MRS. GOULD'S TURN TO-DAY.

Will Take the Stand as the Last Witness in Her Suit.

Dustin Farnum Too Ill to Appear—His Deposition to be Read.

These Wine Cheques—Mrs. Gould's Capacity For Liquor.

New York, June 23.—Mrs. Catherine Clemmons Gould was again a witness to-day in her suit for a separation from Howard Gould. It was expected that Mrs. Gould's testimony in rebuttal would occupy most of to-day's session and that the defence would then call other witnesses in for rebuttal which would continue the trial over till tomorrow before it was completed.

Mr. Shearn, Mrs. Gould's counsel had one more deposition to read in the record to-day, that of the actor Dustin Farnum, whose name has been linked with Mrs. Gould throughout the trial by the defence.

Mr. Shearn said he had hoped to call the actor as a witness, but that he had learned Farnum was ill in Maine and could not be reached. Mr. Nicoll, the defendants' counsel, said he should submit Mrs. Gould to a lengthy examination on rebuttal in regard to the many incidents which have been referred to by Mr. Gould's witness. Thirty-nine witnesses were examined yesterday and it was after 11 o'clock last night when court adjourned.

The statement yesterday by one of Mrs. Gould's personal friends, Mrs. Sells, on the witness stand, that Mrs. Gould had talked to her about returning to the stage and playing with Dustin Farnum, did not appear to disconcert the plaintiff or her lawyers, as Mr. Shearn said to-day that such testimony on the record would afford Mrs. Gould an opportunity to explain to-day the reasons for her friendliness with the actor in the fall of 1906.

Judge Dowling's threat to hold court until all witnesses in rebuttal had been examined caused Clarence J. Shearn, her counsel, to rush on the fifteen he had reserved. Each testified he had never seen Mrs. Gould drunk or had heard her use coarse language. One witness was Father Patrick J. Cherry, who was pastor of the Catholic church at Port Washington from 1901 to 1908.

Mrs. Elisha W. Sells, who was Mrs. Gould's guest at the Gould estates and on the yacht Niagara many times since 1902, swore she had never seen Mrs. Gould drunk or boisterous and abusive in her language to the servants.

Mrs. Sells said she had visited Mrs. Gould at the Saint Regis on several occasions, and never saw her under the influence of liquor. Sometimes Mrs. Gould took a cocktail before dinner and a little wine afterward, the witness said, but it never seemed to have any more effect on her than Apollinaris or spring water would.

DRENCHED.

Sad Plight of Pupils Writing For Entrance.

Entrance examinations began in this city yesterday, between 600 and 700 pupils of the public and separate schools presenting themselves at the Collegiate Institute where the examinations are held.

Yesterday was a very bad day and those writing suffered greatly. To give them as much room as possible Principal Thompson took quite a large number into the new Technical School building. When rain came on in the afternoon the water came through very badly and a number of the children were drenched.

The junior classes of the Collegiate have completed their examinations and have been dismissed for the summer.

On Monday next the departmental examinations begin. Those writing are taking special subjects, but all other work is over for the term, at the Collegiate. The public schools will close next Wednesday.

THE CADETS

Will Go Into Camp on the 10th of July.

It has been finally decided that the Collegiate Institute Cadets will go into camp for one week during the month of July, the date set for the opening being July 10. The place will be decided upon in a few days. Instructor Syme will have 30 of the boys at the camp, and can take more. He will be at the Collegiate to-morrow for the purpose of receiving the names of any who wish to go, but have not yet registered. He will also have a meeting of the company some day next week to give out instructions and information.

On Saturday next the corps will shoot its first match in the competition for the rifle given by the Daughters of the Empire, at the rifle ranges—seven shots at 200 and 500 yards.

HIGHFIELD SCHOOL.

The names of S. F. Sweeney, son of Campbell Sweeney, of Vancouver, and J. Alexander Turner, grandson of the late Senator Turner, of Hamilton, appear in the list of successful candidates for entrance to the Royal Military College. In a class of forty-one the former ranked sixth and the latter twelfth.

H. D. Crerar, who took the eighth place in the graduating class, won the silver medal for artillery (first) and the challenge cup for equitation.

FLOWERS AT THE T.H.&B.

Young Man In Court For Picking a Couple.

Thomas Frasier Accused of Having Keg at His House.

J. P.'s In Court to Try Two County Cases.

At police court this morning Thomas Rowan, an employee of Geo. Nichol, liverman, Hughson street south, was charged with stealing two flowers, valued at 10 cents, from the T. H. & B. Railway. P. C. Campaign, jun., was the complainant, and said that as he was walking along Hughson street he was the defendant take the flowers, and at once took them from him and laid the complaint.

Rowan was quite indignant to think he had been summoned on such a charge, but admitted taking the flowers. He said they were allowed to take a flower once in a while, and in turn let the gardener have some manure when he wanted it.

"Did you see me take the flowers?" asked the prisoner.

"Yes," responded the constable.

"Well, you didn't," answered the prisoner.

The court decided that it was not altogether a charge of theft, but that she should not have taken them, and he was charged with neglecting to place red lights on some building material which was left on the road, which was left over from yesterday in order that a witness might be secured, was taken up this morning. Mr. Wilson said the material had been left there without his knowledge, as it was ordered from Mr. Yates to be put in the back yard.

Mr. Yates acknowledged that he had been instructed by Mr. Wilson to have it put in the back yard, but the driver when delivering it had neglected to put it there. As Mr. Yates was partly responsible he was asked to pay \$2, and Mr. Wilson a like amount, but the fine was lowered to \$1 each.

Only two drunks were on the list, and they were John Campbell, \$2, and John Goodman, 174 Ferris street east, \$2.

As Mr. T. Crerar, the acting magistrate, is not a J. P., and has no authority for trying county cases, Mr. Chas. G. Booker and Mr. W. G. Moore met out justice in the two cases from the county this morning.

William Taylor was charged with jumping over the fence at the race track. He is a race-track follower, and said he had a badge, but neglected to wear it yesterday, and in order to see the races had jumped the fence. He was fined \$2 and costs, which amounted to about \$2.

John White, another follower of the race track, was arrested on the charge of assaulting two Pinkerton detectives. White was trying to wipe the ground up with the two detectives and another person, and a county constable placed him under arrest. He was remanded for eight days.

FARMER FOUND DEAD.

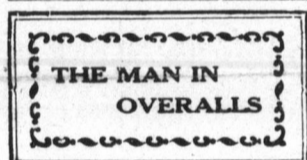

Leamington, June 24.—Walter Taylor, 63 years old, a farmer, of Mersea township, was found dead at his home yesterday. An empty carbolic acid bottle was picked up near the body. Taylor had been an invalid for some time, and it is supposed he ended his life during a fit of despondency.

On account of the rain yesterday the Glanford garden party was postponed until Friday.

FIRST METHODIST CHURCH, LONDON, CANADA.

To this fine church, recognized as one of the best in the province, Rev. Richard Whiting, for the past three years pastor of Centenary Church, is going. It has had a number of distinguished ministers to whom, no doubt, Mr. Whiting will be a worthy successor.

Another bite or two and it will all be in the city.

Alfred Pitman, the young man who was up yesterday on a charge of stealing numerous articles from his boarding house and who was about to leave for Buffalo when arrested, was again brought up this morning, and the case was further remanded until Monday.

The case of John Wilson, who was charged with neglecting to place red lights on some building material which was left on the road, which was left over from yesterday in order that a witness might be secured, was taken up this morning. Mr. Wilson said the material had been left there without his knowledge, as it was ordered from Mr. Yates to be put in the back yard.

of some of her own body servants that Mrs. Howard Gould was an energetic temperance worker.

Since that unhappy affair in New York, several people have asked me if individual teaching of Chinese by young ladies is common in Hamilton, and if so, if something should not be done to have a change made. Personally I should favor male teachers if they can be got. But I suppose the churches affected will attend to the matter.

The few dollars that the playground promoters need should be forthcoming without much trouble.

What a howl you will hear if Mayor McLaren has Editor Maclean clapped into jail. But if they jail editors in Quebec, why not in Ontario?

Is your boy to be promoted this term? Haven't you been helping him along with his lessons lately?

No doubt Mrs. Gould's gowns took the palm at Palm Beach.

A few months in the coop would at least give Editor Maclean time for much needed meditation.

One would imagine from the testimony I suppose the next thing to do will be to raffle off the Art School truck. It's awful.

Let George do it.

So those few simple power questions have my friend Stewart stumped. It makes me laugh.

Perhaps the Citizens' League might inquire into the modus operandi of christianizing the heathen Chinese in Hamilton. At what hour is Sunday school held, for instance?

It may be a little early in the season to speak about the tonic soil fa classes. But we're going to have them the coming winter, aren't we?

This German scare is similar to the German measles. It's not serious.

ACCEPTED.

Herkimer Baptists Are Sorry Mr. McDiarmid Is Leaving.

A large number of the members of the Herkimer Baptist Church met last night in the Sunday School to discuss the resignation of Rev. H. McDiarmid, who for the past few years has carried on the work in the church. His resignation was accepted with regret. Mr. McDiarmid, it will be remembered, could not agree with the action of the officials in deciding to build a new church, and, rather than be out of harmony with them in a movement he could not endorse, thought it better to retire. His year closes in September.

VISITED THE FRUIT FARM.

Members of Government at Jordan Station Yesterday.

Sudden Drop In the Price of Strawberries.

Cherries and Raspberries Will Soon be In.

(Special Despatch to the Times.)

Beamsville, June 24.—Hon. Mr. Duff, Minister of Agriculture; Hon. J. J. Foy, Attorney-General; Hon. Dr. Pyne, Minister of Education, and other officials from the Agricultural Department made a trip of inspection over Ontario's new experimental farm station at Jordan Harbor yesterday afternoon. The party came down from Hamilton at noon on a special H. G. & B. electric car.

They were met here by Director H. S. Peart, and conveyed to their destination in carriages. The heavy thunderstorm that came up just after their arrival made anything like a thorough inspection impossible, but the visitors were delighted with the progress that had been made and the beautiful country through which they were driven. It is evidently the intention of the department to purchase another block of land in close proximity to the present acreage.

Land of a better quality is needed badly for experimenting with vegetables. The delegation had luncheon at the official residence and left early in the evening for Toronto via G. T. R.

Strawberries took a sudden rush downward yesterday afternoon, the buyers offering but \$1.25 per crate to that of \$2.50 on Tuesday. The direct cause of this was no doubt the lack of policy on the part of the dealers.

Last year they arranged a schedule of prices to run as quotations for the week, but owing to some short-sightedness on the part of some of them, the arrangement has not been carried out this season, hence a loss both to the growers and themselves.

Cherries are coming in early and raspberries will be ready in about ten days. This should look like a substantial production in fruit prices all along the line, and householders will get the benefit of it.

But if the residents of the district want annexation why should W. A. H. Duff object?

THE CHINESE STILL AT LARGE

Murderer of Elsie Sigel So Far Has Escaped Arrest.

Ching Sin Now Admits He Saw the Dead Girl

Packed Away in the Trunk by Her Murderer.

New York, June 23.—After a day of conflicting statements, the district attorney's office and the police department refuse to discuss the progress made in the search for the Chinese who is wanted for the murder of Elsie Sigel, whose body was found in a trunk in a room over an Eighth avenue chop-uey restaurant last Friday night.

Nor would they discuss the results of the examination of Ching Sin, Leon Ling's former room mate, who has been variously reported to have witnessed the crime, to have aided in roping the trunk, and, finally, merely to have seen the girl's body.

There have been hourly reports of clues from all parts of the country, but none of them, after close examination, brings the authorities any nearer to the murderer.

What progress has been made with Ching Sin, who again underwent this afternoon four hours of cross-questioning, is due as much as anything to the offices of Quan Wick Nam, a Chinese merchant, who volunteered as an interpreter, and in whom the police have every confidence.

It is said that he told Ching Sin, with an earnestness that carried conviction, that no Chinese society would aid him in suppressing the facts or in concealing Leon Ling; that, on the contrary, every Chinese of influence and responsibility in the country felt that the case was bringing disrepute on their race, and they were all united with the police in efforts to run down the murderer.

With more to gain than to lose by the truth, Ching Sin then talked freely, if not frankly, but that he has not been actually implicated in the crime itself is indicated by the fact that tonight he is still held in the house of detention for witnesses, and not in the Tombs, charged with being an accessory in the murder.

Whatever be the whole truth concerning the information Ching Sin yields, it is practically all the police have to go on. Chiu Gahn, the restaurant proprietor and admirer of the dead girl, of whom Leon Ling was jealous, is out on bail, pumped dry; the other restaurant keeper, Sun Leung, and his waiter and cook, above whose place the body was found, are also out on bail for \$100.

Thus the case revolves around Ching Sin, at first thought to have told so much, but whose alleged confession became far less sensational upon further investigation.

GIRL TRUE TO CHU GAIN? Those who knew Elsie Sigel best believe that she was smitten in her mission work, and her relations with the Chinese up to the day of her death, Mrs. Florence Todd, of the Bowery settle-

WHAT ABOUT THE PATRIOTIC FUND?

Mr. Morgan Wants Information—Veteran Warren Appeals in Vain For Assistance.

To the Editor of the Times:

Sir,—Nearly one month ago I asked, through the columns of your paper, for what I regarded as reasonable information relative to the disposal of the Hamilton patriotic fund. Since then the committee in charge of this fund has not seen fit to offer any explanation to the subscribers, although the press has acknowledged the reasonableness of my questions.

I have, however, received, unsolicited, a letter from Wm. C. Warren, who was a member of the First Contingent, R. C. R., and again of the Second Canadian Mounted Rifles, serving in Africa, and whose letters to the press while serving in Africa were read with much interest by the citizens.

Mr. Warren, who was forced by ill-luck to leave Hamilton, is now a resident of Victoria, B. C., and he has given me permission to publish his letter, the original of which I have in my possession. His statements can be verified by several prominent citizens, and I would ask you to kindly publish his letter, the charges in which will require some explaining by the members of the committee.

If my memory serves me right, I believe there is a large committee of prominent citizens who are responsible for the proper distribution of this fund. They must realize that this is citizens' money, and ought to know that there has been, rightly or wrongly, much adverse criticism of their methods of distributing this money, and they should be prepared to accept the responsibility of this, and I would ask you to kindly publish in connection with this letter the names of the committee having this fund in hand.

Victoria, B. C., June 10, 1909.

Chas. B. Morgan, Esq., Hamilton, Ont.: Dear Sir,—In the latest home papers to hand I notice your strongly worded letter of protest against the manner in which the trustees of the patriotic fund have administered, or rather have not administered, the funds entrusted to their charge by the citizens who are responsible for their integrity and honor.

Permit me to congratulate you on the stand you have taken in so ably championing the cause of those citizens and others who subscribed to the fund, and who, for various reasons, have not the temerity to approach the powers that be for an accounting of the money entrusted to them.

You have also struck a blow for the soldier citizens for whom this fund came into existence.

If there is any British blood in the hearts of the Fund Committee they will accept your challenge and endeavor to clear themselves of the disgrace that has become attached to them as administrators of trust money, and also to the city of Hamilton for allowing such a state of affairs to exist.

As an applicant for help when broke and nearly out, one would naturally think that they would be only too pleased to prove their existence. On the contrary, speaking from a personal experience, my application, endorsed by medical and military men of unquestioned standing, met a fate similar to those you evidently have in mind, so you see this additional case proves the truth of your former assertion.

Speaking as a former citizen of Hamilton, and knowing of other instances where red tape and excessive zeal has proven an insurmountable barrier in the performance of duty, one is almost forced to admit that there is something radically wrong with their system of investigation, and also with the gentlemen in charge of such a system.

It does seem strange that the Hamilton Patriotic Fund Committee should refuse the appeal of a fellow citizen and refuse to reply to his application even after it has been proved up to the hilt and endorsed by men of unquestioned reputation.

Victoria is a long way from Hamilton, and consequently it is difficult to emphasize a claim, yet for the sake of those who later on may have occasion to call on the patriotic fund, I wish you every success in your efforts. Sincerely yours,

(Signed) Wm. C. Warren.

Late First Contingent, also 2nd C. M. R. P. S.—In the account of the unveiling of the commemorative tablet in the drill hall I notice the absence of the name of Miss Russell, who went along with the First Contingent as a nurse.—W. C. W.

Thanking you, Mr. Editor, on behalf of the subscribers, I am, sincerely yours, Chas. B. Morgan.

Y. M. C. A. RAISED \$16,000 AS FIRST MORNING'S WORK.

Five Subscriptions of Four Figures Reported When the Workers Met For Dinner at 12.30 To-day.

First report—\$16,162.

The Y. M. C. A. building fund campaign is on.

It has started with a rush that delighted the officers and Mr. Ward, the international officer. The start was made this morning, nine captains taking their teams out, and about 80 workers turning in for luncheon at 12.30. Here are the collections that were then announced:

Table listing donations: Special Committee \$12,800, Business Men's Committee 3,262, Total \$16,162. Includes names like B. O. Hooper, E. Adams, R. T. Kelly, D. M. Barton, F. E. Shepard, F. G. McIlroy, J. H. Horning, G. H. Lees, F. R. Smith.

The following subscriptions for \$500 and over were announced:

Table listing large donations: John E. Brown \$500, A friend of boys 500, F. F. Daley 500, J. J. Greene 1,000, A. Powis 1,000, Thomas W. Watkins 2,000, Geo. Rutherford 3,000, Robert Mills 5,000.

Will the \$50,000 be raised in one week? President Alfred Powis says it will, and every worker agrees with him. The gathering to-day was most enthusiastic. The teams are red hot and the rivalry keen. F. R. Smith leads to-day, but look out.

THE CAMPAIGN BANQUET.

Seventy or seventy-five enthusiastic workers turned out at the banquet at the Royal Hotel with which the campaign was introduced last night. It was quite an informal affair—a plain, good supper, followed by a few speeches. The features of the event were the introduction of Mr. C. S. Ward, of the International Y. M. C. A., who has come from Montreal to manage the local campaign, and two magnificent speeches, one by Mr. Geo. A. Warburton, the new secretary of the Toronto Y. M. C. A., and the other by Mr. Ward. Mr. Wm. Garside, president of the Toronto Y. M. C. A., and Mr. A. Powis, president of the local Association, and of the Campaign Committee, also spoke.

The gathering was as representative as enthusiastic—representative of the solid business and of the young energy of the city.

Two toasts were proposed, "The King" and "The Y. M. C. A.," and all the speeches were connected with the latter toast.

Mr. Powis gave a short, concise statement of the needs of the Association. It has been trying to look after 330 boys without any provision having been made for them when the building was erected. It needs every inch of the present space for the seniors and must have a new building and new equipment to enable it to meet the constantly increasing boys' department. That will allow the directors to devote all the present building to the seniors. Mr. Powis also emphasized the need of new baths and of the East End Y. M. C. A., which the Association undertook at an initial cost of \$7,000, and only \$500 in sight.

Mr. Garside followed with an excellent address on the work generally.

Mr. Warburton, the new Toronto Secretary, made a hit. His address was an inspiration. The value of the boy was the key note.

AT THE PARK.

Large Crowds Enjoying Cool Breezes at Maple Leaf.

Judging by the way the attendance at Maple Leaf Park is increasing each afternoon and night, the people of Hamilton have discovered the best spot in Hamilton on a warm night. The park is one of the coolest places in the city at night, a nice breeze blowing all the time, and the amusements have a tendency to make one cool rather than hot.

Mississauga Horse Drenched While at the Ranges.

Niagara-on-the-Lake, Ont., June 23.—Rain completely demoralized the camp yesterday afternoon, and caused a cancellation of the sham fight, so far as last night's arrangements were concerned.

MILL'S PICNIC.

Pleasant Afternoon and Evening at the Brant House.

Yesterday afternoon about 150 employees of Stanley Mills & Co. went on a trip to Hotel Brant. They left Hamilton on the regular 5 o'clock cars and arrived at the grounds shortly after 6.

held a conference at headquarters, and decided that as the men were wet, the tents wet, and the ground too wet to sleep on, that the arrangements which had been made for the sham fight would have to be cancelled.

CIVIC ECONOMISTS.

Solicitor Lobb, of the Hydro-Electric Commission, appeared before the special power committee of the Council last night with a new bid for its favor. This was nothing less than to waive the monopoly clause of the contract, upon which the Commission has insisted, and to give this city an exceptional position among the municipalities which it seeks to serve with electric energy.

This is an extraordinary departure, and one entirely unaccompanied by the statutes or by the Hydro-Electric agreement. The Power Commission Act looks toward securing mutuality among the municipalities taking power from the Commission, and the method of sharing the cost of the same according to the quantity of power taken is devised on that principle. The basis of the price of power is the sum per horse-power paid to the Ontario Power Company by the Commissioners. To this is to be added, at the annual adjustment to be made by the Commission, every other item of cost and charge incurred in connection with the scheme, the total representing the bill which is to be apportioned to the several municipalities. The monopoly clause was devised to prevent municipalities being drawn off from the scheme, to patronize cheaper competing power. Mr. Lobb has not made it clear by what authority he is empowered to waive or modify any of the conditions of the statute or terms of the agreement which has been ratified by the Legislature. And without impugning his good faith in the matter we cannot shut our eyes to the fact that the "leading municipalities," parties to the contract which Mr. Lobb interviewed, do not have it in their power to abolish or disregard an act of the Legislature. Before dealing on the basis proposed, the aldermen must take care to protect the city against any false step taken upon such assurances.

But Mr. Lobb's proposal, even assuming that he could bind the Commission, would give us no assurance of a fixed maximum price for power. We should still be at the mercy of the other municipalities—still be obliged to take our chances in the gamble—and to stick to the bargain for 30 years, without redress, and without having a voice in the management of the venture. Mr. Lobb does not come forward and say: "I am instructed by the Commissioners to offer Hamilton so many horse-power of current at a given price per horse-power, leaving to the city the privilege of terminating the contract at the end of any 5-year period, or of renewing it from time to time." The object would appear to be to commit Hamilton to helping to pay for the long transmission line, and to lay her under tribute for 30 years.

On some matters Mr. Lobb left no room for misunderstanding and the information which he gave fitted in with the terms of the statute and the agreement. If Hamilton orders 1,500 horse-power and subsequently reduces this amount to 800 horse-power, it must pay its share of line and maintenance on the higher figure. If it orders 1,000 horse-power it must pay for line and maintenance on that scale even if it use only 750 horse-power. Its 750 horse-power would probably cost the city at the rate of \$20.70 a horse-power. As to line loss from Dundas to the pumping house, Hamilton would have to bear it all, and where the meter was placed could make no difference. Engineer Merrill, equalizing the voltage of the Hydro and Cataract power at 2,200, computed the cost of the Hydro current at the Beach at \$19.25 and at the sewage disposal plant at \$19.75. This estimate is \$8.25 and \$3.75 more than the first option of the Cataract contract. Mr. Lobb significantly remarked in reply to a question, that Mr. Beck would probably advise the city to fight its suit, if one were brought in connection with defaulting in the Cataract contract. Mr. Beck and Mr. Lobb are both, however, in a happier position in this respect than are the Hamilton taxpayers. Neither gentleman pays their bills of cost! And it is to be noted that even if we assume that Mr. Lobb's proposals may be made perfectly legal, in accepting them the Council would bind Hamilton to a 30-year contract for current at an unknown price, the most sanguine estimate given by Mr. Lobb for 750 horse-power being \$29.70. This is \$4.70 a horse-power more than the assured price under the first option of the Cataract agreement, what will Hamilton stand to gain by throwing away even this \$3.25 a year? In 30 years that leakage will run into enormous figures. The men who deliberately incur it should have their names handed down for the admiration (?) of the citizens of the Hamilton to come.

PACKERS' REQUISIS.

A number of meat packers yesterday waited upon the Premier and the Minister of Agriculture with a request for amendments to the act governing the inspection of meats and canned foods. Their more important requests were for the application of the regulations of the Dominion Act to meats slaughtered for local consumption as well as to those intended for inter-Provincial or export trade, and for an amendment which would compel the Dominion treasury to bear the loss of all animals seized and condemned as unfit for food.

These requests have from the applicants' point of view, something to be said in their favor, but it is not to be expected that they will meet with undisputed favor. It is to be doubted whether the request for the inspection of meat slaughtered for local consumption

tion should not have been made at Toronto instead of at Ottawa. It involves a question of local and federal jurisdiction; and it is to be feared that any proposal or suggestion, coming from the federal authorities, would be seized upon as an excuse for a cry of invading Provincial rights. The object to be served by inspecting meats slaughtered for home consumption is, of course, a laudable one; but the federal Government has no desire to obtrude itself into the Provincial sphere; nor should the duty laid upon the Provincial administration in this matter be unloaded upon its shoulders.

With regard to the second request, that for compensation for all animals seized and condemned as unfit for food, it seems to us that it is rather a large one. One does not require much reflection to reach the conclusion that to grant it would be to open the door to serious abuses. Under such a regulation, all that would be necessary to turn into money an animal damaged or worthless by disease would be to have it slaughtered for food purposes and then submit it to inspection. The man who deals in animals for food purposes may reasonably be called upon to prevent any others should be paid for by the State when they become legally unsaleable. Certainly, whatever arrangements are made, Parliament cannot afford to open the door to the establishment of a trade in working off diseased food animals at the expense of the public.

A GREAT BUSINESS.

The life insurance interest of the Dominion is a very important one, and is constantly increasing. The business increased last year to the extent of \$33,090,428, the total insurance being nearly 5 per cent. greater in 1908 than in 1907. The Canadian business as reported to the Government by the companies was as follows:

Table with 2 columns: Year (1907, 1908) and Total (1908 carried over). Rows include Canadian, United States, and British life insurance figures.

Of the 23 Canadian companies, 9 do business outside of Canada as well as in it. The assets of the Canadian companies total \$138,398,259, among the items being:

Table with 2 columns: Item and Amount. Rows include Real estate, Loans on real estate, Loans on collateral, Loans on policies, Stocks, bonds, etc., and various other assets.

BRITISH TAXES.

The distribution of taxation in Britain is clearly set forth by a statement recently published by the British Government. From this statement it will be gathered that the property and income tax yields the largest single item to the Exchequer, excise duties, and customs, coming next in order.

EDITORIAL NOTES.

Billy Maclean is honored by the Mayor of Hamilton even kicking him. The Cataract Company intimates its intention to carry out its power contract of last year. Why should it not do so? Aid. Allan is fortunate in incurring the bitter abuse of the anti-Hamilton power monopoly organ. Why should its masters thus seek to bring him popularity? It is somewhat amusing to watch the efforts of the United States Senate at juggling with the tariff question. The great United States public apparently likes to be humbugged. The Greater Hamilton Association does not want to see the Public Library building sold. It could be used to advantage

if the Library Board could be supplied with the money which its sale would bring. Where is it to come from?

Toronto Fair management announces that Lord Charles Bessford will be one of its attractions this fall. It's a good stroke of business; but we wonder if "Condor Charlie" will take a tumble as to the role he is to play before the grand stand?

Perhaps the swashbuckler of the Toronto World reasoned that if Lawyer Duff was allowed to say hard things about Hamilton, why should he not amuse himself by shying verbal stones at Hamilton's Mayor. But he may learn that there is a difference.

The Detroit Waterworks Department has decreed an increase of water rates of 23 to 66 per cent. The Free Press wonders what would have happened if a similar increase of rates had been decreed by the Street Railway Company? But even with the increased rates Detroiters enjoy cheap water, compared with Hamiltonians.

Those souls of pity for the poor dear robber who was "tortured" by the court clerk's error of reading the verdict "not guilty" instead of guilty go to show that there exists a very maudlin and unhealthy sentimentality regarding brutal criminals. A dose or two of the lash would be more in keeping with the fitness of things.

Rev. Dr. Workman has entered an action for \$5,000 for libel against the Wesleyan Theological College. This is the second action for that amount brought by Dr. Workman and grows out of the plea filed in defence of the first suit. Perhaps, when these cases get into court, the public may be enlightened as to the causes leading up to the difficulty.

We publish to-day a letter from Mr. Morgan regarding the Patriotic Fund, accompanied by a letter from Mr. W. C. Warren, a South African veteran. Mr. Warren, we believe is more or less of an invalid, having contracted rheumatism on the veldt. Mr. Morgan's request for some statement by the Trustees as to the funds is a reasonable one, and should receive proper attention. Silence on the part of those in charge of the fund should no longer be maintained.

The statements presented at the meeting of the Anglican Synod are of the most encouraging character, indicating great progress and prosperity in the church. There has been a gratifying increase of membership and the finances of the Synod are in a healthy condition. In his address, Bishop Dumoulin gave expression to the opinion that church union was well within the range of possibility. The kindly feeling prevailing among the different Christian denominations is one of the most hopeful signs of the times.

"Autonomy" is a term which is used chiefly as an expedient by those Canadians who desire that their country should continue to enjoy the benefit of British naval protection without paying anything for it.—Hamilton Herald.

And "patriotism" and "honor" are terms which are used chiefly by a certain class of mouth loyalists to describe their own crank ideas as being infinitely superior to those of the average Canadian and form the basis for insults aimed at men against whom no charge would lie. Such "patriotism" is well described as "the last refuge of soundless."

A local contemporary is worrying about why Chicago meat packers have been making sales to the British War Department. It reasons that the British War Office is not to blame, as it buys where it gets the best and cheapest goods. It thinks that "either the Canadian packers were not in a position to handle the contracts or else their price was prohibitive in competition with that of their American opponents." We half suspect that it is right. As long as the Canadians are able to get the prevailing prices for Canadian meats, we are inclined to think that they will not sell the goods at a lower figure even to sell to the War Office. And we cannot find it in our heart to blame them.

The New York Times fears that Britain and Germany are helplessly committed to a burdensome and perilous struggle which may at any time bring on war. Goldwin Smith thinks it is too likely that they are, unless "reason and justice can get the better of militarism and of its confederate, protectionism, of which at present there is not much sign." He thinks that it is unfortunate that the press of both nations is inflammatory. "Journalism has," he says, "of course, vastly improved within the last half century in literary ability and in news. But whereas a couple of generations back its chiefs felt something like the responsibility of statesmanship, the ruling motive now is too plainly circulation, with sensation as its source."

A TAINTED LOAN? (The Financial Post.)

The Ontario Government loan continues to make some headway although no very strong interest has been aroused. Local dealers who circulate their customers or otherwise advertise the bonds, are receiving a few inquiries for small amounts. It was reported to the Post yesterday that two or three of the best U. S. bond firms had written saying they could do nothing with the issue owing to the underlying power taint. It is rumored, too, that the Government will again have recourse to short-term notes in case this issue is not all subscribed—an unfortunate position to take in a weak bond market.

"He made a hit with me," remarked the at, as the champion slogger of the team faced the opposing pitcher

THE HOLIDAYS. (Toronto Star.) Society is nearly ready to tuck itself away in its summer cottages and take on tan.

LEFT BEHIND. (Toronto News.) Certainly news not improved lately for the man on a small fixed wage or income.

LET MEN TEACH. (Toronto Mail and Empire.) Let the Chinese man be converted by men, and the Chinese women, if there should be any in the country, by women.

CHEER UP. (London Globe.) "Bill," said the invalid's friend "I've come to cheer you up a bit like. I've brought you a few flahs, Bill. I fought if I was too late they'd come in 'andy for a wraaf, yer know. Don't get downhearted, Bill. Lummy, don't yer look gaashly! But there, keep up yer spines, old sport; I've come to see yer and cheer yer up a bit. Nice little room yer 'ave ere, but as I sez to myself when I was a-comin' up: 'Wot an ockard staircase to get a coffin dahn!'"

LIGHTNING. (London Free Press.) To escape danger don't take shelter under a tree, don't stand on the plain near a body of water; don't stand over a spring if you know it. To protect your buildings a rod is found efficacious.

CHINESE JOHN. (Grimsby Independent.) Mr. John Chinaman will soon take to the missionaries. He will learn their ways, he will sing psalms and say prayers, he will put on American clothes, he will cut his piggee tail, he will go to Sunday school, he will carry his Bible under his arm, he will be a good Christian boy, all on the surface, but deep down in his villainous heart he is on the look-out to do the other fellow, or in other words, to do the other woman or girl, because you never saw his dozen Christmen in the world converted by a man. There must be a woman in it or John will not Christianize.

AFTER-DINNER SPEECHES. (Toronto Farmers' Sun.) M. E. Nicholls, of the Winnipeg Telegram, speaking at one banquet held in connection with the Imperial Vess Conference, declared that Canada should contribute a Dreadnought or its equivalent to the British navy. Sir Hugh Graham, of the Montreal Star, in the course of remarks, offered on another of these festive occasions, expressed a feeling of shame because, as he said, the Dominion had been sponging her defence at the cost of the empire for so long a time. Evidently, in some cases, at least, the social and political attentions paid the Canadian delegates to this press conference are having the desired effect.

AN OLD HERALD TRICK. (Toronto Globe.) It appears from the last mentioned paragraph that the Herald knew where to go for the truth. The leading article on March 23, under the heading "The Wearing of the Stars," was the first article in the Globe on the question. Had the Globe turned tail later on its own ideas one would assuredly find in that first article some statement in favor

of a contribution of a battleship or its money equivalent. The Herald went there expecting to find some such statement. The extract printed shows that the Globe urged that Canada should do more than her share of turning Dreadnoughts from the stocks. The Herald most dishonestly suppresses the fact that the Globe in the same article declared for Canadian control of Canadian ships of war, the policy afterwards unanimously adopted by both Liberals and Conservatives in the House at Ottawa.

DAMAGING THE COUNTRY'S CREDIT. (The Financial Post.)

An English investor, who of late sent a May bond list by one of the local firms in his reply says that when speaking of Canadian securities he is "met with the answer that the late, late, make the Ontario Legislature has alarmed investors in this country who have lost confidence in the security that they had fully believed was assured to them in Canada. It was the general opinion that Canada which to invest and that its legislators and its Government were themselves guarantees of security. You may obtain investors here, but people are much alarmed and there is great hesitation in the financial world."

FARMERS AND MILITARISM. (Goldwin Smith.) It is time that the farmers of this country should watch the growth and challenge the designs of militarism. To the farmers a reasonable patriotism they are ready to respond, but not to the demands of an ambitious policy which aims at dominion in every part of the world, and maintaining and constantly keeping on foot such an army and such a navy as that policy requires. They are not unrepresented in our Parliament. That we know. But their representatives there come under social and political influence which has little to do with the farm. The same may be said of the city press, which is under urban influences, political and social, of a special kind. The farmer makes up his own mind to what length of a military policy he is prepared to go.

APPEAL WAS DISMISSED. (Sisters of St. Joseph Win an Important Case.) The appeal by Mrs. Elizabeth Long, of New York, the mother of two infant female children, from an order of Mr. Justice Britton, refusing to direct that the children be committed to her custody by the Sisters of St. Joseph of Hamilton, has been dismissed with costs. The court finds that Mrs. Long, who has not discharged the onus of proving that the children will be better off with her than where they are. But it is suggested that the Children's Aid Society might make inquiries in New York as to the probable effect of transferring the girls to the mother's custody. This is a very important case, bearing in mind the care of neglected children. Mr. M. J. O'Reilly, K.C., has acted for the Sisters of St. Joseph through all the courts, and has finally won. In Donnelly vs. the Bell Telephone Co., J. R. Marshall, for defendant, moved to dismiss the appeal by the Manufacturers' Natural Gas Company from the order of Chief Justice Meredith, dismissing their appeal from the report of Geo. B. Douglas, official referee, in the action of Henderson vs. Manufacturers' Natural Gas Company to recover the price of gas supplied by plaintiff to defendant under contract in writing the action having been referred to him under the arbitration act by Mr. Justice Britton.

HOTEL MEN FINED TO-DAY.

Two Liquor Cases in Dundas—Coming Big Picnic.

Dundas, June 24.—Among visitors in town during this week were: Frank Greenwood, Grimsby; Mrs. Clergy, Montana; Miss Foote, Brantford; Geo. Harris, Toronto; Miss Emma Porter, Gore Bay; Mr. and Mrs. Lewis, Windsor; Mrs. Woodlams and daughter, Ethel, of Calgary; Geo. Currie and Richard Mc. Kenny, Wymore, Neb.; Mr. and Mrs. E. A. Rowlett and Miss Anderson, Toronto; Mrs. Simpson and Mrs. McVeikar, Guelph; Miss Rhoda Buttery, Toronto; W. H. Brown, New Haven, Conn.; Mr. and Mrs. Ed. Batty, Miss Helen Batty and Thos. Batty, Norwich; Wm. Woodhouse, Toronto.

Among visitors out of town the past few days were Miss Grace Pennington, in Brantford; Mr. and Mrs. W. E. Lyons, in Toronto and Brantford; Miss Corrie Horning, in Milton; W. W. Forsythe, Toronto. Recent examinations at different seats of learning show that Dundas is keeping up its reputation for clever students. At the recent examinations at the Royal Military College, Kingston, the name of Jamie Brantford was found in the second year list, and at the examinations at St. Michael's College, Toronto, the names of Johnnie Sullivan and Mark Robertson stand out conspicuously. Arrangements are about completed for the annual picnic at the House of Providence on Dominion Day. The programme for the day is one of more than ordinary merit and attractiveness. The 7th Regt. Band will render a choice programme; R. Mullin, humorous vocalist; Gordon B. Fleet, national dancer, with the pipers, St. Joseph's Dramatic Club, and Wilson, Spruhan and Soubrier, acrobats, will complete the programme, besides the usual games and sports. Before Mayor Lawson and W. H. Moses, J. P., this morning, Alex. Crooks, of the Melbourne Hotel, was charged with being in his bar after hours. He pleaded guilty and was fined \$20 and costs. At the same court James McCordie, of the Osborne Hotel, was charged with allowing liquor to be consumed on his premises after hours, and was fined \$50 and costs. Miss Grace Pennington leaves on Saturday for Edmonton, Alberta, where she

will take a position with P. H. Davidson, in the bursar's office at the University of Alberta.

Wm. Scott, of the Bank of Hamilton staff, and P. McMahon, of the Bank of Commerce staff, have gone to Muskoka for two weeks' holidays.

Mr. D. A. Hyslop, of Greenville, and Mr. Wm. Robinson, of Ansonia, left on Tuesday on a six weeks' trip to England.

The Grafton scholarship, given annually for proficiency in the High School, has, after a very keen contest, been awarded to Miss Bessie Moss, daughter of ex-Mayor Moss, who obtained 3,000 marks. She was followed by Miss Edna Mallett, 2,800, and John Bonham, 3,887.

Coming events: June 27—Special services in Salvation Army hall, at which Major and Mrs. Green, of Hamilton, will preside. Monday evening following, good programme of music, solos, song-recitations, etc.

June 29—Annual garden party at St. James' rectory.

July 1—Baptist Church lawn social.

July 1—House of Providence annual picnic in Dundas.

July 10—B. Y. P. U. excursion to Niagara Falls.

TWO WEDDINGS.

(Special Despatch to the Times.) St. Catharines, June 23.—St. Thomas' Church was the scene of a pretty wedding at 5 o'clock this afternoon. The contracting parties were Ethel Irene, eldest daughter of ex-Ald. Geo. F. Ecclestone, and Harry James Hindson, of Buffalo. The pastor, Rev. N. I. Perry, M. A., conducted the ceremony, at which a large number of invited guests were present.

In the presence of about fifty guests the marriage was solemnized at 4 o'clock this afternoon of Charles Morley Garner, of Garner Bros., grocers, and Miss Caroline Widdis, daughter of William Widdis. The ceremony took place in the new home of the contracting parties, Rev. Vernon H. Emory, of Picton, officiating.

WORK OF FIREBUGS.

Goshen, N. Y., June 24.—Fire to-day destroyed the lumber yards of the W. M. Sayer estate, the Olivet Presbyterian Church, two residences and several small buildings. Assistance was called from Middletown and Chester. The fire is believed to have been of incendiary origin. The lumber yards have been burned four times within the last few years. The loss to-day was \$40,000.

Fortune never smiles on a man who stares her out of countenance.

MONOPOLY CLAUSE IS NOT TO APPLY.

Solicitor Lobb Gives the City Assurance Power Will Cost Over \$20.70.

A settlement of the power question, which has been the storm centre of municipal affairs in Hamilton during the three years it has been under discussion, is believed to be possible as a result of an assurance given the special committee of the Council last night by Solicitor Lobb that the Hydro-Electric Commission and the electric utility parties to the contract, will waive the monopoly clause for this city and permit it to buy a thousand horse-power, without forcing it to take any more. The probable outcome will be that the city will order a thousand horse-power under these conditions, and at the same time carry out its contract with the Cataract Power Company. The aldermen have an idea that they can now see their way out of the fix they are in through the mix-up by using power from both sources.

CATARACT COMPANY'S STAND.

The first official intimation the local company has given that it will insist on the city carrying out the power contract made by last year's Council was contained in the following letter received by Mayor McLaren yesterday afternoon at 4 o'clock:

A great deal of talk is going on in the papers about the matter of supply of power to this city corporation for its civic uses. It seems to be entirely lost sight of in this newspaper discussion, that the city has now with this company a contract for a supply of power for these services, which contract was entered into by us in perfect good faith, and aside from any question of fair dealing between the city and this company, we hold this contract to be good legally, and hope the city will stand on its side of the agreement. We will be pleased to hear from you in this connection. Yours truly, Wm. C. Hawkins, General Manager.

ABOUT THE MINUTES.

The meeting opened with Ald. Morris protesting against the minutes of the last session being certified to by the aldermen and going forth as an official result of the meeting. This was not necessary, he thought. It should be sufficient to have the motion and main facts recorded. A majority of the committee thought otherwise, and approved of the minutes.

MUST PAY FOR ALL.

Solicitor Lobb, who was accompanied by two of the Commission's engineers, answered most of the questions which the aldermen at the last meeting expressed a desire to have information about.

The first of these was: "If we order 1,500 h.p. and afterwards reduce to 900 h.p., will we get 900 h.p. at the same rate as 1,500 h.p.?"

Mr. Lobb's direct answer to this question was: "No."

The city had until July 1, he said, to reduce the amount of power 40 per cent. The capital cost was already fixed, once and for all. It was roughly estimated at \$5,000,000 and took care of 25,000 horse power. There was this natural and mathematical increase the more the quantity was reduced. The whole scheme was that the greater quantity taken the lower the price would be.

The Mayor wanted to know whether the city's share of the maintenance did not go on all the time, irrespective of the amount of power used. The more power London and Toronto took would immediately reduce the cost on the main line from the Falls to Dundas.

City Engineer Macaulum estimated that the city to begin would require 1,300 horse power, made up of 1,000 horse power for the Beach pumps, 200 horse power for the sewage disposal works and 100 horse power for the quarry.

Mr. Lobb insisted that whether Hamilton used a single horse power or 25,000 horse power the price at the Falls would be \$0.40.

"Supposing we used 750 horse power after having ordered a thousand horse power, we would pay for 750 horse power at \$0.40 at the Falls and pay for maintenance on 1,000 horse power?"

"Certainly," said Mr. Lobb. "That will be \$11.30 for maintenance."

"Yes."

Mr. Lobb informed the aldermen that using 750 horse power the city would have to pay \$20.70. He explained that under the contract the commission was obliged to meet annually and adjust the prices.

E. B. Merrill, the electrical expert, who is assisting City Engineer Macaulum, was asked this question: "Is it possible to use 13,200 horse power direct from the lines at the Beach pumping station, and, if so, will we require transformers to bring it back to the sewage plant and the quarry?"

His answer was that it was feasible to handle the 13,200 volts direct from the lines without transformers. It was also feasible to branch off the main line without going to the Beach to carry the power to the sewage disposal works and other points, and whether it could be used at these places would depend on the amount. It would not be advisable to try to use it below a hundred horse power. The cost of a transmission line to the disposal works and quarry he figured at from \$1,000 to \$1,500 a mile.

MUST PAY LINE LOSS.

Ald. Cooper pressed for information about the line loss and where the meter was to be placed. Mr. Lobb informed him that the meter would be at Dundas and that the line loss of from 4 to 6 per cent. was estimated in the cost of power quoted to the city. Toronto, he said, paid all the line loss on the line from Dundas to Toronto, just as Hamilton would pay on the line loss from Dundas to the Beach.

Engineer Ross admitted the Mayor's contention that there was ten miles of line from Dundas to the Beach on which Hamilton would enjoy no reduction. The city would have to pay the whole cost of this maintenance.

Replying to Ald. Cooper, Mr. Lobb said that, all things being equal, Hamilton would get power at the same price as the other municipalities.

Ald. Morris understood Mr. Lobb to say that Hamilton could have the meter at the Beach, if it wanted it there. What Mr. Lobb did say was that Hamilton could have one at the Beach also, for any difference it would make, and Engineer Ross further explained that it made practically no difference to the commission or the city where the meter was, as the city must pay its share of the cost.

Ald. Morris wanted to know in what position the city would be if it wanted small additional quantities of power

from time to time. Mr. Lobb said that the commission was forced to take power in units of a thousand horse power at Niagara, but as it was only obliged to use and pay for seventy-five per cent. of this, it would generally have enough ahead to meet the demands of any of the municipalities. The engineers informed his Worship that the cost of maintaining the line from Dundas to the Beach would be trifling, about \$10 a year, and said this was included in the \$3.82 added to the \$9.40 for the price of power at Niagara.

The Mayor also sought information as to the cost to Hamilton should its use of power run above a thousand at periods of the year. Mr. Lobb said the computation would be made monthly, and as long as the city did not use less than 75 per cent. of what it ordered it would only be expected to pay for what it used.

POWER BY DECEMBER 19.

Questions about the time when the Commission expected to be in a position to deliver power, the solicitor furnished some rather interesting information. He said that the contracts called for 175 miles of the transmission lines to Hamilton, Toronto, London and Guelph being completed by December 19. The Westinghouse Company had the contract for equipping the main station at Niagara Falls, and the main sub-station at Dundas. Although it was not generally known, and although all the technical details were not complete, the company had started some months ago on the contract and he had the assurance of the Westinghouse people that they expected to have the stations equipped by December 19. If this was the case, Hamilton would have power by that date. The Commission was not obliged to take any power before March 19, 1910. Municipalities with contracts would have to take the minimum amount of power by that date or pay for it in any event.

Answering a question by the Mayor, Mr. Lobb stated that should Hamilton drop to 500 horse power after having ordered a thousand horse power, the price of power would remain at \$0.40, with the fixed charges for a thousand, for the quantity actually used unless the commission had ordered more power than was being used by the several municipalities, in which case the cost of power to Hamilton would increase proportionately.

Reducing the Hydro power to 2,200 volts for the sake of comparison with the Cataract figures, Engineer Merrill said that it would cost \$12.25 at the Beach for the Niagara power, and \$19.75 at the annex sewage disposal plant.

Ald. Jutten wanted to know if the city took any power if it would be held down by the clause which stated that power should be taken from the Commission exclusively. Mr. Lobb said there was a clause which said that the Hydro contract was not to interfere with existing contracts. The city he said could build its own line from Dundas to the Beach if it desired.

NOT BOUND BY MONOPOLY.

"The City of Hamilton," said Mr. Lobb, "might not desire to take all its power from the Commission, and I have taken the pains to inquire from the leading municipalities whether they will insist on the clause being adhered to and they state that they will not, that if Hamilton applies for power it can get what it asks for. As Hamilton is not a party to the contract, only the parties to the contract are bound."

Mr. Lobb admitted his worship that when he was discussing the matter with Mr. Beck he told the Mayor that Hamilton would have to take all its power from the Commission, but it was supposed at that time that Hamilton was a party to the contract.

The aldermen wanted to know what form they would have to go through to make application and were referred to paragraph eleven, which says that after a municipality makes application the other municipalities shall be notified together with the applicants, when all representations will be heard by the Commission.

"What will the answer be if Hamilton asks not to be bound? What will the Commission say?" was one of the questions fired at Mr. Lobb.

"I have authority to say to you as far as can be made final that the clause will not be insisted on in Hamilton's case."

"And you won't ask a profit?" ventured the Mayor.

"The price will be absolutely the same as given to the other municipalities."

Mr. Lobb admitted that 1 and 8-10 per cent. for the sinking fund was the correct amount to compute on the line and price of power.

The Commission did not own the right-of-way for the lines, but had a thirty-year lease, with the option of leasing for another thirty years. With proper care it was expected the steel towers would last fully that length of time.

Ald. Allan wanted the terms officially in black and white before acting.

"Supposing you are informed by letter to-morrow you can have a thousand horse-power and that you will not be bound by the clauses referred to, will you be ready to make application?" was asked by Mr. Lobb.

"I will be ready to deal with it," was the reply.

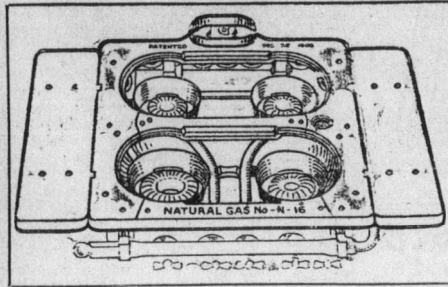

"Then you can get it at once," said Mr. Lobb.

The Mayor said he was not doing much worrying, but in view of the fact that the matter had been mentioned during the election, he wanted to know where the city would be at if the Cataract was able through the courts to enforce last year's contract.

Mr. Lobb's reply to this was that the city could make application as contingent on the result of any litigation the Cataract might bring, and the Commission would deal with it.

GARDEN PARTY

First of Series of Three at Mr. F. W. Brennan's.

Although the downpour of rain yesterday kept many away, the first of the series of three mission garden party concerts at the home of Mr. and Mrs. F. W. Brennan, corner of Main street and Ontario avenue, last evening was a delightful affair, and was enjoyed by a goodly number. The spacious house and large grounds were brilliantly illuminated and a commodious tent was becomingly decorated and made a fine place for coffee, ice, bonbons, fruits, etc. Mr. W. T. Evans presided and an excellent programme was provided. It consisted of: Song, Mr. J. Moodie; song, Miss Margaret McCoy; address, Mr. Hugh S. Brennan; song, Mr. F. Murphy; song, Mrs. Clyde Green; song, Mr. E. G. Payne; song, Mrs. Parry; address, Rev. R. Whiting, of Centenary Church; song, Miss Jerome; address, Rev. Jos. McCoy; song, Mr. Williams. Mr. Harry Allan was accompanist.

ONE SECOND IN ONE OF MRS. RUSSELL SAGE'S "GOLDEN HOURS, AND WHAT IT MEANS.

The touch of Midas never wrought such piles of gold as Mrs. Russell Sage, widow of the "miser of Wall street," has set herself to give to humanity in the next five years. By July 1, 1914, if she is living then, she will have only a small competency, and the world's people will have her \$65,000,000 fortune, one of the greatest ever built.

Men like Carnegie and Rockefeller never dreamed of giving away so much money in their lives, but a woman, and she past 80, is doing it. Mrs. Sage's ideas about money-giving have just been made known through her plan to insure lives of working-men without profit. The figures staggered Miles Dawson, a fire insurance expert, who was hired by Mrs. Sage to make her plans.

He told her such a scheme never was thought of. "It will cost you \$50,000,000," Mrs. Sage, before acting the "system," he told her.

"Never mind," was her answer, "I'm going to give \$65,000,000 away in five years."

So Expert Dawson engaged Dr. Lee K. Frankel, the Hebrew philanthropist, to assist him, and their figures have staggered New York.

Besides such an undertaking as Mrs. Sage's latest, her previous benefactions stand small, though beyond the belief of the average rich man. Last year alone she gave away \$13,875,000.

Women's Column

MADE A HIT.

Crack Highland Regiment Admired by Visitors.

Hamilton's crack Highland Regiment, the Ninety-First, made a great hit last night with the big crowd of race visitors, who lined the street along the route of march. It was the final brush up in preparation for the Buffalo trip, and the men paraded over 350 strong, notwithstanding the sultry weather. The regiment, headed by the three bands, marched up James street and through the centre of the city. It was too warm to indulge in any strenuous work, and the parade was dismissed when the regiment returned to the drill hall.

Some disappointment was expressed because no word was received from the military authorities of the district as to whether they are going to refuse the regiment permission to cross the border on the holiday. Lieut.-Col. Bruce expects to know some time to-day, however, whether there is any truth in the report that the trip may be cancelled.

SIX HOURS' FIGHTING

Would Put the French Fleet Out of Commission.

Paris, June 23.—The report of the Parliamentary Commission which investigated the naval scandals in France has been turned in. It is a scathing condemnation of the naval administration for the past ten years, and is makes astounding exposure of the deplorable condition of the fleet for which France has spent \$700,000,000 since 1899.

The 350 pages of the report are filled with details of the inefficiency resulting from confusion and red tape, conditions that make French naval construction cost 25 per cent. more than English or German.

Perhaps the gravest feature of the exposure is the lack of reserve coal and ammunition supplies at the various ports and arsenals. One officer testified before the commission that at the end of a naval battle of six hours the ships would find it impossible to replenish and would be virtually out of commission.

Canon Welch was presented with \$1,000 and Mrs. Welch with a silver tea service by the congregation of St. James' Cathedral, Toronto.

Struck by Lightning. Paris, Ont., June 23.—This afternoon, during a heavy thunderstorm, Mr. Jerome Kinsley was struck by lightning and remained unconscious for upwards of half an hour. He was standing in the door of the lumbermen's hut in Mr. Lapierre's bush, holding the horses, when the bolt struck him and three of the horses. Both Mr. Kinsley and horses will recover. During the same storm a barn belonging to Miss Clump, two miles east of here, was struck.

Three women were injured while alighting from street cars at Toronto on Wednesday.

DIED ON GREEN.

Charles Boeck Stricken While Bowling at Granite Club.

Toronto, June 24.—Mr. Chas. Boeck, a director of the United Factories, Limited, while defending the Hargratt trophy for the Granite Club against a rink from St. Matthews on the Granite lawn about 7 o'clock last evening, suffered a stroke of apoplexy and expired almost immediately. With seven other well-known bowlers, Mr. Boeck played

singles in the match, and early in the contest had just delivered a bowl when he was overcome. Dr. B. E. Hawke, who was watching the game, rushed to Mr. Boeck's side, but he could do nothing, as the player was beyond human aid. The body of Mr. Boeck was taken to his residence, 244 St. George street, the match meanwhile being declared off.

A special cable despatch to the London Times from Constantinople says the rumors of military activity on both sides of the Greek frontier must be received with great caution. On the Ottoman side rumors of mobilization thus far are as untrue as similar reports from Thessaly proved to be.

ONTARIO BANK.

The Referee's View of Chas. McGill's Evidence.

What the Officers' Guarantee Fund Was Used For.

Toronto, June 24.—Taking his place at the head of the table on which were strewn ledgers and stock transfer books, Charles McGill, the former manager of the Ontario Bank, at noon yesterday, before Official Referee George Kappelle, proceeded to tell of transactions involving 295 shares of stock, to the value of \$20,500, that appear against Richard Hall and C. Magill on the list of contributors of the bank.

"I am trying to keep my spirits up," said McGill yesterday, "and I think that I have succeeded admirably well. I have had a lot to contend with, and I think I could hardly be expected to recollect details of the transactions in which directors were the prime movers years ago. I never had occasion to refer to the books, so you can readily understand why I pause before answering some of the questions put to me. But just as soon as I peruse the books the conversation seems to come to me."

In the case mentioned the liquidators treat Hall and McGill as being responsible for the 295 shares, as absolute owners, and "no trust."

Mr. C. A. Moss appeared on behalf of Mr. Richard Hall, of Peterboro'. "Do you propose to examine McGill?" asked Mr. Kappelle, on Mr. Moss's request.

"I don't care to examine McGill," rejoined Mr. Moss in reference to Hall. "That is for someone else to do. Mr. Hall did not authorize Mr. McGill to transfer the stock to him; in fact he did not know anything about the transaction."

"I just propose to show that this stock stands to the credit of the officers' guarantee fund," broke in Mr. Gideon Grant, counsel for McGill. "The transfer books show that."

Mr. Moss stated that he also appeared on behalf of J. B. Collins, J. C. Reid, W. G. Reid, E. C. Reid, Mrs. M. A. Haslett, Mrs. Isabella Rogers, James McNeil, Mrs. M. Dickenson, Mrs. C. Dickson, Mrs. E. Walsh, Mrs. Ethel R. Heaven, Mrs. Ella Barwick, Mrs. F. E. Payne, whom the liquidators are seeking to hold as contributors. They represent a total of 120 shares.

"Are you satisfied with McGill's explanation of the transfer of these shares as explained or him yesterday?" asked Mr. Kappelle of Mr. Bicknell, K. C., referring to the Hall case and the other clients represented by Mr. Moss.

"The evidence is," proceeded Mr. Bicknell, "that the officers' guarantee fund was practically nothing but a name; that McGill had instructions from the directors to support the stock of the bank if, in his opinion, it became necessary; that no minute of these instructions appeared in the minute books; that the making of a minute book was omitted, advisedly, and by the direction of the directors; that the instructions to McGill to support the stock were never countermanded; that McGill said that from time to time the directors learned from him that the bank was buying and selling shares with its own funds, and that the money used for that purpose was placed to the credit of the officers' guarantee fund."

"This evidence may be applicable to the other cases," concluded Mr. Bicknell. "I think you have covered the ground thoroughly," said Mr. George Kappelle. According to McGill's evidence, the officers' guarantee fund was a device for the bank to buy and sell its own shares. That must be my finding in reference to this case, but it is only a question of fact; the law is another matter. Let it be understood that this is not my final decision, because the cases before me are only partially completed.

"I don't think we would gain any ground," concluded Mr. Kappelle, "by continuing the investigation. Many of the lawyers are going away for summer vacations, and it might be well to let the matter stand until September."

This was agreeable to Mr. Bicknell, who added that he had no desire to hurry the matter along.

Mr. Moss intimated that, so far as his clients were concerned, his contention was that the bank having taken hold of the stock in question from time to time, it had destroyed the nature of the stock, and therefore his clients could not be held liable for it.

McGill will be taken back to Kingston this morning. It is not likely that he will be brought up again when the inquiry is resumed.

HOT IN PURSUIT.

Hunting Down British Columbia Train Robbers.

Vancouver, B. C., June 23.—The pursuit of the bandits who held up the express at Ducks yesterday is hot. Provincial police, C. P. R. police, Thiel detectives, and a picked body of the Royal Mounted Police have joined in the chase. Mr. W. W. McLeod, manager of the Thiel service, left for Ducks yesterday. Armed men, largely composed of Indian trackers, are scouring the country in the vicinity of the hold-up.

Horses stolen in the neighborhood indicate the method the bandits employed to get away. Sheriff Woods, Constable Batchelor, and an armed escort left Kamloops for Cherry Creek, west of the city, on receipt of a telephone message from a section man that four men had tried to sell a boat there last night.

REFUSED THE PRISONER. Sheriff Said That George McSweeney Was Too Ill to Go to Jail.

St. John, N. B., June 23.—Although Policeman Crossman had commitment papers, and his prisoner, George McSweeney, proprietor of the Brunswick Hotel, at the jail door, Dorchester, N. B., last evening, Sheriff Willett, with a doctor's certificate in his hand stating that Mr. McSweeney was not in a fit condition to go to jail, refused to allow the officer to enter with his prisoner. McSweeney was released and returned to Montreal.

WHO HE IS.

KAISER'S DAUGHTER SAID TO HAVE PICKED HER HUSBAND.

"Fritz Strelitz" the Man Whom She Will Make Happy—No Truth in Report She Will Wed Youth Who May Be Emperor of Austria.

German and Austrian newspapers begin to show remarkable fertility of invention in finding a future husband for the German Emperor's only daughter, Princess Victoria Louise. This young lady is approaching marriageable age—she will be 17 in September—and is rapidly leaving off childish things, but nothing is more certain than that neither she nor her parents are thinking of an immediate wedding.

One of the most persistent rumors is that which links the names of Princess Victoria Louise and the 22-year-old Archduke Charles Francis Joseph, the son of the late Archduke Otto and heir presumptive to the Austrian throne after his uncle, Archduke Francis Ferdinand. There is not a word of truth in this rumor, for the first and simplest of reasons that the bar of disparity of religious belief cannot be got over. The German Emperor and Empress are both Protestants and never would consent to their daughter marrying a Catholic and changing her faith.

COURT STRICTLY CATHOLIC.

A case like that of the Queen of Spain is inconceivable in the royal house of Prussia. There have been cases of members of other German reigning Protestant families embracing the Roman faith and to a still more frequent extent the Greek faith, but among the Hohenzollerns, never. Nor would the traditions of the Austrian Hapsburgs permit of any such union. The intensely Catholic court of Vienna could not endure to have a Princess brought up on somewhat narrow Protestant lines enjoy the vast Catholic patronage which belongs to an Empress of Austria and Queen of Hungary.

It might also be remembered that the mother of the Austrian Prince, Archduchess Maria Josepha (who, by the way, is a sister of the King of Saxony), is regarded even in Austria as one of the most devoted of Catholics, a woman who never would consent to her son marrying a Protestant Hohenzollern.

"FRITZ STRELITZ" THE MAN.

The Austrian union is out of the question, but there can be little doubt that the matrimonial fate of Victoria Louise is sealed and that her future husband will be the coming Grand Duke of Mecklenburg-Strelitz, "Fritz Strelitz," as he is called at the German court. He is a young man (aged 27), of irreproachable conduct, but as Emperor will see to it that his only daughter has a big dot. It is computed that she is to have about \$1,750,000 as a dowry, and there is, moreover, gossip that the imperial family's recent policy of saving was adopted mainly with a view to the future glory of the Princess.

With regard to the Austrian heir presumptive's nephew, the princess, who has the best chance of getting that exalted bridegroom is 18-year-old Princess Maria del Pilar, of Bavaria, a most serious Catholic and at the same time one of the most brilliant and accomplished of the younger princesses of the Wittelsbach line. She is the daughter of the famous Bavarian Prince Louis Ferdinand and his wife, Maria de la Paz, a Spanish infanta. Louis Ferdinand has been well known for 20 years as an oculist. Maria del Pilar is a dashing sort of a girl, knows all about horses and dogs and is a first rate tennis player. But her fortune will be a small one—not a serious consideration in view of the enormous wealth of the Hapsburg family.

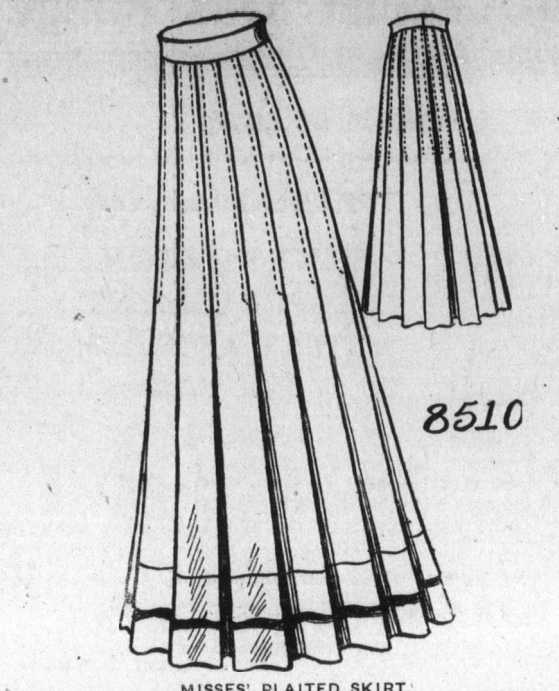

WATER SUPPLY.

Winnipeg Mains Badly Damaged Through Electrocution.

Winnipeg, June 23.—That the known damage to the city domestic supply and high pressure water mains through electrocution amounts to thousands of dollars already, and that it is possible that a great many water mains in the central portion of the city are very seriously affected through the currents of electricity escaping from the street car rails, is practically the essence of the report presented to the Board of Control this morning by Professor L. A. Herdt, of McGill University, who has been conducting tests for several months.

It shows that they are recognized by reputable medical men as a peerless remedy for diseases of the kidneys, and also that they are now looked upon as a standard medicine by the best people in Canada.

BRITISH WANTED.

To Build Democracies in the Overseas States.

Edinburgh, June 23.—Speaking at the luncheon given the visiting press delegates by the Students' Union, Mr. J. A. Macdonald, of Toronto, said the question of imperial unity had been settled by their conference. Replying to the Provost's welcome, Mr. Macdonald pointed out the significance of concluding their tour at the capital of the unconquered Scottish people. They were proud of what Scotland and Edinburgh had done for the liberty of the world and the strength of the over-seas dominions. The press would fight to give the common man a chance, and fight, if necessary, against the tyrannous crowd democracies could breed, as their sires had fought against the kings. He invited the British people to fill the great lands of the over-seas dominions, where they were wanted to build democracies, free and strong, that would cling to the old homeland.

DR. WORKMAN.

Wesleyan Theological College Being Sued for Libel.

Montreal, June 23.—An action was entered this forenoon for \$5,000 by Rev. George C. Workman against the Wesleyan Theological College, for libel, in his famous heresy case. This action follows that taken by Dr. Workman against the college on April 30 for \$5,000, and is the direct result of the libel entered by the defendant, which the plaintiff claims is a reiteration of the libel, and for which he now seeks a sum total of \$10,000.

Dr. Workman was engaged by the board in May, 1904, to act as professor of Hebrew and Old Testament exegesis, and in May, 1908, the plaintiff claims that he was dismissed without his consent and without any legal or just cause.

BRIGADIER DEAD.

Mrs. Stewart Devoted Her Life to Work of Saving Girls.

Toronto, June 24.—News of the death at Winnipeg early yesterday morning of Brigadier Annie Stewart, of the Women's Social Department of the Salvation Army was received in Toronto yesterday. Miss Stewart suffered a stroke of apoplexy some weeks ago, but recovered sufficiently to be able to start on the journey west in search of health, accompanied by Mrs. Commissioner Coombs. For several days past she had lain in an unconscious condition. The remains are being brought from Winnipeg for interment at Mount Pleasant cemetery on Saturday afternoon.

The late Brigadier Stewart was about sixty years of age at the time of her death. She was a native of Guelph, where, prior to joining the Salvation Army staff, eighteen years ago, she was the head of a prosperous dressmaking business. For many years previously she had been a Sunday school worker in the Methodist Church, but decided to devote the remainder of her life to the work of reclaiming unfortunate women and girls. She became head of the Toronto and Montreal Rescue Homes, and later of the Salvation Army. All of her private resources were used by her in the furtherance of her work, to which she was entirely devoted. By her splendid unselfishness and gentle life she had endeared herself to all of the court and police officials, as well as to the many poor creatures of the underworld whom she strove continuously to help. Hundreds of women in all parts of the Dominion owe their lives and their happiness to-day to Miss Stewart.

"There are so few people in the world who love other people better than they love themselves," said Commissioner Coombs, with tears in his eyes, as he announced the news to his staff.

In the Police Court, Magistrate, Crown Attorney and inspectors all expressed their sorrow at the news. "I have called Miss Stewart at all hours of the day and night. She never thought any trouble too great if it were going to help one of her girls to a better life," said Detective Inspector Duncanson.

A special memorial service is to be conducted on Sunday night at Dufferin Grove by Commissioner Coombs.

MEAT INSPECTION.

Packers Urge Upon Government That Local Dealers be Included.

Ottawa, June 23.—The extension of the meat inspection provisions to local meat business and compensation for animals condemned and seized were urged before Sir Wilfrid Laurier and Hon. Sydney Fisher this morning by a deputation which included representatives of Blackwell & Flavell, Toronto; Laing & Co., of Montreal; Matthews, of Ottawa; Hatton, of Collingwood; Fearman, of Hamilton, all big firms doing both interprovincial and export business. The delegation declared that the provisions of the pure food act to which they were subjected should be extended by Provincial legislation to local butchers and packers who do business in a single Province only and are therefore not subject to the Dominion act. Sir Wilfrid and Hon. Mr. Fisher were urged to use their influence with the Provincial Legislature to have local pure food legislation similar to the Dominion act. The Ministers promised to use their influence to have the request carried out.

DEACON'S PROGRAMME.

The Australian's Premier Outlines His Policy.

Melbourne, June 23.—Mr. Alfred Deakin, the Premier, outlined the policy of his Government before Parliament to-day. An active policy of immigration, he said, would be undertaken, a High Commissioner would be appointed, and an endeavor made to cheapen cable charges and extend the mail service. Col. Foxton, who is now on his way to England, would consult with the Admiralty regarding a scheme of marine defence by the most effective vessels, manned and officered by Australians, and on the construction of the necessary docks and shipyards the establishment of coaling facilities, etc., would be proposed. For land defence, the policy of the Government would be founded on universal training. The counsel of one of the most experienced commanders in the British army would be sought.

FINCH BROS.

CHURCH IS PROSPEROUS.

Growth of Anglicans Has Greatly Increased of Late.

Committee Appointed re Election of a Church House.

Synod Declares In Favor of a New Provincial Synod.

The Synod of Niagara resumed its duties in the cathedral school house yesterday afternoon at 2.30. The first important question was the report of the Apportionment Committee. Mr. Kirwan Martin recommended the adoption of the duplex envelope system for collecting offerings for missions, the offerings to be given weekly, rather than monthly or yearly. The motion was adopted and the report of the Apportionment Committee was adopted as a whole.

The report of the Sunday School Committee of the General Synod of both ecclesiastical Provinces of Canada was read by Rev. R. F. Nie. On motion the synod committed itself to the Sunday School Commissioners' scheme of setting apart the third Sunday of October as children's day and setting apart the collection of that day for Sunday school purposes. An effort is being made this year to raise \$275. A committee of three clergymen and three laymen was appointed to consider the matter and to report at the next meeting of the synod.

A committee was appointed to prepare for the erection, in due time, of a church house or building which will contain offices for the synod and its auxiliary organizations, to prevent the hiring of offices and for its own convenience. The following were appointed to act on that committee: Messrs. Geo. E. Bristol, H. B. Witton, W. Southan, C. S. Wilcox, F. F. Dalley, H. N. Kitten, G. C. Copley, A. W. Kane, F. Noyes, J. H. Collinson, H. White, C. W. Heming, E. V. Wright, Horace Wilcox, H. E. McLaren, W. S. McConnelly.

It was suggested by Lord Bishop DuMoulin that the synod send greetings to the diocese of Ottawa, now in session, and congratulate Archbishop Hamilton of that diocese, on his recent position of metropolitan of all eastern Canada. The suggestion was promptly acted upon.

Greetings were also sent to the synod of Nova Scotia in response to greetings received yesterday.

Rev. Mr. Ker moved a resolution that the Bishop's commendation to strengthen the widows and orphans fund be made widely known throughout the diocese by a circular. The resolution was adopted.

On motion of the chancellor, seconded by R. L. Davidson, the synod resolved that the Bishop of the Province of Ontario, the present incumbent, be re-appointed, and that he be instructed to meet at an early date to consider the catechism in use in the Province of Quebec and to arrange for a joint action of the committees on religious instruction of the synods of the church in Ontario where ever possible. The motion was adopted.

The question was discussed at some length of compelling residents of the United States to live fifteen days in Canada before being married. Many come over from the State of New York and other States to get married in order to escape the publicity of newspaper reports, in which their ages, names, etc., are published. Although the fifteen days' act has been passed in Canada, it is not being enforced, and the synod considered the advisability of having it enforced. His Lordship Bishop DuMoulin thought that this was a very delicate question, and should not be disposed of without considerable contemplation. The question was therefore laid over.

The report of the committee on the state of the church was submitted by P. L. Spencer, and showed that, whereas in previous years the average number had been from four to five hundred; since the year 1907 it had been over one thousand. The total number of communicants of last year was 11,548. This year it was 12,304, showing an increase of 756.

This evening the delegates were entertained by his Lordship and Mrs. DuMoulin at the See House.

REV. LANCELEY

Honored by Ministerial Association of London.

A farewell luncheon was tendered to Rev. E. B. Lanceley by the Ministerial Alliance and Lord's Day Alliance at London yesterday. Rev. W. L. Rutledge was also a guest.

Rev. Canon Hague, president of the Ministerial Alliance, occupied the chair. He expressed the greatest regret at Rev. E. B. Lanceley leaving the city, and assured him that he would be missed by the large circle of friends he had made in London, especially the members of the Lord's Day Alliance and the Ministerial Alliance.

An address was presented to Mr. Lanceley, and was read by Rev. J. G. Stuart, president of the Lord's Day Alliance. Mr. Lanceley came to Hamilton to-day and will attend the joint farewell to Rev. R. J. Trehearn and reception to himself and Mrs. Lanceley at First Methodist Church to-night.

BARNs STRUCK.

Buildings and Stock Destroyed by Lightning in Brant.

Head of Dog That Bit Child to be Sent to Toronto.

(Special Despatch to the Times.)

Brantford, Ont., June 24.—Lightning struck the large barns on the Clump estate near German's Mills, in this county, last evening, and the result was that fire entirely destroyed the buildings, as well as a number of implements and stock. The barns were covered by \$1,800 insurance in The Brand Mutual.

The house of Andrew Rattan, St. Paul's avenue, was also struck and the roof shattered.

John Ladd appeared before Magistrate Andrews yesterday afternoon on the charge of keeping a vicious dog.

On Sunday afternoon while the daughter of Mr. V. Martin was coming home from Sunday school a very large dog, which stands about two and a half feet high, ran out of Ladd's barn and jumped on the little girl, grabbing her by the leg between the ankle and the knee. Mr. Kitchen, an old gentleman, who resides on Terraet Hill and is quite a friend of the Ladds, saw the dog and tried to pull it off the girl, but not until several other men had arrived on the scene was the dog overpowered.

Dr. Ashton was called. He said one leg had been torn by the teeth of a very large dog, the teeth having met in the flesh and marks of the teeth were very plain. There was a space of about two inches between the big teeth, hence the dog had a very big deep wound, one being over an inch in depth. There were also several cuts and gashes. Both legs of the child are very badly swollen and have to be attended daily. The blood stained stockings were produced in court.

The magistrate said that he would see that the head of the dog was procured and sent to Toronto to be analysed.

Rodolphe Forget Gave \$1,000 to Montreal Fund.

Montreal, June 23.—There is jubilation in the camp of the Y. M. C. A. campaigners to-day over their \$320,000 building fund achievement, but the pleasing feature of excellence was the announcement that Rodolphe Forget, M. P., a French-Canadian and a Roman Catholic, had given \$10,000 to the fund. Small sums were also received from different members of that faith.

TRAPPED IN COAL MINE.

Seventeen Killed and Sixteen Injured in Explosion.

Fire and Black Damp Retard Work of Rescue.

Women Relatives of Entombed Miners Wanted to Help.

Wehrum, Pa., June 23.—As the result of an explosion of gas (already reported in the Times) in mine No. 4 of the Lackawanna Coal & Coke Company shortly after 7 o'clock this morning, seventeen miners were killed and sixteen injured. With the exception of one, all killed were foreigners.

The mine is burning fiercely at several places, and deadly black damp is pouring from the mouth, effectually preventing systematic rescue work.

Large quantities of oxygen and oxygen tanks have been requested from the Cambria Steel Company of Johnstown, Pa., and the United States mining and testing station at Pittsburgh.

Just what caused the explosion has not been ascertained, but it probably resulted from an accumulation of gas. The scenes about the mine during the afternoon were extremely pathetic. Relatives and friends of the victims crowded about and retarded greatly the work of rescue.

With few exceptions, those injured were Americans. All will probably recover.

The mine has been operating only two days each week, Tuesday and Friday. Those in the shaft to-day had entered the shaft for their daily allowance of coal for family use.

Grouped about the slope entrance of the mine just before the explosion were several Italians. When the gas sprouted out they were caught. Terribly burned and maimed, they rushed about the settlement, crying for aid. The cries and sound of hissing mine gas at the entrance of the mine brought the entire town to the scene.

The first man to reach the surface was A. L. Johnson, son of the superintendent. Young Johnson had been in a lower heading. There were burns on his arms, body and neck, and to-night it was stated he had inhaled flames. He is one of the few very seriously wounded.

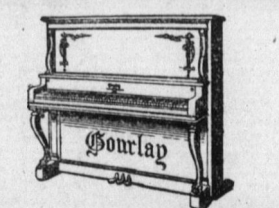

Superintendent Johnson called for volunteers to enter the mine. In the volunteers ranks stood several women. These were ordered back. With wet handkerchiefs tied over their faces, the first squad of the relief party started down the shaft. Of the eight who started, four came back with their senses. The others, overcome with black damp, were pulled to the surface with ropes.

Oxygen, sent by the Cambria Steel Works, aided the searchers and with safety helmets a fourth rescue party succeeded in bringing twelve bodies to the surface. Late in the afternoon five more bodies were recovered.

In twos and threes the injured were found and lifted to the mouth of the mine, hastily taken to a temporary hospital, and later removed to the Spangler Hospital, 26 miles from Wehrum.

Late to-night all but two rooms of the mine had been searched, and it was announced that it was thought no more bodies were in the mine.

GREATER HAMILTON.

Progress of the Organization Discussed at General Meeting.

Unanimous In Favor of Retaining Library Building.

Want Gore Park Fence Removed and Place Improved.

The first general meeting of the Greater Hamilton Association was held last night in the Board of Trade rooms.

As it is of the greatest importance that the influence of the Association be felt in all public questions pertaining to the welfare and improvement of the city, and a number were up for discussion, the members turned out in large numbers.

The matters discussed were "the preservation of the Public Library building for the use of the public and for educational and other purposes and to prevent the same from being sold at a sacrifice," and "that steps be taken to remove the unsightly fence around the Gore Park and to substitute a suitable cement curb with a number of handsome electric lights, as per plan submitted by Aid. Allan, Chairman of the Board of Works."

As Aid. Allan was unable to be present, he left the plans for the members to examine. They show the positions of the lights at the edge of the curb.

The chairman, Mr. Job Hoodless, gave a short history of the movement, and said that the Association had increased its membership until at present it numbers 325. As they are energetic workers, the advancement of the movement has been steady, but there are still a large number of business men who have not joined, and the campaign is not going to be a thing of a year, but of three or five years' duration, and will tax the efforts of all the members to accomplish its ends to the fullest extent.

In the campaign of education in three months, twenty-eight meetings have been held in the offices and different committees. The attendance at all the meetings has been large. The Civic Improvement Committee has been organized and is already busy arranging plans to beautify the city. The Publicity Committee has done good work, and numerous addresses have been inserted in outside papers through the influence of that committee. The real estate men have been approached, and heartily joined in the movement, and at once undertook to make up a map showing every available site. One thing that has been a great help in the movement is going to prove successful there should be first-class hotel accommodation. The Manufacturers' Association has been secured to hold its convention in this city, and about 800 will likely attend. Another need of Hamilton is a convention hall, as there is no proper place to hold conventions, but the Conservatory of Music will be available for the conventions this year. The first result of the Publicity Committee was to have a circular about Hamilton, known as "the little of facts," which will be given to the visitors. A great deal of work is entailed in forwarding correspondence to those who enquire for particulars, and the Secretary, Mr. Murton, has had some assistance in that respect. A number of other cities have raised large sums, ranging from \$60,000 to \$150,000, for carrying on their campaigns. The sum of \$5,000 has been raised here, and it is expected that at least four or five will locate here.

Mr. Lyman Lee spoke of the various branches of the Scientific Association which meet in the Library building, as well as the Art School. It would be better for them to remain there, and the lower floor could be used as a convention hall, and that should be a good reason why the building should be retained. Another reason is that the land increased rapidly in value, and \$35,000 should not be taken for it.

Mr. Hoodless said the Library Board would co-operate with the association in its efforts to retain the building.

Mr. Thomas W. Watkins, who first brought up the matter of retaining the building, said he thought it a valuable asset.

Mr. W. M. McClelland, speaking for the Canadian Club, said that body stood for the cultivation of the best sentiment in the city. It was strongly opposed to the proposed sale of the Library building. It was centrally located, and at sacrifice it for \$25,000 would not be an advisable step.

Mr. W. A. Robinson, of the Art School, spoke of the lectures that had been held by the different associations in the Library building and the large audiences that attend them. He also was strongly in favor of retaining the building.

A motion was moved by Mr. Lyman Lee, and seconded by Mr. F. J. Howell, "That this meeting is strongly opposed to the Public Library building being sold, and we are of the opinion that this building should be retained as a civic building for the use of various educational and charitable associations, and for civic and other conventions, and that a committee consisting of seven members of this association, with power to add to their number, be appointed to wait upon the members of the Finance Committee of the City Council, and the Public Library Board at an early date and present the views of this association."

The motion was unanimously adopted.

Mr. Howell said the technical school was being equipped in such a manner that a boy will be able to go there and decide on what trade he wishes to follow. Already \$10,000 worth of machinery alone is on its way for the school. If the Art School wanted the Board of Education to take it over he thought it would do so. It should be done within the next two weeks, so that it would not hinder the technical school in preparing for the opening. If the Board of Education took over the Art School the classes could start at the Technical

School in September, and no break would occur, and the scholars could continue their studies under the same instructors.

Mr. Wm. Mulveny moved that a deputation be appointed to wait on the Parks Board to see if anything could not be done to have the fence surrounding the Gore Park removed.

A number of objections were raised to this proposition, as the people who sit there would enjoy themselves more with the fence there, and it would not interfere with the people passing on the other side.

After some further discussion Mr. W. M. McClelland seconded the motion and it carried unanimously.

Schrader & Co. presented a box of 100 of the "Greater Hamilton" cigars for the use of those present, and the cigars were greatly prized by those who enjoyed a smoke.

Grand Camp Officers and Executive Elected.

Dr. W. C. Gilechrist of Orillia is the New Grand Chief.

Toronto, June 24.—The following officers were elected yesterday by the Grand Camp of the Sons of England Benevolent Society: Grand Chief, Dr. W. C. Gilechrist, Orillia; Grand Chaplain, Rev. Dr. D. L. McCrae, London; Grand Secretary, Lieut.-Col. Donald M. Robertson, Toronto (acclamation); Grand Chaplain, Rev. Malcolm McKinnon, Woodbridge; Grand Medical Examiner, Dr. Wylie, Toronto (acclamation); Grand Treasurer, Alex. Hay, Toronto (acclamation); Executive Board, Mr. S. F. Mearns, Dr. J. Ferguson, Messrs. A. C. Gordon, E. A. MacLaurin, J. Tytler, K. C. of all Toronto, and Mr. M. C. Elliott, of Glencoe. In the election for Grand Chief, the vote stood 109 for Dr. Gilechrist to 102 for Mr. S. F. Mearns, who headed the list. Mr. Gilechrist was elected by a large majority. The camp came to a close at 6 o'clock last night, and meets next year in London.

The membership of the society, according to the reports, is now 7,834. Last year 81 death claims, amounting to \$62,000, were paid, leaving a net surplus of \$8,000 to go into the reserve.

LOST THEIR LIVES.

NINE TOURISTS AND TWO BOATMEN DROWNED.

Boat Swamped in Killarney Lake in Gale—Three Seen Clinging to an Oak—Sak Before Aid Could Reach Them.

Killarney, Ireland, June 23.—A large rowboat, carrying five United States and four English tourists and four Irish boatmen, was swamped in a gale while crossing Lower Killarney Lake this afternoon. All of the tourists and two of the boatmen were drowned. The victims are Mrs. A. A. Hilton and son of Tacoma, Wash., Mr. and Mrs. Longhead (or Longue) of Boston; Miss M. H. Catum (or Cotum) of Massachusetts (town not known); Rev. B. Barton and sister of London, and Miss Florence Wilkinson and cousin, of Brentwood, Essex; boatmen Con Tooney and Con Gleason. None of the bodies have been recovered.

The boat was a four-oared craft used for taking visitors to the lake. Most of the passengers were guests at the Great Southern Hotel. The party started out this morning sightseeing. When the lower lake was reached it was found that a heavy wind from the northwest was blowing. Several other boats that had started over the same course at that time, but long before anxiety began to be felt concerning the boat which had continued on the course, and searchers who put out when the wind had died down a little discovered the craft overturned, with two of the boatmen clinging to the keel.

The Rev. Mr. Barton and two of the women could be seen in the distance supported by an oak, but they sank before the rescuers could reach them. The others had already disappeared.

The two boatmen, who were rescued, were too exhausted to give any account of the accident.

FOOLING WITH GUN.

Boy Probably Fatally Shot by Eleven-Year-Old Brother.

Tweed, June 23.—The little village of Crookston, which lies in a basin of towering rocks on all sides, is in the greatest fever of excitement and distress as the result of a shooting accident there this evening about 6 o'clock. Two boys, Willie, aged 11 years, and Cecil, aged 9 years, sons of Mr. and Mrs. Geo. Vincent, who live in the station of the Macdoe & Belleville line of the G. T. P., were alone in the house. In some way the eldest boy secured his father's gun, which was loaded with buckshot, and he examined or fooled with the gun it was discharged, and a portion of the heavy charge entered the head of Cecil, doing frightful injury.

It is said that Cecil was thirty feet away at the time the gun went off. The balance of the charge carried across the lot several rods and struck an upper window in the store and house of F. C. Sherwin. The window was completely shattered and fourteen buckshot were picked up inside the room, which was used as a living apartment. Luckily Mrs. Sherwin and her little babe were away or further injury might have resulted. Doctors from Macdoe and Tweed were rushed to the scene of the tragedy. It is feared the boy cannot live.

Gen. Otter to Retire.

Ottawa, June 23.—The retirement of Brigadier-General W. D. Otter from the Canadian militia is expected at the end of the year. He will then have attained the age limit of 66 years and it is stated that he came here with that understanding.

Sir Louis Gouin was presented with an automobile by Montreal friends.

Gossip and Comment

Judging from papers to hand from Fayette, North Carolina, Harvey Muir, of this city, is doing some great work for that town.

United States horsemen here for the first time are greatly surprised at the excellent plant of the H. J. C. and the up-to-date methods of running a meet.

Hamilton is declared to be the best racing city of its size in America. It is very pleasing to note that the Hamilton races so far have met with the approval of the Toronto World.

Hamilton's meeting is on, with prospects of panning out the best ever. Allie Loudon shows many improvements for the comfort of patrons, not the least of which are the observation steps in front of the members' stand.

Canada never has had a team for shucks, and in every international contest has had the very common position of being beaten. The three left seats on the team could be any aggregation of Canada's best players.

Joe Kelley's no sooner gets one of those big leaguers than he has to send him farther back into the woods, or order a series of Turkish baths to yank off some of the avoirdupois accumulated by a few minutes' stay in the big ring.

"Bobby" Lowe, an old-time major leaguer, has been engaged as a scout by the Detroit club.

Detroit is to have a new baseball park with grandstands and bleachers to accommodate 40,000.

It is reported that Chester Nourse, Brown University's crack pitcher, will join the Chicago Cubs.

Canadian bred, at three-quarters of a mile. There was a big field in this, the only scratch being French Shore, Cecil Rhodes and the heavily weighted horse, Glimmer. The last horse to get away was Fort Garry, but he was second at the finish, and was beaten only by his stable companion, Annie Maid.

The first disqualification and the first run-up came with the running of the sixth race, which went to Walker's excellent mudder, Bellwether. The latter won handsily. The race had selling conditions and Bellwether was entered at \$1,000.

qualified for crossing over in front of Hiako at the sixteenth pole. The latter was coming strong at the time and might have beaten out Sir Edward. The stewards evidently took this view of the matter, for they promptly allowed the claim of four that Kennedy made. McIntyre, who rode Sir Edward, was set down for the rest of the week.

The jumping race brought out a field of six. It was over the short course, and there were two mishaps. At the first jump Villahia fell and rolled over on Jockey Pender. He was attended by Dr. Morris and soon came to sufficiently to walk to the dressing room.

The newspaper men got theirs in the new open press box. They were kept busy dodging the rain, being obliged to do most of their work on their knees under the grand stand.

The Thirteenth Band will play on Saturday afternoon.

Jockeys Kennedy, Ross and Brooks were set down for the rest of the week by Starter Dade for disobedience at the post.

From the Scrap Heap

Chicago, June 24.—Stanley Ketchel, champion middleweight of the world, has arrived in San Francisco and gone into training for his affair with Billy Papke, which is scheduled for July 5th.

The Michigan wonder is confident that he will dispose of Papke in less than three rounds. Indeed, he rather expects to complete the task in about half of one round.

On his way to the coast, Ketchel passed through Chicago and was accorded an enthusiastic reception by his admirers. With the exception of his clothing, which made a big noise, he was fairly quiet about it, too, stopping only long enough to express a few opinions concerning the abilities of Papke and Johnson. The aforesaid abilities did not seem to stand very high in the Ketchel estimation.

"I fully expect to be the champion of champions within six months," said Ketchel, neatly attired in a suit of flaming green, and with one bright green-shod foot resting on the trap step. "Papke will be rather easy, I imagine. One good punch is apt to settle him. Johnson doesn't seem hard to me. I don't think I will ever be whipped by a fighter of the Johnson type. Indeed, I consider that type of fellows made in order for me. Of course if Jeffries comes back, that will change things around a little, but now that I am out to win the best of the small crowd, I don't draw a line on the boiler-maker."

Ketchel was accompanied to the coast by his father and 15-year-old brother. "I want them to see me win a fight," the champion explained. New York, June 24.—Goffroth's Colma arena will be enlarged to twice its size, for the Ketchel-Papke battle, which is scheduled for July 5th. The western promoter expects as big a crowd for that as he had for the Corbett-Jeffries fight some years ago, at which the receipts ran up to \$80,000 or more. That was Goffroth's prize card. Goffroth's new arena will seat twice as many people as Mechanics' Pavilion did, and he expects to have ringside seats pull down \$25. This is the fourth meeting between the pair. It is the talk of the country. Billy Roche will referee.

Buffalo, June 24.—It is astounding to the great majority of students of boxing that Jim Jeffries, who will be the exposition stadium attraction on Saturday night, is inclined to treat Jack Johnson, his prospective foe for world's championship honors, very lightly. Jeff simply cannot see Black Jack in the light of a star performer in the prize ring, and he thinks, as do Jim Corbett, Bob Fitzsimmons and others, that there will be nothing to it when, in condition, he faces the title holder next winter. Jeffries laughs at Johnson's victory over Burns, whom he considers nothing better than a good middleweight. Jim says that Burns' victory over Jack O'Brien, double-cross as it admittedly was, was one of the biggest flukes in ring history. He declares that O'Brien had all the better of the fight until Burns caught him a lucky punch that broke the Quaker's nose toward the latter end of the fight. Jeffries says that Johnson doesn't seem hard to me. I don't think I will ever be whipped by a fighter of the Johnson type. Indeed, I consider that type of fellows made in order for me. Of course if Jeffries comes back, that will change things around a little, but now that I am out to win the best of the small crowd, I don't draw a line on the boiler-maker."

Since the announcement of the fact that Jeffries was coming to town many portraits of the big fellow about the city's resorts have been brushed up for the occasion. One of the best pictures in the city, or the country for that matter, is a full-length oil portrait owned by John Kane. Berger wrote Kane the other day that he would have a battle on his hands to keep it if Jeffries saw this picture, which was one of a pair painted in the early years of his fighting. Kane said yesterday that in a drive through western New York he had heard a lot about the big fellow, whose name appeared to be as well known in the bushes as in the cities.

TIGERS WON FROM THE CAPITALS, 7-2.

Exciting Lacrosse Match in C.L.A. Juvenile Series Last Night.

The game in the Juvenile C. L. A. district at Victoria Park last evening between the Capitals and Tigers was very hotly contested from start to finish. Aid. Applegarth, president of the Tigers, and Aid. Forth, president of the Capitals, were on the side lines, and also Dr. W. G. Thompson, who is an official of the Tigers. There were about two thousand people at the game, which was won by the Tigers by a score of 7 to 2.

The going was very slippery, and there was quite a good deal of water in puddles, which was the cause of many accidental mishaps. The referee, Rev. E. G. Saunders, of Garth Street Mission, kept the players well in hand, and only issued penalties when really necessary. 2:20 class, purse \$400—Kingston Bell, B. Bergeron, Epping, N. H., 1 1 1 1.

Lawrence Wilkes, C. Robillard, Montreal 2 3 2. Warren, F. P. Fox, Medford, Mass. 3 4 3. Olive B., W. J. O'Hara, Montreal 5 5 4. Alvario, J. McQue, Kingston 4 2 4. Time—2:18 3/4, 2:16 3/4, 2:14 3/4.

BY ONE RUN. Newark Beat Toronto in 11 Innings Game. At Newark—A wild fling by Brother Mahling coming in the eleventh inning of a sizzling battle, at a time when a Newark man was on second and one hand out, permitted Sharpe to score the winning run, and Toronto tasted the bitter end of a 4 to 3 score.

At Baltimore—Baltimore 4, 8, 1; Toronto 1, 5, 3. At Rochester—Rochester 4, 11, 7; Buffalo 10, 16, 2.

NATIONAL LEAGUE SCORES.

Brooklyn 2, 5, Philadelphia 0, 1. New York 5, 11, Boston 4, 1. Pittsburgh 3, St. Louis 1. Cincinnati 6, Chicago 4.

AMERICAN LEAGUE SCORES.

Detroit 8, St. Louis 1. Chicago 4, Cleveland 3. Boston 14, New York 5. Philadelphia 3, Washington 0. FOUL TIPS. The game between the Spectator and the Times in the Newspaper Soft Ball League scheduled for yesterday was postponed on account of rain.

LONGBOAT AND ALFIE SHRUBB.

Toronto, June 24.—Now that Tommy Longboat has definitely decided and placed himself as a \$400 head to run Alfred Shrubbs 20 miles at Hanlan's Point Saturday night, to decide once on all the question of superiority, a glance at Shrubbs' past performances at 10 and 15 miles helps to give a line upon his chances of beating the lanky Rednan. As far as the erratic Indian is concerned, past performances outside of immediate week of the race, count for little, except to show what he is capable of doing. The Redskin's 10 miles in 53:11 4-5, on a bad track in Buffalo Monday night, when he beat Frank Neblich, shows that he has been training and is in good shape. The Buffalo papers say he toyed with Neblich and won as he pleased in the last mile. In that case, considering the track and race conditions, his 53:11 4-5 is even better than Alf Shrubbs' 52:58 the night he beat Percy Sellen in a 12-mile race here. The difference, 13 4-5 seconds, is equivalent to about 60 yards, and those who know the Indian say that if he is that close to Shrubbs at 10 miles, there will be no doubt about the result. Shrubbs does not always do better than 53 for his 10 miles and longer races.

HORDERN BOWLED WELL AT TORONTO.

Toronto, June 24.—Instead of playing a two-day match with Toronto, the University of Pennsylvania cricketers met Varsity yesterday on the Campus. They won quite as handsily as on the previous day, though pitted against a strong team, which included Jack Couwell, Gordon Southam and Harold Beatty. The visitors piled up 159 for 7 wickets to Varsity's 79. Hordern, in addition to again bowling remarkably well, knocked up 52 runs himself. The Quakers returned home last night.

SCRAPS OF SPORT

Ogden, Utah, June 23.—Edward Payson Weston, transcendental pedestrian, rested last night at Lucin, having travelled 41 miles yesterday. He leaves Lucin early to-day.

At Morton's field last night the West-ingham soccer team defeated the Hamilton city team by a score of 4 to 0. After a month's suspension. He played well. The game was a league one.

Burlington, Vt., June 24.—Plans for a Marathon race in which John Hayes, Pat White, the Irish champion, and the Indian-runners Black Hawk and Simpson, will take part, in connection with the tercentenary celebration in this city, during the week of July 4th, were completed to-day. The race will be run on July 8th on the University of Vermont athletic grounds.

Mrs. Sanford, Lady Taylor and Mr. George Hope and Rev. Dr. and Mrs. Lyle, of this city, were among those honored by being invited to dinner at the Government House last evening.

Because her husband, an actor, was stranded in Hamilton, Georgina Payne went to meet her jewelry store, in Toronto, and stole the rings to raise money to send him.

Mrs. Sanford, Lady Taylor and Mr. George Hope and Rev. Dr. and Mrs. Lyle, of this city, were among those honored by being invited to dinner at the Government House last evening.

Because her husband, an actor, was stranded in Hamilton, Georgina Payne went to meet her jewelry store, in Toronto, and stole the rings to raise money to send him.

The Sawyer-Massey Company employees will run their annual excursion to Niagara Falls on Saturday of this week.

The excursion will be run via T. H. & B. Ry., which lands the excursionists directly at the park, thus overcoming any trouble they might have changing cars.

The special ordination of Hubert J. Fenton to the ministry of the Methodist Church will take place in Barton Street Methodist Church on Friday night, June 25th, at 8 o'clock.

Rev. Dr. Lyle paid a visit to the Synod and was called to the platform by the Lord Bishop.

In his address to the Synod, said he supposed he might address them as fathers and brethren.

His Lordship then welcomed the Bishop of the Synod of Toronto, who attended by his archdeacons, had come into the city to spend the day, and pay a visit to the synod.

Bishop Sweeney said he was visiting the beautiful city and had to drop in and pay his respects to the Bishop and Synod of Niagara.

This was an anniversary of this synod, and when the Synod of Toronto lost Bishop DuMoulin, it lost one of the brightest jewels it had ever had.

By the strong constructive work of this synod would go on in increased strength.

Bishop DuMoulin replied that it gave him much pleasure to listen to the words of his brother in the work, and was afraid he was not so loyal as he, as had he himself been stronger in his belief that a synod was in session it would be the last place he would go to visit.

So many sweet things had the Bishop of Toronto said that it would take a long time to sum it all up.

He asked Mr. Adam Brown to say a few words on behalf of the laymen.

Mr. Brown thanked the Bishop of Toronto and Dr. Lyle for their kind words, and it afforded him much pleasure to reply to such expressions.

For years he had been an intimate friend of the Bishop of Toronto and all their connections had strengthened his attachment to the Bishop.

He thanked him for his kind words concerning the beloved Bishop of Niagara, and speaking on behalf of the laymen, he hoped the Bishop of Toronto might be long spared to prosecute the work to which he was consecrated.

He was not surprised at the words of Dr. Lyle and the spirit in which he spoke.

He is one of the broadest-minded men that it was ever his privilege to know.

Dr. Lyle always extended to other religious bodies the right of thought and was not afraid to express his opinion.

If the churches had more men like Dr. Lyle the question of union would be much simplified.

He was broad enough to open his arms to all and there was no man in Hamilton more respected.

Rev. Dr. Tucker, Secretary of Laymen's Missionary Movement, gave an address on the work of that association, and Bishop DuMoulin replied.

Bishop Courtney, late of the Synod of Nova Scotia, addressed the audience for a few moments.

He was wonderfully impressed by the proof of the presence of God in the Church at Hamilton, the enthusiasm for the winning of the world for Christ and for teaching the heathen.

MODERATOR AT SYNOD.

Dr. Lyle Heartily Welcomed by Bishop DuMoulin.

Touched on Union and His Debt to Anglican Church.

Bishop Sweeney, of Toronto, Also Welcomed To-day.

The Synod resumed its business at 10 o'clock this morning. The following committees were appointed:

On Sunday School Commission—Rev. Canon Belt, M. A., Rev. R. F. Nie, B. A., Mr. G. C. Coppley, Major J. A. V. Preston.

Board of Management of the M. S. C. C.—Ven. Archdeacon Clark, M. A., Ven. Archdeacon Forrester, M. A., Mr. A. Powis, Mr. J. H. Ingersoll, K. C.

Correspondence Committee of the M. S. C. C.—Ven. Archdeacon Clark, M. A., Rev. Rural Dean Davidson, M. A., Rev. F. E. Howitt, Rev. H. J. Leake, M. A., Rev. Canon Belt, M. A., Rev. R. K. Rev. Rural Dean Irving, Rev. N. I. Perry, M. A., Rev. Canon Spencer, Rev. Canon Wade, Rev. Canon Abbott, Rev. Canon Martin, M. A., H. E. McLaren, Mr. A. J. H. Collinson, M. A., with power to add to their numbers.

Members of Trinity University Board, elected by the Synod: Very Rev. Dean Houston, M. A., 2 years; Rev. Canon Sutherland, M. A., 1 year; Mr. H. E. McLaren, 2 years; Mr. J. G. Tapp, 1 year; Laren, 2 years; Mr. J. G. Tapp, 1 year.

Appointed by the Bishop—Rev. Rural Dean Davidson, M. A., Mr. J. H. Collinson, M. A.

Committee on Religious Instruction in Public Schools—Rev. J. O. Miller, M. A. (convener), Rev. Dean Irving, Ven. Canon Forrester, M. A., Rev. Canon Wade, Rev. Rural Dean Davidson, M. A., Rev. Canon Spencer, Messrs. E. Kenrick, R. A. Chancellor Martin, M. A., J. H. Collinson, M. A., H. E. McLaren.

Apportionment Committee—Rev. Canon Davidson, M. A., Rev. Rural Dean Godden, M. A., Rev. Rural Dean Irving, Rev. Canon Spencer, Messrs. E. Kenrick, R. A. Chancellor Martin, M. A., J. H. Collinson, M. A., H. E. McLaren.

On motion by Ven. Archdeacon Forrester, seconded by Mr. T. E. Leather, it was resolved that the Synod of Niagara accept the apportionment of the M. S. C. C.

The resolution introduced by Mr. J. C. Inglis, that the Synod books for the M. S. C. C. apportionment be closed on Sept. 30 in each year, commencing 1910, was on motion of the Chancellor held over till next year.

Rev. Dr. Lyle paid a visit to the Synod and was called to the platform by the Lord Bishop.

In his address to the Synod, said he supposed he might address them as fathers and brethren.

His Lordship then welcomed the Bishop of the Synod of Toronto, who attended by his archdeacons, had come into the city to spend the day, and pay a visit to the synod.
