FAILED TO BREAK DEADLOCK OVER CHURCH UNION

Strong Body in Special Committee of Presbyterian Assembly Insists That Action Be Again Deferred—Outlook in Foreign Mission Field Was Discussed.

By a Staff Reporter. WOODSTOCK, June 5.—On account of the determined opposition of many of the commissioners attending the general assembly of the Presbyterian Church here the opinion was expressed by a prominent member tonight that the effort to promote church union would be discontinued for the present.

By a Staff Reporter. WOODSTOCK, June 5.—Rev. A. S. Grant, D.D., of Toronto, head of the western section of the board of home missions and chairman of the Synods of the Presbyterian Church, has resigned. It became known tonight that, after making a spirited address on home missions on Thursday night before the assembly he handed his resignation to the moderator, Dr. W. S. Herridge.

By a Staff Reporter. WOODSTOCK, June 5.—The greater part of today's sitting of the house was taken up with another debate upon the bill for the relief of the depositors of the Farmers' Bank. The bill was given a third reading and passed after an amendment moved by Mr. Sinclair calling for investigation into all the bank failures since confederation was voted down.

By a Staff Reporter. WOODSTOCK, June 5.—The Robins Irrigation Company, about which there was much keen debate in the commons six or seven years ago, has been compelled to come to the government for assistance in completing its irrigation enterprise.

FIGURES REVEAL POPULARITY OF HYDRO

Hon. Adam Beck Issues Table Showing That Local Consumers Have Increased Over Fifty Per Cent.—Explains Reason Why Rate Cut Was Ordered.

With a view to making public the statistics on which the Hydro-Electric commission bases their recommendations for the cutting down of municipal rates, Hon. Adam Beck last evening produced a table showing in detail a comparison of average monthly surpluses in succeeding years. The figures, which were prepared by the engineering and operating departments of the commission, deal with the first three months of 1914 in comparison with those of a similar period in 1913.

DEGREES CONFERRED ON VARSITY GRADS

Sir William Meredith Official at Convocation at Toronto University.

QUIZED CANDIDATES

Four Hundred Students Presented Themselves for Official Recognition.

Toronto's aristocracy of intellect in Convocation Hall yesterday afternoon to bestow the degrees...

Convocation at Toronto University is always an interesting and impressive sight. The Chancellor, Sir William Meredith, in black and gold, escorted by his two stalwart mace bearers...

Of the 738 students who received degrees, nearly 400 presented themselves for official recognition. These filled the body of the great hall, while the galleries were crowded with admiring friends and relatives...

In addition to the usual procedures, two portraits were presented to the college—one of the late Hon. Joseph Curran Morrison, chancellor from 1890 to 1896, presented by Dr. E. A. Hardy, the other of William Henry Vandermissen, Ph.D., professor emeritus of German, presented by Sir John Gibson on behalf of Mrs. Vandermissen.

On the conclusion of the ceremonies the learned doctors and their friends adjourned to a garden party on the campus.

SUMMER BLOUSES DECIDEDLY FILMY

Blouses to be worn with the summer suits are decidedly filmy in construction. Nets so fine as to be more like tulle will be worn with silk blouses...

The volutes and cotton crepes of the inexpensive lingerie blouses are wonderfully gappy—both fabrics being almost as fine as chiffon.

Of all the crepes, long medium and short, now being shown, the long Italian circular cape which seems to be the full circle of the cape, is the most effective.

Many are the capes. Each has some different line or shape that makes its appearance individual for a different figure. One, of black broadcloth, had a cape that was short in front and gathered into a wide braided girdle.

The vest fronts and winged collars are now made separate. The vest is merely a sleeveless undergarment. Organza, plaid or embroidered, is used for these collars, and even in silk and satin afternoon dresses, a tucker of organza or net will be used in place of the collar.

BERNHARDT'S FAREWELL TOUR

NEW YORK, June 5.—Madame Sara Bernhardt, aged 70, will sail for this city on October 2 to begin a professional tour of the world, during which she will visit five continents.

The tour will extend over a period of twenty-six months. Her travels for the first months of the time will be spent in the United States and Canada. The tour, it is stated, will close her career on the stage. Madame Bernhardt has made several farewell tours.

PROPER THING NOW IS TO PEEL OFF SOILED SKIN

Those who abhor sticky, greasy, shiny, streaked complexions should religiously avoid creams, powders and rouges during the heated days. There's no need for them, anyway, since the virtues of mercurized wax have become known. No amount of perspiration will produce any evidence that you've been using the wax. As it is applied at bedtime and washed off in the morning, the complexion is fresh and takes off a bad complexion, instead of adding anything to make it worse.

It has none of the disadvantages of cosmetics and accomplishes much more in keeping the complexion beautifully white, satiny and youthful. Just get an ounce of it at your drugist's and use what a few days' treatment will do. Use like cold cream.

Another effective summer treatment—best tending to cause wrinkles and flabbiness—is a skin-tightener made by dissolving 1 oz. powdered salicylic acid in 1/2 pt. witch hazel. Its use (as a face bath) leaves no trace.

HEADS OF CHURCHES SEND CONDOLENCES

Bishop, Sweeney Pays Tribute to Memory of Late Commissioner Rees.

A TRUE ENTHUSIAST

Dr. Carman Expresses Grief of Methodist Church at S.A. Disaster.

Formal expressions of sympathy were received by the Salvation Army yesterday from the Anglican Bishop of Toronto, and from Dr. Carman, superintendent of the Canadian Methodist Church. Bishop Sweeney's letter follows:

"I am sure you will allow me the privilege of expressing to you my very deep sympathy in the great sorrow which has befallen your army, and the city in the sudden and tragic calamity of last Friday. I have had pleasure in sitting on the committee on moral and social reform with the late Commissioner Rees, and found him a true enthusiast in the cause of our common King and His Kingdom. The influence of such lives as his and his companions now passed into the Presence must live on long after these actors on the stage of life have gone away; while the quality of their work must stand as a challenge and example to others to imitate. Just at this time, we are commemorating the descent of the Holy Ghost in full measure upon the apostles, and the message of Whittier is singularly appropriate when we remember the holy title of 'Comforter,' which belongs to Him. As the 'Comforter' may He outpour His consolation upon all hearts who are bereaved and broken, bestowing upon them the all of joy for mourning, and the garment of praise for the spirit of heaviness."

"Faithfully yours, (Signed) James Toronto." Dr. Carman wrote in the following terms: "Allow me to attempt to convey to you my deep sympathy in the sorrow which has befallen the army in the sad disaster to the Empress of Ireland."

WOMAN WHO SHOCKED COURT IS DISCOVERED

LONDON, June 5.—Miss Mary Blomfield, daughter of Lady Sara Louise Blomfield, widow of Sir Arthur Blomfield, an architect, was the woman who created the sensation at the Buckingham Palace last night when she threw herself on her knees before King George and Queen Mary, exclaiming: "Your Majesty, for God's sake do not use force."

Miss Mary Blomfield alone was confronted in the incident, although her sister, who also attended the court, was requested to leave the palace after the occurrence despite the fact that she took no part in the demonstration. She left without making any protest.

It is understood that there is no ground for further action against Miss Mary Blomfield except that she will be banned from future court functions.

The sisters obtained admission to court in the ordinary way. The occasion to the lord chamberlain's department.

RECTORS FEAR MILITANTS

LONDON, June 5.—In consequence of militant suffragette attacks, churches in many parts of the country are being closed except for the usual Sunday services. A sample of the notice posted by the rectors is as follows: "Owing to dastardly outrages by frenzied criminals, who have no regard for God or man, this church will be closed except during the hours of divine service."

The views which appear in The Sunday World are not confined to any one section of Canada. In this week's issue the people of Brockville will see a pretty view which will appeal to most of the fathers of that thriving city. Hundreds of residents of Hamilton, together with the 13th Regiment, travelled to Buffalo on the holiday. The Sunday World photographer got them.

Oshawa is some military town if you are to judge by the picture in this week's Sunday World, showing the opening of the new armory. It is a bustling busy city in the centre of western Ontario, has laid aside the cares of business for one day and is congregated at a laying of the cornerstone of the new Lutheran Church, and it is pictured in this week's Sunday World. A gala day in the history of Oshawa is shown in the picture of the parade of the principal streets of that thriving town on Empire Day.

ENORMOUS DEMAND FOR "FRUIT-A-TIVES"

1,152,000 Boxes Sold Last Year.

Six of These Fruit Liver Tablets for Every Man, Woman and Child in the Dominion.

In seven short years, "Fruit-a-tives" has become the most famous and the most widely used medicine in Canada that has ever been introduced to the people of the Dominion. Even those who take "Fruit-a-tives" regularly and recommend these famous fruit juice tablets to their friends, probably have no idea of the enormous number of "Fruit-a-tives" that are being used by those wishing to regain their health.

Last year, over eight thousand gross boxes of "Fruit-a-tives" were sold. As there are one hundred forty-four boxes in a gross, this means that over one million one hundred thousand boxes were sold in 1912. And this year this number will be still further increased.

This means a box of "Fruit-a-tives" for every six persons in Canada, or six tablets for every man, woman and child in the country.

"Fruit-a-tives" are sold in every section of the Dominion. On the rugged Atlantic coast, throughout the Maritime Provinces, among the French in Quebec and the English in Ontario, all over the great Prairie Provinces and on the shores of the Pacific, "Fruit-a-tives" is the best selling medicine in stock.

This is true because "Fruit-a-tives" gives results. For Chronic Constipation, Indigestion and Stomach Trouble—for bad Blood, Skin Eruptions and Sores—for Rheumatism, Sciatica and Lumbago—for Kidney, Bladder and Urinary Troubles—"Fruit-a-tives" cures when nothing else will.

In the head office in Ottawa, are hundreds of letters and photographs from grateful men and women who have been cured of sickness and suffering by "Fruit-a-tives." Many of these letters and photographs have been published by permission and have induced other sufferers to try "Fruit-a-tives." This is one of the factors in the demand for "Fruit-a-tives" which is now sold in every city, town, hamlet and road-side store.

50c a box, 3 for \$2.50, trial size 25c, at all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAU, DOMESTIC SCIENCE LECTURER

Which Dessert? Frozen desserts are not always practicable for the housekeeper with limited time, but molded ones cool and shape themselves without attention.

Custards are made with milk, cream and eggs. The plain boiled custard is the foundation of all others as well as of plain creams, puddings and cake fillings, so it is well worth while to learn to make it well.

Properly made, the custard is velvety in texture and can be thick or thin as you like or need. A double boiler is a necessity for custard cookery. If you have none set the kettle containing the custard mixture in a large one containing boiling water. If you add salt to the mixture in the double boiler it will reach a higher degree of heat and cook the custard more quickly.

The following recipe for plain boiled custard may be made richer by using half cream and half milk.

Boiled custards: Heat a pint of milk until it is scalding but not boiling. Pour this milk upon a mixture of three egg yolks beaten light, one cup of sugar and two tablespoons of cornstarch. Return this to the boiler kettle of the double boiler and cook it constantly until it is done. Add the flavoring and the stiff whites of the eggs after it is off the fire. This is the base of many desserts.

It seems to be difficult for some cooks to tell when the custard has cooked sufficiently. There should be no question about this, for long cooking does not make the mixture thicker, but it does make it smoother. A taste of raw starch is most disagreeable and when the mixture is thickened and well cooked it may stand in the boiler a few moments, to insure its having every particle of the cornstarch thoroughly cooked.

The custards that are to be packed in ice do not need to be so thick as those that are to be molded without ice.

This mixture may have chocolate added to it and be served with a sweet chocolate sauce, or fruits can be used for flavoring in the place of extra cream. If custards are to be frozen in the boiler they should be packed in ice. If they are to be merely chilled, two hours on ice will be plenty of time to allow.

Add a quart of rich milk and a little more sugar to the recipe given above and freeze it, and you will have a rich, firm, low-priced ice cream that the family will like better than the purchased cream, or that made without the eggs and cornstarch.

Cup custards: Mix one teaspoon of cornstarch with one-half cup sugar and stir to a paste with a little cold milk. Add three cups scalding milk, three well beaten eggs and the flavoring. Pour into boiling cups and set in pans of water in the oven. Cook until it is thick. Cool and serve with cream.

If the cornstarch is omitted use five eggs to three cups of milk. The oven should be only moderately hot for cup custards.

KING REPLIES TO VETERAN'S GREETINGS. The Veterans' Association of the Fenian raid of 1866, at a meeting on June 2, the anniversary of the Battle of Ridgeway, sent a message of congratulation to the King on his birthday. Major Beck, the president of the association, received the following reply: "London, June 5. 'I am desired to express his majesty's thanks for the telegram of congratulation and good wishes which his majesty has received from the Veterans' Association of the Fenian Raid Association. As the same time a respectful and sympathetic for those who were sacrificed by the Fenian disaster was carried out."

CARNEGIE MAKES GIFT. PITTSBURGH, June 5.—Announcement is made that Andrew Carnegie has given another noteworthy gift, amounting to \$2,000,000, to be divided equally between the Carnegie Institute of Technology and the Carnegie Institute, both of this city. This announcement was made by S. H. Church, president of the board of trustees of the Carnegie Institute of Technology. Carnegie's donations to local institutions of learning to \$24,000,000.

THE GARDEN CONDUCTED BY RACHEL R. TODD, M.D.

Whatever the Child Plants is His Own

Don't attempt too much at once. Spading, planting, watering and weeding mean work—wholesome work, but tiring, and it is better to have a few well-cared-for vegetables and a plant or two that reach blossoming rather than a large half-cared-for garden, or one that has to be abandoned because of too hard work.

Charles had planted a lettuce patch. He worked faithfully until the lettuce was heading well. Then, one day, just before the luncheon hour, the unexpected guest arrived and the expected grocer did not. Mother, hurried and worried, ran into the garden and pulled several of the finest heads of lettuce for a salad.

When Charles came home and saw the gap in his neat row of lettuce he was furious. Tomorrow was his birthday and, at this time it had full away. Mother, mortified and indignant, punished him for impertinence and selfishness, and she and her guest talked long of how hard it is to teach children self-control.

Well, who really—most jacketed control, I wonder. If Charles had robbed a neighboring orchard or had cut up his father's new harness to make reins for his goat carriage, the temper of the father or of the neighbor would have been "righteous indignation." Children usually love to contribute their share to a party. If Charles' mother had waited until his return, even the maddest luncheon-a-lect would have given those heads of lettuce for the feast, and would therefore have added to his gains, a little knowledge of the joy of hospitality. Instead he nursed a very real injury. His rights had been disregarded and his property taken from him.

Unwittingly Charles' mother had robbed him of something far greater than the mere fruit of his labor. She had robbed him of his respect for the rights of others. The garden had worked to do him harm. So never forget the sacredness of ownership; strengthen the boy's pride in his own property.

It is on this pride and respect that civilization is based; that this we develop the type of selfishness which is later the foundation of unselfishness. First comes our work to own, to build up in property and to cultivate. Then comes the sharing of our gains with others, which is the only true giving.

The child starts out from the beginning. The habits of industry, independent thought, quickness of interest, and courage of heart and brain, which give him a fair start in the new school world.

THE GARDEN CONDUCTED BY RACHEL R. TODD, M.D.

Nicotina, a Beautiful Tender Annual.

Tobacco plant is the same often given to this lovely white-bloomer, the great velvety gray-green leaves, long and oval.

The best plants are those grown by your own planting, in indoor boxes, early in the spring. These home-grown plants, in all other respects as well as here, are more likely to be hardy and non-infected than if purchased from a dealer. Add so much cheaper.

When one comes to pay fifteen cents for a box containing six feeble seedlings, half of which six may die, the best plan is to buy many plants at a small cost, as well as to plant deeply and firmly, and then keep the plants well watered until they are six inches high. A few days steady rain will send up the first flower stalk, upon which from six to a dozen long, slender, tubular, five-pointed stars are firmly opened. A good plan is to pluck this first flower-stalk after one or two blooms have opened, for the one purpose of forcing out numerous side shoots, flower-bearing in a week or ten days. This forcing out of early side shoots tends to make the plant firm and sturdy, a necessary thing, since the nicotina is inclined to be very lanky and wobbly for a couple of weeks.

The fragrance of the bloom is sweetly and faintly delicate, and is only exhaled from about four o'clock in the afternoon until midnight. Early morning, noon and afternoon find the stars closed.

The plants can be made to grow six or more feet tall. Given adequate cultivation, plenty of water, when the plants have reached a good size, and a constant picking of the strongly blossoming stems will encourage remarkable growth.

For indoor decoration no blossoms exceed in beauty and delicacy of perfume the nicotina stems. Pluck a good growing stalk and place in a cool room, in a vase. The blossoms will continue to open day by day, as if still growing on the mother plant.

Since the roots in this case are surface roots, and scarcely able to

support a large plant in the ground, unless aided by stakes, a good plan is to place your nicotinas near sturdy perennials, or behind light vines, for protection. I plant some in behind the roses. The rose-bush gives support and protection, and is never injured by the roots of the nicotina. Try it.

A WOMAN'S MESSAGE TO WOMEN. If you are troubled with weak, tired feelings, headache, backache, bearing down sensations, bladder weakness, constipation, catarrhal conditions, pain in the sides regularly or irregularly, bloating or unnatural enlargements, sense of falling or misplacement of internal organs, nervousness, desire to cry, palpitation, hot flashes, dark rings under the eyes, or a loss of interest in life, I invite you to write and ask for my simple method of home treatment, with ten days' trial entirely free and postpaid, also references to Canadian ladies who gladly tell how they have regained health, strength and happiness by this method. Write today. Address: Mrs. M. Summers, Box 65, Windsor, Ont.

Trotting Closing Day * Bowling Queen-City 43 St. Matthews 38

TRACK RECORD BY MARGOT LEONARD

Roy Patchen and Arthur L. Also Winners on Closing Day at Dufferin.

For the closing day of the Canadian Circuit, the Dufferin Driving Club were fortunate in having good weather, good track, good attendance and extra good racing. There were three races on the card—the 2:22 pace, a classified race, and the 2:15 trot. The fields were not large, and, although two of them were won in straight heats, the winners in both cases had no soft snip, as every heat was a good contest from wire to wire. The classification is to be congratulated on the basis of racing put on, and should have had a larger attendance, as no better racing will be seen on any half-mile track in America than at Dufferin Park the next three days.

Next Wednesday the Toronto Driving Club will open their meeting at Hillcrest Park. There will be practically the same classes as at Dufferin this week, and there should be some fast racing.

The first race called was the 2:22 pace class, with eight starters. Akorbeau, in S. Feather's harness, was made the favorite, he selling in the pools for \$10. Skip of Geo. Locanda, Roy Patchen, and the field for H. Birdie Bryson drew the pole, and Starter Upton had his troubles getting them away, as there were several bad actors. However, after using a great deal of patience he got them away to a good start. Roy Patchen, owned by R. Scott, who was trailing the pole horse, went to the front when Birdie Bryson made a break at the first turn. Roy was never headed and won quite easily, with Geo. Locanda second and Skip third. Time 2:20 1/2. When the word was given for the second heat, Akorbeau made a determined bid from outside position for the pole, but Roy was there and took him a good, flat dip to the quarter, when Skip came along and raced with Roy Patchen, but could never get to him, he winning the heat in 2:22, with Skip second and Victoria Poem third. In the final heat, Roy Patchen won from wire to wire. Nat. Hay was up behind, with Victoria Poem, but he could not reach the winner, finishing second, and Patchen Wilkes third.

A Track Record.

The 2:15 trot was won quite easily by Margot Leonard, who now has the honor of holding the track record for trotters, sweeping the first heat in 2:14 1/2. She won her race in straight heats, and much credit is due her trainer and Driver Charles Dennis, as he has her in grand condition. Wilkes, a nice back trotter, owned by G. E. Doremus of Kalamazoo, Mich., was second in the last two heats, and he looks like a coming trotter. Another good trotter in the race was Lucy Van, owned by H. A. Monigie of Wilmington, Del. She was not at her best yesterday, and for a time it was not known that she would start, as she was under the care of a V. S. however, she once started her and she showed that she is a very fast trotter. Birdie Bryson won a good race, as did Lesa, but they both seem short of work. Ned Wilkes was not himself, did not show up as well as he will later on in the season.

In the classified race half-mile heats John Reed uncovered a green one in the first heat, and marched off with the first, third and fourth heats. The racing was well conducted all thru.

The Summary.

Clothes of Character and Class

In every detail that contributes to make a suit of clothes of character—excellence of fabric—beauty and variety of pattern and weave—perfection of tailoring—service.

Score's Clothes blaze a new path and set a new standard.

They put within reach of those who wish to discriminate in dress that absolute essential to a gentleman's wardrobe—a suit of real individuality.

The new line of woolsens that we are showing will catch the fancy of the business man, the society man, or the man of the world. All of these gentlemen recognize what is tasteful and elegant in dress. We have the cream of the woolen mills of England, Ireland, and Scotland for your choice, and will make them up into your new summer suit in a style that will defy duplication in either fit or finish.

Some men seem surprised to learn that our prices are so modest. We don't know how the impression got around that our prices were steep—as a matter of fact, for as little as \$25.00 we make a suit of clothes that is unmatched at the price.

Come in and see for yourself.

LONG BRANCH BOWLING CLUB The Long Branch bowlers will have their opening game today, the first contest being that of president v. vice-president. Much enthusiasm exists among the members, and the contest promises to be one of the warmest competitions ever held by the club. The lawn this year is in better shape than most of the city lawns and very few are assured, taxing the best endeavors of the bowlers. In order to make this a banner game it is earnestly hoped that all members will be on the lawn at 2:30 p.m. A full report of the game will appear in Monday's issue.

MR. H. A. HOLMES, Aberdeen, Scotland has shipped to us for sale on Tuesday, June 9th. To Be Sold to the Highest Offerer. The Registered Clydesdale Stallion "STAR OF FAIRFIELD," 16152 (18194). This horse is three years old, bay, four white legs, and has arrived in first-class health and condition after his voyage. We never had one that arrived better from a trying trip such as this. The horse's sire is "HILLHEAD CHIEF," 5278, (10774); dam, "LADY CLARE," (18751). Also SHETLAND PONY STALLION, Solid Black Color. Mr. Holmes has shipped us some of the best samples of the Clydesdale that we ever handled. He sends us the good ones, without a dollar of price on them and tells us to sell them at the best price we are offered. We sold one mare from him, which he specially shipped to us, and after being sold at the Repository, she was re-sold to the Argentine Republic, where she won the Championship in All Heavy Horse Classes, and there are grand horses of every class in the Argentine nowadays. Another of the mares sent to us by Mr. Holmes, after being sold here, was selected by the State Commissioners of Ohio for stock purposes. This goes to show that Mr. Holmes sends real good horses to Canada, and these stallions ought to repay breeders.

IT WAS HOME RUN DAY AT ISLAND; LEAFS 10, ROYALS 8

LEAFS GET LION'S SHARE OF HONORS AND DOWN ROYALS

Great Long Distance Hitting Affair at the Island - Kelly-rites Bang Out Four Home Runs - Win by Two Runs.

The Leafs are with us once again, and they keep up to the pace set yesterday. The Leafs are going to provide a lot of fun for the fans. It was the exciting Royals that gave the Leafs the battle yesterday, but it was a game out boys getting the lion's share, a double and a whole lot of singles was what kept the fans in a frenzy. The final tally of 10 runs for the Leafs and 8 for the Royals proved no exception to the rule and the home crowd spotted them these runs in the first one inning. The Leafs caught them, forged to the lead, and then let the Montrealers tie it up, but banded out a win in their last at bat. It was great from the day of the hat.

The four-corner knocks were as plentiful as frogs in a pond. Bunny Hearn reached in the first one for Kelly and then Dick Jordan and Fisher got the lead. Kippert and Flynn did the distance clouting for the Leafs. By the way, it is no other than the Sugar-king Jack of olden days that banded round the first base for Toronto. Jack has done much traveling since leaving our fair Queen City.

Hearn was not going just right at the start and Delinger found him for a double as a beginning score on Kippert's sacrifice fly. Whitman and Flynn singled. This left Whitman on third, and when Kelly's snap throw was a little high, a double steal was worked. Whitman counting. Yeager rolled out. Kippert hit to the fence in centre for the cut in the third, and the Royals were three in front.

The Leafs got down to their knighting in their half of the third and tied up the game. Hearn opened hostilities with a single, only to be forced at second by P. Fisher. Fisher showed a bit into right, and then Pick dropped one in centre, or let it go across. Wilson beat, but Kelly and Wilson tried the double steal, but Wilson was cut off at the plate.

Kroy drew a walk in the fourth, and then Hearn dropped one into the bleachers, putting the Leafs two up. Pick banded to the fence in centre, and a home run in the next and Jordan rode one into the right field bleachers for four bases. This left the Kelly triple four to the Leafs.

The Royals cut the Leafs' lead down by one in the sixth, when a walk, a single and two infield outs counted Kelly. With his home run into the right field bleachers, and it was tied again.

The eighth was a grand affair for the homers. Kroy beat out an infield hit, and Hearn sacrificed neatly. Fitz walked and then Fisher hit to the score board for a home run in the eighth. Hearn, Delinger, then Wilson of a four base hit in this round when he banded up against the fence, and reaching high, pulled down his line drive. Three singles kept the Leafs in the ninth, and this left the first score 10 to 8 for Toronto and Hearn were the clouting heroes for the Leafs. Both players supplied a home run and two singles.

LITTLE INTEREST IN GRAFT CHARGES

St. John, N.B., Shows Surprising Apathy in View of Serious Allegations.

Canadian Press Despatch. ST. JOHN, N.B., June 5.—There seems to be an extraordinary lack of public interest in this city in the investigation which was begun yesterday by the royal commission appointed to enquire into the charges of corruption made against Hon. James Kidd Fleming, premier of New Brunswick.

While the opening proceedings were purely formal the fact that the courtroom was almost entirely empty was striking. Premier Fleming is charged under three heads, as follows: Unlawful extortion by Premier Fleming of about \$100,000 from the holders of timber limits in the province. The money is alleged to have been secured thru the agency of Wm. H. Berry, chief lumber agent in the province, diversion from its proper channel of a large amount of the amount of the money paid by the provincial government to the St. John and Quebec Railway Company, compulsion on contractors under the St. John and Quebec Railway Co. to pay sums of money to Premier Fleming before they obtained their contracts. A similar charge is made against H. F. McLeod, formerly the provincial secretary.

Premier Fleming flatly denies the charges and says they do not worry him. He says the charges are chiefly personal, and that he has no intention of resigning. The commissioners will begin taking evidence on June 16.

BEECHBOROUGH GRANGE

Just a Span

\$10 Down \$5 a Month

Beechborough Grange

THE prospect of large, immediate profits is bringing out millions of dollars from their hiding places in the West. People fought, and are still fighting to invest their money in oil enterprises which, in nine cases out of ten, will not net as high or as quick returns as good Toronto real estate, where every dollar wisely invested brings splendid returns, if one invests with care and foresight. Successful investors see beyond to-day's conditions. Standing in Beechborough Grange, for instance, they have a mental picture of the street after street of happy homes that, during the next year or so, must be erected here to house the many workers in the adjoining factories. One begins to comprehend the enormous importance of Beechborough Grange, now selling at

\$12 A FOOT

Keele Street and Eglinton Avenue

Beechborough Grange is situated at the junction of two very important thoroughfares, Keele Street and Eglinton Avenue. It is surrounded by properties that have sold at much higher prices—one in particular, a stone's throw further west, selling at \$30 a foot. As the illustration shows, Beechborough is "just a span" from the factories of the West End. It is logically the spot where workers in these factories must look for their homes. The terms are such as are suited to the man or woman of moderate means who is ambitious to share in the profits made by wealthier investors—\$10 down, \$5 a month. No desirable investment can be obtained on easier terms.

Beechborough Grange is beautifully laid out, the prettiest possible spot for a home, yet close to a network of car lines, and with neighbors on every hand. Home-seekers! Investors! Realize your opportunity. The renewed activity in good real estate makes this the time to buy. Come with us and inspect the property. An automobile will be sent to your door to take you out, on appointment. This afternoon motors will be leaving our office, at the corner of Keele and Dundas, for the property, from 2 o'clock to 5 o'clock. Whether you wish to buy or not, know by personal observation what Beechborough Grange offers.

ELECTRICITY IS THE REMEDY OF TO-DAY Nature's Cure for Nervous Ailments

So many people are suffering from nervousness, or ailments caused by nervousness, and try to cure these troubles by dosing their stomachs with drugs. It is as impossible as it is to put out a fire with oil. When you take a drug to cure a nervous ailment you only aggravate the trouble, and cause it to become chronic. Drugs will soothe the nerves for a few hours by stupefying them, but the trouble returns worse than ever just as soon as the stupefying wears off. Nature will cure you if you will give her the right kind of assistance. The reason your nerves are weak is because they are not properly fed. I don't mean that you don't eat enough. Nerve food is a force that comes from electricity. When your supply of bodily electricity has become depleted the nerves do not get the proper nourishment, and various complications result. The only way to cure nervous troubles is to restore this electricity. You can't get nourishment from poison, that's why drugs don't help you. Dr. McLaughlin's Electric Belt fills the nerves with electric life while you sleep. They drink in the force, just as a sponge absorbs water, and convey it to every organ, giving health and strength to every ailing part. Mitchell's Bay, Ont. Dr. McLaughlin: Dear Sir,—I wish to say that I think I can honestly say that I am cured. I am perfectly satisfied with the results of wearing the Belt. Before using it I could not go more than two weeks without medi-

COLLIER'S CAPTAIN GETS SYMPATHY

Public Opinion Has Veered Somewhat From Support of Capt. Kendall.

Canadian Press Despatch. MONTREAL, June 5.—No further developments in connection with the disaster to the Empress of Ireland have come to light within the past 24 hours. The public has settled down to await with patience the official investigation that is to be begun on June 18 with Lord Mersey as chairman of the commission of enquiry, the individuals continue to discuss the divergent statements about the shipwreck made by Captain Kendall of the Empress and Captain Andersen of the Storstad. Some of the sympathy that was spent on Captain Kendall at the outset has since been diverted to Captain Andersen and the latter has many supporters here.

MEMORIAL SERVICE

A memorial service will be held in Trinity East Church tomorrow night for those who lost their lives in the Empress of Ireland. Appropriate hymns and music and sermon.

ODORS DEPRECIATE PROPERTY VALUES

Smells in ward seven were considered just cause or reason why many properties should be reduced by the court of revision yesterday, also the ominous threat of an exodus of residents from the ward as a consequence of the odors was scouted by the court. Mr. Smythe secured practically no cuts in the assessments of his 19 properties. Aid. Ryding successfully pleaded for reduction of 18 of his properties and obtained similar favors for Mrs. Beatrice Hewitt.

PASSENGER SERVICE SOON

The C.P.R. expect to inaugurate a passenger service via the south shore line to Montreal before the close of this month. A freight service is already in operation and the putting in operation of the passenger service is now only a matter of a few weeks' time.

PREMIER WOULD PUT C. P. DIRECTORS ON TRIAL

Canadian Associated Press Cable. SYDNEY, Australia, June 5.—Premier William A. Holman of New South Wales, whose comments on the loss of the Empress of Ireland have given rise to much criticism, denies that he prejudged the official enquiry, when he intimated that the government ought to prosecute the directors of the C. P. R. as accessories of manslaughter. Today the premier said: "The fact that the commercial men who agreed to send the public of Canada to Europe did, in fact, send them to the next world is sufficient to put them on trial."

PREFERRED DOG TO MONEY

May Manser paid a fine of \$5 in the afternoon police court yesterday rather than lose her dog. John Clement complained of the biting habits exhibited by the dog and the Humane Society had ordered its destruction. The lady was given the choice of paying a fine by the magistrate or of losing the dog.

PREMIER VIVIANI SELECTS CABINET

New French Ministry Will Be Sworn in at Noon Today.

Canadian Press Despatch. PARIS, June 5.—Rene Viviani, minister of public instruction, has accepted the premiership in a new cabinet to take the place of that which resigned early in the week, and tonight promised to communicate to President Poincare at noon tomorrow the names of the other members of his cabinet. Except for some unforeseen contingencies, the personnel of the new government will be as follows: Premier and minister of foreign affairs, Rene Viviani; minister of justice, Bienvenu Martin; finance, Joseph J. B. E. Noulens; interior, Louis J. Malvy; war, Adolphe Messimy; marine, Armand E. Gauthier; public works, Fernand David; colonies, Milles La Croix; commerce, Gaston Thomson; agriculture, Maurice Raynaud; labor, M. Godard; public instruction, Rene Viviani; under-secretaries: foreign affairs, Abel Ferry; interior, M. Jacquier; fine arts, M. Ponsot; war, M. Maunoury.

Seven of the men appearing in the above list—Mm. Martin, Noulens, Malvy, Gauthier, David, Raynaud and Renault—held portfolios in the late cabinet of Gaston Doumergue. The others named have been members of previous governments.

AGED RESIDENT DEAD

KINGSTON, June 5.—One of the oldest residents of Eastern Ontario died yesterday in the person of Mrs. Francis Kirkey, aged 101. She was born near Tyolown, Glengarry County, her maiden name being Rose Tye. She spent her whole life in this section. Two weeks ago she and her husband, who is 108 years of age, lost their dwelling by fire and both had to be carried out of the burning house.

TAKE YOUR TROUBLES TO THE MINISTER

Two neighbors' squabbles were aired in the police court yesterday and the magistrate dismissed them by advising the parties to visit the minister of the church. Charles Gatto said that he had not assaulted Mrs. Mary Cattalini, but had only told her to shut her mouth, while in the second case Mrs. White declared that she had only taken Birdie Beattie by the arm because she had said that the accused lady was drunk.

Report of Beneficial Conditions Offset Bullish Advices From Abroad.

CHICAGO, June 5.—Auspicious field conditions over the entire domestic and Canadian wheat belt today more than offset bullish advices from Europe and Argentina. In consequence the market here closed easy at the same as last night.

It was clear and hot as if made to order for the wheat harvest in the winter crop states. On the other hand rains beneficial for growth prevailed throughout the spring crop region all the way up to the Canadian northwest.

STRENGTH IN CORN.

Strength was the rule in corn the greater part of the day owing to extreme lightness of country offerings and to a fair demand here from shippers.

THE SUDBURY MINING DISTRICT.

Judging by the general apathy of the Canadian investing public one would sometimes, now, the vast resources of Ontario's north are ever to be developed.

Probably the largest and most permanent gold-bearing region exists almost at Toronto's door, yet, but for the income of American and English capital, this great wealth would in all probability remain in the ground for centuries to come.

However, even if the cream of these big things go to others, let us welcome their investments, in the interest of our beloved country.

White Porcupine, Larrier Lake, and Kirkland Lake have come largely to the front as "gold-bearing" regions, there is one district which the writer believes to be at least the equal of any of them, if not better generally.

This is the country west of Gowanda and Shining Tree, and known as the Schist Lake section of Sudbury mining district, and lying between the C.N.R. and C.P.R. main lines, about 15 miles of the Town of Becho.

Considerable development work has been done quietly on a number of claims with very promising results. The aggressiveness of the move led to comment, as taking place regardless of a further upturn in the value of hogs.

FOREMOST FINANCIAL FACTS.

Andrew A. Allan of the Allan line denies the rumor that the same will be taken over by the C.P.R.

A slightly improved condition is shown in the development of the steel trade this week.

It is rumored in Montreal that the Eastern Car Company may issue \$300,000 in 6 per cent. notes.

Canada is to guarantee Grand Trunk Pacific \$16,000,000 four per cent. bonds.

There is rumored the possibility of part of Lord Strathcona's estate being put on the market.

Underground development at the Foley-O'Brien mine is progressing.

The foundations for the cyanide plant at the Porcupine Vipond properties were laid last week. The machinery is expected soon.

Within two weeks it is expected that the mill at Porcupine-Pet will be in operation.

It is said that the new issue of the Twin City stock may foreshadow an increase in the dividend to 7 per cent.

A new vein, measuring 2 1/2 inches for 75 feet, is reported discovered by the Kerr Lake Mining Co.

NEW CANADIAN LOAN.

LONDON, June 5.—Five millions in 4 per cents, at 98, comprising the new Canadian loan, are being underwritten.

The previous Dominion loan was for four millions last December. Eighty-three per cent. was left with the underwriters. Gift-edged stocks show considerable weakness on news of the latest issue.

Arranging Brazilian Loan

LONDON, June 5.—The financial news says there is reason to believe that the negotiations for a large Brazilian loan are approaching a head.

The Brazilian Government has a special representative in London, who is conferring with a French banking group as well as London institutions. Germany may participate also. The sum asked for is \$150,000,000.

NOTHING TO FEATURE MINING EXCHANGE

Porcupine Pet Fairly Active—Majority of Issues Remained Quiet.

Trading in small lots occurred on the mining exchange yesterday. Bailey was heard from. Shares sold at 1 1/8 to 1 1/4. The latter was the more often quoted. Dome mines opened higher at 8.50. After a sale of fifty shares was made at the price, \$3.40 was successfully bid; \$3.25 prevailed at the close.

Porcupine Pet was quite active. It opened at 23 3/4. One point was lost during the day. It was high at 24. Peterson Lake was also busy; 33 1/2 and 33 1/4 were the prices at which sales were transacted. Chambers-Perland sold at 17 1/2. Beaver was quiet at 29. Dome Lake held at 42. The trading was of small proportions. The volume for the day was light. There appears to be no influence to cause either buying or selling.
