The Managers will be in their Room on the first Monday in each month from 7.30 to 9 p.m., to attend to applications for sittings. Those who give up their sittings should notify the Managers, as sittings cannot be transferred to other parties except by the Managers.

Packages of envelopes will be furnished to Members and Adherents of the Church who are willing to adopt the "Envelope System" of making their weekly offerings. The plan is simply this: Each envelope bears a number corresponding to the number opposite to the contributor's name on the Treasurer's book. Each contributor undertakes to give a fixed amount weekly, and to make up the deficiency in case of absence on one or more Sundays. As the current expenses of the Church are more than covered by pew rents and open collection, the whole amount contributed by envelope will be applied to the payment of interest and the reduction of the debt.

For packages of envelopes apply to Capt. Perry, or at the Managers' Room. Contributors should not leave envelopes in their pews, as it sometimes happens that the envelopes are used by strangers, or even taken away altogether, and this leads to confusion and annoyance.

The Minister will, as a rule, be found at home between 12 o'clock and 1.30 p.m., except on Mondays and Fridays. He will also make a point of being at home on Friday afternoon and evening, after 4 p.m.; and he will be glad if members of the Congregation, and especially those who are comparative strangers, will avail themselves of the opportunity of coming to the Manse.

Missions and Schemes of the Church.

Contributions for the following objects are collected monthly by the Women's Association.

1. HOME MISSION.—The field is divided into two sections—the Eastern, embracing the Maritime Provinces, and the Western, extending from Quebec to British Columbia. In the Western section there are 533 supplemented Congregations and Mission Stations receiving grants from the Fund. For the carrying on of the work during the current year it is estimated that about \$40,000 will be needed, of which \$14,000 is required for Manitoba and the North-west.

2. FOREIGN MISSION.—The Church in the Maritime Provinces provides means for carrying on operations in Trinidad and the New Hebrides. The Church in Ontario, Quebec and Manitoba carries on work in three distinct fields:—1. Among the Indians in the North-west, where we have *four* Missionaries; 2. In Formosa, where we have Rev. G. L. Mackay, D. D. and Rev. K. F. Junor; 3. In Central India, where there are *three* ordained Missionaries, Rev. J. M. Douglas, Rev. J. F. Campbell, and Rev. John Wilkie, and *two* female Missionaries—Misses McGregor and Roger. The amount required for this year is about \$25,000.

3. MINISTERS' WIDOWS' AND ORPHANS' FUND, for providing annuities for widows and orphans of Ministers who die in the service of the Church. Each Minister contributes \$12 annually to this Fund, and the amount paid to any widow is in proportion to the amount con-

4. AGED AND INFIRM MINISTERS' FUND.—The sum of \$400 is aimed at as a retiring allowance; but the amount at the disposal of the Committee last year only enabled them to pay \$220.

5. COLLEGES.—There is now a common Fund for the support of Knox, Queen's and Montreal Theological Colleges. The amount required this year is \$19,000.

6. QUEEN'S COLLEGE SCHOLARSHIP AND BURSARY FUND.—This Congregation is responsible for two Scholarships, one of \$60 and the other of \$50, to be competed for by students who have the ministry in view.

7. FRENCH EVANGELIZATION, for Mission work among the French Canadians, *Twenty-seven* Missionaries were employed during last year, of whom twenty-one are ordained Ministers. Sixteen of these Missionaries regularly conduct services in both English and French. *Eleven* Colporteurs and *three* Bible women distributed during last year upwards of 6,000 copies of the Bible in whole or in part, and about 32,000 French tracts and other religious publications. *Thirteen* schools are taught by *eighteen* Teachers, with an attendance of 475 pupils. The central schools at Pointe-aux-Trembles are attended at present by between 80 and 90 pupils. The estimated expenditure for the year is \$34,000.

8. ASSEMBLY FUND, to defray expenses connected with the proceedings of the General Assembly, and the expenses of Committees that have no other Funds.

9. MISSION SCHOOLS.—Some payments are still to be made on the purchase of the lot on which St. Mark's

Church stands. The Session is responsible for \$10 per month in aid of the Dorset Schools ; but it has been to a large extent relieved of this burden by the Young Men's Association.

Fifty-First Annual Report of the Board of Managers.

The accompanying Financial Statement of the Board of Managers shows the receipts and disbursements for the year 1881. Although the revenue has been smaller than that reported for the year previous, it is yet in many respects very satisfactory, especially when it is remembered that no pressure was brought to bear upon the Congregation for the purpose of augmenting the revenue. It would perhaps have been too much to expect a continu-

ance of the exceptionally large revenue of the year 1880, but the Managers did hope that the surplus revenue would have been sufficient to liquidate the whole of the remaining balance of the Floating Debt. This has not been realized. This debt has however been so far reduced, that it will be no difficult matter for the Congregation to pay off the balance (now \$6,000) before the close of 1882, and, in addition, to provide a sum to be applied in reduction of the Loan from the Standard Life Insurance Company.

The Sunday Collections amounted to \$8,519.67 of which \$6,126.75 was received through the Envelope System, and \$2,392.92 by Open Collection, the average per Sunday being \$164. Pew-rents realized \$4,695.37, and the sum of \$4000 was received from the purchaser of the old church property, being payment in full of the balance due on the mortgage.

Several items appear in the disbursements which are incidental, and not regular charges against revenue. These are chiefly, for necessary repairs on the church, permanent improvements on the manse property, and \$600 for a policy of insurance covering the church for a period of three years.

The pew-rents remaining unpaid amount to about \$700. A considerable portion of this has been outstanding for from one to two years, although every effort has been made to collect it. The Managers passed a resolution some time ago to the effect that seats not paid for three consecutive quarters should be re-let. They have however felt some reluctance in enforcing this rule with those who continue to attend the services of the church, but, as many

of those are complained of are communicants, it may be a matter for consideration whether the Managers are discharging their duty in not reporting all such to the Kirk Session.

Frequent complaints are made by pew-holders about parties who hold no sittings in the church, but who systematically occupy seats without the permission, and often to the exclusion, of those entitled to them. As these cannot be termed visitors, it is hoped that they will take an early opportunity of securing sittings from the Managers. Occasional visitors are always made welcome, and will be provided with seats by the Ushers.

The system of weekly contributions by envelopes, it is earnestly hoped, will be more generally adopted by the Congregation. Envelopes will be furnished on application to the Managers.

The Managers have unanimously resolved to add one thousand dollars annually to the Minister's stipend, commencing January 1st, 1882. This decision they feel confident will meet with the hearty approval of the entire Congregation.

The Managers have decided to meet in their room on the first Monday of each month for the transaction of business with members of the Congregation, instead of weekly as heretofore.

The Managers whose term of office now expires are; Messrs. C. Perry, I. C. Gilmor, and A. T. Fulton, all of whom are eligible for re-election.

The total debt on the church property now stands thus :

Standard Life Insurance Co'y.,	\$40,000.
Floating Debt,	6,000.

All bearing interest at the rate of 6 per cent. per annum.

Respectfully submitted.

WM. MITCHELL,
Secretary.

The Session resolved in the beginning of last year to add three Elders to the existing staff. The result of the vote of the Congregation was the election of Messrs. Hamilton Cassels, David McGee and Joseph Robinson, who were ordained to the Eldership on the 22nd of May, and who form a very welcome addition to the working power of the Session. The Elders' Districts have been re-arranged as follows :—

It is the aim of the Elders to become as thoroughly acquainted as possible with the members of the Church residing in their several districts, and especially to visit and care for those in sickness or trouble. That their work may be better done, they desire the hearty confidence and co-operation of the people.

A very important service is rendered to the Session and Congregation by the Collectors appointed by the Ladies' Association. Eighteen ladies have been engaged in this work during the past year and have performed it with punctuality and faithfulness. The amount raised for the Missions and Schemes of the Church in this way, along with one or two special contributions, is \$1,761.96, shewing some advance upon last year's contributions.

The following appropriations have been made :—

	\$1,761 96

The amount contributed by the children attending the St. Andrew's Sunday School, which has been appropriated as set forth in the report of the School, is \$154.83. Add to these sums \$42.00 for the debt on the church at Campbelltown, N. B. ; \$81.00 for the church at Prince Albert, N. W. T. ; and \$51.00 contributed for the benefit of one of our missionaries, and we have a total of \$2,090.79 given for missionary and benevolent purposes.

Contributions to the Session Fund on the three Communion Sundays and on Thanksgiving Day, along with some special donations, amounted to \$396.80 as against \$285.74 in 1880. The larger portion of the money has been expended under the direction of the Ladies' Association, whose assistance has been, as in former years, highly valued by the Session. The total number of families relieved during the year was eighteen.

The amount raised for the Sunday School Fund was \$125.75 as compared with \$179.94 in the previous year.

 the previous year.

The difference is in part explained by the fact that the special collection on Thanksgiving Day was last year devoted to the Session Fund, whereas in the preceding year it had been given to the Sunday Schools. The Session have resolved to discontinue the special collections for Sunday Schools at the preparatory services connected with the Lord's Supper, and to have instead a collection at evening service once a quarter, thus giving the opportunity to a larger number of those interested to contribute. From \$250 to \$300 is needed for the efficient carrying on of the three schools. The reports of the schools shew that good work is being done, and the Session heartily commend them to the liberal support of the Congregation. Mr. McGee has been appointed Superintendent of St. Andrew's School in room of Mr. Mitchell, whose resignation was very reluctantly accepted by the Session, after his faithful and self-denying labors for more than twenty years. The other schools remain, as before, under the charge of Mr. Joss and Mr. Cassels respectively. Mr. Hughes continues to teach the Bible Class for young men, and Mrs. Macdonnell has resumed the Class for young women.

It is interesting to note that our Communion Sunday in October last (30th October, 1881), was exactly fifty years from the day (30th October, 1831) on which the Lord's Supper was first administered in the old church edifice on the corner of Church and Adelaide Streets, when there were 112 communicants present.

The Session call attention to the number of names struck off the Communion Roll year after year on account of removal from the bounds of the Congregation or

long continued absence from the services of the Church. It is very desirable that those who leave the Congregation should furnish themselves with certificates of membership, which may be presented when occasion requires.

It is hoped that the introduction of the Book of Chants and the new Hymnal will be found to have a good effect on the Service of Praise.

We enter upon a new year with abundant cause for thankfulness and trust. "The Lord hath been mindful of us: He will bless us."

In the name of the Kirk Session,

 MODERATOR.

year, there is a total of \$169.94, which has been appropriated as follows: Indore Mission, \$50; the "Dayspring," \$50; Welland Canal Mission, \$10; Sick Children's Hospital, \$20; and Dorset School Fund, \$39.94.

Weekly meetings of the teachers for the consideration of the lessons were held during a considerable part of the year, and were the source of much interest and profit to those who attended them. Much valuable aid in the preparation and teaching of the lessons was also afforded by the excellent notes of the "Westminster Teacher."

The library, containing over 500 volumes, continues to be efficiently administered, and to afford much pleasure and profit to the scholars.

At the social meeting, held on the 30th December, prizes were distributed to 34 girls and 26 boys, who by their punctual and regular attendance had entitled themselves to them.

A very pleasant feature of the social meeting was the presentation to Mr. Mitchell by the teachers, scholars and friends of the school, of a silver tea service, in recognition of the services rendered by him as Superintendent of the school during the long period of twenty years, from which position he had, much to the regret of all concerned, felt constrained by the pressure of business engagements to withdraw during the year.

Another pleasing feature of the social meeting were the offerings by the scholars of books, toys, clothing, etc., for the children attending the Dorset schools.

St. Mark's Sunday School.

In presenting our report for the past year we are glad to be able to state that the attendance of scholars has increased, the number now on the roll being 95, with an average attendance of 69. The present staff of teachers is nine.

At the social meeting held in the beginning of the year, the Jesse Ketchum books were distributed as prizes by Hon. John McMurrich to the children entitled to them. The receiving of such prizes is a treat the children do not ordinarily get but by the liberality of the teachers.

To make the library interesting we need some new books added to it. The children are always supplied with copies of the *British Workman*, *Children's Friend*, and *Children's Paper*.

I am pleased to be able to report continued progress in this school. The attendance of the children during the last few months has considerably increased, and we find our rooms very small. The attendance has increased not only in numbers but also in regularity and punctuality; and the general behaviour of the children is becoming much more decorous and reverent than it was at first.

Children's Friend,

We continue to keep the school open during the summer months, and are always able to secure the attendance of a sufficient number of our teachers and scholars to make the school both profitable and interesting during that period. Many of the older boys absented themselves during that time, and we have had some trouble in getting them back, but we think that we are at last bringing them once more within our influence. We expect to be largely assisted in this by reason of improvements made to our library through the generosity of the children of St. Andrew's and of other friends, who have given us many handsome and suitable volumes—ones likely to attract older boys.

The staff of teachers continues unchanged, except that we have lost the services of Mr. FitzGibbon, whose business engagements, much to our regret, have called him away from the city; and that we have now associated with us Miss Carrie Wylie.

We desire to return our warm thanks to the children of St. Andrew's Sunday School, and the many other kind friends who have so generously come forward to assist us in supplying our library, in providing our annual Christmas entertainment, and in other ways; their names are so many, and their gifts so varied, that it is impossible to enumerate them.

Dorset Night School.

Owing partly to the mild weather last spring, the attendance was not what it should have been, and, in consequence, the school was closed earlier than usual. Knowing that the boys could receive more thorough instruction at the public night schools, at the beginning of this season, we decided to open the school only on Tuesday and Thursday evenings, with the usual Saturday evening concert, instead of every evening in the week, as last winter. This would give them an opportunity to attend the other schools, which are open the remaining evenings of the week. Our school opened this season on Oct. 25, and has been open every Tuesday and Thursday evening since, except January 2nd, that being the night of the annual treat, which was attended by about sixty of the boys. The attendance has been fairly satisfactory, the average being about thirty-five. The number of names on the roll is ninety. The great difference between the whole number and the average is partly owing to the fact that many names have been added lately, and one of the great difficulties of the school is securing a regular attendance. We open at 7.45 and close at 9.30. There are two subjects taught each evening, half the time being devoted to each. The subjects we teach are Reading, Writing, Arithmetic, and Dictation. We have eight classes in the school at present. The majority of the boys come from William, Bolton, and York streets; some from Lombard street. Most of them work in the different factories. Some sell papers, others will neither work nor go to day school. There are only two boys

in the school who are learning a trade. About fifteen of the boys cannot read. Ten of these are between the ages of thirteen and nineteen. Very few of them can read well, and Long Division is generally the extent of their knowledge of Arithmetic. A good many are anxious to improve themselves, but others are indifferent. But we are satisfied from the improvement in the boys who have been long with us, that good is being done. An effort is being made to establish a library and reading-room for them, to be open some of the other evenings of the week, for we feel that, although good is being done in teaching them to read and write, a great deal more could be done if we could get them to read good books.

Ladies having scraps of material to spare would confer a favor if they would send them to the school, or to any of the teachers. Other girls are provided with whatever work they desire, but are required to pay the cost of the material, if when the article is finished they wish to keep it for their own.

We have to thank those whose contributions enabled us to meet the outlay of money necessary to start this new branch of our work, and also acknowledge one or two very acceptable donations of goods, etc.

Office bearers have not been elected for the ensuing year, as at the annual meeting, held on the 9th January, it was decided that in the event of a general Women's Association being formed, this Association would amalgamate with it, on condition that the new Association undertake the work of attending to the poor through a Dorcas Committee.

Fourth Annual Report of the Young Ladies' Society.

Thirty-three meetings of this Society were held during the year, at which the average attendance was 12—19 being the largest number present at any meeting. The number of members on the roll is 28.

A social was held under the auspices of the Society in the month of April, the proceeds of which amounted to \$54.85, and a Christmas sale in December which yielded \$160.25.

The Society found it necessary during the year to purchase a sewing machine which cost \$30. Of this sum \$19.75 was collected by the members, the balance (\$10.25) being deducted from the proceeds of the sale.

The proceeds of this year have, as agreed upon at last annual meeting, been devoted to the Building Fund.

Report of Young Men's Association,

The Association has held nine meetings during the year, the small number being accounted for by the resolution adopted in November, that meetings should be held monthly instead of fortnightly as heretofore. During the year eight new members were added to the roll. Total number now on the roll is 45. The average attendance at meetings was thirteen.

In addition to the ordinary meetings for business and for literary exercises, a social was held on the 28th February, which proved very successful, and an open meeting on 7th November, at which the President gave an account of how he spent two Sundays in London, Eng., during the past summer.

The Association has reason to regret the removal of Mr. J. G. FitzGibbon from the city, who had proved himself a most efficient Treasurer, and also of Mr. C. E. McPherson, who had filled the office of Secretary to the complete satisfaction of the Association. Messrs. J. M. Matthew and A. J. Taylor were appointed to fill their respective positions.

The question of Temperance alluded to in the last annual report, was finally disposed of by the Association at a meeting on the 7th February, by the unanimous adoption of the following preamble and resolutions:—

Whereas it is desirable that all the advocates of Temperance, both total abstainers and non-abstainers, should unite to effect the end which they seek in common, namely, the prevention and suppression of intemperance, and of the evils that flow from it; and that an Association

should be formed in which both classes might work together in the carrying out of this object ;

The following resolutions are suggested as a basis :—

1. That much can be done towards the suppression of intemperance by entirely discountenancing the prevalent custom of "treating."

2. That the establishment of coffee houses upon the English system, as regular business concerns, would be extremely beneficial and should be promoted.

3. That strong efforts ought to be put forth to enforce and maintain the due observance of the liquor laws now on the statute books, and to obtain such further legislation as shall, upon consideration, be deemed advisable.

These resolutions, together with a letter from the President, printed in circular form, were sent to the Ministers of the various city churches, to Church Associations and different Temperance organizations, asking that representatives attend a meeting in Shaftesbury hall, on the 21st March. At this meeting was organized the "Society for the Prevention and Suppression of Intemperance," which is now in active operation, with good promise of becoming a permanent institution in promoting the cause of temperance in the city.

The "Penny Savings Bank" and "Dorset Night School" progress favourably, and it is evident that both institutions are doing a good work. The Bank shews an encouraging increase of business over last year, as will be seen from the report hereto appended.

The state of our finances is shown by the Treasurer's report presented herewith. The Association has been unable entirely to relieve the Kirk Session of the annual

grant made to the Dorset School. It has, however, assisted the Session to the extent of \$75.

The following Office-bearers have been elected for the current year :—

Deposits received from two cents upwards and interest allowed on all accounts of three dollars and over, at the rate of four per cent. per annum. Depositors are guaranteed perfect security by the Board of Trustees, who annually appoint an Auditor and who control the funds of the Bank, which are deposited weekly with the People's Loan and Deposit Company.

In submitting the fourth Annual Report, the Committee would call attention to the continued increase of business done over that of previous years, as shewn by the following Statement of Deposits and Withdrawals, since its institution :

	1878	1879	1880	1881
Deposits	\$845	\$1607	\$2226	\$3465
Withdrawals	321	1205	1728	2997

The amount due Depositors on 31st December, 1881, was \$2,052.39 as compared with \$1,504.55 due on the 31st December, 1880. This amount is at the credit of 720 open accounts, 434 of which are under \$1, 91 over \$1, 54 over \$2, 38 over \$3, 17 over \$4, 42 over \$5, 20 over \$10, 12 over \$20, 5 over \$30, and 7 over \$40.

During the first six months of the year there was a large increase of deposits, showing the liabilities of the bank to depositors on 1st July to be \$2,288.28. This increase continued until October, when the sum of \$2,626.09 was at our credit ; but the amount withdrawn

during the last three months has been so large as to reduce the balance to the above figures, viz., \$2,052.39.

In consequence of the reduction of the rate of interest allowed us by our bankers, it was resolved in April last to reduce the rate allowed to Depositors from five to four per cent., and that no interest be given on any account of less sum than three dollars, the same to take effect from 1st May, 1881.

The Savings Bank Committee have been assisted in the work by the following members:—Messrs. J. D. Henderson, A. Allan, D. McKerchar, R. Kennedy, and P. McIntyre. The thanks of the Committee are due to Mr. R. B. Morrison, of the Imperial Bank, for his kindness in placing the interest to the different accounts; and also to Messrs. J. D. Henderson and J. Macara, who, at the request of the Trustees, have audited the books.

AND. J. TAYLOR,

J. M. MATTHEW.

Convener.

Treasurer.

We hereby certify that we have examined the books of the Savings Bank, and find the amount due to Depositors (including interest to 31st Dec., 1881) on 31st Dec., 1881, to be two thousand and fifty-two dollars, thirty-nine cents (\$2,052 39) which amount stands at the credit of the St. Andrew's Church Y. M. A. Penny Savings Bank, in the books of the People's Loan and Deposit Company.

J. MACARA,

Auditor for Trustees.

J. D. HENDERSON,

Auditor for Y. M. Association.
