## FRIEDMANN WAS BESIEGED BY SUFFERERS

Victims of Tuberculosis in Advanced Stage Waited in Vain on German Scientist at Ottawa and Many Pathetic Scenes Were Witnessed.

OTTAWA, March 12.—(Can. Press.)—Before a large audience, consisting of members of the medical profession from Ottawa and many outside points, nurses and prominent members of the Canadian Association for the Prevention of Tuberculosis, Dr. F. F. Friedmann gave a demonstration of his "cure" for tuberculosis at the General Hospital, Water street, today.

Dr. Friedmann repaired to the hospital shortly after noon. Some thirty-seven patients in all stages of the disease were awaiting his arrival, hoping to be treated, and from these the doctor selected those whom he wished to experiment on, ten being selected, and later inoculated.

It was in many respects a tragic scene which furnished the setting for the clinic. The approach to the study room in which the demonstrations were conducted, was lined with patients, pathetic figures most of them, and many in the most advanced stages of the disease. The patients included all classes—men, women and children, some too weak to walk. The most advanced cases Dr. Friedmann did not attempt to treat, and pitiful was the despair which his action caused. The little room on the first floor, at the foot of the stairs in particular, was crowded with a number of most advanced cases. While making the preliminary preparations, Dr. Friedmann was visibly nervous and constantly interrupted the attendants.

**Bustle and Confusion.**  
First it was found that there was no electric sterilizer. He declared that this was absolutely necessary. This want being supplied he asked for ordinary forceps.

Through a misunderstanding neither of these articles was supplied, and there was great bustle and confusion while several doctors and attendants went in search of them. Finally the sterilizer was attached and the first patient brought in for treatment. He was a young man of about twenty-eight, suffering from an incipient case of tuberculosis.

Dr. Friedmann had him stripped to the waist and his arms bared.

First he took what looked like an ordinary hypodermic syringe and injected the serum into the arm. A rubber band was wrapped around the forearm to compress the blood. Before the operation the arm was thoroughly disinfected and after the injection it was bound up in lint.

The next case was that of a young girl who was in what looked to be a

## The Financial Situation

Money is tight everywhere, in Canada, in Europe. There seems to be more ready and available funds in New York than abroad. Toronto as a city got money there that she could not get so easily at home or in London. Canadian firms in the States on short bills, and this way of financing, the somewhat new here, is coming into practice. A firm or corporation of undoubted standing and that gives a full statement of its affairs to a New York broker, can place half a million up in notes of ten thousand dollars each among the broker's clients—many of them local banks scattered all over the States—without trouble. The standing of the firm, the undoubted reliability of its statement of affairs, and the reputation of the broker, does the work. But of course only one broker must be employed.

The Canadian situation is improving daily and confidence at home is the first thing that will ease off the stringency. Not that our banks will have much or any money to spare for new projects; but we hope in a few days to see things in such an improved condition that our banks can more freely take care of their own customers.

The war condition in Europe is the great disturbing factor. But there is one thing we wish to put on record and then we would like to forget it; some of our banks and worst of all our so-called financial papers that have sprung up in such luxuriant crop all over the country have done a wrong thing, an unpatriotic thing, when they started in to knock Canadian municipal issues and broadcast their knocks in London. These knockers were at the same time upholding so-called Canadian issues based on public utility services in foreign countries! All this must stop. It has hurt the flow of money into Canada.

The World trusts that money will soon be easier; in the meantime everyone must get along as best he can till the pressure eases off—rather until confidences is widespread.

We have a big year ahead of us. But we want all to be reasonable, all to look pleasant, and we want the crop of Canadians who risk their funds in Wall street to let up for a time at least. There is no square deal for Canadian lumps in that quarter. Invest in something in Canada if you've got any spare cash. And margins put up outside of Canada are almost sure never to come back. The New York bill broker that we mentioned above is all right; not the other fellow.

## BABY BOY INJURED BY LUMBER WAGON

Stepped From Sidewalk, Fell Under Wheels and Was Badly Hurt.

Stepping from the sidewalk into the road late yesterday afternoon, Robert Gilbert, aged three years, fell under the wheels of a lumber wagon and sustained very severe injuries. The accident occurred just in front of the boy's home at 99 Tecumseth street. The police ambulance conveyed him to the Western Hospital.

## DUE AT NAPLES.

Adriatic Will Arrive Today With J. P. Morgan on Board.

Special Cable to The World.  
NAPLES, March 12.—The Adriatic, making good time, is due at 7 o'clock tomorrow morning. J. P. Morgan is very careful of his privacy and keeps closely to his cabin. He has engaged a special train direct to Rome for tomorrow. The White Star agents refuse to admit journalists on board.

## BILINGUAL ISSUE TO FOREFRONT AT WINDSOR

Grand Orange Lodge of Ontario West Doesn't Hesitate to Reaffirm Principles at Largely Attended Convention—Mayor Hocken Is Vigorous in Denunciation.

WINDSOR, March 12.—(Can. Press.)—Attendance at a public meeting conducted by the Orange Grand Lodge of Ontario West in Windsor armory tonight was limited only by the capacity of the hall. Nearly 500 delegates were present, as far away as North Bay, and citizens turned out in force, altho Windsor is not regarded as a strong Orange centre. Yet the gathering is one of the most successful in over a half century. Rooms were filled early today, and hotel houses have all available cots in use tonight.

Because of pressing business at Ottawa a number of distinguished members of the Orange Order were prevented from attending the meeting tonight, but visitors heard a half-dozen speakers of note, including Lieut.-Col. J. H. Scott, sovereign grand master of the order in British North America; Rev. H. A. Fish, of Owen Sound, grand organizer; E. T. Essery, K.C., of London, past grand master; Mayor Hocken of Toronto, deputy grand master; D. C. Hoesack and Rev. John Coburn, grand lecturer, Toronto.

Mayor Clay was not present to extend the city's welcome. Mr. Marshall Thompson of Windsor called upon Grandmaster Fred Dane to preside. It is generally believed that Mr. Dane will continue in office for another year at least. Both Mayor Hocken and Dr. Williams, deputy and associate, respectively, are likely to be re-elected as well, tomorrow.

## Bilingual Question.

Col. Scott mentioned the bilingual question with considerable delicacy in such a place. "We desire," he said, "to have but one language taught, and that the English. One flag and one crown."

"The language that I am using is good enough for me," Grandmaster Dane added before the next speaker was called on, "and if I am not mistaken it is good enough for 99 in a thousand people of this country. Any person who thinks otherwise thinks detrimentally to the interests of his own family when he takes into consideration what the rising generation of this country will have to contend with."

"Orangism," said Rev. H. A. Fish, "stands for Protestantism, but does not seek to unchurch people who think differently. We are letting in the light, and that is what Rome has always sought to prevent."

"We are wider than both parties."

## EMMERSON'S ATTACK ON CHURCHILL "WILD WORDS OF AN ANGRY MAN"

LONDON, March 12.—(C. A. P.)—The Daily Telegraph this morning, commenting upon attacks made upon Winston Churchill and the admiralty document, says: "Surely there is nothing to justify such language as that used by Emerson. They are wild words of an angry man, and we deplore any suggestion that there has been interference by an imperial minister in affairs of the Dominion. The closest examination will, we are convinced, show that the naval authorities in London, when directly questioned by the official exponent of the Canadian opinion, could not in politeness refuse to show the same courtesy to Borden as that which they are willing to extend to all Dominion ministers, including Laurier himself, when he was in office. The bare idea of interference with the throne voluntarily and without reserve, is entirely foreign to British opinion. We trust, with some confidence, that any feeling of soreness which may be entertained by Canadian Liberals at the present moment, will speedily be removed by a more complete knowledge of all the issues involved."

## WONDERFUL FIND AT THE SPHINX

Sand of Sixty Centuries Removed, Revealing Temple, Tomb of First King and Underground City.

Special Cable to The World.  
LONDON, March 12.—A correspondent writing The Westminster Gazette from Cairo, says: "Great interest is being taken in recent discoveries at the sphinx. Prof. Reigner has succeeded in removing the sand of 60 centuries from the interior of the head and has gained entrance through the neck to a temple that runs the whole length of the gigantic body, measuring 120 feet in length. In this temple is a pyramid which forms the tomb of Menes, the first king of Egypt, and is supposed to contain his mummified body. Sloping passages from the temple lead to other chambers as yet unexplored, and it is thought to be a subterranean city. The importance of these wonderful discoveries can hardly be exaggerated and may prove to be the most valuable yet made."

## WOMEN FOUND DEAD IN POND

Mother and Daughter Committed Suicide Following Nervous Strain and Lengthy Illness.

Special Cable to The World.  
LONDON, March 12.—The authorities of the Town of Godalming, in the County of Surrey, near London, report the suicide there by drowning, under strange circumstances, of Mrs. Louisa Jeffries, 56, and her daughter, Miss Natalie Jeffries. They are the wife and child of Dr. Wyman Jeffries, formerly of the United States, now residing on Redcliffe square, London. He is a Scot by birth and he has served, he says, in three wars, including the civil war in America.

Mrs. Jeffries, according to her husband, had been an invalid for 12 years, suffering from neurasthenia, and austered constantly by her daughter. The two women lived in Godalming. In order to be away from the nerves wrecking excitement of London. It had been decided recently to put Mrs. Jeffries in an sanatorium, and this is supposed to have depressed her and her daughter.

The story is that at 4 a.m. Monday Mrs. Jeffries awoke the servants in the house and told them her daughter had left a letter reading: "I have gone out to die. Follow me."

When the servants ran to fetch the police, Mrs. Jeffries escaped from the house. Some time afterward, on a search being made, the bodies of mother and daughter were found in a nearby pond.

Dr. Jeffries will give evidence at the inquest tomorrow.

## FORMER TRAVELER ARRESTED FOR PASSING BOGUS CHEQUES

Archie Gillies Alleged to Have Secured Two Thousand Dollars by Means of Stolen Cheque Book and Rubber Stamp.

When Detective Miller came face to face with a man in the lobby of a local hotel last night something about the stranger struck him as being familiar. A photograph and description in the officer's pocket furnished the missing link. Two hours later Archie Gillies, alleged thief, forger and impersonator, was taken into custody, charged among other things, with passing \$2000 worth of cheques W. J. Lovering, manager of the Lake Rosseau Lumber Company, is the complainant.

It was yesterday that Inspector of Detectives George Kennedy sent out circulars. The only picture of Gillies which could be obtained had been taken twelve years ago. Detective Miller visited the hotel last night and met Gillies. He secured his room and the man was, and received the reply that the guest had registered as "A. B. Wells."

Just after "A. B. Wells" returned to the hotel, following a stroll up-town, Miller accosted him. The man made a scene and threatened action for false arrest. Despite his protests he was taken to headquarters.

Gillies at one time worked at the Lake Rosseau Lumber Company of Boskiview, Ont. Before leaving their employ he is said to have stolen a cheque-book and a stamp, used to certify the cheques. Not long after cheques to the value of \$2000 came thru the bank to the company, signed by Gillies, and bearing the official stamp.

Edward Mack, the Yonge street tailor, was one of the victims. The man called at his store and tendered a cheque for \$50, secured a \$25 over-cost and \$25 in cash. Scores of other people were also duped.

## CLOSURE STILL HANGS FIRE ACTION NOT LIKELY TODAY DESPITE RUMOR AT OTTAWA

DRASTIC REVISION OF TARIFF COMING

U. S. Congress Will Be Summoned For First Week in April and Every Shred of Protection to Any Established Industry Will Disappear.

Special to The Toronto World.  
WASHINGTON, March 12.—Within the next few days President Wilson will issue a proclamation calling upon congress to convene in extra session during the first week of April, to carry out the Democratic party pledges by revising the tariff downward. The date set for the opening of the session will be April 2 or April 3.

This agreement was reached today after Chairman Underwood of the ways and means committee had explained to the president the status of the bill and assured him that the committee would have the bill ready and be prepared to lay the complete tariff program before the Democratic caucus April 1. Before the bill is laid before the house, the caucus must approve of it.

Low Tariff Men.  
The low tariff men are now in a majority in the committee, and they are determined that the bill, which leaves the ways and means committee shall be a drastic downward revision, with no respect whatever to protection theories.

If the low tariff men stand together and carry out their agreement the income tax bill may be invoked to replace the deficit caused by reduction in the tariff. In order to accomplish this end the proposed tax of one per cent on incomes may be increased to two per cent, or more, and the tax may be based upon a sliding scale, taxing large incomes proportionately more than small ones.

Tariff for Revenue.  
The low tariff men have agreed that the country might as well, now as later, get real "tariff for revenue only" legislation and that the business men must accept an entirely new standard. They are determined to lay before the house a bill that is based upon the economic theory that foreign competition is a necessary potentiality to the destruction of high prices and that the only way for the American business man to rid himself of the foreign cheap labor bugaboo is to rid his factories of antiquated machinery and to displace extravagant overhead charges with economic management.

The low tariff men propose to go right down that line from sugar to zinc and to denude the tariff system of the country of every shred of protection to any established industry.

## MRS. PANKHURST SERIOUSLY ILL

Her Condition Is Causing Concern — Two Suffragette Meetings Broken Up After Wild Scenes.

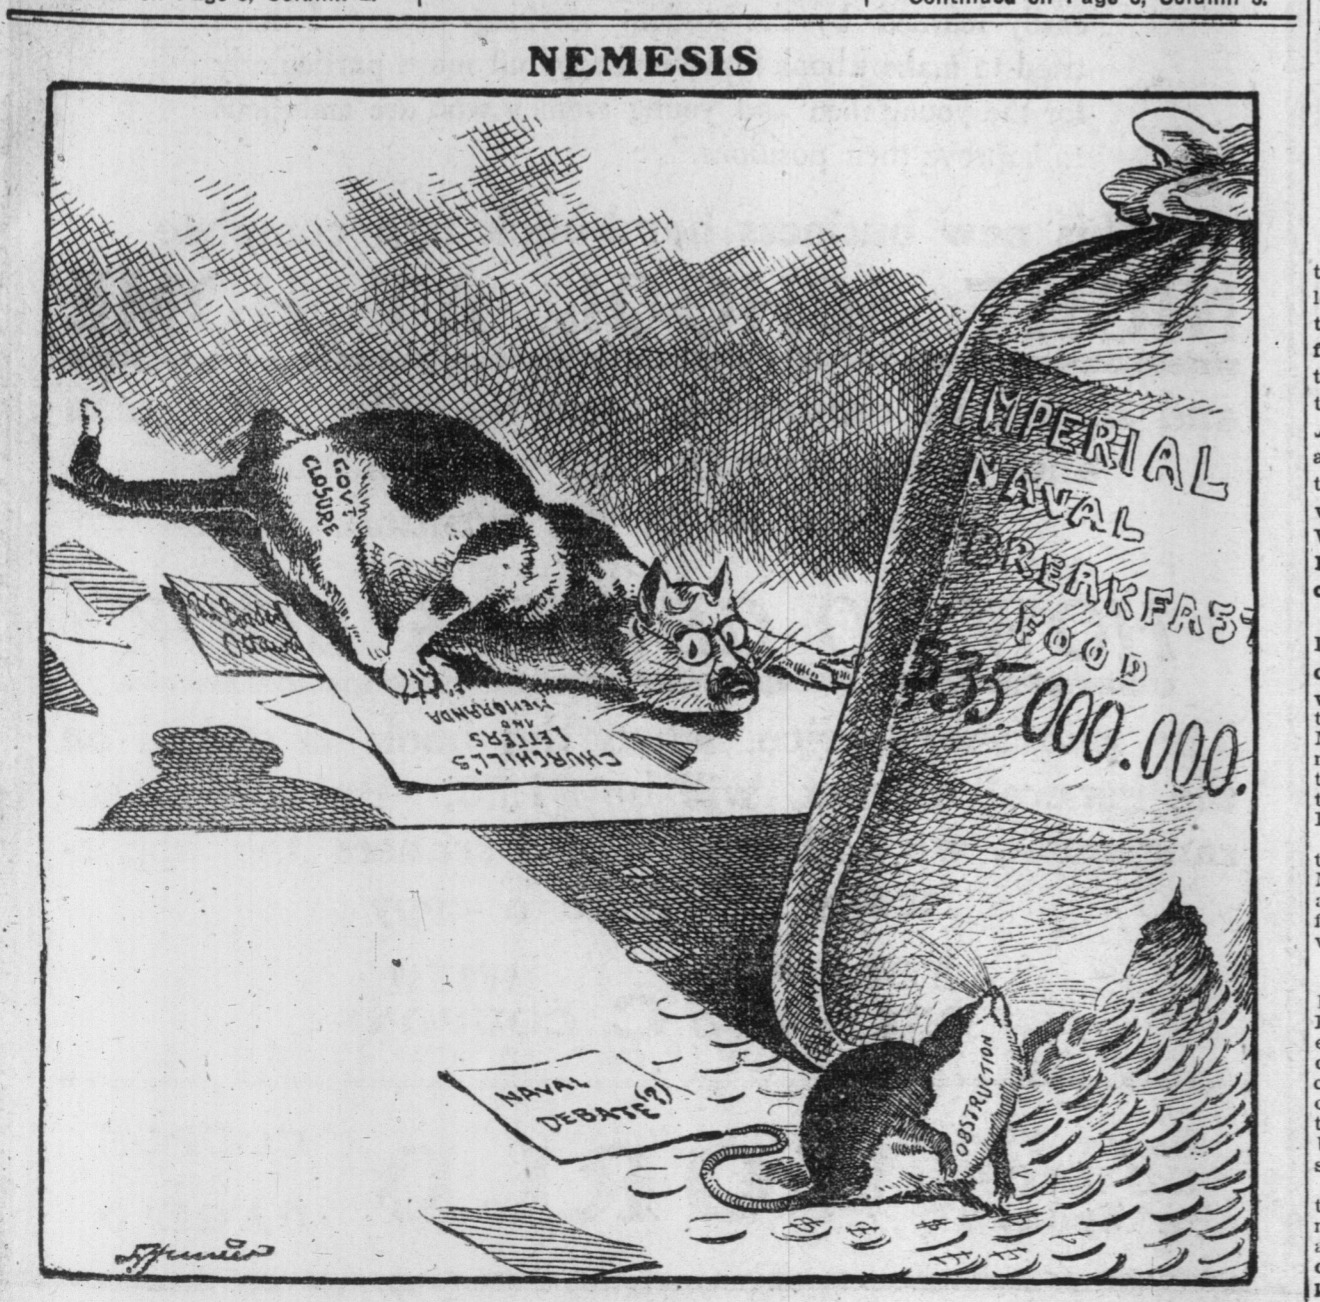

LONDON, March 12.—(Can. Press.)—The condition of Mrs. Emmeline Pankhurst, the suffragette leader, is still causing some concern. She was announced as one of the speakers at a meeting at Kensington tonight, but the chairman explained that she was unable to come, altho she was not seriously ill.

The speakers declared that militant tactics would be continued, Miss Brackenbury saying that if they could not get the vote by ladylike means they must get it by any means in their power.

Two suffragette meetings tonight, one at Edebridge, Kent, and the other at Radlett, Herefordshire, were broken up by opponents of the cause. At Edebridge the wall behind the platform was bespattered by a fusillade of eggs. The platform was stormed and the police were called out to restore order.

At Radlett the din of the shouting, singing and ringing of bells was maintained for nearly an hour. Red pepper was thrown about the hall and hardly a word of the speeches could be heard.

The government has served a writ on Frederick Pethick Lawrence, joint editor with his wife of the publication, Votes for Women, for the recovery of \$290, the unpaid balance of the costs in the conspiracy trial at Old Bailey last May. The sum of \$304 was recovered by the sale of Lawrence's furniture and belongings last October.

## STRAIGHT FIGHT IN SOUTH LANARK

W. G. Ferguson, Independent, Who Nominated, Announces That He Will Support Conservative Nominee.

PERTH, Ont., March 12.—(Can. Press.)—The nominations for candidates to fill the vacancy in the Ontario Legislature in South Lanark, caused by the death of the late Hon. Col. Matheson, took place in the town hall this afternoon. Three candidates were nominated: John C. Ebbs, Conservative; David McLean, Liberal; and W. G. Ferguson, Independent. Before the nomination J. B. Lyle, independent Conservative, had declared himself a candidate, but he was not nominated.

Shortly after the nomination Mr. Ferguson declared that he would drop out and leave the field to a Conservative or a Liberal. He stated that he had entered the field of his own wish, and that he would support Mr. Ebbs. The contest will now be between Mr. Ebbs and Mr. McLean.

SIR JAMES FLATLY NEMED LIQUOR INTERESTS BACKED UP ANTI-TREATING POLICY

Sam Clarke, Liberal For Northumberland, Made Statement to Which Premier Strongly Objected—Abolish the Bar Debate Unconcluded, But House Will Divide Next Week—Antagonistic Members Retract Charges.

Altho the fate of the Rowell "Abolish the Bar" motion is well known, the legislature has not yet divided on the question. Two bar abolitionists and one Conservative argued all yesterday afternoon, and it was expected that Sir James Whitney and N. W. Rowell would wind up the debate and the vote would be taken, but it was decided not to hold a night session. So the anti-treating policy will not be defeated until Tuesday next week.

Hugh Munro, Gleggarry, and Sam Clarke, Northumberland, two Liberals, and G. W. Neely, Conservative, East Middlesex, held the floor for three hours, and no new arguments resulted. The Liberals contented themselves with preaching temperance lectures, while Mr. Neely vigorously upheld the policy of the government.

While Sam Clarke was scoring the government for not enacting its proposed anti-treating law, he roused the ire of the premier. Mr. Clarke was quoting The Mail and Empire, which contained Sir James Whitney's speech on anti-treating, one year ago, and he inferred that the premier had said that his policy had the endorsement of the liquor people.

Premier's Denial. "I deny ever having made such a statement, which this peculiar honor member now puts in my mouth," said Sir James.

"Well, it is right here in black and white in The Mail and Empire," returned Mr. Clarke.

"I don't care if it is in The Mail and Empire or not, I deny it," replied the premier.

The speaker then interrupted the dialog, which was getting rather warm, and asked Mr. Clarke to accept the statement of the premier.

"You know you are getting the truth and you can't get away from it," shouted Mr. Clarke, who then resumed reading the premier's address. He touched again on the subject of the liquor people backing up the premier, and again Sir James interrupted.

"I denied that statement once, I hope I won't have to do it again," he said. "All right, I won't make it," snapped Mr. Clarke, amid much laughter.

day their differences were all smoothed over. Before the house opened they could have been seen behind the benches in earnest conversation, and when the prayers were over, Mr. Anderson rose in his seat and apologized for the charges he had made against Mr. Pratt of Tuesday evening. Mr. Pratt of Tuesday evening, to the effect that the member for South Norfolk had used his position to sell lands to the benefit of the people of Great Britain. The member for South Norfolk had stated that the reputation of Mr. Anderson in South Norfolk was not as good as it was in the house, and that he would be glad to make his hair stand.

Mr. Munro said that the abolition of the bar in eight states had brought about a great uplift, both intellectually and morally, and that the greatest curse in Ontario today was liquor. Local option had been in force in all of the municipalities in the County of Gleggarry, except the Township of Alexander, and in Alexandria, his home, there had not been a single solitary row since a year ago last May.

From his experience as a manufacturer employing more than 200 persons, he declared that the abolition of the bar was necessary to the country's economic welfare. "If all employers of labor would do what a good effect prohibition has, I don't think that there would be a single employer of labor who would not condemn the Government for its inaction."

Had Done Nothing. The government had done nothing for the temperance cause, he claimed. Today there were 231 licenses in Ontario in districts where the majority of the people had declared against them, and the voters when the plebiscite was taken in 1912, showed that it carried with a majority of 98,000.

Referring to Mr. Rowell's attitude in the matter, he said that at the time he took the leadership of the party he had taken reasonable measures to secure a qualified teacher. He also asked for a return of all correspondence between the educational department and J. Russell Mcgregor, M.P., president of the Manitoulin Conservative Association.

Bilingualism Again. D. Racine, who is now "whether the officers of the education department had to explain Circular No. 17, regarding bilingual schools, to the inspectors, who as exemplified in the case of Toronto, had explained to the inspectors and many explanations regarding the circular. He hints that the department itself is divided as to the true interpretation of the circular, and asks if this is not true.

Mr. Anderson asks whether N. B. Colbeck, formerly immigration officer at London, made an account of the government for the item of \$13,346 in the public accounts for "sundry advances he assisted passengers to Canada."

With regard to the election itself, the results unmistakably showed that the government's policy of local option was endorsed, and the policy of the bar condemned. One subdivision which under ordinary circumstances gave a Liberal majority of 400, gave the Conservatives a majority of 143, and this in spite of the fact that it had already passed local option. Another township gave a handsome Conservative majority, and then turned round at the beginning of the year and passed local option.

"Now which policy is public opinion supporting?" he asked, amid applause. "Surely the story tells it very plainly."

In conclusion, Mr. Neely said that the province would be undertaking a big risk in upsetting the present policy and administration. "It might be a mistake to swap horses crossing the river," he said, "and in which he described the situation.

Affects All Vehicles. Yesterday was the last day on which private bills could be introduced by members and consequently about 20 were given their first reading. The most important of these was an amendment to the act regulating travelling on public highways by Geo. Gooderham, Conservative for South Toronto, whose aim is to force all vehicles to stop while a street car is unloading or loading passengers.

At the present time the law in this respect embraces motor cars only. Mr. Gooderham believes that there is practically as much danger to human lives by other vehicles, which race by street cars while passengers are getting on or alighting. It is likely that the bill will not receive much opposition from either side of the house.

J. S. Brewster, North Brant, introduced an amendment to the Law Society Act to render more efficient the city libraries. The Law Society proposed to increase the grants to such libraries and are asking power to have more supervision over those libraries which are not properly looked after by local officers.

Kingston Wants Hydro Power

KINGSTON, March 12.—(Special)—The board of trade are pressing for more power. They are anxious that the city should open negotiations with the Hydro-Electric Commission, relative to having the commission consider the advisability of bringing power to Kingston from the Madawaska River. The board has asked the city council to take the matter up with the chairman of the Hydro-Electric Commission.

day their differences were all smoothed over. Before the house opened they could have been seen behind the benches in earnest conversation, and when the prayers were over, Mr. Anderson rose in his seat and apologized for the charges he had made against Mr. Pratt of Tuesday evening.

Mr. Munro said that the abolition of the bar in eight states had brought about a great uplift, both intellectually and morally, and that the greatest curse in Ontario today was liquor. Local option had been in force in all of the municipalities in the County of Gleggarry, except the Township of Alexander, and in Alexandria, his home, there had not been a single solitary row since a year ago last May.

The Law Society proposed to increase the grants to such libraries and are asking power to have more supervision over those libraries which are not properly looked after by local officers.

WHERE TO STAY IN THE BIG CITY

Hotel Bristol Offers Special Attractions For Canadians in New York.

The hundreds of Toronto people who intend to spend Easter in New York already are preparing to leave for the metropolis next week. It is expected that the Easter Sunday parade on Fifth avenue a week from Sunday will be the most brilliant ever seen in New York on account of the brilliance of color in the prevailing styles. The weather in New York is warmer than ever before at this time of year, and there is no doubt but that more Canadians will spend Easter here this year than in any previous year.

Naturally arrangements have to be made for hotel accommodation. Some people like to stay at hotels in the business district, others in a district nearer the theatres and uptown shops. No better accommodation can be secured than at the Arlington, in the downtown section, or the Bristol, at 132 West 49th street. The Bristol especially is an hotel second to none in New York. It is patronized by those who are particular about their accommodations. Situated, as it is, near the theatrical district close to the Fifth avenue shops and only a block from Broadway, it is ideally located for those who will spend Easter in the city. T. E. Tolson, the manager, has his headquarters at the Bristol, and is at all times anxious to do everything possible for Canadians, especially Torontonians.

SIR PERCY SCOTT TO RESIGN OFFICE

British Navy Never More Efficient Than Now, Says Veteran Admiral.

LONDON, March 12.—(Can. Press)—Speaking at the banquet of the chamber of commerce tonight, Vice-Admiral Sir Percy Scott said: "At the end of this week I will be out of the navy. There is no reason for me to remain when I have done my duty. The admiral added that the British navy was never more efficient than at the present time. In the last two months he had seen the navy make greater strides in gunnery efficiency than in five years previously.

Vice-Admiral Sir Percy Scott was for a long time director of naval gunnery practice. He is the inventor of night signalling apparatus now used in the royal navy, and of various appliances for improving the efficiency of gun shooting. He entered the navy in 1856.

MOTHER FIGHTS FOR CHILDREN

Wants Them Removed From Roman Catholic Institution by Courts.

In the non-jury assize court at the city hall yesterday, Mrs. Mary McNeill, a woman of ten years, who had been given into the care of the Roman Catholic Society of St. Vincent de Paul, was heard by Commissioner Stuart.

The St. Vincent de Paul Society's lawyer, T. L. Monahan, strongly opposed Mrs. McNeill's desire to have possession of her own little ones. He tried to show that the children were better off at the home of the society.

FOUR MEN ASPHYXIATED IN NANTON GAS PLANT

CALGARY, Alta., March 12.—Four gas operators, all residents of Calgary, employees of the Western Canada Natural Gas Company, were asphyxiated in the Nanton gas plant yesterday.

The dead men are: J. M. Bailey, foreman, who leaves a widow and infant son; Elmer Bailey, the foreman's brother; Thomas Rankins; J. G. Bailey.

The men were sent down to Nantons yesterday to repair a leak in the gas line. The nature of the work required shutting off the town's supply of gas. About 5 o'clock George Rogers of Nanton was sent out to ascertain how soon the gas could be turned on again. On arriving at the building he found the dead bodies.

YORK TOWNSHIP CONSERVATIVES

The monthly meeting for March was held on Tuesday night at Peter's Hall, Todmorden. Robert Hazelton, president of the association, presided.

Eighteen or twenty-inch water mains were decided upon by the commissioners in order to give the town more adequate fire protection as well as domestic service. The change means a large outlay, but the waterworks system pays its way and earns a good dividend.

Ready Today The Toronto World Offers its Readers Today the First Opportunity to Secure Advance Copies of This Entirely New Self-help Manual 100 Lessons BUSINESS By SEYMOUR EATON

What Mr. Eaton says of this Book: "A few years ago, when I was Director of the Department of Commerce of Drexel Institute, Philadelphia, I wrote several business text-books which met with immediate favor and sold into the hundreds of thousands. These books are somewhat out of date today. My publishers prevailed upon me to write an entirely new business book adapted to the young men and young women of today. This I have done, and to give the book immediate educational value among the people who actually need its help, one newspaper in each large city has been selected to make the distribution of the entire first edition. The book is not large. It is not intended that it should be. There are one hundred lessons and every lesson is short, and to the point. Not one waste word. Every lesson is self-instructive. The young man or the young woman who can read and write and do the simple rules of arithmetic, should be able to get the fullest possible benefit from these lessons. The course in double entry book-keeping is complete in twenty lessons, and I am free to say that I know of no text-book upon book-keeping, no matter what the cost, that gives the principles of double entry in a way so easily learned by the student working alone. I have tried to make a book for everybody, but more particularly for the young men and young women who are ambitious to improve their positions."

This new business hand-book is a complete NIGHT SCHOOL AT HOME and should be secured at once by every young man and young woman who is ambitious to improve his or her position. HOW TO GET THE BOOK The publisher's price, when the book is placed on the general market, will be \$1.50. By special arrangement, we will give World readers the opportunity to secure a copy FOR ONLY 77c WITH COUPONS Save the COUPON in Today's WORLD COUPON on PAGE 3

The Twinges of Lumbago There is nothing like Dr. Chase's Kidney-Liver Pills to rid the urine acid from the blood, and the source of the cause of lumbago and rheumatism. Mr. John N. Frank, farmer, Mink Lake, Alta., writes: "For two years I suffered from lumbago. Sharp pains would dart thru the back and sides or come on suddenly when bending or twisting the body. I could not do any work for months each year, was often confined to the bed, unable to sit or stand. "Since using Dr. Chase's Kidney-Liver Pills I have not had any more pain, and have been very greatly benefited. Though I still have slight attacks, this treatment seems to be driving the disease out of the system. "I have been entirely cured of annoying itching piles of three years' standing by use of Dr. Chase's Ointment. Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers, or Edmanon, Bates and Co., Limited, Toronto.

Gray Hair Turns Its Natural Color After Applying Sage Tea Mixed With Sulphur It Darkens Beautifully and Takes Off Dandruff. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures itching scalp, and dandruff, and restores the hair to its natural color and lustre. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get

# ASSERTS ANOTHER INVESTIGATOR WAS OUTSTRIPPED DR. FRIEDMANN

Dr. Richards of St. Agathe, Que., Starts Public Meeting at Ottawa by Putting North Claims on Behalf of an Anonymous Scientist—Cured Disease in Guinea Pigs.

OTTAWA, March 12.—(Can. Press.)—A German physician who claims to have discovered a serum which cures tuberculosis and who demonstrated his method in Ottawa this afternoon, has had his pretensions outstripped by those of another, the anonymous investigator, to quote the statement of Dr. A. J. Richard of St. Agathe, Que., in an address delivered at a public meeting held in the Young Men's Christian Association by the Canadian Association for the Prevention of Tuberculosis tonight.

The St. Agathe physician's announcement was the topic of the evening's meeting. Dr. Richard, who was also a paper delivered by Dr. Charles J. Hastings, medical health officer, and Dr. J. W. G. Macdonald, Mayor of Ottawa, who is also a member of the committee on tuberculosis.

After referring to the "excitement" which had attended Dr. Friedmann's presence in Ottawa, and the notoriety which he had acquired, Dr. Richard went on to say that he had been asked to give a paper on the "excitement" which had attended Dr. Friedmann's presence in Ottawa, and the notoriety which he had acquired.

Special to The Toronto World. WASHINGTON, March 12.—Dr. Friedmann has notified the public health service that he will give the details of his "cure" when the government experts, observing the success of the treatment, will be asked to give their views on the matter.

# HIS WIFE DIDN'T KILL HERSELF

The Man in the Open thought she had, and he married again. Shortly after his son was born his first wife turned up again, because she had pretended to be dead in order to get rid of him. Of course, Jesse Smith and his second wife had to part. She went to London and sang in Covent Garden. Smith's first wife set out to ruin him because she was jealous of his second. It's all told in

# "A MAN IN THE OPEN" NEXT MONDAY

Roger Poeck's stirring story, which commences in The World

# FURTHER CLINICS NOT DECIDED ON

Nothing Will Be Done Until Dr. Friedmann Returns to New York.

# PATIENTS DOING WELL

Special to The Toronto World. NEW YORK, March 12.—"Until my brother returns from Canada nothing will be decided in the matter of further clinics," said Dr. Arthur H. C. Friedmann today. "He will be here in a few days now, though he is being well received and has so many pressing invitations to work there that I am afraid he may have difficulty in getting away as soon as he would like to."

# FRIEDMANN WAS BESIEGED BY SUFFERERS

Continued From Page 1. A very advanced stage of muscular tuberculosis. The doctor injected the serum above the knee. Then followed a man suffering from tuberculosis in an advanced stage. The right ankle was badly swollen and plaster cast treatment had only served to aggravate the condition of the member. While on the platform he showed intense interest in the preparations being made for his treatment. After the operation he walked out of the room with the aid of a nurse.

Worked Smoothly. Dr. Friedmann's methods were very precise and he lost no time in performing the necessary actions. After everything was in good working order and the rest of the demonstration was being carried out smoothly, patients were lined all the way down the corridor and all raised their heads as the doctor came thru the passage.

FARM PURCHASED. LANSING, March 12.—A report is current that Joe Bayle's farm has been bought by a Toronto syndicate for subdivision into building lots. The exact price paid has not yet leaked out, but it is said to be around \$250,000.

# DIED AFTER SPEECH

Mike Moran, Well-known Character, Passed Away. Michael Moran, aged about 55 years, died in St. Michael's Hospital yesterday, a few hours after being removed from the cells at the city hall, where he had been held pending trial in the morning court. Moran has appeared in court many times. Later he had been on a prolonged period of intoxication.

# TRAIN DERAILED

Traffic on the Midland division of the Grand Trunk Railway was blocked for nearly three hours last night by the derailment of a freight train near Unionville. The G.T.R. express due at 9.50 p.m. did not arrive at the Toronto Union Station until 12.15 a.m. today.

# LIBERALS LOOK FOR COPPOLES

Legal Minds in Opposition Busy Trying to Find Way to Block Closure.

OTTAWA, March 12.—(Special.)—The legal lights of the opposition are busy preparing to deal with the closure resolution, which it is anticipated will soon be introduced in the house. As it is unnecessary to refer to a proposed amendment to the rules of the house to the committee of the whole there is a limit to possible obstruction. The British closure rule of 1882 was passed after 26 days of consideration, but the membership of the imperial house troubles that of the dominion house of commons, and the government is confident that the closure can be forced thru the house in a much shorter time.

Force Vote on Estimates. To meet this threat the closure may follow the present rules of the British house, and enable the government after a reasonable time, to vote upon the estimates on a bloc. Under our present rules all estimates upon which the supply will be founded must be passed by the committee of the whole, and when the house is once in committee there is at present practically no limit to obstruction.

# BILINGUAL ISSUE TO FOREFRONT AT WINDSOR

Continued From Page 1. declared E. T. Essery. "We have many good Liberals in our ranks. We ran a Conservative government and a Liberal government out of office on the school question, and we do it again if necessary. We want one law in the courts and one language in the schools. I want to tell our French-Canadian fellow-citizens that they have more liberty than they have in Italy or Spain."

# HAS TOBACCO TRUST DISSOLVED IS QUESTION TO BE DECIDED

Declaration Made That British American Tobacco Company Is a Monopoly in Restraint of Trade—Strong-Arm Methods Used to Prevent Proper Financing.

Special to The Toronto World. NEW YORK, March 12.—The question as to whether the tobacco trust has dissolved, as ordered by the United States Supreme Court, was squarely raised in part 1, special terms of the supreme court today when Kearny and Dickinson, counsel for the British-American Cigar Stores Company, answering a petition of the British-American Tobacco Company for an injunction restraining the former company from using its corporate name, declared that the British-American Tobacco Company is a monopoly in restraint of trade, and is working under a secret agreement in violation of the decision of the supreme court of the United States in the tobacco case and the decrees entered thereon.

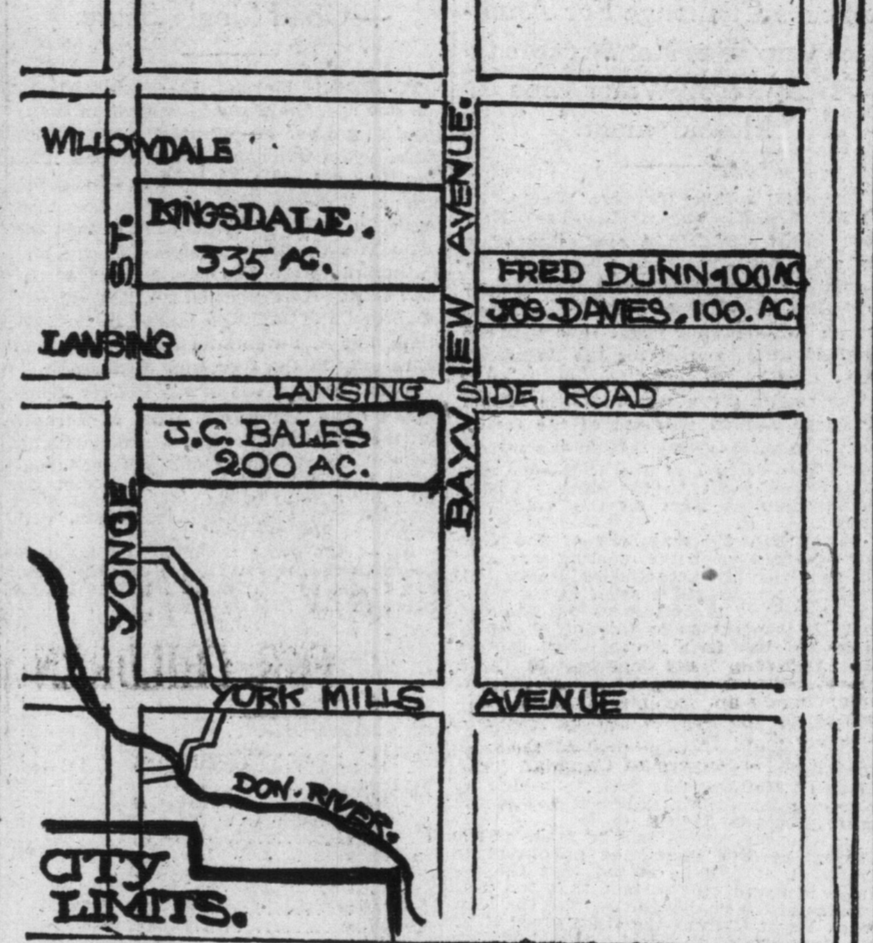

# IMPROVEMENT LEAGUE HEARD MUCH ADVICE

Sir John Willison Spoke on Improvements Needed in Toronto. At the luncheon of the Municipal Improvement League at McConkey's yesterday Sir John Willison made some criticism of civic affairs and suggested some remedies. The board of control system, he said, was the best system of municipal government, but he suggested that the controllers might take a little more responsibility in departments, getting closer to the cabinet system.

# REAL ESTATE AND CONSTRUCTION NEWS

## FOUR HUNDRED ACRES NORTH OF CITY BOUGHT BY WRIGHT'S, LTD. \$350,000 FOR THREE FARMS

J. C. Bale's Property of Two Hundred Acres at Lansing Brought Quarter Million—Davies and Dunn Farms on Bayview Avenue, Hundred Acres Each, Sold at Five Hundred an Acre—Ambitious Scheme of Local Development and House Construction. Buying 400 acres more at a cost of \$350,000 Wrights, Limited, 122 College street, now own or have under their control for development 750 acres from one and a half to three miles north of the city in the Yonge street and Bayview avenue sections. The firm has just closed a deal for the purchase of the J. C. Bale's farm, on the south side of the Lansing side-line, running thru from Yonge street to Bayview avenue, and the two hundred acres cost them a quarter million dollars. The property is level and will adapt itself readily to subdivision. It is to be retailed this spring. They have also acquired very recently the 100-acre farms of Joseph Davies and Mrs. Nancy Dunn, running east from Bayview avenue to the next concession line. One farm is the north half and the other the north half of 17, concession two, east of Yonge street. The farms are a quarter mile north of the Lansing line. Fifty thousand dollars for each was paid. These properties are immediately east from Kingsdale.

## HAS TOBACCO TRUST DISSOLVED IS QUESTION TO BE DECIDED

## EIGHT-STORY APARTMENT AT SHERBORNE AND WELLESLEY COST CLOSE TO HALF MILLION

Many Innovations and Improvements in What Will Be City's Largest Multi-Family House—Over Six Hundred Rooms. E. A. English, of English, Limited, and H. N. Deeth, of Deeth & Sons, left last night for Chicago to secure suggestions for the city's largest apartment house to be erected on the south side of Wellesley street from Sherbourne east to Eglinton street.

The new apartment house is to be eight stories high, and it will contain family houses, which are to be built in three units, all to be erected and completed during the year. A provisional permit has been secured from the city for the big multi-family house, which are to be built in three units, all to be erected and completed during the year. In addition to the bank of tenants' elevators, there will be a special tradesman's elevator service, and this is one of the points that will be looked into on the Chicago tour of inspection. Some other features for Toronto in the way of apartment houses are to be introduced. A complete refrigerating system, which does away with the handling of ice, will be installed, and only one now in the city being in the Wellesboro on Jarvis street; telephones in every suite, and a central switchboard downstairs, and there will be an office with a large staff.

## SOUTH BATHURST IS WELL LIKED

Realty Brokers Giving Attention to Developments Along New Commercial and Factory Street. Bathurst street, south of Queen, is looked upon with favor these days among real estate men. Some good sales being negotiated is the report, coming from the street, which in a very few weeks ago, during the latter end of the winter, developed marked activity, and higher prices are looked for with the building promised there.

## NEW SUBDIVISION IN THE HILL HOME DISTRICT

Property Up the Hill to Be Placed on the Market Shortly. The ambition of home makers is to secure a suitable property over the hill, or as familiarly spoken of, something up the Avenue road or Bathurst street hill, now the most favored residential section in or near the city. Price has hitherto stood in the way with many, for property "up the hill" has, within a year, jumped in price by leaps and bounds. Fifty, sixty and a hundred dollars a foot are not unusual prices to have named, with figures still advancing.

## HOMES FOR WORKINGMEN.

BERLIN, Ont., March 12.—(Special.)—Representatives of a firm of Toronto building contractors have been here this week, and as a result of their visit will send their architects to this city to plan for the erection of a number of \$200 to \$300 homes for working men.

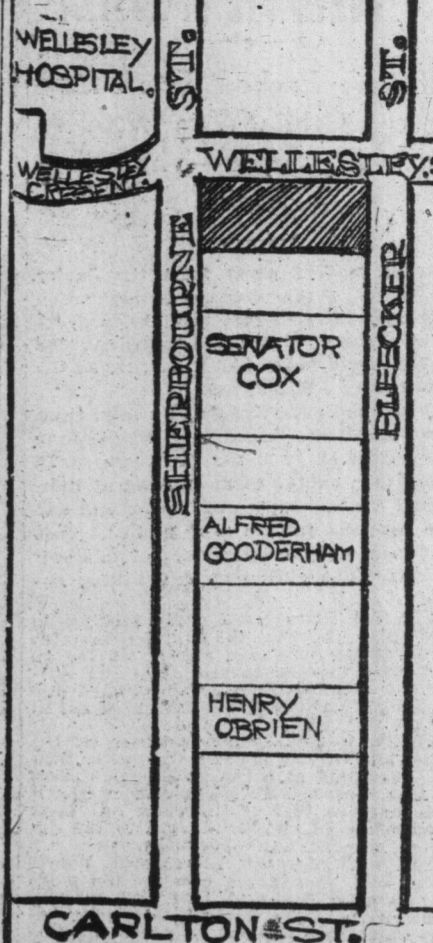

## WILL SUBDIVIDE HOP YARDS.

GALT, Mar. 12.—(Special.)—Unique and historic hop yards, embracing 48 acres, located at Preston and for many years owned and operated by J. D. Moore, ex-M.L.A., now county registrar, passed into the hands of Galt real estate men at \$500 per acre. The company will subdivide and sell the lots. It is the largest real estate deal yet pulled off in this county.

## TAKING GOAL TO NEWCASTLE.

LONDON, Ont., March 12.—(Can. Press.)—London building lots will be sold in Winnipeg shortly. It was reported that they were being sold at the present time, but the agent of the company states that the plans have been prepared and everything is ready to launch an advertising campaign in that city. A company which has bought a subdivision in Pottersburg, a recently annexed suburb, will sell the lots.

Hockey Orillia 9 Star Jrs. 0 Yachting N. Y. Y. C. Refuse Lipton's Challenge Bowling Good Scores at Toledo

JUNIOR CHAMPS WIN IN A WALK All-Stars Lacked Team Play and Orillia Won With Big Score—The Details.

Orillia walked away from the Junior All Stars at the arena last night and ably demonstrated just why they defeated all-comers for the O.H.A. honors.

Orillia had everything that a good team needs and their combination was superb. They checked back the whole way with every man on the team starting at individual work.

Whitty was easily the best man for the Stars and carried it down time after time in the second half, but nobody was there to take a pass.

The second half was a slaughter with Orillia just carrying it up from the face-off and raining shot after shot at Laird.

Orillia (9): Goal, Johnston; point, Reid; Fudhope; right, Jupp; left, Thornton.

Star Jr. (0): Goal, Johnston; point, Reid; Fudhope; right, Jupp; left, Thornton.

CLOSURE HANGS FIRE

would be imported from Britain. United States ship builders, had constructed yards capable of building dreadnoughts for less than \$4,000,000.

Mr. Borden then pointed out that Mr. Churchill's statement that the cost of a shipyard would be approximately \$75,000,000 had included the cost of all machinery and equipment necessary to build the yard itself and also gun-making apparatus.

White Label Ale advertisement with logo and text: 'This is Individuality to this pure bottled ale'

they had advocated in the past and advocated now the building of the greater part of the battleships in Canada.

Postmaster-General Pelletier interrupted Mr. Pugsley to ask him if the Admiralty would not dismiss Mr. Churchill when they were informed of his ignorance on naval matters.

Mr. Pugsley: "Why?" Mr. Pelletier's Neat Thrust. Mr. Pugsley: "Why because my hon. friend seemingly knows so much and Winston Churchill, according to me, friend, knows so little."

Mr. Pugsley believed that the people of Canada would receive with regret the statement contained in the memoranda, to the effect that if Canada did not immediately contribute three dreadnoughts to the imperial navy the admiralty would not lift a hand to help Canada if she decided to establish a local navy.

Mr. Law, the Liberal member for Yarmouth, announced that the Liberal member would sit day and night at the Admiralty in order to prevent the introduction of a bill for the purchase of three dreadnoughts.

Mr. Pugsley declared that the information contained in Mr. Churchill's memoranda was too full of generalities; it did not come down to facts.

Mr. Borden then pointed out that Mr. Churchill's statement that the cost of a shipyard would be approximately \$75,000,000 had included the cost of all machinery and equipment necessary to build the yard itself and also gun-making apparatus.

Mr. Pugsley declared that the Liberal Government had never intended when they built the ships in England, but the government had vetoed the suggestion and had once received many tenders from British ship builders to build ships in Canada.

Mr. Borden's reply that Mr. Pugsley was mistaken about the possibility of obtaining riveters in England. He had it on good authority that at the present time there was a paucity of expert riveters in England.

THURSDAY MORNING, MARCH 13, '13

PROPOSED METROPOLITAN DEAL

It is announced that negotiations are going on between the city and the Metropolitan Railway for a settlement of the deadlock that virtually exists in arranging for traffic conditions on Yonge street north of the C. P. R. tracks. It is proposed to exchange the ownership of the tracks to York Mills, the city building a double track to York Mills in the centre of a widened Yonge street, instead of the single track at the side, as at present.

A BUSINESS SUBSIDY

It is to be noted that the employers of help in Chicago, as elsewhere, are not concerned about what fair wages should be, but on how little a girl can subsist. A witness told the vice commission that a girl can live on \$5 a week, the items including 40 cents for seven breakfasts. No wonder the "No breakfast" habit is spreading.

ENEMIES OF THE HYDRO-ELECTRIC

No help is being afforded the hydro-electric system in the Aurora and Newmarket district by either the C.N. or the T.O. Are they both tied to the corporations? Are The Globe and The Star only theoretically hydro-electric and when a practical proposition comes up do they vote corporation? It looks like it. And Mr. Herbert Lennox, who is leader of the legislative interests in these constituencies, is he so helpless and incapable as a leader that he fears to raise the standard for Sir James Whitney's most valuable asset?

NOT SO BAD AS IT LOOKS

Mayor Hocken said that the city "got it in the neck" over the floating debt that have been discovered in North Toronto. If the city had not been so hard up as it has been since Mayor Geary found the city finances too much for him, the sum of \$229,000 would not have seemed so appalling.

COMMISSION GOVERNMENT IN DENVER

Denver, Colorado, has been and is one of the most progressive cities on the North American continent. For that reason it believes in its business being done in the public eye, and for information of its citizens and the cultivation of their healthy interest in its affairs it publishes semi-monthly a

periodical containing interesting information relating to the various civic departments. This publication is sent free on request to all taxpayers, and The World is also favored by its receipt. From the latest number we learn that by virtue of the amendments to the city charter, adopted by the electors at the special election held on February 14, the legislative, executive and administrative powers and duties of all officers are to be vested in a commission of five members, to be elected by the people and each to receive a salary of \$5000 a year.

The administration will be divided into five departments, those of property, finance, safety, improvement and social welfare, and their elected heads will each bear the designation of commissioner. In their hands will be concentrated all the powers and duties hitherto exercised by the numerous officials and boards under the constitution or general law for the City and County of Denver. These five commissioners will constitute the city council, and will meet in regular session every Monday. The council will appoint one of its number to be mayor, and he will act as presiding officer, but have no veto power. Any member absent for three successive sessions, unless excused on account of sickness, ceases to be a member, and his place will be filled as if a vacancy had occurred.

While each commissioner will have charge of his own department, the council may, by affirmative vote of four members, transfer any commissioner from one department to another. It also determines the policies to be pursued and the work to be undertaken, but each commissioner is individually responsible for their carrying out so far as they affect his department. No question can arise as to this, for the powers and duties of each commissioner have been carefully defined, and, if doubt there should be, the council may by resolution determine the matter. The charter amendments also provide for non-partisan elections, and the ballots will permit a voter to indicate his first, second and third choices, and this for the purpose of making it possible to vote against any one or more candidates. Denver in 1910 had a population of 213,381, and the results of this new departure will be watched with interest.

DEFAULTING AMERICAN STATES

In the thirty-ninth annual report of the Corporation of Foreign Bondholders, recently issued in London, several states of the neighboring republic make but a sorry showing. During 1912 Nicaragua made a settlement of its debt by reducing the rate of interest from six to five per cent, and leaving the principal intact. Even the defaulting African State of Liberia paid off its outstanding debts in cash as a result of protracted negotiations. Ecuador resumed remittances for the service of the Guayaquil and Quito Railway bonds and indeed the only two Spanish-American republics remaining on the defaulters' list are Guatemala and Honduras, the former especially showing no indication of repentance for what the council describes as an "act of spoliation by which the bondholders were arbitrarily robbed of the revenues specially assigned to them."

No less than nine of the states of the North American Union remain on the black list. Those thus pilloried are: Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North and South Carolina and West Virginia. Contrary to what is commonly supposed, none of their repudiated obligations were "war" debts, but so far as the council is aware, the money, in most cases, was borrowed for works of public utility. Mississippi issued loans of \$7,000,000 between 1831 and 1838 to establish the Planters' and Union Bank and paid coupons while it flourished, but ceased payment when it got into difficulties. North Carolina, after the civil war, borrowed \$12,500,000, largely expended in railroad construction, and repudiated the debt after three coupon payments on the ground that it was contracted under a "carpet bag" administration. Tennessee made a similar excuse, but repented and paid.

REVENUES FROM NATURAL RESOURCES

In his budget speech, delivered in the legislative assembly of British Columbia in the latter part of last month, the Hon. Price Ellison, minister of finance, made an important statement on the taxation question. Referring to the report of the royal commission he said it made four principal recommendations—the abolition of the poll tax; the exemption of improvements from taxation; the abolition of the property tax, and the readjustment of the income tax. After careful consideration the British Columbia Government decided that to adopt all these recommendations at once would involve too great an immediate loss of revenue.

As introduced the bill now before the assembly proposes to abolish the poll tax, entailing a loss of revenue to the extent of about \$250,000, and in two years' time to exempt improvements from taxation. After the lapse of four years the tax on personal property will cease and the incidence of the income tax will be re-arranged and in this way the recommendations of the royal commission will be carried into effect. As explained by Mr. Ellison the aim of the present Conservative government of the western province is by easy stages to reach a

point where direct taxation will be eliminated, and its revenues obtained from its natural resources. This he regarded as a sound policy. As a matter of fact it means that the system found satisfactory by Vancouver and other cities will be adopted for the province.

It has been suggested in England as a cure for suffragettes that the ladies be rubbed all over with oil from the dugong, an aquatic, herbivorous, halocorid, strelnan mammal. Why shouldn't Borden try this on the opposition at Ottawa? It would prevent friction at all events.

'SHERMAN'S' MAY BE ALLOWED

Editor World: I have been allowed a small space in your paper to give my views on the paragraph on the front page of Saturday's edition, headed "Dry Canteen is Fixed Policy of Hughes."

Being an old soldier of both foreign and active service (having served several years in the First King's Dragoon Guards) I think I can speak not only for myself, but for 99 per cent. of the rank and file of the British army, including the Canadian forces.

Would it be an impudent question to ask what regular regiment in England was it that Col. Hughes' "dry canteen" was 99 per cent. total abstainers?

It makes those who have been in the service wonder whether it was the "Salvation Army" the colonel saw.

Col. Mitchell is to be congratulated on being able to say truthfully that in a camp of 4000 men not one was the worse for liquor, so far as he had seen. He may not have seen, but I for one doubt whether such a sublime condition of affairs existed in reality. I am not speaking from hearsay, but from my own personal experience of the regular service and militia service. When I was in camp with the 37th Regiment and must say that I heard more complaints expressed and more dissatisfaction shown in reference to the "dry order." The consequence was some went into the town and obtained bottles of whiskey (?) and returned to camp in anything but soldierly order.

Now, my contention is this: If these men had been able to obtain refreshment in their own canteens (under government management) they would get genuine stuff and not make hogs of themselves. I wish some of these "dry advocates" could see a camp on Salisbury Plain (England), or Laffin's Plain, Alshott, with between 10,000 and 12,000 troops; they would see there the same order and discipline with canteens and a most contented and happy lot of men. Personally I have tried marching on "water" and found that the more water I drank the more I wanted and the less fit I was to march. If the worst of the "dry order" is to be maintained, I'm afraid it will be a very small one, because the reason is obvious: humankind will not starve itself. They will take their vacation to fit in the date for their regiment goes into camp and have been accustomed to have their "wet" beer in moderation, but they are now seriously considering whether to hand in their papers or not. One thing is certain, that if men want to be "dry" they must get it legally, and not be "wet" and illegally, and men are more than ready to do it. They will do it if they had their own "wet" canteens in the camp ground.

TO RAISE MILK PRICE

LONDON, Ont., March 12. (Can. Press)—The milk dealers of this city petitioned to raise the price of milk from 6c to 7c per quart. The reason given is that the cost of production is given as the reason.

DEATHS.

ALEXANDER—Entered into rest March 7th, at his late residence, 716 Spadina avenue, Joseph Alexander, formerly of Moose Mills.

FORSYTH—On Sunday, March 9, 1913, Emma, beloved wife of John J. Forsyth, of 48 Arlington avenue, Toronto, aged 31 years.

MANNING—On Monday, March 10, at midnight, May Helling, beloved wife of Arthur W. Manning, aged 31 years, at 121 Carlton street.

ROBINSON—On Tuesday, March 11th, 1913, at Toronto, Mary, widow of the late John Robinson, aged 72 years.

SHEA—At Toronto, on Saturday, March 8, Patrick Shea, late of Cobourg.

The funeral will take place from H. Rank's undertaking parlors, 455 West Queen on Friday, March 14th, at 2 p.m., from A. W. Miles' funeral chapel, 395 College street. Interment at Mount Pleasant cemetery. Friends please accept this notice.

Wanted Big Grant. J. H. Plummer asked for a grant of \$10,000 to the Ontario Institute of the Infant's Home on St. Mary's street. He said the directorate had \$60,000 for the new wing, that is costing \$65,000, and that an extra \$5,000 was needed to carry out the plumbing system required by the department of health. The supplementary appropriation of \$60,000 for the Central Technical School building is granted when the requisition is made.

Works Commission. Works Commission Harris is preparing a plan for supplying east and west sections of the city with filtered city water. It will involve an enlargement of the plant and is an alternative plan to that submitted by experts.

Water. A steam turbine plant, to cost \$25,000, is to be installed at the John St. pumping station for auxiliary power for the hydro-electric system.

Tenement house conditions on East King street, especially in the section where Macedonians have settled, are being corrected by the department of health. District nurses have from time to time reported great congestion in some of these tenements, and this danger of contagion has been the time of the year has influenced the department of health to close and fumigate the houses where congestion has produced the greatest accumulation of dirt.

WHAT SCIENTISTS ARE DOING. A branch of the British meteorological office will hereafter be operated from the Royal Albert Hall, 21, South Farnborough for the purpose of supplying weather information and forecasts to aeroplanes.

According to the Scientific American of recent issue, it is generally supposed that the ancients succeeded in hardening copper. Metallurgists who have examined specimens of this so-called hardened copper have found that it is not pure copper, but usually an alloy of copper, either natural (that is, the two metals existed in one ore, or that in the process of reduction an alloy was formed) or an artificial alloy made by melting two ores together, the one copper and the other zinc.

The British Association for the Advancement of Science will meet in Australia for the first time in August, 1914, the association has met three times in Canada and once in South Africa, but all the other meetings have been held in the British Isles.

Australian meeting will include sessions at several towns. The commonwealth government has appointed a federal council to arrange for the meeting under the patronage of the governor-general and will be presided over as chairman, and has granted \$15,000 to pay the passage to Australia of not more than 150 official representatives.

In an article urging the establishment of an aerodynamic laboratory, The Scientific American states that the advantages from such a step will be as great as those which resulted from the experimental basin, the wisdom of which has not been questioned by those who follow the development of naval affairs. All the principal nations of Europe already have such plants, and the work which has been performed has fully justified the step. Such a plant could be equipped for \$200,000. The work of such a laboratory would logically divide itself into two main divisions—experimental verification and experimental research. The first would deal essentially with problems as they stand and lead to the formulating of certain standards, but unquestionably

CITY TO CONTROL ELECTRIC LINES

On Streets in Land Area Fifteen Miles From the Centre.

NEW REGISTRY OFFICE

No Necessity to Combine Business of City and County.

Sir James Whitney is to be asked next week by the board of control to give Toronto the right to decide what electric road franchise will be given on streets in the land area 15 miles from the centre of the city.

It is expected that the request will be granted, as Toronto is now assisting generously in the construction of good wagon roads leading into the city for the betterment of transportation to and from the immediate contributory territory.

The board will contend that to carry out an effective policy of economic transfer of the routes and administration of electric lines in the Metropolitan area should be under similar supervision to that of good wagon roads.

With this control given Toronto, it would follow that all electric lines seeking entrance to the city, as one of the populous points of the province, would be limited to well-defined routes that would be as much leading roads to and from the immediate contributory territory as are the roads now selected by the good roads commission. Any operation of electric lines of these main trade routes would necessarily be by the municipal system of street car lines.

Registry Office. The registry office is not one-third as large as is required, and the men and women are indelicately crowded," said Registrar Ryan in the board of control yesterday.

Not one document in the office has connection with county business. It is absurd to combine the city and county business in the new registry office.

Controller Church said he would move on Friday to have the new registry office solely for city business, and to have the building proceeded with at once.

Toronto Western Hospital complained that the sand in the city water pipes is damaging the plumbing of the institution. "In less than half a minute a pint of sand came from a tap," the complaint stated. It was referred to the works department.

Wanted Big Grant. J. H. Plummer asked for a grant of \$10,000 to the Ontario Institute of the Infant's Home on St. Mary's street.

Works Commission. Works Commission Harris is preparing a plan for supplying east and west sections of the city with filtered city water.

Water. A steam turbine plant, to cost \$25,000, is to be installed at the John St. pumping station for auxiliary power for the hydro-electric system.

Tenement house conditions on East King street, especially in the section where Macedonians have settled, are being corrected by the department of health.

WHAT SCIENTISTS ARE DOING. A branch of the British meteorological office will hereafter be operated from the Royal Albert Hall, 21, South Farnborough for the purpose of supplying weather information and forecasts to aeroplanes.

According to the Scientific American of recent issue, it is generally supposed that the ancients succeeded in hardening copper.

The British Association for the Advancement of Science will meet in Australia for the first time in August, 1914, the association has met three times in Canada and once in South Africa, but all the other meetings have been held in the British Isles.

Australian meeting will include sessions at several towns. The commonwealth government has appointed a federal council to arrange for the meeting under the patronage of the governor-general and will be presided over as chairman, and has granted \$15,000 to pay the passage to Australia of not more than 150 official representatives.

In an article urging the establishment of an aerodynamic laboratory, The Scientific American states that the advantages from such a step will be as great as those which resulted from the experimental basin, the wisdom of which has not been questioned by those who follow the development of naval affairs.

All the principal nations of Europe already have such plants, and the work which has been performed has fully justified the step.

Such a plant could be equipped for \$200,000. The work of such a laboratory would logically divide itself into two main divisions—experimental verification and experimental research.

The first would deal essentially with problems as they stand and lead to the formulating of certain standards, but unquestionably

Office Tenants C.P.R. Building

We have a fine display of desks and chairs in mahogany that will match perfectly the finishings and decorative scheme of the new offices in this building.

We are agents for the famous "Cutler" Line of Office Furniture

Marvels of the desk-maker's art that you'll be immensely pleased with if you'll take the time to see them.

## SOCIETY

The evening meeting of the Toronto Skating Club has been changed to Friday, when a large number of members of the Minto Skating Club, Ottawa, will be present, and will give exhibitions of free and pair skating. Lady Gibson is giving a tea in the afternoon in their honor.

Miss Joan Mallock is expected at Government House from Hamilton on the 15th. Early in April Miss Meta Gibson will accompany Miss Mallock to New York.

The following gentlemen had the honor of being invited to a parliamentary dinner at Government House by His Honor the Lieutenant-Governor last evening:

Justice Middleton	J. M. Clark, K.C.
Judge Denton	Dr. James Loudon
Frank Healey	O. B. Sheppard
J. Solman	J. Castelli Hopkins
Dr. Hastings	Mr. Glickman
J. W. Westbrook	J. C. Milligan
H. W. Owens	D. M. Hogarth
H. Munro	S. C. M. Nesbitt
J. Thompson	J. I. Harit
R. J. Cook	S. H. Armstrong
T. R. Mayberry	J. J. McCormack
Lt.-Col. Atkinson	J. G. Anderson
E. E. Fraser	Dr. A. W. Nixon
D. MacArthur	A. M. Rankin
W. R. Ferguson	T. W. Gibson, deputy
F. S. Welton	Commodore Jarvis
Dr. Torrington	A. J. McGee
R. J. Fleming	A. F. Howell, K.C.
Dr. Harley Smith	Commodore Jarvis
R. J. Score	Commodore Jarvis
Commodore Lennox	R. C. Y. C.
R. V. C. C.	John Knox, Hamilton
J. W. Sutherland,	Hamilton.

The causerie musicale will take place on Friday afternoon at Mrs. Palmer's house, Huntley Lodge, Dufferin Park. This will be the last of the series.

The Canadian National Horse Show will take place in the armories, Toronto, April 29 to May 3, and the Ottawa Horse Show is to be held from May 13 to 17.

Col. Stinson will spend Easter in New York.

Lady Pellat has issued invitations to the Girl Guides of Toronto and their officers, and also to the members of the Dominion Council and local committees of the organization and several other ladies who are interested in the movement, to the conservatory, CasaLoma, Walmers road, from 4 to 6 o'clock on Saturday afternoon.

Miss Gertrude Quinlan, who is playing at the Royal Alexandra, has given several small teas at the King Edward this week.

Mrs. and Mrs. C. V. Stockwell have returned from abroad, and are staying with Mrs. Brockenridge Porter, in Buffalo.

Mrs. G. Edgar Montgomery, 387 Sunnyside avenue, has issued invitations to an at home on Tuesday, March 18, from 4 to 6.

Prof. Pelham Edgar, whose health for some time has not been too satisfactory, left Tuesday with Mrs. Edgar for Italy, and it is expected, will be absent for six months.

Mrs. Angus Sinclair was the hostess of a small bridge party Tuesday afternoon.

Madame L. P. Bellel, Ottawa, gave a bridge party yesterday in honor of Mrs. A. E. Kemp and her sister, Mrs. MacAlister.

Mrs. E. R. O. Clarkson gave a small home dance last night.

Mrs. Williams Beardmore is in New York.

Col and Mrs. Sweeney are giving a tea on Sunday afternoon for the members of the Minto Skating Club.

Mrs. Hendrie, "The Holmstead," Hamilton, is visiting Mrs. Allen Case.

Lady Williams-Taylor is joining Mr. and Mrs. James Ross in their yacht, Glencairn, for a cruise in the Mediterranean.

Mrs. and Mrs. Condon and Miss Frances Condon are spending a few days with Mrs. Laurence Clarke in Buffalo.

The sixteenth annual meeting of the U. E. Loyalty Association will take place at 8 o'clock this evening at the Military Institute, Simcoe street.

Mrs. Mary Tedman, 27 Parnham avenue, left for New York to spend Easter with friends.

Mr. and Mrs. Charles C. Cummings, with their son and daughter, Jean and Lunden, are spending a month in Florida.

Mrs. Stone and Mr. Heath Stone have returned from Vancouver, where they have been spending a couple of months. Mrs. H. H. Nugent and her young son accompanied them on their trip. Mr. and Mrs. Stone are at the King Edward.

Mrs. J. Fairbanks of Dalhousie avenue, was at the house of a delightful musicale and a card party in honor of her guests, Mrs. Sidney and Mrs. J. H. Fairbanks, on the following: Mrs. John Fairbanks, Mrs. D. Stokes, Miss Vivian Yearsley, Russell Stokes, Euclyde Stokes, Mrs. O. J. E. Fairley, consolation: Mrs. W. Parrot, first; Mr. Chas. Moore, consolation. Among those present were: Mrs. A. Atwood, Mr. and Mrs. Adamson, Mrs. S. G. Moore, Mr. and Mrs. W. Parrot, first; Mrs. E. O. Stokes, Mrs. E. Yearsley, Mrs. E. Boyd (Winnipeg), Mrs. E. Ruthven, Miss Lois, Miss Vivian.

### The Daily Hint From Paris

A BECOMING DESIGN.

New but not extreme, this design will appeal to many. A black and white striped voile is the material, and a pretty effect is gained by using stripes of two widths.

A girle of black velvet ribbon, edged with a fold of rose pink satin, and buttons covered with the satin and attached with black, are used as a trimming.

Yearsley, Miss Florence Good, Miss Stewart, Mr. and Mrs. R. Fairbanks, Mr. and Mrs. F. B. Scott, Messrs. Eric M. Young, C. Leonard, E. Eldrick, Eugene Sidley, Hugo Delespie, A. Fairbanks, Mr. Kennedy and Mr. Servas, a dainty buffet supper was served after which a flash-light was taken.

Mrs. F. Boyd of Winnipeg is the guest of Mrs. W. F. Wickert, Melville ave.

Receptions Today.

Mrs. James Worts and Miss Della Davies, 441 Avenue road. Mrs. T. Crawford Brown, Edith St. George street, also Friday and not again. Mrs. Ernest F. Griffith (nee Fairley), 32 Radford avenue. Mrs. W. La Ruch (nee Roberts), 72 Marchmont road, off Shaw street, near Davenport road. Mrs. W. Long, 26 High Park gardens, 4 to 6 o'clock, and not again. Mrs. Miss Brown with her, Mrs. P. A. Vale, 55 Dufferin road, and not again. Mrs. A. Keith and Miss Elsie Keith, 416 Marchmont street, and not again. Mrs. James S. Earl, 138 Evelyn avenue, and not again. Mrs. Sarsen at Central Neighborhood House, 81 West Gerrard street.

Madame L. P. Bellel, Ottawa, gave a bridge party yesterday in honor of Mrs. A. E. Kemp and her sister, Mrs. MacAlister.

Mrs. E. R. O. Clarkson gave a small home dance last night.

Mrs. Williams Beardmore is in New York.

Col and Mrs. Sweeney are giving a tea on Sunday afternoon for the members of the Minto Skating Club.

Mrs. Hendrie, "The Holmstead," Hamilton, is visiting Mrs. Allen Case.

## GOOPS

By GELETT BURGESS

**Andrew Crossett**

Have you heard how Andrew Crossett Meddled with the water-faucet? Letting water flood the sink? Andrew was a Goop, I think; Otherwise he would have known He should let such things alone!

### Don't Be A Goop!

## NURSERY

CONDUCTED BY Elinor Murray

### THE REST HABIT

No child under seven years of age is so well and strong that he does not need a nap in the middle of the day. Constant activity for even twelve hours at a stretch is too much for any child. But you know dozens of children whose days is longer than twelve hours, who have no resting time at all. Mothers say that it is no use to try to make their children sleep, they simply will not. That is not true. The mother can blame only herself if the child is so nervous and excitable that he cannot relax completely and sleep at a regular time each day.

If a mother will begin very early to see that her child has a few minutes each day of complete quiet and rest she will teach him a control of mental and physical activity that will be of inestimable value to him later.

This practice of relaxing should be indulged in by the mothers, too. It is wonderful how freshened one seems after ten minutes flat on one's back, with absolutely no movement, and as

## MURRAY-KAY'S SPRING OPENING

The spring opening of the Murray-Kay, Limited, shows the most radical change that has taken place for several years in millinery. The hats are very small and the great variety of color is displayed. Many of the shades are bright even to boldness, but artistic skill and the great variety of all most attractive. A new note, too, is introduced into the designs, the note of simplicity. Where the hats of last season vied with one another in the weight and wealth of plumes and other ponderous adornment, the tendency this year is to comfort and lightness. Hatpins are a thing of the past or at least may be largely discarded. In size, material and color this season's offerings present an unexpected but most agreeable change. Amber, brown, cherry, coral, ruby, geranium, American Beauty, topaz, tangerine, soft yellow, Japan green, Orientals are shown in the millinery department in the Murray-Kay Limited. The shapes in many instances show long lines; others are saucy and cute, the "stuck-up" finish adding to the effect. A handsome pattern hat somewhat different from the greater number has a rather broad white brim, with soft white satin crown veiled in black, a wreath of small crushed pink roses, ending at the back in lilies of the valley. A handsome design has a black straw crown, with dark-gray velvet brim and front rosette of tiny dull pink, green and lavender blossom. A light straw hat with a trimming falling all about the crown of tiny rosebuds, and many hats shown have scarcely any more adornment than a wreath of French roses, with side or back elevation. Panamas, with bands of Oriental silk and high bow at the back or side, are simple, but becoming. French Dredons, grounders and tinons are used as partial coverings, and flowers are strongly in evidence everywhere. A striking hat has a taupe shantung crown with narrow, straight brim, the whole of American Beauty pinks, a narrow, straw-colored band, with feather at the side, being the only trimming. On the whole the display is rich and varied, and while richness in quality is conspicuous, simplicity is always a leading feature. The variety of shades makes a riot of color, and the cases are like so many beds of sweet peas, and just as attractive to the hosts who through the store during the opening.

The costumes are another feature. The latest designs in suits and cloaks are shown in several shades of blue, crown veiled in black, drabs, blue, purple, and many new and interesting features are introduced.

## BILLIE BURKE

### OFF THE STAGE

Charming Actress Found to Be Bright, Clever Womanly Girl.

### TALKS TO "THE WORLD"

Courage, Patience, Influence and Ability Essential to Stage Success.

Sweet Billie Burke, slender and litesome as a daffodil of early springtime and just as wholesome and fair to look upon, when playing her art is as perfect as to seem nature itself, and behind the scenes, when "The World" had a few minutes chat with her, Billie was found to be that very lovable thing "a girl," a tender, bright, clever, womanly girl, gracious and hospitable, and perhaps a little tired after her three hours' hard work.

The little white hand of Miss Burke went out in greeting and for a short space two women chatted and talked sympathetically, who had never met before and probably would never meet again. "White" drabbing, silken draperies fell about the actress, and she perished full, with its golden halo of hair and amber burning lashes, was very winsome.

"Do you like playing in Toronto?" was a question that somehow came up, and Miss Burke gave a hearty assent. "Oh, my, they are dear people. I love playing here. This is my fifth season."

"What about the stage as a profession?" So many girls would like to try it, and there is such diversity of opinion about it.

"When asked," Miss Burke replied, "it means hard work, and a certain amount of training. It wants courage, too, and influence and patience. Patience for the one who is preparing for the stage, and for the manager, if a girl has exceptional talent she will be accepted at once; if not—it is hard. It is just like any other profession—the newspaper, for instance. You are recommended, you begin, and get on a little by little."

"When asked how she first thought of the stage, Miss Burke at once answered: "My father was on the stage—'It's in the blood.'"

"This course," she went on, "is a great measure for the success of Miss Burke, for nothing counts in such things like heredity and early environment."

"You are very sweet," one could not refrain from telling Miss Burke on parting, and her radiant girlish face smiled in response.

Miss Burke was born in Washington, D. C., but was educated in England and on the continent. She made her debut in "The School Girl," and referring to this Miss Burke said, laughingly, "It does not require much voice to sing in comic opera, you know. It is just temperament that is required. She made her first 'hit' in "My Little Canoe Girl," and came into favor as "My Little Canoe Girl." She has since played "Love Watches," "Mrs. Dot," "Susanne," and other plays. The "Mind the Paint Girl," in which Miss Burke is now playing, is her first venture as an emotional actress, and the temperament and nerve she has shown in her part have been a surprise to the public. Successful before, the recall, at the close of her different acts, would be sufficient to give her first place with the thousands who attend her performances.

Miss Burke is accompanied by her mother, who is always with her and has her own "car."

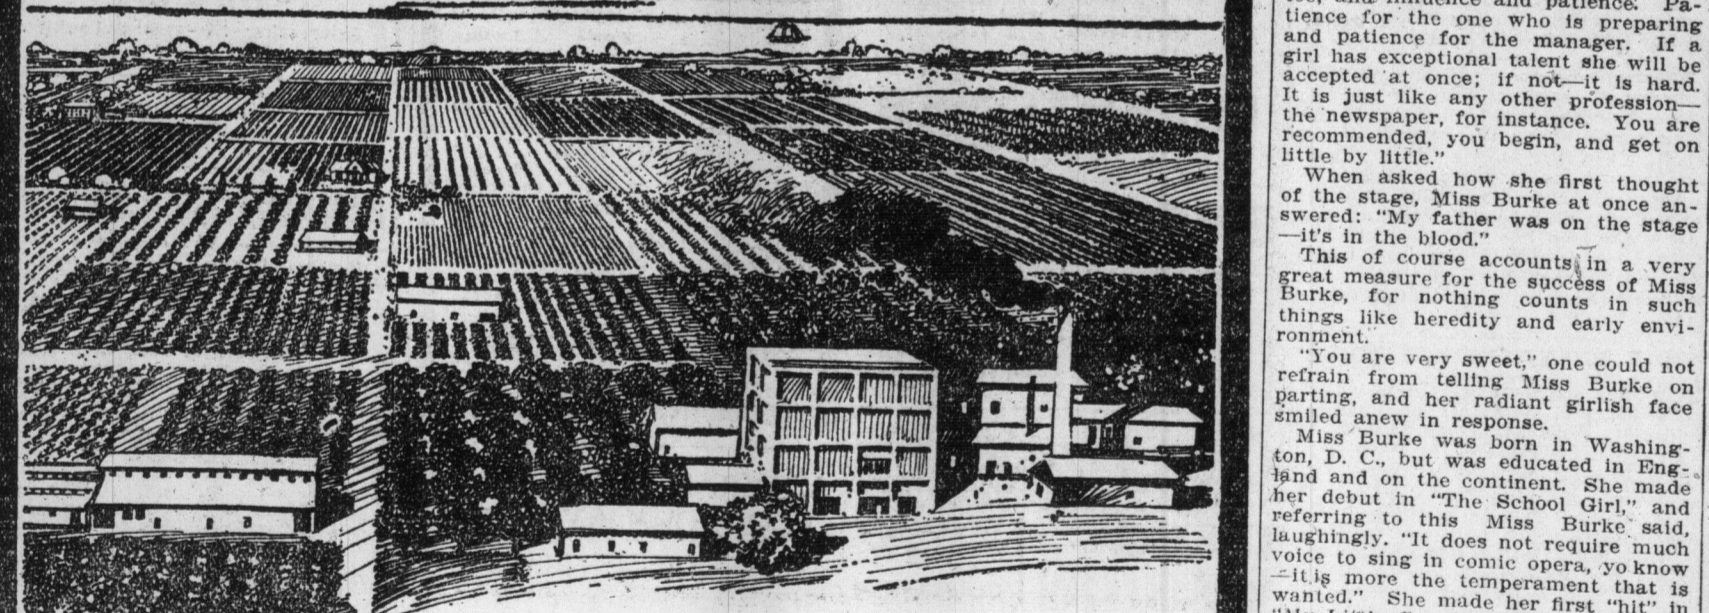

If proof were needed as to the popularity of Miss Burke with her Toronto audience, the recall, repeated so often as to seem incessant, at the close of her different acts, would be sufficient to give her first place with the thousands who attend her performances.

### All the New Victrola Records.

In the Victrola parlors of Y. O. Old Firm of Heinzman & Co., Ltd., 193-197 Yonge street, you are sure to secure all the newest records—in fact, the most anything you want, the assortment is of such a size. Phone M. 6587 and records needed will be delivered you.

### Receptions.

Mrs. William Walker, first time in new house, 21 Hewitt avenue, High Park, Friday afternoon 3.30 to 5 o'clock, and not again. Mrs. Alex Munro, 94 Dufferin avenue, Friday and not again. Mrs. Steward and Miss Wilkes, 23 De Lisle avenue, not again. Mrs. Forbes Keith, Wellesboro, 416 Jarvis street, Friday.

## From an Orchard of a Thousand Acres

The E. D. Smith Jam Kitchens are situated right in the midst of the fruitful Niagara Valley—that Garden of Canada where climatic conditions make the fruit more full flavored and luscious than anywhere else in the world.

The ripe fresh fruits are picked in the morning—made into delicious Jam the same night. No long rail haul—no chance for heat and decay in transit. No need to pick the fruit "green" to ripen on the way. They are picked just when ripe and ready.

In no other Jams will you find the same quality and purity as in

ONLY whole, ripe, firm Tomatoes—the kind that you use whole on your own table—are good enough for E. D. Smith's Tomato Catsup.

E. D. Smith's Tomato Catsup is an appetizer and relish for all lunches or dinners.

**E. D. Smith's Jams and Jellies**

—and the cost is no more than for inferior fruits and inferior Jams. Ask your Grocer for E. D. Smith's.

E. D. SMITH & SON, Limited WILSONA, Ont.

## EFFICIENT HOUSEKEEPING

BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

### SPINACH

SPINACH was at one time a famous salad herb; its first green leaves were watched for as eagerly as Noah watched for the dove and it was longed for with a sort of thirst.

This was before hot-houses and forcing frames made it possible to obtain it all thru the year. And before it could be had in cans, with a tiny flavor, to be sure, but with a sort of spinach taste too.

The spinach that is just coming into the market is crisp and tender and has a hint of spring in its small, bright green leaves. It should appear on the table frequently, for it is wholesome, satisfying and a welcome change from the tuberous vegetables of winter.

Whether grown in field or hot-house spinach must be carefully cleaned for the small denizens of the garden like to feast on it as well as you and they are extremely hard to dislodge.

The easiest way to clean it is to cut the leaves from the root stalk with a sharp knife and to cut the leaves thus removed into cold salt water to soak for half an hour.

This will remove any insect life, as well as most of the grit. Now wash each leaf between the fingers and rinse well in fresh cold water. When it seems clean, wash and re-wash in running water.

Keep washing until the leaves not only look fresh and clean, but feel smooth to the touch.

Now put the spinach in a deep kettle with a sprinkling of salt and some bits of bacon to season. You will not need to add water, there will be enough clinging to the leaves and more will be extracted from the plants by cooking.

Cover the kettle closely and cook, turning several times, about fifteen minutes; if not tender cook five minutes more.

If you have never cooked spinach, you will be surprised to see that the peck you put to cook has shrunk to a small bowlful and that there is a generous quantity of water in the kettle.

Drain off all the moisture and chop the vegetable fine. Most families think salt, pepper and butter accentuate the natural flavor best. Others prefer it with a cream sauce or molded and used as a garnish for meats. It is especially liked with sweetbreads, cutlets or pork.

For those who would like to try it in the form of a printanier salad, we give a recipe approved by Miss Julia Corson.

She directs that a quart of tender, well-washed leaves be dried in the air and then chopped quite fine with four spring onions cut in bits. Eight mint leaves are added and the mixture first covered with salad oil and then seasoned with pepper and salt and finally dressed with a mild vinaigrette. This sounds as if it might be an appetizing delight to lovers of salads. Cold boiled Westphalian ham would consort well with such a dish.

### CHARMING CONVENT GIRL ROSE RAPIDLY TO THEATRICAL FAME

Ruth Shepley, the pretty and charming young leading woman with Cyril Scott in "A Gentleman of Letters" and later appeared in the popular "The Brute." This year she is in Mr. Scott's leading woman and her name is Ruth Shepley. This year she will lead her own company. With Miss Shepley's youth and her remarkable progress in the years, and it is not difficult to predict that she will be a prosperous star in a few years, and all because she had a chance to go on the stage.

Miss Shepley has spent her entire stage career under Mr. Brady, never leaving his management for the lure of other producers.

Five years ago a pretty timid girl, fresh from the restraint of a convent school, knocked at the manager's door in New York and asked for a chance to go upon the stage. Mr. Brady was struck with her beauty and naive charm, and while he was afraid to entrust an important part to an amateur, he had to have a fresh, sweet personality to play opposite Douglas Fairbanks in "All For a Girl," which he was about to produce. He had a "hunch," as he afterwards admitted, that Miss Shepley would do so well that he would like to have her.

"It was her first experience, but the cultured tones, the quiet poise of the convent school—were there, and he saw that she would do, with the coaching that he could give her. "All For a Girl" was not a great success, but Fairbanks and Miss Shepley romped thru it as a pair of youthful lovers, and her beautiful, glowing combination of youth and vivacity was too good to lose, and so Miss Shepley was cast opposite Fairbanks in "The Gentleman from Mississippi." The success of that piece is theatrical history. She played Caroline Langdon for two years, and following that with Henry E. Dixey in "The Naked Truth."

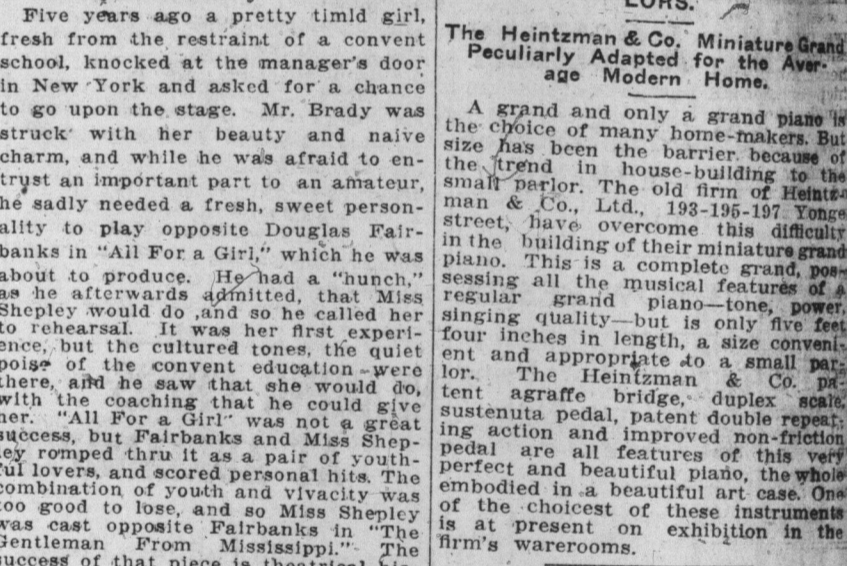

The engagement is announced of Miss Emma Rankin, daughter of Hugh Rankin, Collins Bay, P. Greenwood, Toronto, formerly of Montreal.

### Wash your clothes with GOLD DUST

Good soap washes clothes well—if you use enough elbow grease, but Gold Dust washes them more thoroughly—and with little or no rubbing. Gold Dust saves half your time, and spares your poor back.

Another great advantage of Gold Dust—use any kind of water you like. Gold Dust softens the hardest water and makes it soft as rain water.

Gold Dust is just a vegetable-oil soap in powdered form, with other cleansing ingredients added to make it work more thoroughly and quickly than soap ever can.

### PREPARING PLANS FOR NEW SCHOOL

Superintendent Bishop was yesterday instructed by the advisory committee to prepare plans for the \$250,000 high school of commerce and finance to be erected on the Cartwright site. The site committee has voted \$100,000 for the site. The work will be rushed, as the commercial classes are not taught in the King Edward School, which will shortly be required for public school purposes. It was decided to close the commercial high school, night classes for the session on March 20.

The finest is Zam-Buk seasons. It is—kills the any wound, injury, or against poison the air which ways ready to sore place and poisoning and they they of Zam-Buk are you against the rich balms in the balsams, stimulating about Nothing like work!

## SERUM C...

Dr. Friedman Great Dra...

In an address given at the convention of the Prevention of Tuberculosis Society, held at the Hotel Hamilton, Toronto, on Tuesday, March 11, Dr. Friedman, of the University of Toronto, discussed the importance of early diagnosis and treatment of tuberculosis. He stated that the disease is now being successfully treated, and that the mortality rate has been greatly reduced. He emphasized the need for a systematic and scientific approach to the treatment of tuberculosis, and urged the public to seek medical advice at the first signs of the disease.

The Heintzman & Co. Miniature Grand Piano is a truly remarkable instrument, and is the most perfect and beautiful piano ever made. It is a masterpiece of art and science, and is the most perfect and beautiful piano ever made. It is a masterpiece of art and science, and is the most perfect and beautiful piano ever made. It is a masterpiece of art and science, and is the most perfect and beautiful piano ever made.

**Wash your clothes with GOLD DUST**

Good soap washes clothes well—if you use enough elbow grease, but Gold Dust washes them more thoroughly—and with little or no rubbing. Gold Dust saves half your time, and spares your poor back.

Another great advantage of Gold Dust—use any kind of water you like. Gold Dust softens the hardest water and makes it soft as rain water.

Gold Dust is just a vegetable-oil soap in powdered form, with other cleansing ingredients added to make it work more thoroughly and quickly than soap ever can.

# Free Trial Package of My Cure for Catarrh

## This Trial Treatment Has Cured the Most Serious and Chronic Cases of Catarrh--Sent Free to Anyone for the Mere Asking, to Prove Its Marvelous Powers.

To Prove It Beyond Doubt, Without a Cent of Cost to You, Send Coupon Below With Your Name and Address Today for Free Trial Package of This Wonderful Treatment.

**HR-A-W-KK!**  
 Catarrh Victims Fearfully Nauseating to Those Who Are Near Them.

The Positive Cure For Catarrh Is the Gausss Treatment--A Free Trial to Prove It Is Sent to All Who Write For It.

There is nothing so nauseating as to have to sit next to a gaggling catarrh victim or to talk to one of them and have whiffs of bad catarrh breath constantly blown into your face. No man or woman suffering from catarrh can avoid these things, because it is a part of the catarrh itself. Though the victim may not realize or know that his very presence carries with it a certain garbage atmosphere, you can't smell your own breath, and you seldom smell your own smell.

The constant spitting, and hawking, and nose-jerking is enough to make even the members of one's family breathe a sigh of relief when the sufferer is absent.

**A Cursing Humiliation to the Victim and Source of Disgust to Others.**  
 Hawker closes the door. He loves himself, wavers, and disgust forbids the kiss. And out of regard for the afflicted one, he is content with a resolution is ever made to his face, and he must rely on his own misery and such plain talk as is contained in this page to reach him and to cure him. There is a cure for this pestilence within the reach of every one. It was not always so. Catarrh has raged fiercely through the years like a fire-brand, and in the eagerness to quench it, many useless things were given out as cures, but it remains now, after the slow process of experimentation and discovery, to offer the positive real cure, which has been born of ceaseless searching and common sense.

**Thousands Praise Gausss**  
 This is Gausss Combined Treatment for Catarrh. The story is told over and over again, thousand times of the lost birthright of health restored, of the happiness caused, of the release from a degrading pestilence and of hope and comfort and sleep returned by the use of this medicinal, simple Gausss Treatment. It must be true. There are heart-stories from all over the world, and they are all true. The danger in which catarrh plunges, the causes, and then again there are other pictures painted in these letters of happiness and common sense.

**Send the Coupons**  
 If you are a catarrh victim, don't allow yourself any longer to be avoided by your friends because of your catarrh atmosphere. To be an object of nauseous disgust among strangers, to have people who know turn their faces away from you, to have your own family hate to have you come around--all because of the catarrh odor that everywhere and always makes an outbreak.

**Gausss Combined Treatment for Catarrh** stops bad catarrh, breaks right off short and quick, and kills every germ in the body. If a man or woman will spend the comparative little time and money it takes to cure catarrh by means of the cure Gausss Treatment, the catarrh odor, the danger of this page will be cut out, and sent flying toward Marshall, Michigan, with the patient's name and address. By return mail will be sent the Gausss Treatment absolutely free for you to try and prove to yourself its real power. If you are a sufferer of catarrh, send coupon below today to C. E. Gausss, 4581 Main St., Marshall, Mich., and get a trial package of the treatment that positively cures catarrh.

**Sniffer Chased Out of Meeting**  
 Enraged Audience Roughly Handles Gagger Who Interrupts Speech.

Sap. Antonio, Tex., Sept. 19.--During a public primary meeting here today, a middle-aged man with catarrh who was fumbling a rolled up handkerchief in his hand, persistently sniffing and pulling his nose during the delivery of a speech, was forcibly ejected from the assembly hall. Cries of "Kick him out" and "Choke the lobster" interrupted the proceedings, and finally resulted in a grand rush for the nose picker by some of the audience. He was grabbed by the coat collar and unceremoniously and swiftly moved toward the County hospital.

When the man first sat down and began loudly tearing out a throat-hawk, the audience shifted their nervous glances, continuing the draw-rattle of his catarrh through one of the most stirring parts of the speech. The audience vent to its feelings. He was roughly handled on the way out and sustained several severe bruises. He was taken to the County hospital.

It is such occurrences as these which make the catarrh victim a social disgrace of his race. He can't help show his disease. If this man had simply spent a few moments' time to send to C. E. Gausss for a package of the wonderful Gausss Catarrh Treatment, he never would have suffered such an indignity as being kicked out of a public meeting.

**Catarrh Kills Thinking Power**  
 Gradual Clouding of the Brain and Loss of Memory Inevitable Result of Catarrh.

Catarrh anywhere in the head or throat or ear is right next to the brain. The catarrh germ grows fast, does an enormous amount of damage in its burrowing into one's nose and it is difficult to destroy. There are thousands of little nerves that run from parts of the nose and head to the brain. Some of these little nerves have to pass through probably a mass of catarrhal inflammations on the road to the brain. When they do they are weakened, and sometimes destroyed.

What affects the nerves is bound to affect the brain, and when the nerves are deadened by constant catarrhal discharges there is bound to be a certain torpor or stupidity brought about in the brain of the victim. This follows sleeplessness, inability to think clearly or to connect ideas, loss of memory, lack of concentration, lack of presence of mind and a wandering of thought.

If a man or woman imagines that these things do not affect their earning capacity, their cheerfulness and the esteem which their friends have for their brightness, they have little realization of the necessity of keeping the mind always clear. That is life. When it takes such a comparatively long time to cure this terrible disease by the Gausss common-sense treatment and regain the flash and brilliancy of the normal brain, there is no good reason why one should not spend the two or three minutes it takes to cut out the coupon below and send it to C. E. Gausss and have him prove to you that he is right, and that he possesses the only cure for catarrh, the wonderful Gausss Treatment. It costs you absolutely nothing. Address C. E. Gausss, 4581 Main St., Marshall, Mich.

**Seeks Divorce; Can't Stand Catarrh.**  
 Wife Says It Is Either Separate or Die of Disgust.

Lincoln, Neb., Sept. 19.--Henry O. Rasmussen, it is reported, is to be sued for divorce because his wife can no longer endure a catarrhal affliction which Rasmussen is said to have been a victim for the last two years.

Mrs. Rasmussen states that no woman with any shadow of self-respect could consent to be in constant association even with a man whose nose emits a physical odor which she states. She says she regrets the publicity attached to a suit for divorce, but that it is either "simply lie down and die of disgust." Plain language is the only thing to use in trying to deal with catarrh affliction as catarrh. The facts are:

**Wife Can't Stand His Catarrh Any Longer.**  
 plain. There is a man, an able-bodied, robust, vigorous business man, blessed with a paying business, a happy home and a faithful wife. Picture to yourself of all that makes life worth while, with the love of a true woman mixed with the patient's name and address. The picture of what happens when a catarrh victim comes home from work--the face of his gentle mate turns away from a foul-breathed kiss, the rack and grin and hurr, and the spitting and hawking in handkerchief and cuspidor every few minutes.

**Makes Home Miserable**  
 What happens to the table when the catarrh-sag comes on (and a man can't cut and pull his nose at the same time), we will not mention. What happens after such a meal in the sitting room, stairs, anywhere and everywhere, a hawk, hawk, hawk, can be imagined. What happens when the victim almost leans on top of the cuspidor, the presence of members of the family and a subject merely to be mentioned. What happens during the snoring, sleepless hours the night when a foul-smelling odor wafts about in the closed room, we can easily picture.

And all this the miseries of the miserable man himself. Is it any wonder that divorce is seized upon as a cure?  
 The Gausss Treatment would at once remedy all these horrible phases if left to C. E. Gausss, Mrs. Rasmussen would have no reason for getting a divorce. These are cases which, though they have their humorous angles, all make or unmake the happiness of us all. If you have catarrh in any form print out the coupon below and mail it to C. E. Gausss, 4581 Main St., Marshall, Mich., and be cured.

**Deafness Cured by Gausss**  
 When I wrote to you for your sample I was so deaf in either ear that I had to press a watch hard against them to hear a watch tick. But after taking your course of treatment my hearing came back and I can now hear the same watch tick fifteen feet away. I am H. Atkin, Box 457, Pottery, Mich.

**Confessions of a Catarrh Victim**  
 Some of the Experiences That Catarrh Forces Upon Its Slaves.

I get boiling mad when people tell me I've got catarrh. I've had dozens of more acquaintances, and especially one young lady, who have come up and ventured to tell me something "for my own benefit." That expression begins to pall on me--"for my own benefit." It seems they all want to take the same thing, "you ought to take something for your catarrh; I'll tell you how my cousin got cured, and every doctor used to say he had the worst case he ever heard about."

Now, when a friend or relative has catarrh advice. This glib is not mere trash, but the swallowing of mud. Nothing could suit me better than to have the earth open and swallow me up.

I walk along the street close to the curb alone. When I ride on a car I stand on the rear platform rather than sit down inside. I wish I could talk without having to open my mouth to breathe. I wish that kisses were obsolete. I wish that

**Sniffing and Hawking All Day Long.**  
 handkerchiefs could be turned into sheets, placed at the table, and mine would be people were deaf, blind and without a wish that I were alone, always alone, to hawke and spit when and where I pleased. I wish that I was my mother's little baby once more, with my little towed warm blanket, that knew not sorrow, lying on her bosom.

**An Old Soldier Grateful**  
 Mr. Gausss: I have finished your treatment now and I am completely cured. My wife says she cannot detect any of it left and says my catarrh is gone. She ought to know, for she is a graduated nurse. I am as truly grateful to you as any old soldier can be for your treatment today. C. E. Gausss, 4581 Main street, Marshall, Mich. When you see my catarrh begin to leave you will appreciate what it is to have a real, genuine cure for catarrh that can be relied on. Send the coupon.

**In the Coils From Childhood**  
 I have suffered with catarrh since I was 4 years old, but it has annoyed me more in the last two years. I tried everything I read or heard of, but they did me no good, and I saw your advertisement in a paper and wrote to you. I was impressed so favorably with the sample that I immediately sent for the full treatment.

**I Want to Cure You**  
 I only wish I could gather some of my patients together and let you hear them talk. Some of these people had such extreme cases of catarrh that a cure was unknown to them. My treatment not only cured them, but its effect made them feel much healthier. After a one-minute conversation with me about being able to cure catarrh if they could forget a lot of old ideas they never should have learned.

**POINTED PARAGRAPHS**  
 Spare the stamps and spoil the treatment. We believe in telling the truth and saving time. Common sense wins. Write and ask any of Gausss' patients. Can apply to the spirit as well as to the catarrh. Half of the unhappiness in the world comes from little inflammations. Cure them early.

**Eminent Doctor Says Blindness Due to Catarrh**  
 (Associated Press Dispatch.)  
 LONDON, Aug. 6.--Dr. H. Manning Fish, of Joliet, Ill., declared at the medical congress that most of the blindness in the world is the result of catarrh in the upper nasal cavities or the bony cells composing the roof of the nostrils.

**C. E. GAUSS**  
 Mankind Benefactor.  
 What I have done for thousands of others I will do for you. I offer you my treatment that WILL CURE catarrh free of charge.

**SOME RESULTS OF CATARRH AT MEALS**  
 The Catarrh Victim, Especially at the Table, an Object of Disgust.

**OUTLAWED BY SOCIETY**  
 Good Appetite and Catarrh Rarely Travel Together.

The "limit" is the catarrh gagger at the table, the man or woman with an appetite-losing hawk and a hawk, utterly unattractive of the masses he causes to other people who are trying not to notice or hear him.

**Catarrh Fatality Frequent**  
 Some of the frequent results of catarrh are bronchitis, pneumonia, death, and decay of body and mind. It is a real and reasoning power, death of ambition and energy, loss of appetite, indigestion, dyspepsia, ulceration, indigestion, raw throats, raw sores in the nose, treatment, raw sores in the nose, and insanity.

**Cure Is Certain**  
 You can cure that catarrh, slight or serious, once and forever by means of the only common-sense cure for catarrh, Gausss' Combined Treatment. We don't ask you to believe it before proving it yourself. Therefore, we send you a treatment at our own expense, absolutely free to you. When you get it you can prove it all to your own satisfaction. It is without cost to you. This coupon and send for the free treatment today. C. E. Gausss, 4581 Main street, Marshall, Mich.

**Send For Free Trial Treatment**  
 You will get by return mail a free package of the famous Gausss Combined Catarrh Treatment, the only positive cure for even the worst cases of catarrh on earth. Gausss sends you this treatment to prove to you that it will cure you, and it costs you nothing. Absolutely nothing. Gausss' Treatment will save you a world of misery and humiliation, and make you, instead of being a burden to your family and to your friends and acquaintances, a blessing to them.

**I Want to Cure You**  
 I only wish I could gather some of my patients together and let you hear them talk. Some of these people had such extreme cases of catarrh that a cure was unknown to them. My treatment not only cured them, but its effect made them feel much healthier. After a one-minute conversation with me about being able to cure catarrh if they could forget a lot of old ideas they never should have learned.

**POINTED PARAGRAPHS**  
 Spare the stamps and spoil the treatment. We believe in telling the truth and saving time. Common sense wins. Write and ask any of Gausss' patients. Can apply to the spirit as well as to the catarrh. Half of the unhappiness in the world comes from little inflammations. Cure them early.

**Cupid Returns**  
 Mother--"How does it happen, Helen, that you have started going with Henry again? I don't see how you can be so foolish." Helen--"Oh, you couldn't tell me ever had the catarrh now. He's been taking Gausss' Treatment for over two weeks."

**CATARRH EVERYWHERE, EVEN ON PIKE'S PEAK.**  
 No Man or Place Is Immune From the Deadly Catarrh Germ.

There is no part of the land which is free from catarrh. Altitudes and latitudes have little effect in destroying this omnipresent germ. Many imagine that the climate of the West, with its high altitudes and dry atmosphere, tends to prevent catarrh. There are just as many cases in proportion to the population west as east of the Mississippi, only the disease is not as severe because of the climatic effect upon the nerves.

**Thought Wife A Consumptive**  
 Your catarrh medicine is a wonderful medicine. My wife had it so bad every one thought she had consumption. She used to cough all night and could not sleep at all. One doctor gave her up. She said she would not get cured if she stayed here. I have tried all kinds of medicines and found them no good. I tried yours, and it acted right away. I recommended it to all my friends. You may mention my name if you please, and they know how bad my wife was with catarrh. But she is a well woman once more. W. Thomas, 935 Tullman avenue, Chicago, Ill.

**United States Commissioner Heard From**  
 Having been absent for some time, I now take the opportunity of answering your letter. It is gratifying to me as nearly as I could and would state to you that I have ever taken your medicine that I have ever taken. I have tried everything that I could bear, but I am still suffering from catarrh, and if ever I feel the effects of it coming back to me, I should immediately order more of your treatment. Your medicine for catarrh is the best I think I have ever used for constipation or indigestion. You are at liberty to use the name of the letter, and any help or assistance made to me will be cheerfully answered. Edward McCarty, United States Commissioner, Warrard, Minn. Box 10.

**Happy Together Once More; Mr. Gausss Has Cured My Catarrh.**  
 Better spend a few days destroying the catarrh germ right from the start, than waiting and putting off until you feel droppings in your throat and your nose plugged up.

**To Be Suddenly Taken With Gaggling at the Table is Inevitable Unless Catarrh is Eradicated from the System.**  
 If you have nerves, or you believe other people have, you will just stop and look at yourself as you are, and see what other people move away from you when they see you coming, and take this page with you, cut out the coupon at the bottom and send it to C. E. Gausss, 4581 Main street, Marshall, Mich.

**If I Had My Life to Live Over**  
 We can point to hundreds of cases of catarrh that have dragged their victims through fifteen and twenty years of misery. It all started with one little germ.

**How to Judge Man's Honesty**  
 The Man Who Lets You "See For Yourself" is Usually Honest.

THE STOCK MARKETS

RALLY IN WHEAT ON EXPORT DEMAND
European is Active Bidder For American Grain—September Option Bought.

CHICAGO, March 12.—Big exports today helped bring about a sharp rally in wheat. The close was nervous, 1 1/2 to 1 3/4 above last night.

Receipts of wheat at northwest points, with usual comparisons, follow:
Chicago 79 58
Minneapolis 304 237

EUROPEAN MARKETS.
The Liverpool market closed 1/4 to 1/2 lower on wheat and unchanged to 1/4 lower on corn.

PRIMARIES.
Wheat—Wednes. Wk. Agr. 425,000
Receipts 452,000

ST. LAWRENCE MARKET.
Receipts of farm produce were 400 bushels of grain, 35 loads of hay and one load of straw.

Winnipeg Grain Exchange.
Wheat—Open 87 1/2, High 88, Low 87 1/2, Close 87 3/4

Laugh With Joy! No More Indigestion
Montreal Man So Ill Thought He Would Die of Stomach Trouble.

Advertisement for Dr. Hamilton's Pills, describing the man's symptoms and the effectiveness of the medicine.

FARM PRODUCE, WHOLESALE.
Hay, No. 1, car lots, \$12.00 to \$13.00
Potatoes, car lots, \$0.65 to \$0.80

Local grain dealers' quotations are as follows:
Ontario oats—No. 2, 32c to 34c per bushel, outside; 32c, track, Toronto.

Manitoba flour—Quotations at Toronto are: First patent, \$5.30, in cotton 50c more; second patent, \$4.80, in cotton 10c more.

Manitoba wheat—No. 1 northern, 97 1/2c; No. 2 northern, 96c, track, lake ports.

Barley—For malting, 50c to 57c (47-lb. test); for feed, 45c to 50c, outside, nominal.

Winnipeg Grain Exchange.
Wheat—Open 87 1/2, High 88, Low 87 1/2, Close 87 3/4

CHICAGO MARKET.
J. P. Bickell, Standard Bank Building, reports the following prices on the Chicago Board of Trade:

LIVERPOOL GRAIN EXCHANGE.
LIVERPOOL, March 12.—The market was under pressure of realizing at the opening, as a result of the weakness in America yesterday, and prices were lower.

WINNIPEG GRAIN MARKET.
Winnipeg, March 12.—The market was not very active, except for export trade, which was remarkably good.

MINNEAPOLIS GRAIN MARKET.
MINNEAPOLIS, March 12.—Wheat—May, 84 1/2c to 85c; July, 83 1/2c to 84c.

CATTLE MARKET ABOUT STEADY
Sheep, Lambs, Calves and Hogs Were Unchanged.

Receipts of live stock at the Union Stock Yards were 94 cars, 1447 cattle, 1409 hogs, 328 sheep, 250 calves and 16 horses.

There were a few lots and loads of Easter quality cattle on sale, but not as many of this class as on Tuesday.

There was a fair trade, but not quite as active and prices did not reach the top paid on Tuesday.

Exporters.
A few cattle, probably 100, of export quality and weight, sold for \$6.75 to \$7.10 per cwt., all of which were bought by the abattoirs for local killing.

Butchers.
Picked lots of choice butchers' cattle sold at \$5.50 to \$6.00, with a few at \$6.25 to \$6.50.

There were 234 sheep and lambs on sale today and prices remained firm. Sheep, \$4.75 to \$5.25; rams, \$4.50 to \$4.85; lambs, \$3.50 to \$3.90, cwt.

CHICAGO LIVE STOCK.
