CALGARY, SATURDAY JAN. 26, 1907

MANY CHANGES FOR POWER PROPOSITION

The Street Railway Proposition Will Probably be Eliminated From It.

COMPANY AGREE TO TAKE OVER CITY LIGHT PLANT

Will Keep It In Running Order and Use It As a Duplicate Plant.

The street railway proposition which is tagged on to this power scheme is practically out of commission. The company is not anxious for this part of the proposition and the city is not keen about it. That is practically one thing that was accomplished at the conference held last night.

The Alexander and Budd people made another concession which is an important one, agreeing to purchase the city's power plant, or to lease it, as the city desired, and in either case to keep it in running order to serve as a duplicate plant.

There were several other matters, however, which were not so favorable. Before the end of the evening the company was rather more content, even going almost to the length of the dictatorial, though everything passed off peacefully.

The question of prices was not very favorably adjusted. In fact the prices were not as satisfactory as the company led the public to suppose that they might be.

The length of the proposed franchise was also changed. The company proposed a 35 year term, giving the city power to purchase at the end of ten years, either the street railway power plant or both. Last night they agreed to a 25 year franchise without the purchase clause, and they would not come down a day on it.

Ald. McMillan presided at the meeting and there were present Messrs. Cameron, Mitchell, Manary, Watson, Groat, and the city solicitor, the city engineer, for the city, and Messrs. Budd, Alexander, Jones, Paradis and Thorold for the company.

The object of the meeting, it will be understood, was to get some additional details from this company, which will be submitted to the council on Monday next, referred to a

public meeting and then brought back to the council.

Ald. McMillan read out the different subjects upon which some consideration would be given. Before this, however, a telegram was read from Montreal signed by Manly & Co. that the money was behind the proposition all right as soon as the by-law was passed. Mr. Budd announced also that the board of trade had investigated and Mr. Rowley, the president, had received a very favorable report. The telegram did not intimate who were actually behind the scheme.

Mayor Cameron asked Mr. Budd plainly who were behind the scheme. Mr. Budd declined to answer at present. Mr. Jones said that between the first and second reading of the by-law the corporation would be prepared to make a statement.

"It is neither the C.P.R. nor the Eau Claire and Bow River Lumber company," added Mr. Jones.

Then to get things moving Mr. Jones opined that the company had made the offer, that it was now up to the city to accept or reject.

"If the city is to develop by itself it is up to the city to let the financial public know it. If it is to develop by its own money it will continue to be a one horse town."

The mayor pointed out to Mr. Jones that the object of the meeting was to get additional guarantees from the company regarding certain aspects of the case. They wanted to know something about guarantee service, bonds, and clauses and other things of that nature.

"We shall give such satisfactory terms that no one can object."

The first few items had reference almost entirely to the street railway part of the agreement. The city asked for an 80 pound, 7 inch girder rail. The company objected and refused to do so.

(Continued on Page Four.)

THAW CASE DRAGS ALONG

Three Days and Only Seven Jurymen Have Been Selected

New York, Jan. 25.—Fifty-one talesmen were examined in fast time today in the effort to complete the jury which is to try Harry K. Thaw for the killing of Stanford White, and at the end of today's session two names had been added to the jury roll, making seven in all. One hundred and ten talesmen have been thus far examined and five jurors remain to be chosen.

The work of going through the jury list was extremely tedious. Much damage was done by floods, but the provisions received are more than ample for the relief of the destitute and that no further funds are needed except for the re-building of the houses of the lower and middle classes.

Kingston, Jan. 25.—Governor Sweetenham has called to the secretary of state for the colonies that the provisions received are more than ample for the relief of the destitute and that no further funds are needed except for the re-building of the houses of the lower and middle classes.

TRADE ACTIVE THROUGHOUT CANADA

The Weekly Report of Trade in Dominion is Very Satisfactory

New York, Jan. 25.—R. G. Dun's weekly review of trade tomorrow will say: Lower temperature and less wind stimulated retail demand for seasonable merchandise but retarded the movement of freight. The distribution of heavy weight clothing, footwear and other winter goods was large this week reducing stocks that it was feared would be carried out on account of the mid season. Wholesale and jobbing trade in dry goods for spring delivery was also liberal. Much damage has been done by floods, but the provisions received are more than ample for the relief of the destitute and that no further funds are needed except for the re-building of the houses of the lower and middle classes.

MR. GRAHAM IS LEADER

Elected by Liberal Party to Succeed Hon. Mr. Ross

Toronto, Ont., Jan. 25.—Geo. P. Graham was this morning elected leader of the Liberal party in Ontario. Mr. Harcourt, T. H. Preston, and A. G. McKay were also nominated but withdrew, making the choice unanimous.

Kingston, Jan. 25.—The lack of co-operation on the part of the central control here is greatly hampering the work of extending relief providing shelter for the earthquake sufferers, pulling down the unsafe walls and repairing the damaged buildings for which Governor Sweetenham is severely condemned. The Daily Telegraph in addition today says:

His excellency is still careening around the city poking his nose into every corner and attending to petty details which his subordinates ought to attend to. The result is that when prominent officials and other gentlemen in charge of important work call at headquarters house to consult him they cannot find the governor. There is a total absence of deliberate organized movement.

"This is a state of affairs on which the British and colonial governments cannot congratulate themselves."

Colonial Secretary Bourne caused the publication of a letter in reply to a letter to American Consul Orrett, saying that his recollection of the visit of Rear Admiral Davis to headquarters when the permission to set up a hospital in the city was not agree with Mr. Orrett's version but he does not explain the difference.

A report issued by Health Officer Sturgeon today warmly thanked the crew of the American battleship Missouri for their assistance in erecting tents and commends the services of the American Hospital in Winchester Park. The report that the sailors were guilty of looting is authoritatively denied. Earth tremors but at longer intervals and in decreased intensity.

CRUSHING DEFEAT FOR SOCIALISTS

Use Many Seats in the Elections Held Yesterday in Germany.

THE GOVERNMENT SECURES A PRONOUNCED VICTORY

Large and Enthusiastic Crowds Celebrate With Much Noise the Results.

Berlin, Jan. 25.—The government has won a definite victory in the general elections held today for a new Reichstag. The Liberal, Radical and Conservative parties supporting Prince Von Buelow's colonial policy, have won at least twenty seats. But more important for the government than the success of its colonial plans is the crushing defeat of the Socialists who lost a total of seventeen or eighteen seats. This is the first election since 1887 that the Socialists have not increased their representation in the Reichstag by from five to twenty seats. They have lost especially in several large cities, among them Breslau, Halle, Magdeburg, Leipzig and Koenigsberg. The clerical centre holds nearly every one of its former one hundred seats.

There is a possibility, however, that re-balloting in the undecided districts may lose that party one or two more seats.

The Conservatives have won six seats, two of them from the Socialists. Re-balloting will probably be necessary in 175 constituencies so that complete returns will not be in before February 6th. Certain districts in upper Bavaria that are snowbound have not yet been heard from, but they are considered safe for the centre party.

Prince Von Buelow appeared and said:

"Gentlemen, I thank you for your homage, and I am especially delighted that your national feeling brought you here. My predecessor in office (Bismarck) before whom we all must respectfully bow, said forty years ago put the German people in the saddle, and it will ride soon enough."

"The German people has shown today that it can ride. I believe and hope every one will do his

duty also in the re-balloting. Then will Germany stand respected and mighty before the world. Let us then unite together in the cry, Long live Germany and the German nation. Hurrah."

The assembled multitude burst into an enthusiastic cheering and soon after set off for the imperial palace. On reaching the Castle bridge over the Spree, a strong body of police opposed it and forced it back with some violence. The people then formed in line again and marched down Unter Den Linden to the palace of the crown prince, Frederick Wilhelm, when they sang and cheered. The crown prince appeared upon a balcony of the palace and bowed repeatedly. The crowd then quietly dispersed.

Never before has Berlin known such election enthusiasm or such noisy demonstrations and crowds. The Emperor's picture, however, was missed when it was flashed upon a transparency in front of the office of the Lokai Anzeiger. These hisses were lost in the volume of cheering.

Not a single incident of a disorderly character has been reported from any of the polls.

Berlin, Jan. 25.—Emperor William received the election returns at the palace from the Wolff bureau, the principal news agency in Germany. The first bulletin came in at 8.30 this evening. It was dated Altona and said: "Frederick Socialist, elected by a great majority." This same bulletin was spread upon all the bulletin boards in Berlin and was taken to houses of Socialists.

This inference, however, was quickly reversed by a rapid succession of despatches announcing Socialist losses in other cities.

The Radicals and National Liberals are increasing their vote generally throughout the country.

TORONTO WANTS WINNEPEG ENGINEER

The Salary Offered Said to be \$10,000

Toronto, Jan. 25.—A proposition is on foot to make Cecil B. Smith of the Electric Power Commission, Toronto, to supplant Mr. Rust who will be retained to do detail business. The salary suggested is \$10,000.

WINE, WOMEN AND A MURDER

A Seaman Killed by a Jealous Rival in Alaska

Vancouver, Jan. 25.—A night with wine, women and song ended fatally for a seaman named Jack Leavers at Ketchikan, according to news brought down from the north by the steamer Amur. The murderer, Andrew Maringo, is in custody.

It was Ketchikan's first murder and the cause of it was jealousy of Esther Mitchell, a woman of the under world. Jack Leavers and Maringo were so ardent in their desire for the woman's smiles that deep hatred took the place of the friendship that used to exist between them. The three persons concerned had been drinking nearly all night. The men got into a dispute over the woman, but she succeeded in patching up the quarrel. Then Maringo started to leave the saloon. He called to Leavers to go with him and as the latter turned to do so Maringo fired five shots into his body.

MCCURDY CASE IS UP AGAIN

Suits for Recovery of Money Wrongfully Expended

New York, Jan. 25.—Arguments were heard and decisions were reserved by the supreme court today in five cases brought by the Mutual Life Insurance Company against ex-President Richard A. McCurdy and others to recover funds alleged to have been wrongfully expended by officials of the company.

Joseph H. Choate appeared for the company and Delancy Nichol for the defendants. They were substantially the same and were jointly argued. In three of the cases Richard A. McCurdy is alone named defendant, being charged with having illegally expended an aggregate of \$370,000.

The specific object of one of those suits is to recover amounts contributed it is alleged at McCurdy's direction to political campaign committees. The fourth suit directed against Robert A. Grannis, a vice president of the company to recover \$200,000 alleged to have been improperly expended, and the fifth is against Chas. H. Raymond, Louis A. Thebaud and Richard A. McCurdy. Raymond and Thebaud were general agents endeavoring to secure the name of Chas. A. Raymond & Co. From 1893 to 1904 they received \$1,399,905 from the company as commissions, that not less than \$500,000 of this was without consideration.

FOOD IS PLENTIFUL IN KINGSTON NOW

No Further Funds are Needed Now with the Exception of Money for Building

Kingston, Jan. 25.—Governor Sweetenham has called to the secretary of state for the colonies that the provisions received are more than ample for the relief of the destitute and that no further funds are needed except for the re-building of the houses of the lower and middle classes.

A ROAST FOR GOVERNOR

Sweetenham it is Charged is Attending too Much to Details

Kingston, Jan. 25.—The lack of co-operation on the part of the central control here is greatly hampering the work of extending relief providing shelter for the earthquake sufferers, pulling down the unsafe walls and repairing the damaged buildings for which Governor Sweetenham is severely condemned. The Daily Telegraph in addition today says:

His excellency is still careening around the city poking his nose into every corner and attending to petty details which his subordinates ought to attend to. The result is that when prominent officials and other gentlemen in charge of important work call at headquarters house to consult him they cannot find the governor. There is a total absence of deliberate organized movement.

"This is a state of affairs on which the British and colonial governments cannot congratulate themselves."

Colonial Secretary Bourne caused the publication of a letter in reply to a letter to American Consul Orrett, saying that his recollection of the visit of Rear Admiral Davis to headquarters when the permission to set up a hospital in the city was not agree with Mr. Orrett's version but he does not explain the difference.

A report issued by Health Officer Sturgeon today warmly thanked the crew of the American battleship Missouri for their assistance in erecting tents and commends the services of the American Hospital in Winchester Park. The report that the sailors were guilty of looting is authoritatively denied. Earth tremors but at longer intervals and in decreased intensity.

BLACKMAIL WAS CAUSE OF CRIME

Young Man who Killed Whiteley was Wounded by Rayner

London, Jan. 25.—The only likely explanation of Whiteley case is that it was one of attempted blackmail. It now appears that Rayner's father and William Whiteley were once intimate friends. The two men had a serious quarrel. Rayner threatened Whiteley with an action of libel in connection with an accusation brought against a young woman. The case, however, never came before the courts.

SMALLPOX JOINS HANDS WITH FAMINE

No Relief in Sight in the Famined Stricken Districts in China

Washington, Jan. 25.—The Red Cross regards the famine in China as the gravest problem with which it has to deal at present. Cable reports say that the company being forcibly driven back into the famine district, where smallpox is spreading its terrors. No relief is in sight until the harvest of next year's crop in June, and there is no seed wheat available for planting. The Red Cross is endeavoring to supply through volunteers contributions and response to the appeal for help has not been encouraging.

CALGARY WAS LOW IN CLEARING LIST

But Still a Long Distance in Advance of Victoria and Edmonton

New York, Jan. 25.—The following are the weekly bank clearings as compiled by Bradstreet for the week ending Jan. 25, showing percentage of increase and decrease as compared with the corresponding week last year.

Montreal, \$26,650,000; dec. 11.2
Toronto, \$24,780,145; dec. 1.2
Winnipeg, \$6,775,734; inc. 27.0
Ottawa, \$1,624,152; inc. 25.2
Halifax, \$1,604,082; inc. 4.33
Vancouver, \$2,773,444; inc. 57.5
Quebec, \$1,072,492; inc. 11.3
Calgary, \$1,064,152; inc. 26.7
St. John, \$1,178,768; inc. 10.9
London, \$1,160,862; inc. 21.3
Victoria, \$881,696
Edmonton, \$1,109,841
Edmonton, 717,649.

PERJURY THE CHARGE AGAINST INSURANCE MEN

Former President of the Washington Company is Now in the Court

Washington, Jan. 25.—Former U. S. Senator Faulkner of West Virginia, testifying today before the house committee on ways and means regarding charges by Professor H. E. Elliott of Cleveland against the North American Commercial company, which holds sealing privileges in Alaska. The fourth suit directed against Robert A. Grannis, a vice president of the company to recover \$200,000 alleged to have been improperly expended, and the fifth is against Chas. H. Raymond, Louis A. Thebaud and Richard A. McCurdy. Raymond and Thebaud were general agents endeavoring to secure the name of Chas. A. Raymond & Co. From 1893 to 1904 they received \$1,399,905 from the company as commissions, that not less than \$500,000 of this was without consideration.

CANAL CONTRACT WAS AWARDED

Proposed to Construct Canal for 67.5 of the Estimated Cost

Washington, Jan. 25.—A White House conference over the bids for the construction of the Panama canal resulted this evening in the elimination of Anson A. Bangs of New York city as a bidder, and a conditional decision to award the contract to Wm. J. Oliver of Knoxville, Tenn. Oliver and Bangs had bid together and their bid was the lowest. Messrs. Oliver and Bangs proposed to complete the construction of the Panama canal for 47.5 per cent. of the total estimate cost.

Mr. Bangs is the contractor for the Soo canal lock. He is president of the Federal Construction Co. of New York city, which is capitalized at \$2,000,000. The board of directors of that company consists of Anson A. Bangs, John F. Donovan and James Hughes. Mr. Bangs is a brother-in-law of John F. Gaylor of the Panama Canal Co. Bangs was implicated with Captain G. M. Carter in the Savannah, Ga., harbor engineer fraud cases. This fact, however, it is stated, did not influence the canal commissioners in rejecting him as joint contractor with Mr. Oliver.

WHOLESALE ROBBERS TO BE REFORMED

And on Account of Their Reformation the Authorities Decided to Pardon Them

Vancouver, Jan. 25.—Dawson advices per steamer Amur state that For Wollan and Nick Hanson, who were convicted two years ago of wholesale robbery of cabins on the hillsides back of Dawson, have been pardoned by the secretary of state after serving two years out of three they were sentenced to. Their conduct has been most exemplary and as the men had no previous criminal record it was decided to give them their liberty.

Wrapped in drunken slumber, lying in the snow with the mercury toying with 40 degrees below zero, four Indians would have frozen to death but that they happened to fall asleep near the Tantalus, Yukon, mounted police barracks. A white man named Myers gave the Indians four bottles of whisky for half a dozen lynx skins. The Indians hit the booze so frequently that the snow looked as comfortable to them as a genuine old fur poster with standard quilts. A policeman chanced along just as they were in danger of going into the last big sleep that ends in the happy hunting grounds. He gathered in the Indians and the latter as exhibits A and B. Myers pleaded guilty to the charge of supplying the whisky and was fined \$100 and costs.

On account of the remarkable disease which has carried off the rabbits of the north, fur dealers and trappers report that the fur catch this winter will not be so heavy as that of a year ago. Especially is this true of lynx, which are poor this year on account of the lack of rabbit food. Foxes and marten, which do not indulge in rabbit to a great extent, will be in fair number. It is expected prices will be about the same as last year, when they were remarkably good, owing to the increasing use of fur by the fair sex of the continent in these good times.

ENGINEERS OBJECT TO TAFT'S AUTHORITY

Washington, Jan. 25.—The army engineers have advised Secretary Taft that he has no authority to grant the application of the sanitary board of Chicago for permission to reverse the flow of the Calumet river in that city and at a current through the drainage canal and so into the Mississippi river. "Possibly," said Mr. Cotton, "possibly it is, but then I fall in line with the project of the level of the water in Lake Michigan and seriously affect navigation in the various ports and harbors which the government has improved at great expense. The secretary has the finding under advisement and expects to announce his decision soon."

NO MEMBER FOR ONE RIDING

Toronto, Jan. 25.—Port Arthur and Rainy River has no representation in the legislature this session. For the past two sessions, H. W. Kennedy, Liberal, has been barred from seat for that riding. Meanwhile W. A. Preston, Conservative candidate, who was declared defeated by fifteen votes, pursued his successful antagonist through courts. Early this month Judges Anglin and Tettell declared that Preston should have been returned as member and that his majority 15.

Now Preston was prepared to step into his seat when Kennedy made a deposit of one hundred dollars with the registrar of the court of appeal and gave notice that he would appeal from judgment of Judges Tettell and Anglin.

As a result Kennedy is declared out and Preston is not allowed legally to take his seat.

The riding of Port and Rainy River is disfranchised.

Fire in Brampton

Brampton, Jan. 25.—The most stubborn fire here for some years broke out in the planing mill of the Irvine Lumber & Fuel Company. The adjoining room was used as a drying kiln and was filled with lumber. A three storey building of the Canada Shoe Company adjoins the room in which the fire started. Firemen succeeded in saving the shoe factory, although considerable damage was done. The shoe factory was completely destroyed with a large quantity of lumber.

The loss is heavy and only partly covered by insurance.

Gas Killed Two Boys

New York, Jan. 25.—Two boys were killed by illuminating gas in their home in Jersey City today and a man who occupied a room in the same house was overcome and may not recover. The boys who lost their lives are Thomas Meincke, aged 17, and his brother William, aged 12. John Kusel, the boarder, turned the gas on when he retired last night and it is believed that the flame was extinguished when the pressure was stopped during the night and when it was reopened the room was flooded with deadly vapor.

HARD BLOW FOR THE OLD MASTERS

Decide that Van Dyke, Rubens and Others are Indecent

Omaha Neb., Jan. 25.—The Omaha board of censors decided that paintings by old masters such as Van Dyke, Rubens and Vanderwerf are indecent and the reproductions of them cannot be sold in Omaha stores.

Middletown, N.Y., Jan. 25.—Four earth tremors distinct and severe enough to cause buildings to tremble and to startle the occupants, were felt in this city and vicinity today. Reports indicate that the tremors were perceptible at many points within a radius of 15 miles.

FOR THE DETAILS

Declines to Accept Statement of the North West Farmers

Winnipeg, Jan. 25.—Before the Royal Grain Commission charges were made that C.P.R. trainmen had received bribes for placing cars. Upon publication of reports, Mr. G. J. Bury, general superintendent wired to Mr. John Miller, chairman of the commission.

"Have read several reports in the newspapers of evidence alleged to have been given before your honorable body by witnesses who have been paid out to railway employees to secure cars. If any proof can be furnished that money has been extorted or even receipted in of gratuity for the placing of cars, the party who received the money will be removed from our service at once. In fairness to the railway company, and to the large body of trainmen employed by us, the overwhelming majority of whom are good citizens of this country, I submit that witnesses should not be permitted to play without furnishing their names, dates and all particulars. Respectfully request that you insist on witnesses giving such information as they may have in their possession in substantiation of any charges they may make with respect to the alleged extortion."

Ottawa, Jan. 25.—Application will be made at the present session for an act to incorporate a company to build a line railway from a point on the northern boundary in British Columbia to Dawson city by way of Yukon river valley or other feasible route.

McBride Admits the Green Bribery

But Maintains that the Transaction Was a Personal Affair

Vancouver, Jan. 25.—Mr. T. Carter Cotton when approached by an Albertan representative with regard to the admission of McBride that Green had accepted the Caron shares but that it was a purely personal transaction, retired behind the massive bulk of his oath of office, and again refused to discuss the affairs in detail.

"I have not yet read the despatch in which McBride is said to have admitted that Green received those shares. You must remember, however that Green is no longer a mem-

Liberal Members Object to Bounties

Complain that no Effort is Being Made to Develop Canadian Ore

Ottawa, Jan. 25.—There was a government caucus today when the bounties of iron were discussed. The position taken by some of the members of Ontario who brought the matter up was that no effort was being made to develop Canadian ore. Just what was best to be done under the circumstances was a question for the government to work out. There should be, in their opinion, more encouragement for Canadian ore. At present there was no development. The present bounties and tariff did not seem to meet the difficulty.

Some representatives of the agriculturalists came out in support of the bounties. There is not likely to be any change from that already presented to parliament.

Gas Killed Two Boys

New York, Jan. 25.—Two boys were killed by illuminating gas in their home in Jersey City today and a man who occupied a room in the same house was overcome and may not recover. The boys who lost their lives are Thomas Meincke, aged 17, and his brother William, aged 12. John Kusel, the boarder, turned the gas on when he retired last night and it is believed that the flame was extinguished when the pressure was stopped during the night and when it was reopened the room was flooded with deadly vapor.

WHOLESALE ROBBERS TO BE REFORMED

And on Account of Their Reformation the Authorities Decided to Pardon Them

Vancouver, Jan. 25.—Dawson advices per steamer Amur state that For Wollan and Nick Hanson, who were convicted two years ago of wholesale robbery of cabins on the hillsides back of Dawson, have been pardoned by the secretary of state after serving two years out of three they were sentenced to. Their conduct has been most exemplary and as the men had no previous criminal record it was decided to give them their liberty.

Wrapped in drunken slumber, lying in the snow with the mercury toying with 40 degrees below zero, four Indians would have frozen to death but that they happened to fall asleep near the Tantalus, Yukon, mounted police barracks. The secretary has the finding under advisement and expects to announce his decision soon."

E. Cochrane M. P. is Sick

Toronto, Jan. 24.—E. Cochrane, M.P. for Northumberland, has not been well for some time. He was taken to the hospital today to undergo an operation for stomach troubles.

Winnipeg, Jan. 25.—It is announced that Mr. R. Marpole at present superintendent of the Pacific division of the Canadian Pacific Railway, has been given an executive position with headquarters at Vancouver.

W. M. DAVIDSON, Editor and Manager.

THE COST OF POWER

In a letter to the Calgary corporation organ, Clifford T. Jones, the advocate for the power corporation, writes: "Attempts have been made to convince the citizens that the present city power plant is producing power cheaper than this company offers to sell it. This is wrong."

But it is not wrong. And it certainly is not wrong because the advocate for the people who are asking for this corporation is saying it is wrong. It is an authority upon power that we should take his word for gospel.

He further says that water power is cheaper than steam power, which is not exactly an original discovery either. That is doubtless correct. That much may be accepted. However, it is hardly possible that the water which a city can generate costs for something less than a private company which has a very enormous quantity of watered stock, which has to pay profits, which has to pay a price for the watered stock, can produce power for.

The question of price is not much of an argument. Mr. Jones may say that 1.75 is less than 1.008. But the fact that he says so does not make it so. Ordinary people who have not had the advantage of association with corporations will still have the vulgar idea that 1.75 is more than 1.008.

Now 1.75 is the price that the company offers to sell power for and 1.008 is what the city is paying for the manufacture of power.

Mr. Jones says that no one has heard that Vancouver and Victoria have any trouble with their street railways. Perhaps not. No person has ever had definite information from this point that there is or ever has been disturbance in the overhanging regions of hell, but that is not any reason why any person should endeavor to risk a journey there. We do know that the street railways in Toronto are stopping on the streets, that there is trouble in Hamilton, Winnipeg and London, that private owned companies in the United States are the chief source of annoyance in the larger cities.

Now that Mr. Jones has written as the advocate of corporation rule, in which capacity he seems to claim exemption from criticism as a citizen, the people would be pleased to read the words of ex-Ald. Jones, a gentleman who when untrammelled gave good advice to the city council upon the subject of municipal ownership.

MR. HALL AND MEDICINE HAT A Medicine Hat exchange intimates that there is a possibility of John T. Hall locating in that city as publicity commissioner or assessment commissioner. Mr. Hall has been attracted to the west and for some time has been anxious to locate somewhere in Alberta. His services were offered to Calgary but the council of 1906, with its usual method of doing business would neither favor nor oppose the appointment. Accordingly nothing was done.

Apparently Mr. Hall has got the idea that Calgary has no place for him, a very natural conclusion at which to arrive. But Calgary has the same need for him that Calgary had last year. Calgary needs a man who will look after the city end of the publicity part.

Mr. Hall has had phenomenal success in attracting manufacturing establishments to his city. If he came to Calgary, in a very few years he would have this city the Pittsburgh of western Canada.

Mr. Hall has not closed with Medicine Hat, and he has a preference for Calgary. Why cannot the city council join with the citizens in the effort to advance the interests of Calgary and publish its advantages abroad? But to do this the city must act very quickly.

A WILLING OFFICIAL The Albertan would like to get the figures from Mr. White, superintendent of something or other, when he estimates that power costs the city \$60 per horse power.

The Albertan has quoted the figures of expenses at the power house and the cost of power is less than one-half that mentioned by Mr. White.

Does Mr. White include his own salary in the cost of producing power? But he, or some other person occupying the same position, must be employed even though this marvellous agreement is accepted. Does he include the salary of a lineman? But a lineman or linemen are necessary under the proposed order of things. Does he include office expenses and collection? That also must be considered in the new proposition.

During the entire negotiations last night Mr. White took the part of the company, argued in their favor and accepted their figures, even going a little further in that direction

and doing them one or two better. Had the company desired they could not have found a man who served their purposes better than the man, who offhand, without any details, without any information, guessed that the cost of producing power was about twice as much as it really is.

THE NEW AGREEMENT It cannot be denied that the proposition as amended by the corporation company which was announced at the city hall is more favorable than before. In its original state the proposition was so objectionable that it was doomed to defeat from the very beginning. That is the reason that the amendment was made.

The company improved its position by dropping the street railway part of the proposition. Another change that was made which is favorable to the city is the clause that they will lease the city power plant and maintain a duplicate system.

On the other hand the company declines a couple of clauses upon which they were agreed upon previously: One of these was that a test should be made at the power house and that the cost of manufacture should be cut in two and if found to be lower than the other figures submitted that that should be the price agreed upon.

The company now asks the city to take a chance, make a gamble on it, and if the half price rate is lower than the figures already proposed why the city gains, but if the price is higher, why the city loses.

At a meeting of the council last week, the company made big boasts of the people who were at their back. Now they decline to make any statement. The company further spoke of their readiness to provide for penalties and forfeitures. But now the company cannot see why these should be given.

The Albertan is still of the opinion that this power scheme should not be considered. At this time when natural gas is almost within sight, which will in itself cheapen the cost of power; when gas producers are perfected and threaten to revolutionize the price of power, the council would be foolish to tie this city up in the hands of corporations for the next 25 years.

EDITORIAL NOTES There is many a slip between promoters' effort and a well equipped power proposition privately owned.

The weather is giving signs that it would break forth into a chinook if it didn't have so much respect for the curls.

Calgary scored the first goal in the hockey game last night, or in other words they took the slogan of the Northern town and "saw Olds first."

If all Olds people are as speedy as the seven who represented that town in the hockey game last night, the ten thousand mark should be reached about the middle of next week.

According to the Liberals of Ontario the anxiety of the manufacturers who benefit by these bounties is in the adverse ratio to the rapidity to which they pocket the bonuses.

Any one with a head for figures can work it out that if it takes three days to get seven jurors to serve on the Thaw murder trial, that it will take about four years to complete the trial.

What good will it do the city to bind the corporation down to dispose of no stock without the sanction of the city while they are at the evening and start again at 2 a.m. in the morning.

If 1.75 is less than 1.008 this power scheme has some elements worthy of passing consideration just as their solicitor says, but on the contrary if 1.75 is more than 1.008, as many people maintain, then it is worthy of but little consideration.

Clifford Jones as representative of the corporation forgot to add that the public never hears of any street railway difficulties in Medicine Hat, Macleod or Okotoks, and in none of these are the street railways owned by the municipality.

If the city of Calgary is progressive and up-to-date the same may be said of its newspapers. A noticeable change is to be observed in the Albertan which is now as cleverly managed and excellently printed a journal as we have in the west.

High River Times. A bad man whom the chief justice said should be hanged was acquitted of the charge of wife murder in Toronto one day, and a harmless newspaper man, who had never done any harm to any person was the next day sentenced to be leader of the Ontario opposition. Things are not divided fairly in this country.

On Hockey Matters Editor Albertan Sir, In the Albertan of last Saturday the Rev. A. O. MacRae complains of unfair tactics by the Calgary hockeyists or some persons among them. In reply let me state that there were no dodgers printed. The bills or posters stated "Medicine Hat vs. Calgary inter-mediate." This is the usual way of publishing all matches, both in the east and west, and would mean to any ordinary person that both teams were in the intermediate class.

Dr. MacRae makes a further statement that three or four of the Calgary team are seniors. For his benefit let me state that according to the Western and Manitoba rules, under which we play a player is not a senior until he has played two scheduled games in senior company. None of the Calgary inter-mediate which played against the Medicine Hat team last Thursday had previously played two senior matches and only one of the players had played one senior match.

The inference of the letter referred to is that the Medicine Hat team were dissatisfied with the treatment whereas they were perfectly satisfied, and so expressed themselves to one and all, not only of the treatment accorded them by the Calgary hockey club, but that they knew what they were "up against" before they left Medicine Hat. As a proof of the fair treatment of the Calgary team and their satisfaction therewith they proposed my name as referee for their match against Western Canada College. This was opposed by Dr. MacRae in such strenuous terms that the Medicine Hat team gave way. I do not wish to enter into any controversy with Dr. MacRae or any other person on hockey but simply state the facts as they are.

In conclusion let me say that had he acted toward the Medicine Hat hockey team in as fair and manly a spirit as we did, they would have returned home a perfectly satisfied team. The true sport is he who plays the game, and not he who "knocks."

C. J. ROULEAU Man. Calgary Int-hockey club.

Editor Albertan Just a word in reference to the letter on hockey matters in answer to Dr. MacRae. The Western Canada College athletic club does not intend to take up the cudgels on his behalf. We believe that the doctor has but one purpose in regard to sport—to further its highest interests. This charge therefore can be left to the judgment of the public that loves true sport. But the slur contained in the last paragraph cannot be allowed to pass.

The Medicine Hat team came here without having made a previous arrangement of any kind with us. There was not a word said to the captain or secretary treasurer about an arrangement after they came here. Dr. MacRae offered no objection to any referee, simply because the matter of a referee was not even mentioned to him.

W. SHARPE, Capt. W.C.C. hockey team.

Many Changes for Power Proposition

(Continued From Page 1)

ter some jockeying for position a compromise was made that this kind of rail should be placed on streets where the pavement was a permanent one or soon to be permanent, but a T rail upon other streets.

The city asked that the company pay the space known as the devil strip in case of a double track and two feet outside of the track. The company said one, and a compromise was made on 18 inches.

The next matter referred to the backing of the company and again Mr. Jones guaranteed to furnish the names of the people behind them before the second reading of the bill.

The next clause caused what seems to be the end of the railway part of the power scheme. In explanation it may be said that in cities where there is a high voltage it has been discovered that the electric street railway is putting the water and sewer pipes out of business. Mr. Speakman referred to instances where the sewer pipe was absolutely porous from the effects of the current. This is caused by the return current to the power house. The city desired to avoid this and the mayor insisted that the city put the street in such a way that the company should be responsible for any damages incurred.

The city engineer suggested a return cable to the power house.

Mr. Thorold, speaking for the company, thought that would be asking too much of the company and urged that the usual precautions should be taken.

The city solicitor thought they might not be sufficient.

Mr. Thorold pointed out that this could not be avoided without unusual expense. The same conditions would exist if the city put in the plant. It might destroy the city pipes, but a city street car service would be quite as unsatisfactory.

As a compromise it was suggested that the chief electrician of the Hamilton and Cataract Power Co. should be communicated with, and his suggestion referred to the company.

While the city engineer was putting down the terms of the compromise, Mr. Budd informed an enquirer that work would be started at once and that there might be some results by next autumn. He had already been working on the scheme for a year. He could not tell about the street railway, because the mills were behind with their orders.

"In case of damages, who pays?" asked the mayor. That was in reference to the compromise already made, and the answer to that question put the street railway proposition out of the running.

Mr. Jones: "We're not."

Mayor Cameron: "If the city is to be responsible, then I buck it to the very end. If I am driving and run into a man on the street and injure him then I pay the damages."

Mr. Paradis asked if the city would not be willing to place itself in a position similar to other cities.

The mayor didn't care what happened to other cities, but he did object to the city of which he was mayor having to pay damages caused by other people.

Mr. Jones: "We are not at all struck on the street railway propo-

sition."

The Mayor: "Are you prepared to talk power without the street railway?"

Mr. Budd said they were. His people were prepared to build the street railway if the city wanted it. They had the money, but that was not a necessary part of the proposition. They were indifferent about it.

It was then understood though this had been abandoned entirely, yet it was practically abandoned by both parties.

Mr. Thorold made some objection to having a sub-station for the delivery of power in two parts of the city. The company would come down to the city 4,000 volts strong. Would the city permit them to go through the city with such a load?

Mr. Thorold said perhaps they would come only 2,200 volts strong, which was the same as the arc lamps and as was left at two sub-stations, the city to furnish the right of way.

The city asked for a penalty of \$500 an hour if power was not furnished. This proposal was received with much merriment from all the representatives of the company.

Mr. Jones said that wilful default might be penalized.

The next clause insisted that the company should form a real company. This clause was regarded as immaterial and was omitted. There are many ways that the desired end might be avoided.

The mayor asked about a deposit to ensure that the work would be done. The company could not understand why a deposit was necessary now that the street railway part of the agreement was eliminated. Nothing was done.

The city asked the price per horse power. The company submitted them on the spot, \$41 up to 75,000 k.w.; \$35 up to 100,000; \$30 for the next 100,000 and \$25 for additional. Later on the company reduced these by one dollar.

Some asked how much power the city was using. The city engineer said about 80,000. Some person else thought about 70,000. Mr. Thorold said he read in the Albertan that it was 115,000 per month. Later on Mr. White of the power department came in and said that the city was using more than 108,000 a month.

The company said that their capitalization would depend upon whether it was decided to take in the street railway proposition or not.

Mr. Hall: "Would the capitalization depend upon the actual expense?"

Mr. Jones guessed it would.

The next clause asked that the price of power should be \$18 per horse power.

Mr. Budd: "Cut that part out."

Mr. Watson thought not. It would cost the city \$6 to distribute. The city wanted to sell power for \$25 and make a profit of \$1.00.

Mr. Budd said it could not be made for that money.

The mayor wanted to know why it was furnished to Toronto for \$17.

Mr. Thorold referred to the difference in the amount consumed.

The mayor referred to the distance the power was being brought. In the case of Calgary 25 miles, in the case of Toronto, 80 miles.

The company declined to do anything better.

Mr. Jones declined to say what the company could produce it for. The mayor thought that it should not cost the city more than 10 per cent. above the producing price.

Mr. White when asked the cost of power at the station gave it as his opinion that power was delivered for \$60. Undelivered it would be \$54.

Mr. Watson referred to power from the gas producers.

Mr. Alexander had had some experience with gas and wouldn't recommend it.

Ald. Watson asked about the natural gas proposition.

Mr. Jones sneered that the natural gas company had discovered gas the day after their announcement had been made to the council.

Mr. Thorold said that the natural gas would not be a small item in the cost. He did not mention that it would also materially reduce the wage bill.

Ald. Watson pointed out that if natural gas should be discovered it would mean that the company would cut rates outside of the city to meet

competitors, but not in the city, so that power would become cheaper outside of the city than inside.

The company at once agreed to purchase the city's power plant at cost, but the mayor and aldermen thought that it would be better for them to lease it. The company agreed to either.

The clause restricting the sale of the stock to the sanction of the city was cut out. It was not workable.

The city agreed to a time limit for beginning and finishing. The company declined to sell at the end of 10 years.

A report will be submitted to the council of the additional information secured and the city will refer the same to a public meeting to be held soon. Two draft agreements will be brought on for the entire scheme, the other for power alone.

New York, Jan. 25—Nicola Marra, 22 years of age, who came from Depew to visit friends here shot and killed an alleged "black hand agent" tonight. A demand for \$50 had been made upon Marra, he says and tonight.

LOCAL NEWS

Mr. Fred Cummer, speaks at the Men's Own Sunday afternoon.

W. M. Dodd, who is at present in Regina, is expected home today.

A. J. Smyth is confined to his house with a mild attack of influenza.

J. A. Palmer, who is at present in Toronto on a business trip, is expected in the city the first of the week.

Chas. R. Hemburg, who has been spending the last few weeks in Chicago, is expected back in the city today.

Mr. S. N. Laurence from Vermillion will give a lecture on abasapants in the Salvation Army Barracks tonight at 8 o'clock. All are cordially invited.

Bert Stringer returned from Victoria yesterday, where he states the real estate situation is not so keen as in Calgary, nor are the opportunities for investment so favorable, in Mr. Stringer's opinion.

Y. S. Shepard's automobile, which was the cause of such a sensational fire on Tuesday last, is being repaired and will be in running order within a few days. The machine was not damaged nearly so much as was at first anticipated.

Mr. H. N. White, late of P. Burns & Co., Mr. T. C. Douglas, late of the Dominion lands office, and Mr. M. Drury, late of the Bank of Montreal staff, have opened an office in the Sharples Block in the rear of the Northern Bank, where they will carry on a real estate and general agency business under the firm name of White, Douglas & Drury. These young men are well known in the Calgary district.

At the Churches Third Methodist church, tenth avenue, east Calgary, Rev. G. D. Misenes, pastor, Sunday School and bible classes at 3 p.m., evening service at 7:30 p.m., everybody welcome.

St. Mary's Church—8:30 low mass, 10:30 high mass, 2:30 p.m. Sunday School, 7:30 p.m. Benediction. Evening lecture on "Papacy and early councils" by Rev. Lewis Culier.

Westbourne Baptist Church, corner 13th avenue and 2nd street, east. R. Morpluth, of Bristol, Eng., will preach in the morning, the pastor, W. E. Grant in the evening.

Cathedral Church of the Redeemer. Very Rev. E. C. Paget, D.D., rector and dean. At 8 a.m., holy communion, 11 a.m., morning prayer, 3 p.m., Sunday school, 7:30, evensong and sermon. The seats in the cathedral are free.

Church of St. John the Evangelist, East Calgary, Rev. Geo. A. Ray, M. A., curate. At 3 p.m., Sunday school; 7:30 p.m., evensong and sermon.

Central Methodist Church, Rev. G. W. Kerby, pastor. 11 a.m. Rev. Mr. Crossley will preach, 3 p.m. Sunday School, Bible class and Men's Own meeting, 7:30 p.m. Messrs. Crossley and Hunter will conduct the services. The question of Hell will be discussed. Come early.

Men's Own meeting in the Y.M.C. 8 o'clock Sunday, special address by Mr. Fred Cummer. Friends and acquaintances of Mr. Cummer are specially invited to be present. Mr. Cummer's address will be on a "Personal Experience. The meeting will close in plenty of time for the 2:45 meeting. All men welcome.

Wesley Church, Rev. C. W. Bishop, pastor. On Sunday the pastor will preach in the morning at 11. At 3 p.m. Sunday School and Bible classes. The evening service will be withdrawn to attend the grand rally at the Central Methodist Church of the Crossley and Hunter meetings.

CROSSLEY & HUNTER 11 a.m. Rev. Crossley will preach in the Central Methodist Church and Rev. Hunter will preach in the First Baptist Church; 3:45 Mass meeting for men in the Central Methodist Church. The auditorium of the church will be reserved for the various members of the lodges of the city, the gallery for non-members. The women will occupy the Sunday School room. Both Messrs. Crossley and Hunter will speak 7:30. Special services in Central Methodist Church, conducted by Messrs. Crossley and Hunter. One of the subjects discussed at this service will be "Is there a Hell?" Come early.

MR. CROSSLEY WAS ALONE Mr. Hunter took a Rest From His Illness. The auditorium and gallery of the Central Methodist Church were filled last evening, when Mr. Crossley continued the evangelistic campaign that is being carried on in the city at the present time.

Mr. Hunter, who is visiting his brother near Okotoks, will return tomorrow for the special Sunday services. Several of the local ministers and Mr. Morpluth, secretary of the Y.M.C.A., Bristol, Eng., were present on the platform.

"It is my privilege tonight to speak to young men and women especially," said the evangelist. "I would like to speak to you as one of your selves, it is a reasonable request. "I feel 27, but am a little older than 32."

Mr. Crossley compared those who were Christians and those who were not, to the crab and the butterfly. There were many money grabbers in Calgary.

Mr. Kerby then alluded to the death of Arthur Jarrett, son of Mr. Walter Jarrett, one of Calgary's oldtimers. He had been an example to every young man in the city, a member of the church league and the Young Men's Club, and had lived an up right, pure and clean life. The usual invitation was given at the conclusion and many responded.

BUILDERS AT BANQUET TABLE

First Annual Banquet by the Exchange Last Night

The Calgary Builders exchange held its first annual banquet last evening at the Grand Union hotel, where nearly 60 sat down to an excellent repast, which was served in the spacious dining room of the hotel. The room was decorated with flags, bunting, etc., and it added much to the effect of the well laid tables. President W. A. McKinnon occupied the chair and there were present: P. J. Nolan, W. L. Walsh, A. A. McCleary, J. B. Jaynes, A. Pirio, J. Byers, J. A. McPhail, S. Barnes, H. D. Richardson, C. E. Billings, H. A. Noble, E. J. Young, W. Gillott, E. G. Hall, A. T. Tinton, A. J. Horne, W. S. MacDonald, A. Julian, J. Gordon, L. Chappell, W. P. Richards, J. L. Richards, W. C. Claxton, P. W. J. Brune, J. Lako, E. L. Martin, L. Peers, V. C. Tremaine, J. E. Nelson, J. Brown, J. C. Becker, F. D. Becker, D. J. McLaughlin, R. E. Sobert, A. Woodard, J. C. Porter, J. C. Thomson, E. D. Benson, S. Houlton, E. W. Northcott, F. W. Clay, N. Gaskell, G. H. Webster, A. C. Cushing, I. S. G. Van Wart, E. L. Richardson, S. B. Ramsay and others.

A good musical program had been arranged and Miss Nola and Hilliard Campbell came in during the evening and sang, each time being encored. The chairman proposed the health of the "King, Queen and Royal Family," which was responded to by W. L. Walsh, who said the last time he had heard from the king he was in excellent health and intending to visit Calgary when there was a population of 100,000. (A voice, "That will be next year.") P. J. Nolan replied to "The G-u-sts," and said he had attended many a banquet but never one that was so good for the good of the city as the one being held by the builders exchange, and he thought it was a step in the right direction.

J. Young Byers responded to "The Press" and E. Richardson to "The City of Calgary." Mr. Richardson said that one of the best ways to tell the prospect of a city was by its bank clearings, and Calgary was away ahead of cities two and three times its size. Another way to look at the city's progress was to see the post office returns and express and customs receipts. One thing in Calgary might be improved and that is the telephone system. Marked progress had been made in building operations and last year the figures showed \$2,400,000.

A. B. Cushing responded to the toast "The Builders Exchange," and in his opening remarks set forth a few of the many advantages such an exchange gives to the city. Calgary as well as to the builders themselves. A great deal depended upon the builder, in fact the greater part of the city's progress was due to them in conjunction with the different trades and labor organizations.

The one great drawback was the lack of apprentices. Apprenticeship was not encouraged as it is in the old countries. A system of good and technical schools should be encouraged by this organization. This should be followed out as well as schools of agriculture.

The lack of such institutions was one of the causes of the lack of skilled labor. Another was modern machinery. In earlier days the carpenter was a "kif of tools" and ran a lumber pile into a dwelling. This took considerable time. Today the carpenter fitted together the parts as they came from the factory. In addition to the carpenter we now have the factory man, who is rather a specialist than a tradesman. Of course this modernism has not interfered with brick and stone masonry.

In closing Mr. Cushing remarked that the fault was with the public schools, which have a tendency to professional and business careers rather than industrial and trade. The exchange should endeavor to rectify a reform.

The toast to the "Building Trades Council" was responded to by Mr. Harrison, president of the Amalgamated Carpenters union. He stated that they encouraged apprenticeship and discouraged strikes, which were detrimental to both builders and contractors.

The musical program consisted of selections by Bagley's orchestra, which also played splendid selections during the dinner; song, Miss Nola; song, Hilliard Campbell; guitar solo, E. L. Richardson, all of whom were called upon the second time.

At the Lyric The Roscan Opera Company sang "The Diavolo" right to a good audience who were evidently well pleased with the production despite the fact that "Martha" had been extensively advertised for presentation, at the matinee this afternoon. "Said Pasha" is the bill and the management states "Martha" will positively be given for the concluding performance with Miss Nola in the title role. Mr. Walters as Lionel, Mr. Campbell as Plunkett, Miss Crowley, Nancy, Mr. Dewey the Sheriff, and Mr. Flavell, Sir Tristan.

BURNS ANNIVERSARY ROYALLY CELEBRATED

It is a far cry from Bonnie Scotland to the great Northwest, yet some 200 Scotch lads and lassies assembled at the Alexander hall yesterday evening under the auspices of the Caledonia Dance Committee to celebrate the anniversary of their beloved "Bobbie Burns." The striking pairs and pretty dresses of the bonnie lassies with the tastily decorated and brilliantly lighted hall presented a pleasing and festive scene. The evening was opened with a short address on the life and works of the prince of Scotland's poets, by the Rev. Mr. MacFae, who occupied the chair.

The immortal Burns sprung from the peasant class yet his name will be handed down to posterity through all the ages. He was a great and a true poet always to be remembered and never forgotten by all the Scotch. Songs were sung by Mrs. McKillop and Messrs W. Kyle, James Ferguson, I. Towill, David Henderson. A vote of thanks to the chairman and to those who had so kindly assisted in the arrangements was given and unanimously carried. Dancing began at 10:15, the refreshments were supplied by Mr. Daniels supplemented with Scotch pipes from The Hutches. Messrs I. McFarlane and E. Douglas were masters of ceremonies. Minnie's orchestra as usual was in attendance. A most enjoyable and pleasant evening was spent.

BIG ORDER BY PINCHER CREEK FIRM

New Concern Orders \$5000 in Groceries and \$7000 in Dry Goods

Messrs. Calvin, Hatfield & Co. are opening a first class modern store at Pincher Creek. This company are the owners of the Pincher Station town site which at the present time is valuable real estate property and rapidly selling. They are laying in some \$5,800 worth of groceries and \$7000 worth of dry goods, boots and shoes and are making a specialty in the grocery department.

A first class manager from the east has been engaged. This exceptionally large order has been filled by Messrs. Kelly Douglas Co. of Vancouver, B.C.

The above mentioned firm have been established over ten years and hope in the near future to open a branch in Calgary. They have the biggest turnover and largest grocery business west of Toronto which tends to show that they only supply the best quality of goods at the right price. They put up exclusively their own salmon and fruits and are the largest importers in the west. Their energetic and business like representative is at present registered at the Alberta.

Trade Throughout America for the Week

New York, Jan. 25.—Bradstreet's tomorrow will say: More than ordinary activity is shown in Canadian trade. Shipping on spring orders is active and at the same time re-orders for winter goods are noted. A great shortage of mill labor and of men for railroad building is reported. Northwestern Canada reports a good winter and the only drawback is the slow delivery of goods caused by railroad blockades. Montreal reports all manufacturing industries active with stocks of cotton light and higher prices probable. Groceries are active and canned goods advancing. Fancy spring goods are active at Toronto, neckwear and shirts being heavily ordered. Seasonable weather helps country trade in Ontario and the western provinces. Failures for the week number 18 as against 23 last week and 33 in this week a year ago.

JARRETT—In Calgary, Jan. 25, 1907, Stephen Arthur Jarrett, aged 24. Funeral will take place from father's residence, 412, 13th avenue, east on Monday, 28th at 2 o'clock p.m. Friends and acquaintances kindly accept this intimation.

SELF-RAISED

BY
EMMA D. M. SOUTHWORTH

"Well, Miss Claudia, child—I mean my ladyship, ma'am—if this is England, I never want to see it again the longest day as I live."

"Liverpool is not England, Katie."

"Live-a-pool, is it? More like Die-a-pool, grumbled old Katie, as she assisted her lady to change her travelling dress for a loose wrapper.

"Now what have you to eat, my ladyship."

"Nothing, Katie. I felt as if I could not eat anything cooked in this ill looking house."

"Nothing to eat, I'll go downstairs and make you some tea and toast myself," said Katie.

And she made good her word by bringing a delicate repast, of which Claudia gratefully partook.

And then Katie, with an old nurse's tenderness, saw her mistress comfortably to bed, and cleared and darkened the room and left her to repose.

But Claudia did not sleep. Her thoughts were too busy with the subject of Lord Vincent's strange conduct from the time that he had at Niagara received those three suspicious letters up to this time, when with his face hid he was walking up and down the streets of Liverpool.

That he sought concealment she felt assured by many circumstances; his coming to this obscure tavern; his choosing to take his meals and smoke his pipe in his bedroom; and his walking out with his face muffled—all of which was in direct antagonism to Lord Vincent's fastidious habits; and finally, his taking a whole carriage in the train for no other purpose than to have himself and his party entirely isolated from their fellow passengers.

Lord Vincent came in early, and, thanks to the narcotic qualities of the ale, he soon fell asleep.

Claudia had scarcely dropped into a doze before, at the dismal hour of three o'clock in the morning, they were roused up to get ready for the train. They made a hurried toilet and ate a hasty breakfast, and then set out for the station.

It was a raw, damp, foggy morning. The atmosphere seemed dense and as white as milk. No one could see a foot in advance. And Claudia wondered how the cabmen managed to get along at all.

They reached the station just as the train was about to start and had barely time to get into the carriage that had been engaged for them before the whistle shrieked and they were off. Fortunately, Frisbie had sent the luggage on in advance and got it ticketed.

The carriage had four back and four front seats. Lord and Lady Vincent occupied two of the back seats and their four servants the front ones. As they went on the fog really seemed to thicken. They travelled slowly and stopped often. And Claudia, in surprise, remarked upon these frequent halts.

"One might as well be in a stage-coach," she commented.

"It is the parliamentary train," he replied.

"I have heard that before, but I do not know what you mean by parliamentary," as applied to railway trains.

"It is the cheap train, the slow train, the people's train; in fact, one that, in addition to first and second class cars, drags behind it an interminable length of rough cars, in which the lower orders travel," said his lordship.

"But why is it called the parliamentary?"

"Because it was instituted by act of parliament for the accommodation of the people, or perhaps because it is so heavy and slow."

On they went, hour after hour, stopping every three or four miles, while the fog seemed still to condense and thicken.

At noon the train reached York, and stopped twenty minutes for luncheon. Lord Vincent did not leave the carriage, but sent his valet out to the station restaurant to procure what was needed for his party. And while all the passengers were hurrying to and fro, and looking in at the carriage, he drew the curtains of his windows, and sat far back in his seat.

Claudia would gladly have left the train and spent the interval in contemplating, even if it were only the outside of the ancient cathedral of which she had read and heard so much.

Lord Vincent assured her there was no time to be lost in sight-seeing, but promised that she should visit York at some future period.

And the train started again. They began to leave the fog behind them as they approached the seacoast. They soon came in sight of the North sea, beside which they ran for a hundred miles. Here all was bright and clear. And Claudia for a time forgot all her suspicions and anxieties that disturbed her mind, and with all a stranger's interest gazed on the grandeur of the scenery and dreamed over the associations it awakened.

Here lofty "Seaton-Delaval" was pointed out to her. And Timemouth, famed in song for its "haughty priories," and "Holy Isle," memorable for the infatuation of Constantine de Beverly.

At sunset they crossed the Berwick bridge and entered Scotland. Claudia was entirely lost in gazing on the present landscape, and dreaming of its past history. Here the association between scenery and poetry was perfect. Nature is ever young—and this was the very scene and the very hour described in Scott's immortal poem, and as Claudia gazed she murmured the lines:

"Day set on Norham's castled steep, And Tweed's fair river, broad and deep, And Cheviot's mountain lone; The battled towers, the donjon keep, The flanking walls that round it sweep, In yellow lustre shone."

Yes, it was the very scene, viewed at the very hour, just as the poet described it to have been two hundred years before, when

"Merrion, Lord of Tonsenay, Of Lutward and Scritwenay,

"Of Tamworth tower and town," crossed with his knightly train into Scotland. There was the setting sun burnishing the brown tops of the Cheviot hills, gilding the distant ruined towers of Norham castle and lighting up the waters of the Tweed. But there is little time either for observation or dreaming in a railway car.

They stopped but a few minutes at Berwick, and then shot off northward, still keeping near the coast.

Claudia looked out upon the gray North sea, and enjoyed the magnificence of the coast scenery as long as the daylight lasted.

When it was growing dark, Lord Vincent said:

(To be continued.)

QUALITY

CALGARY HAS A GOOD GAME WITH OLDS

The Best Hockey Game of the Season Last Night

The hockey match at the auditorium rink last evening between Olds and Calgary attracted a good attendance and the enthusiasts had the satisfaction of seeing their boys win a fast game by 7-3.

In the first half the exhibition was of the best both sides going up and down the ice at a fast clip. Calgary scored the first point four minutes after the start, but good work by the north boys equalled the score. The game was stopped for a few minutes over a dispute the locals scoring a goal, which the visitors did not give, and the referee overruled their claim. McLeod was put into the boards rather hard and this nearly ended in a scrap. Hamilton scored in Calgary and they crossed over 2-1.

The second half opened very fast and Cook equalled again, but from now on Calgary outplayed their opponents and scored five more goals to Olds' one, thus winning by a fast game all through were not at home on the big ice, but some of their play showed that it was through no fluke they won the championship of their league.

Cutler, Cooke and Scott did well for Olds as did Flummerfelt, McKenzie, McLeod and Anderson for Calgary.

Olds—Smith, Davay, Edwards, Wilson, Cutler, Cook, Scott.
Calgary—Anderson, Flummerfelt, McHugh, Hemsworth, Rouleau, McLeod, McKenzie.
Referee—Mr. Scott.

GETTING DOWN TO THE FINALS

Fourth Day of Bouspiel Greatly Narrowed Down the Field

And again yesterday was the fourth day. To the outside public the name of bouspiel has been gathered in the familiar range, and the questions worrying the general public are first who are the winners and when is the finish.

For the Grand Challenge, Skips Walker, Wilson, McKillop and Kremer are in the fours. Col. Walker is looked upon as a probable winner.

The Walkerville has reached the stage of the fours. Walker and Trimble being the lucky ones. Sheppard of Strathcona, has so far made the play in the Brewery, being the first one to land in the fours. Skips Savage, Trimble, Fulcher, Bruce, Pingle, and the winner of Kenny v. Welliver, have still got a sporting chance.

For the later competition of (visitors) Hunter, Stephenson Weir and Edwards have so far made good, reaching the 168.

The only thing up to date are those of the District Trophy, Calgary District, McKillop, which is on for 11 a.m. today.

IN HONOR OF SCOTLAND'S GREAT POET

The Scottish Society Celebrate the Burns Anniversary

The "Communa Gaidhail" (Gathering of the Clans) took place yesterday evening in the Barber block. Some one hundred, some and some of the lord of the hostess, Bonnie Scotland, in honor of the immortal Burns sat down to the banquet.

Mr. Henderson the president of the society was in the chair.

The Haggis was brought in with full honors Piper Donald McPherson being in attendance.

An attractive programme was carried out between the toasts which started with "The King," referred to by Mr. Ian McPherson.

Special Scotch dances in costume were given by Miss Aggie Paterson, who won the gold medal for national dances at the city hall Glasgow in 1902, and other medals since at "Gatherings of the Clans."

Mr. G. McGregor, gold medalist of Edinburgh also contributed.

The ball room presented a brilliant spectacle, the pretty costumes of the ladies and the national dress of the men were a splendid sight to many

BRUTUS WAS IN THE WRONG

Was not Justified in Slaying Caesar, Decide Debators

On Friday afternoon Jan 25th 1907 the Calgary High School Literary Society held their second meeting for this year.

The following programme was given: Piano solo "Dreams of the Deep," Kennedy, Flossie Wilson.

Debate: "Resolved that Brutus was Justified in the Assassination of Julius Caesar."

Affirmative: Lucy Bryden and Leslie Ward.
Negative: Viola Harper and Christa Christian; decision was given in favor of negative.

Chorus: "The Student's Way" by girls of St. VI.
Reading: "From Emmy Lou," Seeta Douglas.

Reading of the "Sleepy Hollow Tattle" by Alva Brown, Editor in Chief.
Mandolin and piano duet, march "Under the Double Eagle," Wagner by Aretta Tatten and Laura Monroe.

Public notice is hereby given that under the provisions of the Railway Act 1903, Section 175, the Canadian Pacific Railway Company as Lessee and exercising the franchises of the Calgary and Edmonton Railway Company intend to apply to the Board of Railway Commissioners for Canada, after the expiration of four weeks from the first publication of this notice, or soon thereafter as the application can be heard, for authority to construct, maintain and operate a branch line commencing at a point on the Calgary and Edmonton Railway as now constructed across the N. W. Quarter of Section 12, Township 24, Range 1 West of the 6th Meridian and lands adjoining the same; thence in a South Easterly direction a distance of 312 feet to a point on said Quarter Section, the location of which proposed branch line is shown on a map of plan and profile deposited in the Calgary Land Titles office on the 25th day of December, A. D. 1906 as No. "Ry. 58", notice of which deposit is also hereby given pursuant to the provisions of said section.

Dated this 4th day of January, A. D. 1907.

C. DRINKWATER Secretary

49-16-23-30

Public notice is hereby given that the Assessment Roll for year 1907 is in my office open to inspection. The Court of Revision of Assessment will meet at the Council Chamber, City Hall, Calgary, on Monday the 11th day of February, A. D. 1907 at ten o'clock in the forenoon for the hearing of any appeals against the assessment. Notice of such appeal, if any, must be filed with the undersigned not later than February 4th next, with statement of the grounds of appeal.

Dated at Calgary January 2nd, A. D. 1907.

To the Electors of Ward No. 1.

Ladies and gentlemen: As it seems to be the general desire that I offer myself as a candidate for the position on the city council recently vacated by Ramsay, I have decided to accept. I may say that I am favorable to a strict enforcement of all our laws with absolute impartiality. I think that a commission should be appointed whose duty it would be to have charge of the administrative department of the city's affairs, that this commission should be composed of the best men available, and that the ybe allowed to act as independently of the city council as would be consistent with the idea of responsible government.

I am favorable to the principle of the municipal ownership of all public utilities and would consent to no dealings with any private individuals which in my opinion jeopardised that principle.

The future growth of Calgary as a manufacturing centre depends almost solely upon our ability to furnish cheap power and every legitimate effort should be used to accomplish this end.

I thank those who have honored me with their confidence and if elected I will do my utmost to serve the ward and the city, conscientiously and well.

Yours Truly

Eyes are Seldom Mates

After middle life, and frequently earlier, the eyes are apt to be of unequal strength. If this inequality is not corrected, the weaker eye will be overworked and be thus made weaker still.

This shows the necessity of always having each eye separately examined.

We fit spectacles that will correct every defect of vision and strengthen weak eyes.

Examinations Free

ELEVATOR MEN OBSERVING THE LAW

Interview With the Deputy Grain Commissioner From Winnipeg

Mr. Matthew Snow, deputy warehouse commissioner, Winnipeg, was in the city on Tuesday, Mr. Snow's duties are to visit all elevator points and ascertain how far the elevators and warehouses are carrying out the law, on the terms of the Manitoba Grain Act.

Mr. C. C. Castle is the chief commissioner with headquarters at Winnipeg. His deputy, Mr. Snow is out on the road from the time the grain begins to move until the close of the season in April or May. Mr. Snow stated that either Mr. Castle or himself would be glad to receive any grievances from farmers and use their good offices in arriving at a settlement.

Asked if the elevator men were observing the law in respect to weighing grain, Mr. Snow said that he found generally speaking the provisions of the grain act were being carried out. There were some points, however, where the elevator operators did not show the proper returns to a conspicuous place, to be returned upon regular form of ticket. Mr. Snow says that gradually each abuse is being eliminated. The commissioners have not ceased to urge and instruct elevator owners and operators to observe the regulations.

Mr. Snow says that many of the grievances arise from the fact that the farmer does not watch his own interests and leaves everything to the operator. A farmer has the right to have the scales balanced, and if he is not satisfied with the price he can have his grain stored in an elevator by paying the charges. He can demand a special bin to preserve the identity of his grain. The farmer may demand a sample from every load he stores in the bin and a ticket properly filled for each load. The warehouseman at the same time must send a duplicate statement to the warehouse commissioner at Winnipeg. When the farmer ships the grain the warehouse must weigh out to him the same quantity that was weighed in, and if the grain grades lower at the terminal elevator than recorded in the farmer's storage receipt, the elevator must make good the deficiency. In this respect many farmers are careless. They often do not ask for receipts for each load and get one storage receipt.

Complaints have reached the warehouse commissioners from the Alberta farmers that the elevator men have been weighing in 25 pounds bushel for oats. Mr. Snow confirmed the story and discussed the matter with the elevator men. The reason given for this procedure was that as the dockage was one pound a bushel it made a more convenient method of reckoning the number of bushels. Mr. Snow said that this method would be stopped. He further stated in this respect that there was an opinion among elevator men that the law permitted a dockage of one per cent. The grain act fixes no specific amount of dockage.

MAGRATH IS VERY PROSPEROUS

But the Cattle are Anxiously Waiting for Better Weather

Magrath, Jan. 21.—The stock judging school concluded last Saturday. The government experts in charge were Messrs. Hutton, Mackie, Munroe and Craig. Messrs. Craig and Munroe, left on Friday with the two cars of government stock, in order that they might be present at the opening of the school at High River. Messrs. Munroe and Mackie remained to conduct the judging school with local students. This school opened on Saturday morning in the Massey-Harris warehouse. The class consisted of thirty students. The first seven are as follows:

- D. F. Fowler 165
M. Godfrey 145
D. H. Bingham 127
C. H. Dudley, Jr. 123
A. Coleman 123
James Meldrum 119
O. C. Ellingson 117

Mr. Fowler will therefore go to Calgary at the expense of the Provincial Government to compete with winners from other schools. The stock judging schools was a great success from start to finish. Sessions were held each day, commencing at nine a.m. and continuing until five p.m.

A luncheon was tendered the government officials on Friday at the home of Mr. Geo. Heathershaw. The government judges state that the interest of Magrath was equal to that which they had enjoyed elsewhere in their travels.

The farmers here have personally shipped over thirty thousand bushels of wheat to points both west and east. The local flour mill has purchased some sixty thousand bushels from the farmers. The Alberta Pacific Elevator is not kept very busy, the farmers preferring to take advantage of the government platform and attend to their own consignments.

Magrath enjoys the proud distinction of having one of the best and most practical branches of the Alberta Farmers' Associations to be found in the province of Alberta. Mr. Wm. Wood, veteran of the Crimean war, returned last week from Salt Lake City, Utah, where he was a pioneer in the early 50's. Snow is between ten inches and a foot on the prairie. At this writing a warm wind is blowing from the west. Cattle are full of snow, and cattle without food and shelter are in a precarious condition. Mr. Lee Shaw, of the Brown ranch, states

that large steers so wild that you could not get within gun shot of them, are now crowding together and refuse to take any notice of horse or rider, though they may ride rough shod over them. Cattle are very anxious for a break in the weather.

NOTICE

Application will be received by the undersigned up to Jan. 26 for the position of comptroller for the city of Calgary. Applicants will please state age, experience and salary desired and qualifications.

H. E. GILLIS, City Clerk.

NOTICE

Notice is hereby given that the City of Calgary will apply at the next session of the Legislature of the Province of Alberta for amendments to its ordinance and charter for power.

- 1. To extend the limits of the city so as to include:
A. That portion of Sec. 17 north of Bow River,
The south half of Sec. 20,
The south half of Sec. 21,
That portion of section 16 north of Bow River,
That portion of section 17 south of Bow River,
The north half of Sec. 8,
The north half of Sec. 9,
The north-west quarter of Sec. 10,
That portion of the south-west quarter of Sec. 10 north of Elbow River,
The north-east and south-east quarter of Sec. 10,
Section 11,
That portion of section 13 west of eastern bank of Bow River,
That portion of section 13 west of Bow River, and to make an assessment and collection roll for the part so taken in for the balance of the year.

- 2. To provide that the roll tax shall only be collected from those who have resided within the city for at least thirty days and who are between the ages of twenty-one and sixty years, and who are not already tenants paying rent.

- 3. To provide in cases of persons declaring that they are unable to pay the cost of the same that the city may continue water and sewer connections from the property line to the cellar, and charge such cost against the property, to be payable in three yearly instalments, and to make the necessary financial arrangements for the same.

- 4. To provide for the making of the voters lists within three months from the confirmation of the assessment each year and that a copy be posted up in the city hall and at least four other places to be designated by the Council.

- 5. To provide for the assessment, rating and taxing of all real estate belonging to the city and levying water rates and charging electric light bills against the same.

- 6. To provide that in all cases of improvements local or otherwise that where the city is to pay any proportion thereof that a By-law authorizing the same to be previously submitted to the electors.

- 7. To provide that on a By-law approved by the electors the term of office of Aldermen may be extended to two years.

- 8. To provide for the legalizing of and validating the By-law 679 respecting the floating debt and the issue of bonds thereunder and also of By-law 670 and the bonds issued thereunder.

- 9. To provide for the submission of the assessment roll to a committee of the Council of not less than four for examination and report and for the Council equalizing, raising or lowering the assessment or any portion thereof without the formality of a complaint.

- 10. To provide that in elections for Aldermen no ballot shall be counted unless it discloses a bona fide vote or mark in favor of any many candidates as there are vacancies.

- 11. To provide that the Returning Officer at election shall appoint Deputy Returning Officer and select Polling Booths.

- 12. That Council have power to compel the erection of buildings in certain areas to be erected ten feet from the street line.

- 13. To provide for making supplementary assessment and collector's Roll to include persons coming to the City or starting business after the Assessment Appeal Court has confirmed the original Roll.

- 14. To amend Charter fixing the date of the first meeting of council to be held on the first legal day of each year.

- 15. To establish, install, maintain, develop and operate a telephone.

- Dated at Calgary this 23rd day of January A. D. 1907.

H. E. GILLIS, City Clerk

MORTGAGE SALE

By virtue of the power of sale contained in a certain mortgage given by William Henry Walton of the City of Calgary to Young & Burnett of Calgary, I have ordered to be sold by Public Auction the following goods and chattels, namely:—
One (1) 8 ft. cornice brake, made by Brown-Borga Co.
One (1) Carey safe 24x24x48, nearly new.
One (1) 60x66 water boiler.
And in general all the goods and chattels on or about the store of Hale Bros. on the south 35 feet of lots 17 to 20 inclusive, in block 86, plan C, Calgary.
Sale will take place at 2 o'clock p.m. on Saturday the 26th day of January, A. D. 1907.
L. S. G. VAN WART, Sheriff.

THE ALBERTA SOUTHERN RAILWAY COMPANY.

NOTICE is hereby given that The Alberta Southern Railway Company will petition the Legislative Assembly of the Province of Alberta at the first session of the year 1907 for an Act amending Section 47 of Chapter 92 of the Statutes of Alberta for the year 1906 by striking out the word "two" where it appears in the third line of said section and inserting the word "three" in the place thereof; and by striking out the word "five" where it appears in the fifth line thereof and inserting the word "three" in the place thereof.

DATED at Calgary this 5th day of January, A. D. 1907.

JAMES R. NICHOLS, Advocates for the Applicants. 7-14-21-25.

GOVERNMENT OF THE PROVINCE OF SASKATCHEWAN

Public Works Department.

TENDER FOR LAND TILES OFFICE

Sealed tenders will be received up to 4.30 p.m. on MONDAY, February 11th 1907, for the supply of Land Tiles Office Building at Regina, Saskatchewan. The building will be about 80 ft. x 80 ft. reinforced concrete fireproof construction, out stone facing and two stories in height and other details to match this style of work.

The plumbing, heating and ventilating and electric light wiring will not be included in this contract.

Each tender must be accompanied by an accepted cheque or other satisfactory deposit for the amount of \$5000. This amount will be forfeited if the tender fails to execute the contract and bond when requested, and will be returned when the contract and bond is signed and the work is commenced.

The deposit of unsuccessful tenders will be returned when the contract is signed. The right to reject any or all tenders and to waive any defects or irregularities therein is to be at the discretion of the Commission.

Plans, specifications, form of tender and all information may be obtained on application to the undersigned. The unauthorised insertion of this advertisement will be prosecuted.

F. J. ROBINSON, Deputy Commissioner, Department of Public Works, Regina, Dec. 31st, 1906.

SYNOPSIS OF CANADIAN NORTH-WEST.

Homestead Regulations. Any even numbered section of Dominion Lands in Manitoba or the North-West Provinces, excepting 8 and 16, not reserved, shall be homesteaded by any person the sole head of a family, or male over 21 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for homestead entry or inspection must be made in person by the applicant at the office of the local Agent or Sub-agent. An application for entry or inspection may be made by mail to the local Agent, by the Sub-agent, the expense of the applicant.

Where the entry or inspection is cancelled, or voluntarily abandoned, subsequent to institution of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applications for inspection must be in what particulars the homesteader is in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will lose any prior right of entry should the land become vacant, or if entry has been granted it may be summarily cancelled.

Duties.—A settler is required to perform the conditions under one of the following plans: (1) At least six months' residence upon and cultivation of the land for each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of a homesteader resides upon a farm in the vicinity of the land entered for by such homesteader the requirement as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his residence upon the land entered for, and is in the vicinity of his homestead, the requirement may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

Synopsis of Canadian North-West Mining Regulations. Coal.—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Charts.—A free miner's certificate is granted upon payment in advance of \$5 per annum for an individual, and from \$50 to \$100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 150x1500 feet. The fee for recording a claim is \$5. At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at \$1 per acre.

The patent provides for the payment of a royalty of 2 1/2 per cent. on the sales. PLACER mining claims generally are 100 feet square; entry fee \$5, renewable yearly.

A free miner may obtain two leases to dredge for gold, one for a term of ten years and another for a term of twenty years renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for five miles. Rental, \$10 per annum for each mile of river leased. Royalty at the rate of 1 1/2 per cent. on the output after it exceeds 10,000.

W. W. CORE, Deputy of the Minister of Interior. N. B.—Unauthorized publications of this advertisement will not be paid for.

Memory Brand Soap cleans kitchen ware & is made from purest materials.

For Sale Craighurst Farm

Consists of 53 1/2 acres of land with a frontage on the Bow River, the chief water course of Alberta, of 1 1/2 miles. The lands consists of a black humus underlaid with a sandy clay subsoil, and produce annually very large crops of grain and forage. The land is situated six miles from the city of Calgary; 170 acres of land is cropped annually. Fifty acres is now seeded down to timothy. The balance of land is divided into five pastures enclosed with wire fencing. Fair fishing and shooting on the place.

THE BUILDINGS Are perhaps the most complete and extensive of any ranch in Alberta. Over \$25,000 has been expended on buildings and improvements from time to time. All the buildings are in excellent repair, in fact, as good as new. THE HOUSE

Is brick veneered, on solid sandstone foundation. On the second floor are six bed rooms and a large bathroom, a large front hall and a back hall. One of the bed rooms is provided with an open fire place. One bed room is 18ft. by 18ft., two about 15ft. by 15ft., and the remaining three a little smaller. The bathroom has all modern conveniences. Porcelain bath tub, absolutely new plumbing, hot and cold water, and soft water from a rain water cistern. The room is 12ft. by 12ft.

THE GROUND FLOOR Contains the following rooms: Drawing room, 14ft. by 15ft., with open fire place; dining room, 18ft. by 18ft.; panelled library, 14ft. by 15ft.; front hall, fitted with gun rack, etc., 14ft. by 14ft.; guests room, 12ft. by 14ft.; kitchen, pantry, back hall and summer kitchen. The kitchen is fitted with porcelain sink, hot and cold water. The whole house is lighted with the most perfect system of Acetylene Gas, generated on the premises. Heating is by hot air furnace. There are three cellars under the house. THE ATTIC is unfinished, but a large room can be provided there.

THE MANAGER'S COTTAGE Has kitchen, cellar, living room, and three good bed rooms. It is built of frame on a stone foundation. It is warm and substantial. There is an excellent HORSE BARN, with two large loose boxes and stalls for eight horses. Various cattle stables, and horse and cattle sheds, tank house, sheep barn and sheds, the two best poultry houses in Alberta, root cellar, tool house, implement shed, pig pens, carriage house, carpenter shop, harness and saddle room, granary, dog kennels, etc. In fact, every convenience required in connection with the profitable operation of a large farm or ranch.

The buildings are located on the banks of the BOW RIVER, and opposite a large island accessible during low water. There are some 20 acres of trees and shrubs. There is a large lawn attached to the residence, and several hundred evergreens and other trees have been planted during the last ten years and are now making vigorous growth.

A LARGE GARDEN Adjoins the lawn, with several thousand fruit bushes, raspberries, gooseberries and currants, that yield a large crop annually. About 200 apple, crab and plum trees were set out two years ago, and have made a vigorous growth.

THE KITCHEN GARDEN Contains large beds of rhubarb, asparagus, and other perennials. The situation of the buildings is most picturesque, and the place is generally regarded as the "show" ranch of Central Alberta. The house is comfortably and completely furnished, and arrangements can be made to include the furniture in any sale made.

THE FARM Is supplied with a full line of the latest improved implements, including binder, mowers, rakes, wagons, ploughs (gang and walking), harrows (disk and drag), roller weeder, etc., a complete power outfit, consisting of 12-h.p. double wheel jack, grain crusher and chaff cutter, a new hay baling outfit and hand tools of all sorts, a complete set of carpenter's tools, also plumbers and blacksmiths tools, platoon, buggy, democrat, cart, and all the necessary double and single harness. A 2ft. windmill supplies power for pumping water. Water is laid on in the barnyard.

THE FARM is stocked with eight pure bred Clydesdale mares, most of them in foal to an imported stallion; also pure bred Hackney driving mare, in foal, and coach gelding. All young and thoroughly broken. A herd of SHORTHORN CATTLE, pure bred and registered, and one of the leading herds in the West, will be sold with the place. The herd now numbers 35 head, and has been bred from the best foundation that money could buy. A ready local market exists for bulls and female stock.

The flock of pure bred SHROPSHIRE SHEEP is also well known in the province. THE POULTRY are represented by pure bred PLYMOUTH ROCKS of the best laying strains, and the PIGS are pure bred YORKSHIRES.

The place is being sold owing to the removal of the owner on account of family bereavement, and is offered at \$37,000, including lands, buildings, tools, implements, furniture, live stock, as a going concern. A reliable married man is now in occupation, whose services can be retained at \$40 a month. The land is valued at \$30 per acre, the buildings at \$17,000 (less than half of what they cost), and the balance will be put in at the round sum of \$10,000 complete.

We Also Announce For Sale 6,000 acres rolling prairie and slightly wooded land, in the foothills north of Fernie, eight miles adjacent to large coal measures owned by the C. P. R., and which have the earmarks of early development. The land as a whole is better than the average foothills land of Alberta, and will grow fruit, although no pretense is made to say that it equals the Okanagan. This block of land was taken up by an Englishman, who intended making his home there. His wife died soon after arrival, and his sister was seriously injured in a runaway, which left him a discouraged man, and he threw the whole thing up. There is a certain market for all farm stuff within a stone's throw, and the projected development will make this a perfect bonanza. The price of this block is

Only \$6.00 an Acre The terms are six thousand cash, six thousand in six months and the balance easy. The owner writes us, and we quite agree with every word he says: "It's a snap, for you can't show anything approaching it in Alberta for the money, and being in the foothills has an abundance of water, and is covered with bunch grass and pea vine."

Apply to W. B. BARWIS, Northern Bank Building. Day Phone 6, Night 659.

Beauty is a Thing Divine The one positive proof of beauty is possessing white pearly teeth and this can be done easily and cheaply secured by calling at McCutcheon & McBurney's Drug Store where you will see the largest display of tooth brushes and tooth requisites in the city. As we purchased these brushes in quantities we are enabled to give you special prices which will range from 5 cents up. They combine the two important points—price—quality. Be sure to see them. Remember the place just south of the Post Office in the Allan Block.

PERJURY THE CHARGE AGAINST INSURANCE MEN

Former President of the Washington Company now in Court

Troy, N.Y., Jan. 25.—Arrangements for the entertainment of the thousands of knights who will visit Saratoga Springs during the triennial convalescence of the grand encampment Knights Templar of America, which will be held at this place July 7 to 11 were made yesterday at a general meeting of the committee, of which Arthur McArthur of Troy, grand senior warden of the grand encampment is chairman. Special features have been planned for the day of the convalescence opening on Monday. The grand parade of all the visiting commanderies will be held Tuesday and the festivities will close Thursday night with a progressive ball at Saratoga's three largest hotels.

THE SEED

FAIR AT PONOKA

Ponoka, Jan. 23.—The first annual seed fair of the Ponoka Agricultural Society was held in the O. F. hall on Tuesday, the 22nd. The almost impassable condition of the roads prevented as good an exhibit being shown as there would otherwise have been.

Wheat samples were shown of an excellent quality. W. C. McKilloan, of the Dominion Seed Department, acted as judge and placed the awards as follows:

Spring wheat—1st, H. Stretch, 2nd Ed. Martin, 3rd A. W. Martin. Oats—1st, H. Stretch, 2nd, W. & Martin.

There were no entries in the other classes.

During the afternoon in spite of the bad roads, a large crowd of farmers were present to hear addresses by A. Mitchell, chief wood inspector, of Edmonton; W. F. Stevens, a prominent farmer of Clover Bar, and W. C. McKilloan, representative of the Dominion seed branch.

The subject covered by the speaker

included the identification of weeds, seed selection, precaution of smut, etc.

GOING FAST WITH AUTOMOBILES

Ormond, Dayton Beach, Fla., Jan. 24.—The one hundred mile event for the Minneapolis cup in the automobile races here was won today by E. B. Blakely, driving a 70 horse-power gasolene car, in one hour, 26 minutes, 10 seconds. Blakely was 11 minutes behind Earp's record of last year, but drove a pretty race and distanced every competitor. Hutton, in an English gasolene car, finished second, 36 minutes behind the winner.

The ten mile handicap, open to cars of all classes and power, was won by Blakely in the same car which he drove to victory in the 100 mile event. Blakely had a 45 second handicap, and covered the distance in eight minutes, 44 seconds, the fastest time in the event. Rovers in the scratch 25 horse-power steam car finished fifth, making the 10 miles in nine minutes, 10 2-5 seconds.

The five mile event for touring cars listed between \$1,500 and \$3,000 was won by Kullin in a 35 horse-power gasolene car in five minutes, 52 1-5 seconds.

Margaret made an effort with the steam racer with which he made a mile in 28 1-5 seconds last year to lower that record. The attempt failed, his time today being 31 4-5 seconds. Other mile trials were run, principally to determine the handicap in the events yet to come, but no unusual time was made save that of P. E. Stanley, who drove a fully equipped touring car a mile in 45 2-5 seconds. If possible the tournament will be ended tomorrow.

Knights Templars at Saratoga Springs

New York, Jan. 25.—W. A. Brewer, former president of the Washington Life Insurance company, before Supreme Court Justice Fitzgerald today pleaded not guilty to three indictments charging perjury in connection with a report of the company's condition to the state superintendent of insurance.

Improved Farm For Sale

T. S. C. LEE
REAL ESTATE AGENT
Alexander Blk. Stephen Ave.

To the Electors of Ward I.

Ladies and Gentlemen:

Having been requested by a large number of the business men of Ward I to allow my name to be placed in nomination for the vacancy in this ward, and being persuaded that it is the desire of the majority of the ratepayers that I should accept the nomination, I have decided to enter the contest.

I appreciate the honor done me by those who have asked me to become a candidate, and I only desire to say that if elected I shall do all in my power towards the economical and intelligent handling of the city's finances, never losing sight of the fact that a first class modern asset is at all times worth its legitimate cost.

Extending the sewage and water systems as rapidly as possible, the making of good and permanent streets, I believe to be a great necessity for the upbuilding of the city, and one of the best advertisements any city can have.

The future growth of Calgary as a manufacturing and distributing centre depends largely on our ability to furnish cheap power, and it therefore becomes the duty of the council to use every effort to provide the same, and as quickly as possible, to the end that we may more firmly establish the supremacy which so justly belongs to Calgary, by virtue of her geographical position and natural resources as being the great industrial centre in Western Canada.

There are many questions of public interest that might be touched upon at this time, yet all I desire to say is that if honored with your confidence you can, at all times depend on finding me a supporter of honest and consistent government, and a staunch advocate of anything which in my opinion tends to build up a Greater Calgary, and confirm her position as the commercial centre of the great west.

I am, yours faithfully,

J. G. RUTTLE.

I WISH

I'd bought a block in Calgary a few years ago, when I could have gotten it for a few dollars, is a plaint you frequently hear from some of Calgary's old timers.

Had they bought it then it would be nothing to the credit of their business judgment. A few years ago Calgary had no future to warrant one's investing in city property.

Today things have entirely changed. There is more money to be made if judiciously expended in Calgary real estate than ever before. The city's growth and advancement can now be counted on with a reasonable degree of certainty.

Judgment not blind chance, can be brought into play now.

What ever you do don't stand on the street corners ten years from now and tell strangers that you wished you had bought city property in 1907, when it could have been had for a mere song.

We are buying and selling property today for some of Calgary's future millionaires, for the people who can look into the future and see Calgary a city of 100,000 population.

If you wish to be one of those to participate in Calgary's growth and prosperity, let us advise you. We have property now that will double in value in a year. Don't wait for it to double, buy it now.

Watch Calgary Grow

More Buyers Than Sellers

The Real Estate situation in Calgary, the most rapidly increasing metropolis of the Canadian West, is peculiar.

To-day there are more buyers than sellers. What is the cause and what the result of this condition?

The monied men of the city realize that Calgary's future is even greater than the most optimistic predict, and that the greatest of fortunes are made in the increasing values of Real Estate. These monied men are largely property holders—holders of inside property—holders of business properties, of properties that are going to increase not fifty per cent. but five hundred per cent. in the immediate future. These men realize that one business lot in a large city means a small fortune, and they are holding their properties and waiting developments, consequently, but few business properties are for sale.

On the other hand, what is the result? Hundreds of suburban lots are rushed into the market and bought for speculation. Lots that for years will be unproductive.

My advice is buy business property. Keep on Eighth Avenue or near it.

Buy in the east end, get as near as you can to that large portion of land owned by the Dominion Government, and used as a police barracks.

Watch this end of the city, and if you have property there and wish to sell, list it with me. I have dozens of buyers ready to snap it up.
