EXPRESS THEIR APPRECIATION

Delegation from Prince Edward Street at City Hall.

General Programme for Next Year is Discussed—Prince William Street Complaint—Plan for City Expansion.

A delegation of citizens, representing the property owners in Prince Edward street, appeared before the city commissioners in committee this morning and thanked the city for the laying of a new pavement in that street.

Mr. Walsh said that he was delegated to extend the thanks of the owners and residents for the excellent condition of the surface of Prince Edward street. He also said that the people desired to express their appreciation to Commissioner Fenik for the traffic regulations which had been instituted while the work was going on, which allowed business to be carried on almost as usual.

Mr. Brown said that the council appreciated the delegation's coming, and he said that the city was following a definite programme of paving which would carry it out as fast as it could be done.

Commissioner Fenik also expressed his appreciation of the compliment. He said that the people of Prince Edward street were put to a great deal of inconvenience and there was not a single complaint.

Mr. McGowan also spoke briefly. He said that the city was following a definite programme of paving which would carry it out as fast as it could be done.

Commissioner Fenik also expressed his appreciation of the compliment. He said that the people of Prince Edward street were put to a great deal of inconvenience and there was not a single complaint.

Mr. McGowan also spoke briefly. He said that the city was following a definite programme of paving which would carry it out as fast as it could be done.

Commissioner Fenik also expressed his appreciation of the compliment. He said that the people of Prince Edward street were put to a great deal of inconvenience and there was not a single complaint.

Britain Will Accept Hughes Plan In Principle

Mr. Balfour to Announce This in Washington Tomorrow—U. S. Proposals Were Kept a Profound Secret—Proceedings in U. S. Capital.

Washington, Nov. 14.—It was officially announced for the British delegation today that at tomorrow's session of the arms conference Mr. Balfour will make a speech accepting "in principle" the Hughes proposals for limitation of naval armament.

Washington, Nov. 14.—While naval experts of the seven powers today continued to examine the Hughes proposals for limitation of naval armament, heads of the U. S., British, Japanese, French and Italian delegations conferred to map out a plan of procedure to expedite consideration of the whole armament question.

United States officials emphasized that the plan presented to the conference Saturday by Mr. Hughes was purely a U. S. proposal and that advance knowledge of it had been kept carefully from all the representatives of the other powers. Although it had become known that some far-reaching plan would be presented early in the conference, it was declared that no details either as to the basis of the proposal or the exact time of its presentation were permitted to reach any of the other delegates.

In consequence it was assumed that several days would be required for the naval advisors of Great Britain and Japan, the powers chiefly concerned, to study the proposals. It was indicated that today's meeting of the conference was not for the purpose of actually considering the plan, but rather was devoted to a method of procedure.

At the state department there was great indignation today that the public reaction from the U. S. government's first bold step in the conference had been so because it was not expected. He said the city was following a definite programme of paving which would carry it out as fast as it could be done.

Commissioner Fenik also expressed his appreciation of the compliment. He said that the people of Prince Edward street were put to a great deal of inconvenience and there was not a single complaint.

Mr. McGowan also spoke briefly. He said that the city was following a definite programme of paving which would carry it out as fast as it could be done.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Horwood, "have been sitting here for half an hour trying to frame up a story for you that would be worthy of you."

"You can't say much to do," said Hiram. "You see," said the reporter, "if you didn't say something worth writing, we wouldn't be sitting here."

"That depends on a good deal on how you do it," said Hiram. "You're right," said the reporter, "it's worth writing."

HOSTILE RECEPTION FOR FORMER GOVERNOR OF CANADA

London, Nov. 14.—(Canadian Press)—The Duke of Devonshire was given an extremely hostile reception when attempting to address a League of Nations meeting at Chiswick, and it was impossible for him to deliver his speech.

The Duke of Devonshire was the immediate predecessor of Lord Byng of Vimy as governor-general of Canada.

THE JUGO SLAVS OPPOSE THE AMBASSADORS

Belgrade, Nov. 14.—Jugo-Slavs cannot accept the decision of the Allied council of ambassadors delimiting the boundary between Jugo-Slavs and Albania, so the cabinet decided at a meeting last night. A note to this effect will be sent to the Allies.

The newspapers are unanimous in deploring the ambassadors' decision and urge the cabinet to take immediate steps to withdraw its troops from the territory within the limits previously defined by the council.

NINE DIE IN A NEW YORK FIRE

Fifteen Families in Burning Tenement.

Trapped on Upper Floors, Greeks and Armenians Cling to Window Ledges—One Man Falls to Death.

New York, Nov. 14.—(Canadian Press)—At least nine persons are believed to have been burned to death in a tenement house fire here early this morning. Five bodies, all unidentified, were found huddled together near a doorway on the fifth floor, and firemen said that there were four more bodies in the ruined structure.

Two men and one woman were seriously injured, while thirty others were treated for abrasions and shock.

The building, situated in West Seventeenth street, was occupied by fifteen families. Investigation by firemen shows the fire had originated in the basement and roared up through a shaft to the second floor, where it "blow-roomed," spreading through the four upper stories of the building.

Many of the people who lived in the tenement were trapped by windows where they clung to ledges and screamed for help. Post office employees from a sub-station across the street from the building saved many before the firemen arrived.

One man became exhausted while clinging to a window ledge and fell to the street, suffering a fractured skull. The building was occupied by Greeks and Armenians.

Firemen exploring the building after the fire found three more bodies, none of which could be identified.

FOCH IN BOSTON

Boston, Nov. 14.—Marshal Foch today was the guest of Greater Boston. The lengthy programme prepared for his entertainment started with the presentation of a gold medal by Governor Cox of Massachusetts, and key to the city by Mayor Peter Boston.

Chief among other functions arranged were the conferring of honorary degrees by Harvard and Boston universities and Boston College and a parade by former service men and women.

ALLEGES FRAUD IN ADDING TO THE LIST OF VOTERS

Montreal, Nov. 14.—Charges of false and fraudulent methods to put the names of alien women on the voters' lists, as a result of the work of the Liberal election machine, were made on Saturday night by Hon. C. C. Balfour at a meeting of the Liberal caucus.

Mr. Balfour indicated that he had had proof of a widespread conspiracy in that and other divisions to register alien women by false and fraudulent declarations as well as through personal and incomplete jury certificates, in order to give the right to vote to women who were not legally entitled to do so.

He said he had intended to put the matter in the hands of his lawyers, but, on mature thought, he had decided to take no legal action, leaving it to the sense of honor of the women and men of the division to see to it that such honest practices should not be allowed to defeat him.

HAVE REACHED NO. 6 IN LIST OF MURDER CHARGES

Versailles, Nov. 14.—The second week of the Landru trial opened with the testimony of a witness who is to determine the fate of the alleged "bluebird" of Gambais.

Last week the direct examination was completed in the cases of four of the women, and the son of one of them, whom Landru is accused of murdering. Today Judge Gilbert resumed direct examination of the prisoner regarding the disappearance of Madame Colomb, the sixth of Landru's alleged eleven victims. She was for a long time a resident of Guatemala.

THIRD MAN FOR VANCOUVER SEAT

Vancouver, B. C., Nov. 14.—With the advent of C. F. Balson, fisherman and old timer as an independent candidate, the political fight in Vancouver Centre becomes a three-cornered one.

Hon. H. H. Stevens, minister of trade and commerce, supporting the government, and R. H. Gale, mayor of Vancouver supporting the Liberal opposition are the other two candidates.

Mr. Balson is well known as a fisherman on the Nova Scotia and British Columbia coasts. He has announced his intention of contesting the seat independently.

upon the manufacture of armaments. The possible effect, however, was not at all certain, and today's declines were considered to reflect the sentimental result of the U. S. suggestions.

Wall Street. New York, Nov. 14.—The proposals of the U. S. government called for shares at the opening of today's stock exchange.

Fethiye Steel, which is one of the largest armor plate producers, reacted two points in the first hour, Crucible Steel being 15-8 and U. S. Steel and Inland Steel registered sympathy declines of fractions to one point.

The general list was not affected, however, many of last week's favorites, especially oil and equipments, extending their gains.

In the main the attitude of the Washington conference was received with signs of approval, not only because it gives promise of relief from oppressive taxation but for the additional reason that it is calculated to give market impetus to peace industries.

Cotton Up. New York, Nov. 14.—Better feeling, inspired by the armament conference in Washington, caused the cotton market to jump about 8 1/2 cents today. January contracts advanced to 16.92 and March to 16.88. There was heavy speculative buying and a big demand for spot hoes, which were partly supplied by Southern selling.

ROTARY AND SPORTS

This was sports day at the Rotary Club. A. W. Corey, president of the Maritime Branch of the A. A. U. of Canada, was in the chair, and near the head table were Hilton Belyea, champion skater; Charles Gorman, champion skater; Norman Lambert, five mile runner; and Frank White, New Brunswick Amateur Skating Association. There was pep in the songs and jokes, and A. E. Baker gave a serious two-minute talk on the twenty-six mile marathon.

The boys were given proper instruction in all kinds of sport. He expressed the view that the twenty-six mile marathon was too great a strain upon the vitality of the runner and should be abandoned.

Mr. Gilbert will be unable to help the police when he has recovered as he has said he remembered nothing after the first blow, although able to cry out for help.

MRS. WILLIAM MACCOLLUM

The death of Mrs. William MacCollum occurred at her home at Eastmount yesterday afternoon. She was the widow of William MacCollum, who passed away on May 12. She was seventy years of age. She is survived by three daughters, Mrs. J. S. Thompson of this city, Mrs. H. of Fredericton, Ernest of Halifax, and William at home. The daughters are Mrs. J. S. Thompson of this city, Mrs. H. of Fredericton, Ernest of Halifax, and William at home. The funeral will be held tomorrow afternoon at 2:30 from her late residence, Eastmount.

THE WATER PRESSURE

Commissioner Jones said this morning that, in spite of the fact that seven streams were used in fighting the fire at St. Joseph's school, the city water pressure was reduced only five pounds.

REPORT ON UNEMPLOYMENT

Ottawa, Nov. 14.—(Canadian Press)—Very little change in the employment situation throughout Canada is shown by the bulletin of the employment service, covering the two weeks ended October 8.

Employment continues at about the level of the middle of January last year when the index number stood at 90.4.

As in the last report, leather, coal mining and local and water transportation were the only activities which showed an improvement in the period of last year.

Manufacturing in general showed a decline in the period of last year. The number of persons employed during the fortnight under report was compared with 871,840 working during the previous two weeks.

The Evening Times and Star

ST. JOHN, N. B., NOVEMBER 14, 1921

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE CONFERENCE

The United States has risen to a great opportunity. The proposals for naval disarmament go much further than even the American people had anticipated, and have caused a real sensation throughout the world.

from so flourishing a company. Continuing, it says: "We have shown that the Rirdon company was abundantly able to pay its taxes in the years 1916, 1917 and 1918, but that, instead of doing so, its funds were diverted to the purchase of an American company yielding prodigious profits."

THE RIRDON CASE

Wood of Missouri is being crowded off the political stage by Rirdon of Ticonderoga. Mr. Wood was merely an American who came to Canada, became a naturalized citizen, pursued a successful career, and was held in such high esteem by the Rirdon government.

What do the tens of thousands of reputable business men who strained their resources to pay war taxes as they came due, think of the facts disclosed by the Ellard charges? What do they think of the bona fides of the appeals now being made once more in the sacred name of patriotism by men who failed so utterly during the crisis of the war to do the thing they called upon others to do?

ANOTHER PROTEST

Commenting on the marking act which enacts that all imported goods must show the country of origin, and which has created such a storm in the country that its going into effect has been postponed, the Financial Times and indicates its repeal. It says: "The new minister of customs is to recommend the suspension of the marking act until parliament has time to study the matter. We accept this as an intimation that the marking act will shortly be where it will do no harm."

It is not informed on the point of who will be our next premier, but whoever it may be we recommend him not to surround himself by too many dyed-in-the-wool high tariffites and protectionists lest he make the mistake of supposing that this country was created for that particular brand of business. The import business is a very important branch of commerce, not only because of what it affords in the way of customs revenue, but because of the actual benefit it is to the importer and to the consumer of goods—and even to the home competitor."

SAYS THE HOTEL PRICES TOO HIGH

Montreal, Nov. 14.—Hotel prices are still at the peak reached during the war, and the time has come for a general reduction, said J. M. S. Carroll, past president of the Commercial Travelers Association, at the annual meeting of that organization here on Saturday.

MANY JEWS ARE REPORTED TO BE KILLED

Klinsky, Bessarabia, Nov. 14.—Hundreds of Jewish families have been shot down while attempting to cross the Beserbian frontiers to escape an anticipated clash between the forces of Gen. Polkare and the Soviet government, according to unconfirmed advice received here.

Civilization Swept Off Its Feet, Declares the New York Herald—British Navy Writers Point to Much That Great Britain Has Already Done.

New York, Nov. 14.—(Canadian Press)—Newspapers of every shade of political standing gave enthusiastic support to the proposal for naval disarmament outlined by Secretary of State Hughes. The surprise occasioned by the scope of the plans presented without previous indication at the initial session of the conference is general, and rivals that reported from European centers.

MURDER LAST JANUARY; AN ARREST SATURDAY

Montreal, Nov. 14.—Charged with the murder of Joseph Paille, farmer, of Sherrington, was shot in the chest and hand yesterday afternoon by his seven-year-old grandson in mistake for a deer while the two were hunting about two miles from their home. The boy died a few hours later.

RECENT DEATHS

Rev. William Ainley. Rev. William Ainley, aged seventy-three years, a retired Methodist minister of Canaan, N. S., died at Halifax yesterday. He leaves a widow and one son, D. R. Ainley, of Vancouver, B. C.

Rev. Donald M. Farquhar.

Rev. D. M. Farquhar, pastor of the Weymouth Methodist church, died in the Weymouth hospital yesterday after a brief illness. He was sixty-five years of age and leaves a wife and one daughter, Miss Grace, of Dunham, Quebec. Mr. Farquhar had been stationed in Lunenburg, Wallace, Port Greville, and other places in Nova Scotia.

John Connolly.

John Connolly, of 15 Murray street, suffered an attack of heart failure while walking on Douglas Avenue last evening, and dropped dead at his wife's feet. Passers-by carried him into a house nearby and Doctors Clarke and Roberts were summoned to attend him, but both physicians found that death was instantaneous. Mr. Connolly was fifty-eight years of age. He came to St. John last May from Bangor and was working with his brother. He leaves a widow and two sisters, Mrs. J. O'Leary of Boston, and Miss Ellen of this city; also three brothers, Harold and James of this city, and Edward of New York.

RECENT DEATHS

Thomas Stohart.
His many friends in this city will grieve to learn of the death of Thomas Stohart, which occurred at his home at Rexton on Sunday. Mr. Stohart, who was seventy-six years of age, was for many years a well known school teacher in this city, but removed to Rexton several years ago. He is survived by one brother, Duncan, and two sisters, Miss Mary Stohart and Mrs. Edwin Bower, all of Rexton. The funeral will be held at Rexton.

Mrs. Hiram B. White.
Very quietly yesterday afternoon, Mrs. Mary Adeline White passed away at her residence, 69 Hasen street. Although Mrs. White had reached an advanced age her wonderful vitality kept her young at heart and she will be missed not only by the older members of the community but by many of the younger ones with whom she was a general favorite. Born in Yarmouth (N. S.), she moved to Lunenburg (N. S.), with her parents in early life, coming to St. John shortly after her marriage to the late Hiram B. White who died only a little

more than three months ago. They were the same age and both the last surviving members of their respective families. Though of a retiring disposition and finding her greatest pleasure in her home Mrs. White has always taken an active interest in everything pertaining to Centenary Methodist church, of which she had been a member since coming to the city. At the regular evening service yesterday the pastor, Rev. R. G. Fal-

ton, spoke feelingly of the church's loss. Mrs. White is survived by two sons, J. Hunter White, of this city, and G. Vincent White, of Moncton.

The funeral will take place on Tuesday afternoon at 2:30 o'clock from her late residence.

Samuel Foster.
The death of Samuel Foster occurred at his residence, at Willis Post Office in Kings county on Sunday morning. Mr. Foster was forty-four years of age. He leaves, besides his parents, two brothers, Fraser, of Montreal, and Minor, of this city. The funeral will take place on Tuesday at 2 p. m. from his late residence.

Charles Boyle.
At Fredericton, on Nov. 10, Charles Boyle passed away in his eighty-second year at the home of his son after an illness of a few days. He had been a life long resident of the parish of Penfield, Charlotte county, until the last few years. The funeral took place on Saturday morning from St. Dunstan's church, where high mass of requiem was celebrated by Rev. Father Milligan; interment was made in the Catholic cemetery at Fredericton.

Mrs. Sarah A. McCookery.
One of the oldest residents of this city passed away yesterday when death claimed Miss Sarah Ann McCookery, who had reached the advanced age of 102 years. Miss McCookery is survived by a niece, Mrs. Joseph H. Ritchie, 13 Wentworth street, at whose home her death occurred. Miss McCookery had been in good health until about a year ago but since then had been gradually failing. She retained all her faculties, however, up to the time of her death and always took a keen interest in current events, having been a great reader. She lived a greater part of her life at Millidgeville, but about thirteen years ago came to reside with her niece. The funeral will be held on Tuesday morning at the Cathedral for high mass of requiem.

CHURCH SERVICES

Mrs. E. M. Whittemore, of New York, has been the means of establishing eight-five rescue homes for girls, distributed through the United States, in Africa, New Zealand, China, France and Great Britain and the first rescue home, the "mother" Doos of Hope in New York has sheltered within its walls, 8,450 women and girls since it was first established thirty-one years ago. It would be impossible to calculate how many have been cared for in all of those homes. Mrs. Whittemore arrived in St. John on Saturday and will remain in the city for a few days and during her stay she will address many public meetings telling of her work among the outcast.

WEEK-END BILL ENDS TONIGHT

Woodcutters, Clever Dogs, Fine Yodder and Other Big Features—New Programme Tuesday Afternoon. The week-end programme at the Opera House which has been attracting capacity houses will be terminated tonight. Those who have not already seen this extraordinary variety of splendid offerings should forget all other engagements and visit this theatre today without fail. The acts will be as follows:—The Australian Woodcutters, presenting a unique exhibition of free feeling and other Australian Bush novelties. Samaroff and Sonia, in a Russian singing and dancing offering, introducing several very clever acrobatic dogs. Winlocke and VanDyke, in a comedy talking act, introducing a few possible songs, wonderfully rendered by Mr. VanDyke. Bell and Baldwin, in songs and dances. And last, but not least, LaClair and Sampson, in a comedy burlesque gymnastic offering.

ECONOMIZING IN THE U. S. NAVY

New York, Nov. 14.—Naval retrenchment is being put into practice with the utilization of naval repair ships in the salvage of old battleships and otherwise materially assisting in the countless jobs which ordinarily have gone to navy yards. It has been the custom heretofore to allow repair ships to undertake small necessary jobs for the fleets only when they were anchored far from navy yards or other land bases. Through the re-arrangement of ship repair allotments, it now has been found practical to have these indispensable "mother" ships do much more than was formerly required of them. So henceforth they will spend long periods in the navy yards, and, it is expected, effect economies in naval work. The Prometheus, Atlantic fleet repair ship, and the Black Hawk, Pacific fleet repair ship, are lying in the New York navy yard after having engaged in dismantling the pre-dreadnoughts which cruised around the world in 1908, and are now lying out of commission in the Philadelphia navy yard. Machinery, motors, blowers, search-lights, telephones, copper cable and even furniture, which may have future usefulness, have been removed and brought here from Philadelphia to be used in the outfitting of the Great Northern as flagship of the Atlantic Fleet. Extensive alterations are to be made by the Prometheus, with a force of 250 artificers. This work will be completed in time to allow the Great Northern to leave for the winter maneuvers early next year. The Prometheus, of 12,000 tons gross, was converted from a collier in 1913 to a modern repair ship. It is equipped to handle heavy machine and blacksmith work or such fine tasks as adjusting of chronometers and binoculars. It is commanded by Captain Paul Foley. It is expected that another source of economy will be the establishment of a reclamation store at the naval operating base, Hampton Roads, Va. There, all salvaged material of further usefulness will be stored and issued.

MYSTERY OF BOND ROBBERY STILL EXISTS

Montreal, Nov. 14.—Said to be well known in Toronto and Buffalo, Jack Griffin, thirty-five, was arraigned before Judge Lanctot on Saturday on a charge of stealing negotiable bonds worth \$80,000 from the brokerage office of C. E. Gault. He made no comment and was remanded without bail for three days. Complete mystery still surrounds the affair, the prisoner refusing to say how he obtained the boxes containing the bonds.

ONTARIO SCHOOLS

Ottawa, Nov. 14.—In all the Catholic churches in the city at high mass yesterday a pastoral letter by His Grace Archbishop Gauthier was read, containing an indictment of the alleged injustices under which the separate schools of Ontario are suffering, and asking that all those who have the interests of these schools at heart do all in their power to secure legal remedy. The letter alludes to the present division and allocation of school taxes, by which it is contended that the separate schools in Ontario are unjustly deprived each year of hundreds of thousands of dollars. Petitions will later be presented to the Ontario legislature, praying for redress.

The Great Route of the Great Lakes. EVEN today Canada, a mere infant among the Nations of the World—though a growing and lusty one—possesses in Canada Steamship Lines' ships a fleet of inland water carriers that lowers its flag to no similar fleet in the World. The growth of this fleet is not merely the natural sequence of the development of this great route of the Great Lakes, for commercial purposes. It has come as a result of the tribute which the World in general, and North America in particular, pays to the beauty which hourly unfolds to the eye of the tourist who travels this great water-way. The freight carried by this same line represents a huge proportion of the tonnage passing East and West across Canada. Wheat from the West—coal from the States—ore from the Lake Superior district—merchandise of all kinds from all lake ports; these find low-cost transportation on the ships that travel our inland sea. Such a business must grow—as Canada grows. Even in a year fraught with business uncertainty there is plenty of business for such a fleet. The figures for 1921 prove this beyond doubt. In passengers carried and freight transported, the Company's steamers have had a season which compares well with the banner year of 1920, and when viewed in the light of business conditions, this is a remarkable achievement. The investor who pins his faith to the future of Canada Steamship Lines cannot go far astray. The development of Canada Steamship Lines—holding as it does a strategical position in Great Lakes transportation—must coincide with the development of Canada. No one can belittle this country's future. CANADA STEAMSHIP LINES Limited "The Great Route through the Great Lakes" Head Office, Victoria Square, Montreal.

CARRIED PEACE NEWS TO SOLDIERS

Canadian Veteran Dies in a Buffalo Boarding House.

Albert Miller, One Who Took from Headquarters to Mons Troops the Order to Cease Fire—Memorable Morning Recalled.

New York, Nov. 14.—(Canadian Press)—Albert Miller, a Canadian war veteran, who was picked to carry from the British headquarters to Mons on the day the armistice was signed to cease firing, will either be buried in Canada with the comrades with whom he fought or will be given a place among the Buffalo soldiers dead, according to a despatch to the New York Herald today.

Miller, who wore the Military Medal, died in Buffalo on armistice day, just three years from the day on which he made world history. His body lay unclaimed in the morgue until his identity was established. Military and fraternal organizations have long since offered to bury him.

The distribution of the "cease firing" order on the morning of that first Armistice Day would make a story in itself. Those units which were connected by the network of army telephone wires which spread far and wide from general headquarters were notified about 9 a. m. that hostilities were to cease at 11 o'clock that day.

There were, however, many units and detachments which had been taking up advanced positions during the night, preparatory to a concentrated attack on Mons during the early morning. These were not all connected by telephone and it became necessary to carry the news to them by either mounted orderlies or runners.

As the lead surrounding Mons is flat and the Hun dominated a large stretch of country from his observation posts and machine gun emplacements in the buildings of the town, this duty of carrying the message of peace was not an enviable one, as in places the counter attack had to be made across long stretches of open country.

The story is told of an officer in one of the Canadian units who volunteered to carry the glad tidings of some of his men in advanced position, but who main the supreme sacrifice within a few hours of the cessation of the fighting. "Thinking that the German troops, aware that the war was due to cease that day, would not display any hostility towards a single horseman passing within their view, he essayed to ride to the advanced posts of his battalion. He was sighted, however, and a machine gun bullet, mortally wounded. It was an account of happenings such as this that the Canadian artillery was engaged in Saturday night, who refused to accept his name at the convention, on Saturday refused to become a dumping ground for

G. W. V. A. DECORATION. Yesterday was observed by the local G. W. V. A. as Decoration Day, and an impressive ceremony was carried out at the "Sold of Honor" in Fernhill cemetery in memory of those who lost their lives in the great war. In spite of the

impetuous weather, the ceremony was well attended. Among others was a party from the Lacrosse hospital, brought over in a car loaned by the mayor. At three o'clock the Union Jack was lowered to half-mast, and Lt.-Col.

G. G. Corbett opened the ceremony with an address. He then placed on the mound overlooking the graves a memorial cross of poppies, on behalf of the G. W. V. A. and a committee of ladies from the G. W. V. A. and the Royal Arms Chapter, I. O. O. F., placed wreaths on each of the forty-three graves. Lt.-Col. A. H. H. Powell, Mayor Schofield and Rev. Moorhead Legate gave addresses, and Trumpeter Peter Young sounded the "Last Post."

While on their way to Fernhill, Dr. G. G. Corbett and Rev. Mr. Legate stopped at the General Public hospital and took part in the unveiling of tablets to the memory of Major J. L. Duval, Nursing Sister Jenner and Nursing Sister Anna Stammers. The G. W. V. A. intend to make this ceremony an annual memorial feature.

SAYS WORLD HAS SUFFERED FROM MASCULINE RULE. Nellie McClung, M. L. A., Speaks in Montreal Church—Drink Question in England.

Montreal, Nov. 14.—That the world has suffered too much from masculine rule and that the home of civilization lies with the child, was the view expressed by Miss Nellie McClung, M. L. A., of Alberta, speaking in St. Andrew's church, Westmount, last night. She has just returned from England, where she has been investigating social conditions. She said that the genius of men had been used to invent poison gases and to subvert science to ends of destruction. Miss McClung deplored conditions in England in regard to drinking, saying

TEN WOMEN TO EVERY MAN IN CENTRAL EUROPE NOW. Vienna, Nov. 14.—Losses suffered by the Teutonic powers in the war were so great that there are now said to be ten women to every man in Central Europe. The shortage of males is evidenced by the tremendous number of matrimonial advertisements in Austrian papers. The Vienna journals alone carry from four to five columns every day, all inserted by women offering themselves as brides. Many profess to have good sized fortunes.

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such up-building treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mrs. W. J. Pearce, Neum St., Cobourg, Ont., writes: "My system became run-down and I suffered greatly with pain in my head. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store a ready-made preparation, improved by the addition of other ingredients called 'Weyth's Sage and Sulphur Compound.' You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant."

Gray, faded hair, though no disgrace, is a sign of old age, and we all desire a youthful and attractive appearance, get busy at once with Weyth's Sage and Sulphur Compound and look years younger.

If your eyesight is dim, your vision blurred, if your eyes ache, itch, burn or feel dry, get a bottle of Bon-Opte tablets from your druggist, dissolve one in a fourth of a glass of water and use to bathe the eyes from two to four times a day. Bon-Opte has given stronger eyes, clearer, sharper vision and relief to thousands.

Note: Doctors say Bon-Opte strengthens eyesight. Drop in a week's time in many instances.

Ask your druggist for genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

G. G. Corbett opened the ceremony with an address. He then placed on the mound overlooking the graves a memorial cross of poppies, on behalf of the G. W. V. A. and a committee of ladies from the G. W. V. A. and the Royal Arms Chapter, I. O. O. F., placed wreaths on each of the forty-three graves. Lt.-Col. A. H. H. Powell, Mayor Schofield and Rev. Moorhead Legate gave addresses, and Trumpeter Peter Young sounded the "Last Post."

While on their way to Fernhill, Dr. G. G. Corbett and Rev. Mr. Legate stopped at the General Public hospital and took part in the unveiling of tablets to the memory of Major J. L. Duval, Nursing Sister Jenner and Nursing Sister Anna Stammers. The G. W. V. A. intend to make this ceremony an annual memorial feature.

SAYS WORLD HAS SUFFERED FROM MASCULINE RULE. Nellie McClung, M. L. A., Speaks in Montreal Church—Drink Question in England.

Montreal, Nov. 14.—That the world has suffered too much from masculine rule and that the home of civilization lies with the child, was the view expressed by Miss Nellie McClung, M. L. A., of Alberta, speaking in St. Andrew's church, Westmount, last night. She has just returned from England, where she has been investigating social conditions. She said that the genius of men had been used to invent poison gases and to subvert science to ends of destruction. Miss McClung deplored conditions in England in regard to drinking, saying

LIMBERS UP YOUR SORE STIFF JOINTS

WEATHER exposure and hard work bring pains and aches in muscles and joints. Have a bottle of Sloan's Liniment handy and apply freely. Penetrates without rubbing. You will find it does a comforting sense of warmth which will be followed by a relief from the soreness and stiffness of aching joints.

Also relieves rheumatism, sciatica, neuralgia, sprains and strains. For forty years your enemy. Ask your neighbor. At all drug stores—5c, 70c, \$1.40.

Sloan's Liniment

Perfect Shoulders and Arms. Nothing sooths the aching, stiff, weary joints so quickly as Sloan's Liniment. It penetrates without rubbing. It cleanses the skin and soothes the nerves. It is the best remedy for rheumatism, sciatica, neuralgia, sprains and strains. For forty years your enemy. Ask your neighbor. At all drug stores—5c, 70c, \$1.40.

Even a cross, feverish, bilious, or constipated child loves the "fruity" taste of "California Fig Syrup." A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the way down. Ask your druggist for genuine "California Fig Syrup," which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

DISASTROUS FIRE AT ST. JOSEPH'S SCHOOL

About 1:50 o'clock this morning an alarm was rung in from box 32 for a fire in St. Joseph's school, Sydney street. Within five minutes from its discovery the fire had broken through the roof and the windows on the third floor. When the fire apparatus arrived it was found that the floor had fallen into the basement, where there was a roaring furnace of fire. In about half an hour the fire was got under control, but not till some of those close to the fire had been frightened into getting their stuff ready to move out. Miss Mildred Weyman first noticed the fire. She notified her brother, and he sent in the first alarm, which was

followed by another. It is expected that a loss of thousands of dollars will result from the gutting of the back part of the school, but the damage is pretty well covered by insurance. The back of the building from the basement to the roof is badly burned out, and it is thought that only about half of the classrooms will be available till repairs are made. The fire is supposed to have started from the furnace.

CHEAPER BRITISH POSTAGE

Dublin, Nov. 14.—Postmaster-General Kellaway has announced that cheap postal rates will be seriously considered in the next government estimates if there is a general trade revival.

Supt. Gannon Is Enthusiastic

Says Language Cannot Express Good Done

"I have been a sufferer from stomach trouble for years. I have not yet used up the first bottle of Adlerika (intestinal antiseptic), as I only take it mornings, but have already begun to enjoy good health. Language cannot express the good Adlerika has done and is doing me." (Signed) J. T. Gannon, Superintendent Potomac Gas and Oil Company, Intestinal Antiseptic.

ST. JOHN MAN IS FATALLY HURT

T. E. Robinson Killed When Car Overturns Near Upham—Other Occupants Injured.

A fatal accident occurred at Hillside, about six miles above Upham on the St. Martins-Hampton road, early yesterday evening, when a seven passenger McLaughlin automobile, owned and driven by H. C. Robertson, 146 Adelaide street, turned turtle, killing Thomas E. Robinson, 38 Kennedy street. The other members of the party, Willard B. Mahoney, 28 Main street, Frank Orr and George Orr escaped with minor injuries, except the latter, who suffered a broken collar bone. The party were on their way home from Sussex with the roofed car and with snow. At the base of a hill at Hillside, Mr. Robinson applied the brakes, but the wheels skidded and the front wheels went in the ditch. The car was traveling about twelve miles an hour but one of the wheels struck a

large rock which tipped up the front end and with the skidding, it turned over. Combined efforts of neighbors and the three in the back seat who had crawled out, soon righted the car. Mr. Robinson, whose head was pinned down by the door was found to be dead. Dr. F. H. Wetmore, corner of Hampton, was called, but found that no inquiry was necessary. Mr. Robinson was proprietor of the Standard Creamery. Besides his wife he leaves three sons, Ralph, Llewellyn, and William and one daughter, Lillian, all at home. His parents, three brothers and five sisters all survive.

LOCAL NEWS

Hon. J. B. M. Baxter and Dr. Murray MacLaren spoke at a meeting in Coronation Hall, Lorneville, Saturday night. The other speakers were Wallace Galbraith, W. E. Golding, Dr. J. K. Baxter and Marshall Stout.
Mrs. Andrew Malena, of this city, who has been visiting Mrs. R. W. Ramanaker, of Nauwigewauk, met with an unfortunate accident yesterday when she fell and broke her left arm. She was brought into the city by her son Dr. D. C. Malena, and is now resting comfortably at her home in Leinster street.
A crew is leaving this city tonight for Quebec to bring the tug Hackett to this port for use at Courtney Bay. This tug is needed to replace the tug G. S. Mayes which left recently for Halifax to take a thorough overhauling. Captain Greenlaw, who is in charge of one of the dredges here, will bring the tug around from Quebec. Almost the entire crew will be made up of St. John men.
About twenty-five members of the St. John branch of the Engineering Institute of Canada inspected the government finding station at Red Head on Saturday afternoon. The various details of the plant were shown to the visiting engineers and the method employed in locating a vessel at sea by G. F. Harris, in charge of the plant. The plant works in co-operation with those at Cape Race, Casco, Chebucto Head and Bar Harbor. A vessel equipped with wireless may be located in less than five minutes.
Representatives of the Y. M. C. I. Knights of Columbus, St. Peter's Y. M. C. and the Assumption Society, of West St. John, met in the Y. M. C. I. yesterday afternoon with those at Cape Race in the league and the Assumption Society will decide the matter of whether or not it will be represented at its meeting this evening. The tentative schedule drawn up yesterday provides for a series of six debates on topics of current importance. The first debate will be held about December 18 and the series will extend over a period of about three months.

THE COUGH WITH THAT TICKLING SENSATION

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every back misgives a breach in the system, strains the lungs and prepares the way for more serious trouble. How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

DR. WOOD'S NORWAY PINE SYRUP is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties.

Mrs. P. Johnson, Port Alberni, B. C., writes: "I have suffered for years, off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief. In fact, I coughed so I used to vomit. I tried different doctors' prescriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and have not been troubled since. I shall always keep it in the house."

Be sure and get "Dr. Wood's" when you ask for it. Price, 50c and 60c a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

DOES WORK OF TWO MEN NOW

Bayside Lumberman Gets Rid of Stomach Trouble—Eats Anything Now.

"We Bay Side people have as much reason to be grateful to Tanlac as the people of Halifax have," said Dan Dauphinee, well-known lumberman at Bay Side, N. S., while on a recent visit to Halifax.

"I had stomach trouble of the worst sort and got cheated out of many a square meal because I just dreaded to eat, knowing the misery I would have to go through with afterwards. I did not dare to touch fresh beef, pork or fats of any kind.

"I was getting worse right along, and it was lucky for me that I got Tanlac when I did. I eat anything I want now and never have a bit of trouble afterwards. What I eat gives me strength, too, for I can do the work of two ordinary men these days and not get worn out."

Tanlac is sold in St. John by The Ross Drug Co. Ltd. and F. W. Wilton, and by leading druggists everywhere.

A BIG TASK TO RESTORE SERVICE

Shipping of the Volga, Russia's Great Waterway, in a Sad Condition.

(Ottawa Citizen.)

A story of Fort Norman oil and the resources of the north country was unfolded last evening before the Arts and Letters Society by F. H. Kitto, who has recently returned from a trip into the northland via Edmonton, Great Slave Lake, and the Mackenzie, Red and Peace rivers. Visits to the Village of Destruction, a gateway post into the Unknown, Fort Resolution and Dawson City were vividly described.

A point emphasized by Mr. Kitto was the present inaccessibility of the oil and mineral fields of the northwest in the districts of the three great rivers. His "Little Mother" Volga, 2,305 miles long, the largest river of Europe, navigable almost from the very gates of Moscow down to the Caspian Sea, means more to Russia than the Mississippi to the United States, because of the fewer railroads in Russia.

The Volga shipping was the best and most highly organized artery of commerce of the old empire. Up and down its ways were floated grain, fish, petroleum, salt, and timber. More than the railways, it was a freight and passenger highway. More than 2,000 oil-burning steamers plied up and down its channels.

Magnificent 20-knot passenger steamers went from Nizni-Novgorod to Astrakhan, and there passengers and freight were transhipped to the Caspian, and thence to Baku, the business centre of the Caucasus and Persia, or to Krasnovodsk, the leading port for Turkestan. It was a world of inland commerce of Great Russia quite unknown to Western Europe.

Now the big famine has called attention to the Volga. Frozen from November to April, she will then again assert herself, unless another drought cripples her slow-moving waters. Like the Mississippi, she has her meanders, and carries big quantities of black and brown earth which she deposits here and there by the dismaying of the pilots. In pre-war days dredging machines kept her channels open, but since the general war and during the revolutions, these dredgers have not been so busy.

Another factor has been the gradual disorganization of the steamer service, with unrepaid engines and incompetent or dissatisfied crews. Under the Soviet control, no fares were paid until September last, and neither captain nor crew have for many months received either pay or food. And so it has gone, until from 2,000 and odd steamers daily on the river, there are but an odd hundred. In Astrakhan, the correspondent waited three days to get a berth. Thousands of

ANSWER TO MR. GOLDING RE BASKET BALL

To the Editor of The Times:—

Sir,—I trust that you will give as full publicity to this as was given to the letter written by the manager of the Trojans Basketball Team published in Saturday's issue. For those who are aware of the circumstances no answer is necessary, but for the benefit of others who do not know the inside story it is perhaps best not to ignore it. The last six or seven years a city league has been successfully carried out, and in no case has the number of teams been less than four, as it has always been considered too hard on the players. At the very first meeting of the league it was known that one of last year's teams was very doubtful of being able to enter, as they could not get some of their last year's players, and also because their team needed to be strengthened. The Trojans had all last year's players, and had added a new man to their team. The Seniors, winners last year, had only five of last year's players available, and with the knowledge that one of these had received notice to be ready to leave the city and with the possibility of losing another, had tried out a former McGill player and found him to be one of the best defence players seen here in years. Combining a forward and defence game and being a good shot, he added considerably to the strength of the team. It was the intention of the Seniors to use him as a regular player and not as a spare as was stated.

To the Seniors came a request that they release this player, Yale had strengthened the third team and, although facing a serious breakup of their team, they consented to releasing the Seniors would release a player. As most of the Trojans had played together for years, they considered it a pity to have preferred Malcolm, Urquhart or Kerr, asked for the release of the new recruit, who had only worked out with them for short periods, not exceeding two hours in all.

After considerable discussion and after the physical director of the Y. M. C. A. had been called in to assist, the Trojans' manager agreed, providing the player himself was willing. The physical instructor immediately got in touch with him and he, being told the circumstances, promised definitely to play. A meeting of the league was then called to complete the schedule. However, at this meeting it was announced that the Trojans had repudiated the action of their captain and would not give up the player, and as no solution seemed possible the meeting was adjourned.

At the next meeting it was pointed out to the Seniors that this player would be available against outside teams, and it was suggested, if not satisfied with the action of the City League, a series of three or five games could be arranged with the winners. On their refusal to consider any compromise, it was suggested that all players be pooled and that three evenly matched teams be drawn.

In his letter is one which says, "In all the years I have followed sport." Judging by his view points one would wonder if he had not followed so far behind that he had become somewhat confused as to the real meaning of the word sport.

In conclusion, it might be said that it is rather unfortunate, both for the Trojans, who have the making of a good team if properly handled, and for the game itself, that their manager, who is not a player and who has absolutely no knowledge of the game or of local conditions, should have been allowed to issue a statement which must be flatly contradicted as being both incorrect and unfair.

Yours truly, ROY A. WILLET, President of the City Basketball League.

New Plan for Dealing With Children Suffering from Malnutrition.

New York, Nov. 14.—The National Nutrition Association reported today that more than 5,000,000 school children in the United States were suffering from malnutrition. The association soon will put into effect a unique plan for instructing these children in correct health habits. The plan has been developed by the aid of Dr. W. R. P. Emerson of Boston, nutrition expert. Each child will be required through his teacher and parents to submit a card indicating daily performance of seven health chores. The cards read: I was weighed this week on the day checked (x). Besides a good breakfast and the noon and evening meals, I ate mid-morning and afternoon lunches as directed. I ate only wholesome food today, including vegetables, fruit, and at least a glass of milk, as directed; and tried always to eat and drink slowly. I drank four glasses of water, some before each meal, and drank no tea, coffee, or any injurious drinks. I went to bed last night ten or more

It is being laid with a view to, to complete the work this week.

WOULD BUY OUR APPLES.
The secretary of the Board of Trade has received a letter from a firm of potato shippers in Havana, in which they say that they have been importing potatoes from New Brunswick for years and have found them as good as any on the market until lately, but that they have a large quantity of the shipments have arrived in bad condition. The letter also says that they are on the market for the importation of apples. The imports this year were declared far below normal due to the prohibitive price of the California fruit. The firm thinks that there is a good chance for maritime produce exporters in the Havana market. Latest prices are quoted as follows: Gravenstein, \$4.50 a case of from 175 to 200 apples; Ben Davis (which is the most popular kind in that country), \$12.50 a barrel; "Delicious's Rosette," \$7 a case of from seventy-two to ninety-six; \$6.50 a case of from 113 to 125.

SUGGESTION RE UNEMPLOYMENT

Resolution Adopted at Meeting of Methodist Ministers This Morning.

The Methodist Ministerial Association of the city met this morning with Rev. H. B. Clark in the chair, and Rev. J. M. Wright acting as secretary. Others present were Rev. Messrs. R. G. Fulton, Neil McLaughlan, Dr. George Steele, J. K. King, E. Thomas, William Lawson, and G. M. Ross, president of the New Brunswick and Prince Edward Island conference.

Mr. Ross briefly addressed the association in relation to the work of the district and in regard to the session of the district, which is to be held here soon.

Rev. Dr. Steele gave a report of a recent meeting of the church union committee in Toronto, and told of the progress made toward full confirmation of the union.

The following resolution was passed by the association: "The Methodist Ministerial Association of this city, being impressed with the peculiar situation which has arisen because of unemployment and fearing that the coming month may make the problem more acute, we respectfully suggest to the mayor, that if the city does not feel warranted under present circumstances in undertaking some great public works to relieve the situation, that the question of unemployment, and to discover if possible, where relief may be found.

CARRIED OFF SUNDAY MILK

It had been enough to pinch a man's bottle of milk on a week-day when he can slip around to the corner grocery and replenish his supply, but to run off with his quota on a Sunday morning is the height of depravation. There is a householder in Elliott row who suffered this inconvenience yesterday and his difficulties were increased by the fact that he had visitors for lunch.

The bottle of milk was delivered some time before ten o'clock and was noticed by the lady of the house, who decided that she would bring it in later. When she did go after it she found cause to regret her procrastination. The father of the family was not in a very pleasant frame of mind for a few minutes. He said that a milk thief was bad enough at any time, but one who carried out his work on Sunday was a "dirty dog."

WILL USE THE CLIFF ST. SCHOOL

Boys in the Morning; Girls in Afternoon.

One Session Arrangement While St. Joseph's is Being Repaired After Disastrous Fire Early This Morning.

On account of serious damage sustained in a fire in St. Joseph's school this morning, it has been found necessary to close the school for repairs for about a month. While some of the rooms can be fixed up in a couple of weeks, the whole work cannot be completed in that time.

Arrangements were made today whereby the girls who have been deprived of a school by the fire will receive their lessons in the boys' school in Cliff street. The boys will attend as usual at 9 o'clock in the morning and will be dismissed for the day at 1 o'clock. The girls will go to school at 1.30 p.m. and remain until 3 o'clock.

The damage done was more serious than at first thought. The rear section was gutted from the cellar to the roof, while the front section was also badly damaged. The flames worked up through the partitions and burned large holes in floors and ceilings, while the heat caused large sections of plaster to loosen and fall off the walls. The entire building was saturated with water and this combined with the flames, practically destroyed the entire interior. The building was insured for \$12,000, but it is estimated that it will take a considerably larger sum to repair the damage sustained.

This morning hundreds of children wended their way to school, the vast majority ignorant of the fact that the building had been rendered uninhabitable. They were given permission to remove their slates, books, etc., from the desks, but many of them had been destroyed, and some of them found them partially buried or water soaked. Some of the pupils who occupied rooms in the rear section lost everything in their desks.

EXPRESS THEIR APPRECIATION

(Continued from page 1.)
Mr. Thornton said he is making arrangements to remove a pole there.

Commissioner Frink said he planned having a pole which is out in the roadway set back close to the curb. He suggested that when the money was available a pair of ornamental poles be placed on each side of the fountain.

Regarding an application by the Phonograph Salon to erect an electric sign on a pole outside their place at King square, Dr. Frink said the council had no authority to allow for the erection of signs on poles.

The matter was referred back to the commissioner.

The commissioner also reported that permission had been given to Robinson's clothes to erect an electric sign in King street. Application for permission to erect an electric sign, made by F. W. Armstrong, Charlotte street, was referred to Commissioner Frink and the city engineer for report.

Proposed Street Work.
Commissioner Bullock asked if the commissioner of public works would consider the removal of a large shoulder of stone at the head of Rodney street on the west side.

Dr. Frink said the department had a crusher there last year and there were so many complaints that the opportunity to remove it to Millidgeville road was taken advantage of. He said he would bring in a report.

To the mayor he said that both crushers were now shut down but he could have one of them placed on the west side and would give employment to at least twenty men.

He moved that the road engineer cause a survey to be made preliminary to the widening of Millidgeville road between the Spar Cove road and the Board's Head road. He said this would provide for some work for the unemployed.

Speaking to the resolution Dr. Frink said it was disheartening to find that the population of the city was 46,500, while in 1881 it was 37,000. He did not wish to think that the city was finished. He said the Millidgeville road area was the place for the city to expand and would allow the city to get away from the side hill proposition which, with its r.r.-ing, was, had been and is a source of expense and worry constantly.

Mr. Bullock was of the opinion that a programme of improvements suggested for next year should be brought in before any definite work was attempted. He said that the Westmorland road, Haymarket square, Prince William, Princess, Duke and Somerset streets all required attention as well as some streets on the West Side.

The West Side streets, Commissioner Frink said, were in fairly good shape and there had been a great deal of complaint. He said plans for next year included the Prince William street, Market square, Haymarket square, Princess and Duke streets work. He said he would re-submit the programme.

The mayor said he approved the Millidgeville road plan but he thought the money should be spent first in the main part of the city.

Commissioner Thornton said there were many streets in the north end which required attention.

Commissioner Frink said the Westmorland road had been in bad condition for years. The sidewalk also was bad and would require attention.

Commissioner Jones said the sewer from Church street around the Market square might need renewal this fall or next spring before pavement was laid.

The motion was carried.

Prince William Street.
Commissioner Frink said that the condition of Prince William street between Princess and King was bad.

Commissioner Jones said the water and sewerage department had filled up several times cuts made in the street for service pipes.

Mr. Thornton thought the public works department should make the repairs necessary to keep the street up and charge it up to the water department.

Commissioner Bullock thought the matter should be remedied before a general complaint was made.

Mr. Jones said his department would look after the repairs this afternoon.
