2c. stamp is expected to be received at this office within a week.

**Keith & Plummer.**

In the rush incident to building Keith & Plummer will not be able to issue their annual circular at present. But they wish to state here that they have the largest stock at present ever carried by them. They have sold an immense lot of fur goods this season and still have a full assortment at low prices. They are as usual well stocked with Christmas goods, also a full and complete stock of the staple lines. They are thankful for the liberal patronage of the past and solicit a continuance of it.

For sale—a sett of light new bob-sleds at a bargain. Keith & Plummer.

**Fire Alarms.**

Up to last week the town fire bell remained silent for about a year, but on Thursday it found its voice and pealed forth an alarm, the occasion thereof being the burning out of the flue in W. F. Thornton's building. The Hose Co. quickly responded but no hose was laid as the fire did not menace the safety of any building.

Early on Monday morning the bell was again sounded. This time it was a flue in the Cox building. On this occasion 350 feet of hose was laid as several adjacent buildings were considered in danger, there being a high wind, but a good dousing saved them.

**Hartland Girl Marries.**

At the residence of Rev. Arthur Burrows, Gharleston, Mass., at 6 p. m., on Nov. 30, D. Harry Clapp and Miss Katherine E. Orser, both of Lowell, were united in marriage. After the ceremony a wedding supper was served at the home of Mrs. C. T. Mason, sister of the bride, 14 Union St. The happy couple left for an extended trip to New York and Buffalo. Mrs. Clapp is a daughter of Mr. and Mrs. Albert Orser of this place.

**The Produce Market.**

**A New Cash Market in Hartland.**

The produce market remains about the same as last week, with the exception of Carleton Co. re-cleaned oats, which have advanced to 25 cts cash. Hay remains \$3 and \$4. Pork, 4 1/2 cts.; chicks, 5c.; ducks and geese, 7c.; turkeys, 9c. Beef in carcass is worth 4 cts.; on foot it brings 5 cts. Beekwith Jones will ship a car load from here next week.

George R. Burt and Darius Nixon have entered into partnership for the purpose of carrying on a cash produce business. They are open for business in the Burt Building, Main street, and will buy everything the farmer has for sale paying cash at highest market prices.

Keith & Plummer desire to purchase 1,000 turkeys, 500 geese, 500 ducks at once, and will pay highest market prices for good stock, either cash or trade.

**P. U. A. Society**

The People's Union Agricultural Society will meet for the annual election of officers, etc., in Matheson's Hall next Thursday evening at 7.30. The election of officers for the F. & D. Association will also be held. The meeting is free to all, and everyone, especially the members are urged to attend.

DR. CHASE VISITING THE SICK.

**Raised from a Bed of Sickness.**

**Dr. Chase's Catarrh Cure and Kidney-Liver Pills Combined for Perfect Health—An Interesting Cure After Long Suffering.**

Simcoe, Jan. 18th, 1897.

Messrs. Edmanson, Bates, and Co., Toronto, Ont.:

Gentlemen,—For over five months I was confined to my bed, not being able to move. The best medical skill was called in, all treating me for catarrh of the stomach, but to no avail. I could not eat the most simple food without being in dreadful misery, and found no relief until same was vomited up. After spending a large sum in medical advice, I was advised to try a box of Dr. Chase's Catarrh Cure. I said it was no use, for I considered mine a hopeless case from which I could not recover. At length I purchased a box from J. Austin and Company, Simcoe, and to my surprise found great relief. Not being able to eat I tried a box of Dr. Chase's Kidney-Liver Pills; the pains left me the third day. My appetite has been fully restored. I consider myself perfectly cured, and feel as well as when a young woman, although I am 65 years old at present. I was almost a shadow, now I am as fleshy as before my sickness. Have used only three boxes of Dr. Chase's Kidney-Liver Pills, and only two boxes of Dr. Chase's Catarrh Cure. I can do my house work as usual. I am positive that my marvellous cure (which I think it is) is due purely to Dr. Chase's remedies, which I have used. I can honestly recommend the same to any persons suffering from symptoms similar to mine. Wishing you every success.

Yours, truly,  
MRS. ANN CHURCHILL, Sr.
