Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Union Mutual Life Ins. Co. of Portland, Me.

INCORPORATED 1848.

JOHN E. DEWITT, President.

ARTHUR L. BATES, Secretary.

Gross Assets, December 31st, 1890, \$6,206,018.84.

THE UNION MUTUAL LIFE INSURANCE COMPANY is the only Company issuing policies under the MAINE NON-FORFEITURE LAW, which provides that, after three years' premiums have been paid, failure to pay any subsequent premium shall not forfeit a policy, but it shall continue in force for its full amount until the reserve upon the policy is exhausted.

Thus, if a person aged 36 pays three years' premiums upon a 15 year (Tontine) Endowment, and then discontinues payment, the policy will be continued in force for the whole 15 years; and should the insured die during this extension, owing more than five annual premiums, the Company would only deduct five premiums at life rates.

The Company has already paid, under the Maine Law since March, 1877, over \$300,000 to the beneficiaries of policies that had lapsed through non-payment of premiums. For further particulars apply to

PREFACE.

WITH the design of maintaining the utility and efficiency of LOVELL'S MONTREAL DIRECTORY, and of adapting its size and bulk to the convenience of those consulting it, the Publishers continue the printing of the Alphabetical portion in a small but clear type, giving greater prominence than hitherto, by the use of a bold Gothic letter, to the names of Advertisers.

It need hardly be said that the same labor and effort to secure accuracy which the Publishers have always put forth have not been withheld in the preparation of the present edition. The wish of the Publishers is to give the latest and most correct information, and with that end in view no expense or labor is spared on the book; but it has to be taken into account that the whole of the work—compilation, printing and binding—is done within a period of eight weeks, so that some allowance should be made for errors.

Some idea of the labor involved in the compilation of the work, and of the difficulties in the way of securing the accuracy of information at which we aim, may be drawn from the fact that in this year's issue, in the City proper, by actual count, 20,852 new names have been added, 17,522 names taken out, 12,458 alterations made in other names, and 17,651 names remain unchanged, giving a total of 68,483 names (exclusive of the outskirts), for the City proper. This shows an increase as compared with last year of 3,330 new names, an addition of about 10,000 to our population, and deducting 3350 names as having been duplicated, we would estimate the population to be 216,000.

In the Outskirts we find that 3,049 new names have been added, 2,795 names taken out, 2,133 alterations made in other names, and 3,101 names remain unchanged, giving a total of 11,078 names. We would estimate the population of the Outskirts to be 44,000.

As usual, the book is divided into four parts, viz., (1) The Advertisers' Classified Directory; (2) The Street Directory; (3) The Alphabetical Directory; (4) The Miscellaneous Information, the last has been entirely remodeled and improved in many respects.

This book is respectfully dedicated to its generous patrons—THE PUBLIC.

MONTREAL, June 27, 1891.

Entered according to Act of Parliament of Canada, for the year one thousand eight hundred and ninety-one, by JOHN LOVELL & SON, in the office of the Minister of Agriculture.

DIRECTORY BORROWERS.

Many are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers; not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but business men who continually need it for reference, yet are too close-fisted to buy one. These are the individuals who carry off your Directory "just for a few minutes," which generally means A FEW DAYS unless you send for it before; then you have scarcely housed it before some one else presents the request "Please lend me your Directory for a few minutes?" Perhaps you won't see it again for a week; yet this same borrower will tell our solicitor that he has no use for a Directory, he "knows everybody" and "everybody knows him."
