ONE KILLED, 17 HURT IN STREET CAR COLLISION

GOVERNMENT'S PATH WILL BE EASY ONE REST OF SESSION

Supporters Elated at Majority and Liberals Blame the Farmers.

A LISTLESS AFTERMATH

Ottawa, March 4.—A handful of sleepy members made a quorum in the house this afternoon, and agreed to call it a week by six o'clock. Most of the members, after their long night vigil, left for home over the week-end, and the few remaining had not a great deal to say about the vote on the King amendment. Chief Whip Middlebrooke is naturally elated and all the supporters of the government feel that their path will be an easy one for the rest of the session. They smilingly intimate that the Liberals never were anxious to have the amendment carry and are just as well pleased to wait another year or eighteen months for the election. The Liberals, on the other hand, blame the farmers with throwing them down. They point to the number of farmers who obligingly paired with government members and thereby disabled themselves from voting on the division. The result of the vote, of course, was not a surprise to any one, but few expected the government majority to run over twenty. Even ministers of the government were apprehensive up to the actual taking of the vote, being still more or less suffering from the shock of the West Peterboro by-election.

A Listless Session.

Ottawa, March 4.—(Canadian Press). The all-night session of the house, ending in an early morning division, was followed by a listless afternoon wandering over a variety of topics. First came a deluge of answers from the government to the questions which have been growing in the order paper day by day since the opening of session. Subsequently there was discussion on oil lands in the (Continued on Page 2, Column 5.)

BLAME CITIES FOR GOVERNMENT DELAY

Ottawa's Relief Contribution Unpaid Because Accounts Not Forwarded.

Ottawa, March 4.—(Canadian Press).—C. G. Power (Quebec South) elicited the information in the house of commons this afternoon that owing to the fact that accounts have not yet been received by the government from the cities of Toronto, Montreal and Quebec that the government has not paid any moneys to those cities for unemployment relief.

CLOSE UP SCHOOLS IN WINCHESTER VILLAGE

Brockville, Ont., March 4.—(Canadian Press).—Although there is but one case of smallpox in Winchester village and that of a mild type, the board of health has issued an order closing all the churches and schools and forbidding public gatherings for a period of ten days.

RUMANIA FAILS TO PAY INTEREST

Greece Not Showing Haste to Meet Obligations Either, Drayton Admits.

Ottawa, March 4.—(By Canadian Press).—Sir Henry Drayton, minister of finance, replying to questions in the house today, confirmed reports that Rumania had failed to pay interest on the Canadian loan. On April 1 next the interest due will amount to \$1,475,234.96. "The question of the payment of this overdue interest," Sir Henry continued, "and future interest instalments, has been the subject of negotiations between representatives of the Dominion of Canada and the Kingdom of Rumania. These negotiations are still in progress."

Questioned on the loan to Greece, Sir Henry said that Greece had paid interest in full to June 30, 1920. "Interest account to December 31, 1920, amounting to \$158,914, was rendered in due course," he stated. "And the overseas branch of the department of trade and commerce, London, has now been able to present same to the representatives of the recently established Greek government in London for payment."

NEW U. S. PRESIDENT ASSUMES THE REINS; CEREMONIES SIMPLE

Less Pomp and Circumstance and Crowds in Streets Are Smaller—Harding Revives Precedent Set by Washington and Confers With Senate—Within Two Hours Hangs Up His Hat in White House and Goes to Work.

Washington, March 4.—The reins of presidential authority in the United States passed from Woodrow Wilson to Warren G. Harding today in an inaugural ceremony at once the simplest and most dramatic of a generation. The drama centred about the retirement of Woodrow Wilson to private life. Insistent to the last moment that he would carry out a retiring president's customary part in the ceremonies, Mr. Wilson finally yielded to the pleading of relatives and to the warning of his physician that he might endanger his life, and only accompanied his successor to the capitol.

Before Mr. Harding had been president an hour he had revived a precedent set by George Washington, by conferring with the senate in executive session, submitting in person the nominations of his ten cabinet officers, all of which were confirmed. Within twelve hours he had gone to the White House to "hang up his hat and go to work," as he himself often said, and unlocked the White House gates which for four years had been closed to the public. The public celebrated the event by actually over-running the grounds and peeping thru the windows to see the new president in conference with cabinet officers.

CEREMONIES WERE SIMPLE.

Mr. Harding took the oath of office at 1.15 p.m., exactly eight years to the minute from the time the same words of obligation were spoken by Mr. Wilson at his first inauguration, in the inaugural ceremonies, conforming to Mr. Harding's wishes, were kept close from almost every show of the pomp and circumstance that usually surround the incoming of a chief executive. He witnessed the oath and cheered the old and new presidents along Pennsylvania avenue, but (Continued on Page 6, Column 3.)

NOT "IN POLITICS."

Mr. Green denied that he was "in politics." He had not encouraged the suspension of Mr. Hastings, he said, but on the other hand had signed the petition for the enquiry.

The investigation was this afternoon adjourned till Tuesday, and the indications are that it will not be concluded till late in the week. It is expected that Frank Lalor, M.P., will be called to give evidence on Thursday. Crowd is Threatened.

Some of the testimony was of such a nature that the large crowd of auditors were kept on edge for a good part of the hearing. On two occasions there was a demonstration, and, after the constables threatened to clear the court, the demonstrators lectured the officers and asked that they rise to the dignity of a court and not act as if they were at a picture show.

These two crown witnesses, one a county constable who resided in the town for 54 years, and the operator who was night constable from last September, were both pronounced in their opinion that the magistrate had been too lenient in the way they had brought before him, and that his judgments had not been severe enough for the maintenance of order.

ALLEGED WEAKNESS.

William F. Pullen, who has been night policeman since last September, said he (Continued on Page 2, Column 4.)

DRUGGIST APPEARS IN ANSWERS TO SUMMONS

Frank Caswell, proprietor of the People's Drug Store, Spadina avenue, who was served with a summons on Thursday night, appeared in the police court yesterday morning, charged with manslaughter, and had his case adjourned until March 11. The charge arose from the death of Mrs. Ethel Rosnick, who, it is alleged, was given a poisonous drug by Mr. Caswell in mistake.

The World regrets an error in yesterday's issue, in which it was made to appear that Mr. Caswell had been arrested on Thursday night instead of having been merely served with a summons.

M.C.R. Trainmen Blamed For Disastrous Wreck

Valparaiso, Ind., March 4.—Responsibility for the death of 37 persons in the train wreck Sunday night at the Porter, Ind., intersection of the New York Central and Michigan Central lines was placed on the Michigan Central engineer and firemen at the inquest held today by Dr. H. O. Seipel, coroner of Porter County, and they were formally charged with involuntary manslaughter.

RETAILERS RESENT RESPONSIBILITY FOR ANY PRICE INCREASE

Criticize Local Bank Manager for Statements at the Kiwanis Club.

MADE NUMEROUS CUTS

Downtown retail merchants declare that they cannot be blamed for any prevailing high prices. They are unanimous in asserting that the statements made by D. A. Cameron, general manager of the head office of the Bank of Commerce, to the effect that retail merchants were overpaid at the present situation, are misleading and untrue in effect. Mr. Cameron, speaking at the Kiwanis Club luncheon on Thursday, had said that retail merchants by their policy of holding up goods at high prices were fostering trade depression. He had added that some retail clothiers had bought overcoats at \$25 and then sold them at \$60, marked "reduced in price." Wool he said, was back at pre-war price and cotton fabric was even cheaper. The buying public's confidence would not be restored with the very apparent uneven drop in prices.

Retail merchants are feeling very hot regarding these statements. They are unanimous in stating that the retail trade has made reductions in price wherever possible the same as the manufacturers. There must be an even drop in prices as trade competition was so strong. Regarding the incident mentioned in adopting the \$60, they declare it too ridiculous to bother about. It has not been possible since shortly after the outbreak of war to buy an overcoat for anything like that and get away with it.

RETAILERS' WISE POLICY.

Mr. John O'Connor, manager of Murray-Kay's, said that the retail merchants generally are adopting the (Continued on Page 11, Column 2.)

OIL ROYALTIES FOR SETTLERS IN WEST

Such Is Proposal in Resolution Sponsored by Gen. Griesbach of Edmonton.

BIG FINDS LOOKED FOR

Ottawa, March 4.—(Can. Press).—Settlers in western Canada will be entitled to be paid 6 per cent of the value of oil produced from their land by speculators, if a resolution, carried which was introduced in the house of commons today by Brig-Gen. W. A. Griesbach, Unionist member for Edmonton (Alberta). At present the Dominion government reserves full ownership of minerals discovered in western Canada. It may lease for oil drilling land which is already owned privately, so far as surface rights are concerned.

General Griesbach stated that hereafter one-sixteenth of the value of all oil taken out of privately-owned land is paid to the owner, in addition to the royalty which is paid to the Canadian government. This royalty runs from 1-2 per cent to 10 per cent, according to the length of the lease. General Griesbach stated that the value of oil produced from the land owned by speculators in the United States was compelled to pay eight per cent royalty to the land owner, because practically all the land is owned by common law right both as to surface and sub-surface production.

EXPECT BIG DISCOVERIES.

Big discoveries of oil are expected in the west, said General Griesbach. Provision ought to be made before any great rush of speculators started so that land owners might not find themselves deprived of any share in the value of oil discovered, while such profits were taken by outsiders who had borne no share of the labor of pioneering and opening up the country to the world.

PREMIER MEIGHEN INFORMED THE HOUSE THAT OIL PRODUCTION SO FAR IN CANADA WAS ONLY ABOUT 2 PER CENT OF THAT OF THE UNITED STATES.

ICE CATCHES VESSELS ON NEWFOUNDLAND COAST

St. John's, Nfld., March 4.—North Atlantic ice floes caught two vessels off the Newfoundland coast today. The schooner "Pipery," bound here from Lisbon with a cargo of salt, was crushed in a flow off Cape Race. Her crew reached land by walking over the ice, crossing the patches of open water in a small boat brought from the vessel.

Grinding ice so injured the bow of the steamer "Royal Jack" from Philadelphia from the port, with coal, that she will be tied up here for two weeks before repairs can be completed.

NO HOPE FOR GERMANS TO SATISFY THE ALLIES

Declare Lloyd George Has Committed Himself to French View—Experts Busy Preparing Reply to Arguments of Allies—Claim Their Taxation Has Been Under-rated.

London, March 4.—Awaiting advice from Berlin as to whether new proposals to be submitted to the allies on Monday, Dr. Simons, the German secretary, and the German experts are busy preparing a reply to some of the arguments used by Mr. Lloyd George in delivering the allied ultimatum yesterday. The Germans strongly object to the verdict of the allies that they were entirely responsible for the war and the prime minister's argument that if they taxed themselves as France and England have done they would be able to pay what is demanded of them. They claim internal taxes, such as those on sugar, tobacco and spirits, have not been taken into account and they are prepared to introduce figures showing the allies' tax under-rated their impositions.

With regard to the question of responsibility for the war, the Germans maintain the European powers were equally at fault, and cite a recent speech by Mr. Lloyd George in which he is quoted as saying that the world drifted into the war.

"It is hard to make a man who believes he is innocent say he is guilty," said one of the delegates today. "As for myself, I would rather commit suicide than admit Germany alone was responsible. Any government which made such an admission would promptly be overthrown. So if the allies are determined to carry out their demands they must impose them upon us; they soon will find that the penalties which they outlined yesterday will not produce what they expect."

NEW PROPOSITION EXPECTED.

It is the general opinion of Germans in London that new propositions will be laid before the supreme council, but they have no hope they will satisfy the allies. They say it is impossible to satisfy France, and they now fear Mr. Lloyd George, from whom they had expected more lenient treatment, considering that he committed himself so far to the French view in his speech yesterday that it is impossible for him to recede.

Besides, the Germans hold the firm attitude displayed on yesterday's speech was met with such approval in Great Britain that the prime minister must realize he followed the popular view. They believe approval was particularly noticeable respecting the decision to occupy Duisburg, Ruhrort, and Dusseldorf, which was taken, it is understood, with the idea of bringing pressure on the big industrial enterprises, including that of Hugo Stinnes, who defied the allies at Spa and who, it is believed here, instigated Dr. Simons' counter-proposal and is urging the cabinet to refuse to comply with the Paris decisions.

The spokesman for the German delegation declared this evening that no reply was expected from Berlin before Sunday night, as the cabinet certainly would take all the time possible to consider the situation arising from the allied ultimatum.

ITALIAN LABOR BUREAU STORMED BY FASCISTI

Rome, March 4.—Members of the Fascist or extreme Nationalist party, today stormed the labor bureau at S.ena, 31 miles south of Florence, and set the building on fire. The labor bureau at Empoli, 15 miles to the southwest of Florence, also was burned. Those responsible for the Empoli fire said it was set in protest against the violence of the communists.

Lorries With Prisoners Bombed in Dublin Street

Dublin, March 4.—Four lorries, escorted by policemen to Dublin Castle, were fired upon and bombed tonight along the north quays. The policemen returned the fire, killing three persons and wounding four others. On reaching Grattan Bridge, the lorries again were subjected to a fusillade. Several more persons were wounded, among them two of the policemen.

Fifty men ambushed a flying column of police and military in the mountainous district of Carrick-on-Shannon, County Leitrim, today, and a fierce fight ensued which lasted an hour and a half.

A lieutenant commanding the troops was seriously wounded and five soldiers and two policemen were wounded slightly.

Announcement is made that the curfew hour has been advanced from 10 o'clock in the evening to nine o'clock until conditions improve.

JOHN MACSWINEY SENTENCED.

Cork, March 4.—John MacSwiney, brother of the former lord mayor of Cork, was one of ten men who were sentenced to 15 years' imprisonment here today for waging war against crown forces being in possession of arms, munitions and explosives. Another convicted man was sentenced to ten years' penal servitude.

One Man Is Dead, Woman Is Probably Fatally Injured and Many Other Passengers Are Injured—Street Railway Declares Gravel Stone Left by Civic Works Department on Road Was Cause of Accident, But Commissioner Harris Flatly Denies This—All Casualties Among Trailer Passengers.

One man dead, a woman not expected to live and 16 persons more or less severely injured, was the toll taken about 5.30 p.m. yesterday when a trailer attached to an eastbound Queen street car jumped the tracks at the eastern end of the Gerrard street bridge across the Don and was "side-swiped" by another Queen street car, westbound.

Several other passengers on the trailer were cut by flying glass and slightly injured, but they refused assistance and their names do not appear in the list of casualties given.

It being during the rush hour the trailer of the west-bound car was jammed with people going home from work, there being a large number on the front vestibule, which received practically the full impact of the collision. Almost the entire front vestibule of this was smashed to matchwood, although the trailer itself was not overturned. The west-bound car was badly damaged and it is thought a sort of miraculous escape of passengers on both west-bound and east-bound street cars escaped unharmed, those on the ill-fated trailer being the only casualties.

BIG CROWD GATHERED.

When Sergeant Francis arrived on the scene he said that thousands of people had gathered, curious to know what it was all about, and it was only with the greatest difficulty and only before the men under his charge had cleared a way that they were able to all get to the wrecked trailer. He found those who had been on the trailer and others attending as best they could to the comforts of the injured.

Almost the first thing Sgt. Francis did was to see that the injured were taken to hospital as fast as possible. A private ambulance was greatly facilitated by a decision to occupy Duisburg, Ruhrort, and Dusseldorf, which was taken, it is understood, with the idea of bringing pressure on the big industrial enterprises, including that of Hugo Stinnes, who defied the allies at Spa and who, it is believed here, instigated Dr. Simons' counter-proposal and is urging the cabinet to refuse to comply with the Paris decisions.

A relief crew was summoned and after removing the wreckage of the trailer and again placing it on the tracks it was able to be drawn away. The westbound car was able to proceed without assistance.

MOTORMAN'S STORY.

J. Hayward, motorman on the west-bound Queen street car, in giving his version of the accident, stated that just as the front of the car in his charge became parallel with the front of the eastbound car, the trailer suddenly lurched out onto the westbound track. Although he immediately applied the brakes, the space was not sufficient to avert the collision. It was fortunate indeed that the speed which he was driving his car was medium slow, otherwise the toll would have undoubtedly been greater than it was. W. Shaw was the motorman on the eastbound street car. He was unaware that the trailer had become derailed, and he first knew that anything was amiss when he felt the shock of the impact. W. Cook was the conductor on the trailer. G. Gilling was the conductor on the west-bound car.

A similar accident occurred a year ago last summer, when a Bloor street car jumped the tracks on the viaduct, crashed into the cement railing which withstood the shock and saved the car from plunging headlong to the Don Ravine below, a distance of about 150 feet.

H. H. Forrest, head of the claims department of the Toronto Street Railway, stated to The World last night that "gravel stones" worked into the grooves of the tracks by passing automobiles was responsible for the trailer jumping the track. The gravel stones, he declared, had apparently been placed on the tracks by the city works department, and he stated his intention of taking the matter up promptly this morning with Works Commissioner R. C. Harris.

"I counted about 160 pieces of loose gravel stones between the east and westbound tracks at the eastern entrance to the bridge," he said to The World.

Denied by Harris. "Ridiculous" was the brief but pithy comment made by Works Commissioner Harris when informed by (Continued on Page 2, Column 3.)

WILSON, A CRIPPLE, TAKES PART SHARE IN INAUGURATION

Drives to Capitol With Harding and Then Departs to His New Home.

HAD TO BE HELPED

Washington, March 4.—Eight steered toward the presidency of the United States, filled with moments and scenes that will live in history, ended today for Woodrow Wilson, "just plain Woodrow Wilson now," as he himself smilingly asserted.

Under his own roof again as a private citizen, the former president reached tonight, with his burdens of state transferred to other shoulders, and the shouting and tumult of public place behind him. Through a day that had taxed his broken physical powers greatly, he came smilingly and with a whimsical, humorous twist to his comments, yet with no hint of regret on his retirement from high office.

Mr. Wilson had been in the White House for a year and a week I was easier, and in six weeks I was so well I went to work again. "I look upon this fruit medicine, 'Fruit-A-Lives,' as simply marvellous in the case of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-A-Lives' a trial."

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With 'FRUIT-A-LIVES'

Washington, March 4.—Eight steered toward the presidency of the United States, filled with moments and scenes that will live in history, ended today for Woodrow Wilson, "just plain Woodrow Wilson now," as he himself smilingly asserted.

RELIEF SITUATION IS WELL IN HAND

1,500 Breadwinners Obtain Employment and New Registrations Drop.

START RAILWAY WORK

Construction Operations Will Give Thousands Jobs by Middle March.

It was explained to The World by R. E. Mills, chief of civil relief, yesterday that while relief figures show a drop of only about three per cent, the total figures being 19,802, compared with 20,105 a week previous the situation is really better than this, as the figures included 209 families and 165 single persons, a total of 1,210 persons, who had reached the end of resources and only just applied for relief, while 1,818 persons who were receiving relief a week ago were, therefore, now off the lists, the breadwinners of the families having obtained work.

Mr. Mills was strongly opposed to the proposed lifting of the embargo against immigration in a few weeks' time. He believed it would result in large numbers of work-seekers arriving in Toronto from the old country just when the employment situation was due to pick up here, that they would take many jobs which would otherwise go to Toronto's unemployed and that the city would be faced with the necessity of prolonging the relief allowances for several months. It would probably result in the taxpayers of this city being forced to spend many thousands of dollars, which a postponement of the embargo lifting for a few months would save.

Railways to Start Work. Superintendent Miller of the government employment bureau stated to The World yesterday that he had been informed by the railway that they were going to commence construction operations about the middle of this month. This should give employment to several thousand men from the ranks of Toronto's unemployed.

Registrations yesterday showed 117 new cases and 844 repeats, a total of 961. Previous to this week the daily total was around the 1,100 mark.

Many From Out of Town. That over 600 people from out of town have come to Toronto during the past month seeking relief, was the statement made to The World yesterday by Serjt.-Major Creighton, relief officer at the Krausmann Hotel. A record was made yesterday when 60 out-of-town relief seekers applied to him for meal tickets. It appears that other municipalities have been letting down on relief measures and, hearing of the generosity of this city, have advised to go back to where they came from.

Only 37 persons were added to the daily relief list yesterday, a condition which is now pretty well in hand. An appeal is being made to the city council to send to the Krausmann Hotel for the needy unemployed as a great number of them are walking around in leaky shoes and great hardship would be experienced should sloppy weather set in.

INTEREST KEPT UP IN BOY SCOUTS

Membership of Five Thousand and in City This Year Is Anticipated.

The annual general meeting of the Boy Scout Association of the district of Toronto was held yesterday in the King Edward Hotel, when the annual report was submitted and officers for 1921 elected. John G. Kent presided.

Mr. E. J. O'Sullivan said there were constant calls for public aid special service, and to the credit of the scouts it must be told that they were always "prepared."

Progress had been attained in every province of the province and at the present time the district controlled fifty well organized troops with a membership of five thousand, of whom 4,000 were in the Wolf-Cub packs, of three thousand.

The handicap of shortage of scout-masters was being overcome, as many new scout men were taking up the work again after the lapse of time during the war period.

Badge examinations had been made stricter than formerly they were. From 75 to 100 came up for examination every Friday night during the active badge season.

The Wolf-Cub branch of the association had been put on a firm foundation and was helping to keep the older and better boys in the ranks, as well as providing a place of his own for the younger boys.

The appointment of Major-General Victor Williams as patron, and John G. O'Connor as provincial commissioner, was confirmed by the provincial committee, which was held in the Duke of Devonshire, chief scout for Canada.

Charles Mitchell was elected president of the local association with Holt Grayson as vice-president. H. Laurence was elected treasurer.

Reports on the different divisions of the district were made by F. G. Haysard, Lt.-Col. E. R. G. G. Haysard, B. A. Lindo and G. H. A. Wade, all of whom with bright prospects for the coming season.

Mr. George, in his address, told the scoutmasters that he had promised the province by the Toronto world to show five thousand scouts by the end of 1921, and he felt sure, judging by the reports, that he would be able to make good his promise.

Mr. Williams, in his address, told the scoutmasters that he had promised the province by the Toronto world to show five thousand scouts by the end of 1921, and he felt sure, judging by the reports, that he would be able to make good his promise.

CAR PLUNGES INTO DERAILED TRAILER

The World what Mr. Forrest had said, he was even more crushed, and he thought that the city laid between the tracks.

He explained that limestone was a soft stone, therefore, it crushed, and he thought that it would be impossible for it to have caused the accident, even had it got into the grooves of the tracks. Mr. Harris was unable to state when the "limestone" had been laid down.

Sergeant James Hindle, who, along with detectives, plainclothesmen and police constables, were on the scene of the accident shortly after it occurred, stated to The World last night that marks made by the flanges of the car wheels alongside the tracks were plainly visible for a distance of about 30 feet. This would indicate, he said, that the trailer had gone this distance while derailed before the connecting rod finally snapped and the front vestibule, which lurched suddenly to the south, struck the west-bound track, and was struck a glancing blow by the west-bound car.

OUCH! LAME BACK. RUB LUMBAGO OR BACKACHE AWAY

Rub Pain Right Out With Small Trial Bottle of Old "St. Jacobs Oil."

Kidneys cause Backache? No! They have no nerves, therefore cannot cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of Old "St. Jacobs Oil" from your druggist, and limber up. A moment after it is applied—you'll wonder what became of the backache or lumbago pain.

western provinces, on the investigation now under way into the "wanton" destruction of public documents at the government printing bureau, and on the bill introduced by Mr. McMas- (Brome) to require a minister of the crown to resign any directorships he may hold in incorporated companies.

Mr. McMas- (Brome) has been reading brought some unimaging-by-play, the necessity of his bill when the prime minister interrupted to ask if Mr. McMas- (Brome) would not also make the bill applicable to the leader of the opposition.

"I have no objection," said Mr. McMas- (Brome), as Mr. Mackenzie King nodded acquiescence.

Getting After Cramer. "Would you make it applicable to the leader of both oppositions?" Mr. McMas- (Brome) asked, with obvious reference to Hon. T. A. Cramer, leader of the Progressives and also president of the United Grain Growers Ltd.

"I think it would be in the public interest to include the leader of the opposition in the bill," remarked Mr. King.

The prime minister smilingly rejoined that it was not Mr. King he had in mind. "I was just leading through him to the other," Mr. McMas- (Brome) said, laughing.

Debate on second reading of the bill was adjourned.

At the opening of the house this afternoon the minister of justice submitted a bill to amend the executor court act. At the present time in an appeal to the executor court from a ruling of the commissioner of patents, a private party has the right of appeal to the supreme court from the executor court. The bill is to give the commissioner of patents the same right of appeal.

Hon. W. L. Mackenzie King asked when the estimates would be brought down.

Noted English Artists at the Princess With "Eliza Comes to Stay"

The distinguished English artists, H. V. Emmond and Vera Moore, will return to the Princess Theatre next week in another of Mr. Emmond's famous plays, "Eliza Comes to Stay," a farcical comedy that has a record of over a thousand performances in the British Isles. "Eliza Comes to Stay" was written by Mr. Emmond early in his career, and it was this play that brought him prominently to the front ranks of British playwrights. Miss Moore created the leading role of Eliza and played the part during the whole of the play's phenomenal run at the Criterion Theatre in London, at the same time building up her title as the leading British comedienne. "Eliza Comes to Stay" has caused a profound impression by the originality of its construction. It deals with the adventures of a young girl thrown into a family with whom she has nothing in common and does not understand. The result is that many amusing situations arise, and these situations enter into the composition of a farcical comedy that still stands pre-eminent in a sea of present-day plays. The Monday evening's performance will be under the direction of the Janet Carochan Chapter, I.O.D.E. Fluke O'Hara coming.

Fluke O'Hara, the popular actor-manager, will appear at the Princess Theatre next week, March 14, in "Springtime in May," described as a fascinating Irish melodrama, in three acts. Mr. O'Hara has been provided with a number of new songs, especially written for him, which are said to admirably suit his charming lyric tenor voice. He is surrounded by an excellent company.

Trans-Canada English Players. An engagement of special importance will be the first appearance of the Trans-Canada English Players at the Grand Opera House next week in "The Midnight Wedding." With the company are Frederick and Norma B. Cannon, Henry Bagnall, Peggy Bryet, Dorothy Reeve and Winnifred James.

Loew's Young Street Theatre. Douglas Fairbanks in "The Nut" is the feature photoplay at Loew's Young Street Theatre and Winter Garden. This is a production typically Fairbankian and those who have seen it claim that it is even better than "The Mark of Zorro." Headed by the six big vaudeville acts of Cardo and Noll, American's foremost comedians, and Vera Burr and her famous Virginia Steppers.

Loew's Uptown Theatre. George Beban, famous interpreter of Italian roles, will be seen from Monday to Wednesday next at the theatre in "One Man in a Million," while the last three days of the week will be given over to Bryant Washburn in "Burglar Proof." A splendid vaudeville program has also been prepared, and the regular screen attractions are well up to the Uptown standard.

Next Week at Pantages. A most attractive vaudeville bill and a most thrilling photoplay are features of the program at Pantages Theatre next week. Added to these is the pleasure of hearing the new \$40,000 pipe organ, as played by Dr. Kenneth W'gdon, A.A.C.D. The headline is Stepanz Synopated, set with Anna Marie Bell and Ralph Hertlein. This is a musical novelty entitled "A Spicy Synopation." Many patrons will also be attracted by the appearance of the Kingsly Kiddies, vaudeville's most talented children.

With a burlesque jazz band, and an Egyptian dance, among the many extravaganza features of their uproariously funny act, the popular Troupe of tall men and midgets will be with "Hits and Bits," which Arthur Pearson will present at the Gayety Theatre next week. "Sliding," Billy Watson is also in the cast with his famous "slide," which now outshines in amusement history the famous "slide, Kelly, slide," of Mike Sweeney, National Baseball team. The Ahearns are internationally known as fun-makers. With the unbeset ingenuity of the leader, Charles Ahearn, they have never appeared with the same paraphernalia two seasons in succession. And this year they are said to be really funny, than ever. A season at the London Hippodrome, another at the big New York Hippodrome, one at the Winter Garden, New York, and many tours as headliners on the vaudeville circuit, the Ahearns are now known as the leading extravaganza laughmakers of the stage. Others in the cast are Maggie Coate, Morrison and Harte, Jay C. Pippen and Edna Fowler. The chorus is already re-

Two important musical novelties are promised for the concert of the Philadelphia Orchestra for the concert series of April 11, 12 and 13. Vaughan Williams' "A Sea Symphony" and Ernest MacMillan's "Overture to England." The latter work was written in the German prison camp of Rubineben and won for its composer the degree of doctor in music from Oxford University. Those desiring good seats for any of these concerts will do well to get their names on the subscribers' list. The opportunity is open only until March 15.

Mme. Louise Homer, America's greatest contralto, will appear in recital at Massey Hall on Monday evening. The excellent program furnished also to Miss Annie McKay, who accompanied the singers on the piano.

Sir Philip Gibbs' visit to Toronto on Monday, March 14, will be the occasion of a recital at Massey Hall on Wednesday, March 15, during his first tour of the American continent. His English and Italian triumphs, Hisop's voice and expressive style have won him much praise.

A feature of every production bearing the name of D. W. Griffith is the music, and those who have seen his "The Birth of a Nation," "Intolerance," "Hearts of the World," "Broken Blossoms" and "Way Down East" find that a real enjoyment is to be had as the flow of melody from the large orchestra always present. Each situation is given the proper emphasis or shading by the character of the music that is played, and whether there is fortissimo or pianissimo makes the greatest difference in the world in the effect of the scene upon the intent spectator. Some of the music that is heard in "Way Down East" is the music of the "Sliding" at the Royal Alexandra, for its second week, commencing next Monday matinee, actually makes people laugh and the reason for this is that the music is identified with a role-for all the characters in Griffith's play have their characteristic musical theme, and when the theme recurs the appearance of the person is definitely indicated.

Much of the credit for the music of the D. W. Griffith productions is due Mr. Griffith himself. He has a keen sense of values and his selection of appropriate themes could not be surpassed. Then, too, he can compose little melodies that are most striking and that fit well into the completed score.

DANFORTH AGREE TO DIVIDE YORK TOWNSHIP

The transportation question was discussed among other topics at a regular meeting of North-Riverdale Ratepayers' Association held in Frankland School, Logan avenue, last night. President A. J. Smith reported that a combined meeting of delegates from wards one and eight would meet to consider a scheme for extended street car lines and same would be submitted for approval at the regular meeting of the Riverdale and Ward Eight Ratepayers' Associations in the future. Robert Luxton, president of the Danforth Ratepayers' Association, appealed for co-operation in the matter of a new bus postoffice in Danforth, in lieu of the present temporary postoffice. After discussion it was decided that no action should be taken in the meantime, owing to the fact as pointed out by the chairman, that a new postoffice would be opened if business warranted in the future. P. D. Shaw, secretary, was instructed to write Parks Commissioner C. Chambers regarding the work of improvements now under way in Riverdale and Withrow Parks, and to request that the eastern approaches to the Bloor street viaduct be softened and laid out with plants and flowers as soon as possible. There was a good attendance.

FAIRBANK COMPLAINS OF ELECTRIC LIGHT SHORTAGE

At an executive meeting of Fairbank Central Ratepayers' Association, held at the corner of Oakwood avenue and Vaughan road the question of the electric light shortage throughout the district was discussed, and it was decided to hold the matter over until Monday evening, when the general meeting will be held at Wilcox Hall, George Alton presided.

NEW FIRE STATION FORMALLY OPENED

Earls Court's new fire hall, No. 27, situated at the corner of Ascot and Earls Court avenues, was formally opened yesterday by Chief Russell and the event will be expected, celebrated in a short time. The staff consists of ten firemen-five on each shift-and the up-to-date fire equipment, reels and hose, stalls occupy the major portion of the ground floor, directly opposite the large entrance. Attractive lockers are provided for the use of the fire-fighters and altogether the building affords much satisfaction to the district. Captain H. Hamilton is chief over the men and is ably assisted by Lieut. J. Waterman.

Publics and teachers of Earls Court Public School are anticipating the opening of the new wing, which is being constructed on the site of the old school building. The rooms will be occupied in a few weeks' time and thus relieve some of the part-time classes now being carried on in the school. The wing is on the northwest corner of the school and takes up a large section of the school yard. Although the building is not yet completed, the number of pupils in attendance will continue to be excessive and part time classes will not be entirely dispensed with in the school. Sons of England Benefit Society, Lodge Earls Court, held their anniversary dance last night at Kenwood Hall. There was a good attendance and considerable enjoyment resulted from the reunion of past and present members.

Lenten services were well attended at the various churches in Earls Court and the increase in attendance at St. Clare's being outstanding as compared with other years. Special Lenten music and services were also conducted at St. Chad's Anglican Church. West Toronto Ratepayers Have Fruitless Journey Ward seven ratepayers' representatives, as many as could respond in a timely manner, accompanied city hall officials yesterday morning to the parliament buildings, where the private bills committee was about to discuss the appeal against the assessment of the Alkens (Kennedy) property. After waiting two hours, they were informed that the matter would be postponed until next Tuesday morning at 10:30.

Abraham Goodman, 50, 144 Maria street, West Toronto, was arrested last night by Provincial Officer Smith and taken to No. 9 on a charge of B.O.T.A. He was held to be selling liquor. Alex. Helman, 17 years, of 547 Cienfuegos avenue, West Toronto, was arrested last night and charged with obstructing Provincial Officer Jeffrey in his search of the house for liquor. Helman's mother was also arrested and charged with selling.

Damage of \$25 was done to the automobile of H. H. Bowman, 10 Ernest avenue, at 11:50 a.m. yesterday by the engine backing fire and catching fire. The accident took place opposite the owner's home. The hydrants of York township are being painted green and black. Much of the area of the recently supplied water divisions of the east and west has already been covered.

ETOBICOKE WIDOW'S WILL. By a will executed February 1, 1916, Mrs. Mary Jo Briscoe, a widow, who died in Etobicoke, December 2, leaving \$2,841 personal estate, bequeathed \$240 to her nephew, Alfred E. Wilcock Hammond, and the remainder to Mary C. Clarke, an adopted daughter, living in Fogota, N.J.

NEED NEW BRIDGE ON GERRARD STREET. Discussing the serious street car accident on the Don bridge, East Gerrard street last evening with The World, Alderman Honeyford pointed out that the city council is making application to the legislature for permission to proceed with the erection of the proposed new bridges on East Gerrard street, North Glen road and South Glen road, without a vote of the people, at an approximate cost of \$2,000,000. W. Chapman, a member of Riverdale Ratepayers' Association executive committee, said, for several years the association had been agitating for a new bridge across the river Don at East Gerrard street. "I have always had a feeling that an accident would occur on the old bridge, which has been condemned as unsafe on more than one occasion," said Mr. Chapman. He considered the erection of the new bridge should have taken precedence over all other city work, and a high level structure erected. The repairs to the old bridge during the past five years, in Mr. Chapman's opinion, simply meant money wasted.

WANT SECESSION FROM SILVERTHORNE

Ratepayers Unanimously Resolve—Authorize Raising \$110,000 for New School

At a meeting of the ratepayers of S. S. No. 28, held last night in Dennis Avenue School, Mr. Dennis called for a resolution to authorize the trustees to apply for debentures for \$110,000 to build a nine-room school, was carried by a vote of 62 to 46, after two hours' discussion. The question has been before the community for many months, a site having been settled upon only after the matter had gone to a board of arbitration. A. Gilbert was chairman of the meeting. Strong representations were presented from the Silverthorne, Roselands and Black Creek portions of the section. Immediately after the adjournment a meeting of Mr. Dennis ratepayers was called, this happening to be their regular evening, but vital matters called for action. A resolution for secession from the Silverthorne area of the section, which is east of the railways, was passed unanimously. Dr. W. E. Pearson said that so far as Silverthorne was concerned, "we can never make a town site of it."

John Bayliss, J.P., also spoke strongly in support of seceding from Silverthorne. "We have 2,000 voters in this section alone," he said, "and we have had only 100 votes here to-night, a large number of them coming from Silverthorne. Do you think it is right? Last year we went out to find Silverthorne carrying only 20 per cent of their share."

In speaking also on the matter of the township school board, Mr. Bayliss continued, it was the only way to get justice for the section. "I was at the parliament buildings today when the north part of York township was given separation from the suburban area, the greatest reason for separation."

PUMPS INADEQUATE TO HANDLE SEWAGE

Commission to Enlarge Existing Plant—Sewers Cannot Handle Rain Water.

An enlargement of the pumping plant situated on Superior avenue, Mimico, is contemplated by the New Toronto-Mimico Joint Sewerage Commission. At the present time the pump is inadequate to cope with the assessment of the Alkens (Kennedy) property. After waiting two hours, they were informed that the matter would be postponed until next Tuesday morning at 10:30.

FORESTERS EXPECT A SUCCESSFUL YEAR

Court Eglinton Reports Excellent Progress and Bright Future—Other News.

Court Eglinton, C.O.F., held its annual social evening last night in the Eglinton Grand Hall, which took the form of progressive euchre, followed by an excellent musical program rendered by members of the lodge. The proceedings opened with a short address by A. J. Sheppard, chief ranger, who gave a brief review of the past year's progress of the lodge, stating that everything pointed to one of the most successful years in its history. The membership, he pointed out, had grown considerably, whilst the finances were in an excellent condition. There were about 100 members and friends present, and every member who participated in the musical end of the entertainment was presented with a beautiful bouquet of roses.

The regular meeting of York Chapter, R. A. Masons, was held last night in the York Masonic Hall, the chair being taken by Dr. Wynlan Gray, who had a large attendance, amongst whom were several distinguished visitors from other chapters. Several members were raised to the Royal Arch degree, and following the meeting, a banquet was held.

The "Tuxis" boys' club in connection with the Eglinton Presbyterian Church held its regular meeting last night in their club room, presided over by the president, L. Wood. After discussion, it was decided to enter the athletic contest to be held under the auspices of the Canadian standard efficiency committee for 'teen age boys. The hockey team in connection with the club, which had won every game up to the final, met with disaster at the hands of the Sherbourne Street Methodist Church club. It was decided to enter a team to compete in the big boys' week to take place in May at the Arena. Following the transaction of business, a number of resolutions were passed, and his lecture on first aid work, and will hold an examination of the boys at their next regular meeting.

GREAT SUCCESS BY IGNAZ FRIEDMAN

Ignaz Friedman, fresh from successes in New York, gave a delightful piano recital in Massey Hall last night, in which he showed himself not only a player with many outstanding qualities and native gifts, but a pianist of great refinement. Friedman interprets with true poetic feeling, and while contrasts are never wanting and vitality by no means lacking, his playing is characterized by his greatest charm. His own compositions embraced the "Etude No. 8" and the dainty number, "Ella Danse."

The question of new pews for St. Margaret's Church has been satisfactorily settled as the result of a meeting of the rector, wardens and vestry committee. Ten members, including the rector, have promised to donate a seat, two of the members guaranteeing two. Sixteen pews in all have been ordered and it is hoped to have them installed in the church by Easter Sunday. It has been decided to lay over the organ question until the seating difficulty has been overcome.

St. Margaret's Church, New Toronto, and Christ Church, Mimico, intend to be largely represented at the A. Y. P. A. rally to be held at St. Barnabas' Church, Danforth, on March 8.

William Jackson, well known to all classes in New Toronto, and an active participant in all the town's affairs, has been confined to his home by illness since February 21.

B. O. Y. A. CHARGED. Joseph Green, 43 Edward street, and Sophie Seraphina were arrested by provincial officers yesterday charged with contravention of the B. O. Y. A. Inspector Charlton and Provincial Officer Smith made the arrests.

SUB-DESS' DANCE. Mrs. J. H. Cunningham entertained Thursday evening to a hot-out dance at her home, 41 St. Andrew's Gardens, in honor of her daughter, Miss Audrey, and about thirty of her young friends. Mrs. Cunningham's gown was of blue crepe de chine over aqua satin, which Miss Audrey wore a dainty confection of orchid satin draped in orchid red and white with a French pink waist. Some of the guests were: Miss Helen Wilson, Miss Florence Fried, Miss Mary Duff, Miss Helen Jackson, Miss Dorothy Greenwood, Miss Anna Miller, Miss Margaret and Miss Dorothy Foster, Miss Laura and Miss Ruth Blair, Miss Muriel and Miss Phyllis White, Miss Isabel Williamson, Miss Florence Cook, Miss Ina Drake, and Miss Mary Dunbar. Messrs. TAX CONTRACTORS WHOSE HEAD OFFICE IS NOT IN ONTARIO

Government, However, Does Not Approve of Principle of Home Measure.

CONTROL "LODGINGS"

The proposal to permit municipalities to tax non-resident construction companies doing business in the province was debated in the legislature...

Work of Outsiders. The Royal and Dominion Banks, new Union Station and other large buildings had been erected within the last few years by outside firms...

Hon. H. C. Nixon: The private council has ruled that the province cannot tax extra-provincial corporations...

Mr. Lewis did not think that the decision applied to the case under discussion.

It was unfair, Mr. Lewis added, that these outside companies should enjoy free from taxation police and fire protection and other services.

Control of "Lodgings." Another provision of his bill, Mr. Lewis said, would facilitate the enforcement of the O.T.A. It reads: "For the purpose of this subsection 'lodging-house' shall mean any house or building or portion thereof in which persons are harbored or received or lodged for hire for a single night or for less than a week at one time, or any part of which is let for any person to sleep in for any time less than a week."

Premier is Opposed. The premier did not like the idea of taxing the corporations as proposed. The first thing they knew other provinces would perhaps pass similar measures against Ontario corporations.

Mr. Lewis was agreeable to having his bill apply to corporations of another country, but even then the premier would not agree to the measure.

"IT SAVED MY LIFE" SAYS TORONTO WOMAN

Mrs. Pinniger Declares Tanlac Has Been the Greatest Blessing She Ever Received—Health Restored.

"I didn't expect to ever get well, but if ever a medicine saved a person's life, I believe Tanlac saved mine," said Mrs. H. A. Pinniger of 27 Mutual street, Toronto, Ont.

"I had suffered for seven years from stomach trouble, nervousness and rheumatism. I couldn't retain scarcely anything I ate and sometimes even milk and water disagreed with me. I would blast up dreadfully and there was such a pressure against my heart it almost took my breath away. At times I became dizzy and faint and would go off into a sinking spell."

"In this run-down condition I took the 'Til' and for three months was in such pain and suffering it seemed that there was little hope for me. I contracted rheumatism in my arms and elbows, and in spite of everything I could do, I was gradually growing worse."

"One day I told my husband to bring me home a bottle of Tanlac and that was a happy day for me, because I began to feel better after the first few doses. From then on I improved rapidly and now it seems wonderful that I am enjoying such splendid health. I have a fine appetite and just feel that I have unusual strength and energy. Tanlac has been the greatest blessing of my life. It certainly is a wonderful medicine."

Tanlac is sold in Toronto by Tamblin Drug Stores, and by an established agency in every town.

Liberal Leader Dewar also did not approve the bill. G. C. Halcrow (Labor) supported the bill, while K. K. Homuth, another Labor member, was opposed.

A deadlock followed and in view of the strong objection Mr. Lewis consented to withdraw the clauses relating to the taxation of corporations. The bill was then sent to committee.

HOW MANY WILL SEE FIRST SHOWING OF "DAMAGED GOODS"?

Speculation in Film Circles as to What the Record Will Be.

How many people will attend the first week's showing in Ontario of "Damaged Goods," commencing Monday at the Strand Theatre?

Estimates ranging as high as 75,000 have been made in theatrical circles, and in any event a second week's run will be necessary to accommodate all those who have been waiting six years for the release of the famous picture.

"Damaged Goods" is shown at a time when legislation is being sought to combat the social evil. It shatters forever the silence of society and does away with the ignorance of those who constantly walk close to the pitfalls and dangers which year by year claim their thousands of victims.

A number of private showings of the picture have already been held for the benefit of those who have a vital interest in the welfare of the community. The public showings will commence Monday at the Strand Theatre, when all Toronto people will have an opportunity of seeing the great play for the first time and judging it for themselves.

CLAIM OVER MORTGAGE. John Harvey Monteth is plaintiff in an action at Osgoode Hall against Edward B. Manning and the Rosseau Hotel Co., Ltd., to recover \$4,329 alleged due under a mortgage said to have been made on May 5, 1920, to secure the payment of \$40,000 on November 5, 1920.

NEW BANK SYSTEM BOON TO INDIANS

Largely Frees People From Financial Burdens, Speaker Tells the Rotary Club.

The problem of economic poverty that exists in India today and the banking system inaugurated in the rural communities there by the Y.M.C.A., when the exact conditions prevailing became understood, were dealt with by O. O. Stanchfield, an Indian Y.M.C.A. worker and banker, at the Rotary Club yesterday.

The speaker vividly portrayed the lack of sanitation in India as well as the crude methods used in farming, stating that his organization had introduced the western plow into the districts, which, with a better class of grain, had tripled the crops. Famine was thus averted in the storing of the surplus. Moneylenders had charged 75 per cent and more interest on loans, which kept the poor people in debt and unable to repay the principal. By the system of banking introduced, the people were loaned money at 7 1/2 per cent, and in a few years they were free from financial burdens. Even now it was hardly believable to think that the head of every family was in debt, that 260,000,000 people were being bled by exorbitant rates of interest.

One bank had been established in southern India and later one in Lucknow, said Mr. Stanchfield, and some 42 more, imbued with the spirit of Rotary, a desire for service, were carrying on a great work of education in teaching the people how to solve their own economic problems, not in solving them for them. There were 750,000 tiny villages in India, full of filth and poverty, in which some 60,000,000 people lived as "outcasts," a very low type, according to Indian caste. In their mudhouses, without windows, the domestic animals occupied half the house, the floor of which was shut at night to prevent the disease, supposed to travel on the night air.

At the present, besides the central banks, some 240 village banks had been established and when the people realized the service that was being offered them, they wanted one in every village. Local option and certificate were essential, said the speaker, and in the last eight years some 30,000 people had been freed from debt. As an American, he paid high tribute to the British achievement in the welfare of the Indian people. It was a proud record. Regarding education, only one boy out of eleven and one girl out of one hundred were in school, he said, and now, efforts were being made to give all an education.

In conclusion, he made a stirring plea for men dominated by the spirit of Jesus Christ to devote their life to service.

It was announced that the Mendelssohn Choir festival would be held April 11 and 12. The subscription lists were already open. Rotarian Hillbrand, Glasgow, spoke briefly and extended an invitation to Rotarians to attend the Edinburgh conference next June.

REQUEST SECTION OF BYRON AVENUE CLOSED

Board of Education Proposes to Make Changes in Connection With New High School.

The city is being asked by the board of education to close the section of Byron avenue, which cuts their property between Leslie street and Greenwood avenue in two. Wilkinson School faces on Leslie street and the proposed technical school will front eastward on Greenwood avenue. There would be plenty of room between these two schools for the high school of commerce if the narrow street running north and south between them were closed.

The proposal of the board of education is to have the high school of commerce facing southward on Strathmore boulevard and at the new head of Byron street, which they would have widened to 100 feet to Danforth with a boulevard and flower beds on each side.

The first proposal was to buy the Danforth frontage in order to give the three schools a proper setting, but the 1000-foot boulevard leading to the

middle of the school site is a less expensive solution. The school site is one short block north of Danforth avenue.

T.S.R. NOW OWES CITY ABOUT MILLION DOLLARS

The earnings of the Toronto Railway Company in February were \$27,553.34, an increase of about \$32,000 over the earnings of February, 1920. The city's percentage of last month's earnings was \$125,530.77, but like all the other percentages since last June, has not yet been paid to the city.

The company now owes the city \$912,000 on percentage account with interest at the rate of six per cent. The company is also indebted to the city to the extent of \$45,000 on account of the building of the Queen street bridge and an almost equal sum on snow cleaning account, making a total of about one million dollars.

DISMISS SUIT AGAINST UNION STOCK YARDS

Judge Hewson has dismissed the suit of Sparkhall and Armstrong against the Union Stock Yards for \$125, the value of two head of stock alleged to have been killed as the result of the defendants' negligence.

A cow owned by the plaintiffs got her head thru a hole in a fence and a heifer got caught in a manger, and both were strangled. The plaintiffs alleged that the equipment was defective.

METHODIST MINISTER LEAVES WIDOW ESTATE

Mrs. Jennie Callista Armataella Corrigan, sole beneficiary and executrix, has been granted probate of the will made January 8 last by her husband, Rev. Dr. Richard Corrigan, minister of Centennial Methodist Church, who died January 22, leaving \$2,000 insurance, \$1,600 in household goods, \$400 in a mortgage, \$80 in stocks, \$308 cash, \$1,084 in Victory bonds, a summer cottage in Peterboro county, valued at \$300, and an interest of \$1,500 in a syndicate owning lands in Manitoba.

PROFESSOR PIKE DIES IN ENGLAND

Was Prominent Figure at Toronto University for Nearly Twenty Years.

Professor William H. Pike, M.A., Ph.D., professor of chemistry in the University of Toronto from 1878 to 1898, died on March 1 at his home in England. Before coming to Canada he was a lecturer in Victoria College, Oxford, and took his doctor's degree at the University of Berlin. He was a member of practically all the leading societies in England and Germany.

At the University of Toronto, Professor Pike is remembered as the one to whose energy and initiative is due the present present building, which was opened in 1895. He it was, too, who first made research a requisite in an honor course when he introduced this requirement into the honor course in chemistry—the oldest science course in the university.

In 1893, while at work in his laboratory, the professor lost the misfortune to lose an eye as the result of an accidental explosion, and five years later he retired from the staff to a home which he purchased for himself on the south coast of England.

Professor Pike was a man of strong character. One of his colleagues on the staff says of him: "He was never afraid to say what he thought. He never told a lie, because he was not afraid to tell the truth. A promise made by him in his private room could be relied upon just as absolutely as if his name were appended to that promise in a legal document."

BINGHAM'S GET OPTION ON PRINCE'S PREMISES

Bingham's, Limited, have secured an option to lease part of the premises of Prince's, Limited, who recently closed their doors. Mr. Bingham said yesterday that he proposed to occupy part of the ground floor with a confectionery business and use the second floor for banquets and other public gatherings. The building is the second one north from King street on the west side of Yonge street.

WINTER SPORTS—ALGONQUIN PARK.

The month of March is one of the best months in the year to enjoy the attractions at Algonquin Park. Winter sports are at their height and the "Highland Inn" is the centre of a happy and congenial coterie of guests. Make your reservations early as accommodation is limited. FOUNDED 1850. A morning newspaper published every day...

Falling Cattle Prices.

Cattle dealers on the Toronto market are complaining of losses which are being sustained by themselves...

U. S. Tariff Measures.

President Wilson, as one of the last acts of his administration, vetoed the Fordney bill. It was not surprising that the president did this...

Savings Deposits.

The statement issued this week at Ottawa showing a big decrease in the government savings deposits is eloquent evidence of the condition of affairs...

Remarked in Passing.

According to the best advices, the uprising of women against the Lenin-Trotsky government has been put down by just such another measure as made the reign of the czar unpopular.

a carelessly-expressed lack of sympathy for the O.T.A. and its workings.

Many a good government has carried on for a long time on less of a mandate than is evidenced in Premier Meighen's majority of twenty-five.

The writer of "Dunville Doings" in the district press seems to have overlooked a lot of spicy news.

If some ratepayer should take it in his head to test the qualifications of A.M. Rhinmore to sit in council, he might seriously delay the appointment of that "high-salaried man" to manage the city's welfare work.

Readers of The World's last edition of Friday morning were the only people in Toronto who had the story of the important vote in the house of commons, which shows that to get all the news you must not fail to read The World.

VICTORIAN NURSES DOING FINE WORK

Great Progress of Organization Is Keynote of Annual Meeting.

Two distinctive notes pervaded the annual meeting of the Victoria Order of Nurses, held at the Victoria Institute yesterday afternoon. One was the realization of the great progress of the organization during the past twelve months, and the other the general sense of ease in the duties of the chairman and benefactor, Sir William Gage.

FIX MINIMUM WAGE FOR FEMALE HELP

Ontario Board Gives Out the Scale, Following Conference With Both Sides.

As a result of the recent enquiry into the wages paid to women workers in laundries, dye works and dry cleaning establishments, the minimum wage board for Ontario yesterday gave out the following announcement fixing wages:

1. Experienced workers shall receive at least \$12 per week. 2. Inexperienced workers of 18 years of age or over shall receive at least \$10 per week for the first three months and \$11 per week for the second three months, after which six months they shall receive at least \$12 per week.

3. Young girls under 18 years of age shall receive at least \$8 per week for the first six months, at least \$9 per week for the second six months and at least \$11 per week for the third six months, after which 18 months they shall receive at least \$12 per week.

4. Not more than 10 per cent of the female employees shall be either inexperienced adults or young girls.

To Be Revised Annually. The finding was the result of conferences with six employers and six employees affected. The employers consulted were W. J. Barkley, Puritan Laundry; J. J. Sheedy, New Method Laundry; D. Morton, Parisian Laundry; R. S. Stockwell of Stockwell and Henderson, dyers; George S. Langley of the cleaning firm of the same name; Frank Collins of Parker's Dye Works.

The board states that there is considerable variance in the wages paid in the different plants, but the rates are higher than the report in the 1918-19 vocational survey of the department of labor would indicate.

The decree is a public meeting of those interested in the matter will be held at the Ontario Board of Labor Relations, 100 Queen street west, at 7 o'clock on Monday.
