

eventually a line of hills about the plateau and Cima di Fonte some four kilometres behind our front. The enemy reached our front lines, but made very little progress. They were repulsed on the right completely, but gained a few hundred yards near the left of our centre.

**EASY FOR ATTACK BY DETACHMENTS.**

"Our line, following a shell-like depression in which is the Town of Asiago, is irregular in outline and thickly wooded in places. Flat as it looks from our positions, the country is full of hidden holes in the ground and lends itself rather easily to attack by small, isolated detachments. The morning of the attack was more than usually misty and the bulk of the enemy troops approached along the line of a railway running from Asiago to the little village of Cetona, which follows a marked depression in the ground. In accordance with recent German methods the attacking troops were rushed up during the night from Val Sugana by motor transport. Heavy as was the preliminary bombardment, gas shells were only sparingly used against our troops. The attack on the British formed only a part of the Austrian plan."

**BEGINNING OF OFFENSIVE.**

Rome, June 16.—The Austrians began a great offensive at 7 o'clock Saturday morning on the front from the Asiago plateau to the sea.

This announcement was made in the chamber of deputies Saturday by Premier Orlando, who added:

"Our troops are everywhere resisting magnificently. Nearly the whole of our front is engaged, as the offensive extends with extreme violence from Asiago to the Brenta, from the Brenta to the Piave and along the Piave everywhere, involving the Asiago plateau, the Montegrappa sector and the plain."

Premier Orlando declared that the Austrians had failed to achieve even the preliminary results which usually followed a crushing offensive.

**MAGNIFICENT RESISTANCE OFFERED.**

Describing the operations, the premier said:

"A very violent bombardment began at 3 o'clock, and at 7 o'clock an infantry attack was launched along the whole line. The latest news which has reached me summarizing the situation at 1 o'clock is that our troops have offered magnificent resistance."

A message sent from the front to the premier concludes as follows:

"A comparison of all reports received shows that the offensive was pressed only in the first zone of resistance, and not even at a few points has it obtained the effect which the enemy must have hoped for from his powerful bombardment and the enormous effective launched—an attack against which our troops are resisting magnificently."

**FRENCH BREAK DOWN ENEMY.**

The Austrians, after a violent bombardment, attacked the French positions, but the very efficacious fire of the French broke down the thrusts of the Austrian infantry.

The enemy casualties were heavy and in addition he left numerous prisoners in the hands of the French.

The battle is in progress along the whole of the front.

London, June 16.—The Austrian troops who penetrated the line held by the British on the Italian front have been driven back, and the British line has been completely re-established.

This announcement was made tonight in the official statement issued by the war office on the operations in Italy.

The statement says:

"The pocket in the British front mentioned in the communique of last night has been cleared of the enemy during the night and the early hours of this morning and we are now again established on our original front line."

"Four Austrian divisions attacked the British line on Saturday and on the left penetrated the front to a depth of a thousand yards along an area of 2,000 yards. There the enemy was held."

"The official statement continues: 'Over 250 prisoners have been counted and we have, in addition, captured two mountain guns and a considerable number of machine guns.'"

"In the early hours of yesterday, when the hostile attack was first launched, invaluable assistance

Rome, June 16.—Italian headquarters, according to the official report received here, claims the capture of 3000 prisoners in the battle now going on upon the Italian front.

The Austrians officially claim the capture of 10,000 prisoners. The Italian forces are firmly held on the front, according to the war office announcement. They have completely recaptured their original positions on Asolone and Monte Solara, and are closely pressing the enemy who crossed the Piave.

"On the 150 kilometres front more intensely attacked, the powerful storming columns of the enemy occupied in their initial rush forward only a few front line positions, in the Monte di Val della region, in the Asolone area, and at the head of the Monte Solara salient."

"Some of the troops succeeded in passing to the right bank of the Piave River in the area of the Fagare-Musile region."

"During the day our troops initiated along all the front attacked energetic counter-attacks, which succeeded in holding back the powerful pressure of the enemy and in regaining a good portion of the positions temporarily yielded, on some of which, however, isolated detachments had with great success."

a result of which 5,000 Italians, French and English fell into their hands and were made prisoner. "The advantages thus gained were only able to maintain partially."

"East of the Brenta River, from the Monte di Val della region, the enemy's counter-attacks, which were supported by a flanking gun fire. On the western slopes of Montegrappa the Italians stormed in, and our battalions which had firmly established themselves in his front line."

"In the wooded zone of the Seven Communes (Sette Comuni), our regiments encountered an attacking group which had been prepared during previous days, and before whose counter-attack a portion of the captured territory was evacuated."

"Near Riva, on the sector of Major Duke Maximilian, we were engaged from the Italians the Dossa Alto and Adanello regions. Trusted mountain troops stormed Dorno di Cavento, during which 100 prisoners and three enemy guns were brought in."

"In Albania on the evening of the 14th a fresh attack by the French in the Devolka Valley was repulsed."

**BATTLES OF GREAT VIOLENCE.**

Rome, June 16.—A battle of great violence, in which large masses of infantry are being used by the Austrians in an attempt to break through the Italian lines, particularly in the eastern sector of Asiago Plateau, in

the Brenta Valley and on Montegrappa, as described in the official report from Italian headquarters today. The enemy's attacks were met in the advanced defensive area.

The text of the official statement reads:

"A great battle has been in progress on our front since yesterday. After artillery preparation, which was exceptionally intense on account of the violence of the fire and the number of guns employed, the enemy has begun his expected offensive by launching large masses of infantry to attack our positions in the eastern sector of Asiago Plateau, at the end of the Brenta Valley, and in the zone of the Piave."

London, June 16.—The war office commencing operations of the British army in Italy.

"A heavy bombardment by Austrian guns opened along the entire front from the sea to the Adige at three o'clock this morning, followed by infantry assaults throughout the day. Four Austrian divisions attacked the British forces."

"On the right the attack failed completely, the enemy being repulsed heavily. On the left, the enemy penetrated our front line to a width of 2500 yards and to a maximum depth of 1000 yards. He has been firmly held here all day."

Vienna, June 16.—Ten thousand Italian, English and French prisoners have been taken by the Austrians in their great offensive, according to the official communique from headquarters today. The Piave River has been crossed. The statement says:

"Our armies this morning broke into the enemy lines on the plateau of the Seven Communes (Sette Comuni) and also crossed the Piave."

"Up to midday reports have arrived reporting the capture of over 10,000 Italians, English and French. The capture in guns is considerable."

WHAT AUSTRIAN CLAIM.

London, June 16.—On Saturday 10 tons of bombs were dropped in the day time and nine by night, the most important targets being the railway stations at Estaires and Armentieres and the Bruges dock. The official statement tonight on aerial operations.

"In air fighting we brought down three German machines. One observation balloon was disabled as well as two hostile airplanes. None of our machines is missing."

NINETEEN TONS OF BOMBS DROPPED BY BRITISH.

London, June 16.—The arrest of two men at Ballygar, County Galway, Ireland, on Friday, led to a prolonged conflict between a group of sympathizers and the police.

The men under arrest were arraigned in a local court on charges of illegal drilling and committed to the Sligo jail. The rioting occurred during their removal to the jail and the police were unable to quell it. A lay-out charge was ordered and after several persons in the crowd were injured, the sympathizers were dispersed.

For Special Trials.

Dublin, June 15.—The Dublin Official Gazette proclaims the counties of Clare, Cork, Galway, Kerry, Limerick, Longford, Mayo, Roscommon, Sligo, Tipperary, Tyrone and West Meath and King's County and Queen's County under a special law providing for a court of venue and trial by special jury.

All the counties named except Tyrone are in the western and central parts of Ireland, and in the provinces of Connaught and Munster, and County Tyrone is in the Province of Ulster.

REACH LAND SAFELY.

Passengers and Crew of Wrecked Ascania Arrive in Port.

An Atlantic Port, June 16.—Passengers and crew of the wrecked steamer Ascania arrived here this morning on a patrol vessel. On board the Ascania were 191 of the crew, of whom only one was a woman, and eight passengers, three of whom were Marconi operators en route to the Pacific coast.

When the ship was struck by a mine, the ship will be a total loss, according to members of the crew, it having commenced to break up yesterday.

Miss McCollum, the only woman on board, was submerged at high water and there was about four feet showing at low water, they declared. The vessel struck the reef at 10.30 on Friday. The ship was on a voyage from London to New York, and was carrying 191 passengers and crew.

WAR SUMMARY.

THE DAY'S EVENTS REVIEWED.

Austria, which has massed the largest number of effective troops for any given campaign since the beginning of the war, began a powerful offensive in Italy on Saturday. The Italian forces are firmly held on the front, according to the war office announcement. **SUMMER HOME OF DOWNTOWN MISSION**

Bishop Sweeny Dedicates Beautiful Building on Lake Simcoe.

NAME IS MOORELANDS Will Be Holiday Place for Failing Children and Tired Mothers.

Hamilton, June 16.—With the objective of \$50,000 not yet attained the big allied drive to raise funds for different war relief purposes concluded today. A house-to-house collection of the contribution envelopes left at the houses of the city a couple of days ago was made. This morning at 9 o'clock 500 men representing the Canadian Club, the Rotary Club and other local societies, and a goodly number of philanthropic women, assembled at the armories, North James street, whence the men started out in teams of two to cover the districts into which the city had been divided for collection purposes. Their work was completed as far as possible by noon.

The teams turned in their returns at the head office of the Bank of Hamilton, where the money was counted by the managers and staffs of the various banks of the city. At 7 o'clock this evening J. P. Bell, general manager of the Bank of Hamilton and treasurer of the allied drive, stated that the day's work had realized so far \$22,150. Mr. Bell also announced that the efforts of the young women who sold tags in many parts of the city yesterday were rewarded with the sum of \$5000. This, together with today's results and the money collected by the workers on Thursday, Friday and Saturday, made a grand total of \$107,247.

A number of people were not at home when the collectors were at their doors, and others were not prepared to hand in their contribution. All such are requested by the finance committee to hand in their envelopes at any of the chartered banks of the city tomorrow.

Among those present were: Bishop Sweeny, Rev. Frederick Skupart, Mr. and Mrs. G. Hillwell, Rev. and Mrs. Patterson Smyth, (St. Philip's), Rev. F. Hartley, (St. Matthias); Rev. R. J. McLaughlin, (St. George's); Rev. A. J. Arthur, (Holy Trinity); Mr. and Mrs. Evans Lewis, Miss Wright, Vice-President of Downtown Women's Association; Mrs. Veeman, convener; Miss Sheppard, treasurer; Mrs. Lemon of St. Ann's; Mrs. Evans, Grace Church; Miss Maud, Mrs. Bancroft, (Star Fresh Air Fund); Miss White, (Globe); Rev. McLellan, Rev. J. B. Vaughan, (St. Barnabas).

The letter parish, Rev. Kid of St. Paul's gave a hearty welcome to Miss McCollum and her associates in the work.

Homes, such as these, said Rev. F. Hartley of St. Matthias, were removing the old rubbish which used to be leveled at the Church of England, that its ministers cared only for the souls and nothing for the bodies of the people in its care. The church minister sees to it that an even greater interest be taken in such things, which pertain to the life and welfare of the bodies as well as the souls.

Quite often a holiday spent amid such surroundings was the first means of any spiritual awakening in the life of those whose every day was spent in struggling for an existence.

It was an occasion for much thankfulness said Rev. R. J. Moore, who also paid tribute to the good work done by Miss McCollum. He looked back to the early days of the bishop's induction and was thankful to trace the growth of the church along lines of social service since that time. Any day after a holiday spent amid such surroundings, he continued, which stands outside of such work is a decaying one.

The new house has been built to accommodate 100, and 24 rooms have been furnished so far by individual friends and churches. An event of the afternoon was the taking up of the names chosen by donors over the various rooms.

The first party of eighty, which includes mothers and children, will go up to the house tomorrow.

A full account of the new home, its surroundings and aims will be given in the next issue of The Sunday World.

BUSY WEEK PACKING.

St. Francis' L. & A. A. Remember Overseas Boys.

St. Francis' L. & A. A. have just finished packing and despatching 52 boxes of service goods to the boys overseas. The boxes were of good size, valued from \$7 to \$8 each, and contained much that will brighten the hearts of the boys.

The work was accomplished as a result of two successful patriotic entertainments held for that purpose at the end of July, and during the new activity on the part of this association. For more than a year, they have been doing it regularly, and every two weeks a small number of boxes have been sent to different members whose names grace the honor roll of the organization. The honor roll contains the names of some 95 men, as there are several hundred members of the parish serving at the front who are not members of the association. It was decided to extend the work and include them, consequently the opportunity to assist was given to the people of the parish, who responded with much enthusiasm.

GERMAN RAIDERS BEATEN.

German Attempt Against Americans Fails South of Thioucourt.

With the American Army in France, June 16.—A German raiding party of 150 men and three officers attacked the American line south of Thioucourt at two o'clock this morning. As a result the enemy lost at least 20 killed, of whom one officer and four men died in the American trenches. The American casualties were light and they took one wounded prisoner.

Taylor was murdered for the money he carried in his home in Thioucourt, four miles east of Enghien, on the night of May 21, while his two daughters were at a dance. He had been struck from behind by a blunt instrument, believed to have been a hammer, and had been instantly killed by the blow smashing the skull. After the finding of the body Taylor's wife was arrested on suspicion, but was later released.

Following the report of the murder the case was taken up by Provincial Inspectors Rowell and Boyd, who later arrested Clark, the man now held in Thioucourt. Following Clark's arrest the officers traced the other two men to Toronto, and from there Morrison was found in training at Niagara Camp, while Fuller was located at the Exhibition, where he had joined the army under the name of Frank Jackson.

Fuller's home is in Bracebridge, while Morrison comes from Thomaston. The two men were handed over to the city police for safe keeping and today will be taken back to Thomaston.

HOSPITAL IMPROVEMENTS.

Hamilton, June 16.—Denial by Architect Lachance of Controller Jutten's assertion that the Jubilee wing of the Barrow Street Hospital, a firetrap, is counted upon to precipitate further discussion when the recommended improvements are considered by the council.

Controller Jutten still insists that the patients in the north end of the wing would have little chance for their lives in the event of a fire. Architect Lachance made no comment as to fire escapes, and these are particularly insisted upon by Controller Jutten. The Jubilee wing is substantially constructed, he insists.

The controllers will recommend the placing of contracts this week for the recommended improvements.

### Such Plain, Practical Chairs as You'll Want for Your Rustic Abode

- H. You may sit as comfortably on the beach as on your own verandah at home when this chair is numbered among your summer possessions. It is made of varnished wood, with seat of awning cloth in a variety of stripes, and, when folded for carrying, is of surprisingly light weight. Price, \$2.00, or without foot-rest, \$1.75.
- J. Another chair of the same accommodating type as "H." It, too, is made of varnished wood and awning duck, but, as you will notice, is without arms or foot-rest, making for greater ease still in carrying it from place to place—an especial favorite with campers. Price, \$1.50.
- K. Still another chair of the collapsible, light-weight and eminently comfortable order—one that is used frequently in motor boats, that is taken to picnics, and makes itself generally useful around a camp. The frame is of varnished wood, and the seat and back of heavy duck. Price, \$3.00.
- L. Also of the "collapsible" class, this camp table, that is such a sturdy, useful sort of table, that is utilized, too, in many a well-furnished cottage—as a verandah tea-table, a sewing-table or extra table for magazines and books. It is 39 inches long by 26 wide, and is made of varnished wood. Price, \$3.90.

G. For solid comfort here's one of the best chairs you can choose—one that might well be included on every cottage verandah. The foot-rest is the great feature, of course. The particular sloping seat and back is another. It is made of varnished wood and priced \$15.00.

See the display of Camp Furniture in the Furniture Building, cor. James and Albert Sts.

**RAILS ARE READY FOR THE VIADUCT**

Can Be Delivered Without Delay When City Makes Request.

**LETTER IS ON THE WAY**

Quick Action Expected to Follow Settlement of Details.

The viaduct rails, released Saturday, are on the Toronto Railway siding, Esplanade, and Manager Fleming has ordered them loaded on the company's flat cars for delivery to the city as soon as Commissioner Harris says the word.

"We'll have the rails at once," said Mr. Harris on Saturday. "I am writing Mr. Fleming."

At the street railway office a letter to the Toronto World was told the rails could be delivered an hour after the city's request was received.

The delivery will be made at night on the end of the street car tracks on Parliament street. From there the city will team them to the west end of the viaduct. The laying of them will commence from that end. The blocks, crushed stone and all other necessary material is already on the job.

It was suggested to Commissioner Harris that one side of the Danforth section of the viaduct be completed first to enable vehicles to cross.

"That would not do," said the commissioner. "It would cause congestion. Material will have to be brought here and forth and public traffic would interfere with us."

Not a Double Shift. The proposal to put a double shift of men at work to rush the job through was not possible because of the shortage of labor, Mr. Harris said. If times were normal that would be possible. But it was hard to get even one full shift now.

The erection of the standards to carry the trolley wires will be completed in a few days and the viaduct strung. The city will do this. The hydro will attend to the lighting and they too are ready to commence at once. Most of the hidden wiring is already in place.

Meanwhile the Toronto Railway's road superintendent and staff are busy mapping out new routes made necessary by the opening of the viaduct. They have not decided how the cars will run. It will be necessary to do more rerouting of present lines than has occurred in the last twenty years.

It is now only a matter of a few weeks before the viaduct is opened for both vehicular and street car traffic. It is understood that the viaduct will be ready to receive the cars by August.

**THOMAS SCOTT'S NEW POST**  
Manager and Secretary of the Exhibitors' (Picture Shows) Association.

Thomas Scott, who has been identified for some time back with the printing of all the government admission tickets for the picture theatres has just been appointed manager and secretary of the Exhibitors' Association, a trade organization for all these houses in Ontario. They are all either in or will be in the association, which is mainly for the purposes of protection and the improvement of this popular class of entertainment. Mr. Scott, some years ago, wrote an article, the British Empire Peace Proposal, highly commended by the English press. Mr. Scott ought to make a great success of his new duties.

**CHURCHES ARE READY FOR REGISTRATION**

Work Commences in Earnest This Morning Throughout Canada.

**CHRISTIAN SCIENCE EXPLAINS WORLD WAR**

The registration proper of all persons, male or female, residing in Canada, who are over 16 years of age, begins today, and will continue all week. The three primary objects are: 1. To secure the enforcement of the Military Service Act. 2. To enable the government to better organize and mobilize the man and woman power of Canada. 3. To provide facilities for a proper system of rationing.

Booths will be open, and registrations will be taken at the banks, post-offices, libraries, Y. M. C. A.'s, police and fire stations and numerous other places. Every man and woman of Canada, 16 years of age and over, must register at a booth irrespective of where they reside or work.

For the business centres of Toronto, 420 registration booths have been opened in South Toronto in factories and offices, and 10 public schools. It was stated Saturday that it was expected the entire campaign would pass off without hitch.

James Randall Dunn, a member of the board of lecturers of the Christian Science Church, in a lecture delivered before 3000 people at Massey Hall on Sunday afternoon stated that the religion of Christian Science offered the only rational explanation of the mighty world fermentation which was evidenced on all sides by the most terrible and senseless wars.

Christianity told one to be not dismayed, but to realize that as the mud in the bed of a river must be stirred and brought to the surface in order to purify the stream, so must the latent errors of the earth, national as well as individual, be brought to the surface, and carried away so that the world might be purified. Christian Science, said the speaker, stood always for the inalienable rights of man, and it was Mrs. Mary Baker Eddy who had stated that if the nation's rights or honor were jeopardized every citizen would be a soldier, and every woman "would be armed with power girl for the hour."

"The mere signing of a treaty," continued the speaker, favorable to human interests as it might be, would not alone be empowered to usher in the millennium. The bondage to materiality, the enslavement to material laws, customs and superstitions and specious speculation would need to be wiped away before such a condition could be said to have arisen. Medical theories were merely mental, and one heard times without number the question: "How can I get rid of this cold?" or "What is the matter with my head?"

The diversity of medical opinion upon the most important factors of medical science so-called was proof of the fact that there was no science governing material medicine. On the other hand the philosophy of Christian Science, instead of being a system of material laws, was based upon the power of the will and suggestion, was the purest of Christian metaphysics, based upon a spiritual interpretation of the Scriptures.

**OFFICERS AND MEN RETURN FROM FRONT**  
With a thousand of their friends and relatives present at North Toronto Station to enthusiastically greet them, 183 returned invalided soldiers, six of them officers, arrived home from the war on Sunday evening. The train men, stationed to meet them, exacted on the minutes of the announced time. Bandmen from Exhibition camp, Col. H. C. Bickford, district military commander; Major G. St. George, C. Clark and Capt. Lou Scholes were at the station to take part in the reception ceremonies.

Eleven of the returned men were "stretcher" cases—soldiers either seriously ill or wounded. As the cots containing them were lifted from the train to the waiting platform, Col. Bickford shook hands with each of these war heroes and gave them a few words of personal welcome back to Canada.

The six officers who returned yesterday from overseas were Lieut. J. H. Budd, 360 Brunswick avenue; Lieut. H. E. Clark, Stratford; Lieut. P. E. Horton, Owen Sound; Lieut. B. T. Tilson, Bracebridge; Lieut. T. I. Gibson and Lieut. W. B. McConnell.

**FALSE REPRESENTATION CHARGED TO CONDUCTOR**  
On a charge of attempting to obtain money by false representation, Jack Pearl, a former conductor for the Toronto street railway, who gives his address as 866 West King street, was arrested by Detective Taylor of the central office, Saturday afternoon. Pearl is alleged to have filed a claim with the street railway for \$120, said to be damages for injuries which he claimed to have sustained to his ankle when he fell from the rear platform of his car at the corner of Peter and King streets on May 7. The man claimed that he had been in the General Hospital for four weeks due to injuries received. An investigation was made by Detective Taylor, who found that Pearl had been in the General Hospital, but that he had gone there voluntarily and had undergone an operation for his feet. One of his feet were encased in plaster for four weeks. There was no injury or strain at all, it is said.

The man is also alleged to have filed a claim with the Merchants Casualty Company, by whom he was insured against accident. On being questioned Pearl stated that he had been operated on so that he could join the army.

**SPIRITUAL PHENOMENA IS STILL UNSOLVED**

Felix Belcher, addressing the Theosophical Society at Foresters' Hall, College street, upon "Spiritualism" on Sunday evening, stated that while Theosophists and Spiritualists were agreed as to the fact of phenomena, there was no agreement as to the causes behind the phenomena. The speaker recalled the case of his brother-in-law, who had lost his spectacles, and who a few days later went to a seance out of curiosity. The medium, during the course of the seance, turned to him and stated that she saw a pair of opera glasses near him. A moment later she corrected herself. The glasses were larger, and were really field glasses. Another instance recorded was that of spirit paintings, which were seen accomplished within the space of 20 minutes. Another and perhaps more singular case recorded, said the speaker, was that of Keeler at Lilydale, who strapped two slates together so that no one could write on them. The visitors heard a scratching as on the slate. The slates were then unstrapped apart, and when opened showed writing on both sides, the these sides of the slates had been free of any marks before being strapped together. One member of the party present recognized the writing as the type peculiar to her sister. These cases were of recent occurrence, and could easily be substantiated by Torontonians. The orientals held Spiritualism as but a part of the grander philosophy of occultism, and his advice to all was to develop the faculty of looking not for sensationalism, but for truth.

**PREPARE ACTION FOR TWO MILLION**

**NEWS OF LABOR**

**MEETING TO CONSIDER OFFER FROM COMPANY**  
The strike of the employees of the Willys-Overland, Ltd., may be ended at a mass meeting of the strikers which is to be held at the Labor Temple this afternoon. On Saturday, Harry Harper, an official of the International Union of Machinists, in company with E. Compton of the department of labor held two conferences with T. A. Russell of the company. Among the terms considered in the agreement is one agreeing to pay specialists the minimum wage of 45 cents an hour after two months' probation with the company. This wage under this agreement would be paid to all specialists who have already spent two months with the company. Inspectors would commence at 25 cents an hour, and rising five cents an hour a month would receive 35 cents an hour after two months.

**WANT BETTER CONDITIONS.**

The egg candlers are still organizing for greater strength and solidarity of purpose. While the union is making progress at points it is believed that it is not yet sufficiently organized to exert the influence needed for the betterment of the candlers. A mass meeting is called for Tuesday evening at the Labor Temple, and the need of better conditions and higher wages will be thoroughly discussed.

**APPOINT ASSISTANTS FOR ST. PAUL'S CHURCH**

Two assistants to the rector, Hon. Dr. Cody, have been appointed for St. Paul's Anglican Church, East Bloor street. The senior assistant is Rev. E. McIntyre, formerly rector of St. Aidan's Church, Balmy Beach; and the second is Rev. Gerald S. Despard, formerly assistant at St. Anne's and at the Church of the Redeemer, and rector of Aurora, Ont. He has recently been financial agent of the Missionary Training and Deaconess' House, Toronto.

**FISHING IN ALGOQUIN PARK.**

The fishing this year in the Algonquin Provincial (Ontario) Park is exceptionally good. Since the open season the splendid trout and salmon trout catches have been most gratifying to the anglers. The largest fish that has been taken so far is a speckled trout weighing five and one-quarter pounds.

**RECONSTRUCTION.**

The reconstruction group of the Theosophical Society will meet at the Foresters' building on College street, near Yonge street, on Friday evening to consider practical suggestions for the adjustment of the after-war problems, of which the adjustment of the labor market is the most important.

**REFUSE AGREEMENT.**

Employees of York Knitting Mills Still on Strike.  
The textile workers held a meeting on Sunday afternoon to discuss the strike at the York Knitting Mills at 992 West Queen street. The strike situation, however, remains unchanged, the employees definitely refusing to sign the agreement recently proposed by the management. This agreement, while agreeing to raise the wages of the employees \$2 a week was turned down by the strikers because of the rider in it which obligated the employees to refuse to abide by the rules of any

OLD COUNTRY WIN FROM THE ALBIONS

Champions Suffer Their First League Defeat, Due to Discouraging Start.

Their ideal weather conditions, and a large turnout of spectators, Old Country and Albions met in their first league fixture for the season at Trinity College grounds on Saturday afternoon.

When the Albion men took the offensive, they started rather disastrously, losing three fine players in Roberts, Moyson and Mayville by three runs. But Seal and Wakefield changed the aspect of the game, the former by good cricket scoring 15, while the latter in brief but grand runs.

Woolley was in great form for the Old Country, his bowling average being six wickets for 17, while Green took two wickets without a run being registered.

# DOROTHY DIX'S TALKS TAKE A VACATION

By DOROTHY DIX  
The World's Highest Paid Woman Writer.

"The real good of a vacation," said the business woman, "is not so much that it rests your mind and body, as that it makes you satisfied with your lot. It's good to go away, but it's great to come back. I suppose the psychology of the thing is that most of the times we are too close to our blessings to realize how beautiful they are. We have to get far enough away to get the right perspective on them.

"I always spend my vacations with my married sister who lives in a pretty little mid-western town, and has the traditional vine-wreathed cottage, a husband and kiddies, and all the appurtenances that go to make the conventional picture of the ideal life for a woman.

"I have sort of been gotten to the place where things have begun to get on my nerves, and I have commenced pitying myself and wondering how I didn't make a mistake when I didn't marry the nice corner grocer who proposed to me when I was eighteen. I have sort of been gotten to the place where I have no strong arm to lean upon, and nobody to stand between me and the cruel world. And I seem to be lonely to have nobody waiting for me when I come home at night. Business isn't any longer a thrilling game where one pits one's wits and cleverness against the wits and cleverness of crazy opponents.

"It's nothing but sordid, never-ending drudgery, and I begin to hate it and to wish that instead of putting on my straight fronts and my tailored-made in the morning, and going forth to do battle with fox salesmen, I could don the froxy kimono of domesticity, flop down into a rocking chair and spend my hours following the fortunes and misfortunes of Nellie the Beautiful Cloak Model, or some other heroine of the mod in which I start to spend my vacation with sister.

"That's the mood in which I start to spend my vacation with sister. When I get there I perceive that sister, who is two years younger than I am, looks ten years older, which leads me to reflect that possibly an office is not as wearing on a woman's appearance as a vine-wreathed cottage is. I have thought that I was some hustler, but I observe that I am geared to low speed compared to her. I move that sister gets on to get thru her day's stint. At least, I don't have to do but one thing at a time, but sister does 20 simultaneously.

"I marvel as I behold her getting breakfast with one hand, while with the other she feeds the baby, washes her husband's clean handkerchiefs, ties Johnnie's shoes, buttons Mary's dress, teaches the twins their Sunday school lesson, fixes up a lunch for Jim who is going fishing, picks up the clothes that everybody has scattered all over the floor, answers the telephone and executes a dozen other little side stunts.

"And this incessant labor she keeps up all day, until the children are tucked in bed at night, and there is never one single minute when she has a particle of quiet, or leisure to sit down and rest. She lives in a domestic bedlam that would make working in a boiler factory seem quiet and peaceful, and that would send me to an insane asylum in six weeks.

"I also observe that the strong manly arm on which she leans has a pretty close shuck flat at the head of it, and that before she gets a penny she has to explain what she did with the last one and what she purposes to do with this. Any of which causes me to have a beautiful time reflecting on my lucky lot in life, and I come home with my whole point of view about my work changed.

"It's surreal for the work that makes me financially independent. It's ho! for the hotel room and bath that are my exclusive property. It's ha! for the aloneness that gives me an opportunity to loaf and invite my

souls to come to my vacation by coming to see me every winter, and she has confessed that her vacation has exactly the same effect on her that mine has on me. She comes envying me and she goes back pitying me. She comes thinking how delightful it must be not to have to bother about meals, or to have to ask her husband for money, or to be harassed by children's continual "Oh! for me-o-ther, and she goes away thinking that a woman who hasn't anybody to go back to, or any house or any babies, is the forlornest creature on earth.

"So our vacations do their perfect work and keep us both satisfied, which makes me wonder why we all haven't got enough sense to get away for a while from the thing that irritates us when we find ourselves getting disgruntled with each other.

"True," said the married woman, "the real solution of the divorce question is for husbands and wives to get away from each other for a while from the thing that irritates us when we find ourselves getting disgruntled with each other. Most married people are really attached to each other, and they admire each other's good qualities, but they get together because they have been together too long, because they have gotten to the place where they bore each other, and see nothing but each other's faults.

"You've noticed that a couple may fight like Kilkenny cats, but that if either one of them dies the other invariably speaks of the departed one as if he or she had been an angel. Of course, most of us don't die, but we realize that each other's faults, and how necessary we are to them.

"That's the reason my husband and I both want vacations separately. When my John Henry sees me off on mine, he looks like just an ordinary, half-headed, rather stupid fellow. But when I see him again, I'm just a fat, grizzle-headed, ordinary sort of a woman to him, and we both secretly wonder why we married each other.

"But I haven't been at the summer hotel two days before I'm beginning to think what a noble, self-sacrificing, wonderful man I've had the luck to marry, and before my month's vacation is up I'm bragging about him to the other women, and when he comes down to meet me at the train on my return he looks about seven feet high, and as handsome as a Greek god to me.

"And John Henry's kiss to me when I went away was like the slap of a whip on my cheek, but his welcoming kiss is the kiss of a lover, and he tells me that I certainly do look like a goddess to him, and we have a regular love feast, and I'm so glad to be back home again that I don't see that the paper is faded and there are spots on the carpet, and I have a real picnic in an orgy of housecleaning.

"Yes," agreed the business woman, "there are two things about a vacation that never fail, no matter what happens in between times—the delight of going, and the super-delight of getting home."

HAIG OFFERED ARMY

Foch Declined Help of Infantry, Fearing Another Attack.

Paris, June 16.—The newspaper L'Echo, commenting on the cooperation of the British air force with the French air force in the great battle on the frontiers of the Somme, says that the spirit among the allies to support in the battles in which they are directly engaged.

"During the battles in Picardy," says the newspaper, "General Pershing placed under the orders of General Foch the entire American army, which has now been repeated by the army demanding a place on the right of the French in the present battle. The French command according to this place to the British air force. General Foch considered that the British infantry had a different part to play and should be kept in reserve at other points of the front where the enemy, frustrated of victory on the direct road to Paris, might within a few days make attempts to resume the attack. Our soldiers were greatly excited while going to the front. It is however numerous camps belonging to the British air force.

The units of the British air force which are at the front are placed under French command, from which they receive their general fighting orders, the executive details being left in the hands of the unit commander. There is freedom of action on one side and the spirit of initiative on the other. The British air force with the British infantry is carried out in the attack of the battle.

General Libere then proceeds to describe numerous exploits of British aviators and pilots, declaring both the admirable work done not only in the air but also in the field of enemy batteries.

AMERICAN CASUALTIES DURING PAST WEEK

Washington, June 16.—Seven hundred and seventy casualties reported among the American expeditionary forces during the week ending today brought the total since American troops first landed in France nearly a year ago to 9085.

The second weekly summary of casualties issued today by the war department shows that the total number of deaths from all causes is 3122, while 4547 men have been wounded, including 346 are missing in action, including all men held prisoners in Germany.

STATES ON BORDER BECOME GOLGOTHA

Dr. Cohn, in Reichstag, Charges Wholesale Murders by Misdemeanor German Soldiers.

Amsterdam, June 16.—A scene was caused by the reichstag yesterday by Dr. Cohn a Socialist member, when, according to The Cologne Gazette, he declared: "The border states have become a Golgotha where lie bleaching the bones of the best in the land who have been slaughtered by the misled German soldiers."

An uproar followed this declaration, and Deputy Cohn was called to order, but he continued: "The entire war has become a family affair of the Hohenzollerns. It is possible that we may finally remain the only warriors in Europe and the entire will have to submit to Europe, will have become a continent of beggars, and we shall all suffer the consequences of such a peace."

Lieut.-Gen. Von Stein, Prussian minister of war and state, in reply, asserted: "It is not one family in this country which is waging war, but the German people under the Kaiser, is waging war for its existence."

According to another account of the excited debate, several independent socialists shouted: "Robbers! Murderers!" when Dr. Cohn said that people were being "slaughtered by the misled German soldiers." Members of the centre and the conservative parties left the chamber. It is reported.

IMPORTANT CHANGES BY REDEMPTRISTS

Quebec, June 16.—An important change affecting the English-speaking branch of the Redemptorist Order in Canada has been announced here. This branch of the order, which up to now has been confined to the provinces and subject to the head office in the United States, now becomes a separate province, with Rev. Father John Lyle, O.S.B., provincial, will be its headquarters in Toronto.

Rev. Father McCandless of Toronto, becomes rector at Winnipeg.

TORONTO MAN WEDS.

Arthur Elwood is Married to Mile. Gabrielle Cadix of Paris.

London, June 16.—The marriage is announced of Arthur Elwood of Toronto and Gabrielle, daughter of Albert Cadix of Paris; of Lieut. Harry Cron Kennedy, Canadian Engineer, and Jean, youngest daughter of Sir John Kennedy, G.C.B., of Lieut. John Lyle Morrison, Canadian Officers' Training Corps, and Nurse Maude Willes of Sydneyham. The engagement was announced by Lieut. B. Donald, Canadian infantry, and Joan Dorothy, daughter of the late Edward Arnot.

ITALIANS MUST REPORT.

Vancouver, June 16.—That unmarried Italian subjects between the ages of 20 and 24 years must report for duty within the next fifteen days are the instructions which Court Interpreter J. Correll informed Magistrate Macleod had been issued through the Italian consul at Vancouver. Subjects who failed to report would lose their rights of citizenship and would no longer be under the protection of the consulate.

TWO AUTOMOBILE FATALITIES.

Montreal, June 16.—Two fatalities by automobiles occurred here over the week-end, both being boys, one of seven years and the other of ten. The first was hit by a car while playing in the street and died on Saturday. The other was struck while crossing the road, and died tonight, shortly after being taken to the Notre Dame Hospital.

KILLED BY ACCIDENT.

Gananoque, Ont., June 16.—Word was received here at noon today that Mr. Wm. Hale that his son, Capt. (Dr.) Wm. Hale, M.C., medical officer 42nd Battalion in France, had been killed by a motor car at the base hospital. Dr. Hale is the winner of the D.S.O. He was a graduate of Queen's University, Kingston, and gave up his practice at Utica, N.Y., to serve his country in the present war.

REGISTRATIONS IN MONTREAL.

Montreal, June 16.—In the first week of registration here under the man power order-in-council over 125,000 persons have registered, according to returns filed in the office of Registrar L. G. Arescne, K.C. Lack of deputy registrars and the fact that only a beginning had been made in the opening of new booths has retarded the work to some extent.

WILL BE ASSISTANT CONSULS.

Montreal, June 16.—Charles E. Asbury and Edward B. Morris have been assigned to the consulate-general of the United States in Montreal as assistants. It was officially announced today, Mr. Asbury was United States consul in the Philippines for several years, and Mr. Morris was vice-consul in Salonica and Smyrna.

CANNERY STEAMER BURNED.

Prince Rupert, B. C., June 16.—The Seattle cannery steamer Ravalli was burned at Low Inlet, Friday. There was no loss of life. The fire originated in spontaneous combustion from the cargo of coal.

FREIGHTERS COLLIDE AND ONE IS SUNK

Large Vessel, Upward Bound, Rammied by Another in the St. Clair River.

WHEELMAN ARRESTED

At First Thought Accident Was Due to Steering Gear But Theory Disproved.

Port Huron, Mich., June 16.—Following a collision in St. Clair River here yesterday afternoon between two lake freighters which resulted in the almost immediate sinking of one of them, a wheelman suspected of being responsible for a deliberate attempt to block the Canadian channel to navigation, was ordered under arrest by his captain and federal authorities notified. The two boats are the Australia, bound up and the B. F. Jones, bound up with ore.

The Jones rammied the Australia squarely in the stern, making a great rent thru which the water poured into all parts of the ship and causing her to sink within four minutes of the time she was struck. Before sinking to the bottom the steamer was being towed by wind and current almost clear of the channel, which at this point is very wide and she went down not far from an old dock a short distance south of the Northern Navigation Company's landing.

At first a jammed steering gear was thought to have been responsible for the accident, but a hasty investigation soon disproved this, the Jones rudder and chains being found in good working condition. Suspicion then fastened upon a wheelman on the Jones whose name for the present is withheld and he was placed under guard.

When the boats came together the Jones was steaming fast and the B. F. Jones was at anchor. A terrific collision occurred, the Jones' rudder and chains being found in good working condition. Suspicion then fastened upon a wheelman on the Jones whose name for the present is withheld and he was placed under guard.

The Australia has a gross tonnage of 34 tons and is fitted with a steel hull with a carrying capacity of 3700 tons, is 275 feet long by 48 feet beam and a depth of 15 feet. She was built in 1917. The Jones is a steel freighter 530 feet long and a carrying capacity of 10,000 tons, with a gross tonnage of 6929 tons. She is 140 feet long by 30 feet beam and a depth of 31 feet. The Jones was built in 1908.

LABORITE CONVENTION NOT NEARLY CONCLUDED

St. Paul, Minn., June 16.—Labor leaders here to attend the American Federation of Labor convention, which is its second week tomorrow, tonight announced their intention to stay on for proceedings in an effort to adjourn here next Saturday. It is thought probable, however, that the session may extend into the third week.

Besides the election of officers and selection of a convention city, a number of important resolutions remain to be acted upon. Several spirited contests are promised on important positions outside the presidency, which, it is predicted, will go to Samuel Gompers.

Secretary of Labor William B. Wilson will be the guest of honor one day this week, and will address the convention. It is believed that the labor mission also will attend one session.

IRISH NATIONALIST MEMBERS WILL RETURN TO PARLIAMENT

Dublin, June 16.—The members of the Irish Nationalist party have decided to return to parliament she week after next. The Irish Nationalists temporarily withdrew from attendance in parliament as a protest against the government's proposal to apply conscription to Ireland. Recent despatches from Dublin indicated that the Irish party's representatives would return to the house of commons to take part in the debates, particularly on the question of the Sinn Fein arrests. The situation that induced the Irish members to withdraw has been modified by the government's proclamation calling for voluntary recruits in Ireland.

BULGARIANS REPULSED.

Artillery Activity Prevails on Larger Part of Balkan Front.

Paris, June 16.—A French official statement says: "Eastern theatre: There was artillery activity on the greater part of the front. Several Bulgarian reconnoitering detachments attempted to reach the allied lines but were repulsed with heavy losses. Two enemy airplanes were brought down."

PRISONERS EXCHANGED.

France Begins to Receive Men From Germany.

Berlin, June 16.—The exchange of 150,000 prisoners of war between France and Germany, in accordance with the recent Berne agreement, is beginning. Special trains carrying 600 to 1,000 prisoners are moving in each direction.

REPULSE GERMAN ATTACK.

Enemy Suffers Check From Americans in Alsace Sector.

With the American Army in France, June 16.—American machine-gunners and riflemen repulsed a German attack in the Alsace sector in Alsace this morning.

BRITISH BOYS BUSY.

London, June 16.—The war office has arranged to issue rations to over 10,000 boys from the age of 12 to 16, who are attending secondary schools who have volunteered to work on the land during the summer holidays. The boys, in all probability, will be formed into camps and will draw their rations like soldiers from the nearest Army Service Corps depots. Thousands of boys are cultivating land near the front under the supervision of masters.

CALLERS ON BORDEN.

London, June 16.—Among the callers on Sir Robert Borden are included Dr. Forry, Sir William, General Ware and Prof. McLellan.

BULGARIANS RESTLESS OVER SPOILS OF PEACE

Amsterdam, June 16.—Attacks on the Bulgarian premier, Vassil Radoslavoff, in connection with the peace negotiations at Bucharest, threatens to lead to a crisis according to The Koelnische Zeitung, which says that the discontent is not confined to the political opponents of Radoslavoff. It fears in government circles that Bulgaria is missing an opportunity to annex the whole of Dobruja and Bulgarian districts in Macedonia, which were given to Greece in 1913.

The newspaper adds that it was owing to these criticisms that Radoslavoff published the formal agreement with the central powers by which the latter consented, in the event of a Greek attack, that Bulgaria should annex part of Greek Macedonia.

SLAVS DETERMINED TO HAVE A VOICE

Strengthened by Declarations of Allied Premiers, and Berlin and Vienna Alarmed.

Washington, June 16.—Declarations of President Wilson and premiers of Great Britain, France and Italy with regard to the aspirations of the Slav peoples have strengthened the Slav people in their determination to have a voice in the settlement of the peace, and consequently have caused no little concern in Vienna and Berlin.

The Polish national department in America announced today that it has received information that the German and Austria the governmental authorities have been obliged to centre their attention on the problem of offsetting the friendly offers of America and the allies.

"In Austria," says the announcement, "the situation is acute because the affiliation of the Poles with the Czechs and Jugoslavs is growing more pronounced. The reports also indicate to the effect that the officials have been disturbed as well as distressed by the recent triumphant reaction to the new government of Deputy Koranyi from Silesia."

"Deputy Koranyi's re-election not only is a repudiation of Germany's regard to Poland, but also a repudiation of the German policy of the moment, because the Germans have been insistent that Silesia should be Germanized and the Polish nationality of the new government of Poland in the opinion of the leaders of Polish immigration in the United States these several happenings in connection with the new government of Germany and Austria to settle the Polish question out of hand point to a great opportunity. The fire may be kindled, but only a breeze is needed to fan it into a flame."

GERMANY'S COMMERCE SEEKS DOMINATION

London, Jan. 16.—The Times published on Saturday a review of a book written by Dr. Paul Lenach, a member of the German League of Nations, who is a specialist. Dr. Lenach is a supporter of Prussian capitalism and militarism now, and he is a supporter of the German League of Nations. Dr. Lenach's recent warning that Germany's commerce forms a substantial part of the world's economy, and that the world's economy is being dominated by Germany, is a warning that is being taken seriously.

Dr. Lenach's opinion, the Germans are and must be the disturbers of the world peace, since it is necessary that the world should be dominated by Germany, and that Germany should be the world's policeman. He says that "Austria has lost the necessity for existence."

REGISTRAR IN NORTH HAS RESIGNED AGAIN

Cobalt, June 16.—Owing to public opinion, which expressed itself in the form of a petition to the registrar, Dr. C. W. Haenschel, registrar of the Cobalt district, has resigned his position as registrar of the Cobalt district. He has been succeeded by Dr. G. D. Robertson, chairman of the Cobalt district, who has accepted the position.

SUBMARINES RENEW ACTIVITY.

Washington, June 16.—Belief in official circles here that the German submarines operating off the Atlantic coast had returned to their bases was cast aside today, with the receipt of reports of renewed activity. Officials were also interested in the report of a story from an Atlantic port that the captain of the Norwegian steamer "Inland" declared at least one of the submarines is camouflaged to represent a freighter. The "Inland" captain was a prisoner aboard the steamer for several hours following the sinking of his ship.

LENT MORE THAN CAPITAL.

Montreal, June 16.—It was announced at the annual meeting of the Hebrew Loan Association today that a campaign will be inaugurated this year to increase the capital account to \$50,000. The treasurer's report showed that during the past year the association lent \$44,869 to its members, which is more than three times its capital account.

HIDE TRADE RESTRICTED.

Ottawa, June 16.—Following the restrictions placed on the importation of hides and leathers by the Canadian and United States Governments, fulfillment of the terms of the Berne agreement is being hastened. In order to facilitate this work representatives of the trade in Canada will visit the United States and confer with representatives of United States and British tanneries.

School Girls' Nerves

When an undue amount of nervous energy is consumed in the brain there is bound to be failure of the other functions of the body. Digestion is impaired—the head aches—you cannot sleep, you are easily excited and irritated—feel tired and lack energy. Dr. Chase's Nerve Food is a creator of rich, red blood and a builder up of the exhausted, nervous system.

ATTEMPTED RAID ON PARIS.

Paris, June 16.—A raid of enemy airplanes tonight crossed the battle zone and proceeded towards Paris. Several bombs were dropped, finding several victims and doing some material damage.

FORMER MAYOR OF OTTAWA NOW ENDORSES TANLAC

Hon. T. Payment Says He Has Not Seen Its Equal in All His Experience.

There is probably no better known man in all Ottawa than the Hon. Thomas Payment who held the high office of mayor of that city for two successive terms, and who for the past twenty-six years has been one of Ottawa's most progressive business men. Mr. Payment tells in a very interesting and convincing manner just what he thinks of Tanlac, the new medicine which is being so widely talked about here in Canada and the United States. His signed statement is reproduced below:

Ottawa, Canada, 6, 4, 18. "During my experience as mayor of twenty-six years—I don't believe I have ever handled a preparation that has given such excellent results and general satisfaction, as has Tanlac, and I consider it a very valuable medicine."

"The most remarkable feature about Tanlac is that in almost every instance it seems to produce the desired results. Hardly a day passes that does not bring some person into my store telling me of the way Tanlac has helped them. I know of at least a dozen cases that have come under my own personal observation where the results obtained from the use of Tanlac have been really remarkable."

"I have implicit confidence in Tanlac, and unhesitatingly recommend it, and advise anyone to give it a trial." (Signed) T. Payment. Tanlac is sold in Toronto by Tamlyn Drug Store, and by an established agency in every town.

KAISER TO ASSIST GERMAN CHURCH

William Urges Evangelical Denomination to Prove Purifying Force.

Amsterdam, June 16.—The Berlin Lokal Anzeiger, a copy of which has been received here, prints a letter from Emperor Wilhelm to the Evangelical church on the occasion of the commencement of the fifth century of the church.

"The Evangelical Church," says the letter, "has begun every century of its history in trying times; but the victorious faith of German reformers and the liberty of their God-fearing consciences have weathered all storms and made the church a great blessing to the German people and the fatherland."

"While the church is entering its fifth century the world war has led to a great increase in religious fervor, as well as to the disturbance of family life and the harmonious development of the young. The shifting of all inherited conditions."

"These places before the church new unanticipated tasks. It is my heartfelt desire, as well as that of the most valued traditions of the house of Hohenzollern, to help equip and strengthen the church for these tasks and to give the way for its ever deeper anchorage in the German national life."

"I greet the church with the hope that our victorious peace it may prove itself a force from which may rise peoples inwardly strong and purified."

CANAL PAYMASTER ARRESTED.

James R. Lawrence Faces Charges Extending Over a Long Period of Years.

St. Catharines, Ont., June 16.—James R. Lawrence, for over 20 years paymaster on the Welland canal, faces a charge of stealing \$16,000 from the department of railways and canals. The defalcation with which Lawrence is charged dates back to year 1892 and is alleged to have taken place between that date and 1912. Last fall, at the time of enumeration for the Dominion elections was taking place a discovery is understood to have been made which resulted in an auditor being sent from Ottawa. Further discoveries apparently followed, for the paymaster was suspended.

Lawrence at the time, about eight months ago, is understood to have made partial restitution and since has lived a quiet retired life in freedom. A few days ago he applied for certain papers which he desired, stating that he desired to pay a visit to the United States. An application by the superintendent of the canal to the department at Ottawa, with the information that Lawrence desired to cross the border, brought not only a refusal from the department to grant the request, but an order for the arrest. The warrant bears the amount of \$16,000 and dates given above. Lawrence is out on \$20,000 bail.

POLICE FORM A UNION

Vancouver, June 16.—Vancouver police constables are forming a union. About eighty per cent of the men have signed up, it is said. Chief of Police McRae, while not opposing the principle of unionism, believes that the union will not make for department efficiency and will interfere with discipline.

CONSTRUCTION BATTALIONS.

Ottawa, June 16.—One of the latest proposals emanating from the Great War Veterans' Association, Ottawa branch, is the formation of a railway construction battalion comprised of returned soldiers. The proposition has been taken up by the association and carefully discussed, and a report sent to the department of militia outlining the scheme.

SAMMIES BEAT BACK SHOCK TROOP RAID

Attack Penetrated Xivray, But Enemy Was Quickly Compelled to Fall Back.

With the American Army in France, June 16.—About 600 German shock troops raided the American first line positions at the Village of Xivray, in the Toul sector, early this morning. Some of the enemy got into Xivray but were soon driven out. At other points the Germans were badly beaten. The attack began at three o'clock in the morning after an extreme swiftness of the morning of the front line, American batteries and villages far in the rear. The Germans advanced swiftly to the attack but were met with heavy fire. Those who penetrated Xivray were forced speedily to withdraw, and elsewhere the enemy was repulsed in hard fighting lasting more than two hours.

According to prisoners, the object of the enemy was to take American prisoners. This object failed as no American is reported missing.

The Germans evidently angered by the failure of the attack, continued an intermittent shelling of the villages in the rear, and during the night some of these points were not less than eight miles behind the line.

The American troops engaged at close quarters the Sunday German force that entered Xivray. There was severe fighting with bayonets and clubbed rifles. The Germans left nine dead in the streets, and six prisoners were taken, two of them officers, one of whom was wounded.

The prisoners came from the 38th Infantry Regiment, and the 22nd Regiment, 8th Bavarian Reserve, also participated in the attack.

MUST HAVE LICENSE TO SELL PLATINUM

Ottawa, June 16.—Attention is called to the shortage of platinum in a circular letter sent out by the war trade board to jewellery manufacturers and dealers in Canada appealing for their cooperation in the administration of the order-in-council passed on May 29, governing the prices and sale of platinum.

The platinum requirements of the allied governments are much in excess of our production that is expected to be forthcoming and in view of this the board requests that the regulations be strictly observed.

Manufacturers or persons trading in platinum are asked to furnish J. W. McConnell, director of licenses, with an inventory of all platinum, platinum alloys and platinum articles containing more than 25 per cent in value of platinum held by them. According to the regulations, the license of the war trade board, further, no platinum or articles of platinum can be used for the manufacture of any ornament or article of jewellery, except under license by the board.

### The Home-Lovers' Club

is NOT an instalment plan, as instalment plans are generally known. "Anybody's" credit is not good. Only worthy persons are entitled to club membership. They are not taxed exorbitant prices to cover losses occasioned by selling indiscriminately, as ordinary instalment houses do.  
 Our Home-lovers' Club is not a plan to make more profits on merchandise, but to make buying EASIER and more convenient on the purchasers' part, thus broadening the field of our operations.  
 Talk with the Club Secretary and learn what suitable arrangements can be made for you.—Fourth Floor.
