MANY FINANCIAL PROBLEMS FACING THE CITY COUNCIL

Increased Expenditures of Outside Boards, Deficit of Gas Plant and Requests for Appropriations make up two and a half or three Mills.

INCREASED CREDITS WILL HELP SOME

During the present week considerable time will be spent by members of the finance committee of the City Council on the estimates which are now in the course of preparation and which will demand the most intelligent study from those who are in charge of the municipality's expenditures.

From the best information that a Journal reporter can pick up here and there, it would seem as though the Council will have a problem to keep the rate for this year down to what it was last, namely thirty and a half mills on the dollar.

The School Board adopted a report at one of its recent meetings to pay higher salaries to its teachers and also to secure certain supplies for the pupils. These supplies will be given to the school for the use in the schools and will allow every boy and girl attending to have what is needed, even though their parents are in poor circumstances.

Gas Plant a White Elephant. The Gas Plant deficit is a clear cut case that has to be met whether it is wanted or not. It is one of the largest white elephants that St. Catharines has had wished on it and yet those who have studied every phase of the problem, who have thought over every conceivable scheme to make it pay and who deplore the fact that a public utility should prove a failure, are forced to acknowledge that under the peculiar conditions that have developed it is not humanly possible to "make the thing go".

Another accident which proved fatal occurred at 7 o'clock on Saturday night at the Coniagas Reduction plant near the canal bridge. While Francesco Gentilcore, Italian, was operating an elevator the cable attached refused to work with the result that the operator was crushed to death before help could reach the spot.

A Larger Police Force. The Police Commission is asking for more by over \$6,000 than last year to provide for an increased force. During the past two years, on account of war conditions, the force has been small. Two or three men enlisted and went overseas. They are coming back and will again be put on the force so that it may get back to where it was of eleven or twelve men. It is also a fact that the pay each man now gets is considerably more than a policeman drew four years ago, because the cost of living for them has advanced as it has for everybody else.

From the firemen comes the request that the platoon system be adopted here, which means that there will be two shifts of men on duty, the one for the day and the other for the night. This will, if course, cost the city con-

During the present week considerable time will be spent by members of the finance committee of the City Council on the estimates which are now in the course of preparation and which will demand the most intelligent study from those who are in charge of the municipality's expenditures.

From the best information that a Journal reporter can pick up here and there, it would seem as though the Council will have a problem to keep the rate for this year down to what it was last, namely thirty and a half mills on the dollar.

The School Board adopted a report at one of its recent meetings to pay higher salaries to its teachers and also to secure certain supplies for the pupils. These supplies will be given to the school for the use in the schools and will allow every boy and girl attending to have what is needed, even though their parents are in poor circumstances.

Gas Plant a White Elephant. The Gas Plant deficit is a clear cut case that has to be met whether it is wanted or not. It is one of the largest white elephants that St. Catharines has had wished on it and yet those who have studied every phase of the problem, who have thought over every conceivable scheme to make it pay and who deplore the fact that a public utility should prove a failure, are forced to acknowledge that under the peculiar conditions that have developed it is not humanly possible to "make the thing go".

ST. CATHARINES MAY SOON BE WELL SERVED WITH RAILWAYS

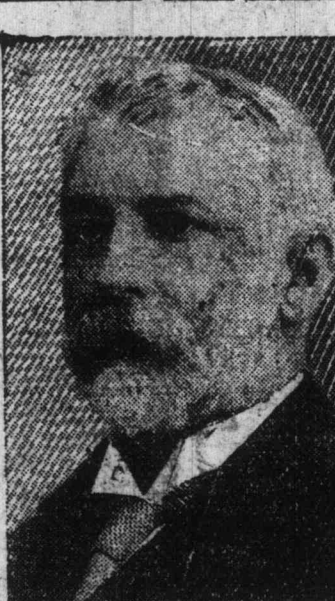

For many years St. Catharines has been anxious to have another railway line entering it from the west and linking up Grimsby and Beamsville, which formerly traded extensively here. All efforts, however, proved futile. It would now look as though the long wish would be gratified, for not only has the Hydro by-law carried in Hamilton, which means the construction of an electric road through to here, but both the Minister of Railways and the President of the National System announce that the C.N.R., now owned by the public, will be extended through Hamilton to the Niagara frontier.

TWO NEW LINES LIKELY FOR ST. KITTS

That two more railways will be entering St. Catharines from the West within the next two or three years would appear to be certain. The passage of the Hydro radial by-law at Hamilton on Saturday by such a large majority as 2700 means that a modern electric system in every way will be built so as to connect Toronto, by way of Port Credit, with the Niagara Frontier by way of Hamilton and St. Catharines.

Just a couple days ago Hon. Dr. Reid, as Minister of Railways and Canals, stated that the arrangement of Mr. D. R. Hanna was correct that the National system of railways will be extended through Hamilton to the Frontier. If this is constructed this city should start at once to here, instead of seeing the main line branch off from Jordan and get the line to come through over the Mountain.

SENDS OUT A WARNING

Hon. W. S. Fielding, former Minister of Finance, who has set political tongues wagging and editorial pens driving by a notable speech delivered in the House of Commons last week. He warned manufacturers not to play King Canute.

GROWING IN VIRILITY LABOR PARTY ACTIVE

Encouraged by the remarkable success which attended their efforts in the recent municipal election in this riding, the members of the Independent Labor Party are "carrying on" with a decidedly active policy. They are holding meetings regularly which are largely attended and at which considerable keen interest is shown.

"When the general election in this province comes," said one of the members of the party to The Journal Saturday "it will be found that the Labor party will have a strong candidate in the field but who he will be is not now known. Anyone who thinks that the last contest was only a splash in the pan and will fizzle out has another surprise coming to him."

MAIDEN ENJOYS WAR ROMANCE

Young Lady of La Salle Has Photo Returned to her Which Was Found in Dugout in France With Dead Soldier.

Niagara Falls, March 17.—For some time LaSalle village on the upper Niagara river has been striking rapidly toward the calcium. Now the village has a romance of its very own.

Esther Kleist is one of the principals. She says she has had snapshots taken of herself but at no time has she given one to a soldier admirer. Nevertheless, one of her pictures was returned to her yesterday by William MacLachlan of the Connaught rangers, a unit of the British army, who informs the young woman in a letter enclosing the print, that he found it in a dugout at Le Cateau last September.

LOADED SHIPS AGROUND

Easterly Winds Lower Water Several Feet In Port of Buffalo

Buffalo, March 17.—Nearly every loaded ship in the port of Buffalo has been resting on bottom all day as the result of low water at this end of Lake Erie. The level is reported several feet below normal, due to easterly winds.

DIED

BLACK—At St. Catharines on Saturday, March 15th, 1919, Magdalene Craise, widow of the late J. K. Black in her 74th year.

MANY KILLED IN JAP DISORDERS

Troubles in Korea Lead to Brutal Incidents—Guards Fire on Crowds—Girl Students in Revolt.

Shanghai, March 16.—Thirty persons were killed and forty were wounded at Sungchun, Korea, on March 4, according to a translation of an account of the disorders in that country published in a Japanese newspaper at Seoul and translated by the Reuter's agency.

At the village of Suheung, south of Pingyang, four gendarmes fired on a mob until their ammunition was exhausted, fifteen persons being killed, the account states. The mob eventually killed the gendarmes. At Yangdok twenty rioters were slain in an engagement. The activities of girl students in Korea are emphasized by the newspaper, which makes particular mention of the fact that at Anju two Korean gendarmes discarded their uniforms, joined a crowd and shouted "Long live Korea." The Japanese guards thereupon fired, eight persons being killed and thirty wounded, four mortally.

The localities mentioned in the foregoing dispatch would seem to indicate that the disorders in Korea are centering in Pingyang province, on the north and western side of Korea. The principal city in the province is Pingyang, which has a population of 75,000.

VEGETABLES GROWERS MEET TO-NIGHT

A meeting of the Vegetable Growers of St. Catharines District will be held in the Lecture Room, Agricultural Office, corner of King and James on Monday night, March 17th at 8 p.m.

Mr. Atkins of the O. A. C. Guelph, will address the meeting on Tomatoes and Melons.

Mr. Robb of the Vineland Experiment Station will give a motion picture lecture on Vegetable Growing in different parts of the Province.

All Vegetable Growers are cordially invited to attend.

POLISH CONTROL OF THE BALTIC RECOMMENDED

Commission Brings in Important Report Dealing With Eastern Boundary—Plebiscite Proposed.

Paris, March 17.—The report of the Polish commission on the eastern boundary, which is in today's business before the council, proposes to give Germany direct land communication across the corridor to the Baltic, planned to be accorded to Poland, and which cuts off part of East Prussia from the rest of Germany.

It is also proposed by the commission that the 600,000 Protestant Poles in the Mazurian lake region be allowed to determine by plebiscite whether they shall remain Catholic Poland or remain German.

News from the Niagara frontier conveys the information that there is considerable rivalry between the municipalities of Niagara Falls and Fort Erie over the location of the proposed Peace Memorial Bridge across the river. The consensus of opinion seems to favor Fort Erie as Niagara Falls already has three bridges connecting Canada with the United States.

MONARCHIST REACTION GROWS OVERSHADOWS BERLIN POWERS

President and Ministers of Germany Said to be Merely Puppets in Control of Military Caste Which is Organizing New Armies

SIGN ECICTS AS THEY ARE REQUESTED

London, March 17.—Special despatches from Berlin say that the suppression of the recent Spartacist outbreak has shown that a military and monarchist reaction is growing and overshadowing the new government. The Berlin correspondent of the Mail, who on February 27th sent a despatch outlining the plans for the monarchist uprising in Germany, has arrived in London, having left Berlin on March 14th after a residence there of three months. He reiterates the statements made in his despatch saying that President Ebert, Chancellor Scheidemann and Minister of War Noske are merely puppets. He declares that for the purpose of retaining power they have allowed the members of Military Caste to reappear as organizers of the New Republican armies. "These men are the real governors of Germany," he says. "They make the edicts and Chancellor Scheidemann and his colleagues willingly sign them."

HIT MARK PRETTY WELL

At the first of this month The Journal published a weather forecast for the whole of March, as prepared by some weather prophet. It was suggested that readers cut the paragraphs out and paste them up for reference. Those who did so and who have observed what the season has been with have been impressed with its accuracy.

VETERANS' HALL IS PROPOSED FOR WELLAND

But Right of Municipality to Make Grant is Raised.

Welland, March 17.—Dealing with the request of members of the Great War Veterans' Association for the erection of a \$20,000 hall for their use the Council, or at least some of the members, have taken exception to the proposal that the city subscribe the full amount. Although there is no question as to the advisability of such a building, yet it is questioned whether municipalities have the right to make grants of this nature. Elsewhere the point has been raised that if public money should provide such a hall, that money should come from the Government. It has been suggested that the city defer action until the boys come home, when a suitable municipal memorial may be erected. Mayor Brennan is however, in favor of erecting the proposed building now by popular subscription.

ST. KITTS MEN ON CARMANIA

(Special to The Journal) Halifax, N. S., March 17.—St. Catharines men on the Carmania include Privates R. Bailey, G. Court, C. Sherry, H. Nicolson, W. Fleulon, H. Gorman, A. Odica, T. McCullough, H. Windmill, McClelland, A. Jacobs, J. Clerk, Schwaner, E. Vansickle, K. W. Petrie

LAW WILL MAKE EMPLOYERS GIVE TROOPS OLD JOBS

Sydney, March 16 (via Montreal)—Premier Holman in a speech here said the government intended to fix employment for 80,000 soldiers in New South Wales. The premier said that there would be legislation compelling employers to reinstate returning soldiers, that 8,000 soldiers would be settled on farm lands and the others would be employed on public works.

NEGOTIATIONS MAY BREAK IF THE MATTER IS FORCED

London, March 17.—The test question for the German delegates at the Peace Conference will be the West bank of the Rhine, says a Berlin despatch to the Mail. The delegates will be authorized to break negotiations if this matter is forced upon them and in this case the Cabinet will support the delegation and will resign if the National Assembly takes a different attitude.

SENT TO REFORMATORY BY COUNTY JUDGE

Not less than three months or more than nine in the Ontario Reformatory was the sentence imposed on Mike Williams, an Indian boy, by His Honor Judge Campbell in the County Judges Criminal Court this morning for breaking into a cottage on the Lake Shore road.

As this was the prisoner's first offense and in view of the fact that the medical report on the case shows Williams to be of low mentality and not likely to intentionally commit crime the sentence was therefore light.

SIR ADAM IS GRATIFIED OVER HAMILTON RICHY

London, March 17.—Sir Adam Beck expressed his satisfaction to a correspondent with the result in Hamilton. The majority was twice what he expected. He thanked The World for its support.

The Hydro Commissioners would go right ahead on the work, but they would first ask the government of Ontario for an order in council authorizing the construction of the Toronto and Niagara radial, because the latter would use the former as far as Port Credit. He also thought the National Railways and the Hydro Commission should get together and avoid unnecessary duplication between Toronto and the Niagara river.

To-day is the twenty-seventh anniversary of the incorporation of Niagara Falls, N.Y., and the event is being observed by all loyal Niagarans. Although no formal celebration is being held, the first annual banquet of the Chamber of Commerce will be held to-night to celebrate this city's natal day.

Hon. Dr. Reid, Minister of Railways and Canals in the Dominion Government stated last week that whether the Hydro carried in Hamilton or not the policy of the Canadian National Railways as announced by Mr. D. B. Hanna the president, is to extend the Canadian Northern through a Hamilton to the Niagara Frontier. This link is regarded as a most vital one to the Government system.

AS A NEIGHBOR SEES IT.

Coming as it does from a presumably religious source the following is a serious arraignment of the O. T. A.
 The New York Churchman has a startling paragraph entitled "Prohibition Breeding Many Liars in Canada," and adds, on the authority of a Toronto correspondent, that "a wave of petty crime is giving good citizens anxiety." After speaking of the many advantages which have manifested followed in general sobriety since prohibition was in operation, come these remarks:
 "At the same time, a wave of petty crime, theft, perjury, lying, malingering, and many forms of contemptible conduct, has broken out throughout the country. Citizens are dishonoring their good names by seizing prescriptions of liquor for mythical ailments. Doctors are dishonoring their profession by issuing these prescriptions for a consideration. Railway operatives laughingly steal shipments of liquors, knowing that they are not likely to be investigated, as the shipments are illegal. Witnesses in court brazenly perjure themselves. A pious prohibitionist charged with enforcing the law is discovered shipping liquor to himself in carload lots, under the name of other commodities. Thus everywhere this cancer of deceit and falsehood is spreading."

THE TURNING OF THE WHEEL

An atmosphere suggestive of spring-time characterized yesterday. It bred a consciousness that winter, with its austerity and vagaries, has once more gone into the mystic past and that another season, filled with long days, warmth, mellow sunsets and blooming flowers will provide us with life and nourishment.
 With the morning a rain had washed the remaining evidences of snow away. It was like the vernal showers of April, and as the sun rose an imaginative mind could fancy that angle worms might be crawling up out of the earth. As the day grew to noon-tide and then waned with the afternoon and early evening, the air seemed to be permeated with a sense of new birth and rejuvenation. At six p. m. the sun was still lingering well above the horizon. From the top-most branches of tall trees the robins were calling to one another and below on the streets the children were romping and pointing up gleefully to the birds.
 Not all who walk abroad reflect on the moods of nature, but if you can spare a few moments one of these mild days and allow your mind to forget the common things of the hour you will see, if you look closely, that tulips are already pushing their red noses up above the musty soil, the ivy vine is looking to send out a new tendril over the weather stained wall and the winding creek, that was recently covered with ice, is gambling along with a bright glint and a new story.
 Spring will soon be here, and with it new hopes and promises.
 It is now stated that Sweden does not want Bill Hohenzollern as a resident. As a matter of fact no nation or person wants him, unless it be the Supreme Ruler of imperial regions.

729 KILLED IN THE ALLIED AIR RAIDS ON GERMANY
 Copenhagen, March 17.—Seven hundred and twenty nine persons were killed and 1,754 were injured in aerial attacks by Allied forces on German territory up to November 6, 1918, according to official figures made public in Berlin.

A GIFTED PULPIT ORATOR

Rev. Father Burke who is now preaching in the St. Catharines Church here during the Lenten season is one of the ablest of the young pulpit orators of the Catholic Church in Canada. Large congregations are going to hear him. It was he who pronounced an eulogy over the remains of the late Rt. Hon. Sir Wilfrid Laurier at the Basilica, Ottawa.
 Father Burke is of Irish origin and possesses the dramatic temperament of his race together with a strong personality. His voice is rich, resonant and of good range. Gentle but effective gestures accompanying an eloquent speech makes his discourse impressive. He is fearless in his utterances and uses no notes whatever.

VICTORY IN HAMILTON

Passage of the Hydro Radial bylaw in Hamilton is of the utmost importance to St. Catharines, and the townships around it. They have already pledged themselves to give bonds to the Hydro Commission as a portion of the security for the construction of the road from Port Credit to the Niagara frontier. With Hamilton in favor of the undertaking it is but natural to suppose that the work will be undertaken at the earliest possible date, in fact Sir Adam Beck states that this work will be started at once on portions of the line.

The victory, hard won in Hamilton, indicates that the mass of people have come to the conclusion that if more railways are to be built and the security of the people is to be given the money might as well be spent for something which the people will own as to be given for private investment. Scores of millions of dollars have been given to private railway companies in the past and some of these railways are today the property of the State because the private builders and shareholders could not meet their obligations. The time seems to be rapidly coming when all the railways in Canada will be nationalized.
 The one feature that The Journal would point out is that the directors of the National lines and the members of the Hydro Commission should get together and operate over one right of way between here and Hamilton, if possible. The duplication of rights-of-way means the outlay of vast sums of money for no particular purpose.
 St. Catharines should become at once vitally interested in the meaning of all this railway development. It will have great significance to its future.

LEAVES FOR OLD COUNTRY

Ald. C. H. Nash, chairman of the Park, Cemetery and Civic Improvement Committee and one of the representatives of St. Patrick's Ward in the City Council left yesterday afternoon for a trip of six weeks to England. He will sail on the Grampian from St. John's N. B. Ald. Nash has brothers and sisters resident in the Old Country and he is anxious to see them again now that the strain of the fearful European struggle is over. It is interesting to note that a few days ago Ald. Westwood and Ald. Nash by a mere chance discovered that they both came from the same community in England the former having left there in early boyhood.

HELPED TOO CARRY BY-LAW

Secretary of Hydro Radial Association Active in Hamilton.

Mr. W. C. Bush, former Reeve of Grantham, and who has for some time been secretary of the Hydro radial union of the Niagara District was in Hamilton all last week assisting the friends of Hydro to roll up the big majority which was given for the hydro radial by-law there on Saturday. Mr. Bush believes that the railway when built will be of incalculable value to this city and to the rural sections through which it will pass.

Eddie Dorsey and Leo Johnson, who put up a very good fight in Baltimore last week, were rematched to box again in that city on March 28. Dorsey expects to engage in one or two scraps before this match, and would like to gox Jake Schiffer or Rocky Kansas, in Buffalo.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray Faded Hair Dark and Glossy

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for Wyeth's Sage and Sulphur Compound. You will get a large bottle of this old time recipe improved by the addition of other ingredients at very little cost. Everybody uses this preparation now because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time; by morning the gray hair disappears and after another application or two your hair becomes beautifully dark, thick and glossy and you look years younger.

STARVING WOMEN IN CAUCASUS EAT DEAD HORSE MEAT

New York, March 16.—Thousands of men, women and children are starving to death in the Caucasus according to the first report from Dr. James L. Barton, chairman of the commission recently sent to that region by the American committee for relief in the near east, received by cable at the headquarters of the committee here today.
 "There is no bread anywhere," said the report. "The government has not a pound. There are 95,000 people in Erivan wholly without bread, and the orphanages and troops all through Erivan are in terrible condition."
 "There is not a dog, cat, horse, camel or any living thing in all the Igdigr region. We saw refugee women stripping the flesh from a dead horse with their bare hands today."
 "Thirty deaths a day are reported from Ashtaragg; twenty-five from Etchmiazin. Another week will score 10,000 lives lost."

BURGLARY AT THE FALLS.

Niagara Falls, March 17.—John Matzki, who conducts a pool room at East Falls street, found on visiting his place this morning that thieves had forced a window and stolen \$300 in cash and a \$100 Liberty bond from his safe, which had been left unlocked. No trace of the burglars has been found by the police.

A handy man in Toronto who without a permit undertook to wire his residence for electric lighting purpose, was lately fined \$50.

An Inside Bath Makes You Look and Feel Fresh
 Says a glass of hot water with phosphate before breakfast keeps illness away.
 This excellent, common-sense health measure being adopted by millions.
 Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.
 Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping wash from the stomach, liver kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.
 Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.
 Those who wake up with bad breath coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach, others who are subject to bilious attacks or constipation should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

GEORGE M. McFARLANE, Paris, Ontario.

The city of Montreal is planning to have a civic pension scheme for municipal employees. It is to be supported partly by contributions from the employees and partly by a municipal grant.—Monetary Times.

The city of Ottawa has almost completed the construction of a new Water Gas Plant, with a capacity for cooking or heating of a million cubic feet per day, which can be increased to 500,000,000 per year.

Let Us Tell You

As an absolute fact that the cheapest cuts of prime meats are better than the costliest cuts of inferior grades. And as we buy only the choicest and primest it follows that no matter what cut you buy here you get meat that for tenderness and flavor cannot be excelled.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia water drink which helps overcome uric acid and is beneficial to your kidney as well.

Rheumatism is easier to avoid than to cure, states a well known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat; but drink plenty of good water. Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles and causing stiffness, soreness and pain called rheumatism.

ELECTRIC TREATMENT

Electric treatment of growing crops may almost be said to have reached a commercial stage. The most recent reports describe experiments carried out at Llantwit Vadre in South Wales on last year's potato crops, which showed a difference of 12.6 per cent between the electrified and the control crops. In 1917 the gain had been somewhat larger—17.2 per cent. The equipment in use in these experiments was of sufficient capacity to care for 100 to 150 acres and its cost was approximately \$1,500. The amount of energy required is considerable.

ST. PATRICK'S DAY

From pole to pole, from sea to sea, Where'er one Celtic spirit dwells, Today he holds a jubilee, And holy thoughts where'er he swells, And holy thoughts where'er he swells, Down on his heart with cheering ray, As backward flies his fancy home, For this is Erin's Patrick's Day.

Where Bonna Vista's mountains soar, In lowering grandeur to the skies, Where old Niagara's torrents roar, Or Cashmere's fertile valley lies, In every clime, on every land, Old Erin's sons with spirits gay Unite together, heart and hand, To celebrate St. Patrick's Day.

The Irish exile, as he strays, Through the fair vales of Hindustan, Will backward turn in thought to gaze On Shannon, Liffey, Lee or Bann, And to his heart old memories come Of scenes and friends now far away, That once he knew in his old home, Long, long ago, on Patrick's Day.

And where the tall Canadian pine Uplifts its head to brave the storm, As pure a love does burn and shine As deep—as pure—as bright, as warm, Deep in our hearts 'tis treasured there, And cannot fade or die away, Deep in our hearts the love we bear To native land and Patrick's Day.

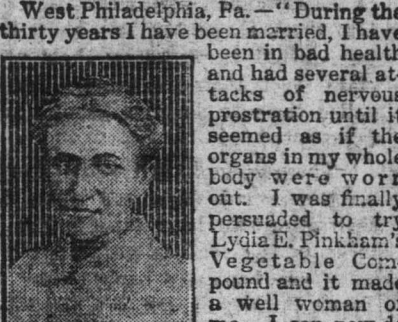

On history's page we proudly trace, The glorious deeds our sires have done, And o'er the world the Irish race In love of country, yield to none, On many a gory field of death, In rushing charge, and deadly fray, The foeman's flag has fallen beneath Our flag that waves on Patrick's Day.

But to our friends on every land, In peasant cot or lordly hall, We give with open heart and hand, Friendship, good will and love to all, We care not what his creed may be, Or at what shrine he kneels to pray, If true to Erin's banner he, Is welcome here on Patrick's Day.

To all who love and cherish dear, That proud old land beyond the wave, They'll find as true a welcome here, As warm as freeman ever gave, 'Twould be our joy, 'twould be our pride, To see those linked in proud array, The green and orange side by side,

NERVOUS PROSTRATION

May be Overcome by Lydia E. Pinkham's Vegetable Compound—This Letter Proves It.

West Philadelphia, Pa.—"During the thirty years I have been married, I have been in bad health and had several attacks of nervous prostration until it seemed as if the organs in my whole body were worn out. I was finally persuaded to try Lydia E. Pinkham's Vegetable Compound and it made a well woman of me. I can now do all my housework and advise all ailing women to try Lydia E. Pinkham's Vegetable Compound and I will guarantee they will derive great benefit from it." Mrs. FRANK FITZGERALD, 25 N. 41st Street, West Philadelphia, Pa.

There are thousands of women everywhere in Mrs. Fitzgerald's condition, suffering from nervousness, headache, headaches, and other symptoms of a functional derangement. It was a grateful spirit for health restored which led her to write this letter so that other women may benefit from her experience and find health as she has done. For suggestions in regard to your condition write Lydia E. Pinkham's Vegetable Compound Co., Lynn, Mass. The result of their 40 years experience is at your service.

ST. THOMAS UTILITIES LOSS

The annual financial statement of the public utilities of the city of St. Thomas, made by the city auditor, shows that the Hydro-Electric for the year 1918 had a profit of \$12,223.91, the waterworks \$437.95, the municipal railway had a deficit of \$11,171.75, and the gas department a deficit of \$9,223.54. The amount of taxes not collected are \$86,923.27.

The people of Ottawa should be in a happy condition with a tax rate of only 24 mills and a reduction of 5 per cent. off their water rate.

PLAN CAMPAIGN AGAINST THE LEAGUE IDEA

United States Senators Will Send Special Couriers to Europe to Keep American People Better Informed on League of Nations Matter.

Washington, March 15.—In order, they say, to prevent any censorship from interfering with their plans, Senators who are participants in the society proposed for the purpose of "keeping the American people better informed" as to the events of the Peace Conference will send special couriers to Europe.

These couriers will, so the Senators say, communicate to the French press and people the actual sentiments of the American people regarding the League of Nations and the Peace Treaty. Some of the Senators in the group urging the formation of the Society say they firmly believe that both French and American censorship has been urging repressing methods and that the real sentiments of neither the French nor the American people have been exchanged. They declared yesterday they would depend on their couriers to bring back from France the information they sought, and that this would be "the only safe way" to get it.

Already Senators Borah of Idaho, Read of Missouri, Pinchexter of Washington, and others have allied themselves with the movement, with George Wharton Pepper of Philadelphia and Henry Watterson are also identified. Senator Knox of Pennsylvania, who is now at Palm Beach, was heard from today. It was declared he was entirely sympathetic with the idea.

A meeting will be held next week in New York at which an effort will be made to have the new society included, under a special name, with all the organizations in the country which share the same view toward the League of Nations project.

DAYLIGHT SAVING IN CANADA

Daylight saving in the United States will make confusion for the railways in Canada unless they adopt the new time, and if they do the Canadian farmers will again have some of the inconveniences of last year. The farmers complained last summer that they had to be at work in the mornings while the ground with wet with dew. They could not defer the milking if they had to catch milk trains running on the new time. They may be no better off in this respect if the Daylight-saving Bill is dropped at Ottawa. The companies may be compelled to follow the American time against their will because their time tables are adjusted to American connections, and many trains cross the boundary. In that event it would be easier for the cities and the towns to renew last year's plan locally if there is to be no legislation. Workers in shops, offices, and factories and urban gardeners, found the extra hour of daylight in the evenings a boon and will be reluctant to give it up. Both in the United States and Canada the majority of the farmers are opposed to it, their objections being the same in all parts of the continent. They contend that they cannot work under the old time when daylight saving is in force, as they must adapt themselves to the railways and the hours of cities and towns in which they do business.

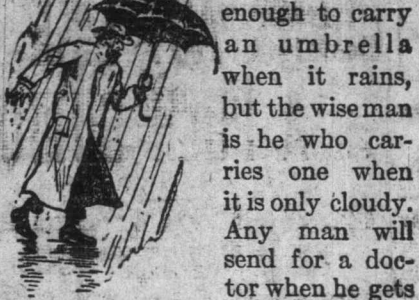

The opinion of Congress was not tested this year, as a filibuster prevented a vote on the question. It is reported that the bill will be dropped at Ottawa because of rural protests. What the Canadian railways will do if Parliament does nothing remains to be seen. Next year so important a matter should be the subject of consultation and agreement between the United States and Canada. It is international in its scope and effect, and cannot be decided satisfactorily by one country alone.—Toronto Globe.

NINE SAILORS DROWNED WHEN SHIP HIT MINE

American Transport Yselhaven Went Down Early Friday Morning. Survivors Landed.

(Special to The Journal) London, March 15.—Nine sailors are reported drowned in the sinking of the American transport Yselhaven which struck a mine at 1:35 o'clock Friday morning according to a report to Lloyd's. The Yselhaven was bound from Baltimore to Copenhagen. Thirty five survivors have been landed at Hartlepool by a British steamer.

In The Spring-Time.

Any fool knows enough to carry an umbrella when it rains, but the wise man is he who carries one when it is only cloudy. Any man will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his ills become serious. During a hard winter or the following spring one feels rundown, tired out, weak and nervous. Probably you have suffered from cold, or influenza which has left you thin, weak and pale. This is the time to put your system in order. It is time for house-cleaning.

A good, old-fashioned alterative and temperance tonic is one made of wild roots and barks without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic, which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system.

CENTRAL BUTTE, SASK.—"I have used the 'Golden Medical Discovery' for a number of years and am pleased to recommend it as a blood purifier. I know it has no equal. I think my boy would not be alive today had it not been for the 'Discovery.' I also keep it on hand for coughs as it differs so from other medicines, instead of upsetting the stomach as cough syrups do, it is good for the stomach."—Mrs. FERRY WOOD.

BYE-ELECTION TO LIBERAL

Lloyd George Candidate in West Layton Beaten at the Polls

London, March 15.—The bye-election in West Layton, caused by the death of the member elected in the general election in December, has resulted in the election of A. E. Newbold, an Independent Liberal, who defeated K. F. Mason, a Coalition Unionist.

JUBAN AUTHORITIES ARE NOW AFTER JACK JOHNSON

Havana, March 15.—The attention of the judicial authorities here has been called to the declaration made by Jack Johnson, former heavyweight champion, that his bout with Jess Willard in this city four years ago was a "fake." A written report on the incident has been made by a lieutenant of detectives.

In closing his report, which includes the translated version of Johnson's statement as published here yesterday, the detective says:—"From the foregoing it may be seen that if this story is true the people of Havana were deceived and defrauded and that it is desired to repeat the event with the same or a similar combination."

A SOLID COMPLIMENT

New York, March 17.—The New York Morning Sun says in its leading editorial this morning:

"What is this marvelous Canada, our next door neighbor and good friend, that it can come into our markets, war time or peace time, and buy from us as no other nation, population unit for population unit, begins to do? Where is there another to be prized by us as we should prize this staunch ally, patient customer and near kin? How high is the limit which shall be placed upon the value of the relations between that country on the one side and our country on the other side of a thin subudary line stretching high 3,000 from the Atlantic to the Pacific?"

Better Than Ever.

"While the war waged we were astounded at the magnitude of Canada's part in it, with only some 10,000,000 inhabitants; at the men, the money, the supplies Canada sent over; the materials Canada took from us to help keep the war machinery; the industrial machinery, the business machinery of the Dominion driving at top speed. But here is the war end (ended four months ago) and what is Canada still doing in our markets? Only more and better than ever, that is all.

Some Comparisons.

"Well, compare: All Africa bought from us in January only \$5,000,000, against Canada's nearly \$50,000,000. All Oceania took from us \$27,400,000 all South America \$24,000,000 All Asia with many hundreds of millions of people, bought from us only \$6,500,000 more than Canada, with its few millions of people.

"Consider our exports to Canada for the seven months of the fiscal year ending in January. In the corresponding seven months preceding all war months we sold to Canada goods amounting to \$428,700,000. That was huge; yet in the corresponding seven months ended with last January some four and a third of them war months, and some two and two thirds of them peace months we sold to Canada goods amounting to no less than \$542,500,000!

SEND IN YOUR ORDER

Any one desiring to have The Journal delivered should call telephone 53, circulation department. Carrier boys are now going to all parts of the city and arrangements can be made to have the paper delivered every evening at your home.

DR. ARTHUR B. COBB

Dentistry.

AS A LAST RESORT ONLY do we use plates in our Dentistry.

In nine cases out of ten where plates have been used our Crown and Bridge Work Specialists could have accomplished the work without the necessity of a plate.

Just as bridge engineers build great spans across seemingly impossible chasms, demanding only TWO SECURE POINTS for their foundations, so do our bridge work Specialists set in place rows of nearly, natural teeth that do everything as well as natural teeth could. These Dental operations are nothing short of marvelous. They bespeak the skill for which this Office is noted.

AND—it is gratifying to know that this skilled Dental service can be yours at extremely reasonable cost. As an example—\$5 for a crown of excellent quality and Bridge work at same rate. The courtesy of an interview and a thorough examination are offered entirely without charge.

THOROLD

A new second hand store will be opened on Front Street near the trestle, on March 24th.

The Willing Workers of the Presbyterian Church will meet at the home of Mrs. Lawson, Albert Street, on Tuesday afternoon.

The Epworth League of the Methodist Church will go to Merriton tonight to be entertained by the league of the Methodist Church at that place.

Rev. R. S. E. Large, preached at both services in the Methodist Church on Sunday. At the evening service Mrs. Abraham sang a very pleasing solo.

Mr. H. C. Hodges was pleasantly surprised on Saturday when a committee on behalf of the Beaverboard Plant visited him and as a token of their esteem presented him with a handsome band ring suitably engraved. Mr. Hodges had previous to purchasing the Richings butcher business, been general office manager of this company, for the past eight years, and his departure was learned with regret by his many associates. The entire staff of the Beaverboard Co., wish him success in his new undertaking.

A pleasant time was spent at Windle Village Hall on Saturday night, when the employees of the Pilkington Glass Company surprised Mr. Harrison, general manager for Canada, at a little party, the occasion being the 41st anniversary of his birthday. A very enjoyable time was spent in various amusements after which Mr. Harrison was presented with a magnificent pipe. Mr. Railton reading a very suitable address. A programme was rendered by the following talent after which a sumptuous supper was served:—Mr. and Mrs. George Eddington, Miss Watt, Miss Hall, Miss Harrison, Mr. Lillie, Mr. Shearman. At a seasonable hour the party dispersed to their respective homes, all wishing Mr. Harrison many happy returns of the day.

Rev. W. H. Smith preached at both services in the Presbyterian Church on Sunday. In the evening he preached his sixth sermon on "Money and Debt" which was very interesting.

Mr. and Mrs. M. O'Brien of St. Catharines, spent Sunday the guests of Mr. and Mrs. Sharon, Pine Street.

The many friends of Mrs. Ward, Ormond Street, will regret to hear she is ill in the St. Catharines Hospital.

The Misses Florence and Helen Heaslip of Port Robinson spent the week end very pleasantly the guests of their sister, Mrs. Raymond Heaslip Chappell Street.

Mr. Albert Campbell, Front Street, spent Sunday in Toronto.

Wright's Home-Made Bread
Now that the restrictions are off regarding the use of substitutes, our Bread is back to the high Standard we set previous to the War. Our genuine Home-made Bread is scarcely touched by hand, having in our equipment the most Sanitary System of handling it. This machine costs a lot of money, but we believe it is hygienic and more sanitary than by hand. Therefore it pays in these days when germs are so easily spread, the handling of food stuffs should be carefully done. We believe the public will appreciate our system of doing this.
Wright's Genuine Home-Made Bread Costs No More Than the Poorer Kind. 11 Cents the Loaf.

We buy everything you want to sell. McGuire & Co.

Another sign that Spring is almost here is to be seen at the Great War Veteran's Club house where the flower garden in front of the building was in bloom this morning. The members of the Club intend to make the grounds one of the beauty spots of St. Catharines this summer.

We buy and sell everything. Ruch Bros., 22 St. Paul St. Phone No. 1864. M18

The Business Boys Club of the Y. M. C. A. will meet tonight when after the usual supper an address will be made by Mr. Griffith of Ridley College.

Workers Educational Club meets Wednesdays and Sundays at 7.30 p.m. Carpenters Hall, 28 Queen St. Workers invited. m7-19

Manager Odium of the Grand Opera House stated this morning that the demand for tickets for the "Better Ole" picture which will be shown the first three days this week at the Ontario street play house has been beyond all expectations. The film version of Captain Bruce Bainsfathers cartoon play is one of the successes of the season and enjoyed a long run at the Alceon Theatre, Toronto.

There will be a meeting of all members of the 4th Canadian Mounted Rifles who have already returned to the city at the G. W. V. A. club house tonight for the purpose of making arrangements for a reception to the local members of the unit when they arrive in the city some day this week.

The Executive Committee of the Great War Veterans Association will meet at the Club Rooms, Church street tonight.

The members of the St. Catharines branch of the Soldiers Aid Society are holding a meeting in the office of the N. St. C. and T. Ry. Nova Scotia Bank building this afternoon. Mr. Warwick secretary of the Ontario branch is in attendance at the meeting.

Money Saving eye glass and spectacle sale at Erskine's Drug Store, St. Catharines, March 20th, 21st, and 22nd. Warranted high grade gold filled rimmed spectacles and eye glasses. Regular \$5.00 value for only \$2.50. Examination free. The price of all optical goods have advanced so much you will do well to take advantage of this chance. Come Early. m 15 17

Mr. Thomas Marshall, M.P.P. for Lincoln, showed that from 1896 to 1916 public school test books in Ontario increased from 18 to 44, and the cost from \$5.27 to \$13.43. Hon. Dr. Cody has room here for educational reform which would be appreciated by the family man says the Toronto Globe.

Many flower beds with a southern exposure in the city have their hyacinths and other early bloomers out in flower today and to add to the glories of an early spring the frogs along the canal sides were heard croaking on Sunday.

Quite a large number from this city contemplate going to Homer on Monday.

CORNS ACT LIKE A PUSH BUTTON

Tells why they are so painful and how to lift them right out.

If you push an electric button you form a contact with a live wire which rings the bell. When your shoes press against your corn it pushes its sharp roots down upon a sensitive nerve and you get a shock of pain.

Instead of trimming your corns which merely makes them grow, just step into any drug store and ask for a quarter of an ounce of trozone. This will cost very little but is sufficient to remove every hard or soft corn or callus from one's feet. A few drops applied directly upon a tender, aching corn stops the soreness, instantly, and soon the corn shrivels up so it lifts right out, root and all, without pain. This drug is harmless and never inflames or even irritates the surrounding tissue or skin.

The Canadian Crocker-Wheeler Co. of this city has declared dividends of 1 1/2 per cent. upon their preferred and common stock for the three months ending March 31st, 1919.

Some of the Masons of this city are journeying to Niagara Falls, N.Y. to visit a Masonic Lodge there on Wednesday night.

The Daughters of the Empire are planning to hold a programme of music, songs and pictures at Griffin's Opera House on March 26th.

Doctor McCoomb has arrived in the city and will open the canal hospital at Homer in a few days.

Now listen folks, and get this right. At 8 o'clock on Tuesday night, The Burns Club social (cookie fight) in Standard Hall. Come, spend three hours in Scotch delight. Welcome all. m17 18

The single taxers of Toronto, have taken exception to Hon. W. L. Mackenzie King's statement last week before the Empire Club with respect to the relations of labor and capital.

The International Paper Company, of New York, has decided to erect a huge plant at Three Rivers, Quebec, at a cost of six millions of dollars. The plant will cover an area of 100 acres and more than 3000 workers will be employed.

Do not forget Carmichael's dance in Dalhousie Hall, Tuesday, March 18, 1919. m17 18

We buy and sell everything. Bowen's 81 Niagara St., corner Church and Niagara St. Phone 1088. a17

The succession duties received by the Ontario Government from deaths in this county during 1918 amounted to \$29,514.57.

The Dominion Dredging Co. whose plant has been laid up at Port Dalhousie during the war has commenced to fit up for work at Port Weller.

LOOK AT A CHILD'S TONGUE WHEN CROSS FEVERISH AND SICK

Take no chances! Move poisons from liver and bowels at once.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

As if to add to the troubles of the city icemen, we were informed that a despatch was received from Barrie this morning, that owing to extremely mild

LOOKS AS THOUGH GRAND TRUNK WOULD ALSO BECOME NEUTRALIZED

Ottawa, March 17.—The managers and legal advisers of the Grand Trunk overshoot their mark when they left the Grand Trunk Pacific at the door of the Dominion government. Instead of forcing the government to give into them, they were, in a short and sharp interview at Ottawa on Friday last, forced to withdraw their pretensions, and before they left had to declare over their signatures, that they accepted and would, as the law compelled them to do, give faithful service to the receiver and his officers. They were outwitted.

There is nothing for the shareholders of the Grand Trunk when they meet in a few days, and when the true position is explained into which their directors have landed them, but to accept the offer of the government to lease the road in perpetuity on what are fair, if not generous terms. They are hopelessly bankrupt by reason of their adventure with the Grand Trunk Pacific, though this condition has been withheld from them. Now it must be faced. They only recourse is with the directors and those who misled them.

It is also believed here that the vote in Hamilton in favor of the Hydro radial line from Toronto to the Niagara River will lead to some kind of adjustment between the National Railways and the Hydro. There will be a quick settlement as soon as the Grand Trunk shareholders give their answer to the Ottawa ultimatum.

EFFICIENCY AIDS ECONOMY

WEATHER
Occasional rain to-day; Tuesday north-west winds; fair and turning colder.

Cooking tests show that natural gas out-tops all other fuels for money spent and quantity used.

All the less reason for being sparing you say.

Yes—if the supply were limitless. Unfortunately there is a very definite limit to what we have, and no new sources are in sight, despite constant search. Luckily the efficiency of natural gas helps us to be sparing with it.

Although Natural Gas is Cheap, do not waste it—the Supply is not Everlasting.

THE UNITED GAS COMPANIES, Limited.

weather there and a heavy warm rain falling since Friday evening, there is a hurry a foot of water covering the ice on Lake Simcoe.

WOMEN AS BRAVE AS THE MEN

THEIR STRUGGLE SHOWS A REMARKABLE SPIRIT

Talk of the bravery of men, how where can you find a finer spirit than among the half-sick women who are fighting and struggling to do their duty against the terrible odds of ill-health, and who will not give up.

One woman in every three is struggling against weakness. Most of them are not exactly sick, but, oh, how miserable!

The burden and misery of it all has its foundation in the blood which is thin and watery. The red cells are too few. The very stream of life is reduced in vitality. Weakness and inevitable ill-health are the certain result.

Every ailing or weak woman can quickly regain her health in this very simple way. By filling the system with the nutrition that comes from rich red blood, a quick change for the better will result. To accomplish this, take two chocolate-coated Ferronone Tablets after each meal. You'll feel better immediately for the simple reason that Ferronone renews the blood. It gives you vim, vigor, endurance, restores a tired, worn-out system very quickly.

You'll feel like new all over once you get Ferronone working through your blood. It puts color into faded cheeks, brightens the eyes, quickens the step, brings back that wonderful feeling of youth.

One of the finest things Ferronone does is to make you eat lots and digest it as well. With keen appetite, sound sleep, strong nerves and lots of nourishing blood you're bound to gain robust health. Any sickly girl or ailing woman that Ferronone won't make well must be incurable. There is a secret power in Ferronone, and it is worth a trial at all events. Fifty cents per box, six for \$2.50. At all dealers in medicine, or by mail from The Catarrozone Co., Kingston, Ont.

Miss Caulfield informs The Journal that there is a good sized vacant lot at 13 Summer street which she would be glad to allow anyone to plant for garden purposes this spring, providing they would put it in shape. She would charge no rent for its use. Any person desiring to get the lot to grow vegetables should call up Miss Caulfield at phone 1119.

SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS

Man feels bad all over--feels weak--feels nervous, irritable, gloomy--gets angry at little things that ordinarily would not be noticed. You feel tired mornings. Your sleep does not rest you. You feel nervous. You dream at night. Your memory is poor. You can't concentrate your mind. No appetite. You lose flesh--all run down. You can't understand why.

As to your trouble? Have you some skin eruption that is stubborn, has resisted treatment? Is there a nervous condition which does not improve in spite of rest, diet and medicine? Are you going down hill steadily?

SYMPTOMS OF VARIOUS AILMENTS

Weak and relaxed state of body, nervousness, despondency, poor memory, lack of will power, timid, irritable disposition, diminished power of application, energy and concentration, fear of impending danger or misfortune, drowsiness and tendency to sleep, unsteady sleep, dark ring under eyes, dizziness, pimples on face, palpitation of heart, easily tired, weakness or pain in back, lumbago, dyspepsia, constipation, headache, loss of weight, insomnia. Dr. Ward gives you the benefit of 28 years' continuous practice in the treatment of all chronic, nervous, blood and skin diseases. The above symptoms, and many others not mentioned, show plainly that something is wrong with your physical condition and that you need expert attention.

NERVE EXHAUSTION.

The Great American Disease. There are numberless people who do not call themselves sick, and yet they feel nervous, weak, languid and tired most of the time. They have no ambition or endurance to work--everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable; they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion, belching of gas, pains in the stomach present. Sleepless, wakeful and restless nights follow. They become drowsy after meals and the brain tires easily.

D. R. WARD, Specialist

OF INTEREST TO THE AILING MAN

28 years' experience and learning. 28 years doing one thing and doing it well. Experimenting days long past. I know! My success is due to system and direct methods. I go after the cause. No delays--no waiting--no wondering. No weary months and years dragging along waiting for expected results. I make a fee for treating the patient as long as treatment is necessary. If I make you a fee of \$10.00 or \$25.00 it means that I will treat your case until you are dismissed. Consultation and examination free.

Letters
to the Editor

To the Editor The Journal,
Dear Sir--
The following may be interesting to some of your readers at least, those to whom it may appear novel in its composition. You will notice, that the words between quotation marks are the titles of some of our old popular songs of the '90's and it is entitled

A Patchwork Love Story

Last year I was spending my "Good Old Annual" holiday at Dover. Our "Cottage by the Sea" stood in "An Old Garden," where "Sweet Violets" grew "All in a Row." I was dreaming "With Heart Bowed Down" of "Auld Lang Syne," and "The Girl I Left Behind Me," when I espied "Over the Garden Wall," I espied a maiden "Comin' Thro' the Rye." Two "Cherry Ripe" lips smiled at me and "Two Lovely Black Eyes" sparkled greeting. "She Wore a Wreath of Roses," and "Her Golden Hair" was Hanging Down her Back. "There's a Picture for You!" I thought "New Year Shall be Long." Then I recognized her. It was Mabel--"Darling Mabel." "My Sweetheart When a Boy." Evidently "She Was One of the Early Birds." "Oh, Willie, we Have Missed you!" she exclaimed. "Jack's Come Home From Sea Today" and "Maggie Murphy's Home." "They All Love Jack"--you know him, don't you?--"The Midshipmite." Yes, I said. "We Were Shipmates." A youth entered the garden. "Who's this?" I asked. "Oh, that's "Tommy Atkins," replied Mabel--one of "The Soldiers of the Queen." "I fear no foe in shining armour," I said and "He ain't no class!" He's all right when you know him, and "He dunno where he are." Then he can "Ask a policeman" I said hastily. So you're "The Devout Lover," he sneered, but how about your other sweethearts? "Dorothy Dene," for instance and the "Two Little Girls in Blue?" "Hush," I muttered glancing at Mabel. "It's Another Color Now." "Twiggy-cous?" "I see," said Tommy and "He winked the other eye." "But we seem to be "Strangers yet." You haven't forgotten the "Boys of the old Brigade," surely? "No sir," I answered. "Then You'll Remember Me," he said--we were "Comrades." In "The Seventh Royal Fusiliers," what! I exclaimed. "My Friend the Major." Yes, said Tommy, but I must "Say Au Revoir." Fact is, "There is a Tavern in the Town," and er--"She's Waiting There for me." So Tommy marched away "Down the Road." My heart ached for Mabel. We had quarrelled a year ago, and parted "In the gloaming." "Now or Never," I thought. "Darling I am growing old," I said. "You're the only girl in this world for me." Tell me "My pretty Jane"--no, I mean "Daisy"--no, "Annie Rooney." (They were the names of by-gone "Sweethearts.") "But the poor girl didn't know." "Oh!" she exclaimed, so "There are Others." "Lots of Others!" "Dear heart," I protested. "What's put that into your head?" "You can't stop a girl thinking," she replied. "It's a great big shame!" I want an explanation about the other girls. "Won't you tell me why Robin?"--no, I mean Tom--that is Jack--er. "Then, up I come with my little lot." "I want an explanation," I said, about Robin and Tom, "The Minstrel Boy," and Jack and the rest of 'em. "Oh dear what can the matter be?" she cried. I never saw "The Minstrel Boy." "After the ball was over," I love but you. "Now will you be good?" "I will," replied. You are "Queen of my heart," "Let us be sweethearts again, love," and I will be "True as the stars that are shining," "True, true till death." "For ever and forever." And "The verdict was,"--well, "Never mind," "I ain't a-going to tell." "The Victrola of Bray" married us just as "Big Ben struck one." It was "At Trinity Church," and "We all went home in a cab."

Told by, yours truly,
The Office Whistler.

THOUGHTFUL WILLIAM

William, snapped the dear lady, viciously, didn't I hear the clock strike two as you came in?
You did, my dear. It started to strike ten, but I stopped it to keep it from waking you up."--Tit Bits.

ASKS FOR INVESTIGATION

Editor Journal:
I note in the proceedings of last Council meeting that the city has sustained fine losses from the City Gas Plant and the storage of fuel.
The establishing of the Children's Shelter is so recent that it is a purchase of a property which now demands a further expenditure of \$15,000 in order to meet the purpose intended, should be subject to a most thorough investigation.
As a starter it would be interesting to receive one Alderman's reply as to whether he was agent for the vendor at the time this sale was made to the city for the Shelter.
Yours,
CITIZEN

THREE FLYING CIRCUSES TO BOOM LIBERTY LOAN

Washington, March 17.—Three flying circuses of British, French and American aviators in American and captured German Fokker planes will tour the United States in connection with the Victory Liberty Loan campaign, giving aerial sham battles and acrobatics over fifty leading American cities. Each squadron will be carried in a special train of eleven cars, traveling at night.
Six of the best British flyers developed during the war will participate. Eight French flyers, one of whom has a record of 43 victories, has left France for the United States to take part.

WILL CREDIT SHIP HIRE AGAINST GERMANY'S DEBT

Washington, March 17.—Chairman Hurley of the shipping board has cabled the British government denying reports reaching London that the shipping board was prepared to offer equitable rates of freight to German ship owners for the use of their vessels. The message from London said the reports had led to questions in parliament and Mr. Hurley assured the British government that the shipping board would co-operate with associated governments, which propose to credit the hire of the ships against sums Germany owes the associated powers on account of war expenses.

GREATEST SHOW ON EARTH!

New York, March 15.—The boast of all circus men in the world that theirs was the "greatest show on earth," is now less a matter of opinion than ever before, for Barnum and Bailey and the Ringling Brothers have combined their shows, thus forming what pres representatives declare to be the "colossus of all amusements."

ON THE CARMANIA

Militia Department Announces That Both the 4th and 5th C.M.R. are on the Boat.

Ottawa, March 15.—Some doubt has existed as to what regiments of the Canadian Mounted Rifles are coming home on the Carmania. The Militia Department announced today that both the 4th and 5th C. M. R. are on the boat. The latter with 25 officers and 60 men. These are for demobilization at Montreal.

AT THE MOVIES

AT HIPPODROME

"WHO WILL MARRY ME?"

She loved her husband better than life itself.
He had married her when her parents had doomed her to become the spouse of the oily barber, who cut hair and shaved Italians at Little Italy's most pretentious tonsorial parlor.
He was a wealthy clubman, she an humble maid of the Ghetto.
In her wedding gown of dowdy cut and garish hue she had run away from her hair cutting finance and had rushed into the arms of this handsome stranger. And he married her at the nearest preacher's.

Then came the great shadow in their life.
She found him with a smoking revolver in his hand, and on the floor a man lay dead.
He gave himself up to the police, and it looked like the electric chair would claim him. It seemed there was no hope.
But she concocted a scheme to cheat the death dealing currents of their victim. How? What? Which? When? Where?

To find the answers to these questions be present Monday and Tuesday night when "Who Will Marry Me?" Carmel Myers' latest Bluebird production will be shown here. You all remember this clever star of "My Unmarried Wife," "All Night," "A Society Sensation" and other hits. The Bluebird producers claim this is her best picture since "My Unmarried Wife."

AT THE GRAND

"The 13th Chair" has nothing in it or about it remotely allied to propaganda. Although its central character is a spiritualistic trance medium who gives some marvelous demonstrations and pleads for supernatural aid in the hour of her difficulty, the manner of her performance of the most mystifying tricks is disclosed almost before the audience the audience may put in the theories of Miss La Grange, the medium, is left entirely to that audience.

"The 13th Chair" will be shown at the Grand Opera House on Saturday March 22nd, matinee and evening.

A MYSTERY PLAY

On the programme of "The 13th Chair," the dramatic mystery by Baynard Veiller which comes to the Grand Opera House, Saturday, March 22, matinee and evening, credit is given by the author to Will Irwin who wrote a series of stories in which Rosalie La Grange, a spiritualistic trance medium, was the principal figure. The most important character in "The 13th Chair" is Rosalie La Grange, also a trance medium, but aside from these facts there is nothing in "The 13th Chair" that was related in the Irwin stories. The plot of the play is an entirely original conception.

SCARCITY OF FOOD SUPPLY PROMPTING MINOR THEFTS

Niagara Falls, March 17.—Old Hycosta Living is suspected by the police with responsibility for petty thefts of edibles about the city. A chicken coop in the rear of No. 2316 Mackenna avenue was looted of ten chicks during last night.

From Emmet Clancy's grocery in Main street some pennies and meat were stolen. The intruders had hauled a ham as far as their exit in rear of the store but the meat slipped from them and fell to the floor where it was found by Clancy this morning.

ASK FOR USE OF GRAND TRUNK RIGHT OF WAY

Municipalities Between St. Catharines and Port Credit Will Petition Government to Agree to Such a Plan if System is Taken Over.

It is understood that the Ontario Hydro Commission will shortly commence work on the line between Port Colborne and Bridgeburg which will provide a lot of work for the unemployed of that district.

It is also reported that the Hydro Electric Commission and the representatives of every municipality between St. Catharines and Port Credit will make an early effort to get the Dominion government to agree to the use of the Grand Trunk right of way, provided that system is taken over by the government. It is proposed to widen the present right of way in order that the Hydro Radial and the Grand Trunk may be accommodated.

The Canadian Northern Railway which is now a part of the Canadian National Railways has a right of way through the northern part of St. Catharines and if a new line is to be built through this city it is likely that this right of way will be asked for by the people.

At a meeting in Welland last week Sir Adam Beck suggested that the municipalities of the Niagara district send a deputation to Ottawa for the purpose of asking the Government to hand over the lines of the N. S. and T. to the people to operate which would be fed by Hydro and save the expense of an entirely new road bed.

NEWS FOR THE KIDS

A circus is coming! The old glad cry of youth which makes you glow and thrill, which makes the old folks young again and the young ones simply bubble over with excitement. Berzac's Mammoth Indoor Circus combines all the old time "pep" and ginger with the modern scientific equipment of the theatre and commencing Monday evening, March 24 at the Grand for an engagement of three days with matinees Tuesday and Wednesday, this marvellous European spectacle introduces for the first time in this city the unique entertainment of a circus transplanted to the stage.

AT THE KING GEORGE

BERT LYTELL IN "THE SPENDER"

Bert Lytell voted one of the most popular stars of the stage and screen has added new greatness to his name by his work in "The Spender" which will be the attraction at the King George Theatre on Monday and Tuesday. This play, taken from the story of the same name, by Frederick Orm Bartlett, which was published in the Saturday Evening Post, has resulted in drawing unusually high praise from noted critics and has gained unbounded praise for the clever actor. The plot is that of a debonair and lovable young man who, not unaturally, desires the good things of life. His purse, however is slender, while his uncle, on the contrary possesses a million, but also, the disposition of a miser, and no capacity for enjoyment. The thought comes to Dick Bisbee that the old man is not getting his meed of happiness out of life, because he does not know how, and decides to teach him the art of enjoyment. "You can not take your money with you when you die," he tells his uncle. "So let show you how to enjoy it here." After some persuasion the old man agrees to this, and Dick becomes the spender of his uncle's wealth, bringing him happiness and new-found youth. Love also finds its way into the younger man's life and a pretty romance results when Dick meets the daughter of an old friend and benefactor. This many adventures which befall both old and young men on their quest for happiness is most entertainingly told, making a story of delightful human interest which will be enjoyed by old and young.

BIG SNOW STORM HERE THIRTY YEARS AGO

Exactly forty-seven years ago today, St. Catharines experienced the worst snowstorm in its history. The downfall lasted for about thirty hours, and on parts of St. Paul street the drifts were about five feet deep. The Rev. Dean Mulligan, who had organized a strong Catholic Temperance Society had arranged for a grand procession on St. Patrick's Day, and in order to get St. Paul Street in shape, Messrs. John Devany, John Nestor, John O'Mara, and others who had fine teams, which they used for towing on the old Canal turned out their drivers and horses and cleared off the snow from Collier's corner, in the east, to the old Canal office in the west. The society had a fine Brass Band at the time which was headed by Sergeant Patrick McCann in his full regimentals as an old veteran of the Royal Canadian Rifles in which he looked the admiration of all the old ladies. The turnout was a success and Father Mulligan congratulated the boys upon their sobriety and good behavior.

SALARIES ABOUT TO CROSS BORDER AS ACROSS BORDER

Advances Made for Teachers Here Bring Salaries to About Those of Batavia.

Despatches from LeRoy and Batavia, N. Y., state that the salaries of Public School teachers in those cities have been materially increased. In Le Roy the increase amounts to \$200 per year, and will affect all teachers who have been in the service of the Board of Education for a period of five years or more. For those who have taught for three years and up to five, the increase is \$150 and \$100 to all those who have taught up to three years. The minimum salary has been fixed at \$750.

Large Increases Given

At Batavia the principals have been given increases of \$500 which makes the yearly salary \$2500. The public school teachers have been granted increases varying from \$100 to \$200 per year.

When asked how the salary increases in St. Catharines compared with those of the Western New York cities, Secretary McBride of the Public School Board stated this morning that the teachers in this city are receiving practically the same salary as the teachers in Batavia, but that the salary list in LeRoy was somewhat higher.

ADVERTISE IN THE JOURNAL

Sapper Cohan, a brother to Young Cohan, the English Boxer who gave Abe Attle and Joe Shugrue hard fights, received his honorable discharge from the Canadian army and is in Bridgeport, Conn., preparing himself for some matches. Sapper is a bantamweight.

W. S. FIELDING

MAKES HOUSE TAKE NOTICE

Makes one of the two Outstanding Speeches of the Present Session of the Commons.

Ottawa, March 15.—Parliament heard yesterday the two outstanding speeches of the present session. From the Opposition benches Hon. W. S. Fielding discussed in masterly fashion the great issues of the day, and concluded an able summing up of the tariff situation with a dramatic appeal to the Western members to "choose ye this day whom ye will serve." He told them they would have to belong to one or other of the old political parties, and expressed his firm belief that, considering the past performances of the Liberal party with respect to tariff reform and freer trade, they had more to hope for from that party than from any other.

No Election Just Now

While standing for Liberal principles, Mr. Fielding made it clear in his closing remarks that he is not in favor of a change of Government at the present time. He said he would continue to give the Government his independent support, although he would hold himself free to vote as

he saw fit. It was not in the best interest of the country that a general election should be held now, he said.

Chars For Fielding.
Hon. Mr. Fielding was in fine form and his skill as a debater was never better demonstrated. His remarks were vigorously and repeatedly applauded by the members of the Opposition and when he had concluded he received an ovation.

Hon. Mr. Creer vigorously applauded Mr. Fielding's remarks about the tariff.

LOUTH COUNCIL

The Council met pursuant to adjournment at Frank's Hall, Jordan, on Monday, March 10th, 1919, at 10 a.m. All the members were present.

The minutes of last meeting were read and adopted.

A petition was presented to the Council, signed by George Eller and large number of others, requesting the Council to improve the road between lots 16 and 17 in the 5th concession by cutting down the two hills on said road and widening the road at the foot of the hill known as the "Winding Hill."

A communication was received from the Minister of Agriculture confirming the Township-by-law appointing fruit tree inspectors for 1919.

A request was received from the St. Catharines School Board, asking that the school taxes of Separate School supporters in the Township be paid over to said Separate School Board.

A letter from L. S. Dessey, Esq., Clerk of Grantham, was received, respecting work on the town line between Grantham and Louth.

A communication was received from W. A. Clarke, Esq., clerk of the township of York, relating to the tax on dogs.

On motion of S. M. Honsberger and P. F. Bowslough the Reeve and Clerk were authorized to sign and submit to the department of Public Highways of Ontario the statement showing payments made to the Road Superintendent on account of his salary.

On motion of S. M. Honsberger and A. C. Gregory the Reeve and Treasurer were authorized to sell the debentures for the Louth Hydro Electric Commission or service.

On motion of Wm. Honsberger and P. F. Bowslough the auditor's report of their audit of the Township accounts for 1918 was received and adopted.

On motion of Wm. Honsberger and A. E. Gregory the petition of George Eller and other residents of Division No. 1 was referred to a committee consisting of the whole Council.

On motion of Wm. Honsberger and A. C. Gregory a by-law was introduced to borrow money for current expenditures.

On motion of P. F. Bowslough and S. M. Honsberger the said by-law was read a second and third time.

On motion of A. C. Gregory and W. Honsberger a by-law was introduced to authorize the borrowing of money for the Hydro Electric service of the township of Louth.

On motion of S. M. Honsberger and P. F. Bowslough the said by-law was read a second and third time.

On motion of S. M. Honsberger and P. F. Bowslough the clerk was instructed to advertise for applications for road superintendent for the Township of Louth for 1919, services to commence on 31st May, 1919. Applications to be received on or before the 12th of April, 1919.

On motion of Wm. Honsberger and S. M. Honsberger P. F. Bowslough and A. C. Gregory were appointed a committee with power to sell the timber on the road allowance between lots 6 and 7 in the 5th and 6th concessions and also in 2nd and 3rd concessions of the Township of Louth known as the "Jolly Cut."

On motion of A. C. Gregory and P. F. Bowslough M. A. Ball, clerk, was appointed Treasurer for the Hydro-Electric Power Commission for the Township of Louth.

On motion of S. M. Honsberger and A. C. Gregory a number of accounts were paid.

On motion of P. F. Bowslough and S. M. Honsberger the Council adjourned to meet again at Frank's Hall Jordan, on Monday, April 14th, 1919, at 10 a.m.

DANZIG TO POLES

Supreme Council Understood to Have Decided to Grant Poland's Claim.

London, March 15.—The Paris correspondent of the London Telegraph said today he understands the Supreme War Council has decided to grant Poland's claim to Oanzig.

FORMER ARCHBISHOP DEAD

Most Reverend Charles Hamilton Passed Away in California at the Age of 85.

(Special to The Journal)

Ottawa, March 15.—Most Reverend Charles Hamilton, former Anglican Archbishop of Canada and Metropolitan of Ontario died yesterday in California. He was 85 years of age.

ADVERTISE IN THE JOURNAL

JOHN HAROLD, M.P., Paris, Ontario
AN AMAZING VERDICT

A man was charged at the Liverpool assize court with entering a neighbor's hen coop intent on stealing. For the defence it was admitted that his head and right arm were inside the coop, adding that this was insufficient evidence to convict. On summing up, the judge sentenced the prisoner's head and right arm to one month's imprisonment, adding "With the rest of your body you can do as you please."

Mike Driscoll, a Hamilton ne'er-do-well, has been convicted 41 times in the police court there.

HAVE THE JOURNAL DELIVERED TO YOU DAILY.

Daily Sport Comment

Eddie Roush, the star outfielder of the Cincinnati Reds, is unquestionably the most resourceful and best all-round batsman of the National League. Last year he was nosed out by Zach Wheat of the Dodgers. He led the championship by two points, but his hitting was more impressive than that of the Brooklyn star. Roush led the league in sacrifice hitting and only struck out ten times in 113 games. He made 145 hits yielding 108 bases last year. He is also a master in the art of sacrificing, and his record for the past two years in the batting art gives him the crown of his league.

Joe Keenan claims to have all his players signed for the London team and Knotty Lee was on a scouting trip this week, rounding up material for the Bradford team. Unless McCaffery will release Fisher to Bradford Knotty is going to be a tremendous man, for Red and Knotty have been team mates since the dykes were built in Brantford. Hamilton Spectator.

The brand of hockey wished up by the Niagara Falls and Listowel teams at the arena last night, does not speak very well for the Northern League. It was a senior final and the interim elite Tigers would have beaten either team by a good margin. The fans saw plenty of scoring, however, and that made up for the lack of good hockey. Hamilton Spectator.

G. W. V. A. Presents Four Good Boxing Bouts to Local Fans

"Hank" Woods Will Bring the Cream of Hamilton Boxers to the City to Meet the Best Dan Rogers Can Bring From Buffalo.

St. Catharines fight fans will be treated to another good boxing show at the Armouries, on Tuesday evening, March 26th, when the G.W.V.A. will stage their third boxing show in this city. The main bout will be between Young Eber of Hamilton and Dickie Dundee of Buffalo, who will go ten rounds.

Irish Kennedy, of Hamilton, the knockout king is billed for six rounds with Harmon Smith of the Bison City which is expected to be a fast and furious exhibition. Two new faces from Hamilton will also be seen in Young Murray and Young Crowley, the former will meet Willie Hewitt of Buffalo and the latter has Johnny Goodman, also of Buffalo, as an opponent in a four round bout.

LOCAL LEGAL NEWS

Before Falconbridge, C. J. Lambert v. Lambert. M. J. McCarron (St. Catharines) for plaintiff. G. F. Peterson (St. Catharines) for defendant. Action for alimony.

Judgment: Plaintiff's charge that defendant was in the habit of "abusing and terrorizing" the plaintiff was not proved. Plaintiff was not deserted by defendant. She deserted him without sufficient cause in 1903, removing the household furniture and defendant's wearing apparel from defendant's house. She refused to return the said wearing apparel and refused to live with defendant, although requested so to do. He repeated this latter request in court. She said she would not go back, she would die first, assigning the reason that he had "too many women." The "too many women" were resolved into one very respectable person who had been housekeeper for years in the lifetime of defendant's mother. There was clearly no ground for plaintiff's malicious suggestion, but defendant in answer to me said he would even dismiss her if necessary. Plaintiff is entirely in the wrong and her action is dismissed. Under Rule 388 her solicitor is entitled to the cash disbursements actually and properly made by him.

An exchange says that Ontario is now flooded with a class of cheap skates, lecturing on the late war.

The obligations of the G. T. P. R. R. when taken over by the Canadian Government amount to the large sum of \$200,000,000 which are secured by five mortgages. Three of which are held by the G. T. R. and two by the Government.

SCOTT OVER WILLIAMS

Auburn, N. Y., March 17.—Pete Scott of Hamilton easily defeated Clyde Williams of Elmira in ten rounds here, Friday night.

BIG LEAGUE GOSSIP

President Ebbets has signed twenty one of his players. This is the league limit. Among the twenty one are three candidates for Jake Daubert's job at first base. They are Johnston, Mitchell and Adams.

Six months in the army certainly made Benny Kauff of the New York Giants appreciate baseball! Since he received his release he has visited McGraw's office every day, declaring he was getting nervous waiting for the choo choo to start for the south.

Connie Mack believes in retrenching in order to meet the high cost of living and other expenses. He has traded or sold all his high salaried players and the Athletics will save expenses by doing their training at home. Mack's battery men will report at Shibe Park for preliminary drill on March 24.

Jack Coombs has added a veteran catcher to his staff in Forrest Cady to assist Eddie Burns and Jack Adams. Adams is the first string backstop and Cady and Burns will battle on the training trip for second place.

VICTORY FOR HOUCK

Philadelphia, March 17.—Leo Houck, the flashy middleweight, won a hard-fought bout over Jack Clifford of Brooklyn here, in the presence of the biggest crowd of the season. Houck was too fast and strong for Clifford.

Baltimore, March 17.—George Chaney, the knockout king of this city, had little trouble defeating Phil Bloom of Brooklyn in twelve rounds here. Chaney's hard punching earned for him the decision.

CHANEY WINS

Baltimore, March 17.—George Chaney, the knockout king of this city, had little trouble defeating Phil Bloom of Brooklyn in twelve rounds here. Chaney's hard punching earned for him the decision.

PITCHER FISHER TRADED

New York Americans Secure Peter Schneider

Cincinnati, O., May 17.—Pitcher Ray Fisher of the New York Americans became the property of the Cincinnati National Club today, according to an announcement made at the office of the club. In exchange, Cincinnati has transferred Pitcher Peter Schneider of the New York Americans.

DATES OF GAMES GIVEN

Manager Gordon Pople of the Y. M. C. A., junior O. B. A. team announced this morning that the dates for the semi final games have at last been arranged and that the locals will go to Hamilton tomorrow night for the first contest and the return game will be played here on Saturday night. The local quintette are in excellent shape for the game at Hamilton and will make the trip to the Annapolis City by automobile.

A special meeting of the Merrittton Football Club will be held in the Railway Hotel, opposite the freight sheds on Tuesday 18th at 8 p.m. A get-together social will be held after the business is over. All interested are requested to be present.

GOOD BOXING SHOW FOR THE RETURNED MEN

Will be Guests of Knights of Columbus at Hamilton Tonight.

The Knights of Columbus are going to have a packed house at their hotel on James street north, Hamilton, tonight when they will stage a boxing show for soldiers. No person except men who have served in the army will be admitted, and soldiers who have not served tickets will be admitted by displaying their button. No admission fee will be charged, but a rattling good card of boxing can be looked for, as the contestants are all being paid for their services. There are six round bouts, a four round and a wrestling match will make up the card, which is as follows:

Irish Kennedy, Hamilton v. Kid Alberts, Buffalo; six rounds at 130 pounds.
Bobby Eber, Hamilton v. Young Wiley, Buffalo; six rounds at 118 pounds.
Young Murray, Hamilton v. Young McMullen, Hamilton; six rounds at 133 pounds.
Young Crowley, Brantford, v. Wood's Wonder, Hamilton; four rounds at 110 pounds.
Wrestling—Finish match between two east end heavyweights.
Hughes Hayes will be the third man in the ring.

MRS. WIGHTMAN WINS BJURSTEDT'S TITLE

New York, March 17.—Mrs. George W. Wightman of Boston made a remarkable "come back" by winning the national indoor tennis championship in singles and doubles on the court of the Seventh regiment armory here.

In the final of the singles Mrs. Wightman became the successor to Miss Molla Bjurstedt, who did not compete in this tournament by defeating Miss Marion Zinderstein of the Logwood Cricket club, Boston. The score was 2-6, 6-4.

BOSTON SIGNS MEHAN

Boston, March 17.—John "Chick" Mehan, former crack athlete at Syracuse University, has signed a contract with the Boston Nationals. He is an infielder.

The tunnel idea is spreading. Already we have heard of a tunnel under the English Channel, to France, and another under the Straits of Gibraltar. The latest now is the one under Behring Strait to connect America and Asia.

DUFFY SHADES ZUNNER

Lockport, N. Y., March 17.—Jimmy Duffy, the local welterweight, out-pointed Fighting Zunner of Buffalo in ten rounds here. It was Duffy's first bout in nine months.

REAINED TITLE AFTER LAPSE OF EIGHT YEARS

New York, arch 17.—Old Dock Cook and some of the erstwhileistic champions may find it a difficult matter to stage a "come back" but the term means nothing in the young life of a tennis player, Mrs. George W. Wightman of Boston, proved this, for today she stepped into the canvas shoes of Miss Molla Bjurstedt as the national champion.

For the first time in the history of the game, a national champion has regained the title after a lapse of eight years. Mrs. Wightman defeated Miss Marion Zinderstein in the singles and then, paired with Miss Zinderstein, she carried off the honors in the doubles for the national indoor lawn tennis championship.

Mrs. Wightman was formerly Miss Hazel Hotchkiss of California.

The Brant Military Hospital which it is said will be the best equipped in Canada will be opened on March the 20th. In it there is accommodation for nearly 300 patients.

LIPTON GIVES CUP

Boston, March 17.—Announcement was made Saturday that Sir Thomas Lipton has offered a handsome cup to the Corinthian Yacht Club of Marblehead, Mass., to be raced for by yachts of class P.

PEORIA GETS NEXT A. B. C. TOURNEY

Illinois City Will Entertain Bowlers Next Year. Buffalo and St. Louis Were Bidders.

Toledo, March 17.—Peoria, Ill., will entertain the next American Bowling Congress. Buffalo and St. Louis were the other bidders for this 1920 tournament.

The congress re-elected as president Robert Brown of Louisville. Abe Langtry of Milwaukee remains as secretary and F. L. Padeloup of Chicago as treasurer.

The first four leaders in the two men event went untouched Saturday. Berling and Ampler of Cincinnati, holders of four placet escaping by four points.

With The Pin Spillers

N. S. & T. BOWLERS LAND THREE GAMES

Gain a Lead on Opposing Trundlers Thus Reaching Their Standing

The N. S. and T. bowlers took three straight games from the Whitman and Barnes trundlers on the Y. M. C. A. Alleys on Saturday night and as a result boosted their standing in the Industrial League. The scores were as follows:

N. S. and T.	
Battle	130 142 115
McDonald	96 103 130
Mitchell	124 105 139
Bennett	98 91 98
Rule	155 150 124
Totals	663 591 606
Whitman and Barnes	
Rothwell	105 133 103
Hayes	105 84 100
Davis	113 96 100
Gutzler	110 86 91
Naylor	108 132 112
Totals	541 531 506

LOCALS WERE WINNERS.

Yale and Towne Volley Ball players were victorious in three games against the Whitman and Barnes sextette on Saturday night at the Y. M. C. A. The score was as follows:

Yale and Towne.
Parker, Saxton W., Whitehead, Jordan, Saxton, Bradshaw.
Score: 1st game, 21; 2nd 21; 3rd 21
Whitman and Barnes
Richard, Thompson, Harwood, Smith, McGill, Dean.
Score: 1st game, 1; and 3; 3rd 4.

CLAIM AGAINST MICHIGAN CITIES

Notice has been served on President Joseph S. Jackson of the Michigan-Ontario Baseball League, that Saginaw and Bay City will not be permitted by the National commission to be represented in the league until they have liquidated debts of \$1000 each, said to be due to players attached to the two clubs in 1915 when the Southern Michigan League went on the rocks, says a Bay City despatch. Players have made claims for back pay amounting to these totals, it is said. Circuit Judge Samuel G. Houghton, president of the Bay City Club, has written to President Jackson with a copy of the club's financial report for the year. Judge Houghton says every member of the Bay City club was paid up in full to the end of the first half of the split season, after which the players took over the operation of the team themselves, the directors assuming no further responsibility. The team played but a few days, when the league disbanded.

MERRITTON'S PROSPECTS FOR COMING SEASON

The coming football season promises to be the best Merrittton ever had if all reports are true, so a few notes as to who's who will be appreciated by their large following. Walter Bird intends to roost in the new town Bobbie and Jamie Downes are also certain starters. A certain Gerdie McFarlane is expected to fill a fine shirt this season, some say he is related to Jimmy McFarlane who has promised to assist the city club. Calder, his chum intends to sign on for the blues. Merrittton expects Gibson, late of Montreal, to steady up the team. Gibson who is real earnest too, promises to think it over. The reports about Jim Page and Bobby Turner are quite true boys, they are sure starters.

Young McBain is coming as well. Merrittton is sure the home of the Macs for it is reported that M. MacSpornan will be seen flying up the wing. News from the Merrittton club will be published from time to time in the Journal. Watch for it.

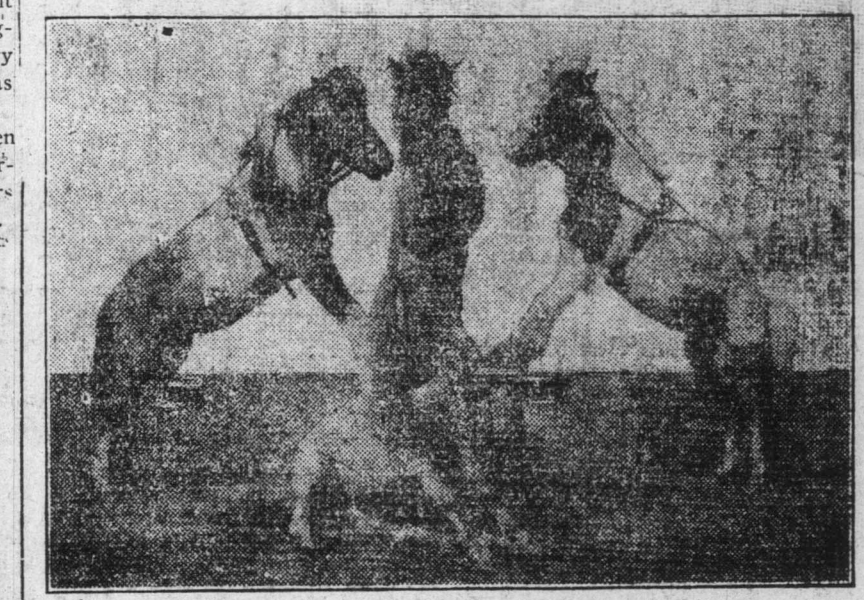

Bridgeburg, Ont., March 17.—According to figures just given out by Judge Menno House here during the fiscal year just closed the total amount in fines collected in the Bridgeburg police court reached the high total of \$11,500. Of this large amount, over \$9,000 was collected in fines for violations of the Ontario temperance act.

THE WEATHER

Toronto, Mar. 17.—A shallow disturbance covers the Mississippi Valley and the Great Lakes and showers have occurred throughout Ontario and Quebec. In the Western Provinces the weather has been fair and cold.

GEE, BUT IT'S GOOD FOR A BAD COLD
Nothing Can Touch Catarrh—
zone In Curing Quickly

You may dislike taking medicine—but coughs are best cured without medicine. The modern treatment is "Catarrhzone"—it isn't a drug—it's a healing vapor full of pine essences and healing balsams. It spreads over the surfaces that are raw and sore from coughing. Every spot that is congested, is healed, irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are cured. Nothing so quick, nothing so sure, so pleasant as Catarrhzone. Beware of dangerous substitutes meant to deceive you for genuine Catarrhzone. Large size which lasts two months, price \$1.00; small size 50c; sample size 25c, at all dealers.

Handling Wool Co-operatively

(1) Grading Wool in Alberta.
(2) Sheep on an Irrigated Farm in Alberta.

EIGHT years ago, after thoroughly investigating the sheep industry in Canada, the sheep commissioners regretfully stated: "From shearing to marketing no country in the world handles its wool in a worse manner than Canada. As far as the wool of mutton breeds and cross breeds go, we do not know of any country where it is handled in such an unsatisfactory way and delivered in such bad condition."

Having reached this conclusion, the commission intimated that the way was open to find a remedy for the trouble. It was soon after this that the Canadian Department of Agriculture was organized, and by 1914 the work of applying the remedy had begun. This consisted of the organization of wool growers' associations throughout Canada, the direction of their efforts in producing good wool, and in classifying it. During 1914, the first year of the work, 206,129 pounds were graded for societies organized in Quebec, Ontario, Manitoba and Alberta. The following year, through 19 organizations distributed over Canada, 420,000 pounds were classified and offered for co-operative sale. The season of 1916 saw 1,712,598 pounds, while in 1917 this was increased to 2,097,909 pounds.

It was early in 1917, because of peculiar war conditions, that Martin Burrell, then Minister of Agriculture, recognizing the importance of centralizing the sale of wool, and the advantages that must accrue from having one centre of operation, sanctioned the rental of suitable premises in Toronto, for the storage of the wool of the various associations where clips would be graded by the wool experts of the live stock branch, and shipped out when purchased. This led to the further step of 1918 in the organization of the Co-Operative Wool Growers' Limited as the central agency for the disposal of wool shipped in and collected from all parts of Canada.

Whereas, when the central warehouse was first established, it was estimated that as much as 2,000,000 pounds of wool might be received dur-

ing 1919, no less than 2,500,000 pounds of wool had been sold up to the end of August, 1918, due to the associations in the various provinces pulling together. After that amount had been sold a considerable quantity of wool remained in storage, but it was anticipated that all would be disposed of at favorable prices, which was later proved true.

This co-operation in a few years actual service proved the belief that was anticipated that all would be disposed of at favorable prices, which was later proved true.

Thus co-operation in a few years actual service proved the belief that was anticipated that all would be disposed of at favorable prices, which was later proved true.

In Manitoba there has been a decided increase in the number of sheepowners who market their wool through the co-operative system. In 1916, 69,000 pounds reached the warehouse; in 1916, 154,000 pounds; 1917, 170,000 pounds, and in 1918, 363,000 pounds were received. In 1917 there were 468 sheepowners who participated in the work, while in 1918 this number increased to 917. The grading system has had a marked effect on the quality of the wool, and graders as well as graders uphold the belief that the education work in this connection is doing an incalculable amount of good, and increasing the revenues derived by the sheepowner from the sale of his wool. In former years, when wool was sold at a flat rate, the importance of keeping the wool in a clean condition and avoiding tying with hinder twice, as well as mixing black and tan with the white and tags, locks and pieces,

seedy and dead, with lower grade wool, was not appreciated, and resulted in a serious loss in revenue to farmers and a serious wastage of a product much in demand.

It cannot be gainsaid that wool sold under the co-operative system has on the average brought a much higher price than could have been obtained by farmers selling to local buyers. This fact is evident to the sheep-raiser, as evidenced by the increasing number of Manitoba patrons.

The fire of co-operation is spreading over Saskatchewan is best evidenced by a few figures, showing the development of the industry since 1914, as follows:

Year	No. consignments	Pounds	Average price per lb.
1914	179	69,404	17 1/2
1915	318	150,328	35
1916	487	179,890	32 1/2
1917	623	233,445	65
1918	916	394,068	76

It will be noted that the 1918 business was 30 per cent over the 1917 wool shipments. The Southern Saskatchewan Wool Growers Association handled eight and one-half carloads, besides the amount mentioned, the province being too large for one organization to handle at present. In Alberta, likewise too large a territory for one agency to handle, there are three organizations mentioned in the 1918 report, each revealing a large expansion in territory and volume of business. These associations are the Provincial Sheep Breeders' Association, the Alberta Live Stock Association, and the Flacker Creek Wool Growers' Association. These three agencies did by far the greatest business of any provincial system in Canada in 1918, when they collected, graded and shipped 1,250,000 pounds of wool of various grades. Earl W. Gage, (Breeder's Gazette).

Social And Personal

LATE MISS E. LEEPER WAS LAID TO REST

All that was mortal of the late Miss Elizabeth H. Leeper was laid to rest in Victoria Lawn Cemetery on Sunday afternoon from the family home, No. 10 Woodland avenue, Rev. Dr. G. H. Smith conducted the service at the house and graveside and the pall bearers were: James A. McBride, David Watson, Andrew Ferguson, A. H. Jones, Henry Patrick and Samuel Watt. There was a large gathering of personal friends in attendance to show their respects for the deceased and attend the funeral. The beautiful floral tributes bore silent testimony to the esteem in which the late Miss Leeper was held.

U. S. MAN IN UNIFORM UP BEFORE THE BENCH

The usual crowd of spectators was on hand at the Police Court this morning but if they expected to hear some choice evidence that expectancy was destroyed for the Court was called to order and adjourned in less than five minutes.

N. R. White, wearing the uniform of a private in the United States army appeared before Mayor Elson (who was on the bench in the absence of Magistrate Campbell) on a charge of getting five dollars from John Crozier by false pretenses with intent to defraud. He admitted his guilt, and was remanded until the 25th.

THE RAILWAY OUTLOOK

The Mayor stated this morning that the passage of the Hydro Radial by-law in Hamilton would have an important bearing on the railway developments now under consideration by the City Council. He intends to take up with the Railway and Industrial Committee at once the necessity of communicating with the Hydro Electric Commission and the officials of the Canadian Northern respecting developments. The outlook he says means much to the future of the city.

DEATH OF JOHN RHODES

The many friends of John Rhodes will regret to hear of his death which occurred last night at his residence 64 Woodland avenue. The deceased was a mason by trade having come from Rochdale, Lancashire, England, about seven years ago. He leaves a widow, three sons, Tom and Cecil at home and Joseph overseas and two daughters, Alice at home and Mrs. A. W. Adams in England. The funeral will be held on Wednesday afternoon to Victoria Lawn Cemetery.

BOUR ON SIBERIA
(Special to The Journal)
Toronto, March 17.—A special cable from W. E. Playfair, Canadian Press Correspondent in Siberia, says that the Canadian economic commission has for the present given up the idea of Canada trading with Siberia, and Canada's economy commission is returning at once.

HIGHLY RESPECTED CITIZEN HAS PASSED AWAY

Death of Late Mrs. J. K. Black Removes One of Oldest Members of Knox Church

The many friends of the late Mrs. J. K. Black will regret to learn of her death which occurred suddenly Saturday as stated in The Journal. The late Mrs. Black was born in Chippewa on April 14th, 1845, and married John Kirkwood Black on October 7th, 1869. Four sons and six daughters blessed their union of whom survive: Mrs. David Watson, Mrs. (Dr.) Washington Buchanan, William A. Black, Fred H. Black, H. Kirkwood Black of this city; Mrs. George A. Mayberry, Moose Jaw, Sask.; Mrs. F. W. Rowden and J. Archibald Black, Chicago. Two sisters and three brothers also survive Mrs. S. S. and Mrs. S. E. Parnall, Port Dalhousie, Meigs, Alexander Craigs, Denver, Col.; James T. Craigs, Niagara on the Lake; and Adam Craigs of Louth.

Deceased was one of the oldest members of Knox Presbyterian Church and in the half century of her association with it, made many warm friends who express their sympathy.

The funeral will be held at 2:30 on Wednesday from the family residence 9 Race street, to Victoria Lawn Cemetery.

BETTER RESULTS BY NEW PROCEDURE

Dispersal Method Now in Operation Is Making For Greater Speed

Ottawa, March 17.—Militia Department officials express themselves as much gratified with the success of the new demobilization plans recently adopted which appear to be making for much greater speed in discharging Canadian soldiers after their arrival in Canada and returning them to their homes. It was pointed out at the department yesterday that the Grampian, which arrived Friday with approximately 350 soldiers and 700 dependents on board, was all cleared in less than five hours. The boat arrived at about 10 o'clock in the morning, and by 2:30 in the afternoon the soldiers with their dependents were all on their way home. The men had been discharged through the interval.

By the new system the men's papers are made out before they leave England, which simplifies the process of discharging them on this side.

ADVERTISE IN THE JOURNAL

LIBERALS TO MEET IN CONVENTION

Now That Hostilities in Europe Have Ceased Attention is Turned Again to Political Problems and Doctrines.

On Saturday afternoon in Queen's Hall, Queen street, the Liberals of Lincoln County and of St. Catharines will hold a convention for the election of officers and other business such as political bodies deal with. The lead has been given in parliaments that the flag of truce is to be pulled down and the old time spirit of strong opinion and doctrine has been allowed to develop somewhat. It is not anticipated that there will be any advanced steps taken by the Liberals here when they meet but they are going to set their house in order and get their war paint ready for anything that may arise in the next year or so.

President Is Retiring

It is understood that some new officers will probably be elected. The president is retiring after filling the office for six or seven years. Who will be chosen to succeed him is unknown but it is probable that he will be a man who did not support Union Government at the last election. The executive also exists today is made up of both Liberal Unionists, or of those who though Liberals, believed a Union Government was necessary to carry on the war, and of those who were opposed to such a policy and held solidly to straight Liberal ideas.

On the Credit Side

As against this expected increase there are two credits, one equaling a mill and the other from half to a mill. The first is the saving of a mill provincial war tax and the other is the increased revenue produced from the increased assessment. Just what this will amount to, The Journal has not been able to determine but it will be quite a factor in the adjustment of the whole budget. There is another feature of interest to rate payers and that is the increased revenue coming to the city from the higher rate of interest earned on half a million dollar investment in Victory Bonds as against the old rate paid by the Provincial Treasurer when the money was on deposit there. It was to have this investment and transfer validated that the delegation went over to the Legislature last Thursday.

PORT DALHOUSIE

The management of Dalhousie Hall Assemblies desire it to be known that in compliance with the request of the patrons progressive euchre will be held in addition to the dancing on Tuesday March 18.

MERRITON

Mr. and Mrs. Thomas Costiff, of "The Mountain" are receiving congratulations upon the arrival of a fine baby girl at their home.

The walking over lock 15 bridge is at present in a very bad condition, but considerable improvement is existing when one of the nearby neighbors was kind enough to lay a temporary walk of sheet tin which is much appreciated during this muddy weather.

The Misses Irene Gott, of the teaching staff, St. David's, is spending a few days the guest of her parents in town. Miss Gott accompanied by Miss Lois Phelps, spent the week end with friends in Hamilton.

The many friends of Mrs. Frank Robinson, Hogle Street, will be pleased to hear she is rapidly recovering after her severe operation which was performed in St. Joseph's Hospital, Hamilton, on Monday last, and Adam Craigs of Louth.

The Presbyterian Church was filled to its utmost capacity on Sunday night to hear the sermon preached by Rev. James Annesley on Scotch and Irish religion.

A special meeting of the council will be held to-night.

Mr. and Mrs. Joseph Potts of Alberta, who were residents of Merriton twenty-two years ago, have moved back to town and are occupying the Carbide Co's house on Merriton Street.

The services in the Methodist Church were well attended on Sunday, Rev. R. E. Raitton preaching both morning and evening. The music under the competent direction of William Suckling was much enjoyed. Miss Priscilla Gooch took the solo parts in the anthems in a very pleasing manner.

TRANSPORT REACHES HALIFAX TODAY

Members of Expeditionary Force Have Reached Canada. (Special to The Journal). Halifax, N.S., Mar. 17.—The transport Carmania from England with the Princess Pats, 49th battalion and 4th and 5th C.M.R.'s of the Canadian expeditionary force on board arrived in port this morning shortly before eight o'clock and will dock at pier two at nine o'clock.

MANY

(Continued from page 1)

siderably more money for more men will have to be engaged, but other cities are adopting the change and the committee having the responsibility of administering the affairs of that civic department are understood to be willing to let the measure go through if money can be found. The increased outlay would be about \$7,000 per year or what on the present assessment would be about half a mill, which added to the foregoing would total two and a half mills roughly.

With these things alone it will be seen that there is an increase to face of two and a half mills and there are other wants that may have to be met some way.

TO GUARANTEE PAYMENT
(Special to The Journal)
Brussels, March 18.—Recessed to the Nationalist agitation, 1500 men were killed and thirty-five miles above Alexandria, 1500 men were eleven killed and wounded. Order has now been issued and troops are able to take the situation.

PRICE—TWO CENTS.

Mr. Lloyd George Tells of the Work on the Peace Treaty

LEGISLATURE PASSES THE REFERENDUM BILL AT LAST

PREMIER HEARST MAKES STRONG PLEA SAYING HE LOST MANY PERSONAL AND POLITICAL FRIENDS OVER THE ONTARIO TEMPERANCE ACT.

After a lengthy debate the Government's bill to submit to the electors a referendum on the temperance issue passed its third reading at midnight. The Prime Minister made a carefully prepared statement on the second reading of the bill in which he elucidated the four questions which are being referred to the people. He justified the action of the Legislature in adopting the Ontario Temperance Act, quoted the distillers to say that it was a good measure, and declared that on the contrary of being confusing, the ballot was a most simple one. While the Government had been strongly opposed for the stand it had taken, had he the three last years to live over again he would have followed the same course.

Premier Hearst, when speaking to the bill, declared with considerable feeling that he had lost many personal and political friends over the Ontario Temperance Act. He said, however, that he did not regret what he had done in that connection, had no apologies to make, and would, if he had to live over again the past three years, pursue the same course.

The Liberal Leader, Mr. Proudfoot, had some strong criticism of the Government for its method of drafting the bill. When the Government passed the Ontario Temperance Act the Opposition co-operated with it, but when the Prime Minister and his colleagues drafted the referendum bill they did not consult the Liberals at all. The Prime Minister said he wanted the bill passed unanimously; if objections were not to be raised, it was only proper the Government should have taken those on the opposite side of the House into consideration.

Few of the members took part in the debate on the second reading, but when it reached the committee stage the debate was participated in by a larger number, various minor suggestions and criticisms being voiced. Mr. H. Hartley Dewar, K.C., urged that the date for the taking of the referendum be fixed so as to remove any possibility of an election being held at the same time to conflict with it. Sir William Hearst said he could not fix the date, as it was impossible to say when the soldiers would be home.

NEW WORLD WAR PREDICTED IN THE YEAR 1926

Water in British Journal of Astrology Says Allies Will be Victorious Again Over Germany

London, April 17.—Correspondence of the Associated Press. There will be another world war, beginning in June, 1926, according to a writer in the British Journal of Astrology. This prophet, who signs himself "Sephariel," asks for a serious hearing, inasmuch as he claims to have published a year in advance in each case the exact date of the war of 1914 and of the cessation of hostilities.

"The first phase of the next war," he writes, "will begin with Turkey, whose perfidy will lead to its final overthrow in 1921-22. At this time Prussian intrigue will dominate the position in the near east, affecting Greece, Turkey and Russia. But according to my calculations, the great crisis will not be reached until June, 1926."

"In this great war, which may be regarded as Prussia's counter to the war of 1914-18, the malevolent forces will be their rise in Vienna and Berlin, descend to Petrograd, penetrate through the whole of Russia and descend via the Black Sea and Turkey in Asia, on to Syria and Palestine."

LEAVES \$75,000 FOR FREE LODGING HOUSES

Port Chester, April 17.—Former Sheriff James S. Merritt, of Westchester County, said to have given thousands of dollars to the "down and out" during his public career, left approximately \$75,000 to erect and operate a free lodging house for "indigent transients," according to the terms of his will made public here yesterday. The home is intended as a memorial to his mother.

OLYMPIC DUE TO REACH PORT SATURDAY

Ottawa, April 17.—The transport Olympic which, according to advice received by the Militia Department, will reach Halifax on or about April 18th, has on board a total of 5,562, of whom 3,000 are officers, 5,207 other ranks and several dependents. On board are 90 officers and 1,936 men for the Toronto area.

200 MEN TO BE THERE TO GET PEACE TERMS

Paris, April 19.—It is expected that the German delegation will reach Versailles about April 24. The party will number about 200 persons.

PREMIER HEARST, who stated during his speech on the Referendum Bill last night that he had lost a lot of close personal and political friends over the O. T. A.

EASTER OFFERING FOR ORPHAN'S HOME

The Easter offering for the Orphan's Home was taken up at the various schools, Tuesday, April 16th, and, as usual, was well remembered by the children. Some leas was entertained that the high cost of food might interfere with the children's generosity, but such was not the case, as the children appeared to be just as eager to give as in former years. The children were happy in their giving, and to the recipients, the orphan children, the day was one looked forward to with much pleasure as one which would provide many treats for the coming year.

Among the various things received were:

- Cash—\$1.04
 - Eggs—2 1/2 dozen.
 - Cereals—440 pkgs., as well as quantity bulk oatmeal.
 - Canned Fruit—166 jars.
 - Canned Vegetables—140 cans.
 - Soda Biscuits—16 pkgs., and some in bulk.
 - Butter—7 pounds.
 - Cocoa—25 tins.
 - Tea, Coffee, and Cocoa (in bulk and several pkgs.).
 - Bread—11 large loaves and quantity of cake and cookies.
 - Soap—49 bars.
 - Oranges—9 dozen, and few bananas and lemons.
 - Vegetables—potatoes, apples, pears, onions, beets, carrots.
 - Large Can Milk (about 4 gals.) from Industrial Home.
 - Rice—About 100 lbs.
 - Quantity of Clothing, Boys books, rags, corn-meal, beans, salt flour, sugar, c. sugar, syrup, matches, pearline, vermicelli, candy.
- For all of which the children of the Orphan's Home wish to give their thanks.

THE WEATHER

Toronto, April 17.—The storm which was centered in Ohio yesterday has moved to Northern Michigan where since last night, it has been stationary, gradually diminishing in energy. The weather is fine and moderately warm in the Western Provinces and cool and rainy from Ontario to Nova Scotia.

FORECASTS.—Westerly winds, cool and unsettled with occasional showers. Friday, cool and for the most part fair.

LOCAL MEN ON STAND AT THE LIQUOR PROBE

Ex-Mayor Burgoyne and Thomas Holden Gave Evidence Before Royal Commission Enquiry Yesterday.

The Royal Commission inquiry on the Dewar-Aycraft charges at Toronto were continued yesterday, and during the day two St. Catharines newspaper men gave evidence as to the conversations held with Mr. P. F. Cronin, of the Toronto World.

William B. Burgoyne, senior proprietor of the Standard, was called. He described a conversation with P. F. Cronin, of the World. He had written a letter to Mr. Aycraft as a consequence of the newspaper reports of this investigation.

Witness pointed to the statement that the World man has been associated with the St. Catharines man. Mr. Burgoyne pointed out that there had been only one or two meetings with Cronin. One had been brought about at request of witness. The conversation was very brief. He tried to dispel the idea in Cronin's mind that the liquor was being sent in for political purposes. His paper was supporting Mr. Parrell, the Government candidate. He knew Parrell was a strong temperance man.

"Did you tell Cronin that?" "I may not have said so, but he knew we were supporting his candidature." Peter White: "You speak of Mr. Holden withholding some information from Mr. Cronin. Is there any objection to Mr. Holden giving that information now?" "No," Mr. King, the license inspector, had told him some facts which he did not feel at liberty to tell then."

TRIED TO PERSUADE CRONIN

Thomas James Holden, a reporter of the St. Catharines Standard, said he told Cronin he knew something about the seizure of liquor due to information he had received from Mr. King, the St. Catharines license inspector, but he was not at liberty to disclose it. Holden, however, told Cronin to see Mr. King and the chief of police, and was only in Cronin's society half an hour.

Mr. White: "You were not badly corrupted then?" "I am still surviving." Mr. Holden told of trying to persuade Cronin that his suspicions regarding the purpose of the honor were erroneous. He said he pointed out that Mr. Parrell was a strong temperance man, stronger even, in his views than the O.T.A., so that the liquor would not help his election and it would not assist the other candidate but Cronin would persist in his views.

OLD 14TH SPEEDY IN GETTING INTO LINE

For speed in getting into the line, the 14th Battalion was as fast as any of them. In April, 1916, when the Germans blew a big mine under the 2nd Battalion's frontage the 4th were in support. They rushed up to their comrades assistance and they went in so fast that they were in the 2nd Battalion's front line before the 2nd Battalion's support company was there.

WELLAND ATHLETIC EVENT

The Great War Veterans of Welland are putting on a big Athletic entertainment including boxing bouts. A Sudbury magistrate has ruled it is illegal to conduct money found on a gaming table during a raid. Should this decision stand, many devotees would pay to have it made retroactive.

A. W. BUTLER IS PRESIDENT OF LOCAL G.W.V.A.

Spirited Contest for Chief Office of the St. Catharines Branch—Must Seek Larger Hall to Hold Meetings in.

Comrade A. W. Butler was elected president of the local branch of the G. W. V. A. at the regular meeting held last night after a hot contest. Comrade W. J. Addy came within three votes of landing the honor and when Mr. Butler's election was announced the defeated candidate moved a resolution that the choice of Mr. Butler be made unanimous.

Comrade A. A. White was elected 2nd vice president to fill the vacancy caused by the resignation of Comrade Don Adie, who has left the city.

Comrade Thomas Church was elected Chairman of the Amusement Committee.

After a short discussion the executive committee were instructed to find a large hall in which to hold the regular meetings as the assembly rooms at the Club house are not large enough to accommodate the members.

Fifty four new members were added to the Club roll.

A resolution was passed calling for an investigation of the unfair system of employment on the Welland Canal. It was pointed out that men were being brought in from outside points to work on the canal while many men are out of employment in St. Catharines.

Another resolution passed demands that an investigator be sent here from Ottawa to investigate the skilled and unskilled labor on the Welland Canal, the investigation to be carried on with the assistance of the Dominion Command.

A special committee was appointed to draft a reply to the resolution from the foreign residents of the city.

During the evening the association orchestra rendered a fine programme.

DEPARTMENT GRANTS MEN A HALF DAY REST

Postal Employees to get Half-Holiday on Saturday and pay for all Over Time and Holidays.

Ottawa, April 17.—The Postoffice Department yesterday afternoon, in a lengthy statement on the long-drawn-out negotiations between the Dominion Government and the postal workers since early in March, says that of the 4 requests for adjustment presented by the Western men, many being questions of departmental procedure, most have been settled in conference with the delegates, and the ten to which the Western men finally reduced their requests for special consideration have been dealt with. Many of the Eastern men's requests also were of a departmental nature.

How Requests Are Met. As an equalization of payment as between East and West, that would be met in the reclassification being prepared by the Civil Service Commission, the salary to be based on the character of the work done, irrespective of location. The Commission's report will also cover the matter of additional amount to be paid to all classes of the service to meet the present abnormally high cost of living.

The Government has granted the demands for overtime payment, Saturday half-holiday all the year around except at Christmas and New Year's rush season, overtime for holidays, leave for delegates to annual conventions and attention to sanitation, ventilation lighting and heating.

MONEY RATES IN LONDON

London, April 17.—Closing: money 3 1/8 per cent. Discount rates, short and three months' bills, 3 5/8 per cent.

MANY GERMAN U-BOATS DOWN WITH "DAVY" JONES

New York, April 17.—Rear Admiral Sims, who commanded the American fleet during its war-time activities in European waters, said yesterday that he believed there was "205 German submarines at the bottom of the sea."

In a speech at the Bond Club, a Victory Loan organization, he said the fleet "found many submarines stuck on the bottom, with indications showing that many of the men caught inside either committed suicide or killed each other."

LLOYD GEORGE ASKS FOR TIME TO FINISH WORK

British Premier Tells House of Commons That Allies are in Complete Accord on the Great Fundamental Questions.

London, April 17.—Speaking in the House of Commons yesterday on the peace situation, Premier Lloyd George declared that the delegates had never forgotten what France had gone through and they had not forgotten to what she was entitled, not merely security against a repetition of the German attack, but to feel a sense of security against it. The conference had come to a unanimous conclusion on all the questions before it, including a decision that to publish the peace terms before they were discussed with the enemy would be a first class blunder. The premature publication, he contended, could only serve to encourage the resistance of the enemy.

Mr. Lloyd George denied that he was trying to escape, the declarations he made during the general election campaign. The declaration regarding making Germany pay, he declared, has been concurred in by all the party leaders. The Premier said he had not come to the House to ask release for any pledge he had given.

"I am here to say that every pledge we have given is incorporated, in the demands put forward by the allies. We stand by them because we believe they are just and vindictive. We want a stern peace for the occasion demands it, but it must be designed not to gratify vengeance but to vindicate justice. Every clause and every term in the conditions must be justified. Above all, we want to protect the future against a repetition of the horrors of this war."

The Premier said he was going back to Paris if the House wanted him to go. Whoever went he declared must have the full confidence of the Parliament and carry out his pledges to the utmost of his power and conviction.

A Crime Against Humanity. The Premier sharply criticized certain newspaper attacks that had been made in connection with the Peace Conference saying:

"When this kind of a disease is carried to the point of sowing disension between great allies, whose unity is essential for the peace of the world, when an attempt is made to make France distrust Great Britain, France to hate America and America to distrust France and Italy, not even that kind of a disease is justification for so black a crime against humanity."

"They still believe in France," that the Times is a serious organ. They do not know that it is only a three-penny edition of the Daily Mail. On the Continent they still think that the Times is a semi-official organ of the Government. This shows how long it takes these traditions to die."

THE WIRELESS BILL

\$61,000 in Subsidies Paid Annually by Canada to the Marconi Company.

Ottawa, April 17.—A return to Parliament shows that Canada pays the Marconi Wireless Company subsidies for twenty wireless stations, aggregating \$61,200 per annum. The highest amount paid for any one station is \$4,500 for the Bell Isle station.

MUNICIPALITIES SHARE

Municipalities have received revenues in times up to April 20, 1918, of \$38,228.54 and the revenues from the same source received by the municipalities for the year ending October 31, 1918, amounted to \$32,629.54, a considerable increase over the corresponding period of the previous year, which was \$305,466.76. This amount together with the sum received by the province for the corresponding period, namely \$21,379.44, makes the revenue received by the municipalities and the municipalities of \$54,008.98, as compared with \$497,998.60 in the last report.

CONDEMNED MURDERER MAKES GOOD HIS ESCAPE FROM JAIL

FRANK McCULLOUGH SAWED BARS OF DEATH CELL WINDOW AT TORONTO JAIL AND GAINS LIBERTY—WRITES LETTER TO THE PRESS SAYING HE DRUGGED THE GUARD. REWARD OFFERED FOR HIS CAPTURE

Toronto, April 17th.—With sixteen days more to live, Frank McCullough, condemned to hang for the murder of Acting Detective Frank Williams, drugged the death-watch, sawed through the iron bars on his window, and escaped in the open world some time between 10 o'clock Tuesday night and 5 o'clock Wednesday morning. The condemned man had a good start and nothing has yet been learned of his movements. A reward of \$1,000 for any information leading to his capture is offered by the Attorney-General's Department.

Frank Currell, a returned soldier, who was the acting death-watch at the time, has been placed under arrest, and appeared in the Police Court yesterday to answer to the charge of aiding and abetting a prisoner to escape from the jail. He was remanded for eight days.

The escape of the condemned man was evidently premeditated, and every detail fully planned. The iron bars on the window of the death cell were one inch and a quarter in diameter, and two had been sawn through. To do this would have taken the prisoner two hours, sawing continuously, but from the rust marks on the bars, and shreds of chewing gum the officials at the jail are of the opinion that the sawing had been done some time previously.

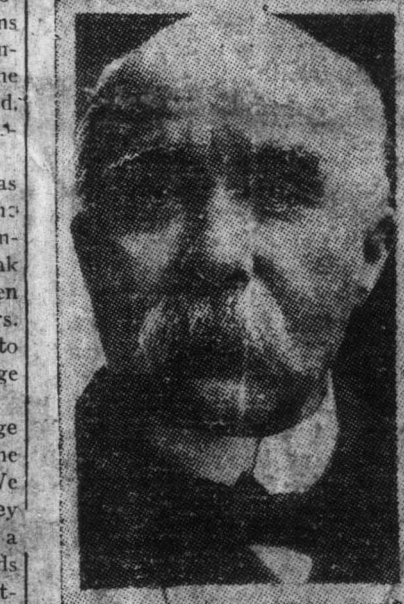

Writes Letter to Newspapers

In a letter written to the press McCullough described the way in which he made his escape. He declares that he obtained the drug from a friend, who had had himself sentenced to jail for the purpose. The saw had been pulled in on a rope from the outside through the iron bars.

After sawing the bars he had to pull himself through the small opening, drop to a brick lean-to, crawl along the jail wall to the north and drop some sixteen feet to freedom outside the jail proper.

How he could get the drug from a friend who went there for the purpose is something that the officials cannot explain, and something that McCullough did not take the trouble to explain.

The prisoner took the guard's hat, coat, scarf and military service button, and left a note addressed "Currell, old man," explaining that he had topped his coffee with veronal.

PREMIER CLEMENCEAU, President of the Peace Conference who addressed the representatives of the various powers, yesterday, regarding the meeting with the German envoys on April 25th.

HUGE STRIKE PLANNED BY FRENCH UNIONS

May 1st Selected as the Date for a General Walk-out by Employees of Many Industries.

Paris, April 17.—If the decision of the six important unions in France is advised to, May 1st will be observed by a general abstention from work. The delegates of these unions—the railroad workers, miners, dock workers, metal workers, sailors and general transport workers—at a meeting yesterday decided to unite in efforts to obtain recognition of the demands of the workers, especially an eight-hour day and an increased scale of wages.

Delegates recognized that the demands of individual unions had been satisfied in many cases, but decided that the members of the unions should not work on May 1st, in order to show the power of the organized working classes and the spirit of solidarity with the unions in a less favorable position.

No mention is made of the length of the proposed cessation of work, but it is presumed that the general labor federation committee will decide this point at its meeting to-night.

PREMIER CLEMENCEAU ADDRESSES DELEGATES

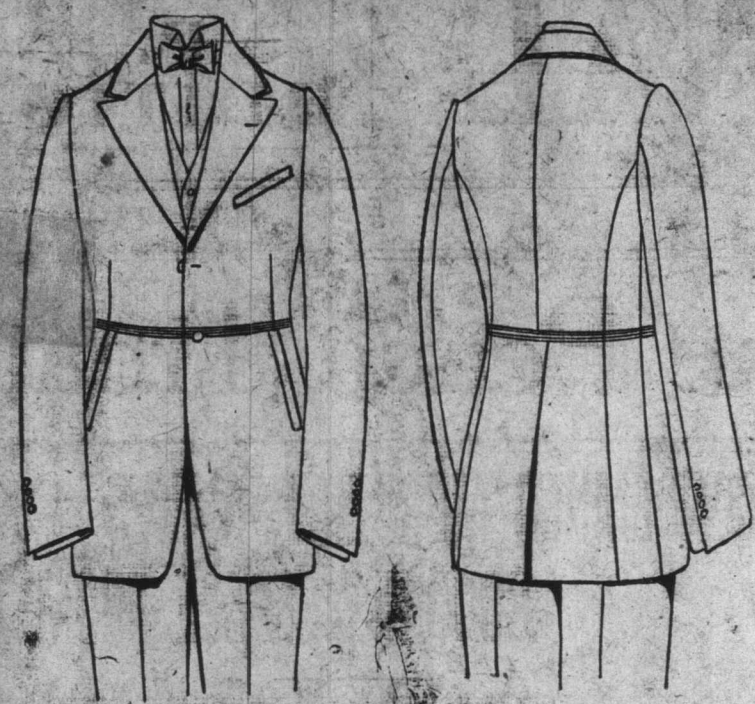

Premier Clemenceau, President of the Peace Conference, yesterday presided over a meeting of the representatives of the various powers at war with Germany and gave them some of the details concerning the coming Versailles congress on April 25th, when the German envoys will be present. It has not been disclosed whether the invitation to the Germans will be issued in the name of the council of five or of all the powers represented at the Peace Conference. The foreign ministers, who had under consideration certain provisions of the Peace Treaty, have reported to the council of ten that some of the articles have been referred back to the drafting committee, and it is understood that the remaining articles will be disposed of at the very earliest date.

FOR ADOPTION—4 Boys and 5 girls at the Children's Shelter.

Ages from 3 to 10 years of age and also one boy 16 years of age, with the use of only one arm.

R. E. BOYLE, Inspector.

AN EXAMPLE OF CO-OPERATION

Janet Inman, of 85 Burriss street, Hamilton, writing to the Toronto World, says:

"Last week I noticed in a newspaper published at Hamilton, Scotland, dated March 15, an ad. Maypole margarine, now 9d. per pound. No higher price. The Maypole dairy company of London, England, manufacturers of milk-churned margarine, and whose plants are open to public inspection, over eight years ago, although at that time selling their three grades at low priced as 4d., 6d. and 8d. per pound, conducted their business on a profit-sharing basis in all their branches, a notice on the wall asking their customers to participate in the profits by becoming shareholders; if I remember correctly they were sold at 2s. per share.

"I also noticed in the same paper an ad. 'High-grade' flour (white) at 2s. 6d. per stone. That is 66 cents for 14 pounds of good flour. We all know that England cannot grow enough grain to feed her population, so this flour must be handled by freightmen and shipped across the ocean, and yet sold cheaper than we can purchase it here—where it grows in abundance. What is wrong with the system?"

SIXTY YEARS OF SERVICE.

In looking at the title page of The Journal to-day, the editor noticed that this year, 1919, is the sixtieth anniversary of the commencement of the daily edition. It was founded as a weekly newspaper away back in 1826, so that in a few years more the century mark will have been reached. When it does come, if we are spared that long to pay taxes and endeavor to meet drafts, we hope to have a celebration to which all the old boys will be invited.

For the time being the sixtieth mile post engages our attention, and perhaps those who read will pardon us for indulging in a personal word. During the long period which has passed, The Journal has played no inconspicuous part in the daily life and activities of this city and district. It has had its many vicissitudes, its ups and its downs, for daily newspapers are not easily made to pay their way, but through them all it has endeavored.

under all owners, no doubt, to be a factor in the welfare and development of the city and district. From a little shop, with what are now old-fashioned presses and machines, it has grown till to-day the plant for the publication of the newspaper and for printing of all kinds occupies three floors, with a total space of approximately 6,000 square feet. It has a battery of four linotype machines for the composition of reading matter, a large ten-page Duplex newspaper press and the various other kinds of mechanical equipment that go to make up a modern newspaper and printing institution.

Nine years ago the business was bought by the present editor, who has devoted much arduous toil to build the plant up to what it is now. He has sufficient knowledge, perhaps, of the publishing business to appreciate the countless discouragements that come to any one who, limited in his capital, tries to make a paper a success and while we have made many mistakes, we feel like most other publishers we fancy, that the satisfaction of having been of service for the welfare of the community and of having a clear consciousness of honorable motives even at the sacrifice, sometimes, of financial relief, is in itself a reward.

The daily newspaper of the present time has become an inseparable part of the daily life of a people. No day seems to be complete without it, and yet how many who pick up a newspaper at night have any conception of what thought, time and energy are engaged to produce a single edition.

At the present time The Journal has a pay roll of over \$300 per week, or about \$16,000 per year, which must be raised some way or other, rain or shine, good business or bad. The cost of all papers and other supplies are heavy, and the capital required to meet the yearly outlay is more than most per-

sons would imagine. However, The Journal has never enjoyed a better business than it does to-day, and if we have reasonably good weather for a while, possibly we can prevail upon some of the old residents to tell the public a little of what this centre and The Journal were like sixty years ago. In the meantime we thank all our readers, advertisers and friends for the support and assistance given from time to time in one way and another to make The Journal what it now is. To this end the editor would welcome the receipt of any old copies, information as to dates, facts, etc., going back around 1850. We also extend to any other publisher who has beaten us in the race the hand of the sportsman, for we all know that he who has run better and gathered more prizes has earned all he has received.

SOUND ADVICE TO VETERANS

To a meeting of the Toronto Central Branch, Great War Veterans, which elected him Second Vice-President, Major J. M. Macdonnell spoke needed words of wisdom relative to the awards the soldier expected of the country. He expressed his strong opposition to a proposal from Western veterans that the Government be asked to consider gratuities ranging from \$1,000 to \$2,000 for the active service men in France, declaring that it would cost the country \$75,000,000. There should be proper treatment for the widows and orphans, and for the maimed and shell shocked men. In his opinion the men who had come back in fit condition could not be paid in hard cash for the service they had given. They were entitled to go back as decent a position as the one they left and nothing more. He was against "being subsid-

ized for the rest of our lives." Major Macdonnell is an artillery officer whose valor in action is shown by his decorations, the Military Cross, Croix de Guerre, and the Italian Cross. He has the courage of a good citizen as well as of the brave soldier and the action of his comrades in selecting him for an important office is evidence of their belief in a sane course of dealing with the men who fought for Canada, as against propositions which would bankrupt the country. All Canada is in sympathy with fair treatment for the soldiers' Globe.

Local Option.

Hamilton Herald:
The Herald is pleased to note that the principle of local option is to be retained, at least so far as it applies to the sale of beer in standard hotels. But it should also be extended to the sale of liquor through Government agencies. Even the Government should not open liquor dispensaries in municipalities where liquor dispensaries are not desired by the majority.

To Be Remembered

Hamilton Times:
However, it should be borne in mind that if the vote is in favor of the discontinuance of the Ontario Temperance Act, the Province will revert back to the licensing system as it was, with the open bar room and all the evils of the liquor traffic brought back again. Should such a thing happen, the work of the temperance people for the past century would be blotted out and they would have to begin all over again.

Montreal, April 17.—Arrangements have been made by the Canadian Steamship Lines, Limited, for a liaison with La Compagnie-Generale Trans-Atlantique, generally known as the French line, for a service between Montreal and French ports, which is regarded as the beginning of a Canadian foreign service.

A meeting of Western Hill rate-payers was held last evening at Christ Church, Parish Hall to discuss the various items of interest concerning the welfare of that section of the city. It was unanimously decided to again have a delegation wait on the School Board to impress on them the necessity of the immediate construction of the new school on the Hill which the Board promised as a previous meeting.

(Second Floor)

We are now showing a remarkably beautiful assortment of exclusive new models in dresses for Easter and Spring wear. Clever designs unusually well finished and featuring individual styles in Crepe de chine, Georgette Crepes, Taffetas, Foulards and Pussy Willows.

Every dress has that valuable virtue of being extremely well made so it will fit your figure correctly and hang in graceful lines. All the details of finish and workmanship are carefully and serviceably perfect. Among the new models are the following:

A navy foulard frock with georgette sleeves which are button trimmed from the shoulder to the cuff, the waist is plain in back and front with a row of navy buttons extending from the collar line at the back to the waist. The skirt has a pointed tunic in front and back a soft girde of the same material finishes this smart little dress at \$37.50.

A pretty little model of printed georgette with a navy ground and an all-over rose pattern. The skirt has an overdrape, the waist is made with a round neck and plain front, sleeves have a flowing cuff, and a girde of the same material completes this new model. Priced at \$26.50.

A very appealing dress is one of figured georgette, in a blue and tan combination with an over-dress of plain navy georgette, the effect of the figured crepe under the plain gives a very soft and pretty effect, the skirt is slightly draped at the sides the waist has a round neck, piped with the figured crepe, upper part of the sleeves of the plain navy, the cuff being of the figured crepe in wide flowing effect, a deep crushed girde of navy satin adds to the charm of this handsome dress. Priced at \$42.50.

A dress of reseda crepe de chine made with an overskirt which has a deep roll of embroidery and eyelet work the neck of the waist is square and is finished with a small roll collar, a row of wide eyelet work forms the bodice of the waist. A wide loose belt with a panel extending almost the length of the skirt adds the necessary finishing touch. Priced \$52.50.

A dress of georgette crepe in French blue is a very novel creation, the skirt has five rows of tucks running around the skirt from the hem to the waist-line. This dress is made in long straight line effect. The waist being entirely covered with an all over braiding design and embroidery work the three quarter sleeves are finished with braiding and flowing cuff. This same model is also shown in light grey. Priced at \$42.50.

A dress of taupe crepe de chine made in straight line effect with an overskirt lavishly embroidered. A silk cord serves as a girde. The back and front hangs in a box pleat from a yoke from the shoulder, sleeves are finished with two straps at the cuffs, button trimmed, accordion pleated collar with eyelet work adds the finishing touch. Priced at \$45.00.

A very exclusive model of black georgette over black Pussy-willow satin is fashioned on straight lines, the waist with a vest effect and reverses trimmed with an irregular silk fringe, long panels trimmed with same style fringe extends about three-quarters way down on either side of the skirt, loose sleeves with four rows of bluster tucks extend to the elbow. A sash of the same material forms a girde which crosses in the back and ties in front. Priced at \$49.50.

Black taffeta is used to produce a most enhancing dress made on straight lines with embroidered side panels put on in a shirred effect at the hip line. A wide belt gives a high waisted effect, the sleeves are straight with a wide flaring over cuff trimmed with buttons. Priced at \$45.00.

One of the most stunning garments shown in a dress of navy tricolette, the skirt has side panels heavily braided waist, made in long effect with a vest the entire front being heavily braided. Collars and edge of vest trimmed with antique wood beads. The sleeve trimmed with buttons to form a cuff effect. Priced at \$89.50.

An Easter Showing Of Exclusive Millinery

\$10.00 \$15.00 to \$25.00

Commencing tomorrow, we will have a special exhibit of new Easter Millinery. This display is more gorgeous than ever before.

All the beautiful creations of this season are well represented. The designers have put into them that touch of loveliness that every woman desires. There are most bewitching curves and droops in stunning flares, and wing effects also many very effective flower hats. The patterns include:—

RAWAK BLUEBIRD CUPID GAGE AND CREATIONS FROM OUR OWN DESIGNING ROOMS.

THIS IS PERHAPS THE MOST DISTINCTIVE SHOWING OF EASTER MILLINERY THIS STORE HAS EVER OFFERED.

An equally attractive display of hats for children and girls in their teens will be ready for your inspection and choosing tomorrow.

All the favorite and most approved styles will be in the showing, featuring poke bonnet styles, wide droopy brims with flowing streamers together with other chic Easter styles. (Third Floor)

Captivating Styles in Capes and Dolmans

And they all express the new Silhouette so gracefully. Capes with saucy little draped collars of contrasting silk and those with dignified roll collars. Capes that stop bewitchingly below the waist, and others fashioned with a vest effect when belted from underneath. Fashionable Dolmans of the choicest fabrics and made on style lines which represent the highest art of skilled designers.

An unusually attractive and exclusive showing of Capes and Dolmans for the Miss, the Matron and even for the Girl from 8 to 14 years are here in one grand assemblage for your selecting. Prices commencing at \$13.50 and up to \$145.00. (Third Floor)

Dresses at \$15 and \$16.50

There is a liberal showing of very effective dresses of crepe de chine satin with georgette sleeves and taffeta with georgette sleeves shown in colors of taupe, navy, brown, wisteria, French blue, and black, made in several different styles and very specially priced at \$15.00.

Charming frocks of Foulard all tastefully made and unusually effective, these all are in blue grounds, some with white polka dots, other in new all-over effects, round necks with Georgette collars are shown, others with a vest effect, while others are collarless. Priced at \$16.50. (Third Floor)

The Easter Glove Display

The fine stock of kid gloves now here and ready for your selection are the result of orders placed many months ago and our policy in anticipating that long period ahead is now proving to be good, for we have a splendid selection of kid gloves for you—many of the styles being only obtainable here. For instance:

French kid, Mocha, Chamoisette, Cape, and silk gloves shown in colors of Mode, Navy, Brown, Tan, Champagne, Grey, Black and White.

White with black embroidered back, Black with white embroidered back, also many of the other colors with contrasting embroidered back.

We have also prepared a most extensive showing of Children's gloves in chamoisette, silk and colors of mode, white and navy and kid gloves in tan and white from oos to 7.

The Easter display of gloves are a guide not only to the style in gloves, but the economies in gloves also. (Street Floor)

Waists of Georgette For Easter Morning

Pink Georgette Waist, has square sailor collar, each end of which has a two-tone shaded button of pink and green. Front has round neck, which is in Vest effect in a small hemstitched yoke, through which a green crepe tie is threaded; three buttons form a sassel at the end of it; tiny pin tucks also trim the front, and the fastening is under a large tuck at left side of front. Priced at \$8.50.

Dainty and stylish Georgette Crepe Waists. One very winning model in white has low round neck, square sailor collar, the ends of which hang loosely over shoulder and are finished with a gold beaded ornament; the front and sleeves are embroidered with white and gold silk; six tiny pin tucks, also one large tuck, trim front. This waist is fastened invisibly under the large tuck at left side of front. Priced at \$8.50.

Most exclusive model in Pink Georgette has small flat roll collar which can be worn as a high collar or in open V-neck style. The front is prettily embroidered in sprays, the flowers imitating their natural color; three small tucks come between the rows of embroidered flowers; sleeves have small turn-back cuff. The fastening of this waist is down centre of front with a dull tone shaded pink button to match waist. Priced at \$8.95.

The most delicate shade of pink possible, makes this dressy waist of Georgette crepe; it has a fichu shaped collar composed of tuck net, has square neck in vest effect, which is also finished with frilling; tiny pin tucks, also the very smallest of pearl buttons, adorn the centre of the front; sleeves have a turn-back cuff of net frilling and are fastened with small buttons. This waist is \$10.95. (Third Floor)

Footwear For Easter Sunday

This will be dress up Sunday for the children. We are prepared for their needs in footwear in our Children's Shoe section.

Black patent leather with white top, always dressy. Black patent leather with black cloth or dull kid top. Black kid and tan calf.

Tan calf with fawn cloth tops and black kid with grey cloth tops.

Patent and dull pumps with the new instep strap, the kind that won't gap at the side. All prices very reasonable. Quality considered. (Street Floor)

COLLEGIATE NOTES

The annual Speaking Contest for Major Merritt's prize will be held in the Collegiate Gymnasium on Tuesday evening April 29th. About six of the best pupils of the Collegiate will take the platform and compete for the much coveted honour.

The evening classes in Shop Mathematic have closed. The members of that class will please take notice that there will be no session of the class Thursday evening.

In the announcement made in the Toronto papers this week, of the winners of the Provincial prizes in the Victory Loan essays competition, Colin Tait, of the local Collegiate Institute won honourable mention, in the contest among the pupils of the Upper School.

He was also the winner of the first prize in the Upper School in this Collegiate Institute, and the award mentioned above, means that he was third in the Province in that competition.

TWO OF SIXTEEN HAVE PILOTTED MORE THAN ONE WINNING CLUB

Only two of the sixteen managers who will lead teams in the major baseball leagues this season have piloted more than one pennant winning club. Connie Mack of the Athletics and John McGraw of the Giants are the men. Both these baseball generals have seen their teams win a half dozen championships in their respective leagues.

McGraw's sixth pennant came in 1917; Mack's was won in 1914.

It was in 1904 that McGraw won his first National League pennant. He repeated in 1905. Then there was a lapse of six years in which the Giants couldn't get on top, but in 1911 the Giants copper. In 1912 and again in 1913 McGraw's club finished in front in the National League. Two years ago the Giants also won.

WEATHER PROPHETS

Approaching Changes Registered By Members of Animal Kingdom.

Undoubtedly there is a great relation between the elements and certain complaints, in the same way that some seasons of the year render certain people liable to illness more than others.

The lover we investigate in the animal world the more prone are its subjects to be affected by the weather. A cat for as much as three days beforehand feels a coming storm; a horse's fine nostrils can sniff approaching rain in an uncanny manner. The birds of the air have but to be watched to see the way in which they seek their nests at a hint of danger in the air.

The very trees and plants tremble in a peculiar manner before a severe storm. Many human beings are just as sensitive to the march of the elements, but do not always realize the significance of their sensitiveness. People who suffer from gout, rheumatism or neuralgia know at once when bad weather is approaching.

Old wounds make themselves felt at certain times, and the stomps of members long since amputated give pain.

Medical men have never satisfactorily explained these strange phenomena, neither can they tell why some people instinctively become restless and excited, or moody and sullen, before a thunderstorm.—Tit Bits.

THE PASSING JEST

"No houses for rent anywhere, it seems." "True." "And a big demand everywhere, I hear." "Well?" "I'm forced to the conclusion that millions of people haven't been living in houses."—Louisville Courier-Journal.

Close Friend (sympathetically)—I hear that your son doesn't take kindly to the law. Big Lawyer (grimly)—Perhaps you wouldn't either if you had been arrested three times for violating traffic ordinances.—Buffalo Express.

Gerty—What are you going to do with all those fellows you have been corresponding with at the front when they come back? You certainly can't become engaged to all of them. Prunella (hopefully)—I don't know. They may come back one at a time.—Life.

"I wouldn't marry the best man living." "I'm sorry you feel that way about me, but I appreciate the compliment."—Detroit Free Press.

He—But do you think I could deceive my own little wife? She—No, I know you couldn't; but you are silly enough to try.—Boston Transcript.

Redd—The doctor said he'd have me on my feet in a fortnight. Greene—And did he? Sure. I've had to sell my automobile.—Yonkers Statesman.

Moved by Reid and Warner—that the clerk be instructed to notify the N. S. & T. to repair the brick pavement between their tracks on Front Street, and to the arch at the corner of Regent Street. Carried.

AMENDMENTS TO COMPENSATION ACT.

At this session of the Ontario Legislature several amendments are to be made to the Workmen's Compensation Act. One of the important changes is that increasing the allowance to widows and children. The new scale will increase the monthly payment from \$20 to \$30, and the children's allowance from \$5 to \$7.50, and the maximum to all dependents from \$40 to \$60, provided that the 55 per cent. of the average earnings will permit such payments.

However, the widow's allowance is never to go below \$20, nor the children's below \$5, where there is a widow, or below \$10 where there is none, except that the total payment to all dependents is not to exceed \$40, unless the 55 per cent. of the average earnings admits of it.

The Government Labor Bureau announces that skilled stenographers are in demand.

WORK CEASES AND MUNICH IS IN TURMOIL

Complete Anarchy Reigns in the City—Looters are Busy and Troops Desert in Large Numbers.

London, April 17.—Complete anarchy reigns in Munich, according to a Copenhagen dispatch to the Exchange Telegraph Company. All work has ceased, trains are not running and robbers are looting houses and threatening the banks, the dispatch states. The first infantry regiment is said to have joined the Spartacists.

Copenhagen, April 17.—German government troops occupied the entire town of Magedburg Tuesday, according to a Weimer dispatch to the Local Anzeiger of Berlin. It is reported there was hard fighting with many casualties on both sides.

Berlin, April 17.—The Battle in Munich for the central railway station ended in the complete defeat of the government troops, according to Nuremberg advices.

Munich again is completely in the hands of the Communists, according to the Tageblatt, but troops loyal to the government have received reinforcements and are using artillery against the Communist stronghold in the Central Railway station.

Street fighting in the Bavarian capital is increasing. Many civilians have been killed or wounded.

Reinforcements for the loyal troops are being hurried to Munich from various parts of Bavaria.

The Communist force in Munich, the newspaper adds, consists of parts of the garrison, red guards and unemployed. The Government forces are declared to be having a hard battle with them.

The Government has declined to enforce a food blockade against Munich, owing to the distress it would cause in the city.

Paris, April 17.—Direct news from Bavaria is still lacking in peace conference circles. The overnight developments reported in the press, however, caused less confidence to be felt than previously that the Scheidmann government would be able to control the situation.

An American mission comprising Messrs. Ellis, Gresel, Lithgow and Osborn, with a force of clerks, will leave for Berlin for the purpose of keeping the American peace delegation informed of events.

CLEANSER YOUR HAIR MAKES IT BEAUTIFUL THICK, GLOSSY, WAVY

Try this. All dandruff disappears and hair stops coming out.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots invigorates and strengthens them. Its exhilarating, stimulating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a small bottle of Knowlton's Danderine at any drug store or toilet counter and try it as directed.

Bridgeburg, April 16.—Work was begun at the yards of the Canadian Allis-Chalmers Company here today on two additional ships of the "war vessel" type. Two have already been built, one of which has been launched.

The big drawback at the Allis-Chalmers plant, which officials pointed out recently, is now being removed, the Bridgeburg Council last night deciding to appeal to the Ontario Housing Commission for aid to local families, covering the erection of a number of houses. The Council held a special meeting at which application was made for financial assistance by a number of lot owners.

The starting of work at the shipyards on additional ships will keep the 300 men employed there now busy for some time to come.

ADVERTISE IN THE JOURNAL

The Indian

—the veteran machine

Through four years of war—four years of supreme test—four years in which the inventive and mechanical power of the nation were taxed to the utmost—the Indian Motorcycle has been a vital physical force.

Steady-going, adaptable, trusty and enduring, this king of the motor field filled a great need in the nation's service—filled it in a way that has won universal esteem. In its war-time record the superlative merits of the Indian stand out in relief. Over 60% of the motorcycles used by the American Government in war were Indians.

The economic lessons of the war are illuminating and far reaching. It requires little foresight to realize the possibilities of the Indian and its value to the business world. The magnitude of present demand is evidence of its growth.

Now that the war is over we are turning the strength of our production to meet the great public demand. No effort is being spared to supply dealers with their full quota of machines, also Indian Bicycles.

The veteran machine that upheld the nation in war is restored to the public.

The outstanding features of our big Indian Powerplus are:

World-famous Powerplus motor that has no equal.

Renowned and exclusive shock-absorbing Cradle Spring Frame and Fork.

Light Twin Indians, too.

The largest manufacturers of motorcycles in the world.

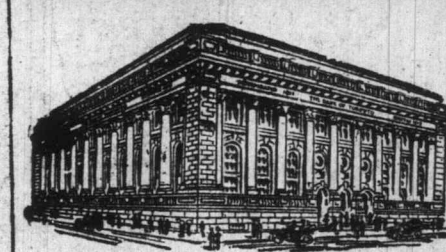

Children Love Candy Cascarets

Careful mothers know that Cascarets in the home mean less sickness, less trouble, less worry, less cost. When one of the kiddies has a white tongue, feverish breath, sour stomach or a cold, a Cascaret quickly and harmlessly "works" the poisons from the liver and bowels and all is well again.

TO MOTHERS! While all children detest castor oil, calomel, pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets "work" the nasty bile, sour fermentations and constipation poison from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Each 10 cent box contains directions for children aged one year old and upwards.

Incorporated 1855 PRODUCTION

Increased effort and efficient in-labor, more economy and less waste in living, building up capital by harder work and greater savings, will enrich you and your country. The men and women at home must produce more to cover war's waste.

Assets \$100,000,000

It is easier to make money than to save it. A Savings Account at the Bank of Toronto will help save what your increased effort provides.

OAK HALL, Clothiers and Furnishers

COMING TO THE GRAND.

Why is it that the percentage of divorce cases is rising steadily in the United States each year. What is the cause of marital unrest? These are questions that are being brought home to the people with every passing day. Able minds have been wrestling with these questions, but the answer does not seem to be forthcoming. Novelists have written of this topic, orators have spent their great eloquence on it and reformers have been busy, but all to no effect. The divorce mills grind and grind and the grist is never ending.

But now comes a modern play "The Rosary," written by Edward E. Ross and produced by Rowland and Clifford, which brings a solution of the vexed question. It is done in a quiet and effective style, and offers a way out of the difficulty. The story takes you into the heart of an American family where all seems to be peace and happiness. But it is found that there is a canker spot even in this home. The husband does not have faith in his wife, and a rival so works upon his suspicions that the home is on the verge of the rocks.

Then at the critical moment a priest arrives to set things in order again. He brings the spiritual side to bear on the situation, and the clouds of unbelief and distrust are dissipated into thin air.

RE PETER GRANT.

The Editor, Journal.

Sir: At the regular meeting of 407 Painters and Decorators I was instructed to write you stating that we are protesting strongly to the Minister of Labor and Dr. Riddell against the rejection of Mr. Peter Grant to the position on the Unemployment Bureau. Mr. Grant has been for many years an active worker in the labor movement and on all sides it is admitted he is qualified for the position and after many weeks delay the situation is handed over to an absolute stranger to organized labor. We consider Mr. Grant's rejection a slight on the trade union movement which will not be forgotten.

Trusting you will publish this and thank you in anticipation.

I remain,
Yours truly,
WM. D. OUTRAM, Secy.

TAKING ANOTHER CHANCE

Higgs—Going to work the garden this year, old man?

Diggs—Best I can say is that I'm going to try to work it. It worked me last summer to the extent of 50 bucks.

DR. ARTHUR B. COBB
Dentistry.

When the agonies of tooth-ache grip you—when the pain seems to increase with each passing moment—Then is the time you want relief and want it quick.

This Dental Office provides an emergency department for just such cases and it does away with tedious waiting and the necessity of treatments by appointment.

We fully understand the need of quick attention to the sufferer and there are no delays after you enter our Office.

To stop the pain is our first effort and after that, if there are other attentions needed, we advise the patient of their exact nature and what the cost of such attention will be.

But—it is a great mistake to put off the tiny aches until they become unbearable pains.

You impose upon yourself unnecessary torture and needless expense when you indulge in delays of this kind.

When a Dentist is needed you'll find one here who will serve you skillfully, painlessly and at extremely moderate charges.

MERRITTON

Mr. and Mrs. Wallace Panter, of Beamsville, was in town on Wednesday, attending the Mears-Embury wedding.

A quiet but extremely pretty wedding was solemnized at 4:30 o'clock on Wednesday afternoon, when Orpha Almada Mears, youngest daughter of Mrs. Mears, Walnut Street, was united in the holy bonds of matrimony to Mr. Raymond Best Embury. The marriage lines were read by Rev. Ray Smith, of Brantford, assisted by Rev. R. E. Railton, of Merriton. The bride who was given in marriage by her brother, Mr. John Mears, of Niagara Falls, Ontario, wore a very pretty dress of cream silk with overdress of Georgette crepe, tulle veil, and carried a pretty shower bouquet. Her maid, Miss Maud Vanderburg, wore a dress of pale blue with overdress of silk Georgette and carried a pretty bouquet of pink carnations. Miss Annie Clark presided at the piano, and as the bridal party entered the drawing room played the wedding music from Lohengrin. Mr. Howard Mears, brother of the bride very ably filled the capacity of best man. Mr. and Mrs. Embury left by Grand Trunk train for points west where they will spend a brief honeymoon.

Rev. Ray Smith, of Brantford, gave at very instructive talk at the senior Epworth League meeting on Wednesday night. Mr. William Suckling sang a very pleasing vocal number which was much enjoyed.

Mr. J. A. Mowatt, of the Bank of Nova Scotia, leaves tonight for Acton west, where he will spend the Easter season with his parents.

The Misses Grace and Lida Best, of Lowbanks, are spending a few days at the home of Mr. and Mrs. E. Hartley.

The Merriton Hose Company feel much indebted to the Football Club, J. H. G. Horey, and James Daly, for their donations towards the memorial monument fund.

Pre-Communion services will be held in the Presbyterian Church at 8 o'clock on Friday night when every person is urgently invited to be present.

The regular meeting of the Public Utilities Water Works Department was held last night with the following present:

Chairman J. H. G. Horey, and Commissioners Clark, Thompson, Nesbit, and Hastings.

The contract was read from James Wilson regarding hydrants.

Moved by Thompson and Hastings Jockey Clifford Robinson of Toronto rode three winners at Hot Springs yesterday. Sister Helena, Frank Monroe and Sophia Gatewood Orderly 12 to 1 won the fourth race on the card.

Sturdee ran second to Refugee at Bowie yesterday on Getaway Day. Fairly finished first in the fifth race but was disqualified and Cadillac given the race.

Before leaving Hot Springs for Louisville, Eternal, J. W. McClelland's crack three year old, went a in an effort to cash a forged mutual ticket after the first race at Bowie on Monday. At Cashier Bowling's outcry, he was taken in custody by Capt. C. E. Dupine of the Pinkerton agency.

This season's Preakness at Pimlico May 14, will be the first in which geldings will not be admitted. The proscription of geldings was decreed mile in 139 45. The Sweep colt was ridden by the 90-pound exercise boy, who has been galloping him all winter, and the boy had a snug hold of him at all times. He pulled up in good shape and soon cooled out. His fractions were :24 2-5, :49 1-5, 1:14.

A man who gave his name as Ellis Kohn of Baltimore, was apprehended by the Maryland Jockey Club directorate to discourage the practice of unsexing thoroughbred stallions, thereby disqualifying them for service to the Government as potential sires of military horses after they shall have finished with racing. The weight scale of the Preakness this year will discourage the starting of horses of poor quality. Winners of \$5,000 and up will be required to shoulder the full scale burden, 126 pounds.

OF THE FEDERAL LEAGUE CLUB'S SUIT

Washington, D. C., April 17. (A.P.)—Counsel for organized baseball today filed a motion in the District of Columbia supreme court requesting a new trial of the Baltimore (Federal League) Club's suit for \$900,000 damages under the Sherman anti-trust law.

Hearing of the motion was set for April 25th.

MEMBERS HEAD FOR HOMES FOR EASTER RECESS

Hon. Frank Cockrane Takes Seat in the House on Get-Away-Day for First Time During the Session.

Ottawa, April 17.—Parliament has adjourned for Easter. It was a typical get-away day, with discussions on flax-growing, scientific research, Civil Service reform and the ownership of newspapers. As added features there were the return of Hon. Frank Cockrane to the Capital and his appearance in the House for the first time this session, and the rumor that, in recognition of his services to the Empire during the war, Sir Robert Borden, Prime Minister of Canada, would be elevated to the Peerage and would take the title of Baron Grand Pre.

Britain Wide Awake.

Victoria Daily Times:

Not a little apprehension has been exhibited in Great Britain as to whether the motherland would profit by the lesson of the war to the extent that peace time industry would keep pace with her powers of production developed under the stress of belatedness. Some hope that the light "little isle" is wide awake to her newly found possibilities in production may be derived from the fact that the position in pre-war days more generally usurped by Germany at the Lyons Fair has been taken by Britain—in other words, where the motherland boasted of fourteen exhibitors in 1916, this year's event sees 450 exhibitors, including Canadian and Australian sections.

SOCIAL NIGHT

Prince of Orange Loyal True Blue Lodge No. 3 St. Catharines, Ont., held a successful social entertainment in their hall on April 15th. Brothers W. Wilson and C. Steele, who have been overseas, were given a hearty welcome by their lodge and Sister Mrs. Foster of Sarnia, was among our visitors and made a few remarks. The following took part in the programme: W. Bro. Plumley presiding; Piano Trio—Misses Edna Mitchell, Hazel and Irene Plumley. Reading—Mr. Orser. Solo—Miss Clark. Reading—Miss Isa Nicol. Piano Duet—Misses Plumley. Song—Mr. Tunstall. Solo—Miss H. Plumley. Re-Reading—Mr. T. Swencker. Solo—Mrs. Dick.

After which refreshments were served and the remainder of the evening spent in games and dancing.

CANAL RUMORS

The air is thick with rumors of changes on the working staff of the Welland Canal today. It may, however, be taken as settled that a returned soldier in the person of Capt. Hemphill of Ottawa, has been appointed to the vacant position of Paymaster. The other gossip is that all the locktenders and others appointed within the last two years, also those owning property in farms or otherwise, or of ascertained independent means, will be dispensed with and their places filled by returned soldiers of good characters and intelligence. This will be considered absolutely necessary as the work of lock and bridge tenders is too important to be left to those of careless habits. It is also rumored that changes will also occur in the Gate Yard and other repairing departments along the line of the canal.

MANY HAPPY RETURNS

Mr. Joshua Holmes, the popular carriage maker, William Steret, is receiving the congratulations of numerous friends to-day upon his having entered his 64th year. Except for the effects of an accident when hunting deer a number of years ago, Josh is as hearty and boyish as of yore, and enjoys good health, in fact, as he confesses he has had plenty of work but a fairly good time all his life and has but few regrets in his declining years, so the general expression is Long may he Wave.

The funeral of the late Mrs. Elizabeth Cornwall was held on Wednesday afternoon from the residence of her son-in-law, William F. Cline, 68 Henry Street to Victoria Lawn cemetery. Many old friends and relatives of the deceased accompanied the body to its last resting place. Rev. J. J. Liddy, assisted by Rev. Dr. Geo. Clark, conducted the service at the house and graveside an dthe pall bearers were: James Beattie, Randolph Eddy, John Wedge, John Kreamer, William Burgess and William Andrews. He many beautiful floral tributes on and around the casket bore silent testimony to the high esteem in which deceased was held in the community.

The funeral of the late George McKune was held yesterday afternoon from his residence Niagara Township to Victoria Lawn cemetery and was largely attended by sympathizing friends. Rev. Mr. Raymer of St. David's assisted by Rev. Mr. Todd of Niagara Falls officiated at the house and graveside. Mrs. Mack Black rendered a solo "One Sweetly Solemn Thought". The pallbearers were Messrs. W. J. Furringer, Ross, Stephenson, Wm. Steward, Andrew Henderson; L. H. Colard and M. Shoemaker. The floral offerings were extremely beautiful showing the high esteem in which the deceased was held.

The funeral of the late Donald L. Cruickshank was held from the family residence, 99 King St., yesterday afternoon to Victoria Lawn Cemetery. Rev. Dr. Ratcliff assisted by Rev. L. W. Broughall conducted the service at the house and Rev. Dr. Ratcliff officiated at the graveside. S. P. Courlay, John S. Wood, W. Manson, Joseph Hodgins, Charles A. Case, and Madison Disher, acted as bearers. There were numerous floral tributes sent by friends of deceased.

The right wing of the new platoon at the Fire Hall are undergoing their initial drill to-day, which consists of what is technically called nozzle twist ing.

The local Post Office employees are greatly pleased by the action of the Post Office Department in granting them a half-holiday on Saturdays.

The directors of the St. Catharines Lawn Bowling Club met last night and awarded the contract for the building of this new club house to G. F. Monk. The building is to be ready for occupation by May 24th.

The Welland Ship Canal will open for navigation on Saturday morning at seven o'clock.

BETWEEN FALLS AND NIAGARA STREET

The annual meeting of The Niagara Peninsula Music Dealers' Association was held at the Welland House yesterday.

The following officers were elected for the ensuing year: W. B. Rollason of Welland, President; W. W. Webb, Manager of Mason & Risch Limited, St. Catharines, Secretary-Treasurer.

The Executive Committee consists of the following gentlemen: H. Cadle, Manager of Heintzman & Co.; Albert Blair; J. W. Glass; W. E. Wolfe, of Welland; Albert Gray and R. Holding, of Niagara Falls.

A splendid interest in the work of the Association has been taken by the members of the Trade and the various salesmen in the music industry during the year, and it is particularly fitting that the election should take place just at this time, as next week will be Canada's first national music week.

Mr. Fullerton, editor of The Canadian Trades Journal was the guest of the Association and gave a splendid talk on items of special interest to the members of the Music Trade.

GOVERNMENT NOW WANTS TO SELL PARTS OF VESSELS CUT IN HALF

The parts of several vessels which were being cut in half preparatory to being transformed into ocean going vessels by taking the parts to Montreal through the Welland Canal and there putting the fore and aft parts together, will be sold by the government. Several boats were being cut when the armistice was signed and will not be taken by the federal shipping board.

The Government is now receiving bids on the Charles R. Van Hise, which is outside the breakwall. The stern portion of the Maopla also will be sold at auction. The forward part went down in a storm as it was being towed to Montreal. The stern is now at Ogdensburg.

AUCTION SALE

At Port Althouse on Monday, April 21st, at 1.30, on Canal St. opposite Ed. Murphy's residence, parlor dining room, bedroom and kitchen furniture, kitchen range, heater, sealers, dishes and other articles.

WILLIAM POWELL, Proprietor.
C. G. McDERMOTT, Auctioneer.

Secretary P. B. Yates of the Board of Trade, announces that he has forms to fill out for tenders for the purchase of gray army blankets. The blankets are 60 x 84 inches, weight four pounds and can be purchased in 50 or 100 case lots. Tenders must be in by Friday, April 25th.

Mr. D. W. Mills, Insurance Agent, Park Place, is reported to be seriously ill.

Mr. E. H. Gardner, manager of the Tissue Paper Mills, Thorold, is on the way, Sharron, Chute, Scott, Anderson.

The Militia Department did a grateful act in recognizing the splendid ser-

vices of Mrs. D. C. Vandusen as well as her cook and laundry woman in the Military Convalescent Home, Yates Street, by a gift of \$250.00 cash.

The members of the Board of Works Committee of the City Council are making a tour of inspection of the whole city this afternoon.

BOWLING

FOOTBALL

St. Catharines F. C. held a well attended meeting at the Ellis House last night when final arrangements were made for the game on Friday morning. Welland being the visitors. It was also decided to secure new strips and a special committee was appointed to look after same, as soon as the funds will permit, as the League games commence the first Saturday in May. The following players are requested to be on the grounds not later than 10.15 on Friday morning: A. Donaldson, McFarlane, Gibson, Hendry, O'Donnell, A. Hill, J. Sturch, C. Sturch, Robertson, McSparran, Ryan, Milne, Jordan and Dornan. C. Longhurst will referee. Danny McQueen was appointed as trainer.

The St. Catharines Club are on the trail of a junior international and expect to sign him up within a few days.

A special meeting of all members and players is called for next Wednesday night at the Ellis House, come along and hear some good news and enjoy the singing.

BASEBALL

Manager Jack W. Beatty of the Kitchener Beavers reported for duty yesterday. He reported that 14 players have been secured, and negotiations are pending with six pitchers, from which a selection will be made. The players will report April 28.

Infielder Woosers and First Baseman Adams of the Yankees have joined the Toledo club, while Pitcher Hunter Goodbred has reported to the Memphis club.

Tod Sloane, outfielder of the St. Louis Browns and former Rochester player, received his discharge from the navy, as did Pete Durling, the Maine recruit pitcher of the Dodgers. On the same troopship that brought Grover Alexander home were Lieut. Joe Jenkins, formerly a White Sox catcher, and Serg. Mike Menowsky, the left fielder of the Washington Americans.

The York Pioneers, one of the oldest national societies in Ontario, celebrated their 50th year of its existence today.

EGGS AS FOOD.

Eggs are one of the cheapest foods to be had to take the place of meat. The principal food element furnished by eggs is protein, the nitrogenous tissue-building element, the presence of which in considerable proportions also gives meats, fish, milk, cheese, etc., their special food value. In addition to protein, eggs also furnish fat and a number of valuable elements, including sulphur, phosphorus, iron, calcium and magnesium in an easily assimilated form, and are believed also to be rich in certain essential vitalizing elements called vitamins. Their shells constitute the only waste materials. Ninety seven per cent. of the portion eaten—a high proportion compared with other foods—is digested.

A very serviceable air-plane can now be purchased for \$2,000. As they possess many advantages over autos, especially that their tires will not get punctured, and as they are not likely to indulge in collisions, they must become popular.

How the Consumer Can Save Gas

WEATHER

Fresh northwest winds; cloudy and cool, with occasional rain.

How To Find a Gas Leak

Leaks in gas pipes on the domestic customer's premises are the cause of much waste and are also a source of danger. NEVER hunt for a leak with a match or light. The easiest way is to put soapsuds over the pipe or connection suspected. If gas is escaping the soapsuds will bubble.

If gas is escaping the soapsuds will bubble. In many houses where tests have been made, it has been found that about one-sixth of the total gas that passed through the meters has been wasted by leaking pipe and fixtures.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT—THE SUPPLY IS NOT EVERLASTING.

THE UNITED GAS COMPANIES, Limited.

Two Fashion Leaders For Spring

One—the double-breasted high waist-line—a distinctive model; one of the smartest ideas for spring that good dressers favor.

The other—the waist seam model—single or double breasted, slash pockets and peaked lapels. Without doubt the most popular style this spring and a favorite among returning soldiers, for it aids in retaining that chest out, waist-in figure.

See these newest styles in the largest assortments of pretty browns, greens, grays and blues; many silk-lined and all hand-tailored. Priced at

SLIGHT INCREASE IN RATES EFFECTIVE FIRST MAY

Owing to the greatly increased cost of all materials, labor, etc., required for the production of a daily newspaper, The Journal finds it is obliged to make slight increases in its advertising rates beginning the first of May. In looking over our books we find that considerable advertising is being carried at the same price as before the war, and yet every person realizes that the cost of almost everything has increased from fifty to 100 per cent. Some of the advertisements have, it is found, been carried below cost and few of them at any profit. Obligations have been assumed by the paper to improve its mechanical equipment so as to put out a larger and better paper, and in announcing small advances here and there the business public will appreciate that the new rates will bear the closest analysis and comparison.

Recently The Journal wrote to the managers of other dailies in the Province and got copies of their rate cards. We find that for display, both local and foreign, the rates range considerably higher than those which have been charged by The Journal. An announcement will be made later as to the rates that will go into effect but they will not amount to enough to any one advertiser to be worth any objection from him, we feel certain, but a little advance here and there, dis-

tributed over hundreds of users in a year, will make the road a little easier to travel.

COFFEE VS. BOOZE

Coffee dealers in the United States are preparing to take advantage of the coming of prohibition by seeking an enlarged consumption of their beverage. To this end a big publicity campaign is planned to open on April 22 to put forward arguments for the adoption of coffee as a substitute for the flowing bowl. Newspapers in the principal cities as well as the National Magazine will publish large advertisements addressed to the consuming public. The retail trade will be asked to co-operate, and talks will be prepared for clerks in stores.

SIR EVELYN WOOD.

That grand old warrior, Sir Evelyn Wood, the last of the last Victorian soldiers of eminence, who recently celebrated his 81st birthday, is justly proud of the war record of his family. Three of his sons, three of his grandsons, and three sons-in-law and three nephews and a great-nephew, have all seen continuous service during the past four years. Sir Evelyn is by no means retired. As Constable of the Tower of London, he faithfully goes to London twice a week from his country house in Essex to attend to the business of his office.

Get the Habit Drinking Hot Before Br

Says we can't look or with the system of poisons.

Millions of folks take now instead of loading with drugs. "What's an you say. Well, it is perform miracles if you these hot water enthusiasts. There are vast numbers women who, immediately ing in the morning, drink real hot water with a limestone phosphate in a very excellent health intended to flush the kidneys and the thirty times of the previous day bile and indigestible over in the body which inated every day, become the millions of bacteria the bowels, the quick res and toxins which are into the blood causing ous attacks, foul breath, colds, stomach trouble, sleeplessness, impure b sorts of ailments. People who feel good badly the next, but who not get feeling right obtain a quarter pound phosphate at the drug will cost very little bu to make anyone a real subject of internal sani Just as soap and hot the skin, cleansing, sw freshening, so lime and hot water act on liver, kidneys and bowe By more important to inside than on the outs the skin pores do not a ties into the blood, wh pores do.

"SITTING TIGHT,"

BY H. F. GADSBY.

Sitting tight, and breathing hard... the position of Union Government after Parliament has been in session two months.

But human nature is human nature, and if you tell people they mustn't do a thing that is the very thing they'll do... Mr. Rowell very well knows.

Another diverting toy was the Department of Public Health fathered by Mr. Rowell but left by him, if rumor is true, on Mr. Calder's doorstep.

There was one omnibus clause in it which would have allowed the Department of Public Health to do anything to anybody short of interfering with the law of gravitation.

Morbover, any other way than that has no place in a new country like Canada, boundless in hope, opportunity and resources.

Another pretty toy is the joint commission to investigate the relations between Capital and Labor which the idea is that if you can get the people talking holy enough about capital and labor.

By the way the Minister of Labor displays a sense of humor. It is to be a commission of five, two of whom are to be capitalists in whom the people have every confidence.

I observe on the order paper a number of leading questions by Mr. Middleton, the chief Government whip, whose drift is toward the high tariff doctrine.

Supreme in Style, Quality and in Price

A masterstroke has been accomplished in assembling America's Finest Cloths for Men and Young Men.

Easter Clothes buying is no longer a problem. Straight to the Liberty you will come where you may share in the Grandeur of Style and the Bountiful Saving we have prepared.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally instead of loading their system with drugs.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels.

From each source, what other source of revenue are available. The answer Mr. Middleton expects to get is that the tariff, like Abou Ben Adhem's name, leads all the rest.

Government going to take these ex-tortioners by the throat and tell them that their first duty is to highly protect home market is to sell to the Canadian customer at a Canadian price.

As Mr. Kipling says, East is East, and West is West, and Mr. Middleton evidently believes in sowing the little seeds which will keep them that way.

Miss Flavia Arcazo, the irresponsible comedienne who plays one of the principal roles in "Parlor, Bedroom and Bath," the big farce hit which A. H. Woods will present at the Grand on Saturday afternoon and evening.

to please themselves. "I can't go into a store," she says, without wanting to buy something, and as far as bargains are concerned, I just love them.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Back-achy or Have Bladder Trouble
Meat forms uric acid which excites and over works the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick head ache, dizziness, your stomach sour tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.
To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and the bladder disorders disappear. This famous salt is made from the acids of grape and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive harmless and make a delightful effervescent lithia water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Three daughters and one son were added to the population of Ridgeway one day last week.

A. T. Mishell, printing Auditors Reports, \$27.00.
Moved by Steward, seconded by Krick that the Council do now adjourn to meet Monday, May 5th, at 10 a. m.

INCREASE PREDICTED

Member of Board of Pensions Commission Say so.
Winnipeg, April 16.—A general increase in the Canadian pension scale to cover the increased cost of living, was predicted by Col. J. Thompson, of the Canadian Board of Pension Commissioners yesterday. He said the Pension Committee of the House of Commons is considering the advisability of an increase, and he believes the outcome will be favorable to pensioners.

War to Peace

Bringing Our Soldiers' Dependents to Canada

IN England, there is a colony of Canadian women who went overseas in order to be near their husbands. There are also in England and France many women who married Canadian soldiers and have never seen Canada.
It is one of the duties that Canada has incurred through the war to bring back these dependents of our soldiers with all speed, and to help establish their home life.
Up till the time the Armistice was signed, some 22,000 women and children were returned. There still remain about 50,000 to be brought back.
These 50,000 soldiers' dependents will be returned to Canada at the public expense. Those who have already arrived in Canada since November 11th, 1918, will have their ocean and railway fare refunded by the Government.
The facilities for transporting soldiers and their dependents are limited to about 30,000 monthly. Therefore, women and children will be returned to Canada at the rate of about 5,000 to 7,000 each month. Many of the women will be accompanied by their husbands. On every boat carrying 200 or more unaccompanied women there is a Y.W.C.A. secretary.

At the Ports.
To these 50,000 returning women and children every care is being given. Until they reach the shores of Canada they are in charge of the Overseas Militia Department.

At HALIFAX they are welcomed by the Women's Reception Committee, composed of women who have been engaged in war activities. This committee has been organized for nearly two years and has been doing splendid work.

At ST. JOHN there is also a committee representing all the organizations interested. This committee, although more recently formed, is giving excellent service. The National Y.W.C.A. has assigned two secretaries for work at this port.
On each of these Committees there is a trained nurse to give necessary attendance.

At the ports the organizations meet every boat. Locate the women's luggage. Take charge of the babies. Bring the women to a cosy rest room. Here cots and baths are provided for the children. Hot lunch can be secured. Overnight accommodation is arranged.
Women who are too sick to proceed on their journey are taken to the local hospitals. Women who are without

money receive assistance from the Patriotic Fund; are provided with lunch baskets and money to buy meals on the train.
These organizations also secure the railroad tickets for the women, get their money changed, give them such information as they need. The workers accompany the women to the train.
The Repatriation Committee have a nurse, trained in social work, lent by the Victorian Order of Nurses to act as the committee's representative at each port.

On the Train.
On each train carrying unaccompanied women and children there is a Red Cross nurse, experienced in social service who has been enrolled by the Canadian Association of Graduate Nurses. This nurse carries with her first aid supplies and an emergency fund of money furnished by the Red Cross Society.
Telegrams are sent ahead to the local branch of the Patriotic Fund and to the local Reception Committees giving the number who will arrive.
On Arrival.
The Rotary Clubs of Canada have undertaken to provide motor cars to take the women and children from the station to their homes.
The Patriotic Fund have undertaken to provide temporary accommodation, and other necessary assistance at cities and towns en route and at points of destination.
The main function of this nation-wide organization is to care for soldiers' dependents. It is therefore fitting that they should be responsible for arrangements for all the returning women and children.
Many other well-known organizations have been doing admirable work—meeting trains, providing rest-rooms, canteens and hostels and generally caring for the women and children. It is important that these organizations continue this work and co-operate as closely as possible with the Patriotic Fund.

TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mothers recipe, and folks are again turning it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Weyth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the lady with Weyth's Sage and Sulphur Compound is that, besides, beautifully darkening the hair after a few applications it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

MORE APPLES GROWN FIFTY YEARS AGO

There were probably more apples grown between Hamilton and St. Catharines fifty years ago than there are to-day. But the increase in the production of peaches and other tender fruits in the same territory in the last half century has been phenomenal.

The speaker was Mr. J. W. Smith, who has spent a long life under the shelter of the ridge that, together with Lake Ontario, fences off that wonderful garden spot extending from Hamilton to the Niagara frontier. An illustration of how great the development in tender fruit growing has been was given in a few words by Mr. Smith. "When I was a lad," he said, "a Mr. Biggar, who was considered one of our biggest fruit growers at the time (that is, of tender fruit), started us by saying he had just figured up his fruit sales for the year, and they totalled \$80. We thought this wonderful, and that the lucky one was in a fair way of becoming the Rockefeller of his time. Before that we thought he was going wild when he planted two or three acres in peaches, but we changed our minds when we heard of that sale aggregating \$80."

More Chickens'd Now.

Eighty dollars would hardly be considered chickened by the Hamilton-Niagara fruit growers to-day, and a two or three acre plantation is a mere garden patch among the orchards and vineyards of the present. Mr. Smith himself has 275 acres of land in the old homestead, and all but thirty of this is in fruit. In company with his sons, he holds 250 acres in another section,

and 200 of this holding is also in fruit. "From 'Siney' Creek to Beans' this a distance of 15 miles," said Mr. Smith, "fully 50 per cent. of the land is devoted to the production of tender fruit to-day."

How One Start Was Made.

The story of Mr. Smith's own start in this direction is also an interesting one. "My father," he said, "was a straight farmer—grain, live stock, and that sort of thing. My mother had the produce of the cows and fowls as her perquisites, and she also had the produce of the few peach trees, planted for the most part in fence corners. When she went to Hamilton to market her products I accompanied her, and I thought I saw something in the tender fruit end of it. When I set out three acres in peaches I was told I was foolish, that I would never be able to find sale for the crop."

Think In Carloads Now.

That is one illustration of the truth of the statement that the wisdom of to-day is the foolishness of to-mor-

row. Niagara fruit growers of the present think in car loads where their predecessors thought in baskets.

It has not, however, been all easy going for fruit growers, any more than it has for farmers in other lines. Grain growers have had their troubles in the past with the midge, Hessian fly and smut; dairymen have suffered from milk fever and other worries, and fruit growers have had their special difficulties as well.

Pests That Threatened Ruin.

"What black knot first became a serious pest we thought the plum industry was ruined," said Mr. Smith. "When the San Jose scale attacked peach and other trees we were up in the air again. But black knot is all most unknown now, and the scale no longer causes dread. Pear blight, however, is still with us, but it is not so bad as it was."

Hamilton-Niagara fruit growers have learned their business, and they are all alive. It is an education in pruning to go through an orchard in that district. It is a lesson in management to see how old trees, no longer useful, are weeded out and new plantations are started. The old is continually going, the new is always coming. But everywhere and always there is evidence of progress and comfort, happiness and prosperity following upon well directed industry.

AMHMK

THIEF CAPTURED.

Rochester, N. Y., April 17.—A nine-month chase for an alleged thief which covered 25,000 miles, ended in the capture here by Detective Edward Cooper, of the New York police department, of Charles Albert Pulver, 26, of 110 East Ninety-first street, New York. He is accused of the theft of furs valued at \$4,000 from a New York firm of wholesale furries, by whom he was employed as a truckman.

FASHIONS IN BRIEF.

Every shade of rose will be a favorite this spring. Taffeta and silk or wool jersey are used for motor coats. Street gowns are made of exquisite gloveskin duvetyne.

ARREST IN FRENCH MYSTERY.

Paris, April 17.—Henri Landru has been arrested in connection with the disappearance of a number of widows. It is alleged that Landru took his dupes to a lonely house on the border of the Rambouillet forest and that they were never seen again.

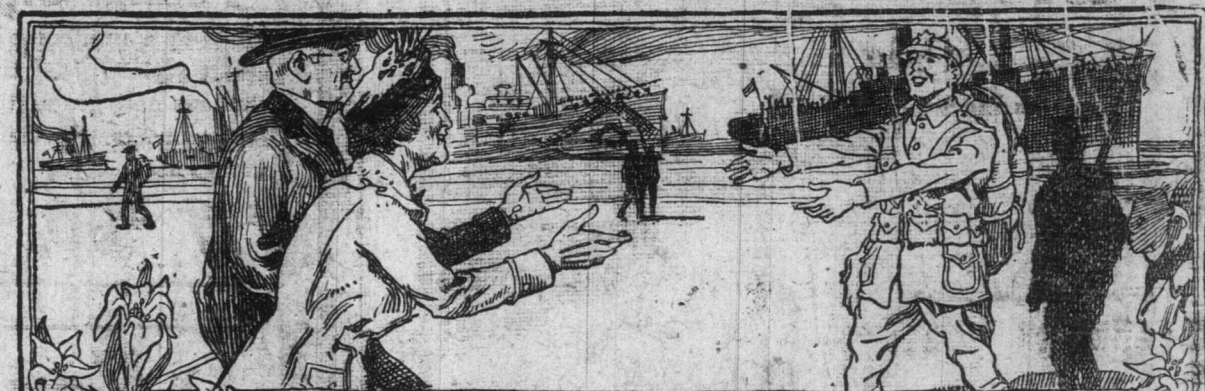

IN TWO MONTHS HANSARD GROWS A FOOT THICKER

Ottawa, April 16.—The oratory of the two months' sitting of the House of Commons is revealed in Hansard, which is now nearly a foot thick.

TORONTO MAN SENTENCED.

London, April 17.—Found guilty of stealing a \$500 Victory bond, John alias Chester F. Smith, of Toronto, was sentenced to a three months' term of from three months to two years.

The Children's Shelter, of Brantford, will benefit by \$4,000 as a result of the canvass carried out by the Commercial Travelers' Club there. Of this \$4,200 was contributed by Paris, and \$3,031 by Brantford. Other gifts are expected to bring the total up to \$4,000.

What an Easter this will be!

PEACE!—Joyous homecoming and reunion—Spring in the air—and renewed evidence of prosperity and plenty about us—

Happy parents—healthy children—freed from the worry of the years of conflict and the restrictions that have helped to attain the victory that is now ours—

Little wonder that the aim in thousands of Canadian homes will be to celebrate this joyous occasion by a return to old-time festivity. Let your home be one! Let your household, this Easter of 1919, once again freely enjoy its old-time Easter Breakfast—

Swift's Premium Ham

Gone are the reasons that for four long years have restricted the enjoyment of this delicately tender, sweetly-flavored, amply-satisfying food product. Once more you need only phone your grocer or butcher in order to be promptly supplied. When you buy, make sure you see the Swift's Premium wrapper and brand. You can seek no better Easter breakfast dish than ham—you can find no better ham than Swift's Premium!

(Canada Food Board License Nos. 13-170, 171, 172)

A Drop On a Touchy Corn

Instant relief! Then corn or callus lifts off with fingers.

Just think! You can lift off any corn or callus without one twinge of pain.

A Cincinnati man discovered this ether compound and named it freezezone. Any druggist will sell a tiny bottle of freezezone for very little cost. You apply a few drops directly upon a tender corn or callus. Instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it right off.

Freezone is wonderful. It dries instantly. It doesn't eat away the corn or callus, but shrivels it up without even irritating the skin.

Hard corns, soft corns, or corns between the toes, as well as painful calluses, lift right off. There is no pain before or afterwards. No soreness or smarting. Women should keep a tiny bottle on the dresser and never let a corn ache twice.

HOT BEDS AND COLD FRAMES.

By the use of hotbeds and cold frames plants can be grown through their earlier stages out of doors even before the growing season has arrived. By the use of these, garden crops can be secured much earlier in the season than if seeding is delayed until the soil is warmed up in the open garden. Such vegetables as pepp'rs, egg plant, melons, etc., can be so hastened in the spring as to ensure their maturing before the frost period arrives in many parts of Canada where these crops are not usually grown. Such crops as radish, lettuce, spinach, and other vegetables can be made to reach a marketable size relatively early in the summer.

While hotbeds, as the term signifies, are heated with fermenting manure, the cold frame depends upon the sun shining through the glass sash to warm up the soil and start growth. The cold frame, for that reason, is more easily adopted, although it cannot be used to so great an advantage.

This information is taken from pamphlet No. 19 of the Dominion Experimental Farms, written by Mr. W. T. Macoun, Dominion Horticulturist, and available at the Publications Branch, Department of Agriculture, Ottawa. The method of constructing hotbeds and cold frames, as well as the system of using them, are fully described in this publication.

HANDLING TOMATO CROP.

As the tomato is a tender plant it is not set out until danger of frost is over, the time ranging from the middle of May in the warm sections to the first week in June where frost comes later. Tomatoes should be planted four or five feet apart each way for field culture.

As cut-worms are often troublesome about the time the plants are set out, poisoned bran in the proportion of one pound Paris green thoroughly mixed with 50 pounds moistened and sweetened bran, should be at once scattered on the surface soil about the plants. The cut-worms will eat this and die.

After planting, the chief work is cultivation, which should be done both ways in the plantation. Some hoeing will also be necessary. The surface soil should be kept loose from the day the plants are set out until they meet one another.—W. T. Macoun, Dominion Experimental Farm.

LAHMER—WASHINGTON

At the home of Mr. and Mrs. Wm. Washington, their eldest daughter, Emily May, was married to Arthur E. U. Lahmer. Only a few friends were present. The Rev. Arthur MacKenzie officiated. The bride was given away by her father, and attended by her sister, Miss Patricia Washington. After a short stay in Toronto, Mr. and Mrs. Lahmer left for their home near St. Catharines.—Toronto Star.

GRANTFORD TO HAVE A VENDOR

Brantford, April 17.—That a liquor vendorship will probably be established in this city under the new Government Act was announced.

METAL WORKERS LOCKED OUT.

Calgary, Alta. April 17.—Metal workers at four of the big iron works were locked out when they went to work because they insisted on the eight hour schedule they themselves had put into effect.

IT WORKS WONDERS ON CATARRHAL COLDS

Simple as A, B, C to Drive Away Colds With "CATARRHOZONE"

been offered by an English syndicate, 25,000 pounds sterling for Dunure Footprint, the son of Baron of Buchlyvie, who has been standing at 25 pounds for service and 25 pounds when the mare proves in foal.

BAR ALIENS FOR 20 YEARS

Calgary, April 17.—The G. W. V. A. have demanded the Provincial Government disfranchise alien enemies for twenty years so that their vote will not influence politics in this Province.

Sir John and Lady Eaton, of Toronto, have made a gift of \$25,000 a year for the ensuing 20 years to Toronto University, to be spent in medical research.

A RUMOR.

A rumor has been current for the past few days that the N. S. and T. R. R. people are trying to secure the property now occupied by the late H. Wises Lumber Mill and yards and that of Mr. J. W. King on the corner of Niagara and Geneva streets for a central R. R. station in the city. The rumor may be premature until at least the Hydro Electric Radials comes into possession of the N. S. and T. Ry.

REMANDED FOR SENTENCE

Jean Demintio Mariotti appeared before His Honor Judge Campbell in the County Judges Criminal Court

this morning for trial on a charge of shooting a Turk workman at the Merritton Paper Mill with intent to robbery. As His Honor has not had time to fully consider the case against accused he remanded him until the 2nd of May for sentence.

ACCOUNTS NEXT

Expenditure of Argyle House to be Probed by Parliamentary Committee.
Ottawa, April 6.—The Public Accounts Committee of the Commons met yesterday for the first time since the Union Government was formed. Among the accounts to be examined after Easter are the following: Accounts in connection with Argyle House, which are part of the war appropriation of \$343,836,801; chalets and furnishings at Camp Borden in connection with the same account; two accounts of \$1,516 and \$825.

HIGHWAYMAN KILLS GAMBLER

St. Louis, Mo., April 6.—Henry "Kid" Becker, known as the King of St. Louis gamblers, was fatally shot by a highwayman Monday night. Becker was 36 years old. He won and lost several fortunes and left a large estate from race track operations.

TO FARM ALUMNAE HERE

There will be a meeting tomorrow night upstairs at the Public Library, of the graduates of the University of Toronto and affiliated colleges who are living in this city and vicinity. It is proposed to take up the question of organization of an alumnae association here. If such an organization is created it is probable that an effort will be made to start a movement for the erection of a memorial of some kind to the memory of men of the University who fell overseas.

A TEN MILE RETREAT

Red Army Abandons Urod and Urod Lake in Murman.
London, April 16.—A Bolshevik official communique by wireless yesterday said: "In the Murmansk region, owing to enemy pressure, we abandoned Urod and Urod Lake." A later communique said the Bolshevik had retreated ten miles south of the lake.

IRISH COUNTIES UNDER MARTIAL LAW

Dublin, April 6.—Owing to political unrest and disturbances, martial law has been proclaimed in the counties of Cork, Limerick, Tipperary, Kerry and Roscommon.

OWN VALUABLE LAND

Doukhobor Holdings in British Columbia Total 40,000 Acres.

Grand Forks, B. C., April 16.—Peter Veregin, Doukhobor leader, discussing the agreement he had signed to sell Doukhobor lands in Canada for soldier settlement, stated roughly that the Doukhobor holdings in the Dominion were worth two million dollars. He stated that forty thousand acres are held by the sect in British Columbia.

KEY TO SEBASTOPOL CAPTURED BY UKRAINIANS

Paris, April 16.—The Matin reported yesterday that the Ukrainian Bolsheviks have captured Simferopol, in the Crimea key to Sebastopol.

The rain last night and today provides plenty of speculation for the amateur fishermen who annually commence their campaign on the members of the "finny" tribe on Good Friday. At present they are doubtful if the weather is going to be favorable for their pet sport or not.

Over fifteen words, one cent per word for first, and half a cent per word for each subsequent insertion.

PEACE DOESN'T MEAN HOME RULE AT ONCE

London, April 16.—It would be a mistake to think that Home Rule would be put in force in Ireland immediately upon the declaration of peace, Andrew Bonar Law, Government leader in the House of Commons declared yesterday.

London, April 15.—In the House of Commons yesterday, replying to Commander Wedgwood, Hon. E. S. Montague, Secretary of State for India, stated that rioting occurred at Lahore and there had been slight uprisings at Allahabad and Amritsar, where telegraph offices had been burnt and other places destroyed. Some loss of life occurred, including a number of Europeans.

Yesterday was observed as a national holiday, in accordance with the proclamation issued by the well-known Indian leader, Gandhi. Business was suspended in nearly all the big towns, but there were no disturbances.

ADDITIONAL LOCALS.

Miss S. Neidman of Humberstone was visiting here on Saturday.

The Orangemen in Welland will hold a social party tonight at which a number from this city will be present.

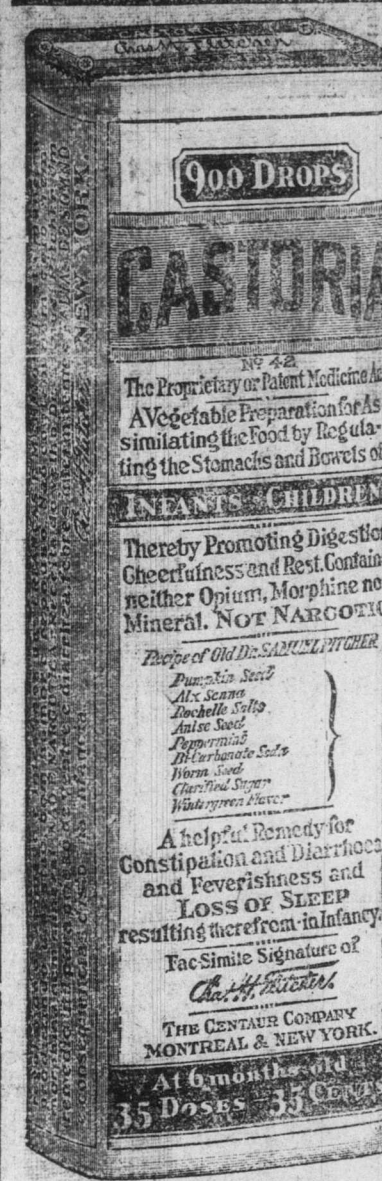

The Legal Committee of the Legislature yesterday approved of a law that the consent of parents must be produced by people under 18 years of age before they obtain a wedding license. A birth certificate must also be produced.

Now let us have a clean St. Catharines!

The N. S. & T. Ry. Station at Humberstone was burglarized one night last week and a small sum of money taken therefrom.

It would appear as if the continued rain for the past 24 hours is trying to make up for the lack of snow during the past winter.

Colton's orchestra provided the music for the junior Red Cross entertainment held in the Guild Hall, Welland, last Friday evening.

"SEVENTEEN" COMES TO THE GRAND

Samuel Wallack's production of "Seventeen," the four act comedy made from Booth Tarkington's Willie Baxter stories, will come from a year's run in New York and Boston to the Grand on Thursday evening. Never has there been a play so delightfully typical of that age when shaving is more of an affectionate desire than a necessity, for, like the book, the play is full of good humor and jesting at the expense of youthful human nature's growing pains, and there is an irresistible sympathy inspired for the harried and misunderstood hero aged seventeen, William Sylvanus Baxter, Jr., and the villain of the piece is little sister Jane, aged ten, a short-skirted, be-socked young person with a wild affection for "bread-and-butter-and-apple-sauce-and-sugar" and an even stronger love for "telling on" Willie. His every move, almost his every thought, is retailed to the parents. Humorous and wholesome, youth-giving and happy in its sincerity as the story is, much credit must be given to Mr. Wallack's cast for his young actors seem verily to have stepped out of the book.

Wood's Peppermint Cure
 The Great English Remedy. Cures and invigorates the whole nervous system, makes new blood in old veins. Cures: Nervous Debility, Mental and Brain Worries, Depression, Loss of Energy, Fatigue of the Head, Fading Memory. Price \$1 per box, six for \$5. One will please, six will cure. NEW ENGLAND WITHOUT PHONES

Boston, April 16.—Telephone communication throughout most of New England except Connecticut was suspended today by a strike of 8,000 operators of the New England Telephone and Telegraph Company, and the Providence Telephone Co.

The AFIs Review reports the wheat throughout Stamford township as looking splendid.

DROPPED BOOTY

Kingston, Ont., April 16.—Burglars ransacked the grocery store of R. J. Wales at Napanee yesterday, but were frightened off by some fishermen. Included in their booty was a tin box containing \$30,000 worth of Victory Bonds, and in their hurry to get away the thieves scattered them all over the lumber yards of Gibberds and Co., where they were recovered by the police. They got away with a small quantity of tobacco and biscuits. This is the second time this store has been robbed in a week.

BUTTER PLENTIFUL ON LONDON MARKET

London, Ont., April 16.—Butter on the local market was almost a drug yesterday. The price fell to an average of 66 cents for choice creamery. The people are not eating butter owing to the high price, and are using substitutes.

BLOODSHED FEARED IF MENNONITES STAY

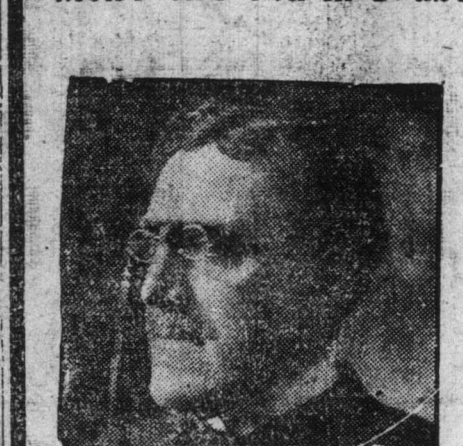

Ottawa, April 16.—The situation concerning the migration of Hutterites and Mennonites from the United States into the Prairie Provinces of Canada grows more acute daily.

The president of the Alberta G. W. V. A. left Calgary Monday to come to Ottawa to make a plea to the Government to take immediate action to avert trouble and possible bloodshed.

SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS

Man feels bad all over...feels weak...feels nervous, irritable, gloomy...gets angry at little things that ordinarily would not be noticed. You feel tired mornings. Your sleep does not rest you. You feel nervous. You dream at night. Your memory is poor. You can't concentrate your mind. No appetite. You lose flesh...all run down. You can't understand why.

Men! Are You In Doubt?

DR. WARD, SPECIALIST

OF INTEREST TO THE AILING MAN

28 years' experience and learning, 28 years doing one thing and doing it well. Experimenting lays long past. I know! My success is due to system and direct methods. I go after the cause. No delays...no waiting...no wondering. No weary months and years dragging along waiting for expected results. I make a fee for treating the patient, as long as treatment is necessary. If I make you a fee of \$10.00 or \$25.00 it means that I will treat you or case until you are dismissed. Consultation and examination free.

DR. WARD Daily Hours: Mondays, Wednesdays, Saturdays, 9 a.m.-6 p.m. Tuesdays, Thursdays, Fridays, 9 a.m. to 6 p.m. Sundays 10 a.m. to 1 p.m.

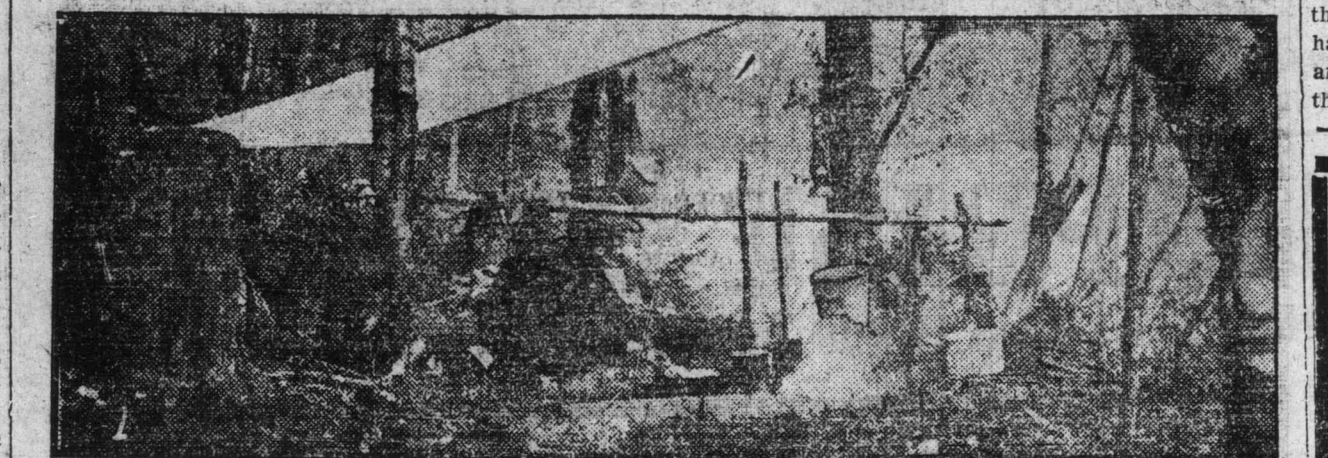

DR. WARD Buffalo's Leading and Most Successful Specialist
 79 Niagara Sq. Buffalo, N. Y.

SYMPTOMS OF VARIOUS AILMENTS

Weak and relaxed state of body, nervousness, despondency, poor memory, lack of will power, timid, irritable disposition, diminished power of application, energy and concentration, fear of impending danger or misfortune, drowsiness and tendency to sleep, unrefreshing sleep, dark ring under eyes, dizziness, pimples on face, palpitation of heart, easily tired, weakness or pain in back, lumbar, dyspepsia, constipation, headache, loss of weight, inkomia. Dr. Ward gives you the benefit of 28 years' continuous experience in the treatment of all chronic, nervous, blood and skin diseases. The above symptoms, and many others not mentioned, show plainly that something is wrong with your physical condition and that you need expert attention.

NERVE EXHAUSTION.
 The Great American Disease. There are numberless people who do not call themselves sick, and yet they feel nervous, weak, languid and tired most of the time. They have no ambition or endurance to work...everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable; they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion, belching of gas, pains in the stomach present. Sleepless, wakeful and restless nights follow. They become drowsy after meals and the brain tires easily.

A Wonderful Fishing Region

THE rivers and lakes in the vicinity of Cranbrook, British Columbia, on the Crow's Nest line of the Canadian Pacific Railway are happy and prolific haunts for lovers of fishing.

All these waters are well stocked with mountain or cut throat trout, rainbow trout, Dolly Varden trout, bull trout, landlocked salmon or Kamloops trout. Excellent catches are made in the fishing season. Foremost amongst the fishing waters of this region are: St. Mary's Lake and river, Kootenay River, Morie Lake and river, Gold Creek, Cherry Creek, Perry Creek Lake, Doyle's Lake, and Premier Lake. Perhaps the favorite rendezvous is Premier Lake. This lake is situated about thirty-eight miles from Cranbrook. It is three and a half miles long and one mile wide. Mountains surround it on every side, and it is very deep. There is no visible outlet for the waters. Springs that rise adjacent to the lake and streams from the mountain sides rush to rest in its placid bed. On August 12th, 1915, the Game Conservation Board of the Eastern District of British Columbia furnished Premier Lake, along the Kootenay Central Railway, a branch of the C. P. R., with 10,000 Kamloops trout fry, each one then being about three-quarters of an inch long. A prophecy was made that the fry within four years would develop into fish weighing between twelve and thirty pounds. The accompanying illustration shows some of the fish caught when three years old. Realizing the sporting possibilities of the Cranbrook region some of the residents met in Cranbrook on November 7th, 1917, and formed the Cranbrook District Rod and Gun Club. A hatchery was started in Cranbrook; 200,000 eggs were brought in and incubated. The enterprise was a huge success, and fry were distributed: 75,000 in St. Mary's Lake, 12,000 in Rock Lake, 25,000 in Premier Lake, 50,000 in Morie Lake, 2,000 in Doyle's Lake, about 4,000 in Perry Creek Lake. These fish will spawn at the age of four years, and

Landlocked salmon caught in Premier Lake, British Columbia, on May 15th, 1918.

Distances from Cranbrook to the different fishing waters vary, but none of the lakes and rivers is difficult of access. Good automobile roads radiate in all directions. The scenery of the Cranbrook fishing district is beautiful, and in addition to a creek laden with splendid trout, the fisherman will bring home with him memories of a landscape as fair as the eye can anywhere behold.

NEW USE FOR AVIATION SHEDS

AFTER many years of waiting a covered skating rink has been secured for the Gentlemen Cadets at the Royal Military College at Kingston. These limitations interfered materially with the quality of the game. On the demobilization of the Royal Air Force in Canada and the abandonment of the aviation camps at different points some suitable buildings, originally designed for and used as flight sheds (or aeroplane hangars) became available, and through the kindness of Sir Joseph Flavelle, Bart., Chairman of the Imperial Munitions Board, under whose direction these aviation camps were originally established, two of the flight sheds, each 120 feet long by 68 feet wide, were secured to form the basis of the new covered skating rink. The many friends of the Royal Military College were not slow in taking advantage of this opportunity in coming forward to assist in carrying out the idea. The Canadian National Railways, through the courtesy of Mr. D. B. Hanna, its president, and the Grand Trunk Railway System, through the courtesy of its president, Mr. Howard G. Keeley, have undertaken to free-freight the material of the sheds from Camp Mohawk to the point nearest to the Royal Military College, to Kingston. Sir Herbert S. Holt, who is deeply in everything that makes for the welfare of the Royal Military College, has generously financed the undertaking, and a contract for the removal and reconstruction of the flight sheds above referred to, has been let to the Kingston Construction Company, who now have the work in hand. The Minister of Militia and Defence has approved of a site within the college grounds on which the covered rink will be erected. Mr. F. L. Waaklyn, General Executive Assistant of the Canadian Pacific, who is also deeply interested in the welfare of the college, has taken charge of all the work in connection with the carrying out of the scheme. The rink, when completed, will be substantially as shown in the above illustration. The main building will be 240 feet by 68 feet wide, and the height from the underside of the roof trusses to the ice level will be 18 feet. Commendable dressing and locker rooms, 25 feet square, will be provided at one end, over which a gallery for spectators, capable of seating 300 persons, will be provided. The main sheet of ice will be 235 feet by 68 feet wide and this will, in the opinion of well known hockey experts (Messrs. "Riley", "Hern" and Col. Walter Maughan) make a most satisfactory hockey rink. The building will be well lighted by windows all round, and with electric lights for the evenings. The outside will be neatly finished in cement rough-cast and present a generally attractive appearance. The originators of this project have received many congratulations from a host of friends interested in the Royal Military College.

BROTHER KING WANTS OUT

Geneva, April 17.—Ex-King Ferdinand of Bulgaria, a telegram from Prague says, has asked the Swiss Federal authorities for permission to reside in Switzerland.

It is expected that Germany will be able to pay six thousand million of dollars in spot cash as a first instalment on its indemnity.

They had no Chinamen before a Toronto magistrate last week charged with gambling, and no doubt fined them. It would be interesting to know how many Europeans should be in their place.

LACROSSE NEWS

Brigadier-General Gunn, G. O. C., M. D. No. 2 and president of the Military Athletic Association, who in his younger days was a lacrosse player of merit competing on the well known amateur team by the name of Tecumseh when Haughey Lamb was also a member, will address the annual convention of the Ontario Amateur Lacrosse Association at the invitation of President Waghorne, as will ex-Lieut. Walter Trivett, who will explain to them just what the Sports Branch of the Citizen's Repatriation Committee is and what they aim to do. The Carlisle Lacrosse Club of Toronto has decided to place a scholastic team in the O. A. L. A. and it is possible that a juvenile twelve will also be entered.

Some of the players who are expected to try for places on the senior teams are: Frierre, Carol, Worsley, Colling, Jarmin, P. Clark, Green, Wright, Hammond, R. Simpson, Fogarty, Freeston, Biels, Kenyon, Gilthero and C. Anglin. The team will hold its initial practice at Willowvale Park, at 7 p. m., on Tuesday.

The following officers were elected: Honorary President, G. Clark; first Vice President, J. P. Hagerman; second Vice President, G. Golding; manager, J. Kenyon; Secretary, F. W. Kenyon, Treasurer, P. Gilthero.

Orangeville is in the throes of a lacrosse revival. Dr. G. H. Campbell, ex-Mayor of Orangeville and an old-time player, presided at the re-organization meeting. A number of returned soldiers were present, among them Bert Booth, Hutz Keith and Earl Stevenson, former members of the Dufferin team (who played with the Third Division team at the Corps sports in France in 1917. The meeting decided to place three teams in the field and to assist to develop players for the years to come by organizing a town juvenile league. James Armstrong was appointed Manager of the senior team. W. C. Hopkins will have charge of the junior team and the interests of the juveniles were entrusted to Blaney McGuire, a former president of the O. A. L. A.

The meeting also talked of building an ice rink and swimming pool.

The following officers were elected: Honorary Presidents, Dr. R. W. Rooney and C. R. McKeown, M. L. A. O. President, Dr. G. H. Campbell; Vice-President, Ald. J. E. Thompson; Secretary, Bert Booth; Treasurer, and Manager, James Armstrong; Committee, Earl Stevenson, Raspin Scott, and W. C. Hopkins; delegates to O. A. L. A., Dr. Campbell, Earl Stevenson and Bert Booth.

Aurora has formed a junior lacrosse club, with Arthur Bonistal as Pres-

SHIPPING NEWS

The shippers interested in the enlarged Erie Canal are looking forward to the coming season as a busy one. In addition to their present forwarding plant, the Buffalo Express says:

As to additional means for carrying the traffic, the director general states that contracts have been let for 51 steel barges of 650 tons capacity, and for 21 concrete barges of 600 tons capacity and bids have been received for 20 self-propelled steel barges of 550 tons capacity, each of which will be capable of towing two of the steel or concrete barges. Five tugs and three wooden barges were bought last year. The 72 barges without power will be completed in time for the opening of navigation on May 1st. The twenty power barges are not expected to be ready for delivery before August or September.

Leslie Boyd, Secretary, and Cedric Willis, Treasurer.

PENSIONERS INCREASING EACH MONTH

Total Number Now Drawing Money From Government is 32,731.

The total number of veterans being paid pensions throughout the Dominion totals 32,731, and the total amount being paid out for various grades of disability up to April 1 was \$4,851,750.

The following table of figures which was recently tabulated by the Board of Pensions Commissioners shows the number of soldiers who are receiving pensions under the various percentages of disabilities, and the yearly totals which are being paid out for each class of disabled soldiers:

It will be noted that the largest number of pensioners are found among those who have been disabled twenty to twenty nine per cent., while the smallest class are those who have been incapacitated from ninety to ninety nine per cent.

The figures show that for soldiers alone the yearly pension payments are fast approaching the \$5,000,000 mark:

Disability Classification	No. of Ex. Priv. Sol. Disab.	Yearly Total
5 to 9 per cent.	2,501	\$ 75,030
10 to 19 per cent.	1,265	879,840
20 to 29 per cent.	8,288	1,068,960
30 to 39 per cent.	2,096	395,160
40 to 49 per cent.	2,177	529,770
50 to 59 per cent.	1,650	497,610
60 to 69 per cent.	1,003	369,600
70 to 79 per cent.	991	439,050
80 to 89 per cent.	204	98,310
90 to 99 per cent.	38	20,820
100 per cent.	766	459,600
Total	32,371	\$4,851,750

HINTS FOR HOUSEWIVES

Housewives are asked for their hearty and sympathetic co-operation in preventing waste matter from unnecessarily finding its way into the bins, when it at once becomes a charge on the rates.

What You Can Do

Reduce the quantity of refuse to be removed.

Don't put water or any liquid into either bin—it is not fair to the dust-man.

Don't put unredded ashes into ashes bin—reduce your coal bill and your rates.

Don't put garden refuse into either bin. Bury it in your garden, or better still, burn it. In either case your garden will benefit.

Don't put vegetable refuse into either bin. It is a valuable food for pigs and poultry. If not used thus, it should be buried in your garden or burnt on the kitchen fire.

The ash bin is so friddled with ash and sweepings only.

The salvage bin is for: Waste Paper, Rags, Tins and Cans.

The Corporation have power to enforce the observance of these instructions.

Housewives! Here is a unique opportunity to help yourselves, your town, and your country, by your cooperation in seeing that these simple rules are observed.

A CONSTIPATION CURE SOLD ON GUARANTEE

Dr. Hamilton Says His Remedy Never Fails to Cure Quickly

Mine is a marvellous remedy. There are others, but not one possesses the peculiar merit so prominent in mine.

With my remedy I guarantee to cure constipation.

I also guarantee to prevent it.

My preparation, which is in pill form gives tone and regularity to the bowels that quickly ride the system of effete matter, accumulations of bile and other injurious results of costiveness.

I call my pills Dr. Hamilton's. I am sure they are safe because composed of such health-giving vegetable extracts as Mandrake, Bitternut, Hyoscamus and Dandelion.

My pills are not harsh or drastic. They cause no pain, no distress, they are prescribed by physicians because of their mildness and certainty to cure.

For women and children I know of no better medicine for keeping the system healthy. For men they are perfect.

I have proved their merit in rheumatism, constipation and headache, and an strongly recommend them in these troubles.

My personal guarantee stands behind every box of Dr. Hamilton's Pills; and this means much to you in selecting your remedy.

Every dealer sells Dr. Hamilton's Pills of Mandrake and Bitternut 25c per box.

IN TORONTO SOON

Industrial Relations Committee Start at the Coast on the 28th.

Ottawa, April 17.—The Royal Commission to investigate industrial relations in Canada will leave Ottawa on Monday next for the Pacific coast where its first public hearing will be held at Vancouver, April 28 and 29. The itinerary has been arranged to cover the chief industrial centres throughout the entire Dominion.

The following is the proposed itinerary: Port William and Port Arthur, May 15 and 16; Cobalt, May 19; Sudbury, May 20; London, May 21; Hamilton, May 22 and 23; Toronto, May 24, 26, 27 and 28. The hearings will end at Quebec City June 9.

Masked hold-up men are beginning to create consternation in Hamilton by their nightly operations.
