FRENCH INFANTRY PENETRATE FORT DOUAUMONT; BRITISH FORCES ARE DRAWING NEAR KUT-EL-AMARA

HUNS SWEEP FROM TRENCHES ON FRONT OF 1-4 MILES TO THE EAST OF DOUAUMONT

French Artillery Clears Road for Furious Drive Which Routed Germans from Strong Positions—Enemy Dislodged from Several Trenches Near Hill 207 and Le Mort Homme—No Important Change on Russian Front.

Hard fighting is still in progress between the Austrians and Italians in the Tyrol, the French and the Germans in the region of Verdun, and the Germans and British around La Bassee.

The great offensive of the Austrians against the Italians in Southern Tyrol continues unabated, and at several points the Austrians seem to be gradually throwing back the Italians toward their own territory. To the southeast of Trent, on the Lavarone plateau, Vienna says the Italians have been dislodged from all their positions and adds that the Austrians have captured Fima, Mandriolo and the height immediately west of the frontier from the summit as far as the Astach (Astico) valley.

The Austrians, for their offensive, according to Rome advices, have been heavily reinforced in men and guns. Since the beginning of the offensive, Vienna asserts, over 24,000 men have been made prisoner, and 172 cannon have been captured by the Austrians.

In the region of Verdun both the French and Germans claim successes for their arms at various points. An interesting point in the latest French official is the statement that the French have penetrated Fort Douaumont, northeast of Verdun, which the Germans stormed and captured Feb. 25, four days after the commencement of the assault on Verdun, and from which all attempts to drive them out proved futile.

Huns Swept from Positions.
The Germans, however, still hold the northern part of Fort Douaumont. A violent attack also has netted the French German positions on a front of about a mile and a quarter east of the village of Douaumont. To the northwest of Verdun the French have forced out the Germans from positions south of Hill 287 and west of Le Mort Homme.

Berlin, on the other hand, says the Germans to the northwest of Verdun stormed the eastern spur of Hill 304 and held them against repeated counterattacks. In this fighting the French are declared to have lost heavily in men killed or wounded. Admission is made in the Berlin report of the capture by the French of a quarry south of Haudremont, northwest of Verdun.

Heavy losses in men were suffered by the British when the Germans took trenches from them over a front of about a mile and a quarter near Givenchy En-Gohelle and in counter-attacks to regain them according to Berlin.

enemy still holds. Numerous prisoners remained in our hands.

"On the heights of the Meuse, in the Bouchet wood, a successful attack enabled us to clear trenches along an extent of 300 metres and to make prisoners."

"This morning one of our aeroplanes, despatched in pursuit of a German machine, which had approached Dunkirk with the purpose of dropping bombs, overtook it and brought it down."

"In Alsace two enemy aeroplanes were brought down in an aerial combat. One fell within our lines at Senthelm, south of Thann, the other in the region of La Boushemme."

Belgian communication:
"Last evening we repulsed by our fire a strong German patrol which had advanced beyond a Belgian post. On the right bank of the Yser, south of Dixmude, there was an intense artillery duel this afternoon in the sector of Dixmude, where a violent action with bombs also took place."

From Turkish War Office.
Constantinople, May 22, via London.—The official statement from general headquarters issued today reads:
"Quiet continues on the Irak front. Captain Schuets brought down an enemy biplane flying at an altitude of 500 metres, making his third."

"Caucasus front: Nothing of importance has occurred. The booty taken by us in the latest battle amounts to 400 rifles, 200,000 rounds of ammunition and other war material."

acquired the minister of public works in his tour through the county there will be a sweep on the 30th for the government candidate.

Tomorrow night Hon. Mahoney, Baster and Murray will speak at Sackville. Other meetings arranged are Point De Bute Wednesday night, Cape Bauld Thursday night, and Shediac Friday night. On Saturday night Hon. Dr. Landry will meet P. J. Veniot at Memramook. Dr. Landry challenged Veniot to meet him Saturday night at St. Joseph's where Veniot threw out a challenge to Dr. Landry, but took good care to put such a time limit on the time he must be notified that Dr. Landry and the government committee did not hear of it until several hours after the hour named by Veniot. When Dr. Landry heard of Veniot's alleged wish to meet him he promptly challenged him to meet him at St. Joseph's. Although Veniot was given a week's notice he declined to meet Dr. Landry at St. Joseph's but asked that the joint meeting be held at Memramook. Dr. Landry does not propose to allow Veniot to escape by this subterfuge but has promptly accepted the opportunity to meet him at his own meeting in Memramook Saturday night.

Says British Forces Defeated.
Berlin, May 22, by wireless to Sayville.—Constantinople advices to the Overseas News Agency reports the defeat of British forces in a battle with rebellious tribesmen in the provinces of Darfur, in Anglo Egyptian Sudan. It is said the British sent two transports, with English and Hindu troops to Port Sudan, on the Red Sea, whence they advanced to attack the tribesmen, and that they were defeated by forces under the Imam of Darfur.

The German Report.
Berlin, May 22, via wireless to Sayville.—The capture of several lines of British positions over a front of two kilometers (1 1/4 miles) near Givenchy-En-Gohelle was announced today by the war office.

German troops stormed French positions on the eastern spur of Hill 304, on the Verdun front and maintained them against repeated counter-attacks, which are said to have cost the French great losses. The statement follows:
"Western front: East of Neuport a German marine patrol entered French trenches, destroyed the enemy's defenses and returned with one officer and 32 men as prisoners."

"Southwest of Givenchy-En-Gohelle several lines of British positions over a front of about two kilometers were captured. During the night several counter-attacks were made and were repulsed. We captured eight officers, 220 soldiers, four machine guns and three mine throwers. Moreover, the enemy suffered exceedingly heavy losses."

"In the district of Berry-Au-Bac the French early in the morning attempted a gas attack without success."
"West of the Meuse: Our troops stormed French positions on the eastern spur of Hill 304 and maintained them against repeated attacks of the enemy. In addition to the great losses of the enemy in killed and wounded, we captured nine officers, 518 men and five machine guns. The booty taken on the southern spur of Dead Man's Hill has been increased to 13 cannon and 21 machine guns. South of Dead Man's Hill and in the vicinity of Chataucourt the enemy made futile attempts to re-capture lost ground."

Washington, May 22.—President Wilson tonight completed a note vigorously renewing the protest of the United States to Great Britain against interference with American mails. The communication is expected to go forward tomorrow.

Secretary Lansing and legal experts at the state department made the original draft of the note. It is made up largely of legal arguments to meet the contentions of Great Britain in a memorandum, concurred in by France, presented to the state department several weeks ago. The United States takes the position that protests complained of in its first complaint on the subject have been continued and that the American government must now insist more emphatically that they cease.

State department officials consider that the chief weakness of the position of Great Britain is her policy of taking neutral mail vessels into British jurisdiction and prohibiting them to local censorship regulations. It is understood that it is on this point that the renewed protest is chiefly based. The British memorandum avoided this phase of the question. Rapid transmission was promised to "true correspondence," but the report to seize contraband sent in the mails was maintained.

The Hague convention of 1907, the United States contends, guarantees the inviolability of postal correspondence, and the new note again points to the inconveniences and actual money loss resulting from the continuance of the British policy of taking neutral mail vessels into British ports, and there examining and detaining the mails. A mass of evidence has been collected showing the effects on American business of the British policy.

London, May 22 (7 p. m.)—According to the Evening Standard, influence are working for a settlement of the Irish question by granting Home Rule at the earliest possible moment, with clean cut exclusion of Ulster from the operations of Home Rule. In the interim, the newspaper says, the premier may propose a temporary government of Ireland by an advisory board, consisting of Irishmen belonging to both parties.

The statement of Premier Asquith was presented to the House of Commons Thursday. There was no cabinet meeting today, but Mr. Asquith was in consultation with different ministers, including David Lloyd George, minister of munitions, and also with John Redmond, the Irish leader.

The putting off of the statement until Thursday was for the purpose of enabling the cabinet thoroughly to review the situation.

PRES. WILSON SENDS NOTE TO GREAT BRITAIN

Protests Against Interference of Mails to and From United States.

CLAIMS AMERICAN BUSINESS SUFFERED.

Contends that the Hague Convention of 1907 Guarantees the Inviolability of Postal Correspondence.

Washington, May 22.—President Wilson tonight completed a note vigorously renewing the protest of the United States to Great Britain against interference with American mails. The communication is expected to go forward tomorrow.

TOLL OF WAR ON THE SEAS

Submarines and Mines Responsible for Loss of Several More Ships During the Past Few Days.

London, May 22.—A Lloyd's despatch says that the Greek steamer Anastasios-Coroneos, 1,901 tons, has been sunk.

French Steamer and Italian Bark.
London, May 22.—The French steamer Languedoc and the Italian bark Ermis have been sunk, according to reports received by Lloyd's.

Stockholm, via London, May 22.—The Swedish steamer Rosalind, 877 tons, from Copenhagen for Stagsund, in ballast, has been sunk by a mine off the Stockholm skerries. The crew was saved.

Hits Mine.
Copenhagen, via London, May 22.—The Danish steamer Carla, 316 tons, has been sunk by a mine outside of Sandnessner Point, on the southern coast of Sweden, according to a Stockholm despatch. The crew was saved.

SOUTH BANK OF TIGRIS CLEARED OF TURK FORCES

BRITISH FORCES UNDER LIEUT. GEN. GORRINGE IN SIGHT OF KUT-EL-AMARA — HEAT TERRIFIC, MERCURY SOARING AROUND 100 MARK IN SHADE.

London, May 22.—A despatch from Lieut. Gen. Sir Percy Lake, commander of the British forces in Mesopotamia, shows that the forces of Lieut. Gen. Sir George Goringe, operating on the south bank of the Tigris, have now virtually reached Kut-el-Amara, this region now being clear of Turks up to the junction of the Shatt-El-Hai river with the Tigris at Kut. On the north bank of the Tigris, to the east of Kut-el-Amara, however, the Turks still occupy Sannayat. An official communication, issued tonight, concerning the operations in this region says:

"Gen. Lake reports on May 20 that the right or south bank of the Tigris is clear of the enemy as far as the Shatt-El-Hai, except for small rear guards covering the bridge over the Hai, some five hundred yards below its junction with the Tigris. Our main force on this bank has reached the line of Magasi-Dujailan.

"On the left, or north bank, the enemy is reported still occupying the Sannayat position. The weather is intensely hot and trying. The temperature during the last few days was over 100 degrees in the shade."

ASQUITH TO MAKE WAITE'S WIFE STATEMENT WILL TESTIFY ON THURSDAY AGAINST HIM

Regarding Irish Trouble—Efforts Being Made to have Home Rule, Ulster Excluded, at Earliest Possible Moment.

London, May 22 (7 p. m.)—According to the Evening Standard, influence are working for a settlement of the Irish question by granting Home Rule at the earliest possible moment, with clean cut exclusion of Ulster from the operations of Home Rule. In the interim, the newspaper says, the premier may propose a temporary government of Ireland by an advisory board, consisting of Irishmen belonging to both parties.

Col. De St. Aulaire New Minister From France to Roumania.

New York, May 22.—A news agency despatch from Paris today says: "M. Blondel, French minister to Roumania, will be succeeded by Col. De Saint Aulaire, now adjutant of the resident general of Morocco, the ministry of foreign affairs announced today.

Rumors were in circulation in Washington on Saturday that the French minister to Roumania had been recalled, and that the Allies were distrustful of Roumania's attitude because of her newly negotiated commercial treaties with Austria and Germany.

THE AUSTRO-ITALIAN FRONT AN INFERNO

Austrians Bring Monster Guns to Hammer the Italian Front.

KAISER EXPECTED ON THE SCENE SOON.

Italy's Army in Control of Passes and Peaks—Waves of Austrian Infantry Launches Against Defenders.

Rome, May 22.—Austrian artillery of all sizes and ranges, with the monster 305 millimeter gun predominant, has transformed the battle front between the Adige and Brenta rivers into an inferno.

Notwithstanding the snow capped mountain barriers the Austrian infantry is being launched in waves which, military observers say, break against the formidable resistance of the Italians.

The Italian troops have now formed their lines of defense and are holding firmly all the passes and peaks from which Italian officers say the forward movement of the Austrians has not only been successfully arrested, but the Austrians have been dislodged from several strategic positions taken in the first rush of the offensive.

Kaiser To Visit Scene.
Paris, May 22.—The German Emperor, according to a Geneva despatch to the Temps, is soon to pay a visit to the Austro-Italian front.

Italy's Great Hour.
Rome, via Paris, May 22.—"Italy's great hour has struck," is the theme of the comment of the public and the press on the news that is being received from the front.

All the reports coming from the fighting zone agree that the number of Austrian troops now in action has been more than doubled, and that the Austrian artillery, especially heavy long range guns, is daily increasing and unmasking the imposing offensive prepared by Austria with the object of reaching the Alps above Cienza, from which the Austrians would be able to dominate the entire Venetian region and threaten the flank and rear of the main Italian army occupying the provinces of Udine and Belluno.

Germans Claim Success.
Berlin, May 22, via wireless to Sayville.—The Italians have been driven from their entire position on Lavarone plateau, the Austrian war office announcement of today says.

It is stated that the Italians' defeat is steadily becoming more serious. The Austrian lines have been pushed forward rapidly, several additional positions of strategic importance having been captured. The number of Italians taken prisoner has been increased to 23,883. The statement follows:
"The Italian defeat on the southern Tyrol front is certainly becoming more serious. An attack of the Graz corps on Lavarone plateau was attended with complete success. The enemy was driven from his entire position. Our troops captured Fima, Mandriolo and the height immediately west of the frontier from the summit, as far as the Astach Valley.

"The troops of Crown Prince Charles Francis Joseph reached the Monte Tormino-Monte Majo line.
"Since the beginning of the offensive 23,883 Italians, among whom are 482 officers, have been captured by us. The number of cannon taken has been increased to 172."

WATER PLANS TALKED OVER YESTERDAY

West Side Water Extension Occupied Attention of the City Council.

The noon committee meeting of the council yesterday was practically all taken up discussing the proposed plans for water extension on the West Side.

The chief recommendation, however, took the form of dividing the area in the West Side into two sections, one low and the other high pressure, for two pipe lines from Spruce Lake.

Engineer Armstrong proposed that only the higher parts be supplied from the pumped water, as the gravity supply would do for the lower levels of Carleton.

There was a good deal of interesting talk as to the future needs. What seemed to be in doubt was what the all-day-around supply might be required in Carleton.

The outstanding feature of the engineer's report was that sooner or later the bigger outlay was inevitable. Pros and cons of the supply of the mill from Loch Lomond were touched upon, but no result was reached.

Commissioner Wigmore referred to the fact that the act gave the Partridge mills 340,000 gallons a day at a flat rate of \$750 a year, and an increase on that up to two millions a day at the rate of half a cent per thousand gallons.

Tenders for hardwood were opened from Mr. George Dick at \$8 a cord delivered and \$7 a cord, and Mr. J. S. Gibbons for 39 first quality and 36 second quality. Both were referred to Commissioner Fisher.

They All Went Away Together

P. A. BONNOT'S RHEUMATISM CURED BY DODD'S KIDNEY PILLS.

And With It Went All Those Symptoms Which Mark the Earlier Stages of Kidney Trouble.

Grand Clairiere, Man., May 22.—(Special)—"All persons who suffer from rheumatism should use Dodd's Kidney Pills." This is the statement volunteered by Mr. P. A. Bonnot, a well-known resident of this place.

"I suffered for three years from rheumatism. I consulted a doctor without getting any results. Four boxes of Dodd's Kidney Pills fixed me up."

"That rheumatism is caused by sick kidneys falling to strain the uric acid out of the blood was again shown by Mr. Bonnot's case. His earlier symptoms were: heart fluttering, broken and unrefreshing sleep, fitful appetite, a tired nervous feeling, a heavy ache after meals, neuralgia and backache."

When he cured his kidneys with Dodd's Kidney Pills the rheumatism and all the other symptoms of kidney trouble disappeared.

Arrangements for the tea and sale to be given by the officers' wives of the 115th Battalion in the Knights of Columbus rooms, Coburg street, on Friday afternoon are well in hand, and the affair is expected to prove delightful and successful.

SOME NEW FACTS ON THE MATTER OF THE ROSS RIFLE

So Called Test Referred to by Alderson Was Merely to Try Out Bad Ammunition—Brig. Gen. Ketchen's Report of Real Trial Shows Ross Rifle Proved Superior.

Special to The Standard. Ottawa, Ont., May 22.—The Militia Department hands out the following memorandum on the Ross rifle to the press: "Major General Carson on May 19th, 1916, cabled the Minister of Militia and Defence submitting the following letter of February 7th on the relation to General Alderson and the Ross rifle."

"It appears that the so-called test referred to by General Alderson was no test of the rifles whatever, but a mere device to try out bad ammunition. From other reliable sources it also appears that the soldier handling the Ross rifle was a mere novice, while the one with the Lee-Enfield was an expert, after an officer who understood the Ross rifle proved its superiority."

"Both letters to General Gwatkin must have reached Canada at the same time. The following letter to General Alderson is signed by General Sir Max Aitken, dated London, 11th February, 1916: 'Merely Test of Bad Ammunition.'

"I beg to acknowledge the receipt of your favor of the 8th instant with enclosure of copy of letter, dated 8th instant, to Brigadier-General Gwatkin on the subject of Ross rifle and which have noted with a great deal of interest. I have no comments to make on this beyond the statement that the test which Sir Max Aitken and myself quite accidentally saw was a mere test of bad ammunition which had been withdrawn from service would have been fired from the Lee-Enfield and Ross rifles. I understood that this was for no other purpose."

"The above letter was signed by General Carson, and endorsed by Colonel Sir Max Aitken also cables as follows: 'In addition to letter to Alderson signed by Carson and myself regarding the Ross rifle, I wrote Alderson on February 11th as follows: 'At the test of ammunition at which I was present it seemed to me that the rifle stood up very well and that no complaint could be made on account of jamming of ammunition. Rifle held out for not less than forty rounds even with bad ammunition and I should think this sufficient.'"

"The officers commanding the Twenty-Eighth and Twenty-Ninth Battalions are also present with their men at the tests and expressed the same opinion. It was clearly demonstrated to all concerned that the Ross rifles worked well and gave better results and with less trouble than the Lee-Enfield throughout the tests which were carried out with the greatest care and impartiality."

"Since the tests only the suitable marks of ammunition have been used and there have been absolutely no complaints of any kind. A complete report of the tests was forwarded in duplicate to the division the same day that the tests were carried out. A copy is on file in the brigade office and can be forwarded if required."

"The worst has happened just when we thought it had been averted. Had we acted with decision last night and arrested the leaders it would have been averted."

Brigadier-General Ketchen, Colonel Embury and others, upon a genuine test of the relative merits of the Ross and Lee-Enfield rifles. The report, although sent in duplicate to the officer in command of the Canadians, was never forwarded to Canada, and it must have been available for General Alderson when he wrote his letter on February 7th.

JOB OF LORD LIEUTENANT A SINECURE

Wimborne Says Powers have Been Usurped by Secretaries for Ireland.

HAD ASKED FOR DIVISION OF TROOPS. Suggested Deportation or Internment of Sinn Feiners when He Saw Sedition Promised to Grow Wide-spread.

London, May 22.—At the enquiry into the Irish revolt, this afternoon, Viscount Middleton, containing his testimony after his presentation of the extract from Mr. Birrell's letter of Feb. 26, gave further evidence of warnings he declared he had given Baron Wimborne, then Lord Lieutenant of Ireland; the Marquis of Lansdowne, and others of the impending danger.

"On the 13th, October, 1915, whilst in the trenches and engaged in operations against the enemy it was reported that some men of the Sixth Canadian Infantry Brigade had experienced some difficulty with their rifles owing to jamming. The matter was immediately taken up and it was arranged with the 2nd division that a thorough trial be carried out with actual rifles said to have been affected. Several thousand rounds of the ammunition in the trenches at the time of this occurrence were brought out for the tests, being of the same mark as that with which the difficulties had been experienced."

"The tests were continued with several other marks of ammunition which procured the same results. When using the B, G and N marks of ammunition the Lee-Enfield rifles invariably went out of order sooner than the Ross. With the good ammunition, such as K and others, the Ross rifles gave the best of satisfactory results, firing freely and continuously large numbers of rounds. The jamming was carried out by men who had actually experienced the difficulties in the trenches and at the end of these tests they all expressed themselves perfectly satisfied that the trouble was absolutely in the ammunition and not in the rifles."

"The officers commanding the Twenty-Eighth and Twenty-Ninth Battalions are also present with their men at the tests and expressed the same opinion. It was clearly demonstrated to all concerned that the Ross rifles worked well and gave better results and with less trouble than the Lee-Enfield throughout the tests which were carried out with the greatest care and impartiality."

"Since the tests only the suitable marks of ammunition have been used and there have been absolutely no complaints of any kind. A complete report of the tests was forwarded in duplicate to the division the same day that the tests were carried out. A copy is on file in the brigade office and can be forwarded if required."

"The worst has happened just when we thought it had been averted. Had we acted with decision last night and arrested the leaders it would have been averted."

The rebellion broke out while this was being considered, and he wrote to Mr. Birrell: "The worst has happened just when we thought it had been averted. Had we acted with decision last night and arrested the leaders it would have been averted."

Montreal, May 22.—Elections were held in fifty-three ridings in Quebec province today, forty-nine Liberals and four Conservatives being returned. Twenty-three Liberals were elected by acclamation, and three Conservatives. With eighty-one seats in the legislature the standing of the two parties is as follows: Liberals, seventy-two; Conservatives, seven. There are two deferred elections, Madeline Island and Gaspé. Conservatives elected today are: D'Autour, Charlevoix-Sanguay; Turcotte, Les St. Jean (main); Tansey, St. Azel and Campbell, Pontiac. P. Cousineau, Conservative, was defeated by Ashby, Liberal.

SOUNDS NOTE OF WARNING TO FARMERS

Financial Secretary of Treasury Says Prejudice Against Female Labor on Farms Proving a Deterrent to Production.

London, May 22.—Francis Dyke Acland, financial secretary of the treasury, speaking in the House of Commons on agricultural questions today, made a somewhat disturbing statement. He said, in substance, that Acland said that farmers should drop their prejudice against the employment of female labor. A breakdown in home supplies was only avoidable if the labor situation did not grow worse. The danger point of greatly decreased production already had been reached, and even as things were going it was now feared that England could not hope to maintain her production of last year's level.

"And," Mr. Acland concluded, "we are unable to say whether there will be ships to divert that way." During the course of the debate following Mr. Acland's speech, Rowland Edmund Prothero, Oxford University, expressed the opinion that sooner or later the government would be compelled to put the country on ration in order to economize the food supplies. He urged the government to grasp the serious situation forthwith.

ONLY FORTY-THREE STRIKES LAST YEAR Carrying Out of the Industrial Disputes Act in Canada Praised by an Australian Authority.

Special to The Standard. Ottawa, May 22.—The Department of Labor received a letter from an Australian correspondent which makes an interesting comparison between that country and Canada as to industrial disputes.

The correspondent, who writes from Melbourne, N.S.W., under date of March 22, and is official advisor to the Council of Employers of Australia, had examined reports received from Canada as to the operation of the Industrial Disputes Investigation Act, and remarks: "My counsel note with pleasure the good work being done by your Industrial Act, especially in the restriction of strikes. Australia with its superabundance of labor laws is a land of strikes. In 1915 there were 308 strikes in New South Wales alone."

The strike record for Canada, the Department of Labor points out, with some satisfaction, was lower than at any other point during the fifteen years over which strike statistics in Canada extend, the figure standing at 43, an improvement of one over the figure for 1914, when the record was 44. The favorable situation of Canada in this respect is the more striking when it is remarked that the population of New South Wales is under two millions, less than one-quarter of that of Canada.

A MOTHER'S DUTY TO HER DAUGHTER Her Health Must Be Carefully Guarded as She Approaches Womanhood. The mother who calls to mind her own girlhood knows how urgently her daughter is likely to need help and strength in the years between early school days and womanhood. It is in these years that the girl's system comes feeble, bloodless and nervous. Nature is calling for more nourishment than the blood can supply. Signs of distress are plainly evident in dull eyes, pale cheeks, weak and aching back, fits of depression and often a dislike for proper food. These signs mean anaemia—that is bloodlessness. The watchful mother takes prompt steps to give her girl the new, rich, red blood her system calls for by giving her Dr. Williams' Pink Pills for Pale People, weak, anaemic girls into a condition of perfect health, through the rich, new blood these pills actually make. No other medicine has ever succeeded in doing this. It restores and thousands of weak, disheartened girls have proved their work. Miss Mabel Sinclair, Cobourg, Ont., says: "About three years ago I was a very sick, nervous and run-down girl. At the least excitement I would tremble and faint away, and the slightest noise would annoy me. I had severe pains about the heart, and would often take dizzy and smothering spells. I lost in weight and the color all left my face. My mother got all sorts of medicine for me, but all failed to do me any good and I was still going down hill. One day we read in the newspaper of a similar case cured by Dr. Williams' Pink Pills and the next time my mother went to town she got three boxes. In a short time I felt the pills were helping me, and from that on every day they helped me more. I took altogether nine boxes and felt like a new person. I was ready for all my meals, gained in weight; the color came back to my cheeks, and I was again enjoying perfect health, and have ever since enjoyed the best of health. I earnestly advise all weak girls to give Dr. Williams' Pink Pills a fair trial, as I am sure they will do as much for them as they did for me."

You can get the pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

COMMISSIONER FOR SERGEANT APPELBY. The many friends of Sergt. Soverley G. Appley will be glad to learn that he has been given a commission and is now Lieut. Appley. When we broke out he was on the engineering staff of the C. P. R. in this city. Having been connected with the artillery for a number of years he joined the Battery on Partridge Island. Shortly after his discharge he was made chief clerk of the discharge depot, and his work there has given every satisfaction. For the present he will be in Capt. Tilley's office taking the place of Lieut. Roy Bell who has been appointed to the 8th Battery. This promotion will be a popular one and is the result of the good work done by Sergt. Appley in the discharge depot.

UNDER PATRONAGE OF BRIGADIER McLEAN 115th Farewell Band Concert in Imperial Next Week.

The farewell concert to be given by the regimental band of the 115th Overseas Battalion on May 30 in the Imperial Theatre will be under the patronage of Colonel McLean, O. C. New Brunswick Military District. The brigadier and party will occupy one of the boxes. The concert promises to be an event of the kind yet attempted in St. John and from a musical viewpoint will long be remembered, while socially it is expected to prove most attractive as well. Besides the selections by the band there will be other features of appealing interest. The concert will be in the nature of a farewell to the battalion leaves the city.

OBITUARY.

Mrs. John Vyrk. The death of Mrs. John Vyrk, of Black River, occurred on Saturday morning after a lengthy illness. She leaves behind her husband, three sons, John, William and Thomas, of Black River, and two daughters, Mrs. Alice Moore, of Black River, and Mrs. Thomas Barrett, of East St. John. She was seventy-five years of age. Mrs. Vyrk had many friends in and around St. John who will regret to hear of her death. The funeral was held yesterday morning at Black River. Requiem mass was celebrated by Father Hanrahan.

Oliver Dupuis. Oliver Dupuis, an aged resident of Black River, passed away yesterday at his home on Princess street. He was seventy-five years of age. He had been ill with colic for some time, and his death was not wholly unexpected. He is survived by his wife and five children, three sons and two daughters. Teddy, the second son, is with the 8th Battalion. Burial will be at Greenwood, N. B., Tuesday.

Retary Club Meeting. Commissioner Wigmore presided at the Rotary Club luncheon yesterday. The entire session was devoted to business. F. A. Dykeman was elected to represent the St. John club at the International convention to be held in Cincinnati in July. It was decided to increase the membership fee from \$5 to \$10. Two members were elected at the meeting.

I. C. R. Suburban Victoria Day. Suburban train No. 332 will leave St. John 9 a. m. Atlantic time for Hampton, returning will leave Hampton at 10.15 a. m. making all suburban stops.

A MOTHER'S DUTY TO HER DAUGHTER Her Health Must Be Carefully Guarded as She Approaches Womanhood. The mother who calls to mind her own girlhood knows how urgently her daughter is likely to need help and strength in the years between early school days and womanhood. It is in these years that the girl's system comes feeble, bloodless and nervous. Nature is calling for more nourishment than the blood can supply. Signs of distress are plainly evident in dull eyes, pale cheeks, weak and aching back, fits of depression and often a dislike for proper food. These signs mean anaemia—that is bloodlessness. The watchful mother takes prompt steps to give her girl the new, rich, red blood her system calls for by giving her Dr. Williams' Pink Pills for Pale People, weak, anaemic girls into a condition of perfect health, through the rich, new blood these pills actually make. No other medicine has ever succeeded in doing this. It restores and thousands of weak, disheartened girls have proved their work. Miss Mabel Sinclair, Cobourg, Ont., says: "About three years ago I was a very sick, nervous and run-down girl. At the least excitement I would tremble and faint away, and the slightest noise would annoy me. I had severe pains about the heart, and would often take dizzy and smothering spells. I lost in weight and the color all left my face. My mother got all sorts of medicine for me, but all failed to do me any good and I was still going down hill. One day we read in the newspaper of a similar case cured by Dr. Williams' Pink Pills and the next time my mother went to town she got three boxes. In a short time I felt the pills were helping me, and from that on every day they helped me more. I took altogether nine boxes and felt like a new person. I was ready for all my meals, gained in weight; the color came back to my cheeks, and I was again enjoying perfect health, and have ever since enjoyed the best of health. I earnestly advise all weak girls to give Dr. Williams' Pink Pills a fair trial, as I am sure they will do as much for them as they did for me."

You can get the pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

PERSONAL. Mrs. John Irvine of Milford, accompanied by her daughter, Miss Carrie, left last week for an extended trip to Boston, Philadelphia, Atlantic City and New York. While in Atlantic City they will visit Mrs. Irvine's daughter, Miss Grace.

FUNERALS. The funeral of Mrs. Jessie Brown took place yesterday on the arrival of the Maritime Express from the Union Depot to Fairbairn cemetery, where interment was made. Rev. James J. H. Anderson read the burial service. The funeral of Robert T. Woods took place yesterday afternoon from his late residence, 307 Princess street. Rev. John C. B. Appel conducted the services; interment in Greenwood cemetery.

COMMISSIONER FOR SERGEANT APPELBY. The many friends of Sergt. Soverley G. Appley will be glad to learn that he has been given a commission and is now Lieut. Appley. When we broke out he was on the engineering staff of the C. P. R. in this city. Having been connected with the artillery for a number of years he joined the Battery on Partridge Island. Miss Sadie M. White, 28 Waterloo street, Fredericton, N. B., writes: "When ten years of age a friend of mine had St. Vitus' Dance and she had to leave school and go under a doctor's care. Instead of benefiting by the treatment she appeared to get worse. Her tongue and tongue became so swollen that she could scarcely take any nourishment. For two weeks she was this way and then took convulsions and nearly choked to death. She was ordered to the hospital, but soon got worse again. I recommended Dr. Chase's Nerve Food to her and she used nine boxes, steadily growing better. Three years later a severe fright brought on the nerve trouble again and she suffered everything a human being could endure. Her mother bought a dozen boxes of the Nerve Food, and with this treatment she was fully restored. I wish you could see her now, a strong, healthy, robust woman with two lovely babies. She still uses the Nerve Food when she feels out of sorts, but has had no return of the old nervous trouble."

DECISIVE VICTORY, PEACE WITHOUT INTRIGUE

FRANCO-RUSSIAN ALLIANCE PACIFIC IN PURPOSE, BUT ONCE IN FIGHT WILL STAY IN STRUGGLE UNTIL VICTORY COMPLETE

Paris, May 22.—In an address of welcome today to the visiting Russian officials at the Duma, Premier Briand said the Franco-Russian alliance never had any purpose other than maintenance of peace and the stability of the European equilibrium. The premier asserted France and Russia had made a supreme effort to avoid a European war, and said the future could be regarded with confidence.

The peace which the Allies would demand, M. Briand continued, would be without intrigue, and it would come only after decisive victory which would ensure the world against a similar catastrophe in the future. He referred to the manner in which the defense of Verdun had been conducted, and expressed renewed faith in a final victory for France and her Allies.

PERSONAL.
Mrs. John Irvine of Millford, accompanied by her daughter, Miss Carrie, left last week for an extended trip to Boston, Philadelphia, Atlantic City and New York. While in Atlantic City they will visit Mrs. Irvine's daughter, Miss Grace.

HAD SALT RHEUM ON HANDS.

Could Not Do Her Work.
Rheuma or salt rheum is one of the most common of all skin diseases. It may center itself on any part of the body, but there are certain places where it most usually begins, such as the hands, the face, the neck, the back of the neck, the palms of the hands, between the fingers, or on the soles of the feet.

It is, as a rule, not dangerous, but is very irritating and annoying to the sufferer on account of the terrible itching and burning sensation it causes.

It is impossible to eradicate this trouble from the system by external applications, as it is caused by the blood being in an impure state. What you need is a good blood cleansing medicine such as Burdock Blood Bitters. A medicine that will drive out all the poisons from the blood and make it pure and rich.

Mrs. Adair Theriault, Theriault, N.B., writes: "Some time ago I was troubled with salt rheum on my hands, and it was so bad I could not do my work. I tried several medicines, but they all failed to help me. One day a friend told me to try Burdock Blood Bitters, so I got a bottle, and before long my hands were better. I am not afraid to recommend B.B.B. to anyone."

B.B.B. has been on the market for the past forty years, and is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

COMMISSION FOR SERGEANT APPELBY.

The many friends of Sergeant B. Appley will be glad to learn that he has been given a commission and is now Lieutenant Appley. When war broke out he was on the engineering staff of the C. P. R. in this city. Having been connected with the artillery for a number of years he joined the Battery on Partridge Island. Shortly after joining he was made chief clerk in the discharge depot, and his work there has given every satisfaction. For the present he will be in Capt. Tilly's office taking the place of Lieutenant Roy Bell who has been appointed to the 58th Battery. This promotion will be a popular one and is the result of the good work done by Sergeant Appley in the discharge depot.

TO HELP BRAVE MEN WHO SACRIFICED LIMBS IN OUR DEFENCE
An Appeal in Behalf of Men Who Have Lost Arms or Legs in War—A Worthy Cause.

The following letter was written by one of the officers of the British Relief Commission in London, to a friend in New York. It presents in a graphic manner the claims of one class of disabled men, and makes an appeal in their behalf. It is a plea for an American to an American naturally makes reference to the opportunity for assistance from the United States, but as the beneficiaries of the gifts will not doubt include Canadians, it is felt that the people of this country, too, should have opportunity of subscribing. Any who may desire to contribute to the fund should send their gifts to Miss Beatrice Penney, 116 Wentworth St., St. John, in care of F. W. Danley:

March 19, 1916.

My Dear Katharine:—

Possibly after reading this letter, you will be generous enough to think that the very nature of the appeal to raise sufficient money in America to help the men who have lost limbs in the last few months, to various hospitals where cases of men having lost arms and legs are cared for, having long talks with the matrons of these institutions, and coming in direct personal contact from time to time with the men themselves, I have found special tragic cases that have so engaged my sympathy, and appealed to me that, finally, I could no longer resist the desire to make some effort toward helping at least a few of them.

In every case where a man has lost an arm or a leg, or both, the Government provides artificial ones; but the allowance made for the purpose does not cover the cost of modern and most useful types of artificial limbs. (They are very expensive.) Many of these men have private means, or families, who make it possible for them to possess the latter. On the other hand, there are men (those having no means especially interest me) who have not a shilling in the world, and no one to help them—face a perfectly hopeless future, because of the lack of an extra ten, fifteen or twenty pounds, which, added to the Government allowance, would enable them to possess the very best artificial arms, and with which men can earn a living in so many different ways. Recently, I visited the Roshampton Hospital, where only cases of men having lost their limbs are taken. There are over five hundred of these poor fellows in this one institution, and amongst them are some of the tragic cases I refer to. One young soldier there demonstrated for me what could be done with the Carnes arm. He had lost both arms, it was an electrical engineer, and it was simply wonderful what he could do in his own line of work.

SOLDIER MISSING, WIFE ANXIOUS TO LEARN WHEREABOUTS
Pte. Jefferson Mount Disappears, Authorities Ignorant of Whereabouts and Wife in Municipal Home, Fredericton.

Special to The Standard, Fredericton, May 22.—Word has been received by relatives here that Commission-George Black, of Yukon, was operated on at Winnipeg recently for appendicitis. He was suddenly stricken while en route to Dawson from Ottawa and is now in Winnipeg recovering rapidly from the operation. He hopes to be able to return to Dawson the latter part of May.

Private Jefferson Mount, of the 1st Regiment company composite battalion, Halifax, is missing, according to information received here. His wife has not heard from him for some months and has received no money from her husband during the time he has been at Halifax. As a result of having no funds Mrs. Mount was obliged to go to the Municipal Home where she has been staying for some weeks past. She made enquiries through the military authorities here in an effort to have some of her husband's money sent her and when recruiting officers got in touch with Halifax they were informed that Private Mount had been reported in the military hospital in this city. Enquiries at the military hospital today showed that Private Mount had never been a patient there and his whereabouts at present are unknown.

Mr. S. Mundell, who has been assistant accountant at the Bank of Nova Scotia in this city, has been transferred to St. John, having left this morning to take up his new duties.

ARRIVED AT BARBADOES.

FRANCO-RUSSIAN ALLIANCE PACIFIC
IN PURPOSE, BUT ONCE IN FIGHT WILL STAY IN STRUGGLE UNTIL VICTORY COMPLETE

Paris, May 22.—In an address of welcome today to the visiting Russian officials at the Duma, Premier Briand said the Franco-Russian alliance never had any purpose other than maintenance of peace and the stability of the European equilibrium. The premier asserted France and Russia had made a supreme effort to avoid a European war, and said the future could be regarded with confidence.

The peace which the Allies would demand, M. Briand continued, would be without intrigue, and it would come only after decisive victory which would ensure the world against a similar catastrophe in the future. He referred to the manner in which the defense of Verdun had been conducted, and expressed renewed faith in a final victory for France and her Allies.

THE SAME OLD CREW. A favorite contention with the newspapers supporting the Provincial opposition is that the Clark Government is doomed to defeat. Let us assume for the sake of argument that they are correct? With what do they hope to replace the present administration? The opposition party has no leader and no distinctive platform.

port of a united party. In the first case, Dr. Michael Clark felt called upon to administer a stinging rebuke to the Pugsleys and Carvels and Kyles, while in the second, and more serious instance, practically all the Western Liberals headed by Hon. Frank Oliver, and a large section of the Liberal press opposed the action of the party leader.

Why Mr. John E. Moore, one of its principal owners, permitted his office to be used as a clearing house for the collections of Mr. W. H. Berry? Why Mr. William Pugsley was permitted to step out of Provincial affairs owing the Province of New Brunswick \$4,331?

Where that \$134,035 of "loot" from the Central Railway went? Mr. George McAvity, another of the Telegraph's owners, was one of the commissioners of that railway.

THE QUEBEC ELECTION. The result of the election in the Province of Quebec yesterday was not a surprise. It was not half as difficult for Sir Lomer Gouin and his colleagues to obtain a large majority as it will be for Sir Wilfrid Laurier to explain to Ontario and the West that his bill of resolutions, introduced in the House of Commons a few days before Quebec's nomination day, was not a straight political move in the interest of Premier Gouin and his friends.

THE DOMINION PARLIAMENT. There were two outstanding features in the second war session of the Dominion Parliament which closed last week. The first was the praiseworthy action of the Government in confining their larger proposals to matters arising from the war and in discussing such questions purely from a non-partisan standpoint.

Those who have followed the parliamentary debates during the session cannot but have noticed that the Government studiously refrained from introducing important legislation along the lines of their own political party as distinguished from that of their opponents. It was their desire to avoid needless controversy and if the opposition had met them in anything like a reasonable spirit the session could have been considerably shortened without impairing the value of the work done.

Little Benny's Note Book
I went to sleep last night and after a while I was woken up by a noise, and I went into the front room and looked out the window, and who was it but pop sitting on the parlor window sill talking to a pecceman, pop saying, I tell you you had no right to pull me out of my own parlor window by the legs in that manner. I tell you you pretty near break my neck and I tell you I live here, only I've lost my key.

Thrill in Meat Consumption. The following figures taken from the Agricultural War Book for 1916, giving the annual consumption of meat per capita in the countries mentioned, were, of course, compiled before the commencement of hostilities in Europe in August, 1914:

Table with 2 columns: Country, Lbs.
Australia 175
United States 172
Argentina 140
Canada 136.34
United Kingdom 119
Germany 113
France 80
Denmark 76
Norway and Sweden 74
Belgium 70
Austria-Hungary 64
Russia 50
Spain 49

Reduced to ounces the foregoing means that for each man, woman or child in the countries enumerated there are consumed approximately the following quantities of meat on an average each day:

Table with 2 columns: Country, Oz.
Australia 7.23
United States 7.12
Argentina 6.17
Canada 5.67
United Kingdom 5.17
Germany 4.7
France 3.32
Denmark 3.13
Norway and Sweden 3.14
Belgium 3
Austria-Hungary 2.45

New Brunswick's Greatest Shoe House

Dainty Desirable Pumps

Although there is a chill in the air women are already selecting their Low Cut Shoes and we doubt if ever in our history we were in a better position to offer all that is new and attractive in the shape of Pumps and Colonials. Patent Gun Metal, Buck Kid, Bronze, and Canvas. There is also shown this season a few lines of Oxford in patterns that are most attractive. We feel sure that an inspection of our stock will convince the public that at our stores can be found the exact shoe they require.

MARRIAGES.

Purple Martin.

An early morning marriage was celebrated at St. Peter's church yesterday morning when Rev. P. Costello, C. S. S. B., celebrated nuptial high mass at 8 o'clock, the contracting parties being P. A. Purple and Esther Olive Martin. The bride was given away by her father. After the ceremony a wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Thomas Martin, 35 Clarendon street. Among the many beautiful presents received was a library table and pedestal from the employees of the St. John Street Railway Co., and the Eastern Electric Co., Dock street, and writing desk from J. V. McLeellan, of the Registry office with whom the bride was employed. The happy couple left on the Boston train for a trip to American and Canadian cities. On their return they will reside at 22 Clarendon street.

C. P. R. Suburbans.

FIVE MORE DAYS TO WORK

Special Cash Prize Competition Closes Saturday And Each Member Should Bear in Mind That From Now On EVERY MINUTE COUNTS

The Standard Travel Club's second cash prize list, which has aroused so much enthusiasm among the members and their friends, is drawing to a close. Six p. m., sharp, this Saturday, May 27th, is the closing hour.

While you have worked hard during the past week do not let all that work go for nothing for the lack of a little extra effort during the next few days. As was demonstrated at the awarding of our first prize list, sometimes it is just that one little subscription that will place you among the prize winners. The cash offered this week, \$200.00 in all, is well worth trying for. In no other way could any member earn as much in so short a time.

Plain Statement from the Dominion Alliance Executive Showing that the Clarke Government Has Kept Its Promises to the Temperance People of this Province—The Prohibition Act and How it Came About.

The following plain statement should prove interesting reading especially for those Oppositionists who have contended that the Provincial Government had "played with" the temperance people in the matter of the Prohibition Act. It has been sent to the Standard unsolicited by the executive of the Dominion Alliance, Fredericton, with the request that it be published.

THE PROHIBITION ACT, 1915. HOW IT CAME.

By the Executive of Dominion Alliance Fredericton.

On December 10th, 1915, the representatives of the Alliance waited upon the Government, asking for the passing of a Prohibition Law for the whole Province and to come into effect after a referendum vote.

The Government agreed to the request of the Alliance to enact a Prohibitory Law and to take the Alliance into its confidence in the preparation of the same.

A committee of seven members of the Alliance were appointed to confer with the counsel appointed by the government to draft the bill.

On a number of occasions the committee met to consider the different sections of the bill and gave to it lengthened and careful consideration.

With the exception of a few sections the bill met with the hearty approval of the committee.

We are of the opinion that the act passed by the legislature is one of the best anti-liquor laws known to your committee and we believe if properly worked will accomplish its purpose in view.

The members of the government from the beginning of the negotiations have in a generous and straightforward way met most of the wishes of the committee and carried out the promises made in regard to the bill.

The negotiations with the counsel appointed to draft the bill and also with members of the government regarding the measure were of the most pleasant and satisfactory character and our requests were given full and careful consideration.

The government also assumed full responsibility for the bill as a government measure and for the bringing of it into force without the necessity of a referendum.

The legislature passed the measure with only two dissenting votes.

In counties under the Scott Act it is necessary that repeal elections be held before full advantage can be taken of the new law.

Inasmuch as copies of the new Prohibitory Act will not be available for some time it has been considered advisable to issue this brief statement of the essential features of the act.

Prohibitions.

1. All licensed bar-rooms and clubs will be abolished and thus the trading system will be eliminated. Sections 25-26.
2. This measure prohibits keeping any liquor in hotels, clubs, offices, places of business, boarding houses, etc. (Clause (t), Sec. 2.)
3. This act prohibits any one from advertising liquor upon any vehicle of transportation or at any public place or resort or upon any sign or bill board in the province. Section 38.
4. This act prohibits treating and drinking in public places. It is an offence to treat or offer liquor of any kind to any person in any street or car or upon any railway, passenger car, or coach or platform while the train is in the service of passenger transportation in the province. (Section 6.)
5. This act prohibits anyone under the influence of liquor to drive, operate or have charge of the power or guidance of any automobile, motor cycle, or any motor vehicle propelled by other than muscular power. (Sec. 20.)

Permissions.

6. Provision is made for the sale of liquor for medicinal, mechanical, scientific and sacramental purposes through licensed drug stores. Sec. 2 (n) (o).
7. Hospitals are permitted to keep

THISTLES WIN FROM SHAMROCKS BY 5 TO 0

The Thistles closed the door on the Shamrocks last night in a nine inning game. The Shamrocks were travelling fine up to the sixth instalment when Billy Howard called a foul ball hit by Milan a strike. This put "Phil Perry" to the woods. Up to that time he had only allowed two men to reach bases and had over a dozen strikeouts to his credit. From the sixth to the end of the ninth the Thistles had no trouble in connecting with "Phil." The score was 5 to 0. Dever and McGuigan for the Thistles had things pretty near their own way and had support from the field to spare.

Callahan at short showed major league form, his throwing was perfect and only missed one grounder during the game.

The score by innings was:
Thistles 000002210-5
Shamrocks 000000000-0

Following was the lineup:
Shamrocks Pitcher Thistles
McIntyre Dever
Catcher
P. Perry McGuigan
First Base
Murphy McAnulty
Second Base
Knudson Gibbons
Third Base
D. Perry Lenihan
Shortstop
P. Howard Callahan
Rightfield
Hagerty White

Butler McCormick
Leftfield
F. Howard Milan

A Few Bright Spots.
Up until a late hour last night the collection had not been counted? Percy Howard is still wondering why the umpire stopped him from coaching.

Callahan has a "wing" on him like a lunch counter chicken. Did you see "Johnny" trying to scale the barbed wire entanglements for Lenihan's foul? George Elliot knows when to stay

DROWNING AT PUGWASH, N.S.

Capt. Hunter of the Schr. Effie Howard went Ashore in Motor Boat and Failed to Return.

Special to The Standard.
Amherst, May 22.—A tragic drowning occurred in Pugwash Harbor yesterday, when Capt. George Heath, of the schooner "Effie Howard", met his death in the treacherous waters of the Cumberland passage. On Saturday the deceased and his brother Charles arrived off the mouth of the harbor and the late Capt. Heath decided to come ashore in his motor boat for supplies. He arrived at the wharf safely and secured the supplies necessary. At 11 p. m. he commenced the return trip to the schooner, but failed to arrive. On the next day it became known that he was missing and immediately it was surmised that the heavy squall that had arisen shortly after the hour of his departure, had struck and swamped the motor boat. The body has not yet been recovered. It will be recalled that his brother, Capt. Russell Heath was lost from the ship "Dictator" on December 2nd, 1912, off Cape George, N. S. A widow, mother and two brothers, Charles and Hance, survive him. The young man was but thirty-two years of age and was accounted one of the most promising citizens of Pugwash.

150TH BATTALION GOING INTO CAMP AT ALDERSHOT

Several Other Units from Cumberland County, N. S. to Spend Summer Under Canvas in Historic Annapolis Valley.

Special to The Standard.
Amherst, N. S., May 22.—The 150th French-Canadian Battalion will go into camp at Aldershot together with the Highland Brigade, as well as the 106th and 112th Battalions, "Barre's Bulldogs" will leave their winter quarters in town within a very few days. It is expected that over eight thousand men, the majority of whom are from the Province of Nova Scotia alone will be assembled under canvas in the historic Annapolis Valley. The 150th Highlanders that recruited five hundred men from Cumberland County in three weeks time, expect to leave for the same destination soon. As there are detachments of this battalion in Amherst, Springhill, Oxford, Parrsboro, Pugwash and River Hebert, mobilization will occupy considerable time. The company of the 106th Nova Scotia Rifles likewise will commence to make ready for the summer tenting before many more days have elapsed. Your correspondent of late had an opportunity of witnessing the majority of the Cumberland detachments at work. All have attained to a high degree of efficiency, even those sections of the "kitties" that have been in uniform a bare two months.

TWO SOCCER RECORDS.

London, May 22.—For the thirteenth time in the club's career and for the third successive season, the famous Celtic soccer club gained the Scottish League championship, and in doing so, hung up two new records in British football. During the season the team put together the largest number of goals over season, totalling 115, which beat the previous best of 103 gained by Falkirk in 1907-8. The other record was obtained by scoring 67 points, beating their former highest of 65. The club had a wonderful string of successes, for since their last defeat on November 13, they picked up no fewer than 49 points out of a possible 52.

FRANCE'S TRIBUTE TO BRAVE QUEEN OF HEROIC NATION

Pres. Poincare, on Behalf of French Nation, Presents War Cross to Queen of Belgians.

Paris, May 22.—President Poincare is making another visit to the Belgian front. He has conferred the war cross on Queen Elizabeth of Belgium as an expression of "the admiration of the French people for the magnificent courage and untiring devotion to the wounded which she has never ceased to show under the enemy's fire."

HOW COBB DOES IT.

Ty Cobb was asked by a Philadelphia writer if he shifted his position at the plate on right and left-handed pitchers.

"I do," said he. "But I keep shifting all the time. The batter who locks himself in the box is easy for a cunning pitcher to fool. Much depends on what a pitcher has as to where I stand. Sometimes I crawl up on curves, at other times I wait at the back of the box."

THE ST. PETER'S BOYS.

The Junior boys of St. Peter's Y. M. A. League are indebted to P. Grannan for a baseball outfit, consisting of mitts, gloves, bats and balls, to be used in their league this season.

The league opened on the 18th between the Roses and the Thistles. Mr. Grannan formally opened the season by throwing the first ball over the plate.

Below is a list of the games and results in their league this season.
Thursday, 18th—Roses 7, vs. Thistles 4; Shamrocks 3, vs. Roses 1.
Saturday, 20th—Shamrocks 4, vs. Thistles 3, ten innings; Thistles 8 vs. Roses 4.

NEW YORK BOXING MUST BE IMPROVED.

Those who wish to preserve the boxing game in Gotham should fumigate immediately. The last two heavyweight bouts staged there have left an odor that is offensive to an extreme.

Anders Anderson, highly touted, met Charlie Weinert. In the second round or so Weinert hit Anderson and he went through the ropes—and never has come back.

Then Jack Keating was pitted against Weinert. He hardly landed a blow. The crowd booed and boomed—and then began to leave the building. In the third round the referee stopped the fight because of Keating's fearful showing.

And then came the Fred Fulton-Al Reich bout. Those who saw the so-called fight claim that Reich quit cold along in the seventh or eighth round. In the ninth a storm of jeers from the crowd influenced the referee to stop further "hostilities."

Heavyweight bouts just now are as popular in New York as are Irish rebels in the house of lords.

\$12.87—cost of new wheel on average car priced around \$1000 or less.
\$ 5.00—cost of new wheel on a Ford car.
\$ 7.87—the 60% saving secured by the Ford owner.

And this merely indicates the general saving in every item of upkeep in which the Ford possesses a big advantage over any other make of car.

An assembly of Ford spare parts—enough to build the touring car complete—costs only \$40 more than the standard list price of the car, while on the average car priced around \$1000 and less a complete set of spare parts costs \$941 more than the car—over twenty times the Ford excess cost.

And yet tests conducted by one of the most authoritative Government laboratories in the world have shown that the quality of Ford constructive material is actually superior to that in most of the best cars made.

and amusing too. The grave and epithet of Sally Ann, the mule, are very funny, while also pathetic. Jed, as a poet, is delightful, and he certainly acts the part of a hobbledlegho from the country remarkably well. All roles are well filled. In this picture, interwoven with the plot, are pictures of a circus showing elephants performing their tricks, trained seals and the boat of the steam calliope that attracts the circus horse and calls him back to the ring. This is a Famous Players production and one that everybody will thoroughly enjoy. It is pretty and funny and has no tragedy in it whatsoever.

Vandeville, the pronunciation of which is given in Webster's Dictionary as vodvil, comes originally from a name given to his country ballads or songs by Oliver Bassel, a French poet from Vandevire, his native village.

Little girl describing Helen Holmes—Why, she's just a trained wreck!

Emily Stevens, the popular Metro star, who was recently seen in "The House of Tears," has a big black bull dog named Brutus, who is very fond of old shoes and alippers. He had just devoured a pair of Miss Stevens' tan slippers when some friends called. Addressing the dog, they asked his friend, "Black and tan," replied the actress.

Photodramatist, Elect Howard I. Young, President.

Howard Irving Young, of the Rolfe-Metro scenario staff, who recently completed the manuscripts of "A Million a Minute," in which Francis X. Bushman and Beverly Bayne are starred, has been elected president of the Photodramatists Inc. This is an organization of the foremost scenario writers in New York, which until recently was known as the Ed-Au Club. The members are banded together for the advancement of scenario writing and for their mutual benefit.

At their regular weekly meetings they discuss the markets, new companies and like subjects of general interest. Directors from the leading companies and manufacturers are invited to address them on topics looking toward the betterment of the profession. Arthur Leeds, formerly president of the newly formed organization is vice-president and Mary Louisa Fairley is secretary and treasurer.

Tyrone Power, who will be seen shortly at the Imperial in "Thou Shalt Not Covet," began his theatrical career right here in this city. His company rehearsed and put on a play called "The Texan," a number of years ago. Since then he has become famous on the speaking stage, and later on the screen.

Around the City

NO STANDARD TOMORROW. Tomorrow, Victoria Day, The Standard will not be published.

St. John Firm Buys Bonds. The Town Council of Woodstock, at a special meeting yesterday, accepted the tender of the Eastern Securities Co., Ltd., St. John, for an issue of \$30,000 of bonds at \$100.85.

The Holiday at the Opera House. There will be special holiday features at the Opera House tomorrow, with a morning performance at 10.30, two complete shows in the afternoon and two at night. Special music by the Paramount Ladies' Orchestra.

Dr. Schurman's Birthday. Dr. Jacob Gould Schurman, president of Cornell University, was born in Freeborn, P. E. I., on May 22, 1852, and celebrated his 62nd birthday yesterday. He was for a time professor of political economy at Acadia, and later joined the faculty of Dalhousie. He went to Cornell in 1886 and in 1892 was elected president of the university. He is regarded as one of the leading educationalists in America.

Clean-up Day. Don't forget that Thursday is clean-up day. Be sure and have your rubbish ready when the teams call. No ashes will be taken by the city teams, the citizens being supposed to care for that class of garbage themselves. Commissioner Fisher will be glad to hear from any persons who are willing to lend teams for that day. Telephone to Main 415 and the department will do the rest.

St. Paul's Boy Scouts. Members of St. Paul's Church Troop of Boy Scouts spent an enjoyable time at their headquarters last night under Scoutmaster McPherson. Some thirty boys were present and they received valuable instruction in scoutcraft, whilst some of them were examined for their second class badges by A. S. N. Hamm, B. C. Waring, district scoutmaster, who was a visitor during the evening.

Exchequer Court. In the Exchequer Court, Saturday, the last case on the docket was that of appropriation, the King vs. Carson and Vaughan. The action was for expropriation of land at Quaco by the Crown. The government tendered the defendants \$1,000, while the defendants demanded \$5,000. His Lordship Judge Adette rendered a decision for \$2,500 to the defendants, the costs to be paid by the Crown. J. B. M. Baxter, K.C., for the defendants and B. L. Gerow for the Crown. The court adjourned sine die.

Presentation to Lieut. Armstrong. Lieut. R. Fraser Armstrong, of the 65th Depot Battery, Woodstock, who before his enlistment was the engineer of the water and sewerage department, was made the recipient of a handsome army service Colt revolver yesterday afternoon, at the office of the department on Leinster street. Commissioner Wigmore made the presentation on behalf of the employees. Lieut. Armstrong, although taken by surprise, expressed his thanks for the token of esteem from the men and said it would serve to remind him of the kindly relations which had always existed between them.

Escaped Injury. Frank Gallagher had an experience about six o'clock yesterday afternoon on Mill street that he will have cause to remember for some time. He was intoxicated and while the traffic was very heavy near the corner of Pond street walked from the sidewalk to the street in front of an automobile and was struck and thrown to the pavement. The car was stopped and Gallagher was picked up. It was seen that he had escaped injury, but as he was under the influence of liquor he was placed under arrest, taken to headquarters and charged with being drunk.

DO GERMAN AGENTS HARBOR DESIGNS ON THE NEW BRIDGE?

Mysterious Stranger Fired Shot at Bridge Guard Early Yesterday Morning—Guard Returned Fire, but Marauder Escaped.

Are the Germans attempting to commit some of their dastardly acts in St. John? On Monday morning at twenty-five minutes to two, a man wearing a peaked cap was seen lurking near the Fairville end of the new bridge. One of the guards stationed on the bridge ordered the man to halt. He was then on the lower side of the bridge near the abutment of the old bridge. The guard commanded him to halt, but he paid no attention to the order. Once again did the guard order a halt but before he uttered the command the man fired a shot at him. Immediately the guard fired two shots at the man but he made good his escape. Derrick, the guard at the other end of the bridge, ran to the assistance of his brother watchman but was unable to find any trace of the party. The man ran towards the fisherman's shanty and, according to the fisherman, who happened to be in a boat with J. Kerrie, he was a good runner. Had not the party fired at the guard the affair would not have been so serious. But it is felt that when a man at such an hour in the morning is caught sneaking around any bridge or building and when ordered to halt shoots at the guard he certainly is not there for anything good.

HOWITZER BATTERY TO LEAVE FREDERICTON ON 29TH INST.

Organization Now in High State of Efficiency—Men Wanted for 65th Battery—Inspection Today on Partridge Island—Yesterday With the Local Battalions.

The 65th Howitzer Battery received official word to leave Fredericton on the 29th inst. This battery is in a high state of efficiency and under the command of Major C. M. P. Fisher will give a good account of themselves when the occasion presents itself. A number of the boys passed through the city last night in order to be on hand for the official inspection by Col. McLean, which will take place on the morning of the 24th. The men comprising the battery are mostly all from the Maritime Provinces, with a large number representing Cape Breton. The men will take their own equipment and horses used at Fredericton to Petawawa.

A Splendid Chance. The 65th Battery which is now being recruited for overseas, is not quite up to strength. Lieut. Armstrong who is in command announced yesterday that he had room for about twenty more men. The battery is at present at Woodstock but it is not known officially if it will proceed to Petawawa or remain at Woodstock.

No. 7 Siege Battery to be Inspected. No. 7 Siege Battery stationed on Partridge Island will be inspected by Col. McLean and Col. Armstrong today.

This unit is probably one of the best batteries recruited in Canada. The men are in fine fettle and under the command of Major Allen are prepared at any time to sail overseas. The cool invigorating air on the island has made a vast change in the men. One can scarcely realize how beneficial it is for the boys to undergo military training. It is not known if the battery will proceed to Petawawa or complete their training on Partridge Island.

115th Would Sooner St. John. "There is not one man in the battalion that wants to leave St. John this summer," said a member of the 115th yesterday. "Of course it would be different if we had to go overseas, we would not put up a kick." There is, however, one big factor to oppose the wishes of the boys, viz., a suitable rifle range.

A committee from the Board of Trade waited upon Col. McLean yesterday in regard to having the 115th stationed in St. John for the summer. As the majority of the boys have their homes here or in the immediate surrounding country it would be a pleasure, not only to the boys, but to their parents and relatives to have them in St. John this winter. However, rifle practice is of paramount importance and it is hardly probable that a target range could be obtained in or near the city.

Quite a large number of men have been issued seedling and ploughing passes, so called for eight or ten days in order to do their farm work. It has been the custom to issue passes good for 30 days, but owing to the time approaching when the battalion is to leave St. John, the passes have been cut down to eight and ten days. The men are provided with transportation both ways and allowed to wear civilian clothes while engaged in agricultural work. Their pay goes on just the same as if they were in barracks.

One man was taken on to the strength of the battalion yesterday—M. W. Edgar. Today the orderly officer will be Lieut. Buchanan. The morning will be spent in the usual work, viz., musketry training, bayonet fighting and physical training. The men are to receive an hour's lecture on Infantry Training this morning.

This afternoon there will be individual company marches under the respective commanders. Each company will have two drums, the brass band being daily engaged in assisting

FIVE MEN ON HONOR ROLL YESTERDAY

Recruiting Takes a Jump—Another 100 Men Needed for Battery on Partridge Island.

Recruiting in St. John took an upward climb yesterday, when five men signed the honor roll. The names are: Earl Kierstead, Hampton, N. B.; C. S. Huntley, Hartford, Conn.; Wm. B. Stevens, South Africa; Fred. Thorne, Springhill, Kings Co., Frank Lavigne, St. John.

100 Men for New Battery. Orders have been issued at military headquarters to recruit 100 men to go into training on Partridge Island for another siege battery to be stationed on the island. Persons desirous of enlisting in this branch of service will apply at the recruiting office.

MAY HICKEY ONCE MORE IN THE TOILS

Nineteen-year-old Girl Already Has Unenviable Police Record—Stole Wrist Watch This Time.

May Hickey, a nineteen year old girl, is once more in the clutches of the law on the charge of theft. She was arrested yesterday for stealing a wrist watch from a house 43 Peters street. The Hickey girl has quite a police record, made within a year. Last summer she was arrested for stealing clothing from a house on Esplanade street. She was adjudged guilty and sent to the Evangeline Home on St. James street. She was only confined to the home a couple of days when one evening she stole a coat sweater, the property of one of the attendants and made her escape from one of the windows. She had not been at liberty very long when she was captured by the police and taken to headquarters. This time she was sent to the Home of the Good Shepherd on Waterloo street where she served a term. It is said that the girl has not been away from the home for any length of time and she now stands a good chance of being imprisoned again.

Strips of Khaki. Lieut. C. P. Cramer left for Fredericton yesterday on military business. Col. Beer returned yesterday to the city. Captain Thompson, Capt. Sanford and Col. Powell, of the headquarters staff left this morning for Fredericton to complete arrangements for the tattoo day. Private Otto Northrup, with the 219th Highland Regiment at Halifax, is visiting friends in the city. The Rev. Capt. Thos. Harrison has been appointed to the 4th Overseas Field Artillery (Howitzer Brigade) C. E. F. Captain Harrison is a very popular officer, and his many friends will be glad to know that he has been appointed to this important and popular arm of service. Capt. Harrison served four years with the Royal Imperial Field Artillery, so he will feel very much at home in his new appointment. Capt. Logan left last night for Fredericton on an inspection tour. Private Simmons, who arrived back home in Fredericton last evening, home in Fredericton last evening.
