DAVIDSON BROS., Printers and Publishers

Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial

Our pulpits are our work clothes. Each of us live some kind of a sermon every day.

WHAT ADVERTISING MEANS TO YOU

Every now and then we like to talk to our merchants about advertising, and we like to do it in this way because the subject is of equal interest to the public. Frankly, the interest of the public, the interest of the local merchant and the interest of the local newspaper publisher are inseparably linked.

The public always is best served by buying advertised goods. Goods that are advertised are goods that are more extensively manufactured and consequently cheaper because of increased production. Moreover, advertising today is a guarantee of merit. No one need be afraid either of the honesty of the price or the quality of advertised goods. Competition compels honesty even if there should be a wish to avoid it.

There is another benefit too, in local newspaper advertising. When advertising is thoughtfully employed it means the building of trade for our local merchants and this reacts in increase in real estate values generally. A prosperous business section means added population and increased conveniences. The whole scheme of advertising, merchandising and buying is one of co-operation to mutual advantage.

The merchant always wins favorable reaction when he talks frankly in his advertising to the people and shows them he is dealing honestly with them and making a normal profit.

The man who week by week consistently in his advertising shows he holds the public interest at heart is the man who wins. Many merchants lose the substance of public confidence in grasping for the shadow of immediate sales.

GOOD CROPS MEAN COUNTRY'S PROSPERITY

The present year has probably witnessed the greatest variation in the price of hay in this valley ever experienced by the oldest resident. From forty dollars or more per ton, which was paid in some instances last winter, the price has fallen to perhaps the lowest ever paid for this useful commodity here. While for several years past the crop has been a short one favorable conditions have this year combined to produce an exceedingly heavy yield. Had the price this season been equal to that of the past few years the crop would have yielded rich monetary returns to the growers.

Disappointing as the situation has been from this standpoint the remarkably large crop and good quality is a factor that will count for much in the country's prosperity. After all the number of those who have hay to sell is small as compared with those who feed their entire crop and often are obliged to purchase fodder in order to get their stock through the winter. The good hay crop will furnish an abundant supply of fodder and make an increase in the farmers' live stock a safe and profitable venture. The return of conditions on the farm to those existing before the war will assist very materially in restoring the country's efficiency and ensure a return to normal along other lines.

LORD BYNG STRONG BELIEVER IN BOY SCOUTS

It is very much to be regretted that Mr. Brown's accident last week at the camp at Sunken Lake prevented him from being in town on Thursday and participating in the reception accorded to Their Excellencies Lord and Lady Byng. One of the institutions of this place in which the Governor-General professed special interest was the Boy Scout organization, a movement towards which, we understand, he devotes a considerable amount every year. Unlike the Cadet movement, which he regards as calculated to promote among the young a spirit of militarism most undesirable, Lord Byng regards the influence of the Boy Scout training valuable as contributing to the building up of a good citizenship for Canada.

Coming from such a source this testimony must be very gratifying to those who have been instrumental, sometimes in the face of considerable opposition, in promoting and carrying on this work among our young people, and should encourage a still greater activity along that line.

OUR TIDES A BIG TOURIST ASSET

One of the most interesting and attractive features to visitors to this vicinity is our tides. To those of us who have been familiar all our lives with the phenomena of a rise and fall twice every day of fifty feet or more the tide is a marvel when we take time to think of it. No wonder that it provides a most fascinating source of interest to those who coming from regions remote witness its wonders for the first time. Properly exploited the Minas Basin tides could not fail to be a strong inducement in attracting visitors to this section and we are slow indeed in taking advantage of this asset with which nature has provided us.

VALLEY TEAMS TO FINISH 7-GAME SERIES

Executive Decides That Kentville and Middleton Will Play Three More Games For Title

Halifax, August 4.—At a meeting of the Nova Scotia baseball league executive held at the Queen hotel last evening and presided over by O. P. Goucher, of Middleton, for the purpose of dealing with the Middleton-Kentville play-off series, it was decided that the two teams in question would play out a seven-game series to decide the championship of their section of the Valley League.

The original play-off series was the best two out of three games, but arrangements with the baseball officials of Kentville and Middleton teams had this increased to seven games, the championship going to the one winning the majority. However, the Bear River team, champions of the Southern Section of the Valley League, registered a protest with the Nova Scotia executive last week after the teams had played four games, each winning two, and the situation remained a deadlock.

At the meeting it was decided that the remaining three games would take place, the first scheduled at Middleton on Wednesday next and the final two at Kentville next Friday and the following Wednesday. M. Vero, of Yarmouth and H. MacKenzie, of Bridgetown, will officiate as umpires.

Among those present were Mr. Marshall, of Middleton, secretary of the Nova Scotia Baseball Association; James

LeClair, of Dartmouth, representing the Central League; Harry Slater, of Springhill; Harry Saunders, Stellarton; Mayor Chesley, of Kentville; A. L. Davidson, former federal member for Digby and Annapolis, representing the Middleton club; Dr. Kirkpatrick, of Middleton; Dr. McGrath, representing the Kentville club; W. P. Mailman, of Kentville; J. H. Cunningham, representing the Bear River club; H. McGee, of Bridgetown and N. C. Ralston, vice-president of the association and representing the South Shore League.

ALCOHOL AND GASOLINE

Carleton Sentinel: A judge recently sentenced a drunken automobile driver to eight months in jail. That is pretty stiff medicine but his was a pretty serious offence. Might as well turn a drunken man loose with a loaded revolver as to let him loose on the highways at the steering post of an automobile. For the latter would be the more dangerous, for the drunken man as a rule don't want to shoot, but drunken men as a rule can't keep out of some kind of an accident on a much frequented highway. There is little that can be said in behalf of the man who tries to mix alcohol and gasoline. Society must act with firmness against such offenders, not so much to punish the offender as to safeguard it.

A woman who has had every opportunity to learn that marriage is a failure seems to take fiendish delight in arranging a match for someone else.

THE TEMPERANCE SITUATION

One of the most beneficent measures placed upon the Statutes under the Liberal regime is the Nova Scotia Temperance Act. The New York Evening Post said: "Prohibition is the greatest public welfare law that has been placed upon the Statute books since the abolition of slavery. To do anything to weaken it would be to take a step backward." Our Temperance Act is a real Public Welfare Law and should be observed and enforced.

Administration of the Temperance Act primarily depends upon the Government. This is clearly and explicitly set forth in the Statutes. The Act provides that the Governor-in-Council shall appoint an Inspector-in-Chief for the enforcement of the Act. His duty is to investigate the circumstances in connection with its enforcement in the Municipalities, and when necessary to direct and assist the Inspector to the effect that enforcement may be made effective and complete.

The Government may on the recommendation of the Inspector-in-Chief appoint deputies to take proceedings for its proper enforcement.

With reference to the Vendor Commissioners the Act provides that the Board with the approval of the Governor-in-Council may make rules and regulations for the conduct of the business.

It will thus be seen that if there is failure in the administration of the law the Government must be held responsible.

During the past two sessions of the House of Assembly the Social Service Council requested the Government to amend the Act in order that capable inspectors might be in a position to deal more effectively with bootleggers, dive keepers, and other violators of the law. The Government did not grant our request.

Recently an appeal was made to the Government (May 9th) to take such action as may be taken by the Governor-in-Council:

- 1. To abolish the Liquor Export Houses which have been established in Halifax.
2. To limit to bona fide purposes, the distribution of liquor by the Board of Vendor Commissioners, Vendors, Auctioneers, Chemists and Druggists.
3. To provide for more satisfactory enforcement of the Temperance Act.

These are reasonable requests. If Liberals take this question to heart we are confident that the Liberal Government will deal seriously with the question of temperance reform. Surely Liberals can persuade their chosen leaders to enter upon a vigorous, wholehearted, honest campaign to suppress the liquor traffic. Yours respectfully, H. R. GRANT.

STOPPED JUST IN TIME

Johnnie, who had been praying for months for a baby brother, finally became discouraged. "I don't believe God has any more little boys to send," he told his mother, "and I'm going to stop it." Early one morning a few weeks later he was taken into his mother's room to see twin boys who had arrived in the night. Johnnie regarded them thoughtfully for some minutes. "Golly," he remarked, "it's a good job I stopped praying when I did."

MARQUIS WHEAT

Man has learned to do some remarkable things with organic life, both animal and vegetable, says Youth's Companion. He must do the work experimentally, for, although he has found out much about the laws that govern heredity, he cannot account for some of the things that happen or fail to happen when living stocks are blended. But still he usually finds a way to get what he wants from Mother Nature. Let us consider, for an example, Marquis wheat.

Northwestern Canada is a land of widespread prairies well adapted, so far as soil is concerned, to wheat farming and too far north for any other crop that is nearly so profitable as wheat. But you cannot grow winter wheat in Canada or even in the northern tier of states in our own country. The severe winters are sure to kill any plants that have sprouted and begun to grow in the fall. Canada must have a spring-sown wheat, and, if its people are to take advantage of the fields that spread up to the Peace River Valley within a few degrees of the Arctic Circle, it must be a rapidly growing variety, one that matures within ten weeks of planting.

There are other qualities that a useful variety must have. It must be able to resist drought no less than cold, for western Canada is often both cold and dry; if it is to sell at a good price, it must produce a high yield to the acre. There have always been varieties of wheat that have one or two of the five essential qualities, but until recently there was none that combined all of them. That there is one now is owing to the long and patient labor of Dr. William Saunders of Ottawa and his two sons.

Beginning with a Russian wheat that will ripen in a latitude of more than sixty degrees north, they crossed it with the well-known Red Rife wheat, which has superior milling qualities. When they had got a hybrid variety that would ripen within seventy days and make excellent flour they bred into it a Calcutta wheat that is notable for productiveness and for its power to resist drought. And so year after year they worked away, trying one combination after another, selecting this and rejecting that, finding that one hopeful kind of crossbreeding would not answer and that another, tried on the off-chance, would answer very well, until at last they had produced a stable seed that would produce wheat with every desirable quality for subarctic culture. That wheat they call Marquis.

Incidentally the Saunderses established another variety that they called Prelude. It will ripen in eight weeks and has been raised at Dawson within three degrees of the Arctic Circle. It may perhaps be grown even in the lower Yukon Valley. It does not produce heavily, however, and for that reason is not worth planting where any other variety will grow.

The service of the Saunders' family not only to their native country but to mankind as well is worthy of more recognition than it has received. They are men who have done better than those whom Dean Swift praised so highly: "Two ears of corn grow where only one grew before. They have caused whole acres of waving grain to spring up where before none would grow. They have pushed forward the domain of civilized man in the face of cold and drought and given to Canada new homes for its people and new sources of inexhaustible wealth."

Questions and Answers
All About Canada

READ UP ON THE COUNTRY YOU LIVE IN

CANADA'S EARLY HISTORY

Q—What are the chief features of Canada's early history?

A—In 1497 Cabot discovered and explored portions of the eastern coast of Canada, and 1534, 36 years later, Jacques Cartier sailed from St. Malo, France, landed at Gaspé, now in the province of Quebec, and took possession of the country in the name of the king of France.

A—The horse-shoe fall on the Canadian side of the Niagara frontier is claimed to be the second largest Fall in the world. Its height is 150 feet and the perimeter approximately 2,500 feet.

FORT NIAGARA

Q—When and by whom was Fort Niagara taken?

A—On July 24, 1759 while Wolfe was fighting at Quebec, Sir William Johnson was doing more than any other one man to keep the French from the interior, and their Indian allies from going to Montreal's help.

DRUNKENNESS IN CANADA

Q—To what extent does drunkenness exist in Canada based on convictions?

A—The criminal statistics for 1922, issued by the Census Bureau, reports a general decrease in drunkenness, based on convictions for the same, viz: 34,362 in 1921 and 25,048 in 1922.

MOTOR CARS IN CANADA

Q—How many motor cars are there in Canada?

A—Motor vehicles registered in Canada during 1922 averaged 5.7 to every 100 people. The total registration was 513,821 an increase of 6 per cent. over 1921.

CANADA AS A CATHEDRAL

Q—What was Sir Wilfred Laurier's famous comparison of Canada?

A—Sir Wilfred Laurier said, in one of his eloquent addresses: "This Cathedral (a British one) is the image of the nation I hope to see Canada become. I want the marble to remain the granite, the granite to remain the granite, the oak to remain the oak."

THROUGH FAMOUS ANNAPOLIS VALLEY

(From the account of the Canadian Weekly Newspapermen's trip to Nova Scotia in the "Progress", Estevan, Sask.)

Despite the desire to linger and learn more of Annapolis Royal, the imperative signal of "All Aboard" is carried along, and the party wends its way back to the train, the next stop being Kentville, the capital of King's County, where autos were waiting to convey the entire party for a thirty mile drive through a section of the famous Annapolis Valley, resplendent in apple blossoms for a hundred miles or more on either side of the railroad as far as the eye could reach.

Arrival at Grand Pre and Evangeline

This picturesque and historic spot cannot be given adequate description in a story of this nature, though many have possibly gathered some delightful impressions of the Evangeline country from Longfellow's celebrated poem. Here is seen the famous well, where the visitor may look down and let his mind dwell on what may have happened at his beautiful spot.

PERSISTENCY BRINGS PROFIT

The Montreal Star makes an interesting and pointed business remark when it declares that "January's advertising helps June and June's will help December."

There is a word of truth, reason and significance in this utterance and a little reflection will prove why this is so. Effective advertising must not be spasmodic but must be persistent.

The wise advertiser is he who advertises regularly week in and week out and regards his initial advertising as the builder regards his foundation—a basis for the permanent superstructure that is to rise later—Kingston Standard.

Everyone who uses a vacuum bottle will be interested to know that the inventor of it, Sir James Dewar, one of the most eminent British men of science, died on one of the last days of March. Sir James was one of the men who reduced to liquid and then to solid form

such so-called permanent gases as hydrogen, nitrogen and oxygen. The vacuum bottle might be called an accidental invention, for the idea originated from his contrivance for transporting without loss from place to place the liquefied gases produced in his laboratory.

Nothing is quite so irritating as to have a person ask your opinion and then try and argue you out of it.

A bright girl doesn't think herself an angel just because some man tells her she is.

In our own home towns and villages, hosts of satisfied friends buy RED ROSE TEA today, as they did 28 years ago—because it is still the same good Tea.

Buy a can of RED ROSE COFFEE—its flavour will surely please you.

STUDEBAKER

The Verdict of 81,880 Buyers

During the first six months of this year, 81,880 buyers named STUDEBAKER as their choice of motor cars. This volume of business was the largest ever accomplished during any six months' period in Studebaker's history of 71 years.

Sentiment did not influence the preference of these eighty-one thousand buyers. It was simply a case of selecting the car that offered the highest quality and value.

Thousands of buyers are daily turning to the Studebaker Light-Six, for example. At its price of \$1395, this car offers the greatest motor car value on the market and a type of six-cylinder performance that was formerly confined to the very highest priced cars.

To be able to buy a Six, practically free from vibration, for less than \$1400 is an opportunity not duplicated anywhere in the world. Elimination of vibration adds immeasurably to the life of the motor. It is one of the reasons for the universal high resale value of the Light-Six.

The Light-Six is durable, powerful, flexible, affords smooth, quiet operation and can be throttled down to a walking pace in high gear. It is easy to drive, convenient to park, takes the hills on high and holds sustained speed over long stretches hour after hour.

Stop in and let us prove what a vast difference there is between the Light-Six and other cars at about the same price—or between the Light-Six and cars of other makes costing several hundred dollars more. There's a reason for that difference. It's worth knowing.

Table with 3 columns: Model, Price, and Features. Includes models like Light-Six, Special-Six, and Big-Six.

HANTSPORT NOTES

The regular monthly business meeting of the Missionary Society of the Methodist church was held at the home of Miss George Davison on Tuesday afternoon. At this meeting Miss Davison was presented with a life membership certificate. After the transaction of business a dainty luncheon was partaken of.

Hantsport was visited by a terrific electrical storm on Saturday afternoon accompanied by a heavy fall of rain and huge hail stones much larger than a robin's egg. The gardens suffered considerable damage. At Avonport several buildings were struck and a young girl rendered unconscious.

Dr. J. McGregor, of Boston, is the guest of Mrs. J. W. Churchill, "The Cedars".

Rev. Arthur Hockin, of Berwick, was in Hantsport on Monday, returning home on Tuesday.

Rev. A. B. Higgins spent several days in Halifax last week.

Dr. S. McLeod, of Alberta, who has been the guest of Dr. and Mrs. Dickie, left on Thursday for Truro.

Mrs. A. B. Higgins and two children are visiting relatives in Digby.

Mrs. Randolph Churchill and daughter Miss Elsie, returned from a motor trip to St. John on Monday. Mrs. Churchill was accompanied on her return by her mother, Mrs. R. E. Armstrong and two aunts, Misses Elizabeth and Georgina Peterson, of St. John.

The Misses Elmira and Jessie Borden spent several days with friends in Canimac recently.

Miss Uriel Riley, of Annapolis Royal, visited her sister, Mrs. A. A. Kirkpatrick last week.

Rev. A. B. Higgins, Dr. G. E. Scott, Mr. and Mrs. W. K. Sterling, Mr. and Mrs. S. C. Jones, are among the number attending the Camp Meeting at Berwick. Mr. McIntosh, of River John, was the week end guest of Mayor and Mrs. D. W. Murray.

Dr. W. Johnstone, Messrs. J. R. Francis and Mr. McKeighan, of Sidney Mines, who are touring the Valley, were guests of Mr. and Mrs. H. L. Smith last week.

Mr. and Mrs. E. Gilmour, of Lynn, Mass., are guests of Mrs. Gilmour's parents, Mr. and Mrs. L. Riley.

Mr. Ernest Spurr, of the staff of the Canadian Bank of Commerce, Fredericton, N. B., who has been visiting his parents, Rev. J. C. and Mrs. Spurr, returned home on Tuesday.

Mrs. Stanley Marchant, Miss Ruby and Master Victor, who have been visiting relatives in Hantsport and Waterville, Kings county, left for their home on Saturday.

Miss Dorothy Swaine returned home last week from a delightful visit at the home of her friend, Miss Leah Creighton, Halifax.

Mr. S. Harvey, of Kentville, was a recent guest of his aunt, Mrs. B. Tefry, Hants Border.

Miss Mary Beckwith delightfully entertained a large number of her friends on Wednesday evening. Miss Claire Cogswell, Messrs. H. Cogswell, Newcombe and Harris, of Port Williams, were among the guests.

Miss Josephine Borden, of New Haven, Conn., is the guest of Mrs. J. E. Borden.

Miss Silver, Lunenburg, is visiting her friend, Miss Abbie Beazley.

Mr. W. Fullerton is improving his residence by the addition of a large piazza.

Mr. Fred Leibman, of Detroit, Mich., is visiting his mother, Mrs. Laura Leibman, at the home of his uncle, Dr. Scott, Hants Border.

Mr. and Mrs. A. L. Pelton, of Halifax, were week end guests of Mrs. A. McDonald.

Rev. G. G. Bleakney, of Wolfville, took charge of the services in the Baptist church on Sunday.

Mrs. A. A. Kirkpatrick and two children Maine and Barclay enjoyed a motor trip to her former home in Annapolis. She was accompanied by her sister, Miss Uriel Riley, who was her guest for several days.

The annual Sunday School Picnic, of the St. Andrews church, was held at Oak Island on Wednesday.

Mr. and Mrs. Grover Beazley, of Dartmouth, were recent guests of Mr. and Mrs. C. Beazley.

Mr. Ernest Davison spent several days in Halifax last week.

Mrs. J. C. Whitman, of Round Hill, and Miss Mildred Fair, of Annapolis, are guest of Mr. and Mrs. R. Whitman.

Miss Ethel Barker, of Montreal, is spending a vacation in Hantsport.

Miss Charlotte Storey, of Taunton, Mass., is the guest of Mrs. R. Lawrence.

Mrs. Geo. Keuley is visiting friends in Parrboro.

Mr. McNeil and Master Charlie Shaw returned on Tuesday from a vacation spent in Sydney. A little niece, Kathleen Kennedy, accompanied Mr. McNeil to Hantsport.

Mr. and Mrs. O. Fullerton, of Middleton spent Sunday with friends in town.

Mrs. H. Sealy, of Halifax, is visiting at the home of Mrs. Regina Masters.

Miss Nellie Davison, who has been spending a vacation at the home of her mother, Mrs. A. Newcombe, returned to Roxbury, Mass. on Thursday.

Miss Mary Harrison, of Dartmouth, is visiting her cousin, Miss A. Kewley.

Mr. John Burton, of Brandon, Manitoba, is spending two weeks vacation at the home of Mr. and Mrs. Kelly, Hants Border.

Mrs. (Capt.) Faulkner and family, of Port Williams, motored to Hantsport on Wednesday. Her mother, Mrs. Lattimer, who has been spending a week in town, returned home with them.

Mr. C. Pulsifer left on Saturday for Boston, after spending several months vacation with his son, Mr. W. Pulsifer.

Remember your friends on their birthday by sending them one of our pretty Birthdays Cards or Booklets. THE ACADIAN STORE.

The world is a stage. Lots of husbands only have thinking parts.

Personal and Social

Dr. G. K. Smith, of Grand Pre, spent a few days at Halifax last week.

Mrs. D. MacKay, of Halifax is visiting her aunt, Miss Margaret Hirtvey.

Mrs. H. E. Fraser, of Halifax, is the guest of Mrs. J. Ruffee, Gaspeau Avenue.

Mr. and Mrs. R. W. Ford and family are spending their vacation at Evangeline Beach.

Mr. and Mrs. J. C. Mitchell and family have been spending the past week at Chester.

Miss Frances Keirstead, of Toronto, is visiting at the home of her aunt, Miss F. Parker.

Mr. R. E. Banks, of Waterville, has joined the staff of THE ACADIAN for a few weeks.

Mrs. Edwin Harris, of Aylesford, spent the week end in town, the guest of Miss Margaret Bars.

Mrs. Archie Macdougall, of Halifax, is visiting her mother, Mrs. Wilson, at Mrs. Ruffee's.

Mrs. Carl Borden has been visiting her parents, Mr. and Mrs. L. E. Wambolt, Lunenburg.

Miss Eileen Harrington is the guest of her grandparents, Mr. and Mrs. Robt. Collins, Brooklyn Corner.

Mr. John Gould, of Dartmouth, arrived in town yesterday and will stay in Wolfville about ten days.

Mr. and Mrs. J. W. McMahon and children, of Halifax, are visiting Mrs. McMahon's mother, Mrs. J. Ruffee.

Miss Rhoda Ernst, of Bridgewater, a former teacher in the Wolfville school, is visiting Mrs. Frank W. Barteaux.

Mr. Cecil Young, who has been spending the summer in Antigonish county, has been home for a few days this week.

Mr. James MacRae, who has been on the staff of THE ACADIAN for the past eight months, returned to Halifax last week.

Miss Gertrude Anderson, of Annapolis Royal, is visiting at the home of Mr. and Mrs. George Anderson, Westwood avenue.

Mr. P. W. Davidson, Collector of Customs, is having his annual vacation, his place being taken by Mr. Pope, of Pictou.

Rev. Simon Spidle, Ph. D., spent Sunday at Moncton, N. B., where he occupied the pulpit of the First Baptist church.

Mr. L. C. Rudolf, of the staff of the Royal Bank of Canada at Sackville, N. B., spent the week end with friends in town.

Miss Margaret Cochrane and Mr. George Anderson, Jr. have returned from Halifax where they have been spending the past two weeks.

Dr. George B. Cutten, Mrs. Cutten, son and daughter are spending the month of August at Cedar Lodge, near New Tuskent, Yarmouth county.

Mr. and Mrs. George Anderson returned this week from Annapolis Royal where they have been spending two weeks with the former's mother.

Mr. F. H. Kitto, of the Natural Resources Intelligence Branch of the Department of the Interior, Ottawa, paid a short visit to Wolfville on Tuesday.

Mr. Kenneth Parry, of Montreal, formerly of the staff of THE ACADIAN and who is now spending a vacation at his home in Yarmouth county, was in town on Wednesday.

Mr. and Mrs. K. C. Denton and family, of Montreal, were in town this week, having travelled all the way by motor. Mrs. Denton is visiting her parents, Mr. and Mrs. S. P. Heales, while Mr. Denton, with his two sons and a friend, is visiting different points along the South Shore and in western Nova Scotia.

WHY WE DON'T PRINT IT

(From the Pictou Advocate)

The advocate has the reputation of being a booster, and it has always been the aim of the publisher to boost every enterprise, be it of public or private nature, of a worthy character. Boosting is a game, however, that more than one can play. I boost you, you boost me is a good motto, and "we will boost together" is another good motto. The newspaper man can boost in a very effective way, even by not "knocking" when people want him to "knock". He can boost a good deal more by coming out with footed and upholding the good that is in an individual or an institution and leaving unsaid what he knows to be bad. But when this is done there is no occasion for the person or institution which is boosted to assume that the newspaper has to do it in order to hold its job with the public. A newspaper man sees and hears more things bad or good about individuals and about the way institutions are conducted than other individuals, a gossiping old maid not excepted, and it is unwise to assume that it is because he does not know a thing that he does not print it. It is because he has a sense of honor and a sense of feeling, and last but not least, a love of peace and harmony in the community. Many things might be printed about our town which would make spicy reading, but why herald all such things abroad? The least said, the better.

The newspaper man, however, has a keen sense of appreciation and is susceptible to praise of the right sort, and to substantial business support. He appreciates the spirit of the man who, when he has a few dollars worth of job printing, does not go galavanting about the country, spending car fare and time thinking he might get it a few cents cheaper, but who says, "We've got a printer here at home who is trying to help our town, and we will in turn help him by giving him the little printing we have to do". This is the true community spirit, and it counts with the merchant, and the doctor, with the lawyer and with every business which draws its daily support from the community.

FIND RICH ORE

The following clipping is taken from a British Columbia paper. The Warrent Davidson referred to is a son of Jehiel Davidson, North Grand Pre:

Some exceedingly rich Telluride ore found in the shape of float has caused considerable excitement among the prospectors of the Whitewater district according to a letter received from Dave Moore yesterday.

The district is receiving a fairly good prospecting already this season and some good ore has been opened on some of the claims. Howard Cameron, who is representing the Whitewater Gold Fields Co. has twelve men developing the wind-fall group. They are drifting on rich ore. A Bass mill is being installed.

Warren Davidson has a gang cross-cutting his large dyke.

Two shifts are working on the province claims which are looking good. The Telluride ore found was of this group of claims and they are looking for it in place.

Bert Williams of Bridge River, is operating a weekly pack train with twenty horses. Thomas Burt has been appointed mining recorder.

The season this far has been fine and there are no mosquitos.

Operations on the Spokane and Tonopah groups are expected to begin in the course of a few days.

Items Of Local Interest

Mr. R. W. Ford, Town Clerk, is enjoying his annual vacation. During his absence the office is being looked after by Mr. Donald Cameron.

Mr. and Mrs. Isadore Cohen and family have recently moved from Canning to Wolfville and have taken an apartment in the Harris Building, Main street.

Dancing every Thursday evening, Community Hall, Wolfville. 4 piece Orchestra. Auspices Wolfville Band. Admission 75 cents. Refreshments.

With the death of President Harding of the United States the responsibilities of the office have fallen automatically on the Vice President, Calvin Coolidge, formerly Governor of Massachusetts.

Mr. and Mrs. William Huntington, of Schenectady, N. Y., were recent visitors to Wolfville. It had been ten years since the former was here and he was much pleased with the improvements he noted.

The many friends of Mr. A. V. Rand, who for the past two weeks has been confined to his home in consequence of severe illness, will be pleased to learn that his condition is now much improved and that he hopes to be around again soon.

Considerable painting is being done in Wolfville this summer and in consequence a number of residences are much improved in appearance. The heavy coat of this work during and after the war caused much work along this line to be neglected.

On Sunday last the pulpit of the Baptist church was occupied morning and evening by Rev. Dr. Patterson, president of Acadia University, who preached two able and helpful sermons based upon the thirteenth chapter of First Corinthians. At both services the congregation were favored with vocal solos by Miss Frances DeWolfe which were greatly enjoyed.

MORSE'S SELECTED ORANGE PEKOE Tea is the original ORANGE PEKOE of this market, and not only is it the original, but it is also the best. So when you want the finest quality of tea obtainable in this market be sure to ask for MORSE'S SELECTED ORANGE PEKOE, which is sold in pound and half-pound packages—never in bulk.

WEST END DEFEATS HILL

A closely contested game of the Town Baseball League was played on Monday evening when the West End defeated The Hill by the score of 5 to 4 in five innings. Each team scored a run in the first innings and the next two innings were scoreless. In the fourth The Hill scored three runs and it looked as though the game were theirs. However the West End went to bat and started to even the score, and before the three men were out they were one ahead. There was no score in the last inning.

Each team was short of men and had to borrow one or two players from the East End team who were present. The teams were as follows: The Hill—Regan, 3b; Williams, 2b; Klennie, p; D. Munro, 1b; McKenna, rf; Prescott, ss; Spencer, c; Wallace, lf. West End—C. Munro, c; Burgess, 1b; Rand, 2b; Dick, ss; Hansford, rf; Boates, 3b; Ritchie, p; Cohen, lf.

The West End were unable to get a team together to play the East End last Friday evening so the East End played a combined team from the West End and Hill. It was one of the best exhibitions of ball seen here this summer and resulted in a win for the East End by the score of 3 to 1.

Tonight's game will be between the East End and The Hill and should be an interesting contest. The standing in the second series is now as follows:

East End	Won 3	Lost 0
West End	1	2
The Hill	1	3

GASPEREAU

Mrs. Jenkins with her son Gerald, of Portsmouth, N. H., is visiting her aunt, Mrs. J. S. Millett.

Miss Bertha Norman is visiting relatives in Hantsport.

Messrs. Walter Kenzie, Herbert Davis and Roscoe Nowlin left on Friday last for the West.

Miss Hilda Schofield spent a few days in Kentville with Mrs. Margaret Davison.

LIGHTNING STRUCK AT AVONPORT

A barn belonging to George Graham near Avonport was struck by lightning Sunday noon and an eighteen months old girl, Ellen Koffel, who was playing in the yard at the time, had a narrow escape from death, being knocked down by the shock.

According to those who were in the vicinity, the bolt of lightning came before any rain fell, although it was followed by a heavy down-pour. The little girl was knocked unconscious, but recovered after being taken to the nearby residence of George Wiggles. The lightning tore a large hole in the roof and started fire in the hay, which Mr. Wiggles put out with a fire extinguisher after a twenty-minute fight.

Midsummer Sale AT The Little Shop

STARTING NOW

ABOUT 16,000 IMMIGRANTS

Large Number From British Isles Entered Canada During July

OTTAWA, August 7.—The total number of immigrants to enter Canada during the month of July was about 16,000. Extract figures are not yet available, reports from a few of the ports not yet having reached the Department of Immigration here, but the above total is approximately correct. Immigration from the United States was about normal, while there was an increase in the number of immigrants coming from the British Isles. The closing of a large employment agency at Detroit is regarded as having the effect of turning a large number of Canadians who had gone to that city back to Canada, it is stated.

WHEN YOU FORGET YOUR BERRY PAIL

Sometime this summer when you are walking in the country you may find a great big clump of raspberry bushes full of ripe berries. After you have eaten your fill, the bushes will still seem full of fruit. Then you will exclaim, "Oh, if I only had a pail in which to take some home with me."

Here is a way that you can carry them. Look around for some timothy heads or other tall grass that has gone to seed. Pull one of the timothy heads straight up and its nice long stem will come off easily. Now string as many berries on the stem as it will hold and then get as many more stems as you care to fill. In this way you can carry home the delicious berries even if you failed to bring your pail.

JOHN G. McKAY IS DEAD AT MONTREAL

Montreal, Aug. 8.—John George McKay, general secretary of the Students' Christian Society of McGill University, passed away last night at his residence, 332 Marcell Avenue, Notre Dame de Grace, from blood poisoning, after an illness which had lasted two months.

Mr. McKay was born in Little Branch, N. B., in 1886. He received his B. A. from Acadia University in 1915. He attended Harvard in 1916 and received his degree from the Presbyterian College here in Montreal only this spring. He served in Canada, England and France, from 1916-19, with the 3rd M. C. A. He was attached to the Cambrai division and was wounded at Cambrai on October 12, 1918. He was decorated with the Military Cross by King George.

IN MEMORIAM

ANDERSON—In loving memory of Wilfred Laurier Anderson, formerly of Avonport, killed in action in France, August 8, 1918.

FIRE EXTINGUISHERS

Cheap fire extinguishers may be made by filling old electric lamp globes—or bottles can be used—with some solution having special fire extinguishing properties. Such a solution can be made by taking 20 parts calcium chloride, 5 parts of common salt and 75 parts of water. The globes are filled by immersing them in a large dish or pail containing the solution and breaking off the tips with a pair of pliers. They will fill quickly owing to the fact that the air has been largely exhausted from them during manufacture. When a fire occurs one or two of these globes are thrown at the burning object.

An efficiency expert is a man who can explain what becomes of the four and a half cents that separates the half-cent from the growers get for the apple from the five-cent the consumer pays for it.—Peterboro Examiner.

GREATEST MOTOR CAR EXPORTING COUNTRY

"It is predicted that within a decade Canada will be the greatest automobile exporting country in the world," says The Industrial Digest, New York. "Several of the world's largest producers of motor vehicles according to recent reports, are now handling all their export business from the Dominion, while the largest individual manufacturer of motor cars has for some years filled all orders for the British Dominions and possessions from his plant on the Canadian side of the Detroit River."—Wall Street Journal.

WOLFVILLE JUNIORS PROTEST GAME

The final game in the eastern section of the Junior Valley Baseball League was played at Hantsport on Wednesday between the Wolfville and Hantsport teams. The Wolfville boys had a big lead in the first part of the game but numerous errors in the last few innings brought in a number of runs for the home team. The final score was 11 to 11, but the Wolfville boys protested the game as Hantsport's last batter batted out of turn. The Wolfville team was as follows: C. Munro, c; D. Munro, p; Russell, 1b; Williams, 2b; Burgess, 3b; Regan, ss; Spencer, cf; Wallace, lf; Walsh, rf.

W. C. T. U. Notes

Women's Christian Temperance Union first organized in 1874. Aim—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in custom and in law.

GROWING WHAT YOU EAT

(Prepared by the State College of Washington) Should each farm or suburban home have a hive of bees and produce the honey the family consumes? The answer would be in the affirmative if the farmer would take care of his bees.

New Beauty for Dainty Fabrics and much longer wear

PALMOLIVE PRINCESS SOAP FLAKES Made in Canada

The two worries you have in washing fine fabrics, dainty garments, are removed. You can launder them now with full confidence that fabric will not be harmed, or delicate colorings dulled.

Silks, satins, crepes, and dainty, expensive cottons come from the wash with new brilliance and beauty. In thousands of homes women are using PALMOLIVE PRINCESS SOAP FLAKES.

These pure white, crinkly flakes give a wonderful, "whipped cream" lather that dissolves dirt magically.

And save money in two ways: By giving longer wear from fine fabrics; and, being nothing but pure soap, they last longer—cutting soap cost.

You can't find anything better for use in the washing machine—nor, in fact, for all laundry or household use.

In handy one-pound packages or bags. Order some today and begin saving next time you wash.

The Palmolive Company of Canada, Limited

Montreal, Que. Toronto, Ont. Winnipeg, Man.

SHE TOOK THE NEXT TRAIN

Short cuts, if the road is too steep, may not prove short; and places that are near together may not be readily reached from one another. Those fascinatingly impossible directions familiar to our childish years, sometimes find an inconvenient echo in present fact.

BUFFET SERVICE ON S.S. "PRINCE ALBERT"

The travelling public will be pleased to learn that the Dominion Atlantic Railway are establishing a buffet service, starting Monday, July 30th, on the S.S. "Prince Albert", operating between Parrsboro, Kingsport and Wolfville. This service should prove a great convenience.

"Harry, love!" exclaimed Mrs. Knowall to her husband. "I have been dreadfully insulted!" "Insulted! by whom?" "By your m-mother," answered the young wife, bursting into tears.

Advertising pays if you know how to advertise. So does any other enterprise if you know how to conduct it. There were other stores, with more capital and larger stocks, in Toronto when Eaton started.

BREAD!

Our bread has been reduced to 10 Cents per loaf. Our bread is mixed with up-to-date machinery and wrapped before leaving bakery.

W. O. Pulsifer and F. W. Barteaux both sell our bread at this price.

A. M. YOUNG

BIRD'S Art Craft Roof

RED OR GREEN

Canada's Roofing Sensation

YOU are going to hear a lot about ART CRAFT, the new roofing sensation, and you're going to want it on your roof for several very good reasons.

ART CRAFT saves time, trouble and labor cost. It can be applied right over the old shingle roof, or it can be applied directly to the roof boards for new work.

It is as handsome as it is durable. That's saying something, because it gives years and years of roof protection, free from upkeep cost.

A weather-proof, fire-safe roof is what you want and what you get.

And last, but most important, ART CRAFT is low-priced and inexpensive to apply. Comes in two colors—red or green.

Now will you come in and let us give you an estimate on Art Craft for your home?

CANADIAN MOTOR CARS TOO COSTLY

"Price f. o. b. factory, \$2,500. Price in Canada (delivered, taxes etc.) \$3,800." This is the kind of contrast that staggers the buyer of an automobile in Canada. He is asked to support home industry; he is told that the automobile he buys is "built in Canada", and yet the same make of automobile costs him over 50 per cent. more than the factory price in the United States.

MacLean's Magazine, Canada's National Magazine, is becoming more popular every day. \$3.00 a year or two years for \$5.00. Hand your subscription to H. P. Davidson, The Magazine Man

Ask for Minard's and take no other.
