NOTICE.

This edition of THE ONTARIO MEDICAL REGISTER, published under the direction of the Council of the College of Physicians and Surgeons of Ontario, in accordance with the thirty-second section of the Ontario Medical Act, contains a correct list of the names in alphabetical order according to the surnames, with their respective residences, together with their medical titles, diplomas and qualifications, with the dates thereof, of all persons appearing on the register, as existing on the first day of January, 1872.

To avoid any misapprehension of the meaning of the abbreviations used in the Register, a table has been prefixed, which gives, in full, the names of *qualifications* for which abbreviations are used.

As there has been some misunderstanding in different parts of the Province as to the power conferred by the several diplomas, I am directed to explain, that wherever the words "Provincial License," "Licentiate of the Medical Board," "Licentiate," or "Certificate" of the Homœopathic Medical Board," or "Licentiate," or "Certificate," of the Eclectic Medical Board," occur with *only* the date appended, it is to be understood that the holder of such a diploma is legally entitled to practise PHYSIC, SURGERY and MIDWIFERY in the Province of Ontario. Wherever either the word *Physic, Surgery, or Midwifery* or any two of them is introduced in brackets, before the date, thus:—Lic. Med. Board [Surgery] 1835:—Lic. Homœopathic Med. Board [Midwifery] 1863:—or Certif. Eclectic Med. Board [Physic] 1867:—it is to be understood that the holder of such a diploma is licensed thereby to practise *only* the branch or branches specified in the brackets. The holder of such a diploma, who practises any other branch than the one so specified, does so illegally, unless he possesses some other diploma, which does empower him to practise it. The Degree of Doctor of Medicine or Bachelor of Medicine

when conferred by any College or University in the British Empire, entitles the owner thereof to practise **PHYSIC, SURGERY and MIDWIFERY**. Such degrees, however, when conferred by Foreign Colleges or Universities, confer NO RIGHTS whatever; they are only entered in the Register as "*additions*" to the qualification.

A diploma issued by any of the Medical Bodies of the United Kingdom, confers no right in this Province which it does not confer upon the holder while he resides in the United Kingdom. Thus, a diploma which qualifies its owner to practise either *Physic, or Surgery, or Midwifery*, does not entitle him to practise all of them when he registers it in this Province; but only the branch or branches which it entitled him to practise while he remained in the United Kingdom.
