**Direct Taxation!**

If You Don't Want the Tax Collector to Make Regular Calls Upon You to Maintain the Necessary Dominion Expenditure of the Country, then You Must Continue the Liberal Conservative Government in Power by Voting for the Gov't Candidate.

MICHAEL ADAMS, Esq.

What Mr. Laurier says on this question—Dominion Revenue from Direct Taxation on—

What Sir John A. Macdonald says—Dominion Revenue from Customs and Excise, that is Indirect Taxation.

Which System Do You Prefer?—Then Answer the Question in the Only Practicable Way by Voting for the Government Candidate.

MICHAEL ADAMS, Esq.

**Do You Want Annexation?**

If you want to remain a British subject, with all the privileges that implies, then vote to send a supporter of the present Liberal Conservative Gov't to represent you in Ottawa.

Mr. Laurier says—Discrimination Against Great Britain. And his allies in the United States have sworn his policy means Annexation.

Sir John says—No Discrimination Against Great Britain. "A British Subject I was born; a British Subject I will die."

**Nomination Day,**

To-morrow, Thursday, Feb. Twenty-Sixth.

**Meetings.**

A number of most enthusiastic meetings have been held in the interest of the Liberal Conservative Candidate, Mr. Adams, Esq., in different parts of the county, and the reports of such meetings, and the enthusiasm which pervades all of them, warrant the statements which have been made, that Mr. Adams will be elected by an overwhelming majority. At these meetings were to be found men who had on previous occasions supported the Liberal Candidate, but now in their country's interest they are working for the government candidate, and a glance at the long row of names attached to Mr. Adams's nomination paper gives ample evidence of the fact. Meetings have been held as follows:—On Saturday, Feb. 14th at Nelson, on Tuesday, at Whiteville, when thirteen or fourteen valiant Grits followed Messrs. B. Fairley and C. S. Ramsay in the endeavor to capture the meeting, but without success. A writer in the St. John Telegraph alludes to Mr. Adams and refers to his "brood of speakers who travel through the country in a drove." The writer must have been mistaken, and was probably referring to the thirteen Grits who followed speakers in the Liberal Conservative interest to the meeting at Whiteville. One of the respectable thirteen was conspicuous by his interruptions of the speaker, continuing asking what was to be done with the duty now, probably referring to the duty put on fruit by the McKinley tariff. The speaker, becoming annoyed at his interruptions, asked the chairman to invite the speaker to the platform, "when the cackling at once stopped."

On Thursday a close meeting was held at Redbank at the close of the railway meeting of which an account is given in another place. At this meeting, the chairman, James Somers, Esq., stated that hitherto he had been an out and out Liberal, and supported Peter Mitchell at the last election, but in view of the great question before the country, he had fallen into line with the policy of the government and support Mr. Adams. He then called upon John Burdell, Esq., M. P., who took the platform and in a neat and able speech advocated the claims of Hon. Mr. Adams to the past. Mr. Burdell spoke very favorably of a railroad for Redbank.

James Robinson, Esq., M. P., followed in the same line and stated that like Messrs. Burdell and Somers he had formerly been a supporter of Mr. Mitchell, but under the circumstances he was now in a position to be owed to his country, to do all in his power to elect Mr. Adams, which he felt confident would be the result of the fifth of March.

B. Fairley, Esq., of Newcastle spoke very favorably of Mr. Adams and advocated his interests very ably, showing very conclusively why the county should be represented by a re-elected member

instead of a non-existent one, and one who virtually represented Montreal.

Charles S. Ramsay, Esq., of Newcastle, a former supporter of Mr. Mitchell, spoke on behalf of Mr. Adams, the government candidate, and went very fully into facts and figures showing what the state of things would be under the strict reciprocity as contrasted with the policy of Sir John A. Macdonald's Government, and concluded with an eloquent appeal to the large number of electors present to rally around Mr. Adams and roll up a large majority in his favor on the 5th of March, and thus render the honor of Northumberland.

A call was then made for Rev. Mr. Murray, Presbyterian minister, who occupied a seat on the platform, and his appearance was the signal for a grand outburst of applause. He spoke with so much sincerity of the gravity of the situation, the new issue submitted to the people of Canada for consideration and determination, the refusal to destroy Canada and drive her into annexation by enemies of our own land, caused him to cheer and cheer him time and time again. When he announced that he was patriotic enough, and his love of Canada and her institutions so strong, that he would not hesitate to abandon the black coat and wear the red for his country's honor, he moved the people to the very highest pitch of excitement. He appealed to them to help aside prejudices and destroy by their vote the religious cry attempted to be incorporated into this election, denouncing in scathing terms the men who sank so low as to refuse recognition of men equal to themselves, the chances and opportunities of winning like favors. The duty of every man, true to his country, to his fellow citizens, who love Canada, and glorify in her progress, is to vote for Mr. Adams, the authorized standard bearer of the Government. Resuming his seat he was warmly greeted and all around with each other in tendering congratulations on his speech.

Speeches were given for Adams, and Redbank will be a hot spot to the grand majority Adams will receive.

Other important meetings have been held at various points, accounts of which have been sent us, but the limited space of this paper prevents publication. Suffice it to say that as at Redbank so at all other places, former Liberals are expressing their intention to work and vote against the annexation policy of the Liberal party, and there is no doubt that with this assistance the government candidate will be elected with a very large majority.

**Bathurst Jottings.**

FEBRUARY 21st, 1891.

DEATH OF A CENTENARIAN.—Died here this week Mrs. Pire, aged one hundred and six; funeral was largely attended by relatives and friends who mourn her loss.

TRUCKING.—"Ever Oward" Division S. of T., together with the "Women's Christian Temperance Union" are doing a fine work; each Monday night there is an entertaining programme to go through. Brother Alex. Stout sings the songs which are always accorded, as he has a very fine voice and is well able to do them justice. Last Monday night we had some very fine remarks from A. J. W. MacKenzie, who is the W. P. for the present quarter, and he is working hard all the time for that organization and spares no time or talent to further the cause of temperance. They are to have a debate on Monday next, the leaders are Bro. Chase and Bro. Carter, subject of debate, "which is the most destructive fire or water," which I am sure will cause much discussion. We had two visitors from Youghal Division, Sister McPherson and Brother Sandies and John Keane from the Village.

CHURCH NOTES.—There was a match played at the rink on Wednesday last, for the Sub-Skips cup. Rinks were as follows:—Mr. A. G. Stout, Macintosh, M. Cowperwaite and Mr. Spink, of the Bank of Halifax, stationed here. Mr. Robt. Hickson, H. White, F. Napier and Jas. Dunn. The game caused considerable excitement, and the playing on both sides was admirable. But all through A. G. Stout's playing seemed to be an orchestra from St. John, which terminated with the winning of the cup by A. G. Stout, who won it by eight points, and on Thursday morning I had the pleasure of seeing Mr. Stout carrying home his trophy which is a very fine heavy silver cup. Mr. Gayton holds two and A. G. Stout, one, all held in the lower end of the town.

There was a ball given by the Curriers here on Monday, Feb. 2nd, which was a great success. The music was furnished by an orchestra from St. John, which played some of the best pieces. Amongst the strangers present was Miss Pepper, of St. John, who was here on a visit to her brother Mr. Pepper, and Mr. and Mrs. Stratford from Moncton, who were looking elegant and danced very nicely. The belle of the ball however was a tie between Miss E. Ramsey, and Miss L. Sinclair, both of whom looked splendid. The costumes worn by these two ladies were very pretty and tastefully decorated, and I am sure all those present enjoyed themselves very much. There was a supper served which I am told was done justice to.

ELECTION NOTES.—On Thursday morning Messrs. N. R. Laurier, Esq., and a large party drove down to Grand Anse to attend the Convention which was held there on the 21st inst. Mr. Adams was opposed to Mr. K. F. Burns, who is expected home from England to-night (Saturday). There was also accompanied Mr. Landry, was Senator Poirier, from Kent. This is the first time a senator was seen down shore and I am sure it will cause some stir. They are also going on to Carleton to hold a meeting there later on in the day. I hear from good authority that N. R. Landry has been elected the opposition candidate and his supporters with good prospects of success. Fully forty sleighs went down occupied by Mr. Landry's supporters and two of Mr. Burns' men followed viz. Wm. Melancon, Esq., of Middle River, and John Haché, of the village. There is going to be a torch light procession to-night which will station to welcome Mr. Burns home.

A THOROUGHBRED.—Mr. Wm. Rogers, of Model Farm, has imported a thoroughbred Hamiltonian horse, color dark bay, weight twelve hundred, standard bred and registered. Bought from C. Philip Hall, D. V. S., in State of Vermont. Will stand in Gloucester County this season for service. His registered name is "Heddon," and holds a high reputation in trotting circles.

**Railroad Meeting at Redbank.**

A Correspondent sends us the following account of an important railway meeting held in Redbank on the evening of 19th inst. in response to advertisement, a large number of the influential and leading men of the Community convened in Temperance Hall, Redbank, to consider the necessity of railway communication with the outer world, and particularly with the Town of Newcastle and Chatham where most of the business of the place is transacted, James Somers, Esq., occupied the chair.

Among others present we noticed besides the Chairman, Patrick Hogan, Esq., Fishery Overseer and Ex-Commissioner for North Ek, M. Sutherland, Esq., M. P., Councilor for South Ek, Thomas H. Ramsay, Esq., lumber merchant, Messrs. George Sutherland, Arch Ramsey, Matthew Clancy, M. D. J. L. Andrew, Matchett, James Powers, D. McTearish, Thomas Mullin, James Mullin, A. Fitzgerald, Robert Parks, government scaler, and a host of other residents of the place. Also John Burdell, M. P., of Nelson, James Robinson, M. P., of Derby, B. Fairley and Chas. S. Ramsay, Esqs., of Newcastle, were also present and gave tone and influence to the meeting.

After the chairman explained the object of the meeting, he spoke at some length on the great advantage it would be to all concerned to have a railroad from Redbank to Newcastle, and invited all present interested to express their opinion on the subject. In response to the invitation from the chair, Councilor Sutherland, Messrs. Thos. H. Ramsay, George Sutherland, Matthew Clancy, P. J. D. L. Terry, and other spoke on the subject, and clearly and forcibly demonstrated the necessity of a railroad to the direction of Newcastle and the unanimous in their determination to secure their rights, and to work earnestly and faithfully until the desired object was accomplished.

When we consider the large amount of supplies coming into Redbank for transportation to the lumber camps, brought in by the lumbermen of the Northwest and Little Southwest and of Newcastle, Chatham and Nelson, and when we take into consideration the fact that these supplies are conveyed by teams at a time of year, viz. Autumn, Winter and Spring, when the roads are in a very bad condition, surely it will be readily admitted on all sides, and by all right thinking people, that some better way of conveyance becomes a necessity. But the supplies brought by the lumbermen do not constitute all the business of the Village of Redbank. Apart from the supplies for the lumberwoods, and the merchants and other business men of the place, there is a large export of lumber, hemlock bark, ship timbers, and railroad ties, etc. etc., all which would form freight for a railroad and prove an important feeder to the I. C. R. Now, where these supplies are sent, left out in the cold, and to paddle their own canoe, all will acknowledge that a railroad from the Village of Redbank tapping the I. C. R. at some convenient point at or near Newcastle is an absolute necessity. The necessity of the railway facilities of the village of Redbank should arise in all their strength and influence and assert their claims and demand of the Dominion Government what is their right just in the way of railway facilities. We have no doubt but that our coming representative, Mr. Adams, Esq., supported by the influential and leading men of the place, will bring such an influence to bear upon the Dominion Government as to induce them to construct, equip and operate the road as in the case of Derby and Indianstone, and other branch lines, important features to the I. C. R.

Thomas H. Ramsay, Esq., concluded his remarks by moving the adoption of the following resolutions:

Resolved, That the residents of Redbank, North West Miramichi and branches, recognizing the disadvantages under which we are placed in regard to sending our products to market for want of railway facilities

And whereas, improved exporting and importing facilities by rail would be of very great importance and we believe would give a very great impetus to the lumbering and other industries now being carried on in the various branches of the river,

And whereas, we are of the opinion that a branch railway from Redbank tapping the I. C. R. at some suitable point at or near Newcastle would be of great benefit and greatly assist in the development of the place,

Therefore Resolved, That we do all in our power to direct the attention of our representatives to our need in this respect, and further more to urge upon them the necessity of procuring this connection for us.

And further Resolved, That we forward to each of our representatives a copy of the resolutions and also to the local Press.

These resolutions were unanimously adopted amid cheers from the audience. The meeting was harmonious and influential and we have no doubt but that the Dominion government will readily and cheerfully concede the earnest wishes of the people concerned and build the road, assured that it is a reasonable demand, and a duty that the government owes to Redbank and the inhabitants of the fine and noble North West Miramichi and its branches.

**No More Old Fashioned Fricos.**

We would direct the attention of our patrons to the advertisement of Mr. Alexander Robinson in this issue of the ADVOCATE. Mr. Robinson's reputation for good work both as a carriage builder and painter is a well established fact. He keeps in stock all kinds of Agricultural implements as well as carriages, etc., and farmers and others will find it to their advantage to give him a call at his warehouse, St. John Street, Chatham.

Mr. Robinson has recently added to his business the importation of high grade pianos and organs, which are imported direct from manufacturers, they can be sold at lower prices and on better terms than ever offered in this part of the County. Call and examine Mr. Robinson's stock.

JACK ROY.

**A Terrible Calamity.**

**EXPLOSION AT SPRINGHILL.**

The terrible explosion in a portion of the Springhill Mines on Saturday afternoon has caused a fearful loss of life and leaving a large number of widows and orphans unprotected for an urgent appeal for aid has been issued and we are sure the people of this county will heartily respond to the call of these destitute widows and orphans. With such a terrible calamity and the necessity or prompt aid it appears to us that perhaps the best way of assisting these bereaved families according to our means would be to immediately call together the County Council and they to have been left behind and 127 children have been left behind and 127 children have been left behind.

The following appeal has been received:

SPRINGHILL, N. S., Feb. 23, 1891.

A mining disaster attended with fatal results in a portion of a railway in the history of Canada has taken place upon the mine and people of Springhill, Nova Scotia. The loss of life is probably as great as that of any similar disaster in the history of the Dominion.

Seventy thousand dollars will be required to meet the demands and to alleviate the sufferings of the bereaved and distressed during the most pressing period of their direful misfortune.

The residents of Springhill, in meeting assembled, have appointed a committee consisting of Mr. M. J. L. Terry, and all the able men of the place, to solicit aid and acknowledge subscriptions to the relief fund, and to send a list of names to the Hon. Mr. Adams, Esq., M. P., of Newcastle, N. B., and to the Hon. Mr. Adams, Esq., M. P., of Derby, N. B., and to the Hon. Mr. Adams, Esq., M. P., of Nelson, N. B., and to the Hon. Mr. Adams, Esq., M. P., of Chatham, N. B., and to the Hon.
