EXPLANATION.

IN the head of the Cross are the years from 1849 to the end of the 19th Century, and in the foot of the cross the whole of the 20th Century. The * denotes Leap Year.

In the heart of the Cross are the names of the days of the week; in the right arm the days of the month, and in the left arm the names of the months required and the number of days in each.

The first horizontal line in the heart shows the day of the week of the first of January or October of every common year (or of January, April or July of every leap year), the vertical line from which shows the first day of any month in the year.

....	0	1	2	3	4*
5	6	7	8*	9	10
11	12*	13	14	15	16*
....	17	18	19	20*	21
22	23	24*	25	26	27
28*	29	30	31	32*
33	34	35	36*	37	38
39	40*	41	42	43	44*
....	45	46	47	48*	49
50	51	52*	53	54	55
56*	57	58	59	60*
61	62	63	64*	65	66
67	68*	69	70	71	72*
....	73	74	75	76*	77
78	79	80*	81	82	83
84*	85	86	87	88*
89	90	91	92*	93	94
95	96*	97	98	99	100

1900, 1st JANUARY.

Now when the week-day of the month is found, take vertical column which begins with the same day, follow it down until opposite the day of the month in the right arm, and you have the week-day required. For instance, you were born on the 25th of August, 1856, what day of the week was it?

This leap year began Tuesday; start from the 1st of January, 1856, follow down the vertical line until you come to the 1st of August which is Friday; now follow down the vertical line which begins with Friday until you come opposite the 25th in the right arm, and you will find the 25th of August, 1856 was on Monday.

In the right arm of the cross are the days of the month, and in the left arm the names of the months. The first horizontal line in the heart shows the day of the week of the first of January or October of every common year (or of January, April or July of every leap year), the vertical line from which shows the first day of any month in the year.

PREFACE.

In presenting this, our Annual for 1882, we most cordially tender our thanks to an appreciative public for their patronage, which has rendered the past year the most eminently successful of any in the annals of our business; at the same time, we are led to believe that our success has been largely due to the intrinsic merit of our medicines, and more especially to the introduction of our now famous preparation, Burdock Blood Bitters, which, although but little more than twelve months in the market, has attained a popularity seldom observed in long established remedies, its sales having reached enormous proportions, and thousands of suffering humanity are testifying to its virtue and efficacy. In preparing this Almanac we have spared no effort to render it accurate and reliable, while its medical hints, advice, and recipes must prove of incalculable value to the people. The remedies and the recipes may be implicitly relied on. With kind regards to our patrons all,

We remain, yours truly,

T. MILBURN & CO.

Ague.

A disease brought about by malarial influences. It consists of a hot, cold and sweating stage in succession. The first thing to be done is to thoroughly cleanse the stomach and bowels, and arouse the action of the liver by antibilious purgatives. Our National Pills are useful for this purpose. During the fever, warm teas, the hot foot-bath, and other heating means may be employed; and during the intermission Hagar's Ague Remedy would be used to break the chills. Quinine given in 5 to 10 grain doses is the sheet anchor of the regular practice, but is objectionable to many. Our Burdock Blood Bitters should be taken after chills are broken, or as a preventive for those living in Ague districts.

Asthma.

The symptoms of this distressing disease are tightness across the chest, difficult breathing, and a wheezing noise accompanying respiration, worse at night or after retiring. During the paroxysm the tincture of Lobelia given in teaspoonful doses with sweetened water every quarter or half hour is considered specific, or Hagar's Yellow Oil should be freely rubbed over the throat and chest, and taken in doses of 20 to 30 drops, or more if necessary, and Hagar's Pectoral Balsam given freely to keep the bronchial tubes free, and to render expectoration easy, after the immediate paroxysm is over. Climates should be chosen where the air is dry, pure and bracing.

Abscesses

Are large sores or cavities in the flesh containing pus caused by inflammation, and are often of Scrofulous origin, liable to locate upon any portion of the body, and when upon the brain are suddenly fatal. Psoas Abscess

or Hip Disease is one of the most serious varieties. Burdock Blood Bitters is nature's true specific for all tainted with Scrofula or impure blood, and should be resorted to without delay. Sores difficult to heal, however trifling they may seem, should not be neglected. Our Burdock Healing Ointment, or the Victoria Carbolic Salve should be used as a dressing to the sore while the system is being toned and purified by the Bitters.

Biliousness and Liver Complaints.

It is the office of the Liver, the largest gland of the body, to secrete the bile, which is nature's proper cathartic. The Liver in common parlance acts as a sieve to cleanse impurities from the blood. During any irregularity of its action or suspension of its functions the bile is liable to overflow into the circulation, giving rise to Jaundice, a sallow complexion, yellow eyes, and causes many very unpleasant and troublesome complaints. Liver Complaint, as it is commonly called, may be known by this and other signs, such as pain in the region of the shoulders, irregular action of the bowels, headache, faint or sick stomach, alternate costiveness and looseness of the bowels, bad taste in the mouth, capricious appetite, etc. Treatment.—The system should be aroused by thorough action of the bowels to carry off the overflow of bile, and our National Pills or Hagar's Pills are the best in use. Burdock Blood Bitters, the great system regulator, should be perseveringly used, and proper attention given to the diet. Fat meats and greasy food, hot biscuits, pastry, pickles, and all indigestible or highly stimulating food or drinks should be avoided, including tea and coffee. Ripe fruits may usually be taken, and mild acids, such as lemon juice or oranges, will generally be beneficial. Burdock Blood Bit-

1882.

Golden Number 2	Dominical Letter A
Epoct 11	Roman Indiction 10
Solar Cycle 15	Julian Period 6595

The year 5643 of the Jewish Era commences on September 14th, 1882.
 Ramadám (month of abstinence observed by the Turks) commences on November 12th, 1882.

The year 1300 of the Mohammedan Era commences on November 12th, 1882.
 The 16th year of the Dominion of Canada commences July 1st, 1882.

The 107th year of the Independence of the United States commences July 4th, 1882.

New Year's Day, Lady Day, Holy Thursday, Corpus Christi, St. Peter and St. Paul, and Conception of the Virgin Mary, as well as thanksgiving or fast days fixed by proclamation, are legal holidays in Quebec.

The only legal holidays in the Province of Ontario are New Year's Day, Christmas Day, Good Friday, Easter Monday, the Queen's Birthday, and any day set apart by proclamation.

ECLIPSES.

- In the year 1882 there will be two eclipses, both of the sun.
- I. A total eclipse of the sun, May 16th, 1882, invisible on this continent; the central line of the eclipse passes through Africa and Asia.
 - II. An annular eclipse of the sun, November 10th, 1882, invisible on this continent; the central line of eclipse passes through the Southern Pacific Ocean.
- A transit of Venus across the sun's disc, December 6th, 1882.
- Venus will be a morning star till February 20th, and an evening star till December 6th, the planet being at its greatest brilliancy November 1st.
- Mars will be an evening star till December 10th, afterwards a morning star.
- Jupiter will be an evening star till 29th May, afterwards a morning star.
- Saturn will be an evening star till 5th May, afterwards a morning star.

Sun enters Capricornus—Winter commences.	Dec.	21	4	42 p.m.

ters constitute the great key to health in all Liver or Biliary Complaints.

Boils, Blotched Face, Pimples and Eruptive Diseases of the Skin

Are caused by impure blood, errors in diet, want of cleanliness, neglect of keeping the pores of the skin open, etc. The general health should be attended to, proper bathing, careful diet, avoiding greasy food, and keeping the bowels, skin, and kidneys in their proper functions, are the great auxiliaries to health. Burdock Blood Bitters is the best blood purifier known, eliminating all foul poisonous humors from the system. This great KEY TO HEALTH unlocks all the clogged secretions of liver, bowels, kidneys and skin.

Erysipelas

Is a blood disease commonly affecting the face, neck, etc., known by burning inflammatory redness of the skin, with puffy swelling, shivering, languor, headache, nausea, etc., caused by debility, too free use of stimulants, bad air, exposure to cold, improper food, etc. Treatment: Burdock Blood Bitters to cleanse the blood. For a local application, a thin paste of starch, applied cold, or a poultice of cranberries, excludes the air and is very cooling and grateful to the sufferer. In deep seated or Phlegmonous Erysipelas, painting with Tincture Iodine is curative and prevents spreading of eruption. The bowels must be kept free and the diet light and cooling. Malignant Erysipelas is a very dangerous disease, and medical skill should be consulted.

Salt Rheum, Ringworm, Tetter, Eczema, Scald Head, etc.,

Are troublesome diseases of the skin and blood, and are curable even in their most obstinate form by our Burdock Blood Bitters and the local application of Burdock Ointment.

Constipation

Is an effect rather than a disease—the result of irregularity in the system, error of habit, or diet. Still, a torpid condition of the bowels should never be suffered. When the bowels become clogged with fecal matter the general health is sure to be seriously impaired, giving rise to impure blood, headache, piles, fistula, and many serious disturbances. An inactive state of the liver is sure to lead to costiveness. The bowels, in connection with the skin and the kidneys, constitute the grand outlets for impurities of the system and the channels by which diseases are expelled. All strong drastic and repeated purgatives should be avoided, as they tend to debilitate the already weakened condition of the bowels. Injections of tepid water, with a little castile soap, or molasses, or oil, may prove beneficial, but Burdock Blood Bitters is the true remedy, acting upon the bowels and giving them tone without a reacting constipation. Careful attention to diet should be observed—Graham

bread, ripe fruits, rice, oatmeal, etc., are most serviceable. Food that sours on the stomach or requires a long time to digest should never be tolerated. Burdock Blood Bitters is the key to unlock the clogged secretions and bring health to the sufferer. Over-indulgence in eating while the bowels are inactive is a prolific source of serious diseases.

Coughs, Colds, Catarrh, Croup, Consumption.

A cough, however slight, should never be neglected. "Only a trifling cold," has been the lullaby song of many a victim to their last long sleep. Bad air, close apartments, damp clothing, neglect of wearing flannel and thick-soled shoes, sitting in crowded, hot rooms, sudden exposure to cold draughts of air, allowing the body to cool too quickly after exercise, has marked many a victim for its own on the long death roll of Consumption. A cough should be loosened as speedily as possible, and all irritation allayed before it settles upon the lungs; for if the system be weak the blood tainted with Scrofula, Catarrh or Consumption is sure to follow. At the very outset of a cold equalize the circulation by warm drinks, or a teaspoonful of Hagyard's Pain Remedy should be taken, which, by the aid of perspiration, hot foot baths and warm clothing, will speedily break the cold. Habituating the body to the use of the bath is a good preventive of colds. A cough, however troublesome, soon yields to Hagyard's Pectoral Balsam, which loosens the phlegm and allays irritation.

Catarrh

In its chronic form is essentially a blood disease, and should be treated locally and constitutionally. Catarrh is a chronic cold in the head, known by pain over the forehead or eyebrows, discharge of matter more or less of the nature of corruption, which causes constant blowing of the nose, hawking of phlegm, etc. Allowed to remain, it often destroys the nasal bones, and all sense of smell is dormant; or the matter falling upon the bronchial pipes causes Bronchitis, and often leads to pulmonary Consumption. Cleanse the system with Burdock Blood Bitters, and tone up the general health by the best hygienic means. Two recipes valuable for local treatment of Catarrh will be found in this book.

Consumption.

This disease, the blighting plague of our nation, is, although often induced by colds neglected, in reality a scrofula of the lungs, and therefore strictly speaking a blood disease. Its curability depends upon a prompt treatment with general tonics, blood purifiers, and nutritious remedies. Burdock Blood Bitters will accomplish the first two indications, and our Victoria Compound Syrup of Hypophosphites will be found the true specific for nourishing and revitalizing the system.

Though sad the requiem Old Year sings,
Joyous the New Year's bell now rings.

THE dampness of Spring and Fall, and exposure to the chills of Winter, develop rheumatism in those naturally disposed to the disease. Early guard against its approach by using Hagyard's Yellow Oil, the matchless remedy for rheumatism.

WHY are seeds, when sown, like gateposts? Be cause they are planted in the earth to propagate.

HOW TO SPELL "SOO."

There lived a young maid at the
Sault,
Whose eyes were a beautiful blault;
But most sad to relate
Was this lovely maid's fate:
Died of eating too much codfish
stault.

AN old darkey who was asked if in his experience prayer had ever been answered, replied, "Well, sah, some pra's is ansured an' some isn't; 'pends on what you axes fo'. Just after de wah, wen it was mighty hard scratchin' for de cullud breddren, I observed dat wen ebber I pway de Lord to sen' a turkey to de ole man, dere was no notice took of the partition; but wen I pway that he would sen' de ole man fo' de turkey, de latter was 'tended to befor' sun up nex' mornin' dead sartin'!"

THE ARITHMETIC IN LOVE

2 lovers sat beneath the shade,
And 1 un2 the other said:
"How 14 8 that you be9
Have smiled upon this suit of mine;
If 5 a heat, it palps for you—
Thy voice is mu6 melody—
"Tis 7 to be thy loved 1, 2—
Say, O9 nymph, wilt marry me?"
Then lisped she soft: "Why 13ly 1!"

AROUND her waist his arm he placed,
In the parlor cozy and warm,
He vowed to love his "turtle dove,"
And defied the cold world's storm.
Upon his vest her head did rest,
The maiden gently twitters,
"You are not as strong I see as you
used to be,
Oh Fred! take Burdock Bitters."

WHY suffer from the effects of impure blood, giving rise to unsightly blotches, pimples and festering sores; when the blood and secretions can be so easily and pleasantly cured by the use of Burdock Blood Bitters? The cost is trifling and the result marvellous.

THERE was a gay maiden name
Fanny,
Who wouldn't darn socks for her
granny,
But she'd sit all the day,
And she'd hammer away,
Like a tinker upon the pianny.

MEN are frequently like tea—the real strength and goodness are not properly drawn out until they have been in hot water.

The distressing cough may be allayed by Hagar's Pectoral Balsam; and Nature, aided by nourishing diet, pure air, and pleasant exercise, such as rowing, horseback riding, etc., will be the means of assisting a cure. The general health hints found throughout this work must be studiously observed. Our Victoria Compound Syrup of Hypophosphites is highly recommended, as hundreds now enjoying health who once were consumptive can testify. Cod Liver Oil and preparations made from Cod Liver Oil are recommended, and have proved beneficial in many cases. The family physician should be consulted.

Croup

Is an acute inflammation of the membrane which lines the whole surface of the windpipe and bronchial tubes. In true croup a tough, leathery membrane forms rapidly, which chokes the little sufferer. Treatment.—Upon the first signs of a wheezing, hoarse cough, rub the neck and chest with Hagar's Yellow Oil, and give from ten to fifteen drops on sugar or in a teaspoonful of melted butter—the dose lessened or increased according to age, and repeated every quarter or half hour till relieved. Hagar's Pectoral Balsam should be administered for the cough and tightness of the chest. Our Yellow Oil is considered a specific for this much-dreaded disease. Should you not have Yellow Oil, give an emetic of mustard or melted butter every five minutes until relieved.

Cholera, Cholera Morbus, Cramps, Colic, Diarrhea, and Dysentery.

Cholera is an acute miasmatic disease of the blood, characterized by watery purging, vomiting, coldness, unquenchable thirst, suppressed urine, cramps and collapse. It is not as contagious as many believe, but is spread by the propagation of microscopic germs. Hence the use of disinfectants and great cleanliness should be observed. Cholera Morbus and Canadian Cholera is a modified form of Asiatic Cholera. In the absence of a physician, for any of the above named diseases use our Dr. Fowler's Extract of Wild Strawberry according to directions, and our Hagar's Pain Remedy, applied externally with the aid of hot packs, fomentations, and the sweating process. Dr. Fowler's Extract of Wild Strawberry is Nature's specific for all forms of bowel complaints. Diet.—Dry toast, ground parched rice, barley water, gruel, or Irish moss jelly, are proper articles of diet in bowel complaints. Slippery elm tea should be used in place of water for thirst. Injections of starch with a dozen drops of laudanum are serviceable after the passages are cleansed.

Canker.

This is the result of an inflamed state of the mucous membrane and a bad condition of the blood, and consists of raw sores spreading

over the throat, mouth, lips, lining of the nostrils, etc. Dr. Fowler's Wild Strawberry will be found beneficial, and Burdock Blood Bitters to correct the state of the stomach and general health.

Chilblains.

Bathe the feet for ten or fifteen minutes in as hot water as can be borne; then apply Hagar's Yellow Oil, and you will have a perfect cure.

Corns.

These troublesome excrescences may be quickly cured by our Victoria Corn and Wart Cure. The feet should be often bathed, and tight boots avoided.

Debility.

A sense of indisposition to exertion, loss of strength, faintness, "all gone" sensation, languor and depression of spirits, indicate a want of tone and vitality to the blood. Burdock Blood Bitters is the grand tonic for all cases of general or nervous debility.

Dropsy

Is a thin, watery condition of the blood and a disordered condition of the kidneys, characterized by bloating, suppressed urine, etc., and may affect the abdomen, the lower extremities, the chest, or the brain, as the effusion may locate. Burdock Blood Bitters unlocks the secretions, purifies and nourishes the blood, and acts powerfully on the kidneys, being a superb diuretic. Victoria Compound Fluid Extract of Buchu and Uva Ursi, a specific remedy for urinary complaints, may be advantageously used for the same purpose.

Diabetes, Bright's Disease, Gravel, etc.

Diabetes differs in two essential characteristics. One form is known by an increased flow of urine, the other by an increase of sugar in the urine—the latter form being most difficult and dangerous. In either variety no better treatment can be given than the use of Victoria Compound Fluid Extract of Buchu and Uva Ursi. All diet of a sweet or starchy nature should be avoided in this disease.

Bright's Disease consists of an albuminous condition of the urine, and in the chronic form degeneration of the kidneys. Gravel is a precipitation of the solid constituents of the urine. The two prominent varieties are the red—containing uric acid—and the white or phosphatic gravel. The sediment of the urine when allowed to stand in a vessel will determine the disease. There is more or less pain and stricture in voiding the urine. Victoria Compound Fluid Extract of Buchu and Uva Ursi is the remedy. Diluent and mucilaginous drinks may be freely used in this disease, but all stimulants should be avoided.

Under the snow the daisy lies,
Waiting for Spring to bid it rise.

An Alarming Fact.

A large proportion of the people of this country are dying after terrible suffering from the effects of disordered Liver and Dyspepsia, which give rise to symptoms of some obscure disease, when if taken in time and properly treated with Burdock Blood Bitters, would prove perfectly curable. Speedy relief is certain from its use, and a trial bottle only costs 10 cents.

SICKNESS is a trap which we often bate with luxuries, set for ourselves, and then deliberately put our foot in it.—O. P. DILDOCK.

DRINK'S LOSSES.—The Youth's Companion gives both truth and poetry in the following:—

Loss of money follows drinking.
Loss of time brings bitter thinking;
Loss of business follows these,
Loss of strength and loss of ease;
Loss of health, respect and love,
Loss of hope and heaven above,
Loss of friends who once admired,
Loss of mind by frenzy fired;
Loss of fruitfulness, alas!
Loss of life's goal for the glass!
Loss of life and loss of soul
Crown his loss who loves the bowl.

PHYSICIANS tell us that the habit of running up stairs rapidly produces heart disease. We know of a young couple who contracted a bad case of heart disease by the simple habit of sitting on the front door step. That is the only form of heart disease which Burdock Blood Bitters fails to relieve.

FULL many a gem of spurious ray serene,
The spotless shirts of hotel clerks do bear!

FULL many a simple, ignorant sardine,
Believes them purest stones of value rare!—*Buffalo Express.*

SEASIDE ITEM.—"Tell me what it is, darling!" he said, reassuringly, taking her hand and drawing closer. "Don't keep anything from me." "Oh, Eugene!" she blushing replied. "But there ought to be no secrets between us," he expostulated. "True love is the very spirit of confidence." "It's something I've been going to ask you for a long time." "Then let me know it now," he added ardently, with a tender pressure of her hand. "I will," she said, summoning up courage; "what is the best cure for corns?" His answer was, "Try the Victoria Corn and Wart Cure."

THOUGH justice be delayed, at last 'twill come,

With recompense most sweet for suffering souls,
And vengeance dire on those who heed not

The anguished cries of mercy.

It is now claimed the first time the expression "Eureka" was used was when Archimedes sat down on a tack for which he had been looking nearly twenty minutes.

Dyspepsia.

This is the prevailing malady of civilized life, and largely due to gross errors in diet, over-eating, too free indulgence in stimulants and over-taxing the stomach with indigestible food, eating too rapidly without chewing the food sufficiently, indulging in hot biscuits, pastry, confectionery, pickles, preserves, etc.

To be dyspeptic is to be miserable, hopeless, confused and depressed in mind, forgetful, irresolute, drowsy, languid and useless. Constipation, headache, heartburn, sour stomach, distress after eating, belching of wind, faintness, dizziness, vomiting and variable or capricious appetite, and fulness and distention of the stomach, are some of the many distressing symptoms of the poor dyspeptic. No medicine can surpass the virtues of Burdock Blood Bitters in this disease. There is scarcely a disease but what dyspepsia will stimulate; even serious heart disease may be supposed to exist from the palpitation caused by a stomach distended with gas pressing upon the nerves of the heart. The brain and stomach are in close sympathy by connection of nerves, hence the distress of mind and head. Sea sickness is due to a foul condition of the stomach, and the rolling motion of the vessel exciting the brain to dizziness reacts upon the stomach by means of the sympathetic nerves. Dr. Fowler's Extract of Wild Strawberry is a good remedy for sea sickness.

Diphtheria.

A malignant and often fatal disease of the blood: usually affecting the throat, yet often there is an impoverished, diphtheritic condition of the system when there is absence of the throat symptoms, such as redness of the glands, swelling and ulceration. Supposed to originate from bad air, bad drainage, sewer gas and poisonous effluvia, and is propagated by microscopic germs. A tough, false membrane often forms in the throat from the foul mucous exudations, similar to croup. The premonitory symptoms are those of most low fevers. There is great prostration of the system, which must be supported by tonics. The following gargles will be found beneficial:—A teaspoonful of sulphur in a tumblerful of water, to be used freely rinsing the throat, and if the patient swallow a portion it will do no harm; or, fifteen drops of sulphuric acid to a glass of water, used in a like manner, will be of great benefit. But a competent physician should be consulted without delay.

Deafness.

Hagyard's Yellow Oil has produced some most remarkable cures in many of the worst forms of Deafness. Earache may be relieved promptly by the same remedy used according to directions.

Epilepsy, Fits, Fainting, etc.

Bromide of potassium, in five to ten grain doses, given in peppermint water thrice daily, is the remedy for Epilepsy. Some strong stimulant like Hagyard's Pain Remedy will give prompt relief in Fits, Faintness, etc., and Burdock Blood Bitters will repair the debilitated system found in those complaints.

Frost Bites, Felons, Burns, Scalds, etc.

The inflammation and pain may be promptly relieved by Hagyard's Yellow Oil, and Victoria Carbolic Salve used afterwards as a dressing to the sores. These two invaluable remedies should be found in every household.

Freckles, Tan, Sunburn, Chapped Skin,

Are promptly cured by that superb toilet article, Victoria Carbolated Glycerine Jelly. It softens and clears the skin and removes all blemishes.

Fevers and Congestions

Are conditions of high inflammatory action of the system with an undue determination of blood to some organ or part of the body. A fever is simply an extra effort of the vital powers to remove some offending or poisonous matter from the system, and should be aided by all means to promote perspiration, equalize the circulation and expel morbid accumulations. Burdock Blood Bitters is the best preventive of those conditions of the system that give rise to fevers. Inflammations are local fevers requiring hot fomentations and similar means to allay irritation. A too sudden degree of cold should never be employed in inflammatory action; hot poultices, fomentations of cloths wrung out of hot water, are better. Even in sun-stroke hot packs applied to the head relieves pain and congestion soonest. Any schoolboy knows that cold contracts while heat expands or relaxes. Old Dr. Thompson was about right when he said, "Heat is life; cold is death."

Gout, Rheumatism, Lumbago.

These are constitutional and blood diseases and often induced by improper living, exposure to cold and dampness, and by a depraved condition of the blood. Rheumatism attacks the young; Gout more frequently the old and those who live luxuriously. Rheumatism attacks the larger joints, Gout the smaller. A Rheumatic pain is a deep-seated one, apparently as if in the bone. Gout comes in sudden twinges of pain. Rheumatism affects both muscles and joints; when transferred to the heart it is very dangerous. Rheumatism neglected or ill-treated often cripples for life by a deposit forming about the joints, stiffening and distorting them by contraction of muscular ligaments. Lumbago is a form of muscular

Blow ye winds, and crack your cheeks,
Sunshine soon will spoil your freaks.

PERIODS.
THERE was a bad Indian—a Sioux—
 Who never would say what he'd
 dioux;
 But one night on the hill
 He caught Tom and Bill,
 And sliced off the scalp of the Sioux.

THE ALPHABET OF LIFE.
 Attend carefully to details of your
 business.
 Be prompt in all things.
 Consider well, then decide positively.
 Dare to do right; fear to do wrong.
 Endure trials patiently.
 Fight life's battle bravely, manfully.
 Go not in the society of the vicious.
 Hold integrity sacred.
 Injure not another's reputation or
 business.
 Join hands only with the virtuous.
 Keep your mind from evil thoughts.
 Lie not for any consideration.
 Make few acquaintances.
 Never try to appear what you are
 not
 Observe good manners.
 Pay your debts promptly.
 Question not the veracity of a friend.
 Respect the counsel of your parents.
 Sacrifice money rather than prin-
 ciple.

Touch not, taste not, handle not, in-
 toxicating drinks.
 Use your leisure time for improve-
 ment.
 Venture not upon the threshold of
 wrong.
 Watch carefully over your passions.
 'Xtend to every one a kind saluta-
 tion.
 Yield not to discouragements.
 Zealously labour for the right
 & success is certain.

NINETY AND NINE.
 "There are ninety and nine, that
 live and die
 In want and hunger and cold.
 That one may revel in luxury
 And be lapped in its silken fold;
 The ninety and nine in their hovels
 bare,
 The one in a palace, with riches
 rare."—*Ex.*

There are ninety and nine that
 sponge and buy
 And never pays what they owe;
 And yet they revel in luxury
 And make a pompous show.
 There are ninety and nine talk
 pious twaddle
 Gain all they can and then ske-
 daddle.—*O. P. Dildock.*

No article ever attained such unbounded popularity in so short a time as **BURDOCK BLOOD BITTERS**, and that, too, during the existence of countless numbers of widely advertised bitters and blood purifiers. It is evident that this medicine begins its work at once, and leaves no desirable effect unattained. A ten cent sample bottle will in many cases test its merits. A large bottle only costs one dollar.

Rheumatism. Rheumatic diseases are best treated by Burdock Blood Bitters for the constitution and blood, while no outward application can at all compare with Hagar's Yellow Oil, the great remedy for Rheumatism.

Headaches

Of all forms are nearly always symptomatic, and are curable by keeping the stomach and bowels in order and equalizing the circulation of the blood, all of which Burdock Blood Bitters will best accomplish.

Itch.

If two drams of Flour of Sulphur be added to one bottle of Hagar's Yellow Oil, and the infected parts freely and frequently bathed with it, it will destroy the Itch insect and effectually cure this disease.

Mumps.

This eruptive fever of children seldom requires more than good care, nursing with warm teas, and proper attention to the state of the bowels, avoiding taking cold both during the fever and convalescence. Some mild tonic may be given in the absence of feverish symptoms.

Rumps

Is an inflammatory swelling of the parotid glands, and is a mild disease if care be taken against taking cold. Hagar's Yellow Oil is the only remedy required, used according to directions. The bowels to be kept free by mild laxatives such as senna tea or a little rhubarb.

Neuralgia or Nerve Pain.

Burdock Blood Bitters internally, and Hagar's Pain Remedy or Hagar's Yellow Oil as an external relief for the pain.

Nervous and General Debility.

Physical exhaustion, depending upon nervous weakness, is the great and growing malady of the times, owing to the fast age in which we live, and the various indiscretions and lack of observance of physical laws. The more common manifestations of Nervous Debility are mental depression, loss of solitude, defective memory, confused ideas, restlessness, sleeplessness, often dimness of vision, hurried and difficult breathing, emaciation, a general loss of vitality of body and brain. Any imprudence against the laws of our being, or any weakening drain upon the system, may cause this difficulty, with its long train of distressing symptoms. The cure must be accomplished by moral, mental and general hygienic means. Strive to cultivate the virtues, and guard well the general health. Sleeplessness is often caused by an undue pressure of blood upon the brain. This form may be best relieved by keeping the head cool, equalizing the circulation and keeping the bowels free. Opiates and nar-

cotics do more harm than good. Always sleep with the head towards the north if possible; this is no whim, but a scientific electrical principle. Bathing and those two great essential elements, iron and phosphorus, are the tonics indicated. Our Victoria Compound Syrup of Hypophosphites supply these elements, and form the grand natural specific for all cases of Nervous Debility and other exhausting forms of disease.

Night Sweats

Are the results of debility, and are of a very exhausting nature. A strong infusion of Sage drunk cold, and eight drops of Muriate Tincture of Iron, morning and night, may be taken in a tablespoonful of water. Victoria Compound Syrup of Hypophosphites will be found a valuable medicine for Night Sweats.

Palsy

Is a disease of the nervous system, having its origin chiefly in the brain. It is a loss of motion or sensation in any part, sometimes accompanied by a numbness or a pricking sensation; sometimes a shaking or trembling of the limbs is a form. Severe mental exertion, intemperance, or the rupture of a blood vessel of the brain are among the causes. Treatment—Restore the circulation by electricity, friction, bathing with Yellow Oil or Hagar's Pain Remedy, and take Burdock Blood Bitters to restore the equilibrium of the system and stimulate the secretory functions. In any case your family physician should be early consulted.

Quincy or Sore Throat.

These well known common diseases yield to the internal and external action of Hagar's Yellow Oil as if by magic.

Sore Eyes.

Take Burdock Blood Bitters, and use an eye wash made by pouring boiling water, one pint, on one-half dram of Borax and one-half dram Gum Camphor. Apply when cold freely and often.

Scrofula

Is a term applied to a morbid condition of the glandular system, characterized by swellings, enlarged joints, abscesses, pustular eruptions, thickening of the upper lips, sore eyes, etc. It is often hereditary. Consumption is Scrofula of the Lungs. Causes: want of pure air, sunshine, wholesome food and proper nourishment. The bones of Scrofulous persons are liable to disease, as Hip Disease, White Swelling, etc. Goitre or swelled neck is Scrofula affecting the submaxillary glands. Burdock Blood Bitters will be found valuable for all Scrofulous diseases. Pure air, good nourishing food, and a total avoidance of fat pork and intoxicating drinks, will cure nearly all cases of this obstinate and all-prevalent malady if taken in time.

Birds are piping sweet and clear.
Lo! the joyous spring is here.

----	----	--	------	------	------	------	------	---------

It does not pay to neglect keeping a few simple remedies at hand for use in sudden attacks of sickness or emergencies, and then have a long and serious illness result therefrom, and a heavy bill to settle with the doctor, when a few doses of such medicines as Hagar's Yellow Oil, Pectoral Balsam, or Fowler's Wild Strawberry, costing only a few cents, would have saved all the trouble and perhaps even life.

"WILL you have it rare or well done?" said the carver to an Irishman, as he was cutting a slice of roast beef. "Be jabers, I take it well done ever since I came to this country," replied Pat; "for it was rare enough I ate it in ould Ireland, sure!"

YET ANOTHER "REVISED VERSION."

Full many a Jem has thought things all serene,
And spooned unconscious with his sweetheart fair,
Till the fierce parent's boot came on the scene,
And sent him squirming through the twilight air.

MARK THIS.

In taking medicine to purify the blood in cases of old sores, chronic eruptions, and most diseases of the skin, if the remedy does any good whatever it must be borne in mind that the humor must be more or less driven to the surface, and for a time pimples, blotches, sores, etc., may appear thicker, and the patients often imagine and declare themselves worse, when the fact is the disease is being expelled from the internal organism. The same might be said of BURDOCK BLOOD BITTERS; but this remedy acts upon all the secretions and expels disease from all the outlets—the skin, the kidneys and the bowels. It acts in no blind or miraculous manner but by the plain common sense principles of nature's law; and any remedy is worse than useless that does not thus act.

THERE are two things which will make us happy in life—only two things. The first is, "Never to vex ourselves about what we can't help;" and the second is, "Never to vex ourselves about what we can help."

THERE is a reason for every human action. When a man out west sold a horse for a wife, a neighbour shook his head and declared that there must have been something the matter with that horse or the owner would not have fooled him away like that.

TO CLEAN BLACK SILKS.—The Parisian method of cleaning black silk is to brush and wipe it thoroughly, lay it on a flat table with the side up which is intended to show, and sponge with hot coffee strained through muslin. Allow it to become partially dry, then iron.

Toothache.

If our Victoria Toothache Charm will not quiet the most raging tooth, which it seldom fails to do, recourse must be had to the "iron" treatment of a competent Dental Surgeon.

Ulcers and Wounds,

Where the skin is broken, should be treated by our Burdock Healing Ointment or Victoria Carbolic Salve, having paid especial attention to cleansing them with warm suds of pure Castile Soap.

Worms.

The causes and symptoms of ordinary worm troubles are so familiarly known to every mother in the land, that we need only occupy space here to say that Freeman's Anthelmintic Worm Powders will destroy and expel every species of worm (Tape Worm excepted) that infests the alimentary canal. Abernathy's Royal Worm Candy will do the same, if the remedy be preferred in the form of lozenges. No remedy has been found, and none remains to be discovered, that can surpass our Freeman's Anthelmintic Worm Powders for all ordinary worms that afflict children or adults.

Woman's Diseases.

Most of the distressing complaints so peculiar to females, such as painful periods, suppression, Female weakness and all its attendant evils, may be promptly remedied by building up the debilitated system, allaying nervous irritation, and unlocking the secretions with that great key to health, Burdock Blood Bitters.

A FEARFUL FRIGHT.—A little girl, the daughter of an acquaintance of ours, went to visit a lady friend and remained over night. She retired apparently in the best of health and spirits, but before midnight she was stricken with that terrible disease Croup. The lady was alone with her, and the little one far from home and relatives. The alarming symptoms of the little sufferer blended with the burden of the responsibility felt by the lady in charge of her caused quite a panic. The lady had no available medicine in the house except a part of a bottle of Hagyard's Yellow Oil, but to her great joy and relief, a few doses administered and the throat and chest bathed with the remainder, afforded a cure as speedily and satisfactorily as could have been given by a physician at the cost of three dollars for a midnight visit, could one have been obtained.

DIPHTHERIA, that terrible scourge of the present day, attacks chiefly those whose vitality is low and blood poor. The timely use of Burdock Blood Bitters forestalls the evils of impure blood, and saves doctors' bills. Sample bottles 10 cents.

WHISKEY.—A gentleman in Washington in a decline consulted an eminent physician regarding whiskey, so highly recommended. "It might afford relief," said the doctor. "Then why not give it?" responded the patient. "Because I have given it to a dozen gentlemen and all have become drunkards." Burdock Blood Bitters is purely a medicine, not a drink, and never makes drunkards.

KEROSENE AND CAUTION.—None but the foolish or foolhardy will ever use coal oil to kindle fires with; the flame catching, it often spreads like gunpowder. Thirteen persons in one week were recently reported burned to death by carelessly using coal oil. Never allow a lamp to burn when nearly empty. Never attempt to sleep in a room with the lamp turned low, the carbon and carbonic acid gas are very poisonous, as well as suffocating and of disagreeable odor. A candle, a floating taper, or a wick floating in any simple oil is preferable and safe. If you would preserve health and life heed these precautions.

ALCOHOL AS A MEDICINE.—However useful any preparation of Alcohol may be in manufacturing or in chemical manipulation, it is a well established fact that as a medicine it is more productive of harm than good, and it is seldom if ever administered but that a harmless substitute could better do its work. As a food, Alcohol and its preparations have no nutritive power, they are only gauding stimulants, uncertain in effect, transitory in action, and whose after results are only evil. Of the truth of this, all reputable medical scientists will testify. As a nutritive, pure sweet cream, or oatmeal, or even bread, possesses a hundredfold more efficacy. As a stimulant, the old-fashioned Composition Tea of Dr. Thompson is of tenfold value, or Ginger Tea, or Cayenne Pepper, which is a pure and safe stimulant in all cases. As a tonic, the Golden Seal, Quassia Wood, Peruvian Bark, and the various preparations of iron surpass Alcohol in any of its forms.

REMEMBER.—Any remedy that possesses virtue must infallibly produce some marked specific effect upon the system. Drugs as a rule do not work mysteriously or spiritually, but produce their peculiar physical results. Never stop using a medicine whose effect must necessarily be searching and purifying, simply because the first doses make you feel a little worse than usual, and condemn the remedy without investigating the cause. It may be that your system is very foul, and the process of purifying has only commenced its proper work; as would be the case in taking an anti-bilious cathartic, if the system were very bilious the same dose would work more violently than an equal dose would under other conditions. The same may be observed in the use of Burdock Blood Bitters; but in no case can this medicine do harm, where any pure tonic and cleansing medicine is required.

Hail the merry month of May!
The world is dressed for holiday!

DYSPEPSIA, that all prevalent disease of civilized life, is always attended with a disordered sympathetic system and bad secretions, and no remedy is better adapted to its cure than Burdock Blood Bitters taken according to special directions found on every bottle.

"Did you call your brother a liar?" asked the stern parent, and the culprit remarked, "Well, I said he was a sewing machine agent."

FOR modes of faith let graceless zealots fight;
His can't be wrong whose life is in the right.—*Pope.*

FROM off the running rivulet the icy chain is thawed,
And the flourish of the winglet of the dovelet's broad;
The quacklet of the ducklet in the brooklet we can hear,
And the rootlet and the piglet will presently appear.

THREE KEYS.

There are two keys that you should shun—

The first leads to the second—
Whis-key I name as number one,
Turn-key my next is reckoned.
Don-key is my third and last,
And what you'd most resemble.
If you meddle with key number one
I'll surely make you tremble.

For if the first you take too oft,
One dollar I would bet you,
If I were a betting man,
That key number two would get you.

But the key that brings you joy and wealth,

That unlocks all you may try to,
Is Burdock Blood Bitters' Key to Health,
And that's the key to tie to.

ONLY.

Only a word, a little word,
Has a fond heart heal'd or broken;
When the word is *yes* what joy and bliss
Is the fellow's whose girl has spoken.

Only a flower, a simple flower,
Entwined in a maiden's hair;
Yet it caused unrest to the young man's breast,
And brought to him wild despair.

Only a pin, a little bent pin,
Yet placed point up in a chair
It possessed the might of a giant's fright

As it raised him high in the air.

Only a hair, a golden hair,
Yet it causeth the heart to flutter,
And makes one swear with defiant air

If it lurks in a chunk of butter.

Only a dose, a little dose,
Of Burdock Blood Bitters you try,
It will give you the test that it is the best,
And a full sized bottle you'll buy.

Burdock Blood Bitters,

The great System Renovator, Liver Regulator and Blood Purifying tonic. Purely vegetable, and a safe, pleasant and reliable remedy. A compound Fluid Extract of Roots, Leaves and Barks, among which is especially mentioned that well-known root of rare purifying power — Burdock — whose specific action is exerted in a marked manner upon the Blood and the Kidneys, combined with other valuable vegetable products of nature's laboratory, the woods and fields, whose medicinal virtues are skillfully compounded by the most exhaustive scientific process.

It is no fancy drink to pander to a depraved desire for stimulants, but a pleasant and genuine medicine, regulating the bowels, purifying the blood, unlocking and stimulating the secretions, promoting digestion, invigorating, nourishing and strengthening. It dispels all foul humors from the system, and is the most successful medicine known that acts at once at the same time upon the Bowels, the Liver, the Skin and the Kidneys, while it imparts strength and vigor during its purifying process.

Burdock Blood Bitters cure Dyspepsia, Biliousness, Liver Complaints, Kidney Complaints, Lung Complaints, Constipation, all Humors of the Blood, Scrofula, Eruptions, Pimples and Old Sores, Female Complaints, Nervous and General Debility, Rheumatism, Headache, Jaundice, and, in short, there is scarcely a disease of a chronic nature where the secretions are suppressed, the fluids corrupted, or the glandular system diseased, and the nervous system debilitated, but that will find its proper remedy in this matchless medicine.

We need not go abroad to gather evidence to support this fact; we have abundant proof at home. A few of many marked testimonials we herewith append. More from this and foreign localities will be cheerfully furnished on application.

Read the Following.

CORNELL, May 16, 1881.

Messrs. T. Milburn & Co.,

GENTLEMEN,—In November last I was taken with a pain in the lower part of my Bowels, causing an irritation of the Bladder, from which I suffered intensely. I tried other medicines, but of no use; finally I was induced to try Burdock Blood Bitters, which gave me relief at once. I am now cured. Can cheerfully recommend it to the public.

S. P. CORNELL.

CANNAMORE, Aug. 13, 1881.

Messrs. T. Milburn & Co.,

GENTLEMEN,—I have used a bottle of your Burdock Blood Bitters, and it has done me a great deal of good.

JNO. HUGHES.

CANNAMORE, May 17, 1881.

John Hughes, Esq.,

DEAR SIR,—I have been taking some Burdock Blood Bitters purchased from you, and have been greatly benefited. Would gladly recommend it to all.

JACOB A. EMERY.

FOURNIER, Jan. 8, 1881.

This is to certify that I was stricken down with Typhoid Fever, of which several of my neighbours died. I tried Burdock Blood Bitters, and one bottle enabled me to get up and attend to my business. I am steadily improving, and expect in a short time to be as well as ever.

G. H. CORNELL.

PORT CARLING, Muskoka, Aug. 2, 1881.

Messrs. T. Milburn & Co.,

GENTLEMEN,—I was for some time this spring feeling very miserable, part of the time not able to work. I had no appetite, but still felt a craving to be eating all the time. I had a languid, drowsy feeling over me all the time, and often felt incessant pains penetrating my whole system. I was also troubled with headache very much, whenever I got anyways warm; and after eating, my food would lay heavy on my stomach. I worked two or three weeks feeling in this state, but at last had to succumb to it. I was persuaded to try Burdock Blood Bitters, which I did, and am very thankful I did, for after taking only four doses, as the directions told me, I felt a great deal better. I continued taking until I finished the bottle, and now I feel like a new man, and would advise all those who are suffering from any of the above symptoms to give it a trial, and if it does them as much good as it has me, they will not regret the cost.

WILLIAM KYDD.

ARMOUR, March 8, 1881.

To John Hiles, Esq.,

DEAR SIR,—I feel it my duty to say a few words in regard to the wonderful benefits I received from using the Burdock Blood Bitters I purchased from you. Last summer I was taken very ill. The doctor said I had overheated my blood. My limbs were almost paralyzed. I was under the doctors' care for two or three months, when they finally told me they could do nothing more for me, and I was left to die as it were, which I felt would soon be the case. At this stage of affairs I was induced to try Burdock Blood Bitters, and most thankful am I to be able to say I had not finished using the second bottle ere I was able to get around. I consider it the greatest wonder of the nineteenth century. To me it proved a life-saving friend. Thanking you, dear Sir, for urging me to try it,

JOSEPH SHEWFEET.

Beauteous, rosy month of June,
When birds and bees are all in tune.

THOUSANDS suffer untold miseries from Rheumatism, when Burdock Blood Bitters taken internally and Hagar's Yellow Oil applied outwardly would prove a perfect and speedy cure. If you suffer from the tortures of this disease, try these remedies and be convinced of this truth.

WHEN two women with new hats on pass each other on the street there is a pair of back stares made immediately.

RECIPES.

TO REMOVE TAR.—Rub well with clean lard, afterwards wash with soap and warm water. Applicable to either hands or clothing.

TO PRESERVE FLOWERS FRESH.—A little carbonate of soda or salt-petre in the water containing the flowers will preserve them fresh for a fortnight.

TO CLEAN PAINTED WALLS.—Mix common whiting with water till about as thick as paste; apply with a flannel rag, and wash off with warm water and a cloth.

TO KILL MICE.—Spread gas tar around the mice holes, and you will require no cats or traps. Plug rat holes with common brown soap, and they will abandon the place.

TO SWEETEN RANCID BUTTER.—Work the butter thoroughly in sweet milk, with one ounce of soda to the quart. If done properly the rancidity will be entirely washed out.

TROUBLESOME FEET.—Persons troubled with perspiring and offensive feet can be permanently cured by bathing them every night in a strong solution of borax, using a heaping teaspoonful of borax to a basin of water.

TO CURE A FELON.—The moment the feeling comes as if a thistle were in the finger, apply a small strong blister to the spot, or a thimble filled with equal parts of soft soap and unslacked lime, to remain on as long as can be borne.

WASHING FLUID.—Nine table-spoons unslacked lime, two pounds of sal soda, four quarts soft water; simmer half an hour and bottle. A teacup of this fluid added to a boiler of water will afford a great saving of labour in washing.

GOOD SUBSTITUTE FOR CREAM IN COFFEE.—Beat an egg to a froth, add to it a piece of butter the size of a walnut; turn the coffee gradually on from the boiling pot to the one on the table containing the mixture. It is difficult to distinguish the taste from fresh cream.

TO REMOVE IRON RUST.—Soak the spots on the cotton or linen for several days in sour milk. This rarely fails; but if it should, liquid phosphoric acid may be successfully applied without injury. Simply touch the spots with the acid and let it dry.

MR. ALEXANDER LOUGH, of Alpena, Mich., U.S., writes: I have been troubled with a pain in my left side for over twenty years, and have tried a great many medicines, but got little or no relief until I used Burdock Blood Bitters. Have used four bottles,

am almost cured. Please send me two more, let it cost what it will, as I think it will perfect a cure.

PICKERING, May 28, 1881.

Messrs. T. Milburn & Co.,

GENTLEMEN,—I am now using the second bottle of Burdock Blood Bitters, and can safely say I have received more benefit from their use than any other medicine I have ever taken. When I commenced using the Bitters I was suffering greatly from weakness, want of appetite, and general debility. I am now enjoying good health, all the old weariness is gone, and I feel now better than I have for years. I believe Burdock Blood Bitters to be a good medicine. I hope this will be of use to you. MRS. J. FRASER.

PORTLAND, 18th April, 1881.

Messrs. T. Milburn & Co.,

GENTLEMEN,—For the last two years my face has been disfigured by large eruptions and scabs. I am happy to state that one bottle of your Burdock Blood Bitters has restored me to my former pure complexion. Hoping this may prove of use to others suffering as I did, I am, yours truly,

ANNIE HEATH.

GENEVA, N. Y., Sept. 20th, 1881.

To the Proprietor of Burdock Blood Bitters.

GENTLEMEN,—I purchased a bottle of your Burdock Blood Bitters, and I saw a request on the wrapper that you would like to be informed of its effects. I here give you a history of my case. I was taken four years ago with Paralysis. My case was supposed to be hopeless. I employed a physician until I was able to sit up, when I concluded to manage my case myself; being over eighty years old it would be only possible to survive but a short time anyhow. I will here give you a list of the remedies I have taken:—

- 2 bottles of Kennedy's Discovery,
- 5 " Pierce's Golden Discovery,
- 10 " Hop Bitters,
- 12 " Warner's Safe Kidney and Liver Cure,
- 3 " Green's August Flower,
- 2 packages Kidney Wort.

Notwithstanding the persevering use of these remedies I found no permanent benefit from them, or anything else, until I tried your Burdock Blood Bitters, which I found to suit my case exactly; and I feel rejoiced to have found a medicine of true worth and

so full of life-giving principles. Its beneficial effects were manifested from the first, and I now feel almost the vigor of youth again. If this is of any use to you, you can use it any way you like. D. H. HOWARD.

SALT RHEUM.—Mr. Isaac Brown, of Bethwell, says he has been troubled with Salt Rheum for years, and that one bottle of Burdock Blood Bitters has done him more good than \$500 paid to medical men and for advertised cures.

MR. W. H. McARTHUR, Codrington, requests us to use the following names for references as to the virtues of Burdock Blood Bitters: Mrs. L. Clark, Mrs. S. Belford, Mr. Geo. Harington, Codrington. Also for Hagyard's Yellow Oil: Mr. Thomas Galagher and Mr. T. W. Martin, Codrington.

Other testimonials and references furnished on application.—T. MILBURN & Co., 31 Church Street, Toronto.

Burdock Healing Ointment,

For Old Sores, Scrofulous Ulcers, Obstinate Humors and Eruptions, such as Salt Rheum, Boils, Skin Diseases, Piles, Sore Eyes, Deep Burns, Scalds and Frost Bites, and all ill-conditioned wounds and sores, where ordinary ointment fails to relieve. Nearly every one is familiar with the virtues of Burdock, Yellow Dock, Arnica, etc., as healing applications in domestic practice; these and other valuable cooling, cleansing, soothing and healing medicines enter into the composition of Burdock Healing Ointment. It speedily removes pain, soreness and inflammation, cleanses the most foul ulcer, promotes healthy suppuration, and speedily heals the most ugly sores and wounds of the flesh. It is a purely vegetable compound, combined with gums and oils to form an elegant ointment, that applied on lint or linen will sufficiently adhere to the flesh without being troublesome to remove. Burdock Healing Ointment should be used in conjunction with Burdock Blood Bitters in all Eruptions, Sores and Diseases of the Skin. Prices 25 cents per box.

THERE is no affair of life in which most people are more grossly negligent than in the care of their health. They leave that matter too much to the care of their butcher and baker and doctor; they neglect too long what seems to them only a trifling ailment until some serious disease has crept insidiously upon them, when a long sickness and a heavy bill for medical attendance is inevitable. A little common sense exercised in precautionary measures and a trifling outlay for some useful remedies like our Yellow Oil, Pectoral Balsam, Burdock Blood Bitters, National Pills, Pain Remedy, etc., would save a deal of trouble and often preserve life.

The golden noontide of the year
Proclaims a fruitful harvest year.

PEOPLE have no more right to become dyspeptic and remain gloomy and miserable, than they have to take poison and commit suicide. If the stomach becomes weak and fails to perform its functions, Burdock Blood Bitters will speedily remedy the trouble.

BEWARE of little things! A black seed not larger than the faith of Bob Ingersoll in the inspiration of the Bible will grow an onion that may taint breath enough to break up a betrothal, ruin a school, and shatter the good intentions of a sewing circle.

THERE is a young maid of St. Croix Who is "gone" on a clever young boix;
They swing on the gate
Both early and late,
And their lives are o'ergushing with joix.

WHAT physician was ever known to possess an infallible cure for headache? Burdock Blood Bitters do more than the doctors. If you are sceptical try it and be convinced. Trial bottle only ten cents.

THEY met, 'twas on the street—
"Oh, such a bonnet!" thought the one—
The other thought, "What feat!"
Yet they did talk—
Together walk—
And kissed each other's cheeks—and chalk.

WHEN a bee brings pollen into the hive he advances to the cell in which it is to be deposited and kicks it off; another bee, one of the in-door hands comes along and rams it down with his head, and packs it into the cell as the dairymaid packs butter into a firkin.—*John Borroughs.* We would prefer not to have any dairymaid pack our butter that way.—*Traveller's Record.* If our butter must be packed in that way, let it be done by a bald-headed dairymaid.—*Rome Sentinel.*

DROPSY is essentially a watery condition of the blood, dependent upon disordered kidneys. Burdock Blood Bitters are strongly diuretic, and consequently the best known remedy, acting as it does upon the entire secretory system. Trial bottle ten cents.

EVERYBODY has heard of the jolly Dutchman who, when the steamboat was likely to sink, succeeded, after much trouble, in finding a like preserver large enough to fit him. While he was trying his best to blow it up, a young fellow standing by said:—"You can't fill that with wind—it leaks. Don't you hear it hiss?" "Ish dot so?" he replied. "Vell, I tinks, den, I better keep the vind myself."

Hagyard's Yellow Oil,

Has stood the test of time, and is victorious over all. As a liniment, no preparation can surpass its efficacy for pain and inflammation of all descriptions

FOR EXTERNAL AND INTERNAL USE.

Applied outwardly, it cures Rheumatism, Neuralgia, Spinal Affections, Lamé Back, Pains in the Joints, Chest, Side or Back, Contracted Corals, Sprains, Bruises, Chilblains, Burns, Scalds, Frost Bites, Wounds, Cuts, Boils, Swellings, Callous Lumps, Sore Throat, Stiff Neck, Ear Ache, Deafness, Cramps in the Stomach, etc.

Taken inwardly, in doses of from 10 to 30 drops on sugar or in water as directed, it cures Quinsy, Sore Throat, Swelled Tonsils, Asthma, Croup, Kidney Complaints, Pains in the Chest, Stomach, etc. Inflammation, Pain, Swelling, and Soreness are speedily banished by its use.

No family should be without Hagyard's Yellow Oil, and no individual will be without it after having once tested its virtues. For accidents and emergencies it is indispensable to all. Hagyard's Yellow Oil is one of our oldest and best tried remedies, and its rapidly increasing sale is the best evidence of its popularity with the people. If you are unacquainted with this medicine, ask your druggist about this fact regarding its merits. We do not hesitate to warrant it in every case if used faithfully as directed. Its anodyne, antiseptic, detergent and healing properties are unsurpassed by any liniment or remedy of its class in the world; and its powers of subduing inflammatory action, allaying pain, relaxing stiff joints or sinews, and healing all manner of soreness or lameness of the flesh are unexcelled. For sale by all medicine dealers. Price 25 cents per bottle.

MONTREAL, March 1st, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—I am pleased to advise you that your Hagyard's Yellow Oil has proved wonderfully effective with me. I have used it as an outward application for colds settled in my shoulders and head; also have taken it inwardly for hoarseness and cough, and I believe it to be one of the best Oils in use for the removal of Pains or Stiffness of Joints, and also for Sore Mouth or Throat. I would not like to travel without it with me.

GEO. B. STOCK.

ACTON, May 20, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—I have used your Yellow Oil at different times and for a variety of complaints and accidents incident to every-day life, during the past twenty years; in fact, I have never been without a bottle of it in the

house since 1860, and would not be for ten times its cost. For Coughs, Colds and Croup in children I have never known it to fail, and for Sore Throat and Stiff Neck it has served me in a great number of cases. For burns and scalds it is simply a specific. I have used it also on domestic animals, with a corresponding favorable result. If anyone doubts the efficacy of Yellow Oil for any of the above complaints, refer them to me, and I can assure them, from my own experience, of its worth.

MRS. WM. ALLAN.

BEAVERTON, 18th July, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—The facts as to the instant effects of Yellow Oil in a case of Croup are as follows:—My little granddaughter was growing rapidly worse with Croup, and was giving the ominous croak so dreadful to hear. None of the ordinary remedies seemed to help her, but on my son asking if I had tried Yellow Oil, I did so at once, administering a few drops on sugar and rubbing it pretty plentifully upon her chest and throat. The effect was wonderful: in a few minutes she threw off the mucus, breathed freely, and in half an hour was playing and laughing.

SARAH CHURCHILL.

CALEDON, June 23rd, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—About two years ago I was afflicted with a swelling of the knee, resulting from several falls on the ice. It was so painful and badly swollen that I could not walk for some time. One bottle of Hagyard's Yellow Oil effected a complete cure.

JAMES HUMPHREYS.

15 BEECH STREET, TORONTO,

March 14th, 1878.

This is to certify that my son, aged nine years, met with a serious accident by having one of his feet run over by a Grand Trunk express train, and it was supposed amputation would have to be performed. We had two doctors attending him for some days without any perceptible improvement. I was then induced to try Hagyard's Yellow Oil, which reduced the pain after a few applications. To my surprise we could discover a decided improvement from the first few applications. As soon as we saw this improvement we discontinued the doctors' prescriptions, and the lacerated foot continued to mend until, I am free to say, my boy was well in as many weeks as we expected it would take months, not taking into consideration the amount of pain he was relieved from. He is now as well as could be expected, after having his heel and ankle so badly crushed, and is free from stiffness of the joint, which the doctors said could scarcely be avoided.

JOHN SPINKS.

Other testimonials and references will be furnished on application to T. MILBURN & Co., 30 Church Street, Toronto.

A noble queen has the year become,
Crowned with wreaths of the Harvest Home.

An exchange says, "There is not a vegetable that can ketchup with the tomato;" and we declare that there is not a vegetable preparation in the world that can catch up with Burdock Blood Bitters.

A BURGLAR entered a house the other night, and scared a lady so badly that her hair, which was lying in an exposed place on the bureau, turned white in a single night.

"I DO hate tobacco," the maiden observed,
"Tis worse than indulgence in rum,"
But five minutes after her jaws were at work

On a sizeable chunk of spruce gum.

An exchange says, "There is not a vegetable that can ketchup with the tomato;" and we declare that there is not a vegetable preparation in the world that can catch up with Burdock Blood Bitters.

THE OLD METHOD.—A young lady in Vassar College claims that Phtholognyrrh should be pronounced Turner, and gives the following explanatory table:—

Phth (as in phthisic) is	T
olo (as in colonel) is	UR
gn (as in guat) is	N
nyrrh (as in myrrh) is	ER

ERTRIPELAS, Scorfula, Salt Rheum, Eruptions, and all diseases of the skin and blood are promptly cured by Burdock Blood Bitters. It purges all foul humours from the system, imparting strength and vigour at the same time.

"WOUNDED in the war, were you, Paddy?" "The bullet hit me in the chest, here, surr, an' came out at me back." "Come, come, Pat, that won't do! Why, it would have gone right through your heart, man!" "Och, fair, my heart was in my mouth at the toime, surr!"

TO REMOVE STARCH OR RUST FROM FLAT IRONS.—When the iron is nearly hot rub it quickly with a bit of beeswax tied in a coarse cloth, and then with a piece of coarse cloth.

"YOU gave me the key of your heart, my love;

Then why do you make me knock!"

"Oh, that was yesterday, saints above!

And last night—I changed the lock!"

PUZZLE.—Puzzles being all the rage now-a-days, the following is one more addition to the number:—A young gentleman hearing a young lady sigh asked her what she was sighing for. She replied "Nothing," whereupon he wrote and handed her the following:—

U 0 a 0, but I 0 thee;
O 0 no 0, but O 0 me;
O let not my 0 a 0 go,
But give 0 0 I O U so.

TRY

IT!

Hagyard's Pectoral Balsam

For all diseases that lead to Consumption, such as neglected Colds, Cough, Bronchitis, Asthma, Pain in the Chest, &c. The most pleasant and perfect Cough Cure and Throat and Lung Healer known. Its properties are Healing, Demulcent, Soothing, Febrifuge, Stimulating and Expectorant. Composed of balsams, gums and vegetable curatives, such as Balsam Tolu, Licorice, Wild Cherry, Horehound, &c. It excites expectoration and causes the lungs to throw off the accumulation of phlegm and mucus, while it subdues inflammation and soothes and heals the irritated parts. It is perfectly harmless to the most delicate child, and powerful to combat disease in the adult or aged. Do not use opiates that smother a cough and clog the secretions, they are more productive of harm than good. A cough should always be loosened if we would aid nature to throw off the irritation from the air passages.

Hagyard's Pectoral Balsam cures Hoarseness, Whooping Cough, Pleurisy, and all Bronchial and Pulmonary Complaints. Even in confirmed Consumption or in the obstinate coughs of old people it gives great relief by its soothing tonic action upon the mucous surfaces. We are not so presumptuous as to declare this medicine a cure for Consumption when I has obtained a constitutional hold upon its victim, and our readers may mark any one nostrum thus advertised as a catch penny fraud, but we do declare, and have established the fact, that by proper care and the use of our remedies in season this dreaded disease may be, and is often perfectly, prevented. Therefore we say, be warned in time against what may seem a trifling cold. Remember that

"Ills, small at first, grow larger by delay,
And slowly eat their sad and cankering way."

All are familiar with the old saying, "a stitch in time saves nine." This is equally true in regard to mending the health.

"A stitch in time they say saves nine,

It does, and sometimes more;

Of't we have found with grief profound

It might have saved a score.

A dose in time likewise saves nine,

As you will always find;

And if you care your life to spare

Just bear this truth in mind,"

and ward off the disastrous effects of a cough in its earliest stages by a prompt use of Hagyard's Pectoral Balsam. Supplied by all medicine dealers. Price 25 cents per bottle.

EVERTON, July 21, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—I beg leave to say to you and any persons who may be troubled with weak lungs or coughs, that I had a very severe attack of inflammation on the right lung, which left it in a very weak state for about a year, when I was completely cured by the use of Hagyard's Pectoral Balsam. I used about half a dozen bottles, and never have been troubled since that time, which is about six years ago. R. N. WHEELER, Marchant.

DIXIE, February 17, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—I have much pleasure in recommending your Pectoral Balsam. I had it in my store for three years, and never was asked for it. My wife tried one bottle for a bad cold, which completely cured her before it was all used. I then recommended it to my customers to their entire satisfaction, and am completely sold out. Please send me three dozen at once and oblige

J. KENNEDY.

Dr. Boyer's Galvanic Fluid

Cures Rheumatism, Lumbago, Neuralgia, Bruises, Sprains, Swellings, Frost Bites, Chilblains, Stiff Joints, Chapped Hands, Headache, and Pain in the Back, Shoulders, Breast, Side, and there is not a Sprain, Bruise or Pain it will not relieve or cure.

FOR EXTERNAL USE ONLY.

The Electric or Galvanic Fluid is one of the most powerful elements in nature. Electricity, one of its principles, is so omnipotent an agent that it will not only decompose water, neutralize the acids and alkalies, change venous blood into arterial, and polarize and dissolve metals; but such are its wonderful powers of penetration that it will enter the system and quiet every pain, when guided by the hand of science and experience.

Boyer's Galvanic Fluid acts with lightning rapidity in curing Rheumatism, Lame Back, Pain in the Side, Shoulder or Head; a few applications have a magical effect. Sore Throat, Frost Bites, Sprains, Bruises, Swellings, etc., have been cured by a single application. There are thousands cured annually. Many of the most learned and experienced physicians admit Dr. Boyer's Galvanic Fluid has no equal for the relief of pains and aches.

NOTE.—Each bottle has a rubber cork which should be kept in the bottle when not in use.

Ninth Month. **SEPTEMBER, 1882.** 30 Days.

In crimson, purple, green and gold,
Are robed the kings of the forest old.

SCROFULA in all its forms, and all foul humors of the blood, promptly yield to the purifying power of Burdock Blood Bitters. It moves all the secretions to a healthy action, and cures every form of Scrofula, from a common pimple to the worst ulcer.

B. B. B. stands for Burdock Blood Bitters; now what is the difference between B. B. B. and all other Bees? Give it up? I knew you would. The difference is, all other Bees are *hum*-bugs, and B. B. B. is not.

GLEANINGS.

WHEN I was a young man I was always in a hurry to hold the big end of the log and do all the lifting; now I am older, I seize hold of the small end and do all the grunting.—*Josh Billings.*

LIFE is as we take it,
And Heaven is where we make it,
And in ourselves the problem lies
Of solving all theologies.

A GOOD CEMENT FOR CHINA.—A thick paste of gum arabic water and plaster of paris will join the fractured edges so that in three days they can not be separated in the same place.

WHAT IS IT?

What is it helps digest my food
And makes my appetite so good,
That I feel just as a well man should?
Burdock Blood Bitters.

What is it that's worth more than gold,
Than all the wealth of Indies told,
That giveth health to young and old?
Burdock Blood Bitters.

What makes me smile when others frown,
My spirits always up—not down?
Because I purchase, when in town,
Burdock Blood Bitters.
So if you would healthy, happy be,
Beware of every doctor's fee,
Invest a dollar when you see
Burdock Blood Bitters.

NEXT time you hear a person declare that deaf is, or should be, pronounced "def," just ask him why sheaf or leaf isn't pronounced "shef" and "lef."

INGROWING NAILS.—Make a notch in the centre of the end of the nail in the shape of the letter V, and drop hot melted tallow around the ingrowing edge of the nail. This is a speedy cure for this distressing difficulty.

LIFE'S bubbles
And troubles
Will never be o'er,
Till our boat
Is afloat
On the evergreen shore.

PROBABLY the meanest man on record keeps a boarding house in San Domingo. Last winter an earthquake turned the edifice clear upside down, and the very next morning he began charging the garret lodgers first floor prices.

DR FOWLER'S EXTRACT OF WILD STRAWBERRY

Nature's Specific Remedy for all
Bowel Complaints.

It is well known to the common people as well as to medical science that the wild strawberry plant possesses rare cleansing, astringent and healing properties peculiarly adapting it to the treatment of Summer Complaints and Fluxes. For several years our preparation of this plant, combined with other vegetable productions, has been the popular standard remedy, and never was it more appreciated by the people than now, as the constantly and rapidly increasing demand for it in the market attests. It is a strictly vegetable compound of cooling, cleansing, soothing, astringent and healing herbs, containing no opiates or other hurtful drug. It is pleasant to take and always reliable. It supercedes Soothing Syrups for infants and children teething. It imparts a healthy tone to all diseased mucous surfaces, corrects and heals all forms of canker, and counteracts all tendency to pain and inflammation, while it gives tone to the debilitated system when weakened by exhaustive discharges. For Canker of the Mouth, Stomach or Bowels, Dr. Fowler's Extract of Wild Strawberry is a sure remedy. For Cholera Infantum it is a perfect cure. For Cholice, Cramps, Cholera, Cholera Morbus, Dysentery, Diarrhoea, Nausea, Vomiting, Sea Sickness, Piles, and all diseases of the Mucous Surfaces of the Stomach and Bowels, and for travellers and those subject to change of water and diet, Dr. Fowler's Extract of Wild Strawberry is the best safeguard. NEVER BE WITHOUT IT. Price 37½ cents per bottle.

NORWOOD, February 19th, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—I notice that you have become proprietors of that old and well-tried medicine—Fowler's Extract of Wild Strawberry. I have sold it for the last twenty years, and in no case have I known it to fail to give relief when used for Summer Complaints in any of its forms. People often tell me what it has done for them. Not long since I was at Colborne Station awaiting a train, when a gentleman approached, called me by name, and holding out his hand. "You don't remember me," said he, "but I have reason to remember you, for I shall always believe you were the means, under God, of saving the lives of my two children." I took his hand, and asked him his name and

the particulars as to how I could have done him such a service. He said his name was "Lowner," and that "some years before he had known me while clerking in a store in Ashburnham." One day, after burying two of his children, who had died of Summer Complaint, he had been telling me his trouble. Also, "that two other of his children were at that moment very low with it, and the Doctor's unable to do them any good." I then remembered the circumstances myself, and that I had told him to go back to Messrs. Ormond & Gilmour's Drug Store in Peterboro' and get a bottle of Fowler's Extract of Wild Strawberry. He said that he "did so," and that "there was an improvement from the first dose," and "that it saved the lives of his children."

I may add that it is equally good for adults, often checking and curing this dreadful disease when nothing else can. Hoping that this may be of service in extending a knowledge of its virtues.

JOHN A. BUTTERFIELD,

Clerk and Div. Court Peterboro' Co., Ont.

MT. VERNON, Ind., Oct. 1st, 1880.

Messrs. T. Milburn & Co.

GENTLEMEN,—This summer past I had two children suffering from Summer Complaint. I took them to Canada, my old home, and while there I was induced to purchase two bottles of Dr. Fowler's Extract of Wild Strawberry. One bottle cured both children. I think it is a very estimable medicine. My wife returned to this place some six or seven weeks later than I and brought part of a bottle with her. Her friend, Mrs. Sullivan, of this place, had a child that suffered all summer with the complaint, and part of the bottle cured him. I wish to know could you send me one dozen or one-half dozen of bottles of Extract without much duty. If so I would be very thankful, and would remit as soon as they were sent. But you could call on my brother-in-law, R. S. Williams, Esq., 143 Yonge street, and he would settle for it, and I would remit to him. Could you not introduce it here? Please reply. R. S. MOORE.

Messrs. T. Milburn & Co.

GENTLEMEN,—It affords me much pleasure, while ordering a further supply of Dr. Fowler's Extract of Wild Strawberry, to testify in its favour. I have sold it for the past nine years, and have found it to meet with universal favour, and can safely recommend it to all suffering from Diarrhoea, Dysentery, and such like summer complaints.

ROBT. TAYLOR, Woodalee.

For further references we beg to refer you to all druggists and general merchants who deal in Patent Medicines, whose judgment you can depend on, as to the virtues of Dr. Fowler's Extract of Wild Strawberry over other preparations recommended for such complaints.

T. MILBURN & Co.

Drink health to the year with right good will
Of the golden juice of the cider mill.

WHY suffer from Headache until life is burdensome, when a few doses of Burdock Blood Bitters will regulate the system and restore good health and buoyant spirits? The remedy is easily tried, pleasant to take, and the cost is trifling. Trial bottles only ten cents. All druggists and medicine dealers can supply them.

Of all bad things by which mankind are curst,
Their own bad tempers are the worst.
—Cumberland.

ARE you a martyr to headache? Suffer no longer; a remedy is found in Burdock Blood Bitters. It regulates the bowels, cleanses the system, allays nervous irritation and restores health and vigour. Sample bottles 10 cents.

It takes eight hundred full blown roses to make a tablespoonful of perfume, while ten cents worth of cooked onions will scent a whole neighbourhood.

FOR A CAKED BREAST.—A poultice of baked potatoes mashed fine, or a bean poultice applied hot, or a hot fomentation of mullein leaves, will cure this distressing complaint.

WHEN you find that a man is smarter than you are, call him a conceited puppy and a fool. It will ease your mind and won't hurt him any.

LEAVE no tender word unsaid,
Lose no happy day;
Time will never bring you back
Chances swept away.

THE grand outlets of disease from the system are the skin, the bowels and the kidneys. Burdock Blood Bitters is the most safe, pleasant and effectual purifier and health restoring tonic in the world. Trial bottle 10 cents.

PROFESSOR HUXLEY calls it "a corollifloral dicotyledonous oxogen, with a monopetalous corolla and a central placentation." If you are in a hurry, you can call it a primrose instead.

DEFINE a gentleman, you say? Well, yes, I think I can!
He's as gentle as a woman, and as manly as a man.

WOULD you avoid the biliary complaints incidental to spring and summer? Cleanse the system with Burdock Blood Bitters. It regulates the liver, bowels, kidneys and blood, and is the purest tonic in the world. Trial bottle 10 cents.

A GOOD doctor is a gentleman to whom we pay \$3 a visit for advising us to eat less and exercise more.

THERE'S going to be another comet—hold on, don't dodge yet; it's the comet of 1744, and it is only expected round once every 12,683 years.

NATIONAL PILLS

Sugar Coated—
Purely Vege-
table. Highly
recommended
for Billiousness, Head-
ache, Constipation,
Indigestion, Dizzi-
ness, Heartburn Bad
Breath, Loss of Appetite,
Jaundice, Loss of Memory,
Sour Stomach, Liver Complaint,

or any illness arising from the Stomach,
Bowels, or Kidneys.

Certain in their action.
Mild and painless in their opera-
tion.
Speedy in their effect.
Composed of no mineral poison.
Suited to old and young of both
sexes.
Requiring no confinement or
change of diet.
Not sickening or griping to the
most delicate organization.
Elegantly sugar-coated and per-
fectly tasteless.

They are

They Regulate the Bowels without a Reacting Constipation. A pill when properly prepared retains its medicinal properties for years in any climate, and is a convenient and concentrated method of administering medicines. It is a mistake to suppose that the only office of these pills is to move the bowels, most any foreign substance, even a dose of shot swallowed, would do that; but our National Pills arouse the Liver and all the glandular system to a healthy action, purify the secretions, expel foul humors and gases from the body, and by their alterative properties cleanse the blood and regulate all derangements of the internal viscera. In commencing a course of treatment for any chronic disease a thorough purgation with these pills will better prepare the system for successful treatment. They are the most perfect Anti-Bilious or Liver Pill in use, and in all derangements of the Digestive system are unequalled. For the above mentioned diseases, National Pills form the grand auxiliary treatment to Burdock Blood Bitters. Supplied by all dealers in medicine. Price 25 cents per box.

GENTS,—I have sold several dozen of your National Pills, and have taken extra pains to ascertain results, as you requested. All reports are favourable. I have not learned of a single instance of failure to benefit. I never sold any Pills that gave such universal satisfaction as yours; I sincerely believe them to be the best in the market, and can safely recommend them to my customers.

A. D. WEEKS, Druggist, Uxbridge.

FREEMAN'S

Anthelmintic Worm Powders,

The infallible remedy for Worms. The most

safe, pleasant and reliable Worm Remedy ever discovered. Destroys and expels all kinds of Worms (Tape Worm excepted) that afflict children or adults. They contain

their own purgative ingredients—no nauseating cathartics required. The most delicate infant as well as the adult may take them with perfect safety, while their effect is guaranteed in all cases. Worms are a prolific source of disease to both sexes and all ages. It is a mistake to suppose that young children only are afflicted with them. Under certain forms of diet and circumstances of life, especially when the stomach and bowels are in a slimy condition, worms give rise to great irritation; and there is scarcely a disease but that they simulate. Many a case of obscure disease has been abandoned as incurable by the medical profession, when some good old nurse has discovered that the entire trouble was worms, and by the administration of proper remedies has speedily effected a cure. Even should the difficulty prove to be not worms, no possible harm could result from the trial of these Worm Powders. Hence in all suspected cases the trial should be made, and a few doses will test the matter, as worms cannot withstand the action of this medicine. If, however, no worms are discovered it does not always prove that they did not exist, for often they are so completely destroyed and cut up as to pass unobserved, and a return to health is then the only indication that the medicine has accomplished its work.

Freeman's Worm Powders are convenient to administer and agreeable to take, and contain no hurtful drug. They have been in use many years and are more popular than ever. Sold by all dealers in medicine. Price 25 cents per package.

We take great pleasure in referring you to the following persons who have sold Freeman's Worm Powders, as regards their virtue and what people say about them:—

Dr. Martyn, Kincardine; Dr. Sullivan, Malcolm; Dr. McGarvin, M.D., Acton; W. Freeman, M.D., M.R.C.S.E., Georgetown; W. H. Storey, Acton; M. T. Eby, Port Elgin; H. Manley, Meaford; E. R. Carpenter, Collingwood; H. Graham, Dundalk; Hacking Bros., Listowell; J. W. Cull, Mitchell; Webb & Co., Clinton; and all retailers of medicines. Also, the following wholesale druggists:—B. A. Mitchell, London; Lyman Bros. & Co., Toronto; Elliott & Co., Toronto; J. Winer & Co., Hamilton; Northrop & Lyman, Toronto.

Wild winds sweeping o'er sea and land,
Proclaim old Winter nigh at hand.

"NIL DESPERANDUM."—If you suffer from any chronic or obstinate form of disease, never despair of a cure until you have tried Burdock Blood Bitters. If that marvellous remedy fails, hope indeed will be feeble; still, while there is life and Burdock Blood Bitters there is hope. It is easily tested. Just ask your druggist for a sample bottle, it will only cost you ten cents, or a full sized bottle for one dollar.

THERE is something sublime in calm endurance.

SAD CASE.—The girl who was locked in her lover's arms for three hours, explains that it wasn't her fault. She claims he forgot the combination.

AGUE and all malarial and biliary complaints are most promptly cured by the great blood cleansing, liver regulating tonic, Burdock Blood Bitters. It acts on the bowels, liver, kidneys and blood. Trial bottle 10c.

In time of prosperity friends will be plenty;
In time of adversity not one in twenty.

WHY suffer from Indigestion and Dyspepsia when Burdock Blood Bitters will positively cure these ailments? A trial bottle only costs 10c.

A CHIROPDIST might have his sign: See the corn-curing hero comes.

CURE THAT COUGH.—You can do it easily, speedily and effectually if taken in time, and the remedy is safe and pleasant. Hagar's Pectoral Balsam is the best cough-mixture in the market.

THE CYCLE OF LIFE.—Baby, girl, woman, wife, baby.—Sometimes it's a baby, girl, woman, old maid, poodle dog.

TO PRESERVE EGGS.—One pint salt, two pints fresh lime, three gallons water. Mix well, and put in the eggs without cracking the shell; they must be kept covered with the brine.

EVEN if a man has two lawns he generally wants a lawn mower.

WE are informed that a man's body is three fourths composed of water, but it is hard to believe this while looking at the noses of some of our public officials.

THERE is a great deal of religion in this world that is like a life-preserver—only put on at the moment of immediate danger, and then put on half the time hind side before.

ACCIDENTS are liable to occur at any moment, and a prompt remedy should ever be kept at hand. Such a remedy is Hagar's Yellow Oil. For Wounds, Burns, Bruises, and Sores, nothing can surpass it; for Frost Bites, Chillsains, and the poison of insects etc., it is a positive cure.

Hagyard's Royal Pain Remedy

FOR external and internal use, is not a PAIN KILLER but a PAIN CURE. Safe and sure in its operation for both sexes and all ages. It is cheaper to buy, better to apply, than any other preparation of its nature, giving instant relief, and speedily cures the most violent attack of pain, cramp or spasm. Remember this medicine is for both taking internally and applying as a liniment, and to secure its best effects it should in all cases be thus used according to specific directions with each bottle. When used outwardly it is often well to wring cloths out of water as hot as can be endured, and sprinkle them freely with the Pain Remedy, or otherwise heat in by means of damp cloths wrapped around a warm flat iron or plate. This method of applying is particularly servicable in Cramp, Pain in the Bowels, Chest, and for Neuralgic or Rheumatic Pains, etc. Never fear the hot nature of the medicine, it is harmless, and does not blister the surface like most liniments. Use Hagyard's Royal Pain Remedy for Cramp, Pain in the Stomach or Bowels, Sudden Colds, Sore Throat, Indigestion, Colic, Cankered Sores, Foul Ulcers indolent to heal, Headache, Toothache, Neuralgia, Rheumatic Pains, and, in short, whenever or wherever a sudden attack of Pain and Inflammation may appear. Hagyard's Royal Pain Remedy should be ever ready where it could be reached even in the dark, for pain and sickness often come suddenly and unexpectedly like a thief in the night. For a ready relief nothing can surpass Hagyard's Royal Pain Remedy. For sale by all dealers in medicine. Price 25 cents.

Directions for using Hagyard's Royal Pain Remedy.

FOR CRAMPS, COLIC, DIARRHOEA, PAIN IN THE STOMACH, SUMMER COMPLAINT and CHOLERA MORBUS, take a teaspoonful or more of the Pain Remedy in milk or hot water sweetened, every half hour or oftener if required. And in severe cases bathing the stomach and bowels freely with the medicine, laid on warm with flannels. Keep the flannel moist with the medicine diluted. The Pain Remedy may often be given with castor oil in such cases with good effect.

FOR TOOTHACHE and EARACHE insert cotton saturated with the remedy, apply it to the gums and cheek and ear externally, and as a toothwash the Remedy mixed with water is the best preventative of decay, and also sweetens the breath.

FOR CANCER IN THE MOUTH, THROAT and STOMACH, or for a wash for the mouth and a gargle for the throat, make a strong mixture of the Pain Remedy in milk or water, sweetened with loaf sugar, three times a day. Gargle and swallow as for sore throat.

FOR HEADACHE and SEA SICKNESS, take a teaspoonful of the Pain Remedy in a wine glass of milk or hot water, sweetened with loaf sugar, every hour, and apply as for nervous headache, till relieved.

FOR SORE THROAT, take one teaspoonful of Remedy in a little milk, gargle and swallow, and bathe outside.

FOR RHEUMATISM, NEURALGIA and SPINAL AFFECTION, bathe freely until the pain is all gone, then apply it morning and night for a week, taking the Pain Remedy inwardly on going to bed, and use Hagyard's Pills, say twice a week.

FEVER and AGUE, or CHILL FEVER, take from one to three teaspoonfuls of the Pain Remedy in about quarter of a pint of hot water or milk, well sweetened with molasses, nine, six and three hours before the attack is coming on, bathing freely the chest, back and bowels with the Pain Remedy pure, one hour before the attack comes on. Should the stomach be foul, take Hagyard's Pills before using the Pain Remedy.

FOR SCALDS, BURNS, FROST BITES, CHILBLAINS, GALLS, BITES OF DOGS, SPRAINS, BRUISES, etc. In using the Pain Remedy you will be guided by the severity of the case. Where the patient cannot bear it pure, dilute with water and apply saturating cotton with it, keeping the wounded parts covered with a cloth moistened with the Pain Remedy diluted.

INFLUENZA of common COUGHS and COLDS, etc. Take one teaspoonful of the Pain Remedy in half a glass of hot water or milk, sweetened with molasses or sugar, four times a day before meals, and on going to bed bathe the chest and throat freely with the Remedy night and morning, and inhale it from the hands. ASTHMA, same as for coughs, etc.

FOR DYSPEPSIA, take one teaspoonful of the Pain Remedy in milk or water, sweetened, immediately after each meal. Let your diet be nourishing, but taken at regular intervals; being careful not to overload the stomach at any time, or to eat too soon after severe exercise.

FOR LIVER COMPLAINT, take a teaspoonful of the Pain Remedy in sugar and water or milk, three times a day, bathing the left side and between the shoulders well with the medicine, at least twice a day. At the same time use Hagyard's Pills. Spikenard, steeped in cold water, will be found useful as a common beverage while taking the Pain Remedy for this disease.

There are cases where the Pain Remedy can be used with great benefit—such as Diphtheria, Kidney Complaints, Pleurisy, use as for Colic and Cramps, Deafness, Piles, sudden Colds, Chill Fevers. Many of these are cured in ten minutes by the judicious and timely use of Hagyard's Pain Remedy.

Twelfth Month. **DECEMBER, 1882.** 31 Days.

Tired and aged, the year is at rest,
With a robe of white across its breast.

NERVOUS AND GENERAL DEBILITY, and all those distressing diseases peculiar to females, find a positive cure in Burdock Blood Bitters, Nature's great restorative for all broken down conditions of the system; and it is of peculiar efficacy in nervous debility, imparting physical vigour without undue stimulation.

FARRIER'S RECIPES.

FOR CHOLIC IN HORSES.—Sulphuric ether, 1½ oz.; laudanum, 1 oz.; essence peppermint, 2 oz.; water, 1 pint; mix, and shake well before giving.

FOR HEAVES.—One teaspoonful of lobelia given in the feed, once a day for three for a week, then once or twice a week, will stop them for a time.

SCRATCHES AND GREASE HEEL.—Oxide of zinc, 1 drachm; lard, 1 oz.; powdered gum benzoin, 10 grains; camphorated spirits, 1 drachm; mix thoroughly and rub on twice a week. Do not wash after the first application.

SWEENEY.—Spanish flies, camphor gum, and cayenne, of each 1 oz.; alcohol, 10 oz.; spirits turpentine, 6 oz.; oil origanum, 2 oz.; mix.

BOTS.—New milk, 2 quarts; syrup, 1 quart; lard, 4 oz.; carbolic acid, 1 drachm; honey, ½ oz.; melt all together and bring slowly to a boil, then remove from the fire, and add slowly, 1 gill of spirits of turpentine, stirring all the time until cool; used with success for galls, cracked heels, flesh wounds or bruises.

SADDLE AND HARNESS GALLS, BRUISES, ETC.—Tincture of opium, 2 oz.; tannin, 2 drachms; mix, and apply twice a day.

EYEWATER FOR HORSES.—Sugar of lead, 1 drachm; tincture of opium, 2 drachms; mix and apply twice a day.

LINIMENT FOR HORSES.—Olive oil, 2 oz.; aqua ammonia, 1 oz.; mix and add 2 oz. oil origanum; 2 oz. spirits turpentine; ½ oz. oil of wormwood; alcohol, 1 pint. This liniment is excellent for any lameness, also good for spavins, ring bones, curbs, etc., if used when they first appear.

FOUNDER.—Vinegar, 3 pints; cayenne pepper, ½ drachm; tincture aconite root, 15 drops; mix, boil down to 1 quart; when cool, give it as a drench; blanket the horse well. After the horse has perspired for an hour or more, give 1 quart of raw linseed oil. This treatment is good for horses foundered by eating too much grain.

FARCY.—Nitrate of potash, 4 oz.; black antimony, 2 oz.; sulphite of soda, 1 oz.; elecampane, 2 oz.; mix. Dose, 1 tablespoonful once or twice a day.

Hagyard's Yellow Oil

is the greatest cure in the world. Give it
ne trial. This Oil is the only sure remedy
or the cure of Rheumatism, Neuralgia, Lum-
ago, Spinal and Bronchial Complaints, Deaf-
ness, Headache, Earache, Cramps, Sprains,
Bruises, Galls, Stiff Joints, Swelled Hands,
Sore Nipples, Stiff Neck, Chilblains, Tet-
ter, Frost Bites, Chapped Hands, Cuts, Wounds,
daylong Throat, Stings of Insects, Shortness of
breath, or any diseases that are painful or
ore. It is the only article ever brought be-
ore the public that will do its work perfectly,
and has been used by thousands and pro-
ounced to be the best remedy for relieving
ain ever discovered. The cheapest medicine
er made.

Externally used, it stops the pain and blis-
tering of a burn so soon as applied. It stops
he pain, limits the swelling, and removes the
discoloration of bruises and black eyes by a
few applications. It cures Chilblains, Frost-
ed Hands or Feet, Boils, Surface Wounds,
orns and Warts. A few applications are
arranted to cure Inflamed Breasts, Excori-
ed Nipples and Chafed Skin. It also proves
all sure cure in soreness of a part, or muscular
oil pain, Stiff Joints, Contraction of the Muscles,
rthrumatism, Neuralgia, Outward Tumors,
ne, Swelled Neck, Enlarged Glands, Crick in the
back or other Spinal difficulties, such as
ls, Sprains. It is also very useful as an outward
application after dislocation of joints or frac-
ure of bones, or again, when there is tooth-
ache or headache from nervous causes. It has
succeeded in curing Rheumatism of eighteen
ears' duration, after other medical treatment
ailed. Stiff joints or limbs have, after years
of pain and annoyance, regained their normal
condition by its use.

Internally used, its efficacy is none the less
wonderful. One or two doses cures Hoarse-
ness and Sore Throat. The same holds true
regarding Asthma and Croup—the first dose
will relieve the sufferer. Bronchitis and
swelled Tonsils yield to its curative prop-
erties. Pains or Cramps in the Bowels or
stomach are relieved as if by magic by taking
ne half-teaspoonful of the Oil and applying
t externally to the parts affected. The same
mode of using will remove Colic in a few
minutes. Coughs, Colds and Kidney Com-
plaints yield to its influence at once. Thou-
sands of bottles used annually. No matter
here the pain or soreness, or from what it
rises, Hagyard's Yellow Oil is sure to do
ood in a short time.

In Throat or Lung Diseases it can be used
ther as external local application, inhaled
vapour, or taken as inward medicine.
When inhaled it pervades the entire lungs,
and conveys its virtues to every portion
hereof, and is a real life invigorator.

Buy it at once. Every druggist keeps it.
Price 25 cents per bottle.

MILBURN & Co., PROPRIETORS, TORONTO.

Victoria Compound Syrup of

HYPHOSPHITES

The great vitalizer, nutritive and nerve tonic,
supplying the nutritious elements of Blood
and Brain, Bone and Muscle. It restores
Nervous Energy when lost by imprudence or
excess. It enriches the blood and adds tone
to the system when debilitated by exhaustive
discharges, or impoverished by disease. It
strengthens the nutritive functions, adds
strength to the weak and flabby muscles, and
the chemical constituents, Iron, Lime, Soda,
Potash, etc., contribute to the lost elements
of blood and bone, brain and nerve force, in
all wasting forms of disease. That long list
of complaints that lead to Consumption, such
as Bronchitis, Asthma, Loss of Voice, Wast-
ing of the Muscles, Sluggish Liver, Feeble
Action of the Heart and Lungs, Female
Complaints, Dyspepsia, Neuralgia, St. Vitus'
Dance, Epileptic Fits, etc., yield promptly
to their effects. To sustain the enfeebled
system it is in Diphtheria a sovereign remedy.
In Exhausted Energies, consequent upon
Sexual Debility, Wasting Discharges, Female
Weakness, and Nervous or Muscular Weak-
ness from any cause in either sex. Also
Exhaustive Discharges, and Nervous or Phys-
ical Debility from whatever cause arising,
may be speedily and perfectly cured by the
early use of Victoria Compound Syrup of
Hypophosphites, Nature's food for Blood and
Brain. Price one dollar.

Dr. M. Caldwell's Dyspepsia Remedy

Is warranted to cure the worst cases of Dys-
pepsia or Indigestion, and what is remark-
able, a single dose dispels like a charm every
bad symptom following occasional excesses
in eating or drinking. Don't forget this fact,
in city or country. No person whose diges-
tive organs are weak or deranged, from any
cause, can take it without being benefited.
Mark this: If digestion is right, all is right,
and *vice versa*. It is decidedly the best quiet-
ing medicine for children, and positively in-
dispensable to such as are feeble and delicate,
causing them to grow healthy and robust.
It is good for everybody. It ensures pure
blood and secretions, fresh countenances and
healthy and vigorous bodies and minds.
Always observe the directions. Only 25 to
30 drops. No change or restriction of diet.

Victoria Compound Fluid Extract

OF

BUCHU & UVA URSI

A sovereign and specific remedy for Urinary Diseases and Sexual Debility. The afflicted may with joy exclaim Eureka! Sexual Debility in both sexes superseded by vigor and health. Melancholy and suffering give place to cheerfulness and comfort. The Kidneys are most important secretory organs. Into and through the kidneys flow the waste fluids of the body, containing poisonous matter taken out of the system. If the kidneys do not act properly, poisonous matter is retained, and the whole system becomes disordered, and suffering and disease result, such as Headache, Irritation, Weakness, Pain in the Back and Loins, Flushes of Heat, Chills, Nervousness, Disordered Stomach and Bowels—all manifest themselves. Health and comfort are seriously interfered with if not destroyed. The Victoria Compound Fluid Extract of Buchu and Uva Ursi proves a tonic and invigorator to the generative organs, and will by giving tone to those organs prevent the vitality from being drained away. The pale or yellow skin regains its ruddy appearance, and vivacity and a cheerful countenance takes the place of a melancholy mien. For sale by all dealers. Price \$1.

Victoria Carbolic Salve.

The well-known antiseptic or purifying properties of pure Carbolic Acid requires no comments regarding its virtues in the treatment of flesh wounds and sores of all descriptions. All first-class physicians employ it extensively and successfully both in private and hospital practice. As an agent of this class it is unrivalled by any other preparation ever discovered. We have combined this valuable medicine with various gums and oils to form a cerate that rapidly cures every breach of the integument, from a simple scratch, cut or bruise, to the most aggravated sore or ulcer. It speedily allays inflammation, subdues pain, destroys proud flesh, cleanses and removes suppuration, and quickly heals without a scar. It is better than poultices, and only requires that the affected parts be bathed with a soft sponge and castile or carbolic soap and warm water previous to each application. Every house should be supplied with it. Sold by all druggists. Price 25 cents per box.

Victoria Glycerine Jelly,

CARBOLATED,

"Eminently the ladies' favorite," for Beautifying the Complexion, and for Removing Tan, Sunburn, Freckles, Pimples, etc., also for Chapped Hands, Chills, Frost Bites and Sore Lips. This is the original and only genuine Carbolated Glycerine Jelly manufactured, and as carbolic acid possesses high curative qualities, it is consequently far superior to any other preparation of glycerine in the market. For Chapped Hands, Chills, Frost Bites, and Sore Lips, this valuable Jelly is pre-eminent, being for these purposes the most rapid healing agent known. The Victoria Glycerine Jelly is kept on sale by druggists everywhere. Price 25 cents.

Victoria Carbolic Toilet Soap.

This Toilet Soap possesses all the well known antiseptic and disinfecting properties of carbolic acid, has a healthy action on the skin, prevents irritation, removes the effects of perspiration, and should be regularly used by families. Cholera, Small Pox and Fever patients should be washed with this Soap and its use by persons liable to infection will materially prevent the spread of the disease. Price 15 cents per tablet. For sale by all dealers.

Victoria Sulphur Soap.

This is an elegant Toilet Soap, possessing all the medical virtues of the sulphur bath. It is composed largely of pure sulphur, and is very valuable for Eruptions and Diseases of the skin.

Victoria Baking Powder,

For Raising all kinds of Bread, Rolls, Pan cakes, Cakes, Pastry, Pies, etc. It contains no alum or injurious drugs, and is warranted pure and reliable.

Hagyard's Royal Black Oil,

A well-known and excellent stimulating Liniment for man and beast. The proprietors have numerous testimonials as to the superiority of this Oil over other Black Oils now in use, for the cure of Rheumatism, Sprains, Bruises, Wounds, Cuts, Corns, Saddle-galls, Burns, Sweeney, Curbs, etc. For sale by all dealers.

Dr. Wilson's Magnetic Ointment

Is highly recommended for the cure of Weak Sore and Inflamed Eyes, Scrofula, Fever Sores, Salt Rheum, Piles, Broken Breasts, Sore Nipples, Cuts, Bruises, Burns, Scalds, and all Cutaneous Diseases. It is used extensively for Croup, Shortness of Breath, Sore Throat, Hoarseness, etc., etc. For sale by all dealers.

ACCIDENTS and EMERGENCIES.

WHAT TO DO TILL THE DOCTOR COMES.

In the absence of a doctor, or when our remedies are not at hand, the following hints will be found valuable:

TO STOP THE FLOW OF BLOOD.—If an artery in a limb is severed, quickly wind a handkerchief around the limb between the wound and the body, and insert a stick in the handkerchief and twist it as tightly as the patient will bear. Apply cold astringent lotions, or compressing, or some dry powder like wood soot, to help stay the flow of blood.

NOSE BLEED.—Press a wad of brown paper tightly under the upper lip against the nostrils, and plug the nostrils with cold astringents, such as alum water, etc.

CUT WOUNDS.—Bring the edges tightly together with a stitch or by sticking plaster, and apply a compress and bandage of soft linen. If painful and throbbing, apply soft poultices of bread and milk, or powdered linseed, or slippery elm.

FRACTURES.—Handle the patient very carefully; if to be moved, let it be upon a shutter or board rather than in a carriage. Keep the parts injured in as natural a position as possible, being firmly tied, if necessary, to the sound limb or the body. Keep the patient in a horizontal position.

SPRAINS AND BRUISES.—Keep the parts perfectly at rest, and apply warm poultices or cloths wrung from hot water.

SCALDS AND BURNS.—If a person's clothing takes fire, roll them quickly in a blanket or anything handy to exclude the air and smother the flames. In entering a burning building to avoid suffocation creep closely to the floor, remember that heat and smoke rises. If a burn be blistered avoid removing the skin or opening the blister. Cover it with a thick paste of cold starch or soot, or cloths soaked in a mixture of one-third water and two-thirds linseed oil.

FROST BITES.—Rub the frozen part with snow, or apply cold water until the frost is extracted, and then procure Yellow Oil as soon as possible, or Arnica diluted with equal parts of sweet oil or water.

BEE STINGS AND BITES OF POISONOUS REPTILES.—Cleanse the parts and apply spirits of hartshorn and sweet oil (equal parts), or a poultice of onions, or moist clay.

FAINING FITS, ETC.—Place the patient in a horizontal position with the head low, give warming stimulants and inhalations of hartshorn, camphor, etc. Give free access to pure air.

CHOKING.—Invert the body and slap smartly upon the shoulders; if this does not dislodge the substance, insert the finger or a flexible pipe into the throat and push the substance downward.

CRAMPS, COLIC, PLEURISA AND SUDDEN INFLAMMATIONS.—Give warming stimulants such as ginger tea, red pepper tea, a teaspoonful of soda in a draught of peppermint water, and apply hot packs of cloths wrung from hot water.

FOREIGN SUBSTANCES can be removed from the eye by holding water in the hollow of the hand and winking the eye rapidly; if the mate sticks to the eye invert the lid by rolling it over a stick or knitting needle, and carefully pick it out. Iron filings, etc., can be often removed by a bit of magnetized wire, or a penknife charged with magnetism.

FOREIGN SUBSTANCES may often be drawn from the ear by inserting a syringe and drawing upon the piston, thus removing it by suction where it cannot be otherwise reached.

POISONS.—In all cases of suspected poisoning send at once for medical aid, in the meantime give a strong emetic and induce vomiting. A teaspoonful to a tablespoonful of ground mustard in a half pint of warm water is a quick and safe emetic, or a similar dose of Ipecac. Repeat the drinking until it vomits.

ACIDS.—Spirits of salts, oil of vitrol, aqua fortis, oxalic acid poisons require copious draughts of water with alkalies, such as chalk, magnesia or common whiting.

ALKALINE POISONS, such as hartshorn, chloride lime, etc., require acids to neutralize them. Give vinegar and water and excite vomiting.

OPIMUM OR LAUDANUM.—Give emetics, keep the patient in constant motion, and give strong coffee freely.

ARSENIC, PARIS GREEN, ETC.—Give copious draughts of warm milk and excite vomiting.

COPPER POISONING.—Give one after the other, the whites of a dozen eggs in warm water and excite vomiting.

REGULATE the liver, keep the bowels, skin and kidneys in a healthy position of their functions, and sickness will be a stranger at your door. Burdock Blood Bitters is the grand regulator of the secretions, and Nature's own remedy for all derangements of the organic system.

We are informed that a man's body is three-fourths composed of water; but it is hard to believe this while looking at the noses of some of our public officials.

LADIES who desire a clear skin and fair complexion, free from pimples, blotches and sallowness, should use Burdock Blood Bitters. It cleanses the blood from all humor, and imparts a youthful bloom to the face, far preferable to any cosmetic in use.

No better remedy for all forms of bowel complaints, in infants or adults, can be found than Dr. Fowler's Extract of Wild Strawberry, Nature's true specific.

RATES OF POSTAGE

On all matter transmissible by post, within Canada, to Newfoundland, United States, Great Britain, etc., etc.

LETTER RATES.

Between places within the Dominion 3 cts. per $\frac{1}{2}$ oz.
 To the United States 5 " "

Insurance Policies, Militia and School Returns, or other documents of like nature, Packages of Seeds, Cuttings, Bulbs, etc., Patterns or Samples of Goods or Merchandise, when posted in Canada, for any place in Canada, the rate is 1 cent per 4 oz. in weight, to be prepaid by stamp.

Miscellaneous matter as above specified, for the United States or Newfoundland, may also be forwarded on prepayment of 1 cent per 4 oz. rate, with the exception of packets of samples and patterns of merchandise addressed to the United States, on which a special rate of 10 cents has to be prepaid, which must not exceed 8 oz.

Food Easily Digested.

To those of weak digestive powers a study of this table is of the utmost importance. The first column indicates the substance taken into the stomach, the last the time for its digestion:

	Hours	Mins.
Boiled Rice	1	..
Tripe and pig's feet	1	..
Trout, boiled or fried	1	30
Apples, sweet and mellow	1	30
Apples, sour and mellow	2	..
Custard	2	15
Sago, mace, barley, boiled milk.	2	15
Mutton, fresh	2	15
Salt beef with mustard	2	30
Fowls, beef's liver	2	30
Potatoes, roasted	2	30
Parsnips, boiled	2	30
Raw cabbage with vinegar	2	30
Sponge Cake	2	30
Succotash	2	45
Fresh Pork	3	..
Beef, rare	3	..
Fresh fish	3	..
Soft eggs	3	..
Apple dumplings	3	..
Corn bread	3	15
Wheat bread, new	3	30
Hard eggs	3	30
Beef, dry	3	30
Veal	3	..
Pickled pork	3	30
Cabbage, boiled	3	30

Oat meal in cakes or porridge is very nourishing and easy of digestion. Beans, onions and tomatoes well cooked are wholesome to those who are hearty and whose digestive powers are good.

"If you grasp a rattlesnake firmly round the neck he cannot hurt you," says a western paper. Keeping about a mile ahead of the snake is also a good scheme.

COMPLIMENTARY.

To my Friends and Patrons:

In presenting you with this Annual, I also beg to tender you my sincere and hearty thanks for all past favors, and to express the hope that another season will find us all here working amicably together on the road to prosperity. May our greeting on the eve of another new year be as cordial as now. I shall endeavor to keep such goods as the requirements of my trade justify, and trust, by courteous attention and right prices, to merit a continuance of your esteemed favors.

Wishing you the Compliments of the Season,

I remain,

Yours truly,

100]
