

The Campbellton Graphic

J. G. McCOLL, EDITOR - H. B. ANSLAW, MANAGER.

CAMPBELLTON, N. B., SEPTEMBER 22, 1911.

REID AGAIN RETURNED

The election in the county of Restigouche is over. In many respects it has been a remarkable one. Seidman has such an order, and quick crowd of voters exercised their franchise, and the keenest partisan did not expect such a thundering majority as was rolled up for James Reid. He had a majority in every district but one, even beating his opponent in his own town Dalhousie. We are satisfied and the electors have given their assent in no uncertain manner for the return of Mr. Reid and we can now settle down to our interrupted avocations and shake hands all round. We congratulate Mr. Reid on his splendid victory and also extend our congratulations to Mr. Montgomery on his square, plucky and open fight.

SIGNS OF THE TIMES

From time to time we hear and read of the progress of Restigouche county, and for tangible proof of this we have to look to the International Railway which is steadily going forward. Business is booming all along the line, freight and passenger traffic having increased over 100 per cent within a very short period. The business of the railway is expanding daily, and vast improvements and extensions are projected in the near future. Already a number of new sidings are being constructed, and preparations being made for taking the logs both to Campbellton and St. Leonard. When we remember that this railway taps a great and growing country, new settlements springing up daily along its fringe we can understand the enormous trade it is ready to carry and with Campbellton as its trade centre we have no fear but that the prosperity of the town will go hand in hand with that of the International Railway.

For the benefit and at the request of a number of our readers who understand the truthfulness of articles appearing in the "Graphic" we give below a cutting from the "Moncton Times" which reads:

Campbellton, N. B., Sept. 16.—The Graphic Saturday contains a statement that the conservative committee supplied rum for their supporters after Premier Hazen's rousing meeting in the Opera House and that the police were called three times to quell disturbances. This is a malicious lie written and published by the Eli-

tor of this Graphic with the knowledge that he was lying.

The paragraph complained of is as follows:—

There was plenty liquid refreshment provided for the out of town supporters of the Conservative party who attended the Hazen meeting Tuesday night, and they made such a disturbance in the vicinity of the Conservative Committee rooms that the police were called three times to preserve order. It is too bad that men will so far forget themselves, and that others who are asking for votes for a political party, will stoop to such means to get votes for their party.

We will allow our readers and the editor or correspondent of the "Moncton Times" to judge on the paragraphs and would state that the best thing for the "Moncton Times" is silence and an apology.

SOLID QUEBEC BROKEN AT LAST

Montreal, Sept. 21.—The result in the province of Quebec surprised even those who were confident that material gains would be made by the opposition. Hon. Sydney Fisher provided one of the features by going down to defeat before Mr. Baker, son of the late Senator Baker.

Hon. Jacques Bureau, solicitor-general, is also numbered among the fallen, while Hon. Rodolphe Lemieux, in Rouville; Dr. Bland, in Beauce, and ex-Speaker Marcellin Bonaventure, retained their seats.

The defeat of Mr. Gilbert in Drummond-Arthabaska removed from the parliamentary scene the man who showed a year ago the strength of the tide against the naval policy of the government. The Conservatives gained seventeen seats in Quebec, and lost four those lost being Soulanges, where Sir Wilfrid Laurier was victorious over Dr. Lortie, and Quebec West, where William Price was defeated by Mr. Power, of Sherbrooke, and Drummond-Arthabaska.

The Quebec standing as a result of yesterday's polling is 36 Liberals and 57 Conservatives, with two deferred elections yet to be held in Gaspé and Chicoutimi.

Another feature of the result was the lack of strength displayed by the Nationalists in counties which seemed to be their stronghold. The Conservatives not only held their own in the majority of the constituencies represented by them in the last parliament, but they added considerably to the number.

HER SKIN SEEMED ON FIRE

Every Other Treatment Failed But "Fruit-a-tives" Cures

GRAND LAC, QUE., Jan. 2nd, 1910.

"My wife was greatly distressed for three years with chronic Eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did any good. He also advised her to wear rubber gloves and she wore out three pairs without getting any benefit. As a last resort, I persuaded her to try "Fruit-a-tives", and the effect was marvellous. Not only did "Fruit-a-tives" entirely cure the Eczema, but the hands, which she suffered from, was also completely cured.

We both attribute our present good health to "Fruit-a-tives". N. JOUBERT.

"Fruit-a-tives" will always cure Eczema or Salt Rheum because "Fruit-a-tives" purifies the blood, corrects the indigestion and Constipation, and tones up the Nervous System.

"Fruit-a-tives" is the only medicine in the world made of fruit juices and valuable tonic, and is the greatest of all blood-purifying remedies. See a box—5 for 25c—or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

VERDICT IN BRUCE CASE

At the adjourned court held in the Acker building on Friday evening before Coroner Martin, the evidence being concluded, the jury returned the following verdict:—"That the said Daniel J. Bruce came to his death in the town of Campbellton on Thursday the 21st day of September by a blow from an umbrella in the hands of Dr. W. W. Doherty."

HEAVY DRINKER CURED

Samaritan Cured Him and He Helps Others.

Others:

A man who has been released from the awful cravings of drink, and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter:—

"The Samaritan Remedy Co., Toronto, Ont.: 'Will you please send me book on drink, also circulars relating to your valued remedy for the drink habit. I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public.

H. Lilywhite, Bridgeton, Ontario."

Samaritan Prescription is "tasteless and odorless, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous. Drink is a disease, not a crime. One drink of whisky always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whisky or removed by scientific treatment like Samaritan Prescription. Samaritan Prescription has been in regular and successful use by Physicians and Hospitals for over ten years.

If you know of any family needing Samaritan Prescription, tell them about it. If you have a husband, father or son that is drifting into drink, help him save himself. Write to-day.

A FREE TRIAL PACKAGE of Samaritan Prescription, with booklet, giving full particulars, testimonials, price, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence secretly confidential. Write to-day.

CONSERVATIVES SWEEP ONTARIO

Conservatives Elected Over Seventy

Members Against Thirteen Liberals

Toronto, Sept. 21.—Greater than the sweep made by the National Policy in 1878 is the complete victory in Ontario of the Conservative party.

There is just a handful of Liberals left to tell the tale. Hon. G. I. Graham, Hon. William Paterson, Hon. W. L. MacKenzie King, all of whom were strong for reciprocity, went down to defeat.

There is no reciprocity sentiment in Ontario judging from the vote which at this time is 71 Conservatives and 12 Liberals.

Sir Wilfrid Laurier made the mistake of his life when he allowed Americans from Detroit to get in on his platform and cheer for the act in the province of Ontario.

Another fact that contributed to the defeat of the Laurier government was the activity of W. R. Hearst, of New York, in the affairs of Canada. An army of United States correspondents invaded this city just as if it was part of their country and they had some real right to educate the people of Canada.

There are 221 members in the house of commons and five of these constituencies will not be heard from until later. Thunder Bay and Rainy River are the two in Ontario.

The Ladies of Campbellton May Now Have Beautiful Hair. The White Drug Co. Has the Artile and Guarantees it to Grow Hair, or Refund Your Money.

The White Drug Co., backed up by the manufacturers of SALVIA the Great Hair Grower, guarantees it to grow hair.

SALVIA destroys Dandruff in ten days.

The roots of the hair are so nourished and fed that a new crop of hair grows up, to the amazement and delight of the user. The hair is made soft and fluffy. Like all American preparations SALVIA is delicately perfumed. It is used by the actresses who do not use SALVIA continually.

Ladies of society and influence use no other.

"SALVIA is a non-sticky preparation, and is the ladies' favorite." Large generous bottle, 50c. The Scotch Drug Co., St. Catharines, Canadian distributors.

Dr. J. L. Murray's medical resources
are being called out of Nature's labor-
atory, a Liniment of remarkable creative
power. It had the merits of other pre-
parations of the kind, without their dis-
advantages, and contained other in-
gredients with unique value in bodily ill-
ness. The good, moist, chlorides pro-
vided many kinds of aches and pains with
most satisfying results, and after his
patients continued to receive and enjoy
the good.

In cases of backache due to kidney
trouble it is efficacious as a supplement
to other remedies. It is also in-
valuable in rheumatism, neuralgia, sciatica,
and many similar affections. Taken
with the Long Tonic, it quickly restores
the system to health.

The Liniment is clean, has an agree-
able smell, and when rubbed in goes to
the heart of the trouble and promptly
relieves. Nothing more which could
be said has ever been compounded. **CHAMBER-

There is more Catarrh in this
section of the country than all other
diseases put together, and until the
last few years was supposed to be in-
curable. For a great many years
doctors pronounced it a local disease
and prescribed local remedies, and by
constantly failing to cure with local
treatment, pronounced it incurable.
Science has proven Catarrh to be a
constitutional disease and therefore re-
quires constitutional treatment. Hall's
Catarrh Cure, manufactured by F. J.
Cheney & Co., Toledo, Ohio, is the
only constitutional cure on the
market. It is taken internally in
doses from 10 drops to a teaspoonful.
It acts directly on the blood and
mucous surfaces of the system. They
offer one hundred dollars for any
case it fails to cure. Sent for cir-
culars and testimonials.

Know an Auto

From Hood to Tires

Expert knowledge of automobile con-
struction is essential to car owners and
drivers alike. To the owner it means
saving in cost of up-keep, and a great
deal of trouble. To the driver it means
a larger salary, and a permanent position,
and, when not right, exactly what to do and
how to do it.

All this valuable knowledge is set forth
in the Automobile Course of the International
Correspondence School, the most thor-
ough and practical Automobile Course in the
world. Automobile Engine, Automobile
Electric, Automobile Gasoline, Automobile
Transmission and Control Mechanism, Bear-

to handle it.

BATTLES IN THE AIR

Flying Machines Will Be Great
Factors in Future Wars

There is no doubt as to the fact that
the next great war will be fought in
the air as well as on land and sea.
The warfare of the air will have
something of the individuality of ap-
parent warfare. The modern war fight
is a conflict of huge and costly ma-
chines rather than of men. Victory
depends more upon the skill of the
men in the shipyard than upon the
power of the men on the ship.

In the air fight individual prowess
and skill will count for almost as
much if not quite as much as in the
old days of hand to hand conflict.
The flying machine can carry
only a few men. It is not costly
probably a thousand machines could
be built and equipped for war at
considerably less cost than one fleet-
ing vessel.

Much will depend upon
whether the guns of the great war-
ships on the water can be used
and cheap rival in the air.

Perhaps the first battle in the air
took place the other day, when a well-
known French aviator was attacked
by an eagle and escaped with some
difficulty. However, before this hap-
pened Robert Latham had started
French sportsmen by shooting wild
ducks from the air.

Latham had taken his gun
with him for the purpose of shooting
wild ducks about a mile
over the ocean, he turned his flying
suit. The following description of
the hunt is given by a scientific writer:

"The ducks flew over the water
dividing the two parts Latham, how-
ever, was able to outfly them, to fly
all around them in fact, and suc-
ceeded in bringing down one at last.
The remarkable part of this
feat is that the aviator had to be
able to shoot without the aid of any
necessary to aim and fire. It is claim-
ed that the Aviator is the only
ship which can be shot down at the
control of the aviator's hands for the
purpose."

We have yet had to make laws to
protect the birds against the automo-
bile.

WISER IN THE FACE OF DEATH
Walter I. Smith was in a town in
his district one night when a mob
gathered about the jail for the pur-
pose of lynching two colored men.
The head of what was going on
and mounting the jail was
made an impression on the mob
to disperse and not bring disaster on
the names of their loved ones. They
were so wise and so brave.

WAGNER'S FIRST FAILURE

Famous Composer Tells of the Ex-
perience in His Autobiography

The composer Wagner, in his auto-
biography, which has been translated
into English, tells of his first failure
in these words:

"I had surreptitiously listened to the
rehearsal with some interest. I was
very much impressed by the conductors
with which Dorn tubed with the ap-
parent confusion which the members of
the orchestra showed with regard to
this mysterious composition."

The principal theme of the allegro was
contained in four bars. After every
fourth bar, however, a fifth bar had
been inserted, which had nothing to
do with the melody, and which was
announced by a loud bang on the key-
board on the second beat. As the
drummer stood up alone, the drum-
mer who continually thought he was
making a mistake, got confused and
did not give the right sharpness to
the accent as prescribed by the score.

Listening from my hidden corner,
and frightened at my original inten-
tion, I suddenly decided to remain
where I did not displease me. To my
genuine annoyance, however, Dorn
called the drummer to the front and
insisted on his playing the accented
with the prescribed sharpness. When
the rehearsal finished, I told the musical
director of my misgivings about this
important fact, he stuck to it that the
thing would sound very well as it
was.

In spite of this assurance my rest-
lessness grew, and I had not the
courage to introduce myself to my
friends in advance as the author of
the "New Overture." I had forgotten
to buy a ticket and was refused ad-
mission by the man at the door.

Suddenly the tuning up of the or-
chestra grew louder and louder, and
I thought I should have to miss the
beginning of my work. In my anxiety
I hurried to the front and found the
door as the composer of the "New
Overture," and in this way I succeeded
in passing without a ticket.

The overture began. After the
theme of the "black" brass instru-
ment had made itself heard with
great emphasis, the "red" allegro
theme started, in which, as I have al-
ready mentioned, every fifth bar was
interrupted by the drum beat from
the "black" world. The fatal drum
beat, brutally hammered out entirely
without any of my senses.

I heard my neighbors calculating
the return of this effect. Knowing the
absolute correctness of their calcu-
lation, I suffered ten thousand torments
and became almost unconscious. All
I could do was to count the number of
times the drum beat from the "black"
world, and in this way I succeeded
in passing without a ticket.

No phantom like those in Hoffman's
"Fairy Tales" could have succeeded in pro-
ducing the extraordinary state in
which I came to my senses on noting
the astonishment of the audience
at the end of the performance.

No hissing, no remarks, not even
laughter. All I saw was intense as-
tonishment at such a strange occur-
rence, which impressed them, as if
they had seen a horrible nightmare.

Nothing, however, equalled the pain
of coming face to face with the man
who had haunted me ever afterward,
and for a considerable time I avoided the
pit of the Leipzig Theatre.

ONE PERFORMANCE ONLY

He Died With The Servants And He
Entertained Them.

A well-known society entertainer
had been engaged to give a perform-
ance at a country house. The hostess
had "riens," and was of snobbish
instincts. She left instructions that
the servants were to dine with the
entertainer. The butler, who knew
better, apologized, but the entertain-
er would not hear of it.

"Well, now, my good friends," said
he, after he had dined well. "If I
have all finished, and you are
agreeable, I will give you my little
show."

"We are quite ready, Mr. Dash,"
said the hostess.

"Ready for your entertainment to
be sure," was the answer.

"But I have given it already," ex-
plained the entertainer; "and my en-
gagement was for one performance
only."

"When let Where? When?"
"Down-stairs; an hour ago."

"This is nonsense," exclaimed the
hostess.

"It seemed to me somewhat extra-
ordinary," was the steady reply; "but
I have always been my privilege to
dine with the company I am as-
sured of. I took it you had ar-
ranged for a little treat for the
servants."

Then he left to catch his train.

A DISCOVERY THAT

IS BENEFITING

THE WHOLE WORLD

CANADIAN PHYSICIAN MADE IT

Wonderful New Substance
Formed by Combining

Fruit Juices

It takes Canada to do the really big
things that are being done. For
thousands of years, people have known
that fruit was good for them without
knowing exactly why. A Canadian
physician experimented until he found
out.

Fruit juice is about nine-tenths water
and one-tenth solid matter. And this
solid matter is eight-ninths sweet and
one-ninth bitter. It is the bitter
principle that is the curative part of
fruit. To get the full benefit of fruit,
one must eat great quantities of fruit
or a concentrated fruit juice.

By the discovery of this Cana-
dian physician, the bitter curative part
of fruit juice is so
combined that it is
made into a substance
which is known
as "Fruit-Active."

"Fruit-Active" is the
only medicine in the world that cures
Constipation. JAMES PROUDFOOT,
Esq., of Vankle Hill, Ont., says "I
it were not for 'Fruit-Active' I am
suffering from Constipation."

Chronic Con-
stipation means Par-
alysis of the bowels.
There are two
layers of muscles
in the bowels which
during constipation
become thin and
weak and cannot
act. In severe
cases, people go
three and even ten
days without the
bowels moving. N.
JOURNEY, Esq., of
Grande Ligne, Que., says "I heartily
recommend 'Fruit-Active' to all who
suffer from Constipation."

It is a liquid
secreted by the
liver; is the pur-
pose of the body
two parts of bile
should be poured
into the bowels
every day. In
every case of
constipation only
one pint is secreted.
With the muscles
of the bowels weak
and the flow of
bile, Wm. Parsons,
Esq., of Ottawa, Ont., says "I am
suffering from Constipation, and
I feel 'Fruit-Active' is the only
medicine that will cure me."

To cure Con-
stipation, the liver
must be stimu-
lated to pour out
more bile and the
weak muscles
strengthened.

Mr. and Mrs.
J. W. Fox of
Newburgh, Ont.,
say "Our daughter
was cured of
Appendicitis by
'Fruit-Active' after
doctors said only
surgery would save her life."

"Fruit-Active" is
not merely
relieving agent
but actually cures
Constipation. It
tones up the
nerves and bow-
els and in-
creases the flow
of bile.

Wm. Parsons,
Esq., of Ottawa, Ont., says "I am
suffering from Constipation, and
I feel 'Fruit-Active' is the only
medicine that will cure me."

Age and find 'Fruit-Active' do
more good than any other remedy.
Remember—chronic Constipation
cannot be cured in a day, but 'Fruit-
Active' will quickly relieve the trouble
and certainly cure you if taken
reasonably time.

Senior JOHN
COSTIGAN of Ot-
tawa, says "I have
been a dreadful
sufferer from Con-
stipation for over
thirty years. After
taking 'Fruit-
Active' for a few
months, I feel I am
well from this hor-
rible complaint."

MADE WELL AND STRONG

By Lydia E. Pinkham's
Vegetable Compound

Toronto.—I gladly give my testimonial in favor of your wonderful medicine. Last October I wrote to you for advice as I was completely run down, had bearing down separation in the lower part of bowels, backache, and pain in the side. I also suffered terribly from gas.
After receiving your directions, followed them closely and am now entirely free from pain in back and bowels, and am stronger in every way.

I also took Lydia E. Pinkham's Vegetable Compound before my baby was born, and I recommend it highly to all pregnant women.—Miss E. W. Wainwright, 92 Logan, Toronto, Ont.

Another Woman Cured
Maple Creek, Sask.—I have used Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I am now in perfect health. I was troubled with pains every month. I know other women who suffer as I did and I will gladly recommend your medicine to them. You may publish this if you think it will help others.—Miss F. E. Cook, Maple Creek, Sask.

A joint funeral service of the Methodist and Presbyterian churches will be held in the Opera House on Sunday evening at 7 p.m. Preacher Rev. F. E. Drummond.

Rev. J. E. Purdy former curate of St. Luke's church, St. John has taken charge of the congregation of Christ Church here, and entered on his duties last Sunday.

THE DOCTORS QUESTION

Much Sickness Due to Bowel Disorders.
Doctor's first question when consulted by a patient is, "are your bowels regular?" He knows that ninety-eight per cent. of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rexall's is a positive pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Rexall's is eaten like candy, they are quiet, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c. and 10c. Sold only at our store The Rexall Store—Thos. Wran.

WEDDING BELLS

FRENCHVILLE COUNTY
The marriage took place on September 12th, at the church of the Holy Family, Bathurst village, of Miss Agnes, daughter of Mr. and Mrs. Thomas, to Mr. James Drenth.

The bride who was given away by her father, was dressed in white and carried a bouquet of white and pink flowers. The groom was dressed in a tuxedo and carried a bouquet of white and pink flowers. The ceremony was performed by Rev. Father Martin, after which the happy couple drove to the home of the bride where a sumptuous dinner was served to immediate relatives. The presents were pretty and numerous. They left on the Ocean Limited amidst showers of rice to spend part of their honeymoon in Montreal. On their return they will reside in Jacques River.

TAYLOR-McCORMACK
A very pretty wedding took place at the home of Mrs. Chas. McCormack, Blacklands, on Tuesday evening Sept. 12th where her youngest daughter Jennie Edna was united in marriage to Mr. John A. Taylor of Bel River Crossing.

The ceremony was performed by the Rev. J. M. McLeod of New Mills in the presence of about sixty guests. The bride was given away by her brother, Mr. J. D. McCormack, and was handsomely attired in a gown of white silk with trimmings of white satin and embroidered chiffon, with a bouquet of sweet peas and ferns. She was attended by her cousin Miss Ida McCormack of St. John, who wore a charming gown of pale blue San Toy, trimmed with pale blue silk velvet and white lace. The groom was supported by his cousin, Mr. Will Taylor of Campbellton. After the ceremony the guests were escorted to the dining room where supper was served. The bride received many beautiful presents including a number of bank notes and gold pieces. The groom's gift to the bride being a gold watch fob and the bridesmaid a gold watch fob.

The bride's going away gown was of brown broadcloth with white velvet hat with willow plume.

Mr. and Mrs. Taylor took the maritime express for their home in Hants Co. Nova Scotia.

BUCK-JARDINE
Richibucto, Sept. 10.—A quiet but very pretty wedding took place at 8 o'clock this morning at the home of the Misses Jardine, Plaisir Point, when their niece, Miss Isabel Jardine, was united in marriage to Chesley B. Buck, traveler for Brock & Paterson, St. John. The parlors had been prettily decorated for the occasion with golden rod and golden glow, the ceremony being performed beneath an arch of bloom. The bride was given away by her father, the ceremony being performed by Rev. A. D. Archibald.

The bride was handsomely and becomingly attired in cream cologne with point lace flounce and train and looked very lovely. She carried a bouquet of sweet peas and garden blue fern.

The wedding march was played by her niece, Miss Dorothy Forbes. Her sister, Miss Mayde Jardine, who was attired in grey silk, mull with blue green trimmings, assisted the bride, while the groom was supported by J. Harry Baird, manager for A. & R. Loggie.

After the ceremony a dainty breakfast was served. The happy couple went by the 9.45 train to St. John, followed by the good wishes of many friends.

McRAE-McRAE
A very pretty and interesting wedding took place on Tuesday evening, Sept. 12th at Hopetown, Que., at the residence of Mr. and Mrs. Duncan A. McRae the parents of the bride.

The bridegroom Mr. Hudson McRae, of St. Godfrey, Que., was attended by Mr. Steward Ross, as best man.

The bride, Miss Sadie M. McRae who was given away by her father, had as bridesmaid, her sister Miss Annie B. McRae.

The ceremony was performed at 2 p.m. by Rev. George P. Tattler of New Carlisle, before a large gathering of relatives and friends.

The groom's present to the bride was a pretty gold locket and chain, with her name engraved, and to the bridesmaid a gold ring set with an opal.

After the marriage feast, the bride and bridegroom left for their home in St. Godfrey, where a reception supper was held on Wednesday evening, Sept. 13th, a large number of relatives and friends being present.

The bride was the recipient of many pretty and useful presents. We all join in wishing them long life and happiness.
