No Basis Yet For Conference on The Future of Ireland

Lloyd George and De Valera Met Today Again—Irish Leader to Dublin to Confer With Followers—Reported Decision of Offer by Cabinet.

London, July 21.—The basis for a conference to attempt a settlement of the Irish question has not yet been found, it was announced in the official communication issued after a conference today between Eamonn De Valera and Lloyd George, who have been conferring with the object of finding such a basis.

BASEBALL MAN HAD TWO FAMILIES

Left Both by Jumping From Calvin Austin.

Investigation Reveals That Arthur I. Irwin, of Boston, Had Home, Too, in New York.

Boston, July 21.—(Canadian Press)—The death of Arthur I. Irwin, manager of the Hartford baseball team, and for many years well known in baseball, has brought to light the fact that for thirty years the noted scout and manager had lived a double life.

Herbert Irwin of Boston, son of the baseball man, who lives with his mother, Irwin's legal wife here, has conducted an investigation into his father's life.

Each of the women, it is said, was absolutely ignorant of the other's existence.

Though reputed to have considerable money, Irwin contributed little in the last thirty years to the support of his Boston wife and children.

In a note accompanying the check sent to Mrs. Irwin by way of "God bless you all."

SUES GROCER FOR SELLING EXTRACTS TO HER HUSBAND

Salisbury, N. C., July 21.—Mrs. M. J. Woodington of this city yesterday filed suit for \$10,000 against W. A. Roosen, a grocer, who, she charges, sold to her husband favoring extracts which caused him to neglect and beat her.

J. F. Frame, K. C., of Regina, has been spending a few weeks' holidays in Nova Scotia. Mr. Frame, who is a graduate of Dalhousie and a member of the Nova Scotia bar, went west in 1899 and has won a prominent place in legal and political affairs in Saskatchewan.

HOW YOU CAN MAKE HAIRS QUICKLY DISAPPEAR

(Helps to Beauty.) Even a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with delatone. To remove hair from arms, neck or face make a stiff paste with a little powdered delatone and water, apply to hairy surface and after about two minutes rub off, wash the skin and will be left free from hair or bluish. To avoid disappointment, be quite certain you get real delatone and mix fresh.

## SQUABBLE OVER PEKINESE PUP

New York Financier and Divorced Wife Both Claim Ownership—Two Lawyers and Supreme Court Judge Dragged Into Scrap.

New York, July 21—A Pekinese is about as small a dog as can be seen, yet the one that lives in the home of Daniel G. Reid, leader in the tin plate industry, at No. 907 Fifth avenue, is causing as much trouble as a Great Dane or a Rus-

sian wolf hound could reasonably expect to start.

Two busy lawyers appeared before a busy supreme court justice and submitted voluminous briefs on the question of the ownership of the Reid Pekinese. Mrs. Margaret Carrere Reid, who divorced her husband more than a year ago, claims that the small pet is part of the household furniture which belongs to her. Mr. Reid is as insistent that the dog is his property. Edmund L. Mooney, attorney for Mrs. Reid, says the Pekinese sleeps on a pillow at the foot of Mr. Reid's bed every night. The subject of all the controversy, the Peke himself is now at the country place of Mr. Reid in Greenwich, Conn.

Although the most important bone of contention between Mr. Reid and his former wife, the pup is not the only obstacle to an amicable settlement of their respective claims. The ownership of a painting of King George I, by Sir Thomas Lawrence, is also in dispute. It is Pup Part of Furniture?

From the statements of attorneys for

## Notice!

Because of the recent bad reports concerning the purity of the City water supply, naturally people are somewhat concerned regarding that used in the manufacture of beverages of all kinds.

For our own reputation and the protection of the public, we submitted samples of the water used by us to the Department of Health with the request that a Bacterial examination be made and a report submitted.

The Department under the direction of Dr. H. L. Abramson, advises that the necessary tests have been made and

"The Water Is of Excellent Quality."

This is about as we expected, as the elaborate filtration equipment which we have always used guarantees us a pure supply at all times.

A Few Facts About Our **Hardwood Flooring**

1. Equipped with the very best up-to-date kilns, we are able to guarantee flooring thoroughly and scientifically dried.
2. With machines, the best that money can buy, and thoroughly skilled mechanics, we offer perfectly manufactured flooring.
3. We undertake to meet any legitimate competition and can therefore offer the best going prices.
4. Using entirely our own native woods, and employing a large force of mechanics in our own town, we feel justified in claiming for our flooring a preference over the imported article.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

LET THE ACT SPEAK

If any of the gentlemen who are supporting the harbor commission act should desire to purchase a horse they would go about it in a business-like way. They might betray a languid interest in other horses in the stable, but their attention would be centred upon the particular animal they proposed to purchase.

Now the only harbor commission act in which St. John is interested is the St. John harbor commission act. What are its features? What does it undertake to do for St. John?

Under its provisions a far greater revenue would be placed upon the harbor than at the very outset it now bears, and to this would be added the greater part of administration and the interest and sinking fund of all new expenditures year after year.

The act says that all this shall be a lawful charge upon the revenue. In other words, if a million or five millions should require to be expended for harbor development, the act says the principal and interest of the debentures to be issued under authority of this act shall be repaid out of the revenue of the harbor.

The advocates of harbor commission cannot dispose of the act in a summary manner. As Commissioner Frink says, it is clear and simple. And it is the act, and not what any gentleman may assume, that the citizens are to accept or reject.

Let us consider one of the additional burdens to be placed on harbor revenue before anything else is done. It is a part of the contract. Here it is—Section 13:

"The elevator, the property of His Majesty, and all wharves, the property of His Majesty, in the right of his government of Canada, within the limits of the harbor of St. John, as set out in Section 3 of this act, shall be subject to the control of and administration of the corporation (the harbor commission) upon and from such date as may be fixed by the governor-in-council, and the corporation shall pay in consideration thereof to the minister of finance of Canada, interest at the rate of three and one-half per centum per annum upon the amount of the cost of construction thereof."

WHY BUY MY DREAMS?

I go from door to door. Peddling my fancy rhymes. Some look them critically over. Saying, "We've seen such stuff before. Write something for the times."

IN LIGHTER VEIN. Learning His Trade. "Johnny" said the teacher reprovingly, "you mis-spelled most of the words in your composition."

His Destination. Friend—That movie star is very pompous. He boasts that he has arrived. Director—He has. This is where he gets off.—Boston Transcript.

Just Enough. "Was there much of a gathering to see the ship start?" asked Col. Edwards, whose servant had been down to the wharf.

His Little Quip. Lawyer—What distinguishing feature was there about the watch that the accused stole? Witness—My sweetheart's picture was in it.

Lawyer—Ah! A woman in the case. Reports of Home for Incurables. Annual Meeting of Subscribers Held Today.

Requests Total Above \$6,000 and There is Increase in Income from Paying Patients—The Invested Funds Above \$185,000.

The annual meeting of subscribers to the St. John Home for Incurables was held at the Home at one o'clock this afternoon. The reports presented were as follows: President's Report. Ladies and Gentlemen—The board of management of the St. John Home for Incurables herewith presents its report for the year ending July 1st, 1921.

At the beginning of the year there were in the Home twenty-eight patients, sixteen males and twelve females. During the year ten patients died, seven males and three females; twelve patients were admitted, six males and six females; and there are now in the Home twenty-nine patients, fourteen males and fifteen females.

The financial condition of the Home will be fully explained in the treasurer's report. Mrs. Meyer and her capable nurses have, we believe, faithfully carried out their duties. The year has been specially hard one owing to the number of serious cases under their care.

The Treasurer. St. John, N. B., July 8, 1921. To the Subscribers of the St. John Home for Incurables.—Thanks to a generous public response to the appeal for help made last fall we close the year with a cash balance on hand. But for the \$2,255 raised by that appeal we should have been compelled to add an operating deficit of \$139.42 to the deficit of \$331.30 carried from last year.

RECENT WEDDINGS

**Bourque-McGrath.**  
Leo L. Bourque, son of Dr. L. N. Bourque of Moncton, was united in marriage in St. Bernard's church on July 14, to Miss Frances, daughter of Mr. and Mrs. Joseph McGrath of St. Eildore. The Rev. Father Savage performed the ceremony. The bride, who was attended by Miss Belliveau, looked charming in a blue silk costume with hat to match. The bridesmaid was daintily gowned in brown georgette and small brown hat. The groom was supported by his brother, Edgar G. Bourque. Mr. and Mrs. Bourque will reside in Moncton. Mr. Bourque is a nephew of Mrs. Louis Comeau of St. John.

**Russell-Mitton.**  
At the home of Mr. and Mrs. George G. Mitton, of Steeves Mountain (N. B.), recently, their daughter, Evangeline Alberta, was united in marriage with John Stewart Russell, son of Mr. and Mrs. E. S. Russell, of St. John. The marriage ceremony was performed by the Rev. Norman MacNeil, B. A., B. D., recently pastor of the Salisbury Baptist church, but now of Marysville (N. B.). Miss Helen Mitton, of Moncton, niece of the bride, played the wedding march. Master George Nethercott, of Moncton, a nephew of the bride, was ring-bearer. Mr. and Mrs. Russell will reside at 10 Wentworth street, St. John.

**Kennedy-Dave.**  
Miss Mildred Dave, daughter of Mr. and Mrs. M. L. Dave, 17 Hammond street, and Alexander Francis Kennedy were married at the home of the bride's parents at 7 o'clock yesterday morning by Rev. R. P. McKim. Miss Dave was married in a traveling suit of sand tulle, with hat to match, and carried a bouquet of roses. After the ceremony a wedding breakfast was served at the house and during the morning the happy pair left for a traveling trip in the St. John river. The bride has been employed in the office of the New Brunswick Telephone Company. The groom belongs to Ottawa and formerly resided in St. John. After the honeymoon he and his bride will leave for Ottawa.

**Blackney-Oliver.**  
Rev. Clarence F. Blackney of Bridgewater, Mass., and Miss Violet F. Oliver, formerly of Truro, were married in Truro recently by Rev. E. A. Kinley. Miss Caldwell of this city was a guest at the wedding.

**Thompson-McDowell.**  
In Black's Harbor Baptist church yesterday, Rev. F. H. Bone of this city officiated in marriage Russell C. Thompson and Miss Nina Blanche McDowell. Mr. and Mrs. Thompson will reside in this city.

## LOCAL NEWS

Extensive prosecutions all over the country are about to be instituted by the taxation branch of the federal government's finance department against those who have failed to make returns of income as provided by the income act.

The case of Mitchell vs. George, which was to have begun before Judge Armstrong in the county court yesterday, was settled out of court. It was a claim of \$90.85 for goods sold and delivered. P. J. Hughes of Fredericton presented the plaintiff, and D. King was the defendant.

J. W. H. Roberts has been appointed def. clerk in the C. N. R. audit department, a promotion that has been well merited and which will give much satisfaction. Mr. Roberts has been in the office over twenty years. During the last two or three years he has been in special audit work.

Robert Powell, a native of British Columbia, was handed over to the local police yesterday afternoon by Captain Parsons of the R. M. S. P. Chignecto. He is discovered on the voyage here being on board the steamer. He is being held at the police station and will be returned on the same liner as a stow-away.

Word was received last night that fire broken out on Isle au Haut in the city of Fundy, about five miles due east of St. John. Picnickers and excursionists are supposed to have caused a conflagration which burned over east two-thirds of the island. The fire a time, threatened the lighthouse and her building on the island but a change wind saved them. Lightkeeper Mors lost much valuable wood-land.

The local police department have been armed to be on the lookout for two youths, each fifteen years of age, who escaped from the Boys' Industrial Home Tuesday evening. The boys come from Westmorland county and the Mount police also have been asked to watch for them as it is thought they might be in that direction.

A horse attached to a dump cart belonging to the gas house fell into a hole in the corner of Pitt and St. James streets yesterday afternoon. No. 1 hook ladder cart and five firemen, in response to a telephone call for help, went to the scene and with the aid of planks and other improvisations succeeded in retrieving the horse from his position.

Rev. and Mrs. Moorehouse Legate today for a five weeks' vacation to, during which they will visit Montreal, Toronto and Niagara Falls. In absence Rev. Mr. Legate's pulpit Knox Presbyterian church will be supplied in turn by Rev. J. H. A. Anderson of Chatham, who was formerly minister of St. John's Presbyterian church in this city; by Rev. R. J. Mill of Debec, and by Rev. Frank Baird Chipman, clerk of the St. John's sabbath.

The regular meeting of the Seamen's Union, Local 272, was held last evening in its hall in Long wharf. The president of the union, J. Wolfe, occupied the chair. The main question being discussed was a proposed cut in dues from \$5.50 to \$4.00 per day. The matter was hotly discussed but no decision was reached, although a resolution was announced that a large portion of the present were in favor of acceding to the cut. A further consultation is to be held with the local shippers before a final decision is arrived at.

**Mrs. Margaret Raven.**  
The death of Mrs. Margaret Raven occurred at her home, 58 St. James street, yesterday. Mrs. Raven was the widow of Henry Raven, who, previous to his death about fourteen years ago, had been in the employ of H. D. Troop for more than forty years. Mrs. Raven leaves to mourn three sons, George, of Pictou (N. S.); William, of city, and Arthur, of Montreal; and a daughter, Emma, at home.

## PLAYGROUND GIFT TO CITY

What One Maine Man Did for the Little Ones in His Home Town.

Augusta, Me., July 21.—With the thought in mind of the children of today will be the citizens tomorrow and the greater their love of the out-of-doors, the better citizens they will become, Hon. George K. Macomber of this city has most generously supplied one of Augusta's greatest needs in presenting outright to the city a playground for the children, fully equipped ready for use.

The Macomber Playground is a shining example of how more land of no immediate use can be transformed into a place of beauty and general utility. One who had seen these two acres of land some time ago would scarcely recognize the locality today. Situated in a valley surrounded by the hillsides of beautiful shrubbery, the grounds are ideal in every respect for a children's place of recreation. The grounds are certainly located between Valley street and Gage street, and are very easily accessible from State, Gage or Child streets.

On entering the grounds from Gage street, nearly opposite the Eaton shoe factory, one first notices the neat rest room building which covers an area of 30 by 20 feet. On one side of the building is a lavatory for boys, and on the other side for girls. In the center of the building is an open room, where the mothers may rest and watch the children at play. This building also contains the office room for the men in charge of the grounds, and a storeroom for the storage of apparatus in the winter time. The building is supplied with running water and a drinking fountain is in the main room. Directly in front of this building on a lower level is the wading pool, which is always a source of delight to the young folk. This pool is about 50 feet long by 20 feet wide, and is from 18 to 18 inches deep in the center, gradually becoming more shallow towards the banks. There is a concrete flow of water in and out. The bed of the pool is of small rocks, covered with beach sand.

To the left of the rest room is an inviting path leading around the south bank to a beautiful shelter house, charmingly located among the trees. There the mothers may wheel the baby carriages and rest in the summer house on hot afternoons.

The rest of the grounds is given over to the play apparatus—slides, swings, boxes of sand, swing boards, merry-go-round swings and balanced ladders for hand-over-hand swinging. All of this apparatus is set in concrete, so it is strong and solid. There are swings of two kinds, one style with sides designed especially to keep the young tots from falling out. Everything is new and is neatly and artistically arranged.

Beautiful flowers and trees have been set out on the banks on all sides of the apparatus, and Mr. Macomber is planning another year to set out a lot of hardy hydrangeas and Japanese roses as the approach from Gables street, so that there will be a bloom next summer. A wire fence goes all around the grounds with gates on the east and west sides.

In the working out of the playground plan, Mr. Macomber has put in a lot of time and has expended a large amount of money, and he generously gives it fully equipped to the city with the understanding that the city shall maintain it. Mrs. Macomber said today that although there is nothing in the deed so specifying, it is understood that the grounds shall be for smaller children, those who do not have access to the Williams field and the other ball grounds of the city.

## SIR JAMES CRAIG TO RETURN TO LONDON

(Canadian Press Despatch).  
London, July 20.—The British cabinet sat for two hours and a half this evening considering the Irish plans, after which Premier Lloyd George went to Buckingham Palace and had before the King, whose interest in an Irish settlement is the keenest, the proposition for submission to Eamon De Valera, the Irish Republican leader at tomorrow's conference.

Whether Mr. Lloyd George has succeeded in overcoming the reluctance of Sir James Craig, the Ulster premier, to join in a tripartite conference is not known, but an announcement that Sir James is coming to London again, probably next week, is considered a favorable omen, and in any case no hint of a breakdown in the negotiations is apparent. These, however, may be more protracted than has been generally expected. General Smuts is holding himself in readiness to go to Ireland again, if needed.

## FIRE IN SYDNEY

Sydney, N. S., July 20.—A spectacular fire destroyed the wooden roof of the open hearth furnaces at the Dominion Steel plant here tonight, causing damage estimated at \$50,000. Work on government rail orders will not be interrupted.

## ANGRY AT TROLLEY, HE SMASHES CAR DOOR

Boston Man, When Third Passes, Makes an Attack, Only to Lacerate Arms and Go to Hospital.

Boston, July 21.—Hot weather, a hot temper and poor train service are responsible for the condition of Joseph Stone, aged forty-seven, of 567 Tremont street, who is at the City Hospital suffering from weakness due to loss of blood.

Stone stood in Tremont street waiting for a car. One approached. Stone signalled for the car to stop. The motorist failed to heed the signal. Another car arrived. The second motorist refused to stop when Stone raised his hand.

The third car stopped, but before Stone could step on the car it started on its way. Stone was mad. He took two lusty swings at the car door. Glass crashed and Stone bled freely from long, deep lacerations in his arms. A policeman applied a temporary tourniquet, but Stone didn't reach the destination for which he started. He was taken to a hospital instead.

## Extended Auto Trip.

Frederick Gleason—Mr. and Mrs. J. A. Macaulay, Miss Gladys Macaulay and Earl Macaulay, of Medford, Mass., were in the city on Tuesday en route to St. John. They made the trip by automobile and had covered 485 miles at noon. Mr. Macaulay is a former Westfield man and will visit his old home.

## STOWAWAYS OUTWITTED.

Announcement of Fumigation Scared Out 39.

New York, July 21.—The liner Providence, which arrived here from Martello and Naples, brought a tale of how her commander, Captain Martello, adopted a new dodge to learn how many stowaways there were on board.

Suspecting there were many unbooked passengers lurking in the hold, the skipper, when the vessel was near Naples, called the boatswain to him. "Go on deck," said Captain Martello, "and call out in your loudest tones, 'All hands on deck.'"

The boatswain carried out orders, but never a stowaway appeared. "Shout that the ship is to be fumigated and those who stay below decks will be killed by fumes," was the next command the boatswain got. He bawled it out and within a few seconds thirty-nine stowaways came ambling up the hatch ladders. They were put ashore at Naples.

## BOY HERO DEAD

Calais, Me., July 20.—Philip Cochrane, the young hero of Codyville plantation, who after rescuing two of the Colwell children from their burning home, rushed in and saved a two-year-old baby, died in the Calais hospital yesterday from his burns. He was seventeen years old, and it is probable that a monument to his memory will be erected. The death list as the result of the fire is now three.

## ICELAND'S KING VISITS COUNTRY FOR FIRST TIME

Christian X of Denmark Given a Fervent Welcome—Toast Honored in "Dry" Fashion.

Reykjavik, Iceland, June 28.—(Associated Press by mail)—The first King of Iceland set foot for the first time yesterday on Icelandic soil. The welcome extended by the islanders to Christian X. of Denmark, and also of Iceland, bore a solemnly fervent character; apparently more solemn than was anticipated by the gay, easy-going crowd of Danish visitors who had come over for the occasion.

The Icelanders themselves took their king's visit tremendously seriously, and regarded it as an event of momentous importance. The majority of the capital's 18,000 inhabitants spent the day around the public school building, which was made the official residence of the Danish royals, and re-baptized "the Castle." Reykjavik's 150 automobiles were taxed heavily, carrying important-looking uniformed and decorated dignitaries to and from "the Castle."

At a gala dinner, Queen Alexandrine wore the Icelandic national dress, the 7000-kroner gift of the women of Iceland. With her heavy gold crown, it made the Queen look like a tapestry picture of a visiting queen of old Eddia times.

Iceland being "dry," the loyal toasts were honored in mineral waters and lemonade. In commemoration of his visit, King Christian has instituted a new decoration; the order of the Icelandic Falcon.

Both the king and the queen will visit historical Icelandic places on horseback. The king will be mounted on a beautiful white charger fourteen hands high; the tallest horse in Iceland. Several excursions planned have had to be abandoned owing to the swollen state of the rivers.

## PATRIOTIC CORN.

Milwaukee, July 20.—Prof. William L. Woodbury of the botany department, Northwestern University, has produced a red, white and blue breed of corn which he celebrated the Fourth of July.

Good home made bread is the most palatable, wholesome and nourishing food in the world. It is far more economical than any other staple food. If people would eat less meat and other heavy foods they would feel better and help to keep down the cost of living. Bread made in the home with Royal Yeast Cakes is more nourishing and appetizing than any other. Nothing healthier for children and grown ups.

A fresh, rosy complexion indicates perfect health. To secure this in most cases all that is necessary is to take one to three Royal Yeast Cakes a day for a few weeks. Yeast is a food. It supplies the water soluble vitamins which the diet may lack. Scientists tell us that this vitamin is essential to good health. Yeast is highly beneficial in many cases in which the system seems to be run down. The yeast cakes simply add to the diet. Dissolve a Royal Yeast Cake in fruit juices or mix it with cereal and milk, and take it at meal time. The chances are in a few weeks the complexion will be clear. Constipation and other ills will be relieved. For children reduce the amount to one-half or one-quarter of a cake with each meal. Send name and address for free booklet "Royal Yeast Cakes for Better Health."

PUBLIC NOTICE

In view of the unfavorable reports by the Department of Public Health on the City Water Supply, The Purity Bottling Works, Limited, wish to inform the general public that the water used in the manufacture of "Purity Drinks" is drawn from the famous Artesian Well at Oland's Brewery. Several independent analyses show this water absolutely free from bacteria, and especially suitable for the manufacture of carbonated beverages.

## BUY THAT HOME SITE NOW!

PRICES OF BUILDING MATERIALS ARE DECLINING TO normal. This means a greater demand for desirable building lots and a consequent increase in value and price. Buy your lot now while you have first choice of desirable sites and before prices move from the present low level. Our easy terms enable anyone to secure a freehold lot.

THE FIRST STEP TOWARDS OWNING A HOME IS BUYING A LOT.

We are exclusive selling agents for building lots on the following properties:

- PORTLAND PLACE**—(Lansdowne Avenue, off Main Street, opposite Harrison; Dufferin Avenue, off Main street, opposite Simonds). A highly improved residential property, boulevard streets with paved road- way, grass plots and concrete sidewalks, city water and sewers, electric lights, reasonable building restrictions that insure uniform and pleasing development. We strongly recommend lots on this property to particular people. Easy terms to those intending to build.
- TISDALE PLACE**—(One Mile House to Kane's Corner and out Red Head Road). This has been the most popular property on the market to the man who does all or part of his own building. Our easy terms have enabled many to escape the monthly drag of paying rent. Many fine homesites remain. A few with city water.
- WESTMORELAND HEIGHTS**—(Opposite One Mile House). A new property just subdivided and put on the market and already in good demand. This is proving just as popular as Tisdale Place. The terms of sale are the same. Quite a number of lots have city water. Get first choice on this desirable property.
- LANCASTER HEIGHTS**—(Between car line to Seaside Park and Sand Cove Road). High level lots with a fine view of the Bay and sur- rounding country. These are undoubtedly the finest homesites on the western side of the harbor. Easy terms.
- MOUNT PLEASANT COURT**—(On Mount Pleasant Avenue near Rockwood Park). This is the highest class residential property in the city. Only four lots remain. Restricted to good class self-contained houses. A real opportunity to secure the best.

OUR EASY TERMS—Our terms on all the above properties except Mount Pleasant Court are 1-10 cash and the balance in monthly payments of \$10 each, with interest on the outstanding balance only at 7 per cent. Larger payments accepted at any time.

Everyone can buy a lot on these terms. It is the first step towards owning a home. GET YOURS NOW.

## How to get the Mattress Quality you Pay for

**A** WOMAN never sees the inside of her own mattresses. All she sees is the cross-section "sample" at her dealer's. She expects that the mattress she gets will be exactly like the sample, sanitary all the way through.

Perhaps it is—perhaps not! Many a good-looking mattress is made of material "renovated" from old, dirty mattresses, or even mattresses discarded by hospitals and homes where there has been contagious disease.

This condition worries your dealer as much as it does you. For your protection and his own he is concentrating on Simmons Mattresses.

Simmons Limited makes this Unqualified Statement to every merchant who sells Simmons Mattresses

"Cut open any Simmons Mattress that comes into your store. If you do not find it up to specifications, or better—ship back every item of Simmons merchandise and never send us another order."

These fine, sanitary Simmons Mat- tresses are made in four styles, distinguished by Labels of different color

Blue Label—\$35 Green Label—\$19.50  
Red Label—\$25 White Label—\$12.75

Ticking of the best. Stitching and tufting close, firm, uniform. Resilient. Luxurious. Built for sleep. Sealed in a carton roll in the work-rooms, and delivered to you sealed, sweet and clean.

Canada has no Pure Bedding Laws—but Simmons Limited has!

Free Booklets on Sleep!—Write us for "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep" and "Yours for a Perfect Night's Rest."

### TENDERS.

TENDERS addressed to the under- signed at Ottawa, and marked on the outside of the envelope "Tender for Steamer 'Thirty-Three,'" will be received by the undersigned up to noon of the Seventeenth day of August, 1921, for the steel steamer "Thirty Three," now laid up at Halifax, N. S.

The following are the leading dimen- sions, viz:—  
Length, 80 ft.  
Breadth, 18 ft. 1 in.  
Depth, 8 ft. 9 in.  
Gross Tonnage, 79.87.  
Nominal H. P., 21 1/2.  
Indicated H. P., 138.  
Registered Tonnage, 32.73.

Vessel built in Great Britain in 1902. Arrangements can be made for exam- ining the steamer by applying to the Agent of the Marine and Fisheries Department, Dartmouth, N. S. The steamer will be sold as she stands.

Each tender must be accompanied by an accepted deposit cheque equal to ten per cent. (10 p. c.) of the amount of the offer as a guarantee that the successful tenderer will pay over the tender price immediately on the acceptance of the offer.

The highest or any offer not neces- sarily accepted.

ALEX. JOHNSTON,  
Deputy Minister of Marine and Fisheries  
Department of Marine and Fisheries,

SEEKS BILLIONS TO BUILD HOMES

Hoover Would Use Savings of People.

Big Banks Helping Little—Suggests Amendment to the Federal Reserve Act to Make Savings Deposits Available—New York Improves.

Washington, July 21—Plans for relieving the estimated shortage of 1,500,000 homes through the country through the diversion of a greater proportion of the nation's \$22,000,000,000 in savings deposits into home building are under consideration by Secretary Hoover.

The commerce secretary considers that there has been a tendency during the last few years for the savings of people to find their way into commercial paper, bonds and similar securities rather than into home building, while a critical housing situation has developed, with about 117 families for each 100 homes.

The chief reliance of the country in the necessary financing of home building, in the opinion of Mr. Hoover, must be the savings institutions. With a total of \$22,000,000,000 available from these sources, he believes it will be found, after eliminating the building and loan societies and actual savings banks, that some 80 per cent. of their deposits are devoted to home building, while the savings departments of National banks, State banks, trust companies and insurance companies, comprising more than one-half of the total, probably do not loan more than 10 or 15 per cent. of their savings assets to housing.

Mr. Hoover has suggested that 50 or 60 per cent. of the nearly \$10,000,000,000 of deposits in postal savings banks could be diverted to this purpose, as well as a larger proportion of the savings of National banks, though he believes the British Americans were the first to make such a suggestion.

SUFFERED DAY AND NIGHT

The Torments of Dyspepsia Relieved by "Fruit-a-tives"

"I was a terrible sufferer from dyspepsia and constipation for years. I had pain after eating, belching gas constant night. Finally, a friend told me to try 'Fruit-a-tives.' In a week, the constipation was cured and soon I was free of pain, headaches and that miserable feeling that accompanies dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous." ROBERT NEWTON, 306, a box, for \$2.50, trial size 50c. **SEBALL.** St. Peter's Win.

The benefit game, to raise funds to patch Hilton, Robert and Harry Bell, to the rowing championships, was held last evening on the St. Peter's grounds between the Commercial and St. Peter's. The Saints whitewashed the Commercial by the score of 6 to 0. The proceeds from the game exceeded in the most sanguine expectations as approximately \$750 was realized. Frank Bell, manager of the Commercial, said last night that this amount was not only sufficient to pay all the necessary expenses but he expected that enough would be secured from other sources to complete the needed total.

**Imperial Oil 12, Beavers 4.** The Beavers defeated the Imperial Oil 12 to 4 in the South End League game on the South End diamond last night. The Beavers got the great majority of their runs in two innings, gathering in six in the fourth and four in sixth, largely on the loose playing of the six men. The Beavers themselves are unsteady in the first and allowed six all men to cross the plate in that inning but held their opponents to one run in the succeeding five innings of the game. Smith and Duran were battery for the Oil men and Parlee Jones for the Beavers.

**Perfect Success.** New Haven, Conn., July 21.—The shooting of Fred Plum of Atlantic City, N. J., was the feature of the opening day of the eastern zone handicap trapshooting tournament, yesterday, at the New Haven Gun Club. Plum won the eastern zone eighteen yards amateur and professional championship from a field of ninety-eight gunners. He had a perfect score, breaking 100 targets out of a hundred, with forty-eight out of fifty. In a special event of fifty targets at sixteen yards, four were tied for first with perfect scores: Fred O. Williams of New Haven; G. S. McCarty of Woodbury, N. J.; J. Clark, Jr., of Worcester, Mass.; and J. H. Romer of New York. This will be shot off today.

**TURF.** Grand Circuit. The following were winners at the grand circuit meet held at Kalamazoo, yesterday: 2.08 class, trotting, won by Walnut Prince, two out of four heats, best time 2:08.1-2. 2.12 class, trotting, purse \$1,000, won by Greyworthy, two out of four heats, best time 2:06.3-4. 2.16 class pacing, purse \$1,000, won by Peter Brook, two out of three heats, best time 2:01.1-2. 2.20 class, purse \$1,000, won by Eunice Bell, straight heats, best time 2:12.8-4.

**ATHLETIC.** Police Sports. Montreal, July 21.—Capt. Arthur Maranda, of the Montreal Police Amateur Athletic Association, won the twenty-fifth annual field day of the association yesterday. Maranda had seven firsts, one third and one fourth, and totalled twenty-two points. Representatives of the Toronto and Ottawa police departments gave the local men a good fight for the honors.

**THE RING.** Levinsky Wins. Montreal, July 20.—"Batting" Levinsky, once premier light heavyweight of the world, easily outclassed Eddie Ricard in their ten-round bout here tonight. Ricard was only saved from a knockout in any of the rounds from the sixth round to the tenth by Levinsky's inability to hit hard.

**C. N. R. Wins.** The league game played between the C. N. R. and Macaulay Bros. teams on the Barrack Green last night was a clean sweep for the railway men. In a six-inning game they scored six runs to their opponents' nothing. The battery for the C. N. R. team was Lynch and Miller and for Macaulay Bros' team was Woods and Macaulay.

**FOOTBALL.** Game Postponed. The soccer football game scheduled for this evening between the Central Athletic Club and the Mounted Police team has been postponed.

BANK CLEARINGS. Bank clearing for the week totaled \$2,218,385, as compared with \$3,238,327 for the same week last year, and \$3,289,480 in 1919. In Halifax the clearings were \$3,278,222 and in Moncton, \$1,247,902.

OFF TILL TOMORROW. Some evidence given by J. J. Donovan, president of local 278 of the International Longshoremen's Association, was read over to him this morning in the police court when the case of C. G. Langlois was resumed. It was adjourned to tomorrow at noon.

WHO MAY VOTE. The Times has been asked who may vote in the harbor commission plebiscite. Common Clerk Wardrop replies that all taxpayers, both men and women, whose names are on the assessment roll for this year may vote. The lists are now being prepared.

BEER CASE. A case against George F. Baxter and James Connolly, both of Main street, upon whose premises 100 bottles of beer were seized yesterday by Constables Crawford, Journey Thompson and Henderson, was not taken up in the police court this morning. A hearing will probably be given tomorrow.

TO K. C. SUPREME COUNCIL. W. J. Mahoney, Past State Deputy of the Knights of Columbus, will leave this evening, where he will join the New England knights on their way to the convention of the supreme council which is to be held in San Francisco. On the way the party will stop at Vancouver and Victoria.

N. H. S. OUTING. The annual picnic of the Natural History Society was held this afternoon at Ashburn Lake. The party left the city by automobile about 2:30 o'clock, and were quickly carried to the scene of festivities. A bounteous luncheon was served on the grounds. The picnic party will return to the city sometime this evening.

DIED TODAY. The death of Mrs. Phoebe Dixon occurred at the Home for Incurables at seven o'clock this morning. She was sixty-four years of age. She is survived by one sister, Mrs. McKay, of St. John, and two brothers, who reside in Connecticut. The funeral will be held from the Home for Incurables to Fernhill tomorrow afternoon.

LITTLE RIVER APPEAL. A wild will comes to the Times from Little River. Our correspondent mourns the fact that the older folk will give no encouragement to baseball; that an effort to organize the Boy Scouts is meeting with little or no encouragement from parents; and that an effort to form a community club failed. The people thereabouts are urged to wake up to consider the welfare of the young people and to make life for them more worth living in that neighborhood.

EIGHT MEN OF ORDNANCE CORPS LOSE PLACES

Following an announcement made recently by the strength of the Canadian permanent force would be reduced by about ten per cent, eight men in this district have been notified that they will be discharged with effect from July 31. At present the permanent force is composed of about 4,000 men and of these about 400 are to be discharged the last of this month. In a detailed list of the services to be affected by the reduction sent out recently from Ottawa it was said that the Royal Canadian Ordnance Corps would be reduced by about eighty men. The eight men in this district who have been advised of their impending discharge all belong to the ordnance corps. Some of these are men with families and their discharge at this time comes particularly hard. No attention is paid to the time of their enlistment and no opportunity is given to complete their years of service. Their pensions are computed at the rate of two per cent of their pay up to twenty years service and four per cent from twenty to twenty-five years. The end of the year of enlistment for some of these men may be in August and after having served eleven months of their year they receive no recognition of this in their pension arrangement but are given credit for only the full years which they have put in.

According to the text of an order received recently from Ottawa when a man was to be given his discharge and the time of his release fell within a reasonable length of time of his completed term in his pension. Under the new order no provision is made for this but all are summarily discharged at the last of the month. It was said today that it was not expected that the ordnance corps would be attached in this district as there is considerable work to be done in this connection in St. John. Shipments are continually arriving here and they have to be checked and taken care of by men whose integrity is established and who are capable of maintaining a system of accounting for details in relation to the work. The word that eight would be discharged from here came, therefore, as considerable of a surprise. No officers are included in the recent order regarding reduction of strength as officers were notified last spring that their strength would be reduced.

CITY MAY REMOVE STREET CAR TRACKS IN BRUSSELS ST.

Delay in Relaying Causes Cut in Paving Staff from 128 to 20—Dr. Frink Quotes Authority for Proposed Action.

That the delay in the work of relaying the tracks in Brussels street by the New Brunswick Power Co. was holding up the paving work there and that he proposed removing the rails by city workmen and placing the concrete foundations in the track sections, was a statement made by Commissioner Frink at a meeting of the common council in committee this morning.

Replying to a question regarding Brussels street Dr. Frink said the work there had been curtailed to a considerable extent. About 128 men were employed and on Monday at noon the concrete foundation on one side had been completed with the track section done. He said a few men were working on the curb on the east side of the street. Tonight there would be about twenty men on the job.

The space under the ties was filled with concrete on the lower end when the street railway trouble arose and since that time little work had been done on resetting rails. A few men were at work on Saturday but he understood they were interfered with by enclousers and no further work was done until yesterday when he understood a few men were at work on the street.

Remove The Rails. Dr. Frink said it was his intention under the act to lift the rails and lay them on one side while concrete was laid under the track section. He read the section of the act which allowed the city to do this. He said, had there been no interruption, the work might have been finished by September 1. He said the delay was preventing the re-opening of the street through the foot of Waterloo street. He had taken the matter up with Gen-manager Thomson, of the power company, who said that he would do his best to continue the track-laying operation.

Commissioner Frink said regarding the petition of the residents of Murray street to grade the entrance from Main street, that the board of assessors had advised him that of the fifty-three people who signed the petition thirteen were property owners and the rest tenants.

MANAGER SAYS FIVE CENT FARE COMPANY POLICY

Mr. Thomson Speaks of Ultimate Objects—Jitney Drivers License Must Have Chauffeur's License.

A five-cent fare, new cars, and adequate trackage properly looked after will be the ultimate objectives of the policy which will be adopted by the New Brunswick Power Co. as soon as their services have resumed normal, said Percy W. Thomson, general manager of the company, announced this morning. He said that this policy would be adopted irrespective of any action taken by jitney concerns to compete with the company's business here. He said there was no change in the situation this morning.

In conversation with a Times reporter this morning, W. H. McQuade, operator of provincial taxation, said that operators of motor cars for the carrying of passengers were compelled by the law to be in possession of a chauffeur's license whether they operated their own cars or others. This license was granted by the provincial government after examination. He also said that there had been complaints that cars were allowed to become obscured by mud and dust, and he said that proposition would follow any cases of this kind which were reported.

CANADIAN NAVY IS DUE HERE ON SEPTEMBER 2

R. E. Armstrong, secretary of the board of trade, said this morning that in response to an enquiry made by him, he had received a letter this morning from Halifax saying that the Canadian naval squadron would arrive in Halifax on July 28 and would be in St. John harbor on September 2.

O'KEEFE-MILLER. In the Cathedral of the Immaculate Conception, at seven o'clock this morning, Rev. Roy McQuaid united in marriage Miss Veronica Miller, daughter of Mrs. John Kobbler, 3 St. David street, to Francis Charles O'Keefe of Fairville. The bride was becomingly attired in a fawn suit, with hat to match, and carried a prayer book. She was attended by her sister, Miss Gladys Miller, who was dressed in pink silk, with hat to match. Max O'Keefe, brother of the groom, acted as best man. After the ceremony the wedding party drove to the home of the bride's mother, where a dainty breakfast was served. Many beautiful presents were received, among them an electric reading lamp from the employees of T. Han-kine & Sons, with whom the bride was associated. Mr. and Mrs. O'Keefe will reside at 289 Charlotte street.

Calgary Fire, \$30,000. Calgary, July 21—Fire yesterday destroyed a storage warehouse occupied by the Standard Vinegar Company and several other firms. The loss is estimated at \$30,000.
