 GAME-FISH IN ONTARIO.

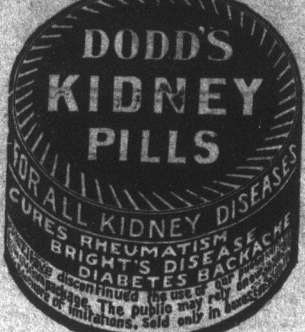

Last week an organization was formed in Toronto for the protection of fish and game in Ontario, and there is every reason to believe that it will accomplish useful work. It is impossible to interest too many people in this object, for no matter how much zeal the authorities may display, the best results cannot be obtained unless public opinion can be interested. The new organization will undertake as its special mission the protection of game fish, and encourage their propagation. Much has been, and is being, done annually in this Province along these lines, but not enough in view of the interests at stake. The lakes and streams of this Province once had a wealth of game fish, and many of them are yet well stocked. Thousands of visitors come to Ontario annually in quest of trout, black bass, and 'tunge, and the value of this tourist trade is great to the regions visited. The work of restocking lakes and streams is comparatively simple, where parent fish are readily obtainable, and where it is known, without making experiments, that certain waters are the natural home for certain species.

In Outing for June there is an article by W. E. Meehan, telling of what has been accomplished in the Delaware River by artificial propagation, persistent restocking, and vigorous warfare against destructive fishing devices. The Delaware is now a river rich in fish, both for anglers and commercial fishermen. There are shad in great numbers. In ten years the shad trade has risen in value from \$80,000 a year to \$250,000. Up stream, where the water is at its best, there are plenty of small-mouth black bass (formerly unknown there), and pike-perch, striped bass, white bass and trout in the tributary streams. Atlantic salmon were introduced, and are beginning to be an important harvest. Lower down stream thousands of tons of carp are caught, eels are innumerable. Altogether Mr. Meehan estimates that "the shad trade alone returns to the States along the river for the care that has been given to the fish crop, and the success already won ensures more intelligent and increased effort from this time forward.

The keeping up of the fish supply in the fine waters of Ontario is one of the important questions for the Provincial Government to give attention to in the future. Perhaps no State in the American Union has done more intelligent work than has already been done here, but we have an advantage in the fact that our lakes and streams were never reduced to the barrenness of theirs, and should be easier to restock. There are small lakes and rivers in the north that have as yet scarcely been fished at all. With the Dominion and Provincial authorities alive to the value of the fisheries, all that is needed is an active public opinion.

## CHRIST CHURCH GUILD

Meeting of this society was held on Tuesday last, at which the following officers were elected for the ensuing year:—  
 President—Mrs. McCosh.  
 Vice-Pres.—Mrs. Rispin.  
 Secretary—Mrs. Fraser.  
 Asst. Sec.—Mrs. Pritchard.  
 Treas.—Mrs. Herbert Fisher.  
 The report for the year ending May 31st showed that the ladies started the year with a balance of \$24.00, and raised during the year over \$409.00. The annual tea netted a profit of \$140.  
 Three delightful evening socials were given at the homes of Mrs. I. K. Holmes, Mrs. Waddell and Mrs. Kellar, which were decidedly successful. Several afternoon socials were also held, which were considered successful from a social and financial standpoint. A book sale brought over \$23, while a concert given in the Sunday school netted a profit of over \$43. The mite cans, in addition, contained \$56.  
 The ladies were at considerable expense this year, paying out over \$316. One of the largest sums paid out was over \$205 for carpet for the church.  
 The ladies have already given the wardens a cheque, and purpose giving another, which will bring the amount up to \$150.  
 Two of the members handed in exceptional sums as talent money, and much credit is due all officers and members, but particularly to Mrs. Wm. Shackleton, the President, who with untiring energy, devoted zeal, and unflinching tact has, for two years, kept together a band of officers and members in a bond of good fellowship, and it is with great regret the officers and members see the expiration of her term of office.  
 The retiring officers are:—  
 Pres.—Mrs. Shackleton.  
 Vice-Pres.—Mrs. J. Waddell.  
 Sec'y.—Mrs. C. Kellar.  
 Treas.—Mrs. H. Fisher.

## How Germ Diseases Start

People with Weak Stomachs in a Contagious State of Danger

Nearly all disease germs that find lodgment in the system gain entrance through the air we breathe, or through our food and drink.

If the stomach and digestive organs be weak, so that food does not readily digest, they will contain a sour, slimy fermenting mass, an ideal spot for the disease germs to grow and spread through the whole system.

People with weak stomach are in a contagious state of danger, and they should use the best means, Micon, to strengthen that organ and tone up the whole digestive system.

This remedy is a certain cure for all diseases of the stomach excepting cancer. Used before each meal, it so strengthens the whole digestive system.

tem that you can eat what you want and all you will be without fear of indigestion. There will be no fermentation of food, and the stomach and intestines will be so clean and pure that disease germs cannot possibly live, when Micon is used.

If you suffer with headache, backache, variable appetite, nausea, gnawing at the pit of the stomach, yellow skin, heart-burn, furred tongue, sleeplessness and general debility, it shows that the stomach has been overworked and weakened. A fifty-cent box of Micon tablets will give quick and speedy relief.

Ask C. H. Gunn & Co., one of the most reliable firms in Chatham, to show you the strong guarantee under which they sell Micon.

## TOWNSHIP COUNCILS

## CHATHAM TOWNSHIP COUNCIL.

The regular monthly meeting of the council of Chatham Township was held in the Township Hall on Monday, June 5, pursuant to adjournment.

The members were all present and the minutes of last meeting read and adopted and signed by the Reeve.

A petition was presented by John Richardson to have a new drain constructed on the blind line in the 13th concession from the boundary between lots 9 and 19 to the Prince Albert branch of Little Bear creek.

A notice was received from Theo. McFadden to have the portion of the north branch of Pike creek in the Township of Chatham repaired.

A report was read from Henry Wilson, commissioner on the portion of the Dobbie drain in the Township of Chatham. His time spent in removing obstructions and examining the drain was one day.

George Carter presented a largely signed notice from ratepayers in the 11th, 12th and 13th concessions, east of Little Bear creek, requesting that the drain dividing Little Bear creek from the Prince Albert drain north be repaired, and if this be not done they will hold the council responsible for any damage that may arise by the flooding of their lands by water.

The report of Engineer W. G. McGeorge on the repair of the Brown drain in the Township of Dover, wherein lands and roads in the Township of Chatham are assessed for outlet liability, was received, also the plans and estimates for a bridge over the Big Creek drain at the 3rd concession, was received from Mr. McGeorge.

Mr. Henry Wilson addressed the council requesting that a grant be made to repair the Given road between lots 22 and 23 in concession 4, Samuel Craven was heard, asking that his statute labor be commuted for a term of years, to perform the same along the Lindsay side road.

Bernard Gallagher was heard in reference to closing Kentucky street in the 5th concession, east of the Chatham and Dover townline road.

A large deputation, consisting of ratepayers on the Big Creek drain from one side of the Township to the other, were heard, urging that proceedings be taken to have flood-gates placed in the Louisville tap and Big Creek cut-off drains to prevent the water from backing up out of the Thames River in the spring, when the river is in flood.

Moved by George and Templeton, that a notice be received that the portion of Robinson and Pike Creek drain in the Township of Chatham is out of repair, that the Clerk instruct W. G. McGeorge, C. E., to make an examination and survey of the said drain and report on its repair.

Moved by Abraham and Irwin, that the Clerk and Reeve be authorized to sign a petition on behalf of the municipality of the Township of Chatham, to be presented to the Governor-General in Council, requesting that the first concession be sent by him to investigate the cause of the flooding of the River Thames, and to report upon the means of alleviating the damage resulting therefrom, without interference with the navigation of the river, and that the Reeve be authorized to draw an order on the Treasurer for an equal proportion of the cost of preparing the said petition and other costs incidental thereto, and of sending a deputation therewith to Ottawa.—Carried.

Moved by Templeton and Abraham, that the clerk instruct the collector of the 2nd Div. to receive the taxes of Elmer Brown for 1904, less \$12, as Mr. Brown has had his house and contents destroyed by fire.—Carried.

Moved by Templeton and George, that the account of Dr. Charteris be referred to the Reeve and Mr. Abraham to investigate and report.—Carried.

A number of accounts were ordered to be paid.  
 Council adjourned.

A. McARTHUR, Clerk.

**GETTING EVEN**

Private James Mackness Reports a Thrilling Midnight Experience with a Dago.

It takes the glittering eloquence of John Piggott, Jr., to record the thrilling experience of Private Jas. Mackness last night.

Mr. Mackness is employed as bookkeeper in the offices of John Piggott & Sons during the day, while off at evening he dons the scarlet tunic of the 24th and answers to the roll call on parade. Incidentally Mr. Mackness is domiciled in the Lamont Block and is suspicious that the Dagoes have had their eye on him since the night when they were offensively disturbed and some of the blame charged against the red coats. In any event, Mr. Piggott declares, he had a horrible experience last night. He was rudely awakened by a powerful assailant who gripped him by the throat choking and slaking him. A manful struggle finally enabled Mr. Mackness to break away, but ere he could summon help the attacking party had escaped. The marks of his finger on the victim's throat show the ferocity of the struggle.

Mr. Mackness is convinced the Italians were seeking to get even.

**A JURY RECORD**

The jury pay list settled by County Treasurer J. C. Fleming yesterday for the June sessions was the smallest on record. The petit jury served only one day and drew \$167.50, and the grand jury, who served two days, were paid \$66.

**CUSTOMS SALE**

Under the authority of Collector of Customs D. R. Farquharson a very interesting public sale of goods forfeited for duty will take place at the city customs warehouse on the 24th inst., commencing at three o'clock in the afternoon.

Quite a number of valuable articles will be included in this sale, which will be by public auction.

**A CLOSE CALL**

A big draught horse attached to a Grand Trunk dray had a narrow escape from serious injury at a quarter to eleven o'clock yesterday morning.

The driver was taking a drayload of stoves to the Ark via the back alley, when one of the horses broke through the platform, its front feet and head becoming caught in the boards. Chief Pritchard, Frank Ryall and Robert Coyle, of the Fire Department, succeeded in extricating the horse from its perilous position after working for about ten minutes with ropes, etc. The horse was uninjured.

**A GOOD TEAM**

St. Thomas has an excellent lacrosse team this year, as will be seen from the score they made against Detroit yesterday in the Junior C. L. A. series of this district. The game stood 9-3 for St. Thomas at the finish. This means that Chatham will have to play good lacrosse when they go up against St. Thomas this year. W. J. Young, of this city, refereed the game yesterday.

The following was the line-up of the respective teams:—  
St. Thomas—Kerr, P. Leddy, Skelding, Cuthbertson, W. Leddy, Johnson, Ridley, Chappelle, L. Lewis, Swackhammer, Southcote and Reimer.  
Detroit—Cline, Forbes, Heinbecker, Walsh, Grant, Reed, Nichol, McKay, Davidson, Carter, Doune and Bowman.

The first game between St. Thomas and Chatham will be on the 1st of July here. A new man for the Chatham team arrived this morning, in the person of Jack Laderoute, of Annapolis, a fast Home player.

**POTATOES**

**A TEST**

The Firemen Take a Run to the Ursuline Academy—More Protection Needed.

Ever since it was discovered that the Ursuline Academy is not sufficiently provided with fire protection, it has been a matter of wonder how the firemen would act if the convent should catch on fire.

Last evening Chief Pritchard decided to test the firemen on a trial run to the convent. Shortly after eight o'clock Ald. Edmondson of the Property Committee pulled the box on the corner of Baldwin and Head streets. Ald. Westman rode on the hose wagon and Ald. Potter caught the time at the Third St. bridge. In exactly six minutes after the first stroke of the bell there were five firemen on the convent roof with one stream of water. During that six minutes the firemen hitched the horses, rode to the convent, laid 600 feet of hose, threw ladders to the roof of the building and carried the hose up the ladder to the roof. This is a record that cannot be beaten in any city. One minute and 30 seconds after the first stroke of the bell the rigs were at the Post office. In one minute and 50 seconds they were at the Third St. bridge. In four minutes they had attached the hose to the hydrant.

The Chief was satisfied with the test as far as one stream of water is concerned, but with the accommodation they have now with hose and hydrants only one stream could be brought to bear on the building, and that is not sufficient to secure good fire protection. There should be another hydrant near the convent. The Property Committee were also highly pleased with the trial run and steps will be taken to have another hydrant placed in this locality. The firemen took advantage of the opportunity to have some ladder practice on the building.

A moving picture man who saw the run has asked to get a number of views of the Chatham Fire Department on the way to a fire. He put on canvas, and this request will probably be granted.

**SMITH—MOORE**

Another of Chatham's fairest daughters united in the holy bonds of wedlock when Miss Edna Blanche Moore, daughter of W. J. Moore, of this city, was married to Robert Graham Smith, only son of Robert Smith, River Road, Dover. The happy event took place last evening at seven o'clock at the residence of the bride's parents, Victoria avenue, and was a very elaborate and charming affair.

The splendid home of the bride was fittingly decorated with palms and flowers and the newly married couple were given a very auspicious start in life. The wedding ceremony was performed by Rev. J. W. Hodgson, rector of Holy Trinity church. The bride looked very pretty and charming as she entered the room at the appointed hour on the arm of her father, who gave her away. She was accompanied by the bridesmaid, Miss Jessie Moore, her sister, while Rodney Smith, of Ottawa, cousin of the groom, ably fulfilled the duties of best man. Miss Rose Morrison, organist of Holy Trinity church, presided at the piano, and played the wedding march.

After the ceremony a sumptuous luncheon was served and the happy young couple left on their honeymoon, which will be spent in New York.

The presents were very numerous and beautiful, testifying to the popularity of the bride and groom. They included an oak table from the Holy Trinity choir, of which the bride was a valued member, hand painted china, several cut glass pieces, and a dinner set of Wedgwood. The groom's gift to the bride was a valuable brooch and to the bridesmaid a handsome set ring.

Both bride and groom are universally popular and many wishes are expressed for their future happiness and prosperity. They will reside with the groom's father on his splendid farm in Dover.

The firemen are the thankful recipients of \$10 from the firm of McKeough & Trotter for excellent services rendered. This has been devoted to the insurance fund. This makes \$80 received in donations this year.

**A CHATHAM BOY**

Mont Sheldon has received a letter from "Jeff" O'Hara, well known to Chatham people. Jeff is now travelling with the Knickerbocker quintette as one of the tenor soloists. This quintette is of such a high order of excellence that they were chosen to sing "The Rosary" for the song, as sung by them, will be reproduced throughout the length and breadth of the country. That Jeff is making good progress in his profession is shown by the fact that he is able to re-arrange popular songs so as to make them suitable for quartettes. Jeff wishes to be remembered to his friends.

**ALTAR GUILD**

A very energetic and faithful band of workers has been formed in connection with Holy Trinity church to be known as the St. Agnes Altar Guild.  
This society was formed at a meeting of the young ladies of the church last Saturday evening and its mission is to look after and keep in good shape the altar and communion table of the church by providing flowers, etc. Two girls take the work for two Sundays in succession and Miss Helen Atkinson and Miss Meta Wilson were appointed for the first two Sundays.  
The officers of the Guild are:  
Patrons—Mrs. C. Williamson.  
President—Miss Edith Taskaberry.  
Secretary-Treasurer—Miss Helen Atkinson.

**WHOOPIING COUGH IN JAMAICA.**  
Mr. J. Riley Bennett, a chemist of Brown's Town, Jamaica, West India Islands, writes: "I cannot speak too highly of Chamberlain's Cough Remedy. It has proved itself to be the best remedy for whooping cough, which is prevalent on this end of the globe. It has never failed to relieve in any case where I have recommended it, and grateful mothers, after using it, are daily thanking me for advising them." This remedy is for sale by All Druggists.

Disaster usually follows in the wake of too much self-assertion.

**THE RAILWAY**  
The Citizens' Interests are Being well Looked After in Drawing up the Agreement Between City and Electric Railway.

The Industrial Committee of the City Council, of which C. A. Austin is chairman, is busy conferring with the City Solicitor settling the agreement with the Electric Railway. The committee hopes to have the agreement ready for a special meeting of the Council to be held shortly, when the agreement, it is likely, will be ratified in the shape in which the Industrial Committee presents it.  
"You may say," said Mr. Austin, "that the interests of the citizens are being sharply looked after and safeguarded. As a general rule, throughout the route of the railway through the city, the tracks will be laid in the centre of the street. Only when such a course is physically impracticable will this principle be departed from. Some citizens have complained that steel poles would have looked more modern than the ones being put down on King street. Steel poles could not safely be used, however, for the reason that there is to be only one set of poles to carry the electric power; the city's electric light wires and the Gas Company's wires, and if a high voltage electric power wire should get "crossed" on one of these steel poles the danger to passers-by would be considerable, owing to the high conducting power of the steel pole. A wooden pole, being a poor conductor, does not afford the danger, therefore wooden poles will be nicely gauged, however."

## Highland Tea Is Pure Tea

Grand Mogul teas are the products of the highlands in Ceylon.

Q They are the real mountain dew of the Orient.  
Q Nature put into these Highland teas a high percentage of theine (flavoring) and a low percentage of tannin (bitters).  
Q Grand Mogul teas are a nerve tonic, a pure food and an aid to life.

Q Nervous people prefer them to medicine.

Q Healthy people regard them as the beverage of good health.

Q Prepared by machinery from plantation to teapot.

## Grand Mogul Tea

Q Sold only in packages at 25c, 30c, 40c and 50c per pound in black, green or mixed. Look for the premium coupon and premium list in each package. The cost of the coupons is not taken out of the tea, but is simply a part of the advertising appropriation.

## Our Lady of Nerves.

The woman who is nervous from ill health, overwork, anaemia or other physical ailment merits the warmest sympathy. But it is the pensive woman who is "afraid" to walk a square at night when masculine escort is available, yet who would walk a mile if sufficient lure was at the other end and it was to go alone or not to get it—it is to this descendant of the agitated female of fifty years ago that sympathy is due. She thinks it ladylike to be timid, not realizing that cowardice, either in man or woman, is a miserable, a despicable flaw. Could some one take this great grow-up baby and tell her after suitable old fashioned punishment that what she called nervousness was nothing but temper, selfishness and a determination to have her own way it might bring about a sharp but lasting cure.—Philadelphia Telegraph.

## Delicate Cake.

From a new cook book this recipe for old fashioned white cake or delicate cake is taken: Cream together a cupful of butter and two of sugar; then add slowly a cupful of sweet milk and the whites of eight eggs beaten to a stiff froth. Finally mix in three cupfuls of sifted flour in which have been mixed three teaspoonfuls of baking powder. Stir as little as possible. Flavor with a teaspoonful of almond extract and chopped almonds is added at the last. When such a cake is iced and decorated with whole blanched almonds an orthodox christening cake is produced.

## THE RUINS OF NIPPUR.

Archaeologists Disagree Over Professor Hilprecht's Discoveries.

Scientists and students of archaeology are taking much interest in the controversy over statements of Professor Herman V. Hilprecht as to his discoveries in Assyria. Professor Hilprecht is curator of the collection of antiquities possessed by the University of Pennsylvania and head of the Assyriological section of that institution. This university has contributed much to historical and archaeological lore by explorations of ancient cities conducted under its supervision. Five such expeditions have been organized for exploration and excavation upon the site of the ancient city of Nippur.

and several of the later expeditions have been under charge of Professor Hilprecht.

The first expedition was directed by the Rev. Dr. John P. Peters, then a professor of the University of Pennsylvania, but now rector of an Episcopal church in New York City.

## BOMBAY'S RAILWAYS.

Mr. Hiddlestone, C. E. Talks of Their Operation—Native Travelers.

Mr. J. Gordon Hiddlestone, C. E., of the Bombay Railway system, is in Toronto, says The Globe, spending a few days with Mr. Joseph Tait, an old friend of the family, which is at home in Dumfriesshire, Scotland. Mr. Hiddlestone is on furlough for six months, and passed a considerable part of that time in Burma, China and Japan before sailing for Canada.

Of the races of India he thinks the Parsee the most remarkable. What the Jew is to Europe the Parsee is to India.

The white man is no match for him. There are but 110,000 Parsees altogether, of whom 80,000 live in the Presidency of Bombay. They are of lighter complexion than most natives, and came to India by way of Persia.

There is probably a distinct strain of Semitic blood in them. Few in numbers, they are the great bankers, merchants, and manufacturers. The cotton industry of Bombay, a very great one, is largely in their hands, and their agencies are all over the world.

One or two Parsees sit in the Imperial Parliament for London constituencies. Of the other races Mr. Hiddlestone regards the Gharaks, the Sikhs, and the hill men generally as loyal to British rule.

The Hindu and the Mohammedan he does not believe to be reconciled to British supremacy. The Moslem is a sort of

"Budmah" anyway, but his bad characteristics are open and above board and can be fairly well checked and controlled. The Hindu of the plains is shy and humble after the Uralia Keep pattern, but if India ever has a serious uprising he will be at the bottom of it. Any sudden or drastic interference with his customs or with questions of caste would precipitate trouble, although the white man may settle matters of trade and commerce pretty much after his own notions.

The railways of the Bombay Presidency find their chief source of freight revenue in the carriage of imports up west provinces to Karachi for shipment to Europe, and raw cotton for export.

The greatest part of their earnings, however, comes from the remarkable volume of native travel. The trains are always crowded with migrating people, many of whom evidently carry all their household treasures with them.

Where they are going, what they are going to do, or how they get the money for this constant travel are problems that Mr. Hiddlestone confesses himself unable to solve. If they miss the stream continues, but day after day the mail train, which goes once a day, they will squat down for a twenty-four hours' wait and go to sleep with the utmost equanimity. The Government provides open shelter sheds for the passengers, who must be a great comfort for officials who in the old land get it hot if passengers have a half hour wait.

## THIS MAN MEANS WHAT HE SAYS

He Says Dodd's Dyspepsia Tablets  
Cure Stomach Troubles and Give  
His Reasons for Saying So.

"Yes, I mean what I say about Dodd's Dyspepsia Tablets," says Henry A. Coles, of St. Mary's River, Guysboro Co., N. S., in a recent interview. "I had stomach trouble for about five years. It got so bad I was taken to my bed and the doctor was called in. He couldn't reach the trouble however and I was suffering very bad, and not knowing what to do when my wife said, 'Let us try Dodd's Dyspepsia Tablets.' 'Well, we tried them, and the result was that I used seven boxes and the stomach trouble left and has not troubled me since. Do you wonder I recommend Dodd's Dyspepsia Tablets?'"

If you can't digest your food don't worry. Get a box of two of Dodd's Dyspepsia Tablets and they will do it for you.

The Word "Blackmailing."

The word "blackmailing," derived from the Anglo-Saxon "mal" (tax) and the old French "maile" (a coin of small value), was originally applied to rents paid in kind, in order to distinguish them from payments made in silver or "white" payments. About the sixteenth century it was applied to money paid as the price of protection from freebooters. This was declared illegal by Elizabeth, but flourished in the highlands of Scotland, until after Oakenfold, in 1745.

"Blackmail" is mentioned in Archbishop Hamilton's Catechism (1562). One of the most picturesque legends of blackmail was Rob Roy, who grew famous in this connection about the year 1730. In its modern use blackmail is the extortion of money by threat of public exposure.

BROKEN SLEEP—TIRED NEXT MORNING.

Sleep not only rests, but builds up the body. Out down the hours of sleep, and you out down health in the same proportion. Rebuilding then ceases, nerves go to smash, you grow tired, weak and wretched. To restore sleep you must get more bodily strength, more nutritious blood, healthier nerves. Ferrozene solves the whole problem, makes you sleep soundly, given endurance, vim, ambition. No more morning weakness—instead the fire of youth will run in your veins, supplying abundance of energy and vigor. Withering expresses the instant effect of Ferrozene; try it.

Five Surprised Him.

"And now, Johnny," said the Sunday school teacher, "is there anything you don't understand about Eve and the serpent?" "Yes'm."

"Well, what?"

"How'd Eve keep from havin' a fit when she seen it comin'?"

SELL YOUR COLD FOR \$1!

You surely won't stop at a dollar bill to cure that horrid, sniffeling cold? Go to any drugist and get "Catarrhose" and your cold will be a thing of the past. There is almost witchery in the swift way Catarrhose kills colds. But when you consider the penetrating, healing and antiseptic qualities of Catarrhose, perhaps it's not so wonderful. Certainly there is no remedy half so prompt for colds and catarrh as Catarrhose. Refuse a substitute and insist on having only "Catarrhose."

Fashion Note.

"And what is the neatest, prettiest thing in vogue for the season?" Mr. Vansant thought a moment and replied solemnly:

"The tenant!"

Too Expensive.

"What a happy day you are! Don't you ever sorrow trouble?"

"Nope. Can't afford it. The interest is too high."

YOUR WORN-OUT STOMACH.

What it needs is the strengthening influence of Dr. Hamilton's Pills. They work marvels where the stomach and digestion are poor. In one day the appetite increases and the whole system is rapidly strengthened. No stomach specialist could write a better prescription than Dr. Hamilton's Pills of Mandrake and Butter-tin. At all dealers in a yellow box, price 25c, or five boxes for one dollar.

## The Last Word

By KEITH GORDON

Copyright, 1904, by T. C. McCure

"As if marriage were the only end

and aim of a girl's life!" she threw off

scornfully. Her companion smoked

imperturbably into the night for several

seconds before replying. Always

he had the air of one loath to break

a silence, one who had a constitutional

aversion to the rudeness of speech.

But she was accustomed to that, even

whimsically attached to his deliberate

ways. At last he spoke. In the dark-

ness she could see his face only as a

pale blur, but there was a suspicious

sweetness in his tone.

"All the little rippling, purring

brooks," he said slowly, "and all the

ordinary rivers, even the great ma-

jestic streams, wind somewhere to the

sea. And I'm sure it isn't my fault,"

he added in an injured voice.

"Some rivers plunge underground

and lose themselves," she argued

stubbornly.

"I said 'ordinary rivers,'" This with

laconic patience from the gloom.

A quick, flashing smile touched her

lips and vanished as if frightened to

find itself out in the dark. She won-

dered—well, a number of things; as,

for instance, what he was thinking of
