YORK COUNTY AND SUBURBAN NEWS

RIVERDALE

VETERAN GIVES SOLDIER VIEWPOINT

G.A.C. Member Says Tot of Rum Saved Dominion Many Times.

The soldiers' viewpoint on the question of prohibition was expressed in a telling speech by W. J. Carmichael, of the Grand Army of Canada, executed at a meeting of the Citizens' Liberty League held in Occident Hall, corner of Queen and Bathurst streets, when a branch for the fifth district was organized. There was a good attendance and T. Smith occupied the chair.

"The tot of rum saved Canada many a time in the trenches and I challenge the Dominion Alliance to deny my statement," said Mr. Carmichael, who further declared that the army majority of soldiers who returned would back up his assertion. "When rations could not be had and the soldiers were standing up to their knees in water, and so cold as to be scarcely able to hold their rifles while waiting to go over the top, the issue of rum was given out and a warm glow went thru the body and enabled him at the most critical time to defend that part of the line for Canada, which meant the protection of his mother, wife and children. I saw a few thousand Canadians and also a few thousand imperialists overseas on the firing line, but I have yet to see one of the Dominion Alliance who were there. They were back here taking advantage of the soldiers' sacrifice."

"They also tell us," said the speaker, "that our children must not eat an ice cream cone on the Sabbath, and that the citizen must be broken fence on Sunday. In the name of all that is sacred if we are to be governed by these fanatics we must as well fade out."

Inane Legislation.

"This inane legislation will be fought against by the solid vote of the Grand Army of Canada, by all its branches and the Dominion executive, who have signed unanimously. "We don't want the open bar, but freedom to purchase our bottle of beer for home consumption," said Mr. Carmichael.

Too Poor to Leave.

The soldiers' land settlement at Kapuskasing, which Mr. Carmichael recently visited, he said is a scandal ever perpetrated by any government. "The 77 men on that isolated land," he said, "are only there because they cannot raise enough money to get away to civilization, and I have told the premier, and the matter will be placed before the electors at the next election. The government has officials there paid by you and the duty of one man in particular is to distribute literature issued by the referendum committee. In all the classes, however, will vote unanimously for the Citizens' Liberty League, whose aims and objects were explained to them during my visit. Take it from me," said Mr. Carmichael, "that the soldiers are going to pass up the government and give them the O. T. A., and are unable to make headway owing to the miserable profiteers that have been allowed to thrive unmolested."

Archie Draimin said: "For the benefit of the Globe it would be as well to state the exact position of the Citizens' Liberty League on the prohibition question. We don't want the medicinal profession to belong to the Bartenders' Association any longer, and we are opposed to prohibition because the act is absolutely no good. We are against the open bar. We don't want Mr. Stewart Lyon's interpretation or his opinion either on this matter or the matter of the soldiers' gratuity, and we also don't want Premier Healey's opinion, because after the next election he may only be a plain citizen. Since prohibition has been put into force every drug has been resorted to including peruna, bay rum, Florida water, honey and hair tonics. With sane liquor legislation all this would cease. My father is 81 years of age and has drunk whiskey all his life and no one can contradict this assertion," said Mr. Draimin.

R. C. Wood objected as a Britisher to his neighbor telling to him what he should do. "It is against the traditions of the British constitution," said Mr. Wood, who pointed out that the British are now, and always have been, a nation of moderate beer drinkers. "We know that dope fiends are ten times more numerous at the present time," said the speaker, who concluded by stating that the world never was and never will be good thru act of parliament, and that prohibition and restriction of liberties make for a race of hypocrites.

Ernest Brown, T. L. Carruthers and T. Smith also spoke.

REAL ESTATE SALES. BREAK ALL RECORDS

The sale of land for dwellings and stores during the season in the Danforth district east of Greenwood constitutes a record and cannot be stated, be paralleled in any other section of the city. As an instance of the abnormal demand for vacant property, the Danforth Glebe estate, of 46 acres which was subdivided into building lots is about two-thirds sold. Between 35 and 40 acres have been bought up by builders and others. According to the statement of E. Hughes, representative for John MacLennan, the exclusive agent for the property, 166 houses have been erected on the property during the year, all of solid brick and substantial dwellings and work of construction is still being carried on with a large number of others. Fifty stores have been erected on Danforth avenue on the same property between Greenwood and Bathgate avenues during the season.

SKELTON TO ADDRESS BOARD OF COMMERCE

At a meeting of the executive committee of the Central Council of Ratepayers, held in the city hall on Wednesday evening, J. M. Skelton, past president, offered, on behalf of the central body, to address the representative of the board of commerce, W. F. O'Connor, on "Combines and Profiteers" should he desire. The suggestion was heartily approved by the members and a resolution was unanimously adopted to this effect and forwarded to Mr. O'Connor.

BUSINESS IN MARSEILLES PARTIALLY PARALYZED

Marseilles, Sept. 11.—The life of this, the second city in France, was partially paralyzed today by a strike of the tramway, gas and electrical workers in sympathy with the striking dockworkers. The decision to aid the dockworkers was enthusiastically agreed upon at a monster mass meeting of members of the various unions held in the open air before the labor exchange last night. The dock strike, which has been causing a daily loss of millions of francs thus far, has been without violence. A settlement of the trouble seems impossible at present, the labor having refused all offers of their employers to compromise, even temporarily.

NON-UNION WORKERS ASKED TO STAY OUT

Pittsburg, Sept. 11.—Iron, steel and blast furnace workers of the United States not working under union agreements are requested not to go to work Sept. 22 in an appeal issued here tonight by William Z. GREAT ENTHUSIASM WHEN PRINCE VISITS CITY OF SASKATOON

Fifty Thousand Welcome H.R.H.—He Rides Buckingham Broncho.

Saskatoon, Sask., Sept. 11.—For the first time in the history of Saskatoon, the heir to the throne visited here today and was accorded a welcome which has never before been witnessed in this district, fully 50,000 people, farmers with medals for miles around, journeying in to pay honor to their future king. Saskatoon is always thought to be a cold city, and cheers are practically unknown here, but today was different as H.R.H. passed thru crowded streets of cheering people.

After being publicly received by Mayor McMillan, H. R. H. decorated soldiers with medals for miles around, journeying in to pay honor to their future king. Saskatoon is always thought to be a cold city, and cheers are practically unknown here, but today was different as H.R.H. passed thru crowded streets of cheering people.

When the performance was over and H. R. H. was about to leave, he asked permission to ride one of the bucking bronchos, and amid the wildest cheering, the prince rode down the track, surrounded by cowboys and cowgirls. He then had his photograph taken on the horse, surrounded by bodyguards. Entering the automobile, to make the return trip, the prince was mobbed by boys giving their famous calls, the prince left the exhibition grounds and went to the home of the mayor, and was introduced to a number of ladies who had worked for patriotic societies. The prince captured all hearts by his handsome face and cheerful smile.

MESSAGE TOO LATE TO AVERT STRIKE

Tom Moore Counseled Welland Canal Workers to Wait, But They Walked Out.

St. Catharines, Sept. 11.—It was only just a few moments before the arrival of a telegram from Ottawa, intended to head off a walk-out, that 1,200 employes of the Welland ship canal went on strike this morning for an eight-hour day. This fact developed this afternoon when President Healey, of the Niagara District Labor Federation, called the strikers together and read a message that had been despatched to him at Niagara Falls from Ottawa by President Tom Moore, of the Dominion Trades Congress.

The message urged every effort to avert a strike but, stating that he had been discussing the matter in dispute with the minister of labor, and felt sure that within the next few days a definite policy of the government to enforce the eight-hour day would be secured.

The message also spoke with optimism of efforts that had been made to secure a further appropriation to continue the work on the ship canal during the winter months.

President Healey informed the men that the message had reached him today too late to prevent the order from going into effect, but he had placed the information in their hands at the earliest possible moment. The meeting deputed a committee to wait upon the contractors, and to urge them to put the eight-hour day into effect immediately.

"There is a bad feature to the strike,"

SHOT THRU BREAST BY AGED FARMER

Murder in New Brunswick as Result of Quarrel Over Some Lumber.

Grand Falls, N.B., Sept. 11.—Felix Franceour, aged 53, engaged in sawing lumber, was shot thru the breast and instantly killed by Joseph Grenier, a farmer, of about 70 years of age. The shooting took place in the Drummond road, about half a mile from Grand Falls.

It is said that Franceour and Grenier had been unfriendly for some time as a result of a dispute over some lumber. They met in the road and a quarrel took place. As a result, Franceour struck Grenier with his fist and the latter immediately whipped out a revolver from beneath his coat and fired point blank at Franceour. The latter lurched forward and fell dead. Grenier then replaced the weapon and walked away, presumably going toward his home, about six miles from town. A warrant has been issued for his arrest.

STATE BIG DRUG RING CENTRES IN TORONTO

St. Paul, Minn., Sept. 11.—A drug ring, said to centre in Toronto, Ont., with Montreal as a clearing house, which operated thruout the northwest, was disclosed today following a raid on an opium den here last night and the arrest of Tony Serpa in New York yesterday. The raid here followed the arrest of Serpa. When arrested Serpa had \$25,000 worth of drugs and \$20,000 cash.

The police learned, it is declared, thru trailing Serpa and his associates of Canadian complicity.

CROWDED SCHOOLS VITAL PROBLEM

Plans for Additions Need Revision Amounting to Thousands.

Sharp animated talk on overcrowding marked the meeting of the board of education management committee yesterday afternoon. The room was thronged by trustees, members of deputations and representatives of building firms.

Dr. John Noble, chairman, and the trustees regarded the board of control as a large extent responsible for the shortage of school buildings.

Hot shot was exchanged between Dr. John Noble, chairman of the committee, and Trustee T. Bell over the plans for the additions to Norway, Carlton, Wilkinson and Duke of Connaught public schools.

REGULATED RENTS INCREASE EVIL

Real Estate Expert Shows Fallacy of Ten Per Cent. Profit Legislation.

J. Knox Thompson, who has been in the real estate business in Toronto about 45 years, thinks the attempt to regulate rents will do more harm than good. He admits that a number of landlords have been over-grasping, but in limiting rentals to 10 per cent. of the value of the premises he thinks building operations, which in time will make the housing situation more acute.

Dr. Noble said there would have to be some very serious changes made in the plans, amounting to thousands of dollars.

and all over the world. Many of the problems cannot be solved by any human government unless they have the support of all classes. You have sent to the war over 60,000 men. You have fought for liberty, civilization, and done your duty by your King and country. In times of peace the government have paid pensions to civilians, and if they can do that in peace they can pay liberal pensions and gratuities to the men who fought in the war. (Applause.) Had the war lasted another year, it would have cost the country \$400,000,000, and the finance department would have found the money. You men have saved that big sum. (Applause.)

Commission Not Wanted.
Mayor Church went on to say that if the government wanted to do the "fair thing" it need not appoint a commission at all. He was glad to advise that in the house of commons on Monday next Col. Currie, member for North Simcoe, had given notice that he would move the adjournment of the house bringing up the question of gratuities. He believed the house was united on the question, as were the people of the provinces, Ontario that the \$200 should be paid to the men who fought in the war. He believed the house was united on the question, as were the people of the provinces, Ontario that the \$200 should be paid to the men who fought in the war. He believed the house was united on the question, as were the people of the provinces, Ontario that the \$200 should be paid to the men who fought in the war.

Mayor Church alluded to the money spent on railways and on which the people were not consulted. He said that promoters merely went to Ottawa and never considered anything about banking the country. He said that he had fought over four years in the trenches, and it was not worth a measly \$2,000. Would the people of this country ever be able to pay the great debt of gratitude they owe the men who defended them? (No.) He alluded to the fact that the men who were in the front lines of the war were in advance of public opinion on the gratuity question, and now a caucus of the house common to the senate had awakened out of a long sleep. (Applause.)

Bankruptcy Not Feared.
"In my opinion," said the mayor, "a commission is necessary to deal with a known over a hundred commissions, but never knew them to do anything save draw their salaries and demand some of the profiteers. The parliament of Canada is now in session. The profiteers and their dependents put the union government where they are, and they can put that government where they like. Let us make good on this particular question. (Applause.) The country is not going to be bankrupt. We have one of the finest countries in the world, and our resources of the westland are a national debt compared with Britain and other countries. Let the government sit down and arrive at a solution of the gratuity problem. It is a small thing to say that you have a national debt, but it is unassailable, and you have all classes of the community behind you. (Applause.)"

Toronto Behind Soldiers.
J. H. Flynn said the great meeting was striking testimony to the fact that Toronto was behind the returned soldiers on the question. Why are so many of our officials, also some officials of another society had sought to break that unity? Why are the returned soldiers societies of returned soldiers? Because the politicians had split the ranks. This country belongs to the returned soldiers. Why, then, should they have to parade the streets and make demonstrations for their rights? They only hope was the union.

Mr. Flynn referred to the G.W.V.A. band declining to turn out for the parade and declared that, in his estimation, the greatest enemy of the returned men in the province was Bill Turley. (Applause.) Mayor Church intervened and hoped Mr. Flynn would stick to the question. The meeting was under the auspices of the city.

Asks Immediate Action.
Mr. Flynn declared that the great question of the returned men and their unity, and he was going to do his best to do away with the returned men. Mr. Turley was present and could reply if he desired. (Applause.) If one great union were formed and returned men sent to Ottawa to represent them they would get what they deserved and to which they were entitled. Why are the returned men of the returned men wanted the gratuity, and he was going to take a ballot on it. They did not want a government commission. The government wanted it and to hold the matter until the spring was over, so that the men would not do any harm. The men wanted immediate action. (Applause.)

The mayor had to leave "to take a look at the city council, which might be sitting still," as he put it.

Three hearty cheers were given for the mayor and the audience sang, "For His a Jolly Good Fellow."

A telegram was read from the Ontario G.W.V.A. secretary approving of the gratuity movement.

John Galbreath, Tompkinson, said he would like to have seen his old friend, Sir Joseph Flavelle, on the platform. Sir Joseph Flavelle had been invited. He suggested Dominion notes being issued to meet the cost of the gratuity. Mr. Flynn spoke in favor of the demands of the men.

Comrade McLeod proposed, Comrade Hawtrey seconded and it was agreed: "The Sir Robert Borden be requested to meet deputation of the Returned Soldiers' Gratuity League when he returns to the G.W.V.A. delegation on Saturday next."

A. W. Roebuck urged that it was a right and not a gratuity for which the men were asking. He pointed to the Canadian nickel rights being given to a man and a woman who had sold the nickel lands and prospect for a good paying claim. (Applause.)

Mr. Flynn suggested that a telegram would be sent to Sir Robert Borden conveying the resolutions passed by the Returned Soldiers' Gratuity League.

Capt. Carey of the Y.M.C.A. put in a strong plea for prior claims for disabled men. Comrade Hawtrey of the Army and Navy Veterans' Association seconded the credit bond to pay the gratuity. The pensions, he also urged, should be properly adjusted.

Mr. Flynn thought the imperial reservists, too, called for some consideration. A letter was read from Commissioner Richards of the Salvation Army, expressing sympathy with the gratuity movement.

Sergt. MacNamara, a one-armed veteran, read in the body of the hall and made an impassioned appeal for the women. "Every woman," he said, "who has lost a husband in the war should be given the gratuity." He moved a resolution accordingly.

Mr. Flynn seconded, and the resolution was carried with enthusiasm. You are the only man who has spoken for the women tonight," said Mrs. Vera Criss tearfully to Sergt. MacNamara. "God bless you."

The better to center this incident, and the audience sang the National Anthem.

DEMAND COMMISSIONERS

Rally of Three Thousand Returned Men Warn the Government

Hamilton, Ont., Sept. 11.—Nearly three thousand veterans at an open-air meeting on the Scott property tonight, unanimously passed a resolution calling upon the government to take immediate action for the alleged denial of the gratuity. The G.W.V.A. for the appointment of a commission to deal with the gratuity question.

The meeting was full of ginger from start to finish, and during addresses. Sir Robert Borden and the local members of parliament were scored—the premier for the manner in which he had treated the request of the G.W.V.A. to meet the committee of three, and the local members for the manner in which they had given when asked to state how they stood on the question of gratuities.

Among the speakers were Capt. Fitzgerald, soldier candidate for the provincial house, A. H. Peart, member of Dominion G.W.V.A. executive; H. L. Cook, Wm. H. McLean, H. McLean, president of Central G.W.V.A. "Sergt." Major Jordan presided.

The resolutions passed were as follows: "Be it resolved at this mass meeting of the returned soldiers and citizens of Hamilton, Ontario, that the Ontario G.W.V.A. Veterans' Association, the Grand Army of Canada and other returned soldiers' associations, petition the government for the action of the government in refusing the reasonable request of the Dominion executive of the G.W.V.A. for the appointment of a parliamentary commission to discuss war service gratuities and to strongly condemn its action in so doing."

Further, that the mass meeting here assembled demand that the commission be immediately appointed by the government before the irritation caused by its refusal grows around and causes unnecessary agitation throughout the country.

And lastly, that this mass meeting is convinced that it is in the best interests of the country that the government immediately comply with this request.

BORDEN IN CLOISTER.
SAYS C. E. JENKINS
C. E. Jenkins of Brantford, president of the Ontario Provincial Command of the G.W.V.A., was in Toronto yesterday afternoon, but declined to have a commission of investigation on the war service gratuity.

The board of control report had favored Finance Commissioner Bradshaw's recommendation that a special allowance, at the rate of \$130 per annum, solely in recognition of the high cost of living, and so to be designated in the pay sheets, be made to all civil employees, receiving an annual wage of less than \$3,500 (such annual wage, with the additional allowance, not to exceed a total of \$2,500) to be payable fortnightly, as present wages are paid, and to commence from Sept. 1, 1914, and continuing until Aug. 31, 1920.

In the case of juniors, however, it was suggested that they should receive one-half of the allowance proposed.

McBride Opposed.
Controller McBride strongly opposed Alderman Flewman's amendment, which was first discussed, and held his usual attack on the Botheville, or "Red" element, who he said, were running the Labor Temple. They should not have in their employ a man who was a "God Save the King" would not sing "God Save the King" when the band strikes up. He (the controller) represented all classes and creeds outstanding in the city.

Alderman Honeyford said he had no right to call themselves model employers if they employed men with salaries of \$25.50, the figure including \$2.50 bonus. Alderman McBride thought it fair and right the employees should get an adequate bonus, but he would initiate those benefiting should be confined to those with \$22 and under instead of \$25.

CIVIC EMPLOYEES
GRIEVE INCREASE
OF THREE DOLLARS

Demand for \$25 a Week Minimum Fails of Two-Thirds Majority.

Civil employees receiving \$25 or less will get an increase of \$8 per week. This amendment by Alderman Macgregor to the board of control recommendation of a \$12 dollars per week obtained the necessary two-thirds vote at last night's session of council. Previous to that an amendment proposed by Alderman Macgregor to permanent employees receiving under \$25 a week be increased to an extent to bring the remuneration to that figure got 11 votes to 8, thus lacking the two-thirds. Alderman Honeyford thought \$25 if carried should be retroactive till July 1, but got the support of Alderman Ball.

Woodstock Veterans Request Safeguarding of Capt. MacAuley
Special to The Toronto World.
Woodstock, Sept. 11.—The local war veterans have unanimously requested Sir Sam Hughes and H. C. Hooper, M.P. of Toronto, to use every effort to safeguard the interests of Comrade Capt. MacAuley in the investigation now going on in Ottawa relative to the "raid" on the Guelph Novitiate. They have also endorsed the action of the Dominion executive of the G.W.V.A. in the matter.

O. B. U. BRAINS.
"Disease of the brain is a very general ailment throughout the world," said The World's informant yesterday afternoon relative to the denial of the international officers of the Butcher Workers' Union that the union intended to secede from the international. He is a very long written letter to Toronto, and stated his belief that there was a strong tendency to accept the ideals of the O.B.U., especially in the United States.

TO ADDRESS U. F. O.
James MacArthur Conner, well-known labor man, will address the session of the United Farmers of Ontario which is to be held on Saturday night at Newmarket. Enthusiasm among the farmers of the Aurora district is said to be at its height. One of the most of the farmers are believed to be favorably inclined toward the platform of the Canadian Labor party.

NOT RESPONSIBLE.
The Ontario Provincial Command of the G.W.V.A. announced yesterday an article entitled "Ontario G. W. V. A. Up in Arms" has been sent to the newspapers throughout Ontario. LABOR NEWS

C. F. OF L. CHAMPIONS
MODERATES' CAUSE
Tom Watt, the energetic organizer for the Canadian Federation of Labor, stated at the World yesterday afternoon that the C. F. of L. was determined to do its share in fighting the aggression of the champions of the "one big union." It was the hope, he said, of all true members of the association to co-operate with all the moderate forces of trades unionism in Canada to extinguish the spread of an undesirable movement in the Dominion. "As a matter of fact, I believe most Canadians prefer to work on the ground floor to fancy standing on the ceiling; at least, that is my experience," said Mr. Watt. "Socialists and extreme radicals are eternally sitting on the thin ice and walking the ceiling. We are becoming tired of such foolhardy inanities."

It is understood that the general organizer has been requested to make a tour of the northwest in the interest of moderation.

SHOE WORKERS ORGANIZE
E. W. A. O'Dell, one of the foremost labor men of Ontario has organized a branch of the Boot and Shoe Workers' Union in the town of Aurora, and the charter is expected shortly. This union is among the most progressive, and has been requested to make a tour of the northwest in the interest of moderation.

JUDGE GUNN PRESIDENT
Judge Gunn of Ottawa has been appointed chairman of the board of conciliation selected to deal with the grievances of the telephone operators in Toronto. Other members of the board are Fred Baneroff for the men and Glynn O'Sullivan for the Bell Telephone Company.

MANY HEATED, FEW SEATED
Much interest is being manifested in the coming session of the Trades Congress of Canada, which is to be held at the Connaught Hotel, in Hamilton, Sept. 22-24. It is understood that it will prove to be one of the most important sessions of its kind ever held. One well-known labor man, discussing the convention yesterday afternoon, inadvertently asked the gathering at the Labor Temple how many of the hotel auditorium would be seated (meaning "seated"). The general opinion was that most would be heated and few seated.

PIANO WORKERS' MEETING
Piano and phonograph workers will hold an important meeting tonight at Occident Hall, when, it is expected, many new members will be initiated. This is a thriving organization with about a thousand members.

COAL-DRIVERS ORGANIZE
Coal Drivers, who are organized with the Canadian Federation of Labor, are expecting to achieve a membership of a thousand before the winter is over. It is understood that they are amalgamating with the Longshoremen's Union. This union is said to be among the most recent associations formed, dating back only to the recent teamsters' strike in Toronto.

'LONGSHOREMEN PROGRESS
Longshoremen and drivers last night held a well-attended meeting at Occident Hall and initiated a hundred new members. This union, which is accredited to the Canadian Federation of Labor, now has 600 members, and organization is progressing apace.

CO-OPERATION GETS IMPETUS.
Co-operation in Toronto has at last been given its first impetus in the formation of the Toronto Co-operative Association, comprising at the moment 10 co-operators. Chief among these are John Hopkins, the veteran champion of the movement in Queen City; James Birks, one of the best known members of the radical section in the labor movement; and John Smith and A. Williamson. Mr. Williamson has been appointed general organizer, and immeasurable results from the campaign are anticipated.

BUILDING TRADES BUSY
Carpenters in Toronto will hold a great mass meeting on Wednesday evening next, at the Labor Temple, to consider important matters connected with the relations between the unions and the Building Trades League. It is expected that more than 1900 members will be present at this meeting. An interesting note in connection with the league is the fact that its representative on the Joint Industrial Council, J. H. Duggett, is very busy these days, that the citizens have by their votes decided it is in the public interest that the Toronto Railway system be acquired and operated as a municipal utility, and owned public utility, at the expiration of the company's franchise in 1921.

HEARST TO ATTEND
Sir William Hearst, premier of Ontario, and Hon. F. G. Macdormid will attend the National Labor Conference, which is to be held at Ottawa next week.

of the most progressive members of the Independent Labor Party, who combine a deep insight into economic problems with a foresight which refuses to be led astray by chimerical socialisms. He is an Englishman, who was born in Manchester 37 years ago. He is a carpenter by trade and has been in Canada 13 years. His candidature for the seat of Northeast Toronto is more than usually popular, because he represents both the moderate and the radical in his ideals. John Vick, the candidate for Riverside, is a young man of his rugged honesty and thorough grasp of the needs of the workmen in Ontario.

MANY DISSATISFIED.
Harry Harper, general organizer for the International Union of Machinists, and W. C. Hagen, business manager for the union in Toronto, have both expressed themselves as opposed to the general composition of the delegates to the industrial conference at Ottawa, which is to be held next week. Mr. Harper pointed out that the method of election with many thousand members would be unrepresented at the coming conference unless the delegates be induced to modify its program.

MORE AFFILIATIONS.
The milk drivers have decided to affiliate with the Ontario section of the Canadian Labor Party. This was the news given out yesterday afternoon by the manager for the union, John Jones.

FIRE FIGHTERS REPRESENTED.
D. Leslie, R. Grieve, H. Oliver, A. Holliday, E. Leach, A. Kent, G. Bidder, J. Kennedy, A. Stein, W. Brittain and Dudley Lamb have been elected delegates from the Fire Fighters' Union in Toronto to the Trades Congress convention, which is to be held in Hamilton shortly.

KINGSTON LABOR MEN
MAY HAVE CANDIDATES
Special to The Toronto World.
Kingston, Ont., Sept. 11.—The labor movement here is creating a stir politically, and the question of putting up a candidate for the Ottawa house, made vacant by the resignation of W. F. Nickle, is now under consideration. There is no opponent yet in sight against General A. E. Ross (Conservative), the sitting member in the Ontario legislature.

WALLAGE INQUEST ADJOURNED.
Coroner J. W. Russell opened an inquest at the morgue last night to enquire into the circumstances surrounding the death of John Wallace, who was killed by a motor car driven by W. F. Fate at Queen street and Booth avenue on September 4. Mr. Fate is now under a charge of manslaughter, and according to one of the witnesses last night, Miss Evelyn Wright, who was in the car on the night of his death, Wallace, who was riding a bicycle drove right into the side of the car. A number of other witnesses were heard, and the investigation was adjourned to September 19.

NO H. C. OF L. ACTION
UNTIL O'CONNOR COMES
Hamilton, Ont., Sept. 11.—There will be no action taken by Hamilton's brand new cost of living committee until W. F. O'Connor arrives in town. The committee, which was formed by the union, unfolds its program for running Mr. High-Cost-of-Living to earth. This was decided upon at the meeting of the committee tonight, after the members had come to the conclusion that, unless W. F. O'Connor is present, it was not the kind that could be used for prosecutions.

Controller Peebles was appointed to make arrangements for an interview with Mr. O'Connor on Monday.

Winnipeg, Sept. 11.—A hint that the government may be asked to abolish the three cent a pound duty on bacon was given by Judge Robson at the first local sitting of the board of commerce under the combined and fair prices act. Judge Robson's statement followed the evidence of the manager of a meat store, who told of buying 1500 pounds of bacon from Armour in Duluth, Minn., last week as an experiment. "Our figures are not complete, but we believe that the Armour bacon pound that the same grade bought locally," he said.

H. M. Tucker suggested that the rate of exchange on Canadian money in the United States had not been considered, and Harry Whitlaw, I.C.O. representative of the government in the probe, asked that exact figures be produced at a later sitting. "That's an important point," Judge Robson said. "If the cost to the consumer can be reduced by throwing off the duty, we will make a recommendation to the government that the duty be thrown off."

The inquiry covered retail prices of bacon, butter and eggs. The burden of the evidence was that the spread between cost and selling prices in all cases varied from 4p to 25p cent, about 200 per cent.

W. R. Cottingham, deputy attorney-general, attended the hearing, so as to get evidence in the meeting of the committee. He asked a few questions of each witness after Mr. Whitlaw had finished examining them. Judge Robson sat alone, but announced F. A. Acland, also a member of the board now sitting to the government, would join him in a day or two.

Teraulay St. Extension Is Again Revived

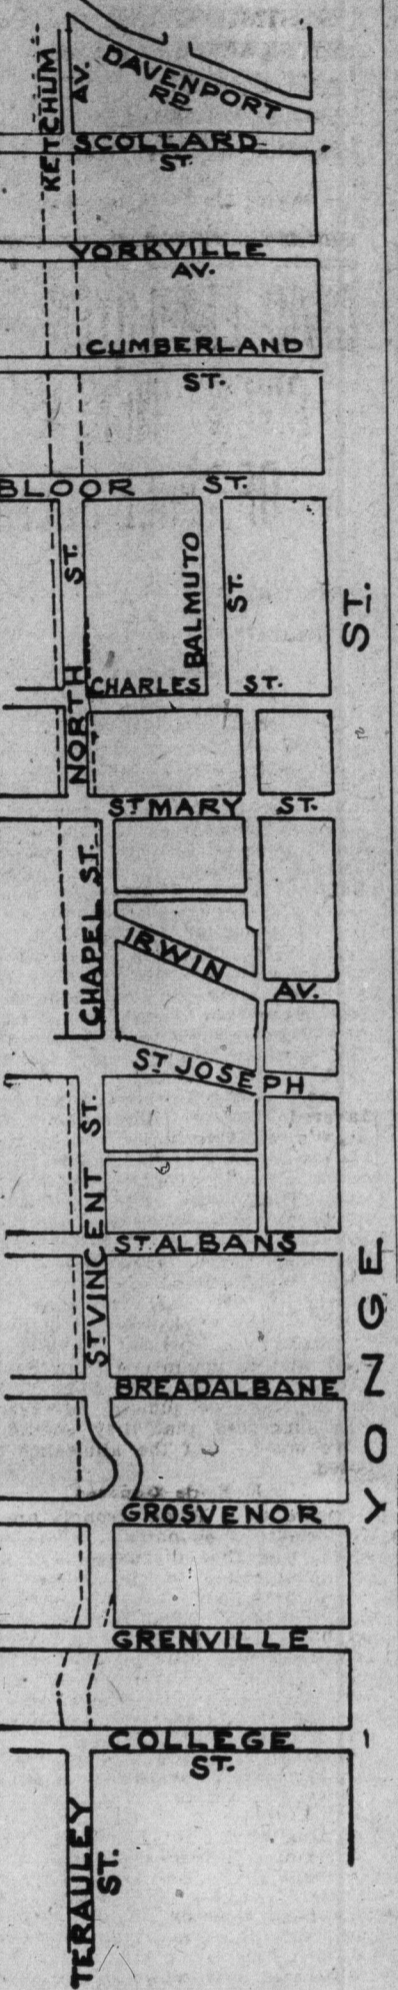

NEW CITY ARTERY MAY NOW BE BUILT

Mayor Church is to move for the revival of the bylaw (passed in 1914, repealed in 1917) calling for the extension of Teraulay street by joining it up with St. Vincent, Chapel lane, North and Ketchum streets to Davenport road. The bylaw provided for the widening of these streets from College to Davenport to 36 feet, as set out in the plan alongside. A number of properties were purchased by the city to provide for the extension at a cost of nearly \$300,000. These properties include fifteen pieces; some of the houses bought were torn down; the remaining eight have been rented; none have been disposed of because it was believed in the commissioner's office that the city would again take up the proposition. Thousands of dollars have been spent on plans and surveys. The property already acquired is mainly in the neighborhood of Chapel lane, near St. Michael's College.

But nothing was done, when so much was spent toward getting the key property to this improvement—the land and houses immediately north of the present head of Teraulay street, on the north side of College street and the south side of Grenville street, as shown in the map. There are six or seven dwellings now on this very necessary key to opening up the rest of the road, right up to Bloor for wheel and passenger traffic. This is the first thing to do in order to get any benefit from the money already spent. And this much will do a lot to reduce the congestion on Yonge street.

Later on the street car tracks on the present Teraulay street would be taken across College and right up the new street to Bloor, allowing cars to go on this latter street and on up the Avenue road and Dupont lines. There would be a great saving of time if these cars could go by Teraulay instead of by Yonge street. It would shorten the trip from Avenue road and Dupont to the new station by several minutes. And when Teraulay street is extended north of Bloor these cars would go by it to Davenport to Avenue road, taking the rail off of Avenue road between Bloor and Davenport, thereby continuing the park driveways up Avenue road.

But the working out of the Teraulay extension is a real proposal toward easing off the traffic congestion on and alongside the city's spine.

LET VICTORY LOAN HAVE CLEAR FIELD

Municipalities Asked Not to Offer Securities During Campaign.

Sir Henry Drayton, who was in Toronto yesterday in connection with the organization for the Victory Loan, 1919, stated that reports from all over the province tend to show that the organization everywhere would be strong and complete, and that the great majority of the tried and experienced workers of former campaigns would be found at their old posts and working with all their old and added determination to repeat the successes of the past.

Sir Henry Drayton desired the press to emphasize the national necessity of the success of the loan, on which depends to the fullest possible extent, and that in the slightest from the excellence of the security offered by the country, or from the necessity of their whole-hearted support and co-operation to the fullest possible extent, and that those having other securities to offer will in fact, best serve their own interests by not competing upon the money market in competition with the Victory Loan, as their true interests, apart from all matters of national interest, will be best served by holding their securities until the Victory Loan campaign is finished, when their offerings can and will receive the full support due them.

LIBERALS MEET IN WARD SEVEN

Alderman Ramsden Reiterates Prophecy Re Election and Referendum Dates.

That the provincial election would take place on the 20th of October—the same day as the referendum—was a reiteration made last night by Ald. George Ramsden, during the course of his address to the Ward Seven Liberal organization meeting, held in Colvin Hall, West Toronto.

Ald. Ramsden condemned the failure of Attorney-General I. E. Lucas to prosecute the combines and directed a "trade" against the expenditure on the Hamilton highway.

In reference to a statement made by Sir William Hearst, to the effect that he would personally vote for prohibition, the alderman declared that this did not signify that the government would do likewise.

Dr. John Hunter and Dr. Norman each made brief remarks on organization in ward seven and offered timely suggestions on the question.

The new executive for the ward are as follows: Honorary President, Alex.

CHILD RUN DOWN; PROBABLY FATAL

Arthur Alvestone, aged eight, and living at 1877 East Queen street, received probably fatal injuries when he was struck by a motor car driven by Edward James MacNamara, 292 Sheridan avenue, on East Queen street last night. According to eye-witnesses, the lad had stepped from the curb directly in front of the motor car, and before he could draw back it was upon him. He was removed to the General Hospital in the police ambulance, where it was discovered that he was suffering from a fractured skull and a fractured thigh. The police, after an investigation, deemed the accident unavoidable and Mr. MacNamara was not held.

HAD ILLICIT STILL

Isaac Harmon appeared in the police court yesterday charged with having possession of a liquor still and "worm." Harmon claimed that it had been left at his home along with 10 gallons of liquor. He decided to sell the liquor and as a result he paid \$100 and costs or six months for the unfortunate chain of circumstances.

GUARDS BAND TONIGHT.

The Concert in Massey Hall Tonight Promises to Be a Rare Treat.

Another splendid program will be played by the Grenadier Guards Band tonight in Massey Hall. By special request the ballet music from "Prince Igor" will be given. The complete program is as follows: 1. March, "The Contemplative"; Stanley; 2. Reminiscences of Mozart, arr. F. Godfrey; 3. Valse Lente, "Triste," Sibelius; 4. Suite from the Incidental Music to "Peer Gynt," Ed. Grieg; 5. Overture, "Henry of Meissen," A. Williams; 6. Piccolo Duet, "The Two Finches," Kling; 7. Ballet Music, "Prince Igor," Bocchini; 8. Poème Symphonique, "La Danse Macabre," Saint-Saens.

Winning Goodwill by the Thousand

How George Lawrence's Bread Became So Popular

As tastes differ, it is no easy task to win the public to one kind of bread, thousands at a time. We know that success depends entirely on satisfied customers, and for over a quarter of a century we have been planning and working to produce bread that would meet every expectation of our customers. That policy wins --- it has made Lawrence's Bread popular in Toronto homes in the tens of thousands.

SMOKE CAUSE OF LUNG TROUBLES

Tuberculosis and Pneumonia Increased by Lack of Chimney Control.

Dr. C. J. Hastings, in a report to the local board of health, draws attention to the effect of "smoke on disease, Tuberculosis, pneumonia, bronchitis and bronchial pneumonia, Dr. Hastings said, were brought on by this nuisance. He mentioned that the city was entering the time of the year when diseases were most prevalent. Dr. Hastings says in part: "The people of Toronto, like many other municipalities, have been long suffering and have tolerated these conditions for many years. But now that electrical energy is available and soon will be available in practically unlimited supplies, thru the Ontario Hydro Electric system, there is no longer any justification for permitting conditions of this kind to exist that have been proved to be disastrous to public health."

Trains Worst Offenders.
"The property commissioner endeavors to carry out rigidly the smoke bylaw so far as Toronto is concerned. Yet why should the industries be allowed to pour forth their black smoke for even five minutes at a time? However, the greatest offenders are probably our railway companies. Trains passing to and fro and shunting trains along water front and in various places within the city limits throw out volumes of black smoke which makes our city look anything but inviting as one approaches it from the water. One almost wonders how it is possible to maintain health in such a contaminated atmosphere, with clouds of smoke of greater or less density constantly hanging over our city."

"In the interests of the masses, surely a sanitary atmosphere, with clouds of smoke of greater or less density constantly hanging over our city."

When Money is Tight

Practically all classes of investments—bonds, stocks, debentures, real estate—depreciate in value to a ruinous extent. Investors are often forced into bankruptcy at such times through conditions over which they have no control.

But an Imperial Life policy never depreciates. On the contrary, it continues to increase in value from the day it is issued until its maturity, no matter what financial conditions may be.

If you would like to know more about this "panic-proof" investment fill out and return the coupon below. We'll send you some interesting literature by return mail.

PROFITEERS MISTAKEN

The attorney-general of the province will have machinery to carry on the investigation into the high cost of living, he said.

Harper, customs broker, 39 West Wellington street, corner Bay, 4622

spy out the land and see if it is possible to do with a number of commodities what the board has done in regard to sugar, to establish a fair profit, and merchants is any extension of that profit, criminal prosecution and jail.

Mr. O'Connor stated it was the same with the wholesale man, and this led to the producer. "But if we all get together and agree, it is time for a general reduction of prices, and the board of commerce believes this can be done.

Not Getting Ten Per Cent. E. Dowson of the grocers' section of the Retail Merchants' Association complained his trade was not getting 10 per cent. profit on sugar, but pledged his association to help the commission towards a general reduction in prices.

Mr. O'Connor asked the commission to help the commission towards a general reduction in prices. A. C. Pike of the wholesale grocers' guild declared that the wholesalers had nothing to do with the price of sugar.

After Albert Hanna had protested against the high cost of milk, Dr. J. A. C. Evans began a speech by declaring: "We in Canada have been 'profiteered' more than any other country on earth.

Dr. Evans then returned to his cheese argument and said a wholesaler charged 38 cents a pound, a department store 40 cents, a retailer 45 cents, but yet the same quality cheese is sold in England for 36 cents per pound.

Mr. O'Connor thanked the doctor for his evidence, and said: "We cannot take action without investigation. What I should have is accurate data names of people and places. We cannot get a grand jury on newspaper reports."

Mr. O'Connor suggested licensing of vendors, but only certain hours of the day to sell to retailers. "The price at which they sell to retailers," said Mr. O'Connor, "would be the price at which they should be sold to the consumer."

Mr. Chisholm said that he would like to see how it would work out. Mr. O'Connor suggested licensing of vendors, but only certain hours of the day to sell to retailers.

MEANS SACRIFICE OF CONCESSIONS

What Rejection of Treaty Implications Noted in Minority Report to U. S. Senate.

Washington, Sept. 11.—Rejection of the peace treaty with its league of nations covenant, or adoption of amendments would mean sacrifice by the United States of all concessions obtained for Germany under a dictated peace, minority members of the foreign relations committee declared in a report presented today to the senate.

The report, prepared by Senator R. Hitchcock of Nebraska, ranking Democratic member, urged speedy ratification of the treaty without amendments or reservations. It deplored "the long and unnecessary delay to which the treaty has been subjected, while stock-al up an up committee whose recommendations were, from the start a foregone conclusion," and asserted that recommendations could have been made in July.

Senator Shields, Democrat, Tennessee, did not sign the report, having announced that he favored league covenant reservations prepared by Chairman Lodge.

The minority denied the claim put forth in Chairman Lodge's report that the peace conference still was in session and has power "to bring German representatives to Paris," saying such power of compulsion had been exhausted and that Germany had closed the chapter by signing and ratifying.

"If an amended treaty is not signed by Germany," he report added, "then it is in none of its parts binding on her."

The report mentioned twelve concessions the United States would lose by failure to ratify the treaty, these including industrial and economic advantages and agreements.

Reservations proposed by the majority, the report said, were "for the purpose of destroying the league," which has "stood the test of world-wide criticism and unlimited attack."

The minority recommended that the work of the peace conference be confirmed and the peace of the world advanced by ratification of the treaty described as the best hope of the world, "even if, like all instrumentalities, it is not divinely perfect in every detail."

MOTORBOAT FATALITY.

St. John, N. B., Sept. 11.—A motorboat, in which Roy Shaw, aged 12, was cruising alone off Pocologan, 30 miles from here, on the bay of Fundy, last evening, caught fire. He leaped overboard to swim ashore, but became exhausted and sank. The body was recovered.

STEAMSHIP DIRECTOR INTERVIEWS EX-KAISER

Amerongen, Sept. 11.—Philip Heinken, director of the North German Lloyd Steamship Company, and Baron von Thiele Winckler, mortared from The Hague to Amerongen on Tuesday and had a few hours' conference with former Emperor William of Germany.

In The Hague, where he is negotiating for the purchase of ships with brokers of several nationalities, Herr Heinken declined to discuss the object of his visit to Amerongen. He asserted, however, that the former emperor now holds no stock in the Hamburg-American line or the North German-Lloyd Company.

DAUGHTERS OF EMPIRE MEET IN CONFERENCE

Both morning and afternoon sessions of the September meeting of the national executive of the Imperial Order Daughters of the Empire were well attended. The out-of-town members present were: Mesdames Geo. Smith and J. S. Campbell, St. Catharines; J. Stewart, Perth; H. S. Griffin, Hamilton; O. McVean, Dresden; Frank Berton, Yukon; McMartin, Cornwall; A. W. McDougald and McNaughton, Montreal; Miss Gordon, Kingston.

Among items of business transacted was the appointment of a strong committee to carry on the patriotic educational propaganda.

A letter was received from the private secretary of H. R. H. the Prince of Wales, thanking the order for their address to him.

A deputation from the Navy League, consisting of Messrs. Aemilius Jarvis and A. M. Hoberlin, Col. Williams and Rev. Crawford Brown, asked for the assistance of the I. O. D. E. in the Navy League campaign to be held on Oct. 21 and following days. The president in reply assured the deputation of the great interest felt by the order in the Navy League, and stated that an appeal for assistance in the campaign would be forwarded to the different chapters.

Another visitor was Mrs. Geo. Mitchell of Cobalt, who brought to the attention of the meeting the great need of nurses and hospitals in the English district.

CHEER LIBERALITY OF ITALY'S KING

Rome, Sept. 11.—Premier Nitti introduced in the chamber of deputies a bill under which King Victor Emmanuel assigns all the crown property for the benefit of the fighting men and reduces the civil list by \$300,000 lire. The announcement of this proposed action of the king was greeted with a great demonstration of loyalty. The whole chamber stood and cheered and the public galleries joined in the enthusiasm.

INTEREST CENTRES LAST FEW MINUTES NOVITATE INQUIRY

Father Hingston Cross-Examined—Soldiers Found No Mysteries.

Ottawa, Sept. 11.—The interest of the entire session today of the Guelph Novitiate inquiry was crowded into the last 15 or 20 minutes of the afternoon hearing, when T. J. Ferguson, K.C., counsel for Rev. Kennedy Palmer, who made the charge in connection with the Jesuit Novitiate at Guelph, took for Cross-examination Rev. (Capt.) Father Hingston.

Father Hingston was "visiting in the night" on the night of the raid, and it was between him and Capt. MacAulay that the controversy arose as to the authority of the latter officer to proceed with the search. Father Hingston also, in collaboration with Rev. Father Bourque, rector of the private and master of the novitiate therein, had much to do with the production of the letter of protest which was sent to the militia headquarters after the raid and which formed the basis of the enquiry held by Colonel Godson-Godson and the latter's subsequent apology to the Jesuits of the Guelph institution for the events of the raid under Capt. MacAulay's leadership.

Father Hingston was called to the stand late in the afternoon. Mr. Ferguson first asked as to whether Capt. MacAulay had actually started to copy names from the list in the hall which Father Hingston in direct examination had stated was not a complete list of the inmates of the institution, but merely a schedule of those who were participate in a certain nine days' communion office.

Father Hingston said Captain MacAulay had his book and pencil out preparatory to taking down the names when he was told by witnesses that the list was not complete. At that he desisted.

Disappointed Searchers.

Passing to the letter of protest sent from the Novitiate to the court department, Mr. Ferguson read portions of the letter in which Capt. MacAulay's action was described as "on a par with the disappointed cruelty of the searchers who after poking into alcoves and latrines, found only simplicity and bareness where they expected to reveal startling mysteries."

"Did you write that?" "In collaboration with Rev. Father Bourque."

"Why did you say they poked into alcoves?" "Because I was informed that they did. I was not there for the search when they went upstairs with the three boys who were placed under arrest to get their clothes."

"Continuing, witness said that Father Bourque had protested because he thought the proceedings were illegal and outrageous, an opinion which witness also held. The evidence is that Captain MacAulay was acting illegally and outrageously. 'Illegally' because he did not produce his written authority for his presence at the novitiate because of the hour of his visit, the number of men he brought with him to make a cordon around the house and the general show of force."

Sir Sam Hughes asked where Father Hingston got his authority to question Capt. MacAulay's right to enter the house and make his investigation and the witness replied that Father Bourque had asked him to see the visitors and speak to them.

The enquiry adjourned until Friday morning, Mr. Geoffron stating that Father Bourque would be the only remaining witness to be called.

TIMES COMMENTS ON ACQUISITION OF G. T. R.

London, Sept. 11.—The Times financial writer says that if the report received here that, as a result of the conference between the Canadian cabinet and Sir Alfred Smithers, purchase of the Grand Trunk may be left to arbitration should prove true it should be received with relief by stockholders, as meaning that the deadlock has been overcome in Canada. The Times says that politics complicated the business aspect of the question, but it is hoped that the chairman's visit will settle the very vexed matter on satisfactory grounds and equitable terms. Had an attempt been made to force the stockholders to accept terms obviously inequitable it would have done irreparable harm to Canadian credit.

The Reason for the Referendum Ballot

THE Government realizes that The Ontario Temperance Act is unsatisfactory, both to the great majority of the people and as well to the officials sworn to carry out its provisions.

In introducing the Referendum, Premier Hearst said: "During the past year the methods provided by The Ontario Temperance Act for dispensing such liquors as may lawfully be sold, have not proven as satisfactory as the Government would like. The Government is most anxious, as far as possible, to remedy any abuses and relieve any inconveniences that exist."

To Relieve this Totally Unsatisfactory Condition the Referendum Ballot is Provided

The Referendum Ballot gives the people of Ontario an opportunity to repeal The Ontario Temperance Act. By voting "Yes" to all four questions, the people of Ontario will enable the Government to repeal the unsatisfactory Ontario Temperance Act and enact sane, moderate legislation which will permit the general sale of non-intoxicating beer containing 2.51% alcohol by weight, whilst restricting the sale of pure spirituous liquors and light wines to Government agencies. The members of the Citizens' Liberty League and the great majority of the people of Ontario do not and will not sanction a return of the bar with the unrestricted sale of spirituous liquors. The League wishes a sane, moderate compromise to meet the reaction against a too drastic prohibitory measure which has resulted in all sorts of evasions and brought the law into contempt, thus tending to destroy our national life as sober, law-abiding citizens. For these reasons, all fair-minded, thinking citizens will vote "Yes" to the four questions on the Referendum Ballot.

Life After Death

What Is It? Where Is It? Or Is There Any at All?

If So Can the Dead Be Communicated With?

All down the ages men have been asking this question, and it is only during the past generation that great scientists and thinkers have seriously taken up the experimental study of this great question.

Sir Oliver Lodge has bent all his great powers to a consideration of the question for over 30 years, and in next week's Sunday World he tells why he believes that he has talked with the dead.

Sir Conan Doyle has already told Sunday World readers why he agrees with Sir Oliver Lodge on this question of life after death, and still other great thinkers and writers will have their say in succeeding issues of Canada's greatest weekly newspaper.

You cannot afford to miss a single one of these important articles.

SHELVE QUESTION OF DIRECT ACTION

British Triple Alliance Fails to Obtain Mandate From Trades Union Congress.

disputes, and the release of conscientious objectors. Resolutions adopted by the congress pledged its support to the nationalization of the banks and the establishment of an industrial labor parliament so that all trade unionists in Great Britain might obtain a common policy and speak a united voice on questions of national or international importance. The question of direct action was brought up on a resolution presented by Thomas Shaw, a labor member of the house of commons, reading: "The congress declares against the principle of industrial action in purely political matters." After it had been discussed by various speakers, the congress shelved it by voting the previous question. The vote to lay aside the resolution was 2,355,000 to 2,086,000.

TO FORM ALLIANCE ON BRITISH LINES

Proposed Co-operation With Railway Men and Transport Workers is Favored.

Cleveland, Sept. 10.—Resolutions favoring the formation of a national labor party, nationalization of coal mines at the earliest possible moment and an alliance for co-operative political and economic effort with the railway brotherhoods, freight handlers and other transportation workers unions have been accepted in principle by the committee on resolutions of the Union Mine Workers of America and will be brought before the convention here at an early session. The proposed alliance with the railroad and the transportation workers is modelled upon lines of the British "Triple Alliance" of miners, railwaymen and transport workers which have proven such a powerful factor in the industrial and political life in Great Britain.

All three proposals have been recommended in resolutions from local unions in all parts of the country. After a preliminary survey of the hundreds of resolutions before it, the committee has decided to recommend favorably to the convention declarations against universal military service or any form of "militarism" in America and against lynching and mob violence; advocacy of 100 per cent Americanization of the United Mine Workers by requesting application for first citizenship papers as a condition of membership and endorsement of the league of nations.

One Big Union Not Favored. Proposals to withdraw from the American Federation of Labor to enter upon the formation of the "One Big Union" embracing all branches of labor, as advocated by local unions, will be adversely reported. Other local resolutions, which will be reported unfavorably, were those to remove international headquarters from Indianapolis to Cleveland and on the principle of "one man one job," to declare owners of more than forty acres of land or proprietors of an equivalent business ineligible for membership in the miners' organization. Practically every wage resolution submitted demands the six-hour day on the ground that under present conditions miners cannot count upon steady employment because of overproduction, and many of them demand that operations in the various fields be required to allocate the tonnage produced among all the workers in the district so that all miners share equally opportunity for employment.

A committee representing every district organization was appointed today to attend the funeral of John Mitchell, former president of the association, and the convention will stand adjourned the day of the interment.

COL. LECKIE MAY FORM BRIGADE FOR SIBERIA

London, Sept. 11.—Colonel John Leckie, who recently returned from North Russia with the Canadian officers of the Murmansk expedition, has been asked by the Russian authorities to form a brigade for service there. Assuming that diplomatic considerations will permit Colonel Leckie to undertake such a task it is understood he views the proposal with considerable favor. Several officers who originally joined his command are willing to serve again.

MUST AWAIT INSTRUCTIONS

BOLSHEVIK EXPECT KOLCHAK'S SURRENDER

London, Sept. 11.—A Bolshevik wireless despatch from Moscow today claims the capture of nearly 12,000 prisoners from Admiral Kolchak's Siberian forces in the region of Akhtubinsk and Orsk. It is declared the surrender of the remainder of Kolchak's southern army is expected.

COUNCIL SETTLES TESCHEN QUESTION

Will Take Plebiscite, as Jointly Proposed by Poles and Czecho-Slovaks.

Paris, Sept. 11.—A plan for the settlement of the question of the Teschen mining district, in dispute between Poland and Czecho-Slovakia, was adopted by the supreme council at today's session. It was agreed that a plebiscite be taken in the district, as jointly proposed by the Polish and Czecho-Slovak delegates. The decision for a plebiscite is generally interpreted in peace conference circles as meaning that Teschen will revert to Poland, in a measure, as the Poles are in a majority in this district. In this event provision will be made to protect the economic interests of Czecho-Slovakia. This agreement solves one of the most difficult problems which the supreme council has faced. At one time there was danger of serious trouble between the Poles and the Czechs. The delegates of Czecho-Slovakia apparently are satisfied with the settlement. They will depart for Prague from Paris on Saturday, leaving only one representative here.

KITCHENER APPOINTS HOUSING COMMISSION

Special to The Toronto World. Kitchener, Ont., Sept. 11.—The selection of John Schwartz as chairman of the Kitchener housing commission was announced at the city hall here today. Jacob Baetz has been appointed vice-chairman and S. Millar secretary. A business meeting will be held soon to complete the first steps for the loan to the Dominion Housing Company.

The present understanding is that the agreement will be abrogated, but that a secret arrangement in the same sense will be concluded.

WILL START TODAY ON TURKISH TREATY

Pact With Bulgaria Will Be Presented to Delegation on Saturday.

Paris, Sept. 11.—The supreme council has decided to present the Bulgarian peace mission on Saturday, September 13. The council having virtually completed work on the Bulgarian treaty, will take up the drafting of peace terms with Turkey tomorrow. Pymier Lloyd George will arrive here tomorrow for this purpose. He will be assisted in the conferences by Field Marshal E. H. Allenby, commander of the allied forces in Asia-Mina, who has just arrived in France. The question of the future schedule of work for the peace conference also will be taken up. Many members of the conference are urging that an adjournment be taken after the examination of Rumania's reply to the peace conference notes to obtain which, Sir George Clerk, British minister to Czecho-Slovakia, was sent to Bucharest last week. Those favoring an adjournment say that it will be impossible to shape the Turkish treaty until the course which will be pursued by the United States is decided upon, and that as the Hungarian treaty has been almost concluded, there is little to engage the attention of the conference until definite word is received from Washington. This program is meeting with a good deal of opposition, however, on the ground that many questions are pending which should not be left in suspense. Arthur J. Balfour, the British foreign secretary, who headed the British delegation at yesterday's signing of the Austrian peace treaty, left for London this noon. Stephen Pichon, the French foreign minister, represented the supreme council in the informal farewell ceremonies.

Pact With Bulgaria Will Be Presented to Delegation on Saturday.

Paris, Sept. 11.—The supreme council has decided to present the Bulgarian peace mission on Saturday, September 13. The council having virtually completed work on the Bulgarian treaty, will take up the drafting of peace terms with Turkey tomorrow. Pymier Lloyd George will arrive here tomorrow for this purpose. He will be assisted in the conferences by Field Marshal E. H. Allenby, commander of the allied forces in Asia-Mina, who has just arrived in France. The question of the future schedule of work for the peace conference also will be taken up. Many members of the conference are urging that an adjournment be taken after the examination of Rumania's reply to the peace conference notes to obtain which, Sir George Clerk, British minister to Czecho-Slovakia, was sent to Bucharest last week. Those favoring an adjournment say that it will be impossible to shape the Turkish treaty until the course which will be pursued by the United States is decided upon, and that as the Hungarian treaty has been almost concluded, there is little to engage the attention of the conference until definite word is received from Washington. This program is meeting with a good deal of opposition, however, on the ground that many questions are pending which should not be left in suspense. Arthur J. Balfour, the British foreign secretary, who headed the British delegation at yesterday's signing of the Austrian peace treaty, left for London this noon. Stephen Pichon, the French foreign minister, represented the supreme council in the informal farewell ceremonies.

LIFT OFF CORNS!

Doesn't hurt a bit! Sore corns lift right off with fingers.

Magic!

Costs few cents! Drop a little Frezzone on that touchy corn, instantly that corn stops hurting, then you lift it right out with the fingers. Why wait? Your druggist sells a tiny bottle of Frezzone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Frezzone is the magic talker of discovery of the Cincinnati genius.

BIG BUSINESS CHANGES HANDS.

London, Sept. 11.—The business of John Lusk, sheet iron and steel manufacturer, with ramifications in Canada and other dominions, has been acquired by Welsh interests, which include Lady Rhonda, for twenty million dollars.

TO FORM ALLIANCE ON BRITISH LINES

Proposed Co-operation With Railway Men and Transport Workers is Favored.

Cleveland, Sept. 10.—Resolutions favoring the formation of a national labor party, nationalization of coal mines at the earliest possible moment and an alliance for co-operative political and economic effort with the railway brotherhoods, freight handlers and other transportation workers unions have been accepted in principle by the committee on resolutions of the Union Mine Workers of America and will be brought before the convention here at an early session.

NIAGARA SCHEDULE CHANGES NEXT MONDAY

Present Schedule: Four trips daily to Niagara-on-the-Lake, Queenston, and Lewiston, connecting by rail and radial lines for Buffalo, Leave Toronto: *7.20 a.m. 9.30 a.m. 2.00 p.m. 5.15 p.m. *8.15 a.m. Sunday instead of 7.30 a.m.

Japan and China to Make A Substitute Agreement

Peking, Sept. 11.—The China-Japanese military convention, signed last year with a view to co-ordinating the efforts of China and Japan in Siberia, has been under discussion recently between Tokio and Peking. The present understanding is that the agreement will be abrogated, but that a secret arrangement in the same sense will be concluded.

Peaches were not shipped in nearly so heavily yesterday, and only a small percentage were really choice. Prices having practically the same range, namely, 75c to \$1.25 per 11-qt. flat, 90c to \$1.50 per 11-qt. leno, and 40c to 50c per 6-qt. flat.

Pears. There were large quantities of very poor quality pears shipped, in which were difficult to sell at any price; really choice ones being noted for their absence.

Potatoes have been scarce the past few days and firm at \$2.55 to \$2.75 per bag. Tomatoes shows a large percentage of waste, the extremely hot days apparently having cooked them.

Corn came in more freely, but was mostly of poor quality selling at 10c to 12c per dozen, with some fairly good selling as high as 15c to 20c per doz.

SHINING TREE GOES AHEAD; OTHER AREAS MARK TIME
Almost Daily Improvement in Outlook at Wasapika and Other Leading Properties Keeps Enthusiasm Alive Despite Lack of Good Transportation Facilities.

A strong movement of mining men to West Shining Tree began almost immediately after the echoes of the big guns died away on the western front, and the heavy mantle of snow covered the ground, many properties changed hands before the close of the last war year. The move much increased in importance all thru the winter of 1913-8, mainly, however, at the expense of the older camps. When the snow disappeared towards the end of April prospectors from Porcupine, Kirkland Lake, Cobalt, and, in fact, every point tributary to the T. and N. O. Railway hurried to Shining Tree. Some came as the agents of capital and endeavored to purchase valuable properties at low prices; others carefully searched the records of the office at Sudbury for claims that might have been overlooked. Any such were at once re-staked, and a rule disposed of at a handsome profit.

Shining Tree has, indeed, been a busy mining camp during the winter of 1913. It has commanded the attention of specialists at a time when regions more accessible to the railways have been neglected. Its rapid progress is in striking contrast with that in the other camps during the post-bellum period. To say that Porcupine is quiet, notwithstanding its output of \$50,000,000 in gold, scarcely presents a true picture of the situation. Its working properties do not outnumber those of Shining Tree, but the latter had only one property, the Wasapika, in operation when the dove of peace spread her wings over a war-weary world. And to Kirkland Lake and all the gold regions on the east side of the T. and N. O. Railway, all have felt the invincible pull of Shining Tree. Farly due to this party to the general strike it is now conceded that this district will not resume its former pace until 1920 is well under way. And as yet Shining Tree is only a mere youngster. It has no producing mines, it has withstood knocks from those injuriously affected by its growth, its transportation facilities are insufficient, and yet it is the only camp in Ontario that has made striking headway since the close of the war. For results with this that is a reason. Shining Tree has advanced because of its merits. It has many outstanding features and properties that can be turned into big mines. It is, in fact, Porcupine with some additions and improvements. It never falters in the old camp, but there is a more general distribution of the precious metal. There is less barren ground, more general mineralization, and, in fact, more

chances for the profitable investment of capital.

These Areas' Great Appeal.

These things give to Shining Tree its great appeal. Opportunities for splendid profits await the man who has money and knows how to employ it to advantage.

It is a mere truism to say that a rich camp must have gold. That is, indeed, the first requisite of a mining property. Where as that there is now no doubt and the metal is in quantity sufficient to yield satisfactory profits. Where can one find such a promising group as the Wasapika section of the camp? Reginald E. Hore, a mining expert of the Michigan Geological Survey, recently instructed the Michigan Geological Survey, says that the Wasapika "appears to have the making of a very big mine." He adds that the work so far done indicates that the vein now being opened up "is even bigger than it appears to be on the surface and the surface indications are over the mine. The Ribble vein on which the Wasapika is now working has developed great ore shoots for a total distance of over 1000 feet. In the same group are the West Tree, Churchill, Wakkanda and Herriek and the Atlas with properties owned outright and under lease aggregating 600 acres. This section may ultimately be the most productive gold belt in Ontario. In fact, it is likely to outclass Kalgoolie.

People who are envious of the fame of Shining Tree often say that the ore is too rich. But under various conditions rich ore is one sign of payable ore in quantity. The Ribble vein, one of the mines on the "golden mile," produced one lump of practically pure silver to the value of \$10,000. The Atlas and the West Tree have both yielded ore fabulously rich, and both are prospectively big mines. On both the veins are very well defined. In fact, all the mines of this belt are exceptionally promising.

Shining Tree begets persistence and energy because there is faith in the future. The miner is continually encouraged to further effort by improvements in the outlook almost daily. Success never seems far away. If the advance in steps it still still an advance. It still points plain to the ultimate goal. Thus this great camp has sprung into activity when other districts more fully explored and with better facilities for transportation are only marking time. Keep your eye on Shining Tree. There is a reason for its unrivaled progress.

ACTIVITY IS SEEN AT BOSTON CREEK

New Finds Are Broadening District—Old Properties Resume Operations.

Special to The World.

Boston Creek, Sept. 11.—With amalgamation of its leading properties almost effected, and activity everywhere, Boston Creek camp looks confidently to a bright future.

Upwards of a hundred and fifty men are working in the district, not more than a score on any one property, and so operations are wide. Foxon, Catherine, Racaud and the Eroy townships are all getting attention.

The Boston Creek camp is the first of the district which requires final fulfillment of the terms of settlement. This is the first of the district which requires final fulfillment of the terms of settlement. This is the first of the district which requires final fulfillment of the terms of settlement.

BIG CHATHAM FIRE

About \$50,000 Damaged When Spring Department of Dowley Works is Destroyed.

Special to The Toronto World.

Chatham, Ont., Sept. 11.—A fire totally destroyed the spring department of Dowley Works, today. The damage has not yet been estimated, but Manager Sprague states that it will considerably exceed \$50,000. The blaze started at 11 o'clock this morning, when, in the ordinary course of operations, a red hot spring was dipped into an oil tank used for tempering. Fired to one of the sides of the one-story buildings, 400 feet in length. In half an hour the roof collapsed. The furnaces in this department are filled with oil as fuel and this lent intensity to the blaze. Anxiety prevailed for some time as to whether the intense heat would cause an explosion of a boiler containing the oil used in the tanks for tempering purposes.

Two Prominent Torontonians At Dalhousie Centenary

Halifax, N.S., Sept. 11.—Representative educationists from all parts of the United States and Canada and from Scotland are meeting today with a large body of graduates in celebration of the centenary foundation of Dalhousie University.

Among the most prominent educational delegates to the convention are Sir Robert Falconer, president of the University of Toronto, Acting President Frank Adams of McGill University and Archbishop McNeill of Toronto.

Brantford Light Committee Hold Up Civic Hydro Payment

Special to The Toronto World.

Brantford, Sept. 11.—At a meeting of the fire and light committee here today, it was decided to withhold payment of the city's Hydro lighting bill unless there was an immediate improvement in the service. Hydro commissioners invited to attend the meeting failed to appear, and it was pointed out that any improvement in civic lighting was entirely in the hands of the local commission.

Chatham War Veteran Missing for Six Weeks

Special to The Toronto World.

Chatham, Sept. 11.—A Chatham veteran, who went overseas in 1914 as a British reservist, disappeared from his home here six weeks ago, and all attempts to locate him have proven futile. For certain reasons, the name of the soldier has been withheld. His wife states there is no family difference which might have prompted him to leave. He had with him a cheque for \$200. The veteran has three young children.

AN HISTORIC ANIMAL. FULL UP.

The following is a bill of sale for a burro sold by one old prospector to another at a decadent mining camp "back in the hills": "Sold to R. H. Jones one lineal descendant of Christ's conveyance into Jerusalem for the sum of seventeen (\$17) cash in hand. His age is unknown to the present generation, color twilight, and easy to catch if hand-cuffed and chained to a mountain; otherwise it is easier to catch four aces. It is also guaranteed that he is the identical jack-ass selected by the Democratic party for its political emblem so that the country might have a true and correct index of its great vocal and oratorical powers and the high intelligence of its voters."

"Jack, when you kissed me, didn't you know that I sold something?" "Gwan, I'm no lip reader."

Winkieborough is a flourishing little seaside resort and during the season almost every available room is "let" at good prices.

A visitor at that delightful spot observed a policeman soundly cuff a youth for some misdemeanor, and being anxious to know the reason of the chastisement he went over to the brass-bottomed representative of the law.

"What's he done, constable?" he inquired.

"I caught 'im pickin' pockets, sir. If I see 'im at it again I'll give 'im a good hiding."

"But why don't you run 'im in?" "An 'im 'im" retorted the constable.

"Why, bless yer, we ain't running no body in this week. The police station's full."

RECOVERY IN WALL STREET
