STRONG OPPOSITION TO BRITISH LAND REFORM

England Seems to Have Had More Reforms Than The People Can Digest

THE ULSTER SITUATION

Charge That Committee on Safety of Life at Sea Did Not Complete Its Work—Some of The Matters Overlooked

(Times' Special Saturday Cable) London, Aug. 17.—The sustained spell of cold and stormy weather throughout England, which at first was an annoyance, is now rapidly developing into a tragedy. The weather is colder than many Octobers, and heavy, constant rain is ruining crops and rotting vegetation. The holiday season, usually at its maximum, is completely spoiled, and seaside towns are almost deserted. The harvest has been delayed, and every day makes the rural outlook worse. The hay harvest, which promised to be a bumper one a month ago, is now absolutely ruined and the hay lies rotting and decaying on the ground. The wheat and barley crops will be the worst for a generation. Even root crops are soddening under the constant rain, and the weather experts give no promise of an immediate change.

LULL IN REFORM MOVEMENT

It is generally maintained that the reform movement in British politics has for the moment spent itself. During the Northwest Manchester election, some Liberals "based" in the Reform Club that they had voted for the Unionist Candidate. The government has necessarily of late been a somewhat reluctant to recent legislation. Tradesmen have not yet forgiven it for the shop hours act, which protects the leisure and health of all shop assistants. The insurance act has offended doctors and housewives. The Welsh disestablishment has made almost every vicarage an active Unionist centre. Many workmen dislike the government for its strict enforcement of the law during strikes. Consequently, fresh reform schemes are for the moment out of favor. The land reform campaign has fallen unexpectedly flat. It has aroused stubborn opposition, and the group who a month ago seemed likely to carry all before them have fallen suddenly out of favor. The land reformers still maintain, however, that when autumn comes they will open a vast campaign which will resemble nothing so much as Cobden's great fight, which overthrew protection. "We will educate our party," say they.

THE ULSTER FIREBRANDS

The government regards, with growing alarm, the results of Sir Edward Carson's systematic advocacy of violence in Ulster, and Bonar Law's support of the same. It is now known that Ulster Orangemen are seriously preparing for trouble. Arms are being largely imported, and so-called miniature rifle clubs have sprung up throughout the province during the past six months. It was significantly announced in Belfast early in the week that the government had decided to adopt a new policy towards these clubs, insisting that before any were started a full list of members should be submitted to Dublin Castle. This rumor was promptly officially denied. Winston Churchill, in a passage at arms with Bonar Law this week, over Ulster encouragement of lawlessness in Ireland, declared:—

AN ALPINE TRAGEDY

Geneva, Aug. 17.—Four Germans staying at Montreux a few days since ascended the Rochers de Naye (1,740 feet), and on arriving at the summit quarrelled with a Swiss shepherd named Gruninger, who was shot dead by one of the Germans, the latter firing a pistol only a few feet away from his victim. Several tourists and also some Swiss workmen witnessed the tragedy, and they found the murderer with a rope and imprisoned him in a room at a hotel. They then telephoned to the police at Montreux, who came with all speed by the Funicular Railway, only to find the German barged with the rope that had been used to bind him. The other three Germans were arrested, and the two bodies were brought down to Montreux to await the inquest.

IMPORTANT MATTERS FOR COMMISSION

Use of Lake Woods and Pollution of Boundary Waters

EXPERTS APPOINTED

Will Investigate and Report—Hearing Sept. 10—Will Consult Municipal Bodies

(Canadian Press) Montreal, Aug. 17.—The international commission sitting in this city with Thos. Chase Casgrain as chairman of the Canadian section, and Thos. W. Dewar as chairman of the American section, with H. A. Powell, K. C., of St. John, N. B., also in attendance, is called upon to study two very important series of questions submitted relating to the mutually advantageous use of the waters of the lake of the Woods and the pollution of boundary waters between the United States and Canada. The Canadian government has appointed as its expert engineer, Mr. F. White, while the American expert is Mr. Meyer, both of whom will immediately proceed to the lake of the Woods and after studying the question, will make a preliminary report to the commission before the 10th of Sept., after which the commission will hear all interested parties at St. John, Minneapolis and Ottawa. They decide what will be done to maintain the lake of the Woods at the proper level so as not to injure the several public and private interests. To settle the question of the pollution of the boundary waters, the commission has decided to write to all the municipal bodies on both sides of the lake, in the Detroit River, the St. Clair River and the St. Marye between Lake Huron and Georgian Bay, inquiring regarding remedies for the pollution of the water in question.

THIS AFTERNOON'S BASEBALL GAME

The Marquette and Woodstock Clubs will play their game on the Marsh ground this afternoon, beginning at 3 o'clock. Steve White will play the twelfth for the Green while Delaney will do twirling for the Colts. A good attendance is expected. The teams will line up as follows: Marathons Catcher Woodstock A. White Pitcher Stone S. White First Base Delano Dutton Second Base O'Donnell Third Base Lamoury Shortstop Williams Left Field Fraser Centre Field Perley Riley Right Field Black Fryer Unpaid Duffy will handle the game.

NORTH END LOSES OLD AND HIGHLY RESPECTED CITIZEN

News of the death of Arthur Delaney at his home in Adelaide street this morning was received as a shock by his large circle of friends. He was a well-known and highly respected citizen, and he had lived all his life, passing away this morning at the age of 70 years. For twenty-five years of this time he has been an active member of No. 8 Engine House, North End, and had driven the engine to the scene of many a fire, handling the sturdy animals, with a mastery hand, for he was recognized as one of the most experienced drivers in the whole department. He retired about six months ago, when after accident, one of his hands became weak and he was unable to attend to his duties as he would have liked to have done, and his resignation came after a quarter of a century of faithful and capable service, allowing him to leave with a splendid record. Mr. Delaney is survived by one son, Maurice T., and by four daughters, Mrs. Edward Emery, Mrs. Catherine Sweeney, Mrs. J. B. Bardeley and Miss Ethel, now studying nursing in a Boston hospital. Mrs. M. Call, Mrs. Joshua Conkey and Miss Annie Delaney are sisters. His wife died about three years ago, and the death of his son, Arthur, occurred several months ago. The funeral will take place on Tuesday morning at St. Peter's church, where requiem masses will be celebrated. It will be held from his home, 24 Adelaide street, where he was born, and where he has lived all his life.

THE WEATHER

Forecast—Moderate northerly winds, fine and cool.

History of Police Lieutenant Becker's Connection With Graft and the Underworld

THE MURDER VERDICT

How The Decree Was Carried Out—Becker's Threat to do the Shooting Himself—The Crime and the Aftermath

Hamilton, Aug. 17.—The Grand Encampment of Ontario met in New Oddfellows' Temple, J. R. Mowson, Grand Patriarch of Windsor, presiding, and with nine-nine subordinate encampments represented. The Grand Patriarch reported that there had been a net gain of 736 members during the year, the total on June 30th being 7,311. The revival in this branch of the order had certainly set in. No new encampments had been instituted. The energy of the grand officers had been directed to the building up of the camps already existing. A year ago the sum of three hundred dollars had been appropriated for missionary work, and it had been a profitable investment. Accompanying the revival in the order was improvement in degree work. There were several dormant encampments, and it was for the executive officers of this year to stimulate them into activity or to call in the charters. The reports of the Grand High Priest, Grand Senior Warden and Grand Junior Warden, showing the co-operation of these officers with the Grand Patriarch, were of the most optimistic character. The report of Grand Scribe, John A. McEneaney, Toronto, recalled the fact that the forty-third anniversary had just been passed of the institution of the Grand Encampment in Hamilton. This was in 1869. All but one of the charter members, John Gibson, had passed away, and it was proposed to provide for the surviving veterans some suitable recognition of his long and faithful identification with the order. The last of the Past Grand Patriarchs' jewels had been presented and the roll of honor in this respect was now complete.

PRINCE LOUIS OF BATTENBURG

Vice-Admiral Prince Louis of Battenburg who will be remembered from his visit to St. John, and who, it is said, is slated to command the squadron of battleships, which is rumored will bring Royal Hon. Winston Churchill and Hamar Greenwood, M.P., to Canada to talk up naval defenses.

Business Fairly in Tiding

I then met him a few days later and he told me to prepare to get busy, as he said he was going to make a couple of big raids that would force all the gamblers to sit up and take notice. He then raided a place on 44th and a place on 38th st. After those raids he told me to start out and begin to get keepers of gambling houses to pay me money for protection against being raided by the "strong arm squad." I didn't have much standing in the gambling business and never was known as a collector or a man who stood in with the police, so I called on Bridger Webber to help me out. He talked with Becker, and Becker told him to help me, and he started out with me. The amount of the tariff agreed upon was to be \$300 a month. Those who made payment that night were Betz, on —st; McDougall, on —st; Cole, on —st; Dandell, on —st; McCullough, on —st. They made their payment direct to Becker, but I secured my 25 percent as I had spoken to them, but as I said before they never knew of me holding such a position before, so they made it with him. I walked down, met Hoch, he handed me a package of money and I returned and handed it to Becker in my school's sashon, where he was waiting for me.

THE LATE WM. REYNOLDS

Chief Clerk received a telegram this morning from Chief G. A. Phillips of Smith's Falls, Ont., stating that William Reynolds, the harvester excruciated was injured at Franktown, Ont., and not at Smith's Falls. He was taken to Smith's Falls where he died. The telegram states that the body is in an undertaking establishment in Smith's Falls, awaiting instructions from the city. It further states that Reynolds belongs near Rothney and that he purchased his excursion ticket at the railway station here. The police do not know where the deceased came from or where his relatives reside.

I begged and pleaded with him to abandon the idea. I pointed out all the danger particularly as he told me he intended to just raid it without evidence secured in the regular way.

The Raid

His reply to that was that he had to make the raid and he was going to make Rosenthal a present of the \$100 with which to cover whatever expense Rosenthal would incur. Well, he raided the place, ordered the mortgage cancelled and thought that ended it. After that Becker and Rosenthal had several meetings but could not fix the matter up and the policeman continued standing in the house. Rosenthal was growing desperate. He began threatening to tell what he knew. Becker said to me when I told him what I heard that he wasn't worried, that he had all the ends covered. It was about this time that Jack Zelig was arrested on a charge of carrying concealed weapons. Some of Zelig's friends came and told me of it, and also told me that there were some nasty rumors around associating my name in the jobbing of Zelig. M. HENRI FABRE  
WILL NOT STARVE  
ON \$3,300 A YEAR

Paris, Aug. 17—New light has been  
thrown on the circumstances of M. Henri  
Fabre, the famous entomologist on whose  
pecuniary behalf friends were interested  
in the "Soleil" public attention has  
been drawn to the case of the unfortunate  
scientist has been besieged with reporters,  
and has received numerous gifts of money.  
together with a sum of about \$500 from  
the government. M. Fabre has retained  
the latter sum, but returned all the former  
to the donors.

The whole story of his alleged pecuniary  
distress is apparently untrue. It appears that  
publishers of his famous "Souvenirs En-  
tomologique" and some other works, paid  
royalties last year amounting to over \$3,  
300. Altogether this sum has paid M.  
Fabre over \$85,000 on the sale of his books.  
If not exactly fortune, this is a substan-  
tial sum, and it has enabled the vener-  
able author recently to deposit \$7,000 as  
savings in the bank. The incident is now  
considered closed, and M. Fabre will per-

### LAST PERFORMANCE OF "THE RED ROSE" TODAY

The last two performances of "The Red  
Rose" will be given this afternoon and  
evening at the Opera House, and it is ex-  
pected that each will be very largely at-  
tended as many people have not had an  
opportunity of seeing this splendid per-  
formance as yet. It is one of the best  
musical productions seen in St. John for  
a long time, and fully bears out what was  
said concerning it in advance. The mem-  
bers of the company live up to the reputa-  
tion given them and their names will  
long be remembered by those who have  
seen the production.

### A NEW FUR STORE

H. Mont Jones, who was connected with  
the Dunlop Cooke Co. Ltd., for more than  
twelve years, has opened a fur establish-  
ment of his own at 84 King street, where  
he occupies the entire second floor. The  
store is devoted to an extensive show  
room and is handsomely furnished, the  
finishing being in quarters oak. The de-  
corations are in light colors, which, to-  
gether with the large plate glass front,  
make one of the brightest show rooms in  
the province.

At the rear is the factory, where all  
kinds and qualities of fur garments are  
made from the ordinary coat to the most  
elaborate seal garment.

Mr. Jones is well qualified in his art and  
few persons know *any* better. His long  
experience in the business enables him to  
buy the best material obtainable, and  
be so in personal touch with the work  
from the time the fur leaves the animal  
until it is made into a garment, which, to-  
gether with the quality of the fur, is a  
good line of business should be in  
his short time.

A wide assortment of fur coats, boas,  
muffs and stoles is now being displayed,  
and all who intend to purchase will do  
well to inspect the stock.

"What is a misdirected zeal, Uncle  
William?"  
A misdirected zeal, Georgia, is a man  
who, when his house is burning, is not  
concerned to keep the flames from being  
fanned that he kicks his dog for wagging  
his tail!"

MISDIRECTED.  
Bangor, Aug. 17—An elderly Italian mu-  
sical manager, who had been in this city  
for some time, was reported to the Water-  
ville police this morning with a tale of having  
lost \$117 in money, his gold watch and  
other valuables. It was reported that the  
money was in a bag which he carried under  
his coat. He had been in the city since  
Monday evening when the \$117 and other  
things were missed.

Chief Police Officer Baxter and Officer  
Geddon Mabeu started on the trail of the  
three and traced them from Winslow  
street to the waterfront where they were  
found. It was found that the man had  
had a ticket for Portland, Maine, and  
was deserting his job, who got a ride  
on a truck team and came to Waterville,  
giving himself up. She said the men had  
the watch and supposedly the money. It  
was supposed that the men went to Por-  
tland on train 64, which left Waterville  
at 8.45 a. m. The Portland police have  
been notified and it is expected that a cap-  
ture will be made.

The Brown girl is now at the police  
station awaiting the capture of the men  
who deserted her. It is said that one of  
them promised to marry her when she  
reached Lewiston.

### TO WORK DREDDGES IN COURTENAY BAY ALL THROUGH WINTER

W. Burton Stewart, general manager of  
the Norton Griffiths Co. Ltd., has return-  
ed to the city after a fishing trip to Bon-  
aventure. Speaking to a Times reporter this  
morning, Mr. Stewart said that the rain  
had hindered progress on the work at  
Courtenay Bay but now, that more favor-  
able weather conditions prevailed the  
work would be carried on more satisfac-  
torily. Nothing has yet been done in the  
way of awarding any of the dredging sub-  
contracts but he hoped to be able to de-  
termine the nature of the work to be done  
during the next few days.

There is a vast amount of dredging to  
be done in Courtenay Bay. The contract  
calls for a channel 500 feet wide running  
from the main harbor channel 7,500 feet  
into the Courtenay Bay basin which will  
be 5,000 feet long by 5,000 wide. Both the  
channel and the basin will be dredged to a  
depth of 25 feet and the material excavated  
will be used for filling purposes on the  
reclamation work.

It is understood that the dredging opera-  
tions will be carried on during the winter.  
With the building of the C. P. R. ele-  
vator, the new government wharves and  
the work in Courtenay Bay there is no  
doubt that the coming year will be the  
busiest in the history of St. John.

### THE IRISH WOMEN HAVE NO USE FOR SUFFRAGETTES

Violent Tactics Have Driven  
Women Out of The  
Militant Ranks

### GRAZY ENGLISH WOMEN

Mobbed in Streets of Dublin—  
Orators Driven to Take Refuge  
in Phoenix Park Zoo—Reaping  
the Fruit of Their Folly

(Times' Special Correspondence)

Dublin, Aug. 3.—Irish women have never  
been particularly enthusiastic for women  
suffrage and Irish men have regarded the  
movement with amused indifference. This  
was the attitude until a few days ago; but  
now there is an outburst of hostility  
against the suffragists all over England,  
and advocates of votes for women are hav-  
ing an uncommonly bad time whenever  
they appear in public.

This change in Ireland's attitude to-  
wards the suffragists was brought about by  
the suffragists themselves by their action  
during the recent visit of Mr. As-  
quith to Ireland, and on the night be-  
fore his arrival tried to burn down the  
Theatre Royal in Dublin, actually setting  
fire to a box when the theatre was full  
of people. The reason for this action was  
that Mr. Asquith was going to speak in  
the House of Commons in favor of the  
amendment, and the Irish members, to  
please their friends of the English labor  
party who are all advocates of the women  
suffrage bill, now before parliament. Mr.  
Asquith had promised to include it in the  
government measure if a majority of the  
House of Commons voted in favor of the  
amendment, and the Irish members, to  
please their friends of the English labor  
party who are all advocates of the women  
suffrage bill, now before parliament. Mr.

### NO CHANCE FOR VOTES

One of the immediate results of this  
policy of violence is that the women have  
lost all chance of getting "votes for wo-  
men" incorporated in the big manhood  
suffrage bill, now before parliament. Mr.  
Asquith had promised to include it in the  
government measure if a majority of the  
House of Commons voted in favor of the

THE ROYAL VISITORS

St. John is putting on gala attire to welcome a Governor-General of Canada who is also a member of the royal family so highly honored by all British subjects, and so universally respected by the people of all nations.

It was true that in that view, he culminated his own country, and endeavored half of its people in a way that they are never called upon to forgive until he makes honorable amends.

FOR A CLEANER CITY

**SACKVILLE'S NEW MAGISTRATE**

On J. W. Donell, the new police magistrate of Sackville, the Tribune says: "Mr. Donell is a native of Prince Edward Island and was born on September 18th, 1849. He came to Sackville forty-five years ago to secure a college education and entered Mount Allison University. He won the Alumni Classical Scholarship in 1870, graduated in 1873 and at once entered the Methodist ministry. He was stationed on the Grand Lake circuit, in Queens county, but on account of throat troubles he remained in the ministry only one year and returned to Sackville and took up the contracting and building business, in which he continued for many years. He at the same time ran a wood-working factory on Bridge street. He worked for the Intercolonial railway for a time and was foreman track carpenter on the section between Painswick and Spring Hill. Of late years Mr. Donell has confined his attention principally to architectural drafting and supervising building construction, in which he is recognized as a practical authority. Mr. Donell has invented several useful mechanical devices, some of which have already been placed on the market and others about ready to patent. Among these are a baggage room door guard, a hand car for railway section men, a lifting and aligning railway jack, an automatic extension car step, a baggage filter and a distillate evaporator. He has for some time been chapel steward of the Sackville Methodist church; is treasurer of the Sackville and Westmorland Agricultural Society, and manager of the Sackville Speedway Co."

**CLOSE FINISH IN FINAL MATCH OF P. R. A. MEET**

Sussex, Aug. 17.—After the presentation of prizes to the winners of the various events, the members of the P. R. A. who had been attending the 46th annual meet here returned to their homes yesterday afternoon. A large number of people witnessed the presentation exercises which were held in the presence of Lieutenant Governor Wood. Those who presented the various prizes were as follows: The Lieutenant Governor, Lieut. Colonel H. H. McLean, Lieut. Colonel J. L. McAvity, Major J. M. Kinnear, Mrs. H. Parley, N. J. Morrison, Lieut. J. H. Powers, Mrs. J. M. Kinnear, Lieut. Smith, Major Magee, Mrs. J. S. Frost, Major O. W. Wetmore and Major H. Parley. Those who received them have already been listed in the Times among the prize winners.

The shooting yesterday was disappointing not so much because the scores were particularly low, but because they were not up to the general average for the meet. This was due to a faulty and treacherous wind, and to the presence of mites, which had had effect on the firing. In the Robertson match Lieut. A. S. MacFarlane of Fredericton and E. F. Gladwin of St. John, tied with a magnificent score and had to shoot again, with the result that the former was the victor.

The match between Lieut. W. E. Forbes with H. Sullivan of St. John second. The following are the scores:

A. H. English	2	37
John White	2	37
P. W. Hamilton	2	37
J. S. Knox	2	37
J. L. Sullivan	2	37
P. W. Hamilton	2	37

**GREAT CHANGES ON WESTERN SIDE OF THE HARBOR**

The western side of the harbor is undergoing great changes, more particularly in the vicinity of Blue Rock. Michael Conolly who has the contract for the new wharves has a big crew of men at work on the construction of three immense cribs which are to be the substructure for the new concrete faced wharf, the first of its kind built in St. John. Contractors for the C. P. R. are also preparing the site for the new elevator and the extra yard room. The government contract calls for the expenditure of \$1,800,000.

The old C. P. R. wharf at the extreme end of Sand Point has been torn away for a distance of 90 feet and the new structure will be a continuation of this. The new wharves will be of a more substantial nature than those of the old wharf. A trench has been dredged at the site of the wharf and this will be filled with stone. Upon the foundation a cribwork substructure will be placed and sunk with stone ballast. This cribwork will be 8 1/2 feet in depth and its top will be 8 1/2 feet above low water. The wharf proper is to consist of 27 feet of concrete. The proposed additions at Sand Point when completed will provide berths for 10 of the largest steamers, and these with the new wharves in Courtenay Bay will give accommodation for a great increase in the through traffic.

The C. P. R. has let contracts for a temporary seawall near Blue Rock and also for the new elevator and already the preliminary work on the site is under way.

The seawall, which is practically completed, consists of a large crib work ballasted with stone. This wall begins west of Victoria street and runs eastward to Blue Rock to a point about midway between Union street and the old C. P. R. wharf. While the houses have been removed from above the beach at Blue Rock and the hill has been torn down to a great extent, eventually the whole reclaimed district will be on a level with the track along Union street. The building of the seawall and the filling in have done under the direction of the Courtenay Construction Company, Ltd.

**PROVINCIAL PERSONALS**

Sackville Tribune.—Mrs. Morris Robinson, of Montreal, formerly of St. John, is the guest of Mrs. J. F. Allison, Weldon street. Mrs. W. A. The engagement of Miss Edith Anderson, of Canterbury, and Mr. Geo. T. Jordan of St. Stephen, the marriage to take place on September 17th, at St. Stephen, is announced. Mr. and Mrs. S. A. Worrell,

**A HOME AT FAIR VALE PARK VS. A PILE OF MUSTY RECEIPTS**

The next time you write out a check for the rent stop and THINK. Ask yourself the following questions:

1. How long have I been paying rent?
2. How much have I already paid out in rent?
3. What tangible thing can I show for the amount expended?

If you've been long at the game we'll wager the answers will be something like:

1. Been paying rent long enough to own my OWN HOME.
2. I've paid out enough to practically PAY for that home.
3. A pile of musty receipts is the only tangible thing I have to show for the money spent.

Rather an intangible affair after all, isn't it?

Why not decide NOW that the next check you write will go towards a home of your own—where you will be subject to none but yourself; where your own tastes will be the only ones to consider and not those of an not over-philanthropic land-lord who looks at the design on the dollar rather than on the wall paper when you ask for "a little papering for the hall"; where if you do any little repairing it will be on YOUR OWN HOME and not on somebody else's.

We are anxious to tell you about Fair Vale Park as a home investment proposition. Only a short run and the L. C. R. with plenty of God's open green country and fresh invigorating air.

As there are only 14 lots on sale would suggest an early investigation. Let us tell you more about Fair Vale Park either in person, telephone or by mail.

**MORNING NEWS OVER THE WIRES**

The freedom of the city of Glasgow was conferred on Hon. Robert L. Borden, the Canadian premier, by Lord Borden, St. Stephen, on Friday.

The project of the Austro-Hungarian foreign minister to secure a general anti-Republicanism treaty, which would be only for all the European provinces of Turkey is welcomed in official circles at Paris but the French government's attitude will not be divulged until the return of Premier Raymond Poincare from Russia.

In a picturesque, spontaneous outburst during debates of the president's wolf tariff veto in the senate, Senator La Follette yesterday attacked the new progressive party and wore allegiance to progressive Republicans.

President Taft yesterday made his first political speech since that he was made when he vetoed his renomination. He declared bluntly that presidential elections were "dishonest" men they let their names appear on the Republican ballot and intended the vote for the candidate of another party.

It was reported that those who were not for the Republican party were against it and should get out of the party.

**MORNING LOCALS**

Alexander Finlayson, of the Marine and Fisheries Department at Ottawa, who is touring the province, is in St. John today, in his city. He is accompanied on the trip by Mr. Bruce, an engineer of the department. Mr. Finlayson is of the opinion that he is finding everything satisfactory.

He was greatly pleased with the success of the evening after the hatchery at Darling's Island, he said, would very likely be moved to a point on the St. John river next season.

Sarah Gorosky the fourteen-year-old Jewish girl who has been missing from her home on a farm three miles from St. John, was found at the home of Mrs. David Oranoff in Mill street. She returned to her father's home yesterday.

William Downie, superintendent of the Atlantic division of the C. P. R., said last evening that the repairs to the roadbeds in the northern section of the line near Bath which suffered from the recent flood, had been completed and trains would be running regularly there today.

The St. John delegation to the convention of the Grand Lodge of Oddfellows at Yarmouth returned to the city yesterday. Charles E. Curry, grand master, has been elected deputy grand master and H. E. Codner, grand warden.

Among the tenders for a lease of the Coleridge Opera House are Messrs. Gerow and Trifis of this city and A. K. Munroe representing the Park Booking Circuit of New York. Mr. Munroe's tender is said to be above \$2,000 per annum.

W. B. Nickolson trade commissioner for Newfoundland, passed through the city yesterday on his way to a short vacation in his home town, Woodstock. He said that trade with Canada was steadily on the increase and, although the country was averse to uniting with Canada, they wished more closer trade relations with it.

**DOING BETTER**

Squire:—"Ah, Mould, how about that home I sold you?"

Undertaker:—"Well, sir, it did give us a little trouble at first. We put him in one of the morning coaches, you know, and parties don't like to be shook 'up in their grief. But we've put him in the hearse now, and we haven't had any complaints so far."

**EASY BY COMPARISON**

"Yes, I once travelled all over the country with a troupe of trained dogs."

"Didn't you find them difficult to manage?"

"I used to think they were hard to manage, but I've changed my mind since I've been managing a troupe of operatic stars."

# GOODS IN EVERY DAY DEMAND THAT ARE MADE IN ST. JOHN FACTORIES

**HAMM BROS.**  
**BISCUITS**

OUR MOST SUCCESSFUL SEASON'S BUSINESS

This summer's sales have to date eclipsed all previous records. Never before has there been such an insistent demand for our goods.

This is not good luck, but the result of making the best biscuit it is possible to make by using only the best materials obtainable, by employing men of long experience in the business and by keeping our products to a high standard of uniform goodness.

If you are not already using them try a pound from your grocer and we feel sure they will satisfy even the hardest to please.

A city is judged by the industries it has. The city with the live industries is the one most heard of, no matter where situated. We seldom hear of Montpelier Vermont. A person could go blindfolded to South Bend, Indiana. Montpelier is not an INDUSTRIAL city. We know about South Bend because they manufacture a watch there which will tell the time of day even when firmly encased in a block of ice.

Our own industries are responsible for St. John being known all over the country. On this page are the ads. of a few of our local manufacturers who make goods in every day demand; who live in St. John, pay taxes in St. John, employ St. John labor which in turn receive, spend and invest their wages in St. John. Their products will compare favorably with any made anywhere; therefore they are entitled to first consideration on the part of the buying public—not for any sickly sentimental reason but because their goods ARE as good as any made anywhere and they are right here on the spot to back up any claims made.

**Larger Quarters.**

Owing to the rapidly increasing business of the White Candy Co., Ltd., they have found it necessary to secure larger quarters, and early in the new year will remove their factory to the premises now occupied by Messrs. T. S. Simms & Co., Ltd., where they will add to their present large plant a number of new and up-to-date machines in order to handle the increasing volume of business.

They purpose making their new factory one of the most sanitary, up-to-date factories in Canada.

Since this company have assumed new management they have been rushed continually to keep up with the demand for their high-class goods.

The output of this firm has gained a place of favor which is steadily advancing, and today every store in the province of any prominence handling confectionery sells the White Candy Co.'s goods.

The delicious Delamar Chocolates which they manufacture are fast gaining a place with all lovers of high-grade chocolates.

White's Caramels being made from the purest of cream and other pure ingredients are not surpassed in Canada.

Velveteens, Coconut and Walnut Kisses are becoming so popular that the firm find it impossible to supply the demand.

They manufacture a large variety of penny goods—Fruit Drops, Bon Bons, Lozenges, Butter Cups, package goods and fancy packages, and a large assortment of high-grade chocolates, in fact, everything that is made in an up-to-date candy factory.

Any one wishing high-class confectionery cannot make any mistake in giving the goods a trial.

When you buy goods that are "MADE IN ST. JOHN" you are sure to get good value for your money.

There is certainly no product of St. John manufacture that has gained so much popularity as the

### DIGBY FISHERMAN FOUND AMBERGRIS WORTH \$8,000

Rev. R. B. Jack writes from Sandy Cove, Digby Neck to the Truro News:—A man, by the name of Maynard Coseboom, with whom I am well acquainted, son of a widow residing about a mile from this place, on the Digby Road made a valuable find a few weeks ago. Whilst attending his lobster traps on the Bay of Fundy shore, he observed a peculiar looking object floating in the water, different from anything he had ever seen there before. Removing it from the water, he found it to be a substance of a waxy nature, rather dark in color, streaked with black, yellow and grey. Thinking it might be melted and used to oil his fishermen's boots, he started to carry it home. But, as it was about the size of a large water

bucket, and some twelve pounds in weight, he tossed it into the bush and only carried a small portion of it home. This sample, on being shown to various persons, was laughed at as worthless by some, others said it was beeswax, but some declared it might be ambergris. A sample was sent to Boston and, on examination by an expert, was pronounced genuine ambergris and worth \$45 an ounce. Mr. Coseboom intends taking his valuable find to New York and the proceeds will probably prove an inestimable boon to the good widow and her son.

### DANDRUFF AND FALLING HAIR CAN BE STOPPED WITH HERPICIDE

Every woman who is obliged to wear false hair or man, a toupee, feels that it is a misfortune. What makes the burden so doubly hard to bear is the knowledge that the loss of natural hair could, in most instances, have been easily avoided. The arch enemy of good hair is the dandruff germ. This is now a well established scientific fact. There is one remedy on the market which, used regularly, will kill the germ and keep out every trace of dandruff. This remedy is Newbro's Herpicide, long known as the Original Dandruff Germ Destroyer. By keeping the scalp clean, Herpicide not only prevents the hair from falling out but allows it to grow as nature intended. Begun in time and its use persistent, in this valuable remedy insures a nice healthy head of hair. Herpicide imparts a life and luster to dull, dead, brittle hair making it light, fluffy and beautiful. Don't wait. Begin now to save your hair. Applications may be procured at better barber shops and hair dressers. A nice sample and booklet on the care of the hair will be sent to anyone upon receipt of 10c. in postage or silver. Address The Herpicide Co., Dept. R, Detroit, Mich. Newbro's Herpicide in 50c. and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded. E. Clinton Brown, Special Agent.

### THEATRICAL INVASION OF CANADA

#### British Plan to Compete With American Domination of Canadian Stage

#### THE LAND SHARKS

#### Australian Cadets En Route To Toronto—Explains Why Canadians Did Not Make Better Showing at Olympiad

(Times Special Correspondence, London, Aug. 5.)—Should Canada continue to procure its theatrical fare from New York or shall London come into the field? is a question which is now being discussed in the Green Room. Your correspondent learns from one conversant with theatrical affairs that this is among the matters on which Mr. Borden has been approached and that he has promised to consider an arrangement for the establishment of a similar organization in the domain. The object to be attained is the founding of a Canadian school of drama that shall look to Great Britain for its traditions. Again, in grand opera, Montreal has taken a front position. Many British visitors to Canada last year being impressed very favorably on the high class art witnessed in that city through the operations of the Montreal Opera Company. There are at least three other London managers who are only too anxious to invade the Canadian field. Drama knows no country and while it would be unwise for a cosmopolitan country like Canada to limit its inspiration to one country it is felt that the richer field can be tapped by Great Britain than the United States offers. It is the opinion expressed by one of these managers.

### Remedy Needed

"So-called birdseye views of cities in the Canadian West, which are of a distinctly misleading character," is the description given by the Canadian Chamber of Commerce here of literature circulated among the British investors by some Canadian real estate men, retelling land described as "town lots." "Insist on being furnished with a plan of the city properly drawn to scale, showing the exact position of the property from the center of the town," is the advice tendered. Notwithstanding the scathing criticism which has been directed at the operations of those, whom many Canadians do not hesitate to call "land sharks" offerings of Canadian lands here are on the increase. T. Fox-Denon of the Winnipeg Real Estate Exchange has just arrived in London and adds his voice to the general regret that is felt here. Pointing out that lands are purchased at farm land prices, he states they are cut up into lots and retailed to the "innocent public," at prices which show big profits to those who put them on the market. Many people who bought such lots four or five years ago find they cannot get more than they paid

### Sturdy Australians

The contingent of Australian Cadets who will take part in the competitions at the Toronto Exhibition, arrived in London tonight in charge of Sergeant Major Hart of the Instructional Staff of the Commonwealth forces of Victoria. The twelve sturdy specimens of Australia's young manhood under him have been selected from the winning teams of each state and are the best, in their line, that Australia can produce. "We are looking forward with keen interest to our visit to Canada," said the Sergeant Major. "We hear so much in our country about the great western dominion. This journey is the first expression of Australia's participation in the universal training movement; and we have the additional enjoyment of competing for the King's Challenge Trophy and other prizes. Personally I am looking forward to the exhibition, the fame of which has travelled to our country. Your Canadian motor cars have a great reputation in our country and one of my duties is to take one back with me." Our men are armed with the latest Mark III rifle supplied to the British troops. This may operate as a handicap inasmuch as they have never used them.

### A Refreshing Bath

### MIRACULOUS ESCAPE FROM YEARS OF PAIN

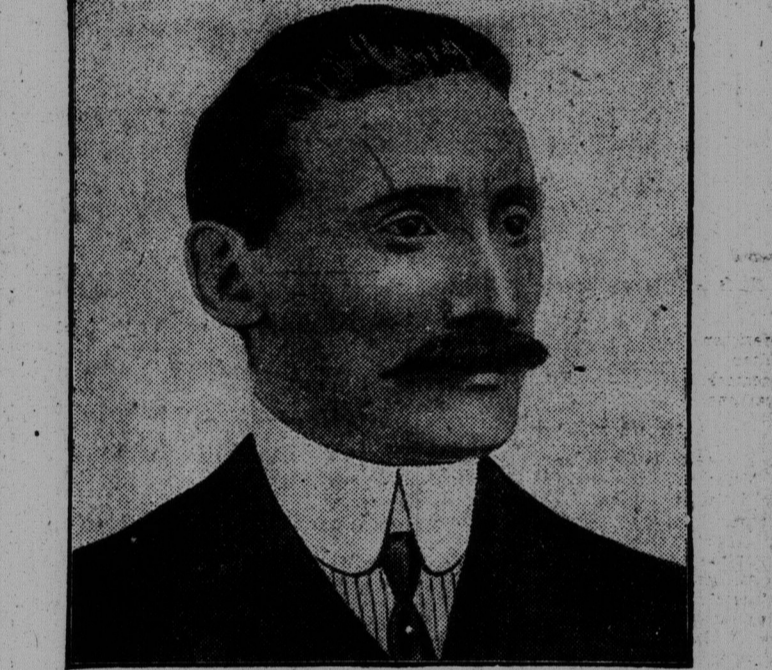

#### Well Known Montrealer Cured of Chronic Rheumatism By "Fruit-a-tives" After Doctors Said His Case Was Incurable

#### Another Miracle Added To The List of Hundreds Already Performed By These Tablets Made From The Juices of Fresh Fruits

Mr. T. McGrath of Montreal has a remarkable story to tell about "Fruit-a-tives." It is a story of vital interest to all sufferers from Rheumatism. It tells the bare facts of one of the most extraordinary cases in medical history. His own physician could give Mr. McGrath no relief. Then he went to one of the leading Montreal hospitals where the doctors told him that his case was incurable and that nothing could be done for him. As a last resort, he tried "Fruit-a-tives"—and these miracle-workers did what all the doctors in Montreal could not do—they cured him. It is to be wondered at that Mr. McGrath considers "Fruit-a-tives" a wonderful remedy. They are wonderful indeed, and they will prove their virtues to every sufferer from Rheumatism who will give them a fair trial.

### PANAMA CANAL BILL AGAIN HELD UP BY NEW DIFFICULTY

Washington, Aug. 16.—Such unexpected opposition to the amended Panama Canal bill developed in the house tonight that an adjournment was taken as the best way out of an embarrassing situation. Representatives Moore and Olmsted, of Pennsylvania, Republicans, led the attack. They charged that the conferees had added matter not passed upon by either the house or the senate and insisted that, "by so doing, had exceeded their authority. The senate earlier in the day had adopted the conference report by a vote of 48 to 18 after a hard fight led by Senator Brandegee, chairman of the senate conferees, who had refused to sign the agreement. Senator Brandegee urged defeat of the conference report giving the president power to operate the canal. In the house, especial stress was laid upon the fact that a provision for the free entry of shipping material into the canal zone had been injected into the measure. This Mr. Olmsted argued, was a revenue item and could not properly come either from the senate or be included in any general bill without the sanction of the house. The extension of the free tolls privilege to American ships trading with the Philippines, Tutuila (Samoa) and Guam also was attacked. Speaker Clark sought light on the situation. Finally, seeing there was no chance of progress being made tonight, the majority forced an adjournment.

MR. TIMOTHY MCGRATH 130 Atlantic Ave., Montreal, March 1st 1912.

"For years I suffered from Rheumatism, being unable to work for weeks at a time, and spent hundreds of dollars on doctors' medicine, besides receiving treatment at Notre Dame Hospital where I was informed that I was incurable. I was discouraged when a friend advised me to try "Fruit-a-tives." After using three packages, I felt relieved and continued until I had used five packages when a complete cure was the result, after years of doctoring failed. I consider "Fruit-a-tives" a wonderful remedy. I am now a well man, having gained twelve pounds in weight. You are at liberty to use this testimonial to prove to others the good that "Fruit-a-tives" has done me." TIMOTHY MCGRATH.

Rheumatism is caused by Uric Acid forming in the blood. This poisonous material attacks the joints covering the joints and muscles and produces the intense pain. Uric acid is formed when the kidneys, bowels and skin fail to rid the system of waste matter. This waste matter, or uric acid, combines with the acid in the blood, to form uric acid. The only way that Rheumatism can be cured is to cure the acid condition of the stomach, and to purify the blood. "Fruit-a-tives" does this because it is the greatest stomach tonic and blood purifying medicine. "Fruit-a-tives" stimulates to renewed activity the liver, bowels, kidneys and skin. It removes uric acid and cures Indigestion. Without exaggeration, it may be stated that "Fruit-a-tives" is the most scientific remedy in the world for Rheumatism. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

### FRANCO-RUSSIAN ALLIANCE MEANS PEACE OF EUROPE

Canadian Press St. Petersburg, Aug. 16.—A semi-official statement issued today with reference to the results of the conversations which for several days have been going on at the Russian capital between the French premier, M. Poincaré, and Mm. Kokovoff and Sazanoff, respectively Russian prime minister and minister of foreign affairs, asserts that the exchange of opinion gave evidence that the ties uniting the two countries were never stronger and that the alliance constitutes a precious guarantee for the maintenance of peace and the equilibrium of Europe.

**A Marathon Victory**  
In a closely contested game of baseball, the Marathons defeated the Woodstocks 11 to 7 on the Marathon grounds yesterday afternoon. Both teams played very rugged ball at times and in one or two innings the contest took all semblance of a ball game. Both the home team and the visitors had seven errors charged up against them. The score was 4 to 1 in favor of the Colts up all the fourth inning when the Colts blew up and allowed the Greeks to score six runs. The Greeks also got four men over in the seventh inning. O'Connor pitched for the Greeks and Hanley for the visitors. Neither pitcher was very effective, although the Colts have had seven strikeouts. O'Connor had four.

**Houlton Defeat Leaders**  
The Houlton Reds took a fall out of the league leaders yesterday when they defeated the Fredericton Reds 7 to 2. Martini did the twisting for the Reds and Hie, Brown and Sharkey for the Reds. The Reds pulled off quite a few loose plays and gave their pitchers rocky support. The Reds on the other hand played a steady game throughout.

**Inventor of Curved Ball**  
University Professor Gives The Credit to a Swiss Physician Who Died 130 Years Ago

New York, Aug. 10.—The identity of the man who discovered the curved ball has been found at last. According to Professor W. S. Franklin, of Lehigh University, his name was Daniel Bernoulli. The master of letters made this declaration in a lecture delivered at Columbia University yesterday before a large and enthusiastic audience of baseball lovers.

**Halifax Races**  
Halifax, N.S., Aug. 10.—(Special.)—The second day's racing on the exhibition track brought fast time in the 2:30 trot and pace. Iowa Girl took 124 seconds off her record of 2:37. The Attleboro bay gelding, Oswego Boy, won the 2:15 trot and pace over a hard field. The best taking the first three heats after fourth place in the last two heats. The summary:

**Why the Red Sox Have Won the Flag**  
The Red Sox today led the American League with 45 games won, 34 lost and a percentage of 88.

**Baseball Notes**  
The Boston Red Sox took O'Brien and Hagenan, the Denver pitchers, if it were possible to win the flag. It will be noted, however, that John Hovey at the top again is now the most lively candidate for the pennant honors that were his in 1911. Some manager, this year, about him in Denver and pay him a lot of money to join them—otherwise, he might be winning battles in big league company.

BRITISH VISITORS

SPEAK OF ST. JOHN

IN GLOWING TERMS

Letters have been received by W. Leonard Palmer, of London, who organized the tour of the British manufacturers' party through Canada, telling him of their impressions of this country. The letters are most pleasing to the people of the maritime provinces as they speak most encouragingly of prospects here and say that a bright and prosperous future is awaiting this section of the dominion. The manufacturers were greatly impressed with the possibilities in New Brunswick and Nova Scotia and said they were surprised that more publicity were not given to the advantages of these provinces for capitalists in industry, and for the general welfare of men in all trades and professions to make their careers.

Frederick Dawson, director of Mather & Platt, Ltd., the famous engineering company of Manchester, Eng., is one of those who has written his views, while others are H. E. Barnack, of Cornwall, Eng.; J. Stark Brown, of London; director of Brunsmad, Ltd., British Columbia Fisheries, Ltd., C. W. Outram, managing director of George Jennings, Ltd., sanitary engineers of Lambeth, London; John Davies, of the Crompton Sewing Machine Co., London; Thomas Gadsby, of Peck, Pease & Co., Ltd., biscuit manufacturers of London; Thomas Brown, managing director of Brown, Hopwood & Gilbert, Ltd., of Birmingham, and councillor of Birmingham city; York, Ontario, Mr. Beardmore & Co., Ltd.; G. E. W. Besson of London, E. T. Boardman, of Architects, Norwich; Alfred Moushouse, secretary to the Friends' Provident Institution, Bradford, Yorkshire; George Mason, educational adviser, Reeves & Sons, Ltd., Dalton, Eng.; George Mansfield, of Blundell, Spence & Co., Ltd., Hull; Major G. T. Leather, of Bolton; W. Bartholomew, of John Robson, Ltd., Shipley, Eng.; J. H. Anandale, head of a large paper-manufacturing concern in Scotland; P. Hook, of Cyvers & Sons, Cambridge, England; J. C. Buntingham, of John Brinsmade, Ltd.

Every one of them writes most glowingly of eastern Canada, dwelling at great length on the maritime provinces. One describes St. John as the "Canadian Liverpool," and Halifax as the "Canadian Portsmouth," and all speak in encouraging words for the future of these cities, of Moncton, Fredericton, Amherst and other centres. The manufacturers, present publicity they say are greatly desired to make the possibilities of New Brunswick and Nova Scotia better known.

MAKING RAPID

PROGRESS AT

COURTENAY BAY

The work of expansion and development at Courtenay Bay is being pushed rapidly and forward, and the progress already made, despite the discouraging weather experienced in the past, has been little short of remarkable. About one hundred and seventy-five men are busily engaged with the Courtenay Bay construction Company in their share of the development as directed by Norton Griffiths & Co., and the work is one of great activity.

A start is to be made early next week on the big bluff which is to be levelled and a locomotive and train will be hauling rock from that spot to fill in for the construction of the breakwater. The first train has been about completed and by the first of the week the company will be running the train across the rail. The second steam shovel for the use of the company is now on its way out and will probably be in use by the middle of next week, and its being employed will practically double the amount of work now being done.

L. C. R. PASS INQUIRY

The L. C. R. pass inquiry was resumed at Moncton yesterday by Commissioner G. Hazen Adair of Sussex. Dr. C. A. Murray, who was on the stand all morning and recalled when George W. Fowler, who went to Montreal, returns. It was decided to call two witnesses in the meantime, and Mr. Fowler will give the names of those to Mr. Freese.

Dr. Murray, asked regarding the money Raymond Vye obtained from him, said that Vye had asked for money twice and he had refused, but later had loaned him \$70. Vye had told the witness that he (Vye) had taken passes from the Transcript Office. He had been in the Transcript Office with Elmer Ferguson and found the passes in the basement. He later let Ferguson into the secret that they numbered them. This Vye had told the witness in November, some time after the witness had returned from the coast. The L. C. R. management were investigating the matter at the time. About the middle of August, Vye gave the witness five or six passes telling him that he could use them. Vye had given him passes before and had said that whenever he wanted passes he could arrange it for him. Enoch W. Steves, a harness maker, said that he had heard street rumors that his son Jasper had signed Thomas Evans' name to passes for the Liberal party and the name of Dr. Murray and Joseph Bourque were also connected with the rumors. He had been told by Dr. Murray that his son, Jasper, had filled in passes for the N. B. Wire Fence Company, but had not signed Evans' name. Murray also told him that the passes had been obtained in the legal way and that W. S. Kinness & Son, who had an L. C. R. painting contract had obtained passes for their men. The enquiry was adjourned till Thursday, August 22.

KNIGHTS OF PYTHIAS NEED FLOWERS

Every August the friends of Pythians in the city and outside have been most generous in donating flowers of all varieties for the observation of Memorial or Decoration Day, which this year falls on Thursday, the 22nd. Last year nearly 2,000 bouquets were used. Tags bearing the Pythian address are being distributed so that offerings can be sent directly to the Keith Theatre area, where the assembling and arranging is to be done instead of at Queens Bank as in former years. These tags are procurable at P. Nas & Sons, W. H. Dunham's, Munro's drug store and O'Connell's barber shop, North End, and at Hawker's transfer, corner store, Clinton Brown's, Lockhart & Ritchie's, Prince William street, and at Nickel Theatre office in the city proper. Any member of the order will supply them as well. There are a large number of graves to be remembered, even of them since last August. They will be beautified with the impressive ceremony of the order after the usual march headed by the band of the 8th Regiment and a guard of uniformed Knights.

FINE HOLIDAY

WEATHER MAKES

WELCOME CHANGE

It has really become a rarity to those who are privileged with the half-holiday in St. John to be able to enjoy it with fine weather, and today is the first of four which has been actually one of sunshine, so that on this account there is every reason to expect all who can possibly draw to take advantage of the attractions offered for spending the afternoon. Naturally the outdoor attractions are those which will probably prove the most alluring and many will seek the suburban resorts along the coast. C. R. and C. P. as well as Seaside and Rockwood parks for the afternoon and evening, and the excursion steamers on the river will be largely attended.

The ball game between the Marshalls and Woodstock teams will draw the usual large crowd of well-wishers and by this is meant both of the male and female species, for the latter are becoming more numerous at every game. There will be attractions at the R. K. Y. C. harbor at Millidgeville for the followers of yachting and for those who have the "motor craze" the quarters of the Power Boat Club at Marble Cove will be a popular center. Heated with their work in the P. R. A. match at Sussex, many of the local members who returned home last night will repair to the rifle range and keep up their firing practice, while the golf links and tennis courts will be the scene of friendly competition in both these games.

The matinee performance of the "Red Rose" will be largely attended and deservedly for it is certainly a splendid performance, and besides this there will be the usual weekly programme of the Nickel, Star, Gem, Lyric and Unique theatres.

FOR CANONIZATION

Rome, Aug. 17--The Vatican has started a process for the canonization of a Genoese nun, Sister Rose Gattorno, whose surviving brother, Colonel Gattorno, led the troops under Garibaldi to the gates of Rome to the downfall of the temporal power of the Pope. He is now among the most popular politicians in Italy, one of the pillars of the Republican party and Parliamentary Deputy for Rimini. Rosa, his sister, who died 12 years ago at an advanced age, was the foundress of the well-known international sisterhood known as the Daughters of St. Anne, and is credited as a miracle-worker.
