Mr. Gerald Balfour again spoke in defense of the bill, after which the motion to adjourn was withdrawn. It was the opinion of the lobbyists that the political atmosphere had been considerably cleared by the discussion of the Irish Land Bill, but that the situation for the Government is much improved is not believed. The onus for the wrecking of the bill by introducing amendments in the place of those withdrawn by Mr. Balfour, is accepted by Rt. Hon. E. H. Carson, store,

Conservative member of Parliament for Dublin University, and by friends representing the landlord interests. A marked sensation was created by a statement made by Mr. Healy, in the course of his speech, to the effect that the responsibility for the present position of the Land Bill belongs upon the shoulders of Mr. Dillon, from whom, Mr. Healy said, he desired to entirely dissociate himself. London's Delegates to the Washington Convention Arrive Home.

Greatly Surprised by the Hospitality of Our American Cousins.

Canon Richardson Describes the Main Features of the Great Gathering.

The delegates to the great Christian Endeavor convention from the Episcopal Church in this city-Bishop Baldwin and Rev. Canon Richardson-arrived home from the American capital yesterday. Both gentlemen are deeply impressed with the great hospitality shown to the visiting delegation by the citizens of Washington. Canon Richardson, when interviewed by an "Advertiser" reporter this morning, stated that at no other convention ever held were there so many foreign delegates Suppression of the Liquor Traffic was present. TEN MINUTE SESSION.

Dan O'Shea and Ann Haskett Before the Police Magistrate for Breach of Bylaw.

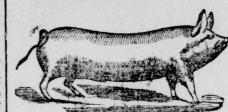

The magistrate's court this morning occupied only ten minutes. Dan O'Shea was summoned to answer a large. Mr. O'Shea explained that the animal was a most sagacious equine. It had a pecuilar liking for spring water, and after going to a neighboring spring it refused to drink the water at the house. Mr. O'Shea was advised to train the horse to bow to circumstances, and was allowed to go. Ann Haskett owns seven cows. These were left in charge of a boy, who ran away and played, just like any other

boy, while the cows held high carnival on the highway. She will see that it does not occur again. John Wright, a lonely, one-eyed drunk, was allowed his liberty.

There's health, strength and energy in every bottle of Manley's Celery-Nerve Compound. Guaranteed to cure.

Major W. H. Cooper, 16 Glouces-ter St., Toronto, says: "I can now eat, sleep, and think better, and feel altogether a different man. Before taking it I had suffered for a long time from severe pains In my back and a feeling of exhaustion upon the slightest exertion, slept badly, and was subject to fits of the "blues." This has all disappeared and I feel like a new man, all of which I attribute to Manley's Celery-Nerve Compound."

The New Marriage Law.

Everyone who is interested in matrimony-and who is not?-will find subject for thought in the important erning the celebration of marriages, of next month. "The Marriage Act, known.consolidates all the Ontario statutes relating to marriage. One important provision requires each clergyman or other person, before celebrating any marriage on or after Aug. 1, 1896, to provide himself with a marriage registry book, to be furnished him by the clerk of the peace, with the clerk's certificate therein, at the expense of the city or county, on application, in which certain particulars of each marriage are to be entered and to be signed by him and by the bride and groom, and at least two adult witnesses. These registers are to be the property of the denomination to which the clergyman or other officiating person belongs at the time he receives the register from the clerk of the peace, and if he is in charge of a particular congregation the register will belong to the trustees or bishop, or church society, or other body in which the property of the church used by the congregation is vested. The act pronibis marriage between 10 p.m. and 6 a.m., and also the issue of licenses and certificates between 11 p.m. and 8 a.m., unless in either case exceptional circumstances are proved to exist rendering it advisable.

The persons being men authorized to solemnize marriages are (1) The duly ordained or appointed ministers and clergymen of every church and religigious denomination. (2) Any elder, evangelist, or missionary of any church or congregation of the people commonly known congregationally as the "Congregations of God" or "of Christ," and identified as "Disciples of Christ," who from time to time is chosen for the purpose of solemniza- bolt, which is largely being used now: tion of marriages. (3) Any duly appointed commissioner or staff officer of the Selvation Army chosen or com-

manded by that society to solemniz narriages

Marriages solemnized according to the rites, usages and customs of the So ciety of Friends, usually called Quakers, are also valid, and the duties as to registry are cast upon the secretary of the society or of the meeting at which the marriage is solemnized. Marriages cannot be solemnized un-

less after publication of banns on a Sunday in the church or churches authorized by the pastors or under a license or a certificate issued by an issuer of marriage licenses.

Hitherto the bridegroom alone has been in the habit of taking out the bride must also attend before the license issuer, or get him to go and see her, when she must make the necessary affidavit, or the license cannot

Where either of the parties (not be ing a widower or widow) is under 18 years the consent of the father, if living, or, if he is dead, the mother's consent; or, if both be dead, the consent of the guardian, if any, must be btained and produced and proved, before a license can issue. If there is no guardian, the license issuer may, on being satisfied as to the facts, issue the license, and he may also do so if the parents or surviving parent reside out of the province and the person under 18 years is, and has been for the preceding twelve months, a resident of this province. Marriage of anyone under 14 years, or anyone who is an idiot or insane is forbidden.

As a consequence of this new law, it is believed that there will be fewer runaway or ill-considered marriages. and the unscrupulous adventurer will also be unable to mislead either marriage license issuers or clergymen.

Future of London.

The "Advertiser" yesterday confained the reassuring information that a definite arrangement had been arrived at between the Lake Erie and Detroit River Railway Company, and the Michigan Central Railway Company, whereby the last-named company will continue to have running arrangements between St. Thomas and London over the London and Port Stanley line. The Michigan Central Company had running powers over the London and Port Stanley line for a number of years, but when the new lease of the city line was entered on these were somewhat disarranged. There was always a danger that direct connection with this great United States line might be broken off Mayor Little has worked assiduously, though quietly, to bring about the new and amicable agreement, and he has main a Conservative. To his credit be met with that full measure of success which has invariably attended the interests of the city.

We congratulate the mayor and the people of London upon the happy settlement of this question. London is now well served by railways. Few cities on this continent are as favorably situated. We have running into London, and competing for its carrying trade four energetically-conducted railway systems. The G. T. R. main extends a number of the best paying year becoming more important in the prosperous development of Canada. We have the Michigan Central also, giving us every needed facility to interchange business with all points touched by the Vanderbilt lines. And we have the Lake Erie and Detroit River Railway, not only bringing to our doors the trade of a most fertile section of Western Ontario, but operating our own city line, the London and Port Stanley, and giving us an outlet to the inland waters of the con-

At one time it was believed that the progress of an inland city must be extremely slow; but so effective are the Great Britain, where large and prosperous inland cities exist. It is being exemplified in the case of London growth of this fine trade, commercial railway and educational center should

EZETA'S PERIL

Attempted Assassination of the Ex-President of San Salvador.

San Francisco, Cal., July 16 .- An attempt was made to assassinate Carlos Ezeta, ex-President of San Salvador, in the dining-room of his hotel yesterday afternoon. The ex-President was seated at a table with a few of his s, when Pedro Jiminez, a native of Salvador, entered the room. He walked directly to Ezeta's chair, and as the latter faced about Jiminez spat in his face. The ex-President sprang to his feet to resent the insult, when Jiminez drew a revolver and leveled

it at Ezeta's breast. former dictator of Salretained his presence vador and, seizing a chair, held it over Jiminez's head and dared him to fire. In another moment the would-be assassin was disarmed by Ezeta's friends and hurried from the Jiminez was arrested and stated he was formerly district attorney of Salvador under Ezeta's Administration. While acting in that capacity he incurred the displeasure of the dictator, who put him to torture. The ex-President denies the prisoner's statement, and expresses the belief that Jiminez is an emissary of President Gutirrez, of Salvador, who construes Ezeta's presence in San Francisco as a menace to the Salvadorean

About the first of February, 1892, my daughter Zola, then three years old, contracted sore eyes of the worst form and in a few weeks was entirely blind, being unable to tolerate light of any kind. She suffered and cried until I was almost heartbroken. The best eye specialist in the county treated her for months, but the

I met my father's physician, Dr. Berryman, who examined Zola's eyes, and told result, has received a letter from Sume to try Hood's Sarsaparilla. I began to give it as directed and wash her eyes with warm water. Soon I began to notice improvement, and now, having given the child over a half dozen bettles, her eyes are greatly improved and she can see as well as any one. She Had Burned Her Babe to Death.

Pikeville, Ky., July 16 .- News reached here yesterday from Coeburn, Va., to the effect that Mary Snodgrass, age 28, was hanged at that place for the murder of her child. The Snodgrass woman was a disreputable character, and was compelled to leave this place on that account. She went to Coeburn, where her child was cared for by negroes until it was about a month old, when it was turned over to its mother. She did not want it, and tried to get rid of the child in various D. R. R. will connect us with that." ways. #### When Should a Man Swear?

Man is not only a reasoning but a swearing animal. Sometimes his feelings are expressed audibly, and at others they are so deep down in his nature that nothing less than a volcano would thrust them to the surface. If man should swear at all, when should that time be? The church is silent on this important matter, and the law gives no sanc-tion of cuss words. Stovepipes are provocative of feeling, but corns are far worse. Wives should see that their husband's corns are kept down. This may be done quite easily, painlessly, and with absolute certainty by Putnam's Painless Corn Extractor. Beware of flesh-eating substitutes of-fered for Putnam's Corn Extractor.

Prof. Haddon claims that Stephenson obtained his idea of the railway coach from the Irish jaunting car. Give Holloway's Corn Cure a trial It removed ten corns from one pair of feet without any pain. What it has done once it will do again.

The M. C. R. and L. E. and D. R. R. Agreement Pleasant News.

The City to Provide Terminal Facilities for the Latter at Once.

At a Cost of About \$10,000 - Shippers Pleased at the Thought of Permanent Connection With the M. C. B.

The announcement in last evening's 'Advertiser" that the Michigan Central Railway had secured running power over the London and Port Stanley for eighteen years at least was welcome news to the business community in particular and the public in general. It practically means permanent connection for London with the great Vanderbilt system. The Michigan Central is a fine road, and its loss, which was at one time probable, would have been greatly roads, the better. London has now four independent systems, something that no other city in the Province can boast of. It is really the Railway City of Ontario, a title that will be confirmed when the Grand Trunk car shops are in full swing, as they soon will be.

perintendent Woollatt, of the Lake Erie and Detroit River Railway, calling his attention to the agreemen between the L. E. and D. R. R. and the M. C. R., and asking him to see that the terminal facilities for the L. E. and D. R. R. be now provided by the city of London, as stipulated in

Of course this will be done at once, tenders having already been called for, in anticipation of the work. It will cost the city about \$10,000. The lease calls for the construction of the following in this city:
A brick engine house with three

stalls, having a frontage of 40 feet and a depth of 64 feet and a back of 77 feet, with height of back 22 feet and front of 26 feet.

A turn-table at least 51 feet long. A stand-pipe or water tank convenlent to the engine house. A coal dock 20 feet by 50 feet, with a back 4 feet high.

Track scales of 50 tons capacity.

A brick freight house 35 feet by 150 feet, with a 10-foot platform. The freight house will be erected at the corner of Colborne and Bathurst streets, and the engine house at the corner of Burwell and Bathurst

The "Advertiser" ran across several leading shippers today, and all whom he questioned were delighted with the agreement between the M. C. R. and L. E. and D. R. R., by which the former remains.

"It is a splendid thing," said Mr. W. J. Reid. "There was some anxiety about the outcome, and we of the London and Southeastern Railway Company are particularly mittee, the pleased, as we made strong efforts to later on. The following the mittee, the pleased, as we made strong efforts to later on.

Mr. Frank Leonard said he held strong views on the question of railfacilities, and he was much pleased with the Michigan Central's decision. "It practically gives us connections with the whole Vanderbilt system," he said, "and direct com-munication with New York, Buffalo, Detroit and other centers. However," added Mr. Leonard with a smile, must not say anything further along that line, or someone will be calling me an annexationist for desiring trade facilities with the United States. I believe there will be another railroad some day between Detroit and Buffalo, and the L. E. and

Mr. S. M. Sterling, of Sterling Bros. believed it to be a good thing for the business men of London for two reasons. They would not have two freights to pay on shipments along Mr. W. Gartshore, of the McClary Manufacturing Company, said: "We expect to be benefited by the compe-

tition, although we do not expect the freight rates will be appreciably lowered. Promptness in delivery will be chief benefit. Mr. George Mann, of Mann & Sons, said his firm did a great deal of shipping, and the Michigan Central's decision greatly pleased them. one of the best things that ever happened to London," said Mr. (Mann. The London and Southeastern Railway Company, composed of a few en-

terprising citizens, who built the station at present occupied by the M. C. R., have reason to be much gratified, as it means that the M. C. R. will continue to lease their property, which otherwise would be vacant. The L. E. and D. R. R. will continue to use the Grand Trunk station. It is most convenient for their

today. CYCLONE IN NEW YORK STATE. Saratoga, N. Y., July 16.-Reports are just coming in from the results of yesterday afternoon's destructive storm in the Adirondacks. The storm swept northeast from this place, and leaving here a cyclone developed and struck between Fort Edward and Argyle, Washington county, tumbling small farm dwellings and barns in every direction. Near Durkeetown, and in Moreau, eleven buildings were wrecked. Between Argyle and North Argyle property valued at \$10,000 was

Painful Experience of North End Ladies While Driving.

Miss Hayes Painfully Hurt-A Richmond Street Accident.

An accident occurred about 9:15 o'clock last evening on Richmond street, near the Huron Hotel, which proved very painful for Miss Annie Hayes, daughter of Mr. Andrew Hayes, 934 Colborne street. Miss Hayes and the Misses Shea, daughters of Mr. M. Shea, were driving in the latter's Gladstone, going north at the time. The patrol wagon came along behind them exhibition half-mile at Battle Creek on at its usual hot pace, and in passing, the hind wheels of both vehicles collided. Wm. Gibson, M. P., Unanimously Elected Grand Master.

The New D. D. G. M. is R. W. Bro. W. McMillan, of Union Lodge, London.

Belleville, July 16 .- At the meeting of the Grand Lodge, A., F. and A. M., yesterday afternoon a number of resolutions, of which notice had been

A constitutional amendment by M. W. Bro. Daniel Spry, of London, providing that a candidate's place of residence may be where his family resides or where he is constantly employed, and is in receipt of his wages or salary, was adopted.

The motion regarding the dropping of honorary members after five years' absence, given by R. W. Bro. Rear, of it has taken the form of ridicule, of Ottawa, was withdrawn. which is well deserved. The circular motion increasing the board of general purposes, was defeated by an al-

most unanimous vote. His resolution regarding the transaction of all business in the third degree was withcoming under the six year's rule. The lengthy notices given by W. Bro. Walter Barwick, of Toronto, regarding the mode of electing officers, was then taken up, and some strong speeches made upon it by M. W. Bros. Gibson, Ross Robertson, Walkem and others, after which it was decided to refer the entire resolution to a com-mittee, the same to be appointed

The following clauses of a notice motion given by V. W. Bro. J. P. Thomas, of Belleville, were then considered: "That clause 61 of the rules respecting Masonic trials in the book of constitution be amended by adding thereto the following: 'Sub-section 61 A-No arrears of dues shall be recovered by any lodge but within one year after they respectively become due (all dues being deemed to be payable monthly in equal parts of the yearly sum). 61 B-In case the lodge shall neglect or refuse to enforce payment of dues in accordance with the provisions of the constitution relating the non-payment of dues, their rights thereto shall cease. 61 C-And in case any member of the lodge has been, is now, or shall be under suspension for non-payment of dues, he shall be reinstated on payment of one year's dues at the then current rate." The resolution was lost by a large

Another clase by the sameb rother read as follows: "That the last paragraph of clause 254 of the book of constitution be amended so to read as follows: For every member of each private lodge, such lodge shall pay to wards the fund for Grand Lodge pur-poses fifty cents per annum." Carried

Grand Lodge then called off until 11 o'clock Thursday forenoon. ELECTION OF OFFICERS.

No. 18-J. H. Knifton, Parry Sound. THE NEW GRAND MASTER. M. Wor. Bro. Wm. Gibson, the net grand master, is the Liberal M. P. for Lincoln, and is well known as an extensive employer of labor at Beamsville. He is an expert in practical Masonry, as well as in that which is speculative, being one of the largest contractors in the Dominion. The new grand master is a Scotchman by birth but he has resided in Canada for many years. He is a genial, wholesouled, liberal-minded man, and is certain to be popular as chief head and ruler of the craft.

THE DEPUTY GRAND MASTER. Right Wor. Bro. E. T. Malone, D.G.M., is a well-known barrister in Toronto. He has long been an influential member of the craft, and has well earned his promotion. A few years ago, he was D. D. G. M. of the Toronto district.

LONDON'S D. D. G. M.

Millan, is a respected Past Master of Union Lodge. He has many friends in the order in London and district who will congratulate him on his preferment.

Fred Loughead, of Sarnia, rode an Tuesday in 57 seconds.

The park commissioners of Chicago Bicycles are creating a good deal of

new law in Great Britain. In England they have been declared to be vehicles; in Scotland, in a case to recover insurance for death due to a bicycle accident they have been declared to be not vehicles, the judge declaring that they could be no more considered such than skates. CLAY MANVILLE'S SPURT.

Clay Manville, who is now located at Clinton with a prominent bicycle firm, though getting older every day, is not losing the cunning of his legs to any extent. Yesterday, feeling like taking a run, Clay left Clinton at 3 p.m. and reached London at 5:30. The distance is about 50 miles, which was covered at the rate of twenty miles an hour. The roads and wind were favorable. A MISTAKE.

The Woman's Rescue League is get-ting a good deal of gratuitous adver-tising from its circular condemning the use of the bicycle by women in which it characterized the bicycle as "the devil's advance agent." The advertising, however, is not precisely of the sort which the league desires. Nearly every newspaper in the country has made editorial comment on the circular, and in almost all such comment the league has been condemned. On this subect the Chicago Times-Herald says: "Where one woman rides to destruction on the wheel a thousand ride to good health and maintain all the decorum, modesty and circumspection that characterize the well-bred, self-respecting women from the ideal American homes." Of a similar character has been nearly all of the serious comment on the circular, but much V. W. Bro. Cuthbert's (of Toronto) has certainly made the league thoroughly ridiculous, which is a pity in view of the good work which the organization accomplishes. The league should purify itself of "crank" theories and confine its efforts to its legidrawn, being ruled out of order as timate work .- Rochester Union Advertiser.

#### THE TURF. THE FAST ONES.

Among the season's trotters, Pat L., 2:10 3-4, is the fastest stallion; Kentucky Union, 2:09 1-4, the fastest mare, and Cephas, 2:12, the fastest gelding. With the pacers John R. Gentry, 2:03 1-2, holds the honor for stallions, Lelah W., 2:08 1-4, for mares, and Robert J., 2:05, for geldings.

It is a strange fact that, while the very rich delay marrying until half their allotted three score and ten has slipped by, princes and princesses imitate the poor by entering the bonds at a very early age.

Division of the Entire System Into Four Sections. Besides the recent appointments, which are given below, the entire Grand Trunk system has been divided into four divisions, a circular issued today from the head office in Montreal giving the boundaries of these

divisions. The circular reads as follows: Taking effect this date, the lines will be operated in four divisions, to be known as the eastern, northern, middle and western, as follows:

Eastern Division-Main line, Monreal to Toronto, including Harwood, Jacques Cartier branches, and all lines east and south of Montreal, comprising districts Nos.

Northern Division-All lines north f main line (except Harwood branch) between Belleville and Georgetown Junction, also line between Georgetown Junction and Hamilton, comprising districts Nos. 8 to 14 inclusive. Middle Division—All lines west of Toronto and the Niagara frontier and east of Detroit and St. Clair Rivers (except lines running north from Toronto and Hamilton which are included in northern division), comprising districts Nos. 15 to 24 inclusive. Western Division—All lines west of Detroit and St. Clair Rivers, comprising districts Nos. 25 to 29 inclusive. Following is the circular making

the new appointments:
Mr. J. M. Riddell having been assigned to other duties, Mr. William Cotter is appointed superintendent of the eastern division, with headquarters at Montreal, Que. The office of assistant superintendent having been abolished, Mr. J. Webster is appointed superintendent of the northern division, with headquarters at Allandale, Ont. Mr. D. Morice and Mr. W. R. Tiffin having been assigned to other duties, Mr. E. H. Fitzhugh is appointed superintendent of the middle division, with headquarters at To-

ronto. Ont. No appointments have yet been made for the western division, and by the change in the district superintendencies at London and Toronto have been done away with altogether, when he was 24, a bride of 16 years It is understood that Mr. Tiffin, who was district superintendent at Lon-don, goes to Montreal as assistant to General Superintendent McGuigan. The tramps could be heard in the second story and were very noisy. As there was a valuable lot of hay, straw, oats and other provender stored there it was feared they might be smoking and set fire to the place.
As the tramps refused to comply

to the invitations to come out, the hired man suggested that the policemen should enter the barn, while he would lay for the intruders on the outside in case they tried to escape. P. C. Boyd drew his baton, opened the door, walked up the ladder to the second floor, where the noise was still being made, and arriving there looked steadily around and saw—rats. It is unnecessary to add that no arrests were made, and that the patrol wagon, a few minutes later, bore back to the station two disgustedlooking policemen.

Magnificent Yield of Fruit in Perth and Huron.

The army worm has invaded the crops near Guelph John Fobert, of Dover township, has laid before Squire Forhan a complaint charging his 14-year-old son, Edward, with assaulting him.

approached the horsemen, indistinctly visible between his eyes and the glow of the distant camp fire. Measuring his distance by the sound of their voices, he reached a point where he could make out every word and halted. His fine ear detected and recognized the speakers as Robb and the renegade Patch.

"That's the solidest kind er sense, Robb, but can you get through your wool what he took the Injuns in fur and sent us out?" asked Patch.

"Why, I thought he was going to send the doctor east with them lawyer chaps." A magnificent yield of fruit is re-ported in Huron and Perth. The hay is poor, but the advice to the farmers sow corn as a substitute in times of drought has proved of great benefit. A combine on the part of the Chatham millers to keep up flour prices, was charged in the local press by ex-Ald. Marx, but is denied by Mr. N. H. Stevens, Kent mills, and Mr. W. J. Taylor, Beaver mills.

> Miss Jessie Howard, nurse in Galt hospital, daughter of Mrs. E. Howard, St. Thomas, and Mr. Thomas, of Galt, were united in marriage at Trinity Church, St. Thomas, on Tuesday, by Rev. Canon Hill. They left for an extended trip.

> The St. Thomas Journal says: The army worm has made its appearance in this section, and has already done some damage to the growing grain. Thirty years ago this section was visited by this pest and an immense amount of damage done.

The fire underwriters require the city of Chatham to put in thirteen fire alarm boxes, and add another fireman and some improved apparatus to the brigade. If this is not done immediately, the rating of the city will be low-ered, and the insurance rates raised.

George, son of Mr. Thomas Waterhouse, St. Thomas, and brother of the secretary of the Y. M. C. A., had his leg broken above the knee on Monday afternoon. He was up an apple tree, when the limb broke and he fell to the ground, fracturing his left thigh bone. Gerald, the 5-year-old son of Major W. A. Wilkes, of Brantford, met with a painful accident on Sunday evening. The little fellow was swinging in a hammock, and fell out. The main bone of the arm was fractured just below the shoulder. The break is a very

serious one. F. C. O'Hara, son of Mr. R. O'Hara, master in chancery, of Chatham, has been chosen by Sir Richard Cartwright, Minister of Trade and Commerce, as his private secretary. He has been for a number of years a member of the Baltimore Herald staff, and is altogether thoroughly well qualified for the position.

William, the eldest son of Archibald A. Campbell, north of Cowal, was playing with a bicycle, making the wheel go round. His right hand became caught between the sprocket wheel and the chain, cutting three fingers completely off. Dr. George Ruthven attended to his injuries, and he is getting along nicely.

newspaper to fight an opponent, and who at the time left the town without settling, arrived in Chatham Tuesday, and was immediately gathered in by Constable Cousins. He is now in jail

Mr. F. W. Gearing, a well-known Stratford lawyer, died rather suddenly in the hospital in that city on Wednesday. He underwent an operation several days ago, and his speedy recovery was expected until yester-day, when he took a relapse and passed away. The deceased was one of the Western Ontario lawyers who were recently made Queen's Counsel. While out for a morning ride on a bicycle, Mr. J. A. Cole, merchant, met with a serious accident. He was watching a binder in a fied near Rod-

ney and accidentally rode into a ditch. In falling he fractured his left arm at the elbow, and received a severe shaking up. The break is a serious one, and fears are entertained that Mr. Cole will not again have the full use of his arm. An Indian woman, giving the name

of Mrs. Charles Miller, and her residence as Ridgetown, called at the police headquarters, Detroit, Tuesday, and asked for assistance in finding her husband who has been missing since last April. Mrs. Miller is fully 45 years of age, and said her husband was 20 years old. She married him two years ago. She was accompanied by her daughter, who is about as old as her stepfather.

On Sunday Albert Fisher, of Terrace Hill, a bright young lad of 17 years, the remainder of the day with his was seized with a cramp while in swimming in the Holmedale Canal, and was drowned before the eyes of several frightened companions. One of them, named Smith, made a frantic attempt to save Fisher, but without success. All the lads had been in swimming, and had come out again, cians. A neighbor advised me to try Dr. Thomas' Eclectric Oil, stating that with the exception of Fisher. One of the lads threw a hat in the water, and Fisher was going after it when seized with the cramps.

> A Brantford dispatch says: There was a scandalous row in the B. M. E. Church (colored) Sunday morning, which ended in a head or two being cut open. The trouble was over the disposal of the collection, which Bro. John Lucas wanted to dispose of in the usual way, by giving to the trus-tees, while Bro. Charles Walker claimed that this special collection should go to the minister. A serious dispute arose between these two men. who soon came to blows, when Walker's wife and daughter took a hand in, the latter cutting Lucas' head open with a parasol. This made a general melee. The affair has caused the greatest excitement and ill-feeling among the hitherto peaceable congre-gation, several declaring that they will never enter the church doors

THE TOBACCO HABIT CURED.

In the interest of the masses, for whom these reports are compiled, the United States Health Reports have examined and investigated many preparations having for their object the cure of the tobacco habit, but among them all we have no hesitancy in giving the editorial and official endorsement of these reports to the remedy known as "Uncle Sam's Tobacco Cure," manufactured by the Keystone Remedy Company, at 218 La Salle street, Chicago. They are distributing literature this week all through the city, and in the light of our examinations and tests of "Uncle Sam's Tobacco Cure," we are but performing a duty we owe the public when we inderse the same, and stamp it as the crowning achievement of the nineteenth century, in the way of destroying a habit as disgusting as it is common (For Only \$i) hence we earnestly advise you to read full particulars, and if you have not seen circulars to call at W. > The annual picnic of the London Retail Grocers' Association, at Stag Island, yesterday, was in every way a great success. Nearly 850 excursionists attended, and two trains were required to carry them.

> The first train arrived in the Tunnel City at 10:15 a.m., and was made up of eight coaches and a baggage car. Conductor W. Taylor was in charge of the precious crew, and was assisted by Brakesmen Wallace, Loughrey and Mason. It was drawn by engine No.775, with Engineer Chapman at the throttle. The fireman was

It was an ideal day for picnicking, The trips on the water were delightful. Many boarded the steamers Conger, Hiawatha, and Clark, on the arrival of the train, the majority taking the Conger down the river, and re turning to the island for dinner. Oth ers crossed the border and visited the great Republic, or remained on British soil and roamed around Sarnia. The trip to Stag Island caught the

majority, however. After dinner a baseball match was played between the grocers of the north and south sides of Dundas street, and attracted a great deal of interest. Only five innings were playgerford umpired.

There were no races held, and everybody obeyed his or her own sweet will in choosing pleasant pursuits to pass The dining hall at the island was a little short of waiters, owing to the immense crowd, which caused a delay in the ball match. The attendance

was much greater than was expected The tired but thoroughly pleased crowd returned to the city about 11 p.m. The Seventh Band accompanied the excursion, and furnished an excellent programme of music.
